STANDING ON THE CORNER

With P. J.

A shallow thinker seldom makes a deep impression. —Cheer
Oh—so that's what has been wrong with me all these years!

Tahoka citizens are astir arriving from and leaving for that long dreamed of vacation.

Things have certainly changed in the last 30 years. Most of us remember the day when it was an earth shaking event when a family courageously started out for Ruidoso for a week. With the old family vehicle chugging along at 30 miles an hour, a water bag hanging on the front bumper, a tent and cooking vessels strapped to the rear, and a prayer in Pa's heart that the hoople would make it across the desert from Tatum to Roswell, the vacation began.

Nowadays, Tahokans are gallivanting all over the globe—from Europe to Hawaii, from New York to California, and from Mexico to Canada. That jaunt to Ruidoso now is just a side trip.

But, we're all glad this particular change has taken place. This is one sign of progress that no one says is a ruination.

Squelched

Mr. Banks was busily engaged in digging the mud beside his car when a stranger hailed him. "Stuck in the mud?" he asked. "Oh, no," exclaimed Mr. Banks cheerily. "My engine died and I'm digging a grave for it."

Before long, we hope, a television program will appear on Camera Three which will include a portrayal of Abraham Lincoln. Since you might not recognize the actor in the heard and black, slightly shaggy hair, we'll tip you off—it'll be Gerald Wayne Tippit.

Yeah—that's what we thought too. In fact, that's probably the last role in which anyone here would expect him to be cast. However, they say a good actor can portray any type of personality, and this no doubt is proof that Gerald Wayne's got what it takes. It's quite a change from the "Seven Deadly Sins" he recently enacted. The production was presented live from New York Sunday, June 23, so Lubbock stations should carry it in a few weeks on film. Since Camera Three is often changed on the Lubbock agenda, watch your television schedule each week for its appearance.

Every now and then we all get "stuck" on an author and quote him incessantly. It seems mine now is Norman Vincent Peale, (Cont'd. On Back Page)

Methodist Men Closing Contest

Tahoka Methodist Men will end their attendance contest Monday night with a dinner meeting at 8:00 o'clock.

Divided into two sides, the Roughnecks led by Cotton Carter, and the Backsliders led by A. M. Bray, the contest has drawn attendance nearly to a hundred men. Winner of the contest will host the other side at a dinner meeting in the Calloway Huffaker back yard in August, when Rev. Howard Hollowell of San Antonio will be the principal speaker.

The Roughnecks are leading the Backsliders by nine points, but the Backsliders declare "things are going to change Monday."

Monday night, Dr. Emil Prohl will speak on his trip over Europe, and D. J. Pennington will lead the song service.

Home-made ice cream will be served and the dinner will be prepared and served by Norvell Redwine, Dale Thuren, Meldon Leslie, W. C. Wharton, and Jess Gurley.

Wynne Collier is the president of the Methodist Men.

Work Underway On P. O. Building

Work is underway here to remodel both the exterior and interior of the Post Office building, which will add to the beauty and to the efficiency in which service may be given.

Old windows have been torn out on the north side and are being replaced by plate glass windows and aluminum. All windows in the building will be sealed, according to Postmaster W. E. (Happy) Smith. A new glass and aluminum front door will also be installed, as well as a new landing in the back and a new back door.

On the inside of the building, the portion of the building from which public service is given, will be changed to run east and west directly before the front door, from its present location of running north and south along the west wall. In making this change, it will enable all post office personnel to help out in rush situations either at the front or back of the building, Smith said, and will give the post office more back office space.

Boxes will run along an "L" beginning at the front of the enclosure on the east to a place several feet from the south wall and then from that place directly to the east wall of the structure.

In addition to these improvements, an overhead heating and air conditioning system will be installed and another cloak room added to the interior, Smith said. Mrs. C. A. Thomas is owner of the building.

H. M. Jenkins, 59, Dies Suddenly

Funeral services for Howard Madison Jenkins, 59, were held Friday afternoon in the First Baptist Church. Jenkins died unexpectedly Thursday, June 26, at 3:00 a. m. at his home in Lovington, N. M., where he had moved in March from Lynn county. Death was attributed to a brain hemorrhage. He had appeared to be in good health the evening before.

Rev. Ray Lowe of Bovina and Rev. Bert Johnson of Oklahoma City officiated.

