STANDING ON THE CORNER

With P. J.

"The best funeral is a lot of hearts that miss hands that were busy with kind deeds." —Golden Gems.

Here are some rather startling statistics concerning the local schools and Tahoka's citizens.

Operating of the Tahoka Independent Schools costs the average citizen of the district \$22.00 annually.

Yet, the one-pack-a-day smoker spends \$93.25 annually for cigarettes; the two-cups-a-day coffee drinker spends \$62.40 (12 cups weekly); the morning newspaper delivered to your door costs \$16.00 per annum; at seven cents per mile, one monthly trip to Lubbock costs \$50.50 per year; a weekly trip to the hairdresser costs \$100 annually; an annual seven-day vacation costs \$777; the annual per capita offering to your church is \$???

Mr. Western, the new theatre manager from Ralls, gave Charles McClellan a card that is often found on a parked car in that city. On it is printed:

"Thank for taking two parking spaces. I had to park TWO blocks away—You stupid, 'inconsiderate moron.'
Pretty good idea, don't you think?"

"I've never met a person, I don't care what his condition, in whom I could not see possibilities. I don't care how much a man may consider himself a failure, I believe in him, for he can change the thing that is wrong in his life anytime he is prepared and ready to do it. Whenever he develops the desire, he can take away from his life the thing that is defeating it. The capacity for reformation and change lies within." Dr. Preston Bradley.

Milton Uzzle, city secretary, furnished us with more cellar information this week. There are a total of 162 storm cellars in Tahoka city limits, not including basements, or the 11 cellars now under construction. Of this number it is not known how many were built during the past year.

You will notice in this issue that a proposal has been made to the citizens here to build a "community" storm and bomb shelter in Tahoka from something similar to a gounset hut submerged into the ground. The suggestion was made to place it near the schools. (Cont'd. on Back Page.)

D. A. Kirkland Dies Tuesday

David A. Kirkland, 82, of Tahoka died Tuesday at 9:12 a. m. at his home following a long illness.

Funeral services were held at Tahoka Church of Christ at 4:00 p. m. Wednesday with Leroy Cowan, minister, officiating. Burial was in Tahoka Cemetery under the direction of Stanley Funeral Home. Nephews served as pallbearers.

Kirkland was born Feb. 28, 1876 in Erath county. He was married to Mary Crabtree Oct. 19, 1898 at Whitney and the couple moved to Lynn county in 1916 from Stonewall county. He was a member of the Church of Christ and was a retired farmer. The Kirklands moved to Tahoka several years ago.

Survivors include his wife; six daughters, Mrs. Pat McKibben and Mrs. J. A. Melton, both of O'Donnell; Mrs. G. C. Maness of Corpus Christi, Mrs. J. G. Northam of Meadow, Mrs. Marvin Ellis of Earth, Mrs. R. K. Curtis of Lubbock; two sons, Cecil Kirkland of Seagraves and Gordon Kirkland of Lubbock; two sisters, Mrs. Nanny Tippens of Arizona and Mrs. Jennie Woods of Lamesa; one brother Ira Kirkland of Waco; 36 grandchildren and 47 great grandchildren.

More Planting Moisture Falls

Two "rainy spells" the past week brought a total of 1.25 inches of moisture to Tahoka, bringing the year's total to 5.77 inches, up to noon Thursday.

Mist and showers Saturday and Sunday totaled .78 inch in Tahoka, and more showers and mist Thursday morning brought another .47 inch, according to the Weather Bureau gauge kept by The News.

Some areas, especially north and west of Tahoka, received heavier fall, some farmers reporting up to a total of two inches or more. The moisture replaced that lost by sandstorms the past two weeks.

Legion Hall Is Leased To City

City of Tahoka has leased the American Legion Hall for 99 years and plans some time in the future to repair and remodel the building for use as a community center.

The city hopes to improve the building, gradually and make it available to the public at a small charge for community meetings, Mel Leslie, a member of the City Council, told The News.

The Legion, inactive some time, does not have sufficient finances coming in to maintain the building which has been deteriorating rapidly, states Jess Gurley, Marion C. Bradley post adjutant. As a result, the members recently voted to lease out the building to the City. C. W. Conway is the current commander of the post.

The City will also build some restrooms of tile and concrete at the City Park in South Tahoka.

Plans are also being made for patching chug-holes in the city's paved streets which have suffered much damage during the past wet fall and winter.

TB Patch Tests Will Be Given

Under a Tahoka school regulation, made compulsory this year by the school board, tuberculosis patch tests are being given to all Tahoka school students, according to the nurse, Mrs. Lillian McCord.

This week all students in the North Elementary School, housing fourth through seventh grade students, and all high school students received their patch tests.

Beginning Monday students in the first through third grades in South Elementary will receive their patch tests.

Earlier this year most first and sixth grade students received theirs with parents permission. Since that time the tests have been made compulsory and those missed in the first testing will be given them under the new program.

Following this year, however, all students will not receive the test each year, but only the first and sixth grade students, who are at the ages that the disease shows up more prominently, Mrs. McCord said.

Tahoka Wins In Literary Events

Tahoka High School students came through in good style at the district meet held in Floydada Saturday in literary events.

James Adams won first place a number sense. Erwin Young won first place and Falcon McAllister second place in slide rule. In the shorthand division, Idalia Wood placed second and Sue Tomlinson fourth.

No report had been received on ready writing.

The first and second place winners qualified for the regional meet to be held Saturday in Lubbock, according to Floyd Tubb.

Mrs. George Short, a medical patient in Tahoka Hospital for about two weeks, is showing improvement.

WESLEY MICKEY, PREACHER Fort Worth, Texas

HORACE COFFMAN, SINGER Lubbock, Texas

Church of Christ Starts Meeting

Wesley Mickey, evangelist of Fort Worth, will be the principal speaker during the gospel meeting at the Tahoka Church of Christ April 20-27. However Leroy Cowan, local evangelist, will preach at the opening services on Sunday.

Mr. Mickey will begin his part of the meeting on Monday night and continue the rest of the time. Week day services will be held at 10:00 a. m. and 7:30 p. m. The Sunday services will begin with Bible classes for all ages at 10:00 a. m. followed by the regular worship service at 11:00 a. m. The Sunday evening service will begin at 7:00 p. m.

Mr. Mickey, who preaches regularly for the Meadowbrook Church in Fort Worth, is also well known in this area as he has preached in several meetings here before. The repeated invitation to return, speak well of his ability and the respect that the audiences have for him in a straightforward manner, yet with love.

Conducting the congregational singing will be Harce Coffman. He is one of the preachers of the Broadway Church of Christ in Lubbock and has served as song director and singing school teacher here in Tahoka before. He is also scheduled to teach in a singing school here in June.

Mr. Cowan announces that he will open the meeting Sunday by speaking on the subject, "Redeeming the Time." "Who Represented You at the Cross?" will be the Sunday night sermon.

The public is cordially invited.

Man Arrested On Liquor Charge

Arthur Villareal Aguirre, 29, of Lubbock, was fined \$250.00 and court costs in county court here Monday by Judge W. M. Mathis on a plea of guilty to illegally transporting liquor in Tahoka. He was still in jail Tuesday.

The man was arrested about 2:00 a. m. Sunday by City Policemen Jack Miller and Dwain McClintock and found to have a quantity of beer in his car.

Will Montgomery is showing some improvement at Tahoka Hospital where he has been a medical patient since Wednesday of last week. However, his condition is serious.

Cancer Drive Is Nearing Quota

Lynn county's drive for the American Cancer Society has raised \$1,110.95 of its goal of \$1,500, Mrs. Skiles Thomas, drive chairman said.

However, drives in Wilson, O'Donnell and New Home are not complete.

Of this amount raised, \$117.50 was collected from coffees in O'Donnell originated by Mrs. Ben Moore and Mrs. Noble Rumber, drive chairman of that city. Mrs. M. L. Murray of Wilson was in charge of coffees there that netted \$119.50.

A community-wide coffee in New Home, and drives in the business districts in Wilson and O'Donnell may possibly bring the contributions up to the goal for the county. If not, a house to house campaign in Tahoka will probably be conducted.

Tuesday morning from 9:00 to 11:30 a. m. the New Home Home Demonstration Club will sponsor a community coffee when every resident of the area is urged to attend at the Community Center. The event is in memory of Mrs. Graham George and all others of New Home who have been victims of cancer.

Pre-School Day Is Next Week

Pre-school Day at South Elementary School for children who will enter the first grade next September will be held next Friday, April 25, beginning at 8:30 a. m. and ending at 11:50 a. m. following the lunch hour, according to Principal J. B. Howell.

Parents must provide rides home for the children following their dismissal as no provisions are being made to keep children so that they may ride the buses. A parent is also requested to accompany a child on that day.

Registration will be held between 8:30 and 9:00 a. m. and children will be assigned to a teacher, although they will visit all first grade teachers' rooms during the morning, where different activities are being planned.

