STANDING ON THE CORNER

With P. J.

No matter what is your lot in life—build something on it.

—The Gleaner

We've been reading, seeing and hearing much of the chemise this year but haven't seen many local ladies or lassies wearing them. (In case all you males don't know what a chemise is, it's something you'd probably find comparable to grandpa's old-fashioned shortie night shirt.)

If they are as comfortable as reports say they are, the chemise will probably be "in" for awhile anyway. However, one mother said she was in favor of the style for her teenage daughter only if it replaces her can-can petticoats, which have been jamming the closets now for several years.

Weldon Calloway will lose one tooth and possibly three others as a result of his bodily contact with Floydada's Bill Patterson last Saturday night in Idalou and Patterson's head is none the better either.

Someone coined the phrase that just fits that game—"Blood, sweat and tears."

Don't know if the following has ever happened in the Tahoka schools, but it might have:

A school teacher, after examination of the pupils in her class by the school nurse, wrote the following note to the parents of a certain little boy:

"Your boy, Charles, shows signs of astigmatism. Will you please investigate, and take steps to correct it?"

The next morning she received a (Cont'd. on Back Page)

Jerry Hayes will portray Wilbur Maxwell in the production and other cast members include Benny Martin as Hercules Nelson; Dottie Harrison, Celeste; Virginia Willhoit, Nina Quigley; Janey Ware, Frankie; Mary Sue Collard, Aunt Yary; Teddy Dockery, Uncle Bob; Iolene Mayberry, Granny; Lonnie Wheeler, Mr. Quigley; Marie Potts, Madeline; Pat Polk, Dr. Brown; Falcon McAllister, Harry Schuster; Peggy Halamicek, Daphne; Terry Bryan, Claude; and Roy Hinkle, Henry.

School Trustee Elections Set

Candidates for school trustees in the various districts of Lynn county must file on or before March 5, or 30 days before the election of Saturday, April 5.

For county trustee, the names of Fritz Specman, present member of the county board, and Harlan Dean were filed this week with petitions for election from Precinct 4. Graham Hensley, trustee from precinct 2, also has his term expiring and friends said his name would again be filed for the board.

From New Home School District, the names of four men have been filed by petition for two places on the board, these being Walter Morris, C. B. Harston, Robbie L. Gill, and Frank B. Liseby.

In the Tahoka district, the terms of Maurice Huffaker, board president, and George Claude Wells expire this spring. Petitions have been presented filing the name of Huffaker for re-election and that of Wm. W. Young of Grassland for the post now held by Wells.

Red Cross Drive Is Next Week

Lynn county will kick off its annual Red Cross Fund drive at worker dinner here Monday night, and an attempt will be made to complete the major portion of the drive the next day, Tuesday, March 4, states Allyn Cox, Fund chairman for this year.

Quota in the drive this year is \$2,700.00. Last year the quota was \$2,623.00, and the county raised \$2,666.00.

Cox pointed out that the American Red Cross spent a total of \$9,444.88 from its National treasury in Lynn county last year as a result of the tornado alone. If for no other reason, citizens should support the drive generously this time to help show appreciation for this help.

All workers are requested to meet in the Tahoka school cafeteria Monday night at 7:30 o'clock for the kick-off dinner, at which instructions will be given and kits passed out.

Following is a list of workers appointed to help, but other volunteers are asked to come along to the meeting.

Cub Scout Banquet Set For March

The annual Cub Scouts banquet, to have been held Tuesday night, was postponed until early March, according to Cubmaster Charles Reid.

Reason for the postponement was that many boys and their fathers requested it so they could attend the bi-district basketball game being held in Plainview that night.

Reid said a large banquet would be held in March and a guest speaker planned for the program.

Glenda Kirkland, 13, Daughter of Mr. and Mrs. E. G. Kirkland of Lubbock, received surgery for tonsillitis in Tahoka Hospital Wednesday.

ODDS AND ENDS

(By E. I. The Elder)

Last week I closed my contribution to this column with a bitter denunciation of lynchings and mobs. I know that there are cases in which the provocation is exceedingly great, where the mob action has resulted from the victim's commission of some unmentionable and horrifying crime. One case of that kind occurred in Temple in Bell County after I moved from that county. The crime in

that case was a powerful Negro man who entered in the night time the home of dear friends—also kin-folks—of mine, and with a railroad spike he beat into pulp the head of a young woman I had known and highly respected for years, then went into another room of her home and beat to death three of her little children. Neighbors did not discover the horrible tragedy until early next morning, when seeing no sign of life about the place, they were moved to investigate and discovered the horrible tragedy.

