Serving Tahoka and Lynn County Since 1903!

The Lynn County News

Volume 53

Tahoka, Lynn County, Texas, Friday, June 14, 1957

Number 36

STANDING ON THE CORNER

With P. J.
It's not what you'd do with a million.
If riches should be your lot,
It's what you are doing at present.
With the dollar and a quarter you've got.

And now, back to the old, old problem of what Tahoka could do to keep its teen-agers and children busy. Flint, Mich., Rotarians found a way after an athletic director shocked them with the tragedies happening to the youth because of lack of anything to do.
One millionaire offered to build a community center, but the director instead asked him to contribute the money to the schools so that more coaches, teachers and facilities could be afforded to provide night-time activities for all ages.

A Foundation was set up, operated and run completely by the school board, and now the schools are never dark until after 9:00 or 10:00 p. m. Classes for adults, all kinds of wholesome recreation for teen-agers and children, are constantly being held.

As the article ended, "You'd like to do some of these things in your town but you haven't a millionaire? Well, have you a school building that is dark at night? That's where you start. That's where Flint did."—Rotarian.

Now, go back and read the poem at the beginning of this column again.

It's a little hard to write a column two or three weeks in advance as this one is being done, because it's a little hard to foresee what's going to be of interest at that time.

We don't like to get personal in this column, but we do know what Jake Jacobs is going to be interested in when you read this. He's going to be dragging his not-too-enthusiastic wife and two girls into the ball park in Kansas City to see the Yankees beat the socks off the Athletics (he hopes.) Not just once — but twice. Oh, groan, are those seats hard!

You know, all men are alike. Here he's taken me to Kansas City untempered times and I know that stadium by heart—every nook and cranny. But do you know how many times he's taken me down town? Once. And that was at night when the stores were closed. Is he mean, or just downright smart?

It always comes as quite a shock when a person upbraids an editor, reporter, either known or unknown, for some things printed in newspapers.

Of course, some things would (Cont'd. on Back Page)

After A Long Wait McNeelys Finally Get Grand-Daughter

It's finally happened in the Bill McNeely family. A girl has been born.

Little Shelia DeAnn, weighing 7 pounds, 4 ounces, was born to Jerry and Dorothy McNeely of New Home in a Lubbock hospital last Friday.

As a result of the child being a girl, Bill and wife are paying all the hospital bills—that was their standing offer for the first grand-daughter—and they were beginning to worry for fear there would be no takers.

The McNeelys have five sons. Six grandsons had been born, no girls. In addition, all of Mrs. J. H. McNeely's children were boys. Bill having four brothers. Mrs. Bill McNeely was the only girl in her family, and she has four brothers. Therefore, it's a safe prediction DeAnn will get a lot of attention.

The maternal grandparents are Mr. and Mrs. Bill Balch of New Home, and now that Bill has sold his butane business he will have more time to spoil the new baby.

New Methodist Pastor Formerly At Wilson Church

Rev. J. B. Thompson, the new pastor, was greeted with almost a full house at the Sunday morning services of the First Methodist Church, and Sunday night, the First Baptist Church membership attended the Methodist services.

The new Tahoka pastor is not entirely a stranger in Tahoka. He conducted services during Holy Week here in 1954 while Rev. Jim Sharp was the local pastor.

Rev. Thompson's first full pastorate was at Wilson Circuit during the years 1926-1929, and while there he also preached at Dixie and New Lynn.

He is a native of Erath county, but moved out to Lamesa, where he met and married his wife. He was one of the original students in Texas Tech the first year the college opened in 1924. He went on to take his degree while preaching, and later attended the Seminary at Southern Methodist University.

Rev. Thompson had just finished five years as pastor at Haskell before coming to Tahoka. Among his previous pastorates, he was at Tulsa four years and at Albany six years.

He and his wife moved into the local parsonage Thursday of last week. The couple has two grown children and four grandchildren. A daughter is Mrs. R. B. Dortch, who lives in Dallas with her three children and husband, who is a chemical engineer. A son, Charles Thompson, is director of education and music of the First Methodist Church of Corsicana. While in the service in England, he married Bette Smith of Nottingham, England, and the couple has one son.

Fire Destroys Wilson Home

The Willie Schneider home, about a mile and a half northeast of Wilson, was completely destroyed by fire Wednesday morning following an explosion under the bathroom at about 9:30. Tahoka Fire Department was called to the scene but the house was already gone.

The Schneider's daughter-in-law, Mrs. Owen Schneider of Tahoka, said Willie was in the field planting cotton at the time. A son, Bobby, 15, was at the house, but the rest of the family had gone to Slaton to attend a Bible School.

During the recent tornado, the house was shaken up, and the deepfreeze and other equipment moved around. It is theorized that a leak was thereby caused in the butane system, that gas collected in or under the bathroom and was ignited by the water heater. Anyway, an explosion in or under the bathroom upset the bathtub. Bobby ran to put out the fire, but flames spread so fast he could do nothing and the house was aflame all over by the time Willie could get to the house.

Howard Tunnell of Lubbock, visiting friends in Tahoka Monday, declares that much of Lubbock county, like Lynn, has no crops up as yet, and many farmers still are unable to get in their fields. He says southern Bailey county, where he owns farm land, is better off so far for crops than any area he has seen.

Miss Wanda Murray, daughter of Mr. and Mrs. T. J. Murray, and Bobby Huffaker, son of Mr. and Mrs. H. E. Huffaker, all of Grassland, are home for the summer from Bethany, Okla., where they have been attending Bethany Nazarene College.

John F. Thomas received painful burns on the face Sunday when the pop-off valve on a butane tank blew off and hit him in the face.

Mrs. T. M. Upchurch has been a medical patient in Tahoka Hospital this week.

Mrs. Hall Robinson is having the Sunshine Inn exterior repainted.

REV. J. B. THOMPSON

Harold Green Is New Bar Head

Two local attorneys were elected officers in the South Plains Bar Association at its quarterly meeting held Saturday night at Lamesa.

County Attorney Harold Green was elected president of the body, and District Attorney Mitchell Williams was named the new secretary-treasurer. Burton Hackney of Brownfield, a Tahoka High School graduate, was elected vice president. Stansell Clement of Lamesa is the retiring president.

Judge Collins of the Eastland Court of Civil Appeals was the principal speaker for the occasion. The association meets four times a year, and embraces Lynn, Dawson, Gaines, Yoakum, Terry, and Garza counties.

More Help For Tornado Victims

Assistance continues to come in for benefit of the Lynn county tornado victims.

Last Saturday, the Methodist Church of Wellman sent in a check for \$48.35, and on Sunday the same church brought over several boxes of clothing to Rev. J. B. Thompson, the new Methodist pastor. Also Asbury Church of Lubbock sent word to Rev. Thompson it had taken a collection for victims of the storm.

The material and money is being turned over to the proper authorities.

ROBERT HILBURN MADE PRIVATE FIRST CLASS

Fort Gordon, Ga.—Robert L. Hilburn, son of Mr. and Mrs. H. E. Hilburn, Tahoka, recently was promoted to private first class at Fort Gordon, Ga., where he is a member of the 133rd Signal Company.

A central office technician in the company, Hilburn entered the Army in July 1956.

He attended Odessa College.

PARKERS BUY HOME

Mr. and Mrs. O. R. (Pug) Parker have moved a new three bed room and two bath home to their lots on Taylor Street just south of the Brownfield highway.

Two Children Stricken By Polio

Two polio cases developed in Tahoka last week end, bringing the definitely known cases in Lynn county this spring to four, all of them the bulbar, or most serious type.

The latest cases are the two little sons of Mr. and Mrs. C. E. Newsom, who live on South Fifth. Both are in Methodist Hospital, Lubbock. The older boy, David, age six, is in very critical condition, and is paralyzed from the neck down. The younger, Dennis Ray, age four, also has been on the critical list, but has shown some improvement and was taken out of the iron lung Tuesday.

The children were complaining of sore throats last week, and were taken to a physician on Friday, who recommended that they be taken on to Lubbock for special treatment.

Another Tahoka child, Debra Booker, age 20 months, daughter of Mr. and Mrs. Leon Booker, colored, is reported improving in a Wichita Falls hospital.

The fourth definitely known case was that of the Lit H. Moore Jr. child of New Home, who died of the disease, and the three other children of the family were listed as probably having had polio, detected in sufficiently early stage for successful treatment.

In the meantime, Dr. C. Skiles Thomas of Tahoka Hospital and Clinic, told The News a number of children are taking the Salk vaccine shots, and an effort is being made to keep sufficient vaccine on hand to meet the demand.

All health and medical authorities recommend that babies, children and adults take the series of three shots, as there is no chance of neutralizing the disease without such.

First and second shots of Salk vaccine are given about a month apart, and the third should follow seven months later.

Congratulations -

Mr. and Mrs. Winfred Craig on the birth of a son weighing seven pounds one ounce in Garza Hospital at Post Tuesday night. Mr. Craig is employed at McNeely Machine Shop.

