Number 26

Serving Tahoka and Lynn County Since 1903!

## STANDING ON THE CORNER

With P. J.

An Easter Carol  
Tomb, thou shalt not hold Him longer;  
Death is strong, but Life is stronger;  
Stronger than the dark, the light;  
Stronger than the wrong, the right;  
Faith and Hope triumphant say  
Christ will rise on Easter Day.  
—Phillips Brooks

Spring is a season for rejoicing. "For God so loved the world He gave His only begotten Son—" that was in the Spring. On a Spring day in Jerusalem, He gave us mortals our chance to begin anew, and each Spring the world is truly born again.

Proof of the world's rebirth in Springtime is the first robin, a boy flying his kite, or the first tulip, such as the most beautiful shade of red ones I have ever seen in Miss Ethel Callahan's yard.

The Hale Aiken grass roots school study is now complete in Lynn county and the ones who really became involved in it can truthfully say that it was very good. It's a shame that every citizen of the county could not have participated, because not only did it enlighten but may have set a pattern for an educational system in Texas for years to come.

Those who attended all or most of the sessions will not be so prone to "cuss" the schools again or ever to be satisfied again with things staying just like they are. In fact, the study was an education in itself.

Paul Crume said the other day that there probably isn't a Sputnik, Explorer or Vanguard in the sky that doesn't have written across its side in bright red paint, "Seniors—58".

Something seemed a little strange last week in the proof-reading department. And sure enough, there was something slightly unusual. T. Garrard over at Seagraves is assistant postmaster—not assistant pastor.

## Cancer Drive Is Starting Monday

The Lynn county drive for the American Cancer Society will get underway in Tahoka Monday and Tuesday with a business district drive and a progressive coffee, according to Mrs. Skiles Thomas, county drive chairman. The drive, to be conducted by Mrs. Thomas and H. W. Carter, chairman of the county chapter, will be held two days in an effort to raise the biggest portion of Tahoka's contributions.

On Tuesday a progressive coffee will be held in the home of Mrs. Emil Prohl. Each of four ladies attending, representing various areas of the town, will be expected to contribute \$1.00 and to have a coffee in her home inviting four neighbors. The project will end with the second series of coffees. Drive chairmen of other communities have not yet been named but will be in the near future. The entire month of April is designated as Cancer Crusade month. The Crusade is to educate the public on the disease. In doing so films are being shown for various programs over town. One that is available on request is "One Fell Only," which has been shown students of the local schools.

The money raised here will primarily be used for research, although those needing help may receive financial aid through the ACS, Carter stated.

Other county standing officers are E. B. Moore, O'Donnell, vice chairman; J. W. Inklebarger of Tahoka, treasurer; Mrs. J. B. Oliver, secretary; Mrs. Pete Hegi, educational chairman; and Frank Hill, publicity chairman.

## Tornado, Rain, Hail Hit County Friday

REV. G. W. TURNER

### Sweet Street Opens Revival Tonight

Sweet Street Baptist Church opens its ten-day revival meeting tonight, and services will continue through Sunday, April 13.

Rev. G. W. Turner, pastor of Calvary Baptist of Pecos, will do the preaching. Roy Jones of Weatherford, but a temporary resident of Tahoka, will present a chalk talk on "Scenes of the Bible" at each evening service.

Rev. Joe A. Webb, the new pastor of the church, announces that services will be held at 10:00 a. m. and at 7:30 p. m. each week day, and the nursery will be open each evening. Everyone has a cordial invitation to attend any or all of the meetings.

### Banquet April 14 For THS Athletes

The annual athletic banquet for Tahoka High School team members will be held Monday night, April 14, in the school cafeteria, Supt. Otis Spears announces.

Polk Robinson, head basketball coach at Texas Tech, will be the principal speaker. Coach Robinson is becoming recognized as one of the outstanding basketball coaches in the southwest. He is also the head scout of football for Tech. He is a popular public speaker.

All boys and girls participating on varsity athletic teams during the current school year will be honored at the banquet, which is being sponsored by Tahoka Chamber of Commerce.

Tahoka High athletic fans, parents of players, and others interested are invited to attend. Tickets are \$2.00 each, being priced high enough to take care of a student athlete with each ticket sold.

### Methodists Open New Home Revival

New Home Methodist Church will hold its Spring revival beginning this Sunday, Easter, and continuing through the following Sunday, April 13.

Rev. N. S. Daniel, pastor of the First Methodist Church of Phillips, will do the preaching. Rev. Daniel is the father of the New Home pastor, Rev. Hugh Daniel, has been in the ministry for more than 25 years, and is recognized as an outstanding preacher. Incidentally, he has another preacher son, Rev. Wesley Daniel, who is pastor at Lefors, also near Borger.

Singing during the services will be led by Gene Roper.

Services will be held week days at 8:00 a. m. and 7:30 p. m. All people of the community are invited.

### CHARLES REID HONORED

Charles Reid, agent for Farm Bureau insurance, has received a plaque honoring him as a member of the "4200,000 Club," he having sold in excess of this amount of insurance during the year 1957.

## School Census Shows Increase

Results of the 1958-59 school census for Lynn county have been announced by County Superintendent Ruth Jolly, which show an increase of 192 students.

In Tahoka the census totals 983, or 913 white and 70 colored. This represents an increase of 52 over last year, which totaled 931, or 884 white and 47 colored.

In O'Donnell there are 724 white and 63 colored, or a total of 787, as compared with 685 registered last year, 641 white and 44 colored. Wilson, which has no colored students, registered 546 this year over 512 last year.

At New Home the same number of colored students registered, or 51. However the white students number 344 for the coming year against 338 counted last year.

Total of white students last year was 2375 in the county and this year the total is 2527, or an increase of 152. Last year the colored students numbered 122 and this year 164, for an increase of 42.

A tornado dipped down in the Lakeview and New Home communities last Friday afternoon, doing light damage, and rain showers and hail pelted most of Lynn county as a climax to a most unusual March for this area.

Damage was done at the Roy Nettles farm northeast of Lakeview and the E. R. Blakney farm north of New Home, and light wind damage was reported in between the two farms along the path of the tornado, the funnel of which was seen by several people.

Edwin "Skeeter" Nettles, who lives a mile west of Lakeview store, sighted the funnel at about 2:30 p. m. Friday among the dark, swirling clouds, but the only damage done at his place was that it blew away some oil cans.

But, observing that the storm was headed toward the farm home of his dad, Roy Nettles, he called the latter, Roy, taking a nap at the time, on receiving the warning rushed outdoors and watched the funnel as it approached.

He thought the funnel was going to pass south of his house, but suddenly it took a northward sweep and Roy ran for the storm cellar. Immediately he heard the roar of the twister, and as the roar died away he came out to find the only damage done was that the awning did not rot off or fall in—as some sidewalk prognosticators had predicted might happen.

### Car Is Wrecked At Lake Thomas

Billy Burt Stevens received minor injuries Saturday at about 7:15 p. m. when the car which he was driving overturned at Lake Thomas.

Harry Short, who was the only other passenger in the car, was not injured. Stevens received lacerations and bruises.

The car turned over when the car ran off the pavement, hit a soft shoulder, and flipped over a culvert. The vehicle is almost a total loss.

Mary Ruth McMillan is a medical patient in Tahoka Hospital, having been admitted Tuesday.

## Lynn's 140,819 Bales Is Fourth Highest In Texas

### New Front For The News Building

Believe it or not—The News is getting a "face lifting" on its quarters. No, the awning did not rot off or fall in—as some sidewalk prognosticators had predicted might happen.

But, just in case such predictions might come true, there's a rebuilding job in process on the front of The News building and the adjoining Wynne Collier building, the front part of which now is occupied by The News "editorial, advertising, business and office supply" departments.

The new front will be of plate glass, aluminum, and turquoise zourite, the latter being an entirely new product and the first used in Tahoka. The work is supposed to be completed next week.

## School Trustee Elections Will Be Held On Saturday

Voters will elect trustees in the four Lynn county school districts in balloting Saturday. Also two town members are to be elected to the county board.

Graham Q. Hensley of Draw is candidate for re-election to the county board from precinct 2. Harlan Dean is candidate for the precinct 4 position, held for many years by Fritz Speckman, who has given faithful and unselfish service for about 16 years and who did not choose to stand for another term. Holdover members of the county board are Jimmy Applewhite, chairman and member-at-large; H. B. Crosby, precinct 1; and B. M. Haymes, precinct 3.

In the Tahoka district, Maurice Huffaker, board chairman, has been filed for re-election, and the name of Wm. W. Young of Grassland has been filed to succeed George C. Wells, who is not a candidate for re-election. Holdover members of the board are Milton Uzzie, Reble Thomas, Frank Great house, Herman Renfro, L. A. Forsythe, and O. E. Terry.

At O'Donnell, there are three candidates for two positions on the board. Wayland Taylor is filed for re-election and other candidates are Dr. Noble Rumbó and Lynn Birdwell. O. G. Smith, present member, is not a candidate for re-election. Holdovers are: J. W. Gardenhire, president; D. B. McMillan, vice president; Jake Burkett, secretary; Bart Anderson and Ben Moore Jr.

Terry Halford, three and one-half year old son of Mr. and Mrs. K. G. Halford of New Home, underwent a tonsillectomy Wednesday morning in Tahoka Hospital. Wilson has four candidates for

## US 87 Expressway In County Cost Estimated \$2.2 Million

### Change Made In Soil Bank Plan

New Soil Bank Cotton Acreage Reserve regulation provides that if a farm operator attempting to file an agreement and is able to clearly establish that he took positive action in an attempt to file an agreement or register on Form CSS-823, he may now file a certificate of such action for consideration by the County Committee.

All certificates must be filed not later than April 18, 1958 to be eligible for consideration.

If the certificate is approved by the committee an agreement may be filed by the farm operator.

Have news? Phone 35.

### Tahoka Voters Approve Housing

Tahoka citizens approved the construction of low-rent housing for the lower-income families here by a vote of 99 to 9 in the City election Tuesday and re-elected three councilmen, who were unopposed.

Chosen on the City Council were Everton Nevill, 106 votes; Winston Wharton, 105; and Albert Curry, 104. A total of 108 votes were cast.