Burial was in Tahoka Cemetery. A long time farmer of Lynn county, he was born Dec. 22, 1897 in Arkansas. He moved here in 1925 from Oklahoma and farmed southeast of Tahoka until this winter, when he sold his farm and moved to Lovington. He was a member and elder of the General Assembly Church of the First Born. Jenkins was married to Ada Morrison in 1918 at Tecumseh, Okla. She died in 1956.

Survivors include six daughters, Mrs. Ivy Sedberry of Blackwell, Mrs. Polly Medlin of Lamesa, Mrs. Rebecca Romine of O'Donnell, Mrs. Hazel Williams of Post, Mrs. Sylvia Watley of Ruidoso, N. City Is Waging War On Weeds

City of Tahoka started a war on weeds this week in alleys and barrow ditches, and as soon as this work is complete something may be worked out whereby weeds on vacant lots will be cut.

The City Council at its meeting Monday night purchased a shredder, which was put to work Tuesday as a service to the community. If weeds on vacant lots are cut, a charge will probably be made to the lot owner.

Although the fogging machine has been in use, a new hatch of mosquitoes came out Sunday and Monday nights. Due to the many weeks and ponds of water, mosquitoes are due to be very bothersome in the coming weeks in spite of all efforts of the City to kill the hatches.

Bray President of Lubbock Firm

A. M. Bray has been named president and general manager of the Modern Chevrolet Company in Lubbock, owners announced Wednesday morning. The company, formerly Ralph Penny Chevrolet, is owned by Ned Wood of Santa Fe, N. M. and Roy Hill of Dallas.

Mr. Bray, along with his wife and three children, David, Andy and Marla, will move to Lubbock after he sells the Bray Chevrolet Company, which he has owned for about 10 years. However, he says that the buyer must be adequate and acceptable to the company and to himself before he can consider the sale of the local business.

The entire family is very active in the work of the Methodist Church here, Mr. Bray now serving as Sunday School superintendent. He has also been president of the Rotary Club, Chamber of Commerce, and school board. He is also a 32-degree Mason, a Knight Templar and Shriner.

Although this is a wonderful opportunity for Bray, he says that it was a very difficult decision to make. The company in Lubbock is completely staffed and Maurice will only be required to step in and take charge.

Crops Doing Fine, But Freakish Weather Still Plagues Farmers

Name it and the Plains has it. Just about every kind of weather imaginable has visited the Texas South Plains this year—the latest being the heat wave of the past week equaling few this area has ever experienced.

Official temperatures recorded by the U. S. Weather Bureau local observer the past few days have been: Friday, June 27, 99 degrees; Saturday, 105 degrees; Sunday, 105 degrees; Monday, 100; Tuesday, 100; Wednesday 96 at 1:00 p. m. Highest reading ever recorded by the local station was 110 degrees in June, 1924.

Farmers had been hoping for some hot weather, but most did not want it this hot. Anyway, the heat was accompanied by winds Saturday and Sunday that helped crops not at all, and Monday night

a dust storm blew in from the west on light wind, whipped up by a storm in New Mexico and in Yoakum county.

Farmers praying for the rain to stop a week or two ago, are now wondering if a rain will not be needed in a week or two.

Meanwhile, cotton and feed are growing rapidly in the warm weather, and immediate concern of farmers is in getting weedy crops cleaned up. Very few hoe hands are available.

Practically all feed rained out or hailed out has been replanted this week, and with favorable weather stands a chance to make a big crop.

Cotton now being planted, however, is a different proposition, as a late fall will be required for it to make much of a crop. Possi-

bly 75 percent of the cotton was up in plenty of time, though, it is believed.

The southeastern part of the county, badly damaged to hail on Sunday, June 21, is mostly replanted. Although much cotton was totally destroyed, many farmers are finding the cotton was not damaged as badly as at first believed. At any rate, much of the hail-damaged cotton is being left and is putting on new leaves.

Weather since January 1 has included snow, sleet, mist, fog, rain, and hail; sandstorms, dust storms, cold weather and hot weather, dry weather and humid weather; tornadoes and threats of tornadoes; and almost any day now the folks are expecting an earthquake and a typhoon or cyclone.