ENLIST IN ARMY

Jimmy Harter and Jimmy Dunlap enlisted in the Army Tuesday at Amarillo. They will go to Camp Chaffee, Ark., for pre-training, and will receive basic training at Fort Riley, Kan., before receiving assignment to the 8th Infantry Division. Both are 1957 graduates of Tahoka High School.

SURGERY AT TEMPLE

Mrs. Jack Fenton underwent major surgery in a Temple hospital Tuesday morning. She is reported to be doing fine.

Rev. and Mrs. Clifford Harris visited in Dallas the first of the week.

Arlie McNeely underwent surgery in a Lamesa hospital Friday of last week.

Weather Continues To Hinder Farmers In Starting Crops

New Fire Siren Bought By City

City of Tahoka has purchased a new fire siren which the manufacturers claim will put out a sound that can be heard up to three and a half miles, according to Mayor H. B. McCord Sr.

The old siren will be moved to a location in North Tahoka near the public school buildings, and both sirens will be wired in on the same switch.

The new siren was bought for two reasons, namely: 1. Volunteer firemen sometimes fail to hear the old one. 2. The additional siren will give further protection when and if it becomes necessary to sound further tornado alerts—four short blasts on the siren.

The City has also had the warehouse damaged in the tornado repaired at a cost of \$1,250. This was the only building owned by the city that was not covered by insurance. Since the building is all-steel construction and could not burn, the Council had failed to insure it.

Entries Sought For Queen Contest

Entries are now being accepted for the annual Lynn County Farm-Bureau Queen Contest, according to Mrs. I. V. J. Melton, office secretary of the organization.

All single girls between the ages of 16 and 22 who are daughters or sisters of Farm Bureau members are eligible to enter, Mrs. Melton said.

Winner of the county contest, which will be held in Tahoka on August 23, will go to the district contest. Winners there will go in to the state contest, and the Texas winner will have all expenses paid to the National contest.

Girls will be judged in the contest on grace, poise, charm, vivaciousness, and all other qualities that make up winsome Texas future homemakers.

ATTEND INSTALLATION

Attending the O'Donnell Eastern Star installation program Monday night were: Mmes. Franklin of New Home, Rush Dudgeon, Opal Hamilton, Helen Biggerstaff, Beulah Applewhite, and Jane Morehead.

Floyd Brasher, who has been working for a milk company in Lubbock, will return to work for D&H Super Market here beginning next Monday.

Arlie McNeely underwent surgery in a Lamesa hospital Friday of last week.

Lightning Hits Two Residences

Only minor damage was done when two separate strokes of lightning struck two residences here Saturday night during the severe electrical storm.

Lightning burned out the motor and freezing unit of the refrigerator at the home of Eugene Munselle.

At the home of Mrs. W. D. Smith, at the rear of the home of her son-in-law, H. B. McCord Sr., lightning set fire to an air conditioner. The fire was put out with a garden hose.

The Fire Department was called to both fires to make sure flames did not spread.

4-H Club Team Third In State

Lynn county's 4-H club entomology team placed third in the state contests at the annual 4-H Round-Up being held this week at Texas A. & M. College, according to a telegram received Wednesday from Bill Griffin, County Agent.

The team scored 541 points out of a possible 600, and was one of twelve teams which had previously won judging championships of as many Texas districts. A Lynn county team placed third in the same contest last year.

Members of the team are Robert Overstreet, Raymond Bagby, Joe Koper, and Lester Ford.

Miss Wanda Roach, home demonstration agent, and several other 4-H club boys and girls are also attending the Round-Up.

County Agent-in-Training Nathan Boardman has been keeping Mr. Griffin's office in his absence.

Spanish Classes Are Open To All

Classes in Spanish Grammar and Conversational Spanish will begin Tuesday June 18, at 7:00 p. m., at the First Baptist Church of Tahoka.

Any of the local public who is interested in learning a practical usage of the Spanish language is invited to attend this series of classes which will extend through August, meeting every Tuesday and Thursday nights of the week.

Mr. and Mrs. George Young will be in charge of the instruction of these classes.

For further information, see the Youngs or W. T. Kidwell at the Piggly-Wiggly, Dub Kenley at Kenley Food Store, J. R. Autry at Pk & Pak.

BAPTIST MEN WILL HONOR CHURCH BOYS

Monday night will be "Father and Son Night" at the Brotherhood meeting of the First Baptist Church.

Rev. John Rankin of Amherst, District 9 Royal Ambassador leader, will be the speaker.

Supper will be served at 7:30 p. m., and all boys nine through 16 years of age are invited as guests. Plans for the summer camp will also be discussed.

E. H. West reports that high winds last week end necessitate the replanting of some cotton in his part of the Petty area.

Ted Rogers reports most crops are up and doing fine in the Newmore and Wells areas of Lynn county.

Linda Ray Cathcart of Dallas is here visiting for two weeks with her uncle and aunt, Mr. and Mrs. Bill Athcart.

Mrs. Cornelia Kelley, a patient in Tahoka Hospital, is reported to be doing well.

Thunder storms and some high winds the past week have destroyed some plantings, but on the other hand hot, sunny weather has been an aid to many farmers in getting planting underway and benefitting cotton that was already up.

Temperatures the past week have ranged from a high 84 degrees on Thursday of last week to a high of 98 degrees on Tuesday of this week. The high on Monday was 94, on Wednesday 96. Nights have also been warm, especially Tuesday night, when the minimum temperature was 74 degrees.

Radio and television announcements of severe thunderstorms Tuesday night south and east of Tahoka, caused sounding of the tornado alarm on the fire siren. As a result, many storm-conscious Tahokans dashed to storm cellars or raced their cars to open country.

Cotton planted last week end is reported coming up to a good stand over much of the county.

Rainfall Saturday night in Tahoka amounted to .37 inch, and on Tuesday night to .07 inch, bringing the total for the year to 15.45 inches, far above normal.

However, thunderstorms both nights made necessary the replanting of some cotton. Tuesday night's storm moved across the county south of Tahoka and out east of town.

High winds on several days have also caused some damage, cutting off or covering up with sand cotton just coming up.

Others lost considerable cotton last week, the plants dying because of a fungus disease induced by the cool, wet weather.

Most of the cotton acreage will have been planted by the end of this week, The News is informed. Possibly half the acreage is already up.

Although late this year because of continuing rains, followed by high winds, prospects are still good for a big-crop if the weather remains favorable from here on out. Practically all cotton is up in the western part of the county, while other areas have some cotton saved, but most of it replanted cotton. In fact, many farmers have planted cotton three or four times, and there have been a few reports of five plantings.

School Transfers Are Approved

Approval of 39 transfers of students from one district to another was announced by the Lynn County Board of Education following its meeting here Tuesday, according to Mrs. Ruth Jolly, county superintendent.

Twenty of the 39 are transfers across the county line.

Of these 20, sixteen are O'Donnell Negro students, transferred to Lamesa. Two were transferred from Tahoka district to Post, one from Wilson to Cooper, and one from New Home to Meadow.

Within the county, Tahoka had 16 students transferred in, 11 out; O'Donnell, two in, four out; Wilson, none in, seven out; New Home, nine in, none out.

AT GRAND LODGE

Attending the Grand Lodge of the Knights of Pythias and the Pythian Sisters in Mineral Wells this week were: Mmes. Emma Halameek, Elnora Curry, Irving Dunagan, J. B. Oliver, and R. L. Richardson.

They went down on Sunday and returned home Wednesday afternoon.

Mr. and Mrs. A. M. Bray will have arriving Saturday as guests her parents, Mr. and Mrs. C. W. Brown of Ennis; her sister, Mrs. W. D. Simmons and son, Dallas; and Judy Sullivan, her niece, also of Ennis. The group expect to be here about two weeks.

Pioneer Reunion June 22 Is Expected To Draw Crowd

Plans are about complete for the annual Lynn County Pioneer Reunion, being held this year on Saturday, June 22, two days earlier than usual.

Entertainment will include a program, lunch, old fiddlers contest, and a dance.

Mrs. Beulah Fridmore, program chairman, has arranged something different for this year's morning meeting beginning at 10:00 o'clock. Pioneers from each of the four school districts, New Home, Wilson, Tahoka, and O'Donnell will put on a skit featuring the days gone by. A prize will be presented the winning group, judged by out-of-county judges.

Opening the meeting, Mayor H. B. McCord will issue the welcome.

Prizes will also be presented the oldest lady, the oldest man, and the pioneer coming the greatest distance. Mrs. Hall Robinson, awards chairman, says the policy started last year will again be carried out. This is that no one receiving one of these prizes in the past will be eligible this year, but prizes will be handed down to the next in line.

Norvell Redwine is in charge of the dinner which will be served at noon.

Beginning at 1:30 p. m., an old fiddlers contest will be held again this year, with R. C. (Ruby) Wells be chairman. He has already heard from five old fiddlers, and expects to have ten or twelve contestants.

An old time dance is being planned at night at the Legion Hall.

Officers will be elected for the new year following the fiddle contest.

H. B. (Belton) Howell is this year's president; Maurice Small, vice president; Mrs. Dale Thuren, secretary. Clint Walker is finance chairman, Maurice Small and Albert Curry in charge of grounds and seating; Happy Smith, refreshments; Mrs. Hall Robinson, trophies.

