## STANDING ON THE CORNER

With P. J.

Tahoka High School this year is graduating its first colored student. Andrew Nance will go down in the school's history as being the first Negro to receive a diploma from the high school stage.

Very few begrudge him this honor either, because in the two years that he has attended the high school he has gained the respect and admiration of everyone who knows him. This has not always been easy, because his problems have been many much worse than most teenagers come up against. The way he has reacted to the situations in the most gentlemanly manner as known now has brought him the regard of both students, teachers and parents.

Speaking of graduation, did you know baccalaureate is a word that cannot be properly used in connection with a high school exercise? It is derived from a Latin word meaning bachelor's degree.

We quote Webster's New International Dictionary: "Baccalaureate is the degree of bachelor conferred by universities and colleges—a sermon delivered as a farewell discourse to a graduating class (of a university or college)."

That will explain why we use the words "class sermon" in our graduation stories.

Ben Floyd from California was in the other day and told us that N. J. Hudspeeth, who also lives in California, was deputy sheriff of Georgetown when the last white man was legally hung in Texas. That was in 1905 and Mr. Hudspeeth has pictures to prove it. Hudspeeth lived in Lynn county until 1951.

Aunt Becky Roberts called us the other day and said as she was going through some old things she found a piece of wrapping paper used by J. E. Ketter in his store here years ago.

She said that judging from the sheet of paper, advertisers might do well to see how they did it in the old days. Ketter had nearly everything in his store listed on it including corsets, glasses and bustles.

We don't know much about horticulture and therefore don't know when to expect the big event—but we're watching for it. One of these days Mr. and Mrs. "Woody" Woodworth's magnolia tree is going to bloom—and in Tahoka that's a sight that shouldn't be missed. We just want to be the first to know—so we can pass it on to you.

A man wrapped up in himself makes a pretty small package—Cheer.

## Swimming Pool Opening Saturday

The Municipal Swimming Pool will open this Saturday and Sunday, weather permitting, according to the operators.

The pool will open permanently on Thursday of next week at 2:00 p. m. Dean Wright, who has been an operator for the past two or three years and Jake Jacobs, who served in this capacity previous to that, will manage the pool this year.

## PATTERSON HAS STROKE

(Later: Mr. Patterson died Thursday at 1:30 p. m.)

Ott Patterson is in serious condition following a stroke suffered Wednesday. He was found in his pickup at his home by Jerry Reed at about 1:00 p. m. He had last been seen about 10:00 a. m. The stroke has affected his left side. He was taken to Tahoka Hospital and was moved to a Lubbock hospital later in the day.

Mrs. Tom Smith is reported to be improving nicely from her recent illness.

## Fine Rains Permit Start Of Planting

Rains totaling 2.69 inches in Tahoka last week end were general over Lynn county, giving every section sufficient planting moisture.

Farmers are busy this week planting, or replanting, their crops, although high winds several days and a big sandstorm on Wednesday have hampered operations.

Tahoka received .31 inch Friday, 2.14 Friday night and Saturday, and .24 Sunday night to bring the year's total to 9.11 inches, only an inch shy of the total for the entire year 1955.

The county has the best moisture for a crop year it has had in many years at this stage. Even the West Point and Petty areas, which had not previously received sufficient moisture, were well taken care of by last week end's rain.

## Moore Child Dies of Polio

Funeral services for four-year-old Kenzil Haywood Moore, son of Mr. and Mrs. Lit H. Moore Jr. of the New Home area, were held Wednesday morning in the Lakeview-Petty Methodist Church.

The boy died Monday at 9:10 a. m. in Methodist Hospital in Lubbock from bulbar poliomyelitis. He had two sisters and brother had temperature on the preceding Tuesday and consulted their doctor on Wednesday. They returned to Methodist Hospital on Friday when Kenzil was diagnosed as having polio. He and a sister, Yvonne, were kept in the hospital. On Monday he was placed in an iron lung, but died shortly after. All three children are now at the home of the maternal grandparents, where they are quarantined and under observation. Positive diagnosis was not made in at least two of the cases.

When the children became ill the family had just returned from Winters, where they spent the week end. Kenzil's death was the first polio fatality here for some time and he is listed as the first in Lubbock this year. Following his death an autopsy was performed to confirm the diagnosis and for scientific purposes.

Rev. Wilton Lynn and Rev. Hugh Daniel conducted the funeral services Monday. Burial followed in Tech Memorial Park at Lubbock.

Survivors include his parents, two sisters, Yvonne and Debe; one brother, Gid Royce; the maternal grandparents, Mr. and Mrs. D. W. Hancock of route 4; the paternal grandparents, Mr. and Mrs. L. H. Moore, Sr. of route 1, Wilson; and the great-grandparents, Mrs. W. J. Hancock of Wilson, Maeker of Wilson.

## GOLF TOURNAMENT POSTPONED WEEK

The blind bogey golf tournament scheduled for Sunday afternoon at T-Bar Country Club has been postponed until Sunday, May 26.

Reason is because many golfers plan to be out of town this week end.

Kenneth Akin, four year old son of Mr. and Mrs. Le Roy Akin and grandson of the E. B. Gathers, received facial lacerations Sunday when he was hit in the face with a cow bell. He was treated at Tahoka Hospital and released. The Akins, from San Antonio, were here visiting relatives on Mother's Day.

Mrs. Dub (Dorothy) Kenley underwent major surgery in a Lamesa hospital Monday, but is reported improving nicely now.

Mrs. W. O. Davis entered Tahoka Hospital Tuesday as a medical patient.

## Pony League Picking Players

Division of boys coming out for Pony League was started this week for the two teams in Lynn county who will enter the League with Garza county's two teams. First game of the season will be played on May 28 when the Orioles, sponsored by the county's co-op girls, meet the White Sox at Post and the Braves, sponsored by Goodpasture Grain, battle the Indians on the Tahoka field.

Team selections have been postponed until this week because of the difficulty in obtaining a manager. One manager is Wiley Luddy Curry, who will be assisted by Buddy Bragg and James Foster.

The boys in Pony League are divided until the managers feel that the teams are equal and then they will draw for the names of their teams. There is no bidding for players in Pony League as there is in Little League.

Team members will be announced next week, Curry stated.

## Future Farmers Elect Officers

Officers have been elected for 1957-'58 in the local chapter of Future Farmers of America.

