## STANDING ON THE CORNER

With F. J.

In every way in which we live, our lives are comparative. Observe the snail who with a sign, says: "See those turtles whizzing by."

—Plastic Patter

It is interesting to see what various weekly editors over the area think of the Little Rock situation, so here are a few excerpts from various columns.

"Henry Luce sent several teams of photographers and reporters into Little Rock to cover the story for his Time-Life magazines. We're wondering how many teams are covering the racial disturbance in Pennsylvania and Detroit."—Andrews County News.

"In the long run, integration is inevitable, but as we and many others have feared, the courts and federal government are trying to push it too fast."—Gaines County News.

"What's happening in Little Rock is a sad but necessary incident. Sad, because it all happens in what we egotistically call the most advanced, enlightened, Christian nation in the world. Necessary, because it proves we are none of these things. Sober, intelligent, Lord-loving, hard-working men and women are turned into hysterical beasts by the sight of a person other than caucasian entering their "free" public school. Forgotten is religion, abandoned is reason, violated is common decency, welcomed is violence. Our enemies abroad are rejoicing, no doubt."

—Ralls Banner

"It is a problem of constitutional government versus anarchy. We cannot set the precedent of defying the order of a federal court. If we do, where is it all going to end?"—Tulia Herald.

All this leads up to one thing—while we've been stewing and stirring over who is going to school where our not-so-comradely comrades have launched the first real step toward conquering space. We have heard from those who should know that whoever reaches the moon first will be the supreme governmental power on this planet, and if the moon turns out to be "Red", who's going to worry over the color of the students learning about Fulton's steam boat?

Billy Graham has said that if we knew the full significance of Russia's baby moon, we'd all be on our knees praying for survival. (Cont'd on Back Page)

## Mrs. R. Vaughan Is Buried Here

Mrs. Rosa Pearl Davis Vaughan, 53, died at her home in Morris, Okla. Wednesday of last week and graveside services were held in Tahoka Friday at 4:00 p. m.

Rev. J. B. Hamilton of Waco officiated at the local services and burial followed in Tahoka Cemetery under the direction of Stanley Funeral Home. Funeral services were held at the United Pentecostal Church of which Mrs. Vaughan was a member, in Morris on Thursday.

Mrs. Vaughan, a long time resident of Tahoka, was born Feb. 19, 1904 in Lamar County. She lived here for many years, moving to Oklahoma about three and a half years ago. She was married to Y. Z. Vaughan soon after moving there.

Survivors include her husband of Morris, Okla., two daughters, Mrs. Harley Musick and Mrs. Eva Bell Musick, both of Tahoka; one son, Sammy Davis of Tahoka; one sister, Mrs. Ethel Aldridge of Santa Anna, Calif.; four brothers, O. E. McMillan and Delbert McMillan, both of Lorenzo, Weldon McMillan of Lubbock, and L. E. (Pete) McMillan of O'Donnell; three grandchildren and one great grandchild.

## City Council Studies New Highway 87 Route Proposal

The Tahoka City Council will meet within this month to either approve or reject a proposal by the State for a four-lane divided expressway to go through town a block or two east of the courthouse square.

If the proposal is rejected, another route must be agreed upon. However, if the proposal is accepted, the City will enter into an agreement with the State or the acquisition of right-of-way. The State would decide upon what real estate would be needed for the expressway and the City would be responsible for securing the right-of-way. The City also would pay for the land needed within the City limits with the help of the county and the State, the later paying half of the cost of such right-of-way.

Council members are presently studying maps and forms concerning the expressway and Mayor H. B. McCord expects a decision to be reached in the near future.

The route through Tahoka would begin one mile south of Tahoka to FM 400, two miles north of Tahoka. It would require 280 feet along most of its course through town and 300 feet adjacent to four proposed overpasses in and near Tahoka, which are modified cloverleaves.

Several scattered houses lie in the path of the expressway as well as the county fair barns and most of Higginbotham Bartlett Lumber Co. However, it would go far enough east to miss the City water plant.

The State and Federal governments will pay all of the construction cost.

## Turkey Shoot This Week End

New Home Civic Club is holding its annual fall trap shoot this Friday and Saturday from 10:00 a. m. to 5:00 p. m. a mile and a half east of New Home.

Prizes include turkeys, hams, steaks, and chops. Shotguns only will be used with low load shells.

Proceeds will be used for playground expansion and improvement.

## Fun Style Show Set At New Home

Lots of fun is promised at New Home Friday night, Oct. 25, when a "style show" will be sponsored by the high school seniors featuring men of the community modeling women's clothing.

Among the attractions will be Joe D. Unfried modeling a little boy's play suit, Dick Turner in a "Little Red Ridinghood" outfit, and C. O. Head in a modern bathing suit.

There will be fun for everyone, and the Seniors will also operate a concessions stand. Grade school children will be admitted for 25c, and all high school students, adults, and models will be charged 50 cents. The fun begins at 8:00 p. m.

## T-Bar Gin Will Open On Monday

The Linn Gin Company, formerly the T-Bar Gin, will open Monday for business with newly reconditioned equipment.

Owners and operators are C. B. Linn and J. R. Linn of Harlingen, who are also owners of two other gins in Texas. They recently purchased the gin from Jack Dempsey.

The new owners state that they plan to install a new Moss-Gordin lint cleaner in the near future and that they feel the gin can now better serve area farmers.

Mrs. Claud Harper recently underwent major surgery in Lamesa Hospital, and although she has been in serious condition is now showing marked improvement. She was released yesterday.

## Students Receive Shots For Polio

Polio shots have been given 84 Tahoka school students during the past week, according to Mrs. Lillian McCord, school nurse. About 15 or 20 students absent or ill with the flu are yet to receive the shots.

This is the first immunization shots for these students. The second of the series will be given in four weeks, and the third and last will be given about May 15 of next year.

These shots were given free to students throughout the system who had not previously received immunization and were available to all requesting them.

Mrs. McCord thanked The News to extend her thanks to Mrs. "Dub" Harvick, also a nurse, and Mmes. Jess Gurley, Meldon Leslie, and John Thomas, all of whom helped in giving the shots.

## "Sputnik" Satellite May Have Been Seen By Cain Family

Lynetta Cain, 12, Tahoka seventh grade student, may have spotted "Sputnik," the Russian satellite, Wednesday evening at 6:45 o'clock.

At that time, Lynetta spotted a light moving from northwest to southeast in the sky, and called her parents, Mr. and Mrs. Alton Cain, and the three watched the star-bright moving light for about a minute and a half before it disappeared.

Lubbock Avalanche and a television station, KDUB, contacted the Associated Press. The News was later informed the AP believed something else had been sighted by Lynetta and her parents but would not definitely rule out the possibility.

## Band Club Plans Halloween Fete

The Band Boosters Club is making plans for a Halloween Carnival to be held the night of Oct. 31 in the American Legion Hall.

Admission will be 25 cents for everyone and entertainment for the entire family is being planned. Proceeds will go to pay for the piano recently purchased for the Band Hall in Tahoka High School, and has been designated as the club's project for the year.

Food, games and all kinds of entertainment will be on the agenda for Halloween night and everyone is invited to attend.

Mrs. Vernon Hicks underwent major surgery Friday in Tahoka Hospital. She is reported to be in good condition.

Mrs. Etta Lorene Reid was released from Tahoka Hospital Monday where she had been a medical patient several days.

Have news? Phone 33.

MORRIS HIGLEY

## Rotary Governor Coming Oct. 24

The Rotary Club of Tahoka will be host to Morris Higley, governor of the 573rd District of Rotary International, who is making his annual official visit to each of the 43 clubs in West Texas.

He will address the local club on October 24 and confer with President W. E. Smith and secretary W. H. Kenley, and committee chairmen on Rotary Administration and service activities on October 23.

Mr. Higley is president and publisher of The Childress Index, a position he has held for approximately 22 years. He is a past president of the Childress club in which he has a 22-year perfect attendance record.

He was born at Cummings, Kansas, and moved to Amarillo in 1930 after attending school at the University of Missouri and the University of Oklahoma. After moving to Childress in 1935 he became a member of the Childress Rotary Club and has been active in Rotary work since. Besides serving as president of that club, he served as general chairman of the District Conference held in 1954 and Golden Anniversary chairman in 1955. During the past three years he has served as Rotary information chairman also.

In Childress he is a director of (Cont'd. On Back Page)

## Plans Are Completed For Another Christmas Party

Plans were made Thursday night of last week at a meeting of business men in the county court room for the second annual Tahoka Christmas Party, similar to the one staged last December.

The program will be virtually the same as last year except that more time will be given for people to visit the various stores and register for the prizes. Those present at Thursday night's meeting voted to conduct registration from 2:00 to 9:00 p. m. the last two Thursdays before Christmas, on December 12th and 19th.

Prizes will be awarded on the court house square at 3:00 p. m. Saturday, Dec. 21.

Last year, people of the trade

## \$20 Million Harvest Underway As 17,000 Bales Are Ginned

### Flower Show Is Open To Public

The fall flower show of the Tahoka Garden Club entitled "Harvest on the Plains" will be held Saturday, Oct. 26, in the showroom of Harvick Motor Company.

Open to all amateurs, whether members of the Garden Club or not, entries into 16 divisions will be judged by out-of-town judges that day from 12:00 to 2:00 p. m. Entries will be accepted on that day from 9:00 to 11:00 a. m.

The show will be open to the public in the afternoon from 2:00 to 6:00 p. m. when all horticulture shown will be that grown by the exhibitor.

Accessories will be permitted in the various arrangements, but flowers from a florist will not be accepted. Greenery from a florist, however, may be used, as well as painted leaves in dried arrangements.

Divisions of arrangements include mantle (den or buffet), hall, bedroom, bath, kitchen, desk, coffee table, dining table, patio or porch, seasonal, composition, special (Christmas, Thanksgiving and Easter), dried, tables (breakfast, buffet, luncheon, tea and Christmas), pot plants, and horticulture.

Non-members of the club are especially urged to enter pot plants and horticulture, and well as any arrangement division they may choose to participate in.