They immediately reported to officers what they had found and in a short time a hundred men were in cars or on horseback in a search for the criminal. About noon they found him hiding out somewhere in the vicinity of Little River Switch and brought him to the office of the justice of the peace, in Temple where they proceeded to investigate the facts of the case. When officers of the law announced there was no doubt as to the guilt of the Negro—under arrest—for he was a Negro, there were hundreds of men in town and the mob gathered. They ascended a stairway that led to the office of that justice of the peace, and armed with guns, they nabbed that Negro, wrested him from the possession of the officers, dragged him down the street, hitched him to the back end of a car, as I remember a recital of the story at the time, dragged him up the public square, where a funeral pyre was already in the making, set

fire to it, and threw that Negro thereon, where he burned to death if he was not already dead upon reaching it. A young lawyer who was a brother of the murdered woman, stood at the foot of the stairs as the murderer was being brought down, and made an appeal to the gathering mob to let the law take its course and give him a fair trial, but the frenzied men paid no attention to his appeals. The mob had gone as crazy as that murderous human demoniac was. If he was a demoniac in fact, a trial would have adjudged him to be such and would have placed him in a prison for the criminal insane.

In this civilized country we ought not to burn insane men at the stake or on a funeral pyre.

It was the lynching of a Negro man who operated a store in the colored section of the little town of Alachua, Florida, with which we closed this column last week. We do not know what was the provocation for that lynching. We are not told what the victim was accused of having done. It is possible that the white mob had reason to be offended respecting his conduct. But one thing seems certain, the mob had no excuse for molesting those two little helpless Negro girls, such as purposely frightening them, causing them to take refuge under their little cabin, stalking around and even into their little house, driving them to sleep under the floor, where they became cold and wet, Veanie contracting pneumonia, which sent her into a hospital for two weeks for treatment. This is not a novel, folks, it is the simple narration of actual facts; just as that Temple murder case was. It is one case that is a shame and disgrace to Florida. I have no excuses to offer for it.

Alachua. "Miss Rossie" was well pleased with the turn that affairs had taken, for it took some responsibility off her shoulders and she felt that both the girls were now free to live their own lives in their own way.

But time proved that she had misjudged the man that Mingie had married. The fellow was gruff, quarrelsome, and immoral. Mingie endured his rebuffs and general cussedness until after the couple had given birth to two babies. Then she quit him, but she did not quit him with a grudge against the world. She was determined to make good anyway. She resolved to go back to school. She would keep her children and help Mrs. Lee again while Veanie was attending College. After that she would let Veanie take over in caring for the children and in helping Mrs. Lee too. There had been an increase in Mrs. Lee's family too while Mingie was living down at

Lakeland—It was a little boy, and Mrs. Lee would need plenty of help. Mingie talked with Veanie about it, and the plan delighted her. When they conferred with Mrs. Lee, she was greatly pleased too.

The next chapter is a thrilling one. But we shall wait until next week to review it. No mobs, and no lynchings, but plenty of action, all right. Good Night.

Now we are approaching a turning point in the careers of these two young Negri girls, made timely by the race problems involved. Veanie informed us some time further back that she liked studying more than she liked to work, while Mingie, she said, liked to work better than she liked studying—just a natural difference in the characteristics, inclinations and desires of the two, a difference which is often noted between sisters and sometimes between twins, as in this case.

Another difference noted in these two little Negro twins: Mingie grew faster physically and began to develop into womanhood earlier than Veanie did. At 14 years of age she began to accept the company of boy friends and soon found herself thinking of eventual marriage. A consideration of these things rapidly deepened and grew as she herself grew until she came to imagine that she was in love, and when her boy friend proposed marriage she gleefully agreed to marry him. Then she told sister Veanie of her engagement, and it broke Veanie's heart. She had never thought of anything else but that they would graduate together from the colored school in their home town of Alachua, would then attend and graduate from the only "college" in the state that they would be permitted to attend—a so-called Negro A. and M. College in Tallahassee—and now Mingie was going to shatter her fondest dreams by marrying. She appealed to "Miss Rossie" to talk Mingie out of the notion of marrying. "Miss Rossie," whose real name was Mrs. Lee, rebuked Veanie sternly, and told her that if Mingie wished to marry she would be permitted to do so. Veanie could scarcely become reconciled at Mingie's determination to marry, but since there was nothing more she could do about it, she bore her sorrow alone, and Mingie and Sam, a railroad expressman several years older than she, went ahead and married and located at Lakeland, Florida, more than a hundred miles south of