Lynn Is Ahead On Bond Quota

Truett Smith, Chairman of the Lynn County Savings Bonds Committee, reports that Savings Bonds sales in this county were \$18,781.00 during the month of May. Sales during the first five months of 1957 were \$148,692.00 or 62.5 percent of our year's goal.

Sales in Texas were \$13,840,433 during May which was an increase of \$280,000 over the month of April. The State of Texas has now reached 37 percent of its 1957 goal.

"I feel that if every citizen of Lynn county will buy an extra bond during the remainder of 1957 our county will reach its goal. There is no safer investment than U. S. Savings Bonds since both the principal and interest are fully guaranteed by our government. Savings Bonds now earn 3 3/4 percent interest compounded semi-annually when held to maturity, and they now mature in eight years and eleven months," Chairman Smith concluded.

Two Enter Farm Bureau Contest

Two Lynn county girls have entered the local Farm Bureau Queen Contest and more contestants are being sought.

Entries include Miss Jeanette Melton, daughter of Mr. and Mrs. V. L. Melton on route 1, Tahoka, who is an 18 year old graduate of Tahoka High School.

Miss Dolores Smith of New Lynn, is also a contestant. She is the 16 year old daughter of Mr. and Mrs. Guy Smith of route 1, Tahoka, and is a student in Wilson High School.

The county contest will be held in Tahoka on August 23, the winner of which will enter the district contest. State and National contests will also be held.

To be eligible to enter the county contest, an applicant must be single, between the ages of 16 and 22 and a daughter or sister of a Farm Bureau member.

Girls will be judged on the basis of poise, grace, charm, vivaciousness, and other qualities that contribute to a successful future homemaker.

Water Supply Short During Heat Wave

Tahoka water supply is running very short as the result of extreme heat of this past week. City Secretary Tom Bartley reports.

Citizens should practice conservation in order to prevent the possibility of a serious shortage.

A new well has been drilled in the water field north of town, and the City hopes to have it on pump shortly. The well takes the place of one ruined by cave-in during the recent rainy spells.

Mack Forbes of O'Donnell, injured recently in an automobile accident, was released from Tahoka Hospital Friday of last week.

City Will Enforce Dog Ordinance

In view of the fact that several Tahoka children have been bitten by dogs recently, the City Council at its meeting Monday night ordered that the stray dog ordinance be enforced.

Not only must dogs in Tahoka have a City license tag (obtainable for \$1.00 at the City Hall), but they must be vaccinated for rabies.

A veterinarian will be in Tahoka at the City Hall Saturday, July 13, from 2:00 to 5:00 p. m. to vaccinate dogs. His fee is \$2.50. People who do not wish their dogs disposed of should see that their dogs are licensed and vaccinated.

Troop 21 of the Boy Scouts in Tahoka will discontinue their meetings until Tuesday evening, July 30, according to Ray Hopkins.

Many of the boys are on Little League teams and cannot meet until the baseball schedule is over. However, swimming practice on Monday nights at 8:00 p. m. will continue, Hopkins said.

Cotton Contest Deadline Is Set

Deadline for entering the annual 4-H Club cotton contest is Saturday, July 9, according to County Agent Bill Griffin.

All Lynn county 4-H club boys may enter five acres of either dry land or irrigated land cotton in the event, and winners are picked in each class.

So far, there have been 11 entries, six in the dry land contest and five in the irrigated cotton contest.

Hap Smith New Rotary President

New Tahoka Rotary Club officers were installed at a ladies' night meeting Thursday evening of last week in Fellowship Hall of the First Baptist Church.

W. E. (Happy) Smith is the new president, succeeding Johnny Reasonover, who automatically becomes vice president succeeding Harold Green. "Dub" Kenley is the new secretary, succeeding Walter Mathis. New directors are Smith, Mitchell Williams, with Dr. Skiles Thomas and Green the outgoing directors.

Harold Green presented the new officers and also the past president's pin to Reasonover.

Principal speaker for the occasion was Truett G. Hull Jr., president of the Canyon Rotary Club and a grandson of the late Rev. O. J. Hull, a former pastor of the First Baptist Church of Tahoka.

Mrs. Emil Prohl, just returned from the Rotary International convention in Lucerne, Switzerland in company with her husband and son, Karl, made a very interesting report on the meeting.

