Man Found Guilty In Court Trial Of Operating A Bawdy House

District Court Grand Jury To Be Impaneled Here Monday

Light Frost Is Reported Here Early Sunday

At least four people reported seeing frost in the Muleshoe community Sunday morning.

R. J. Klump, official weather observer reports a low of 35 degrees. Others place it as low as 34 degrees.

J. K. Adams, County Agent had several reports come in to him, Ollie Jones, who farms in the south edge of Muleshoe reports some frost damage in his field.

Don Sumrow, who farms about 10 miles southwest of Muleshoe says there was some damage in his cotton on the upper half of the stalks.

And F. A. Heathington reports he had watered his lawn the night before, and there was light ice in the water here.

And this on September 13. Feature that.

Cleanup Drive Called Success

The clean up campaign of the Muleshoe Chamber of Commerce ended Monday evening, and chairman Gordon Smith said the campaign was an unqualified success, based on the number of persons cooperating, and the amount of work done during the official two week campaign.

Smith pointed out that considerable work cleaning up lots and cutting weeds was done prior to the opening of the campaign officially on August 31.

Special thanks are due to members of the Clean Up Campaign committee, Gordon said, pointing out that the following members spent many hours insuring its success: Mmes. Lela Allison, H. E. Schuster, Thurman White, and Norman Thomas, Hap Daniel, M. Forbes, Roy Dyer, Howard Cox. Smith had a special word of praise for the leaders of the clean up campaign in the colored section of town, who included Mrs. Christine Raven and Rev. Davis.

During the campaign, an estimated 75 city lots were cut free of weeds and otherwise cleaned up, Smith concluded.

METHODIST LADIES ATTEND SEMINAR

Mmes. Johnie Prater, Ralph Douglas, Edwin Hall, Frank Ellis, Don Sumrow, Jan Wampler, and Dean Bishop attended the Plainview District Seminar held in Plainview Thursday, September 10.

GUEST FROM OLTON

Mrs. C. B. Hines of Olton visited in Muleshoe over the weekend with Mr. and Mrs. W. B. McAdams and the Walt-

James R. Vasquez was tried and convicted on two counts in County Court Wednesday.

First, he was charged with the illegal sale of intoxicating beverages. A jury composed of Bernard Phelps, R. G. Bennett, Carl Hall, Mrs. Byron Gwyn, A. G. Taylor and Dick Bell found him guilty as charged and his fine was set at \$100 and all costs of court.

Later in the day he was tried for operating a bawdy house. The charge, filed by County Attorney Jack Young, charged him with "keeping a disorderly house, a house of assignation, and keeping a house, and a room, a place where men and women did then and there meet by mutual appointment and by appointment made by another for the purpose of unlawful sexual intercourse."

A jury, composed of Mrs. V. C. Weaver, Dick Bell, Mrs. Arnold Alcorn, Mrs. Partin Austin, M. T. Wilson, and Carroll Jones found him guilty as charged, and assessed a \$200 fine, court costs, and 20 days in jail, which was the amount asked by the State.

The scene of Vasquez's activities was a farm house about 25 miles southwest of Muleshoe, northwest of the Stegall community.

The State's star witness in the case was a white woman, who upon being arrested at the place had plead guilty to the charge of "Vagrancy by prostitution". Also a Mexican woman had plead guilty to the same charge, also arrested at the place operated by Vasquez.

Patrolman John Bentley reports he and Patrolman Freeman, and other local officers reported the following wrecks the past week:

Thursday morning a pickup and trailer, being driven by C. W. Lewis of Route 5, filled with cattle, was overturned a mile and a half northwest of town on U. S. 84. He did not lose control of the vehicle. His pickup and 2-wheel trailer were damaged about \$300. No charges were filed.

Friday night about 8:30, T. S. Alair, of Route 2, Hart, driving a '55 Pontiac, was in head-on collision with a '52 Plymouth driven by Edwin Earl George of Olton, near Earth. Officers said the Pontiac was on the wrong side of the road. The Pontiac was damaged about \$500 Bentley said and the Plymouth was a total loss.

Mr. and Mrs. Alair, and a Mrs. Green, occupants of the Pontiac, were all treated and released. Mrs. Green had a serious throat injury which required emergency surgery in order for her to breathe.

While this accident was being investigated Oletha Strickland Sanders, driving a '59 Chevy Wagon, of Dimmitt, ran into the Plymouth which was blocking the road. Her car was damaged about \$150, Bentley said.

Saturday afternoon at 5:30, Velma Hinz Pierce of Maple, driving a 1957 Chevy Pickup owned by Bailey County lost control of the vehicle and turned it over. She approached FM 54 about 7 miles west of Enochs from a dirt road, and failed to make the turn.

Ladies Golf Playday Winners Announced

Twenty-four ladies were present for the regular business meeting and luncheon of the Ladies Golf Ass'n., Wednesday at the Muleshoe Country Club.

Mary Frances Holt presided at the business session and dates were announced for the City Tournament. Qualifying day will be 16-19 with medalist qualifying Saturday. Finals will be played on the 27th. Entrance fees for this tournament will be \$5.00.

Nine ladies stayed for an afternoon of golf. Winners were Janet Wagnon and Lois Lenuau.

An important district meeting in our town.

Those who are interested in cancer research and in eradicating this dreaded disease are invited to attend. We feel the program will be interesting as well as educational.

Driver Forces Cars off Highway Then Rolls Car In Field Fleeing Officers

Emergency System Gets Good Test

Graphic proof of the efficiency of the new emergency telephone warning system was given Monday night, following the head on collision of two cars at the intersection of Avenue C and West Second Street.

When the two cars collided, a bystander called the emergency number, 2000, and then stood by to wait for results.

Within exactly two minutes a patrol car arrived on the scene, dispatched by the central emergency station. Within five minutes from the time of placing the call, three patrol cars were at the accident scene.

The emergency system was installed as a joint project of the Muleshoe City Council and the County Commissioners' Court, and with the cooperation of the Muleshoe Chamber of Commerce.

Patrol Investigate Head-on Collision At Earth Friday

Patrolman John Bentley reports he and Patrolman Freeman, and other local officers reported the following wrecks the past week:

Thursday morning a pickup and trailer, being driven by C. W. Lewis of Route 5, filled with cattle, was overturned a mile and a half northwest of town on U. S. 84. He did not lose control of the vehicle. His pickup and 2-wheel trailer were damaged about \$300. No charges were filed.

Friday night about 8:30, T. S. Alair, of Route 2, Hart, driving a '55 Pontiac, was in head-on collision with a '52 Plymouth driven by Edwin Earl George of Olton, near Earth. Officers said the Pontiac was on the wrong side of the road. The Pontiac was damaged about \$500 Bentley said and the Plymouth was a total loss.

Mr. and Mrs. Alair, and a Mrs. Green, occupants of the Pontiac, were all treated and released. Mrs. Green had a serious throat injury which required emergency surgery in order for her to breathe.

While this accident was being investigated Oletha Strickland Sanders, driving a '59 Chevy Wagon, of Dimmitt, ran into the Plymouth which was blocking the road. Her car was damaged about \$150, Bentley said.

Saturday afternoon at 5:30, Velma Hinz Pierce of Maple, driving a 1957 Chevy Pickup owned by Bailey County lost control of the vehicle and turned it over. She approached FM 54 about 7 miles west of Enochs from a dirt road, and failed to make the turn.

Ladies Golf Playday Winners Announced

Twenty-four ladies were present for the regular business meeting and luncheon of the Ladies Golf Ass'n., Wednesday at the Muleshoe Country Club.

Mary Frances Holt presided at the business session and dates were announced for the City Tournament. Qualifying day will be 16-19 with medalist qualifying Saturday. Finals will be played on the 27th. Entrance fees for this tournament will be \$5.00.

Nine ladies stayed for an afternoon of golf. Winners were Janet Wagnon and Lois Lenuau.

An important district meeting in our town.

Those who are interested in cancer research and in eradicating this dreaded disease are invited to attend. We feel the program will be interesting as well as educational.

Stanley M. Sower of Albuquerque, N. M., lost control of his '58 model Buick car Wednesday afternoon at about 1:45, ran through a barbed wire fence, and rolled it in the Wright field about 2 miles northwest of Muleshoe on U. S. Highway 84.

The Bailey County Sheriff's office received two phone calls on Sower. A call came from Farwell that he was speeding and driving cars off the road. Three persons stopped at Larlat and placed calls here complaining about his driving.

Sheriff Dee Clements, answering the call, met him near Progress, turned and took pursuit. He said Sower was driving above 100 MPH while he was chasing him.

His car ran off the shoulder of the road, swerved back to the left, hit a tree, and then plowed into the fence.

The car was completely demolished. He was taken to a hospital here where he was treated for bruises and cuts and released Thursday morning.

Highway Patrolman James Freeman said he had filed drunken driving charges against the man.

Jordon Funeral Services Held Here Monday

Roy G. Jordon, 54, manager of the Cone Elevator here since 1928, died at his home at West Avenue D Sunday about 4:45 a.m., of a heart attack.

Services were held Monday at 4 p.m. in the Muleshoe Church of Christ with the minister, W. R. Tittle officiating.

Burial was in Bailey County Memorial Park with Singleton Funeral Home in charge of arrangements.

He was born June 16, 1925 at Sherman, July 9, 1924 he married Miss Winona Smith at Edgewood, Texas.

The family moved here 33 years ago from Edgewood.

He is survived by his wife and three children, Mrs. W. M. Pool, H. Mrs. Bill Gaede, and Mrs. B. Z. Beatty all of Muleshoe; 5 grandchildren, 2 sisters, Mrs. John Castleberry of Amarillo; Mrs. Ruby Miller of Wills Point, and 3 brothers, Alvin, Don and Ran all of Wills Point.

Pall bearers were Elbert Nowell, Alfred Steinbock, O. D. Ray, Bert Mathis, R. F. Wright, W. B. Wagnon, Jr., and Irvin St. Clair. Honorary bearers were Gil Wollard, Ray Griffiths, Albert Carroll, Dr. A. E. Lewis, Jess Osborn, Pat Bobo, Major Wood, Ed Kimbrell, Cecil Tate, Clinton Bristow, C. F. Jones, Gordon Smith, Virgil Obenhaus, Finley Pierson, and Fred Johnson.

ATTEND PROGRAM IN PLAINVIEW

Those attending the "Total Enlistment" program held in Plainview Friday at the First Methodist Church were: Rev. Edwin L. Hall, Jack Morris, Earl Harris, Mrs. Noel Woodley, Mrs. J. E. McVicker, and Elizabeth Harden.

Grover Tapp Shot To Death Sunday

Bailey Tomatoes Being Shipped Out In Quantity

More than 6,000 cases of green-ripe tomatoes have been shipped out of the Co-op shed in Muleshoe the past week. County Agent J. K. Adams has informed The Journal.

These are 60 lb. cases, which means more than 360,000 lbs. of tomatoes. Choice No. 1 fruit, it represents quite a lot of shipping.

It is bringing about 4c per lb. at the shed, Adams said, which represents something like 2c net to the farmer.

Williams Funeral To Be Held Friday At Bula Church

Sam A. Williams, 76, of Bula died Wednesday at 1:50 p.m. in West Plains hospital. He had lived at Bula since 1928.

Funeral services will be at 3 p. m. Friday in the Bula First Baptist Church with the pastor the Rev. Fine officiating. The body is at the Hammons Funeral Home in Littlefield.

Survivors include the wife, and two sons Clennon of Bula and Sam of Morton, three daughters, Mrs. Christine Kahanek of Monterey Park, Calif., Mrs. Ruth Hendrick, Alamo, N. M.; and Mrs. Velma Smith, Burleson, Texas; also 14 grand children and two great grand children.

Texas Tech Band Will Go Modern

LUBBOCK — Texas Tech's marching band will flash on the football field this fall with a series of exclusive shows featuring a wide variety of music.

"One show will salute composer Irving Berlin", new Tech Band Director Dean Killion reported. "Another will feature songs from Rogers and Hammerstein's "South Pacific."

"I like to use music that is currently popular with the public", he continued. "From beginning to end, each show will be different from others in this fall's series."

The Tech Band will make two trips for football games this fall—to Waco for the Baylor contest October 17, and to Dallas' Cotton Bowl for the SMU clash October 24.