Billy Tomlinson will head the slate of officers as president next year and others are Benny Martin, vice president; Erwin Young, secretary; Kenneth Stice, treasurer; Bill Smith, reporter; and Richard Stice, sentinel.

These officers will take over their duties on June 30. Outgoing president is Kent Gibson. V. P. Carter and Lester Adams, vocational agriculture instructors in the schools here, are sponsors of the FFA chapter.

Mr. and Mrs. W. I. Lemon and Mrs. D. S. Waldrip attended a Golden wedding anniversary celebration Sunday of Mr. Lemon's sister and husband, Mr. and Mrs. D. A. Wilson of Lubbock.

## Mrs. J. H. Cobb Dies Sunday

Mrs. J. H. (Laura Lee) Cobb, 91 years old, died Sunday at 10:55 a. m. in Tahoka Hospital, where she had been a patient since breaking her hip in a fall about six weeks previously.

She was a well-known citizen of Lynn county, having lived north of Tahoka about seven miles on the same farm that she and her husband, the late J. H. Cobb, bought when they moved here in 1921.

Funeral services were held Monday afternoon in the First Methodist Church in Tahoka with the pastor, Rev. J. B. Stewart, Rev. Billy Wilkinson, pastor of the Wilson Methodist Church, and Rev. Clifford Harris, pastor of the First Baptist Church, officiating. Burial was in Tahoka Cemetery.

Mrs. Cobb was born on May 25, 1866, in Fannin county. She was married to Mr. Cobb Dec. 7, 1884, in Montague county and the couple came here in 1921 from Collingsworth county. Mr. Cobb died in 1936 and she continued to live in their home until her death. She was a member of the Wilson Methodist Church.

Survivors include five daughters, Mrs. Mae Aycox, Mrs. Sue Robertson, and Miss Virginia Cobb, all of route 4, Tahoka, Mrs. Jewel Hamilton of Tucumcari, N. M., and Mrs. Jimmie Cile McAtee of Henryetta, Okla.; one son, G. L. Cobb of route 4, Tahoka; one sister, Mrs. W. M. Tibbet of McLean, Tex.; one brother, T. M. Brown, Sr. of Abilene; seven grandchildren and nine great grandchildren. Two of Mrs. Cobb's children died in infancy.

Pall bearers were the grand sons-in-law Meldon Leslie, A. N. Norman, Jr., U. L. Koch, Eldon Gattis, Larry Hagood and Delwin Stults.

## FINGER CUT OFF

Ronald Miller, three year old son of Mr. and Mrs. R. L. Miller Jr., lost his left thumb when it was cut off just above the first knuckle in a lawn mower Sunday. He was released from Tahoka Hospital Tuesday.

Euel Semler, who suffered a heart attack about two weeks ago, is improving very satisfactorily in Tahoka Hospital, where he is a patient.

## Roster Is Drawn For Little League, Season's Opening Delayed Week

Because of difficulties in getting lights put up on the Little League ball park, the opening date is being postponed one week, according to C. W. Conway, president.

Elsewhere the schedule for play is printed, but will be changed as follows: Games scheduled for May 20 will be played on June 1. Games scheduled for May 21 will be played on June 8. The first game of the season, therefore, will be on May 27 when the Yanks and Giants meet.

Money is still needed to defray costs of lights being installed on the field, Conway said, and all contributions will be appreciated.

Teams, which were completed recently, began work-outs last Monday. These teams, the sponsors, the managers and coaches, and the team members follow:

Cubs—Wynne Collier, Druggist; Charles Reid, manager, and Tom Bartley and Mike Orr, assistants; team members, Robert Lawrence Price, Craig Leslie, Terry Lynn Forsythe, Robert Deery, Gary Wayne Grogan, Adolfo Chaps, James Calvin Womack II, Terry Lee Brown, Stanley Price, Billy Wallace, Jack Wood, Mike Huffaker, Wayne Dee Smith, Charles Carpenter, Dean Hamilton

Cardinals — Union Compress, sponsor; Dean Taylor, manager and Troy Havins and Delbert Mouser, assistants; team members, Terry Wayne Harvick, A. G. Cook, Jack Robinson, Billy Clinton, Mike Anchoche, Tony Spruiell, Kenneth Scott, Ronald Ray Mouser, Billy Pat Mouser, Donny Hopkins

## Polio Vaccine Given Children

Tahoka Hospital is expecting a shipment of Salk vaccine either today or in the near future from the State Health department. Dr. C. Skiles Thomas said. The hospital has used up its supply during the last week.

Children in the New Home area have been receiving polio shots this week after one child, Kenzil Haywood Moore, died of the dread disease Monday, and the other three children of the family have presumptuous cases of polio.

One other child, Yvonne, of the Lit H. Moore, Jr. family was kept in Methodist Hospital, but was released Monday. The other two, Gid and Debe, also had symptoms of the disease. All are still under observation.

Meanwhile, children in the New Home schools have been receiving vaccinations. Those who came in direct contact with the two Moore children who attended school, and who had not previously received a Salk vaccine, were given gamma globulin shots.

Under the recommendation of the Lubbock county health officers, booster shots of Salk vaccine were given to those who had received their three shots and came in contact with the children. These were given until the hospital ran out of vaccine.

Yvonne is in the second grade of New Home Schools and Gid is a first grade student. None of the Moore children had received their Salk vaccine shots.

Following the diagnosis, many parents at New Home wanted to close the schools, but the school board contacted Dr. C. A. Pigford, Lubbock city and county health officer, who said that he did not recommend the closing of schools in such an instance, or even in epidemic stages. However, the board did permit parents upon their decision and recommendation of the family physician to keep their children out of school. Schools close there today for the summer and the board did not count against the grades of the students who stayed out this week. First and second graders, however, were dismissed on Tuesday out of respect for the two Moore children in those grades.

## Grade Exercises Next Thursday

Graduation exercises for seventh grade students in North Elementary School here will be held Thursday, May 23, at 8:00 p. m. in the high school auditorium.

Donna Copelin, daughter of Mr. and Mrs. E. W. Copelin, will deliver the valedictory. She has a grade average of 96.7.

Fred Hegl, salutatorian with 96.06 will also address the class. He is the son of Mr. and Mrs. Pete Hegl.

Diplomas will be presented by Ivan McWhirter and the presentation of honor awards will be made by Mrs. Linnie Cox. Both are seventh grade teachers. J. B. Howell, principal of South Elementary School, will present perfect attendance awards for that building and Principal L. F. Jacobs will make the perfect attendance awards for the North Elementary School.

