STANDING ON THE CORNER

With P. J.

Many people only look for, see and talk about the sins of the flesh, and over look in themselves the greatest sins of all—sins of the spirit. So say many spiritual leaders of today.

And so, from an article entitled "Idle Gossip Never is Ideal," I quote: When I learned to bear witness to the Godlike qualities in my fellowmen, the Ninth Commandment became a source of challenge and joy."—Elsaine St. Johns.

The Ninth Commandment: Thou shalt not bear false witness against thy neighbor. Exodus 20:16.

Ah, the gnashing of teeth, the cramming and sleepless nights that preceded six-weeks tests here last week! It's realized that many students positively hate these examinations, but sorry—I can't share your agony. Especially when the six-weeks tests can be eaten—speaking, of course of the pies the girls made in homemaking as their exams. If those gals can't do anything else, they sho' can cook.

Nancy Draper asked me the other day why I never wrote anything about teen-agers in Tahoka. There's really no good excuse except that besides knowing a little about who goes with who, I guess most of us old folks lose contact with the kids (ha). I do know this, though, that Tahoka has one of the finest groups of young people to be found anywhere and City Policeman Jack Seales, who is on night duty here, backs me up with evidence.

He has worked with various police departments in South Plains towns and he says that nowhere has he found boys and girls to be the calibre they are in Tahoka. There is very little disturbance in the town at night caused by so-called juvenile delinquents—and in fact, double dares anyone to call the teen-agers in Tahoka by that name.

Quite a compliment, I'd say, both to the boys and girls and to the town as a whole.

It is said that after the recent floods in Texas, a newcomer showed up in Heaven. Gaining a crowd around him, he began a long description of the great floods, the rivers of rushing waters and the vast flooded areas throughout the (Cont'd. on Back Page)

Mrs. J. E. LeMond Dies At Snyder

Mrs. John E. (Guy) LeMond, 58, formerly of Tahoka, died suddenly of a heart attack at her home in Snyder at about 4:00 p. m. Wednesday of last week.

Mrs. LeMond, a daughter of the late H. W. Calaway of Tahoka and of Mrs. Calaway, now of Snyder, was born August 1, 1899, at Goldthwaite. She came to Tahoka as a girl with her parents, and was married here on November 17, 1919. She and her husband and children moved to Snyder in 1928, where they have since lived.

Her husband was a rural carrier here and at Snyder before retiring a few years ago.

Survivors include her husband; three daughters, Mrs. Weldon Kincaid of Snyder, Mrs. Charles Batts of Santa Fe, N. M., and Mrs. E. W. Babb of Midland; her mother, Mrs. H. W. Calaway of Snyder; one brother, D. B. (Bernard) Calaway of Draw; two sisters, Mrs. Lester McIntosh of Wichita Kansas, and Mrs. A. C. Keever of Bee Branch, Ark.; and four grandchildren.

Funeral services were at the First Baptist Church in Snyder on Friday afternoon, and burial was in the cemetery there.

Among those known here attending the services were the D. B. Calaway family of Draw, Mr. and Mrs. Roy Lemond of Grassland, Miss Jerrie LeMond, who is a junior student in McMurry College, Abilene, and Byron Hays of Idalou, and Mr. and Mrs. Tom LeMond of Amarillo.

Telephone Company Raises City Rates Preparatory To Installing Dial System

New dial telephone rates in Tahoka will become effective with the December 11, 1957 bills, according to Claude Adams, District Manager for the General Telephone Company of the Southwest.

Adams stated that on August 21, 1956, the Tahoka City Council passed a rate ordinance enabling the company to proceed with the establishment of a dial telephone system in Tahoka. The ordinance stipulated that the dial system would be established within 12 months from the nearest billing date of the rate adjustment. The date for the conversion to new dial equipment in Tahoka will be December, 1958, said Adams, and hence, the new rate will go into effect in December of this year.

Adams said that these new rates are in lieu of those which were proposed as interim rates by the company for the period between the request for new rates in 1956, and the date of the dial conversion in 1958. This proposal was rejected by the City Council, and a counter-proposal was accepted whereby the full dial rates would be put into effect one year before the actual inauguration of a dial telephone system. Under this plan there will be no further adjustment of rates at the time when the dial system is established.

The new dial rates also include the Extended Area Service between telephone customers in Tahoka and the residents and businessmen in the communities of Fletcher-Carter, New Home, New Lynn, and West Lakes. All calls placed to and from these various towns are now treated and handled as local calls, with no additional "per call" charge, said Adams.

Adams released the new rates which will be reflected on the December 11, 1957 billings as follows:

Class of Service	Monthly Rate (Excluding Fed. Tax)
Business:	
One Party	\$12.50
Two Party	\$10.50
Extension	\$ 1.50
Residence:	
One Party	\$5.50
Two Party	\$4.75
Four Party	\$4.00
Extension	\$.75
Rural Multiparty:	
Business	\$8.00
Residence	\$4.75

NEW HOME GIRL SCOUTS CELEBRATE BIRTHDAY

Girl Scouts of the New Home community celebrated their first birthday with a family night supper Saturday evening at the Community Center attended by about 20 people.

Mrs. Walter Gasper reports the girls have just recently completed a first aide course taught by the school nurse, Mrs. Naylor, and following the supper the girls demonstrated some of the things they learned in taking the course. Games were also enjoyed by the group.

Congratulations:

Mr. and Mrs. Bob Beckwith on the birth of a daughter in Dallas Wednesday morning at about 5:30 a. m. She weighed nine pounds, five ounces and has been named Carol. She has a big brother, Bryon, who is about two and one-half years old. The mother is the former Tommy Whorton. Mr. and Mrs. J. T. Whorton are the maternal grandparents.

HENRY CLARK BREAKS HIP

Henry Clark, about 67, slipped on the ice near Shaffer's Laundry last Friday and broke his hip. He was taken to Tahoka Hospital for treatment, and later taken to a bone specialist at Methodist Hospital. The break was not a bad one, but operation to put in a pin was delayed because he was suffering from shock and from a minor heart ailment. Friends may write him at Room #14.

Advertising doesn't cost. It pays.

Four H. D. Ladies Poka-Lambro To Get Recognition Extend System

Four Lynn county women were presented THDA pins for requirements attained in home demonstration work at the regular meeting of the Lynn County Home Demonstration Council held last week.

Receiving the Texas Home Demonstration pins were Mmes. Dwight Corbell, Willie Nieman, Leland White and Don Smith, all of New Home. Mrs. N. B. Hancock, chairman of the council, made the presentations after the women had completed 10 out of 12 state requirements.

Annual reports were made by each home demonstration club in the county when 10 members, five visitors, and the new agent, Mrs. Eddie Bowman were present. The officers of the council also gave their annual reports.

Announcement was made that the yearbook for 1958 is now in the hands of the printers and will be available the first of January.

Goal Is Near In Savings Bonds

U. S. Savings Bonds sales in Lynn county amounted to \$237,858 for the ten month period of 1957. This is 88.5 percent of the 1957 goal according to Truett Smith, chairman of Lynn county.

Mr. Smith pointed out that Savings Bonds are equally suitable and welcome as gifts for any occasion, from the birth of a child through successive birthdays, graduation and wedding anniversaries, as well as for Christmas and year-end bonuses, incentive and performance awards — "Anything that calls for a 'Present With a Future,'" Mr. Smith advised.

Mrs. R. C. (Nina) Wood, who will soon be 85 years old, was admitted to a Monahan's hospital Saturday as a medical patient. She is being treated for pneumonia.

Have news? Phone 35.