EVERYBODY IN SOME WAY USES COTTON EVERY DAY

No other fiber fills so many needs of so many people. From the time you dry your face in the morning with a cotton towel until you crawl between fresh cotton sheets at night, you use cotton practically everywhere you go and in everything you do. You rise to put on cotton clothes, tie the cotton laces in shoes lined and stitched with cotton, and eat breakfast from a cotton covered table. As you go about your daily work, cotton is with you at every turn. From where you're sitting now, you can reach out and touch cotton.

No other fiber is so versatile, so dependable, so easy and safe to use as cotton.

175 Attend Baptist Men's Ladies Night

The First Baptist Brotherhood ladies night banquet Monday was attended by 175 members and visitors.

Ray Adams, president of the Brotherhood, served as master of ceremonies and introduced the new officers of the organization: Borden Davis, membership vice president; Herman Heck, program vice president; Dub Kenley, activities vice president; and N. E. Wood, secretary and treasurer.

Dub Fulford of Brownfield gave the invocation, Truett Smith extended the welcome, and Mrs. Dub Kenley gave the response in expressing appreciation for the ladies of the church for the wonderful banquet in their honor.

Herman Heck introduced the program for the evening. A trio of ladies, Mrs. O. E. Eubank, Mrs. Lennie Howell and Mrs. Dub Kenley, sang two hymns for the occasion.

Pastor W. A. Brooks introduced the speaker for the evening, Rev. G. M. (Mack) Cole, pastor of the First Baptist Church, Snyder.

Rev. Cole spoke on the subject, "The Race of Life."

A wonderful fellowship was enjoyed by all, and the pastor dismissed the occasion in prayer.

A splendid dinner was served by the men of the church. Ed Hamilton was the chief cook, and the assistants were Troy Havins, Frank Greathouse, Terry Noble, N. E. Wood, Bill Reddell, Robert Edwards, Borden Davis, and Dub Kenley.

The Brotherhood invites every man of the church to be present for the revival services beginning Sunday, March 2 through 9.

Duplicate Bridge Winners Named

Duplicate bridge at T-Bar Country Club Tuesday night was won by Mrs. Bill Lumsden of Wilson and Mrs. J. T. Wharton, first place.

Second place winners were Mrs. Bill Anthony and Calvert Curry of Lubbock; and couples trying for third and fourth places were Mrs. Charles Verner and Mrs. Lee Roy Knight, and Harley Henderson and L. C. Haney.

Reception Is Given Wayne Huffakers

Mr. and Mrs. Wayne C. Huffaker were honored with a reception here Wednesday night of last week in the home of his parents, Mr. and Mrs. Calloway Huffaker. The couple were married Feb. 15 in Massachusetts and visited here a few days before leaving for California Friday where the bridegroom is stationed with the U. S. Navy.

Hostesses for the occasion, at which time friends also honored the couple with a shower, were Mes. Roy Edwards, Maurice Small, Hick Gibson, Harold Green, Emil Prohl, H. W. Carter and John Thomas.

A total of 156 guests attended. A green and yellow color scheme was carried out in the decorations throughout the home. The serving table was covered with an imported linen cloth and was centered with an arrangement of yellow daffodils.

Assisting in hospitalities were friends of the couple, Misses Susie Smith, Bobbie Carroll, Roberta Elliott and Margaret Morgan, all Texas Tech students, Mrs. Betty McCurdy of Abernathy, Mrs. Finis Botkin of Hereford, and Hershel Lindley of Lubbock.

Petty Ladies Hold Handiwork Meeting

The Petty Handi-Work Club met in the home of Mrs. W. T. Rogers Monday afternoon when seven members and five children attended.

The group made button buckets from one-half pound coffee cans, painting them bright colors and decorating them with buttons, designs of scissors, etc.

Secret pal gifts were exchanged and secret pal names were drawn. The next meeting will be March 10 in the home of Mrs. Junior Martt.