Elaine Buchanan will give the invocation and Janice Brown will pronounce the benediction. Processional and recessional will be played by Mrs. Betty Green.

The seventh grade choir will sing, as well as the class, who will sing the class song. Carol Jean Allen will present a piano solo.

A complete list of members of the class will not be available until next week.

## Fire Chief Explains Tornado Signals

The fire siren storm warning Sunday night was not a warning that a tornado was about to strike Tahoka, according to Lawrence Harvick, Tahoka fire chief, but was simply a warning of possible tornadoes in the area.

Mr. Harvick says he was reluctant to sound the alarm which caused so much fear, but he did so because of so many requests and because if a tornado had struck he would always have regretted not sounding the alarm.

The four long blasts on the siren is simply a warning to people of possible threats and to get ready for, or watch for, signs of a twister.

Thirty-seven students in the Tahoka High School graduating class of 1957 will hear Rev. Ray Cunningham, pastor of the Sweet Street Baptist Church, deliver the class sermon Sunday evening, May 19, at 8:00 p. m. in the high school auditorium.

Commencement exercises will be held Friday night, May 24, also in the auditorium.

Rev. Marshall Stewart, pastor of the Grassland Nazarene Church, will give the invocation at the Sunday evening service, and Rev. Clifford Harris, pastor of the First Baptist Church, will pronounce the benediction. The processional and recessional will be played by Mrs. Betty Green, and the senior class will sing a hymn accompanied by Jan Collier.

The five top honor students of the local class will speak at commencement exercises. Carolyn Duckett, valedictorian, will deliver the valedictory address, while

## Wilson Exercises Are Next Week

(By Mrs. Carl Gryder)

The class sermon for the Wilson senior class will be held this Sunday evening at 8:00 o'clock, in the high school auditorium. Commencement exercises for both the senior class and the grade school will be held on Wednesday and Friday evenings, respectively, of next week.

Rev. Billy Wilkinson, pastor of the Wilson Methodist Church, will deliver the class sermon. Rev. H. F. Scott, pastor of the Baptist Church, will give the invocation and W. P. Jones, High School principal will pronounce the benediction. Mrs. E. W. Patterson will play the processional and the recessional.

Commencement exercises will be held Wednesday evening at 8:00 o'clock in the high school auditorium when Mary Lou Lichey, the valedictorian with an average of 95 and Ida Pearl Mason, salutatorian with an average of 94 will address the class. A quartet composed of Loes Luttrell, Dixie Hewlett, Mary Lou Lichey, Ida Pearl Mason and Julia Benavidez, will furnish the special music.

Processional and recessional will be played by the school band. Eugene Gryder will say the invocation and the benediction will be pronounced by Dixie Hewlett.

Presentation of awards will be made by Mr. W. P. Jones. A piano solo will be given by Miss Dolores Rhoads.

J. P. Hewlett, school superintendent, will present the class and Clarence Church, chairman of the Board of Trustees, will present the diplomas.

There are twenty-two graduating seniors.

Members of the senior class are Delvin Behrend, Julia Benavidez, Eunice Lee Buxkemper, Chester Campbell, Dewey Corley, Eugene Gryder, Bruce Hewlett, Dixie Hewlett, Dan Lamb, Mary Lou Lichey, Loes Luttrell, Larry Maeker, Lynn Maeker, Ida Pearl Mason, Ronnie Moerbe, Dolores Rhoads, Jimmy Claude Roper, Wonia Scott, Jack

What a wonderful way to relax... in the soft flattery of this waltz length gown that washes like a hanky. Darling design is in the tiny baby check and the lace bedecked bodice. There's figure-magic in the smooth-fitting midriff with its charming tie... and in the wide, whirly skirt with its new scalloped hemline. Pink or blue in small, medium or large sizes.

## Rainbow Girls Honor Mothers

Officers were hostesses when the Rainbow Girls honored their mothers with a Mother's Day tea Sunday afternoon in Fellowship Hall of the First Baptist Church.

Carrying out the color scheme of red and white, the table was laid with a white satin cloth, the top of which was encircled with small corsages of red and white carnations, which were presented to the mothers. Red punch and white cakes topped with red roses were served.

The Rainbow book at the registration table was surrounded by red roses.

About 60 girls and their mothers attended the event when Peggy Halameck and Karen Kidwell furnished piano music throughout the afternoon. Johnnie Clem sang "Mother McCree," accompanied by Jan Collier.

LaRhea Greathouse is Worthy Advisor of the Assembly and Mrs. Beulah Applewhite is Mother Advisor.

Mr. and Mrs. R. M. Freeman and their daughter, June, all of Dallas were here part of this week visiting Mrs. Freeman's brother and wife, Mr. and Mrs. J. W. Garner.

## Jaycee Ettes Hold Mexican Dinner

Tahoka Jaycee-Ettes met at the home of Mrs. Jessie Dorman Tuesday night when a Mexican supper was served.

Eight members attended. The next meeting, the location to be announced later, will be held on May 28 when the outstanding Jaycee-Ette for this quarter will be selected. Secret pal names will also be drawn.

Citizens of Brownfield, who are interested in organizing the Jaycee-Ettes there, are also expected to attend the meeting.

The group met recently in the home of Mrs. Edward Pool when year books were presented to members and officers received their keys.

## Miss Emily Slover Shower Honoree

Miss Emily Slover, daughter of Mr. and Mrs. John Slover, was honored with a bridal shower Saturday afternoon in the home of Mrs. Claude Donaldson. Miss Slover is the bride-elect of Wayne Lindsey of Lubbock.

The serving table was laid with a white hand-drawn grass linen cloth and complemented with crystal appointments. Candelabra and white carnations with touches of aqua carried out the honoree's chosen colors in an arrangement at a corner of the table.

About 40 attended when Miss Jane Donaldson and Mrs. Charles Linder of Lubbock presided at the punch bowl. Miss Linda Jones registered the guests and other members of the houseparty included Misses Sunny Gibson and Martha Bell.

Hostesses were Meses Donaldson, Jack Fenton, R. H. Gibson, V. F. Jones, Roger Bell, Clay Bennett, Irving Stewart, J. E. Reasonover, and Arthur Findt.

## T-Bar Duplicate Winners Named

The first of a two game guest series was begun Tuesday night at T-Bar Country Club in duplicate bridge.