In O'Donnell J. T. Forbes was chosen mayor to succeed S. M. Clayton, Jr. while Homer Hardburger and Harvey Line were re-elected as aldermen. Each received 27 out of 38 votes cast. None were opposed.

M. L. Murray was re-elected an alderman at Wilson with 16 votes and William Lumsden will be the new member after receiving 14 votes. Other candidates were Ira Clary, six votes, and Sam Crowson, 10.

Although Tahoka's vote was light, as were O'Donnell's and Wilson's, more ballots were cast than expected, probably because of the housing issue since no contests existed for aldermen.

Mayor H. B. McCord, Sr. said that since the City has approved the Public Housing Administration's plan for duplex housing units, architects and engineers will (Cont'd. on Back Page)

### O'Donnell Boy Cotton Champ

Robert Bessire, 16, O'Donnell 4-H club member, is the top dryland cotton producer for 1957, and for his efforts received a check for \$125.00 and a plaque when award winners were announced Saturday at Lubbock.

Preston Wilson, 18, of Levelland, received a similar award as the contest winner in the irrigated division. He produced 6,885 pounds on five acres, or 1,377 pounds of lint per acre, on Lankart planted on May 14, 1957.

Bessire, son of Mr. and Mrs. D. J. Bessire, who live west of O'Donnell, produced 3,005 pounds of lint from five acres, an average of 601 pounds per acre. He planted Western Stormproof on May 23, but rain six days later forced him to replant on June 3. His cotton had an average length of 31/32-inch to 1 inch, strict low middling light spot, a good quality cotton considering adverse weather conditions of the fall.

County Agent Bill Griffin supervised Bessire's production practices.

Awards were presented by Wilmer Smith of New Home, president of the Plains Cooperative Oil Mill. The contest is sponsored annually by the oil mill and the Texas Extension Service. About 380 4-H club members in 15 area counties of District 2 of the Extension Service participated in the contests.

### DRILLING OIL WELL

J. Paul Karcher and Manor Oil Co. of Midland are drilling their No. 1 W. A. Smith well in the Suniland-Glorietta field of Northeastern Lynn County, 330 feet from the north and 2,310 feet from the east lines of section 1273, on the 160 acre lease. Contract depth is 4,550 feet.

### BROTHER CRITICALLY ILL

Mrs. Samie Norwood and son, Samie Jr., and daughters, Mrs. Winfred Craig and Mrs. C. J. Renfro, visited in Abilene Sunday with her brother, Willie Moore, who recently underwent surgery. The brother has cancer and is not expected to live long.

### REID BACK ON JOB

Thomas Reid, county treasurer, was able to return last week to his work in the court house. Recently, he was critically ill with pneumonia and asthma, but made a rapid and remarkable recovery.

Texas Highway Department this week announced that \$765,000 has been allocated for construction within the next few years of the new four-lane expressway and access roads, four miles through Tahoka.

The fund is set aside for the new US 87 highway from Farm Road 400, the Wilson paving junction, from a point two miles north of Tahoka, through town east of the square, to a point just south of Tahoka, probably at the north corner of the John Slover farm.

The State will participate in up to half the cost of securing the right-of-way.

The State has indicated it expects to spend \$2,250,000 on the US 87 expressway in Lynn county within the next few years.

The State, with Federal government assistance, has already appropriated \$725,000 for construction of the four-lane road from the Slover place south to the Dawson county line west of O'Donnell.

County Judge W. M. Mathis states the county hopes to complete the right-of-way work on this southern section within the next month, and the Highway Department is desirous of letting the contract this spring.

The Highway Department last year allocated \$750,000 for construction of the US 87 four-lane highway from the Lubbock county line south to Farm Road 400, two miles north of Tahoka. Appraisers are now working on figures for property damage along this sector of the expressway.

Also, among the funds announced this week, is provision for spending \$10,000 to purchase right-of-way along 3.7 miles of US 84 for building the four-lane road across the northeast corner of Lynn county near Southland.

Also included in projects for the next few years are building four-lanes on US 87 across Lubbock county, Hale county, and from Lamesa to the Martin county line toward Big Spring.

This week, the Texas Highway Department is advertising for bids on new topping jobs on 340.651 miles of paving in the Lubbock district, including new seal coat for US 87 from Tahoka north to FM 400, on FM 1730 3.1 miles south from Newmore thence east 2.4 miles, and from Petty east 4.5 miles.

### J. H. Halford, 80, Rites Saturday

J. H. Halford, 80 years old, died Friday, March 28, at 2:43 a. m. in Tahoka Hospital following an illness of about a year. He had farmed and resided at New Home for the past 36 years.

Funeral services were held Saturday at 3:00 p. m. at the New Home Church of Christ. Roger Turner, minister of the church, officiated. Burial was in Tahoka Cemetery under the direction of Stanley Funeral Home.

Halford was born Nov. 11, 1877 in Waco. He was married to the former Miss Ruth Jane Crawford, December, 1901 at his birthplace. The couple moved to Lynn county in 1922 from New Mexico, and they lived here until the time of his death.

Eleven children were born to the marriage. One daughter, Mrs. Minnie Johnson of Delta, Colo. died Nov. 15, 1957.

Survivors include his wife of New Home; five daughters, Mrs. Ruby Campbell of Ranger, Mrs. Nan Fortenberry of New Home, Mrs. Elida Gass and Mrs. Odessa Johnson, both of Lubbock, and Mrs. Viola Catt of Tulsa, Okla.; five sons, L. D. W. B., Jodie, K. G. all of New Home, and Herman of Los Angeles, Calif.; 24 grandchildren and eight great grandchildren.

Advertising doesn't cost, it pays.

### Lynn County Soil Conservation District News

ROY L. WILLIAMS    ELLIS BARNES  
O. E. TERRY        W. L. (Cap) ROWE  
ELMER BLANKENSHIP

If you are thinking about planting grasses this year, then talk to the man who has planted and grown the grass that you are interested in. There is a popular notion making the rounds that it is impossible to get a stand of Blue Panic grass. If you are not sure how to plant why not contact those farmers who successfully grow blue panic and take their advice or your SCS technicians that are assisting the Lynn SCD.

Some of the farmers now growing blue panic on Soil Bank land, pastures for grazing, or for the production of seed are Lynn Birdwell of O'Donnell, F. E. Redwine of Tahoka, W. P. and M. C. Thomas, Leroy Davis of Grassland, Theo Campbell of Wayside, Martin Jr. and Melvin Wuensche of Wilson, Harold Gene Franklin of Petty, Carl Griffing, C. N. Strickland and T. B. Barton of Tahoka. There is plenty of blue panic seed available for all of the planting needs and with just a few good planting procedures a good stand of grass should be obtained. There are ways of fixing the equipment you now have to do a good job of planting.

A conservation irrigation system was planned with Jasper Campbell of Wilson. This system includes the installation of underground pipeline, efficiency in the application of irrigation water and level irrigation for the conservation of rainfall. Drainage water from the

town of Wilson will be pumped out of this lake onto the farmland through this system.

Theo Campbell has a good stand of huban clover that he overseeded in the rye plantings. Campbell plans to harvest the seed of the clover that is a part of the soil building program on his farm.

Now is the time to order your seed for soil building crops that you will plant within the next 90 days.

Some legume seed may be hard to get when planting time comes. Twenty five to fifty cents per acre spent in legume seed such as Chinese red peas, cowpeas or mung beans interplanted in grain sorghum could give as much as 100 percent increase in the yield of the 1959 crop. The proof of building the soil is plant a soil building crop.

Terrace lines were run on the Crosby-Trautwien farm northeast of Tahoka this week. Tom Moore of Wilson operates this farm.

Terraces were completed on the Clayton Beard farm southeast of Redwine.

Dan Kamp of the SCS at Tahoka is attending a 4-weeks training school at Stephenville, Texas.

The rangeland of the Lynn county Soil Conservation District is entering into one of the most critical periods it has had to face during the past six years, although moisture conditions are the best we have had for many years.

The reason for this thinking is that most of our good native grasses died due to over-grazing and extended drouth and what few plants that were able to hold-on are of poor vigor and must be given every possible growing opportunity if they are to produce. Also very little grass seed of our better plant has been produced during the last six years and what grass that was produced, will be coming up and if these seedlings are destroyed the range may be in worse shape than last year.

Grass is like man. We do not expect man to do a hard days work after being sick for a long period of time, neither should we expect our range to do its best job until it has had sufficient time to regain its strength, and vigor.

In order to determine what type of management is needed on your rangeland, you must first make an inventory of what you now have, based on what you should have. The Soil Conservation Service technicians will be happy to help you in making these evalu-

### Political Announcements

The following announce their candidacy for elective offices subject to action of the voters in the Democratic Primary election on July 28, 1958:

For District Judge, 106th Judicial District:  
TRUETT SMITH of Lynn County.

For District Clerk:  
W. S. (Skip) TAYLOR, re-election.

**Kay Moore Says Winter Mild In Canadian Rockies**

Dear Frank:  
Just a line to let you know how much we enjoy getting The Lynn County News. It keeps us posted on what is happening in Lynn county and Texas. We also want to tell you how much we enjoyed our visit with you and your good wife while we were in Texas last summer.

We still like it here in British Columbia very much, and when we have winters like this winter it is just grand. We have had very little cold weather. It has not been below 25 degrees above zero this year. All the vegetation is turning green with new growth and it sure is beautiful with all the snow on the mountains in the background. I am enclosing a clipping from our local paper giving the details of our winter this year. (Ed. note: this winter was 30.5 degrees, and mean temperature was 42.5. Strawberry plants had never been completely dormant.)

We are wishing you and all the people of Lynn county a prosperous and happy year. We hope to come back for a visit in Texas this summer. We want to invite you and all our friends in Texas to come for a visit with us.  
Yours truly,  
Jay W. Moore,  
Pemberton, B. C., Canada.

### BRING HOME FISH

Mr. and Mrs. "Pete" Crutcher of Newmoore returned home Friday from Port Aransas, where they spent seven weeks resting and fishing. "Pete" says they caught a lot of fish, especially drum and trout. They caught three drum that weighed a total of 110 pounds.

Have news? Phone 35.

### Cafeteria Menus For Next Week

Tuesday: Vegetable stew, baked potatoes, cheese sandwich, crackers, cherry cobbler, milk.

Wednesday: Pinto beans, buttered cabbage, carrot and cheese sticks, corn bread, butter, rice-pineapple pudding, milk.

