Christmas Angels

The angel said unto her, The Holy Ghost shall come upon thee, and the power of the Highest shall overshadow thee—that holy thing which shall be born of thee shall be called the son of God.—Luke 1:35.

I am the Christmas Spirit!

I enter the home of poverty, causing pale-faced children to open their eyes wide in pleased wonder.

I cause the miser's clutched hand to relax, and thus paint a bright spot on his soul.

I cause the aged to renew their youth and to laugh in the old, glad way.

I keep romance alive in the heart of childhood, and brighten sleep with dreams woven of magic.

I cause eager feet to climb dark stairways with filled baskets, leaving behind hearts amazed at the goodness of the world.

I cause the prodigal to pause a moment on his wild, wasteful way, and send in anxious love some little token that releases glad tears—tears which wash away the hard lines of sorrow.

I enter dark prison cells, reminding scarred manhood of what might have been, and pointing forward to good days to come.

I come softly into the still white home of pain, and lips that are too weak to speak just tremble in silent, eloquent gratitude.

In a thousand ways I cause the weary world to look up into the face of God, and for a little moment forget the things that are small and wretched.

I am the Christmas Spirit!

—Cheer

Sometime between now and Christmas we plan to have a special treat for you. At least we think it's special. There is an author in our midst and we have recently uncovered that fact.

—Rev. J. B. Thompson has not had anything published, he has a short Christmas story that we hope to print in this column in the Christmas edition. Don't miss it.

Well, everyone is in the wonderful hustle and bustle that precedes the most glorious religious holiday of the year, and among the goings on are many Christmas programs being planned, both at school and at the churches. One that you probably won't hear much about, but that has been planned as well as any of them is (Cont'd. on Back Page)

Church Choirs Giving Cantata

This Sunday night at 7:00 p. m. in the First Methodist Church the combined choirs of the host church, First Baptist Church and Church of the Nazarene will present the Christmas cantata "Star of the Silent Night," by Nolte.

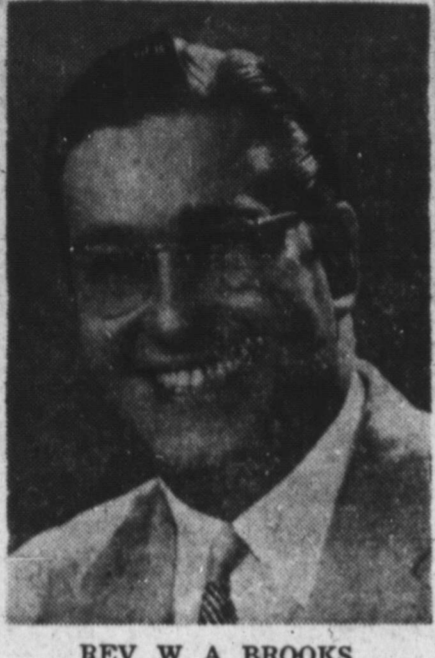

Mrs. E. W. Patterson, director of music at the First Methodist Church, is directing the 45 voice choir which will feature several soloists including, Misses Marilyn Carmack, Carol Smith, and Linda Jones, Mrs. Patterson, Mrs. Dub Kenley, and "Spec" Brian, educational director of the First Baptist Church.

Each year the churches present a joint-Christmas service alternating between the churches as to the location and the choir directors taking turns in conducting the musical presentations.

All members of the churches, as well as any others, are urged to attend, and regular church services of the participating ones will be dismissed.

This year in the absence of Mrs. Sam Reid, Mrs. Harold Green will be the organist. Pianist is Mrs. Clay Bennett.

Guy Witt entered Tahoka Hospital Monday as a medical patient.

REV. W. A. BROOKS

New Pastor Will Preach Sunday

Rev. W. A. (Bill) Brooks will preach his first sermon as the new pastor of the First Baptist Church of Tahoka next Sunday. He and his family were moving from Hughes Springs into the parsonage here on Thursday.

The new pastor's family consists of his wife, Juanita; one daughter, Patti, age 14; and one son, Raymond, age seven.

Rev. Brooks was reared in Dallas, received a B. A. degree from Austin College in Sherman and B. D. and Masters degrees from Southwestern Theological Seminary in Fort Worth. He served as pastor in Sherman for five years, then was pastor at Victoria before going to Hughes Springs, where he has served four years.

He was in the Seventh Infantry Division during World War II. "During his pastorate," the Hughes Springs paper says, "the church has erected one of the most beautiful auditoriums and educational buildings in East Texas. There have been many improvements in the educational plant under the leadership of Bro. Brooks. He has cooperated in a wonderful way with all churches of our town and has worked with the school system in a cooperative spirit."

Rash of Fires Break Out Here

A rash of fires broke out in Lynn County Monday and Tuesday with a total loss of about 24 bales of cotton.

A cotton trailer belonging to the McNabb Gin Co. near Lakeview caught fire Monday afternoon near the roadside park north of Tahoka and 17 bales were destroyed. The trailer, however, was carrying 22 bales.

At the time of the fire, the local fire department was at the Glenn Ross Evans home where grass had caught fire near the house.

Tuesday morning three trailers of unginned cotton, estimated at about seven bales, were destroyed by fire at the Linn Gin Co. at the T-Bar community. No damage was done to the gin itself.

Tuesday afternoon the fire department was called to Farmers Co-op Association No. 1 where burs to be used for fertilizer had caught fire from the burr pit.

Sign-Up To Begin Monday For New Farm Practices

Next Monday is the first day for farmers to sign up for assistance on practices under the Agricultural Conservation Program, according to Dee Green of the ASC office and Allyn Cox of the Soil Conservation Service.

Lynn county will potentially have \$93,000.00 available to farmers who carry out approved practices.

Approved practices include terracing and diversion terraces, land leveling, deep breaking, underground pipe, chiseling, brush control by root plowing, and grass planting.

Have news? Phone 35.

\$1200 Prizes Offered Thursday Eve Visitors

Lynn county citizens were making their first of two Thursday afternoon and night visits as The News went to press to about 70 Tahoka business institutions to register for \$1,200 in prizes which will be given away Saturday, December 21, at 3:00 p. m. at a drawing on the court house square.

These 70 businesses will be open again next Thursday night until 9:00 o'clock to accept registrations for the 70 prizes and to greet visitors. This year registration may be made any time from 2:00 p. m. until 9:00 on Thursday only.

A complete list of these business institutions and the prizes they are offering absolutely free to registrants appears on a page advertisement in the second section of this newspaper.

Visitors are invited to register at each and every store. They are reminded that not all the stores are down town, and each person 15 years of age and older may register at

all of them, or at as many as he can. A person registering at all will have a chance at 70 prizes worth more than \$1,200. If he registers each of the two Thursdays, he will have two chances at each prize.

This Christmas' visiting party, sponsored by Tahoka Chamber of Commerce, is designed to acquaint more people with the personnel of the stores and the goods and services they have to offer.

The merchants frankly admit the Christmas Party and Thursday afternoon and night registrations is a bid for the good-will and business of the people of the county. Tahoka merchants have a large and varied stock of merchandise to meet most needs. They pay taxes and make donations to support the county, highways, city, and schools, and help our churches and other institutions that go to make this a desirable place to live. All they ask is that citizens give them the business that they can.

Christmas Pageant By School Choir Will Be Presented Here Tonight

The North Elementary School will present its annual Christmas pageant tonight at 8:00 p. m. in the high school auditorium.

Always rated as one of the outstanding events of the year in Tahoka, this year the theme will revolve around outstanding Christmas scenes during the past. Mrs. Harold Green is directing the performance, and students from all classes, fourth through seventh, will participate, as well as the grade school choir.

Beginning in 1957, the students will portray "Main Street Home Town, U. S. A." and will present a medley of Christmas songs.

Christmas 1944 will depict conditions during World War II while "White Christmas" is sung; Christmas 1924 with Winter Wonderland scenes; Christmas 1868, Christmas cards; Christmas 1865, "O Little Town of Bethlehem"; Christmas 1850, An American Carol; Christmas 1818, "Silent Night"; Christmas 1739, "Hark! The Herald Angels Sing!"; Christmas 1500, the French custom; Christmas 1223, The First Nativity tableau; and Christmas Every Year, "O Come All Ye Faithful."

No admission will be charged and everyone is invited to attend.

MRS. WYATT HAS OPERATION

Mrs. N. L. Wyatt underwent major surgery Wednesday of last week in a Houston hospital, according to her sister-in-law, Mrs. Louise Wyatt, but is doing nicely and has been able to be up a little. Although it is not known when she will be able to come home, hopes are that she may be home by Christmas.

Negro Cuts Throat Of Another After Argument Over 50c

Twenty-five stitches were required to close the wound in the throat of Jesse Lawson, local Negro, following an altercation in a cafe "on the hill" Sunday night.

Lawson was reported able to go back to work Monday. Elward Elder, also a Negro, was charged by city police with drunken disturbance and fined \$50.00 in City Court. The cutting is reported to have resulted following an argument between the two over 50 cents.

The arrest was made by City Policeman Jack Seals.

