Number 35

STANDING ON THE CORNER

With P. J.

Lucille Smith is finding every day that husband Truett and Dagwood have much in common.

Blondie recently enticed Dagwood off the sofa, where he was sleeping soundly, by going to the window and saying that she wondered why women didn't wear petticoats on windy days.

Later that same day Truett Smith went outside to chat with a neighbor, clad in shorts, who was hanging out her weekly wash.

After 10 minutes of watching them pass the time of day, Lucille dashed out of the house, ran across the yard, showed the comic strip to the neighbor and said, "This is why Truett isn't taking his nap."

In spite of the South Plains' turbulent weather, the floods are pretty rugged too, at least according to the Terrell newspaper brought us by E. J. Cooper. It seems that some children there abandoned their school bus for a motor boat for the final week of school.

Birch Larsen pointed out a typical news quote such as those found in the Reader's Digest.

A headline in the Avalanche-Journal read: Tom S. Lubbock Students Hear Rev. Dudley "Strain."

"I am not afraid of tomorrow, For I have seen yesterday, And I love today."

-William Allen White

The special of this spring is in the window of a local drug store where a sign appears: Farmers Special, only \$4.95.

The item is a pair of web footed swimming shoes.

"Paw." "Yes, son." "Why didn't Noah swat them two flies?"

What was that everyone was saying last year about this being a dry, desolate country?

How soon we forget the anxiety of a drought, when we watch the sand blow out the crops, and the (Cont'd. On Back Page)

Mrs. Lindly, 90 Buried Saturday

Funeral services for Mrs. Ella Matilda Lindly, 90 year old former Tahoka resident, were held Saturday afternoon at the O'Donnell Methodist Church with the pastor, Rev. Marvin Fisher, officiating. Burial was in Tahoka Cemetery.

Mrs. Lindly died Friday at 2:00 p. m. in the Buntion Convalescent Home in Roscoe, where she had been a patient for about a year. Previous to that she had lived in San Angelo.

She and the late John S. Lindly moved to Tahoka in 1947 from Taylor county. He was retired when the couple moved here. Mr. Lindly died in 1951.

Mrs. Lindly was born Aug. 25, 1866 in Limestone county and she and her husband were married there in October, 1883. She was a member of the O'Donnell Methodist Church.

Survivors include three daughters, Mrs. Lou Leese of Kermit, Mrs. Neta Boyd of San Angelo, and Mrs. Myrtle Eaker, address unknown; four sons, George C. and H. F., both of O'Donnell, Joe of View, and John, of Arlington; 38 grandchildren and 42 great grandchildren.

BOY BREAKS ARM

Jim Robinson, son of Mr. and Mrs. Joe Robinson, received a broken arm last week when thrown from a horse on the ranch near Snyder. He was taken to Snyder Hospital, where the break of a bone in the left arm below the elbow, was set and placed in a cast.

New Pastor For Methodist Church

Rev. J. B. Thompson, at Haskell the past five years, is the new pastor of the Tahoka Methodist Church, succeeding Rev. J. B. Stewart, who is moving to Buchanan Street Methodist Church in Amarillo.

Announcement of changes was made by Bishop Wm. C. Martin at the final session of the annual Northwest Texas Conference in Amarillo Friday.

Rev. Stewart, who has been here three years, says the Amarillo church has about the same membership as the Tahoka church. While here he has been active in the Rotary Club and other civic work. He and his wife and two boys were expecting to move this Thursday.

Rev. Thompson did the preaching in a revival meeting here about four years ago while Rev. Jim Sharp was the local pastor, and is not an entire stranger to the local congregation.

O'Donnell also has a new pastor. He is Rev. Howard Q. Marcom, who comes from St. John's Church in Plainview to succeed Rev. Marvin E. Fisher, who is moving to Lorenzo. Rev. Marvin Menefee, a former pastor, was returned to White Deer.

Rev. S. M. Bean was moved from Grassland to Southland succeeding Rev. Silas Dixon, formerly of Draw, who was moved to Cone. A new pastor for Grassland is to be supplied.

Rev. Hugh B. Daniel was returned to New Home, Rev. C. Y. Pickens to Draw, and Rev. Billy Wilkinson to Wilson.

Rev. Vernon N. Henderson was reappointed superintendent of the Brownfield district for the sixth year.

Rev. H. C. Smith, a former pastor here, is moving from pastor of San Jacinto in Amarillo to superintendent of the Big Spring district. Among other pastors, Rev. Jim Sharp was returned to Shamrock and Rev. C. A. Holcomb to Sweetwater.

Rev. H. A. Nichols of the Abilene district is retiring, and also Rev. Geo. E. Turrentine, pastor at Denver City, is retiring and moving to Lubbock.

Rev. James Price, son of Mr. and Mrs. J. G. Price, was moved from Baird to Canadian, and Rev. John Rakestraw, the same couple's son-in-law, was returned to Trinity, Plainview.

Rev. Billy Porterfield, reared in this county, was returned to Post. C. E. Roper, New Home layman, was named to a committee to study the possibility of constructing a Conference office building in Lubbock.

Amarillo May Return To Fold

Amarillo is making plans to circulate a petition in a step to re-enter the Canadian River Authority, from which the town withdrew its name previously.

After the petition is presented to the mayor an election will be called asking the citizens' opinion, which will decide the further action of Amarillo.

The step is being made after the financing of the project was made clear to the officials of the town. Pampa and Plainview, who also abandoned the project, may also wish to rejoin the Authority, but are watching the outcome of the Amarillo move.

LITTLE LEAGUE

On the nights of Little League and, or Pony League double headers, the first game will begin at 6:00 p.m. instead of 6:30 p. m., as previously announced, C. W. Conway stated.

Mrs. S. A. Richards was released from Tahoka Hospital Monday in good condition. She broke her hip following the recent tornado and later underwent surgery when the bones were set.

Jerry Cain, student in the University of Texas, is home visiting his parents, Mr. and Mrs. Akon Cain.

FUNNEL PICTURE—The above photograph of the tornado which crossed northeastern Lynn county was taken by Ott Cawthron, who lives northeast of Tahoka about six miles. He took the picture with a small box camera while standing in the door of his storm cellar. He says he was ready to "pull the lid down," but the path of the funnel missed his place.

25 Students In Summer School

A total of 25 students are enrolled in summer school here in Algebra I and junior high school course of English, reading and spelling, and another class of World History will be offered if three more students enroll for the class. Superintendent Otis Spears said.

High school principal John Shepherd is teaching Algebra I in which 14 students are enrolled. Mrs. A. B. Cox is teaching the two students in the sixth grade, four in the seventh, and five in the eighth. Two in the later class are from Wilson. A teacher is also available for World History, if the class develops.

Students may only take two courses and attend classes five days a week for eight weeks.

Tahoka Drug Is Remodeling Front

L. C. Haney is having the front of his Tahoka Drug remodeled. The new, modern front presents a more attractive appearance, and also allows more room in the store by elimination of the two display windows.

Front of the building was damaged recently when a car got out of control of a driver and crashed into the north front.

Benson Rice Gets Army Commission

Stewart Benson Rice of Wilson, son of Mr. and Mrs. Elmer Rice, was commissioned a second lieutenant in the Air Force at exercises at Texas Tech Monday morning.

Rice was among the 41 graduates of Tech who were members of the ROTC commissioned.

4-H Members To State Meet

Two Lynn county 4-H Club girls and two boys, all four of which are delegates, the district winning entomology team, and the district winner of the "Share the Fun" contest, along with County Agent Bill Griffin and Home Demonstration Agent Miss Wanda Roach, will attend State 4-H Club round-up to be held in College Station June 11-13.

Delegates include Sammy Anderson of O'Donnell, Ronald Wyatt of New Home, Gail Phillips and Dixie Forsythe, both of Tahoka. District winning teams will also attend the meeting, which effects the local entomology team made up of Joe Roper of New Home, Raymond Bagby, Lester Ford and Robert Overstreet, all of Tahoka. Sandra Singleton of O'Donnell and her accompanist Joan Lacy, will attend and enter the State "Share the Fun" contest with her vocal presentation of "Hasin Street Blues."

Events begin June 11 with a general assembly set for 8:00 p. m. On Wednesday, June 12, state winners will be determined in 21 different judging and team demonstration contests and these winners in several instances will win the right to represent Texas in national contests.

Other events are also planned before the close of the round-up on the night of the 12th. Local 4-H members will return home on June 13.

FUNNEL IS REPORTED

Mrs. E. L. Short and girls and several others of the Grassland community reported seeing on Tuesday a funnel protruding from a cloud southeast of Grassland. The tail never touched the ground, Mrs. Short said.

Heavy Rains Bring '57 Total Fall To 15 Inches In Tahoka

More Turbulent Weather Adds To Damage Caused By Tornado

Turbulent weather touched off by the May 24 tornado has continued over the past few days, and local people are still nervous when thunderstorms develop.

Two more twisters and a near-cyclone were reported in the county during the last week. A severe windstorm, which some think was a tornado, did considerable damage in the Draw, Redwine, and Grassland communities Thursday night of last week. Funnels were sighted north of New Home Saturday morning and southeast of Grassland Tuesday, but no damage was reported from either. (See stories elsewhere in this issue).

In the meantime, rehabilitation work has been going forward in Tahoka and out toward the northeast corner of the county.

Other damage has been turning up in Tahoka. Heavy rains over the week-end showed other roofs to be damaged, and the total number of buildings damaged is now believed to be near 140.

Except for the farm homes east of Wilson destroyed and the several Negro houses and the two warehouses destroyed in Tahoka, repairs are going forward as fast as carpenters can get to them. In fact, many repairs have already been completed.

