Season; Second Half Now Underway Giants Win First Half of Little League

The Giants, sponsored jointly by the Lynn County News and the First National Bank, have won the first half of Little League play in Tahoka this summer, winning eight games and losing only one. The Cubs, sponsored by Wynne Collier, Druggist, won five, and lost three; the Cardinals won three and lost five, sponsored by Tahoka Compress; and the Yankees, sponsored by Piggly Wiggly, won one and lost eight.

Hank Chapa of the Giants leads with .692 in batting average. In fact there are 13 boys in the League batting over .400, and an additional 13 batting over .300.

The second half of play is underway and the schedule is expected to be completed the last of July. Results of the games the past week follow:

June 28, Cubs over Yankees
The Cubs downed the Yanks 7 to 3 after pulling ahead 4 to 3 in the fourth inning in a game that was neck and neck until that time. Craig Leslie was the winning pitcher and Jack Burk, the loser. Adolf Chapa hit three for three for the Cubs and Gary Grogan hit two for four.

June 21, Cubs over Yanks
The Cubs repeated their victory over the Yankees, this time in a close one, 1 to 0, in which the score was tied twice. The score was 1-1 at the end of the first and 5-5 at the end of the third. The make up game saw Grogan the winning pitcher and Roy Stice, the loser. Leslie hit two for three, Grogan and Bobby Curry two for four for the Cubs, while Taylor Knight hit four for four and Freddie Stice two for three for the Yanks.

Giants Over Cards
In the second game of a double-header the Giants downed the Cardinals 12 to 8 after overcoming an 8 to 1 margin which existed at the end of the second. Larry Thomas was the winning pitcher, and Kenneth Scott got credit for the loss. Hank Chapa, hitting three for three, slammed a home run, a double and a single, Jim Wells hit three for three, Thomas three for four, and Larry Pyron two for two for the Giants.

June 22, Yanks Over Cards
The Yankees won over the Cardinals in a make up game Saturday 14 to 8 when Lynn Edwards was credited with the win and Mike Anchondo was the loser. The Yankees led all the way with Knight and F. Stice hitting three for four for the winners and Tom Spruiell hitting two for four for the Cards.

Giants Over Cubs
Andy Bray was the winning pitcher when the Giants defeated the Cubs 14 to 3 Saturday, also a make up game, allowing only four hits. Again the Giants came from behind to win. The Cubs led 3-1 at the end of the first and 3-2 at the end of the second, but the Giants made four runs in the third and led the rest of the way. L. Thomas and H. Chapa hit three for three, and Bray and Ronnie Shepherd hit two for four.

June 24, Giants Over Cubs
The Giants took another win over the Cubs, 13-3, Monday, with Dickie Davis the winning pitcher and Terry Brown the loser. Jerry Forsythe, who hit two for four for the Cubs, slammed a home run, as did H. Chapa for four, Chapa also hit a single and a double. L. Thomas hit three for four, R. Shepherd four for five

and Bray two for three.

Cards Over Yanks
Terry Harvick pitched a victory for the Cardinals over the Yankees 9 to 4 in a second-half ball game. Elton George was the losing pitcher Monday.

Harvick also hit four for four and Spruiell hit two for three for the winners, while F. Stice hit three for three for the Yanks, and Steve Greer and Jack Burk hit two for four.

June 25, Giants Over Cubs
The Giants defeated the Cubs 8-0 in a shut out game Tuesday with A. Bray the winning pitcher and Leslie, the loser. Jerry Forsythe hit two for three for the Cubs while Giant team members H. Chapa hit three for three, Gary Harris two for two, and Bray two for three.

In other games, the Giants and Yankees were meeting last night. Tonight, Friday, the Cardinals and Cubs meet; Monday the Yankees and Cubs; Tuesday at 6:00 p. m. the Giants and Cardinals. No games are scheduled for July 4.

26 Ladies Enter Golf Tourney

The first annual Ladies' City Open Golf Tournament will be completed when finals are played Sunday afternoon.

A total of 26 Lynn county women are participating in three flights of the tournament.

A barbecue chicken dinner will be served at the club house Sunday evening at 6:30 p. m. at the close of the event. Plates will be \$1.00 each and officials ask that tickets be obtained today.

Only partial results have been obtained for the first round of play, but these and other matches are listed below:

Championship flight, Irene Spears over Mac Edwards; Peggy Elliott, Jewel Smith; Myrna Verner, Dot White; Frances Holder, Aleta Thomas.

First flight, Joe Bell Robinson over Viola Gagnat; Audie Norman over Wanda Lumsden; Corene Cathcart over Dot Thomas Jean McCord, Jerry Applewhite.

Second flight, Echo Milliken over Virginia Gatzki; Melba Clem over Emma Halameck; Billie Thuren over Jeanette Harvick; Glenda Dunagan, Dot Allsup; Abbie Whorton, Margie Conway.

New Home Cubs Win Two Games

In junior baseball play at New Home, the Cubs defeated the Dodgers 19 to 6 in Friday's game, and on Monday the Cubs nosed-out the Athletics 23 to 20, according to Clyde Ashcraft, scorer.

In Friday's game, Bobby Harris was the winning pitcher, and Jim Crawford was the loser. Kenneth Goad had a homer for the Cubs, and Don Murray and Marguerito Alonzo each had a four-bagger for the losing Dodgers.

Monday, there were five home runs, one each by John Malino and Charles Crabtree of the Cubs, two by Dewey Boatman and one by Rusty Swenson of the Athletics. Max Blakney was the winning pitcher, and Buddy Harrison was charged with the loss.