### MR. DRAPER IS HOME

I. M. Draper, ill in Dr. Dupre's hospital at Levelland for 46 days, was able to come home Thursday of last week. He is staying with his son, Buel Draper, and wife until he is able to navigate again under his own power.

Mrs. Dumas Shelton was admitted to Tahoka Hospital Wednesday as a medical patient.

### State Election Is November 5

Nov. 5 is the date set for a constitutional amendment election when voters will decide for or against three changes to the State constitution.

Absentee voting began Wednesday, Oct. 16, County Judge Walter Mathis said.

The first amendment is for or against establishment of a retirement, disability, and death compensation fund for officers and employees of the State.

No. 2 is for or against an increase in payment from \$20 to \$25 per month to needy aged persons subject to certain conditions to exceed \$21 per month.

No. 3 authorizes the issuance and sale of \$200,000,000 in bonds by the State to create the Texas Water Development Fund to be used in the conservation and development of the water resources of the State.

### Rain Saturday 1.15 Inches Here

Rain Saturday night and Sunday morning in Tahoka measured 1.15 inches, bringing the total to 23.99 inches for the year 1957.

Most of the county reported as much or more rain, while areas in the western and northwestern sections received up to two or three inches.

Some hail was again reported in the western part of the county, but The News heard of no real heavy damage such as that which came earlier last week. The hail last week was even more damaging than some farmers at first thought, The News is informed.

Not only was cotton damaged, but uncut maize received damage up to 50 percent. Hail damage covered fully 20 sections in the Three Lakes, Wells, Newmoore, West Point, and Petty areas.

### Wage Findings Are Announced

Wage findings for Lynn county were announced Thursday morning by Ed McDonald, Dallas, regional director of the Bureau of Employment Security.

Cotton harvest wages effective October 16 for Lynn county were: First pulling irrigated, \$1.50 per hundredweight; first pulling dryland, \$1.50 to \$1.55 per hundredweight. Rate less than \$1.55 for pulling is not applicable to Mexican contract workers.

Hauling has been bringing 20 to 25 cents, The News is informed.

### Turrentine Will Preach At Draw

Rev. Geo. E. Turrentine of Lubbock will become interim pastor of Draw Methodist Church and preach the first sermon there November 10, The News is informed.

He will continue to live in Lubbock and will serve only until next conference or until a pastor is appointed.

Rev. Turrentine retired this year after having served many churches in West Texas including Tahoka. His last two pastorate were Denver City and Crosbyton.

### Growers of Grass Seed Will Meet

Grass seed growers of the county are being called to a meeting in the jury room of the Lynn county court house Thursday night, Oct. 24, at 7:30, to hear the grass seed growers' cooperative marketing program explained.

The meeting has been called by the Lynn County Soil Conservation District.

Tahoka gins had turned out 2,355 bales up to 10:00 a. m. Thursday, and Lynn county has ginned an approximate total of 17,000 bales, according to reports gathered by The News.

Although delayed by the rains and damp weather of the last ten days, harvest of both cotton and maize has picked up considerably and Tahoka gins operated nearly all night Wednesday.

Many hands are here, but the Texas Employment Commission reports 2,000 more hands are needed for Lynn county, but that a number of crews are headed this way.

Most of all right now, the farmers need favorable weather for the crop to mature and for hands to get into the field. The cotton crop is estimated to be about 30 percent open, two weeks or more later than usual, and the damp weather has not been conducive to cotton opening up.

Cotton price has held up well so far, but many grades are coming back marked "light spots" and "spots." Much maize is also grading with too high a moisture content to go into the loan and farmers are forced to take a "dock" in price.

Even at the lower prices, this year's crop can bring more money to Lynn county farmers than any in a long time.

The 200,000 acres of maize should produce 100,000 tons or more, which will bring in a total of possibly \$3 million, and some estimate the maize crop will bring as much as \$4 or \$5 million.

The 180,000 acres of cotton, of which about 60,000 is irrigated, is estimated at 115,000 bales but could go as high as 130,000 or 135,000 bales. Thus, the cotton crop should run to \$16 million or more.

## Ladies Joining Farm Bureau

They Lynn County Farm Bureau held its annual membership meeting Monday night here and elected directors, approved 10 resolutions, and adopted at least one new major policy.

Thenceforth, after an agreeable consent of the 60 members and families present, Lynn county ladies may become joint members of the Farm Bureau upon payment of \$6.00 dues and have been authorized to serve on a board of directors and vote in any election or decisions of the local and State group. Mrs. B. H. Jones and Mrs. Earl Cummings were the first lady members to sign up with the organization as joint members with their husbands.

The present membership is 640, as reported by the membership committee, and 60 new members are needed to raise the total to 700, the Lynn county quota set to be reached by Oct. 31.

Directors elected for six places include Melvin Wuensche re-elected to place No. 1; Loyd McCormick, Jr., place No. 2; L. H. Moore, Jr., place No. 3; Bertice Askew, re-elected to place No. 4; Julian Pirtle, place No. 5; and James Brookshire, place No. 6.

Holdover directors are Lois Smelser, Woodrow Brewer, J. O. Allen, Buford Jones, and N. E. Wood.

The board will elect officers at its next regular meeting. President Bertice Askew presided at the meeting, made introductions, and presented gold lapel pins to all past presidents. Honored in this way were R. C. Woods and Tom Garrard, both deceased, Hubert Tankersley, Jay Moore of Canada, Wilmer Smith, N. E. Wood, Guy Smith and Lois Smelser.

Resolutions were read and 10 were approved for the county and state levels, dealing with farm pro. (Cont'd. On Back Page)

 Friday: Hamburgers, onions, lettuce, tomatoes, potato salad, milk, fruit salad.

**RIP IN JAIL**  
 Austin.—A cemetery isn't always the best place to rest in peace, a 51-year-old Oklahoma City man found out.  
 He was kicked out of an Austin burial park by police after an attendant found him snoring between some graves. Police explained that to rest there you had to be very dead—not just dead drunk.  
 He was given a new resting place at city jail where he was booked for vagrancy.  
 Ancient Babylonia, now part of Iraq, is believed by some scientists to have been the cradle of civilization.

**Conway's Brother-In-Law Is Dead**  
 Funeral services for Dan Y. Davis, 54, husband of the former Miss Mary Ellen Conway, were held at 2:00 p. m. Tuesday in the First Methodist Church in Seminole.  
 Davis was operator of a food market in Seminole. He died at 3:30 a. m. Sunday following an eight month illness. He was born July 6, 1903 in Clarksville, Texas and moved to Seminole about eight years ago from Lamesa.  
 Survivors are his wife of Seminole; three sons, Dan Y. Jr. of Bloomfield, N. M., Dwayne of Houston, Jimmy L. of Seminole; one daughter, Mary Sue Davis of Seminole; one sister, Mrs. Shack Blocker of O'Donnell; four brothers, Hugh of Levelland, Henry of California; Jesse of Lubbock, and Joe of Phoenix, Ariz; and one grandson.

**McKenzie Infant Rites At O'Donnell**  
 Gravesite services were held in afternoon at 4:30 p. m. for Carolyn Sue McKenzie, infant daughter of Mr. and Mrs. Lonnie McKenzie of route 2, O'Donnell, who was dead on arrival at 2:00 a. m. Wednesday in Lamesa General Hospital.  
 Rev. D. W. Copeland of Wells officiated at the services.  
 Survivors include her parents, two brothers, Dennis Olan, eight years old, and Teddy Paul, five years old; the grandparents, Mr. and Mrs. Russell McSwain of Seagraves, and Mr. and Mrs. L. L. McKenzie of Loop; and one great grandmother, Mrs. W. C. McKenzie.  
 Dan Carpenter, recently seriously ill, is reported to be much improved, and this week was able to drive around in his car.

**New Garage Is Opened In Tahoka**  
 Jack Adams and Roy Graves, well-known local mechanics, have opened their own garage business in the building at the rear of the Chestnut Service Station, two blocks south of the square on O'Donnell highway.  
 The business will feature all kinds of repair work on cars, trucks, and tractors.  
 Mr. and Mrs. Otto Patterson and his sister, Mrs. Sparks, all of Galveston, visited Mrs. E. I. Hill, their cousin, and her husband, E. I. Hill Sr. a couple of days last week and then visited other relatives in Clovis, N. M. and returned to Tahoka Sunday afternoon and remained overnight. He is in the Government service in Galveston.

**MRS. EARL MORRIS**  
 Correspondent  
 Miss Harriet Bean, Ross Dunn, and George Ellis, students in McMurry at Abilene visited the home folks this weekend. Miss Jo English, also a McMurry student, came with the crowd and was a visitor in the Sam Ellis home. George Ellis was recently appointed Chaplain of the McMurry Chanters.  
 Mrs. Wm. Kone of Amarillo spent the week end with her parents, the Tom Barnes.  
 Mr. and Mrs. Dal Mining were here from Big Spring last week visiting his sister, Miss Ora Mining, and Mr. and Mrs. J. A. Warren.  
 The ladies of the WSCS met at the church Monday afternoon and Rev. S. M. Bean continued his study on Japan. Mrs. Jay Oats and Mrs. Paul Winterwood had parts on the program. Miss Louis Davidson read the scripture, Mrs. H. V. Wheeler was pianist. Rev. Bean closed with prayer.  
 Mr. and Mrs. Fern Harris of Albuquerque, N. M. spent the weekend with his father, J. C. Harris.  
 The WMU ladies met at the church Monday night at 8:00. Mrs. Lusby Kirk was leader of the Royal Service Program. Mrs. Jack Hargrove and Mrs. R. L. Halliburton had parts on the program. Mrs. Jack Lancaster of Post was a visitor. Mrs. Kenneth Davis will be leader next Monday night.  
 Mrs. S. D. Martin, Mr. and Mrs. B. N. Billingsly, Mr. and Mrs. W. E. Kidd, Thelma Lee and Teddy of Slaton went to Waco and spent the weekend with some long time friends, Mrs. Lillian George and her mother, Mrs. Ted Ford, who was visiting there from Mission. Mrs. Martin says on their return trip home they ran into flood water at Eastland and had to detour.  
 Mr. and Mrs. Walter Stolle were Sunday guests in the home of Mrs. Pearl Bruedigan at Wilson.  
 The Noble Wynns went to Odessa and spent the weekend with his sister, Miss Tommy Wynn.  
 Last week's guests in the W. A. Basinger home were a son and family, Mr. and Mrs. Melvin Basinger and children of Seagraves.  
 Sunday night guests of Mr. and Mrs. Fred Davidson and Louise were, Mr. and Mrs. C. E. Willis from San Angelo.  
 Mr. and Mrs. Stolle, Herman and Fred Klesel, went to Hallettsville Monday for their pastor's mother's funeral. Their pastor is the Rev. Treptow, pastor of the Lutheran Church in Slaton.  
 Myrt Martin was here from San-Angelo Sunday to visit his aunt, Mrs. A. J. Matlock.  
 Mrs. Vaughan Owens of Seymour is visiting her father, J. I. Bartlett.  
 Mr. and Mrs. William Lester were baby sitters for their grandchildren while their children, the I. J. Duffs, the Troy Lesters-of Levelland, the Billy and Winston Lesters attended the home coming at Southland High School Friday night.  
 Mr. and Mrs. Harley Martin and children spent Sunday with her parents, the Edgar Mosleys at Littlefield.  
 Miss Louise Davidson spent the week-end in the Don Milliken home near Wolfforth.  
 Albert Basinger of Lubbock visited his twin brother, Alfred Basinger and family last week.  
 Mr. and Mrs. Blanton Marton from Hart Camp visited his par-

