## Rain Failed Halt Pioneers In Reunion Here Saturday

Rain at noon last Saturday cut short the visiting but failed to dampen the spirits of 700 people attending the annual Lynn County Pioneers Reunion.

When the half-inch rain began just as the barbecue dinner was served, the crowd huddled under the tarp covered arbor in old City Park while boys and girls helped servers bring plates of food to the older people. Quite a few didn't mind getting wet and went for their own food in the rain.

A total of 460 pioneers and their families registered, about 650 plates were served, and only a few left for cafes and homes. With rain still falling, the program was opened in the Methodist Church auditorium, which was filled almost to capacity.

At a brief business session just before noon, Grayum George of New Home was elected president to succeed Maurice Small; Albert Curry was named vice president, succeeding Truett Smith; and Mrs. Gladys Stokes was named to the secretary's post held this last year by Mrs. O'Berger Biggerstaff.

Mayor H. B. McCord welcomed the group, and Boswell Edwards led the songs. Clint Walker acted as master of ceremonies at both the morning and afternoon programs. Mmes. Robbie Pennington, Eloise Griffin, and Alice Reed registered the old settlers.

Barbecue cooked and served by "Booger" Redwine, Elmer Sproules, and F. E. Redwine and helpers was declared the best ever served at a reunion here.

A fitting program arranged by Mrs. Frankie Fenton, Mrs. Beulah Priddy, and Walker, seemed to please the crowd.

"Wagner" and "Porter Stomp" were played by the Old Time Music Makers, a string band composed of Jack Reynolds, Lee McFadden, A. W. McClellan, and Ronnie Middleton.

Sylvia Edwards of New Home sang a medley of old time songs, accompanied at the piano by Kay Smith of the same community.

Walker interviewed from the rostrum several pioneers, Mrs. Ben Moore, Dink Fenn, Rufus Finch, Mrs. Casey (Sit) Jones, and Mrs. George Small, which feature proved to be one of the high-lights of the program.

Trophies were presented Mrs. George Vaughn, 84, of O'Donnell, and J. B. Walker, 84, Lubbock, as the oldest lady and man present who had not previously received the award; and Mrs. Pearl Lewis of Boise, Idaho, as the person coming the greatest distance.

The crowd remained through the Old Fiddlers Contest which followed, sponsored by the Reunion and R. C. (Ruby) Wells. Carl Hazelwood and Garland Gainard, both of Tatum, N. M., won first and second places, respectively; Jack Mears of Lubbock was third, and Wes Campbell of Levelland was fourth. Others entered were D. B. Longley of Andrews, Charley Neal of Lorraine, W. M. Wells of Post, and Jack Reynolds of Tahoka.

That night, a lot of oldtimers and some youngsters attended an old time dance at the Legion hall.

Maurice Small reports proceeds from the collection taken in Tahoka amounted to about \$700.00, about \$500.00 was realized from registrations, and since expenses were held to only about \$650.00 this year, there will be about \$550.00 left in the treasury to underwrite next year's event. The Reunion had been self-sustaining for several years, but the reserve finally was depleted and it became necessary to make a collection to guarantee the event.

Miss Kay Reeves and Mrs. Lloyd Reeves of Lubbock visited in the home of their aunt, Mr. and Mrs. Frank Hill Sunday.

Mr. Will Montgomery was dismissed from the hospital this week.

Mrs. R. L. Richardson was dismissed from the hospital Monday.

## Teen Town Will Close Unless More Interest Shown Immediately

Teen Town, organized by and operated by young people of the community, supervised by a council of adults, is about to fold up unless the young people show more interest immediately.

A member of the adult council told The News Wednesday Teen Town will be open the next two Saturday nights. If no more people show up than have been present on recent nights, this will be the last of Teen Town.

The organization was set up at the insistence of young people that "there is nothing to do." Recent Saturday nights, some of these young people have been using Teen Town as an excuse to get away from home. Instead of going to the meeting place, they have spent the evening riding up and down the streets. Attendance has been too low the last few meetings to warrant the trouble, the adult advisor told The News.