Assistance Is Given Needy Children

The Methodist Men's Downtown Bible Class has contributed to a fund to purchase shoes and winter clothing for some underprivileged children during the Christmas holidays.

A recent contribution by two ladies' organizations purchased coats and jackets for five school children. The men's donation will buy shoes for approximately 10 children in school.

A mattress recently given to the Welfare Center by Rev. G. W. Heinemeier of St. Paul's Lutheran Church in Wilson, was placed in the home of a widow with six small children.

Claude Donaldson is a medical patient in Tahoka Hospital where he was admitted Tuesday.

I. M. Draper Is Buried Saturday

I. M. Draper, 82, a prominent Lynn county farmer for 40 years, died Thursday, Dec. 5, at 10:50 p. m. in Phillips-Dupre Hospital, Levelland, following an illness of several weeks.

Funeral services were held Saturday at 3:00 p. m. in Tahoka Church of Christ with the minister, Leroy Cowan, and a former minister, Doyle Kelcy of Andrews, officiating. Burial under direction of Stanley Funeral Home followed in Tahoka Cemetery.

Isaac Melton Draper was born at Florence, Williamson county, on January 15, 1875. He was married there on January 15, 1900, to Miss Eunice Mable McCaskill.

The couple moved to Lynn county in 1917, and resided in the Midway community until he retired from farming several years ago and moved to a place he had bought at the southern outskirts of Tahoka. Mrs. Draper passed away on November 11 last year.

Mr. Draper was a solid citizen, a hard worker, and thrifty. He acquired considerable property, but had given most of it to his children before his death. Throughout his life, he read much, took an active part in affairs of his community and his county, was a leader in his church, and his opinions on almost any subject were highly respected by all his acquaintances. He was a member of the Masonic Lodge.

As a farmer, Mr. Draper utilized most of the modern techniques, and ever carried out a diversified program with emphasis on livestock. He raised cattle, hogs, and sheep of the best stock. In fact, he had registered Herefords, Shorthorns, Chester Whites, and Rambouillets.

Survivors include four sons, Howard and Buel of Tahoka, Robert of Seagraves, and Tom of Hereford; five daughters, Mrs. Grace Dupre of Levelland; Mrs. Montie McGinty of Abilene; Mrs. Mable McGinty of Kermit and Tahoka; Mrs. Claudia Palmer of Vernon; Mrs. Marion Flippin of Tahoka; 23 grandchildren and four great grandchildren.

Club Calves Are Shown Saturday

4-H and FFA club boys of Lynn county displayed their calves which will be entered in the annual Junior Livestock Show in March last Saturday at the local fair barns.

The meet was for the purpose of getting practice and instruction in grooming and showing calves.

A showmanship contest, sponsored by Dale Thuren, held in connection with the showing was won by Denver Ford, local 4-H club member. Phillip Havins, Tahoka FFA club member, placed second; and Hilton Wood, 4-H, was third. Receiving honorable mention were Vernon Redwine and Billy Davis, both of Tahoka.

About 14 calves were shown. Sam Reid, who suffered a heart attack recently, is still in Tahoka Hospital where his condition remains about the same.

County Committee Will Study Schools

CAROL SMITH

DeMolays Honor Miss Carol Smith

Carol Smith, daughter of Mr. and Mrs. Truett Smith, was announced the sweetheart of the Tahoka DeMolay chapter at a dinner party held recently at the Spur restaurant in Lubbock.

Duchesses are Linda Jones and Susan Thomas. All three will be presented at the annual Christmas ball to be held in Lamesa Dec. 20.

Miss Smith will represent the local chapter at the state annual convocation in August and will compete against other chapter sweethearts for the state sweetheart honor.

John King Is Murder Victim

John B. King, former Tahoka resident, was killed at his farm home near Smyer Wednesday, Dec. 4, at about 8:00 p. m. by an unknown assailant who fired several gunshot blasts into his shoulder, arm, wrist and head.

No arrests have been made by the Hockley County Sheriff Weir Clem. The man entered the King home wearing an orange colored Halloween mask, demanded King's whereabouts, went into his bedroom and killed him.

At home at the time of the tragedy were King's wife and a 14 year old relative, who was ordered into the bedroom by the intruder.

Several suspects have been questioned and officers are searching for stores which have recently sold an orange mask with dark eyebrows depicting a human face. King lived in Tahoka for many years working at various occupations and was well known by many local citizens.

Funeral services were held Saturday in the Church of Christ in Smyer. Burial followed in Tech Memorial Park in Lubbock.

Survivors include his wife, one son, J. W. King of Sudan; four brothers, Burt of Welch, Ben of Lamesa, Raymond of Amarillo and Rule of Robstown; and one sister, Mrs. Maud McCormick of Kingsville.

Turkey Shoot Here Next Week

T-Bar Country Club will hold another Turkey Shoot Friday and Saturday, December 20 and 21, beginning at 10:00 a. m. each day. The shoot is open to everyone, and contests will be arranged for both beginners and experts.

Low velocity shells only will be used, and shooters may bring their own guns or use guns available at the range. Ammunition will also be available at the range.

Barbecued hamburgers and free coffee will be available. The club has recently installed permanent shooting and trap equipment, and a concessions stand will be built before this shoot.

Organizational plans were laid by about 25 members of the Lynn county committee for the Halo-Aikin "grass-roots" study of school systems and problems existing today at a meeting held in Tahoka recently.

Mrs. Ruth Jolly, county superintendent, is chairman of the county committee and elected to aid her are Weldon Skinner of O'Donnell, vice chairman and Mrs. Billy Hancock of New Home, secretary.

The four-point study will be broken down as follows: school building construction, school program which includes curriculum, recruitment and qualifications of teachers, and financing the school program.

The county group decided that the four points will first be studied by committees representing each local school at meetings to be called by each independent district's superintendent. Then, on Feb. 3, the entire county committee will come together, divide into four groups with each to study a separate phase of the four-point program. In this way it is hoped that adequate knowledge of the local programs will be available and may accurately be poured into the melting pot with the other school districts of the county.

A report to the state committee will be made by May 1 so that a report will be ready for the legislature next fall.

School districts in Lynn county include Tahoka, O'Donnell, Wilson and New Home. Each district will choose its own chairman at the first local meeting.

All districts appointed an eight-person committee with the exception of O'Donnell who has 10 members. In addition the county school board appointed four persons to serve either on local committees or on any one of their choosings.

Tahoka's committee consists of Mrs. Clint Walker, Mrs. Truett Smith, Mrs. Elmer Owens, Mrs. Jake Jacobs, H. B. McCord Jr., M. J. Huffaker, A. M. Bray and Otis Spears.

On O'Donnell's committee are Mrs. Julian Pirtle, Mrs. Ruth Bates, Mrs. C. R. Burleson, Mrs. C. A. Lacey, D. B. McMillian, Ralph Beach, Homer Hardburger, Bill Snellgrove, J. W. Gardenhire, and Weldon Skinner.

Wilson's committee is composed (Cont'd. on Back Page)

New Seal Coat For Some Paving

The Texas Highway Department will spend \$7,800.00 for improvements on highways in Lynn county during 1958, D. C. Greer, State Highway Engineer, has announced. This is in addition to the regular construction and maintenance program.

The State Highway Commission has approved this appropriation to improve already existing highways in this county, and there will be little or no additional right of way requirements, Greer said. At the December meeting of the Highway Commission, \$20 million was allotted to 144 Texas counties for road improvements during 1958.

The \$20 million is being spent for shoulder widening, seal coat jobs, additional surfacing, and for widening of structures and highways in these counties.

"We should have this program moving by spring," Greer said. We believe the money will go a long way toward bringing these highways up to date."

Projects for the county are: US 87, from FM 400 (Wilson road) south 1.3 miles, new seal coat at an estimated cost of \$1,400. US 380, from 1.0 miles east of FM 1054 (Draw road) 5.5 miles east to the Garza county line, new sealcoat at an estimated cost of \$6,400.00.

Photo by Roger Parker
Large picnic facilities are built in Palmetto State Park for the convenience of nature students, scientific societies and other large groups who visit this unusual semi-tropic botanical area near Ottine. Palmetto State Park's astonishing vegetation includes native orchids and other exotic plants far from their usual locations. The park takes its name from an abundance of dwarf palmettos that ordinarily would be seen in Florida. Sphagnum bogs, mud bolls and an astonishing number of rare birds and butterflies attract people to this park, off U. S. Highway 183 about midway between Gonzales and Luling.

Society & Club (Continued)

Duplicate Winners At T-Bar Club

In the third game of the guest series at T-Bar Country Club duplicate bridge Tuesday night five couples placed.

First place winners were Mrs. A. N. Norman Jr. and Mrs. Larry Hagood; second, Mrs. Meldon Lee and C. D. Morrel of Post; third, Mrs. Jess Gurley and L. C. Hane; fourth, Mrs. R. C. Roberts and Mrs. Johnny Wells; and fifth, Mrs. J. T. Whorton and Mrs. Harley Henderson.

Next Tuesday night, Dec. 17, will be the last game of the guest series and will also be the last meeting of the group before the Christmas holidays.