ents, the Sam Martins and attended the homecoming at Southland School Friday night.  
 Mr. and Mrs. Fern Harris of Albuquerque, N. M. spent the weekend with his father, J. C. Harris.  
 Mmes. Glass Davies, Opal Pennell, Dall Haire, Lucile Myers and Ruby Colling are in Dallas attending a meeting of the Eastern Star.  
 Manley and Pam Maeker of Lubbock spent the week with their grandparents, the Earl Morris while their mother, Mrs. C. A. Maeker attended a Woman's Insurance meeting in San Antonio.  
 Mr. and Mrs. Bart Maxwell were here from Cisco last weekend to visit the F. E. Weavers. Mrs. Maxwell and Mrs. Weaver are sisters. On Sunday all the Weaver children and families were at home. They are, the Clay Johnstons, the W. W. Fields, Elton, Cliff and T. L. Weavers.  
 Mr. and Mrs. Harley V. Johnston have moved from Sweetwater to the Johuston farm.  
 Sam Martin visited his son, Blanton and family of Camp Hart over the weekend.  
 Mr. and Mrs. Jack Stevens of Littlefield were Sunday guests of the W. A. Fields.  
 Mrs. Ed Denton and Mrs. Sam Martin went over last Friday and help Mrs. W. E. Edmunds celebrate her 81st birthday.  
 Miss Ora Mining had a round with the flu the past week but was able to be up Sunday.  
 Jamestown, Va., was originally built on a peninsula which has since become an island.

## Bulldogs Are Idle This Week After Losing To Floydada Last Friday

Tahoka Bulldogs have an open date this Friday and a chance to recoup forces before entertaining the Abernathy Antelopes here Friday, Oct. 25.

Last Friday night at Floydada, the Bulldogs held the Whirlwinds to a 6 to 0 score the first half, but in the second the out-manned Tahoka team was over-run by the Floyd county boys and the final score was 34 to 0.

Although out-manned, the Bulldogs were definitely in the game until the third quarter, when the roof caved in. They had stopped all Floydada drives but one and had covered four Floydada fumbles. In fact, Guard David Bray covered four of the opponents fumbles and Halfback Billy Tomlinson one in

| GAME STATISTICS |                   | Tahoka    | Floydada |

## Scotch Foursome Sunday Afternoon

The Ladies Golf Association will sponsor a Scotch foursome at T-Bar Country Club Sunday afternoon and all members are urged to enter the golf event.

Entry fee will be \$1.00 and profits will be used to defray the building debt. Prizes will be awarded first and second place winners.

Entrants will play the nine-hole course with only one golf club, the choice of which is up to each individual.

yard punt. Floydada's HB Frank Potts fumbled the ball and Tahoka was back in business. Falling to gain, Brown's punt was short again. Thus it went for the entire first quarter, during which Bray covered two Floydada fumbles.

Late in the second quarter, after Bray had recovered another fumble and Tahoka had been set back by a holding penalty and had to punt from its own 16 to its own 45, Floydada got its scoring drive started.

QB Ronnie Downing's pass to End Buttons Beedy was good for 15. (Beedy caught six of seven Floydada passes completed in the ball game.) Potts made 7, Beedy caught a 5-yard jump pass, Potts and HB Gary Huckabay moved to the Tahoka 1 in three carries, and then Potts hit the center of the line for the score. Huckabay missed the extra point kick try, but made good on the four which followed.

Prohl brought the kick-off to the 32, and then made 14 right up the middle to the 46. Two plays later the half ended.

Floydada took charge in the hectic third quarter, moving, after the kick-off from its 32 to score again in 12 plays, with FB Grant Cooper going the last one yard.

Tahoka had the ball only four plays. Brown kicked 22 yards out to the 42, and Huckabay ran the ball back to the Tahoka 13. The same boy carried the ball three times, going the last three yards to score on the last carry.

Tahoka couldn't go, kicked, and with the ball on the Floydada 26 Potts broke away and ran 74 yards to score again. The Bulldogs had the ball just two plays, Guard Ronnie Vickers recovering a Tahoka fumble on Tahoka's 21. The Bulldogs held this time on their own 21.

Early in the fourth, Bray covered his fourth Floydada fumble on the Tahoka 20, but a few plays later Tahoka lost the ball on a fumble on its 26, and the Winds scored their last time with Don Vickers going the last 11 yards.

Tahoka moved out to the 43 when Brown went back to punt, but passed complete to QB George Adams, but on the next play Floydada intercepted a pass. Tahoka had one more chance, rolled up two first downs before game's end.

In addition to being outclassed, the Bulldogs had their share of hard luck on short punts, plays failing to work, and just plain old fate.

About over the seige of flu and injuries, the Bulldogs should be able to put up a stouter game in the four remaining conference struggles.

Borneo is the third largest island in the world.

## New Home Wins Over Lorenzo

New Home Leopards, winless in the first five games, rose up Friday night and smacked the Lorenzo Hornets 26 to 20 in a 4-B conference game played at the Crosby county city.

Short on manpower this year, the Leopards have also been hampered by injuries and illness, and Coach Hubert Williams on several occasions was barely able to field a team.

Halfbacks Milliken and Castro were the Leopards scoring stars, each making two touchdowns and Milliken making good on two conversions.

Early in the first quarter, Milliken returned a Lorenzo punt 7 yards to score, and a short while later New Home put on another scoring march with Castro going one yard for the TD. Milliken converted on both.

Lorenzo came back in the second quarter to score six points, but in the third Castro went 10 yards around end to score again. A Hornet back got away on a 74-yard gallop to score, and New Home came back again with Milliken going the last 13 around end.

Late in the fourth, Lorenzo scored its third TD.

Heartened by the victory, New Home expects to put up a stiff battle at Wilson this Friday night. The boys declare they will be no push-over the remainder of the season.

## Plans Drive For Tech Stadium

The Texas Tech Stadium Expansion Committee has started a program to raise \$1,700,000 for expansion and new construction at Jones Stadium prior to the 1960 full Southwest Conference participation of Red Raiders, Marshall Pennington, its chairman, revealed today.

Offices to headquarter the drive have been opened in suite 233 of the Insurance Building, (2109 Avenue "Q") and has been occupied by a staff to administrate the program by which funds for the program are to be raised, he said.

The committee chairman explained that expansion of the stadium was needed to accommodate expected heavy attendance at games when the Red Raiders host Southwestern conference games here in the future. State money is not available for the needed expansion, he said. The Clifford B. and Aubrey Jones Stadium was opened in 1947 and seats 28,000.

Funds for the expansion will come from large donors and from the exercising of seat options on the better seats, Pennington revealed. He noted, however, that the contracts of current seat option holders would be honored in the fund-raising program.

Pennington said that opportunity to claim options for stadium seats would not be offered until final plans for the construction and the campaign organization were completed, probably in early November.

Fred Williams is in good condition in Tahoka Hospital, where he is a medical patient. He entered Tuesday.

## Wilson-New Home Game Tonight

Wilson Mustangs entertain the New Home Leopards in a county-cousin District 4-B football game tonight at 8:00 o'clock.

Last Friday, Wilson lost a close one to an old rival, Ropesville of District 4-A, by a score of 13 to 6 with all three touchdowns coming in the first quarter.

Ropesville made both its touchdowns in the first two minutes of play, the first on a drive downfield with Tailback Troy Witherspoon going the last yard. On the kick-off, K. Lowrie of Ropesville covered a free ball in the Wilson end zone for the second TD.

A few minutes later, Wilson's Kenneth Ethridge got loose and ran 52 yards to score. The remainder of the game was a nip and tuck affair with neither team able to put together a successful scoring drive.

Wilson has a 1-0 record in conference play, and has won two and lost three games over the season. The Mustangs have won over Plains and Lorenzo, and dropped games to Frenship, Petersburg, and Ropes.

Wilson Mustangs entertain the New Home Leopards in a county-cousin District 4-B football game tonight at 8:00 o'clock.

Last Friday, Wilson lost a close one to an old rival, Ropesville of District 4-A, by a score of 13 to 6 with all three touchdowns coming in the first quarter.

Ropesville made both its touchdowns in the first two minutes of play, the first on a drive downfield with Tailback Troy Witherspoon going the last yard. On the kick-off, K. Lowrie of Ropesville covered a free ball in the Wilson end zone for the second TD.

A few minutes later, Wilson's Kenneth Ethridge got loose and ran 52 yards to score. The remainder of the game was a nip and tuck affair with neither team able to put together a successful scoring drive.