The second and last session will be held on May 28 when the members must play with the same guests as played with in the first session.

First place winners Tuesday night were Mrs. Bill Lumsden and Mrs. Sam Gatzki, both of Wilson. Two couples tied for second and third and were Mrs. Larry Hagood and Mrs. A. N. Norman, Jr. and Mrs. Frank Hill and Mrs. E. W. Patterson.

Fourth place went to Mrs. O. C. Roberts and Mrs. R. C. Roberts; fifth place, C. D. Morrel of Post and Mrs. Winston Wharton. Above average were Mrs. Jess Gurley and Mrs. Lee Roy Knight, Mrs. Johnny Wells and Mrs. Lott of O'Donnell, and Mrs. C. D. Morrel of Post and Mrs. Meldon Leslie.

## CARD OF THANKS

We deeply appreciate the many kindnesses extended to us during the illness and death of our wonderful mother. We wish to express sincere thanks to Dr. Rumbo and nurses. To all those who sent flowers and food. To all those who visited or ministered to our need in any way. May God bless and reward every one of you, is our prayer.—The family of Mrs. J. H. Cobb.

## 92 Present At Methodist Men Graduation

Ninety-two men attended Monday night's meeting of Tahoka Methodist Men and heard an entertaining and inspiring address by Rev. John English, pastor of Asbury Methodist Church of Lubbock, who used the subject of "Optimism," built around the life of Paul.

Further entertainment was furnished by the Father and Son quartet composed of Aaron Dubose and son and Clayton Enger and son, all of Abernathy, accompanied at the piano by Mrs. Enger, who sang three numbers.

The program was arranged by Maurice Small and Otis Spears. Another fine steak supper was served by Oran Short, Doug Finley, Egbert Evans, Calloway, Gerald, and Maurice Huffaker.

Visitors were present from Grassland, Wilson, New Home, O'Donnell, Post, Lubbock and Station.

Brief but humorous talks and banter on the attendance contest were furnished by H. W. Carter, Dale Thuren, and A. M. Bray. The "Roughnecks" still lead the "Backsliders" in the attendance contest, John Reasonover, contest chairman announced.

President Wynne Collier presided at the meeting. He has a goal of 100 men present at one of the meetings before close of the contest in July. He introduced 37 men who had 100 percent attendance.

## GA's Give Banquet Honoring Mothers

The Girls Auxiliary of the First Baptist Church honored their mothers with a banquet in Fellowship Hall Monday night when 42 attended.

The girls presented the program with poems, songs, stories and a skit. They also told some of the things they have learned about missions.

This is GA Focus Week and the girls have something planned for each day.

## Congratulations -

T/Sgt. and Mrs. Harvey Freeman on the birth of a son on April 27 at 9:48 a. m. in Nix Memorial Hospital in San Antonio. Named Kenneth Lyle, he weighed five pounds, 13 ounces. Grandparents are Mr. and Mrs. Herbert Lewis and Mr. and Mrs. Harvey H. Freeman.

Mr. and Mrs. Kay Waldrip of Lubbock on the birth of a daughter in a Brownfield hospital Friday morning. She weighed six pounds, 12 ounces and was named Kathy Jo. Mr. and Mrs. D. S. Waldrip are grandparents and Mr. and Mrs. W. I. Lemon are great grandparents. She is the first girl in the Waldrip family.

## RELATIVES, FRIENDS HERE FOR FUNERAL

Many out-of-town friends and relatives were here Monday when they attended funeral services conducted for Mrs. J. H. Cobb.

These included Mr. and Mrs. B. M. Schumpert and Mrs. John South of Portales, N. M.; Mr. and Mrs. Berch Weaver and Mr. and Mrs. W. O. Wood of Earth; Mr. and Mrs. Frank Cobb of Tulsa; Mr. and Mrs. J. E. Johnson and Tom Cobb of Claude; Mr. and Mrs. T. M. Brown, Sr., T. M. Brown, Jr., and B. G. Brown, all of Abilene; Mr. and Mrs. Lonnie King of Plainview; Mr. and Mrs. Howard Bayse and Jess Tahor of Levelland.

Attending from Lubbock were Mr. and Mrs. Loyd Huffaker, Mr. and Mrs. J. A. McCommas, Mr. and Mrs. V. O. Newton, Mrs. John Harding, Mrs. India Childers, Mr. and Mrs. Nig Stanton, Mr. and Mrs. Nathan Thomas, Mrs. Bertie Marcy, Mrs. Lora Watson, Mrs. Callie George, Mrs. Dutch Wiginton, Mrs. Jim Reid, Mrs. Vannoy, Mrs. Fenner Tubbs, and Mrs. Bud-die Humphries.

## Mrs. Jack Link New Postmistress

Mrs. Jack (Velma) Link, formerly of Tahoka, has been appointed postmistress at Presidio, according to her sister-in-law, Mrs. Howard Wheeler. She has already taken office.

Mrs. Link is the former Miss Velma Hancock, daughter of Mrs. F. H. Hancock, now of Idalou. She was married to Jack here in 1930.

Mr. Link is with the U. S. Customs Service, stationed at Presidio. Mrs. Link was a teacher at Presidio for 15 years prior to her appointment as postmistress. The couple has four children, two boys and two girls.

## Speaker Warns Of TB Danger

Mrs. Clifford Sharp, executive director of the Lubbock County Tuberculosis Association, was the speaker at Tahoka Rotary Club Thursday noon of last week.

Tuberculosis kills more people between the ages of 15 and 35 than any other disease, she declared. Every person over 15 should have a chest x-ray every year, but those under 15 need not have the test made every year.

You don't inherit TB, you catch the germ from someone who has it. But, every third person carries the TB germ and faces the possibility of the disease becoming infectious. About 300 a day catch TB, and an estimated 110,000 Americans a year catch it.

Almost anyone who catches TB can get well by getting medical treatment early. You don't usually feel sick until you have it quite a while. It is curable in any climate, and most patients should go to a TB hospital in their own state. However, the pitiful fact is that only about one-fourth of the infected persons are in hospitals.

Although anyone can catch TB, healthy people are better able to fight it off.

Mrs. Sharp also showed a film on tuberculosis that graphically illustrated the extent and dangers of the disease.

She was introduced by Ray Hopkins, program chairman for the day.