The peppery Killion, who's become known for his showmanship at Nebraska University and Fresno (Calif.) State, joined the Tech faculty this fall, succeeding D. O. Wiley as band director.

Grover C Tapp, 70 year old Muleshoe man, was shot to death with a blast from a 12-gauge shotgun in the driveway of Central Texaco station in Muleshoe about 6:20 P. M. Sunday.

Charges of murder with malice have been filed against Al Griffin, 36 year old Muleshoe man, in connection with the death.

Western '66' Co. Soon To Occupy Fine New Plant

Large butane and ammonia fertilizer tanks belonging to Western "66" Co. Inc., here were moved Wednesday from their old locations at Muleshoe Liquefied Co., and at Western Fertilizer Co., to the company's plant on Plainview highway now under construction.

Operation of the Phillips Petroleum Company local dealership, the Western Fertilizer Co., the butane division and the steel buildings division will all be consolidated under the name of Western "66" Company, Inc. in the new location.

The building to house the dry fertilizer plant is about complete; construction on the large office building is well underway; and foundation has been laid for a large bag fertilizer warehouse. The Phillips oil and gasoline warehouse is located on the same plot of ground.

Mrs. Robert King told The Journal that they are hoping to get into the new plant at least by the first of the year.

This writer, Mrs. King, Blondy Ray, and George Bragg of the Western "66" staff got in some nice loafing while supervising the moving of the tanks, setting them down in the new location. Bragg complained that the Levelland moving company's head man did not once consult any of us as to method for procedure.

Rev Ray Vinson New Pastor of First Christian

Rev. Ray R. Vinson, Jr., is the new pastor of First Christian Church in Muleshoe. It was announced this week.

Rev. Vinson, his wife, Helen, and their two children, Kathy 5, and Mickey 3, are now at home at 510 West 8th. Rev. Vinson is commuting daily to Lubbock, where he is a student in Texas Tech, now studying in the second semester of his sophomore year. He previously had studied three semesters in West Texas State, Canyon.

Rev. Vinson has served as pastor of First Christian in Tulla for two years.

Services of the church are: Sunday school, 9:45; morning services 11 a.m.; evening service 7:30; and prayer meeting Wednesday evening, 7:30. A special meeting Thursday evening, will be at 7:30 when the congregation will begin their "Decade of Decision." Everyone is invited.

Men's Golf Tourney To Begin October 4

The women's city tournament will begin at Muleshoe Country Club Saturday with medalist play. First matches are to be played Sunday, Sept. 20 and finals will be unreeled Sat. the 27th.

The men's city tournament has been set to begin Oct. 4. This year it will be medal play with handicaps, and will go 54 holes. The final 18 holes are to be played Sunday afternoon Oct. 11.

District Cancer Society Will Hold Meeting Here Sept. 23rd.

Dr. B. J. Falon of Texas Tech will be the featured speaker at the District Three South Annual Meeting of the American Cancer Society's Texas Division at the First Methodist Church Fellowship Hall in Muleshoe, September 23.

Dr. Falon's topic will be "People Make the Difference In Success and Failure."

More than 100 delegates and guests from 18 counties comprising District 3, South, are expected to attend.

A second feature presentation will be a demonstration by Texas Division Executive

Director Curt W. Reimann on "Successful County Unit Cancer Control Programs."

Presiding at the various sessions will be Richard Keffler, M. D., of Lubbock, Mrs. Willard Cox of Morton, and Lon Davis, Jr., of Floydada, District Three, South, Directors.

Giving the invocation at the morning and luncheon sessions are Rev. B. D. Hardgrove of Muleshoe and Rev. Darris L. Egger of Dimmitt. Closing the meeting with benediction will be Rev. R. V. Luna of Muleshoe.

Judge Glen Williams will

welcome American Cancer Society delegates to Muleshoe. During the business session, reports will be heard concerning the present cancer control program in the district.

Mrs. J. O. Bass, Jr., of Kress will give the report of the nominating committee which will be followed by election of District Directors.

Highlighting the luncheon will be the presentation of awards to county units who have made an outstanding contribution to the over all cancer control program.

We feel it is an honor and a credit to be able to have this

September Estimate Places Plains Cotton Production 1955 At 1,775,000 Bales

LUBBOCK, Sept. 15—Texas High Plains cotton crop prospects for the 1959-60 season continue to look good and estimated production in early September was placed at 1,775,000 bales.

This is up about 5,000 bales from the August 1 crop estimate made by officials of the Lubbock Cotton Exchange and the Plains Cotton Growers, Inc.

Crop reports throughout the area continue to be good. Late planted June cotton is said to be making excellent progress. Some dryland cotton is possibly suffering now from lack

of moisture but much of the dryland area is in good shape and farmers report heavily loaded stalks. Most noticeable change in the crop estimate is the decrease in production on dryland cotton and increase from irrigated areas.

Most cotton authorities now agree that weather the next six weeks on the Plains will mean the difference between a good and bad crop year, as far as cotton is concerned. Most farmers have hopes for a warm, dry fall and late frost.

If the 1,775,000 bale esti-

mate does materialize, it would be the second largest cotton crop ever produced in the 23-county Texas High Plains area. Tops was the 1958 season which produced 2,025,433 bales. About 100,000 more acres were planted this year since there was no soil bank, but adverse weather in May and June wiped out as high as 600,000 acres and much of it was late in being replanted. Standing acreage on the Plains as of August 1 this year was 2,159,650 acres, just about the same as standing acreage in 1958 at this time.

Below are listed production estimates by counties:

Bailey, 85,000; Borden, 10,000; Briscoe, 23,000; Castro, 30,000; Cochran, 60,000; Crosby, 105,000; Dawson, 130,000; Deaf Smith, 9,000; Dickens, 25,000; Floyd, 104,000; Gaines, 60,000; Garza, 20,000; Hale, 170,000; Hockley, 165,000; Howard, 38,000; Lamb, 165,000; Lubbock, 195,000; Lynn, 130,000; Motley, 11,000; Parmer, 35,000; Swisher, 30,000; Terry, 130,000; Yoakum, 25,000. Total, 1,775,000.

Steel bar cushions jar in REDESIGNED '60 CHEVY TRUCKS

A revolutionary new suspension system gives vast improvement in ride, durability, and control to 1960 Chevrolet trucks. Front wheels are independently sprung on frictionless torsion rods. Rear suspensions are new, with coil springs on light-duty models and stronger, softer riding leaf springs on heavier models for improved cushioning of load and driver. New f-frames reduce height up to seven inches, with some cab floors at step-in level from the ground. Styling is new with rubber-mounted, roomier cabs. Inside steps have been eliminated, providing a full-width floor.

Information On New Veteran Benefit Law Recently Signed By President

President Eisenhower signed last Saturday a veterans pension bill raising non-service connect benefits by 10 billion dollars over the next 40 years.

The White House announced the President had signed the measure at Chequers, the country home of British Prime Minister Harold Macmillan near London, where the two were holding diplomatic discussions.

Two Major Effects

The bill will have two principal effects when it takes effect July 1, 1960.

1. It will make World War II and Korean War widows

eligible for pension on the same basis as World War I widows.

2. It will put the benefits of all veterans and their dependents going on the pension rolls in the future on a sliding scale as determined by need through income limits.

The first feature will mean an additional cost of about 22 billions between now and the year 2000. The second is expected to bring a 12 billion dollar saving.

Thus there is a net increased cost of 10 billion dollars, to be added to the 105 billion dollars of benefits under present law for the next four decades.

Stiff Operation

Budget Director Maurice H. Stans offered stiff opposition to the bill before the Senate Finance Committee because of its increased cost. But the bill passed both branches by overwhelming votes.

World War II and Korean

War widows will be able to get pensions if the husband served at least 90 days and received an honorable discharge. They will be subject to the new sliding-scale payments of the bill.

No veteran or dependent now on the rolls will receive a cut in pension because of the bill. It is estimated that about 70 per cent will get higher payments.

Thus the bill is estimated to boost the pension costs by about 1 1/4 billion dollars in the first five years.

However, some veterans and dependents applying for pensions in the future will receive less than under present law.

There are now two basic veterans pension rates. A veteran receives \$78.75 a month if he has been on the pension rolls 10 years or has reached 65, otherwise \$66.15 a month. To be eligible, his income must be below \$1,400 a year if single, \$2,700 with one or more dependents.

The pension is based on the percentage of disability. But the requirement at age 65 is only 10 per cent, and it is generally assumed the veteran has this percentage disability at that age.

Present Rate Noted

The present rate for widows is \$50.40 a month with no dependents, \$63 with one child, and \$7.36 for each additional child. She also must have an income of less than \$1,400 if alone, or \$2,700 with dependents, to get the pension.

The new scales are: Veterans with no dependents—less than \$600 annual income, \$85 a month; \$600 to \$1,200 income \$70; \$1,200 to \$1,800—\$40.

Veterans with dependents—less than \$1,000 annual income, \$90 with one dependent, \$95 with two, \$160 with three or more; \$2,000 to \$3,000, \$45 regardless of total dependents.

With No Children

Widow with no children—less than \$600 annual income, \$60; \$600 to \$1,200, \$45; \$1,200 to \$1,800, \$25.

Widow with one child—less than \$1,000 annual income, \$75; \$1,000 to \$2,000, \$60; \$2,000 to \$3,000, \$40. She gets \$15 for each additional child.

The new law also changes in some respect the items that are counted as part of income for pension determination. All income regardless of source counts except:

1. The sixth months' veteran's death gratuity. 2. Donations from welfare organizations. 3. VA pensions, compensation and indemnities. 4. Payments under fire insurance and government life insurance policies. 5. Lump-sum Social Security death payments. 6. Payments under a private or public retirement system

G. S. Leaders Plan Yard At Little House

Dorothy St. Clair, neighborhood chairman, presided at the meeting of girl scout leaders in the Little House Monday morning and appointed new standing committees for the coming year.

Long term planning was discussed concerning the yard around the Little House and it was decided to draw a master plan to be followed in the future by Girl Scout troop projects.

Seven persons from here are planning to attend the Girl Scout program workshop to be held Thursday in Lubbock.

Those present for this meeting were: Gerry Flite, Louise Rucktashel, Arlene Phelps, Doris English, Marie Lenau, Jenny McVicker, Helen Jacobs, Cara Juan Schuster, Ernest Kerr and St. Clair.

Attention To Women Bowlers

Any lady interested in belonging to a winter league bowling team is requested to go by the bowling alley and place their name on the bulletin board. They will be contacted by a team captain.

Several teams are needed, as the sponsors have already paid the entrance fees, according to Rosemary Harris, league president, they can place as many as 18 ladies on teams already organized.

Coming To Lubbock—Neil Johnston, above, is the new playing coach of the Philadelphia Warriors, who meet the St. Louis Hawks on October 3 in a pro basketball game at Lubbock Coliseum. Johnston has been the season scoring champion of the National Basketball Association on three occasions. Tickets for the Lubbock game, priced at \$3.00, \$2.50, and \$2.00, may be ordered by mailing a check to ProBasketball, Box 5002, Lubbock, Texas. Good seats are still available.

equal to the individual's contributions to the system. 7. Amounts paid by a widow or child for a veteran's debts. 8. Expenses of his last illness and burial expenses. 9. The income of his wife except for \$1,200 a year.

About 805,000 veterans and 450,000 widows now are on the pension rolls. The new law is expected to bring some 206,000 widows and 72,000 veterans.

Anyone interested in getting particulars of this new program should contact Bailey County Veterans Service Office, Joe Vaughn.

In observance of Week of Prayer, women of the First Baptist Church met last week with an average attendance of 30. Local offering goal was \$750 with the main offering taken Sunday morning being \$744.96. The ladies hope to reach the \$1,000 mark during the month of September. This money will be used to promote Baptist Missions in Texas. A gold glittered map of Texas centered with Callman's head of Christ above the glittered letters, "More Like the Master" was used to promote the theme of the week.

DOVE HUNTER SPRAYED BY ACCIDENTAL SHOT

Fred Johnson, International dealer here, was accidentally sprayed with 7 1/2 size bird shot while hunting dove near sunset Sunday, 46 shots striking him. The doctors probed as much as two and one half inches deep to remove some of the shot. He was hunting with Raleigh Mason and L. R. Stockard, the shot coming from the gun of Mr. Mason, who had shot at a dove.