Several merchants expect to arrange displays of pictures and relics again this year, and citizens are asked to bring in articles of interest to be placed in show windows.

Have any news? Phone 35.

Gordon News

MRS. EARL MORRIS
Correspondent

Mr. and Mrs. Ed Roberson of Lubbock attended Church at Gordon and visited her parents, the W. S. Guinns Sunday.

The Rev. and Mrs. S. M. Bean, Harriet and Hazel have moved into the Methodist parsonage and he will be pastor for this Church another year.

Mrs. S. J. Armstrong, Dorothy and Francis visited the Rev. and Mrs. Lusby Kirk in the Baptist Parsonage Sunday.

Mr. and Mrs. Aubrey McNeely and children went to New Deal Thursday to attend a funeral for McNeely's brother, Roy McNeely who died last Tuesday night following a heart attack. Mr. and Mrs. H. D. Hallman, Mr. and Mrs. T. L. Weaver also attended the funeral.

A. F. Davies returned home last Friday after a month's visit with a daughter and family, Mr. and Mrs. Fred Davis of Weatherford. Mrs. Davis accompanied her father home and spent the week end here.

Mr. and Mrs. Win Warren of Hollis, Okla., visited his brother, Mr. and Mrs. J. A. Warren Sunday.

Mr. and Mrs. Claude Hauser spent the weekend in Gruber with a brother-in-law, J. F. Hawkins, a

nephew and family, Mr. and Mrs. Jeff Hawkins and baby. They attended the wedding of Mrs. Haire's niece, Miss Suellen Hawkins to Robert Dahl, which took place in First Methodist Church Sunday afternoon. At noon Sunday they attended the rehearsal dinner in Fellowship Hall of the Church.

Mr. and Mrs. B. B. Burk visited last week in the home of the Fred Davidsons. He is Mrs. Davidson's brother and is being transferred from McKinney Veterans Hospital to one in Long Beach, Calif.

The W. M. U. Ladies met at the church Monday afternoon for their Bible study with Mrs. S. W. True-look as leader. Mrs. Ed Denton was a visitor.

The Ladies of the W. S. C. S. met at the church Monday afternoon for their program on "The Heart of a Stranger" with Mrs. Jesse Ward as leader. Mrs. J. Oats, Miss L. Davidson, Mrs. Wm. Lester and Mrs. E. Morris, were on the program. Members were Mrs. Bean, Mrs. E. H. Johnston, Mrs. Ferrel Wheeler and Mrs. Valton Wheeler. After a business session the Rev. Bean dismissed with prayer.

Mr. and Mrs. Ed Milliken visited his sister-in-law, Mrs. Jack Milliken, who was a patient in Slaton Mercy Hospital with a heart condition last week.

Mrs. F. E. Weaver and Mrs. J. B. Rackler are both confined at home with the mumps.

J. R. Wood returned to his home last Tuesday after an extended visit with his son and family, the Wilburn Woods in Tolent, Ore.

Billy Williams, who recently received his discharge from the Army in Ardmore, Oklahoma, is at home with his parents, the Roy Williams. Another son, Dean, is on a furlough from San Diego, Calif. Visitors in the home last week were a daughter, Mr. and Mrs. Don Sikes of Slaton, Mr. and Mrs. Will Williams of Graham, Roy Wayne McGeehee and Pete Gist of A. C. C.

Mr. and Mrs. Donald Edmunds and children spent Sunday at Lake Thomas. Mrs. Warren Skinner and her daughter, Mrs. Tene Seally and Ricky of Lamesa were Thursday guest of Mrs. Ed Milliken.

Mr. and Mrs. B. R. Short and Janey of Lubbock visited Mr. and Mrs. E. H. Johnston and Sharla, Sunday.

Mr. and Mrs. Billy Winterwood of Amarillo were Sunday guests of a son and family, the P. E. Winterwoods.

Mrs. Mae Kidder and baby of Baytown are visiting her uncle and aunt, Monroe and Miss Dolly Shelton.

Mrs. W. O. Hill of Levelland recently visited her daughter and family, the T. L. Weavers. Florence Ann returned home with her grandmother for a few days visit.

Mr. and Mrs. Jesse Ward and Carolyn went to Levelland Friday to visit daughter and family, the Randle Cobbs.

The E. H. Johnston family of Slaton were Sunday dinner guest of the Wm. Lesters.

FIRE FIGHTING techniques were an important part of training for the Texas recruit company at Great Lakes Naval Training Center. Manning a hose before attacking a blazing oil fire are, l to r, (front row) David Baumann of San Antonio, John Hulse of Galveston, (second row) Charles Eaves of Bellaire, Richard Johnston of San Antonio, and (rear) Tommy Layman of Galveston. Graduation of the Texans on July 6 will highlight Great Lakes Navy Homecoming's "Salute to Texas" week, July 1-7. (Official U. S. Navy Photo)

Brother Home From India

Dr. Charles S. McCleskey and wife, missionaries to India, brother and sister-in-law of W. G. McCleskey of Grassland, have just recently returned to the States and have been visiting in Stephenville.

Dr. and Mrs. McCleskey will be remembered by several Lynn county people, as they have visited here on several occasions.

He is professor and head of the Bacteriology Division of Louisiana State University, Baton Rouge, and is on two years leave to teach in Christian Medical College at Vellore, in southern India. This college is the best known in Southern Asia, and draws students from a wide area. The medical school has its own hospital of 700 beds, and is always full to capacity.

Staff members are chiefly Indians, but includes specialists from the US, England, Canada, Australia, and Switzerland. It is supported by 40 different church denominations.

Dr. McCleskey is head of the Bacteriology department and in addition supervises the work of 17 staff members.

He and wife traveled extensively over India. It is his opinion that Nehru and the Indian government are doing their best to improve the economic condition of

that country. He says the Indian people are very friendly, although he can not approve some of their customs and beliefs.

To protect the life of the President and to suppress counterfeiters are the two statutory duties of the Secret Service.

Today's MEDITATION

The World's Most Widely Used Devotional Guide

The Upper Room

© THE UPPER ROOM, NASHVILLE, TENNESSEE

The Son of man came to seek and to save the lost. (Luke 19:10) RSV.

Two small Arab boys gazed upon Alfred Soord's picture, The Lost Sheep. Pointing to Jesus, one little fellow said, "Look, He's going to fall!" Immediately his playmate said, "No, He isn't; He's holding fast."

Such childlike faith is the kind we would like to have for ourselves. These possessed of such faith do believe that no matter what the personal dangers—no matter what the cost—Christ came to find us and save us, His lost sheep.

What a comforting thought! Christ is eager to help us find our way back to God regardless of the number of times we have strayed from His path.

"I am the way, the truth, and the life: no man cometh unto the Father, but by me." God sent His Son into the world to save sinners. His mission is a sacred one. Because God sent Jesus to us, He will not fail; He will hold fast.

Let nothing hinder us from believing in Christ and His power to save us and to unite us in the fellowship with all others who so believe.

PRAYER

Gracious Father, we thank Thee for Thy Son, Jesus Christ. Grant us insight to sense that He is seeking us, strengthen our belief that He can save us, increase our love and encourage us to trust His guidance. In His blessed name. Amen.

THOUGHT FOR THE DAY

With Christ as my guide, I cannot lose my way.—Barbara Ann Ripley, Nurse (Connecticut)

Thomas Jefferson started the Democratic party in 1793 when he resigned from Washington's cabinet and formed his own political party.

Mrs. Winterwood and children visited her mother, Mrs. L. L. Lightfoot in Fort Worth and other relatives in Whitney last week.

Mr. and Mrs. Jay Oats were Sunday afternoon guests of his uncle, Mr. and Mrs. O. A. Oats in New Deal.

Mr. and Mrs. Clyde Shaw were in Levelland last Thursday to attend a funeral for their friend, Mrs. Adams.

Mr. and Mrs. Sam Kirby and daughter of Oil Center, Mr. and Mrs. H. G. Seals, Jr. were weekend guests of their parents, the H. G. Seals, Sr.

Monroe and Miss Dolly Shelton, Mr. and Mrs. John Shelton were dinner guests of a sister and family, the Roy Dements in Slaton Sunday.

Mr. and Mrs. G. L. Bruster of Carlsbad, N. M., Mr. and Mrs. Melvin Bruster visited their mother, Mrs. C. M. Bruster and a sister and family, the W. A. Basingers, last week end.

PERSONALS

I AM NO LONGER RESPONSIBLE FOR MY WIFE'S ACTIONS

(Since she got her new kind of Ford)

"If she is unbelievably happy at 7:00 A. M. every morning, I now hold her 1957 Ford responsible. If she is off for the day at 7:02 A. M., I suggest that it is the power of Ford's Thunderbird V-8 engine. If she appears vastly more style-conscious, it is the longer, lower lines of her new kind of Ford that have made her so.

"If she arrives home remarkably refreshed, I refer you to the lower, more comfortable seats, the wider wrap-around windshield and the other peace-of-mind features of her new "Inner Ford." If she's just a bit more spoiled, don't blame her. With optional power steering, power brakes, power windows and seat—who wouldn't be?