Parents will meet in the third grade activity room, where various problems and regulations will be explained and discussed. Both children and parents may eat lunch in the cafeteria for the regular price, 25 cents.

Mrs. D. B. English returned to Tahoka Sunday afternoon after spending several months in Seguin with her daughter, Mrs. Ed Bergseld. The two were accompanied to Tahoka by Mrs. Jessie Bouer. Also of Seguin, Mrs. Bergseld and Mrs. Bouer visited here for several days before returning home.

E. I. Hill, author of new book, "History of the First Baptist Church, 1903-1956," will be honored at church service here Sunday morning.

\$200,000 Bond Election For New Gym And Class Rooms

An election has been called in Tahoka School District for Saturday, May 3, on a proposal to issue \$200,000 in bonds for construction of a gymnasium, four classrooms, and remodeling of Dunbar, the Negro school.

Decision of the school board to call the election was prompted by insistence from the state that Tahoka district comply with standards more fully in its health and physical education program, Supt. Otis Spears said.

Tahoka at the present time has only one gymnasium, which is small and outmoded and which is used almost exclusively for basketball by High School teams.

The proposed new gymnasium would have a game floor 50 by 90

feet in size, but would convert into two practice courts. Permanent bleachers on one side and folding 975 people. The present gym playing floor is 40 by 83 feet, and the bleachers seat 600.

The building would also contain four large dressing rooms, coach's office, and foyer and concessions stand. With the location north of the present high school building, the dressing rooms would be convenient for football use, also.

Recent enrollment increases and the prospect of further increases next year and further in the future are putting the local school in desperate need for more classrooms.

The board proposes to add four class rooms to the east of South

Elementary School. These rooms were included in the original plans for the building but had to be cut out for lack of funds at the time this building was erected. Every classroom in the school is now being used, and some of them are badly crowded.

Dunbar school for Negroes will be remodeled and brought up to date. If Tahoka continues to operate this school, the board feels it must bring its building up to standard. However, operation of a full-time high school at Dunbar is prohibited by state law which requires a minimum of 12 teachers to operate such a school.

The board hopes there will be enough money in the bond issue, if (Cont'd. on Back Page.)

Athletic Banquet Tuesday Night

Polk Robinson, Texas Tech basketball coach, will be the principal speaker at the annual Athletic Banquet to be held here Tuesday night in the school cafeteria at 7:30 p. m.

The event, sponsored by the Tahoka Chamber of Commerce, will honor all Tahoka High School athletes, both boys and girls, who have participated in sports this year.

Tickets are on sale at \$2.00 each and are available to fans, parents, and any others who wish to attend.

Coach Robinson is well known for his coaching ability in the area, as well as the Southwest Conference. He is also head football scout for Texas Tech.

Orientation Day At Wilson April 25

An orientation program for next year's first grade students will be held Friday, April 25, at the Wilson schools, according to Principal Bill Vardeman.

Parents are asked to bring their children at 9:00 a. m. to the school and to return for them at 12:30. Each child is required to bring 25 cents for lunch, as well as a pencil, tablet and erayolas.

The program is not compulsory, but will be of great benefit to the child when he starts to school next year, Vardeman said.

Baptists Will Honor E. I. Hill

Members of the First Baptist Church of Tahoka on Sunday morning at its worship service will honor E. I. Hill, senior deacon, a leader in the church for 34 years, and recent author of the book, "History of the First Baptist Church of Tahoka, 1903-1956," according to the pastor, Rev. W. A. Brooks. The 195-page book just off the press will be presented to members of the church at the service, and tribute will be paid Mr. and Mrs. Hill for the work that has been done in compiling and publishing the history, Rev Brooks said.

"Every member of the church and visitors are invited to attend this service in honor of this Christian man and wonderful citizen of Tahoka," the pastor stated.

The book is interestingly written, and contains much history of the town as well as history of the church, its struggles and successes, its pastors and membership.

Information for the book is taken from interviews with pioneer members, past pastors, and from memories of the author, but much of the information was gleaned from files of The News which date back to October, 1903.

The author was assisted by H. P. Caveness and E. J. Cooper in compiling much of the data.

New Man Added To Police Force

Dwain McClintock has been appointed a temporary city policeman and went on the job last week, Jack Miller, acting chief, announced. Dwain is a native of Lynn county.

Miller was employed by the City last fall, and for the past few weeks has been acting as chief. He also has lived here most or all of his life. Both young men are Tahoka High graduates and are personable young men.

Bake Sale Set For This Saturday

The Tahoka Jaycee-Ettee will sponsor a bake sale this Saturday at D & H Super Market, according to the president, Mrs. Kathy Dorman.

Cakes, pies, candy and cookies will be on sale all day.

Score Board At School Planned

Plans for erection of an electric scoreboard costing \$1,500 to \$2,000 on the Tahoka football field were made at a recent meeting of Tahoka Chamber of Commerce directors.

A campaign will be started soon to raise funds for the project, and football fans and business institutions will be asked to help.

Among the projects discussed included: Removal or rebuilding the road signs at the north and east approaches to Tahoka.

The proposed four-lane divided highway through Tahoka and possible location for a large modern motel on it when completed.

The proposed \$200,000 school bond issue to build more classrooms and a modern gymnasium.

Means of increasing the C. of C. membership from approximately 70 present members to at least 100.

Better cooperation of merchants with the "anti-solicitations" agreement, along with a recommendation that merchants refrain from contributing to or buying from out-of-town solicitors unless they have received a letter approving their proposals from a secret C. of C. committee. When approached by such solicitors without an approval letter, they would be referred to C. of C. officers.

C. S. Wily Is Buried Here

C. S. Wily, 74, a former long-time citizen of Lynn county and a retired farmer, died Monday at Brownfield, where he has been living the past 12 years.

Funeral services were held at 2:00 p. m. Tuesday in the First Baptist Church of Brownfield with Rev. Boyd Pearce, pastor of Emmanuel Baptist Church of that city, officiating. Burial followed in Tahoka Cemetery.

Survivors include his wife; two daughters, Mrs. Ruby Huff of Muleshoe and Mrs. Carmen Clark of San Angelo; one son, Howard C. Wily of Tillamook, Oregon; two sisters, Mrs. Ida Kay of Stephenville and Mrs. Myrtice Hatchett of Seldon; one brother, Charley Wily of Seldon; 15 grandchildren, and 10 great grandchildren.

WOOL AND LAMB PROGRAM

The final date to apply for incentive payment on Wool or Unshorn Lambs sold between April 1, 1957 and March 31, 1958 is April 30, 1958.

Please bring your sales receipts to the County ASC Office to make application, Dee Green requests.

Mrs. Pete Hendrix remains about the same according to reports from Tahoka Hospital where she is a medical patient.

Society & Club News

Mrs. Nevill Gives Program At WMU

The W. M. U. of the First Baptist Church was attended by 20 women this week when Mrs. Everton Nevill presented the program, "Entering Wide Doors."

Mmes. John Roberts, Bill Brooks, Carl Williams, Truett Smith, Clyde Allen, J. C. Womack, and K. R. Durham discussed various subjects concerning missionaries, their qualifications, their call, preparations and the many needed foreign fields for mission work.

The stewardship chairman, Mrs. E. I. Hill, reported that \$330 had been taken for the Annie Armstrong offering which will be used for state missions.

The next meeting will begin the study of a new mission book, "The Long Bridge" by Phyllis Sapp, which discusses the Baptist work with the Negro race. Mrs. W. H. Kenley and Mrs. John Roberts will teach the book in their respective circles, the Ruth Staff and Walker circles. All ladies are invited to attend each Monday at 4:00 p. m.

Dolls Being Made By Petty Ladies

The Petty Hand-work Club met Thursday of last week in the home of Mrs. Jack Reynolds when members continued work on the clown dolls which were begun at the previous meeting, March 28.

The dolls are expected to be completed April 24 when the club meets with Mrs. H. C. Hodges at 2:00 p. m.

Mrs. George Hill was hostess at the March meeting when the dolls were begun by making yo-yo's of different colored material.

Secret pal gifts were exchanged and refreshments served at the last two meetings.

Wilson S. S. Class In Social Meeting

The Wilson Methodist Fellowship Class met for its regular monthly social at the home of Mr. and Mrs. Jim Coleman last Friday when business was discussed.

Attending were Mr. and Mrs. Sam Crowson and family, Mr. and Mrs. Bill Vardeman and boys, Louise Wilkinson and T. A. Stone. Sandwiches, cookies and cold drinks were served.

Congratulations—

Coach and Mrs. Ronnie Gurley of Colorado City on the birth of a son named Stuart West and weighing seven pounds in a hospital there Saturday at 1:20 p. m. The future basketball player is the first grandson of Mr. and Mrs. Jess Gurley of Tahoka. Maternal grandparents are Mr. and Mrs. Harry Solomon of Dallas. Ronnie is assistant football and basketball coach at Colorado City High School.