Four struck him in the face, fortunately none near the eye. One passed through the lobe of an ear, another through the neck skin near the Adam's apple, another through a lip and into a gum; others struck him in the arm and side. But when Fred saw he wasn't seriously hurt it became a joking matter.

For Fred has had much worse licks in his life. He once sopped the full impact of a shotgun load in his leg and hip, when a gun he was dragging accidentally discharged. These shots could not be removed.

Parmer County Farm Bureau News

Whether you are a firm or passive reader of news items, you are, we are sure, aware of the fact that Farm Bureau is actively opposed to U. S. Secretary of Labor Mitchell's writing into the national regulations the labor regulations he claims to have jurisdiction over. These include farm and retail dealer employees. They will, unless something is done to prevent the registration standing as Mitchell intends, mean that you, the farmer, or retail dealer, will come under the Minimum Wage and Hours Law that covers industry. The exclusion of such coverage, obtained by Farm Bureau since, has been accepted as justifiably reasonable because of the peculiarity of seasonal farm operations. Now then, if you are not in favor of Federal Regulations when you

hire an employee and use him it is high time you write your congressman, representative and Mitchell and let them know how you feel. You can be sure that Farm Bureau representatives in Washington are working and standing ready for hearings that will be made before the final and lasting decision will be made. You will recall the meeting arranged by Texas Farm Bureau several months ago in San Angelo, which some people called a publicity-seeking maneuver. Since that time the Texas Legislature sent a concurring resolution to the Congressmen in Washington objecting to the act just concluded by Mitchell.

We hope those of you who receive the Texas Agriculture will read the last issue you received and see if it will help you see the importance of strength that can be gained by your getting your neighbors membership.

We believe it is more important than ever this year, that you make definite plans to attend your annual Farm Bureau Convention in October. Up to now this has been the only place your voice and desires have been able to be recognized in Austin and Washington, witness the state and national legislative matters that have originated in Parmer County and Texas through Farm Bureau. Most counties in this area are up in membership. There is no reason why this county should not have as much strength as its neighbors in forming farm policies that will affect all farmers and ranchers.

SEALED BIDS WILL BE RECEIVED
 IN THE OFFICE of Superintendent of Bula Independent School on September 26, 1959, at 10:00 a.m., on the following equipment being offered for sale.
 Number 1 — 1953, 48 passenger Chevrolet bus, motor number 0565052F54N. (Motor replaced at the last part of 1958-59 school year.)
 Number 2 — 1953, 48 passenger Chevrolet bus, motor number 0202887F55N. (Motor replaced at the last part of 1958-59 school year.)
 Number 3 — 1953, 48 passenger Chevrolet bus, motor number Y538036543.
 All motors have pressure type oil systems.
 This equipment may be seen at the Bula School, Enoch, Texas.
 Bid proposals may be secured by contacting Joseph A. Turner, Superintendent, Bula School, Enoch, Texas. Phone Webster 3-2272. 35-2tc.

Mrs. Joe Roark Was Honoree

Mrs. Joe Roark was honoree of a pink and blue shower Friday morning in the home of Mrs. Julian Lenau. Other hostesses for the occasion were Mmes. Vance Wagon, Dudley Malone, Clifford Mardis, Jan Wampler, and Morris Douglas.

Mrs. Wampler obtained the names of the guests present, who numbered approximately 30.

Coffee and assorted muffins were served from the attractive serving table that was centered with an arrangement of pink and blue cut flowers. Centering a crystal stork at the focal point, Mrs. Wilton White, Orange, Texas, presided at the silver service.

When opening the gifts, the honoree was assisted by her mother, Mrs. Howard Elliott, and mother-in-law, Mrs. C. E. Roark. Among the many useful "little things" was a car bed, a gift from the hostesses.

ENROLLS IN T. U.

Tommy Hicks, son of Mr. and Mrs. T. B. Hicks, left Sunday for Austin to enroll in the University.

Area Student Councils Meet

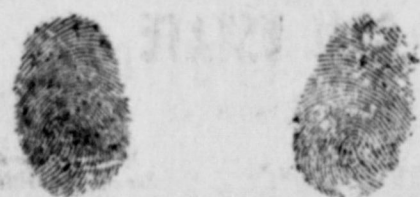

Muleshoe High School Student Council members were in Littlefield Wednesday attending the first meeting of South Plains Association of Student Councils where plans were made for the district convention to be held in October. Other S. C. representatives were Dimmitt, Seminole, and Tahoka.

Muleshoe's president chapter of the association this year and Bobby Robinson presided at this meeting. October is the time for the district meeting, to be held in Seminole, the secretary chapter.

New Officers Were Appointed

Muleshoe Canton and Auxiliary No. 31 met for their regular business meeting Friday in IOOF Hall with Captain George Tompkins and president Adelle Tompkins presiding. Remaining officers to replace those vacated by members moving to the Hereford Lodge were appointed. Those officers are: president, Adelle Tompkins; vice-president, Ona Berry; secretary - treasurer, Mary Thomas; chaplain, Ina Owens; sentinel; Casey Stewart; color bearer, Allie Snyder; officer of the day, George Tompkins, and officer of the guard, Frank Snyder.

A covered dish supper was enjoyed by 13 members prior to the business meeting.

E. S. A. Plan Rush Season

Plans were made for fall rush at the business meeting of E. S. A. sorority in the home of Mrs. Donald Moore Tuesday evening at 8:00. Bill Ed Jones presided at the meeting.

Refreshments were served by the hostess and co-hostess, Mrs. Leland Bouldin to Mmes. Jim Small, Jess Winn, Herbert Griffiths, Roy Winkler, James Glaze, Robert Alford, Kenneth Precure, Carl Bamert, Robert Copeland, and Jim Gaede, and Bill Ed Jones.

Pack 20 Meeting On September 24

Cub Scout Pack 20 will have their first pack meeting of the year in City Park September 24 at 7:00 p.m.

All Cub Scouts of Pack 20 are urged to come and bring their family. Each family is asked to bring a sack lunch.

All boys between the ages of 8 and 11 years who want to join the Cub Scouts are invited to come with their parents and bring a sack lunch. Boys must have parents with them to sign up.

J. C. Ashleys Will Have Open House

Mr. and Mrs. J. C. Ashley of 524 West Ave. B will celebrate their Golden Wedding anniversary September 27 with open house from two to five p.m.

Mr. and Mrs. Ashley have five children, nine grandchildren, and two great grandchildren. All are expected to attend the celebration with the exception of one grandson, Gene Hampton, who is stationed with the Marines in the Philippines.

Their children are, George of Albuquerque, N. M.; Sid of El Paso, Mrs. Ruby Lang of El Paso, Mrs. Allene Hampton of Lubbock, and Howard of Muleshoe.

Mr. and Mrs. Ashley moved to Baileyboro from Rails in December 1939 and lived there until last January, when they moved to Muleshoe.

MULESHOE

Callie Smith Was Installed

Members of the Muleshoe Rebekah Lodge 114 were happy to have their Noble Grand, Mary Murrell with them again at their regular meeting Tuesday evening in IOOF Hall.

Callie Smith was installed as left support to the Noble Grand by lodge deputy, Barbara Burton.

Cake and punch were served by the refreshment committee following the business session.

H. S. Faculty Get Acquainted

Members of the Muleshoe High School faculty met together Monday evening in the Home Economics Department for an informal ice cream supper and get acquainted session.

Following home made ice cream, provided by various members of the faculty, dominoes and visiting were enjoyed by those present.

P-TA Organized At Bula School

About 35 attended the organization of a P-TA for the school held in the school auditorium Friday evening at 8 o'clock.

The 14th District P-TA President, Mrs. Armstrong of Lubbock spoke to the group. She spoke mostly concerning the benefits of belonging to Texas Parents and Teachers Association and the National P-TA. She also explained what the objects of P-TA were.

Officers elected at the meeting were: President, Mrs. Roland Gibson; vice-president, John Hubbard; secretary, Mrs. R. T. Hubbard, and treasurer, Leon Kessler.

Meetings will be held the second Monday evening of each month.

Hostesses for the evening, Mrs. Gibson and Mrs. Newton, served coffee and cookies to all present.

Officers plan to attend a school of instructions for P-TA officers at Levelland Junior High on Thursday, September 17.

About Methodist Youth Fellowship

Annamary Elrod was in charge of the program at MYF Sunday evening and introduced Robert Robinson as guest speaker who told about his trip this past summer to the United Nations.

Next Sunday night Dolores Wagon will have charge of the program and Tommy Thompson will give a book report.

On September 27 there will be twelve new members welcomed into the Senior M. Y. F. Plans are being made to honor these new members with a supper at 5:30 and a program to follow.

Those present to hear Robert's talk were: Nancy Julian, Kenneth Evans, Mary Ann Greene, John Wilkins, Bob White, Shirley Henry, Don Gardner, Magann Lamb, and sponsors, Mr. and Mrs. Leon Blair.

The youth of the First Methodist Church would like to remind all the young people that they have a morning devotional in the Youth Chapel every Monday morning at 7:45. Anyone is welcome to come and take part.

Dolores Wagon Elected W. A.

Miss Dolores Wagon was elected Worthy Advisor at the regular business meeting of Rainbow for Girls Monday evening in Masonic Hall. Other officers elected to hold office were, Kay Brown, Worthy Associate; Pat Thomson, Charly; Jana Goodwin, Hope, and Magann Lamb, Faith.

Miss Wagon announced she is planning her open installation October 5. She will also name girls to the appointive offices in a future meeting.

DAMRON REXALL DRUG

Newlyweds Will Make Muleshoe Home After Wedding Trip To New Mexico

In an impressive double-ring ceremony performed Sunday afternoon, September 6, in the sanctuary of the First Methodist Church of Tulla, Miss Thelma Evelyn Roper, daughter of Mr. and Mrs. Preston Roper, became the bride of William Dennis Patzig, son of Mr. and Mrs. W. A. Patzig of Tulla.

Rev. Robert Metzger, pastor, officiated.

Mrs. Doug Roper, sister-in-law of the bride, Lubbock, was organist. She accompanied Mr. John Simpson, Tulla, who sang "Because", "Whither Thou Goest", and "The Wedding Prayer".

Decorations of the bridal altar featured baskets of white gladioli and tropical foliage, centered with candelabras dressed with gladioli and loveknots of satin ribbons.

Lace Wedding Gown

Given in marriage by her father, the bride wore a gown of Chantilly lace over taffeta, designed with a scalloped Sabrina neckline. The empire bodice was accented by embroidered clusters of sequins and the long sleeves tapered to petal points. A voluminous waltz-length skirt was highlighted at the hemline by scallops. Her fingertip veil of seed pearls. She carried a pearl covered Bible topped with a white orchid surrounded with stephanotis and showered with loveknots.

Donna Wilkins was maid of honor; Gay Roper, sister of the bride was maid of honor. Marsha Smith and Mrs. Jim Stout were bridesmaids. The maids of honor were attired in coral crystal taffeta dresses with three-quarter length sleeves, full skirts, and matching shoes. The bridesmaids wore Nile green crystal taffeta dresses fashioned like the honor attendants. Their picture hats, matching their dresses, were trimmed with fingertip veils and bows. They carried fans of white fugi mums and streamers.

Jim Walker of Alamogordo, N. M., was best man. Groomsmen were Jim Stout, Warren Lee Bell, and Richard Patzig, brother of the groom. Ushers were Roger Morgan, brother-in-law of the groom, and Doug Roper, brother of the bride.

Following the ceremony, a reception in the church parlor was held. Mrs. J. L. Boydston was in charge of the hospitalities. Wedding cake was served by Mrs. Duane Stubblefield, and Mrs. Joe Holmes poured punch.

Miss Edith Herring, cousin of the groom, provided music for the reception. Mrs. Roger Morgan, sister of the groom, secured names for the register. Also included in the house party were Mmes. Clyde Wilkins, Mrs. Hugh Poage, Shelby Baker, Trina Baker, Jack Hill, Herman Poage, and Maymie Chenoweth.

For the wedding trip to New Mexico, the bride selected a light wool fitted suit of brown and white with matching shoes and bag. Her going away suit was accented with a pink hat, white gloves, and pearl accessories. She also wore the white orchid from her bridal bouquet.