(See picture of Cub team in second section of this issue. Pictures of other two teams will follow.)

Tahoka Pony Teams Winners

Saturday night at 8:00 p. m. the Braves will meet the Post White Sox in a make-up game to be held in Tahoka.

Three games were held during the past week in Tahoka in Pony League play seeing Tahoka teams the victors.

On Thursday night of last week the Orioles defeated the Braves 10 to 4 with Billy Nance on the mound for the winners and Robert Hood pitching for the losers. Hood, however, hitting two for four, banded a home run while Steve Ellis hit two for four. Finis Rogers of the Orioles also hit a home run during his three for three attack.

The Orioles downed the Post White Sox 5 to 4 Saturday in a close ball game when Nance again was the winning pitcher. Gonzales was the loser. Larry Brown and Jim Garcia both hit two for four and F. Rogers hit three for four for the local team.

The Braves came back from an earlier defeat in the week to lick

Post White Sox 12 to 3. Curtis Harvick was the winning pitcher and J. Minor the loser. Jim Green hit three for three, including a single, double and triple, and J. Hatchett also hit three for three. R. Hood hit two for three, Harvick two for two; and Sammy Anderson two for four. Hernandez of Post hit two for two.

The Braves and White Sox were playing in Tahoka last night while the Indians and Orioles were playing in Post.

Other games coming up include the Braves and Orioles Tuesday night in Tahoka and the White Sox and Indians in Post. On Thursday, July 4, the Indians and Braves meet in Post and the date is open here.

Herman Heck is leaving today for McAllen to join his wife, who has been there a week, for a few days visit with relatives.

Plan Tournament Thursday, Ju'y 4

T-Bar Country Club is holding a golf tournament for club members only next Thursday afternoon, July 4, beginning promptly at 2:00 o'clock, according to C. W. Conway, tournament chairman.

Both men and women will participate.

Following the tournament, club members and their families are asked to bring a picnic basket for a supper to be held on the patio and lawn beginning at 7:00 p. m.

Two Boys Injured In Wreck Improve

Mack Forbes, who has been a patient in Tahoka Hospital since an automobile accident on June 18, is in good condition, attendants report. He received severe lacerations on his right hand.

James Rains, who is in Methodist Hospital in Lubbock, is showing improvement, although there is

Tahoka Draws Out Of Softball League

In Draw Softball League, Lewis will meet Gail and Draw will play O'Donnell tonight, and on Monday night O'Donnell plays Lewis and Draw meets Gail.

Last Friday, Draw upset Gail 12 to 2 behind the pitching of Billy Jones. "Shorty" Farmer was the losing pitcher. The second game was called because of the weather. Tahoka has withdrawn from the league.

Monday night, Lewis Construction won a 9 to 3 decision over Draw in the first game. Tommy Murray was the winning pitcher and H. C. Gribble was the loser. In the second game, Kenneth Huffaker pitched Gail to a 11 to 3 victory over O'Donnell, who had Jacky Hays on the mound.

still some doubt about whether his injured eye will be saved or not.

New Home Men Hear Wilkinson

The New Home Methodist Men met at 6:00 a. m. Wednesday for their monthly breakfast and heard Rev. Billy Wilkinson, pastor of the Wilson Methodist Church, speak.

Rev. Wilkinson chose his topic from the Gospels. About 14 men attended the meeting when Wilmer Smith and Billy Hancock prepared the meal.

The Methodist Men meet on the last Wednesday morning of each month.

Congratulations -

Mr. and Mrs. Jacky Levi Henry of route 2, Tahoka, on the birth of a son Sunday at 5:10 p. m. in Tahoka Hospital. The couple's first child has been named Jacky Lynn and weighed seven pounds, three ounces. Paternal grandparents are Mr. and Mrs. George Henry.

Preston Brothers Recall Early Days On T-Bar Ranch In Lynn County

Tom Preston of Evant, early day foreman on the T-Bar ranch owned by Cass O. Edwards of Fort Worth, and three of his brothers were among the interesting visitors at the Pioneer Reunion here Saturday.

His brothers present included Bob Preston, former rancher at Midland and now an oil lease broker there and also a former T-Bar

cowboy; Ed Preston of Indian Gap, Hamilton county, who came west in 1905 and homesteaded in the Sierra Blanco country; and Barney Preston, who ranches at Adamsville, 10 miles north of Lampasas. All worked at one time or another for T-Bar. Two other brothers, K. J. and Sam, were unable to come, but K. J. once worked on the old Singleton ranch in the present Newmoore area.

Tom is now retired and lives on his dad's old home place at Evant, on the line of Hamilton and Coryell counties, a ranch that was established 96 years ago. There were eight Preston boys and one girl, Miss Ollie, who taught school at Evant 30 years.

Tom Preston first came here 60 years ago, and was T-Bar foreman about 16 years. Associates remember him as a hard driving boss who could be as kind and sympathetic as anyone when the occasion arose. His brothers declare Tom is one of the greatest men they know, and the women and children he has helped are numerous.

The Preston boys recall many old associates who worked on the ranch at various times, many of them under Tom, including "Dogie" Joplin, Aace Lockwood, Elton George, Arch McPhall, Ross Simpson, George Short, Bud Milliken, Sam Sanford, Jim Weatherford, George Small, John Fulford, and others.

Ed Preston said he understood the T-Bar covered 252 sections at one time, including owned and leased land. At one round-up he helped in, there were 150 horses in one remuda being used by the cowboys.