Harvicks Attend Lamesa Party

Several members of the Harvick family in Tahoka attended a housewarming last Sunday afternoon for their cousin, his wife and daughter, Mr. and Mrs. Elbert Harvick and Tonja, in Lamesa.

Harvick is a polio victim and must stay in an iron lung. Their new home is built so that he may travel throughout the house and yard and is equipped with all sorts of gadgets for his convenience.

Over 100 friends attended the event presenting the family many nice gifts and house furnishings.

Harvick, who is 36 years old, has been in an iron lung five and one-half years.

Senior 4-H Girls Select Officers

The Tahoka senior 4-H Club for girls elected officers at its recent meeting Dec. 5.

Chosen president was Linda Thomas; vice president, Carolyn Howard; secretary, Peggy Bradshaw; reporter, Sue Jones; and song leader, Gailyn McMillan.

Christmas Party Is Given Nurses

Nurses and other ladies employed at Tahoka Hospital were guests in the home of Mrs. Lawrence Harvick Thursday night of this week.

Refreshments were served and gifts exchanged. The ladies spent the remainder of the evening in enjoyable entertainment.

WEST TEXAS A CAPPELLA

The A Cappella Choir of West Texas State College, under the direction of Dr. Houston Bright, presented an hour's program at the Tahoka High School auditorium Tuesday morning.

Featured on the program were a girls' trio, "The Star Lighters," and a boys' quartet, "The Hi-Fi's."

The choir, including Tahoka ex-student Marilyn Calloway, sang several numbers composed by the director.

Late Mail Rush Expected Here

"The time has passed to talk about mailing early for Christmas," Postmaster Happy Smith said yesterday, but he added that "our local patrons still can help us avoid a last-minute pile-up of Christmas mail by sending the rest of their packages and cards now."

The Postmaster said the mail volume this year, no doubt, will break last year's all-time Christmas record. He expects to keep local mailing moving without serious difficulty, but explained that many large transportation terminals will be swamped with mail that will exceed their physical capacity in the last days before Christmas.

To avoid any such congestion, he urged that all out-of-town mail be placed in the post office this week and so that it will be assured of delivery next week—the last week before Christmas. He recommended three-cent stamps for Christmas cards and air mail postage to those going to distant places.

In order to meet local service needs, Postmaster Smith said the stamp and parcel post windows would stay open as late as practicable. "However," he added, "I hope that continued cooperation of local people will make it unnecessary for our employees to ob-

serve these late hours. The cooperation so far has been excellent, and I believe that when the rush is over our community will have done its part to prevent mail-handling problems that usually plague the Postal Service at Christmastime."

Mrs. Jack Manning, the former Deanie Edwards of Tahoka, underwent major surgery in Methodist Hospital, Houston, Tuesday of last week. Mr. and Mrs. E. R. Edwards her parents, were at her bedside. Mr. Edwards returned home Sunday, but Mrs. Edwards will remain with her an indefinite period of time.

HOME FROM ARMY

Ronnie Moerbe, son of Mr. and Mrs. Howard Moerbe of Wilson, returned home Saturday night from Fort Chaffee, Ark., with his discharge from the Army. Next semester, he hopes to enter Texas Tech to major in Agricultural Engineering.

Mr. and Mrs. H. A. Coleman of New Albany, Miss. were here last week visiting Mr. and Mrs. D. J. Pennington while Mr. Pennington was a medical patient in Tahoka Hospital for three days and Mrs. Pennington was ill at home. The Colemans left for home on Tuesday.

KAY MOORE HERE

Mr. and Mrs. Kay K. Moore of Durango, Colorado, were here last week end for the golden wedding anniversary of his parents, Mr. and Mrs. L. H. Moore of New Home. Kay has recently bought some valuable acreage at the outskirts of Durango.

Mrs. F. E. Weatherby of New Home was transferred from Tahoka Hospital Monday to Lubbock where she is under the care of a specialist.

Albert Curry was an overnight patient in Tahoka Hospital Thursday with a back injury.

ATMOSPHERIC CHECKS—Accuracy of artillery fire is dependent upon many things, including the weather. These soldiers of the 25th Infantry Division in Hawaii are preparing to track winds and high altitude temperatures before the big guns are fired. Sometimes these data-seeking balloons are mistaken for "flying saucers."

New Home Places In Area Contests

New Home Vocational Agriculture boys placed in two contests at the Area II Future Farmers of America meeting in Big Spring Saturday, taking second in the quiz contest and third in the junior chapter conducting contest.

In junior chapter conducting, Foscoe was first, Hamlin second, and New Home third. Members of the New Home team are: Larry Brown, president; David Crooks, vice president; Ronald Wyatt, secretary; David Cagle, treasurer; Lonnie Roper, reporter; and Russell Balch, sentinel.

In the quiz, a team from Robert Lee finished ahead of New Home. Members of the New Home team are: Juan Rodriguez, Dudley Sharp, Lee Finch, and Ronnie Harston. Rodriguez was the second high individual with a score of 96.5 percent as compared with the top boy who had 97.5.

Benny Pryor, Vocational Agriculture teacher, coached the boys. V. P. Carter, head of the Tahoka Vocational Agriculture department, was judge of the junior chapter conducting contest.

BEAUTY SHOP

Mrs. Minnie Conwill has built a new beauty shop onto her house, the News is informed. The old beauty shop and tourist cabins have been moved from her property on the O'Donnell highway about three blocks south of the court house square.

HAS NEW HOME

Billy Ed Ware, pharmacist at Wynne Collier's, has a new three bedroom home located on the lots just west of the C. W. Conway home on North Fourth, west of the high school.

The Andes Mountains extended in an unbroken chain through South America for 4,000 miles.

FESTIVE FRUIT CAKE

1 cup shredded coconut
1 cup sliced citron
1 cup sulfon raisins
1 cup chopped candied pineapple
1 cup sliced candied cherries
1/2 cup fruit syrup

2 cups blanched chopped almonds
3 cups sifted flour
1 tsp. baking powder
1 cup shortening
2 cups sugar
1 Tbs. vanilla
8 egg whites

Combine first 6 ingredients with 1 cup flour, sift remaining flour with baking powder. Cream shortening, sugar, vanilla until fluffy. Add sifted dry ingredients, fruit syrup alternately in small amounts, beating well after each addition. Add fruit mixture; beat egg whites until stiff and add to batter. Pour into greased pans lined with heavy greased paper and bake in slow oven (275 degrees) about 4 hours. Makes 5 lbs.

Tahoka Boys Take First Place In Tournament Held At McAdoo

The Tahoka Bulldogs brought home the first place trophy from the McAdoo tournament Saturday night after defeating the host team 63 to 49 in the finals, while the girls lost to Paducah for third place 47 to 36.

Named on the boys' all-tournament team were Jay Gurley and Jerry Brown, while Guard Barbara Jones and Forward Jan Thomas were on the girls' all-tournament team. Jan Thomas averaged 22 points per game in the three-game week end.

In the finals, Tahoka took an early lead over McAdoo with the first quarter ending 11 to 6. The

Bulldogs widened the margin to 33 to 21 at halftime. Both Gurley and Brown sunk 21 points for scoring honors while McAdoo's Teague made 20.

Tahoka downed Paducah in the first game played on Thursday night 50 to 29 again leading all the way with Jerry Adams leading Tahoka's scorers with 18 points. Brooks made 10 for Paducah. In the semi-finals on Friday night Tahoka overcame Slaton 47 to 39 with Brown making 15 points and Adams scoring 13. Slaton's Hogue sunk 12.

The Tahoka girls played Paducah a close game until the

Bulldogs Playing In Abernathy Tourney

The Abernathy tournament is on the schedule for the Tahoka Bulldogs tonight and tomorrow, with the locals pitted against strong Avoca at 7:30 p. m. tonight.

A 10-team tournament, the local boys will appear in a bracket with the above named opponent, Whiteface, Bula and Dimmitt. The other bracket consists of Kress, Abernathy, Cotton Center, Friendship and Olton.

If the Bulldogs win tonight they will play Saturday afternoon in the semi-finals. If they lose they will play Saturday morning in the consolation semi-finals. The bracket winner will meet Saturday night for the first place championship.

These are possibly among the strongest teams in this section of the country with the most ferocious ball clubs coming from small communities as Avoca, Bula, Cotton Center, etc., all well known in school boy basketball.

Tonight as the News was going to press Flower Grove boys' and girls were coming here for games to be returned on Dec. 31. Tuesday night the Bulldogs come up against Seminole A and B teams, in games here. These are the last scheduled games until after the Christmas holidays.

Doug Renfro, who is employed by Brooks Trucking Co., was in Tahoka Hospital this week after breaking his toe Wednesday while repairing a truck.

An amoeba eats by slowly enfolding the food in its body.

A fathom, used principally as a marine measure, is six feet.

fourth quarter for third place. Paducah led 10 to 7 at the end of the first quarter, 24 to 22 at the half, and the ball game was tied 31 to 31 at the end of the third before Paducah pulled away to win 47 to 38. Thomas scored 16 for Tahoka and teammate Patsy Norman made 15. Riddle made 21 for the winners.