Wilson has a 1-0 record in conference play, and has won two and lost three games over the season. The Mustangs have won over Plains and Lorenzo, and dropped games to Frenship, Petersburg, and Ropes.

## O'Donnell Starts Conference Play

O'Donnell Eagles meet their biggest challenge of the season tonight as they go up against powerful Sundown Roughnecks at Sundown in their first District 5-A contest.

Last Friday night, playing at home, the Eagles lost a close 16-13 decision to the ever tough Coahoma Bulldogs, the outcome somewhat dampening O'Donnell's homecoming.

Leading 14 to 13 in the fourth period, Coahoma pushed O'Donnell into its own end zone for the two-point safety.

The Eagles open their conference season with a record of three games won and two lost, including victories over Class AA Tahoka and Post and Class A Stanton, with losses to Crosbyton and Coahoma.

### Sherrod Relative Dies At Lubbock

All of the Sherrod family in Tahoka attended funeral services Tuesday in Lubbock of Mrs. J. M. Sherrod, 83 years-old.

A sister-in-law of the late F. M. Sherrod of Tahoka, she died at 7:00 p. m. Sunday. She had lived in Lubbock since 1920.

Funeral services were at Central Baptist Church where Mrs. Sherrod was a charter member and burial was in City of Lubbock Cemetery.

### Plan Conference On Irrigation

An Irrigation Conference of interest to farmers, agricultural leaders and the irrigation equipment industry has been scheduled Nov. 14-15 at the Lubbock Hotel in Lubbock.

This conference is being sponsored by the newly-formed Texas Inter-Industry Irrigation Council and irrigation specialists from throughout the nation will be on the program.

Jack Z. Anderson, administrative assistant to President Eisenhower, will highlight the conference. He will talk on "Irrigation Farming - A Key to Better Living."

Dr. E. N. Jones, president of Texas Tech; Dr. W. N. Williamson, assistant director, Texas Agricultural Extension Service, College Station; and C. I. Wall, president of Pioneer Natural Gas Co., Amarillo, will preside over the conference sessions.

Other noted authorities on irrigation included on the program will be Guy Woodward, educational director of the Sprinkler Irrigation Association, Salt Lake City, Utah; Dr. Ivan D. Wood, irrigation consultant, Denver, Colo.; Dr. Moyle Williams, chief agricultural economist, National Plant Food Institute, Washington, D. C.; E. V. Dignan, vice president of the U. S. National Bank in Denver, Colo.; Dr. T. R. Timm, Head of Department of Agricultural Economics and Sociology, Texas A&M College; Dr. Robert Hagan, chairman, Department of Irrigation, University of California; Dr. Marlow Thorne, Head of Agronomy Department, Oklahoma State University, Stillwater, Okla.; J. W. Pruitt, Irrigation Farmer, Inverness, Miss.; and other officials from leading irrigation equipment companies.

Although planned and sponsored by a Texas organization, the meeting will be of national importance to the irrigation industry.

### BORN YESTERDAY

Georgetown, Tex.—A freshman coed at Southwestern University inquired of the postmistress at the sub-station concerning a mail box.

When told the price of renting a box, the coed said, "Well, I believe that I'll shop around to see if I can find a cheaper one."

If she can find Uncle Sam in a bargaining mood, he will have plenty of customers. Perhaps she could have one sent from her hometown!

### WHO BROKE THE BANK?

San Antonio, Tex.—Celia Terralva forgot all about her tin can bank and consequently is \$100 poorer.

She told police she had the money in the can behind her house. When a neighbor asked for a can to be used as a flower pot, Celia gave her the "bank."

Later she realized what she had done, she said, and asked the neighbor to return the can. The neighbor said it was empty.

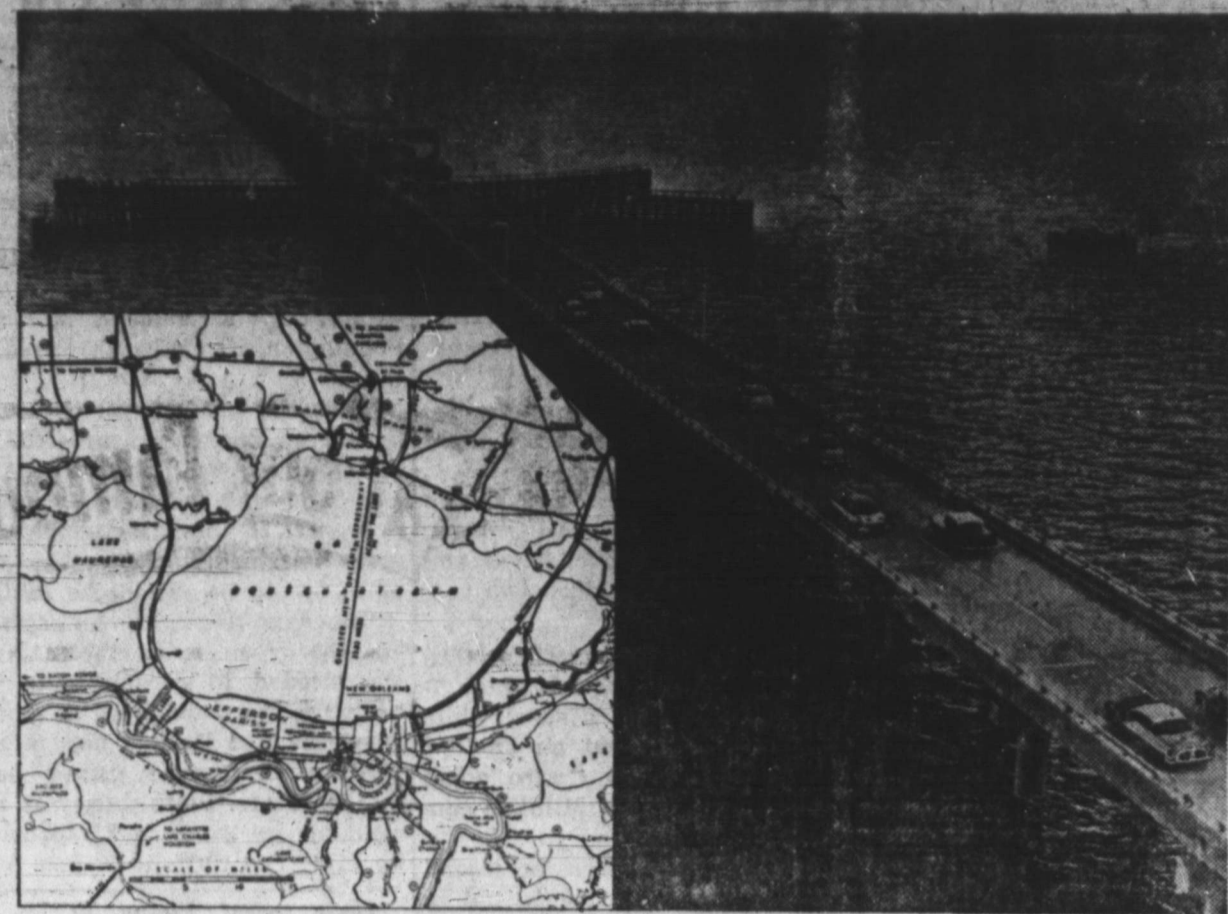

Celia appealed to police for assistance.

Ireland's legendary Blarney Stone is kissed by throngs of tourists each year.

Alexander Hamilton is considered the father of the U. S. system of tax action.

Invertebrate refers to animals which do not have a backbone.

Most of the world's iodine supply comes from caliche in Chile.

WORLD'S LONGEST BRIDGE, the 24-mile Lake Pontchartrain Causeway north of New Orleans, is a spectacular example of new highway construction which could be used to help empty target cities ahead of attacking planes. Map shows how civil defense forces, frustrated in New Orleans by water obstacles to traffic on almost every side, could send thousands of cars straight across the huge lake barrier to the north. The bridge was opened to traffic in August 1956.

### Truck Is Damaged Big Fire In Cab

Thursday night of last week a sand and gravel truck out of Lubbock caught fire north of Tahoka city limits on the Lubbock highway and resulted in 100 percent damage to the inside of the cab. The motor, however, was not damaged.

The fire started when the driver let up on the accelerator, the truck backfired and caught the gasoline tank on fire. The gas line possibly had a leak, according to members of the Tahoka Fire Department, who put out the fire.

The truck was owned by a Lubbock transportation company.

### Congratulations:

Mr. and Mrs. J. M. Newman of Meadow on the birth of a daughter at 10:20 p. m. Tuesday in Tahoka Hospital. She weighed six pounds, eight and one-half ounces, and Wednesday morning had not been named. She has two big sisters and one big brother.

### EIGHTH GRADE LOSES

Tahoka Eighth Grade football team lost a close 7-0 decision to the Abernathy Eighth here Tuesday night.

The game was 0-0 with a half minute to play and Tahoka was trying to score. An Abernathy boy intercepted a Tahoka pass and raced about 65 yards to the goal line.

Mrs. J. E. Hill was in Lamesa Hospital last week, where she underwent a tonsillectomy.

R. C. Winn entered Tahoka Hospital Monday as a medical patient.

Until the 19th century there were practically no institutions for care of mentally ill in the U. S.

Early experimenters with internal combustion engines used gunpowder as fuel.

### DEADEYE DUCK

Bay City, Tex.—Fear gripped Mrs. Richard Bechman the other night when she noticed her young son, Richard, in half awake, half asleep state, holding his right arm close to his body in what appeared a paralytic freeze. But as he became more awake

than asleep, she heard him mumble—BANG BANG! Just an overdose of Wyatt Earp.

Paul Johnson and Sam Holland, two former Lynn county citizens now living in Fort Worth, were here Thursday on business and greeting old friends.

## Juanita Murray Plan Marriage

Mr. and Mrs. M. L. Murray of Wilson announce the engagement and approaching marriage of their daughter, Juanita, to Mr. J. R. Newcomer of Lubbock, son of Mr. and Mrs. E. G. Newcomer of Big Spring.