Union Compress, heaviest hit dollar-wise, is repairing its main warehouse and six of the seven storage warehouses damaged.

Red Cross men have been here nearly two weeks interviewing those who lost property. Bill Griffin, county Red Cross chairman, says the National Red Cross will replace some farm buildings and other furnishings, so far as it can under its regulations and that of the Government. Red Cross also issued clothing and food assistance to some people.

The local Welfare Agency has also been assisting people who needed clothing and food.

A Welfare Fund has been set up at Wilson to help replace farm equipment and other necessities of people in that area. Sunday, members of New Home Baptist Church took a collection for this fund.

Mrs. Marilyn Carmack left this week in company with her grandmother, Mrs. C. F. Carmack, for a visit in California, with two uncles and an aunt and a tour of the state. Mrs. C. F. Carmack has been here visiting her son, C. O. Carmack, and family.

Tippit Appears On National Network

Gerald Wayne Tippit appeared on television on Tahoka's screens the first time Saturday afternoon on "Camera 3".

The program, which was 30 minutes in length, was a plot that was unfolded through poetry. The scene was a bus stop.

Tippit had one of the leading roles, and reports say that he portrayed his part very well.

He is the son of T. I. Tippit, and had planned to visit his father and sister, Mrs. Linnie Finch, this summer, but is being kept so busy he may not be able to.

Mrs. J. C. Walker, Grassland, Dies

Mrs. J. C. Walker, 84, pioneer of Grassland, died at 4:00 p. m. Wednesday in McMurry Convalescent Home in Lubbock.

Funeral services were held at 3:00 p. m. Thursday in Post First Methodist Church with the pastor, Rev. Billy Porterfield, officiating. Burial was in Grassland Cemetery.

Mrs. Walker had been a resident of Grassland since 1917, where she and her late husband operated a mercantile store. Mr. Walker died a year or two ago. The couple had one son, also deceased.

She is survived by one grandson, James Davis Walker, also of Grassland.

Funnel Is Sighted Near New Home

Three New Home men observed a small tornado north of that town Saturday morning at about 9:30 o'clock. They were Carleton Davies, Leland White, and Gene Eades.

As they reached the pavement corner about three miles north of New Home, they saw the funnel touch the ground to the southwest of them and picked up mud and water from the fields. A larger funnel developed but failed to touch the ground.

They immediately turned their car around, and headed back to New Home. They thought the smaller twister possibly touched the ground at the northwest corner of the Lewis Allsup place or the southwest corner of the W. S. Jasper farm.

Wedding

Swimming Classes Starting Monday

Swimming lessons will begin Monday morning at Tahoka Municipal Swimming Pool, according to Deane Wright, swimming instructor.

Children's classes will be held from 10:00 to 10:45 a. m. every Monday, Tuesday, Thursday and Friday for 10 lessons. Adults' classes will be from 11:00 to 11:45 a. m. on the same days.

A charge of 50 cents per lesson will be made.

Mrs. Cornella Kelley, 87 years old, is showing satisfactory improvement in Tahoka Hospital, where she has been a patient about 10 days.

N. E. Wood Jr. was home last week, but has returned to Waco to attend the summer term of Baylor University.

Mrs. B. P. Maddox was released from Tahoka Hospital Friday where she had been a medical patient.

Sunshine Wednesday and Thursday, for a change, brought joy to Lynn county farmers, following six continuous days of rainfall during which 4.98 inches were measured by the local U. S. Weather Bureau observer.

Rainfall so far this year is more than double the 44-year average for Tahoka. The total for 1957 on Thursday stood at 15.01 inches for Tahoka, or 13.98 through May 31. Normal for the first five months is 6.12 inches; therefore, this year's fall is 7.86 above normal. Normal for May is 2.99 inches, and Tahoka this year received a total of 8.24 inches in May.

Because of the long drouth, normal annual rainfall has dropped from above 19 inches to an average of 18.52 for the years 1913 through 1956.

The last two days of May, Thursday and Friday of last week, Tahoka received a total of 3.95 inches. The first four days of June, Saturday through Tuesday, the fall was .34, .36, .05, and .28, respectively.

However, a record has not been set for spring rains this year. In 1941, Tahoka recorded an all-time record of 11.09 inches in May, and had a total of 18.37 inches for the first five months, and a total of exactly 40 inches for the entire year.

Good spring rains usually pre-empt a good crop year, but local farmers have been worried this year for fear they may not get their cotton planted in time.

Many farmers have already planted cotton two or three times, and now must plant again. Another washout might cause many to miss planting cotton this year, as cotton should be up by June 1. Of course, with a favorable summer and a late fall, cotton can make planted as late as June 20 or even a little later, but the chances are against a big crop.

Not all farmers were washed out, however. There is some cotton up to a good stand in all parts of the county, and it is estimated that 25 to 40 percent of the acreage is up to a stand.

This average is principally in the Wells, Newmore, New Home, Lakeview, and Petty areas, with scattered acreage over the rest of the county. Hardest hit areas are the southeast, south, east, and central parts of the county.

Some planting on sandier types soil was started Wednesday, and some more on Thursday. On the tighter soils, most farmers will not be able to plant until late this week, and some will not be able to plant until next week.

Lakes have been filled with water, and some of these will not be planted at all, or will be left for late feed.

Unlike some other portions of the Plains, Lynn county has no paved highways underwater, although some of the dirt roads are impassable because of lake water.

Rev. H. Daniel Youth Speaker

Rev. Hugh Daniel, pastor of the New Home Methodist Church, will be the principal speaker at the Northwest Texas Conference youth meeting being held in Plainview at the First Methodist Church today and tomorrow.

He will speak at the opening program tonight at 8:00 p. m. in the sanctuary of the church.

Activities will include the election of conference youth officers, a picnic and fellowship period, reports, promotional work and business, and a luncheon at noon Saturday.

Voting delegates from each church in the conference, other youth wishing to attend, pastors and youth leaders will attend the meeting.

(Cont'd. On Back Page)

State May Help County On US 87 Right-of-Way Costs

Lynn county may get some much needed financial assistance on procuring right-of-way for the proposed four-lane paving of U. S. Highway 87 as a result of the passage of House Bill 620, signed recently by Governor Price Daniel.

The bill provides for raising the motor vehicle registration fee 10 percent to raise funds with which the State will pay up to 50 percent of the cost of securing rights-of-way for State and Federal highways.

County Judge Walter M. Mathis told The News Thursday morning the Lynn County court recently halted right-of-way procurements on US 87 from Tahoka to O'Donnell pending outcome of the legislation.

However, the county has already spent \$27,412.46, of the \$200,000 bond issue voted for securing right-of-way across the county, handling bonds, etc., and no part of this amount will be reimbursed by the State.

The State will likely participate financially in the remainder of the right-of-way cost.

The county had already run into a "snag" in that some of the right-of-way owners were asking more than was anticipated, particularly at O'Donnell.

A letter from State Engineer D. C. Greer to Mayors and County Judges received Thursday morning explained the State's plan for helping cities and towns financially in acquiring right-of-way.

The plan is "a reimbursement process based upon the delivery

by the County or City of acceptable instruments of conveyance, and the State payment is based upon 50 percent of the value of the property acquired as determined by the State Highway Department or the net cost thereof, whichever is the lesser amount."

Effective date of the law is August 22, 1957, and funds derived from the act will not actually start coming in any great amount until about March 1, 1958, which is the next registration period for motor vehicles. Efforts are being made to work out a plan to proceed with the work through tentative trades, options or escrows.

Judge Mathis has received indication from the Resident Highway Engineer that US 87 will be approved for the program.

Society & Club News

Ethylene Cox Marries Simmons

Miss Ethylene Cox became the bride of Larry Simmons in vows read in the parsonage of the Church of Christ by Doyle Keley, minister, Wednesday morning at 10:00 o'clock.

The bride is the daughter of Mr. and Mrs. A. P. Cox of Tahoka. Parents of the bridegroom are Mr. and Mrs. V. G. Simmons of West Point.

Only close friends and relatives attended the double-ring ceremony.

The bride wore a street length dress of white, the bodice of which was complimented with closed pleats from the collar to the waistline. The skirt flared from the waist in unpressed pleats. She wore white accessories and a pink carnation corsage.

Miss Betty Jee Howle was maid of honor and wore a blue kissy dress with blue and black accessories and a pink carnation corsage. T. D. Dunlap served as best man.

Following a wedding trip to New Mexico, the couple will make their home in Brownfield, where Simmons is employed by Goodpasture Grain and Milling Company. Both the bride and bridegroom are 1957 graduates of Tahoka High School.

Haney, Hagood Bridge Winners

Mrs. L. C. Haney and Mrs. Larry Hagood were top scorers Tuesday night in duplicate bridge play at T-Bar Country Club.

Tied for second were Mrs. J. T. Whorton and Mrs. A. N. Norman Jr. and Mr. and Mrs. Frank Hill. Mrs. Winston Whorton and Mrs. Jess Gurley were fourth, and Mrs. D. W. Gagnat and Larry Hagood were fifth.

Mr. and Mrs. Wayne Tekell of El Paso, where he is stationed in the Army, were home over the week end visiting the Sam Bartleys and O. O. Tekells.

Wilson Class Is Guest At Lake

The Wesley Fellowship Class of the Wilson Methodist Church held its regular monthly social at Lake J. B. Thomas as the guests of Mr. and Mrs. Sam Gatzki. The group left Friday morning, and was joined by their Pastor and teacher, Rev. and Mrs. Billy Wilkinson, Saturday afternoon for a barbecue supper. The class returned home Saturday night after enjoying swimming, water-skiing, and boat riding.