W. T. (Bill) Petty was ranch manager at the time. The work was hard and trying at times, and on one occasion the boys were a little reluctant to get on half-wild broncs. Mr. Petty pitched out some grubbing hoes, and called out: "All right, boys, take your choice," meaning they could either start grubbing mesquites or get in the saddle and go to work. The boys got in their saddles.

Darvis Gardenhire, just a kid, was almost crying at the thought of trying to mount one of the bucking broncs, and Mr. Petty yelled, "Get in there 'Battleaxe' and get your rope on one." For some time Darvis was known as "Battleaxe."

People who fly into a rage always make a bad landing.

Senator Preston Smith Tells About Bills Passed In 55th Legislature

Senator Preston Smith of Lubbock, 28th Senatorial District of Texas, outlined graphically and clearly the work of the recent 55th Legislature in a talk before Tahoka Rotary Club Thursday noon of last week.

Sen. Smith's appearance was arranged by L. C. Haney, one of the two program chairmen for the month.

He illustrated his talk with screen pictures which made his talk effective, although time forced him to dwell on each item only briefly. He introduced his talk with pictures of the capitol, governor, and the Senate and House in action.

He said the 55th Legislature appropriated more money than ever before in history, but there was no raise in taxes.

The session will be remembered for its investigations of misdeeds in office, but he expects much good to come from them.

There were 1,442 bills introduced, of which more than 500 were passed. He listed about twenty categories into which the bills fell.

Seventy water bills were enacted, some to conserve our dwindling resources, and there are 57 new game and fish laws.

Pay raises in the amount of \$399.00 were granted 73,000 Texas teachers, which will cost the state \$50 million.

An annual session was proposed, to be voted on by the people on Nov. 4, 1958, with a salary of \$7,500 per year proposed for legislators. Thirty of the 48 states have such a law, he said. The average legislator draws \$3,000 and spends \$6,157, a loss of \$3,157, which invites unethical practices of legislators in trying to make

SENATOR PRESTON SMITH

ends meet. The Code of Ethics bill was passed, but anti-lobby legislation failed.

Stiffer penalties were set up for narcotics peddlers, and the Commission on Alcoholism was approved \$235,000 for its work.

The State Insurance Commission was reorganized, the old one being abolished and a new one set up modeled after our fine Highway Department.

In the field of segregation, school districts were given authority to set up dual systems and to Assign pupils to different schools.

A Congressional redistricting bill was passed, which in effect does away with the congressman-at-large office now held by Martin Dies.

The Mental Health program will be improved, with many new hospital buildings from an appropriation of \$27 million.

There were 32 highway program (Con't on back page, Sec. 2)

Early Day Doctor Tahoka Visitor

Dr. E. H. Inman and wife of El Paso, a physician here from about 1910 to 1917, visited here recently with Mrs. Becky Roberts. He had just recently retired from a long Army career, and had been visiting his aged mother in Lubbock.

Dr. Inman came here from Hereford in 1909 or 1910 at the insistence of the late Dr. S. H. Windham, who wished to quit practice and devote his time to the cattle business. Dr. Inman acquired Dr. Windham's medical equipment and had his office in the back of the drug store. A short time later, Dr.

Inman was joined by the late Dr. L. E. Turrentine.

The doctor recalled that the first major operation that he performed was on "Aunt Becky," and the second followed immediately with John Slover the patient. Each was performed on a kitchen table by light from a coal oil lamp. Mrs. Roberts recalls that John, then just a boy, was in critical condition some time.

Quality has everything in its favor including the price.

Tomorrow is the greatest labor-saving device of today.

Clem Gillespie Is Critically Ill

Clem Gillespie of Pettit, near Levelland, and formerly of Tahoka, is in critical condition at Veterans Hospital in Big Spring, suffering from a malignant disease. The son-in-law of J. L. Hill of Tahoka, he is the father of five children, two girls and three boys. One other son was killed by lightning eight years ago.

Sam Sammons of Midland accompanied Bob Preston here last Saturday for the Pioneer Reunion.

The Big Job is under way

Santa Fe is now loading thousands of cars of grain and grain products on its lines

Santa Fe has been serving agriculture since 1874, when we sponsored the migration of the Mennonite farmers who established the Kansas wheat belt, and brought with them from Europe the ancestors of the better varieties of wheat grown in America today.

During harvest time, Santa Fe has a big job to do.

At the country stations and terminal elevators along the line, as agriculture's "hired man," Santa Fe loads over 121,000 boxcars of grain a year—the total production of over 9,000,000 fertile acres. We also load over 34,000 cars of grain products on our line annually.

An important part of this job is done in advance by our own agriculture department, by collecting data on planted acreage, weather, crop damage and other factors that affect yield.

These statistics provide useful information for farmers, elevator operators and others interested in grain movements, and assist us in spotting grain-tight boxcars at strategic points at harvest time.

Our agriculture department works with the Federal and State agriculture departments, land grant colleges, and county agents in fighting destructive insects and plant diseases.

We are also privileged to award university scholarships annually to many farm youths in our territory.

We of the Santa Fe are proud of the part we have in serving the farmers of the West and Southwest in their essential task of feeding the Nation.

Odds and Ends

(By E. I. The Elder)

Last week I tried to write my accustomed Column for this paper, but after I had written it, it occurred to me that I had left out a statement or two that I had intended to make. So, I proceeded to insert these statements in their natural order, but there was scarcely any room for them and so they made my copy look woefully crowded. Besides, I noticed that I had also left out a word or a syllable or a phrase here and there that needed to be inserted. By the time I had made these insertions, my copy looked as it a hen had been scratching it up. I hesitated to send it down to the printer, but I figured that the Linotype operator, the proof-reader, and the "make-up" man between them could figure out what I was trying to say and would come up with something that would at least be understandable. Well, possibly it was understandable in the main, but it was what I would pronounce a miserable mess. I hope this effort will be more readable and understandable.