Rev. Ellis Todd of Plainview, formerly Methodist pastor at Wilson, spoke briefly on the Christian Rural Overseas Program.

President John Reasonover announced the Rotary Golf Tournament in Amarillo on May 24th and the Denver City Chapter Night

DR. J. D. BILBRO

## Bilbro Joins Cotton Growers

Lubbock, May 16—A new staff member, Dr. J. D. Bilbro, has joined the Lubbock Experiment Station where he will be engaged in cotton improvement research.

Dr. Bilbro will be a research agronomist and is a member of the Crops Research Division, Agricultural Research Service, U. S. Department of Agriculture. He began his duties May 1.

The establishment of this position was announced last November at the Plains Cotton Growers, Inc. Short Staple Conference in Lubbock by Dr. H. D. Barker, who heads the cotton research work of the Division, USDA, Beltsville, Maryland, Wilmer Smith, Lynn County Director of the PCG, explained.

Dr. Bilbro will work cooperatively with the Lubbock Experiment Station and the USDA. He will join staff workers in the cotton improvement program now in progress.

"With the addition of Dr. Bilbro, plans for an expanded cotton improvement program for this area are being put into operation," Don L. Jones, Superintendent, announced.

The Plains Cotton Growers, Inc. is cooperating with the Texas Experiment Station and the USDA in this work.

Dr. Bilbro is a native of Beaver County, Okla. He attended Panhandle A. & M. College. He came to Lubbock from Oklahoma A & M College where he did work for his PhD degree. During his period of graduate training he worked 18 months at the Oklahoma Cotton Research station at Chickasha.

program on May 21st at 7:30 p. m. The Tahoka Club continues to maintain its 100 percent attendance record of more than nine months.

## Cotton Leading Texas Crop

Austin, May 16—Texas will participate in a week-long program designed to stimulate the sales of cotton products.

Proclaiming the week of May 20 through 25 as National Cotton Week, Governor Price Daniel pointed out that cotton accounts for more than 38 percent of Texas' farm marketings and brings an income of more than \$730 million annually at the farm level.

"Programs aimed at increasing consumption of cotton, cottonseed, and their products benefit millions of people who share in cotton's prosperity," the Governor said.

National Cotton Week, now in its 27th year, is sponsored by the National Cotton Council. More than 17,000 retail stores across the nation are taking part this year.

George Chance of Bryan is president of the National Cotton Council.

### MOTHER OF LOCAL LADY DIES AT LAMESA

Mrs. Marye E. Holloway, 85, stepmother of Mrs. Tom Smith of Redwine, died Tuesday of last week at the home of a daughter, Mrs. L. T. Terry, route C, Lamesa. She was also the step-mother of E. W. Holloway of Levelland, formerly of Tahoka.

A native of Parker county, Mrs. Holloway had lived at Lamesa 20 years.

### CARD OF THANKS

We wish to take this opportunity to send out heartfelt thanks and appreciation for all the wonderful acts of kindness. Also for all the wonderful food. May God's richest blessing rest on each of you.—N. J. Hudspeth, Lillian and Loyd Craig, Dorothy and Ben Floyd and family.

GOV. DAN THORNTON

## Gov. Dan Thornton Scout Speaker

Dan Thornton, former governor of Colorado who was reared on the South Plains, will be the principal speaker at the 31st annual dinner meeting of the South Plains Area Council of the Boy Scouts at Texas Tech Student Union building the night of May 27th.

Born at Memphis, and reared in Lubbock county, Mr. Thornton as a youth was active in 4-H work and became the Texas 4-H president, later made an outstanding success as a rancher and Hereford breeder in Arizona and Colorado, and in late years has been prominent in state and national politics.

All Council Scouters and wives are expected to attend the annual dinner.

### MRS. EDWARDS' RECITAL

Mrs. Marcus Edwards will present her piano pupils in a recital at 3:00 o'clock, Sunday afternoon, May 26, in the High School auditorium.

## O'Donnell Plans Annual Rodeo

Big plans are being made at O'Donnell for the annual rodeo, being held next week, Thursday, Friday, and Saturday, May 23, 24, and 25.

Rodeo grounds have been repaired and improved, and "Goat" Mayo of Petrolia, who furnishes the stock, claims to have the "saltiest" and wildest rodeo stock he has ever had.

Plans have been made for the best parade with many new features, including floats built on the theme of Western songs. The civic groups have already entered

floats in addition to individual and business entries and several new attractions are planned.

Four queen contestants are entered in this contest, these being Sue Lott of American Legion, Shirley Middleton of the Fire Department, Donna Jean Vestal of Rotary, and Sandra Singleton of the Lynn County Sheriff's Posse. These girls are selling advance tickets to the rodeo.

Charley Ellis, who now operates a gin three miles north of Abert, was a visitor here Monday.

## Ware Will Finish Work For Degree

William E. Ware of Tahoka, son of A. E. Ware, expects to be among the fifty seniors graduating from the University of Texas College of Pharmacy with the Bachelor of Science in Pharmacy on June 1.

Following his graduation, Ware will become associated with Wynns Collier Drug in Tahoka.

Diseases of the heart and circulation kill more than 800,000 people annually. An estimated 10,000,000 are afflicted, of whom 500,000 are children.

Congratulations and sincere best wishes to all the graduates on reaching this milestone in your career... may you make the best possible of the future!

# Before YOU settle for a small car...

## READ THIS STARTLING FACT

5 out of 10 smaller cars wear a Pontiac price tag — yet none give you any of Pontiac's advantages

**PONTIAC GIVES YOU MORE SOLID CAR PER DOLLAR THAN THE BIGGEST OF THE SMALLER JOBS!**

The so-called "low-price" numbers just aren't in it—Pontiac gives you up to 8.9% more solid car per dollar! And your Pontiac dealer can prove it—with official specifications. Check them yourself. Starting with Pontiac's rugged X-member frame and continuing through every inch of the car, you'll discover engineering advances and advantages the smaller cars haven't even thought of. Then put the facts and figures to a test—with you behind the wheel. Feel the safe, solid security of Pontiac's extra-rugged left... the way it holds the road... the absence of bounce and shake. More important, you'll discover that this big heavyweight handles like a dream in traffic or on the open road, because only Pontiac offers you Precision-Touch Controls for almost effortless steering and braking. No doubt about it—here's driving that puts the smaller cars in the shade!