Mr. and Mrs. Louis Botkin of Olton on the birth of a son weighing seven pounds, four ounces at 10:30 a. m. Friday, April 11, in Lubbock Osteopathic Hospital. David Wayne has four big brothers, Montie, 7, Gary, 5, and Tim 3. Grandparents are Mr. and Mrs. C. A. Marlin and Mr. and Mrs. V. L. Botkin, all of Tahoka.

Mr. and Mrs. David H. Hammonds of Columbus, Georgia on the birth of a son, named David Eric, on March 16, weighing 9 pounds 12 ounces. Grandparents are Mr. and Mrs. Candy of Columbus and Mr. and Mrs. Edgar Hammonds of Tahoka. David is airplane mechanic at the Municipal Airport at Columbus.

Pythian Sisters Hold Initiation

Pythian Sisters of Lynn Temple met Tuesday night for business meeting and initiation.

Mrs. JoAnn McNeil was initiated into the organization.

Plans were made for the District 5 Convention to be held in Lubbock Saturday. About 10 members from the Lynn Temple are expected to attend and any others wishing to are asked to call Mrs. Thelma Oliver.

The meeting will include an afternoon session at 1:30 p. m. and a banquet at 6:30 p. m. at Top of the Plains Restaurant.

Mrs. Oliver reported on her and Mr. Oliver's visit to the Pythian Home in Weatherford on Easter Sunday. She said the children there had a wonderful Easter and Easter dinner.

Hostesses for the meeting were Mmes. Minnie Conwill, Dixie Payne, Pura Gattis, and Darlene Gurley, when 32 members attended. The next meeting will be held May 6 at 8:00 p. m.

Duplicate Bridge Winners Named

Winners at duplicate bridge at T-Bar Country Club Tuesday night included three couples, preceding a series which will begin next week.

First place winners were Mrs. Bill Lumsden of Wilson and Mrs. Frank Hill; second, Mrs. Larry Hagood and Mrs. Laurann Rogers of Tulsa, Okla.; and third, Mrs. D. W. Gaignat and Mrs. A. N. Norman, Jr.

Telephone Workers Threaten Strike

General Telephone Company of the Southwest has offered the union a wage increase taking into consideration all economic factors it was announced Monday, April 14, by Mark E. Cooper, at the close of a meeting between the company, the CWA-CIO, and Walter C. White of Dallas, commissioner of the Federal Mediator and Conciliation Service.

It was the first meeting attended by White who was called into negotiations by the union after the company and the union reached a stalemate over the union's vacation demands. The major point of difference concerns the Union's demands for a three week paid vacation for employees after ten years service with the company and four week paid vacation for employees with fifteen years or more of service. The present vacation program provides paid vacations of one week after one year's service two weeks after two years service and three weeks vacation after fifteen years service.

Negotiations between the company and the union began March 17. The second meeting between the company, union, and White is scheduled Tuesday, April 22.

NAME IS MISPELLED

In a news item concerning the new manager of the Rose Theatre here in The News last week an "n" was omitted in the citizen's name. The new manager is George L. Western—western just like in the "horse opera" version.

Mr. and Mrs. E. J. Cooper left Tuesday for a month's visit in Compton, Calif., with their daughter, Mrs. Mildred Harris.

Vernon Victor Torres, Mexican National, is a patient in Tahoka Hospital being treated for a leg injury received on a bridge. He is employed by Vernon Davis.

Wilson Girls Get State FHA Degree

Four members of the Future Homemakers of America at Wilson High School have received State Degrees, the highest achievement that can be bestowed upon a member of the organization.

Recipients from outstanding work are Pat Baxley, daughter of Mr. and Mrs. Truman Baxley; Linda Crowson, daughter of Mr. and Mrs. Sam Crowson; Audrey Klaus, daughter of Mr. and Mrs. Werner Klaus; and Jeanette Schneider, daughter of Mr. and Mrs. Herman Schneider. All are junior students.

All four of the girls have been active in FHA work for the past three years and at the present time all hold offices in the Wilson chapter. Mrs. Mary Griffin is sponsor.

They will attend the State FHA meeting to be held in San Antonio on April 18 and 19.

Grassland Meeting Opens On Sunday

The Grassland Methodist Church will hold its spring revival beginning this Sunday and continuing through Friday.

Rev. Billy Wilkinson, pastor of the Wilson Methodist Church, will conduct the services each evening and Mrs. A. L. Shepherd will lead the song services.

On Sunday evening, services will be held at 6:30 p. m. and on Monday through Friday nights at 8:00 p. m. On Tuesday night at 7:00 p. m. the church will hold a fellowship supper.

Everyone in the area is invited to attend, according to the pastor, Rev. R. L. Richards.

Two-year-old Inita Gandy is a medical patient in Tahoka Hospital, where she was admitted Tuesday.

Problems of Cotton Production Outlined

The many problems facing the cotton grower and many little known facts about the South Plains' major crop were revealed by H. W. (Cotton) Carter in a talk at Tahoka Rotary Club Thursday noon of last week.

Cotton is a very old product. Our Plains land was broken out because of cotton, and has been paid for with cotton. But, the story of cotton goes back many centuries, and its history even contains some tragedy. For example, the Civil War was fought because of cotton.

Alexander's soldiers returning from the Orient told of "white stuff" growing and called it "vegetable sheep." The Incas grew cotton before the discovery of America by Europeans. It was used in ancient India and Egypt, called in the latter country "tree wool." The Arabs brought cotton into Europe. Cortez found Mexican Indians highly skilled in spinning, weaving and dyeing cotton. Ancient mummies have been found in Peru wrapped in coarse cotton cloth. It has long been a world product.

But as cotton became an article of world trade, necessity was the mother of invention. Machinery was invented to gin, spin, and weave it, and in turn there was an increased demand for the raw material.

Cotton Moves West

In the U. S., Southern planters were raising some cotton. North-

ern-traders had brought Negro slaves from Africa to America but the slaves trade seemed a dying, unprofitable business. Then, Eli Whitney invented the cotton gin, and the Southern planter saw the opportunity to raise cotton with cheap labor. There were 700,000 slaves in this country at the time, and the planters came in possession of many of them. The number of slaves increased to four million by 1860.

As time went on, planters worked fields to exhaustion with cotton. As the land wore out from overplanting, the cotton growing industry moved westward, finally to the plains of Texas.

Many uses were found for cotton by producers. New uses are being found for oily cotton seed, which at one time were burned to get rid of them. The same is true of linters, the short lint on the seed, which ginners formerly left to rot off, or burned them. Cotton seed now accounts for over one-sixth the value of the cotton crop.

Cottonseed products include salad oil, lard, butter substitutes, cosmetics, soap, putty, tar, roofing, and phonograph records. Pulp and hulls are used in cattle feed and fertilizers. Cellulose in hulls makes paper and chemicals.

Linters are used for cellulose as the basis for celluloid and plastics, glass frames, beads, desk sets a safety film for motion pictures, and "new skin."

Synthetics A Threat

Cotton itself is used in too many ways to mention, but the important thing is that cotton fiber is being crowded out in the world market by the many synthetic fibers.

The synthetic fibers, made by manufacturing ingenuity, right now are replacing 6 million bales of cotton annually on the market more than our annual surplus of cotton. Synthetics can be produced cheaper than cotton, in fact 10 to 12 cents cheaper than our farmers are producing cotton.

Cotton, Carter declared, is the only product by a farmer that he himself cannot use in any way in the raw state. The only use for cotton a farmer has is to sell it. Of course, the farming country could use more cotton products. In fact, he declared if only people of the cotton country bought and used cotton exclusively they would use up the surplus raised.

Improvement Needed

The cotton improvement has special significance to the Plains farmer. We must grow a better cotton, a longer staple, and a cotton that matures faster and is more weather resistant—as cheaply as possible.

Cost of production is more important today to the Plains farmer than ever before. The price of cotton is about where it was 10 years ago, but the prices of everything the farmer has to buy has advanced, putting him in a cost price squeeze.

Consumption of cotton per capita has not increased in 20 years, the one-third increase only keeping up with growth of population.

Price Big Factor

Price of cotton is a big factor in meeting foreign competition. Any attempt to maintain the farmer's income in line with rise in price of products he must buy only tends to make our foreign market situation worse.

Cotton ranks first among all U. S. field crops in cash-sale returns to producers, and is by far

the greatest value among all commodities in our export trade. But, our exports fell off from 1953 to 1956, largely because of the higher price of U. S. cotton. Surplus stocks built out to record levels, and producers were forced to take drastic acreage cuts.

He thinks, however, we may have "turned the corner" in our surplus problem, for the carry-over last August was down a lot, as the 1956 export program had helped move cotton into world trade.