"And if she is constantly raving about the savings her new car brings her, she's merely confirming what I've been telling her about Ford for years! Sure, we're a two-Ford family now. But even having one Ford in the family was more fun than you can imagine! Try a new '57 Ford at your house. It's Terrific!"

Pony League Play Delayed

The Co-op Gin Orioles upset the Goodpasture Grain Braves 9 to 5 in a Pony League ball game before a large crowd of fans here Tuesday night.

Richard Stice pitched all the way for the Orioles, got three hits out of four times at bat and crossed the plate for two scores. Larry Brown helped the cause with two hits in three trips. Robert Hood started on the mound for the Braves, and was relieved by first baseman Jim Green, who was tagged with the loss, but each pitcher had two hits out of three times at bat.

The game was a reversal of form shown by the Orioles in losing last Thursday here 14 to 5 to the White Sox of Post, sponsored by Bob Collier Drug. Ray Gonzales was the winning pitcher, and Finis Rogers the losing hurler. John Freddie Thomas had three hits out of four times up, but Post had the Orioles' number that night.

Several games in Pony League play have been rained out.

One of the freak games of the two county league so far, was that at Post recently when the Indians, sponsored by Levi's Cafe, overwhelmed the White Sox of the same city 25 to 17 in a game called in the fifth because of threatening weather.

PONY LEAGUE SCORES

Braves 6, Indians 4.
White Sox 8, Orioles 7.
Indians 25, White Sox 17.
Indians 6, Braves 5.
White Sox 14, Orioles 5.
Orioles 9, Braves 5.
*Results not available on Indianapolis White Sox game at Post Tuesday night.

PONY LEAGUE STANDINGS

*Post Indians	2	1	.666
*Post White Sox	2	1	.666
Tahoka Orioles	1	2	.333
Tahoka Braves	1	2	.333

*Does not include Tuesday night game between these two teams.

*"Yankee" comes from the Dutch word "yanku" meaning to snarl.

Weather Delays Little League

Due to weather conditions, many Little League games have to be made up, and President C. W. Conway has announced a rush-up schedule which may be found on this page in an attempt to catch up on play.

With eight games played through Tuesday, the Giants have won four and lost none and the Cubs are right behind with three victories.

In play last Wednesday evening, the Giants blanked the Yankees 5 to 0 behind the pitching of Larry Thomas, although giving up nine hits. The losing pitcher, Grayum George allowed only six hits. Ronnie Reed, the league-leading batter through this Tuesday with .864, had two for two, and caught two long flies in the fifth with the bases loaded and assisted for the third out. Miller and Edwards each had two in three trips for the losers.

Thursday night, the Cubs defeated the Cards 9 to 4 in four innings behind the pitching of Craig Leslie, who struck out 9 batters and allowed only two hits. Womack was the leading hitter for the Cubs with a double and a triple. The losing pitcher, Kenneth Scott struck out 8 in losing, but gave up nine hits.

Saturday night, the Cards took the Yanks 16 to 2, called at the end of four. Tony Spruiell was the winning pitcher, and Terry Harvick was the leading hitter with four for four. Stice, who got credit for losing pitcher, got relief from George and Knight.

Monday night, the Giants won over the Cards 10 to 3, and the Cubs took a 15 to 3 victory over the Yanks.

Andy (Lefty) Bray hurled for the Giants, and was backed up by strong hitting 2 for 3 by Reid, 3 for 4 by Hank Chappa, and 2 for 3 by Ronnie Shepherd (.666). Terry Harvick was tagged with the Card loss.

Terry Brown was the winning Cub pitcher and also got two hits in two trips, as did Gary Grogan. George was credited with the pitching loss for the Yanks. Steve Greer

MORE HELP NEEDED AT JUNIOR BALL GAMES

Officials of the Pony and Little League have asked The News to make an appeal for more men to serve as umpires, help move fences at games, move bases, etc.

At several games so far, managers, coaches and players have had to do these chores, and in some cases it has been necessary for coaches to do the umpiring. Such is not fair either to the men or to the boys playing.

Also, fans are asked to refrain from yelling at or talking to individual boys playing on the field, except to cheer for outstanding plays. Little League and Pony League rules forbid fans from even talking to managers, coaches, boys, or umpires on the field, or for any of these on the field to talk to fans. This rule is believed to be a good one as it helps prevent putting undue pressure on young boys trying to learn the game of baseball. The News has been asked to relay this information to fans and to ask for a better spirit of sportsmanship.

LITTLE LEAGUE STANDINGS

	W	L	Pct.
Giants	4	0	1.000
Cubs	3	0	1.000
Cardinals	1	4	.200
Yankees	0	4	.000

GAMES RESULTS TO DATE

May 27, Giants 3, Yankees 2.
May 28, Cubs 8, Cards 4.
June 6, Giants 5, Yanks 0.
June 7, Cubs 9, Cards 4.
June 8, Cards 15, Yanks 2.
June 10, Giants 10, Cards 3.
June 10, Cubs 15, Yankees 3.
June 11, Giants 3, Cards 0.

SCHEDULED GAMES

Following is the schedule for the next week, including make-up games.

Thursday: Cards vs. Yanks.
Friday: Cubs vs. Giants.
Monday: Yanks vs. Giants.
Tuesday: Cubs vs. Cards.
Wednesday: Cubs vs. Yanks.
On days of double-headers, first game at 6:00 p. m. and second at 8:00 p. m. Single game days, play starts at 6:00.

slammed out two hits on three tries for the Yanks.

In the best game of the season Tuesday night, the Giants won over the Cards, 3 to 0 behind the two-hit pitching of Bill Kopecky. Ken Scott was the losing pitcher but did a fine job, giving up only four hits. There was only one error in the game.

PONY LEAGUE SCHEDULE

Thursday: Orioles vs. Indians here, White Sox vs. Braves at Post.
Tuesday: Orioles vs. White Sox here, Indians vs. Braves at Post.
Thursday, June 20: Braves vs. Orioles here, White Sox vs. Indians at Post.

Mrs. Richard McNeely is attending business college in Lubbock, and Mrs. Bill McNeely is keeping the children.

Wedding rings are placed on the third finger of the left hand because of an old Egyptian belief that a nerve ran from that finger to the heart.

Shaving was originally a protective measure since long beards were easy for opponents in combat to seize.

William Henry Harrison held the shortest term of any U. S. President. He quied one month after taking office.

On December 27, 1776, George Washington was made dictator of the United States—the only one we have ever had.

The width of United States ships is determined by the Panama Canal, and the height by the Brooklyn Bridge.

Lincoln was assassinated at Ford's theatre while attending a play entitled "Our American Cousin."

The flag of the 11 Confederate States of America was known as the "Stars and Bars."

Theodore Roosevelt was the youngest president of the United States. He was 43.

ELECTRICITY BRINGS THE PASTURE TO THE COW

Fantastic, No! Latest innovation of the application of electric power actually brings the pasture to the cow, and dairymen in many sections of Texas are using the machine for supplemental feeding. The magic equipment is a cereal grain "incubator" which grows grass 6 to 8 inches in six days.

Secret of the installation, called a Herbage machine,

is in the use of electric heat pumps for accurate temperature control and a practical application of hydroponics. Hydroponics is the cultivation of plants by placing the roots in liquid nutrient rather than in soil.

The cereal grains are pre-soaked, allowed to drain, then put in trays and racked like a file cabinet. With proper control of heat, humidity, light, and chemically

water, seeds are sprouted and a phenomenal growth is completed in six days.

The experience of dairymen using this machine has shown that 20 pounds per day per cow will increase milk production from 10 to 20 percent and butterfat content 2 to 3 points. Cost of the forage has been from \$8 to \$12 per ton. Annual production in a 40 cow unit equals that of 80 acres of farm land, the plantings are spaced to yield 800 pounds of forage daily.

Blankenship Dairy, Amarillo, is putting a 12 by 20 foot machine through its paces at this time. This machine has 120 trays with 5 grain baskets per tray; it produces grass for 40 head and will produce over 140 tons of grass per year.

Heat and circulation is controlled by units attached to sides of incubator building. These units have whipped the mold problem which plagued the earlier models of the machine.

Mr. A. O. Blankenship, Blankenship Dairy, Amarillo, inspects a crop of five day old oat grass. Lower left, two baskets show grass and root development after 6 days of growth.

200,000,000 BAGS of PURINA CONCENTRATES stand back of our New grain mixing service

We have just taken on the new Purina CHECK-R-MIX Service. This means we have back of us the Country's largest and most experienced grain balancing program. We feel it will mean top quality livestock and poultry rations from your grain.

For example, we mix your grain with Purina Concentrates. Over 200,000,000 bags of them—far more than any other brand—have been used for this purpose in all parts of U. S.

Next, we use Purina Approved Mixing Formulas—each one approved by actual testing at the Purina Research Farm.

And finally, our grinding and mixing accuracy is tested regularly by Purina Laboratories. With Purina Micro-mixed Concentrates and our very accurate mixing, we can make rations that get the best possible results from your grain.

Bring in a load of grain and you'll quickly see how fast and accurately we handle your grain. Pick out the rations you want from our list of Purina Approved Formulas. Feed them and SEE the top profit job they do for you.