Those present were the Sam Gatzkis and Mike, Rev. and Mrs. Billy Wilkinson and family, the Jim Colemans, the Bill Vardemans, the T. A. Stones and family, the Norman Hemphills, the David Petersons, the Sam Crowsons and family, the special guests Mr. and Mrs. Bill Lumsden, and Dickie Thomas. In all, there was a total of twenty-seven who participated in a very enjoyable two days.

Social Calendar At T-Bar Club

Ladies Day—each Tuesday. Duplicate bridge—each Tuesday night.

Master point play—June 25.

Ladies Golf Ass'n. business meeting—Noon, June 18.

Family night picnic—June 15 at 7:30.

Teen-age picnic—June 20 at 6:30 p. m.

ESTACADO REUNION

This year's Estacado Reunion will be held at the old Estacado school building on the line of Lubbock and Crosby counties on Sunday, July 14, beginning at 10:00 a. m., according to Mrs. Dee Linn of Lubbock, secretary.

Postpone Ladies Golf Contests

The Ladies' City Open Golf tournament at T-Bar Country Club has been postponed because of the weather, according to Mrs. Jack Smith, president of the Ladies Golf Association.

The event will begin on June 23 and end on June 30, instead of being held this week. Those entering must turn in their qualifying scores by June 23.

In addition to the regular flights there will also be a "cry baby flight" for the losers, to be held on the Friday during the week of the tournament.

Entry fee is \$3.00.

A beautiful, well-kept lawn adds to the material value of a home and is the basic requirements for an attractive yard. As an aid to those interested in establishing, improving or renovating a lawn, the Texas Agricultural Extension Service now has available a revision of a very popular publication, B-203, Home Lawns. Copies may be obtained from the offices of local county extension agents or from the Agricultural Information Office, College Station, Texas.

Greenbugs and Some Other Pests of Small Grains is the title of a new publication just released by the Texas Agricultural Extension Station. It is B-845 and is available from the Agricultural Information Office, College Station, Texas.

"The most disillusioned girls are those who married because they were tired of working."—Steve Lawrence.

Cairo, Egypt is called the "Mother of the World."

MARY JO CAPPELMAN OF DALLAS

Don Brice Will Marry Dallas Girl

Mr. and Mrs. E. N. Cappelman of 3330 Southwestern Blvd., in Dallas announce the engagement and approaching marriage of their daughter, Mary Jo, to Don Brice, son of Mr. and Mrs. J. T. Brice of Tahoka.

Wedding vows will be read on Saturday, July 6, in the Church of the Incarnation (Episcopal) in Dallas.

Both are former students at Texas Tech, where the bride-elect was chosen a campus beauty, and was a member of Kappa Alpha Theta sorority. Brice, who was a member of Phi Gamma Delta and Delta Sigma Pi, received his B.B.A. degree in finance in January. He entered the U. S. Naval Officers Candidate School in Newport, R. I. on Feb. 26.

Miss Clem Will Marry June 22

Mr. and Mrs. Cecil Clem announce the approaching marriage of their daughter, Johnice, to Carl Pritchard, son of Mr. and Mrs. Carl Pritchard of Meadow.

The ceremony will be read at the Tahoka Church of Christ on Saturday, June 22, at 7:00 p. m.

Miss Clem is a 1957 graduate of Tahoka High School, and her fiancé is a graduate of Paducah High School, following which he attended Sul Ross College before accepting employment with Shell Oil Co.

Friends of the two families are cordially invited to attend the ceremony.

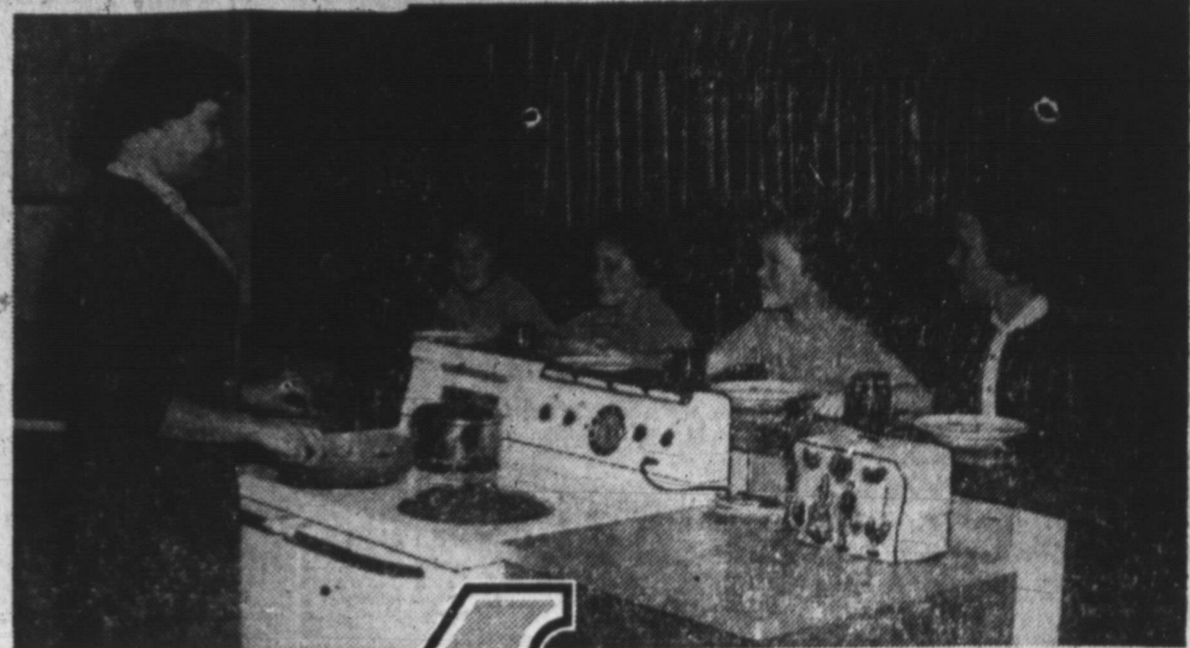

It takes 10 inches of snow to equal an inch of rain.

Mr. and Mrs. J. A. Biggerstaff of Forrester Insurance Agency recently attended the state convention of insurance agents in Dallas, and received special instructions regarding the new home-owners and comprehensive dwelling policies now available.

Mr. and Mrs. Marcus Edwards went to Fort Worth Wednesday to take home their two grandchildren, Kris Ellen and Terrie Ann, daughters of Mr. and Mrs. Joab (Joan) Alexander. The children spent two weeks here and a week with their Grandmother Alexander in Lub-

bock. Marcus expected to do a little fishing in Lake Worth, as Joab's home is on the lake shore.

Mrs. Pearl Brown returned home Monday morning from Houston, where she had been visiting her daughters.

"Here are **4** BIG REASONS I LIKE ELECTRIC COOKING!" says, MRS. GEORGE C. KUHNER, of ROSWELL, NEW MEXICO.

"Christy likes the push buttons. I like them, too, because they are out of reach of the smaller children... besides electric is the cleanest kind of cooking."

"Shelley likes the big oven, and I agree. The automatic timer is very handy. Also, it is nice to be gone for an afternoon and have your dinner all cooked and ready to serve when you get home."

"Kathy likes cooking with her judge set and the fast surface units are certainly our answer when working on a tight schedule."

"Laurie likes it because it cooks good chicken and when we cook chicken, or anything else, it doesn't heat the kitchen—just the food!"

Today's MEDITATION from The World's Most Widely Used Devotional Guide

The Upper Room

Seek ye first the kingdom of God, and his righteousness. (Matthew 6:33.)

A government office holder sought power, and found himself enmeshed in fraud and thievery. Another man with health, education, wealth, died young. Fortune spent, he swept barroom floors for the price of the liquor he craved. A woman used questionable methods to gain a fine estate, only to die and leave it for others to enjoy.

When shall we have faith to believe Christ's promise that all in life will be provided when we truly seek to do His will?

When man plans without God, he builds on shifting sand. Too often a lifetime of labor leaves one broken in defeat only because the goal was selfish and that of a man's own designing.

We do not need better schemes, not more prestige. Instead, the world needs Christ.

Christ will come into the heart of man when invited. Perhaps He waits—sorrowfully—for us to admit Him, to help Him in a greater way.

PRAYER
We thank Thee, heavenly Father for the choice Thou hast given us—to seek first Thy kingdom rather than things that lure to lesser goals. Lest we fail Thee, and in falling short, betray our brother, may we have courage and the will to do Thy bidding. In Thy name, we pray. Amen.

THOUGHT FOR THE DAY
Here am I, Lord; use me.—Earle H. MacLeod, Publicist (Illinois.)

The City of Wichita Falls is expected to have a completely effective warning system in operation when new equipment to increase the system's range is installed.

Gordon News

MRS. EARL MORRIS
Correspondent

The Rev. and Mrs. Silas Dixon will move to Cone Thursday where he will be pastor of the Methodist Church. The Rev. S. M. Bean and family will move here from Grassland.

Supt Calloway and the seniors came in from their trip Sunday morning at 5:00 o'clock, a tired, sleepy, happy bunch. They "toured" Grand Canyon by mule-back, played in the snow. They visited several places of interest, Mesa Verde in Cortes, Colo.; the Cliff Dwellings, Royal Gorge, Colo., traveled over Colorado's \$1,000,000 highway, Canon City, Ariz., visited the state prison, and Ghost Town, Jerome, Ariz., the Sun Set Crater, petrified forests in Arizona and other places. These West Texas kids enjoyed visiting.