With movies, television, Little and Pony League, golf and tennis,

and swimming all now available in Tahoka—together with the fact that so many parents let their children have the family car, or a car of their own—the advisor has decided the council members are wasting their time.

## Harvey Craig Finds Old Colt Sixshooter

Harvey Craig found an old Colt revolver last week end while fishing on the Nueces River, about twenty miles north of Uvalde. The gun is a 32-20 calibre sixshooter and has the date 1892 on the handle. Rust has covered and possibly eaten away the serial number.

Craig said he found the gun near the water which had just receded from a recent rise.

He was accompanied on the trip by Jack Robinson, and Morris Bingham. They said they caught some fish, but not enough to brag about.

Shown in the picture are David Bray, Sunny Gibson, Martha Bell, officers of the local MYF, and Ronny Parker, youth director for the summer.

The MYF of the Methodist Church will have its annual car wash Monday, June 30. The event will get under way at 8:00 a. m. and will last the entire day.

The people of the town will be offered pick-up and delivery service for the price of \$2.00 a car by calling 187-W.

### NAME OMITTED

In last week's article concerning the death of Mrs. Jessie Fee, the News failed to list Mrs. Fee's husband, Master Sergeant Harry W. Fee of Sherman, Texas, as a survivor.

Hail damaged or destroyed many crops along the Garza-Lynn county line Monday as a storm zig-zagged southward twenty miles from east of Slaton, through the Southland, Gordon, Garnolia, and Grassland communities, and going off into the Moor's Draw of the Double-U pasture. An offshoot of the storm also moved east to the Ragtown area, doing further damage.

High winds and raging sands that day and again on Wednesday did further damage to young cotton over scattered areas of the county. The sand burned much cotton, and cut off some, but principal damage has been in setting the crop back.

County Agent Bill Griffin, who made a survey of the hail damage Tuesday, said the area damaged was about 20 miles long and averaged five miles wide. Heavily damaged seemed to be the center of this strip from a point three miles north of Gordon on down to a point east of Grassland.

Griffin estimated that about 20,000 acres of cotton was damaged, of which 5,000 to 6,000 acres was almost completely destroyed, or at least damaged to such an extent that it may not recover. Some other cotton in the same area received further sand damage before farmers could get in the fields with sandfighters.

Up to as much as 2.25 or rain accompanied the hail, Ed Denton, who lives three miles north and east of Gordon, reported. Several other farmers to the south reported one to two inches.

Mr. Denton thought the worst damage started just north of his place, and he received heavy damage on a part of his land.

Among those in the damaged area include Joe Neugebauer, some of the Basingers, A. C. Ward, Wm. Lester, Buford and J. B. Jones, Earl Morris, Howton Haire, Mutt Huddleston, and in fact all around the Gordon Gin area, Carl Jones, Bryan Williams, Thurman Francis, the Storie gin area, Bishop and Glenn Mathis, L. B. Burk, some of the Bert Short land, Gus Porterfield, and others along this line east of Grassland.

Most farmers contacted by The News said they would leave the hauled out cotton to see if it might come out. Mr. Griffin said much of it had a good chance to recover, but some cotton was beaten down to stubbs and has little chance.

Tahoka received only a "sandy" from the northeast, but on Saturday noon had 52 inch of rain, bringing the year's total to 10.70 inches.

ELMER BLANKENSHIP

Walter Macker, farming three miles southeast of Wilson, is convinced that winter oats will pay off for winter grazing or for grain.

The Lynn County Soil Conservation Service District would like to know of any high yields on rye, barley, oats or wheat.

Some good stands of blue panic are being obtained on the root plowed area for mesquite control.

Terrace conservation was completed on the Walter Gasper farm north of New Home.

Small grains of rye, barley, wheat and oats made a lot of residue this year. On the average, approximately four tons to the acre with some fields yielding up to six tons of straw per acre.

Some management is needed to protect the residues to get the most out of it.

The residue will rot quicker on top or in the surface soil, yet at the same time gives protection from the sun, helps break the force of the rain drops and allow the soil to absorb the fast, hard rains that come this time of year.

On those excess cotton acres that you plow up, plant a soil building or protecting crop.