FIRST BAPTIST RA KITE FLYING CONTEST SUCCESS

The RA's of the First Baptist Church had a wonderful time last Monday evening at their kite flying contest.

The kites were put into the air but the wind was not sufficient to fly them as expected. Another date will be set for another event in the contest.

Twelve boys entered the contest and every boy won a prize. Mr. "Zeke" Cooper was the judge and he awarded each boy a gift certificate of \$1.00 to be cashed at either Lankford's or Bennett's variety stores.

Paula Kay Halford, four years old of New Home, underwent a tonsillectomy in Tahoka Hospital Friday.

Reduce Delinquency

VIII

THE BIGGEST FACTOR

(A distinguished Texas judge offers pointers on combating our rapidly increasing juvenile delinquency problem.)

By JUDGE SARAH T. HUGHES

JUDGE HUGHES

What is the biggest factor in juvenile delinquency?

Every person, adult or child, needs most of all a sense of his own significance, his own individuality. An adult wants to be recognized in his home, his church, or his club, or he loses interest.

Most Important in Youth

It is even more important for boys and girls to have a sense of their own significance. Failing to get it starts many on the road to delinquency—doing things to be considered "smart"—to be recognized by someone.

I have had many cases where I thought the main reason the boy was there was that he had been given no recognition as an individual. There had been a failure in the home to make him feel that he "belonged," was valued.

Always Something Good

There is always something to praise a child for—to make him feel important and wanted—even if he's unusually faulty.

Always the chance to listen to him with interest and affection, to make him feel that he belongs, to give him the RIGHT KIND of attention, of affection, of KINDLY but FIRM DISCIPLINE and guidance.

That is what these youngsters need—to be wanted by somebody, to be important to their friends and parents, to have guide-posts in a puzzling world.

Next: An illustration.

Don't wait for a skid to learn the road is slippery. Drive safely.

"Junior" Fitts Receives Acclaim From Amarillo Globe-News Sports Writer

Amarillo—During the last half of the Middle Tennessee-West Texas basketball game recently, one of the visiting players yelled over to his bench: "Send some-one in here to help me guard this kangaroo!"

He was speaking of Mill "Junior" Fitts, the brilliant Buff sophomore who has the bounce of a kangaroo, the grace of a gazelle and the quickness of a panther.

The 6-5 Tahoka cager, a star in his first year of varsity competition, is the "jumpingest player in the school's history." Rarely is Fitts ever outjumped, even against much taller opponents.

Against University of San Francisco's Art Day, 6-10 center, Fitts controlled the tip every time. In the North-South All-Star game at Lubbock at the close of his high school career, the Buff star was used on center jumps by the North team despite the fact the club had some 6-9 and 6-10 performers on hand.

Last week in the Buffs' 80-49 rout of Arizona, Fitts brought a roar of approval and awe from the crowd when he dribbled the length of the court and stuffed the ball without breaking stride.

His exceptional spring is making Fitts the top rebounder on the Buff squad and one of the best in the Border Conference. "We are really hurting on the boards when he's not in the game," remarked Coach Borden Price. "I think our inability to win games earlier in the season can be attributed to the fact that Fitts was severely handicapped with torn ligaments in his ankle."

The Buffs were shaping up as a solid contender for the Border title when Fitts ran off the end of a portable floor in the Louisiana Invitational at Shreveport dur-

ing the holidays. At first thought to be a sprain, it was later diagnosed as torn ligaments, and he young Buff was hobbled for the whole month of January.

He appears to be back at full strength again and is giving the herd the spark it needs in the stretch drive of the conference race. Playing about 27 minutes against Arizona Saturday, the curly-haired jumping Jack scored 21 points and grabbed 12 rebounds.

Averaging 13.2 points per game, Fitts is a valuable asset to the Buff squad in more ways than rebounding and scoring. He's a sharp passer and does a professional job of getting the ball off the defensive boards and starting Buff fast breaks.

A versatile performer, Fitts can play in close or outside equally well. About half of his 185 points have come on tip-ins and driving layups and the other half on outside set and jump shots. He's used primarily as an outside man for the Buffs but averaged 29.5 points per game as a pivotman for Coach Jake Jacobs at Tahoka High School.