Committee Named To Study County Schools

The Hale-Aikin Committee's "grassroots" study got underway in Lynn county recently when superintendents of schools in the county, school board presidents, the president of the County Board of Education and the County Superintendent met to begin organizational plans and appointed 40 county citizens to participate on the county committee.

Mrs. Ruh Jolly, county superintendent and chairman of the county committee, said that the deep significance and importance of the study can not be over emphasized or underestimated. The general committee calls for citizens in every county of Texas to express themselves at the local level.

The lay public, the taxpayers, the parents for whose children the public school system is operated, will be given full opportunity to have its say about the kind of schools Texas children need and should have. One of the primary purposes of the Hale-Aikin committee is to involve the general public in a close look at the schools.

To comply with the request of the State Committee of 24, established by the 55th Legislature, Senator A. M. Aikin Jr., Paris, chairman, the following people in Lynn county have been asked to serve on the Lynn County committee:

Mrs. Lottie Walker, Mrs. Lucille Smith, Mrs. Elmer Owens, H. B. McCord, Jr., M. J. Huffaker, A. M.

Bray, Otis Spears, Mrs. Pat Jacobs, Jimmy Applewhite, Jr., Frank Hill, and Mrs. Paul Halimicck, all of Tahoka; Mrs. Julian Pirtle, Mrs. Ruth Bates, D. B. McMillian, Mrs. C. R. Burleson, Ralph Beach, Homer Hardburger, Mrs. C. A. Lacey, Bill Snellgrove, J. W. Gardenhire, Weldon Skinner, and Naymon Everett of O'Donnell; Elmer Blankenship, Erwin Sander, W. P. Jones, J. P. Hewlett, Mrs. Natalia Blankenship, Mrs.

Edna Pearl Coleman, Mrs. Pearl Davidson, Clarence Church, all of Wilson; T. B. Mason or route 1, Tahoka; George Sealy, Mrs. N. B. Hancock and Benny Pryor of route 4, Tahoka; Walter Gasper, Mr. and Mrs. J. B. Edwards, Mrs. Wilmer Smith, and L. H. Moore, Jr., all of route 1, Wilson; and Harlan Dean of route 6, Lubbock.

English cities are generally called boroughs.

LAKE WHITNEY STATE PARK is one of the nation's recreation areas pioneering in facilities for the air traveler. A landing strip 4,000 feet long ends in a turn-around at Fishermen's Inn, the park cafe. A cross strip of 3,000 feet ends at the park beach. The road into the park parallels the long airstrip. Markers direct traffic from Whitney, west of Hillsboro, to the park. Boats dock in sheltered Frazer Creek, just off one of the lake's famed fishing flats.—Photo by Edney Studio, Itasca.

First Baptist Calls New Pastor

Rev. W. A. (Bill) Brooks, 36, of Hughes Springs, Cass county, on Sunday night was called as the new pastor of the First Baptist Church.

He preached at the local church Sunday morning and evening, and following the evening service, the congregation voted unanimously to offer him the pastorate.

The local church has been without a regular pastor since the resignation a few weeks ago of Rev. Clifford Harris, now pastor of South Side Baptist Church in Fort Worth.

Rev. Brooks has been at Hughes Springs five years. He has also served churches in Victoria and Sherman.

He was reared in Dallas the son of a policeman, but has been an orphan since the age of eight. He served in the Pacific during World War II and went through the terrible Iwo Jima campaign. He is a graduate of Austin College at Sherman and of Southwestern Baptist Seminary of Fort Worth.

Rev. Brooks and wife have two children, a daughter 14 years of age and a son seven.

O'Donnell Youths Charged In Burglary

Three O'Donnell youths, 20, 18, and 16 year of age have been charged with the burglary of the Hiway Service Station in O'Donnell after the 20 year old was apprehended in Lamesa Saturday morning.

The two older youths will appear before the Grand Jury when it next convenes and the 16 year old will appear before the juvenile court. All three are jailed in Tahoka.

The youths broke into the service station taking 32 cents in pennies and 15 boxes of spark plugs valued at \$110. The 20 year old signed a statement in Lamesa implicating the other two youths, who also later signed statements.

Mrs. W. A. Reddell entered Tahoka Hospital Thursday of last week as a medical patient.

The Chisholm Trail was named for Jesse Chisholm, Tennessee-born pioneer scout and trader.

3-4 Inch Snow New Delay To Harvest

Turkey Shoot This Week End

A turkey shoot is being held at T-Bar Country Club here this Friday and Saturday from 10:00 a. m. until sundown each day. Turkeys, hams, and steaks will be given as prizes. Everyone who likes to shoot is invited.

Shoots will be arranged for both amateurs and experts. Shotguns only will be used along with low velocity shells. Guns and shells will be available at the range, or shooters may bring their own guns and ammunition.

The committee in charge of the shoot are: Sonny Roberts, Lewis Allsup, Jim Applewhite, Jack Smith, Kenneth Turner, and Jack Alley Robinson.

Permanent trap shooting equipment is being installed at the Country Club this week for the benefit of people who like this type of sport.

Other recent improvements at the club include a new aluminum entrance gate, and new flag poles and cups have been installed on the golf course greens.

Welfare Center Needs Clothing

Children's winter clothing is desperately needed at the City Welfare Center where those needing coats, shoes, sweaters and other apparel are being turned away each week.

The Center has a fairly good supply of ladies clothing and some clothing for men, but the constant need is that for children's clothing, especially school age.

The Center is open each Wednesday morning and those having clothing may bring them at that time to the north room of the American Legion Hall, or may call Mrs. Carl McClintock, Jr., a member of the Jaycee-Ettes, who will see that the clothing is picked up at the home.

A large number of local Latin American, Negro and white families have been served this year, but there are a few families that need help more often than others—especially in the cases of large families with no father, etc.

Most of the clothing brought to the Center are nearly worn out and therefore do not last long.

Anyone's contribution in this way will be appreciated.

Band Boosters Meeting Changed

The meeting date of the Band Boosters has been changed from Thursday night, Dec. 5, to Friday night, Dec. 6, because of the choir concert that will be given on Thursday.

All members, including parents of grade school band children, are urged to attend beginning at 7:30 p. m. in the Band Hall.

Little League Will Name New Officers

All parents of boys of Little League age, all managers, coaches, and other workers, and in fact everybody interested in the Little League are urged to attend a meeting Monday night a 7:30 o'clock in the High School auditorium.

C. W. Conway, president of the Little League, says new officers for the year 1958 will be elected and plans discussed for continuing the program which has operated so successfully the past two years.

The clock of the English Houses of Parliament at Westminster cost \$110,000.

Citizens' originally meant one vested with the freedom and privileges of the city.

The biggest November snow in at least 35 years covered Lynn county last Thursday night and Friday morning, when a total of three to four inches fell producing .38 inch of precipitation.

The snow was followed on Friday night and Saturday by the lowest temperature reading for November recorded in many years. A low of 3 degrees was recorded at Tahoka.

A peculiar quirk of the weather produced a low reading of one degree below zero at Lubbock, one of the coldest spots in the nation that morning. Several other points to the north and west of Tahoka recorded similar lows.

Naturally, the snow, followed by freezing temperatures four nights in a row, again put a stop to harvest of crops. Not all the snow had melted until Sunday, and there were even some drifts left Tuesday.

Some farmers were able to get in maize fields Monday with combines, and some were able to get back into cotton fields Tuesday. For two months now, farmers have hardly had more than three days out of any week suitable for harvest of the crop.

As a result of the severe November cold spell, many of the Mexican braceros and South Texans left or were sent back home. Some farmers will gather the remainder of their crop with mechanical harvesters as soon as all the bolls open, but most are still using hands when they can get them.