Thursday: Fish with tartar sauce, green beans, buttered corn, tossed salad, hot rolls, butter, milk.

Friday: Hamburgers, onions, tomatoes, lettuce, hominy, fruit salad, milk.

Another reason trains don't have as many accidents as automobiles is that the engineer doesn't drive with his arm around the fireman.

#### Rainbow Assembly To Attend Church

The Tahoka Assembly of Rainbow Girls will attend church services Sunday at 11:00 a. m. at the First Methodist Church.

The group will sit together in observance of Founder's Day, which is April 6, this year falling on Easter Sunday.

#### Mrs. Thompson And A. I. Thomas Marry

Mrs. Ferdjeu Thompson and A. I. Thomas, both long-time citizens of Tahoka, were united in marriage at Lubbock Monday at 4:00 p. m.

Following the wedding, they took a short wedding trip to Clovis, New Mexico. They will make their home in Tahoka.

Clara Gene Porter and son Jimmy spent part of this week in Fort Worth visiting her relatives and eating fish. Mrs. Porter's father is Chief of Police in Benbrook. Two brothers, Pvt. Hamp Scruggs and Gene Ceruggs were home on leave. The family reunion was celebrated with a fish fry the fish being caught from Benbrook Lake.

John Evans, who was recently ill, is reported to be doing much better now. He has been down town a few times.

## "44 PIGS WENT TO MARKET"

(A Continued Story)

Or

### "What Does It Cost to Produce Pork on the Purina Program?"

Chapter V.—"COST FROM WEANING TO MARKET"  
R. C. ROBERTS PROJECT

Pig Starters, 800 pounds	\$ 40.80
Milo, 23,350 pounds at \$1.65	385.27
Hog Chow, 3,531 pounds	109.88
Checker-Mix Charges	86.62
Liquid Pig Wormer, 3 quarts (3 times)	8.85
Livestock Mineral, 50 pounds	2.50
Plain Salt, 50 pounds	.30
<b>TOTAL EXPENSES</b>	<b>\$725.02</b>

#### WEANING TO MARKET

The last 13 hogs have been weighed out. They averaged 204 pounds, with three of them being "tail-enders" and barely making tops. These 13 were 5 months and a week old. So all the hogs were topped out at a total weight of 8,811 pounds (an average of 200 pounds), ranging in age between four months and five days to about five months and one week. The last of these went through some cold, wet weather when it was difficult to get gains. Consequently, the group of 44 pigs fulfilled the average on the Purina Program—four and two-thirds months to market.

In the cost from weaning to market above, note that 300 pounds of Pig Starters was fed after weaning, making a total of 41 pounds of creep feed per pig. Also note that the ration of milo to Hog Chow over the whole growing and fattening period was 7 to 1.

NEXT WEEK'S CHAPTER—FINAL—"TOTAL COST PER POUND OF PORK MARKETED" and "SUMMATION."

## SPORTS

#### Tennis Teams In Wins At Slaton

Tahoka tennis teams journeyed to Slaton, Thursday, March 20, and played in the south half of the district play-offs. The three boys' groups won all of their matches. The two girls' doubles and one girls' singles won their matches but lost the freshmen girls' singles.

The winners will participate in the district games to be held in Floydada on April 12. Thursday's game scorers are as follows:

Varsity doubles: Karl Prohl and Jackie Applewhite, 6-0, 6-3; Joanne B. Gandy and Linda Milliken, 6-1, 6-3.

Varsity singles: Gerald Short 6-3, 6-0; Mary Helen Whitaker 7-5, 6-1.

Freshmen doubles: Gail Phillips and Vickey Hamilton 6-1, 2-6, 6-0.

Freshman singles: Douglas McClellan 7-5, 4-5, 6-3; Vennie Faue Ratliff 6-2, 1-6, 4-6.

District-play offs in tennis will be held in Floydada on April 12. Coach Dean Wright has been working with the boys, and Floyd Tubb has been coaching the girls.

#### Volleyball Girls District Winners

Tahoka eighth grade girls, coached by Tom Bartley, won the district championship in a tournament held in Floydada Saturday. The high school girls team was defeated in the second round by Post.

The eighth grade won over Abernathy and Post in the first two games and over Spur in the finals.

After defeating Abernathy, Post downed the Tahoka high school girls, coached by Jake Jacobs. Spur won over Post in the finals.

Other teams of the district participating in the event were Slaton and Floydada. Lockney did not enter.

Members of the district championship eighth grade team, which will receive an award, include Loreta Short, Loreta Potts, Paula Wood, Kay Halamecek, Donna Copelin, Judy Thomas, Jan Brown, Diane Falls and Billie McQueen.

**WILSON ATHLETIC BANQUET**  
Wilson High School held its annual athletic banquet Monday night in the school cafeteria, at which all team members of the current school year were honored. Dr. Kirellis of the Physical Education department of Texas Tech was the principal speaker.

#### League Contests Saturday, April 12

Students are now getting ready for the interscholastic events. The literary events will be held Saturday, April 12, in Floydada. The events will get underway at 9:00 o'clock Saturday morning.

The students that will attend the meeting and the events in which they will participate are as follows:

Number sense: James Adams, Steve Riddle, George Adams, Terry Spears, alternate.

Typing: Peggy Halamecek, Karen Kidwell, Virginia Willhoit, Weldon Calloway, alternate.

Ready writing: Marilyn Carmack.

Declamation: Jolene Mayberry.

Slide rule: Erwin Young, Falcon McAllister, Dewey Riddle, Roy Hinkle, alternate.

Shorthand: Idalia Wood, Sue Tomlinson, Joanne Gandy, alternate.

District play offs in tennis will be held the same day in Floydada. Field and track events will be held in Lubbock, Friday, April 11.

## 750 Tahokans To Develop Cancer

"An estimated 750 of those of us now living in Tahoka will develop cancer at some time during our lives, and will die of the disease if present rates continue."

These facts and other statistical data about cancer and Tahoka were made public today by Mrs. Skiles (Alta) Thomas, Lynn county chairman of the 1958 Cancer Crusade.

The annual fund-raising and educational drive of the American Cancer Society begins Tuesday, April 1, Lynn county must raise \$1,500 of the \$30,000,000 which is the national goal of the Crusade.

"I feel this is the right time to issue a statistical report about cancer in our community," Mrs. Thomas said. "I can't think of anything better designed to bring home the fact that cancer is the concern of each and every one of us."

Here in Tahoka we have a population of 3,300. Based on that population; the ACS report estimates that eight cancer patients will be new cases, cancer diagnosed for the first time this year. About three residents of Tahoka will be saved from cancer during 1958. About four will die of the disease.

"These are hard and predictable facts," said Mrs. Thomas. "But there are hopeful facts, too. And it is within our power to add to the credit side of the cancer ledger. You will notice from the figures quoted that one in every three cancer patients is now being saved."

This is a lot better than the one in four of a few years ago. But it can be made better still. Because it is also a hard fact that one in every two cancer patients can be saved. We actually have it within our power to reduce the number of cancer deaths here in Tahoka by having a check-up every year and by watching out for the danger signals of cancer between checkups.

"Just remember that if cancer strikes we have a fifty-fifty chance—provided the cancer can be diagnosed early enough and properly treated."

"And here is something that will help us remember: just walk along any street in Tahoka and count the houses, and pause to think that cancer will strike in two out of three, not necessarily this week or this year, but sometime."

"That is a sobering thought. One that should inspire generous giving to the American Cancer Society which is spearheading the fight against cancer. Money is essential to carry on the intensive research that will one day result in the control of cancer, given time and money."

Based on the same national figures and percent rates, Lynn county, with a population in excess of 10,000 people, will eventually have 2,500 cancer cases among the people now living here, 1,500 will die of the disease. An estimated 44 cases are now under medical care, 15 of whom will die this year. There will be an estimated 27 new cases in 1958, nine of whom will be saved during the year.

Over 100,000 social security payments were made in August 1957 to severely disabled workers age 50-64 who had already applied for disability insurance benefits.

## Fertilizer Should Be Bought By Grade

College Station, March 3—The real cost of any fertilizer is measured in terms of per unit cost of plant nutrients applied to the soil. So, before farmers buy a fertilizer, they should look at the grade analysis and see if the same quantity of plant nutrients can be obtained cheaper in a higher analysis fertilizer, advises Bill Bennett, extension soil chemist.

The grade analysis can give a farmer this information because it tells how much nitrogen, phosphorus and potassium each bag of mixed fertilizer contains, he adds. For example, a hundred-pound bag of 5-10-5 contains five pounds of nitrogen, 10 pounds of phosphoric oxide and five pounds of potash. A hundred-pound bag of 10-20-10 contains 10 pounds of nitrogen, 20 of phosphorus and 10 of potash.

These two grades of fertilizer contain the same ratio of nutrients, points out Bennett, but the latter contains twice as much in each 100 pound sack. So, even though the 10-20-10 costs more per ton, it is normally cheaper in the long run because of the quantity of plant nutrients which is obtained.

The cost per unit of plant nutrients is not the only way high analysis fertilizers are usually cheaper than low analysis fertilizers. When one sack of 10-20-10 can substitute for two sacks of 5-10-5, transportation costs are reduced. Not only would transportation costs be lower, but application costs would be less since less fertilizer is needed to supply the same quantity of plant nutrients.

So, low analysis fertilizers cost less per ton, but high analysis fertilizers are usually cheaper in the long run because the cost per unit of plant nutrients is lower, concluded Bennett.

Just remember that if cancer strikes we have a fifty-fifty chance—provided the cancer can be diagnosed early enough and properly treated.

"That is a sobering thought. One that should inspire generous giving to the American Cancer Society which is spearheading the fight against cancer. Money is essential to carry on the intensive research that will one day result in the control of cancer, given time and money."

Based on the same national figures and percent rates, Lynn county, with a population in excess of 10,000 people, will eventually have 2,500 cancer cases among the people now living here, 1,500 will die of the disease. An estimated 44 cases are now under medical care, 15 of whom will die this year. There will be an estimated 27 new cases in 1958, nine of whom will be saved during the year.

Over 100,000 social security payments were made in August 1957 to severely disabled workers age 50-64 who had already applied for disability insurance benefits.