The local girls won over Ralls 38 to 26 in the first game of the tournament leading all the way. Thomas made 24 points while Ralls' Evans made 18. In Friday's night's second game, however, Slaton won over Tahoka 51 to 38, but not without Thomas again receiving scoring honors, this time with 26 points. Schilling made 22 for the winners.

O'Donnell Drops Tahoka Again

O'Donnell's jinx over Tahoka is still holding out with the Eagles winning their second game, over the Bulldog basketball quintet here Tuesday night 54 to 49. However, the local girls took their second victory over O'Donnell 39 to 30.

In "B" games played here Monday night against the Eagles, Tahoka girls won by a close 26 to 25 score, while the boys lost 34 to 29.

Varsity boys took a first quarter lead over the Eagles 11 to 7, but were overcome 29 to 24 at halftime. The Bulldogs were unable to catch up with the third ending 44 to 33. White sank 20 points and Bessire 11 for the Eagles, while Marlin Hawthorne took scoring honors for Tahoka with 17 and Karl Prohl sank 14. Hawthorne and Prohl's performances made at least five of the Bulldogs making high points in a single game for Tahoka.

Jan Thomas scored 20 points, Patsy Norman 6, Carol Smith 6, and Sandra McNeely 7 when the girls downed O'Donnell. They took an early lead in the game and the score stood at 17 to 7 at half time. Guards played a good defensive game.

Hearing Aid Expert Due In Tahoka

Mr. Walter Bills, well known Sonotone hearing aid authority, will be at:

THE KELTNER HOTEL, TAHOKA
TUESDAY, DEC. 17th
1:30 P. M. to 2:30 P. M.

You are invited to consult Mr. Bills, free of charge and to receive an audiometric test and "picture of your hearing," or you may phone for an appointment in the privacy of your home.

1947 Football Team Will Hold Reunion

Football squadmen of the 1947 Tahoka High School team will hold a reunion in the school cafeteria on Thursday night, December 26, at 7:30 o'clock. Refreshments will be served, and all the squadmen of that year are asked to be present and talk over old times in high school ten years ago.

Bill Chancy and wife are taking the lead in the affair. He says there were 36 on the squad that year. Many of them are in the immediate area, but others live at a distance.

Jim Foust, now of Amarillo, was coach here then, and an effort is being made to get him to come down for the reunion. Jake Jacobs, still basketball coach and also principal of North Elementary School, was serving his first year here in 1947-1948, and he assisted in football also.

Drilling Activity Picks Up In Lynn

Oil well drilling activity has again picked up in northeastern Lynn county.

In the Sunland-San Andres field eight miles east of Wilson, Marcum Drilling Co. has completed its No. 1 Ken Davis, 660 feet from the south and 330 feet from the west lines of Section 1273, Block 8, ELARR survey, at a total depth of 4,505 feet. Top of the pay is reported at 3,820, with perforations 3,622-28, and production tested 77 barrels of oil per day, 36 gravity, plus 20 percent water.

Two new tests have also been announced.

A wildcat one and a half miles southwest of Southland is the El Cines Production Co. Ltd., No. 1 A. F. Davies, located 330 feet from the south and east lines of Section 1966, Block A-615, A. F. Davies Survey. It is on a 160-acre lease, and contract depth is 4,600 feet.

A semi-wildcat is the Odessa Natural Gasoline Co. of Odessa No. 1 C. W. Dean, located 330 feet from the north and west lines of Section 2, Jasper Hays Original Grantee Survey, on a 1,917 acre lease about three miles southwest of Southland.

Another test well is being drilled on the Walter Savell farm four miles east of Wilson by Herman Brown of Houston.

Early sailors used large stones for anchors.

Student Council At Area Meeting

The Tahoka High School Student Council attended the South Plains Association of Student Councils at Brownfield Wednesday when Dr. Cornette, president of West Texas State College, made the principal address.

Preceding a business meeting those attending were divided into eight discussion groups where various problems and policies were topics. Theme of the day was "Do not say go; Go Thyself."

Dinner was served in the Brownfield High School cafeteria. Those attending from Tahoka were Mary Jane McCord, Betty Vaughn, Sharon Applewhite, Judy Thomas, Billy Davis, Peggy Halameck, John Draper, Jack Stevens, Marilyn Carmack, John Hegi, Benny Martin, James Adams and the sponsor, Lester Adams.

WEST POINT CLUB HOLDING CHRISTMAS PARTY DEC. 20

The West Point Home Demonstration Club is sponsoring a community Christmas party to be held Friday night, Dec. 20, at 7:00 o'clock in the home of Mr. and Mrs. Allie White.

All of the community is urged to attend when "42" and cards will be played. Members of the organization will furnish cakes, pies and cookies.

Renew now for the Lubbock Avalanche and Journal and the Fort Worth Star-Telegram at the News.

Vic Vet says

RECENTLY DISCHARGED VETERANS WHO HAVE FAILED TO RESUME PREMIUM PAYMENTS ON THEIR 5-YEAR TERM OF INSURANCE WITHIN 90 DAYS AFTER SEPARATION MAY REINSTATE THEIR POLICIES WITHIN THE 5-YEAR TERM PERIOD.

For full information contact your nearest VETERANS ADMINISTRATION office.

New Chassis On No. 2 Fire Truck

Tahoka Fire Department now has its second fire truck loaded and ready to answer calls after having it put on a new chassis.

During the past two weeks the department has been unable to answer calls from out of town because Tahoka would be left without a truck, a situation that could be serious, according to Fire Chief Lawrence Harvick.

The department received its truck Tuesday night and the volunteer firemen met that evening and loaded it with equipment.

Leo Jackson Will Move To Irving

Leo Jackson, former Tahoka coach, has been named athletic director of the Irving school system, and will take over his new duties on January 1.

Since leaving Tahoka about 15 years ago, Jackson has been head coach at Cameron all but two years that he was at Greenville.

Irving, a suburb of Dallas, has nearly 8,000 school students, and Jackson will organize a well-rounded physical education setup in the system. The Irving News reports Superintendent at Irving is W. T. Hanes, former head of schools here and also later was at Cameron. The head coach at Irving is Homer Tompkins, former coach at Slaton.

DIXIE H. D. CLUB HOLDS CHRISTMAS PARTY

The Dixie Home Demonstration Club met for its Christmas party Wednesday afternoon in the home of Mrs. Guion Cobb.

Mrs. Ophelia Wilson, chairman of Lynn County Council, presented a story entitled "Our Christmas Crisis," and also led the recreation. Other visitors, in addition to the nine members present, were the nine members present, were the new home demonstration agent, Mrs. Laura Bowman, and Mrs. Veryl Carter.

The next meeting, originally scheduled for Jan. 1, will be combined with the second meeting originally set, and will be held the third Wednesday in January in the home of the new president, Mrs. Buel Draper.

Standing . . .

(Cont'd. from Page 1)

the program the children at kindergarten will present their mothers.

We don't always sanction "plugs", but here's one that deserves some comment. Mrs. R. P. (Polly) Weathers is doing a marvelous job and she is as consecrated to her work as any teacher in the public schools. It's amazing what those children are learning, and she certainly deserves any credit given her.

One must be poor to know the luxury of giving.—Anon.

Have you started baking those Christmas cookies and fruit cake? Better get on the beam—it isn't long now. Reminds me of a pun:

In this age of dehydrated products, has anybody tried adding water to a parakeet to see if it will swell up into a turkey?—Courant, Hartford, Conn.

I don't care if my old man is basketball coach, I'm gonna say it. Congratulations to the boys for winning the McAdoo tournament. McAdoo won the Floydada tournament last year and was more or less slated to win this year which gives us all the more pleasure in bringing home the first place trophy.

Speaking of the tournament, originally set at Floydada, Eddie Bowman, band director, brought to my attention a "slight" error in the news last week. At the end of the story about the Christmas pageant a "guide line" got misplaced and read like this. No admission will be charged and everyone is invited to attend Floydada tournament.

Will your son or daughter qualify for college? That's a question asked frequently these days. However, the National Honor Society in our school plans to help the situation with a career conference in January.

With your help, parents, and the help of the conference maybe your child can decide in his high school years what his future career might be and thus, begin now to work toward his or her college or vocational education. See details elsewhere in the News.

Santa Will Visit Methodist S. S.

Sunday school classes in the children's department of the First Methodist Church will present a Christmas program Wednesday, Dec. 18, at 7:00 p. m. in the sanctuary.

Following the program Santa Claus will arrive with bags of candy and fruit for the youngsters.

Participating in the program will be the nursery and kindergarten departments who will sing Christmas songs and conclude with a prayer. The primary department, dressed as angels, will present songs, as will the junior department which will also read the scripture.

Everyone is invited to attend and parents especially are urged to come and bring their children.

CARD OF THANKS

We wish to take this means of showing our appreciation to our wonderful friends and neighbors of Tahoka and New Lynn for the food brought in and the sympathy shown us in our hour of grief over the death of our beloved sister, Billie Jackson Seigler. May the Lord bless each of you.—Mr. and Mrs. Pug Jackson.