Many men in the cotton industry advocated a reduction in the price of cotton. Many farmers are already producing the crop at rock-bottom cost. If such is reduced further, farmers are going to have to become more efficient in producing cotton.

Some FFA members in the Efficient Cotton Production Program have produced cotton for less than 15 cents a pound, but these are exceptions.

Recent studies show the Mississippi Delta farmer, on land making 560 pounds of lint per acre and growing 750 acres, using mechanization except for hand harvesting can produce cotton for 20 cents a pound. Similarly, in North Carolina, it was produced for 21.5 cents based on yield of 525 pounds of lint per acre.

On the High Plains, with mechanization, costs averaged 24.5 cents using machine harvesting and 27 cents with hand picking. Farmers are doing an excellent job increasing production. In 1937, the average lint yield per acre was only 169 pounds, while in 1956-57 it was 417 pounds. This is an increase of 248 pounds in 20 years, or 79 pounds more than we made per acre 20 years ago.

Reduce Cost, Raise Quality

To reduce costs and increase profit, he called attention to a good job of land preparation—how to do the best job with the least effort for a good stand and healthy growth. He cited advances, such as the rotary hoe, in weed

control; the development of chemicals for better insect control; proper use of irrigation, which moisture increases length of fiber; and machine harvesting, although the latter produces other problems if not used properly.

It does no good to raise high quality fiber if the quality is reduced in harvesting, hauling seed cotton to gin, in ginning or storage. Fiber is subject to many damages between burr and spinning mill, and elimination of these will bring the farmer more money. Cost ginners are doing a fine job in the section. But, growers should take care in machine harvest, refrain from tromping cotton in trailers, prevent water damage as much as possible, such as prompt harvesting. Quality will bring the farmer more money in the end than quantity alone.

Support Program Costly

He said many men in the cotton industry recognize the fact that the Government can not continue the programs and policies which carry such high price tags—spending hundreds of millions to cut down surpluses and then to let them build back up again. He thinks we need a sound long range program for cotton.

He reviews some of our past difficulties to show how we got into trouble and to help in our future actions.

Mr. Carter said from 1920 to 1940, U. S. exports dropped below five million bales only one year. Many years, our exports were 60 to 60 percent of the world total. There was a sharp fall-off in exports during the war years, and then a gradual building back to normal. In 1951-52, the U. S. exported 5.7 million bales, nearly half the total world exports.

U. S. Loses Market

Then came the slump. By the 1955-56 marketing year, our exports dropped to a little over two million bales, lowest in 35 years except for the war period, and only 18 percent of total world exports. The U. S. was losing fast.

Chief reason was the price. Rigid price supports held the domestic price at high levels with export prices at the same as domestic. As a result, foreign producers production and the world market was theirs by keeping their price just below the U. S. support levels. By the end of 1949, foreign cotton acreage was 40 million acres and by end of 1955 it was over 64 million acres.

The price support level also helped increase competition in man-made fibers, which began taking the place of cotton.

Carry-Over Too Large

In 1954-55, the world surplus was around 14 million bales and our carry-over was 14 million, which shows our cotton was too high to sell our cotton in world trade. All cotton growing nations had sold their cotton and we still had ours, holding for a high price. Even our mills here at home could buy yarn from foreign countries cheaper than they could make it from our cotton at our prices 10 to 13 cents higher. Man-made fibers came into their own, and we lost our world markets.

Mr. Carter does not pretend to know all the answers to the cotton problem. But, he thinks a lot of people are doing some "wishful thinking" and need to stop and think about some of the facts of the cotton predicament.

He also demonstrated some cotton samples, explaining the difference in values of light spots and heavy spots, short and long staples, and that the mill would rather have even a low grade than to get a bale of mixed grades.

This week, with a support of 81 percent of parity, the price of middling 1-1/8 is 34.90, and there is a possibility of getting 85 percent, which would make it 36.43; if July parity is higher it will be still more. The world market for this type of cotton is about 28 or 29 cents. How are we going to sell ours?

Vice President Johnny Reasonover presided at the meeting.

CHEVY TAMES THE TOUGHEST TRANSCONTINENTAL HIGHWAY!

'58 Chevrolet station wagon with 250-h.p. Turbo-Thrust* engine swings down to the dock at Buenos Aires, Argentina, ready for record-setting run across South America to Valparaiso, Chile, and back.

Heading for the freezing Andes, with hood sealed shut by officials of Automobile Club of Argentina, Chevy arrows across Mendoza desert in 98-degree heat. Not one drop of oil or water was added during run!

Turboglide* shows its velvet competence in fantastic foothills of Andes. Jolt-free powerflow of triple-turbine transmission was particularly important in keeping traction on hundreds of gravel turns.

Mighty Turbo-Thrust V8 seemed virtually unaware of astonishing grades up to 30 percent. Even at summit, 12,572 feet high, drivers found terrific reserves of torque from its 348-cubic-inch displacement.

Powdery dust of Argentina's talc mine country proved value of High-Level ventilation, with air intake high above road. Ultra-efficient air cleaner protected V8 from smallest abrasive particles.

Precision of Chevy's famous Ball-Race steering was a lifesaver on cliff-edge curves; its silk-smooth ease sharply reduced driver fatigue. Vital safety factor was full panoramic visibility of windshield.

Racking hairpin turns on Chilean slope of Andes tested superior torsional strength of Chevy's new Safety-Girder frame, demonstrated the better road-holding permitted by its lower center of gravity.

Jumbo-Drum brakes got a real workout in emergency stops for roving livestock, loose boulders, stream gullies cut across road. Drivers particularly liked Turboglide's special Grade Retarder on long hills.

Full Coil suspension, with a deep coil spring at each wheel, took big rocks and deep chuckholes in stride. Stability of four-link rear suspension held car true and steady on worst sections of road.

Turnaround at Valparaiso on Pacific—and car starts return leg of trip called impossible by A.C.A. experts! Engine was never stopped, oil dipstick still "full" at end of 1,900-mile test!

You don't have to cross the Andes to discover Chevy's remarkable ease of handling, riding smoothness and performance. Just see your Chevrolet dealer for a test run.

You'll get the best buy on the best seller!

Don't miss your Chevrolet dealer's
APRIL SALES SPECTACULAR!

Methodist Men Hear Beckham

A talk, a movie film, and music featured the program of the Methodist Men at the monthly dinner meeting Monday night in the Methodist Church here.

Lt. Carl Beckham of the National Guard, son-in-law of Mr. and Mrs. H. W. Carter of Tahoka, spoke on the work of the Guard. He said the guard, made up of citizen soldiers, is older than the nation itself, dating back to 1636.

George Washington, in his address to the 1st Congress said: "Every citizen who enjoys the

protection of a free government owes not only a portion of his property but even of his personal service to the defense of it."

Later, when the Guard became a more formal organization, its purpose was to provide a component part of the U. S. Army and to provide the State with an organization for protection of law and order within the state and under the direction of the Government.

He pointed out that the Guard has a part in every major war. He cited many cases in Texas disasters during the past two years where the Guard has been called on for vital service during storms, floods, and tornadoes to help people who could not help themselves.

There are 21,700 members of the Guard in Texas who train eight hours a month and two weeks each summer. Half of its members have had previous military service, and one-fourth have seen combat service.

He cited the illustrious career of the Texas National Guard, which had its inception in the Battle of Gonzales in the Texas' fight for freedom, its history as the 36th Division in campaigns in the Mexican War, the Civil War, World War I and World War II. He then showed a very interesting sound film of the 30th Division's history and outstanding campaign up through Italy, France, and into

Everyday Religion

By J. B. Thompson

We recently passed a deserted little country church by the side of the highway. Its modest windows are shattered; its sagging steps are crumbling into dust; sunshine and rain alike pour unhampered through its dilapidated roof, but its slender spire still points hopefully upward. It was a forlorn and desolate picture that stirred mingled emotions.

Religion in those little one room churches was simple but sincere. The seats were uncomfortable enough to keep most worshippers awake through the long sermons. The singing was either accompanied by a squeaky organ or "heisted" by the tuning fork. Sunday school classes met in huddles here and there and the instruction became a jumbled chatter. "Preaching day" came around usually once each month.

New modes of living have changed the simple community life of yesterday. We have gained many things through the changing years that our fathers did not have but we have also lost a lot of the fine neighborly spirit and friendly fellowship that characterized their lives.

That lonely little church by the side of the speeding traffic of today should be a reminder to every passerby that this country has the heritage of a religious faith built into the fiber of its expanding life. No longer does its sweet toned bell call the country side to worship nor its walls echo with hymns of praise. No sturdy preacher stands in its modest pulpit to proclaim the Word of life. It is empty and silent today but its message of life still rings in our hearts.

Germany during the last world war.

Entertainment was furnished by a "barbershop quartet" from Lamesa composed of Ed Johnson, Gwen Liddell, Earl Hise, and Ronnie Shepherd, who sang eight or ten numbers.