## HOW LONG DO YOU WORK TO PAY U.S. INCOME TAX?

EXEMPTIONS	WEEKS	DAYS
1	8	1
2	6	2
3	5	-
4	3	3
5	2	1
6	-	4

In cold weather it's nice to look forward to balmy days and those two or three weeks vacation with pay. But who ever heard of working five weeks for no pay? That's right, no pay. Yet, that's just about what the average \$83-a-week-married-man-with-one-child does, says Tax Foundation, Inc.

The point is made that as Income Tax Day approaches, this five-day-a-week employee must work five weeks to pay for his Federal income tax bite, amounting to approximately \$417.

Under the inverse ratio of "the more dependents, the smaller the tax," a man earning \$83 weekly must be supporting a wife and five children before the Tax Collector passes him by.

On the other end of the scale, an unmarried workman, earning the same pay, must work slightly more than eight weeks to meet his \$682 worth of Federal income tax obligations.

## Gordon News

MRS. EARL MORRIS  
Correspondent

The MYF will conduct Easter Sunrise Services Sunday at 6:00 o'clock in the Methodist Church. Everyone is cordially invited and especially the young people are urged to come and help with the service.

The WMU ladies met in the home of Mrs. Harley Martin Tuesday afternoon for their Royal Service program. Mrs. Martin was leader and after the service she served a salad plate to 7 ladies.

Carol, the 14 year daughter of Mr. and Mrs. Monroe Buxkemper accidentally backed the family car over Steve, her 18 month old brother, at the home last Tuesday afternoon. The child was rushed to Slaton Mercy hospital, where it was found only an arm had been run over by a wheel. His body was badly bruised but nothing serious. His mother reports that after a few days he was good as new. Visitors in the home last week were Steve's grandparents, Mr. and Mrs. Ed Buxkemper, Mr. and Mrs. O. E. Heinrich. Other relatives are the C. J. and Raymond Buxkemper and the Walter Heinrichs, all of Slaton.

Rev. Bevan continued his lessons on the book of Mark for the W. S. C. S. ladies Monday afternoon at the Church. Only five were present and there will be one more lesson on the book.

Mrs. Ed Milliken has been ill for some time and Sunday her guests were a granddaughter and family, Mr. and Mrs. Bob Henderson and Joe Bob of Wells, her sister, Mrs. Don Hatchett of Lubbock, a son, Ralph and family of Wolf-ford, Mr. and Mrs. J. C. Martin

and three sons, and Johnny Shelton of Slaton.

Denise and Don Duff of Level and spent the week-end with their grandparents, the Wm. Lesters. Sunday, the children's parents, I. J. and Maurine came down and spent the day with her parents and took the children home.

Sunday was Mrs. J. O. Reed's birthday and she and Mr. Reed went to Alton, to the home of a daughter, Mr. and Mrs. Ed Thompson where six of their children and families, Mr. and Mrs. Guy Dikes and children of Mineral Wells, Mr. and Mrs. Ronald Weaver, Petersburg; Mr. and Mrs. Cody Corbell and family of Lubbock; Mr. and Mrs. Jimmy Cummings and children of Lubbock, and the J. O. Reeds, Jr. family, had gathered to help with the celebration. 38 people ate the huge birthday cake and all the fixin's.

Mr. and Mrs. Ed Denton visited her cousins Sunday, Mr. and Mrs. Heyden Williams, Mr. and Mrs. Eddie Williams at Draw. Mr. and Mrs. Clyde Shaw were in Levelland Sunday visiting her son and family, Mr. and Mrs. J. M. Stacy and children.

Sunday guests of Mr. and Mrs. Harley Martin were Mr. and Mrs. Tommy Walker and son of Vernon, Mr. and Mrs. David Bardin of Lubbock.

R. L. Hagler became ill in his home Saturday, and was taken to Lubbock Methodist Hospital for examination. He will undergo an operation sometime this week and will remain in the hospital for several days following the operation.

The Billy Basingers have returned to their home in Mercedes after a visit here with his parents, the W. A. Basingers. This week another son, Harlan and family of

San Antonio are visiting in the home. Sunday, another son, Melvin and family of Close City visited his parents.

Mr. and Mrs. Lewis Kuykendall and children visited Mr. and Mrs. Dick Denton and Lim near Plainview last Tuesday and both families visited the Blanton Martins at Hart Camp that afternoon.

Sunday guests of Mrs. Nellie Mathis were her cousins, Mr. and Mrs. R. M. Evans of Lubbock.

Mr. and Mrs. Pete Moore were here last week from Akron, Ala. visiting Mrs. Moore's aunt, Mr. and Mrs. W. E. Edmunds and her cousin, Peyton Crawford and family.

Mr. and Mrs. Howton Haire and Hub Haire went to Ft. Davis last week to visit Mr. and Mrs. Clay Esky and help with the spring round-up. The Eskeys live on a ranch and have both goats and cattle. Mrs. Haire and Mrs. Esky are the former Leatrice and Cathrene Stotts and all of the Stotts family were there except two, Mrs. Haire tells us.

Monday, Mr. and Mrs. J. O. Reed Sr. received word that their great granddaughter, Nancy Elling, 6-year old, had passed away in her home at Beeville. The little girl had been suffering with leukemia. The Reeds and their daughter, Mrs. Juanita Thompson of Olton left Tuesday morning to attend the funeral. Mrs. Opal Jernigan of Lubbock stayed with her grandmother Wood while the Reeds were away.

Mrs. Willie Kuykendall was seriously ill last week and was carried to Lubbock Methodist Hospital for treatment. She was able to return home Saturday.

Mr. and Mrs. Roger Hensley, Mr. and Mrs. Donald Basinger visited the Ed Mosley family in Slaton Sunday afternoon.

Mrs. Roland Rhodes has been quite ill in her home for the last few days but is reported to show a slight improvement.

Monroe Shelton returned home last week after a visit in California with his sister, Mrs. Minnie Martin. Miss Dolly Shelton has returned home after several weeks of visiting relatives in Littlefield and in Amarillo where she visited a nephew and family, the Clinton Bullards.

Loyce and Royce, twin children of Mr. and Mrs. George Baker, are recovering from measles.

Mr. and Mrs. O. R. Carey of Lubbock were Sunday afternoon guests of the Wm. Lesters. Marilyn and Pamela Maeker of Lubbock spent the week end with their grandparents, the Earl Morris.

Mrs. G. C. Grider underwent surgery Thursday of last week in a Lamesa hospital.

**Your Hometown Newspaper**  
brings shared family enjoyment..

In our modern world, activities that appeal to the whole family are too few and far between. But reading your hometown newspaper is one enjoyable pastime your whole family can share. For it has features for every member of the family—comics and cartoons for the children; sports news and features for growing boys; fashions and human interest stories for teenage girls; international and local news, society, sports, ads, and schedules of events for mother and dad. Emphasizing the family-wide scope of interest of the local newspaper is the liberal space set aside for church and school news of every community.

## FHA Style Show Presented Tuesday

The Future Homemakers of America of Tahoka High School presented two style shows Tuesday featuring clothing made by local girls in this year's work. One show was presented in assembly at the high school on Tuesday morning and the other Tuesday evening, which was open to the public. Models were the FHA girls, with the exception of children who mo-

## Individual Play At T-Bar Tuesday

Four couples were named winners at duplicate bridge held at T-Bar Country Club Tuesday night with first place going to Mrs. Charles Verner and Mrs. Meldon Leslie. Second place winners were Mrs. L. C. Haney and Mrs. Frank Hill; third place, Mrs. D. W. Gaignat and Mrs. Mitchell Moore of California; and fourth, Mrs. A. N. Norman, Jr. and Johnny Wells. Next week is guest night and individual bridge. Everyone is invited and those intending to play must contact Mrs. Winston Wharton at telephone No. 404 by Tuesday noon.

ded clothing made by the members. Mistress of ceremonies was Mary Helen Whitaker, although several other girls also took their turns announcing and describing the garments. Fred Hegi, organist, provided music for the event and entertainment was presented by the Flapperettes composed of Vicky Hamilton, Linda Jones, Sunny Gibson, Martha Collard, Martha Bell, and Carol Smith, as well as a boy's quartet made up of David Bray, John Hegi, Benny Martin and Weldon Calloway. They were accompanied by Mrs. E. W. Patterson and Mrs. Harold Green, pianists. Mrs. Pete Hegi and Mrs. Alton Ledbetter are the homemaking teachers and Mrs. Hegi is sponsor of FHA.

## Wilson FHA Girls Observe Week

By Audrey Klaus  
The Wilson Future Homemakers of America observed National FHA Week, March 23-29.

Each day the chapter sponsored a different activity. Sunday all FHA members wore the club's emblem and were recognized in church. Monday was teacher exchange day. Students were allowed to teach classes in place of the teachers. Students who participated and the classes they taught are: Conita Fields and Robert Christopher, American History; Kenneth Hanes, Typing II; Arlis Ehlers and Jack Dokken, Boy's P. E. Class; Joyce Church, English IV; Neita Hewlett, Freshman Home Economics.

Tuesday was Daddy Date Night when the girls honored their fathers with a party.

Wednesday was School beautification day. All the high school students did something to help beautify the school, such as pick up paper and books, clean lockers, and clean blackboards.

An assembly was presented by the FHA girls on Thursday. Two skits, a rose ceremony and a skit on FHA symbols, were given.

Friday the faculty was honored with a breakfast.

Saturday was home beautification day. Each girl beautified her home in some manner, such as by helping her mother clean house.

## Easter Service At Methodist Church

Two identical morning worship services will be conducted Sunday at the First Methodist Church for Easter observance. Rev. J. B. Thompson, pastor states. The first service will be at 9:00 a. m. and the second at the regular 11:00 a. m. hour. The choir will sing the anthem "Sunrise On the Hill" and Rev. Thompson will speak on the theme "I Believe in the Resurrection" at both services. This is the ninth year Rev. Thompson has conducted two services on Easter Sunday morning. Mrs. E. W. Patterson will direct the choir with Mrs. Harold Green at the organ and Sunny Gibson at the piano.

Mrs. Buford Ater of Lakeview, who has been in the Methodist Hospital at Lubbock three times since February 10, is now home and says she is feeling fine again. She was visiting in the home of her brother, Delbert White, this week.

J. W. Armontrout of New Home, who has been ill about two months with the flu, is able to be out again. He and Mrs. Armontrout expect to go down to their cabin at Lake Whitney this week.