On those odd acres plant some food or cover for the quail. Millet, sesbania or mung beans are especially good.

Erosion is the greatest known waster of plant food. In a normal year, erosion removes twenty-one times as much plant food from the soil as crops do.

Glenn Wells of U. S. Navy Tells Of Visit To Okinawa And Hong Kong

This is the fifth of a series of articles by LTjg Glenn Wells on board the USS SHANGRI-LA (CVA-38) Attack Carrier of the Pacific Fleet.

We left off last time with the Shang leaving the Philippines on May 12 enroute for Okinawa and Hong Kong. We arrived in Buckner Bay on Okinawa on May 24 after extensive air operations at sea for 11 days.

Two days were spent in Okinawa. It is a very small island in the Ryuku Chain. I just missed seeing Pfc. Jim Whorton, who was stationed here for several months.

We were due to arrive in Hong Kong harbor on June 1 but the waves were too high and the tide was in the wrong direction.

When the liberty party finally did get ashore it was well worth the waiting. The first day was spent in buying or getting fitted for suits.

The film depicted the timber forests of the West, identified the different varieties of pine and their uses, conservation of timber by protection from fire, insects and blight, the selection of older trees for cutting and leaving the younger trees.

Aside from being a bargain center, Hong Kong is one of the most beautiful cities of the world. The Tiger Pagoda Gardens, the tramway and the floating restaurants of Aberdeen are among the most interesting spots.

We have now been at sea for 11 days and are due to arrive in the small port of Iwakuni tomorrow, June 17.

The artist strives for perspective in his picture. The mountains and the valleys assume their true proportions in a beautiful landscape.

We need mental perspective. Narrow thinking makes for narrow living. A closed mind is a major tragedy.

But life is not complete without spiritual perspective. All other values are enhanced by the glow of life's spiritual splendors.

When the liberty party finally did get ashore it was well worth the waiting. The first day was spent in buying or getting fitted for suits.

Lumber Film At Rotary Club

## Mr. and Mrs. J. L. Nevill, Married Here In 1908, Observing Anniversary Sunday

Mr. and Mrs. Joe L. Nevill, the first couple to participate in a church wedding in Tahoka back in 1908, will observe their golden wedding anniversary Sunday with open house to friends and relatives from 2:00 to 5:00 p. m. in Fellowship Hall of the First Baptist Church. They invite all their friends to call.

Mrs. Nevill was born Jennie Crouch, daughter of the late Mr. and Mrs. W. J. Crouch, at Richland Springs, San Saba county, who moved to Tahoka in 1907.

"Jodie" was born at Wallis, Montgomery county the son of the late Mr. and Mrs. Joe C. Nevill. His folks originally came to Lynn county in 1901, but Joe did not come out until 1906.

The two were united in marriage in an elaborate ceremony at the Baptist Church by Bro. M. C. Bishop, the pastor, on Sunday night, June 28, 1908, at 8:45 o'clock.

According to The News of July 3, 1908, the bride's sister, Miss Zettie Crouch (Riddle), was the maid of honor, Linnie Cowan was the flower girl, and Miss Hettie McCarty was the bridesmaid. Miss Linnie Ringham (Windham-Garard) played the wedding music on the organ. Mrs. Jack Alley furnished fern decorations.

Walter Slaton, the young banker, was best man. Ushers, were Joe Stokes and Will Smith. Otho Thomas was groomsmen.

Mr. Nevill was one of the first telephone operators in Tahoka. He engaged in a little farming, but was a building contractor until his retirement a few years ago. The couple has lived here all

their married life, and have raised seven children. One son, Elwayne, was killed in a plane crash after serving several years in the Army Airforce. They have six grandchildren.

Living children are: Mrs. Russell (Faye) Fleming and Mrs. W. A. (Jennie Reba) Flowers, both of Flagstaff, Ariz.; and Mrs. L. L. (Jodie Bob) Jones of Sanger, Calif.; W. A. (Eekie) Nevill of San Pedro, Calif.; Everton and Ray Nevill of Tahoka.

## Pot Luck Supper For Jaycee-Ettes

This was the first of three socials the club will have through the summer. The Jaycee-Ettes do not have regular meetings during the summer, but will resume regular business meetings on September 5.