**NO SMALLER CAR EVEN APPROACHES PONTIAC'S 122-INCH WHEELBASE!**

You can't ride on a wing—but you can on wheelbase! Pontiac gives you from 4 to 7 inches more length between the wheels where it counts! From bump-smoothing comfort to interior stretch-out room, this is real man-size bigness! Add to this extra length Pontiac's exclusive Level-Line Ride and you have a car that makes the smaller jobs seem like toys!

**NOTHING ON WHEELS PERFORMS LIKE A PONTIAC... THE SMALLER CARS DON'T EVEN COME CLOSE!**

Your Pontiac dealer can show you on-the-record proof that Pontiac is America's Number One Road Car. And he can give you a point-by-point comparison to show you why no smaller car can hope to imitate Pontiac's alert, effortless response to every driving demand from stop-and-go traffic to superhighway cruising... why Pontiac loads while smaller cars strain... how Pontiac's all-around performance superiority has made it the talk of the automotive writers! But don't stop with facts and figures—prove it yourself behind the wheel. You'll be spoiled for the smaller cars forever!

**PONTIAC'S TOP TRADE-IN VALUE IS FAMOUS!**

Pontiac's high trade-in value is a tradition in the industry! A quick check with your Pontiac dealer for his eye-opening offer will prove beyond a shadow of a doubt that you're getting not only a wonderful buy but a wonderful investment! So, before you spend your hard-earned dollars on a smaller car—check Pontiac and discover the easy way to break the small-car habit.

## Stamford Coach Is Speaker At Athletic Banquet Here Friday

Gordon Wood of Stamford, one of the most successful high school coaches in Texas, was the speaker at the annual Tahoka Athletic Banquet sponsored by the Chamber of Commerce Friday night in the school cafeteria.

His talk was one of the best ever heard at such an occasion here. Emphasizing the importance of self-discipline, he admonished young people to chart their course of life in the proper channels. Drawing a parallel with industry, he declared the reason people fail is because of (1) absenteeism, (2) disloyalty, (3) immorality. No. 30 on the list is inability to do the job, indicating that skill must be supplemented by human qualities. Alcoholism ranked fifth.

Coach Bill Haralson introduced football and track squadmen, paying tribute to all. He cited the fact that seniors are few and that freshmen outnumbered all others out for football this year, indicating brighter years ahead. In track, Denver Ford won third in the mile in the State Meet, and the Freshman track team won the district title.

## Bray Receives Safety Award

Bray Chevrolet Co. has been presented a Highway Safety Award by the Texas Automotive Dealers Association for their contribution to traffic safety through the lending of an automobile for driver training purposes during the current school year to the Tahoka High School.

D. L. Johnson, Dallas Chevrolet dealer, TADA President and a past Chairman of the Dallas Citizens Committee for Traffic Safety, has referred to the lending of automobiles to high schools by new car dealers as one of the finest contributions that can be made toward the proper driving education of our young people.

C. B. Smith, Austin, Safety Chairman for TADA, directs the Association's program of lending cars to high schools for driver training. He points out that dealers have over \$1,000,000 invested in automobiles used for training Texas youth to be competent, safe drivers. This is a major contribution to the cause of highway safety.

There has been a substantial increase over last year in the number of dealers, members of the authorized new car dealers association, who have loaned cars to schools in their community where "behind the wheel" instruction is given in high school driver training. Many of these cars are equipped with dual controls so the instructor can take control of the car at any time it becomes necessary.

Many other schools have courses in the theory of driving, but because of the shortage of qualified instructors for "behind the wheel" training, these schools limit their courses to class room training only.

Many members of TADA, according to Tom J. Crooks, Manager, have loaned pickups to 4-H and FFA groups to acquaint students with the type vehicles they will use in farm work and to further the farm training program. These vehicles are in addition to the passenger cars used in driver training.

## Local Team Wins Over Brownfield

Home runs hit by Tim Chapa and Mingo Gonzales paced the semi-pro Tahoka Braves to victory over Brownfield here Sunday afternoon in the league opener.

Tahoka downed the opponents 10-1 with Donald Swift as the winning pitcher and Alex Godanet the 1-ster. Chapa, who played behind the plate, also hit a double and a triple.

League games throughout the season will be played on Sunday afternoons.

Coach Jake Jacobs introduced the basketball boys and girls. He has high hopes of next year's boys team going much further than this year. He was proud of the progress of the girls team, and recognized Ivan McWhirter for his work with the junior girls this year.

Coach Dean Wright turned out to be the wit of the occasion with good-natured kidding of the other coaches as he introduced his tennis team. Winners in the district were: Mary Helen Whitaker and Marilyn Calloway, girls doubles; David Bray, second in singles; Jackie Applewhite and Karl Prohl, doubles; Dannie Uzle, junior singles; and Gerald Short and Larry Jack Stevens, junior doubles.

The coaches revealed that only 11 players will be lost from all athletic teams by graduation. They are: Bobby Parris, Larry Simmons, Kent Gibson, Jimmy Harter, Donald Renfro and W. H. McNeely, football; Haynes Howle, boys basketball; and Jeanette Melton, Wilma Scott, Betty, Howle, and Ethylene Cox, girls basketball.

Clint Walker served as master of ceremonies. Gravel Ayer, president of the Chamber of Commerce, gave the welcome; and Kent Gibson gave the response. Johnee Clem presented a vocal solo accompanied by Jan Collier, and Donald Renfro gave the invocation and closed the meeting by leading the group in singing the school Alma Mater.

A steak dinner was served by the lunchroom staff.

## Plains Cooperative Creamery Pays Off Stockholders Soon

Stockholders of the Plains Cooperative, Inc., of Plainview, Texas, will shortly receive a final settlement on their stock according to an announcement by Frank Weil, president of the former dairy cooperative.

Stockholders are asked to complete the form shown below and mail it to the creamery in Plain-

view. Weil emphasized that many stockholders had moved away from their former addresses and that it would be necessary for all stockholders to fill out the attached form and furnish their current address to the creamery so that checks paying off their stock could be mailed to them.

Creamery officials announced that the stock currently being paid off should be included in income tax returns for 1957.

The creamery stock is being

paid off at a rate of \$3.50 per \$10.00 share of common stock. It was emphasized that all paid in stock had previously been paid off in full.