The .38-inch moisture from the snow brought the month's precipitation to 2.93 inches, and the total for the year to 29.93, the most rain in one year since 1941, when an all-time record of 40 inches was recorded in Tahoka.

Soil is in excellent condition for winter and spring listing, the moisture goes down deep and promises an excellent start for next year. Irrigation farmers are consoling themselves over the fact that they will not have to start watering so early next year.

Lynn county has lost only 5 to 10 percent of its cotton crop as a result of the early freeze and rains the principal loss coming in the price received by lowering of the grade. Most cotton grades are now coming back low middling spots or light spots. This means a loss of about \$3,000,000 on the 1957 cotton crop in Lynn county alone.

"Barber Shop" Singers Will Meet In Tahoka Monday

All Lynn county men interested in the harmony, fun, and fellowship of "barber shop" quartet singing are invited to a meeting at the Legion Hall in Tahoka Monday night at 8:00 o'clock, according to Dr. Dale McElroy.

At that time, a number of men from the Lamesa Chapter of the EPESQSA will meet in Tahoka, do a lot of singing, and see if there is sufficient interest in Tahoka for organization of a chapter here. If there are not enough men interested here, those who are will be invited to join the Lamesa chapter.

Anyway, there will be a lot of good singing and fun Monday night, Dale says, and he would like to see a lot of local men turn out for the entertainment, if for no other reason.

EPESQSA is a national organization and the letters stand for Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America.

Mr. and Mrs. Tom Bartley and Debbie are spending Thanksgiving holidays in Ladonia with his mother and other relatives.

Mrs. C. W. McClintock is in Tahoka Hospital where she is being treated for pneumonia. She was admitted Sunday.

Greens Attend Father's Funeral

Mr. and Mrs. Harold Green attended funeral services for his father, T. H. Townsend, in Mesa, Ariz. last Friday.

Townsend died Wednesday morning following an illness of about one month. Funeral services were held Friday morning in the funeral home chapel there with the local Episcopal minister officiating.

Mr. and Mrs. Green left Wednesday morning for Arizona and returned home Sunday.

The U. S. Coast Guard was established Jan. 28, 1915.

Only the male cicada is capable of making a noise.

Duplicate Winners Get Master Points

Members and guests played a Mitchell movement at master point duplicate bridge at T-Bar Country Club Tuesday night in the second of a series when first, second and third place was given to players sitting both north and south, and east and west.

Winning first place north and south were Mrs. L. C. Haney and Mrs. Harley Henderson; second, Mrs. Charles Verner and Mrs. Lee Roy Knight; and third, Mrs. Mel-don Leslie and Mrs. Jess Gurley.

First place winners east and west were Mrs. Winston Wharton and C. D. Morrel of Post, second, Johnny Wells and Harley Henderson; third, Mrs. A. N. Norman, Jr. and Mrs. C. D. Morrel of Post.

The next two guest series will be played Dec. 10 and Dec. 17 when the later night will be master point night.

Mr. and Mrs. J. O. King of Wilson returned home last week from a visit in Oklahoma City with their son, W. W. King, and family and in Fairfax, Okla., with another son, Rev. J. Paul King, and family. While in Fairfax they attended a Thanksgiving dinner Sunday night at Paul's church, the Fairfax Methodist Church, of which he is pastor.

JANICE CHARLENE WENTE

Former New Home Citizen Will Marry

Mr. and Mrs. Rudolph Wente of Studley, Kansas are announcing the engagement of their daughter, Janice Charlene, to James Edward Patterson, son of Mr. and Mrs. A. E. Patterson of Hoxie, Kansas, and formerly of New Home.

The prospective bridegroom is stationed at Port Hueneme, Calif. with the U. S. Navy.

Baptist WMU Has Week Of Prayer

Beginning Monday, Dec. 2, through Friday, Dec. 6, members of the WMU of the First Baptist Church will meet daily during the observance of Foreign Mission Week of Prayer.

A program will be held each day at 4:00 p. m. in Fellowship Hall of the church and all women are invited to attend. At the end of the week the Lottie Moon offering will be used for foreign mission work.

The group met Monday afternoon at the church to continue the study "Continent in Commotion" which gives the historical background of pioneer missionaries of Africa. Mrs. John A. Roberts and Mrs. Dub Kenley are the study leaders.

Thirteen ladies were present for the meeting when Mrs. W. M. Nordyke dismissed the group with a special prayer for foreign missionaries.

The so-called Senior Editor and his wife had as their guest the first half of this week Mrs. Hill's son, Eugene Eakin, wife, and three children, Benny, Nancy, and Sue of Galveston. They came all the way on Sunday, arriving here well before night, and leaving for a visit with other relatives. The children had never seen any snow, and still have never seen any snow falling, a sight which they hoped to experience. The hosts greatly enjoyed the visit of these three guests, of course.

All Chopin's works were written for or with pianoforte.

THE AMERICAN WAY

The Swamper Dives Again

Today's MEDITATION

from The World's Most Widely Used Devotional Guide

Bless the Lord, O my soul, and forget not all his benefits. (Psalm 103:2.)

Harold W. Ruopp describes an occasion when he telephoned to know if he could speak to the city editor of a large metropolitan newspaper. The editor's secretary replied somewhat abruptly, "I doubt it; he's very busy."

"I'm sorry, I simply wanted to thank him for his splendid editorial yesterday."

"Oh," she said, "Just a moment; I'll see if I can get him." The editor was soon talking. After receiving Dr. Ruopp's thanks for the editorial, the editor took fifteen minutes of his busy time telling about the tribulations of a city editor.

When the phone conversation was over, Dr. Ruopp said half-loud, "That magic word, 'Thanks!'"

If a city editor of a large metropolitan newspaper would give the above response on being thanked, how must God respond when we thank Him for our many blessings? God showers upon us a multitude of blessings every day. We can complain, we can take them for granted, or we can be thankful for them.

PRAYER
During this season of expressing gratitude to Thee, O God, we pray that thanksgiving will continue to be a part of our daily life. Help us to be more thankful to Thee for all Thy benefits to us. In our Savior's name. Amen.

THOUGHT FOR THE DAY
"O give thanks unto the Lord, for He is good."—Thomas L. Henry (Indiana).

J. E. Ketter, who is now making his home with a daughter, Mrs. Hugh Gray, in Belen, New Mexico, is here while, another daughter, Pearl Price, is here from California.

The United States has 45 percent of the total coal reserves of the world.

Local Rotarians Attend Institute

President Happy Smith and Rev. J. B. Thompson, editor of The Rotary Wheel, of the Tahoka Club, attended the District 573 Institute of Rotary International held in Andrews Tuesday of this week.

Rex Webster of Lubbock, immediate past district governor,

conducted the Institute, and they declare the meeting was a fine one. At noon, they attended, along with the 75 or more other visiting Rotarians, the regular noon meeting of the Andrews Rotary Club.

Sharon Patterson accompanied her grandmother from Stamford to Arlington to visit an aunt over the holidays.

Marshall-Brown Dept. Store

Why use two when one will do?

You'll do better to protect your motor with this one all-weather oil than to change from heavy oil to light oil according to the season.

Users of Trop-Artic All-Weather Motor Oil never have to worry about using different grades of oil at different seasons of the year. Trop-Artic is a light oil and heavy oil in one (grades 10W through 30). Furthermore, it lubricates and protects your motor far better than any of the old-fashioned "single grade" oils.

The reason is that Trop-Artic never gets too thick or too thin. In a cold engine it flows quickly for easy starting. In a hot engine it retains the "body" necessary to prevent wear. It reduces friction to save you gasoline. It keeps your engine clean. Compared to old-fashioned oils it can even double engine life. Get Trop-Artic All-Weather Motor Oil today from your Phillips 66 Dealer. *A trademark PHILLIPS PETROLEUM COMPANY

SPORTS

Bulldog Basketball Team Wins In Opening Game Over Denver City

In a penalty-ridden battle here Tuesday night the Tahoka Bulldogs came from behind in their opening game of the season to defeat the Denver City Mustangs 66 to 50. The "B" team lost a close one by a score of 48 to 47.