Four Proposals Are Made For Changes In Farm Program

Lubbock, June 13—Four bills pertaining to increased farm income and expanded markets for cotton have been introduced recently in Congress. Of primary interest to South Plains producers is the bill introduced by Cong. Paul C. Jones, (D. Mo.)

It is the bill that the Plains Cotton Growers, Inc. was instrumental in developing at meetings held last month in Memphis with other groups of the American Cotton Producers Associates.

Cong. Thomas Abernathy, (D. Miss.) co-authored the bill in the House and Sen. Stuart Symington, (D. Mo.) is to introduce the bill in the Senate.

Hearings on the bill are to begin June 14 in the House. Geo. W. Pfeiffenberger Lubbock, Executive Vice-President; Wilmer Smith, New Home, Vice-President; and W. L. Edelman, Friona, member, will represent the Plains Cotton Growers at these hearings.

The PCG backed bill calls for five main points:

1. Establishment of National marketing quota of not less than estimated consumption, plus exports.
2. A "domestic percentage" shall be determined by dividing the domestic consumption and exports into the domestic consumption. This percentage shall be applied to each farm to obtain the domestic allotment.
3. Level of price support at 95 percent of average world price as estimated by Secretary of Agriculture.
4. Equalization payments on domestic portion of crop to be made

by the first buyer (who would be reimbursed by CCC) in amount equal to difference between average spot market prices or support level, whichever is higher, and 90 percent of parity, but, if funds are not available for carrying out this provision, price support would be set in accordance with present variable formula.

5. Producer would be eligible for participation in the Soil Bank only if he reduced acreage below 1957 allotment.

Pfeiffenberger, in explaining the bill, said that it is the general consensus that the national marketing quota would be estimated approximately 9 million bales domestic and 5 million bales export.

In point No. 2 the domestic percentage is figured by assuming the domestic estimate to be 9 million bales and the export to be 5 million, total 14 million. The domestic percentage would then be 9/14. Each farmer's allotment would be divided into the domestic allotment of 9/14 of his total and the export allotment would be the remainder. For example if a farm had 140 acres total allotment, there would be 90 acres for domestic and 50 acres for export, he explained.

"Point No. 3 mentions the level of price support. This would be 5 percent below the world estimated price which is believed to be about 27 or 27-1/2 per pound. This would make the loan at about 26 cents. It is believed this loan will help hold up the world price and also put a floor under the cost to the government," Pfeiffenberger said.

Point No. 4 concerning equalization payments was explained: "In the original bill it was proposed that the government make direct subsidy payments to the farmer. This was not satisfactory to all groups working on the bill and it was decided that in order to avoid limitations as much as possible the subsidy payments would be made to the buyer, who will in turn make them to the farmer or producer."

Pfeiffenberger said the PCG does not agree with the wording of the bill that adjustments in the subsidy itself are necessary for various qualities and locations, because this would be taken care of by the differences in the market prices. He added representatives will oppose this item in preliminary meetings in Washington.

The last point of the bill concerning the Soil Bank was included to take care of commitments of the government on the Soil Bank. It means that anyone participating in increase of acreage would not be permitted to enter the Soil Bank. On the other hand if he so elected farmers could go into the Soil Bank but would not participate in additional acreage through this plan, Pfeiffenberger concluded.

ATTEND WEDDING

Daniel and Jerene Verkamp, Jeanette Schneider, and their aunts, Mrs. Alfons Bednarz and Mrs. Augusta Blume, returned Monday from Hastings, Nebraska, where they attended the wedding of their cousin and niece, Mary Lou Verkamp.

SAN JOSE MISSION STATE PARK AND NATIONAL HISTORIC SITE surround this historic church at the edge of San Antonio. The mission has so great a part in history that it is the only designated national historic site in Texas. Beside this old structure with its beautifully carved stone facade and its famed rose window, the mission restoration includes the defense walls, the granary, quarters of priests, civil authorities, military forces and Indian converts. The restored grist mill is said to have been the first industrial plant in the state.—Photo by Ellison, Austin.

HUNTSVILLE STATE PARK is on a paved park road that leaves U. S. Highway 75 six miles south of Huntsville. The park now has a 300-acre lake behind a dam that was rebuilt last year. The spillway of the original dam was washed out by a heavy flood in 1940. Its replacement was financed by selling timber selectively cut in the park's 2,000-acre forest. During the idle period the lake was expertly managed to get the best fishing. It was opened to fishermen June 1, 1957. Photo by Frank Dobbs, Huntsville.

HOME FROM COLLEGE

Miss Joyce Verkamp, who attends Our Lady of the Lake College in San Antonio, is spending the summer with her parents, Mr. and Mrs. S. H. Verkamp, and family at Wilson.

Mrs. George (Nancy Nell) Morris and two sons, Allan and Andy, of El Paso have been here since Wednesday of last week visiting her parents, Mr. and Mrs. N. M. Wyatt. George will arrive here today and accompany them home on Sunday. He is employed by El Paso Natural Gas Co., and Nancy is a physical education instructor in an El Paso high school.

Draw Church Plans Service

Draw Methodist Church is making plans for observance of its fiftieth anniversary on July 21st, according to Mr. and Mrs. A. Z. Sewell of that community.

This is not actually the date the church was started, but the date was made for convenience of former pastors and "preacher sons" of the community.

Draw has the unusual distinction of having five boys who have gone into the Methodist ministry from this one church.

Rev. John H. Sewell, son of Mr. and Mrs. Sewell, has just recently been transferred from the First Methodist Church of Franklinton, Louisiana, to a larger church with a better field at Baker, La. The parents are justly proud of their son's record.

He was at Franklinton six and a half years, and built a new building there. Before that, he spent five years at Jena, La, where he built two buildings. Now, the building of a sanctuary faces him at his new charge. Rev. and Mrs. Sewell have a boy 15 and a girl age 13.

Other pastors who came out of the Draw Church include Rev. Bervin Caswell, of Perry, Okla.; Rev. Billy Porterfield, Post; Rev. Claude Lemond, Fairmont, Abilene; and Rev. Gerald McCollum, Dallas.

Rev. H. Y. Pickens is the current pastor at Draw.

REV. KING MOVES

Rev. J. Paul King, son of Mr. and Mrs. J. O. King of Wilson, has been moved by the Oklahoma Methodist Conference from Waukomis to Fairfax. His mother says he is moving to a larger church at a better salary, but he hated to leave his charge at Waukomis. Paul, who was reared at Dixie, is married and has three boys.

'Firsts' Listed In Starting of Tahoka And of Lynn County

In keeping with the spirit of the Pioneer Reunion being held here Saturday of next week, Mrs. Marcus (Nettie Wells) Edwards has worked up a bunch of "firsts" that should be of interest to many of our readers.

Lynn county and Tahoka were organized in the spring of 1903, and the little village sprang to life very quickly as an island on a great sea of grass.

She recalls that the first county judge was J. M. Elliott, the first sheriff was Charley Doak, the first clerk was S. N. McDaniel, and the first treasurer was Walter Robinson.

Mr. and Mrs. Walter Norton taught the first school, and were followed by J. B. Walker, now of Lubbock, and his son-in-law, Chambers, who later became Mrs. J. W. Elliott.

Miss Linnie Bingham (Mrs. Tom Garrard) was the first music teacher, and Mrs. Maud Donaldson was the second.

The first postmistress was Mrs. W. E. Henderson, and the first mail carrier was F. M. Sherrard. The Baptist Church held services first in the court house, and then erected the first church building in the new town. Rev. Ira Par-rack was the first pastor, and Rev. J. O. Miller the second. The organ-

ist was Miss Lula Cowan. Rev. Oscar Gore was the first Methodist pastor, and Mrs. J. F. Millman was the organist.

Jodie Nevill was the first telephone operator.

Among the business establishments, the first general merchandise stores were operated by J. S. Wells & Son, R. D. Morris, W. R. Hampton, and Ed Ketner. M. E. Gilmore had the first drug store, and then came A. I. Thomas to enter the drug business.

C. H. Peters and C. G. Alford operated the harness shops, and Press Phoenix was the first blacksmith.

Hotels were established, too, and first proprietors were M. E. Porterfield and J. E. Stokes. J. S. Wells and his son-in-law, J. S. Welcher built the first cotton gin in 1906.

The first practicing physicians were Dr. S. H. Windham and Dr. J. H. McCoy.

J. B. Ray opened the first bank. W. E. Petty was manager of the T-Bar ranch, and Jack Alley was manager of the Slaughter Tahoka Lake ranch.

Among the first farmers were Edd Baldrige, J. M. Noble, Matt Williams, John Donaldson, Pink and Edd Brewer, George Short, Wash Hickerson, Will Kuykendall,

Bill Nevill, and Sam Smith.

Tahoka had a baseball team back early in life, and some of those who played on the first team included Bud Milliken, Hall Robinson, Cecil and Harry Whip, Virgil Johns, Loyd Shook, Thurman and Claude Wells, and Sam and Larkin Weathers.

Those are just a few of the "firsts." A lot of oldtimers will think of a lot of others.