The wedding vows will be solemnized on November 26, at 7:00 p. m. in the First Baptist Church in Wilson.

## Wilson FHA Girls At District Meet

The District III F. H. A. meeting was held Saturday at Lamesa. Thirteen girls attended from Wilson.

The voting delegation from Wilson was Audrey Klaus, with Sue Campbell as alternate. Jeanette Schneider, district corresponding secretary and historian of the Wilson chapter, gave the response at the meeting. Betty Jo Hanes, a sophomore at Wilson High School and parliamentarian of her chapter, was elected District III vice-president for next year, Willie Pat Baxley, a Wilson High Junior, and vice president of the Wilson chapter, was elected by the district as a nominee for an area office.

In addition to those mentioned above, attending from Wilson were Neita Hewlett, Linda Wilkinson, Jean Hagler, Davis Lamb, Linda Roper, Darlene Menzer, Glenda Young, Jeanette Buxkemper, Mrs. Mary Griffin, chapter sponsor, and three chapter mothers, Mrs. Truman Baxley, Mrs. Werner Klaus, and Mrs. Claude Roper.

Sixteen Area II, District III chapters were represented at the meeting.

## New Officers Of Handiwork Club

New officers have been elected for the Petty Handiwork Club and plans made for the next four meetings.

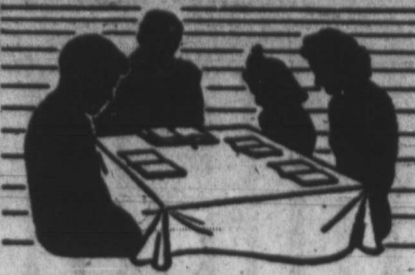

President of the group is Mrs. Jess Hill; vice president, Mrs. Faye Rogers; secretary, Mrs. Haley Reynolds; treasurer, Mrs. George Hill; reporter, Mrs. H. D. Hodges.

The group met recently in the home of Mrs. Junior Marret when one new member attended, Mrs. Haley Reynolds. The ladies made plans to make Mexican jackets during the next four meetings.

Refreshments of cakes and cookies were served after the members exchanged secret pal gifts.

## Today's MEDITATION

The World's Most Widely Used Devotional Guide

### The Upper Room

THE UPPER ROOM, NASHVILLE, TENNESSEE

They, continuing daily with one accord . . . praising God. (Acts 2: 46, 47.)

The minister answered the telephone. Some unknown man was complaining that the sidewalk in front of the church was unshoveled. "Was the caretaker un-mindful of the safety and comfort of working men who had to plug through on their way to and from work?"

In reply, the minister promised that the walk would have attention. But had the complainer ever gone by the church in summer and seen the rosts and gladioli and lushes aflame with beauty? Yes, he had. Had he ever called the church then, prayerful for the sight? A strained silence followed: Perhaps the man was recalling the expression, "An expert at complaining; an amateur at praise."

Psalmist and apostle, leaders and followers the ministry of praise. The first disciples believed, shared, lived in daily accord-praising God all the while. The grumpy way and the grumble day do not belong to the upward way of life. Thanksgiving does its gladdening work. Bless the Lord, O my soul!

PRAYER  
Our Father, save us from the gloom of thankless living. Help us to recognize Thy blessings to us. Tune our hearts to sing Thy love. Open our lips that they may speak forth Thy praise. In the dear Savior's name. Amen.

THOUGHT FOR THE DAY  
"Praise is comely for the upright."

## Methodist Ladies Complete Study

The Women's Society of Christian Service met Monday afternoon in the home of Mrs. V. F. Jones for the final lesson in the study "Cross and Crisis in Japan."

Mrs. J. B. Thompson has directed the study during the past several weeks.

Mrs. A. M. Bray reviewed the book "Bridge to the Sun" by Gwen Terasaki Monday afternoon and others presenting parts on the program included Mrs. R. H. Gibson, "Religions and Christian Churches in Japan" and Mrs. E. R. Edwards "Opening Christian Gateways in Japan."

Eleven members attended the meeting.

## CARD OF THANKS

Attention all you gingers and hospital staff members: What would a newcomer to Tahoka do without such kind thoughts as those coming from the employees of the Farmers Co-op Gin and the services given by the nurses and doctors at Tahoka Hospital! Thanks so much for your thoughtfulness during my illness. R. C. Winn.

## Baptist WMU Has Meeting On Monday

The W. M. U. of the First Baptist Church met Monday with twenty-one members present. After the opening song, "Lead On, O King Eternal," the program chairman, Mrs. Everton Nevill, had charge of a very inspirational program which had as its theme "Open Doors in Christianity." The following gave interesting parts, Mmes. J. C. Womaack, Terry Noble, H. B. Howell, Carl Williams, L. M. Nordyke, Dub Kenley, K. R. Durham, and E. I. Hill. Dismissal prayer was by Mrs. John A. Roberts.

All women are invited to attend W. M. U. each Monday at 4:00 o'clock. The next meeting will begin the study of a mission book, "Continents in Commotion" by Ira N. Patterson.

The W. M. U. has been newly organized and new officers have begun their duties. The following have been named: President, Mrs. K. R. Durham; vice president, Mrs. Terry Noble, program chairman, Mrs. Walthal Littlepage; Community Mission Chairman, Mrs. Carl Williams, and secretary, Mrs. Truett Smith.

## Rotary-Anns Will Hold Reception

Tahoka Rotary-Anns will hold a reception Wednesday night at 7:30 p. m. in the home of Mrs. Mitchell Williams honoring Mrs. Morris Higley, wife of the Rotary district governor who will visit the local club Wednesday night and Thursday.

All local wives of Rotarians are urged to attend the reception, which is being held during the time that District Governor Higley confers with Tahoka officers and committeemen.

## Gaignat, Roberts Duplicate Winners

Winners were named Tuesday night at T-Bar Country Club in duplicate bridge.

First place went to Mrs. D. W. Gaignat and Mrs. Oscar Roberts; second place, Mrs. Winston Wharton and Mrs. A. N. Norman, Jr.; and third place, Mrs. L. C. Haney and Johnny Wells.

Next Tuesday night will be master point night.

## CARD OF THANKS

We would like to take this means of expressing our sincere appreciation for all the wonderful letters, cards and flowers sent to our wife and mother during her illness. Also, for the food, beautiful flowers and acts of kindness shown to us after her death. Each of you have made our sorrow easier to bear. May God richly bless you.—Mr. Y. Z. Vaughan, Sammy Davis, Herlee Musick, Eva Musick.

## REAL COOL CHICK

Sinton—When a friend gave Mrs. Laura Hollon a fryer in a paper bag, she put it in the refrigerator, then went downtown shopping.

Returning a couple of hours later, she took the sacked chicken out, assuming it was ready to prepare for the frying pan. At the kitchen sink, as she removed the fryer from the sack, its head moved and Mrs. Hollon saw its eyes wink. The unexpected had happened. The friend had given her a live chicken and it had survived two hours on ice!

First recorded bowling match was played in New York in 1840.

## Mexican Lady Is Taken By Death

Funeral services for Mrs. Prudencio Morquecho, 56, were held Tuesday at 3:00 p. m. in the Catholic Church here with burial following in Tahoka Cemetery.

She died Monday at 7:00 a. m. at her home on route 5 on the Bill Cromer place. The family had lived here about a year, coming to Lynn county from Harlingen.

Survivors include her husband and six children.

Bourgeois was a name applied in France to citizens who were neither nobility nor clergy, hence common folk.

Early Egyptian books were not only elaborately ornamented, but written on perfumed paper.

## BEHREND GRADUATES IN NAVAL RECRUIT TRAINING

San Diego, Calif. (FHTNC)—Delvin W. Behrend, apprentice petty officer third class, USN, son of Mr. and Mrs. R. E. Behrend of Route 1, Wilson, graduated Sept. 21 from Recruit Training at the Naval Training Center, San Diego, Calif.

Apprentice petty officers are chosen from the ranks of the seaman recruits to assist Company Commander. The selection is based on individual aptitude and leadership qualities.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 7:30. Members are urged to attend. Visitors welcome.—Carl D. Griffing, J. W. M. Harry Haddy, Sec'y

# Rotary ...

(Cont'd. from Front Page)  
The Chamber of Commerce and has served as president of the board of city development, three times. At the present time he is a director of the Panhandle Auto Club in Amarillo and a director

of the Estate Life Insurance Company of Amarillo. He has been active in boy scout work for a number of years and has received the Silver Beaver award. In 1952 he was named Childress' "Outstanding Citizen."  
In 1935, Mr. Higley married Miss Carol Amacker of Amarillo. They have two children, a son, Tom, and a daughter, Carol Clem.  
He was elected district governor of Rotary International in June of this year at Lucerne, Switzerland, and was one of the few of the 249 District Governors of the world to appear on the program at Lucerne while still a governor-nominee.

Activities of the more than 9,000 Rotary clubs in 106 countries of the world are supervised by district governors.  
"Rotary is a vigorous and growing organization that is doing more for peace in the world than any other organization or group, to quote Anthony Eden," said president Smith. "More countries are represented in rotary than there are in the United Nations and all have the same general objectives of the Tahoka club—developing better understanding and fellowship among business and professional men, promoting community betterment, raising the standards of businesses and professions, and fostering the advancement of goodwill, understanding and peace among all the people of the world."

### 'BITE' WORSE THAN BARK

San Antonio, Texas—A 79-year-old man was given ten days to pay a \$100 fine for causing a nuisance by playing his radio at a loud volume and barking back at neighborhood dogs.

Five neighbors testified Walters had his radio so loud they had to close their windows and put cotton in their ears before they could sleep.  
They complained that the man went to his front porch and imitated dogs when they barked early in the morning.

The accused man conceded the dogs had kept him awake so he retaliated.

Queen Isabella, Columbus' sponsor, always insisted her name be beside her husband's on public proclamations.

### Standing ...

(Cont'd. from Page 1)  
The other day Peggy McClellan frantically called Charlie down at the News and said she had lost the children and couldn't find them anywhere.