### Talent, Style Show Proves Successful

(By Mrs. Carl Gryder)

The Talent and Style Show which was presented by the Wilson Band Mothers Club last week was a "howling" success. Maybe we should say a "screaming" success! There was plenty of screaming done, anyway. The audience became aware that we have some unusual talent in our community! The Style Show which featured ladies' clothing modeled by men, was really the most, and I do mean the MOST!

Mr. Bill Lumsden appeared as Miss America of 1900. Roy Lynn Kahlek modeled the Baby Doll shorty pajamas! Mr. Howard Moore modeled the latest street dress for the stout madam! Mr. Dale Price modeled the latest in modern bathing suits! Mr. Watkins was arrayed in the top style of Torreador pants and sweaters, Leonard Mosley modeled today's latest fashions in sweater and skirt. (And we do mean modeled!). There were more, all a huge success!

The show was a success in another way too, as the large crowd which gathered paid their fare! The report is that a very good cash benefit was had.

Members of the Band Mothers met after the Show and elected officers. New officers of the organization include Mrs. Frank Schneider, president; Mrs. Harry Hewlett as vice president, and Mrs. Warner Macker as secretary-treasurer.

A Band Concert is to be given by the Wilson School Band Friday evening at 8:00. The public is cordially invited to attend. There will be no admission fee.

### Wilson Church Honors Mothers

(By Mrs. Carl Gryder)

The oldest mother and the youngest mother were recognized in the services of the First Baptist Church in Wilson Sunday, and each was presented with a corsage.

Mrs. H. C. Fountain, 76, was the oldest mother present. Mrs. Bobby Swann, a guest from Plains, who is twenty years old was the youngest mother present. Mrs. Cecil Fields and Mrs. L. R. Christopher each had six children present. Mrs. Fields was given the corsage as Mrs. Christopher received it last year. Mr. and Mrs. Ollie Riddle were recognized as the oldest married couple. They celebrated their forty-eighth wedding anniversary Sunday.

The Baptist W. M. S. met Monday in an all day Mission Study on Cuba. A good attendance was reported.

The Baptist Brotherhood met Monday evening. A pancake supper was served, after which a program was heard.

Due to rainy weather, the Business Woman's Circle did not meet last week as was reported but met Wednesday evening for Bible Study under the direction of Mrs. Carl Gryder.

Truett Smith was the speaker at a meeting of the Baptist Brotherhood at Petersburg one night last week. He was accompanied by Pete Hegl, who was reared at Petersburg.

**Olds Owners:** It's a new progressive carburetor system. Gives you more economy... or extra power for safety. Take your choice.

**Friends:** Economy sounds swell... but with a big car like this...?

**Olds Owners:** You bet! They engineered the J-2 Rocket Engine for our kind of driving... top efficiency at normal driving speeds because it's fueled by one carburetor.

**Friends:** How about that extra power?

**Olds Owners:** Give it 3/4 throttle and two extra carburetors cut in. It's mighty reassuring to know you've got that extra power in the bank.

**Friends:** I get it. Economy when you want it—power when you need it.

**Olds Owners:** Correct. But talking about it won't give you the whole story. This one you've got to drive. Climb in—let's go.

**PERSONAL:** Your Olds dealer would like you to try J-2. NOTE: It's available now on all models, including the Golden Rocket 88, lowest priced Rocket Engine car. Be his guest for America's newest driving experience. \*Optional 48 cubic inch.

All Good Wishes to the

GRADUATES... What does the future hold for you? For each of you, the answer will vary with individual talents, aptitudes and ambitions... But for all of you, this is true: Right here in your home county, you will find broad scope for growth, progress and outstanding achievements in the career of your choice. Whatever your aim may be... farming, business, selling, the professions, or just plain home-making... you will find here a world of opportunities to build solidly for success. When you look to the future, LOOK FIRST AT HOME among the people you know and in an environment in which you have been raised.

Yes, dear, we got the MOST in the swell trade our **FORD DEALER** made us. And we got the BEST dollar value on the road in our **NEW FORD**

Can we really got the MOST and the BEST in our new **'57 FORD!**

YOU CAN MAKE A MONEY-SAVING DEAL AT YOUR FORD DEALER'S **NOW!**

Come in and see how EASILY you, too, can own a new '57 FORD

**SHIPLEY MOTOR CO.**  
1220 LOCKWOOD ST. TAHOKA, TEXAS

Whatever you want, you can get in a new '57 FORD

Take your pick of 2 big sizes

Ford's longer, lower cars come in two big sizes this year—over 16 feet long for Custom, over 17 feet for Fairlane. With 21 beautiful models to choose from—including the longer, heavier station wagons, it's easy to pick the model right for you!

Choose your power

You get more responsive performance no matter which new Ford engine you choose—the savingful Mileage Maker Six, most powerful "six" of them all, or one of Ford's dynamic V-8's

You get an all-new Inner Ford. The completely new "inner Ford" is heavier, stronger. New suspensions, new insulation—the most in Ford's field—are designed to give you the smoothest, quietest ride ever in a car priced so low.

# The Land—Promise and Fulfillment

(By D. A. Williams, Administrator, U. S. Soil Conservation Service)

The approach of Soil Stewardship Week, May 26 to June 2, sponsored by the National Association of Soil Conservation Districts and national church organizations, again focuses attention on the kinship between a man's spiritual beliefs and the soil resources on which his life depends.

Our awareness of such relationship is always with us, consciously or unconsciously. Some see the kinship most clearly from a pine-

blanketed mountain as they look out over woods, stripcropped fields and clear-running streams or sparkling lakes.

Others find it in turning a spadeful of living soil in the cool of the morning, or in the mellow roll of the furrow slice at plowing time. For soil not only gives life, it in itself is a living thing, a combination of living organisms around a skeleton of finely ground particles of sand, silt and clay.

All of us sense our dependence on the soil in the food we eat, many of the clothes we wear and in our houses.

The longing for land ownership—ownership of the acres one operates, a desire for that "poultry farm" to which one will retire, or "just a place to raise a few flowers" represents man's feeling that land is something, stable, something to which he can tie, something in which he can sink his roots. In it he finds security and peace.

Closely allied to that desire to possess land is the hope and the promise of fulfillment which land gives—hope for stability, for security, for peaceful living; the promise of bountiful harvests, food and a place one can call home.

The longing for land is universal. It surges no less in the heart of a Chinese, an Asian, or a European than in the heart of an American. Because of it, revolutions have occurred and wars have been fought. Yet it is a universal feeling so strong that it may yet help provide a basis on which man—and consequently nations—will learn to live in peace.