School Study . . .

(Cont'd. from Page 1)

of Mrs. Nathalia Blankenship, Mrs. Edna Pearl Coleman, Elmer Blankenship, Erwin Sander, W. P. Jones, J. P. Hewlett, Clarence Church and T. B. Mason.

Appearing on New Home's committee are Mrs. J. B. Edwards, Mrs. N. B. Hancock, Mrs. Wilmer Smith, Walter Gasper, George Sealy, J. B. Edwards, Benny Pryor, L. H. Moore Jr. and Harlan Dean. Nominated by the county school board are Jimmy Applewhite Jr., Frank Hill and Mrs. Paul Halameck, all of Tahoka, Mrs. Pearl Davidson of O'Donnell and Naymon Everett of O'Donnell.

EDDIE VAN DYKE GETS SAN ANTONIO AWARDS

Eddie Van Dyke, son of Mr. and Mrs. Jim Van Dyke of San Antonio and star backfielder for Edison High School, has received two football awards this year, the Tom McAnn award and another. He is the first San Antonio lad to receive both in the same year.

Last week, The News erroneously stated that he did not get to play in the Edison-Del Rio bi-district game. He played two quarters and scored three touchdowns and made three extra points, and was benched only when the "B" string was sent in.

Auto Insurance Rotary Subject

Clint Walker made a classification talk on "Family Automobile Insurance" as the principal number on the Tahoka Rotary Club program Thursday noon of last week.

He made an informative talk on the many coverages offered by the standard insurance companies in policies, including liability, property damage, protection against uninsured cars, and damage to wearing apparel, insurance for injuries, medical expenses, total disability, and death.

Dr. K. R. Durham, program chairman of the month, introduced the speaker in his typically humorous manner.

The club voted not to hold its regular meeting on Thursday, December 26, as many members will be taking a short Christmas vacation.

Junior Rotarians for the month are Karl Prohl and John Ed Redwine, high school seniors, and they were introduced, respectively by Alton Cain and Martin White.

The Tahoka club continues its 100 percent attendance record, November completing the sixteenth consecutive month with meeting of making up at a neighboring club.

Tahoka also is leading 43 clubs of the district in attendance, and Floydada is second in line with an average of 99.60 percent.

Cotton Quiz

WHAT IS THE MOST VERSATILE FIBER KNOWN TO MAN?

COTTON. IT IS USED FOR EVERYTHING FROM Dainty Baby Clothes to Parts for Heavy Industrial Machinery.

Draper President Methodist Men

Milt Draper was elected the new president, Wynne Collier, retiring president automatically became vice president, Clint Walker was re-elected secretary and Pete Hegi was re-elected treasurer for the coming year at the monthly meeting of the Methodist Men Monday night.

The new slate of officers was presented by Roy Edwards, chairman of a nominating committee appointed last month. H. W. Carter joined him in recommending the new nominee for president.

In a brief talk, Dale Thuren paid tribute to the out-going president for the fine work he has done this year.

In year's end reports, Secretary Walker stated average attendance for the year was 77 men per meeting. Johnny Reasonover, who audited the books, reported a balance of \$136.58 in the treasury. President Collier thanked the group for the fine cooperation, and the new president pledged his efforts to carry on the same type of program.

Principal talk of the evening was by Otis Spears. Using the subject "The Next 25 Years," based on an article from the Changing Times magazine, he theorized on things to come.

Among these, he said 25 years from now our life expectancy at birth would be 68 years instead of the 59 at present. He predicted there would be a great population increase, homes would be radically different in construction and would be heated in winter and cooled in summer by revolutionary processes, food preservation and cooking would be radically different, much clothing will be of paper and will be disposable, workers will labor shorter hours and have more leisure time, cars will be lower and longer and be controlled on the highways by electric beams, and atomic energy will light and move the world.

Because of the crowded condi-

The Lynn County News

TAHOKA, TEXAS "Heart of the South Plains" FRIDAY, DECEMBER 13, 1957

Ayer Head of NFIB Chapter

Gravel Ayer, Tahoka businessman and president of the Chamber of Commerce, has been appointed chairman of the Tahoka chapter of the National Federation of Independent Business.

Joe Roper, district manager of NFIB for this congressional district, announced the appointment of Ayer here as chairman of the chapter being organized. The NFIB is a non-profit organization designed

to aid the small businessman. Each business member of the organization maintains a voting membership and all are polled by ballot each month on the bills and issues that affect independent business enterprise in the nation.

Five important legislative questions with small business are sent to members each month. The members state their opinions on issues and turn the ballot in to Ayer who will tabulate the results and send them to Congressman George Mahon.

In this way, the businessmen of Tahoka let their congressman know their feelings on issues concerning their business.

The NFIB furnishes arguments for both sides of each issue in its monthly mailing.

Containing the largest individual membership of any business organization in the United States, the NFIB is designed to do everything possible to maintain the American way of life, and keep the free competitive system of business.

Independent businessmen, Roper said this week, of every vocation, participate with voting membership, regardless of other civic and trade affiliations.

Bill Strange Jr. was here Monday visiting old friends. He revealed he is about to become associated with John E. Wolf & Co. of Dallas as their advertising man.

Among the guests were Ray Adams and Terry Noble from the Brotherhood of the First Baptist Church.

Career Conference For Local Students

Plans are being formulated for a career conference to be held in Tahoka High School on Jan. 29 and sponsored by the National Honor Society.

The purpose of the conference is to instigate high school students to think or decide what career they would like to follow in their adult lives so that they may begin to prepare by taking necessary courses in high school and college or vocational schools.

During the next few weeks parents will receive letters from the Honor Society explaining the program and seeking their help in aiding their children to form their decisions. Questionnaires will also be sent whereby students may study the various phases of occupations after which they will be requested to check two that they may be interested in.

After the questionnaires are tabulated, professional men and women both from Tahoka and out of town will be secured to conduct the career clinic to be held on the morning of Jan. 29 so that students may either find that they are interested or disinterested in the field they have desired to become acquainted with.

Those conducting the clinic will tell the pros and cons of the profes-

sions with the salary angle, service rendered, etc. included.

Hoping that the clinic will become an annual affair in Tahoka schools, Mrs. Madeline Hegl and Floyd Tubb, sponsors of the Honor Society, said that by the time a freshman or eighth grade student becomes a junior or senior he will possibly have found his preferred vocation. Also, junior and senior students will also have time to enroll in the courses that are required in following the chosen vocations.

The sponsors pointed out that many times students complete one, two or sometimes even three years of college work without being sure of what they would like to become. It is the aim of the Honor Society to help students make their decisions before that time, either for or against various occupations.

The program has been carried out in many schools successfully and the Tahoka school is enlisting the cooperation of parents in the conference here.

The list of careers from which students will study include all trades, such as electricians, radio and television technicians, etc., professional services such as doctors and lawyers, and businesses. There are 24 different classifications of careers composed of about 175 individual professions.

Clinics will be offered for those that the students choose, with each "course" lasting one hour so that students may attend one or more of the conferences.

Annuals are plants which germinate, grow, reproduce and die within a single growing season.

Angora, now Ankara, was the ancient capital city of Turkey.

By 1902 the buffalo was almost extinct in the U. S.

THE AMERICAN WAY

Making Second-Class Citizens

DON'T GET BURNED UP THIS CHRISTMAS

Don't get burned up at Christmas!

You can, easily, if you are careless with the yule log and the Christmas tree.

"The Christmas tree is one of the most combustible objects known," the National Safety Council said.

"Christmas trees, filled with natural pitch and resin, can burn so quickly it is almost impossible to extinguish the flames by ordinary methods.

Trees should be taken down when the needles start to fall, even if the holidays are not over. And they should be disposed of out-of-doors, in fire-safe areas.

"Never attempt to burn an old Christmas tree in a fireplace, furnace or stove. They burn with almost explosive violence and the fire is most likely to get out of control."

To help prevent Christmas tree fires, the Council offers six simple precautions:

1. Buy a fresh tree and keep it in a cold place until you are ready to put it up. Before setting up the tree, saw off, diagonally, at least one inch of the trunk. Place the base in a water-containing holder and keep the holder filled with water while the tree is up.
2. Locate the tree well away from fireplaces, radiators, television sets, powerful electric lights and other sources of heat.
3. Use only electric lights, and be sure they bear the Underwriter's label. Check wires for defects and loose sockets before putting on tree.
4. Too many light circuits on one outlet may overload house wiring and blow a fuse. Reduce the load if this happens, or connect part to another circuit outlet. Never increase the size of the fuse, or substitute a penny for a blown fuse.
5. Be sure ends of metallic icicles or other decorations do not dangle into light sockets where they can cause a short circuit and flash fire.
6. Do not operate electric trains

or other electrical toys, which may spark, under the tree.

FOR BEAUTIFUL LAWNS

Beautiful lawns don't happen—they are the product of considerable time and effort, says E. M. Trew, extension agronomist. The use of adapted grasses, good soil and drainage, proper watering, fertilization and mowing are a few of the considerations which go to make a highly desirable lawn. Local county extension agents can supply material on lawn management. Ask for Extension Bulletin 203, "Home Lawns."