The program was arranged and introduced by Billy Ed Ware.

A steak dinner was prepared and served by Elmer Owens.

Milt Draper, president, appointed A. M. Bray to arrange the program for the May meeting and Otis Spears to arrange the meal. He announced 40 men were present, and asked for members to work for better attendance next month.

Roberts Seeks Second Term

Wesley Roberts, state representative of the 99th legislative district, this week announced his candidacy for re-election to a second term.

The district is composed of Andrews, Dawson, Gaines and Lynn counties.

The young legislator of Lamesa, made the following statement in behalf of his candidacy:

"In seeking a second term as state legislator of this district, I realize that while tradition in this area favor a second term for its servants, it is not for that reason alone that I seek another term."

"Good progress has been made in several important areas by the legislature but a lot of work remains to be accomplished in fields in which I have had a small part in the 55th legislature.

"For example, during the past sessions, money was appropriated and assigned specifically for the gathering of underground water data and included in the governor's water bill—a survey that will prove of immense value to West Texas in the future. Additional highway patrolmen were authorized in order to combat the mounting traffic death toll. Old-age assistance was increased, a workable lobby control bill was passed which will be of great help in preventing misdeeds of lawmakers, parole system was established that will return hundreds of men to useful lives in society and save the state approximately \$600,000 a year, a giant stride in mental health legislation was taken, and a law was passed to permit the state to participate in county right of way purchases.

"But much remains to be done."

"A legislative study currently underway, of which I am chairman, into the treatment of narcotic addicts in the state, has as its goal the facilities needed to adequately care for addicts, the treatment possible, the cost, the increase of addicts yearly, and other pertinent information upon which possible legislation can be based.

"Because of close support and cooperation with Waggoner Carr, popular speaker of the House from Lubbock, I was fortunate enough to be appointed to the powerful executive committee of the legislative council. The committee, composed of the lieutenant governor, the speaker of the house, Senator Abraham Kazan, Representative R. H. Cory and myself, serves as a policy committee for all legislative studies conducted by the legislative council.

"As a member of the interim study committee on small loan practices, we have been holding hearings around the state on the evil practices of loan sharks. Legislation will be needed in this field to maintain proper control of credit practices.

"As a member of various other committees I have come to realize the need for additional or corrective legislation in the fields of state owned lands, the reciprocal agreement with New Mexico on vehicle registration, and many others. Also, good legislation will probably result from the current Hale-Aiken educational studies."

Warmly commended by the chairman of the Texas board of directors for his work in behalf of the school, Roberts served on the appropriations committee for higher education which approved budgets for all state supported schools.

He was co-sponsor of the House bill which called for pay raises for public school teachers in the state.

Roberts, a Baylor graduate and

STATED MEETING of Taboka Lodge No. 1041 the first Tuesday night in each month at 7:30. Men are urged to attend. Visitor welcome—Carl D. Giffing J. W. M. Harry Ruffy, Sec'y.

GENERAL

knowledge of the insurance business isn't good enough for the FORRESTER INSURANCE AGENCY, 1611 Main Street. Their knowledge is specific and up to date and anyone who

THINKS

there are better insurance agencies around here is vastly mistaken. The FORRESTER AGENCY is at

WAR

with the idea that an agent just writes a policy and then forgets all about it. They work at this insuring business and results for their policy holders are

WONDERFUL!

WESLEY ROBERTS

Lamesa insurance agency owner, served as a member of the House investigating committee whose findings ultimately brought about the conviction of bribe-taking Representative Cox.

In his statement, Roberts promised to continue his work toward stronger insurance laws, continued support of old-age assistance, the state water conservation movement and continuation of the Farm-to-Market road program.

"I shall try to see every voter in the district," Roberts said, "though I know it will be impossible to see everyone prior to the July primary. I would like to take this means of thanking the citizens in the district for providing me with the opportunity to serve in the legislature and ask again for your vote and influence in my behalf for a second term as your representative in Austin."

The Lady was Willing. Recently a service station attendant changed the oil in a car with 23,000 miles on the speedometer. He noticed that a lubrication job was also badly needed, so he politely suggested it to the driver. She replied, willingly enough, "Go ahead if you want to ... but I thought all that was done at the factory!" Of course, this couldn't happen to you, but with cars getting more and more complicated every year, proper and frequent lubrication is more important than ever. Phillips 66 Dealers specialize in lubrication. They have complete charts and specifications for all makes of cars, and what's more, they use them! Stop in next chance you get and watch how thorough Phillips 66 attendants are when they lubricate a car ... it's a pleasant surprise for most motorists! H. B. McCORD & SON 1505 Lockwood Phillips 66 Wholesale Tahoka, Texas

Junior Baseball Work-Outs Start

Practice workouts for Little League and Pony League baseball for boys between eight and 14 will begin Monday, April 21, at 5:00 p. m. at Little League Park, according to C. W. Conway, president of Little League.

All boys wishing to play in the leagues are urged to attend on that day. Those who have not registered must obtain their application blanks from Johnny Wells at Tahoka Drug and return them to him with birth certificates on or before May 2.

Eligible to play in Little League, in which Tahoka has four teams, are boys from eight to 12 and not 13 before Aug. 1. Boys 13 and 14 years of age and not 15 before August 1 are eligible for Pony League of which Tahoka has two teams and Post has two teams.

Little League managers this year include L. A. Forsythe, Lynn County News-First National Bank Giants; Charles Reid, Wynne Collier Cubs; Dean Taylor, Tahoka Compress Cardinals; Delbert Mouser, Piggly Wiggly Yankees.

Jack Smith is manager of the Lynn County Co-op Gins Orioles in the Pony League. The other manager for Goodpasture Grain Braves has not yet been secured. Bleachers are under construction at Little League Park, a project of which Charles Reid is chairman. Wade Holland is chairman of the managers committee.

First Little League game is scheduled for May 26 and Pony League's opener is May 27.

Other Little League officers, in addition to Conway, are A. M. Bray, vice chairman; Tom Bartley, treasurer; Harold Green, secretary; and Johnny Wells, player agent.

New Home Boys In Regional Meet

Two New Home boys qualified for the Regional track meet in Class B to be held at Texas Tech today and Saturday after winning places in the district meet held Wednesday of last week.

Larry Edwards won first place in the 440 yard run and Barney Castro was second in the 100 yard dash.

Hubert Williams is the track coach.

Bananas, now a prime product in Central America and the West Indies are believed to have come originally from Asia.

Tahoka Is Fifth In Track Meet

Tahoka came in fifth in the District 2-A track meet held at Texas Tech Saturday with 11 points, while Floydada with 43 points won the championship. The local cinder team entered the meet without the services of Denver Ford, who is ill with the mumps.

Second place winner with 39 points was Lockney; third Abernathy with 32 and one-half points; fourth, Slaton with 18 and one-half points; sixth, Spur with six; and seventh, Post with four.

Tahoka placed in three events. Jerry Adams clocked 2:06.8 to win first place in the 880-yard run while Dean Elliott took second place in discus with 109.3. The mile relay team won second place in a race when the locals nosed out Slaton by only inches. The team is composed of Gaylon Tekell, Jerry Bragg, David Copeland and Jerry Adams.

The mile run was won by Bill Musser of Lockney with a time of 4:47.2. However, of interest is the fact that Denver Ford placed first in the Andrews meet recently in the event with a shorter time, 4:39.3. In that meet Adams also clocked a shorter round with 2:06, but his time in the district meet was considered excellent because of the cold weather.

Cafeteria Menus For Next Week

Monday: Viennas and rice with white sauce, green beans, tossed salad, apple butter, rolls, butter, and milk.

Tuesday: Fish with tartar sauce, whole kernel corn, cabbage salad, whole wheat bread, cake with chocolate filling, and milk.

Wednesday: Pinto beans, buttered cabbage, beet pickles, cheese sticks, corn bread, butter, apricot cobbler, and milk.

Thursday: Spanish rice with hamburger meat; buttered broccoli, sun-glow salad, buttered potatoes, honey, rolls, and milk.

Friday: Hamburgers, onions, lettuce, baked potatoes, fruit cups, and milk.

C. W. Conway, local D&H manager, left Wednesday morning with a group of 19 Davis & Humphries store managers on their annual fishing trip to Buchanan Lake.

FATHER IS BURIED

J. E. Foust Sr., 63, of Portales, father of Jim Foust of Amarillo and a former Tahoka High School coach, died early Monday at a hospital in his home town.

Gordon News MRS. EARL MORRIS Correspondent

R. L. Hagler was able to return home last Thursday following an operation in Methodist Hospital, Lubbock and is reported to be recuperating satisfactorily. Homer Jones, Mrs. Hagler's nephew was a Sunday visitor in the home.