Fitts' early success in college is no accident or surprise. He was considered the prize high school plump in the Southwest in the spring of 1956 and had scholarship offers from 29 colleges, including all eight Southwest Conference schools. That compliment seems to be well justified. If the loose Buff sophomore keeps progressing at the rate he has the past three years, he appears destined to be West Texas State's next All-American basketball star.

There are some drivers who never come to a complete stop until they hit something immovable. Slow down!

Bulldogs Top Floydada In District Play-Off Series

The Tahoka Bulldogs, in an over-time thriller, won the right to represent District 2-AA in bi-district play by defeating the Floydada Whirlwinds 55 to 51 Saturday night in Idalou, giving the local boys two wins against one loss in the two out of three series.

Coach Jake Jacobs' hustling Bulldogs won the first game played in Tahoka on Thursday night 63 to 56. However, a hot and determined Floydada five swamped Tahoka there on Friday night 66 to 44, to tie the series and force a third game.

Tahoka won both its games on the free-throw line, Floydada making more field goals than Tahoka in each. Tied 51 to 51 at the end of the deciding game Saturday night, the teams went into a three minute overtime. Jay Gurley was fouled and hit one out of two free throws; Karl Prohl hit both his charity shots; and Weldon Calloway finished up the scoring hitting one out of two free throws.

Come From Behind
Trailing throughout most of the game, Tahoka was not up to par in the first half. The first quarter ended with the Whirlwinds leading 15 to 12 and had widened the margin 30 to 21 at halftime. However, the second half was a different story. Led by Jerry Brown, who scored three quick fieldgoals, the Bulldogs bounced back to tie up the ball game 36 to 36 with two minutes, seven seconds left in the period. In the remaining portion Jerry Adams and Brown each made one point at the free throw line, while Teague made a free point and Vickers sank a field goal to end the quarter with Floydada leading 39 to 38.

In the fourth period Tahoka took a 44 to 24 lead with five minutes, 29 seconds to go. The Whirlwinds' Downing sank two free throws, Adams exchanged field goals with Downing, and Richardson tied up the ball game for Floydada 48 to 48 with a field goal. Floydada surged ahead with a charity toss and goal to lead 51 to 48 with 1:45 left in the ball game. However, the Bulldogs came back into action with Brown sinking two free throws and Gurley one to tie up the ball game with 1:20 left. In the last minute of play, Floydada stalled the ball hoping to keep control and try for the last shot. Richardson fired a field goal just before the buzzer sounded, but was no good.

Bulldogs Control Ball
The three minute overtime was controlled by Tahoka, the Bulldogs having possession of the ball all but 40 seconds of playing time. Good thinking on the part of the local team won them the ball game in the period. The local five stalled the ball, hoping for a sure shot at the basket when Floydada began their series of fouls that cost them the entire series.

Brown led the scoring attack for Tahoka with 22 points, followed up by Gurley's 15. Prohl, Adams, and Calloway played exceptionally good defensive and offensive ball and set up the scoring plays throughout the game. Marlin Hawthorne started in the game and made five points of his own. However, not completely recovered from influenza he was not able to play the entire game, and Calloway came through as his replacement.

Richardson and Bill Patterson made 12 each for the Whirlwinds, Downing 11, and Vickers 10.

Floydada made 21 field goals to Tahoka's 19, but the Bulldogs made 17 points to the Whirlwind's 9 on free tosses.

Tahoka Wins First
In the first game of the series, the story was much the same. Tahoka won because of its 19 free points to Floydada's 6; while making 22 field goals as compared with Floydada's 25. Brown hit

100 percent of his free shots in the final game, or 6 for 6, and 77 percent in the first game, or 16 for 13 tries.

The game played in Tahoka Thursday night saw the Bulldogs leading 18 to 11 at the end of the first quarter and 34 to 23 at half-time. Floydada inched up in the third, which ended 44 to 39 but the locals kept up their pace in the final period and the game ended 63 to 56. Brown scored 30 points, Gurley 17 and Hawthorne and Adams 8 each.

Patterson was high point man for Floydada with 16, Teague 14, and Vickers 11.

Floydada Wins Second
The second game, played at Floydada, was the Whirlwinds from start to finish. Giving Tahoka a good shellacking, the opponents led 16 to 13 at the end of the first quarter, 30 to 22 at halftime, 48 to 31 at the end of the third, and won by 22 points, 66 to 44.