Local Research Work On Cotton

Lubbock—Through joint cooperation of Texas Tech, The Plains Cotton Growers, Inc. and the Cotton Research Committee of Texas, plans will move ahead for activation of a plot spinning plant at the Tech Textile Department.

George W. Pfeiffenberger, Executive Vice-President of the PCG said plans for using facilities now available at Tech to conduct spinning research were discussed December 5 by representatives of the three groups, U. S. Department of Agriculture officials, Texas Agricultural Experiment Station staff members and a representative of the National Cotton Council.

The plans are subject to approval of the Tech, PCG and Cotton Research Committee Boards of Directors.

Pfeiffenberger explained that current plans are to use the equipment available at Tech to conduct research from the raw cotton stage through the spinning stage. He explained that facilities now at Tech are adequate for this research. Later, the research is expected to be expanded to include weaving of cotton fabrics. Additional equipment may be added at that time.

Approximately two to three months is needed to get the pilot spinning plant into operation. He said some tests possibly will be made on 1957 crop Plains cotton.

The pilot spinning plant will be operated by Tech on a contract basis. Both the PCG and Cotton Research Committee will contract for specific research to be conducted.

A recommendation to the PCG Board of Directors that up to \$25,000 be approved for spinning research during 1958 was approved recently by the PCG Finance Committee.

Pfeiffenberger said it is expected that projects for the pilot spinning plant will be provided also by the spinning industry and perhaps by other government agencies. PCG officials think considerable use will be made of the pilot plant.

During a 40-hour week, 500 to 1000 pounds of cotton can be processed with the spinning equipment available at Tech. Therefore, research conducted on whole bales of cotton. Most of the current

spinning research is with five-pound samples, the results of which are not readily accepted by mills.

PCG representatives at the pilot plant meeting included Vice-President Wilmer Smith of New Home and Directors Charles Verner of Tahoka, Paul Lewis of Lamb County, and Gene Benham of Haskell County.

All the great rivers of Central Europe originate in the Alps.

It begins with
a greater use of aluminum
-and takes off from there

ONE IDEA sparked the creation of this B-58 Buick—and that was to build it with more aviation principles than ever before.

So this one starts with a greater use of airweight aluminum—inside where its special cooling properties can be used—outside where its beauty and protection are needed.

But wait till you see what else is here to make land travel as modern as air travel.

The first automatic transmission to use the infinitely variable pitch stator principle of today's strato-cruisers:

The most modern engine it is possible to build for today's fuels.

A Buick-engineered air-suspension ride that literally floats you on four columns of air.

Want to know more? See more? Do more? Drop in on your Buick dealer and guest-pilot an Air Born B-58 Buick—today.

*Buick air ride optional at extra cost on all Series. Flight Pitch Dynaflo standard on LIMITED and ROADMASTER 75, optional at extra cost on other Series. Aluminum Front Brakes standard on all Series except SPECIAL.

- ALL IN ONE YEAR—
ALL IN THIS BIG, BUOYANT BUICK
- Miracle Chassis Plus Buick Air Ride*
- Flight Pitch Dynaflo* • B-12000 Engine
- Air-Cooled Aluminum Front Brakes*
- Sparkling Fresh Styling with the Dynastar Grille
- "Velvet Wall" Sound Silencing
- Magnificent Changes Through and Through
- PLUS A Long List Of Other EXTRAS
- At No Extra Cost, Even In The SPECIAL—Including:
- ✓ Horizontal Redliner Speedometer
- ✓ Trip-Mileage Indicator ✓ Tamperproof Ignition
- ✓ Direction Signals ✓ Crank-controlled Vent Windows
- ✓ Armrests on every door ✓ Sliding Sunshades
- ✓ Automatic Glove Compartment Light ✓ Oil Filter—Full-Flow Design ✓ Dry-type Air Cleaner with disposable filter ✓ Step-On self-locking parking brake
- ✓ Anti-rust Fuel Line System
- ALL ENGINEERED TO THE HIGHEST STANDARDS OF QUALITY AND PRECISION
EVER SET BY BUICK

Lynn County Soil Conservation District News

ROY L. WILLIAMS ELLIS BARNES
O. E. TERRY W. L. (Cap) ROWE
FLMER BLANKENSHIP

The benefits of stubble and crop residue to retard wind erosion on fields was re-emphasized last Friday and Saturday with the high winds. Most blowing occurred on cotton fields that had been machine stripped, very little soil blowing occurred on fields where sorghum stubble was still standing or where cotton burrs had been spread over the surface. Fortunately there is adequate moisture in the soil that cotton land may be listed to retard wind erosion.

Lynn Birdwell, north-east of O'Donnell, reports that blue panic grass furnished grazing for cattle at the stocking rate of approximately one cow per acre throughout the past growing season. This blue panic was planted in summer of 1956, showers obtained a stand and a good harvest was made last summer.

Order blanks for requesting Arizona Sycamore seedlings are available in the Soil Conservation Service or with each of the Board of Supervisors. Orders may be submitted anytime between now and April. Seedlings will be handled by nurseries in Lubbock and will be ready for delivery about next April. This is another service of the Board of Supervisors and has resulted in several attractive and beneficial farmstead windbreaks being established in the District.

A smile is a curve that can set a lot of things straight.

Now is the time to select and buy your grass seed for the 1958 planting whether it is for the conservation Reserve acre planting improvement. There was a great deal of grass seed produced this year but the demands for planting seed in 1958 will exceed this year's supply, especially with some varieties. Blue panic, sweeping love grass, sorghum alman, and switch grass two pounds per acre of good quality seed should be obtained for row plantings, for drilled planting 50 percent of more seed should be planted. The trashy types of grass seeds such as Indian grass, Sideoats gramma, blue gramma and caution blue stem should be planted from one to two pounds of pure live seed per acre. Pure live seed is determined by multiplying the percent of germination times the purity. A great variation in the quality of seed can be found so insist on a germination and purity test.

Wanted: Plant cover, Dead or Alive.

Letters From News Readers—

(The News welcomes letters from its readers on any current subject, not libelous, of course. All communications must be of reasonable length and must be signed. On request, the signature will not be printed. The Editor.)

It's time for us to wake up and see that foreign made cotton merchandise is hurting the American market.

The people that buy wares should think of our cotton industries that need their support.

If you think of this in the near future, it will affect you and every one else in the cotton industry.

No excuses for the American businessmen in not supporting our cotton farmers, by using more cotton every day. Nothing takes the place of it for usage.

Everything goes in a hurry today. No one stops to think about the cotton farmer and what he means to our country.

Julius Joffe, Dallas, Texas.

the usual minimum height recommended is 15 to 18 inches. With drilled sorghums, a height of 10 to 12 inches is usually enough. More residue than the minimum is better. Stalks and straw put organic matter in the soil, something sorely needed in cultivated land.

MRS. EARL MORRIS
Correspondent

Mrs. Betty Mosley and her two daughters, Nedra and nine-months old Nedra, were injured Tuesday morning when the car Mrs. Mosley was driving collided with another driven by Fritz Steinhauser. Both children were injured but the older little girl received a brain concussion and Mrs. Mosley suffered a cut on her lower lip which required eight stitches to close. Mrs. Mosley, Sr. came down from Littlefield to stay with her son, Ed, and keep the baby while its mother stayed with the other little girl in the hospital in Post until Friday. They brought Nedra home but she is to be kept perfectly quiet for several days. The Mosleys live on and operate the Riley Wood farm.

Mr. and Mrs. Gilbreth of Lubbock visited their nephew, the Rev. and Mrs. Lusby Kirk Sunday, and attended services at the Baptist Church.

Mrs. Winston Lester was released from Slaton Mercy Hospital Saturday having been a patient there all week. She spent the weekend with her mother in Lubbock and was able to come home Monday afternoon.

The WMU Women observed their Week of Prayer in the interest of foreign missions Monday night and again Friday afternoon in the Baptist Church with Mrs. Kirk as leader.

Mr. and Mrs. Carter, sponsors of the Cooper MYF brought their young people over Sunday night and met with Southland's MYF in the Methodist Church.

Connie Rinne of Slaton spent the weekend with her grandparents, the O. H. Rinnes. Sunday they visited a daughter and family, Mr. and Mrs. Doyle Pack and baby, who live in Estacado.

The Rev. and Mrs. Bean and Mrs. H. V. Wheeler attended District conference in Abernathy Methodist Church last Thursday.

Mr. and Mrs. Clyde Shaw visited her sister, Mr. and Mrs. Cameron Justice in Justiceburg Sunday afternoon.

Mr. and Mrs. Vernon Turner of Lubbock visited his brother and family, the Monroe Turners Sunday and attended Gordon Church of Christ Sunday night.

Mrs. Ed Denton entertained a few of her friends with a quilt party in her home last Wednesday. Ladies present were Mmes. Gus Gatzki, Clyde Haire, Wm. Lester, Jesse Ward, Kenneth Davies, Raymond Gatzki, J. F. Rackler, Earl Morris and Miss Ora Mining. Ed and Dick were present for dinner but refused to help with the quilting.