The Southland Junior and Senior banquet was held in Lubbock at the Spur Restaurant Friday, April 11 at 7:00 p. m. Table-decor was a center piece of daisies dyed rainbow colors, the class colors. Class theme: Good Luck. Ronnie Dunn gave the welcome address, Kenneth Callaway gave the response. Cecil Stolle read the class will, Donetta Ellis read the class prophecy. Senior girls, are Linda Davis, Ann Sales, Jerrelyn Hudleston, Linda Halliburton, Arley Mack, and Carolyn Kaysinger. Senior boys, Kenneth Callaway, Benny Smith, Delmer Wilke, Chris Gindorf, Dwane Baker, and Cecil Stolle. Junior girls, Karen McGeehee, Carolyn Ward, Janice Sales, Sharon Saunders, Sue Oats, Hazel Bean, and Donetta Ellis. Junior boys are Ronnie Dunn, Gilbert Baker, J. W. Peyton, Don Pennell, and James Crawford. Mrs. Irene Kuykendall, class sponsor, Supt. and Mrs. F. W. Callaway, Mr. and Mrs. Swindle, Coach A. P. Lewis were also present.

A. F. Davies is visiting his daughter and family, Mr. and Mrs. Blanton Martin and Suzanne at Hart Camp.

Southland boys, who recently won out in track and have qualified for district meet in Lubbock, are J. W. Peyton, Ronnie Dunn, Carroll Jones, Don Pennell, Gilbert Baker, and James Crawford. Rev. and Mrs. S. M. Bean, Mr. and Mrs. Winston Lester took the members of the MYF to Ralls Sunday afternoon to meet with the district Youth Fellowship in the Methodist Church. Members from here were Hazel Bean, Carolyn Ward, Donna Sue Fields, and Carolyn Kaysinger, Ronnie Dunn and Leroy Brown. Ronnie Dunn was elected president of the district.

The WMU ladies of Southland Baptist Church met in the church last Tuesday at 4:00 o'clock for their Bible study with Mrs. Kenneth Davies as leader.

Mr. and Mrs. G. D. Ellis received a message Sunday night that Mr. Ellis' niece, Mrs. Cecil Fitch had passed away in her home in Abilene.

The annual Oats reunion was rained out Sunday and a part of the family met in Slaton in the home of Mr. and Mrs. C. G. Spurlock. Mrs. Spurlock is the former Judy Oats. Those attending were Mrs. C. S. Oats, Mr. and Mrs. Noel Oats, Mr. and Mrs. Kenneth Davies and children, Mrs. J. P. Oats and Mrs. Clay Oats and sons from Posey, Mr. and Mrs. Jay Oats and children.

Miss Dolly Shelton underwent surgery for sinus in Plains Hospital, Lubbock last Saturday morning. Miss Shelton was quite ill but was able to return home Monday.

The Hackberry Co-op gin held their regular annual meeting in Southland gym last Tuesday evening. Dinner of barbecue, cherry pie and drinks were served to a large number of members and families. Weldon McGeehee and Wendel Saunders were re-elected directors. Checks were paid to stockholders. Ladies names were drawn for prizes. Lucky ones were Mrs. H. D. Hallman, a set of west bend cooking utensils, Mrs. Max Jackson, Universal coffee maker, Mrs. Wendell Saunders, presto cooker, Mrs. Aubrey McNeely, pop-up toaster.

Mr. and Mrs. Ed Milliken had a letter from their grandson, Pvt. Joe Don Milliken, who is in the Army at Fort Carson, Colo., telling them he will finish his 6-weeks basic training this week and will come home for a visit with them.

Mrs. M. H. Haynes of St. Joseph,

Wilson Students League Winners

Wilson students participated in and placed in the District 6-B interscholastic League contests held at Lubbock recently and one event was entered at the area meet in Plainview.

At the Lorenzo meet winners from Wilson included Jerene Wuensch, first, and Joyce Church second, in ready writing; Niels Hewlett, first, and Marcia Stander, second, in poetry reading; Pat Baxley, first in typing; Audrey Klaus, second, Sara Velazquez, fourth, and Wilson team, second in spelling.

Miss Hewlett placed second in poetry reading in the area meet, qualifying her for the regional meet at Texas Tech.

Also eligible for participation in the regional meet at Lubbock Saturday are Misses Wuensch, Church and Baxley in their respective divisions.

Mrs. Dale Price is the sponsor of all five students.

O'Donnell Third In District Meet

O'Donnell took third place with 23 points in the District 5-A track meet held at Midland Saturday and was also third in the elementary division with 24 points.

Plains emerged the champion of the district with 71 points, Sundown was second with 44, and Seagraves was fourth with 12. Plains also won the junior high division while Ropesville won the elementary division.

Gerald Barton placed in four events, taking first place in broad jump with 19 feet, four and one-half inches; second place in 440-yard dash; second in high jump; and fourth in 100-yard dash.

Kenneth White placed in two events, fourth in 220-yard dash, and fourth in broad jump with 18 feet, six inches.

Other winners were Tommy Gardhire, third in 880-yard run; Wayne Shaw, third in 180-foot hurdles; Mack Billingsley, fourth in mile run; and Tom Moore, fourth in pole vault with nine feet, six inches.

O'Donnell teams won third in 440-yard relay and third in the mile relay.

Mrs. W. S. (Vivian) McQueen, patient in John Sealy Hospital Galveston with a complication of ailments, is reported by her husband to be showing improvement and is gaining in weight.

Mich. is visiting her sister and brother-in-law, Mr. and Mrs. Sam Martin and other relatives. Mrs. Haynes was here last year and liked our country so well, she came back for another visit.

The members of Southland O. E. S. were in Lubbock Saturday to attend a school of instruction. Mrs. Hub Haire and Mrs. Jack Myers were instructors.

Mrs. W. O. Hill of Levelland spent last week with her daughter and family, Mr. and Mrs. T. L. Weaver and children.

Mrs. C. S. Johnson of Lubbock visited her son, Clay and Mrs. Johnston Monday.

Mr. and Mrs. H. W. Seals spent the weekend visiting their son and family, the H. W. Seals, Jr., in Plains.

Mr. and Mrs. Clyde Shaw spent Saturday visiting relatives in Lubbock.

Ed Milliken and sons, Don, Ralph and Byron and Bob Henderson went fishing in Buchanan Lake last week. Mrs. Milliken visited her daughter-in-law, Mrs. Byron Milliken at New Home while the men were fishing.

Mrs. J. P. Oats of Cooper is visiting her son Jay and family this week.

Mr. and Mrs. Roy Morris of Downey, Calif. visited his brother, Earl and Mrs. Morris last Wednesday.

Mr. and Mrs. J. O. Reed, Sr. went to Fort Worth last week and took Mrs. Reed's mother, Mrs. Wood down to visit another daughter in that city.

CITATION BY PUBLICATION THE STATE OF TEXAS TO VERNON ROGERS

GREETINGS: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 2nd day of June, A. D., 1958, at or before 10 o'clock A. M., before the Honorable District Court of Lynn County, at the Court House in Tahoka, Texas.

Said Plaintiff's petition was filed on the 1st day of March, 1958. The file number of said suit being No. 2336.

The names of the parties in said suit are: Jean Rogers as plaintiff and Vernon Rogers as defendant.

The nature of the suit being substantially as follows, to wit: Plaintiff alleges that she and defendant married in Plainview, Texas, on September 13, 1956; that she has resided in Texas more than six months immediately before filing this suit. That defendant immediately after their marriage commenced a course of unkind, harsh and tyrannical treatment toward plaintiff, which continued until plaintiff separated from defendant on or about the 10th day of October, 1956. On different occasions while plaintiff lived with defendant as his wife, he was guilty of such excesses, cruel treatment and outrages toward plaintiff of such a nature as to render their living together insupportable. That the parties have one child born as issue of their marriage, namely: Lonnie Glenn Rogers, a boy, who is several months of age and resides with plaintiff in Lynn county, Texas. That it would be to the best interest of said child for his custody to be awarded to plaintiff until he becomes 18 years of age. Plaintiff prays for a judgment of divorce, for custody of said minor child, for costs of suit and such other and future relief as she may be entitled to receive.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved. Issued this 15th day of April A. D., 1958.

Given under my hand and seal of said Court, at office in Tahoka, Texas, this 15th day of April, A. D. 1958.

(SEAL) W. S. TAYLOR, Clerk District Court, Lynn County, Texas. 28-4c

Frank Rindl, Jr. received two broken bones in his back when he was hit with a piece of pipe while working recently. He is reported to be resting well after being dismissed from a Denver hospital last week. Doctors say he will be able to be up and around in a few weeks.

Welfare Center Changes Hours

The City Welfare Center is changing the hours for being open during the spring and summer months.

Beginning next Wednesday the Center will be open from 2:00 to 6:00 p. m., to both receive and distribute clothing.