Secret pals were revealed and new names drawn. The hostess gift was drawn by Peggy McClellan.

from The World's Most Widely Used Devotional Guide

**The Upper Room**  
© THE UPPER ROOM, NASHVILLE, TENNESSEE

Christ... loved the church, and gave himself for it. (Ephesians 5:25.)

More than thirty years ago, in the midst of the anti-Christ movement in China, a young man was told that the church had this and that had with it.

This young man answered, "I don't know many things, but I know I came from a poor family. If there were no church, I could not have received an education. My wife and many of my friends are Christians. They are not so bad as you have said."

The man who had said so many bad things about the church had nothing more to say.

Why do I love the Church? I love it because I myself am growing spiritually and mentally in the fellowship of the church. Our children are trying to be good citizens. All our Christian friends are doing good things for the church and for society.

We need the Church as sheep need the fold. We should feel as King David felt in saying: "I had rather be a doorkeeper in the house of my God, than to dwell in the tents of wickedness."

**PRAYER**  
Our heavenly Father, we thank Thee for Thy Son, Jesus Christ, who came and founded the Church. Guide us that in the Church we may grow in the love and knowledge of Christ and that we may become perfect in Him. In His name we pray. Amen.

**THOUGHT FOR THE DAY**  
Christ is our good Shepherd, and the Church is our fold. —Wen T. Lin, Educator (Sarawak).  
Additional Bible Reading—Luke 7:24-50.

## Quality Cotton Is In Demand

College Station.—Extra rewards await the cotton producer who succeeds in producing a high-quality crop this year, while discounts for low quality will continue to be stiff, reports Fred C. Elliott, extension cotton specialist.

The abundance of low-grade cotton that was left over from last year's crop will continue to depress the market for lower grades, points out Elliott. However, he adds, the present outlook for the 1958 crop indicates the continued shortage of high grade fiber.

A late spring, shortages of good seed, and too much moisture have contributed to a poor start for cotton this year, in many areas. But the specialist says there is still plenty of opportunity to aim for high quality through careful management and harvest practices.

These practices include weed, disease and insect control; fertilization at rates based on Extension Service recommendations; irrigating for good maturity in areas where it is done with special reference to cutoff dates; careful harvesting and ginning; keeping low and high grade fiber separate and selling on grade.

Almost a third of last year's cotton crop classified as spotted, resulting in a lower average grade for the 1957 crop than for any year on record.

Much of this spotting could have been avoided throughout better management practices, says Elliott. Widespread failure to adhere to such practices weakens cotton's position with synthetic and other fibers in marketing, for many uses. And this, in turn, contributes to cotton surpluses and depressed prices.

County agricultural agents can provide the latest information on how to grow cotton for quality, and, how to preserve that quality in harvesting and ginning.

# How Valuable

... IS LOCAL NEWSPAPER ADVERTISING TO LOCAL BUSINESS PEOPLE.

Here's What The Banker's American Magazine, a publication which represents a traditionally hard-headed profession has to say.

"No business man or woman in any town should allow a newspaper to go to press without his or her name and business mentioned somewhere in its columns.

"A stranger picking up a newspaper should be able to tell what business is represented in a town... it's the best possible town advertiser. The man or woman who does not advertise does an injustice to himself or herself and definitely to the town.

## T-Bar Pairs Win At Levelland

Eighteen Tahoka golfers playing in the one-day Scotch Foursome tournament at Levelland Sunday took off more prizes than any other town, according to Mrs. Jo Belle Robinson, who states there were 40 pairs playing. She says they put T-Bar Country Club on the map at the tournament.

Mr. and Mrs. Otis Spears of Tahoka tied with a Levelland couple for a low net score of 66.

In the third place, Lester and Mary Streech tied with a Muleshoe couple at 67.

With a 68, Dale McElroy and Miss Echo Milliken tied with three other couples for fourth place, representing Amarillo, Hobbs, and Levelland.