In the varsity opener, the Bulldogs took a 6 to 0 lead early in the first quarter, only to lose the lead and either stay behind or only be able to tie the score until the final quarter. Denver City led 18 to 14 at the end of the first period and had gained a five point lead at the end of the half with a score of 33 to 28.

Having a stronger bench this year, Coach Jake Jacobs tried several combinations on the court showing that the Bulldogs this year have about eight boys all qualified to play on the first team. However, in the third period the Mustangs took a seven point lead that they were able to hold for several minutes before the Bull-

dogs finally hit their stride to narrow the margin 44 to 43 at the end of the third.

Then in the final quarter the Bulldogs came out of it to tie the score and take the lead with Tahoka's Jerry Brown making 13 out of his total 39 points in the game. From then on the Bulldogs began widening the margin to end up with a 16 point lead at the end of the game.

Brown took scoring honors in the game with his 29 points, while teammates Marlin Mawthorne made 12, Jay Gurley 11, and Karl Prohl nine. Denver City's Dan Nicewander led his team with 18 points, making 12 out of 16 free shots, John Johnson 13 and Jimmy Allison 12.

Other Bulldogs seeing a lot of action Tuesday night were Jerry Adams, Weldon Calloway, Gaylon Tekell, and Jackie Applewhite, all of whom turned in good performances.

Tech Will Open Basketball Play

Lubbock — Texas Tech's first team to compete for an official Southwest Conference, the basketball quintet, opens its 1957-58 season against Abilene Christian College in Lubbock Municipal Coliseum at 8:00 p. m. Monday.

In a preliminary contest, freshmen entertain Clarendon College at 6 p. m.

Despite an unusually large student activity and season ticket sale, game tickets will be available at the gate Monday night.

Coach Paul Robinson believes that his Red Raiders are at least a year away from title contention because of inexperience. Bobby Wilson of Lipan is the only senior among the Raiders, who must replace three starters and two of their top three scorers.

Denver City came from behind in the fourth quarter to win the "B" game, making 20 of their 48 points in that period. Tahoka led 13 to 12 at the end of the first, 23 to 18 at the half, and 34 to 28 at the end of the third.

Holcombe led the Mustangs with 19 points while Jerry Bragg hit 15 for Tahoka; George Adams made 14, and Billy Tomlinson 8. Again a large number of Coach Dean Wright's boys saw action, including David Bray, Larry Spruelli, John Hegi, Gerald Huffaker, Billy Cain, Virgie Hicks, Larry Forsythe, Paul Ford, Bill Smith, Joe Young, Frank Greathouse, Douglas McClellan, and Buddy Chestnutt.

Wilson, New Home Boys Make 4-B District Team

New Home and Wilson 4-B football teams placed two men each on the all-district team this year, while Wilson also had three men on the second team and each school had one on the honorable mention list.

Selected by the coaches of the district End, Walter Gasper, 155 pound junior, New Home Leopard was placed on the first team, along with Halfback Barney Castro, 145 pound junior. Also on the first team in the halfback position is Kenneth Ethridge of Wilson, 160 pound senior. The two boys tied with Halfbacks Don Argold of Whiteface for two positions and therefore, all three were placed on the team. Tackle Jack Dokken of Wilson, 190 pound senior is the other Mustang lad making the team.

Three Wilson boys on the second team are End Buddy Wied, 180 pound sophomore, Guard Randal Weaver, 150 pound senior, and Center Arlis Ehlers, 165 pound senior. Guard Joe Roper of New Home, 145, senior, and Halfback Paul Henderson of Wilson, 160, junior, were given honorable mention.

The remainder of the first team is made up of End Harold Hinson and Guard Don Bowman, both of Meadow; Tackle Terry Beggs and Fullback Dale Christie of New Deal; and Guard W. B. Snodgrass, Center Mike McCoy, Quarterback Ken Welch, and Halfback Arnold of Whiteface.

Clients in ancient Rome were citizens of lower rank who chose patrons from the upper classes to assist them in legal matters.

MRS. JAMES PRENTICE WALKEN

Sandra Lou Sherrill Married Saturday At Lubbock To James Prentice Walker

Miss Sandra Lou Sherrill became the bride of James Prentice Walker Saturday at 7:00 p. m. when Dr. J. Ralph Grant, pastor, and Rev. Franklin E. Swanner of Plainview read the double-ring ceremony held in the First Baptist Church in Lubbock.

The altar of the church was framed with myrtle tapers in candelabra. Large baskets of white gladioli with blue satin streamers and a background of emerald palms completed the decor of the sanctuary.

The bride is the daughter of Mr. and Mrs. David W. Sherrill of Lubbock, and parents of the bridegroom are Mr. and Mrs. John Prentice Walker of Brownfield, former residents of Tahoka.

Three soloists were accompanied by Mrs. Gerald Harris, organist, who also played traditional wedding music. Mrs. Charles V. Moeser sang "I Love You Truly" and "O Perfect Love"; Jack Shirley of Brownfield sang "Because" and Crawford Taylor of Brownfield sang "The Lord's Prayer" as the benediction.

Given in marriage by her father, the bride wore a designer gown of white imported Chantilly lace and nylon tulle over net and satin. The Sabrina neckline was outlined with scalloped lace and embroidered with iridescent sequins and seed pearls. Fashioned with a fitted lace bodice, the long sleeves ended with points at the hands. Full length panels of lace at center front and sides enhanced the shirred tulle skirt and was dotted with appliques of lace held with sequins. A wide panel of alternating ruffled tiers of nylon tulle and scalloped lace ended in a cathedral train. The bride's veil of French silk illusion was attached to a crown of sequins and seed pearls.

The bride carried a white Bible topped with a Colonial bouquet of a white orchid and stephanotis

adorned with white net and white satin streamers.

Miss Winn Sherrill was her sister's maid of honor and bridesmaids were Misses Toni Bannister of Lubbock, Carole Alexander of Portales, N. M., Jill Walker, sister of the bridegroom, of Brownfield, Mary Baker of Fort Worth, and Donna Vaughn of Denver City. Linda Sherrill of Dallas, cousin of the bride, was junior bridesmaid.

Attendants were dressed identically in floor-length gowns of two-toned blue-pau de soie. Styled with princess bodices and full circular skirts of blue, the yokes of criss-cross drapery in darker shades of blue crossed the shoulders to the waistlines in the back and were held with large bows. They wore feather bandeaux. The maid of honor carried Fujii mums and the bridesmaids carried pom-pom mums with satin streamers.

Miss Roma Caviness and Miss Sharon Chick lighted the candles. Cindy Sherrill, sister of the bride, was flower-girl and ring-bearers were Chris Roberts of Tahoka and Richard Privitt of Brownfield, cousins of the bridegroom.

Gene Reid served as best man and groomsmen were Don Andrews and James Cheshire of Brownfield, Cary Hobbs of Abilene, Sammy Kendrick and Larry Marks of Amarillo and Bill Ed Thompson of Morton. Ushers were Jackie Applewhite of Tahoka, cousin of the bridegroom, Neil Pipkin of Matador, Robert Dyer of Tulla, Stan Koop of Borger, Bill Harmon of Odessa, Terry Hobbs of Abilene, Billy Little of Lubbock, and Crendall Clark of Fort Worth.