She had been drinking coffee that morning with a friend and maybe she just had one too many—because when Charlie, panic-stricken, arrived on the scene, she remembered—she had left Pam and Cem at her sister-in-law's.

The Edwards boys, Jack, J. H., Marcus and Wilson, became quite famous last week through Georgia Dolan's "This Is West Texas" in the Fort Worth Star Telegram. If you didn't see the several issues telling about them, Jake Leedy, and the late Dr. L. E. Turrentine, borrow them, and read for yourself. You'll enjoy the antics of our popular local family.

Mrs. Brook Smith says several people have inquired about her improved bachelor buttons that have been blooming and she says the seeds are now ready to gather if anyone wants some of them.

Hans Irniger, on board ship home to Switzerland, published the following in the ship newspaper: "Do you all know that the 47 small states are just territories of Texas? The Grand Canyon used to be there, too, but they sold it to Arizona to get more cultivable land. Or Carlsbad Caverns, for instance, is said to be in New Mexico, because its entrance happens to be there. But actually the Caverns are an underground extension of Texas starting under north Austin."

Sounds as if he were thoroughly Texanized while in Tahoka.

My, everyone's changing colors around here lately. Stanley Stone looks as if he had fallen in that bottle of peroxide. And Annabelle Decker! Now she's a lovely blonde.  
And then there's our Chief of Police, Roy Hefner, who didn't care to have that dignified appearance that gray hair at the temples bring—so he turned a total brunette.

Louie Weathers brought the News some fine samples of his green thumb ability in the form of figs this week and suggested they be eaten like strawberries with sugar and cream.

He has raised a crop of figs every year since the tree began bearing at his home on North Second street and says that no matter how drouthy the weather is, the crop is usually always excellent.

### Roy Rinn, 49, Is Taken By Death

Funeral services for Roy Rinn, 48 years old, were held Wednesday in the Northside Baptist Church in Brownfield with burial following in Brownfield Cemetery.  
Rinn, a resident of Tahoka for about six months, died Monday in Brownfield before reaching a hospital there. He had been in ill health for several years, but had been working that morning at Shipley Motor Company, where he was shop foreman, became ill and lived only a few hours.  
He moved here from Brownfield. Survivors include his wife and two children.

### Dixie H. D. Club Elects Officers

New officers for the coming year were elected Wednesday afternoon at the meeting of the Dixie Home Demonstration Club held in the home of Mrs. E. J. Cooper.

Mrs. Buel Draper was chosen president of the organization; Mrs. Troy Copelin, vice president; Mrs. J. O. Allen, secretary-treasurer; Mrs. A. D. Smith, council delegate; Mrs. E. J. Cooper, alternate delegate; and Mrs. Guion Cobb, reporter.

Mrs. Cobb, with the assistance of Mrs. Ophelia Wilson of the Joe Stokes Club, conducted a recreation school at the Wednesday meeting.

The next meeting will be held Nov. 6 in the home of Mrs. A. D. Smith.

### GOOD OL' SHEP

Ablene, Tex.—Ol' Shep wasn't just flappin' his jaws when he raised a rukus the other night on Joe Wilde's farm west of here.

Wilde and his son, Raymond, heard Shep and knew he wasn't joking. They went out to see what was wrong. Wilde didn't look long. He ran back for a shot gun and killed the "varmint" that Shep found.

When the shootin' was over, there lay a "rattle snake measuring just five inches short of six feet. It was three inches through the thick part of its body. Wilde, who had killed more than 100 rattlers in his lifetime, said he'd never seen such a snake.

And the people who gathered around figured that the rattler's mama must be scared by a hot rod with twin smitties. He had dual fangs—four instead of the usual two.

Have news? Phone The News.

### Farm Bureau ...

(Cont'd. from Front Page)  
grams. These include the potato labeling law, better fat labeling law, licensing of farm trailers, the 2-4-D law prohibiting the use of the poison on farm property, the changing of the membership fiscal year, child labor education, yield of right-of-way on farm roads, the amendment of the fair labor standards act in Texas, and request to Farm Bureau Insurance Company for three and five year fire policies.

Prior to the business meeting three door prizes, each consisting of a four-year membership, were awarded Tom Mason, Clint Sikes and Clarence Church.

A temporary committee was appointed to meet soon to plan for the first community social activity. It includes Mrs. Elton Weaver, Mrs. B. H. Jones and N. E. Wood.

Officers of the Farm Bureau this year in Lynn county have been Askew, president; N. E. Wood, vice president; and Melvin Wunsche, secretary. Mrs. Elnora Curry is the office secretary; Charles Reid is the service agent; and Earl Cummings is special agent.

Following the meeting, refreshments were served.

### Men's Class Elects Slate Of Officers

Louie Weathers was elected president of the Men's Bible Class of the Methodist Church Sunday, succeeding Dale Thuren. J. O. Allen is the new vice president, and Roger Bell was re-elected secretary and treasurer.

A teacher committee was named composed of Johnny Reasonover, Jess Gurley and Claude Donaldson. Calloway Huffaker and Mitchell Williams are currently teaching a series of eight lessons.

A committee to contact the sick and unfortunate is composed of Wynne Collier, Happy Smith, and Roger Bell.

M. M. Boyd and D. J. Pennington are the song leaders, and Miss Barbara Thomas is the pianist. The class meets in the WOW building, and coffee is served at 9:45 prior to the lesson.

Mr. and Mrs. J. W. Garner attended funeral services for their sister-in-law this week in Oklahoma.

Minnie Sayles entered Tahoka Hospital Monday afternoon as a medical patient.

SUCCESSFUL EVACUATION of a large city would leave the downtown area a ghost town, as in this view of Portland, Ore., taken during Operation Greenlight—the largest civil defense evacuation exercise to date. The vast Interstate Highway System under construction would not only facilitate evacuation of large cities, but also would provide roads needed to supply the huge evacuee camps in outlying areas. (Portland Oregonian Photo by Rolfe Dobson)

- Check these features
- serpentine facade
- 6-coat finish
- heavy plank tops
- tilting plate glass mirror
- center-guided, dust-proof drawers

## SERPENTINE!

big triple dresser & bookcase bed  
at the lowest price in town

Platinum and Charcoal

**\$169.50**

We think this is one of the best bedroom buys you'll find anywhere . . . you get so much quality. The mirror, for example is expensive polished plate glass. The drawer fronts and rails are sculptured in intricate serpentine curves that cost much more to make than straight-lined designs. This bedroom group is full of extras . . . you get a big triple dresser rather than the usual double dresser—but come in, see for yourself how much more you get for your money.

Night Stand \$24.50

You may depend on us for the best Furniture at lowest prices!

## Methodist Men Hear Denton

Judge Jim Denton of the 99th District Court of Lubbock was the speaker at the meeting of Tahoka Methodist Men Monday night at the church, using the subject "Partnerships." There were 51 men present.

He was accompanied by Larry Ryrd, past president of Lubbock Chamber of Commerce.

Singing was led by Otis Spears in the absence of W. G. Pennington, who was ill, and Miss Barbara Thomas acted as accompanist.

The program was arranged by Dale Thuren and J. O. Allen, and a steak dinner was served by Norvell Redwine, Oran Short, A. M. Bray, Winston Wharton, Roy Edwards, and Frank Hill.

President Wynne Collier announced next month's program will be arranged by Harold Green and Otis Spears, and the meal will be prepared by Maurice Huffaker, Elmer Owens, Mitchell Williams, and Jake Jacobs.

Percentage of accidental deaths in the U. S. has gone slowly downward since 1913 when the National Safety Council was formed.

## HECKS GET CAUGHT IN BIG RAIN STORM

Mr. and Mrs. Herman Heck went down to Winters last week end to help her father, C. M. Gooch, celebrate his 70th birthday, and came near to getting stranded there on account of the rain flood.

Herman says five inches fell at Winters, seven at Bronte, and eight and a half at Robert Lee. Creeks were out of banks, highways inundated, and fields of cotton drowned, but they finally managed to get out by way of Ballinger and get back home Sunday night. At Wilmeth, where he was raised, Herman says there was more water than he ever saw there.

In spite of his 79 years, Mr. Gooch was plowing maize stubble when they arrived (before the rain), and he works his 400 acres of farm land by himself.

## CARD OF THANKS

We wish to express our thanks and relatives who showed their kindness and thoughtfulness during the illness and death of our Teinerts.

Alaska is the largest peninsula on the North American Continent.

## Swiss Visitor To Tahoka Writes of His Return Trip Across United States

Hans Irniger of Switzerland, who visited here this summer as a guest of the Tahoka Rotary Club, this week wrote the following to the News of his trip home from Tahoka. He left here Sept. 20.

Arosa Sky, Swiss Line  
Oct. 4, 1937

Dear Frank and Mrs. Jacobs,

At last I am going to tell you about our trip as I promised you. I have neglected the Lynn County News very badly, but actually I should like to get them in Switzerland if possible. If you think it could be arranged across the ocean, please let me know how many of the remaining dollars I can send you in order to get them during the coming year. It would be nice to keep contact like this with Tahoka, now my second home. I don't even know yet for sure that the Bulldogs downed the Eagles, because I had to leave 6 hours before the game started. Dear old Roy Edwards transported me and all my junk with a numerous escort down to Lubbock in that same new green Chevrolet which had brought us to White Sands two weeks before. As I was dressed up in genuine western cowboy outfit, I recognized John Kiehart (The Austrian character from Slaton) and the little French girl from Dunlaps, before they could recognize me. She was brought there by a most attractively smiling Hawaiian beauty and her adoptive mother. John still dreams of her full of melancholy. This remembrance keeps him from getting seasick.

It was just about the time of the football game when we passed through Farwell and were inevitably compelled to say farewell to Texas. This was so sickening that we could hardly realize how true it was. Luckily New Mexico had some thrill for us too, because while the bus was revised, we tried in a night club to get a can of beer for John, and the French girl and I were thrown out as minors. Coming back after ten minutes, another waiter admitted me, but the French girl was still minor, he thought. Her identification said 22, but she had forgotten it in the bus. This was in Albuquerque. We were all sleeping when coming into Arizona and across Petrified Forest. So we had to miss that,

as bad as we hated to. It was dark anyway, and the bus did not stop.