Miss Jewel McGeehee of Lubbock attended church at Gordon and visited her parents, Mr. and Mrs. Ben McGeehee Sunday. Her mother fell recently and broke an arm.

Mrs. Sampson Gilliland is in Methodist Hospital following an operation last Thursday.

Several of Mrs. Ed Denton's neighbors met in her home last Wednesday to help her make quilts for the storm victims. Those present and helping Mrs. Denton were Mmes. Clyde Hair, Noble Wynn, H. D. Hallman, Earl Lancaster, Duane Hill, J. B. Rackler, Earl Morris.

Mr. and Mrs. Dwight Corbell and daughter of New Home were Sunday guests of his mother, Mrs. L. L. Corbell and his brother, Buylon.

The Melvin Brusters, their son and family, the Tiny Brusters, went to Possum Kingdom last week to do some fishing. But the rainy weather interfered. Mrs. Bruster said they visited some of the towns and came home.

Mr. and Mrs. Tommy Donahoo and baby of Houston spent three days with his parents, the Wes Donahues.

Mrs. Ned Myers and her father-in-law, L. J. Myers went to Amarillo last Sunday to be with A3/c Ned Myers, who was to undergo an operation at the Air Force Base.

Mrs. G. W. Basinger spent last week with relatives in Fredrick, Oklahoma.

Mrs. Tom Barnes visited her brother, L. C. Kindrick, who is ill in Boswell, Oklahoma, last week.

Guests in the Donald Edmunds home have been Mrs. Edmunds' sister and family, Mr. and Mrs. L. H. Schluge, and daughter, of Fort Worth.

The Rev. and Mrs. Lusby Kirk were Thursday supper guests of the L. J. Myers.

Merwyn Edmunds of Lubbock spent the week end with his parents, the N. C. Edmunds.

Mr. and Mrs. Leonard Anderson and Kay visited their son and family, the Gene Andersons in Brownfield Sunday. Zena Joe, a granddaughter, returned home with them for a visit.

George Ellis, who has been attending school at McMurry, came home last week where he will spend the summer.

Mr. and Mrs. Troy Lester and sons of Levelland spent the week end with his parents, the Wm. Lesters.

Marilyn and Pamela Maeker of Lubbock visited their grandparents, the Earl Morris Saturday while their mother, Mrs. C. A. Maeker, helped with the entertaining at "Boss Night" banquet Saturday night at Lubbock Hotel. Mrs. Maeker dressed to represent the famous "Minnie Pearl of Grinder Switch," told a number of jokes to the delight of all present. Highlighting the evening was a style show featuring men wearing women's clothing.

Grassland Co-op Annual Meeting

Grassland Cooperative Gin had a large attendance at its annual membership meeting Monday night in spite of the weather, Claude Donaldson reports.

Thurman Francis was re-elected a director, and Glen Norman was named a new member. Other board members are: L. S. Turner, Ted Aten, Amos Gerner, C. M. Greer, Anton Mueller, and Gerald Norman.

Among the speakers were Tom Brown of the compress, Otho Key of the Oil Mill, Dan Davis of Plains Cotton Cooperative, and Bob Po-teet of Plains Cotton Growers.

Mr. and Mrs. Urban Brown were among the local clothing merchants attending market in Dallas last week.

Richard Havens, formerly of Tahoka, is now listed as the associate editor of the *Abernathy Review*, where he works.

For he's a Jolly good father

TRAILOR HOUSE WRECKED—The Nelse Robinson trailer house at North Second and Petty was completely destroyed when blown across the street to the Presbyterian Church lawn. (Avalanche photo).

Two Speakers At New Home Club

County Agent Bill Griffin and Vice President Wilmer Smith of the Plains Cotton Growers were the speakers at New Home Civic Club at its monthly meeting Monday night.

Mr. Griffin discussed varieties of cotton that may be planted this late in the season, and other related subjects.

Mr. Smith discussed two proposed cotton bills that will vitally affect all farmers and which seem acceptable to most farm groups. They are the plans proposed by Congressman Whitten and by W. O. (Bill) Fortenberry. L. C. Unfred, the president, was in charge of the meeting. Dinner was served about forty men by the Home Demonstration ladies.

O'Donnell Sailor Dies In Wreck

Lamesa, June 5—Funeral services for Cleon Eason, Jr., son of Mr. and Mrs. Cleon Eason, O'Donnell, are pending with Higginbotham Funeral Home here.

Eason, who was in the U. S. Navy was killed late Thursday afternoon in an accident involving an automobile and a dynamite truck about 30 miles east of Laredo.

Mr. and Mrs. "Shorty" McNeely and son, Tom, Brownfield, visited relatives here over the week end, and left Tuesday for Galveston on a vacation trip.

W. G. Brookshire and son, Preston, of Grassland returned home Monday from a visit with Mrs. Lena Wheeler and family at Houston.

Have any news? Phone 35.

Two Lynn Ladies Get Master's Degrees

Two ladies from Lynn county were among the 31 students receiving master's degrees in graduation exercises at Texas Tech Monday night.

Receiving the Master of Education degree was Mrs. Aubrey LaVerne Knight of Tahoka, and Mrs. Betty Whisenat Price of Wilson was presented her Master's in Business Education.

Band School Begins Monday

Local band students planning to attend the band school in Lubbock this summer beginning Monday morning are asked to contact Mrs. Jack Adams.

Reason for this is because many of the students would like to form a car-pool during the school.

ANDERSON HOME

Glenn Anderson, who has been in the Navy about 10 weeks and is now stationed at San Diego, Calif., arrived home Thursday of last week for a visit with relatives.

Mmes. Lois Fleming, Guy Sherrod and G. C. Sherrad visited in Dallas from Thursday to Sunday with Lavlan McMahon and family.

Short And Jones Get New Oil Well

E. L. Short and Carl Jones have just recently brought in a 100 barrel oil well on a small lease they own near Hobart, Oklahoma, according to a clipping from The Democrat-News of that city sent The News by D. S. Garrett of Hobart.

"We certainly do appreciate the oil business these fellows have brought to Hobart," Mr. Garrett writes.

E. L. and Carl are building up quite a nice little oil business. In addition to this well, they have interests in some wells in McCollough, Callahan, and Brown counties, and at Justiceburg, Garza county. Alton Greer is interested with them in the wells in Callahan and Brown.

Kenny Durham, who has been attending Baylor University, is home for the summer.

Mrs. D. B. English returned to Tahoka this week from Seguin, where she has been staying with a daughter several months.

Mr. and Mrs. Winter Knight of Lubbock visited in Tahoka Monday and Tuesday.

Mrs. Anita York of Los Angeles, Calif. will visit in Tahoka for two weeks with her sister, Mrs. Lillian McCord, and family.

Walter F. Vaughan is in the Methodist Hospital at Lubbock, with an infection.

FRONT LINE OF FREEDOM

JUST a Newsstand? No.

It is a battleground.

In this tiny territory rival publications fight for the attention of the public. From left to right you can find all shades of political and social opinion, freely expressed. And because of this a newsstand is more than just a convenience in the life of an American town.

It is a front line.

There is another battle going on around a newsstand, more so.

petitive rivalry of paper against paper, magazine against magazine. For there are always people—yes, even here—who dislike to see opinions freely expressed... and who attempt to bring all sorts of restraining pressures on those who champion the Press's freedom.

But those who write and print and publish the free opinions of America, they see a threat to that freedom as a threat to all freedoms, and vigilantly hold back pressure-wielders from closing in on the newsstand.

Rains Big Help To T-Bar Grass

The golf course at T-Bar Country Club is rapidly developing into one of the better layouts of the South Plains, states O. C. Elliott, chairman of the greens committee.

Grass on eight of the nine fairways is making remarkable growth during this rainy spring, and at the present rate of growth the ground will soon be completely covered. Grass is putting out long runners, and has already covered many of the bare spots.

Even on the No. 9 fairway, where the club has had so much trouble getting grass started, seed planted earlier is now coming up thick on the lower end and Bermuda is being soded on the upper end nearer the green.

"T-Bar already is a better golf course than the Brownfield course," Elliott declares, and no course in the area has better greens.

The club recently purchased a gang-mower, and this week it is being run over the fairways for the second time. A shredder has been used on the "roughs."

The rains have been perfect this year for developing the lay-out, even if there is little rain from here on out this summer, the club now is assured of a good turf on the fairways.

Further improvements are being planned for the near future.

The T-Bar Club, a part of the Edwards-Childers Memorial Park, has largely been a community effort, built largely through donated labor and materials at less than one-third the cost of the usual nine-hole golf course.

League Games Are Posponed

Games both for the Little League and Pony League were cancelled this week because of rain and the condition of the Tahoka ball park.

Little League games may possibly be played tonight and Saturday if the field dries out enough to prevent damage to the turf.

Services Are Held For Lt. Hal Hegi

Funeral services were held Wednesday afternoon in the Petersburg High School Auditorium for Lt. Hal G. Hegi, 23 year old nephew of Pete Hegi, who was killed in an air plane crash near Munich, Germany on April 27.

He was on leave enroute from England to Rome, Italy when the Air Force T-33 crashed.

Services were conducted by Maurice Tisdal, minister of the North Side Church of Christ, Lubbock and military services were held at Rest Haven Mausoleum in Lubbock with Reese Air Force Base personnel in charge.

He was the son of Mr. and Mrs. J. J. Hegi of Petersburg.