A reception was held following the ceremony in the church when the bride's table was laid with white net over linen and was centered with a tiered cake flanked by the bride's and maid of honor's bouquets. Baskets of white gladioli completed the decorations.

Alternating in serving were Mmes. Elmer C. Sinclair, Henry Askew and Knox W. Sherrill of Dallas and Mrs. Louis T. Tighe of Houston, all aunts of the bride.

Members of the houseparty were many friends and relatives including Mrs. James F. Roberts and Mrs. James Applewhite of Tahoka and Mrs. Sam Privitt of Brownfield, aunts of the bridegroom.

During the reception Miss Billie Wolfe played harp selections, the instrument being an emblem of the bride's sorority, Alpha Chi Omega.

The couple initiated the sorority's silver wedding cup at the reception when they were the first to drink from it.

The couple left for a trip to New Mexico when the bride chose a sapphire blue velvet suit with black and white accessories. They will make their home a 2908 20th Street in Lubbock.

The bride is a graduate of Lubbock High School, attended the

Miss Joy Reed Is Married Friday

In a double ring ceremony Miss Winona Joy Reed and Michael O. Melveny Thaxton were united in marriage Friday at 1:00 p. m. in the Chapel of the First Baptist Church in Brownfield before an arch of tapered candelabra and baskets of white gladioli.

The bride is the daughter of Mrs. Jewell Reed of Brownfield, formerly of Tahoka, and parents of the bridegroom are Mr. and Mrs. L. O. Thaxton of Sundown.

Dr. W. O. Weathers, pastor of the church, read the ceremony. Jerry Gannaway, organist, played traditional wedding music and accompanied A. V. Hall as he sang "Because."

Given in marriage by her uncle, Willis Bartley of Burkburnett, the bride wore a waltz length gown of blue chiffon fashioned with slashed neck-line and small stand up collar. The long sleeves were tapered to points over the hands. The bride's veil of blue silk illusion fell to finger-tip length from a tiara of blue stones and pearls. A bouquet of white carnations and stephanotis with satin streamers, and the wedding band of her mother and father tied in love knots, were carried atop a white Bible.

Miss Bonnie Tucker of Brownfield was maid of honor and Miss Martha Thaxton of Sundown, sister of the bridegroom, was bridesmaid. They were dressed identically in gowns of pink taffeta featuring round necklines and full skirts. They carried white carnations atop white Bibles.

Paul Thaxton of Sundown served his brother as best man and Roy Helms, also of Sundown, was groomsmen. Ushers were Keith Carletts of Amarillo and Floyd Tucker of Brownfield.

Following the wedding ceremony a reception was held in Starr's Dining Room when white gladioli, the three-tiered wedding cake, and a bowl of fruit punch adorned the bride's table.

The bride is a graduate of Brownfield High School and also attended Tahoka schools until moving to Brownfield about seven years ago. The bridegroom is a graduate of Sundown High School and is a sophomore student at Texas Tech. The couple are at home at 2410 Eighth Street in Lubbock.

House Warming For Lit Moores

New Home friends of Mr. and Mrs. L. H. Moore Jr., and children gave them a "house warming" Sunday afternoon in their new home three miles west and two miles north of New Home.

Fifty or more friends called between the hours of 2:00 and 5:00 p. m., inspected the home, and were served refreshments. Some brought individual gifts, and the community gift was presented them consisting of matching "rancho" chairs and telephone stool.

The new unusual black brick three-bedroom home is one of the better new farm homes in Lynn county. The house proper covers 2,080 square feet up stairs and has a basement containing 1,330 square feet, all in addition to a carport.

In addition to the three bedrooms, there are two baths, a living room and in the large area there is the den, kitchen and dining room, a breakfast bar, and a service area. The basement is a large playroom. The home has central heating and refrigerated air conditioning, and many other modern features.

Birch paneling in natural is featured, and all woodwork and cabinets are in natural finish. The home is tastefully furnished and decorated.

Have news - Phone 35.

University of Colorado in Boulder and is a senior home economics major at Texas Tech. The bridegroom is a graduate of Brownfield High School and is a senior petroleum geologist major at Texas Tech. He is a member of Sigma Alpha Epsilon fraternity, Kappa Kappa Psi and the Tech Geology Club.

MRS. MICHAEL O. MELVENY THAXTON

Mr. and Mrs. Moore Plan Anniversary

Mr. and Mrs. L. H. Moore Sr. will celebrate their golden wedding anniversary on Sunday afternoon, December 8, from 2:00 until 5:00 o'clock, when friends are invited to call at the home of their son,

L. H. Jr., three miles west and two miles north of New Home. They request that no gifts be brought.

Mr. and Mrs. Moore are pioneer settlers of Lynn county, and have many friends all over the county as well as over a large part of the Plains. They have been retired for several years.

WCSO Observes Week Of Prayer

The Woman's Society of Christian Service and the Wesleyan Service Guild met jointly Monday night in Fellowship Hall of the First Methodist Church for the observance of Week of Prayer and Self Denial.

Mrs. Roy Edwards was the leader in the program entitled "That the knowledge of God May Cover the Earth as the Waters Cover the Sea." Other participating in the program were Mrs. A. M. Bray, who gave the invocation, Miss Linda Jones who sang a solo accompanied by Miss Sunny Gibson, the devotion by Mrs. G. M. Stewart, parts by Mrs. Jake Jacobs and Mrs. Maurice Huffaker describing schools in Japan where the Week of Prayer offering will build new dormitories, and Mrs. V. F. Jones who spoke on "Living by Faith."

Preceding the program the ladies were served a covered dish supper at a table in the form of a cross and decorated with copper-colored leaves, chrysanthemums and white tapers.

Results of Blight-Resistant Cotton Test Are Revealed By County Agent

A report was given here this week by County Agent Bill Griffin on the cotton variety demonstration set up in Lynn county this year to check the performance of blight resistant cotton.

The experiment was carried out on two farms, one north of Ta-

hoka and one near O'Donnell, for the purpose of determining the success of three varieties of cotton in the area where much of the cotton is spotted. However, because of the rainy fall season all cotton has been spotted in various degrees, Griffin said, and only the estimated yields and grades of staple were determined this year. Next year the program will again be carried out with the hopes of determining which variety is the most blight resistant.

The three varieties used were Blightmaster, Lankart 611, and Lankart 57. The report is on the irrigated test made north of Tahoka, which was pre-watered and planted May 21.

Estimated yields include Blightmaster, 611 pounds lint cotton; Lankart 611, 655 pounds; and Lankart 57, 643 pounds.

Although much of the cotton has not yet been harvested the cotton ginned to date includes 28.3 percent turnout in Blightmaster and 26.32 percent turnout of both Lankart varieties.

The grades of staple on five bales ginned for each variety as reported by Griffin include Blightmaster, No. 1 bale, strict low middling light spot, one inch; No. 2 bale, middling light spot, one inch; No. 3 strict low middling, one and one-third second of an inch; No. 4, strict low middling, light spot, one and one-third second of an inch; and No. 5, strict low middling, light spot, one inch.

Lankart 57, No. 1 bale, middling, light spot, thirty one-third seconds of an inch; No. 2, middling light spot, one and one third second of an inch; No. 3, strict low middling, one inch; No. 4, strict low middling, one and one-third second of an inch; No. 5, middling, light spot, thirty one-third seconds of an inch.

Lankart 611, No. 1 bale, middling light spot, fifteen-sixteenths of an

THEY SLEPT HERE—Lincoln, Lafayette, and Generals Grant, McClellan and Butler are among the famed guests of Quarters No. 1 at Fort Monroe, Va., home of the Continental Army Command and scene of the landing of the Jamestown settlers in 1607. The building was completed in 1819, the year work began on the Old Fort. It is still in use as the assigned quarters of a general officer.