At this time the clothing supply is completely depleted and anyone having old clothing is urged to bring it to the Center Wednesday afternoon.

Mrs. T. B. Burrough's niece, Dorothy Clay, of St. Louis, Mo. died there this week. Mrs. Burroughs was unable to attend the funeral services.

Gene Tomlinson of Odessa, critically ill two weeks from a recurring heart ailment, is reported some better. He is the father of Mrs. George Glenn.

Lynn County Soil Conservation District News

ROY L. WILLIAMS ELLIS BARNES
O. E. TERRY W. L. (Cap) ROWE
ELMER BLANKENSHIP

Contour lines were run this week on the Fred Kiesel farm west of Southland. Lines also were run on the C. W. Meeks farm north of Grassland.

Blue gramma grass was seeded in the "roughs" area and along fairways at the T-Bar Country Club.

Borden Davis is planning to drill blue gramma grass seed in his pasture and spray the weeds to allow the grass to take over. Davis is also planning on controlling some of the heavy mesquite by root plowing and seeding that area at the same time with Blue Panic.

There are several farmers in the Lynn SCD controlling or planning to control mesquite by root plowing and reseed pastures at the same operation. Grass seed being used is principally blue panic, however a few mixtures of native grass are being used. This is a desirable practice where heavy infestation of mesquite occurs and little to no grass can be obtained from good grazing management. This is the first time for this type of brush control to be used in this county. The equipment used cuts the mesquite off at 12 to 24 inches underground and the fins on the cutting blade carry the brush to the surface where it is left to protect the soil and young

seedlings to become established. It is necessary that the land be seeded with grass to have a uniform stand. Areas so treated will take water or rainfall easier since hoofs and hardpans are eliminated. These areas are generally not grazed until the grass makes one seed crop or becomes well established. Some of the farmers carrying out the practice this year are Buford Powers south of Wilson, Borden Davis Clovis Honeycutt, E. A. Park, Carl Griffing, south of Tahoka, and Tom Sterling, north of West Point. Cost share payments are offered under the agricultural conservation program and the Great Plains Conservation Program for carrying out this practice.

Underground concrete pipelines are being planned on the Lewis Alsop farm northwest of New Home, Ervin Sander farm north of Wilson, and the Martin Wuensche farm northeast of Wayside.

Moisture conditions have never been better for the seeding of perennial grasses for conservation reserve, acres or for pasture and soil improvement. Care must be taken to plant grass so that it isn't planted too deep or in a position that a heavy rain would wash dirt in on grass before or after emergence. Weather conditions such as a heavy rain or high winds that would destroy our regular crops

Bible Topics

By Leroy Cowan
LOVE . . . Love is greater than faith or hope, declared Paul in 1 Cor. 13:13 (Rv). Faith will be turned into sight one day and hope will become reality, but love will abide throughout eternity. It will never change. Only our hearts will be enlarged and our capacity for love will be greater.
The greatest commandment is Wayne has three brothers, Monday heart, soul, mind and strength Love will lead to the fulfilling of all duties to God. Jesus said, "If a man love me, he will keep my words." Jo. 14:23. The opposite of this is true also, for if a man does not keep the Lord's words he does not truly love the Lord.
The second great commandment is similar to the first, "Thou shalt love thy neighbor as thyself." Man does not willfully mistreat those he loves.
The supreme example of love is God's giving his only begotten son to die for the sins of the world. Christ died for the ungodly, for the sinner. Ro. 5:6-8. John said, "We love him because he first loved us." 1 Jo. 4:19.
Love is unknown, unless it is shown or expressed in some manner. Jesus said, "If ye love me, keep my commandments." Jo. 14:15.

would destroy the grass crop so plans should be made to replant when necessary to obtain a stand of grass and for weed control. The best advice in growing a grass is talk to the farmer who successfully grows the grass.

In about another month delivery of Arizona Cypress trees can be expected. A few suggestions of things you can do now to save time and help insure a successful planting. The holes for planting can be laid off and dug. The holes need to be dug 6 to 10 inches deep. If a single row planting is to be done the holes should be located from 5 to 8 feet apart in the row 10 to 12 feet apart in a double row with row 10 to 12 feet apart. Mulch materials or protective materials can be located to have available when ready at tree planting time. Mulching the newly planted trees not only cut down on the amount of hoeing but it will help conserve water and protect the young trees. A loose mulch such as cotton burrs, straw, hay or similar materials can be used. A heavy paper or cardboard mulch is also very effective. The paper mulch is prepared by using a 2 or 3 ft. square of cardboard with a 6 inch diameter hole cut in the center. The cardboard piece is secured to the ground by placing 2 to 4 inches of soil around the edges. One gallon cans with both ends open help protect the young tree the first two years.

W. H. and Gainerd McNeely, who recently completed their basic training at Fort Carson, Colo., and who have been home visiting their parents since April 4, returned to Army service Wednesday. They expect to be stationed at Fort Knox, Ky., where they will receive special training in the Armored Signal Corps School.

CITY ORDINANCE
An Ordinance prohibiting any person, persons, firm or corporation from keeping of hogs within the city limits of Tahoka, Texas, for the promotion of health and the suppression of disease for its inhabitants, providing a penalty for the violation of any of its provisions; and prescribing the effective date of this ordinance.

WHEREAS, persons, firms and corporations are engaged, or may become engaged, in keeping hogs within the limits of the City of Tahoka, and by so doing the health of the inhabitants of such town may be impaired and adversely affected, and
WHEREAS, it is expedient and necessary for the promotion of the health and the suppression of disease to its inhabitants that hogs be kept outside the limits of the Town of Tahoka; NOW, THEREFORE,

Be it ordained by the City Council of the City of Tahoka, Texas, at its regular meeting held in said City on the 7th day of April, 1958.

Section 1.
It shall hereafter be unlawful for any person, firm or corporation, either as principal or as agent or representative of another, to keep enclosed in pens or permit to run out, hogs within the limits of the City of Tahoka, Texas.

Section 2.
The above and foregoing section shall not be applicable to hogs being transported through the City of Tahoka, or to hogs being placed in shipping pens for the purpose of having the same shipped out by railroad or motor car vehicle.

Section 3.
Any person, firm or corporation, who shall violate any of the provisions of this ordinance, shall upon conviction thereof, be fined in any sum not to exceed Two Hundred Dollars (\$200.00), and each day's violation of this ordinance shall be considered a separate offense.

Section 4.
If any clause, sentence, section, provision or part of this ordinance shall be adjudged to be un-

Drive Starts On Unsafe Drivers

An effort to rid Texas highways of unlicensed and unsafe drivers was revealed today by Major R. A. Crowder, Region 5 Commander of the Texas Department of Public Safety.

At this same time, Crowder pointed out that sixteen percent of all rural fatal accidents in Texas during 1956 involved an unlicensed driver.

Officers of the Department will begin conducting driver's license checks in the immediate future on all traveled thoroughfares in Region 5 and throughout the State. All motorists that are stopped will be required to exhibit their licenses to the officers.

Crowder said that thousands of Texas motorists are operating motor vehicles on expired driver's licenses or have never been licensed at all.

"It is not our desire to surprise motorists without a fore-warning," Crowder said, "so we would like to take this opportunity to advise them that they may expect these checks at any time in the future," Crowder stated.

The driver's license checks will be constitutional or invalid for any reason by any court of competent jurisdiction, such judgment shall not impair, affect or invalidate the remainder of this ordinance, which shall remain in full force and effect thereafter.

Section 5.
All ordinances and parts of ordinances in conflict with the provisions of this ordinance are hereby expressly repealed.

Section 6.
This ordinance shall become effective and be in full force and effect from and after the date of its passing and publication as required by law.

Section 7.
THIS ORDINANCE SHALL BE IN FULL FORCE, UNLESS A PERSON, FIRM, OR CORPORATION SECURE A PERMIT FROM THE CITY COUNCIL OF THE CITY OF TAHOKA TO KEEP HOGS IN THE CITY LIMITS PERMITS CAN BE REVOKED AT ANY TIME BY THE CITY COUNCIL UPON THIRTY DAYS WRITTEN NOTICE.

THIS ORDINANCE SHALL BE EFFECTIVE JUNE 1, 1958.
Passed and approved this 7th day of April, 1957.
H. B. McCord Sr., Mayor
(SEAL) J. M. Uzzle, City Secy
28-4tc

be made on a full enforcement basis and vehicle safety inspection stickers will also be checked and motorists not having a valid driver's license, or current inspection sticker, as required by law will be cited into the proper court.

Mr. and Mrs. Cabot Dysart, Kathy and James Carmack of Roswell, N. M. were here Saturday and Sunday visiting her parents, Mr. and Mrs. C. O. Carmack, and other relatives.

Hayden Williams of the south-east of the county declares the moisture this year is the best he has seen since he has been in Lynn county. He came here in February, 1915, aboard the "Blue-weed Special."