SWEET STREET BIBLE SCHOOL COMPLETED

Rev. Ray Cunningham, pastor at Sweet Street Baptist Church, states the church's Vacation Bible School, which ended with graduation exercises Wednesday night, had a total of 102 children enrolled and an average attendance of 84 for the eight days.

He expressed thanks to all those who donated materials for the school and all who helped in any way.

LOCAL SAILOR ON NAVY DESTROYER

San Diego, Calif.—Espie Bailey fireman, USN son of Buhard Bailey of Tahoka, aboard the destroyer USS. Halsey Powell, left San Diego, Calif., May 21 for a six-month tour of the Western Pacific. The ship, a unit of Destroyer Division 171, is scheduled to visit Pearl Harbor, T. H.; Yokosuka, and Sasebo, Japan.

Geo. A. Nolte of Wilson reports he measured 4.4 inches of rain there in the 48-hour period from Thursday night until Sunday morning.

Mrs. Magdelino Domanquez underwent surgery Monday in Tahoka Hospital.

Mrs. R. H. (Polly) Gibson was a medical patient at Tahoka Hospital Tuesday.

TIMBER THROUGH WALL—Mrs. C. M. Meador, whose husband works for Gilmore & Jaquess, and son, Eddie, 5, survey damage done to home near old light plant when a two-by-four board was driven through the corner of a room by the tornado of May 24. Mrs. Meador and son were in a storm cellar when the tornado struck. (Avalanche Photo).

Cancer Deth Rate Is High

Austin—Within the next 10 years 100,000 Texans will die of cancer if the present trend continues. That's almost enough people to populate a city the size of Corpus Christi.

Almost 54,000 of those cancer victims will be men, since the disease is now claiming almost 15 per cent more men than women. It wasn't always like that, however. Back in 1940, 7 per cent fewer men succumbed to cancer than did women.

Cancer today is second only to heart disease as a general cause of death for the population as a whole. And when death rates are broken down according to age groups, it is tragically easy to see the wide swath the disease cuts through the cream of Texas youth and young adults.

If you are a girl between 15 and 29 years of age, cancer—chiefly leukemia—is your most relentless disease enemy, killing more of your group than anything else except accidents. Among boys of the same age, cancer—again mostly leukemia—is the third leading cause of death, claiming more lives than anything except accidents and homicides. Accidents are way out in front.

And as young people mature, the picture changes only slightly. From age 30 to 44, cancer still ranks third as a killer of males, but assumes first place as a cause of death among women. It holds this first place spot for women first—place spot for women through age 59, by which time the disease has crept into place as a cause of male mortality. At age 60 cancer ranks second for both sexes (falling off into third place after age 75).

During the 15-year period from 1940 to 1955, comparative rates of cancer deaths for men and women changed considerably. In 1940 the male rate was 7 per cent less than the female rate, but by 1955 men were leading women by 15 per cent. The greatest variance is shown in the 45-49 age bracket, the male death rate exceeding the female rate by 8 per cent.

Significant disparity between men and women is noticed in mortality rates according to body sites attacked by cancer. For example, in cancer of the stomach, the death rate is almost 90 percent higher for males than females, and cancer of the larynx kills men 10 times more often than women. On the other hand, women suffer 30 per cent more deaths from cancer of the genito-urinary organs than do men.

Cancer of the lung kills six times as many men as women. Eighteen percent of all cancer among men is cancer of the lung, but only five percent of all cancer in women involve the lung.

The present trend toward increasing mortality from cancer can be lessened only by the people themselves—through periodic medical check-up and proper medical care when cancers are discovered.

THANK CIVIC CLUB

We wish to thank the New Home Civic Club for the nice trophies they awarded us recently as the outstanding girl and boy athletes of New Home High School. This award was one of the greatest thrills of our Senior year.—Martha Crooks and C. L. Rodgers.

Advertising doesn't cost, it pays.

Rev. Daniel . . .

(Cont'd. From Front Page) The New Home MYF will participate in a drama in connection with the installation service for the new Conference youth officers, and Rev. Daniel will install the officers.

Daniel has just returned to serve the congregation at New Home for the fourth year. He was born at Plainview in 1928, attended high school at Lefors, where he graduated. He is a son of a Methodist minister, Rev. N. S. Daniel, who has just been assigned to the Phillips Methodist Church. This family has several members doing various chores for the Church. Hugh has two brothers who are ministers. Wesley, the oldest, is minister at Lefors, and Phillip is a ministerial student at McMurry College. His third brother is a school teacher in Andrews. Hugh entered McMurry College

in September, 1947, and received his B. S. degree in 1951. He went directly into theological school at Southern Methodist University and received his B. D. degree.

Daniel received his first appointment in the church in the spring of 1954 to New Home Methodist Church. He has been very active in youth work during his

ministry. He has served as Brownfield District Director of Youth for some time, and plans to continue his office this year.

Several young people from Tahoka, accompanied by Mr. and Mrs. Elmer Owens, are attending the meeting.

Standing . . .

(Cont'd. From Front Page) hot sun wither what is left. Was that you griping about the rain?

Ustad Isa
Anybody remember a man by the name of Ustad Isa? He was the man who built Taj Mahal, a wonderful and beautiful temple for Shah Jahan, Indian Emperor. The important fact of any life is not how long he sojourns upon the earth, or how much wealth he gathers, but what he leaves behind of enduring worth for posterity. Many men have amassed great fortunes, and others have sought fame and prestige. These are usually not long remembered.

Principally the levels of life have been lifted by those who have been willing to lose their identity in some great cause.—Thomas O. Parish. Taylorville, Ill.

It's true that many have been unable to plant, but if we all had Elmer Owens' attitude, who has also been unable to get his cotton up, maybe we could enjoy life a little more. Elmer says he had much rather have a crop failure because of too much rain than to sit and watch his crop burn up.

"The Four Tall Texans" (and one of them slightly broad—ha!) are going to be strumming and singing down at the Dixie Dog Stand Saturday evening and would like for you to come by and give them an ear. The fiddlers are A. W. McClellan and Jerry Roseberry, and the pickers (guitar, that is) are Deane Wright and Milfred Ratliff.

Had a card from Karl Prohl the other day from London and they are certainly enjoying their tour of Europe. He has spent much of his time visiting the home of William Shakespeare and Anne Hathaway. One thing for sure, his first hand view will certainly add interest to the Shakespeare classes next year.

Rains Delay New Home Opener

Uniforms were issued Monday afternoon to members of the three teams of New Home Junior Baseball League, according to Billy Hancock, League secretary.

Because of the wet grounds, the opening game was postponed until a later date. Opening ceremonies were also postponed.

The League will play games on Monday and Fridays, beginning at 5:00 p. m.

Shower the bride with

Lifetime Gifts

Give her gifts of steel

When a special friend or relative is taking that important step from Miss to Mrs., show her your delight: Give her gifts of steel. For steel gifts are stylish gifts that last a lifetime.

When you buy them for a shower or wedding, you're giving the bride much more than just an expression of your affection. You're giving gifts that will endure as long as she needs them.

Showering the bride with gifts of steel means choosing from countless items made to give stylish service—from coffee makers to canisters, folding chairs to flatware, trays to toasters, clocks to cutlery. No matter what you choose to give, she'll appreciate your good taste and thoughtfulness.

And any bride would glow with pleasure to see the lustrous quality shining through every gift of steel. And she can be assured these good-looking items will go to work in a thousand ways to prove their lasting value. For only steel can do so many jobs so well.

So when you shower the bride, make it a Steel Shower. And when you shop for the bridal gifts, make an investment that is fashionable and practical. Look for the store displaying the Steel Shower symbol—and get the gifts that will last a lifetime.

This symbol identifies the store that's a Bridal Center, where you can get a variety of gifts styled in steel . . . to last a lifetime.

QUAIL CHICKS—Mr. and Mrs. E. A. Thomas of Grassland have turned a hobby of raising quail into a pretty good sized business. They have over 300 laying hens, and a total of about 2,600 quail on hand. The above chicks are just hatched, and are little larger than the end of a man's thumb.

E. A. Thomas, Grassland, Raises Quail For Fun, Food and Profit

Mr. and Mrs. E. A. Thomas of Grassland have one of the biggest quail breeding farms in this section of the country, and are rapidly building what started out as a hobby into quite a business.

Just recently, they delivered 1,500 to Gunn Bros. farm at Amarillo, and they are finding a ready market for about all the eggs and baby quail they can produce.

Their brood stock consist of 300 pair of Northern Bobwhite quail plus a few extras, and 20 pair of Japanese or Coturnix quail.

When a News writer visited them a few days ago, they had 2,000 baby quail on hand of various ages, 175 of which had just hatched off that morning.

Brood pairs are kept in pens, one pair to the pen, and Mr. and

Mrs. Thomas have worked out ingenious devices for feeding, watering, and recording.

Each little pen has its individual self-feeder, and each row of pens is watered with a galvanized pipe, in which slots have been cut from which the quail can drink. An electric wire is threaded through the pipe to keep the water from freezing in cold weather. A record is kept of the eggs laid by each hen, and when one fails to produce, which is seldom, she is moved out and her place given to a layer.

From the 300 pairs, they are now collecting about 240 eggs per day. Some of the hens lay more than 80 eggs a year.

They have fertile eggs for sale commercially, but most of them go to their own hatchery.

In their hatchery cellar, they have recently installed a new automatic incubator which turns the eggs four times a day and has a capacity of 3,000 eggs. They are also still using their old incubator, which holds 1,600 eggs. However, eggs are set in this incubator, and are moved to a third incubator of equal size to hatch out.