## Farm Family Housing Program

An expanded farm housing loan program, designed to speed up farm building construction improvement as well as act as an additional anti-recession measure, was announced today by Walter T. McKee, Farm Home Administration State Director, according to Perry Walker, the agency's local County Supervisor.

Now an owner of a farm in which the operator plans to produce at least \$400 worth of farm commodities for sale or home use may qualify for the 4 percent long-term housing loan provided that he meets other standard eligibility requirements.

Formerly an eligible applicant had to own a farm that produced a more substantial part of the operator's annual cash income.

Loans may be made to build, improve, or repair farm houses or other essential farm buildings, and to provide water for farmstead and household uses. Mr. Walker said that in addition to financing major construction, the loan funds can help meet many other needs for farm and farm home modernization such as adding bathrooms, utility rooms, better kitchens, and many other improvements to the home as well as to farm service buildings. While tenants and farm laborers are not eligible, the owner may borrow to do the construction work or make improvements for them.

The loans are made to farm owners who need credit to finance building improvements or repairs, but find that adequate credit is not available through banks or other regular credit channels. The interest rate is 4 percent and loans may be amortized over periods up to 33 years. Eligibility for loan assistance is determined by the three-member County Farmers Home Administration committee, and applications are now being accepted in FHA county offices.

Mr. and Mrs. O. A. Wuensche of Wilson returned home Monday from a visit with relatives in San Antonio, Thorndale, and Austin. Oscar says the Wuensche family still owns the old home place at Thorndale. He tried a little fishing, but had no sensational report to make.

A mistake proves somebody stopped talking long enough to do something. Women not only drive as good as men, but they can do it on either side of the road.

## VISIT SOUTH TEXAS

Mr. and Mrs. O. A. Wuensche of Wilson returned home Monday from a visit with relatives in San Antonio, Thorndale, and Austin. Oscar says the Wuensche family still owns the old home place at Thorndale. He tried a little fishing, but had no sensational report to make.

A mistake proves somebody stopped talking long enough to do something. Women not only drive as good as men, but they can do it on either side of the road.

## today's MEDITATION

## The Upper Room

Jesus spoke these words when He was changing the Jewish Passover into the Lord's Supper. The bread was broken for distribution, but this practical purpose acquired symbolic meaning. The breaking of the bread on Thursday evening foreshadowed the wounding of His body on Friday morning. Why was His body pierced and wounded? It was broken for you, broken for me. Broken for each one personally, as if each person were the only one in the world who needed to be saved. The broken body of our Lord was taken down from the cross and buried, and the sepulchre made secure. But in less than three days there was a broken seal, an open tomb — once more, broken for you, broken for me. The Christ who died came to life, never to die again. He is broken for you and for me to share with others. Let us take Him with us wherever we go: take Him to broken hearts, to broken homes, to broken nations, to persons of every race. PRAYER Eternal Father, Thou didst stretch forth in love Thy almighty hand to give us Thy divine help. We thank Thee for Christ, who willingly and with purpose sacrificed Himself for our redemption. Deepen our concern for others that all men may find salvation and peace in Him. In His name. Amen.

THOUGHT FOR THE DAY  
Slain for the healing of the nations, the broken Christ can save this broken world.  
Sydenham R. Lindsay (Quebec).

### Study of Schools Is Nearing End

The Lynn county unit of the Hale Aiker study on school problems concluded its general meetings here this week. Sub-committee reports and recommendations were made and adopted by the entire unit.

On April 14, sub-committee chairmen, school superintendents, Mrs. Ruth Jolly, county chairman, and Mrs. Billy Hancock, county secretary, will compile the recommendations and make the final report to the State Committee of 24.

Although the full report is expected to be made public locally in the near future some of the highlights follow:

In the school program, recommendations were made for higher standards to be set throughout the schools with 20 credits required for high school graduation, more adequate supplies, textbooks, visual aids, etc., and more elective subjects in some schools. Proposal was made to increase the school year for "weak" students an additional month or six weeks with extra salary provided for those who teach them. In addition, the sub-committee asked greater stress on driver education, the department to be treated in the same manner as vocational departments. Frank Hill served as chairman of the sub-committee.

The teacher supply sub-committee, headed by Elmer Blankenship of Wilson, asks for 20 additional teachers in the county to carry on the present program, and a minimum salary of \$4800 for teachers. A changed study course was recommended for college students planning to become teachers where they will receive more subject matter in courses to be taught on the high school and elementary levels, rather than those courses that actually do not help in the classroom.

The additional teachers are needed in Lynn county to take care of increased enrollment and changes in the school program.

The school construction sub-committee recommended a total of

### More Fishermen Report Good Luck

Fishermen too numerous to mention have been migrating from Lynn county to the lakes the past few days, and all have been reporting success.

Several parties have been to Buchanan Lake, and Clyde Thomas, Les Miller, and Clint Sikes reported big catches of crappie. Clyde claims Clint hooked a one-pound white bass but couldn't land him.

Bob Littlepage, Paul McDonald, and Herb Stalcup are said to have caught more fish than they ever before caught on hooks. Robert Draper and Mr. Warren were also fishing at the lake, and John and Norma Thomas left Wednesday to try their luck there.

### RELATIVE IS INJURED IN MINE ACCIDENT

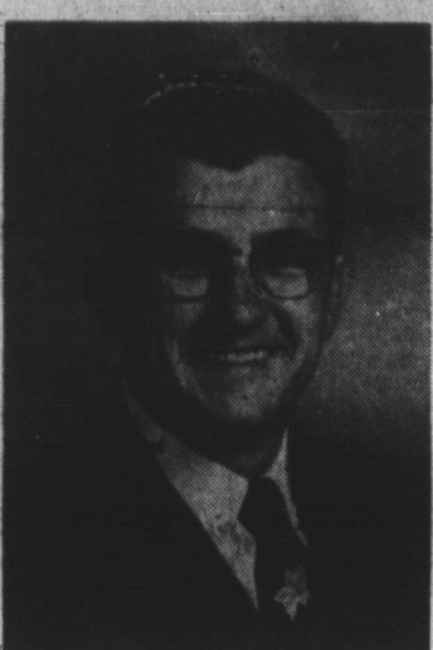

Don Mack Mathis, 24, of Carlsbad, N. M., was seriously injured early Wednesday morning when he fell under a moving loading car at the potash mine, where he works. He received a broken pelvic, broken ankle, and severe flesh burns from being struck by the car.

He is the son of Mrs. Tommie Mathis of Carlsbad and a grandson of Mr. and Mrs. G. R. Milliken of Tahoka. Mrs. Milliken and Mrs. Garland Pennington went to his bedside Wednesday and were to return Thursday.

Mr. and Mrs. Mitchell Moore of California, are here visiting her uncle, Mr. and Mrs. D. W. Gagnat, and cousin, Mrs. Charles Verwer, and family.

20 additional classrooms by next year and 30 others by 1963, bringing the total of 50 in the next five years. This need is also caused by the same reasons as those for additional teachers. Headed by J. P. Hewitt of Wilson, the committee also asked for a state sales tax on selective items and a redistribution of tax money from natural resources.

The finance committee, the only one that did not report at the meeting, will submit its complete data at the April 14 meeting, which will be held at 8:00 a. m. in the county court room in Tahoka.

JOE A. WEBB, New Pastor of Sweet Street Baptist.

### City Election . . .

(Cont'd. from Page 1) continue their plans. He said that the actual construction will probably begin in June if work continues at the present pace.

As soon as a grant is provided by the Federal government for the purpose of purchasing building sites, work will begin securing blocks on which the units will be built. Selection of the sites will be made by the local Housing Authority composed of Maurice Bray, chairman, J. E. Reasonover, Charles Verner, Dean Taylor and Harold Green.

In instances where utilities do not exist, they will be extended to the sites. These include sewer lines, electricity, gas and water. Possibly 10 units will be built on each site in the white, Colored and Latin American sections of town.

They will be constructed of sturdy material designed to last at least 40 years, the length of time allowed on the bonds, which will be sold by the Public Housing Administration and paid off by rental income.

The local Authority will supervise the renting of the units and the eviction of tenants who do not pay their rent or damage property. Rental fee will be 20 percent of a family's income.

### Ground Observers Meeting Tonight

The Ground Observer Corp in Tahoka will hold a meeting Friday, April 4, at 7:30 p. m. in the American Legion Hall for the purpose of discussing the last practice alert and to recruit new members.

The local corp has eight members at this time including Ronald Roberts, supervisor, Leighton Roddy, John Ed Redwine, Falcon McAllister, Harvey Pyburn, Terry Spears, Lowell Bryan, and Audrey McKee.

Eligible to become members are high school boys and girls or adults. The volunteers are on duty about once each month at the high school building, which is the local observer station.

Duty of the observers is to report airplane and weather condi-

### Standing . . .

(Cont'd. From Front Page) supply is practically depleted, as is to be expected this time of year. However, it has been boosted several times during the year by our Wilson friends and neighbors from other nearby communities. The most recent contribution from Wilson was brought in by Arthur Hagens. Tahoka appreciates your good will.

Out of five of Lubbock's officials elected Tuesday, three are formerly of Tahoka or "connected" in some way. The new mayor, Lennis Baker, married a Tahoka girl, a daughter of W. A. Warren. Homer Maxey, as you know, is a former Tahokan and was chosen a City Commissioner. Actually, he entered his first business venture here.

City Commissioner Vernon Thompson is also a former citizen here. He graduated from Tahoka High School about 1934.

Eat, drink, and be merry, for tomorrow ye diet. —Wm. Beymer

Even though Eisenhower has signed a bill providing more money for housing construction through Veterans Administrations and FHA, Tahoka may never see any of it.

There have been some rumblings of a few hopeful rays of light in this regard, but so far there's nothing definite. The Chamber of Commerce is looking into a home and building association and this could be a solution.

Another solution could be some building a group of homes to be sold—but finding an interested party is another problem.

In spite of all our bragging, the weather finally caught up with us. March was sandless, but we'll never be able to say that about April.