To Live In Muleshoe

The bride is a 1958 graduate of Tulla High School. She has attended West Texas State College, and last year attended the University of Texas. Presently she is an X-ray technician student at Methodist Hospital in Lubbock.

The bridegroom, a 1955 graduate, holds a BBA degree in accounting from Baylor University, where he was a member of Alpha Kappa Psi fraternity.

The couple will be at home after September 11 in Muleshoe, where the bridegroom is employed as an accountant for Texas Sesame Growers, Inc.

SPEND SATURDAY IN LUBBOCK

Attending the Junior League sponsored Art Show and Lecture in Lubbock Saturday were: Wynnie Dunn, Barbara Reading, Harriette Jackson, and Mary Farley.

While in Lubbock the ladies also attended a reception tea in the home of Mr. and Mrs. Glenn Keyton honoring O. E. S. Grand Officers of Lubbock.

WILL STUDY AT HARDIN-SIMMONS U.

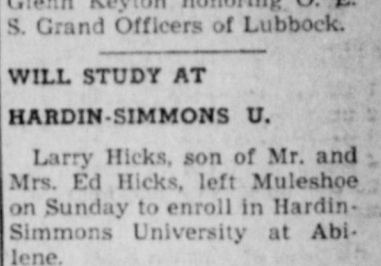

Larry Hicks, son of Mr. and Mrs. Ed Hicks, left Muleshoe on Sunday to enroll in Hardin-Simmons University at Abilene.

BABSON FORECASTS... A BOOM IN SEEDS

Babson Park, Mass., Sept. 17.—Once each year I like to discuss foods. Usually it is at the close of the summer, which I spend at Gloucester, Mass., where I was born. There I once peddled vegetables and fruits from a milk wagon. I, of course, am writing only as a layman, surely not as a physician or druggist.

Vitamins, Minerals, and Bulk
In my youth I never heard of "vitamins, minerals, or bulk" in connection with food. In the spring we were given cod liver oil, which I hated; and molasses with sulphur on bread once a day. Then were given jellies which my mother (bless her soul) had "put up" during the hot days of summer. We had potatoes, cabbage, squash, and carrots in the house cellar; but no green vegetables from November until rhubarb came again.

When ill, we were "built up" on raw fertile eggs and raw milk. No other kind of eggs or milk was known. We had no bathroom in the house, but walked through the snow to a little "out house"—20 feet in the rear. We walked two miles to school and back twice a day—while the children of 1950 are taken by bus and exercise in a beautiful gymnasium after arrival. We always attended church and Sunday school whatever the weather.

Did Live Seeds Save Us?
As I look back to the food of those days, I realize that my mother unconsciously fed us on live seeds. For instance, she not only refused to buy canned corn; but went out in the garden and picked the corn ten minutes before dinner and we ate it "on the cob" when the kernels were alive. She always avoided cooking tomatoes or cucumbers or any berries because cooking killed the seeds. We got our fats from home-made butter; and our carbohydrates from oatmeal and corn meal; and the needed minerals from codfish dried in the sun.

The babies of those days were started in life on "mother's milk." If a mother did not have enough of her own a "wet nurse" would be called in. Now babies are fed only "dead" pasteurized milk and baby food which has been "dead" for months in a can. Twice a day father brought cool fresh water from a spring; but now we boil the water and kill the vitamins, or else use city water which has chlorine or perhaps fluoride to kill the germs which we now eat dead instead of alive.

I Make A Forecast
We can still buy fresh orange juice rather than canned or cooked. Fresh fruit juices will always be in demand, but the time may come when we will take an orange seed as a pill once a day! These seeds are now sold at a premium for the pigs and chickens, which also get the best of the fish of which we buy the fillets. Frozen foods have a wonderful advantage for distributors; but they are dead foods valuable largely for bulk.

Let me repeat, I am speaking only as a layman (readers should not pay too much attention to my forecasts). But here it is: Someday your grandchildren will buy packages of seed (now sold by the supermarkets for planting in the spring). These seeds they will soak and eat alive during the year—just as we now take vitamins, minerals, and other expensive pills which are sold at drug stores. Furthermore, they will get a variety of seeds in order to get such proper diversification as the

family physician may order. The old motto "From Rags to Riches" may become "From Seeds to Health."

What About Gravity?
Life Magazine for September 7, 1959 has an excellent article on "Bulbs." It, however, omits one important fact, namely that bulbs and seeds have one very unique power—the power to defy gravity. They not only know when spring has come, but they have an exclusive God-given power to defy gravity and push upward through the hard soil which has been frozen all winter.

P. S. When you read this I will be on the ocean headed for Sweden, Denmark, Germany, and elsewhere. Am taking a package of mixed seeds with me.

THIS WEEK In Muleshoe

by AFTON RICHARDS

Any journalist of any calibre, prides himself on his ability to write the news as he sees it, without bias, prejudice or personal reflection.

He feels that the public is entitled to know exactly what is going on, and he is dedicated to the job of keeping them informed. If he gets the idea someone is trying to withhold news from him, and the public, it infuriates him, and challenges him, and his one determination is to get the facts—come what may.

This being as it should be, there comes a time when being a good citizen, and contributing to the welfare of the community, supercedes his obligation to print "everything that happens."

A fair example of this, we think, is the tragedy that happened here late Sunday. Not counting the two major parties to the event, there are many people involved on both sides (relatives) whose feelings are to be considered. What other news media do is their concern, but we here at the Journal just cannot see where any good cause can be served by picking up rumors, idle gossip, and the gory details, and printing them "as fact" and allow the people to use this material to "try" the case with such "facts" even in advance of any court proceedings. Perhaps admissible and legitimate, but to us, hardly within the bounds of good small-town and community journalism.

One family has been subjected to shame and humiliation, the other to hopelessness and despair. Shall we be a party to furthering the emotional strain on these good people? No!

Sunday morning's low temperature impresses upon us the fact that fall is here. Personally, we did not notice it being so cold, but some reports had the temperature down as low as 34. Br-r-r...

This writer and wife observed twenty-five years of marriage Sunday. The daughter and son-in-law were down from Oklahoma City, and she with the boys at home invited relatives and a few close friends in to "celebrate" this quarter of a century milestone in our lives.

We say this seriously, it has been quite a strain on the good woman to be a "newspaper widow" these 25 years. If the editor is not out covering a meeting or ball game at night, he is probably at the newspaper working, with

hardly a night at home with his family. Not so bad in recent years, but back in depression times, and during the war, it was the regular procedure to work all night; at least one night a week to get the paper out. And many, many times Mama was down there too.

With us, for a great many years it was a family affair, and the children also had to work after school evenings, and at times before school in the early morning. — Quite a life. — If you like it. And despite all the hardships, we love it.

Most every law has a loophole in it somewhere, if you look long enough and hard enough. My dog "Friskie" thinks he has found one in the recent dog ordinance passed by the City of Muleshoe.

The other night we went home, and the dog says "Boss, I want to have a dog to man talk with you." "What's the trouble," I said.

"Well, did you notice that ordinance in the Journal, declaring war on stray dogs?" "Yes," he said.

"I want you to tell me," he whined, "Why the country dogs rate so high with the council, and are privileged to run free over town, while us poor city dogs must stay cooped up at home all day?"

Taken aback, I scratched my head a moment, and then recounted, "Why, I don't have any idea what you are talking about. I read that ordinance twice, and I saw no mention of country dogs."

"Well, you had better get your bifocals changed" he shot back at me, "It was in there in plain English, in words that any dog could understand. In paragraph B, of Section 6, that 'It shall be the duty of the Chief of Police, and duly authorized Dog Catcher to see that the terms of this ordinance are strictly enforced, provided, however, that the terms of this ordinance shall not be applicable to dogs following countrymen into the city.'"

"Yes, I read that," I admitted with some reluctance, "but it never dawned on me that this was discriminating against the town dogs."

"Well," he barked rather gruffly, "If you were a poor old pooch, kept penned up in town all day, you would think on such things a bit more seriously."

"I'll tell you what," I told him, trying to soothe his hurt feelings. "If the Chief of Police, or his 'duly authorized agent', tries to take you in, you just rare back and tell him, 'Look here Bub, I followed a countryman into town, and if you think you have anything on me, just lay your clammy little dog catchers on one hair of my back and I will report you to the Mayor.'"

"Yes, that ought to work" he whined, but some of these cops can't understand dog Latin, then I would wind up in the blink, and get shot just the same."

"Alright," I told him, getting impatient with his whining. "I'll do this much for you, I will put a tag around your

neck, saying that you followed a countryman into town, and if the dog catcher gets hold of you he can read the tag."

"I guess I will have to settle for that," he said, but continued, "I am still not sure that will help much, and a lot of the other dogs feel the same way. You know a lot of these cops can't read either."

"Well, that's what you get for being a dog anyway," we told him and walked off.

Many country newspaper editors often share the feelings of the editor of the Mount City Republic who "blew his top" recently thru his front page column. However they seldom say anything about it.

This editor grew weary of getting plenty of free business, with little if any of the paying—so he wrote:

"A recent bride was in last week to complain that the Republic had used a wrong word in her wedding write-up. Country boy that I am, and not intending to embarrass her, I suggested that I give her money back."

The wedding invitations were bought from some other printer, and if they were worth packing home, cost from \$15 to \$25. Then, no doubt they used printed napkins at the reception, probably a nearby town photographer got \$35 to \$70 for pictures of the couple; the minister got no less than ten bucks for reading the ceremony; the girl who baked the wedding cake got another stipend.

The florist knocked her old man for 50 to 70 bucks, and its a nice gesture to slip a five spot to the gal who plays the old church organ. When it's all over its a 'Must' to leave \$5 for the person who cleaned up the church.

"At \$2.50 an hour for linotype operators I printed a half column of 'showers' for the bride. After it was over I spent \$5.75 for a picture of the couple and used a column of type (at \$2.50 an hour for linotype operator). I suppose her wedding cost me \$12 to \$15 and the story didn't suit the bride.—I'm surely in the wrong business—but still like the country newspaper business.

That's the way one country newspaper business."

That's the way one country editor blew his stack. This is a thing that most of us take in stride. In all fairness, we must state that most people are patient and considerate when the paper does make a mistake—and they're so easy to make.

NOTICE TO STUDY CLUB MEMBERS
Mrs. O. N. Jennings will be hostess and Mrs. J. H. Farley will be co-hostess for a covered dish supper and the first business meeting of this year tonight, Thursday. Each member is urged to attend this meeting and welcome the T. F. W. C. president of District 7, Mrs. A. T. Cocanougher of Lubbock.

SOIL CONSERVATION NOTES Interesting Results Gained From Switchgrass Clipping Experiment

Results obtained from clipping trials conducted on the Carl Bamert farm, 6 miles north of Muleshoe, show that Switchgrass under proper use, and a rotation system of grazing yielded 16,260 pounds of green forage per acre or 11,140 pounds more forage per acre than where the grass was grazed close to the ground continuously.

These clipping trials were done over a 12-week period (June 1 through August 17, 1959), by SCS technicians assisting the Blackwater Valley Soil Conservation District.

Four plots were used in the clipping trial to simulate two levels of management and two systems of grazing. The two levels of management were ground level and proper use. Continuous grazing and rotation grazing were the two systems of grazing simulated in the trial. Under continuous grazing two plots were clipped each week. One plot was clipped to a height of 8-10 inches. Under rotation grazing two plots were clipped each four weeks. One was clipped to ground level and one was clipped to proper use (8-10 inches) height.

The plot which was clipped to ground level each week yielded 5,120 pounds of green forage during the 12-week trial. The plot which was clipped to proper use height each week yielded a total of 14,220 pounds of green forage during

the 12 weeks. In the two plots which were clipped each four weeks, the plot which was clipped to ground level yielded 9,630 pounds, while the one clipped to proper use height yielded 16,260.

All plots were on soils of the same type and were irrigated and fertilized the same. The only difference between the plots was the height and interval at which the grasses were clipped.

The results of this trial indicate that to obtain maximum forage or grazing from a grass, it must be properly managed and sufficient top growth left to produce root growth so essential if the plant is taken from the soil the water and nutrients which are necessary for vigorous growth.