Settings are staggered so that young quail are being hatched daily.

As soon as the quail are hatched off, they are placed in a brooder and their bill-tips are burned off with an electric bill-burner. Mr. Thomas says that if the bills are not burned off, one little fellow will grab another by the toes and

drag him across the brooder like a bulldog.

After a few days in the brooder, they are moved to other pens, if not sold immediately.

He says quail are much easier to raise than chickens, and the demand for quail both for stocking purposes and for eating is growing. (Con't on back page, Sec. 2)

Another Storm Damages Area

A second storm, believed to have been a wind of cyclone velocity rather than a tornado, did considerable damage in the Draw, Redwine, and Grassland communities of Lynn county at about 8:15 o'clock Thursday night of last week.

Albert Williams, wife and baby and mother-in-law, had a close call when their car was picked up off the road and set down out in a field, where they were marooned until after the blow was over.

Albert says they had started for a storm cellar when the accident occurred, and declares the experience was certainly frightening.

Many roofs were damaged, trees blown down and outbuildings destroyed in the area. Some say the path of the wind was too wide to have been a tornado.

Among the damage reported to The News included: Barn blown away at Ed Busby farm; shingles blown from roof of Noel Caswell home; Graham Hensley's irrigation pipe blown away; porch blown off and other damage done at B. L. Thomas home; and damage at the Lewis Bonham, G. C. Watson, O. J. Stanley, G. M. Stewart, Joel Holloway, Sam Edwards, A. L. Shepherd, Wts Fox, Sleo King, and other farms mostly outbuildings, granaries, etc.

The wind was accompanied by heavy rain which amounted to as much as three or four inches in places.

The area covered lays principally from Draw, east of Redwine, to Grassland and beyond.

Local Students At Youth Camp

Ann Reasonover and Martha Roper of New Home have left for the Methodist Camp at Ceta Canyon, near Canyon, after spending a few days at home. They will act as Counsellors and Christian Life Leaders for the youth activities at the camp during the summer months. They will also serve as hostesses for other Methodist groups such as the Women's Society of Christian Service, The Guild and the Laymen's Retreat.

Both girls were Freshmen students at McMurry College at Abilene during the past College term. They are employed by the Northwest Texas Conference of the Methodist Church.

Cass O. Edwards of Fort Worth was here last week looking after his TBar ranch interests. He stated the repeated flooding of parts of Fort Worth were becoming alarming.

Humble research presents
to the motorists of West Texas

Golden Esso Extra

World's Finest Gasoline

Once again, Humble's leadership in the improvement of gasoline quality sets new standards for other gasolines to follow.

Now you can get all the performance that is built into your car . . . the last extra ounce of power . . . the last extra mile per gallon of gasoline.

Golden Esso Extra is the finest gasoline you can use. It has highest octane rating.

Give your car the performance advantage that comes from using

Golden Esso Extra. Some motorists say they notice immediate improvement on their first full tank. Others use Golden Esso Extra because the world's finest gasoline is the best to use in modern cars in every price class.

Costs more? A little, but your car repays you by delivering all the performance you paid for when you bought it.

Fill up at the new Golden pump under your neighbor's Humble sign.

MRS. CARL D. GRYDER
Correspondent

The person who said it was impossible to predict the weather in West Texas was certainly right! It has often been said that if you didn't like the kind of weather we are having today, just stick around a day or two and your kind will come along! That may be true, the farmers are all anxiously awaiting the sunshine again! It is quite amusing to listen to people talk, most of them are trying real hard not to complain. Remembering the dry years keeps them in check when a grumble would try to come forth. Some are saying, "A missed crop is a missed crop, rain or drought." But maybe we haven't missed a crop yet, remember 1941? Rain was a plenty then but a crop was made anyway. So, farmers,

chin up, look about you, and live, man, live!

Mrs. Lonnie Lumsden had as her guests several days last week, her two sisters, Mrs. J. M. Hobbs of Lubbock and Mrs. J. L. Hobbs of Hale Center.

Christi McCormick, daughter of Mr. and Mrs. L. R. McCormick Jr., spent the past several days visiting her grandparents, Mr. and Mrs. L. R. McCormick Sr., of New Home.

Mrs. Frank Liddell and sons of Wichita Falls spent the past week visiting her parents, Mr. and Mrs. E. J. Moore, her two brothers, Zollie Lee and Russell Moore and their families.

Mr. and Mrs. Cecil Fields and family had as their Sunday guests Mr. and Mrs. Harlas Eudy of Lubbock.

Donald and Clifford Holder, sons of Mr. and Mrs. Raymond Holder of O'Donnell spent the past week visiting their grandmother, Mrs. E. P. Holder. They also attended the Vacation Bible School of the Baptist Church.

Mr. and Mrs. Johnnie Robinson were recent visitors in the home of Mr. Robinson's parents, Mr. and Mrs. Roy Robinson.

Mr. and Mrs. Doyle Woody visited Mrs. Woody's sister, Mrs. Leldon Cox and family of Falls one day last week.

Mr. and Mrs. Alfred Clary spent the week end in San Angelo visiting Mrs. Clary's parents, Mr. and Mrs. J. D. Ray, Mrs. Clary's sister, Jeanie, came home with them.

Lynda Heck, daughter of Mr. and Mrs. Floyd Heck visited her grandparents, Mr. and Mrs. Jim Brock of Lubbock the first of the week.

Love Baker, daughter of Mr. and Mrs. George Baker, spent the first part of the week visiting relatives in Lubbock.

Billy Brown, son of Mr. and Mrs. Guy Brown of Lubbock visited his uncle and aunt, Mr. and Mrs. D. A. Brown and Travis the first of the week.

Wilson Lions Sponsor Camp

(By Mrs. Carl Gryder)
The Wilson Lions Club is sponsoring two crippled boys as they vacation at the Crippled Children's Camp at Kerrville.

The boys are Lonnie Stabeno, son of Mr. and Mrs. E. C. Stabeno, and Delbert Burkett, son of Mr. and Mrs. Joe Burkett.

The Crippled Children's Home is sponsored and maintained by the Lions organization.

It is operated all summer and children come from all over, for a two weeks vacation. While there the children are well provided for and cared for. Doctors and nurses are there as well as a well staffed crew of helpers. The children are supervised in every thing they do. Skills are taught, such as leather craft, beading, basket weaving, and many more enjoyable hobbies and crafts. Recreation is amply provided, too. Lucky is the boy or girl who has the opportunity to spend a vacation in this wonderful Lions sponsored camp.

The Lions from Wilson who took the boys to this camp were Elmer Blankenship, Clarence Church and Earl Cummings.

Have any news? Phone 35.

Two Wilson Boys Leave For Service

Two Wilson boys will leave soon for the armed forces. Dan Lamb, son of Mr. and Mrs. Robert Lamb will leave the 12th. He will be stationed at Ft. Ord, California. Dan enlisted in the army a month or so ago. He graduated from high school last week.

Ronnie Moerbe, son of Mr. and Mrs. Howard Moerbe will leave the 16th for Camp Chaffee, Arkansas. He will be in the National Guard in Active Duty. Ronnie graduated from high school this year.

Fourteen foreign nations have students in training at the world's largest Naval Training Center, Great Lakes, Ill., under the Mutual Defense Assistance Program.

Mrs. Carl Gene Spears and son accompanied their parents, Mr. and Mrs. Lonnie Blair of Canyon, to Hawley where they spent the week end visiting her sister, Mrs. Truett Lambert, Mr. Lambert and family, and her grandparents, Mr. and Mrs. Connie Blair.

Mr. and Mrs. Domingo Balderaz and family spent the week end in Monahan's visiting Mr. Balderaz brother.

Two people were quite surprised this week when the Coca-Cola man delivered a \$145.00 set of Sampsonite luggage to them.

Mr. Harold Key entered the Coca-Cola contest which has been going on for the past several weeks. He told why he liked Coca-Cola in twenty-five words or less, and gave the name of the merchant from whom he bought the Cokes. He almost went into a dead faint when the Coke man informed him he had won! The entry and the merchant each received a prize. The merchant was Mr. Ira Clary, manager of the Wilson Oil Company.

Mr. and Mrs. J. D. Fortner and children, and Mrs. Fortner's sisters, Joyce and Rita Lemon all of Lubbock were Sunday guests of their grandparents, Mr. and Mrs. J. W. Lamb. Karen Lemon, spent the week with Mr. and Mrs. Lamb, while her parents, Mr. and Mrs. Weldon Lemon were attending the Southern Baptist Convention in Chicago.

Mr. and Mrs. Doc Dockery and family visited Mrs. Dockery's parents, Mr. and Mrs. E. J. Moore last week. Mrs. Dockery's daughter, Mrs. Dee Perdue and girls, of Slaton were guests of the Moores also.

Mr. and Mrs. Robert Max Wynne and daughter of Lubbock visited Mr. Wynne's parents, Mr. and Mrs. Truett Sloan, over the week end.

Mr. and Mrs. Joe Gayle and daughter of Marfa are guests of their parents, Mr. and Mrs. John Gavle.

Miss Dixie Hewlett, daughter of Mr. and Mrs. Harry Hewlett, was taken to Abilene Sunday by her parents to enroll in Hardin-Simmons for the summer classes.

A bridal shower honoring Mrs. Grady Montgomery, was held Sunday in the Educational Building of the St. John Lutheran Church. A large group of guests called during the afternoon. Mrs. Montgomery is the former Eunice Bruedigam.

LAKE THOMAS FULL UP
Lake J. B. Thomas, southeast of Gail, was reported Monday morning to be just three feet below pillow level, lacking only one-foot of reaching the all-time high of 2,253 feet set in 1955.