Mrs. J. W. Owens, who was to have undergone surgery in Baylor Hospital last Friday, found upon examination that surgery would not be necessary at this time for a heart condition.

Local Girls Get State FHA Degree

Misses Marilyn Carmack and Linda Jones, students in Tahoka High School, will receive their State Degrees for work in the Future Homemakers of America, and the local sponsor, Mrs. Fred B. Hegi, will be one of three adults in Area II to receive the Honorary Membership in FHA, Texas Association, in San Antonio's Municipal Auditorium today.

Mrs. Hegi has been a homemaking teacher for 11 years and has fulfilled the following qualifications for the Honorary Membership: (1) Has been instrumental in definitely promoting FHA work on a chapter, area, district or state scope outside the line of duty; (2) has served the organization continuously and efficiently for a reasonable period of time; (3) continues to show interest in the organization; (4) is given Honorary Membership in appreciation and not to get something in return; and (5) is sincerely and genuinely interested. During her

career here a new homemaking cottage has been constructed as well as an FHA concessions stand. In the recommendation for her honor is stated that "through her leadership and service, she has been a shining example of a capable teacher, outstanding home maker and a Christian woman, not only to her students, but to the citizens of her town and surrounding communities."

Both Misses Carmack and Jones have served their home, school and community in accomplishing their work for State degrees. Both have worked in Red Cross, American Cancer Society, March of Dimes and in local clean-up campaigns. At their homes they have carried out homemaking projects such as sewing, cooking, gardening, etc.

Linda Jones is a member of the National Honor Society, Future Teachers Association, the annual staff, and FHA, of which she will serve as secretary next year. The daughter of Mr. and Mrs. V. F. Jones, she is a junior student in the local school. She was named "Most Beautiful" in 1957 and is a member of the "Flapperettes," vocal sextette.

She is general secretary of the Sunday School at the First Methodist Church, is an officer in Methodist Youth Fellowship, a member of the church choir, the Rainbow Assembly, and was this year chosen DeMolay duchess.

Marilyn Carmack, the daughter of Mr. and Mrs. C. O. Carmack, is a senior in Tahoka High School. This year she has served as president of the National Honor Society, president of Future Teachers Association, editor of the yearbook, representative on the Student Council, vice president of the local FHA and treasurer of Area II FHA. She was chosen "Best All-Around Girl" in the local schools, and was named "Most Beautiful" in 1954 and 1958. She is secretary of the local Methodist Youth Fellowship and is also secretary of the sub-district MYF, is a member of the church choir and the Rainbow Assembly.

Also accompanying the group to San Antonio are Misses Marie Potts, who will be president of the FHA in Tahoka next year, and Janie Ware, who will be vice-president.

Others receiving the Honorary Membership in FHA in Area II are Mrs. Olga Banks of Midland and Mrs. Robert Wiley, of Big Spring.

Rollin McCord was an overnight patient in Tahoka Hospital Wednesday of last week.

MARILYN CARMACK

LINDA JONES

MRS. MADELINE HEGI

Bond Vote . . .

(Cont'd from Page 1)
voted, to more fully equip the High School science department and to make some much-needed repairs on North Elementary School.

Voting of the bonds will require an increase in tax money of about 20 percent, the board estimates. Therefore, in the election, citizens will also vote on a proposal to vote a maintenance tax not exceeding one dollar on the \$100.00 valuation. Thus, a raise of about 30 cents in taxes would be necessary to pay off the issue on the basis of present property valuations.

A third issue on the ballot will be a provision for assumption of bonds and levying of the tax in payment thereof, which is merely a formal requirement because of past consolidations of other districts within the Tahoka district.

The bonds would be issued for only 20 years, where some of the issues in the past have been for 30 and 40 years, and the provision included whereby the bonds may be paid off before the 20 years is up.

If the voters approve, bonds maturing from 1959 to 1969 will bear 3.75 percent interest; bonds from 1969 to 1973, four percent; and bonds from 1974 to 1978, 4.5 percent.

Tahoka district now has \$386,000 in bonds outstanding, which is much below the average of most school districts in this area, comparatively. Values are also much less than the average in this area. For example, Lubbock is now considering raising its tax rate to \$1.70 per \$100 valuation, and the tax valuation of property in the Lubbock district is already from one-half to three-quarters of the actual property value, Mr. Spears said.

Standing . .

(Cont'd from Page 1)

Although this particular proposal may not be practical, advisable, or feasible, I dare say that there is not a parent, grandparent, aunt, uncle, cousin, brother or sister of a school child in town that is not for something of this sort to be carried out.

As a community project, it would no doubt also be available to adults as well.

Most of us, at one time or another have almost "visibly" seen the tragedy that would result from a tornado hitting the local schools during class hours.

Some of our neighboring small communities have pulled together to finance and build community centers, etc. Why can't this community pull together and safeguard lives? Although most of us don't sit around panic-stricken at the thought of tornadoes or the approaching season for them, it sounds like just good, plain common sense to me to provide safety measures for our citizens and children. Lives can't be counted in dollars and cents.

We hear Florida didn't live up to its reputation last week end. Ed Hamilton went to that "warm" state to visit son Harold, who is in the Navy at Pensacola. However, before he left he dressed himself up in a new straw hat and spring suit. But Florida's natives weren't wearing straw hats.—They were dashing around in overcoats and mufflers protecting themselves from the cold weather.

Incidentally, Ed says the Navy life must really agree with Harold—he's already gained 10 pounds.

And then there's the Texas yarn about the woman who called her husband and asked: "Will you get the car out, Tex, and drive the kids to the backyard so they can play?"

It couldn't happen to a dog. But it happened in the Louis Botkin family over at Olton this week.

The Botkin's fourth son was born Friday morning, but the big brother didn't get to go to the hospital and see the newest addition. Saturday morning Montie woke up with the measles! Guess they'll have fun for the next six weeks.

The sunshine of life is made up of every little beams that are bright all the time.—Cheer.

O'Donnell Man Buried Sunday

Funeral services for Bennie James McFerran, 54, of route 2 O'Donnell were held at 2:30 p. m. Sunday in the O'Donnell Methodist Church with the pastor, Rev. Howard Marcum, and Rev. Coleman, pastor of the O'Donnell Assembly of God Church, officiating. Burial was in O'Donnell Cemetery under the direction of Stanley Funeral Home.

McFerran died at his home unexpectedly Thursday, April 10, at 8:30 p. m.

Born Oct. 3, 1903 in Walls, Okla. he married Lela Stacy Aug. 24, 1948 at Eastland. The couple came to O'Donnell on Sept. 3, 1957 from Odessa. He was a welder and was employed in a blacksmith shop at the time of his death.

Survivors include his wife; one daughter, Mrs. Robbie Davenport of Kilgore; one son, Bennie Andrew McFerran of O'Donnell; seven step children; two sisters, Mrs. Minnie Farmer of McCurtain, Okla. and Mrs. Maurine Goldsberry of Tulsa, Okla.; two brothers, Mann of Santa Barbara, Calif., and Harry of Arkansas; three grand children and six step grandchildren.

Local Entry Does Well In Spelling

Miss Jerre Ann Wyatt, 12-year-old daughter of Mr. and Mrs. F. A. Wyatt, took fifth place Saturday in the Lubbock Avalanche Journal Spelling Bee held in Lubbock. She is a seventh grade student here.

First place winner was Olivia Beeman, 14, of Lamesa, who will make the trip to Washington, D. C. to compete in the national contest. Other winners were David Nelson, 13, of Lubbock, second; Charlotte Wilson, 14, of Lorenzo, third; Weldon Findley, Jr., 14, of Littlefield, fourth.

Jerre Ann was the youngest of the top five competing in the event. She was eliminated when she misspelled the word "anomalous."

BITTEN BY RATTLESNAKE

Rafael Briano, farm laborer employed by B. L. Hatchell, was treated for snake bite on the right ring finger overnight Tuesday in Tahoka Hospital.

The snake, which was killed and brought to the hospital, was a rattler only about one foot long.

Mrs. Maurice Small underwent major surgery Tuesday morning in Treadway-Daniel Hospital in Brownfield. She is reported to be in good condition.

Carol Jean Allen In Piano Recital

Carol Jean Allen, 14, daughter of Mr. and Mrs. Clyde F. Allen, route 1, will be presented in a piano recital by her instructor, William A. Murphy, at 7:30 p. m. Thursday, April 24, in Fellowship Hall of the First Baptist Church.

Carol Jean, an eighth grade student at Tahoka, will play her fourth year in the National Piano Guild Auditions this season. Last year she received the highest rating given by the Guild. She will be playing for international honors this year.

She is active in both church and school activities. She is assistant pianist for the church, pianist for Intermediate I and Junior departments, and a member of the High School band.

The public is invited to attend the recital.

Denver Ford entered Tahoka Hospital Tuesday as a medical patient.