Coach Paul Huntington's boys lived up to their nickname Friday night with Patterson scoring 22 points, Teague 15, Downing 11, and five other boys also making points. Tahoka's Brown was held to 12 points, while Hawthorne made 10.

Win Bi-District . . .

(Cont'd. from Front Page)
from behind in the second half to win over Dimmitt.

Tahoka took an early lead in the first quarter, but couldn't find the range and fell behind 15 to 10 at the end of the period. With Dimmitt's Hal Ratcliff hitting the long ones, the Bobcats widened the margin to 31-24 by halftime.

Early in the third, Tahoka found the basket, pulled into a 34-34 tie at mid-quarter with Jerry Brown, who scored 27 points in the game, hitting four field goals and one free shot and Jerry Adams hitting one field goal and three free shots, while holding Dimmitt to seven free shots and no field goals. The quarter ended 38-38.

Opening the fourth period center jump, Weldon Calloway stole the ball from a Dimmitt player dribbled down court and sank his shot. From then on the game was all Tahoka's, with the Bulldogs scoring 25 points to the Bobcat's 12.

Marlin Hawthorne hit two shots from the center, Brown a long one, and Hawthorne another from the corner while Dimmitt scored 3 points, and Tahoka led 48-41 with 5:54 minutes left. After Brown hit another and Hawthorne fouled out, Jay Gurley, who had been on the bench a quarter and a half with four personals, came back in and hit three shots, two of them long ones. Adams fouled out late in the game, and David Bray capably replaced him.

Especially in the second half, the Bulldogs threw up a terrific defense and were firmly settled in the driver's seat. Led by Karl Prohl, who did a great job both handling the ball and on defense, the Bulldogs kept Dimmitt's top scorer Keith Lowe, bottled up and held him to 15 points. In fact, especially in the last two periods, the local lads allowed Dimmitt few good shots at the goal.

Although much credit is usually given scorers in a ball game, Prohl, Hawthorne, Calloway, Adams, Gurley, Brown and late in the game, Bray, turned in exceptional defensive performances. Adams turned in his best game of the year coming up with many rebounds.

Offensively, Gurley kept Tahoka in the game in the first quarter scoring six of the 10 points and ended the game with 15 points to his credit. Brown was sensational, especially in the last half, hitting both long and short shots and driving in for crisp shots. Hawthorne scored 8, Adams 7, Prohl 4, and Calloway 2.

For Dimmitt, Ratcliff had 16, Lowe 15, Jerry Cluck 9. Truman Touchstone and Lowe fouled out late in the contest.

Tahoka hit 17 free shots of 25 attempts, while Dimmitt hit only 16 of 31. In field goals, Tahoka was hot in counting 23 of 54 attempts, while allowing Dimmitt only 17 in 59 attempts.

Bob Nunley Writes Third Place Essay On Subject, "Stewards of The Land"

Following is the third place essay in the annual Lynn County Soil Conservation District contest, written by Bob Nunley, son of Mr. and Mrs. Lloyd Nunley of Lakeview.

"Stewards of The Land"
By Bob Nunley
From Webster the word steward means administrator or supervisor. Stewardship as applied to the land means even more than that, not only to us, but to the future generations of America.

Many years ago when our forefathers first set foot in America, this country was a land of bountiful virgin forests and prairies. A man could settle in a place and farm steadily for ten or twenty years until the land began to wear out. Then he could leave the old farm and move farther west to fresh, new land. Thus over a period of years a great deal of land was left in a very sad condition. This did not bother the people then because there was always new land to the west. Finally, this, as all

good things must, came to an end. The limit of expansion was reached.

Farms all over America are now being farmed in much the same manner as they were years ago. Each year crops grow smaller and smaller as the minerals of the soil are being used and not replaced.

If this trend continues in the present generation, it is very possible that in the not too distant future America's farm lands will be unable to feed her people. Production will be less and less each year, until at last, starvation and hunger will reign supreme.

As a member of this generation I am going to do my best as a future farmer to prevent this from happening. With the proper soil management programs I will become a better steward of God's land. How about joining me?

Lynn County Soil Conservation District News

ROY L. WILLIAMS ELLIS BARNES
O. E. TERRY W. L. (Cap) ROWE
ELMER BLANKENSHIP

G. L. Autry plans to terrace his farm and construct a waterway to take care of the outside water which has been a big problem in the past. Mr. Autry is a new district cooperor who farms near Draw.