Water impounded Monday stood at 180,740 acre feet, covering 7,215 acres of land, and prospects were that water from Bull Creek would bring the lake to capacity of 204,000 acre feet.

Great men are they who see that spiritual is stronger than any material force—that thoughts rule the world.—Emerson.

George Washington was born in Virginia, at that time a British Colony.

"If It's In The Feed or Grain Line, We Have It!"

"We Were Amazed"

Says CAR LIFE,
The Family Auto Magazine

We were amazed as we drove the Special four-door hardtop, to find that an automobile could be completely changed yet retain so much of its former appearance and character. The 1957 models have all the familiar, solid Buick virtues.

THE ABOVE brief clipping tells you worlds about the '57 Buick.

It tells you we went all out to make this car completely new—yet we didn't sacrifice a single Buick virtue.

So you still get that unmistakable Buick styling.

You still get that big-car room and comfort and that solid Buick quality.

But you also get so complete a change in the vitals of this car that the driving of it is a wondrous new experience.

You get a brilliant brand of performance that's different from anything else that goes on four wheels.

Words won't describe it. Telling you there's an all-new engine, an instant new Dynaflo,* a completely new power train—none of that will convey this news to you.

What you have to do is get in this car and drive it. Drive it around the block, through town, out on the highway. Actually feel what happens when you press the gas pedal, turn the steering wheel, touch those powerful new brakes.

Then—and not till then—will you know why folks call this "the dream car to drive."

The best advice we can give you, by far, is this: Ask your dealer for a trial run today.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Buzzer is standard on Roadmaster, optional at extra cost on other Series.

Exclusive With Buick

SAFETY-BUZZER*

CHURCH WRECKAGE—Shown above is the Antioch Baptist Church following the Tahoka tornado, with part of the pews and the piano, the only part of the building and furnishings not destroyed.

Tornado Highlights

Lawrence May, lives south-east of Wilson, or did before his home was destroyed, and his baby had a narrow escape from death. He and the baby were at home taking a nap, while Mrs. May had gone to a beauty shop. His cousin, Charles Baker, saw the funnel headed toward Lawrence's house and thinking Lawrence may not have seen it, called him on the phone. The telephone call awakened Lawrence. He and the child got into the pickup and just barely managed to outrun the tornado.

At the Roland Rhoads home, also destroyed, where 17 people took refuge in the storm cellar, the strength of five men was required to hold the cellar door down during the storm.

Ott Cawthron of New Lynn was one of those who watched the tornado from the safety of his cellar door and managed to take some good pictures of the funnel.

Of the five cars at the Fred Kiesel farm, south of Slaton, only one was left, the Slaton Slatonite

reports. Two were scattered over the field and two were never found. The home was practically destroyed. Twenty people took refuge in the cellar here.

Among the badly damaged homes not mentioned by The News last week was that of A. G. Meadows on West Lockwood, the former J. L. Reese home. Damage included the front porch, roof nearly torn off, and two windows blown out.

The Ralls Banner reports that the tornado reached that area at 2:50 p. m. May 24, nearly two hours after its start at Tahoka. It estimated the damage in Crosby County was \$250,000, which included several fine farm homes.

Tahoka Methodist Church received roof damage that will probably require a re-roofing job.

Eight members of the Seagraves Camera Club were among the many photographers here taking pictures of damaged buildings.

Treason is the only crime defined in the Constitution of the United States.

Government ran by women is called gynarchy.

Koshare Indians Dance At Slaton

The Koshare Indians from La Junta, Colorado are coming to Slaton June 15. They are being sponsored by the Slaton Jaycees. The Koshares were organized in 1933 by Indian lore addict J. F. (Buck) Burshear and have grown to World Fame by putting on more than 800 performances.

They have been on radio, television, and in movies and have had many write-ups in newspapers and magazines. They have entertained from Madison Square Garden to Aircraft carriers at sea, Lions International, Rotary International, National Medical Association Convention and have danced before all 48 Governors.

One hundred eighty-four Eagle Scouts have come from this troop.

Each explorer Scout practices for a year and must master the dance before he is allowed to make the road trips. From 40 to 55 boys make the traveling squad and they have their own bus. The performance lasts 90 minutes.

John Chapman of the New York Herald, Drama Critic said, after witnessing a performance, "I have seen many spectacles from Madison Square Garden to New Amsterdam Theatre to Hollywood Bowl and Santa Anita race track but there is nothing in my memory to match the performance of these Boy Scouts."

Tickets are \$1.00 for adults and 50c for children 16 or under. The show will commence at 8:30 p. m. June 15 at Tiger Stadium, Slaton, Texas. In the event of bad weather it will be held in the Junior High Gym. Tickets can be obtained from the Slaton Junior Chamber of

Use Water Surplus To Recharge Wells

Joe D. Unfred of New Home suggests that many farmers having lakes on irrigated farms could take advantage of the surplus water to recharge their wells.

He says experiments have proved that this lake water may be put back into underground storage for future use by pumping the water into existing irrigation wells. Cost of the operation would be only a few hundred dollars, the main expense being for a pump, but he declares this would be paid back to the farmer in more water when needed.

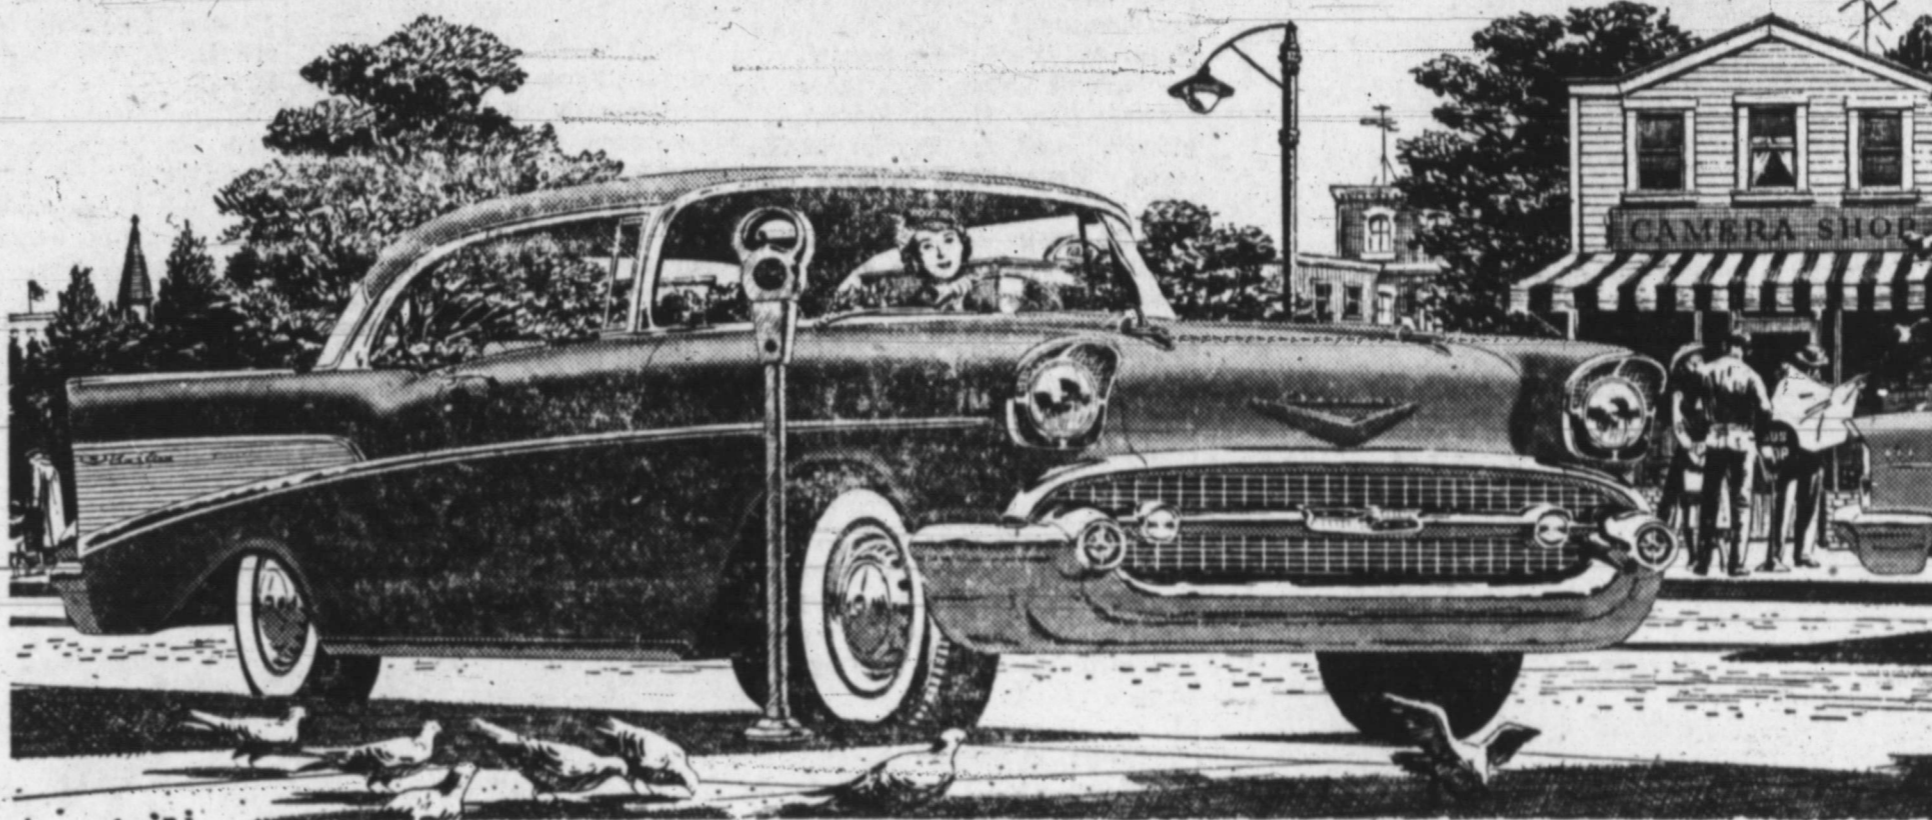

Thirteen pieces in a "baker's dozen" originated when King Louis of France warned all bakers who gave under measure that they would be beheaded.