Now this Column this week is going to be more distinctly personal than my Column usually is. The first item I wish to mention is the fact that on Wednesday evening of last week Anita Jo Rochelle of Lubbock, who at one time lived here and who suffered near-fatal burns at the home of a friend in Lubbock about three months ago, was released from the Methodist Hospital recently and accompanied her mother and sister Sara to Tahoka, visiting her grandfather, this Columnist, and other relatives here that evening and night. She seemed very cheerful and in fine spirits in spite of her grave misfortune. She had been under treat-

ment in the hospital a little more than three months.

We had other visitors over the portion of last week beginning with Wednesday afternoon and continuing until Friday morning. These were Eugene Eakin and his family consisting of his wife, one little son, Bennie, and two daughters, Nancy and Eva Sue. They passed through Tahoka about three weeks ago on their way to California to visit an older brother there, Moran Eakin, who works there for the North American Air-Craft. Eugene works in a big industrial plant at or near Texas City in the vicinity of Galveston. He is a skilled mechanic, of course, and always takes a full kit of tools with him, including what was especially important to us, a Stilson wrench. All of our out-door hydrants had become rusty and leaked, and he repaired them in a jiffy. He certainly has a fine family, and we enjoyed their visit most heartily.

Well, I guess the followers of the so-called "Doctor" Krick have become convinced by this time that he is one thoroughly discredited fraud. I hear that people from almost every gorge and gully in this state, some of them in real earnest and some in evident sarcasm, have been appealing to him to come to their aid in assuaging the destructive floods that have been visiting every nick and corner of this state, washing away crops, blowing down scores of costly and newly-built homes, wiping out towns, ravaging cities, and working havoc almost everywhere. This cloud-seeding theory has thoroughly wrought out proof of the folly of those who have been led to place some confidence in the "Doctor's" foolish and fraudulent claims.

It was P. T. Barnum, America's first and greatest showman, who is reputed to have declared that "the American people love to be humbugged," and he is reputed also to have said that "A sucker is born every minute." It is known that he made and lost many fortunes; and he openly confessed to have won them by fraudulent means. We would commend his confessed dishonesty by fraudulent means to such characters as "Doctor" Krick.

We do not know of anybody in these parts who is defending "Doctor" Krick any longer, but I was astounded a few days ago when our new Texas U. S. Senator, soon after arrival in Washington, declared that he believed that ways and means could be devised for successfully eliminating visitations by tornadoes, hurricanes, floods, etc.,

Your Church of Christ is a friendly Church!

and that he intended to employ his best efforts as United States Senator to put a stop to all this destruction by such storms. Great must be the egotism or vanity of the new Senator from Texas. On Saturday night, following closely upon this glowing announcement by the Texas Senator, at about 9:30 p. m. there came a flash of lightning over Tahoka or in the vicinity of Tahoka together with an ominous mutter of thunder, and for the next two hours the skies apparently were literally on fire with one of the most brilliant and terrifying electrical storms that ever visited the Plains. Eventually a light shower of rain began falling, registering that night a half inch at our house.

The clouds did not clear away that night, but as the people be-

gan to gather at the churches for Sunday School, the clouds began to gather for another storm. At 11:15 a. m. the cloudburst was on. In 40 minutes, driven by a high southeast wind, .90 of an inch had fallen—the hardest rain that Tahoka had seen in many months.

Think of a mere man, though a Senator, putting a stop to such storms as these that have fallen the past few weeks all over Texas.

Rats!

Judge and Mrs. W. M. Mathis returned home last Friday from a trip to the west coast in company with her sister, Mrs. T. P. Brown, and husband of Brownfield. They visited scenic points in California, and in route also visited Grand Canyon and Las Vegas.

Council Promotes Traffic Safety

More Americans have died in traffic accidents during the past 50 years than in all our wars put together. Some 40,000 new tombstones have been erected this year as the result of man's lawlessness and carelessness on wheels.

These are the big killers: speed too fast for conditions, involved in 58 percent of the fatal highway accidents; driving while drinking, involved in 39 percent.

Toss in such killers as improper passing, following too closely, and crossing prohibited lines, and the evidence is clear that a big majority of deaths and injuries result from violation of the law.

The newly-created Texas Traffic Safety Council, an official State agency, has launched a statewide educational and law enforcement campaign against human destruction on the streets and highways. A safer Fourth of July is the first goal. All organizations—State and local, church, school, civic and otherwise—have been urged to cooperate by passing the word to their memberships. Governor Price Daniel has made a special appeal to ministers, Sunday school teachers and church workers by designating June 30 as "Safety Sunday" and urging them to devote part of their lessons to traffic safety.

MAKES HONOR ROLL

Miss Joyce Earley, daughter of Mr. and Mrs. C. B. Earley and a graduate of Tahoka High School, was one of the top honor roll students at Wayland College during the spring semester.

In fact she was the second ranking student, with a straight "A" record, among the thirty students making the honor roll. Only four students had straight "A" records.

Success comes before work only in the dictionary.

Christian teachings place a high value on human life; it is appropriate that the churches have a leading role in preserving life on the streets and highways.