Wynne Collier presented the charge to three new members, Allyn Cox, Urban Brown, and Rev. J. B. Thompson.

Reasonover outlined the accomplishments of the past year in his farewell talk, an outstanding one being 100 percent attendance of the club for 11 months of the year, good enough only to be second in the 183rd District to Sudan, which club had 100 percent for the entire year. The club was in the high-ten of its classification among the more than 4,000 clubs of the 101 nations in which Rotary operates over the world. He also cited help given the Junior Livestock Show, leadership taken in many smaller projects, and the sponsoring of a ten weeks visit in Lynn county each summer of a student from a foreign nation.

In accepting the gavel as new president, Happy Smith said this was one of the biggest honors of his life, and issued a plea for the same kind of cooperation as has been given club presidents in the past.

Tom Gill, attendance chairman, recognized those with 100 percent attendance records: Wynne Collier, 25 years, four at Prohl, and 21 at Tahoka; Dr. Emil Prohl, seven; Grandel Ayer and Clint Walker, six; Otis Spears, John Reasonover, and Happy Smith, five; and Alton Cain and Tom Gill four years.

Secretary W. M. Mathis presented the financial report. Otis Spears led the club in singing two songs, and Misses Jan Collier, club sweetheart, and Carol Smith sang a duet of two numbers, Mrs. Harold Green accompanying.

Charles Townes introduced visitors and Rotary Ann.

Invocation and benediction were by Rev. J. B. Thompson.

Mr. and Mrs. J. E. Reasonover are in Colorado where they are spending a two weeks vacation.

Today's MEDITATION

The World's Most Widely Used Devotional Guide

The Upper Room

Rejoice in the Lord always: and again I say, Rejoice. (Philippians 4:4)

Mother, if I had that doll," a little girl once exclaimed. "I'd be the happiest girl in all the world!" On receiving it, she was very happy; but after a few days it was laid aside.

A universal wish of all people is for happiness. Yet, like the little girl, they find that material possessions do not give enduring happiness. Real happiness is more than earthly possessions and accomplishments. This century has witnessed our greatest scientific and material advancements. However, the mental hospital admissions are the highest in history because of many broken, unhappy persons. True happiness has as its basis a living faith in God. Such living faith expresses itself daily by an unswerving purpose to serve Christ's cause and to do the work He would have us do.

There is wisdom in Paul's words of encouragement, "Rejoice in the Lord always: and again I say, Rejoice."

Prayer
We thank Thee, Lord for all material blessings that Thou hast given us. But teach us, our Father, that true happiness can come only from an enduring faith in Thee, proper use of our blessings, and daily work in Thy service. Help us to practice this wisdom, in the Master's name. Amen.

THOUGHT FOR THE DAY
"Serve the Lord with gladness."

**WILSON BROTHERHOOD
BUYS PLAY EQUIPMENT**

(By Mrs. Carl Gryder)

The Brotherhood of the Wilson Baptist Church last week purchased some play equipment to be enjoyed by the youth of our community. The games that were bought can be set up on the church lawn or in the Educational Building. A lot of time, money and effort on the part of the Brotherhood has been extended so that the young people of this community might have lots of clean wholesome fun. Among games now available are ping-pong, badminton, shuffleboard, volleyball, croquet and horseshoes. The plans are being made for different age groups to have a night to play. A family night is also being planned. It all sounds good to me and here is hoping the community takes advantage of the opportunity to have lots of fun.

Peggy Elliott Is First Champion of T-Bar Ladies Open Tournament

Mrs. Peggy Elliott took home the trophy for winner in the championship flight of the Ladies City Open Golf Tournament held last week and ending Sunday at T-Bar Country Club, and also was awarded the medalist honor. The winner shot a 38, or one above ladies' par, on the front nine.

She defeated Mrs. Myrna Verner in the finals. Consolation winner of the championship flight was Mrs. Maxine Edwards, who won over Mrs. Dot White.

Mrs. Jack Smith presented the awards following the supper served on the terrace.

First, second and consolation trophies were presented to winners in each of the three flights.

First flight, Mrs. Jo Belle Robinson over Mrs. Jerry Applewhite; consolation, Mrs. Viola Gagnat over Mrs. Jean McCord.