"Christ has no body now on earth but yours,  
No hands but yours,  
No feet but yours,  
Yours are the eyes through which is to look out Christ's compassion to the world.  
Yours are the feet with which He is to go about doing good.  
And yours are the hands with which He is to bless us now."  
—St. Teresa

### DUNN AT FT. CARSON

Fort Carson, Colo.—Army Pvt. Leonard W. Dunn, 23, son of Mr. and Mrs. Luther L. Dunn, Route 2, O'Donnell, Texas, recently completed eight weeks of basic combat training with the 39th Infantry at Fort Carson, Colo.

Lynn Browning, who recently underwent surgery, was released from the hospital Sunday.

Roberts said. The local corp at this time does not have a chief observer, in which capacity Charles Whitfield served before moving to Lubbock.

### Storm . . .

(Cont'd. from Page 1) a grain bin had been overturned as the tornado passed just east of his home.

The funnel evidently lifted as it passed a house occupied by some Mexicans, but dipped down again at the E. R. Blakney home, three miles north and a mile and a quarter west of New Home.

Mrs. Blakney saw the funnel approaching, but by the time she got an ill child out of bed the storm had passed by, but had smashed four cotton trailers and done minor damage to outbuildings.

The funnel had also been sighted by farmers in Terry county before it reached the northwest section of Lynn.

Hard rain showers, accompanied by hail in many places, pelted the remainder of the county but little damage resulted.

Downtown Tahoka received a very heavy rain and hail for a few minutes.

In northwest Tahoka, where the U. S. Weather Bureau gauge is kept, the moisture measured .36 inch.

The moisture brought the March total to 2.48 inches, exceeded only by the 2.71 inch record set in 1941. However, whereas the March, 1941, rains came in heavy downpours, the rains this March fell on a total of 17 days of the month.

The March rains brought the total for the first three months of the year to 4.52 inches, also a near-record.

Unusual is the fact that not one sandstorm visited the county in March, and only two or three blows had come in January and February that could be classed as sandstorms. On Wednesday, April 2,

however, a sandstorm blew in, and Thursday morning offered prospects of another one, as wind was out of the west.

News want ads get results.

Randy Wright, three month old son of Mr. and Mrs. Deane Wright has been treated in Tahoka Hospital for pneumonia since Monday. He was expected to be released by Thursday.

# Homemaker News...

By Laura Bowman  
Home Demonstration Agent

The tornado which dipped into the northwest part of Lynn County last Friday afternoon made many of us rehash in our minds last spring's storms. Many of us had never realized the value of a safe place just as we never miss the water until the well runs dry. Tahoka is fortunate to not have been a duplicate of Silverton. If you were to see the destructive, black funnel of a tornado rushing directly toward your home, where would you and your family go for protection and safety?

Construct a storm cellar before a tornado strikes to remind you that you need one. Our neighbors, the O. C. Sikes, have been building a cellar which is just about completed. They are prepared for a disaster although we hope to never have another spring like last year's.

Instructions on constructing a satisfactory storm cellar plus other information such as other uses for the cellar, is contained in a Texas Agricultural Extension Service leaflet, L-388, "The Disaster Cellar." It may be obtained from local extension offices or the Agricultural Information Office, College Station Texas.

Eggs are a low-cost protein food at the present. Here is a recipe using eggs as a main-dish which will help hold that grocery bill at budget level.

### Escalloped Eggs Deluxe

8 hard cooked eggs, 1 cup cooked peas, 6 tablespoons butter, 2 tablespoons flour, 1 1/4 cups milk, 4 eggs, 1/2 teaspoon salt, 1/4 teaspoon pepper.

Prepare a sauce using 4 tablespoons of the butter, flour, milk, salt and pepper. Butter baking dish and arrange peas in a layer on the bottom of the pan (6 cup size) with the sliced hard-cooked eggs on top. Season each. Beat 4 eggs slightly. Add sauce to eggs slowly, stirring constantly. Pour over the eggs and peas. Bake in a slow oven, 350 degrees F. until firm, about 40 or 50 minutes. Let stand in the pan for several minutes before unmolding. Garnish and serve hot with or without sauce.

After the response to last week's column concerning cleaning varnished surfaces, I am including how to revive old shellac finishes for this week.

If your shellacked furniture is foggy, faded or scratched, you can

## Reduce Delinquency

**MORE SEVERE PUNISHMENT?**  
(A distinguished Texas judge offers pointers on combating our rapidly increasing juvenile delinquency problem.)  
By JUDGE SARAH T. HUGHES

In the face of shocking crimes and a wave of vandalism throughout the country, the cry has gone up for tougher laws to punish teen-age delinquents.

But treating young offenders like criminals isn't the answer. It has been tried before and it has failed.

Looking Backward  
Less than 150 years ago all children over 7 were held responsible for their crimes. Severe punishment, or more aptly, retaliation, was the established pattern for a good many centuries.

As late as 1814 three boys in England, aged 8, 9, and 11, were hanged for the theft of a pair of shoes.

Classifying youngsters as criminals and imprisoning them does not do anything except complete their education as criminals.

They Liked the Attention  
A royal commission in England found that far more youngsters officially whipped became repeaters than those who had not been. The whippings made them "heroes" to their friends.

Those who have studied the causes of delinquency and worked with teen-age offenders recommend probation in the child's home whenever possible—supervision, in other words.

Otherwise, the youngsters should be put in an institution where there will be a program of education and rehabilitation.

And the younger and/or lesser offenders must be separated from the hardened repeaters, so that the contagion of badness does not result.

revive the finish with paraffin oil and white shellac.

Remove any wax from the surface with gum turpentine and a coarse cloth.

Mix together 2 parts of paraffin oil (available at filling stations and drug stores) and 1 part with shellac. Be sure that shellac is fresh.

Apply with a coarse cloth is usually adequate. However, on neglected pieces use 3-0 steel wool and rub gently with the grain, protecting with masking or adhesive tape sections where the grain runs in another direction. Wipe surface with a dry cloth.

Mix only enough to use. Do not attempt to store shellac or a mixture with a shellac in it. Old shellac remains sticky and will not dry.

Protect those dollars invested in the family wardrobe. Extension clothing specialists remind us that proper care will keep garments looking better longer.

Proper care, according to the specialists, means that certain things must be done daily; others need to be done occasionally, and still others at a change of seasons, such as we now have coming up.

Knowing the right care to give new fabrics, as well as the old standbys such as cotton, silk and wool, is necessary to do a good job.

"Facts About Clothing Care," a bulletin written by extension clothing specialists tells how to do the daily job and the seasonal job of caring for your family's clothing.

Get a copy from the county agent's office.

Have news? Phone 35.

REV. LOUIS RAGAINS

## Missionaries At Grassland Church

Rev. Louis Ragains will be at the Grassland Church of the Nazarene Easter Sunday night at 7:15 p. m. April 6th. Everyone is cordially invited. Marshall Stewart, the pastor, states.

Rev. and Mrs. Louis Ragains and family, missionaries to the Church of the Nazarene in Nicaragua, have recently returned to the United States for their second furlough.

Mr. Ragains has served in various capacities while in Nicaragua. He has been director of day school, assistant treasurer, pastor, and director of the Bible School at different times during his nine years of missionary service.

Prior to going to Nicaragua, Mr. Ragains studied Agriculture at the University of Arizona, in 1937, and graduated from Pasadena Nazarene College in 1944 with an A. B. in History and an M. A. in Religion. He also pastored the Church of the Nazarene at Coeur d'Alene, Idaho for two years.

Mr. Ragains will be engaged in deputation work during his year in the States. He will relate his experiences in Nicaragua as a missionary and will show colored slides of the country and the work wherever requested.

## Summary Given On Amendments To Appear On Ballot Next November

In the general election next November Texas citizens will vote on nine proposed changes in the State Constitution. Below, in brief, are the proposed amendments:

H. J. R. No. 1. Provides for annual Sessions of the Legislature, changing the compensation, per diem and travel expense of the Members of the Legislature; authorizing temporary residence of the Lieutenant Governor and Speaker of the House in the Capital.

S. J. R. No. 6 Authorizes each county to establish, after approval by its voters, a retirement, disability, and death compensation fund covering the elective officers of the county or precinct, as well as the appointive officers and employees of the county or precinct.

H. J. R. No. 30. Provides that vacancies in the office of County Judge and Justices of the Peace shall be filled by the Commissioners Court until the next General Election.

H. J. R. No. 31. Provides that any District, County, or Precinct

rene. College in 1944 with an A. B. in History and an M. A. in Religion. He also pastored the Church of the Nazarene at Coeur d'Alene, Idaho for two years.

Mr. Ragains will be engaged in deputation work during his year in the States. He will relate his experiences in Nicaragua as a missionary and will show colored slides of the country and the work wherever requested.

## ERROR IN FINE

Justice of the Peace C. A. Clem calls attention to an error in last week's News. He says Eliseo Olubares, Lubbock, charged with illegal transportation of liquor, was also fined \$37.50 instead of \$27.50 for speeding.

Gossip: saying nothing in a way that leaves nothing unsaid.

incorporated limits to the City of Amarillo, Texas, and a county wide Hospital District in Wichita County, Texas, and Hospital Districts in Jefferson County, Texas.

## CARD OF THANKS

May I extend my sincere thanks to the fine people who sent flowers, get well cards and notes, the man who replaced blood in the blood bank, and extended other courtesies to me while I was in the hospital. You have my eternal thanks, love and esteem. May God bless each of you.—Mrs. Buford Ater.

Neise Robinson, local water well drilling contractor, underwent a gallbladder operation in a Lamesa hospital Saturday.

3 big reasons why you won't want to miss...

**CHEVY'S APRIL SALES SPECTACULAR!**

1 SPECTACULAR STYLE—Proved by leading designers of women's fashions!

The smartest look on the road! That's Chevrolet, and proved, too. For its sculptured elegance, its gracefully sweeping lines captured the imagination of world-famous designers, inspired a fabulous collection of women's fashions.

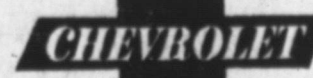

2 SPECTACULAR PERFORMANCE—Chevy proved it on a round-trip run over the Andes!

Across South America and back again in less than 42 hours! Chevy went all the way with the hood sealed shut, without a drop of water or oil added, to prove its stamina and performance. The Automobile Club of Argentina certified the results.