TAHOKA COMPRESS GIVES THANKS FOR HELP

We wish to thank all those who helped us out as a result of the recent tornado, especially the utilities companies.

We greatly appreciate the service and fine cooperation of Southwestern Public Service Co. in rebuilding the lines and getting service to us, as well as taking every precaution to keep fire from breaking out.

General Telephone Co. was very cooperative with us, and we want to especially thank the operators for their many courtesies, including the getting through of the emergency calls. — Tahoka Compress, E. R. Edwards, Manager.

PETTY HANDIWORK CLUB HAS 10 AT MEETING

Petty Handiwork Club met in the home of Mrs. Odie Dee Merritt on May 22. The ladies began making picture frames from ice cream sticks, and this will be continued at the next meeting.

Ten members were present, one absent. Secret pal gifts were exchanged. Refreshments of cake and cokes were served.—Reporter.

Prospects now are for a good grain sorghum harvest in Texas this year. Harvest will be later than normal in many areas because of delayed plantings due to the weather but conditions warrant the optimistic outlook. Extension Agricultural Engineer W. S. Allen advises farmers to line up their storage needs early and if on-farm storage must be provided that it be made ready well in advance of harvest.

EXPRESSWAYS MEET in this gigantic interchange in Detroit, a key part of the freeway system which could carry some of the Motor City's auto-riding populace to rural safety. Although civil defense studies show that COMPLETE evacuation of large cities after warning of likely attack is not generally feasible under today's warning times, a big start toward more evacuation capacity is being made in urban freeway construction under the new National Interstate Highway program. (Photo courtesy Bureau of Public Roads)

New Interstate Highway Net to Aid CD Evacuation

A line on a drawing board today may someday save your life. That line might be one of

CIVIL DEFENSE auxiliary police will be needed in great numbers to help control traffic if warning of impending enemy attack ever forces cities to evacuate. Banning of cross traffic, and permitting one-way out-bound traffic only on arterials and the great urban freeways now being built will aid these men in their thankless task. (FCDA Photo)

America's roads to survival, a part of the 41,000-mile National System of Interstate and Defense Highways that will be carefully laid out over the continent within the next 12 years.

THIS INTEGRATED \$3,000,000,000 network — the world's greatest public works project — will include freeways running from the heart of major cities to the outskirts and beyond. Over these roads, the millions who live and work in cities could seek the safety of distance from a nuclear bomb blast if adequate warning of impending attack were given.

In normal times, restless Americans drive 550,000,000-600 million miles a year in private autos. Families must also rely on cars to flee from danger in the event of civil defense emergency.

The automobile is a rolling home in an emergency, the Federal Civil Defense Administration points out. You can eat and sleep in it, keep warm and dry, receive vital instructions by radio, drive out of danger areas, and even get some shelter against blast or fallout.

Methodists Welcome New Pastor, Wife

The new Methodist pastor and wife, Rev. and Mrs. J. B. Thompson, were given a "pounding" at the Family Night program in Fellowship Hall of the Church Wednesday night.

Mmes. Pat Patterson and Harold Green and Misses Linda Jones and Jan Collier presented vocal numbers, and Calloway Huffaker made a brief talk welcoming the couple and telling of his past acquaintance with them.

In a "treasure hunt" game, Rev. and Mrs. Thompson found the many

gifts brought by members of the Church.

A covered dish dinner was enjoyed by a large crowd.

HOLDS FISH FRY

Mr. and Mrs. "Shorty" McNeely and Tom of Brownfield entertained the McNeely and Henderson families with a fish fry Wednesday evening at the Harley Henderson home. "Shorty" caught the fish on a deep sea fishing trip last week while he and his wife and son were on a few days vacation at Galveston. He works for the Santa Fe and is now stationed at Brownfield.

better be left unsaid, but people say they believe in freedom of the press, and freedom of speech; and yet sometimes get most angry when they are exercised.

Whether the news that's made is idiotic, most disgusting, or seemingly an insult to people's intelligence, there's always someone who says the editor must have been an idiot to print it.

What they forget is that when freedom of the press is destroyed, freedom of speech is destroyed, and likewise just plain freedom.

If you don't like what's printed in this newspaper, for instance, there's a column entitled "Letters to the Editor," that is open to you, the public, where you may exercise your freedom of speech.

In fact, we like for you to use this column—for more reasons than one. We like to feel we are democratic, and besides, it creates interest.

There's one hitch. The letter must be signed although the name can be withheld upon request. No anonymous letters are printed because that is not a type of freedom, but intimidation, and often libelous.

Opportunity may knock only once, but temptation keeps banging for years.—Cheer.

We can't sign off today without tipping our hats to our Papas. Whether or not yours is living, this is still a tribute to him.

He wasn't great in the hall of fame; The whole wide world never knew his name—

But he had friends—My Dad! Both young and old thought the world of him; Some called him "Mac," some just plain Jim,

But he gave them all a helping hand—My Dad! Now he's gone, and we loved him so;

Still deep within our hearts we know

His name lives on where his friends go—My Dad!

—Virginia Erwin

Mrs. Modena Conrad and son, David, a year of age, are here visiting her parents, Mr. and Mrs. T. J. Murray, at Grassland. They expect to return home to Kansas City, Mo., next Tuesday.

Mrs. Tommie (Cooter) Dawes and daughter, Ann Goodrum, of Rosenberg, are here visiting their mother and grandmother, Mrs. W. T. Clinton.

Sixty-Nine Men Hear Durham

Sixty-nine were present at the monthly meeting of Methodist Men Monday night in Fellowship Hall of the Church, hear a talk by Baptist layman, and were served a ham dinner.

Dr. K. R. Durham, local Baptist layman, was the guest speaker, and lived up to his reputation by bringing an enjoyable talk filled with wit and wisdom.

Rev. J. B. Thompson, the new pastor, also made a brief talk.

Miss Barbara Thomas played piano music during the meal, and accompanied the group as they sang three old hymns led by D. J. Pennington.

V. F. Jones and Ross Smith arranged the program, and Mr. Jones introduced the speakers. Bill Ware gave the invocation.

President Wynne Collier said he had hoped to reach the goal of 100 men at this meeting, but with all farmers busy at this critical time he felt remarkable that 69 had turned out.

A. M. Bray and H. W. Carter, leaders of the two sides in the attendance contest, each engaged in some friendly banter. Contest Chairman John Reasonover announced the Roughnecks were still in the lead by 9 points in spite of the Backsliders coming up 12 at this meeting.

Sheriff "Booger" Redwine was in charge of the meal, serving baked ham, potato salad, beans, and other trimmings. His helpers included Jess Gurley, Charles Reid, and Wilton Payne.

Advertising doesn't cost, it pays.

Cattle Brands Subject of Talk

"Cattle Brands" was the subject of a very interesting talk made at Tahoka Rotary Club Thursday noon of last week by Mrs. R. B. (Sit) Jones of Plains. She declared cattle branding dates back at least 4,000 years. Pictures unearthed in Egypt reveal that the people of that country, long before the birth of Christ, engaged in cattle round-ups, with owners putting their individual brands on animals.

Branding came to America with Cortez, the Spanish explorer, who came to convert the heathens and to convert possible New World gold to his own use. He introduced cattle and horses and branding irons to America.

She then illustrated her talk with brand pictures, history, and anecdotes in connection with the settlement of the West by cattlemen.

Charles Townes, who is joint program chairman for June along with L. C. Haney, introduced the Speaker. She is a daughter of Mrs. W. T. Clinton, also a guest of the club this day, and her husband, "Casey" Jones, is now a rancher at Plains but formerly an employee of the First National Bank of Tahoka.

President Johnny Reasonover announced that May completed 10 months in which the Tahoka Club has had perfect attendance, a remarkable achievement considering the fact that there are 40 members.

Allyn Cox of the local Soil Conservation District office is a new member of the club, and the name of Urban Brown of Marshall-Brown Department Store was presented by Wynne Collier for membership.

Hunters Warned Against Shooting Near TV Tower

Hunters are being asked to refrain from shooting at the lights on the television relay tower about six miles west of Tahoka.

During the past year, the lower ed warning light has been shot out, probably by boys with .22 rifles, three times, and each time the expense of replacing the light has been about \$75.00.

The lights are to prevent night-flying airplanes from hitting the tower. Shooting out lights not only causes expense of replacing, but also might cause some airplane occupants to lose their lives.

Also, a stray bullet could easily hit the wave guide and interrupt television service to both Lubbock stations and cause people all over this area to be without network programs for a day or two.

R. S. Hutchison of the American Telephone and Telegraph Company, respectfully asks people with guns to refrain from shooting at objects on the tower—not just because it costs the company money, but also because such could cost some one his life, or all the people of the area disruption of television service.

Special Day For Little League

Today, Friday, is Little League Foundation Day, according to Harold Green, secretary of the Tahoka Little League, and the collection taken at today's games will go to the National Foundation for Infantile Paralysis for treatment of polio patients.

Governor Price Daniel in a special proclamation has officially designated this Foundation Day for the 355 active Little Leagues in Texas.

In his proclamation, he says, in part: "Little League Baseball organization in Texas have contributed immeasurably to the building of character, health and an understanding and appreciation of fair play and good sportsmanship in many thousands of boys."