Second flight, Mrs. Glenda Dunagan over Mrs. Billie Thuren; consolation, Mrs. Virginia Gatzki of Wilson over Mrs. Abbie Whorton.

Cry baby flight was to be decided between Mrs. Audie Norman and Mrs. Irene Spears.

Following the finals Sunday evening, a barbecue chicken dinner was served by the Ladies Golf Association to about 120 people and the trophies were awarded the winners. The meal was prepared by Turner Rogers.

Club members were pleasantly surprised at the interest shown in the first ladies' open tournament of the club. There were 26 entries, and a number of people turned out to watch some of the matches, especially Sunday afternoon.

Yankees Come Up In Little League

Four Little League games were played this week which saw the Yankees take two wins, one a no hitter over the Giants.

Jack Burk pitched his team to victory in the only no hit ball game of the year, when the Yankees shut out the Giants 9 to 0. Larry Thomas was the losing pitcher.

David Bray, official score keeper, was not able to attend the game, and no records were made of the game, and therefore the batting statistics are not available. However, the score speaks for itself, and brought the Yankees the esteem they have been playing for all summer in soundly defeating the champions of last year and winners of this year's first ball.

The Yankees' second win was a 4 to 3 ball game over the Cubs Monday. Burk again was the winning pitcher and Terry Brown the loser. Ted 2-2 at the end of the first, the Yanks scored two runs in the second and the Cubs were able to make only one more in the fifth. Taylor Knight and Steven Green hit two for four, and Bill Miller and Jack Burk two for three for the winners, while Larry Price hit two for three for the Cubs.

Last Friday night the Cards defeated the Cubs 13 to 3, with Tony Spruiell taking honors on the mound. Billy Wallace was the losing pitcher. Terry Harvick hit three for three, Spruiell three for four, and Dennis Hopkins two for two for the Cards. The Cubs' Jerry Forsythe hit two for three.

On Tuesday night the Giants barely nosed out the Cards 5 to 4 after trailing until the last inning. The Cards led 4-1 at second inning and 4-3 at the end of the fifth. In the sixth Billy Kopecky hit a home run tying up the ball game and then Jim Wells got a hit that scored Hank Chapa. Billy Clinton hit two for three for the Cards, and for the Giants Gerry Thomas, Larry Thomas and Kopecky hit two for three and Wells hit two for two.

Dickie Davis and the loser was Terry Renfro.

ODds and Ends

(By E. I. Hill, Editor)

Again this week I am going to be unusually personal in the writing of this Column. I am not going to say that we have visitors. Our folks have just come home for a few days rest and recreation. Bert, who works in the Public Welfare Office in Guadalupe county, came in just before sunset Friday, and Myrtle and her two daughters, Anita Jo and Sara Sue, came down from Lubbock an hour later. Sara had to go back to Lubbock and work Saturday, however. After that all of them will probably be here until Tuesday or Wednesday of next week. This is being written on Saturday afternoon. Our families—the Hills as well as Eva's kin—are delighted that Anita seems to be recovering so nicely from her burns suffered about three months ago. We want to thank all friends of the families for their sympathy and kindness toward us during these most trying times.

Berta brings the word from Seguin that they have had more than 24 inches of rain this spring and summer but, strange to say, they are still very dry down there. Much of the water ran off, of course, went on the Guadalupe River, but even where it stood in ponds for any considerable length of time the earth cracked open in great crevices and more rain is seriously needed right now. Many South Texas counties in the early days of Texas were settled by Germans and other nationalities of Europe, it will be remembered; and many of those immigrant Germans have moved to the plains of Texas, especially to Lynn county, during the past thirty or forty years. They are a thrifty people and make good citizens wherever they locate, though they are sometimes accused of being a bit clannish. Many of these fine German people bought lands and built farm homes in the vicinity of Wilson in this county. Before moving from Nolan county to Lynn county more than 33 years ago, this writer knew many fine German citizens down in the vicinity of Roscoe, and quite a few of them live there still.

TEXAS PRESS ASSOCIATION Member 1957

Well, this is now Monday as I begin writing the rest of this Column for this week, and I am glad to state that that storm predicted for Saturday night did not show up at all. The thermometer at my house registered 106 both on Saturday afternoon and Sunday afternoon, 10 degrees higher than it had theretofore registered here this year. Lubbock announced a temperature there of 107 degrees and sent out a storm alert. It was hot far into the night but not a hint of any storm showed up. The stars kept shining merrily throughout the night, and the sun rose Sunday morning—and again on Monday morning—on a happy people.