Somewhere in the middle of the morning we reached Faistaff, as they say in Slaton, and changed busses for Grand Canyon. We had expected this to be the day of the trip, but I suddenly got all the symptoms of Asiatic flu according to the French girl's utterances. However, it never was too alarming, and we could keep following the schedule. All eyes of ours and mouths fell open, and our legs automatically stopped when we perceived the huge coloured hole of Grand Canyon. Now this really was a sight. We just could not understand why it was not in Texas. I think it was an awful mistake of Nature to put it there.

The next day John went all the way down to the Colorado River to have a swim. The French girl was too tender even for a mule-ride, and so she just walked along the edge with the camera and me who was not in shape and too lazy. Thereupon we met a French archeologist couple with a Chevrolet, and they were so charmed by the French girl that they led us to all those little museums and exhibitions and viewpoints, and we sure had a big time. Another thing we met were the ground-squirrels. Of course I eternalized them by means of dad's colorslide camera. Yesterday we saw them again in Walt Disney's Living Desert movie in company of my dear little horned toads.

Now comes Monday. It brought us through colorful hilly and picturesque Utah to Salt Lake City. The great Salt Lake was an accidental, but exceedingly tickling addition to Grand Canyon. We had a swim there, except the French girl did not dare to wear her bikini. Well, said we, if bikinis are illegal, why don't you swim without them? But she wouldn't.

By the way, this was the craziest lake we ever saw. Over 25 percent of the water is salt, in solution of course, but crystallizes shortly after you get out of it, and makes you white and crisp. And it kind of burns in the eyes, if you don't pay attention. But the limit is that it carries you as though you were wood. You don't have to move and just never could dive. Golly we sure had lots of fun with that lake.

Tuesday over Loveland Pass to Denver Colo. That bit of the Rocky Mountains definitely beats Siwegia. You should have seen those red and yellow autumnal trees! Why did that silly bus not stop? Oh it was so beautiful.

Then via SE corner of Wyoming across Nebraska at night. Rich ice cream in Iowa. Chicago YMCA next evening. Lake Michigan was truly stormy, more so than the Atlantic right now. On we went to Niagara Falls on Friday then. And the flu jumped over onto John. It was out of me now, probably gone by osmotic and electric pressure in the great Salt Lake, because I believe so. But John really got it after all. He could just barely make it to Henry Hudson Hotel in Manhattan and asked for a doctor there. He did not absorb any food but Oranges and Swiss cheese. The kind of bread and meat he was used to was not available in America.

The French girl pushed me to the Museum of modern art, and I pushed her to a high number of record shops for some semi-conservative music. Finally we got a farewell dinner at a Swiss friend of mine, and then we left her and got into this Swiss boat. Nine more passengers and—three of the crew are Swiss too, two of them talking only French. But we enjoyed each other as much as ever people could enjoy each other, although our acid zurgihese tongues worked kind of funny when we first started to talk them. I was the only one from the Lone Star State, and my perfect cowboy costume evoked several remarks and comments in the board-paper, one of them by myself here included. I hope it teaches you at least one tenth as much about your state as I learned about Switzerland, from Texans.

Looking forward to your News, kind regards from Hans.

P. S. Herb Carter is real strong in packing torn down bicycles for intercontinental transportation. This masterpiece did not show any marks of being worn out when I got it in New York, where as the new suitcase from the army-surplus looked just like an ugly mess.

## Hatchell Wins At State Fair

B. L. Hatchell and his son, Billy, brought home a large number of prizes from the State Fair won by their swine at the recent Pan-American Livestock Exposition.

Billy showed the Senior Champion sow, named Lady Keynote, at the show after winning first place in the junior yearling sow division, second place in the senior boar pig; and fourth in the senior sow pig.

Although Mr. Hatchell failed to win a first place, he placed in 10 divisions. These included third and 11th places in senior spring boar pig; eighth in junior spring boar pig; fifth in aged sow; third in junior yearling sow; third and fifth in senior sow pig; ninth in senior spring sow pig; eighth in

junior spring sow pig; fourth in young herd; sixth in get of sire; and fifth in produce of dam.

Academics was the name given to a series of philosophers who taught at the Athenian Academy.

During one session of Congress 46,000 bills and resolutions were introduced.

## We Specialize in SERVICE!

Oil for a little girl's roller skates? Yes, ma'am! Strap need adjusting? We can fix that, too. If it's service you want, you came to the right place!

Fortunately for your Phillips 66 Dealer, he services more cars than roller skates. But he goes about it in the same friendly, helpful way. You'll find he takes an interest in your car. His service includes getting your car brushed out...

the windows cleaned all the way around... your battery and tires checked. It means friendliness, courtesy, the desire to please you.

That's why a little girl who comes in for "roller skate oil" is likely to keep coming back years later for Phillips 66 FUTE-FUEL and TROP-ARTIC Motor Oil, and all the little courtesies that add up to "Hospitality on the Highway." \*A trademark

## Congratulations:

2nd Lt. and Mrs. Gomer C. Custer on the birth of a daughter in West Texas Hospital Friday, Oct. 11, at 9:37 a. m. She has been named Tammye Lisa and weighed seven pounds, 12 ounces, and is the couple's first child. Maternal grandparents are Mr. and Mrs. Carl Jones of Grassland and paternal grandparents are Mr. and Mrs. Mike Custer of Midland. She is the first grandchild on both sides of the family. The father is stationed at Lackland Air Force Base in San Antonio.

## W. P. DILLARD RAISES SOME RECORD TOMATOES

W. P. Dillard has raised some record tomatoes at his home in South Tahoka, and he brought some samples by the News office a few days ago.

In fact, he had four tomatoes in a basket which weighed a total of 4 pounds 12 ounces. The largest of the four weighing 1 pound 7 1/2 ounces. All grew on one vine.

Mr. Dillard says the vine was irrigated earlier in the summer, and he believes that if he had given it one more watering the tomatoes would have been really large.

# Odds and Ends

(By R. I. T's Elder)

Last week I wrote a strictly historical account of one of the greatest religious leaders and reformers that have arisen above the horizon of history since the days of Paul, John Wycliffe. "The morning star of the Reformation."

If any of the readers of this Column have a prejudice against the study of history or think it too dull for them to "fool away" their time in reading, I really pity them. This world is made up of men and women, boys and girls,—human beings, in fact, and history is the record of human beings, particularly of human beings who have done worth-while things in the world. The lives of some

men and women have not only been important but also heroic and even dramatic. If Truett Smith, or Calloway Huffaker, or Maurice Bray, or other local citizens make fiery speeches or deliver eloquent addresses, or make convincing arguments before any large body of citizens in Tahoka, the event tomorrow will be on the end of everybody's tongue. All that immediately becomes local history.

Well, when any man down through the ages can preach a marvelous sermon on ancient Abraham, or Joseph, or Moses, or David, or sinful but emotional and repentant Peter, or Esther, or Naomi and Ruth, or upon Jesus the Christ, the Son of the living God and the Savior of the world, it is because these personages have done something great.

Many great men and women have lived since Bible Times. John Wycliffe of England was one of them. He was born near Richmond in Yorkshire in or about 1320, 172 years before America was discovered.

In 1860, when he was about 40 years old having been educated at the University of Oxford, he became master of one of its colleges, Balliol, and soon gained the reputation of being one of the great scholars of England.

All England was then under the domination of the Roman Catholic Church, and the Vulgate, a Roman translation of the Bible into Latin, was the only Bible that the English people had, that and the Douay, another Roman Catholic translation into Latin also. That was long before the printing press was invented, and so the only Bible which the English and the rest of the world had at that time consisted of scrolls, hand-written, and readily readable by Latin scholars only or by Latin-speaking people.

## Cotton Quiz

WHERE DOES COTTON KHAKI GET ITS NAME?

**KHAKI IS THE EAST INDIAN WORD FOR "EARTH COLOR."**

Consequently nobody had a Bible in England which he could read except University scholars and Roman Catholic priests.

Being a University Scholar and the Master of Balliol College, Wycliffe doubtless had a hand-written Latin Bible. He was not only a scholar but he was also a natural-born student, who had always been prone to do independent thinking. In studying the Latin translation of the Bible and observing

at the same time the dishonest practices of many of the priests, Wycliffe became daring enough to become critical of the Church, the Roman Catholic Church, the only Church that England had at that time. His criticisms got him in bad with the Roman Catholic Hierarchy, and the Hierarchy soon began a program of persecution; but the more they persecuted and the more Wycliffe studied the wider the rift became. They finally excommunicated him, as we have heretofore stated, but he defied them. Excommunication had brought no fears to him, for he had already scathingly denounced that and most other Roman Catholic tenets.

Seeing that the rich and the Aristocrats had no sympathy for him and his system of doctrines, he turned to the poor and un-influential common people for sympathy and support. He saw that it was the common people who needed spiritual light, and that they were most susceptible to acceptance of the real teachings of Christ, and so in 1382 he began a translation of the Scriptures into the language of the common people of his own country, England. That was the first time in all history that any man had undertaken to translate the Bible into any language except the Latin. John Richard Green, author of Green's History of England, tells us that Wycliffe was not only a great religious Reformer but that as Chaucer became the father of England poetry, Wycliffe was the father of readable English prose. His writings in his controversies with the Roman Catholic Clergy and in his support of his doctrine of personal religious freedom and separation of Church and State, became a model of written prose for all other English writers of that day.

In 1384 Wycliffe died, but he left the poor fellows to carry on his work for him. They took Wycliffe's doctrines to the common people, who heard them gladly.

### PLAYER IS "DROWNED" ON 20-YARD LINE

Seminole.—Blame this one on "Cousin" Hal Blymiller of Radio Seminole, KSML:

The last half of the Seminole-Hobbs football game was played during a driving rain storm, the likes of which Seminole doesn't often see.

The rain came in sheets and water splashed off the press box where Hal was broadcasting the game. When the press box door opened, rain poured in, wetting the announcer's equipment.