OLD GLORY, OLD FORT—Old Point Comfort, where the Jamestown settlers first landed 350 years ago, is the site of Fort Monroe, home of the Continental Army Command. The granite walls and water-filled moat of the Old Fort, itself one of several successors to the original primitive fortification, still stand.

Standing . . .

(Cont'd. from Page 1)

state. One of the crowd arose, yawned and walked away. "Who was that?" indignantly asked the Texan. One of his listeners smiled patiently and replied, "Oh, that was Noah."

Mrs. W. R. Rogers, one of Tahoka's leading "flower growers" this year, as usual, has had a gorgeous chrysanthemum display in her yard.

What amazes me is how, in one plot of ground, she can plant enough plants and seeds to have a bed full of flowers blooming all spring, summer and fall. A lot of work goes into that little plot of ground, but believe me, there are plenty of people in town who get a great deal of pleasure as a result of Mrs. Roger's work—one of her many ways of "letting her light shine."

Now with winter approaching she has all colors of chrysanthemums that she is willing to share with friends and lovers of beautiful flowers, and asked that we pass on the word to you.

inch; No. 2, middling light spot, thirty one-third seconds of an inch; No. 3, middling, light spot, one inch; No. 4, strict low middling, fifteen-sixteenths of an inch; No. 5, middling, light spot, thirty one-third seconds of an inch.

Griffin said the only difference in the three 1957 varieties is the staple length. The grades were about the same.

With the Christmas season approaching and shoppers beginning to look, this might have happened this week in one of Tahoka's department stores.

The tired clerk had pulled down blanket after blanket until only one was left on the shelf. Then the customer remarked: "I don't really want to buy today. I was looking for a friend."

"Well, Madam," said the clerk, "I'll take down the last one if you think he's in it."—Texas Outlook

There were quite a few handsome snowmen in town last week, at least for a day or two.

Childhood is a wonderful thing. Remember when we ran over the newly fallen snow amazed at the pattern our footprints made—or rolled in the snow and never once thought of coming down with a head cold or sore throat—or made igloos of the snow, crawled in them and pretended the butter was blubber? Ah, those were the days!

That wonderful land of make-believe that poets for centuries have written about with nostalgia. It's true that someday we have to face reality, but it's still a wonderful thing to enter into that land again with a child.

Here's another one from Texas Outlook: A motorist who had just crashed into a telephone pole and brought down the wires recovered consciousness to discover himself clutching the wires.

"Thank Heaven," he exclaimed. "It's a harp."

Cure for nostalgia: A railroad sent the whistle from one of its steam locomotives as a gift to the members of the U. S. Air Force 57th Fighter Squadron stationed in Iceland.

The library of the Association of American railroads in Washington, D. C., probably the world's largest, contains 350,000 volumes.

Under the tracks of American railroads are more than a billion cross ties—enough to circle the earth with a boardwalk 50 feet wide.

At a commission hearing a farmer protested a railroad's petition to discontinue an unprofitable train service. His reason—he liked to hear the whistle blow. almost a half

The nation's railroads spent almost a half billion dollars (\$476,955,000) for fuel alone in 1956.

Applejack is cider which has been distilled to produce a beverage with higher alcoholic content.

Chutney is made from ripe fruit, spices, herbs and seasoning, pounded together and boiled.

At one time Sir Winston Churchill held a union card as a qualified bricklayer.

Mrs. McCord Explains Polio Program Being Carried Out In Local Schools

Mrs. Lillian McCord, school nurse, told of her work in the local schools, stressing the polio vaccination program, at Tahoka Rotary Club Thursday noon of last week.

She said 187 students, about 90 percent of whom are Latin-Americans, have recently received their second polio shots and the third shots will be given next April.

Most of the other students had previously received the shots under the program carried out under direction of local physicians.

A program of giving tuberculosis patch tests is now being started, and, like the polio program, parents' permission must be secured before they are given.

About 200 children have registered for TB tests. These are mostly from the first and sixth grades, since the test works best on four- and six-year-olds.

She thinks the time is coming when polio shots and TB patch tests will be required of all preschool children as they now are for smallpox.

H. B. McCord Jr. was also a speaker on the program. In giving a history of polio, he said it is

now known that the Egyptians had the disease at least 3,000 years ago.

Franklin D. Roosevelt was stricken with polio in 1921, and after he became president he organized the President's Ball in 1933 to help the Warm Springs, Ga., Foundation, which had done him so much good. From this came the March of Dimes drive in 1937 and the National Infantile Paralysis Foundation. In 1940, Sister Kennedy spotlighted the importance of exercise in treatment of the polio patient. Then, in 1953, Dr. Jonas Salk had worked out an effective vaccine, and the full scale vaccination program got underway in 1955, and a total of 190 million people have taken the vaccine, 72 million having taken two or more shots.

Some indication of the effectiveness of the program, McCord says, is shown by the fact that in 1946, there were 4,700 cases of polio, of which about 50 percent were of the paralytic type. In 1957, there were 2,200 cases, of which only 37 percent were paralytic.

He said that diphtheria and smallpox have been virtually whipped out by vaccination programs, and he sees no reason why polio may not be whipped out similarly.

The Foundation goal this year is \$44 million, or about 34 cents per capita. Over half of this fund is spent for patient care, and the rest is spent for research, medicines, medical, public information and education, and administration.

Lynn county raises just about its proportionate share, but this year has spent much more than it collected. Fifty percent of the fund is retained in the county for local cases and if more is needed the National Foundation helps out. This year, the county raised \$3,900 and spent \$5,700.

Dr. Emil Prohl, county health officer, said 900 children of the county had been given shots under the program a year or two ago, and emphasized the fact that Salk vaccine is about 85 percent effective.

Mail Early For Christmas

Postmaster W. E. (Happy) Smith said today, "Early mailing of all Christmas cards and gifts is the biggest single factor in getting all of the mail delivered before Christmas."

The Postmaster urged special care in preparing gift packages for the mails. Make sure that all addresses are legible and complete.

"If you have any articles of unusual size or bulk, better check with the Post Office before attempting to mail," the Postmaster warns. The limits on size and weight of packages varies, depending on where you mail your package.

When wrapping gifts for mailing, it is always better to use corrugated cartons, especially where there are a number of various sized objects in the shipment. Use plenty of wadding tissue or news paper for extra protection against shock, and securely wrap each package or carton in heavy paper, and then tie it with strong cord. Be sure to include an extra label with your return address and the recipients address inside the carton or package before it is wrapped.

Another good idea is to place a piece of transparent cellophane tape over the address portion of the label on your package to prevent defacing in transit, and always make sure to include the recipient's full name, street address, city, zone and state.

"Remember these rules," the Postmaster said, "Wrap securely, address correctly, and mail early."

Mrs. Geno Jones of Lubbock, homemaking teacher at Monterey High School and daughter of Mr. and Mrs. Happy Smith, underwent surgery in Methodist Hospital Friday. She is reported to be doing nicely.

News Want Ads get results.

Even if the vaccinated child takes polio, the case is much lighter and almost never leaves the child paralyzed.

C. W. Conway, county drive chairman who arranged the program, called attention to the coming March of Dimes campaign which will open on January 2, 1958.

Congratulations:

Rev. and Mrs. Clifford Harris (belatedly) on the birth of a daughter Oct. 30 in Methodist Hospital in Fort Worth. Weighing six pounds, eight ounces she was named Carol Sue. She has two big brothers, Larry and Gary. The Harris moved to Fort Worth this fall.

Mr. and Mrs. Johnny Waters of Draw on the birth of a daughter Monday, Nov. 18, in Seale Clinic in Lamesa. Melanine Ann weighed eight pounds, eight ounces. The mother is the former Miss Renell Ingle, the daughter of Mr. and Mrs. "Butch" Ingle.