Well, it is too hot to work and too hot to lie down on a bed, so I believe I will use the little time and space here to correct a little error which appeared in this Column recently. In the bustle and rush of getting out an issue of this newspaper, we were made to say that the Tahoka Daisy was the most beautiful flower to be found anywhere on the Plains. Of course we did not say any such thing. What we did say was that it was the most beautiful "wild flower" to be found on the plains, even though in many places it is practically hidden by rank grass and weeds. We want to suggest further that whoever owns the lots surrounding the big show-room of the Lynn County Fair Association should clean up the rank grass and weeds surrounding that building as soon as practical and should thereafter take steps to keep it clean. This Columnist is responsible for some of the "mess" still existing on these lots, and we are thankful to the City of Tahoka for hauling off in its trucks large quantities of the broken limbs of trees left by the tornado. Pat Hines, manager of the City Water supply and in charge of other city activities, has promised to clean up the whole "mess" together with my own lots as soon as he can get around to the job. Of course I will pay him any reasonable fee agreed upon for the work. In the meantime, thanks to everybody who has been so kind to me in all these tragic affairs which have come my way.

Now there is one other matter about which I wish to make not a correction but an observation. I have mentioned the most beautiful "wild flower"—the Tahoka Daisy—to be found on the Plains, now I want to make mention of the most beautiful shrub, or little ornamental tree, that I have ever seen in Tahoka. Nobody

Prohls Tell Of European Trip

Dr. and Mrs. Emil Prohl and son, Karl, returned home Thursday of last week from the Rotary International convention in Lucerne, Switzerland, and a tour of ten European countries.

Leaving New York on May 1, they were gone 60 days. Prior to the convention, they saw the sights of Paris, France, and Rome, Italy, and environs, and spent a few days each in Montreaux and Grindelwald, Switzerland. The convention was May 19 through the 24.

Following the meeting, they toured Germany, stopping in Baden-Baden and Frankfurt, then taking a boat trip down the Rhine to Cologne. Next they visited Amsterdam, Holland and The Hague, and went on to England, where they spent some time in London and surrounding territory, including the Shakesperian country at Stratford-on-Avon, and the Doctor attended the meeting of the Royal College of Surgeons.

From London, they went to Scotland, where they visited Edinburgh and the beautiful countryside made famous by such writers as Sir Walter Scott.

Next they went to Norway, where they found the sun setting after 11 p. m. and rising again at 4 a. m. They traveled by rail to Oslo and thence to Stockholm, Sweden.

here that I know of can tell me positively what it is. I have looked in the World Book and into every book on shrubs and flowers that I can find, and I am still in the dark as to the species of shrubs or ornamental trees to which it belongs.

At first I believed that it must belong to the great rhododendron family of shrubs, which includes many species or varieties, their habitats being found in practically every state in the Union from California to Florida and from Pennsylvania to Texas. Upon a more thorough investigation, however, I have not been able to find a single species whose description fits this Texas tree, for this specimen isn't really a tree. I do not know just when it was planted out but I would guess that it was so planted some ten to fourteen years ago. It has never been trimmed back apparently and it is now about twelve feet high. It is literally covered with flowers of the richest yellow that you rarely ever saw. It is more beautiful on a bright, clear, sun-shiny afternoon than it is during the morning hours. Among the rhododendrons, I have suggested the azaleas, the famous mountain laurels, the old southern types of Mississippi, Louisiana, Florida, North and South Carolina, a Virginia species which seems to be a little different from any of the others. Take a look at one of the brightest, clearest, yellowest cars you often see on the streets of Tahoka and you may get some idea as to how beautiful these yellow flowers are but not much idea, for no car manufacturer on earth can cope with the great painter and Artist of this Universe when He sets out to make a lovely tree.

At this point I asked my wife Eva to get out one of her books of poems and find that wonderful piece of literature in which Joyce Kilmer, the author, wrote this little literary gem:

"Poems are written by fools like me; Only God can make a tree."