When a tackler dropped a ball carrier on the field, there came the words: "The player was drowned on the 20-yard line." Oh, well, sometimes they all get their tangs tongueued up.

## Lynn County Soil Conservation District News

ROY L. WILLIAMS    ELLIS BARNES  
O. E. TERRY        W. L. (Cap) ROWE  
ELMER BLANKENSHIP

With winter approaching we are all greatly concerned with the problem of erosion. It has been the practice of many farmers to list much of their land immediately after harvest. If this is to be done we should keep in mind that by listing in the old row we can gain two distinct advantages. The first, and probably the most important is that by doing this, crop residue will be left on or near the surface of the soil, thus checking wind erosion to a great extent. The second advantage of great importance will be noticed at planting time. By leaving crop residue on or near the surface of the soil planting can be done at the proper depth with out the problem of undecayed crop residue "balling up" on the plow.

Many of the farmers throughout the county already have cover crops established on their land. A practice that has much on dry-land farming is sowing a cover crop such as rye at the time of the last cultivation. Many of the farmers who have done this now have a crop already established on their land. A great deal of crop residue will be added to the soil by this extra growth and consequently higher production may be expected in the future.

Weldon Bailey and Melvin Wuensche are harvesting their grass seed. They have Sidecoats Grama and Switch grass in the shock. Bailey estimates a yield of

about 400 pounds per acre on his Sidecoats Grama.

Bryan Wright is planning to terrace a half-section of farmland this fall and winter. The land is a part of the Henderson estate.

Ross Smith made application for a soil and water Conservation plan on his section of farmland southwest of Tahoka. His place has not been in cultivation for many years, most of it is fairly level, but Ross plans to terrace this winter so that water erosion will be held to a minimum. A farmstead may be built in future and plans are to establish a farmstead windbreak of Arizona Cypress that will be ordered by the Soil Conservation District Supervisors.

Many farmers in the District are applying cotton burrs to fields. The Lynn County ASC office is offering assistance of \$1.25 per ton up to \$5.00 per acre maximum payment. Burrs are applied this time of the year on harvested grain sorghum land. Later in season after cotton is gathered it could be applied to cotton land. Generally the practice is to apply burrs to grain sorghum land then rotate crops. Burrs add organic matter, increase water penetration, reduces evaporation and in some cases may reduce weed growth.

Have news? Phone 35.

Mrs. J. M. Graves, the former Miss Betty Chandler of Tahoka, and now of Lorenzo underwent surgery in a Lubbock hospital last week.

Java is one of the most densely populated countries in the world.

## LEADING GROUND GAINERS

- Do you really know what your car requires in a gasoline? What it takes to make the miles speed easily and silently by? To deliver all the energy in your engine under any driving conditions? The answer is reserve power... and Cosden has it.
- If yours is a late-model car, Cosden's Premium Ethyl packs the new, added power-rating that high-compression engines require.
- If your car is older, Cosden Higher Octane Regular, too, gives it a new power bonus for mile-saving economy.
- Fill up and find out. You'll see that Cosden—premium or regular grade—makes a leading ground gainer of your car.

**Legal Notices**

**CITATION BY PUBLICATION**

The State of Texas  
To: H. A. Gilliam, whose address and whereabouts are unknown and if he be deceased then his unknown heirs, and their heirs, his legal representatives, executors, administrators and assigns, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Lynn County at the Court House thereof, in Tahoka, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of November A. D., 1957, then and there to answer Plaintiff's Petition filed in said Court, on the 30th day of September A. D. 1957, in this cause, numbered 2310 on the docket of said court and styled Gladys S. Koeninger and husband, A. H. Koeninger, Plaintiffs, vs. H. E. Baldrige, Jr., et al., Defendants.

A brief statement of the nature of this suit is as follows, to wit: The land involved is described as follows: Being all of those lots, tracts, or parcels of land laying and being situated in the County of Lynn, and State of Texas, and being all of Lots Nos. One (1), Two (2), Three (3), Four (4), Five (5), Six (6), Seven (7), Eight (8) and Nine (9), in Block No. Seventy-five (75), and all of lots Nos. One (1), Two (2), Three (3), Four (4), and Five (5), in Block No. Sixty-six (66), totaling fourteen (14) lots, all of which being located in the Original Town of O'Donnell, Lynn County, Texas, according to the map or plat of said town of record in the Deed Records of Lynn County, Texas; plaintiffs claim fee simple title to all of the above property and are herein suing the Trespass to Try Title for judgment for the fee simple title and possession to all of the above property, and for their damages; also, plaintiffs are claiming fee simple title under a lost and unrecorded warranty deed to them executed and delivered, for cash consideration, by C. H. Doak and wife, L. Alice Doke, and H. E. Baldrige and wife, S. E. Baldrige, on or about July 1, 1932, and plaintiffs are asking the Court to establish their lost deed, and to vest a fee simple title in them to all of the above property, and to divert all of the title, claim, right of interest out of all of the defendants; also, plaintiffs are claiming fee simple title to all of the above property under and by virtue of the Statute of Limitations of Ten Years, and the Statute of Limitations of Twenty-five years, because of adverse possession, according to law, of same for over 25 years; the defendant hereinabove named and cited here in was a grantee in a warranty deed dated December 15, 1921, wherein C. H. Doak and wife, L. Alice Doak, and H. E. Baldrige and wife, S. E. Baldrige conveyed to him Lot No. Six (6), Block No. Seventy-five (75), of the Original Town of O'Donnell, Lynn County, Texas, as shown on the map or plat of said town of record in the Deed Records of Lynn County, Texas, and wherein said deed, a Vendor's Lien was reserved and retained in grantors, said deed being shown of record in Volume No. 27, Page 193 of the Deed Records of Lynn County, Texas; other defendants in the above styled and numbered cause are H. E. Baldrige, Jr., and wife, Onal Baldrige, Albert Mayfield, Addie Baldrige Moore, Ima Baldrige Terry and husband, H. D. (Herman) Terry, T. E. (Buddy) Baldrige and wife, Montie Baldrige, Crickett Baldrige Taylor and husband, Carl Taylor, May Baldrige, Lee Ray Baldrige, Jr., F. T. Baldrige, Carol Inez Baldrige, Jewell Doak Rodgers and husband, Malor H. Rodgers, Byrdie Doak Sanderson and husband, Morris W. Sanderson; all of the above statements and allegations are contained in detail in the Petition of the above plaintiffs filed as above shown by their attorney, John Saleh, P. O. Box 593, O'Donnell, Lynn County, Texas.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Tahoka, Texas this 1st day of October A. D. 1957. Attest: W. S. TAYLOR, Clerk, District Court, Lynn County, Texas. (SEAL) 51-4tc

Use of "abracadabra" as a "magic" word began in the second century when it was recited to expel fevers, inflammations and agues. Jacobin Clubs, made up of the most fanatic of the French Revolutionists, were named for the convent where they met.

**Thoughts For Consideration**

By Leroy Cowan  
**AN- INFALLIBLE CREED**  
The word creed means "I believe." Many have formulated their beliefs into a written creed and bound it upon others. Accepting such a creed is dangerous, for all men are fallible. The Bible is an infallible creed for the Lord is the real author. Men are to speak only as the oracles of God. 1 Pet. 4:11. Warnings against doing otherwise are plain: "Whosoever transgresseth and abideth not in the Doctrine of Christ, hath not God." 2 Jo. 9. "It is not in man . . . to direct his own steps." Jer. 10:23. "In vain they do worship me, teaching for doctrines the commandments of men." Matt. 15:9. The Scriptures are complete and perfect. They furnish a man unto all things that pertain to life and godliness. 2 Tim. 3:16-17; 2 Pet. 1:3. Since we are to be judged by the Bible, we ought to live by it. Nearly half the emigrants coming to the United States in 1950 were Italian. Jaggerly is a coarse brown sugar made from the juice of palm trees.

**Youth Workshop At Spriglake**

All parents, teachers, members of Church groups, Scout groups, youth workers, and members of P. T. A. are invited to a "Youth Development Workshop" to be held from 9:00 a. m. to 3:00 p. m. Tuesday, October 20, at the school in Spriglake. Sponsored by the 14th District of Texas Parent-Teachers Association, the attendants will be served luncheon that day in the school cafeteria. Virgil Trout, minister of the University Church of Christ at Albuquerque, will conduct a series of discussions, which will be divided into age groups. Some of the topics will be Teen Agers: Why They Go Steady, Why They Don't Listen; Mentally Retarded Children; First Grade: Your Child's Most Important Year; Money and Dating; The Three R's; How You Can Help Your Child's Teacher; A World of Six Year Old Triumphs; Parents Are Seen But Not Heard. Mrs. J. M. Harper of Lubbock, president of the 14th District and Mrs. Arthur Duggan, Jr., chairman of publicity, urge everyone interested to attend.

**THE WONDROUS YEARS OF OUR TIME...**

Man's use of petroleum — of oil and natural gas — began before the first records of history. But petroleum's full usefulness to man has been a matter of decades only. They have been wondrous years, those decades. Years that saw automobiles built by the millions because gasoline was available as a cheap source of power. Years that saw the oceans dwindle under the high speed of great ships powered by oil. Years that saw the evolution of a more comfortable living in homes warmed by oil and natural gas. Years that saw rubber, fibers, paints and many other useful items of everyday living produced from petroleum's hydrocarbons. Years that saw the earth shrink under the wings of the airplane, and great wars decided by the availability of oil. Thus, the oil industry has led the way into the wondrous years of our time. The industry, through foresight, ingenuity, research, and risk-taking, has found and produced the oil required in greater quantity each year, has conserved

oil for the future, has devised the transportation systems that move oil economically, has built the refineries and plants that convert crude oil and natural gas to the hundreds of useful products needed by a growing United States. The Humble Company, founded in 1917, has participated in petroleum's progress during four great decades, and has pioneered in the development of many current techniques for finding, producing and refining oil. This week, with the industry, Humble invites you to consider the variety and extent of oil's progress . . . Surely no other industry has contributed more to the making of modern America.