J. B. Hudman and daughter, ted his son-in-law and daughter,

Thoughts For Consideration

By Leroy Cowan
Many people were disappointed when the U. S. test to launch a "baby moon" failed. Failures are always disappointing, especially when one is expecting to succeed. Many expect to reach heaven that will no doubt reap great disappointment. Jesus said, "Many will say to me in that day, Lord, Lord, have we not prophesied in thy name and in thy name done many wonderful words? And then will I profess unto them, I never knew you: depart from me, ye that work iniquity." Matt. 7:22-23.

Who then will be saved? Jesus saith, "Not every one that saith unto me Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven." Matt. 7:21. (Also read the rest of the chapter).

It might be a sad moment when some scientific adventure fails, but it will be disappointing indeed if our faith is not sufficient to lead us in doing the will of the Lord. Study to know what the will of God is and pray for the courage to fulfill it.

Aluminum is the most abundant of metallic elements.

Mr. and Mrs. M. M. Bruster and they all visited another daughter, Mrs. Bertie Brown in Lubbock last Wednesday.

Will Moore and his son-in-law Byron Bryant of Abilene visited his Uncle and Aunt, Mr. and Mrs. Sam Martin Wednesday and Thursday.

Sunday guests of Mrs. J. F. Rackler, were a daughter and family the Claud Ropers of Wilson, the J. B. Racklers, Misses Ora Mining and Tenna Crumbe of Slaton.

Mrs. Wm. Lester visited her daughter and family, Mr. and Mrs. Levelland Friday and Saturday.

Mr. and Mrs. Edgar Mosley of Littlefield visited the Sam Martins last Thursday.

Mr. and Mrs. Merris of Lubbock visited his brother, the Earl Morrises Sunday evening.

Sunday guests of the Ed Millikens were two sons, Don and Ralph and families of Wolforth, Mrs. Milliken's brother and wife, Mr. and Mrs. Bryan Shaw of Lubbock.

Mrs. Heywood Basinger reports that her sister, Mrs. Arch Thurmon of Amarillo, who has been confined to a hospital for several months following an accident which left her seriously injured, will be allowed to spend the holidays at home there. But will return again to the hospital for plastic surgery.

Clyde Shaw was helping with a boiler on his farm Monday and somehow got his right hand caught in the machine and his third finger was cut off, just a small bit of skin holding it. The middle finger was badly cut and the little finger bruised. A local doctor sowed the finger back in an effort to save it. Mrs. Shaw reported that he had suffered quite a bit but rested fairly well that night.

PCG Analyzing Cotton Factors

Lubbock—An analysis of price, quality and supply of light spotted cotton from the High Plains of Texas has been conducted by the Plains Cotton Growers, Inc. and this information has been published in a folder now available to all cotton merchants, mills and potential customers of High Plains cotton.

W. O. Fortenberry, President of the Plains Cotton Growers, said the light spotted cotton information was gathered from the 1,622,000 bale crop in 1956 and the cotton harvested and ginned through Nov. 16, 1957, which was 320,000 bales.

The analysis was actually prepared for use by cotton merchants and mills in making raw cotton purchases. It points the way to substantial saving, since the quality factors of white and light spotted cottons are almost identical, whereas the price differential between them is very significant.

This is due to the fact that the Commodity Credit Corporation does not recognize light spots in its loan schedule of premiums and discounts. This results in a loan differential between white and light spotted cotton of as much as \$28.75 per bale, which makes the purchase of light spotted cotton the best buy in the raw cotton industry." George W. Pfeiffenberger, PCG Executive Vice-President explained.

The analysis on light spotted cotton is being sent to various cotton merchants and mills throughout the United States. The PCG has a large backlog of experimental data as a base for consulting service in the use of light spotted cotton and such service is available to merchants and mills without charge, Pfeiffenberger said.

CARD OF THANKS

We wish to thank our many friends who have been so faithful during all the past months and through our recent bereavement—The Draper Children.

Cafeteria Menus For Next Week

Roy Riddle Weds Alabama Girl

Miss LaFonda Gayle Watkins and Roy Carlisle Riddle were united in marriage in the home of the bride's parents in Jacksonville, Ala., November 9 in an evening ceremony.

Rev. J. D. Sanders read the vows before a setting of fern, white chrysanthemums, gladioli and white tapers. The bride is the daughter of Mr. and Mrs. William Clinton Watkins of Jacksonville, and parents of the bridegroom are Mr. and Mrs. T. R. Riddle of Tahoka.

Miss Dorothy Roszell, pianist, played traditional wedding music and accompanied Miss Linda Andrews who sang "I Love You Truly," "Because," and "The Lord's Prayer."

Given in marriage by her father, the bride wore a street length gown of white brocade with a small white hat and matching accessories. She carried white carnations atop a white Bible.

Mrs. Ralph A. Howard was matron of honor and wore a beige lace street-length gown with matching accessories.

William Weatherly served as best man.

A reception in the home of the bride's parents followed the wedding ceremony. Following a short wedding trip the couple returned to Jacksonville.

The bridegroom is an ex-student of the Tahoka schools and has been serving in the Armed Forces for several years. A Specialist third class, he is now enroute to Korea for overseas duties.

Mrs. M. H. Edwards Presents Pupils

Mrs. Marcus Edwards will present the following pupils in a Christmas Recital in the home of Mrs. Irvin Stewart at 3:00 o'clock Saturday afternoon:

Emily Jolly, Jill Edwards, Debi Thomas, Debbie Wright, Andrea Sue Carroll, Cindy Carroll, Jim Eggerstaff, Anna Lee Biggerstaff, Cynthia Parker, Sheila Kay Tankersley, Patricia Phillips, Carol Jean Hickerson.

Mrs. Patterson Plans Recital

Mrs. E. W. Patterson will present her music students in recitals Sunday, December 15, in Fellowship Hall of the First Baptist Church.

The first through sixth grade students will be presented in Recital I at 2:00 p. m.

Seventh through twelfth grade students will be presented in Recital II at 3:15 p. m.

The public is cordially invited to attend.

Mrs. C. C. Dwight, who has for four months been in the Muse Convalescent Home at Lubbock, is reported by her husband to be in a critical condition. He has little hopes for her recovery.

Dunagans Celebrate 25th Anniversary

Mr. and Mrs. Irving Dunagan were honored on their 25th anniversary Saturday night when their daughter, Mrs. Gene Mays of Odessa, entertained them with a reception for friends and relatives in the home of Mrs. Dunagan's parents, Mr. and Mrs. Bud Milliken.

The couple were married Dec. 8, 1932 in Lovington, N. M. They are both native Tahokans, Mrs. Dunagan having been born and reared here and Mr. Dunagan moving here in 1926.

Attending the event were four generations on both sides of the family, Mr. and Mrs. A. L. Dunagan, Irving, Elna Mays and her young son, Mark on the paternal side, and Mr. and Mrs. Milliken, Mrs. Dunagan, her daughter and grandson on the maternal side.

Refreshments were served from a table covered with a white cloth and centered with an arrangement of silvered leaves and ornaments topped with the large silver numerals, 25.

The Upper Room

© THE UPPER ROOM, NASHVILLE, TENNESSEE

Rejoice in your hope, be patient in tribulation, be constant in prayer. (Romans 12:12 RSV.)

I was in the navy and, for the first time, helmsman for my ship in a practice maneuver. Through a fault of mine, the gunnery officer did not get a "shot" at an imaginary submerged submarine. He reprimanded me in not too pleasant a tone and had me replaced. But after maneuvers, when we were returning to port, he said: "Take the helm; I still trust you." I now realize that the officer had not been angry at me, but at my mistake.

God does not condone sin, but He never belittles man who sins. The Bible proclaims to us the hope of salvation. A sinner can be regenerated by the power of the living Christ from the life of sin and do so much good. The Bible teaches us to rejoice in the hope that one day we shall meet Him face to face; to have patience to defeat tribulation. By reading the Bible and persevering in prayer, we can be in continuous communion with the Father.

PRAYER

Eternal God of mercy, hallowed be Thy name. We thank Thee for Thy Word and the blessing of prayer. Through prayer we are able to receive strength for a new heart, and to ask forgiveness of our trespasses. Protect us in Thy love; Through Christ. Amen.

THOUGHT FOR THE DAY

Blessed are they who find hope in God's Word and accept Christ as their Savior.
Paulo Alexander Rodrigues de Freitas (Brazil).

U. S. Naval Academy was established at Annapolis, Md., on the site of an abandoned army fort.

MAKE CHRISTMAS SAFE

The life of your family may depend upon the precautions taken for making the Christmas holidays safe. Most homes will contain added fire hazards at this season and among them—the center of attraction—the Christmas Tree. The Texas Farm and Ranch Safety Council offers this advice . . . use only nonflammable decorations on the tree; use only approved lights for the tree and turn them off when retiring or leaving the house; don't overload electrical circuits with additional lights, toys or appliances and ask smokers to be doubly cautious.