**Club Yearbook
Second In District**

Muleshoe Study Club's 1958-59 yearbook won second place among yearbooks submitted in the Seventh District, Texas Federation of Women's Clubs. It was announced this week.

The yearbook, printed by The Journal, received fulsome praise; only criticism voiced being that the page containing the programs seemed crowded. The club's new yearbook is being printed this week by The Journal shop.

Simultaneously it was announced that the club's scrapbook, containing press notices and stories through the year, was awarded second place for the district. The book contained clippings from The Journal, and from the Lubbock and Amarillo daily newspapers. It is a neatly arranged book with clippings attached in an attractive manner and with mastheads of the various papers from which the story was taken, and has the club name and place handtooled on its front.

**MR. GORRELL ON
THE MOVE**

Roger Gorrell has been to Lawrence, Kans., visiting his sister, Mrs. William Mason. He returned to Muleshoe last Friday and left Sunday for Austin to resume his studies at the University.

Lazbuddie News Letter By Penny Grusendorf

Longhorns Win Second Game of the Season

The Lazbuddie Longhorns won a 25-16 victory over the Cooper Pirates. Lazbuddie has played two games and won so far this year, and we hope they continue.

This Friday night they play Farwell at Farwell and we expect everyone to come out and watch the game. We know they will see a good one which the Longhorns expect to win. Everyone come and back the Longhorns.

Here is the Lazbuddie 1959 Longhorn schedule.

Sept. 18, Farwell, there; Sept. 25, Kress, there; Oct. 2, Wilson, there; Oct. 9, New Home, here; Oct. 23, Vega, here; Oct. 30, Bovina, here; Nov. 6, Hart, there, and Nov. 13, Happy, there.

Vega, Bovina, Hart, and Happy are conference games.

The Lazbuddie Baptist Church had their revival September 6-13 last week, and the attendance was very good. The evangelist was A. C. Hamilton of Hereford, with Keith Lamb of Plainview leading the singing. They finished the revival Sunday with a very good attendance.

The Baptist Church is also planning to get into the new church building by next Sunday, September 20. The opening for the new church will be September 27, and everyone is invited to help open the new building.

CARD OF THANKS

Your kind expression of sympathy is deeply appreciated and gratefully acknowledged. We want to thank each and everyone for the beautiful flowers, food, and the manner in which it was served. May God's richest blessings be continued to you all.

JERRY'S FEED AND SEED received their first shipment of—

SHED-A-LEAF 'L' LIQUID COTTON DEFOLIANT

Developed and Mixed by Shipman Chemical Co., Inc.

Shed-A-Leaf "L" is one of the fine defoliants used by Coprock Flying Service, Inc., with headquarters at Jerry's Farm Supply Store.

IT PAYS TO DEFOLIATE
Shed-A-Leaf "L" is packed in 55 gallon drums. Each of these drums packed with an added measure of value.

Jerry will stock other fine defoliants by Chipman. Shed-A-Leaf "L" offers these important benefits through effective cotton defoliation:

1. Hastens opening of mature bolls: This permits earlier harvesting.
2. Reduces Boll Rot: Retards deterioration of fiber and seed.
3. Reduces late insect infestation.
4. Facilitates hand and machine picking.
5. Produces better lint grades of machine picked cotton by reducing trash and leaf stain.

(A) By reducing amount of plant material going through picker or stripper heads.
(B) By permitting earlier picking in the morning.
(C) By making possible one picking in many cases due to more uniform boll opening.
(D) By making hand picking easier and quicker.

TIME OF APPLICATION
Use Shed-A-Leaf "L" when cotton has finished maximum production which is 30 to 40 days following cut out "usually 40 days in the irrigated areas."
Shed-A-Leaf "L" can be applied by ground sprayers or by airplane.

National P.T.A. Sets Goal: Over 12,000,000 Members

More American children than ever before are enrolled in school this fall.

And more and more of their parents and teachers will be P.T.A. members by the time the National Congress of Parents and Teachers concludes its annual October membership enrollment.

Through the efforts of the millions of parents and teachers already working in P.T.A.'s, children all over the United States are assured the closest kind of home-school cooperation on their behalf. Out of this working together of home and school have come higher educational standards, curriculums geared to the needs of today's world, more adequate school facilities and more effective parent education programs and, of course, good playgrounds, safe sidewalks, driver-training classes, and continuous health programs.

Mrs. James C. Parker, of Grand Rapids, Michigan, president of the National Congress of Parents and Teachers, points to such P.T.A. achievements as "a significant factor" in the growth of the National Congress, which already ranks as the world's largest voluntary organization.

"A membership of more than 12,000,000 is our goal this year," she says, "and we intend to call on all the families we can to enroll new members—whether parents or teachers or other citizens with a real interest in children."

Work for All
The variety of P.T.A. activities, Mrs. Parker believes, "offers all members an opportunity to work on the many problems that involve the welfare and advancement of the nation's children."

Because the P.T.A.'s chief concern is for children, its action on their behalf starts even before they're ready for school.

A pre-school program emphasizes the child's health, his safety, and his sound emotional development. It may take the form of an immunization project like that undertaken in Tennessee's Washington County, where children started to school this fall protected against diphtheria, smallpox, whooping cough, and polio—because P.T.A. members took the lead in a county-wide fight against communicable disease.

Teens Get Attention
—Teen-agers are helped, too, by P.T.A. programs designed to spur their development into responsible citizens. In Evanston,

Standing beside the P.T.A. oak tree emblem, Mrs. James C. Parker, president of the National Congress of Parents and Teachers, prepares to sow symbolic acorns in an effort to reach the goal of more than twelve million P.T.A. memberships. She urges P.T.A. members to "call on all" during membership enrollment month.

step into school, the P.T.A. offers a ready-made meeting place where parents and teachers work together for the child's academic and social development. The Kenosha, Wisconsin, Council of P.T.A.'s, for example, sponsored a summer-long elementary school clinic for children who had difficulty in reading.

—Youngsters who have special problems get attention in another phase of the National Congress' program. Language barriers are being breached for Puerto Rican children attending school in Camden, New Jersey, because local P.T.A.'s sparked a move to hire a Spanish instructor who works with these children in their daily English classes.

—The more members we enroll, Mrs. Parker points out, "the more opportunities the National Congress will have to work for the well-being of all the nation's children."

Illinois, high school students can look forward to receiving sound advice on future vocations, thanks to a P.T.A. guidance program that culminates in a day-long career conference.

—Because of its interest in children, the P.T.A. also offers adults many chances for constructive community work that will benefit children.

Through the years, the National Congress consistently supported kindergartens, promoted hot lunch programs in schools, alerted the public to violations of child labor statutes, improved the standards of treatment for juvenile offenders, and backed programs to focus attention on the urgent needs of the public schools.

—The more members we enroll, Mrs. Parker points out, "the more opportunities the National Congress will have to work for the well-being of all the nation's children."

Three Way News

by Mrs. Frank Griffith

Sister Dies

Perry Fort received word Monday that his sister, Mrs. W. H. Porter of Harrison, Ark., had died. Mrs. Harrison had been critically ill for several days due to a heart condition. Mr. Fort was unable to attend the funeral.

Planning Meeting Held

A meeting was held at the school Wednesday afternoon for the mothers of the pep squad club members and the football squad. The purpose of the meeting was to make plans for serving refreshments to the visiting and home teams and pep clubs following the games at Three Way.

Mrs. W. C. McCrevey was elected chairman of the group. Five sub-groups were formed according to the vicinity in which the mothers lived and co-chairmen were appointed to work with each group. Mrs. Thurl Lemons was appointed chairman to work with the mothers at Stegall. Mrs. Horace Hutton will be chairman of the women toward Baileyboro. Mrs. C. B. Hightower with those at Three Way. Mrs. Raymond Masten at Goodland, and Mrs. D. Tucker with the Maple group.

The Three Way Eagles defeated the Cotton Center Elks Friday evening in the first conference football game of this season. The score was 14 to 0. Carter Williams made a touchdown and Bailey Griffith made the extra point. In the last half Butch Tucker made a touchdown and the extra point.

Return To College

Returning to college the past week were Bonnie Bartees to Wayland at Plainview, Nan Johnson to ENMU at Portales, Virginia Klutts will be a freshman at Pueblo College in Pueblo, Colo. Mike Pollard and Donna Shepard will be freshmen at Texas Tech. Entering at freshmen at Leveland Junior College are Glenn Lowe, Wesley Warren, and Linda Welch.

Hospitalized

Kenny Sims, son of Supt. and Mrs. Archie Sims, was taken to a Lubbock Hospital Friday evening following the football game. He received multiple fractures of the right leg and ankle while participating in the game. Kenny was able to be back in school Monday, but he will wear a cast on the leg for about six weeks.

Charles Bowen, high school principal, was on the sick list Friday.

Mr. and Mrs. W. K. Paul of Portales, N. M., visited Sunday and Monday in the Frank Griffith home.

Mrs. J. A. Johnson is visiting this week with her daughter, Mrs. Louise Ponder of Portales, N. M.

Guests in the Clyde Coffman home Sunday were Mrs. P. C. Banks and Mrs. Lindsey Warren of Floydada, Mrs. George Henderson of Amarillo.

Gable Cattle and Bank Donating Barbecue Meat

Gable Cattle Company of Muleshoe and the Muleshoe State Bank are donating the meat to be used in tomorrow night's barbecue supper. The Athletic Boosters Club therefore will realize that much more money for their projects this school term.

The supper will be served in the high school cafeteria beginning at 5 p.m., and ending at 7:30 just before the Portales and Muleshoe football game.

lo, and Mr. and Mrs. David Coffman and daughter of Morton. Mrs. Banks and Mrs. Warren are aunts of Mrs. Coffman. Mrs. Henderson is a sister of Rev. Coffman. David is a son of the Coffmans.

Holds Art Course

Art Director, Dr. Caballero of West Texas State College at Canyon is conducting a 10-lesson art course at Muleshoe. The lessons are four hours long and the class meets each Monday evening at the High School cafeteria in Muleshoe. Attending the classes from Three Way are Gayle McCrevey, Mmes. Jack Lowe, Conrad Williams, and Cass Stegall.

Visiting and shopping in Lubbock Monday were Mrs. Thurl Lemons and Mrs. W. C. McCrevey.

Mr. and Mrs. Earl Conner and daughter of Elida, N. M., visited Sunday in the W. C. McCrevey home.

Bucky Darceek was able to be back in school Monday following an accident last week. He accidentally shot his foot while doing some target practice at his home.

Harvest Underway

Harvesting of grain and cotton is underway in the community. Conrad Williams is harvesting sudan. Mrs. Jack Lowe began pulling cotton Monday on the farm near Maple, and several combines are in the maize fields over the entire community. Leon Jones is filling trench silos and Frank Griffith will begin cutting ensilage for a trench silo by the first of next week.

Heralding a new "breakthrough" in automotive design, the Ford Falcon—shown here with three views of the Ford model—is all-new from the ground up. Functionally styled, grace to its lines and provides greater strength for doors and side panels. The Falcon's all-new 90-horsepower six-cylinder engine is designed to give up to 50 per cent better gasoline mileage than standard cars.

Texas Taking Lead On Building Interstate Highway System

By Senator Ralph Yarborough

While some states are now slowing to a stop on their parts of the 41,000 mile Interstate Highway System, the Texas Highway Department—operating on a pay-as-you-go plan—is continuing work in our state.

Texas is eligible for help on primary, secondary, and urban highway systems—or farm-to-market roads—as well.

The Interstate Highway Program, which started in 1956, is scheduled to continue at least through 1971. The federal government will provide 90 per cent of the funds for building the highways and the state puts up only 10 per cent. The overall investment in the Interstate Highway Program in Texas from 1956 thru 1971 is estimated at \$1,753,854. Some \$190,057,000 had been put into the program through the end of 1958. The estimate for this year through mid-July is about \$101,500.

The primary, secondary and urban highway systems are a continuing program in which the state and the federal government pay equal shares. Between 1956 and 1958, \$367,179,000 had been spent by this partnership to provide better

roads in Texas on which to travel and move goods to market. Through mid-July of this year another \$142,500,000 was added by the state and federal governments combined. Texas has a fine highway program with the federal government putting in a good share of the money.