MARINE RECRUITING SERGEANT TO VISIT HERE

Your Marine Corps Recruiting Sergeant will visit Tahoka and will be located at the court house on December 13 and 27th, between the hours of 10:00 a. m. and 1:00 p. m. Contact him... ask questions... learn how you may have a future career with the United States Marine Corps.

Be sure and ask him about the "No Active Duty With The Reserves". It's a plan offered only by the Marine Corps and designed just for you! Remember that you can contact him at the court house on December 13 and 27th.

Local Men On Cotton Council

Bryan, Nov. 27—Texas will be well represented at the National Cotton Council's 20th annual meeting scheduled for January 13-14 in Phoenix, Ariz. George G. Chance, Council president and Bryan cotton producer is chairman of the state unit which includes:

Producers Roy B. McQuatters, Littlefield; C. H. DeVaney, Cosham; Ginnery, Wilmer Smith, Wilson; Aubrey L. Lockett, Vernon; and Roy Forkner, Lubbock.

Warehousemen, Marris F. Underwood, Lubbock.

Crushers, Roy B. Davis, Lubbock and A. J. Mills, Stamford.

More than one thousand cotton industry leaders from 18 states will make recommendations on a program designed to increase cotton

Mary Lou Lichey On HSU Program

Miss Mary Lou Lichey of Wilson provided the special music when members of the Hardin-Simmons University Baptist Student Union conducted the regular services Sunday at the First Baptist Church at Hawley.

Speakers were Glen Jackson of Odessa and J. R. Janese of Abilene. Other students also took part in the service.

Mrs. E. E. (Pearl) Calloway of Abilene was here last weekend visiting friends and looking after her farm property.

Consumption through research and delegates will deal with special problems in lowering production costs, improving quality and increasing sales of cotton and cottonseed products.

Odds and Ends

(By K. I. The Elder)

On account of weather and the near approach of Thanksgiving Day, I am compelled to cut this column short this week, and I shall be unable to give the space to the growth of Methodism in America that the subject deserves, and I am sure that will be scrappy. Most of it will be copied material and not well arranged. I shall give you first, in brief, the work of Francis Asbury. Other Ministers, who had accepted the doctrines taught by Wesley had come to America and were proclaiming them with power and success, but the Methodist Church had not been organized as yet in America. Only

Methodist Societies existed on this side of the Atlantic. But the letters from Francis Asbury and other Ministers finally convinced John Wesley that America should have a Church of its own, separate from the Church of England. So, in September, 1784, he ordained Dr. Thomas Coke, Richard Whatcoat, and Thomas Vasey as Ministers to go to America. Dr. Coke was to be the Superintendent, or Bishop, as we would now call him. (I am quoting from a Methodist account of the beginning of the Methodist Church in America.) Bishop Coke, in other words, would be the head of the church; and these three men were to come to America and ordain other Ministers, and Asbury especially was to be made a Bishop.

In November, 1784, these three men, Coke, Whatcoat, and Vasey came over to America, landing in New York Harbor, and started south, preaching as they went. In accordance with instructions, the Methodists in America, called a Conference, to be held in Baltimore. By that time there were about 83 preachers and some 15,000 members of Methodist Societies in America. One Freeborn Garretson, one of the American preachers, was selected to call all the other preachers together. There was no such thing as a telephone then, of course, and no such thing as a public courier of any kind, so Garretson had to go on horseback to notify the preachers, and that took time. It was six weeks before he could notify all of them. It was the last day before Christmas, 1784, when the Conference met in Lovely Lane Chapel in Baltimore, hence that was called the Christmas Conference. Sixty preachers were present. It was a very crude, practically unfurnished building in

which they met. Much discomfort was evident. But one of the first acts of that conference was a vote for a new church, separate from the Church of England, and that was done. The Conference lasted until January 3, (1785), just about two weeks. In that time, they gave the new Church a name, the Methodist Episcopal Church, and they ordained Francis Asbury as a Bishop. So, now the new Methodist Episcopal Church was a "going concern." The ordination service was conducted by Dr. Coke who had just come from England to America, who was assisted in the service by Whatcoat and Vasey, who had come with him from England.

Others who were prominent in the work of the new Methodist Episcopal Church, in the religious activities leading up to it in the work after it was organized included such men as Philip Embury, Peter Cartwright, Jason Lee, and in the earlier stages, one outstanding woman, Barbara Heck. She was a cousin of Phillip Embury. She came with her husband to New York as early as 1760. Gambling was one of the sins that many immigrants to America fell into after arrival in this country, doing only lip service to the teachings of Christ. Barbara Heck unexpectedly found herself in a supposedly respectable place but which she soon detected as a regular gamblers' den. It made her so angry that she swept the cards into her apron and threw them into the fire, modern Carry-Nation style. In her wrath she went to her cousin Philip Embury and told him to turn preacher.

Perhaps Bishop Francis Asbury, the first Bishop of the Methodist Episcopal Church, did more for the promotion of the new Church in America than any other one person. Here is a paragraph from a book entitled "The Story and Work of the Methodist Church," describing a typical year's journey some six years after his Ordination as America's first Bishop of the new Methodist Episcopal Church. I quote:

"Starting from New York in the early part of September, 1791, he went to Philadelphia, Wilmington, Baltimore, Alexandria, Petersburg, and Norfolk, Virginia; Raleigh, North Carolina and Charleston, South Carolina; to Washington in Georgia. Returning through South Carolina, he entered North Carolina; passed on to the western counties; crossed the Mountains to the Holston River in Tennessee; plunged into the Kentucky wilderness as far as Lexington; returned to the Holston; passed up on the west side of Alleghenies, over the most mountainous region, through the whole breadth of Virginia to Uniontown in Pennsylvania; crossed the Alleghenies by Laurel Hill and Cumberland to Baltimore; went on to New York; proceeded directly through Connecticut and Massachusetts to Lynn; passed west across the Valley of the Connecticut by Northampton, and over the Berkshire Hills by Pittsfield to Albany, and then down the valley to the Hudson to New York, where he arrived on the 29th day of August, 1792. He made this entire journey on horseback, rounding up the Methodists, and thus became known as "The man on horseback." He also became known as the Father of American Methodism, having preached more than 16,000 sermons, according to the sketch of his life and work contained in the World Book Encyclopedia. A remarkable man was Bishop Francis Asbury.

Thoughts For Consideration . . .

By Leroy Cowan
David said, "the steps of a good man, are ordered by the Lord." Ps. 37:23. We have this suggested to us time and again by experience and observation. Sometimes wicked people seem to prosper while the righteous are afflicted. This is perplexing to some people. Some are so affected that their faith is shaken. Many think that if a man's steps are ordered by the Lord that he must be prosperous. Probably our ideas of prosperity are in error. We may think that an individual is prospering when he is not. Again we might think that another is in poverty when he is much more prosperous than we imagine. Making a lot of money is not always prosperity—it depends on what a man does with it. If he uses his money in a way that injures him, he is not prospering. There are worse things than poverty and there are better things than wealth.

The man whose steps are ordered by the Lord studies to know what the will of the Lord is. He is not directed by his own will but by the will of God. It is writ-

Letters From News Readers—

A MESSAGE TO THE AMERICAN PEOPLE
It's time for us to realize what agriculture and livestock means to us. If our production fails, then we will suffer. So do your duty and support these two branches in every way.
We have always had plenty of food and the necessities of our lives. So if this condition were reversed, we would then realize how hard it would be on us.
These things are a reminder of what could happen in the future. Our cotton industry needs your help to survive at this time. So you think of it and use more cotton every day. Nothing takes the place of it for its usage.
Julius Jaffee, Dallas, Texas.
En. "It is not in man that walketh to direct his steps." In religion we should carefully take all the steps that are ordered by the Lord. Enoch and Noah walked with God. It is our duty to do the same thing.