JOHNSON GRASS CONTROL

A man on foot using a hand-sprayer does the most effective job when applying herbicidal oils and solutions of sodium dalapon and sodium TCA to control spot infestations of Johnson grass. Homer Rea of the Texas Agricultural Experiment Station, who has devoted many years studying methods of control of Johnson grass, says the sprays must be applied selectively by hand if the crop in the treated area is to be saved.

Anglo-Saxon is the name given to Angeles, Jutes and Saxons who migrated to Britain from Germany in the fifth and sixth centuries.

News Want Ads get results.

SOAKING SEED

Soaking the seed before planting appears to be the most practical way to control loose smut disease in wheat. In tests at the Texas Agricultural Experiment Station at Denton, Dale Weibel and Dr. I. M. Atkins found that soaking seed 4 hours and keeping the wet seed in an airtight container for 116 hours before planting produced wheat with less than 1 percent loose smut disease, compared with more than 17 percent smut-diseased plants from untreated seed.

Some wheat varieties such as Ponca, Pawnee and Triumph are resistant to loose smut disease, but most varieties are susceptible.

Shrub hunting at this season can be fun for the entire family. Native shrubs can be used to advantage and at little cost in the farm and home landscaping plans.

Almanac Notes Texas Growth

In a wifcha: ng nation, Texas is r: tining the pace in economic expansion, according to facts and figures presented in the Texas Almanac for 1958-59, which has just been published by The Dallas Morning News.

Most striking has been the development of manufacturing. In the eight years, 1949-1957, the net annual value of Texas manufactured products increased from \$1,814 million to \$3,991 million. Even discounting for inflation of values this was an increase of about 60 per cent. In the 18 years, 1939-1957, net value of manufactured products increased from \$449 million to \$3,991 million.

The expansion of Texas banking, insurance, distribution, trans-

portation and general commerce has been greater in recent years than in any other period of Texas history, as shown by many pages of concrete data.

The Texas population increase, 1950-1957, has been even more rapid than during the census interval, 1940-1950. In the absence of an official census since 1950, the Texas Almanac uses the official estimates of the Bureau of the Census and its own formula based upon scholastic population increase as shown in individual counties, cities and towns.

The state's population increased from 7,711,194 in 1950 to 9,127,000 in 1957, with some counties, cities and towns showing more than 50 per cent increase. Farm population continues to decline in relation to the population of the entire state but in less degree than during the 1940-1950 census interval.

The more than 700 pages of the volume bring up to date information on every aspect of Texas' economic, political and social activity, including latest data and historical reviews of the past.

Included are natural resources of all kinds with special emphasis on Texas water resources and problems of water conservation.

In the pages of the volume are found recent developments and historical matter on government, education, politics, civic activities and developments and recent legislation.

All articles on counties, cities and towns are completely revised, including maps.

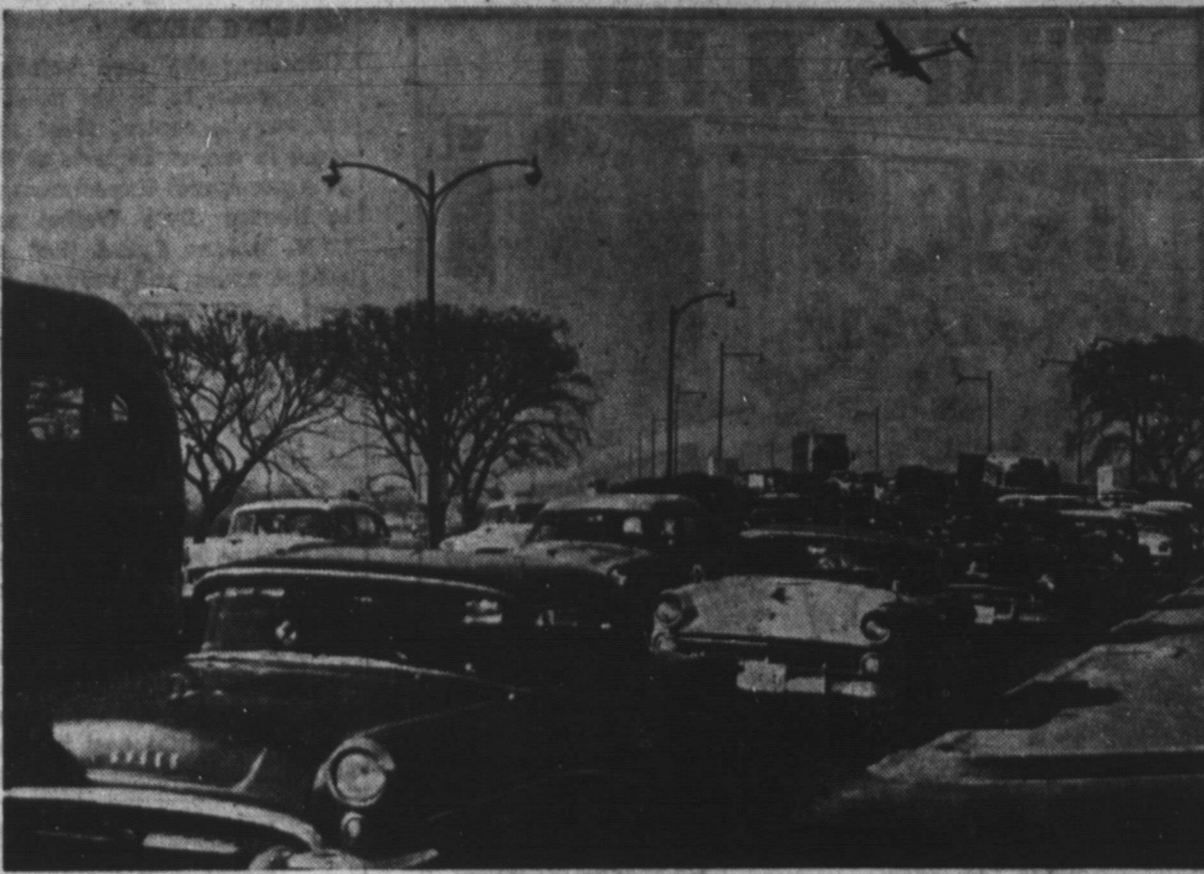

The 1958-1959 Texas Almanac is the most compact, comprehensive edition ever printed.

A. C. Weaver, route 5 rural mail carrier who was injured seriously in a car wreck several months ago, is now able to be down town frequently and hopes to be able to go back to work in a few weeks.

CIVIL DEFENSE EVACUATION would look like this with carefully controlled traffic moving one-way out from a threatened target city at a rate of up to 1,500 autos per hour per lane, except that cars would be carrying more people. All access to major surface streets would be controlled, traffic on cross streets banned. Reports indicate that some 23 million persons could be evacuated from 185 target areas in 1 1/2 hours by using this system. (Cameraman, Inc., Photo by Berkeley Payne)

Tahoka Band In Tech Try-Outs

Tahoka High School Band will be among 31 South Plains bands when music fills the air Friday and Saturday at Texas Tech for a clinic and tryouts for the 1957-58 All-State Band.

Four demonstration bands will be formed Friday and will play music that will be used in Inter-scholastic League contests next spring.

The bands, based on League classification of the various high schools, will be made up of leading musicians picked in advance by the visiting band directors.

Tryouts will be held Saturday for regional representatives on the All-State Band that will play at the Texas Music Educators Assn. convention Feb. 20-22 in Galveston.

Tech's Music Building will be headquarters for the clinic and tryouts, Prof. D. O. Wiley, Tech bands director, announced.

The Class 4-A demonstration band will be made up of students from Midland, Big Spring, Plainview, Lubbock Monterey and Tom S. Lubbock high schools.

In the combination 3-A and 2-A band will be students from Leveland, Littlefield, Floydada, Spur, Abernathy, and Tahoka.

The A and B band will be composed of students from Seagraves, Hale Center, Wolforth, Stanton, Anton, Muleshoe, Gruver, Ropesville, Plains and Ralls or Sundown.

The fourth band will be made up of musicians from junior high schools in Plainview, Midland, Lubbock and Littlefield.

Sponsoring the clinic is Region I of the Texas Music Educators.

Wind Does Damage At Tahoka Compress

The high north wind Saturday night stripped about 1,500 square feet of sheetrock from one of the warehouse buildings at Tahoka Compress, E. R. Edwards, manager, reports.

Some minor damage to farm out-buildings is reported from scattered areas of the county and also slight damage to open cotton. Some maize was reported blown down.

Buckeye is the popular name for a species of chestnut abundant in Ohio.

Letters to Santa:

(Editor's Note: The News will be glad to publish all Santa Claus letters received by Tuesday of next week. No joke letters please.)

Dear Santa:
I have been a nice boy. I would like to have a trampoline please. I am in the second grade. I am eight years old. My girl friend is a nice girl. She is eight years old. Her name is Lexie. I love her. And the most good part is that she loves me. I make good grades in school. I try to be a good boy. I love God.
God's boy,
John Tyler

Miss Francis Wuensche of Lubbock has returned to work after a two weeks convalescence from a siege of pneumonia and a hand injury.