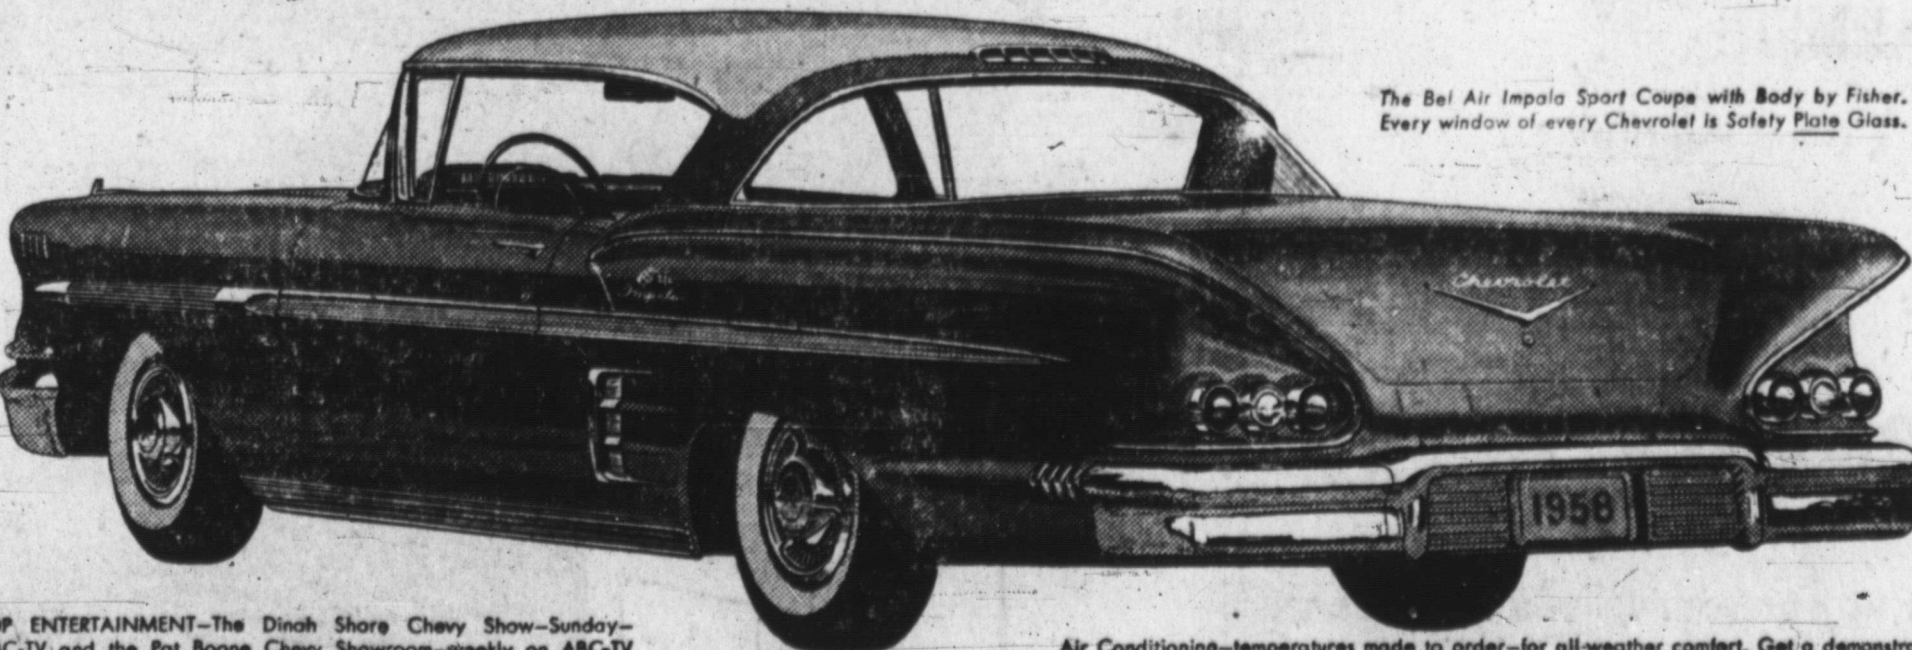

3 SPECTACULAR VALUE—Your Chevrolet dealer's ready right now to prove it!

He'll show you that Chevy's the only completely new car in its field—with an all-new Body by Fisher, an all-new build and a choice of two new rides. Yet prices begin right at the bottom of the ladder. Better see your dealer during his big April Sales Spectacular!

You'll get the best buy on the best seller!

The Bel Air Impala Sport Coupe with Body by Fisher. Every window of every Chevrolet is Safety Plate Glass.

TOP ENTERTAINMENT—The Dinah Shore Chevy Show—Sunday—NBC-TV and the Pat Boone Chevy Showroom—weekly on ABC-TV

Air Conditioning—temperatures made to order—for all-weather comfort. Get a demonstration!

# Odds and Ends

(By E. I. The Elder)

Our contribution to this Column last week brought us down to the time when Mingie was ready to enter College. She went to college at Tallahassee—"coming along right behind me," as she had once promised Veanie, and others. Veanie says that at home, where she was working while Mingie was attending college, she had begun keeping company with a young man named John Sama. They had known each other intimately from childhood, but for five years he had been far away, as far as Hawaii. But now he was back for a visit with his parents, after which he expected to settle permanently in Los Angeles, where he had a good job. He asked Veanie to marry him and she accepted the proposal. When she introduced

him to "Miss Rossie," she liked him and highly approved their proposed marriage.

Since the wedding when consummated meant that Veanie was to leave Florida permanently with little prospect for the return of the youthful couple, at any time soon and maybe never, the separation of Veanie from her white friend and benefactor was proving to be a very sorrowful one, typical of the friendship that often existed between the master and the slave before the war. The separation of Veanie and Miss Rossie was really pathetic.

Soon after John and Veanie reached their destination in California, Veanie procured a teaching job in a public school. The inference from her story is that the school consisted of only colored students, but that is not clearly stated. Then Mingie came to California, bringing her boys with her, Veanie writes. She had finished three years of college, taking elementary class-room teaching, as I had. But now she decided to change; she was going to be a nurse.

Upon completing her training, Mingie was placed in one of the City's largest hospitals. . . . Often we talked about Mrs. Rossie, Mingie and I. How we missed her! We would see her soon, we kept saying to each other. . . . The years went by. . . . In Florida, Edie married, in California, Mingie's Teddy and then Tim. In Florida, Sonny Boy married; in California, Mingie married again.

And then a Telegram from Florida! . . . From Mr. Lee! "Mrs. Lee is very ill; can you come!"

Our slowing train screeched to a stop and began to back around the weed-fringed curve to the station. It was dark, but as I sat on the edge of my seat, peering out,

the surroundings were familiar. There had been little change since I left.

In spite of years in Los Angeles, I did not attempt to engage any of the white cabmen who were waiting by the wooded platform. I looked for a colored taxi-driver and gave him the address.

"You sure, lady?" he asked. "That's up in the white section."

"Yes, that's where I want to go, please."

Royal Palm Avenue seemed un-peaceably quiet and lonely, although what had been vacant plots were now occupied by homes, and windows were glowing in the night. How many times had Mingie and I walked that street, to and from Mrs. Lee's! How many times we had sought that special heaven!

. . . I stood for a moment before the house. The garden was luminous in the soft, sweet light of the full summer moon. How the palm trees bordering the walk had grown! I mounted the steps and tapped softly on the familiar door.

There, suddenly, was Mr. Lee. He was not the same Mr. Lee that I remembered. His face was pale and worn; his eyes, always so cheerful and gay, were desperately sad. His hair was now nearly pure white. He gave me his hand, and I searched his face for some answer to my question. His tone was low and hoarse; "She won't know you, Veanie, she has been in a coma since yesterday."

He led me into the bedroom. The scent of roses filled the air from vases on the dressing table. Beneath my feet was the familiar feel of deep-napped carpet. The nurse moved aside and my eyes settled upon the bed. There was a faint rise and fall of the blue bed jacket, but the still face showed no awareness of my presence. There was weariness upon it, and the soft brown hair was white now as the temple. Somehow, she seemed more girl-like than I had ever seen her, and more beautiful. . . . I bowed my head in prayer. . . . When I opened my eyes, I saw, among the vases on Miss Rossie's dressing table, neat stacks of letters, tied with ribbons bleached by time, Mingie's letters and mine. I looked up at Mr. Lee, and he nodded. He stepped away a little, and I followed him. He told me about the letters. He had not known that she had kept them until a few days before.

There was a slight stir in the bed. The throat rippled a little; the eyelids opened but closed between her fingers, the nurse glanced at Mr. Lee. Then she placed the soft, limp arm on the sheet—and waited.

There was the glow of a tender smile, a faint expulsion of breath. The pillow sank a little. As sweetly as Miss Rossie had lived, she went to rest.—The End.

In Great Britain 45 persons lose their lives every day from accidents—24 of them from accidents in the home, government statistics show.

## Everyday Religion

By J. B. Thompson

Spring is in the air. You can hear it! Birds are singing their hearts out in a glorious cantata of joy. Long closed shutters are flung open and the hum of renewed life is wafted through fluttering curtains on spring's murmuring breezes. Carefree children play noisy games in the freedom of the sweet outdoor world.

You can see it! Wild flowers paint the prairies with the touch of an artist's brush. Winter stripped trees hang out their lacy banners of delicate green. Lilacs bombard the scenes with a riot of beauty and fragrance. Bare fruit trees bedeck themselves more charmingly than a June bride. Mother Nature rolls out her carpets of green across lawns and meadows. Bluebonnets, like little patches of fallen sky, adorn the green hillsides. Verdant life is bursting in beauty across the awakening world.

You can feel it! New life throbs all around. Dormant energies stir within and restless spirits yield to the call of high adventure. James Russell Lowell said that: "Every Soul feels a stir of might, An instinct within that reaches and towers."

## Post Unveiling This Saturday

Post—A chartered bus tour of the Post and Loveland area by Mrs. Merriweather Post and her party of approximately 30 persons will precede the unveiling here Saturday of a life-sized statue of C. W. Post.

Mrs. Post and her party will arrive in Lubbock by airliner Thursday afternoon. The bus tour of Post-Montgomery holdings in the area is set for Friday.

Unveiling of the statue on the Garza County courthouse lawn will be at 1:30 o'clock Saturday afternoon. A free show by television stars Danny Thomas and Spring Byington in the grade school auditorium will follow.