Other Tahoka scorings included: Mr. and Mrs. J. T. Wherton, 73; "Slick" Clem and Mrs. Jewell Smith, 74; Wade Holland and Mrs. Melba Clem, 76; and Meldon Leslie and Mrs. Audie Norman, 77.

Paul Jones, the Levelland Country Club pro, said the tournament was such a success that it would probably be made an annual affair. Golf balls were given as prizes in the first six placings.

It all adds up to this—Two cars cannot occupy the same space at the same time.

## Some of Visitors At Reunion . . .

Mrs. George Shumake was here but her husband was not able to come.

Seen talking over old times: Mrs. G. R. (Cleo) Milliken, 1905, "Aunt Becky" Roberts, 1901, and Mrs. Ethel Robinson, 1898.

Mrs. Susie Johnson, 1922, was down from Lubbock. With her were Mrs. J. M. (Jo Russell) Johnson and daughter, Mrs. Elvayne, and the latter's daughter, Valinda. Moanan is manager of the College Ave. Gin near Lubbock.

Mr. and Mrs. J. Fred Bucy were here. Mrs. Bucy says their son, J. Freddie, is now back at Houston, where he is an engineer in a pretty high position with Houston Technological Laboratories of the Texas Instrument Co.

Mrs. M. M. Boyd, 1917, reports her son, Lieut. Bobby Boyd, a career Army man now stationed in Berlin, Germany, recently took a trip while on leave to Paris, France, and to the World's Fair in Brussels. He hopes to be home in October. Her other Army career son, Major William Knight Boyd, is still stationed at Tulsa, Okla., with the Active Reserve Air Force, but is due for a change this summer. Knight was one of the American soldiers taken prisoner at Bataan, in the Philippines, at the opening of World War II.

Several of the old timers present from Wilson came to Lynn county from Shiner, and Wm. Zappe, now of Shiner, who also sold off a lot of the T-Bar lands, had a lot to do with the settlement of the Wilson area. Among those present were Mr. and Mrs. R. J. Maeker, 1912, Mr. Maeker riding up with the horses, household goods, and plow tools in an immigrant car; Mr. and Mrs. Anton Ahrens, 1916; Mrs. Katie Nieman, 1916; and Mr. and Mrs. Hugo Maeker, but the latter came from Karnes county. All are among our county's finest citizens.

Many were glad to see Walter Slaton, accompanied by Mrs. Slaton, out at the reunion. Ailing for some time, he is continuing to improve and enjoyed meeting many old friends.

Mr. and Mrs. Pat Buntyn, Mozelle Guinn, and Billy Sanders came up from San Angelo, but Mozelle said Sadie couldn't "leave the old rocking chair—getting old."  
Mrs. Jewell Johnson and Mrs. Maud Bledsoe returned home Saturday from an extended visit to Dallas, Texas, Arkansas, Celina, and Waco visiting Mr. and Mrs. Leroy Bledsoe in Dallas, Mr. and Mrs. Cloy Johnson in Texarkana, Mrs. G. F. Miller in Celina, Mr. and Mrs. Ed Miller in Dallas, and Rev. and Mrs. H. C. Simmons in Waco. Mr. Leroy Bledsoe brought them home and Sunday Mr. and Mrs. Floyd Bledsoe of Lubbock visited them.

## Brother of Tahoka Man Home From Missionary Work

Rev. and Mrs. Sidney Knox and two children have just returned from New Guinea, where he has been a missionary, and are making their home with his parents, Mr. and Mrs. W. F. Knox, 101 Vernon Ave. in Lubbock.

Rev. Knox is a brother of Leighton Knox of Tahoka, and he and wife are known by a number of people here. He is a former pastor of the Slaton and Big Spring Churches of the Nazarene.

The couple have dedicated their lives to mission work among the natives high in the mountain bush country of New Guinea, but he was recently found to have a malignancy with little chance for recovery and has returned to the States for treatment.

Rev. Knox, only 34, was born in Mangum, Okla., graduated from Lubbock High, attended Texas Tech, and studied for the ministry at Bethany College.

While at Big Spring, he accepted the call to New Guinea and began a book, "The Call of New Guinea" now being published by Nazarene Publishing House.