The News asks every citizen of Lynn County to join this campaign. If we were struck by a flood, a tornado or some other disaster on the Fourth of July, none of us

would hesitate to pitch in and fight for our lives and those of our neighbors.

We are faced each day with the disaster of traffic accidents—heightened on holidays such as the Fourth of July.

Let's use the same cooperative spirit to do something about this the greatest of all disasters.

WHY put your money in a small car?

**READ THIS
STARTLING FACT**

**5 out of 10 Smaller Cars
wear a Pontiac Price-Tag
—yet none gives you Any
of Pontiac's Advantages**

PONTIAC GIVES YOU MORE SOLID CAR PER DOLLAR THAN THE BIGGEST OF THE SMALLER JOBS!

The so-called "low-price" numbers just aren't in it—Pontiac gives you up to 8.9% more solid car per dollar! And your Pontiac dealer can prove it—with official specifications. Check them yourself. Starting with Pontiac's rugged X-member frame and continuing through every inch of the car, you'll discover engineering advances and advantages the smaller cars haven't even thought of. Then put the facts and figures to a test—with you behind the wheel. Feel the safe, solid security of Pontiac's extra-ruggedhaft... the way it holds the road... the absence of bounce and shake. More important, you'll discover that this big heavyweight handles like a dream in traffic or on the open road, because only Pontiac offers you Precision-Touch Controls for almost effortless steering and braking. No doubt about it—here's driving that puts the smaller cars in the shade!

NO SMALLER CAR EVEN APPROACHES PONTIAC'S 122-INCH WHEELBASE!

You can't ride on overhang—but you can on wheelbase! Pontiac gives you from 4 to 7 inches more length between the wheels where it counts! From bump-smoothing comfort to interior stretch-out room, this is real man-size bigness! Add Pontiac's exclusive Level-Line Ride suspension system and you have a car that makes the smaller jobs seem undersized and overpriced!

NOTHING ON WHEELS PERFORMS LIKE A PONTIAC... THE SMALLER CARS DON'T EVEN COME CLOSE!

Your Pontiac dealer can show you on-the-record proof that Pontiac is America's Number One Road Car. And he can give you a point-by-point comparison to show you why no smaller car can hope to imitate Pontiac's alert, effortless response to every driving demand from stop-and-go traffic to superhighway cruising... why Pontiac loafs while smaller cars strain... how Pontiac's all-around performance superiority has made it the talk of the automotive writers! But don't stop with facts and figures—prove it yourself at the wheel. You'll be spoiled for smaller cars forever!

PONTIAC'S TOP TRADE-IN VALUE IS FAMOUS!

Pontiac's high trade-in value is a tradition in the industry! A quick check with your Pontiac dealer for his eye-opening offer will prove beyond a shadow of a doubt that you're getting not only a wonderful buy but a wonderful investment! So, before you spend your hard-earned dollars on a smaller car—check Pontiac and discover the easy way to break the small-car habit.

NOW! If you want the ultimate in both economy and extraordinary performance, see the Power Carburetor is available at extra cost on even the lowest priced Pontiac models! It's America's newest power advance and exclusively Pontiac's at so low a cost.

MRS. CARL D. GRYDER
Correspondent

There are several things in this world I would not like to be. One of them is a predictor of the weather! Someone said the other day that the weather was like a woman you could live with it a life time and still not be able to forecast it accurately! Be that as it may, the weather is still the main topic of discussion these days! This year we have had all kinds! One wonders if we are being tested, as the elements metes out these trying conditions. In thinking along this line I ran across this little bit of musing by an unknown author. "All hindrances are tests. They try the reality of our resolutions and the genuineness of our purposes. A black sky on a Sunday morning tests the strength of a Christian. Those who are physically or morally weak stay at home. God is every day testing us and in every way. He Himself knows us; But we do not know ourselves perfectly well; and the tests which come with hindrances bring us revelations of ourselves." If these are testing days, we may not make a 100, but let's hope we pass!

NEIGHBORLY

is the word for Humble Service

That's the way Humble customers describe Humble service.