The principal address at the statue unveiling will be by Mayor James L. Minor of Post. Also on the program will be the Wayland College International Choir and the Post High School band. Special guests at the ceremony will include Mayor Russell V. Worgess of Battle Creek, Mich., and Mrs. Worgess.

The principle of progression has made our tax system into the machine without brakes. In 1913 surtax progressed to a top rate of six percent. Today the top is a fantastic 91 percent.

## WASHINGTON AND "SMALL BUSINESS"

Washington is becoming concerned in some quarters in fairly well authenticated reports that Big Business is not offering college graduates the bonanza deals that have been the practice in the past.

This fact, more than perhaps anything else, is taken as a sure sign of an end of an era when Big Brother would take care of everything.

Thus, there is great concern now whether or not independent business is in a position to take up the employment needs of college graduates, now that the big corporations are curtailing.

With unemployment reaching new postwar highs, and some authorities expecting it to reach at least 5,000,000, job opportunities for the youthful, but ambitious inexperienced is taking on the dimensions of a grave problem.

Many legislators remember the 1929 crash that was brought about by unlimited mergers, and building of monopolies at the expense of the development of independent enterprise.

Then, as now, the most highly mentally trained of the nation's youth were restricted in their opportunities for employment. And thus in short order, they became the leading supporters of that new political trend that swept the nation which in time was called the New Deal.

It was also the disillusioned young people of Germany who turned to Hitler in a Germany where giant cartels had stamped out free enterprise.

For years one of the cardinal

points of the National Federation of Independent Business has been that for the American economy to expand, there must be opportunity for independent business to expand, and artificial risks connected with launching new enterprises must be removed.

Not a small part of these risks is an unrealistic tax set-up whereby small business cannot keep sufficient of earnings, when it starts to make earnings, to apply on paying off debts entered into for capital investments, to provide for expansion.

Of late, this problem has been aggravated by the increased interest rates imposed on borrowers of capital. Yet, as evidenced by a recent nationwide poll of the membership of the Federation, the majority of the nation's independent businessmen do not feel cheap money is the answer to the problem.

Rather, the roots are much deeper. Unchecked monopolistic practices by the huge corporations, plus the unreality of tax applications to small business, are cited as the major causes which militate against the starting of sufficient numbers of new independent enterprises needed to keep pace with the nation's population growth.

And not an inconsiderable slackening in employment opportunities for youth has been caused by rash mergers.

Many of these mergers affected independent firms where it had long been felt that the sons would join dad in the business.

However, when due to inequitable tax formulas, and pressures exerted by violations of the anti-trust laws, dad had to accept a merger offer to survive, sons had been eliminated from consideration. You can expect to hear much more about the employment problem of youth.

C. W. Hardesty

## Crankcase Crisis!

It seems this nice old lady drove into a Phillips 66 Station to fill up with Flite-Fuel. When the attendant checked the dipstick, he found she had only about a quart of oil left in her car. When he pointed this out, she replied: "Fine... as soon as I use that up, I'll put in some more!"

Of course the Phillips Dealer explained that she needed five quarts of oil for adequate lubrication!

Now that spring is here, it's time to think about the oil in your crankcase. If you are still using "winter grade" oil, it's time to change it. But why use two, when one will do? Better switch to Phillips 66 Trop-Artic\* which gives you the effects of 10w, 20 and 30 grade oils. Compared to old-fashioned oils Trop-Artic Motor Oil can actually double engine life. Drive in today for your spring change-over. \*A trademark

M. April 16, 1958, and then publicly opened and read.

This is a "Public Work" project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and Bill No. 115 of the 44th Legislature of the State of Texas and as much is subject to the provision of said House Bills. No provisions herein are intended to be in conflict with the provisions of said acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workmen or mechanic needed to except the work on above named project, now prevailing in the locality in which the work is to be performed and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of H. Bruce Bryan, Resident Engineer Lubbock, Texas, and Texas Highway Department, Austin. Usual rights reserved. 26-21c

## Charles Townes Rotary Speaker

One of the program highlights of the year was presented at Tahoka Rotary Thursday noon of last week by Charles Townes, assistant postmaster.

He had been assigned to subject, "Idiosyncrasies of Postoffice Patrons, or From the Inside Looking Out." Charley proceeded to make one of his characteristically humorous talks in which he mixed some sage comment and observations in with a lot of funny stories about happenings at the local post office.

He complimented the public on their fine response to requests for getting out their Christmas mail early and the proper stamping of Christmas cards. He also explained some of the difficulties in getting mail improperly addressed to the intended receiver.

One of the biggest "gripes" of the postal force, he said, is the thoughtless patron who drives up in a \$4,000 automobile two or three times a day to mail one letter each trip for which he buys

one three cent stamp each time he comes in. He hinted the patrons could save themselves time in the buying large quantities of stamps.

His humorous stories kept his audience laughing most of the time.

Hubert Eudy, who with Wynne Collier arranged the program, introduced the speaker.

Junior Rotarians for the month, Steve Riddle and John Drafer,

were introduced, respectively, by Johnny Reasonover and Eddie Bowman.

## ATTEND MEDICAL MEETING

Dr. and Mrs. Emil Prohl last week attended the American Academy of General Practice along with 3,600 other physicians from over the nation, the meeting being held in Dallas Monday through Thursday.

## HOW MANY OF THESE MUSTS WILL YOUR NEXT WAGON HAVE?

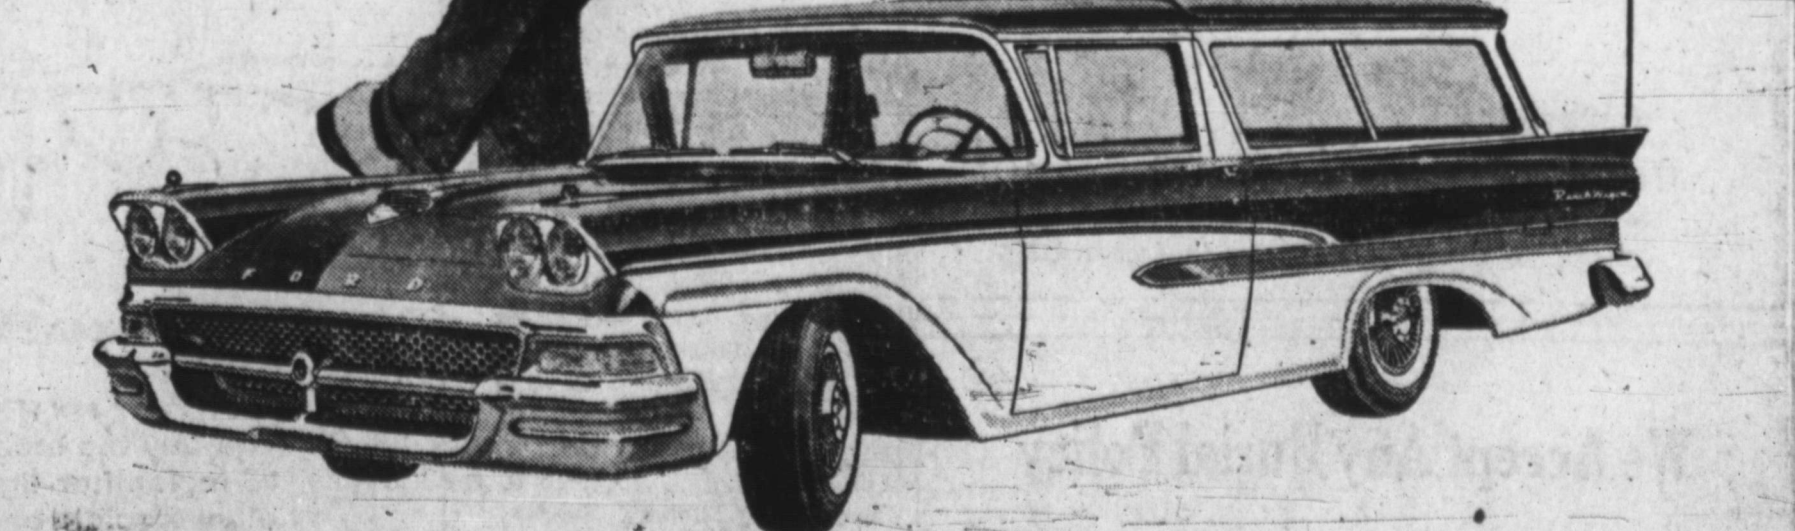

LOOK FOR TENNESSEE ERNIE FORD STAR OF THE FORD SHOW ON TV EVERY THURSDAY NIGHT

- 1. STYLING THAT WILL STAY IN STYLE**  
Ford Station Wagon styling is Thunderbird-inspired. So you know it's going to be in style for a long time to come. And Ford offers you six different body styles to choose from.
- 2. ALL-NEW V-8 ENGINE**  
The Ford V-8 power is all-Thunderbird, too... with new Precision Fuel Injection that pays off in still better gas mileage. And it can be yours in all Fords (including the lowest-priced wagon of the low-price three).
- 3. MOST MODERN "SIX"**  
The Ford Mileage Maker Six is the most modern and most economical Six in its field. It's the 1958 version of the engine that scored most miles per gallon in last year's Mobilgas Economy Run.
- 4. SINGLE-CONTROL LIFTGATE**  
Loading and unloading is a cinch with Ford's single-control latch. Just a flick of the wrist and both lift-gate and tailgate open. You can close both gates with one hand, too.
- 5. GENUINE FOAM-RUBBER CUSHIONS IN FRONT SEATS OF ALL MODELS**  
Only Ford wagons offer you the added luxury of genuine foam-rubber front seat cushioning in every model. And all Ford wagon seats are scientifically contoured over non-sag springs for greater riding comfort.
- 6. LOWEST PRICE POSSIBLE**  
Because Ford sells really half again as many station wagons as its nearest competitor, Ford can sell these fine wagons at half the list-car price.
- 7. TRADITIONALLY MOST WANTED AT RESALE TIME**  
Ford Station Wagons, dollar for dollar, have traditionally commanded top prices on the used car lots. Another reason why your investment in a Ford wagon holds up better.

WELL YOU GET 'EM ALL IN A FORD STATION WAGON... AND AN EXTRA-SPECIAL TRADE-IN ALLOWANCE TO BOOT... DURING

## FORD STATION WAGON LIVING DAYS