There are now more than 4,500 Little Leagues in the world with nearly one million youngsters and volunteer adult leaders participating.

On Dec. 5, 1929, a Marine aviator, Captain Alton N. Parker, became the first pilot to fly over the Antarctic Continent.

John Adams was the first U. S. ambassador to England.

Richard Havens Is At Fort Carson

Richard Havens, son of Mrs. J. A. Havens, Sr. Route 4, Tahoka, was inducted into the Army last month, going first to Fort Chaffee, Ark., then to his present station at Fort Carson, Colorado.

A former employee at Tahoka First National Bank, Havens has resided in Abernathy since last August. He is associated with the Euford Devenports in publishing The Abernathy Weekly Review.

His address is: Pvt. Charlie R. Havens, US 54182246, Btry. E, 42nd AAA Bn., Fort Carson, Colo.

The big things you want cost less in a Mercury Monterey!

YOU HAVE TO PAY OVER \$88 MORE to get a 4-barrel carburetor as standard equipment in any competitive car. And Mercury's Thermo-Matic Carburetor is the only one that controls the temperature of the air the engine breathes.

YOU HAVE TO PAY OVER \$130 MORE to match the Monterey's brake size in any other car. The Monterey actually has bigger brakes than most of the highest priced cars!

YOU HAVE TO PAY OVER \$150 MORE to match Mercury's standard 255 horsepower in any competitive car. And the Monterey's optional engine offers a blazing 335 horsepower!

YOU HAVE TO PAY OVER \$200 MORE to get any other car with real dual headlamps. No other car at the Monterey's price even offers duals. You can get Quadri-Beam headlamps, a true 4-beam system, on all 19 Mercury models.

YOU HAVE TO PAY OVER \$500 MORE to match the Monterey's standard compression in any competitive car. Its compression ratio of 9.75 to 1 is close to the highest you can get in any car.

YOU HAVE TO PAY OVER \$1,000 MORE to match The Big M Monterey's hip room and rear seat leg room. Mercury has the biggest size increase in the industry—bigger in every important dimension!

YOU HAVE TO PAY OVER \$2,000 MORE to match Mercury's width in any other car. You can match it only in America's three costliest cars!

And no other car at any price offers you Mercury's exclusive Floating Ride and Dream-Car Design. Stop in today. Let us show you all the reasons why the Mercury Monterey is the easiest big car to drive, to ride in, to look at, and to buy.

The price comparisons stated are based on factory suggested retail delivered prices.

BIGGEST VALUE INCREASE IN THE INDUSTRY! The Big M is up in size, in power, in luxury, in everything that counts in a car. But the price is still low—just an easy step up from the low-priced three.

Wilson Bandsmen At Tech School

(By Mrs. Carl Gryder)

Students from Wilson attending the Texas Tech summer band school are Travis Brown, Harry Hewlett Jr., Jack Mason, Freddie Koenig Jr., Larry Petty, Jane Schneider, Marcia Standefer, Sandra and Sharon Lumsden and Larry Mears.

The Wilson High School Band elected officers recently. Those chosen were: Drum Major, Nita Hewlett; assistant drum major and head twirler, Marcia Standefer, second twirler, Nancy Cook; and third twirler, Joe Carolyn Williamson.

The Band is looking forward to a very successful and rewarding year under the direction of their band leader, Mr. Norman Hemphill.

Vernon L. Clem, manager of Pioneer Natural Gas Co. at O'Donnell for the past three years, has been transferred to Seagraves. Mr. and Mrs. Clem are both members of prominent Lynn county families, the C. A. Clem and Gus Gatzki families.

Ira Doak of Lubbock was here Monday visiting old friends. He just recently returned from a visit with his son R. E., who is in the tailoring business in Pampa, Calif.

Exclusive with Buick SAFETY-BUZZER
—the "built-in conscience" that buzzes when you reach the miles-per-hour you want to stay under, keeps silent when you drop below that pace.

YOU COULD add up the figures on size, weight, room, power.

From that alone you'd discover an important fact: how much more automobile you get in this Buick that's priced so close to the smaller cars.

But in your heart you know you want even more:

You want action. You want fun. You want lift and life and response. You want to feel absolute master over your going and stopping.

So try this Buick—just try it.

It drives and rides and brakes and steers and handles like no other car you've ever known before.

It has a brilliant new V8 engine—like silk with the flow of Niagara.

It has a spectacular new Dynaflo*—instant and smooth to the infinite.

It has powerful new brakes, new roadability, a new precision in its handling.

But the total feeling you get from all this is far, far more than words can bring you.

Come in, sit behind the wheel, and see for yourself why this great buy is the dream car—the hit of the year—to drive.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Buzzer is standard on Roadmaster, optional at extra cost on other Series.

Big Thrill's Buick

—The most completely changed Buick in history!

WHY re-enlist in the small-car army?

READ THIS STARTLING FACT

5 out of 10 Smaller Cars wear a Pontiac Price Tag —yet none gives you Any of Pontiac's Advantages

PONTIAC GIVES YOU UP TO 8.9% MORE SOLID CAR PER DOLLAR!

Not one of the smaller cars can give you the heavy-duty construction, the road-hugging *heft* and solid security that surround you in every Pontiac. Yet Pontiac's the nimblest heavy-weight you ever managed—and your Pontiac dealer can show you more than six dozen advanced-engineering reasons why! Pontiac has gone all out to make this genuine big car the best behaved beauty that you ever had the pleasure of bossing. You'll find Pontiac's exclusive Precision-Touch Controls make steering and braking the surest, easiest you've ever experienced! Park it, cruise it, try it in stop-and-go traffic . . . this is driving the smaller jobs can't duplicate!

PONTIAC GIVES YOU 4 TO 7 INCHES MORE WHEELBASE!

The small cars extend bumpers and fenders to look big—but Pontiac puts the extra length where it counts—between the wheels! Pontiac's longer stride brackets the bumps instead of riding on them. And this extra length shows up inside, too, in stretch-out space for six footers. Add to Pontiac's bonus in length its all-new suspension system and you have an exclusive Level-Line Ride no car at any price can surpass . . . and a built-in sense of direction and security that will spoil you for the smaller cars forever!

PONTIAC'S PERFORMANCE TOPS THE BEST THE SMALL CARS CAN OFFER—BY A WIDE MARGIN!

Not one of the smaller cars can measure up to Pontiac Performance. Whether you judge a power plant by engineering statistics or on-the-road performance, Pontiac's Strato-Streak V-8 stands head and shoulders above anything in the low-price field. Your Pontiac dealer will be happy to show you a complete facts-and-figures comparison—then an eye-opening test drive in traffic or out on the highway will supply all the heart-lifting proof you need that Pontiac has separated the men from the boys when it comes to performance!

—AND PONTIAC HAS ALWAYS BEEN FAMOUS AS ONE OF AMERICA'S TOP TRADE-INS!

Maybe it comes as a surprise to you that so much more car can be yours at the same price you've seen on the smaller cars. But there's the fact! And Pontiac is a wonderful investment, too! As you know, it has always commanded a top trade-in. So why not step out of the small-car class and into a Pontiac . . . there's nothing in your way. Your Pontiac dealer has the keys and an eye-opening offer waiting for you right now! So why not look and feel like a million—instead of a million others?

NOW! If you want the ultimate in both economy and extraordinary performance, new Tri-Power Carburetion is available at extra cost on even the lowest priced Pontiac model! It's America's newest power advance and exclusively Pontiac's at so low a cost!

Cotton Quiz

How fine can cotton be spun?

ONE POUND HAS BEEN SPUN INTO YARN NEARLY ONE THOUSAND MILES LONG.

Control Tips On Bindweed

College Station, June 13—Bindweed can put cotton farmers in a real bind. This rapidly-spreading menace will completely dominate infested field sites with a deep-root persistence unless properly treated.

Before you declare war on bindweed, knowledge of a few basic facts are essential. It has arrow-shaped leaves and small, white bell-shaped flowers, making it relatively easy to identify. Sometimes called the "most feared weed in Texas," it is rather common in wheat growing regions. However, it is widely scattered in many other areas.

Fred Elliott, Extension Cotton Specialist, says small spots of bindweed can be controlled in cotton with "Kuron" and kerosene. Start immediately, the specialist urges, destroy the crop in bindweed spots if necessary. On one-fourth acre-or-less spots, apply 1 1/2 to 3 gallons "Kuron" mixed in 100 gallons kerosene to the foliage and crowns of bindweed or close to cotton.

Spray below 8 inches for the best results, using a 5 pound-per-square-inch pressure or less. Spray surviving plants the next day and leave soil undisturbed for remainder of the season. Treat any new bindweed at emergence for two seasons, Elliott adds.

The specialist figures 100 percent control from two or more treatments will cost about \$75 to \$150 per acre in the spot for first season work and \$5 to \$10 the following spring.

Watch for bindweed seedlings several years and destroy them immediately to prevent reinfestation. Crops many times fail to emerge in treated spots the following year.

CAUTION, minor drift damage near the spot sometimes occurs the first year. Elliott advises using a cheaper method for reducing extensive infestations before starting with the "Kuron" oil mixture.