Bill Spears has a conservation irrigation system planned on his farm near Wayside. Bill plans to irrigate on the water-level with runs about 600 feet long.

Lewis Brosch, who farms near Wilson, is a new district cooperor. Mr. Brosch plans to conserve his rainfall and prevent run-off with a series of spreader terraces. He also plans to use soil improving crops in his rotation system.

W. J. Kahl plans improved water application on 125 acres of his place west of Tahoka.

Tillage should be done to maintain the maximum amount of residue on the surface as an aid in reducing erosion by wind, and in obtaining a firm seed-bed free of small weed seedlings.

This can be accomplished by several different methods.

1. Listing between the rows, fol-

lowed by knifing operation.
2. Running out the old furrows with a "buzzard-wing sweep."

3. Plowing with sweeps to maintain residue.

4. Using a cultivator to plow with.

The above operations can be carried out any time now, but better weed control can be gained by delaying these operations until the latter part of March or early April.

By delaying the tillage operation, allows for more of the weed seeds to germinate, hence better weed control for grass plantings which follow in addition to moisture conservation.

Underground 4-inch plastic pipe was installed on L. D. Howell's farm four miles east of Tahoka this week. Mr. Howell has four small irrigation wells that he uses to irrigate 30 to 40 acres.

Terrace lines are being run this week on the Glen Brewer, J. B. Hoskins, Thedo Cook, Boyd Barnes, Buford Powers, and Wayman Smith farms. Countour lines were run for John Thomas' farm.

Everyday Religion

By J. B. Thompson

Habit is a powerful thing! The whole pattern of life is determined by habit. There are good habits and bad habits and they are both established in the same way—by repetition. A good habit is just as easy to form as a bad one, just as strong, if given the same attention.

Paul, in one of his letters, referred to some who had "addicted themselves to the ministry of the saints." Goodness can become a habit as well as badness. We speak of being "out of the habit of going to church." That is only half of the story. We are also "in the habit of not going." We have to break bad habits and then form good ones in their places.

What is good character but a bundle of good habits? A bad character is likewise a bundle of bad habits. Each person, by God's help, must determine which he will be.

Perhaps the most brilliant writer ever to enter the field of psychological action was Professor William James. His famous chapter on "Habit" written many years ago, still stands as a classic today. Said he, "We are spinning our own fates, good or evil, and never to be undone. The drunken Rip Van Winkle, in Jefferson's play, excuses himself for every fresh dereliction by saying, 'I won't count this time.' Well he may not count it but it is being counted none the less. Down among his nerve cells and fibers the molecules are counting it, registering and storing it up to be used against him when the day of reckoning comes." This is not only true of the evil of drink but of all of life's actions. We sow a thought we reap a deed; we repeat a deed we reap a habit. When we form habits we shape our lives.

C. L. Hafer Dies At Brownfield

C. L. (Chris) Hafer, 70, former citizen of both Tahoka and O'Donnell, died Friday of a cerebral hemorrhage at his home at 803 East Heppto in Brownfield.

Funeral services were held at 2:30 p. m. Sunday in a funeral chapel there with Rev. James E. Eidwell, pastor of the First Methodist Church of Brownfield, officiating. Burial followed in Terry County Memorial Cemetery.

Mr. Hafer and wife lived in Tahoka and later in O'Donnell several years while serving as district manager of West Texas Gas Co., now known as Pioneer Natural Gas.

He was born in St. Charles, Mo., on May 5, 1897. He was married to Miss Ida Grace Strenach of Hammond, Ind., in 1922. The couple moved to West Texas from Chicago in 1927 when he became associated with West Texas Gas Co. as a checker of materials on construction of the original main gas

lines. From this job he worked up to several of the top managerial jobs with the company.

After retiring in 1952, he became a bookkeeper for a tire firm in Brownfield.

Mr. Hafer is survived by his wife; two brothers, Charles of Spokane, Wash., and Hugh of Corpus Christi; and two sisters, Miss Irene Hafer and Mrs. Hattie Kolb, both of St. Charles, Mo.

Public School Week March 3-7

Public School Week is March 3 to 7 and this year the Tahoka schools will observe the occasion in a different way from those years in the past, according to Supt. Otis Spears.