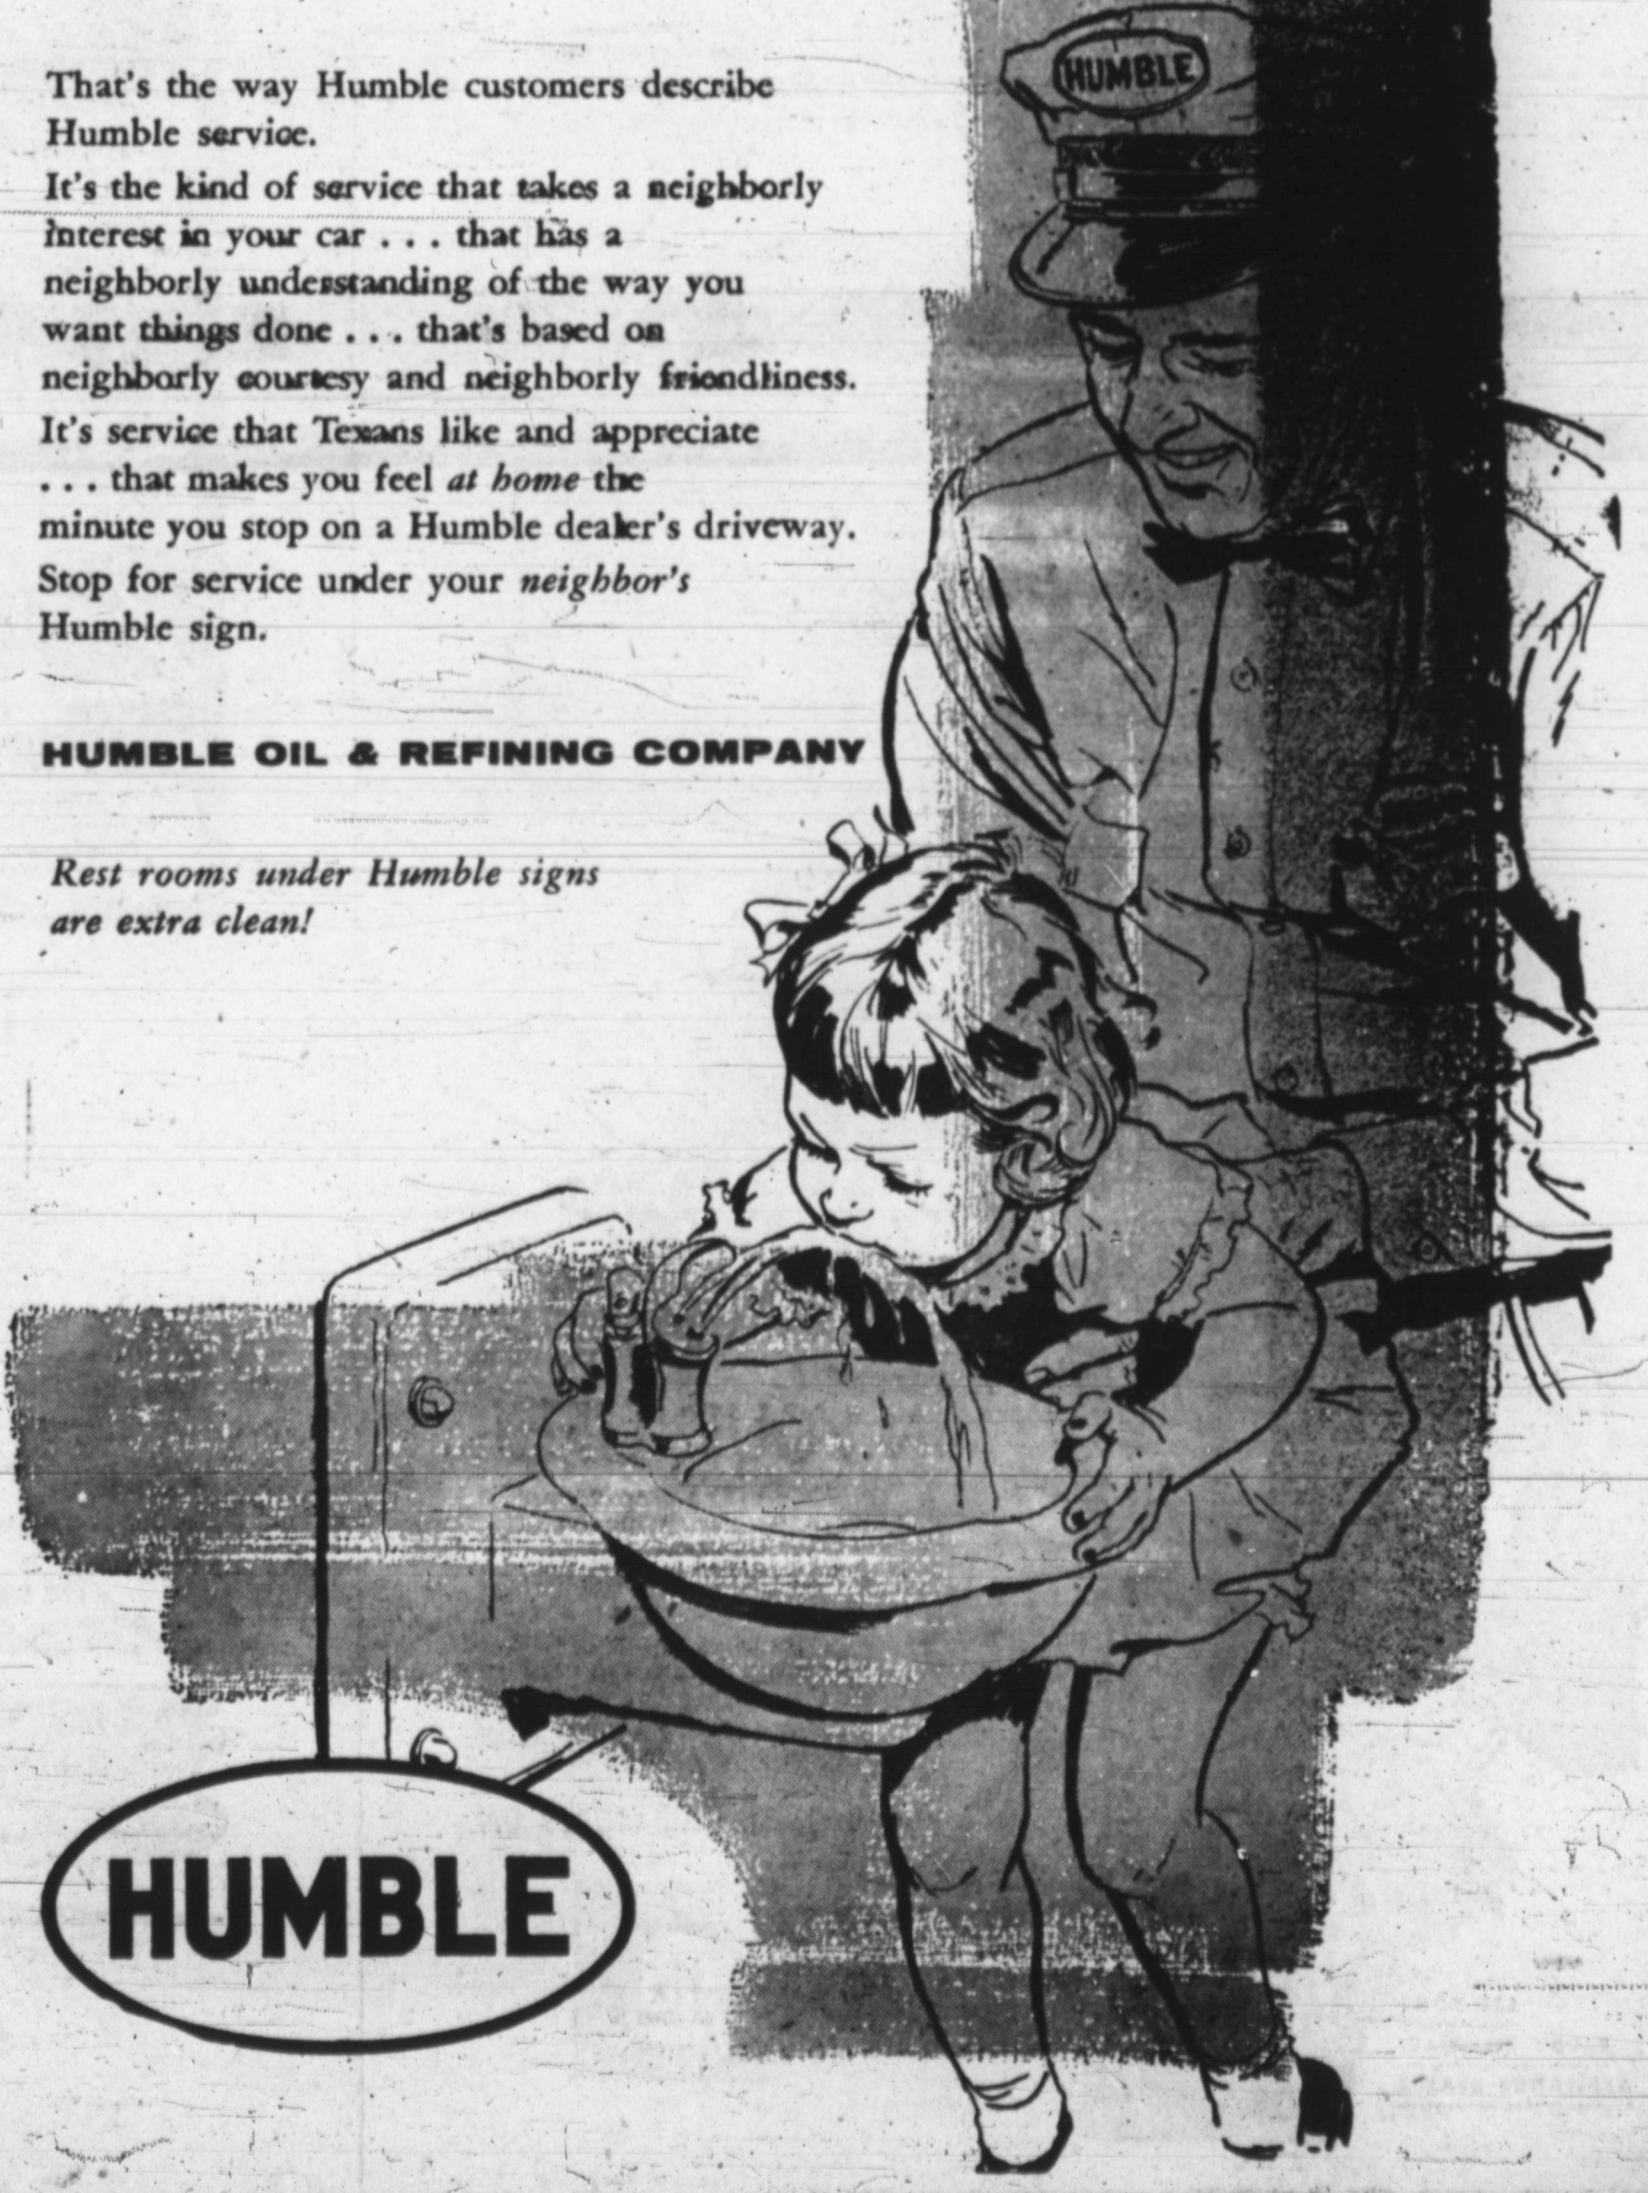

It's the kind of service that takes a neighborly interest in your car... that has a neighborly understanding of the way you want things done... that's based on neighborly courtesy and neighborly friendliness.

It's service that Texans like and appreciate... that makes you feel at home the minute you stop on a Humble dealer's driveway.

Stop for service under your neighbor's Humble sign.

Sidelights on Pioneer Reunion . . .

W. L. Knight, now 93, who came here as a merchant 40 years ago and handled everything from shoes and gingham to groceries, coal, and horse collars, was one of the interested spectators at the reunion. Still hale and hearty, Mr. Knight was still able to pour his own concrete sidewalk just last summer on a hot day. He still hoes the weeds at his home.

Mr. and Mrs. Frank Edwards were up from Houston on their annual reunion visit. On the program in the afternoon in which a number of former students reenacted an early day school scene, Frank took a pot-shot with a paper-wad at H. P. Caveness, former superintendent. He told Mr. Caveness later "I always wanted to shoot you with a paper-wad."