With a bit of land, man enjoys its use and its harvest. To get the most from it, he gives it his knowledge of management and culture. And of the culture he bestows on it, the highest form is wise use of land and conservation measures.

The good soil steward knows that conservation helps make the hope and the promise a reality, both now and for the decades and centuries to come.

Since soil is a God-given heritage to all people, man is merely its custodian and good stewardship is a sacred responsibility. Fortunately, it also is good business since it results in higher income, better living, greater ease of farming, lower production costs and greater efficiency in the use of labor and machinery.

Not only the material benefits but the spiritual feeling for the land must be added together to explain the intense interest and widespread support of modern, scientific soil and water conservation which has swept the country in recent years. Such interest is seen in the long hours which thousands of non-salaried soil conservation district supervisors are giving to speed up the program. It is seen in the many ways found by almost all groups to advance the conservation program. This is true of rural, urban, industrial, civic, professional, wildlife and other organizations.

The striking similarity between definitions of Christian stewardship and of soil conservation probably is not a coincidence. Of the many definitions, two illustrate this point: "Christian stewardship is the systematic practice of using all one's powers and the material assets which have been entrusted to one's care for the furtherance of God's will and the fulfillment of His purpose." Conservation is frequently defined as "the wise use of natural resources to obtain maximum production for the benefit of man without damaging those resources for continued use."

The good soil steward knows that conservation helps make the hope and the promise a reality, both now and for the decades and centuries to come.

## John Dupre Wins Course At Texas

John Dupre, son of Dr. and Mrs. John Dupre of Levelland, and grandson of I. M. Draper of Tahoka, will attend a high school course in the Chemistry Division of the Summer Program at Texas University.

He was chosen, along with 28 other outstanding students, for the honor. Selection of students is being made on the basis of high mental capacity, IQ above 120, good academic records, enthusiasm for science and mathematics, participation in extracurricular activities involving science and mathematics, and junior classification. Applications may be made only by the superintendent or principal of the school.

Dupre recently won first place in the Math-Science Fair. Schools participating in this program include Texas Tech, Rice Institute, SMU, A & M College, and Texas University.

When Sergeant James Maguire joined the Naval aviation camp at Annapolis, Md., as a mechanic on Nov. 6, 1912, he became the first enlisted man in Marine Corps aviation.

## Look what a Buick you get at this Low Price Level!

THAT'S RIGHT—for hardly more than you're asked to pay for a smaller car, this big Buick is yours.

This Buick—that drives like no other car you've ever known before.

This Buick—that sweeps away from a standing start like a lark leaving the nest.

This Buick—that brings you the boundless spirit of a brilliant new high-powered, high-torque, high-compression V8 engine and the instant response of a spectacular new Variable Pitch Dynaflow.\*

You can't believe it—and we don't expect you to—from words alone.

Only behind the wheel can you feel the lift and life and lilt to be had here—the instantaneous new obedience—the powerful grip of the new brakes—the solid track of the new "nested" ride—the wholly new sweetness and surety of control.

FLMER BLANKENSHIP

Established blue panic grass in the District that is a year old or older and has had any moisture averages about twelve inches in height with some stems eighteen inches that are forming seed heads. With adequate moisture blue panic grass may yield three seed harvests in one season.

Paul Pittman has a stand of blue panic on his farm southwest of Draw. This was a dryland planting brought up to a stand by rains.

C. N. Strickland, five miles north of O'Donnell, plans to use the District grass drill for drilling blue panic grass. This drill has boxes to plant trashy or fine seed, it is mounted on tires and easily moved from one place to another.

Sorghum alnum planted the sixth of May on Ira Tyler's farm west of Draw had good germination and indications were that a stand would be obtained.

Recent rains have once again shown the benefits of terracing and contour cultivation. Crops are grown from moisture stored in the soil and water that runs off is lost for crop production. In some instances where there is slope to

a field water erosion occurs much more seriously than on terraced fields where terraces have been maintained to effective height. Terrace end closures were also observed functioning in many places by holding a maximum of water on the field.

According to the weather observers the drouth is broken. The major drouth we have been experiencing the past six or seven years seems to be on the way out. Weather men point out that the first two or three years following a drouth we can expect severe rain storms and floods. To date we have received only enough moisture where if it were held where it fell the subsoil moisture would be at field capacity. To keep all of the moisture where it falls, contour cultivation supported by terraces or level borders are needed.

If you are planning on terracing, field leveling or other engineering practices to be installed during the fall of 1957 or winter of 1958 then you should begin to plan for these structures. The Soil Conservation Service assisting the Lynn Soil Conservation District needs to know of your plans in order that you may be served when the time arises.

A brief statement of the nature of this suit is as follows, to wit: Plaintiffs sue defendant and others to remove cloud from the title to all of the E 1/2 of the NW 1/4 of Section 13, Block H, Certificate 17, E.L. & R.R.R.R. Company in Lynn County, Texas, and containing 80 acres of land more or less, for the reason that plaintiffs claim title to such property and allege that the defendants were not made parties to a partition suit in the District Court of Lynn County, styled

Willie B. Clemens, et con, vs. Cecil B. Walker, et al, No. 1208, in which case a receiver was appointed to sell the above described tract of land, and plaintiffs thereafter acquired title thereto; and in the alternative, plaintiffs bring suit against the defendant and others alleging that plaintiffs are the owners of the above described land and defendants are guilty of trespass thereon and have ejected plaintiffs therefrom, the plaintiffs' alternative suit is in the nature of a tres-

pass to try title suit as well as for damages; as is more fully shown by Plaintiff's Petition on file in this suit.  
The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Tahoka, Texas, this the 22nd day of April, A. D. 1957.  
Attest: W. S. Taylor, Clerk, District Court, Lynn County, Texas. (SEAL) 29-42c

**ELECTRIC COOKING IS AS CLEAN AS A PIECE OF**  
*Copper Wire!*

You've seen a shining piece of smooth copper wire. It looks so clean and, of course, electric cooking is just as clean. For shining copper wires bring the power to run your electric range. There's simply no way for dirt to be carried into your beautiful electric range. And the range itself . . . so clean to use. Electric elements clean themselves and drip pans wash easy as a saucer. Ask your neighbor about the cleanliness of electric cooking . . . she'll agree — it's as clean as a piece of shining copper wire.