By joining in these programs for improvement of roads in Texas, our state is taking advantage of the federal money which is being made available. But to Texas' size, it has gotten far more money out of the Federal Road Fund than we have paid it in taxes.

We have heard a great deal of talk recently that this program must be slowed down—and it has been in some states—unless a cent more tax is added to each gallon of gasoline we buy.

There are three ways of raising the money that is needed to continue this program. Bonds can be issued, the gasoline tax could be raised, or the excise taxes on automobiles could be diverted to the road fund. So far, Texas has planned its road work in line with the money at hand and has never resorted to highway bond issues.

Dr. E. N. Jones Seeks to Make Texas Technological a Full University

LUBBOCK, Sept. 2—Texas Tech's destiny is to become a university in program and in name, Dr. E. N. Jones has declared in a final statement as the institution's president.

The popular educator, who was dean of Baylor and president of Texas A. & I. before coming to Tech, will take over as dean of institution at Midwestern University in Wichita Falls September 1.

Dr. Jones also urged that a faculty senate be established at Tech and that future buildings on the 2,000-acre campus be designed as closely as possible in harmony with the pre-dominant Spanish Renaissance architecture.

Elaborating on his call for university status, Dr. Jones said, "Our institution has had size thrust upon it. Increase in size obviously calls for increase in organizational complexity. Such increase does not come automatically. It must be planned in an orderly manner."

"The surest guiding star in such planning is, I think, the attainment of university status," he continued.

"I believe that engineering, agriculture and home economics can achieve greater quality and attain more recognition as schools in a university organization than under a dominating technological emphasis," Dr. Jones said.

He pointed out that Tech is having difficulties in securing financial support from foundations because of the narrow connotation of "college."

He also emphasized that a well-rounded institution of higher learning is needed in the rapidly growing West Texas area.

Expressing pleasure with

Tech's faculty tenure policy, Dr. Jones urged the establishment of a faculty senate which would give teachers a better means of expressing themselves in regard to Tech policies and programs.

Tech's academic "voice" currently consists of a faculty advisory committee which acts in consultation with the teachers through general faculty meetings and campus-mail correspondence.

Mrs. Kessley Is Shower Honoree

Mrs. Leon Kessler was honored Wednesday afternoon with a pink and blue shower in the home of Mrs. A. M. McBee, with Mrs. Loy McBee, Perry Spell and A. M. McBee as hostesses.

From Psalms (81:9, 10): "There shall no strange God be in thee; neither shalt thou worship any strange God. I am the Lord thy God, which brought thee out of the land of Egypt."

The serving table was laid in a white cloth centered with pink roses and greenery. Mrs. Loy McBee and Mrs. Spell served pink punch and white individual cake squares to the guests, after the packages were opened by Mrs. Kessler and viewed by all the guests.

Attending were Mmes. eLon Kessler, Haskell Kerby, Bay Wilson, Ray Spence, Guy Sanders, M. H. Phillips, Darwin McBee,

Mary McBee, Ralph Beasley, Don Grusendorf, A. P. Fred, W. B. Adams, Jim Davis, Horace Brashear and the honoree. Several sent gifts that were unable to attend.

AT MISSILE TRAINING CAMP IN CALIFORNIA

Vandenberg Air Force Base, Calif.—2nd Sgt. James W. Booth, son of Mr. and Mrs. Bryan Booth of Route 2, Muleshoe, was recently assigned to the 395th Missile Training Squadron, Vandenberg AFB, Calif.

James graduated from Muleshoe High School in 1948. He enlisted in the Air Force in 1950 and currently has over nine years of service.

Before being assigned to Vandenberg AFB on August 21, he was assigned to APO 179, New York.

Mules Get Stung 14-7

The Muleshoe Mules had considerable difficulty getting their yard making machine in action Friday night, and finished on the short end of the 14-7 score, in their annual clash with Sudan.

Sudan hit first, scoring midway in the second quarter, when they completed a dinky basketball pass and handoff, feeding the ball to Charles Nichols who scampered 46 yards for the first score of the game. The try for point failed, a running play, giving the home standing Sudan Hornets their margin.

There was no scoring in the game until the first play in the fourth quarter Muleshoe's Oliver rammed over from the 3 yard line then kicked the extra point, putting the Mules out in front 7-6.

In the final minutes of the game, Sudan made another big drive, that the Mules could figure no way to stop short of the goal line, and they went out in front 14-7.

The Mules got off three plays, getting down to the 25-yard line, but did not have time to keep rolling.

Sudan won the toss and chose to receive. Oliver kicked off for Muleshoe, and Sudan took it on the 35, running it out only two steps before being brought down.

Sudan made 3 yards on the first play, and Muleshoe was penalized for being offside. On the next play they made 9 yards and a first down. They ran first down for two yards, then one yard, and attempted a pass that was knocked down by Black, then punted to the Muleshoe 32.

For the Mules Walker made 12, then Black made 12, but a teammate was offside. Pierce made 6 then Oliver 7 for a first down. Black made 1, Oliver 1, and a pass was incomplete. They punted to the 20, and Sudan ran it back to the 33.

First down for Sudan produced 3 yards, second down 3, third down was an incomplete pass. They punted to Oliver, who took it on the 30, ran it to the 35, fumbled and recovered. On first down Pierce fumbled and Sudan recovered and took possession on the 34.

First down they attempted a pass that did not jell, then ran for 4, and 2 yards. They ran fourth down, did not produce and Muleshoe took over on their own 24.

Black picked up 4, Oliver 5, and Young pitched out to Black for 16 gain and a first down. Oliver made 4 yards, but on the next play someone fumbled and Sudan recovered on their own 37.

On their first play in this series Sudan made 7, and the next play 4, which would have produced a first down, but they took a 15 yard penalty for illegal use of hands. On the next play Shepherd broke through and set them back for 6 yard loss on an attempted pass. The next play was for no gain. This ended the first quarter.

Second Quarter
On the next play they punted to the 40 where Black took it, fumbled and Sudan covered on the Muleshoe 25. On first down they made 1, and 2 on second down. Third down Camp and Shepherd got in the backfield and they lost 3 yards. A fourth down pass try was knocked down by Oliver. Muleshoe now in possession on the 25, Oliver made 8, then Walker hit the line for no gain. Young made 11, but Muleshoe was offside. Then Young passed to Walker for 20 gain and a first down. Black made 2, a pass was incomplete, and Black picked up 4, and again the Mules were penalized 15 yards for illegal use of the hands. A pass fell incomplete. Oliver punted out of bounds on the Muleshoe 46 yard line.

On first down Sudan got off a beautiful flat zone pass and pitchout and ran 46 yards for the first score of the game. Attempting to run, the extra points were not made.

Childs took the kickoff on the 30 fumbled it momentarily and covered. Walker lost 2 yards on his try. Two pass attempts failed and they punted to the 38.

Sudan picked up 3 yards, and then 1 yard, and a pass was completed for 20 yards.

Others making several tackles were Hawkins, Young, Julian, Dean, Pierce, Shepherd, Barron and White.	

Booster Club To Serve Chuck Wagon Supper

Members of the Muleshoe Athletic Booster Club have been working hard this week preparing for the big chuck wagon supper which they will hold at the high school cafeteria Friday night preceding the football game with Portales.

Much of the food is being donated, and the proceeds will be used in buying film to make pictures of the football game, and to feed the players after each game.

Plates are selling for \$1.25 and 75c for children. The supper will begin about 6 p.m.

Lazbuddie Team Beats Cooper

The Lazbuddie Longhorns continued to roll Friday night, piling up two consecutive wins, this time over the tough Cooper Pirates of Lubbock County, 28-16.

Bradshaw led the Lazbuddie attack, making the first two touchdowns, and running an extra point. The Pirates just could not find a combination to hold him.

The passing of all-district quarterback Jennings, the receiving of Porter, and the running of Bradshaw, Savage and others, was enough to keep them rolling, and they never did slow down.

Cooper's Koonitz and Benarz managed to get 16 points for the Pirates, but it was not enough to keep their hopes alive.

The Longhorns go to Farwell Friday for a tough encounter.

Springlake Beat By Idalou Cats

The Springlake Wolverines met their match Friday night in the Idalou Wildcats, going down 22-0.

Joe Wilbanks led the 'Cats all the way, making several long runs, the best being for 72 yards.

Springlake got several good drives into effect, but either bogged down, or fumbled the ball away.

then 2 yards, Oliver, running third down, made 3, but Mules had illegal motion. On their option on the penalty, Sudan could have refused the penalty and brought up fourth down, but through some point of frustration, they took the penalty and gave the Mules another lease on life. On a re-run of the play, Black made the yardage needed for a first down. Young made 3, and Walker hit the line for no gain, then Oliver went off tackle for 11 yards and a first down. Oliver came back making 27, and almost broke loose.

On first down, Black made 3, but the Mules took a backfield in motion penalty. Young fumbled the handoff, but recovered it taking a 1 yard loss on the play. Oliver made 2, and came back to pick up 2 more. Black ran fourth down, and on a measure lacked about an inch making the yardage needed to keep possession.

Sudan, operating from the 36, attempted a pass, and a Mule almost got his hands on it. Sudan was offside on the play. A pass was completed for 28 gain and a first down. The next play Black and Camp got in the Sudan backfield and threw them for 11 yards loss. On the next play Sudan got off a 20 yard run for a first down. This was followed by an 11-yard first down run, setting them up for goal to go. In three plays for 2, 1, and 3 yards they piled over, making the score 12-7, and then ran 2 extra points, giving them more of an edge.

With only seconds on the clock, Sudan made a desperate bid to hang onto the ball, trying on outside kick, but the Mules took possession on the Muleshoe 41.

A pass fell incomplete and Sudan was offside. A pass to Oliver was good for 25 yards, but the whistle ended the game before the Mules could continue their drive.

Farwell Rolls Over Bovina

The Farwell Steers is a fast-stepping team in the area, following their 35-12 trouncing of the Bovina Mustangs last Friday night.

Farwell turned loose a brace of backs, all of whom got in on the act.

Jerry Lovelace, Jim Hardage, Huggins and Bill Owens all got into the scoring column for Farwell.

Bovina halfback John Riddle intercepted a pass for Bovina, and Roger Ezile got off some nice runs, but it was not enough to keep Bovina alive.

Next week Bovina will be host to Whitharral.

Abernathy Is Too Slow for Tulia

The Abernathy Antelopes were just not fast enough to match speed with the Tulia Hornets Friday night, losing 26-21.

In less than a minute of the final period each team scored a TD, giving the fans a real thrill. Abernathy came from behind, with only about 10 seconds on the clock, but Tulia came right back and put it on ice just as the whistle blew.

Abernathy and Hale Center tangle next week.

Morton in Win Over Whiteface

The Morton Indians upheld their football fortunes considerably Friday night when they steam rolled Whiteface 27-6.

Already holding a good lead, the Indians made two touchdowns in the final minute of the game to put it on ice 27-6.

Gary Willingham made the first Indian score, and Marvin McGrath, a guard, booted the extra point.

A little later Willingham took a punt, handed off to Butch Nairn and he ran 48 yards for another Indian score.

It was Willingham and Nairn all the way, and they capitalized on every break.

In first downs Whiteface had 13, and Morton only 12. Morton gained 279 yards to 226 for Whiteface. The heads-up ball played by Morton was responsible for the win.

Morton plays at Plains Friday.

Greyhounds open Season Against Central Okla.

Eastern New Mexico University's Greyhounds will open the season, against Central Oklahoma in Portales Friday night at 8 p.m.

Full Slate Planned For West Plains Football Fans Friday

West Plains sport fans have a fine card of football outlined before them this Friday night.

Muleshoe fans will have their first opportunity to see the Mules in action on the local field. The foe will be Portales. Neither the Mules nor the New Mexicans have been able to put a win together, and each will be making a desperate bid to get going.

Olton will play at Littlefield. Last year Littlefield won this contest 42-6.

Abernathy will be playing host to Hale Center. Dimmitt will be playing Hereford on their home field. Last year Dimmitt won this contest 6-0.

Sudan has an open date. Morton goes to Plains. Last year Morton lost to Plains 20-0.

Springlake goes to New Deal. Lazbuddie goes to Farwell. Bovina will be host to Whitharral. Bula will play at Three Way. Friona goes to Stratford.