I can not tell you this week what particular servant of our Lord and Master planted out this lovely tree of our neighbors, H. P. Jones and family but I am going to find out as soon as I can and procure one or more of them to plant out this coming fall or winter on my own premises. I want us to make our little niche in this town as much like the Heavenly Garden as possible before the Great Pilot calls for me to come on across.

Our Texas Court of Criminal Appeals seems to have become just as autocratic in its decisions as has the U. S. Supreme Court. This Column will discuss some of its recent decisions, next week; and we may take some hide off.

W. E. HEGI VISITS HERE WITH BROTHER "PETE"

W. E. Hegi, chief of detectives of Glendale, Calif., and wife were here the first of the week visiting his brother, Fred B. (Pete) Hegi, and family. This week end they are attending a reunion of his wife's family in Big Spring.

Mr. Hegi has been detective chief at Glendale 22 years. In the many homicide cases he has handled, he says he has only one unsolved murder. Many of the cases out there have received national publicity. Among them was the case of Paul Wright, airport manager, who murdered his wife and his good friend, John Kimbrell; as the latter sat on a piano bench in the Wright home.

After visiting Copenhagen, Denmark, they sailed for home.

The Prohls went over on the Queen Elizabeth liner and returned on the Gripsholm, a Swedish liner making its second trip.

Rotary meetings were held aboard ship, and the Doctor led the singing at one of them. He also attended Rotary meetings in most of the principal cities they visited in Europe. Unlike the meetings here, he said European Rotary meetings are very formal, attended only by the upper crust of society and business, and there is no singing or horse-play.

Everywhere they went in Europe, they were treated with extreme courtesy. They were also impressed by the cleanliness of public buildings and streets in the cities and towns almost everywhere they went.

They visited cathedrals, castles, palaces, and museums too numerous to mention, as well as being attracted by every type of scenery Europe has to offer—and that is a treat, he said.

Most of the time, they were in the company of Mr. and Mrs. D. L. Adcock and Mr. and Mrs. Matt McCall, all of Lamesa, but met many other Americans they knew.

CARD OF THANKS

We wish to thank all our friends who helped in any way, during the death of our father and brother, the ones who sent flowers, sat up at the funeral home, sent food and served dinner, opened their homes to us, Mrs. McKinney at the funeral home for her wonderful service, the ones who sang at the services, to the pallbear-

ers, for your words of sympathy that was so comforting at our time of sorrow. May God bless you all, as our prayers.—The children of Howard Jenkins, R. A. Jenkins and family, Mrs. Charlie Boswell and family and Mrs. Fred Nowell.

Miss Dawn Gaignat of Lubbock has been here visiting her grandmother, Mrs. D. W. Gaignat.

and it's hard to resist quoting some of his thoughts.

This one is particularly good, because it hits the nail on the head in so many of our lives.

"It's so very easy to become discouraged and moan that 'Everything's going bad with me; I'm just licked by everything.' You may say that to yourself when you get up in the morning, and repeat it to your friends all day, and tell it to your wife when you go to bed at night. Everyone will think you are a pathetic figure—and you will indeed be that. And furthermore, thinking that way is likely to affect events—and you adversely."

"Or, on the other hand, you can ask God for hope and optimism, and He will create in you a new spirit."

My grand dad is curious about a tree growing in a neighbor's yard, which is now bearing yellow blooms. There are also two of these trees growing in front of the Methodist Church. If anyone knows the name of this type tree, he would appreciate being informed.

A Texan was bragging to a visitor from Minnesota: "We shore have big fish here. Why, I caught an eight-inch trout."

The man from Minnesota replied, "Back in Minnesota, that's a pretty small fish."

"Mebbe so," the Texan drawled, "but here we measure 'em by the distance between the eyes."

Dean Wright asked the other day if our circulation was dropping—we'd missed three weeks straight without saying a thing about him.

A young woman boarded a crowded bus. A tired little man got up and gave her his seat. There was a moment of silence.

"I beg your pardon?" said the tired little man.

"I didn't say anything," rejoined the young woman.

"I'm sorry," said the little man. "I thought you said 'Thank you.'"

BLANCO STATE PARK on Blanco River at U. S. Highway 281 has a series of picturesque rock dams on the swift flowing stream that was named for the clearness of its water. The park extends along both sides of the river with many good sites for picnicking. A stone recreation building, rest rooms and playgrounds make it an attractive day-use park.