Your county agent can provide more details.

Pvt. Bobby Sumrow Now In Okinawa

Fort Buckner, Okinawa—Army Pvt. Bobby R. Sumrow, 18, son of Mr. and Mrs. David E. Sumrow, O'Donnell, recently arrived on Okinawa for duty with the 97th Antiaircraft Artillery Group's Headquarters Battery.

Sumrow, a truck driver, was previously assigned to the 734th AAA Battalion in Oaklawn, Ill.

The 1956 O'Donnell High School graduate entered the Army in September 1956 and completed basic training at Fort Hood.

Mr. and Mrs. James Farr and children of New Home and Douglas McClellan fished last week at Conchas Dam near Tucumcari, N. M. Douglas says they caught 55 channel cat and other assorted fish.

Vic Vet says

VETS PLANNING ON KOREA GI BILL TRAINING SHOULD TAKE TIME IN PLANNING THEIR GOAL SINCE THEY CAN CHANGE THEIR COURSE OF TRAINING ONLY ONCE UNDER THE LAW.

ROY L. WILLIAMS ELLIS BARNES
O. E. TERRY W. L. (Cap) ROWE
WLMR BLANKENSHIP

Theo Campbell has a stand of Blackwell switch grass and Sorghum Almun on his place south of Wayside. These plantings were down in furrows but covered shallow and rains week before last did not cover deep enough to prohibit emergence of seedlings.

The earlier planting of Side oats grama grass on Martin Wuensche's farm north of Wayside that was up to a stand had many young plants covered by last week's rains. Grass that was not up before the rains appeared to be emerging to a stand.

Weldon Bailey completed planting Switch grass and side oats grama just before the heavy rains the first week end of June. This planting was on top of luster beds and is up to a stand. If seeding had been in bottom of furrow all of seed would have been lost from dry covering, due to soil washing from luster bed.

Weldon is planting Indian grass on top of beds and using a wide sweep instead of listers to clean field of volunteer grain sorghum and weeds. This method will leave top of luster bed almost flat and at the same time plant seed down in moisture. If rains occur seed will not be covered any deeper to prevent stands being obtained.

Theo Campbell plans to plant a mixture of Mung Beans and Sesbania for soil improvement. The idea is to have Sesbania for high residue and mung beans to shade the soil near the ground to reduce evaporation. Theo believes that the moisture requirements for the mung beans will not be any more than drying out by sun and wind and the beans will do

more good by adding nitrogen and organic matter to the soil. Sesbania is a narrow leaf plant and does not furnish sufficient shading to reduce drying of soil and reduce weed growth.

Soil Conservation Service technicians assigned to the District assisted a soil and water conservation plan on Silas Russ' farm west of Draw. This place has some irrigation and plans are to install underground pipe for water conservation. Vetch may be planted for soil improvement and a planting of side oats grama is planned.

Robert Crawford is a summer trainee at the Tahoka work unit. Robert is attending Texas Tech, majoring in Agricultural Education and his wife is attending Tech this summer. Bob will commute from Lubbock this summer. Robert's home is Brownwood, Tex.

Joe Norris, Range Technician to serve this area, was in the Lynn District last Thursday to observe range sites and conditions. The mesquite trees was of course recognized as a problem-facing ranchers and Joe stressed the fact that row is the critical stage of native grasses trying to make growth, that they will need to be rested to allow growth. Joe has been with the Junction, Texas, office and will make his home at either Lubbock or Big Spring.

It takes many small businesses to supply the world's largest Naval Training Center, Great Lakes, Ill. The center is visited daily by more than 200 businessmen and merchants.

ELECTRIC LIVING

IS FUN!

"In Guatemala or Texas, the simplicity of ELECTRIC BROILING makes delicious steaks!"

Mrs. R.C. Hutchinson, SAYS 1221 AUSTIN, AMARILLO, TEXAS

Mrs. Hutchinson, wife of an air force Colonel, who was Chief of the United States Air Force Mission to Guatemala, was called upon to entertain large groups of people in her Guatemalan home. She says, "At that time I had a deluxe electric range with 2 ovens, 2 broilers and 4 surface elements. Using this range, I have prepared dinner for as many as 75 people." In the upper picture, Mrs. Hutchinson sits beneath a Guatemalan work of art and displays flag of that country presented to her by a high official as a gesture of friendship. In Amarillo, Mrs. Hutchinson often broils steaks and finds the same ease of cooking that she noticed in Guatemala. She says, "The Indians there, who had never been to school, and could neither read nor write, were able to use my electric range, and other electrical equipment, with a few simple instructions." So, for ease of cooking, rely on Mrs. Hutchinson's experiences to guide you to your Reddy Kilowatt dealer store.

Storm Damages Grassland Crops

Rain, sand and hail Saturday night destroyed some cotton in the Grassland area, according to Odis Tew, gin manager there.

He says up to 1.2 inch of rain-fell hard and fast, accompanied by some hail and sand.

The damaged strip covered extended from Storie gin, on the Post highway southwest to Grassland and on to Redwine. This storm moved almost along the same path, in reverse order, as the high wind of cyclone velocity which moved across this territory the week before.

E. L. Short says his father's place received about two inches.

Mr. and Mrs. Marvin Wood accompanied by her daughter, Mrs. Jerry Harston, and the latter's two daughters, Loamuah and Zana Mae, of New Home, returned Monday from a ten days trip in Oklahoma. In Muskogee they visited her brother who had just won an outstanding award for car sales, and in Oklahoma City they visited another brother Mrs. Wood had not seen in nine years.

Lots of people have great aims in life, but never pull the trigger.

THE AMERICAN WAY

Social Security Man Coming Here

A representative of the Lubbock Social Security Office will be in Tahoka on June 21st at 9:00 at the courthouse and will be glad to assist in all matters pertaining to Social Security.

More than one hundred thousand and severely disabled people in communities all over the nation will receive their first social security disability insurance checks

Miss Mary Alice Westbrook, teacher at Hobbs, N. M., who is attending summer school at Texas Tech, has been visiting her sister, Mrs. Ivan McWhirter, and family.

Miss Nancy White of Phillips was a week end guest in the Truett Smith home.

In August, John C. Hutton, district manager of the Lubbock Social Security office announced today.

Mr. and Mrs. Jake Jacobs and two daughters, Vicki and Becky, left Friday for a two weeks vacation with his parents in Carthage, Mo. They also expect to visit in Kansas City, where they expect to see the Yankoes play a couple of games.

Dr. Earl Adams of Fort Worth was here Friday visiting Rev. and Mrs. Clifford-Harris.

Mary Jane McCord To Band School

Abilene—Mary Jane McCord, daughter of Mrs. Lillian McCord of Tahoka, has registered for McMurry College's ninth annual summer band and twirling school, to be held here on the McMurry campus July 14-27.

Raymond T. Bynum, professor of music and band director at McMurry, is general director of the two-week band and twirling school, one of the largest of its kind in the country.

Bynum said that 285 boys and girls from 34 Texas towns and cities had registered for the school through June 10. He expects final enrollment of 404 students.

Participants will be housed in McMurry dormitories and will take their meals in the college dining hall. They will receive instruction in solo, ensemble and concert band, music theory, chorus, twirling, drum majoring and other specialties.

Twelve Texas public school band directors are included on Bynum's staff of about 30 band and twirling teachers.

The twirling stall will again be directed by Bill Adkins of Haskell and Mrs. LaGaytha Gothard of El Paso, McMurry graduates who are now teaching in public schools.

Further information on registration, eligibility or tuition for the band school may be obtained by contacting Professor Bynum at the McMurry College Band Hall, Abilene, Texas.

O'Donnell Plans Street Paving

A new paved farm-to-market road is scheduled for immediate construction from O'Donnell five miles south of that town, in Dawson county, the O'Donnell Index-Press reports.

Kerr and Middleton of Lubbock was awarded the contract for the construction work.

Residents of O'Donnell are planning several blocks of city paving while the firm is in town, and all present paving in the town will receive new coats of asphalt.

SPARKS FOR MINDS

ALMOST five centuries ago, Gutenberg's invention of movable type started a revolution. It has been going on ever since.

For five times five centuries—and count before—a few men were the privileged rulers—by accident of birth or of circumstance. The people were subjects, supporting those thus kept in authority.

However, movable type, by cutting the cost of printing, began the process of making knowledge more widely available. People's understanding then grew. Sparks of hope were awakened in the minds of men... When it became apparent to connected authority that permitting wide dissemination of information and ideas might in time destroy their insecure, censorship was exercised.

In a search for greater freedom, men of many

racess and creeds crossed the ocean to establish homes on this continent. They and their children founded here a nation dedicated to a new principle: government by the people, and for the people. And knowing that liberty could be overthrown only by subduing freedom of speech and the press, they provided further that this basic freedom should never be abridged.

That system of government created an opportunity for all men to advance, limited only by their efforts. In but a few generations it won for this people a higher standard of living and of human welfare than had ever before been dreamed possible.

America's freedom of the press has proved to the world that the patriotic instinct of an informed plain people can be relied on to govern wisely and well.