Lockney No Match for Fast Dimmitt 'Cats

The Dimmitt Wildcats continued their wild rampage Friday night by lowering the boom on Lockney 24-6.

Dimmitt scored first in the middle of the first quarter, and scored again in the third and fourth quarters, making 2-point conversions on each TD.

Lockney scored in the third quarter. Accurate passing, and fast running kept the 'Cats rolling all during the contest.

Three Way Upends Cotton Center 14-0

The Three Way Eagles started off the season with a bang Friday night by soundly whipping the Cotton Center team 14-0.

A crowd of about 500 fans watched the 6-man battle. In the second quarter, for Coach Billy Woods team, Carter Williams, a halfback, piled over from the four yard line. The play was set up with a 20 yard pass from Mike Flaniken to Pete Tarlton. Bailey Griffin ran across the extra point.

Butch Tucker added the second touchdown with a 6 yard run ending a 50 yard march down field, and Tucker ran the point. Cotton Center, who was district champion last year, made only one first down in the contest.

Next Friday they will take on their cross country rival, Bula, at Three Way.

Clovis Wins Easy Over Portales

The Clovis Wildcats, victor over Muleshoe in the opening game, that was hard fought all the way, had an easy time with Portales Friday, defeating them 47-6.

Played in Portales, it was really no contest. Clovis' two scat backs, Larry Damron and Junior Houston ran wild, making two touchdowns each, and Ronnie Mershon made 1, Bill Rackley 1, and Nick Rowley 1. Rowley had the distinction of going 99 yards on a kickoff return.

Jerry Haines scored the one touchdown for the home team.

Olton Humbled By Floydada Friday 42-0

The Olton Mustangs should have stayed home in bed last Friday. Of this they were thoroughly convinced at 10 p.m., after being humiliated 42-0 by the powerful Floydada Whirlwinds.

The Horses held them the first quarter, but in the second period the Winds began to blow, and that was it. Vickers was the big wheel for Floydada.

Fumbleitis was the plague of Olton, and they put together only one scoring drive that was nullified by a penalty.

Amherst Gets In Win Column Friday

The Amherst Bulldogs outlasted Hart Friday night to beat them 28-12.

Neither team could get going in the first quarter. But opening the second period James Breshers scampered 27 yards for the first Amherst tally. He ran the extra point.

Then a short time later Breshers took a pass from Tommy Davis, the play good for 60 yards and another Amherst TD.

Working against a 14-0 half-time deficit, Hart scored their Conrad Riddle on a 2 yard drive. But Edwards came back for Amherst on an 18-yard run, and again Breshers ran the extra points.

Hart scored in the fourth quarter with Larry Lee rolling out and around on a beautiful 80-yard play, but try for points failed.

WEST TEXAS STATE'S BUFFALOES will christen a modern 20,000 seat football stadium this fall with area's first "major" schedule. The Buffs will meet Arizona, Mississippi Southern, Hardin-Simmons, Drake and Virginia Tech in that order in the new plant, which is located two miles north of Canyon and 13 miles south of Amarillo on the E-way. Above is a close-up of the west stands and the inset shows an aerial view looking from the East. An open house at the stadium is scheduled from 4 to 6 p. m., Sunday, Sept. 13.

Inexperienced Tech Squad Shows Great Enthusiasm

LUBBOCK, Sept. 14—Short on experience and long in enthusiasm, Texas Tech's Red Raiders unveil their new multiple offense against the Texas Aggies in the Cotton Bowl at Dallas Saturday night.

With only five seniors and 12 lettermen from last year—one of them probably sidelined—Coach DeWitt Weaver could be excused for singing the blues.

Realistically not going out on a limb, Coach Weaver says he is proud of the spirit shown by the 28-man squad. "They like the new offense because they have confidence in it," Weaver says. "With it we may lose the ball on interceptions, but I think we'll surprise some teams."

Weaver expects the Raiders to average 20 passes a game from their slot-T, multiple wing, and other spread formations.

Sneaking up on the Aggies will be difficult, for the memory of Tech's rebounding from a two-touchdown deficit to win 15-14 last year still rankles at College Station.

Further complicating Tech's situation is the likely absence of its leading rusher for the past two seasons, Lefors' Ronnie Rice, with a shoulder separation.

Texas Tech opens at home against Oregon State College at 8 p.m., September 26.

Lockney No Match for Fast Dimmitt 'Cats

The Dimmitt Wildcats continued their wild rampage Friday night by lowering the boom on Lockney 24-6.

Dimmitt scored first in the middle of the first quarter, and scored again in the third and fourth quarters, making 2-point conversions on each TD.

Lockney scored in the third quarter. Accurate passing, and fast running kept the 'Cats rolling all during the contest.

Three Way Upends Cotton Center 14-0

The Three Way Eagles started off the season with a bang Friday night by soundly whipping the Cotton Center team 14-0.

A crowd of about 500 fans watched the 6-man battle. In the second quarter, for Coach Billy Woods team, Carter Williams, a halfback, piled over from the four yard line. The play was set up with a 20 yard pass from Mike Flaniken to Pete Tarlton. Bailey Griffin ran across the extra point.

Butch Tucker added the second touchdown with a 6 yard run ending a 50 yard march down field, and Tucker ran the point. Cotton Center, who was district champion last year, made only one first down in the contest.

Next Friday they will take on their cross country rival, Bula, at Three Way.

Social Club Meets

The Social Club met Thursday, September 10 at the home of Betty Jackson with Jean Allison as co-hostess. The meeting was called to order by the president, Jean Hardin. It was decided to have some of the members go to Amherst to visit with the old folks in the home there. Mildred Stewart old of the spaghetti supper planned by the Home Demonstration Club and sold tickets for it. Anyone who would like to attend the supper and 4-H program may buy tickets from any Home Demonstration Club member. Refreshments were served to twelve members and one visitor.

Mr. and Mrs. Joe Milsap, Jr. spent the weekend with her parents, the Oscar Allisons.

John W. West flew to Quantah Sunday morning for a Fly-in breakfast sponsored by the Chamber of Commerce. He received a gift as the pilot who had flown the most years.

Mrs. Oscar Allison, Winston Allison, and Mrs. Gene Tunnell took Nan to Canyon Monday to begin her second year at WTSC.

Tommy Riekel went to Canyon Sunday to start his first year at WTSC and Benny went on Tuesday for his third year.

Mr. and Mrs. E. K. Angeley returned Monday from Alpine. They took Ken to school last Thursday. While in Alpine the Angeleys visited the Ray Morrisons, former residents of Muleshoe.

Mrs. Jewel Crowe arrived

Local Paint Store Offers "Automated" Color Service

Automation in paint color mixing has come to Muleshoe. It is made possible by the new Kem Colometer installed at the Higginbotham-Bartlett Co., 215 Main Street, where George Mayo is currently mixing some 400 different colors in paint just about as fast as customers can name them. "This new device greatly increases the number of colors we can provide for both interior decorating and exterior color styling," Mayo explained. "As a result, both professional and do-it-yourself home decorators are now able to have immediately practically any color they want."

Color selection is made from color samples displayed beside the color mixing machine. Or, the Color Harmony Guide, which shows at a glance some 1500 decorator-designed room color harmonies, may be borrowed for color selection at home.

When a customer selects a color, the operator locates the formula for it in a convenient index file, then merely follows the indicated formula to create the color required. The entire operation takes only a few minutes.

The Higginbotham-Bartlett Co., is one of the first stores in the country to have the Kem Colometer. Developed by the Sherwin-Williams Co., this ingenious color mixing machine is the outgrowth of long study and experimentation in applying automation principles to custom color service.

Sunday to visit her daughter, Mrs. E. K. Angeley. Mrs. Crowe has visited in New Jersey and New York all summer.

W. A. Hardin fished at Lake Buchanan last week, and Mrs. Hardin and girls visited her mother in Shallowater while we was away.

The Doyle Turners have a new grandson, Richard Doyle Bucks. He was born last Tuesday night in Denver to Mr. and Mrs. Charles Bucks.

Progress News

by Mrs. M. O. Nigh

WMU met Monday evening at their regular time to begin their week of prayer for state missions.

Mrs. Launa Shipp, missionary from Haiti, spoke Wednesday night when the ladies had a program at the church.

Mr. and Mrs. J. J. Redwine and several brothers and sisters went to see J. O. Redwine over the weekend at a Abilene hospital, where he has been confined since he was injured in an accident.

Mr. and Mrs. Albert Kube of Wildorado visited here Sunday with friends. Also visited relatives at Lariat and Clovis, N. M.

Mr. and Mrs. George Raney and son, Jerry, and Mr. and Mrs. Paul McMahan and son Douglas, spent the day Sunday at Alamogordo Lake.

Steve Black, son of Mr. and Mrs. Eugene Black, was sick a few days this past week.

Visit in Oklahoma

Mr. and Mrs. O. M. Self spent several days visiting relatives in Oklahoma recently.

Shipp's Get Together

Mr. and Mrs. M. L. Shipp and Janet went to Lubbock Saturday and met their daughter, Mrs. Launa Shipp, and they all spent the night and Sunday with Mr. Shipp's brother and family, Mr. and Mrs. Henry Shipp.

Paul Armstrong went to Oklahoma City Sunday. He will be gone several days.

Mr. and Mrs. Byron Gwyn went vacationing this past week.

Mr. and Mrs. Ross Goodwin visited relatives at Sentinel, Okla., this past week.

Mrs. M. F. Nigh is here vis-

VISITS IN LITTLEFIELD

Mrs. Oron Sims and Mrs. Lee Sims spent Wednesday with Mrs. Robert Bridges in Littlefield.

iting this week with her son and family, Mr. and Mrs. M. O. Nigh and Larry.

Truman Donahoo was home visiting his parents this weekend. He will be going to Canyon to start to college soon.

Mr. and Mrs. Jimmie Lump-

kin and family visited Sunday with her mother and sister, Mrs. L. D. Stanford and Lucille of Earth.

Mrs. C. H. (Bud) Kindred and son came up from Lubbock to spend the weekend here with Bud and Mr. and Mrs. C. B. Kindred.

Leading Southwestern Farmers Say— Plow Down Ammonia in the Fall

One High Plains farmer said: "I prefer to plow down Phillips 66 Ammonia in the fall on my maize land. The ammonia helps rot down residues, makes the soil easier to work. And I get high, profitable yields."

Other successful Southwestern farmers prefer to apply Phillips 66 Ammonia early on crop residues. Its 82% nitrogen stimulates soil bacteria, the bacteria rot down the residue, and return extra plant food to the soil. Phillips 66 Ammonia resists leaching... any unused nitrogen remains in the soil to

boost yields and profits for your oncoming crops. Another benefit of fall plow down of ammonia is getting this important task out of the way ahead of the big spring work load.

If you haven't plowed down ammonia before in the fall, talk to your Phillips 66 Ammonia distributor. He can give you names of farmers in your area who have profited through fall application of Phillips 66 Ammonia. And he'll be glad to work out the right amounts and the best time to apply the ammonia.

Order Your Supply of Phillips 66 Agricultural Ammonia Today!

ANDHILLS PHILOSOPHER PREPARED... To Present Khrushchev With A Bag Of Selected Johnson Grass Seed

Editor's note: The Sand Hills Philosopher on his Johnson grass farm takes issue with Mr. Khrushchev's visit to the United States. In his letter this week reveals that what has interested me is not about his trip to the United States is the reaction of these big-time columnists to the big dailies. One group is arguing Khrushchev shouldn't have been invited at all, but I don't have much feeling on this

point. As far as I'm concerned, anybody, including a dictator, is welcome to come over and look us over, so long as he doesn't bring his army with him. Another group says Khrushchev won't be here long enough to get the feel of America, won't get to know what we think. Some Congressmen have lived here all their lives and every once in a while they prove they don't know what the people think either. They then become experts about his trip to the United States. I don't know how long Khrushchev would have to stay here to figure us out, but it would be too long, except for the people in the dozen or so countries he has enslaved. As far as they're concerned, he could stay here

forever. Personally, I can't get very excited either way about his visit. I understand he's very interested in studying American farming methods. I am too. I've got one field out here I've been studying for years and never have made up my mind what I ought to do with it.