He could never have gotten away with it in 1920.

Mrs. Ben Moore (1901), O'Donnell, says her late father, H. E. Baldrige, a member of the first Commissioners' Court of Lynn county, helped circulate the petition for organization of the county. The Baldriges settled on the line of Scurry and Borden counties in 1900, and moved on out to Lynn county in 1901.

Mrs. G. C. Aten of O'Donnell accompanied Mrs. Moore to the reunion. Her husband's family was one of the settlers in the Grassland area.

Belton Howell told a story he claimed was the exact truth on the Ketner girls. In about 1905, he said, he picked cotton with Ruby, Kate, and Ruth. When they went to leave the field, he had to help them on their horses, to his dismay, and stated, "I'll be darned if I will pick cotton with a bunch of kids that beat me picking cotton and then can't even get on a horse." He says he quit picking right there, and has never picked cotton since.

Have news? Phone 35.

Nettie W. Edwards (1903) says as a girl she rode horseback, sometimes in a buggy, twice a week 12 miles to take piano lessons from the late Mrs. Maude Donaldson. Now, kids will hardly talk two blocks to take a lesson.

Mrs. Elwayne Redwine Reed and one of her two sons was here visiting her mother, Mrs. F. E. (Vesta) Redwine. She and her husband, who could not come, operate a commercial printing plant in Delta, Colorado.

Roy Tunnell of Morton and Howard Tunnell of Lubbock were among those who enjoyed meeting old friends.

Among those present who had not been back to Tahoka in many years were Mrs. Mattie (Ben) Redwine and son Aubrey, and wife, all of McNeal, Arizona.

Mr. and Mrs. Fred Bucy (1925) of Brownfield were here, and Fred was telling about some of the big ones that didn't get away on their recent fishing trip to the Gulf.

Mrs. J. J. Atkinson, 1905, of Brownfield, got a big kick out of visiting the Ketner girls, as well as others.

Mrs. Walter May and daughter, Mrs. B. W. Baker, were down from Lubbock. Mrs. May still drives her car every week from Lubbock to Slaton "to get her hair fixed." Mrs. May is one of the real pioneers of the county. She and her late husband were among the first farmers east of Tahoka Lake.

J. E. Ketner (1901), now 90 years of age, was one of the county's first farmer-settlers and was also a first commissioner of the county. He also helped organize Lynn county.

Sen. Smith

bills, the principal one authorizing the State to participate up to 50 percent in acquisition of rights-of-way for state and federal roads. The auto registration fee will be hiked 10 percent to pay for this.

In traffic safety, a state-wide Safety Council was set up, and provisions made for 100 additional new patrolmen.

The Pool bill providing for runoff elections where a vacancy is to be filled and no one candidate has a clean majority over two or more opponents. Also, the dual "check or scratch" system on ballots system was done away with, and in the future voters will scratch names only.

Pay raises for district judges was proposed, as the pay is now too low to attract top qualified men.

People will vote on a proposal to allow the state to advertise its resources to attract industry and tourists.

Appropriations were made for an Archives building and a Court building. Many important state records are now housed in tin buildings.

By vote of the people, \$100 million will be advanced to Veterans for buying land on long time loans.

In the field of juvenile legislation, a new law makes parents responsible up to \$300.00 for damage done by drivers under 16. Also, in the future drivers under 16 must secure right to drive from the Department of Public Safety rather than from the county judge. An exception is the student who has taken a drivers education course in school and has passed the drivers' test.

President Johnny Reasonover announced the installation program for this Thursday night at 7:30 to which Rotarians and their wives are asked to bring a covered dish. The meeting marked the 45th with perfect attendance for the club.

Most Completely Changed Buick in History!

 NEW VERTICAL-VALVE V6 ENGINE has built-in "power-pack" at no extra cost.	 NEW VARIABLE PITCH DYNAFLO gives unsurpassed smoothness plus new instant response even without switching the pitch.	 WIDE-CHANNEL X-BRACED FRAME forms a rigid, firm foundation for the new Buick ride.	 NEW CHASSIS provides superb roadability, lower center of gravity—yet keeps full road clearance.
 BALL-JOINT FRONT SUSPENSION provides easier steering, surer control on curves and corners.	 "NESTED" RIDE CRADLES BODY into frame for a smoother, more balanced ride.	 DROP-CENTER TORQUE-TUBE DRIVE imparts ride stability, makes more headroom and legroom.	 POWERFUL NEW BRAKES (air-cooled aluminum front drums on Roadmaster '57) give surer, quicker straight-line stops.
 QUIET REAR AXLE with ratio balanced to engine for even quicker response, greater fuel economy.	 LOWER, ROOMIER BODIES provide full headroom, longer legroom, more rear-seat "stretch" room.	 EXCLUSIVE SAFETY-BUZZER* sounds a signal when speed exceeds the pace you preset.	PLUS 150 OTHER SPARKLING NEW ENGINEERING FEATURES

TAKE a look at that panel, and listen to the big news:

Every feature, as described here, never existed until the '57 Buick was built. Every feature — and these are just some of the major ones — is totally new in the '57 Buick.

But what's most completely changed is the performance of this great Buick.

It's a car that drives and rides and brakes and steers and handles like no other car you ever knew before.

No words we can say will make you feel what's here. You must take the wheel and learn what happens when you and this '57 Buick come alive together. So drop in this week. A wonderful new experience is waiting for you.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Buzzer is standard on Roadmaster, optional on other Series.

Big Thrill's Buick — drives like no other car you ever handled before!