Classes will this year prepare displays to be placed in store windows of the town. Formerly, parents have been invited to visit the school classes, but in hopes of presenting the results of the school efforts the display will consist of work done by the students, materials and teaching aids.

Windows have been assigned classes and their work will be displayed in the following places of business during that week:

First grade, Abbie's Fashion Shop; second grade, Bennett's Variety; third grade, Marshall-Brown Department Store; fourth grade, Rutherford's; fifth grade, White Auto Store; sixth grade, Wynne Collier Druggist; seventh grade, Robinson Ready-to-Wear;

CARD OF THANKS

Again, to all our friends and neighbors, we want to thank you for the things you have done for us. Especially the ones who have brought and offered to bring the things Tommie can eat, for the flowers, cards and your prayers.—Mr. and Mrs. E. J. Hendrix.

Joan Connolly, six year old daughter of Mr. and Mrs. Bob Connolly, received a broken left arm Monday while playing hide and seek. The arm was broken when she hit home base. Joan was admitted to Tahoka Hospital where she stayed overnight.

Athletic department, Levine Bros.; homemaking, First National Bank; history and Spanish, Southwestern Public Service Company; typing, Wynne Collier Druggist; science, Carter's Insurance and Calloway Huffaker, attorney; mathematics, King's Department Store and Ayer Way Cleaners; English, Tahoka Drug.

Everyone is urged to examine the displays and become better acquainted with the local school system.

Mrs. Kathy Dorman is the new president; Mrs. Dorothy Wright, secretary; Mrs. Margaret Burd, treasurer; Mrs. LaVerne Dykes, reporter; Mrs. Ailene Jones, parliamentarian; Mrs. Fern Lewis, historian and photographer; and Mrs. Clovis McElroy, state director.

The new officers will be installed at a dinner meeting on March 11, which will be held in a Lubbock restaurant.

The group elected Mrs. Fern Lewis as the outstanding Jaycee-Ette for the past quarter for her exceptionally good work on the organization's scrapbook, which will be entered in the state contest, for her service on various committees and her help with the Mother's March during the March of Dimes.

She will be presented a gift from the club.

Mrs. Kathy Dorman, an outstanding Jaycee-Ette for an earlier quarter, was presented a gift at the meeting.

The outstanding Jaycee-Ette of the year will be named at the installation dinner and will also receive a gift.

Larry Hickerson, who has entered the radio field, has been nominated for "disc jockey of the year" over the U. S. Larry has also worked at Post and more recently at Shreveport, La.

Citizens were all astir Wednesday morning when the fire alarm rang about half a dozen times until it was discovered that the high wind was causing some wires to touch, setting off the alarm. It even fooled the fire boys at first and the truck made a wild goose chase. Only thing—it was really the wolf in the afternoon, in the form of a truck fire.

O'Donnell School Election Carries

Light vote returns at O'Donnell Saturday approved an issue for the Independent School District there to adopt provisions of Senate Bill 116. The tabulation was 63 for the adoption and 47 against.

Senate Bill 116 separates bonds from maintenance taxes and gives the school district the right to charge \$1.50 per \$100 valuation for maintenance alone. Heretofore, \$1.50 was the maximum for both maintenance and bond retirement. An additional 40 cents may be assessed to take care of bonds.

"44 PIGS WENT TO MARKET"

(A Continued Story)

Or

"What Does It Cost to Produce Pork on the Purnia Program?"

INTRODUCTION—With the hog market as high as \$21.00, nearly anyone, or any feeding program, can show a profit. What happens when the market goes down? Frequently, we hear the statement, "Purina Hog Chows are good feeds, but they are too high in price." Most people don't keep records. Therefore, few if any, hog growers actually know what it costs them to produce pork.

During the next few weeks, in these columns, the answers to the above questions and statements will be presented in a continued story form, all based on true figures of a practical and local hog project.

CAST OF CHARACTERS—Five old sows and their 44 offspring.

OWNED AND FED BY—R. C. Roberts, Tahoka, Texas.

OBJECT—To determine the cost of producing pork on the Purnia Hog Program.

HOW?—By showing actual feed and other expense costs from the time the five sows were bred until the 44 offspring go to market. All expenses incurred are charged against the market hogs. NEXT WEEK'S CHAPTER—"COST PER LITTER DURING GESTATION."

Don't miss a single installment of this exciting story!