You'll discover . . . just as the whole world discovered . . . that Ford's dramatic new features for '58 make it the most exciting value ever offered the American car buyer. It's the fine car at half the fine-car price!

You'll ride in a new world of fashion with Ford's deep-sculptured styling. From new Honeycombed grille and Power-Flow hood to the new Slipstream roof and Sculptured rear deck, Ford's '58 styling is a standout!

You'll be ahead with Ford's all-new Interceptor V-8 with Precision Fuel Induction. Gives up to 300 hp. Smoother power . . . more power . . . from less gas! The secret is Precision Fuel Induction, a great new fuel feeding system!

You'll get gas savings up to 15% with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D1 position lets you move smoothly, automatically from solid-feeling take-offs right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with optional Ford-Aire Suspension. This is the way you've always dreamed of driving—floating on air! Four air pillows soak up bumps. Car levels when someone gets in or baggage is loaded. All this is yours at low Ford prices!

You'll steer with a feather touch with new Magic-Circle steering. Nothing rolls like a ball and that's the secret of Ford's steering ease. Free-moving steel balls bring you the closest thing yet to power steering!

Your night driving is safer with Ford's Safety-Twin headlights and taillights. It's the biggest advance since sealed-beam headlights! And only Ford can offer you Lifeguard Design and other "Inner Ford" safety features!

Nothing newer in the world **58 FORD** Proved and approved around the world

Lynn County Soil Conservation District News
 ROY L. WILLIAMS ELLIS BARNES
 O. E. TERRY W. L. (Cap) ROWE
 ELMER BLANKENSHIP

Some farmers have submitted requests for Arizona Cypress seedlings through the Soil Conservation District Board of Supervisors. As mentioned last week requests are submitted early and seedlings will be received at the Lubbock nurseries next April, or near that time. After seedlings are received at nurseries next spring, these farmers with requests will be notified by the board of supervisors.

There have been some inquiries as how to estimate the number of tree windbreak seedlings that will be needed. As good spacing is eight feet apart in the single row. If double row plantings are planned, double the amount and offset the plantings. In some locations around farmsteads where irrigation water is limited runoff rain water is diverted to the windbreak plantings. Cotton burrs spread around planted seedlings will help to keep down weeds and reduce surface evaporation.

Many farmers order some extra seedlings and bed them in a well protected place to have for replacement if there is any death

loss of those planted in the wind break area.

Soil Conservation Service personnel of this district are working out additional details of the Great Plains Conservation Program and contracts should be ready for signing before many weeks. Several farmers and ranchers in the Lynn District have indicated an interest in applying soil and water conservation practices on this land through this program.

Durwood Hancock made application on a farm that he is working north of Lakeview, for a conservation plan. This place has some irrigation and additional wells are to be drilled. Plans are to install underground pipe to conserve water. Summer legumes are to be used for soil improvement.

A soil and water conservation plan was also worked out with Clayton Beard on the place that he is working west of Redwine. Clayton plans to terrace in the near future with broad base terraces that will have end closures to hold a maximum of rain water. Much of this farm is gently sloping and terraces will distribute water over large areas. Summer legumes such as peas, mung beans or Sesbania are to be used for improving the condition of the soil. Aerial photographs of this farm will be inducted in the complete docket that will show the soils and capability units and a plane photo of the farm showing fields with acreage.

E. L. Brosch in the Southland community has grazed blue panic for several years in a field where sweet sudan was planted each year. He reports that cattle more frequently prefer blue panic grass over the sweet sudan.

In the November 17th issue of the Lubbock Avalanche Journal a classified ad was placed reading: "Quail hunting lease. 3000 acres of shinnery pasture and farm. good Bob White range. 5 year lease. 40¢ per acre per year."

There are areas in Lynn county with a small amount of planning for quail that would be another source of income for farmers and anchors. The Soil Conservation Service and the Texas Game and Fish Department can offer assistance in this type of program. The Conservation Reserve acres of the Soil Bank program make ideal conditions for furnishing food and cover nesting in raising of quail.

Mr. and Mrs. Charlie Curry of Lubbock visited here Sunday visiting with his mother and sister, Mrs. Borden Davis.

Minister Roger Turner of New Home preached at Gordon Church of Christ Sunday and Lendell Grigsby preached for the New Home Church.

Miss Harriet Bean and five other members of the Deputation Team at McMurry came by to see her parents, the Rev. and Mrs. S. M. Bean and Hazel on their way to Idalou where they put on a program Saturday night and Sunday, in the Methodist Church.

Rev. Lusby Kirk reports he had 45 in Sunday School at the Baptist Church Sunday, regardless of the snow.

Mr. and Mrs. Noble Wynn attended church in Lubbock Sunday at Broadway Church of Christ and were afternoon guests of her both her and family, the T. O. Smiths and his sister, Mrs. Carrie Long.

Mrs. H. V. Wheeler and Miss Louise Davidson were in Lubbock last Wednesday to attend an officers training school in Overton Methodist Church.

Last Monday evening, the Rev. and Mrs. Bean and Hazel, Mr. and Mrs. Horace Wheeler attended a Workshop Evangelical meeting in Idalou Methodist Church.

Mrs. Otho Quizenberry returned last week from Fort Worth where she had attended a State Convention for the Baptist Book Stores, While in Fort Worth, Mrs. Quizenberry visited her brother and family, the J. B. Robersons in Irving. Authur McCall of Big Spring is visiting his cousins, Miss Dollie and Monroe Shelton this week.

Miss Mattie Dabbs is able to be at home from the hospital this week, and Sunday's visitors in the H. D. Hallman home were a

6,000 4-H Boys In Tractor Program

College Station—Last year more than 6,000 4-H club boys participated in the Texas 4-H Club Tractor Program and plans have been perfected, said W. L. Ulich, extension agricultural engineer, to increase this enrollment. A series of district training meetings for the adult leaders who will guide the 4-H members in their local clubs will launch the 1958 program.

The first of the training meetings will be held in late November and others will continue through March. Ulich said the adult leaders would receive training in such fields as tractor safety, proper maintenance, cooling, ignition and fuel systems of the farm tractor, and the importance of oils and greases in tractor maintenance. The specialist emphasized that the Tractor Program is one of "Care and Not Repair." Numerous surveys, he said, have shown that much of the money expended for tractor repairs could have been saved had the tractor operator properly maintained his power unit.

The Program is sponsored in Texas Humble Oil and Refining Company in cooperation with the Texas Agricultural Extension Service and the National Committee on Boys and Girls Club Work, Inc. of Chicago. Awards include gold-filled medals for four-county winners; an all-expense trip to National 4-H Club Congress, Chicago, for the state winner and 12 college scholarships for as many national winners.

Ulich said the prime objectives of the program are to provide increasing opportunities for 4-H club members to learn to operate and care for tractors skillfully, safely and economically; to promote the efficient use of farm tractors and other farm machinery; to share new knowledge with other 4-H members and tractor owners and aid in the overall development of the 4-H member in leadership and citizenship.

The leaders who are trained in the district schools, pointed out Ulich, will return to their local communities and become the leaders for their local tractor club. Last year more than 400 local leaders in 204 counties were active in the program.

Mr. and Mrs. Jack Ham and children of Big Lake returned home Saturday after a 10 day visit with her parents, Mr. and Mrs. Tom Sims.

Miss Dolly Shelton spent a few days last week with her sister, Mrs. Martha Mock in Slaton, who is ill.