The word salary comes for "salarium" meaning salt money, since Roman soldiers received part of their pay in salt.

Commerce or Boy Scout troops throughout the area. Prizes will be awarded to the Scout and to the Troop with the largest ticket sales.

... Chevrolet with Turboglide!

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. GET A DEMONSTRATION

Sweet, smooth and sassy in town or country—the Bel Air Sport Coupe with Body by Fisher.

Chevy's come up with the newest, sweetest, smoothest automatic drive—Turboglide. It's the first and only triple-turbine transmission!

Turboglide is something really new and different in automatic drives. In the first place, there's only one forward-speed position on the control. There's no "Low" needed. Turboglide handles everything with the oil-smooth action of triple turbines. You travel from a standstill to top cruising speeds with never a lurch or lag to mar your motion.

When you see a steep downhill stretch ahead, you set the selector at "Gr" (Grade Retarder) and Turboglide helps slow you down. Try Chevy's new, nothing-like-it automatic drive. It's optional at extra cost—and worth every cent of it.

Thomas Quail . . .

Cont'd. From Page 1, Sec. 2
ing. In fact, they hardly ever lose a quail after it reaches two weeks of age.

Mr. Thomas says he now sells eggs and birds only for breeding and stocking purposes, but he expects to have a commercial license in July and then will be able to sell quail for eating.

He is trying to breed up his Northern Bobwhites to where they weigh seven or eight ounces. The ordinary quail weighs six ounces.

He is also experimenting with the Japanese quail, or Coturnix, imported from Europe and Asia. These quail start laying at the al-

most unbelievable age of six weeks. The eggs hatch in 16 days. The grown bird is larger than the Bobwhite.

However, their value for stocking purposes is not yet known, and they may not be suitable unless the U. S. Wildlife Service decides they should be stocked on a large scale. The reason for this is that they are migratory. Japanese quail released in Missouri have been found all the way from the Gulf Coast to Illinois.

Baby quail are only about as large as the end of one's thumb and weighs only a half ounce at hatching.

E. A. Thomas formerly bred chukar quail also, but he has sold his 50 pair of chukar breed stock to his brother, Claude Thomas, who is now producing this breed.

"Power brakes may stop a car on a dime—but it usually costs about \$100 to get the rear end fixed."—Dan Bennett.

The American Cancer Society says cancer cannot be cured by pills, powders, ointments or other phony nostrums used by quacks. Only a doctor can diagnose and treat cancer, advises the ACS.

Many Varieties Hegari Seeds

College Station—There is a lot of difference in the varieties of Hegari now available to Texas farmers. According to Associate Extension Agronomist Lee Coffey, reports reaching him indicate that considerable confusion exists among farmers as to the variety of Hegari they should plant.

Coffey offers these suggestions to farmers who plan to plant one of the varieties of the popular grain sorghum. Regular Hegari, he says, is recommended for bundle feed. Under good growing conditions, this variety will make a plant about six feet tall and is an excellent producer of forage and grain. Seed supplies are said to be on the short side.

Hi-Hegari is a comparatively new variety which was developed by the Texas Agricultural Experiment Station as a silage crop. This variety, under good growing conditions, averages considerably taller than regular Hegari and is a heavy producer of forage. Seed of this variety have been reported from at least one section of the state as scarce.

Early Hegari grows taller than Martin milo and is often too tall for combining. Its stalks are finer than other varieties and is recommended for hay. Seed supplies are said to be adequate.

Combine Hegari, says Coffey, is shorter than Martin and should not be used for hay or bundle feed. Under ideal growing conditions, it is one of the better producing grain sorghum varieties. It is, however, a poor grain producer under drought conditions. Coffey adds that it is often difficult to combine because it has poor head exertion and dries slowly. It is also rather late in comparison to other varieties of combine grain sorghums. Seed supplies are adequate.

Coffey suggests to farmers who desire more information on Hegari varieties a visit with the local county agent. He can also supply other information on growing this crop.

CARD OF THANKS
To our friends in Tahoka, I would like to say that words fail to express how grateful we are for the many kindnesses shown during this time of sorrow. We thank you so much.—Mrs. Smelser and family.

ROY L. WILLIAMS ELLIS BARNES
O. E. TERRY W. L. (Cap) ROWE
FLMER BLANKENSHIP

Continuing rainfall has emphasized the need for terrace maintenance. On fields that had terraces which had half or less of standard height terraces broken in many places causing water to be lost through these breaks and causing some erosion. The effective height of field terraces should be between fourteen and eighteen inches high. Flatter slopes requiring less height than steeper slopes.

Melvin Wuensche has a stand of El Reno sideoats grama and sorghum almun on his farm three miles north and one east of Wayside. The sideoats grama was planted on a raised seed bed to avoid being covered too deep from rains washing in soil.

Martin and Melvin Wuensche also have a stand of blue panic and sorghum almun on their place across the road north of Wayside.

Theo Campbell planted Blackwell switch grass and sorghum almun on his farm south of Wayside.

B. L. Hatchell plans to plant Sesbania as a soil-improving summer legume on his farm north of Wayside. Seed is to be inoculated to increase nitrogen fixation. Sesbania will produce more residue than peas, guar or other warm summer legumes and B. L. plans to cut the growth just before seed is made to prevent a volunteer seed crop. Residue is to remain on the soil surface until such time there will be moisture for plowing. The residue in the surface will re-

tard wind erosion during seasons of inadequate rainfall.

Weldon Bailey Completed planting Blackwell switch grass on his place north east of Wilson. This planting was made on top of the luster bed so that the seed would not be covered too deeply from heavy rains. Weldon was using a drag type planter attached for seed placement and planted with Jr. fine seed boxes.

C. N. Strickland planted three hundred acres of blue panic on a place west of Redwine and Tom Hale planted two hundred and forty-two acres to blue panic on his farm east of West Point.

Huffaker Speaks To New Home Men

Calloway Huffaker was the speaker at a recent meeting of the New Home Methodist Men's monthly breakfast.

Eleven attended the 7:30 a. m. meeting, and reports are that Huffaker, along with his brother Maurice Huffaker, arrived early enough to help cook the breakfast.

Those in charge of the meal were E. R. Blakney and J. R. Strain.

Mr. and Mrs. Ronnie Gurley of Denton were here Monday and Tuesday visiting his parents, Mr. and Mrs. Jesse Gurley. Ronnie expects to complete his work for the Master's Degree at North Texas State College in August, following which he hopes to coach and teach.

VAN ZANDT REUNION
Ex-residents of Van Zandt county will hold their annual reunion Sunday, June 9, in southwest part of Mackenzie State Park, Lubbock. Bring picnic basket. No speeches and little business, just visiting.

Mrs. Juanita Carpenter and daughter, Mrs. June Stanridge, were here this week visiting relatives and friends while moving from Dallas to Phoenix, Ariz., where they are going for June's health.

LYNN COUNTY TRACTOR CO.

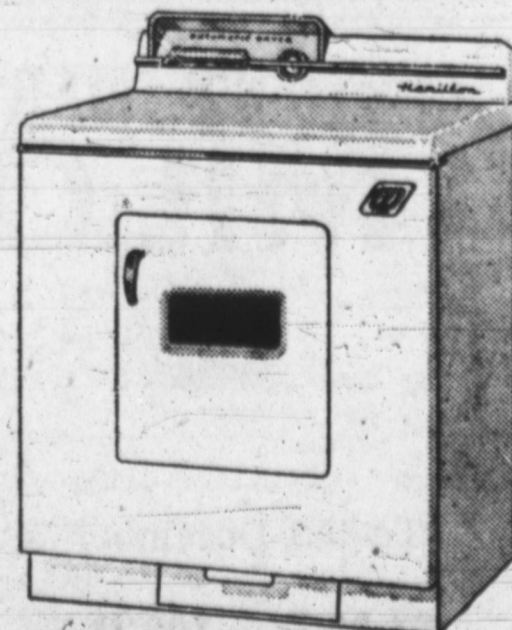

\$24.97

may not be a pot full

...but that's how much you can save a year using economical GAS for Clothes Drying!

If you're a lucky one who already has a pot-full (money, of course), might as well skip to the next ad. But if you feel that \$24.97 is a sum to reckon with, heed these words of wisdom: "Go first class with GAS and save the difference!" That's right. With gas, the average cost per year to a family of four is only \$2.64 — 9 times less than it costs to dry the same family's clothes with any other fuel. And without any fancy figuring or digit dodging about it, these figures mean that you can actually have a new dryer every 10 years free with the savings you make using economical gas for clothes drying. Add to this the fact that gas dries clothes faster, safer, and more dependably . . . and it makes good sense to go GAS like so many Smart Moderns are doing.

Meet the new Hamilton gas clothes dryer Model 3950, with automatic ignition.