In case Mr. Khrushchev's caravan has a flat while he's on tour and he should get to this vicinity about that time, I'm all set for him. I have a bag of carefully selected Johnson grass seed I want to present him with. If he'll take it home with him and scatter a few seeds around, it'll set Russian agriculture back 50 years.

Yours faithfully,
J. A.

Washington
News Letter
From Lyndon B. Johnson
U. S. Senator

Dear Friend:
Long-range legislation aimed at finding new markets—industrial markets—for America's agricultural products recently received overwhelming approval by the Senate.

The thinking behind this program could mark a major attack on the problem of a \$9 billion agricultural commodity surplus that now plagues our national economy.

Rather than relying on artificial controls and continued Government subsidies, this program proposes a positive approach of finding new uses for these commodities.

The ultimate objective would look to the day when the American farmer would enjoy

Postmaster Cites Efforts Of Obscenity on Juvenile Delinquency; Urges Parental Help

The vile, nation-wide mail order traffic in obscene materials has played a flagrant part in the alarming rise in juvenile delinquency in the United States, according to Acting Postmaster Arnold Alcorn.

Mr. Alcorn said that this point has been emphasized once again by Postmaster General Arthur E. Summerfield in a recent statement before a Congressional Committee studying the mail order obscenity racket and its vicious effects.

Acting Postmaster Alcorn noted that "time after time", in police investigations of armed robbery, extortion, embezzlement and forgery, it has been found that those guilty were youthful collectors of highly obscene pictures and materials.

In his testimony before the Committee the Postmaster General emphasized that "Sociologists and psychologists tell us that exposure of children to pornographic pictures and literature may often lead to sexual aberrations."

"Any experienced law enforcement officer", Mr. Summerfield continued, "can give you the grim information that virtually every sex criminal has a record of affinity for obscene photographs and other such filth."

Postmaster Alcorn pointed out that this latter fact is what leads to the terrible indirect results of this sadistic traffic.

"Many children who are never exposed to obscene material", he said, "can nevertheless become victims of the criminals who are affected by it. They can fall prey to the perverted imagination of the man who starts by pulling a little girl's braid and ends by taking her life."

Postmaster Alcorn stated flatly that this racket, which now operates at a half-billion

full production from all his acreage—and receive for his products a fair price under a free economy.

This would be a crash program in which the best talent available would be employed. It would be founded on scientific research, and call for trial commercialization and pilot-plant testing to assure agriculture and industry the necessary know-how.

As a Nation, we have spent billions of dollars. We have decreased productive acreage. We have sought to increase exports.

We have tried many ideas. Some have been helpful. But none have succeeded to the degree we can find like. Most of all, none of these programs has created the substantial new markets so vitally needed.

Behind this new approach is the basic belief that the greatest market we can find anywhere for agricultural products is here at home.

We live in an industrial age. And the greatest new market—the biggest potential—is in expanding market within industry itself. On this basis, scientists would seek new uses for farm products, try to develop new cash crops to replace those now in surplus—and hope to eventually return American agriculture to full production.

dollar a year level, will keep on growing unless the members of every community take direct action to stamp it out. He predicted that sex crimes will become far more prevalent than they are even today, as the filth racketeers seek to pervert the minds of more and more children, and concluded with Mr. Summerfield's warning that, if this trend continues, "We can expect an ultimate breakdown in moral strength, order and decency in this country."

But, Postmaster Alcorn emphasized, "There is something each parent can do—action the parent can take to help prevent his children and children elsewhere from falling into the clutches of these racketeers."

His advice to parents is to take these steps. If the contents of mail arriving in your home are obscene, save all the material including the envelope in which the material is received.

Put the material and the envelope promptly in the hands of your Postmaster, either personally or by mail.

Postmaster Alcorn assures parents that the Post Office Department will take immediate action to investigate, and where warranted, to bring about prosecution of the parties responsible for the mailing. Conviction can result in sentences of up to 10 years in jail and heavy fines.

And he adds that "if parents throughout the country take up these three steps, our local community, and our entire nation, can look confidently to the day when this insidious menace will be stamped out."

Safety Hazards After Nightfall

AUSTIN, Sept. 17—J. O. Musick, general manager of the Texas Safety Association, said today that "darkness" is one of the major traffic dangers faced by pedestrians and motorists alike.

"With the approach of shortening Fall days, it is doubly important that we adjust our walking and driving habits", Musick said.

"When driving at night a motorist can't see an object until it comes within range of his headlights. It's obvious that if he is driving at a speed that won't permit him to stop within the range of his headlights he will hit whatever is in his path."

"However, lowered speed is not the whole solution", Musick added. "To see danger quickly and act immediately to avoid it, the driver must be aware there is always the possibility that danger lurks in the shadows ahead."

Musick pointed out that the pedestrian is similarly handicapped at night. But the pedestrian has the advantage of being able to see a vehicle's headlights long before the motorist can see him, so the prime responsibility for his safety rests with himself.

The safety expert advised pedestrians to wear something made of white or reflectorized material when walking at night. Carrying a flashlight, or even a newspaper, will help drivers spot him sooner.

Parmer County Farm Bureau News

From U. S. News & World Report, 9-7-59)—The following incident was uncovered by the U. S. House of Representatives Select Committee on Communism Aggression, in a 1954 investigation: "In 1943, German troops who had invaded the Ukraine dug into an area which had been used by Soviet secret police. They found 95 mass graves containing nearly 10,000 corpses whose hands were bound and who had bullet holes in the backs of their necks. From objects found on the bodies, they were identified as victims of the bloody purge that had been carried out in the Ukraine in the years 1937, 1938 and 1939. Nikita S. Khrushchev had been sent to the Ukraine by Stalin to direct that purge. (Khrushchev is the man with whom our president is visiting Wednesday of this week and several days thereafter)

The annual convention of Parmer County Farm Bureau will be held in the Bovina Auditorium, October 8 at eight p.m. This year, an even greater effort will be made to get the sentiments and ideas of members than has been done in the past. The resolutions committee, of which H. P. Hamilton is chairman, will meet September 22 and prepare proposed resolutions on subjects that have been and are important to farmers to the committee's knowledge.

But before these resolutions are read, members will be asked to present their own suggestions. If they are included in a prepared resolution, that resolution will be used. If they are not included, then the resolution embodying the member's suggestion will be prepared and voted upon.

Every effort will be made to get your idea before the membership at this meeting. If you have supporters in sufficient quantity, you can know that your suggestion will be presented before the State Resolutions Committee in San Antonio in November.

Franklin Bauer was elected Farm Bureau Director for the Rhea community at their last meeting. Other directors will be elected at the county convention.

The Texas Farm Bureau Safety Department is presenting a safety demonstration at the Friona school Monday, and at the Lazbuddie School Friday, at 11:35 a.m. The public is invited to attend these impressive demonstrations.

RESERVE SEATS: As he that taketh away a garment in cold weather, and as vinegar upon nitre, so is he that singeth songs to a heavy heart.

HERE FROM LEVELLAND
Visiting in the home of Mr. and Mrs. Lee R. Sims from Levelland last Sunday were Mr. and Mrs. Miller Sellers and son; also Mrs. Effie Casey from Waco, an aunt of Mrs. Sims.

MULESHOE SOLDIERS NOW IN GERMANY

Two soldiers from Muleshoe, Specialist Four Walter L. Parker and Pfc. Cecil W. Johnson, are participating in a lengthy large-scale field training exercise with the 3rd Armored Division in Grafenwohr, Germany. The exercise is scheduled to be concluded October 17.

The training, which will be climaxed by a mock war pitting armored, artillery, aircraft, and infantry units against realistic aggressor forces, is designed to test the combat readiness of the 3rd Armored Division, a major

part of the NATO shield of defense in Europe.

Specialist Parker, 20, son of W. W. Parker, Route 2, is a tank crewman in Company C of the division's 33rd Armor. He entered the Army in April 1958. Parker attended Muleshoe High School.

Johnson, 23, son of Mrs. Reta Richards, Route 2, is a tank crewman in the 33rd Armor's Company B. He entered the Army in May 1958. Johnson attended Olton High School.

DASHKO, both deceased, Defendants in the hereinafter styled and numbered cause, GREETING:

royalty interest in the minerals in said Section Thirty-eight (38), together with the sole and exclusive right, title, and authority to collect all bonuses paid under any such lease, for the whole of said Section Thirty-eight (38).

Said lease being subject to certain Vendor's Lien notes which are fully described in a Deed to ELMER V. EAST signed by RALPH W. AHEARN, MRS. OLGA P. NOVICK, a widow, F. O. BENNETT, and W. S. MOSS dated December 1, 1958, and recorded in Volume 75, Page 500-503 of the Deed Records of Bailey County, Texas.

Said three tracts of land consisting of 1440 acres, more or less.

If this Citation is not served within ninety (90) days after date of its issuance, it shall be returned unserved.

WITNESS, Hazel Gilbreath, Clerk of the District Court of Bailey County, Texas.

Given under my hand and seal of said Court, at office in the City of Muleshoe, Texas, this 13th day of August, A. D. 1959.

Hazel Gilbreath
Clerk of District Court
of Bailey County, Tex.
ISSUED this 13th day of August, A. D. 1959.
Hazel Gilbreath
Clerk 33-47e

Stars Of State Fair Music Hall Show

"Star Light! Star Bright!", the Music Hall show during the 1959 State Fair of Texas, Oct. 9-25, will star the famous singing McGuire Sisters and feature the comedy team of Pawan and Martin (bottom left) and Somethin' Smith and the Redheads (right). Also featured will be the Ballet Espanol, the dance team of Darvas and Julia and the Manhattan Rockets, precision chorus line of 24 beautiful girls.

maneuvers and flyovers by T-33 single-engine jet trainers. Displays include the T-33, the helicopter, the C-47 transport, and the T-28 trainer.

Facilities that will be open for the youngsters are the synthetic trainer section, the parachute loft, the physiological training section, and aircraft mockup systems in pilot operating instructions.

Attending were Mmes. E. S. Schiff, T. L. Harper, Jimmy Drake, Lula Harlan, Eugene Bryan, Bradley Robertson, Bud Hammans, and John Blackburn.

BUY PUREBRED MILKING SHORTHORNS

L. G. Layman, Muleshoe, has purchased Hartsdale Texas Danny P269216, bull calf, from Dale and Laura Hart, Friona.

The new animal is a purebred Milking Shorthorn and the record of the transfer of ownership has been made by the American Milking Shorthorn Society at Springfield, Mo.

ROTARY MEMBERS GIVE CLASSIFICATION TALKS

Norman Thomas, banker, and Alex Williams, accountant, gave their classification talks before the Rotary Club

"WHAT A GOOD LOOKING SPORTS COAT!" said a lady across the aisle

To keep it that way he depends on Revolutionary **SANITONE DRY CLEANING** Featuring Soft-Set®

This sports coat in its third season rates admiring glances and comments because it still looks just like new. Reason—Sanitone Soft-Set® Dry Cleaning gets fabrics cleaner than they can be cleaned any other way and restores the "body" or "finish" at the same time. That means just-bought freshness of colors and patterns, like-new drape and fit, amazing resistance to wrinkles. Try it and see!

LAMBERT CLEANERS
Phone 7260 Muleshoe

Imagine a truck ride so smooth and cushioned that fragile loads can travel the worst "wash-board" roads with ease. Imagine a truck ride that virtually eliminates shimmy and wheel fight, cuts side sway on curves, makes steering far steadier and easier, keeps drivers far fresher. Imagine a truck ride that permits higher safe cruising speeds, more trips per day with all kinds of cargo over every type of road surface. Imagine a ride that keeps up to 78% of all objectionable road shock and vibration from ever reaching the driver and cargo, a design that sharply reduces twisting and fatigue forces on chassis, cabs and bodies, that keeps trucks young for extra thousands of miles. / Soon you won't have to just imagine such a ride. You can try it for yourself in the trucks that do the next best thing to paving every road in America—new Chevrolet trucks for 1960. You'll see what happens when Chevy's truck engineers design a whole new line of trucks around a whole new kind of torsion-spring suspension. These trucks are new from the ride on up—with wonderfully roomier cabs, brawnier frames, style that's fresh as sixty and more! Don't decide on any new truck till you see the newest of all.

See them soon at your local authorized Chevrolet dealer's.