A year ago, he and his wife opened a school in New Guinea which he and Mrs. Knox built with their own hands, during the building for which they spent their spare hours crawling up the steep mountain-sides to visit among the wild Kuma and Siganga tribes.

Mrs. Knox carried a first aid kit and took care of injuries and illnesses the best she could, showed "flanelgraph" picture stories of Jesus, and Rev. Knox read from his translation of the Bible to aborigines just emerging from a primitive Stone Age existence.

Becoming ill last year, he underwent surgery at Goroka Lutheran Hospital, 100 miles from his post, and his malignancy was discovered.

Mr. and Mrs. Knox have two children, a son Geron and a daughter Jane Marie, the latter born last Sept. 15 in New Guinea.

"Heart of the South Plains"

FRIDAY, JUNE 27, 1958

## Home of Visitors at Reunion . . .

L. B. (Casey) Jones, 1916 who came to the Plains long before it came here as a bank clerk, married Sit Clinton, daughter of Mrs. W. T. Clinton, and the couple are now prosperous citizens of Plains, where they own a stock farm.

Roy Nettles, 1906, of Lakeview, and his late father, J. J. Nettles, and Matt Williams first bought land in 1903 at T-Bar community. Ten years later, in 1905, he bought land at Lakeview, and in 1908 moved the family out from Jones country. Roy still lives on a part of the original Lakeview place.

Mrs. Mary K. Woods and daughter, Mrs. Jack (Adeline) Cox and the latter's son, John, were here from Dallas.

Rufus Finch, 1910, now of Denver City, and a brother of the late Mill and Charley Finch, originally settled with the family six miles east of Tahoka.

Mrs. Ben Moore, 1902, from O'Donnell, said her late father, H. E. Baldridge, and Ed Ketner carried the petition over much of the county for the county's organization in 1903. She said her papa had gone to Lubbock and filed on four sections in the south part of the county. The door of their little shanty was never locked. At times they never saw another woman for months, but men came by the place frequently and lots of them ate with them, got feed for their horses, or even spent the night. The house was open to one and all, and the late Tom Preston was one of those who, on finding no one at the Baldridge home, cooked his own meal, left a note of thanks to the owners, and went his way. The only bath tub in those days was a No. 3 wash tub.

Mrs. George (Eva Wright) Small, 1902, told of their settling at the south side of the T-Bar pasture. When the county was organized, she says there just weren't enough voters in the county to qualify for organization. When the election was held for their area, she declares George voted a few horses. She added that George denies this but laughingly said she knows this to be true in spite of George's denial.

Mrs. "Sit" Jones said when she came with her parents, Mr. and Mrs. W. T. Clinton, Charley Brown, the colorful land agent and husband of Mrs. Pearl Brown (father of "Red" Brown), was the first man they met. During the drought of 1917-18, one day there came a little summer shower, and Charley walked all over town carrying a little pink umbrella.

She said they first lived at the old Snyder place down near the wagon yard. On arrival, her dad went to town and on coming home

said, "I just saw the strangest sight I ever saw—a man working in the First National Bank and wearing cowboy boots." He turned out to be "Casey" Jones, the man she later met and married.

E. T. (Thurman) Wells, 1903, whose father bought Tahoka's first store in that year from Sweet & King, and Mrs. Wells of O'Donnell had with them their daughter, Mrs. Revery McKnight, and grand daughter, Diane McKnight, who live in Commerce.

Mrs. Ethel Cook Robinson, step-daughter of the late Jack Alley, came here in 1898, and her late mother was one of the first ladies to live permanently in the county while Mr. Alley was manager of Col. C. C. Slaughter's Tahoka Lake ranch.

J. E. Ketner, 91, who came here in 1901, was probably the eldest man present but could not qualify for the prize as he had received it before.

Mrs. S. N. McDaniel, 1903, was the eldest lady present. Her late husband was the first county clerk of the county and before that was an inspector for the Southwestern Cattle Raisers Association.

Mr. and Mrs. E. E. McManis, 1906, of New Home stopped fishing long enough to attend the reunion. Mrs. McManis is one of the three living charter members of New Home Baptist Church, the others being her brother, J. H. Smith, and sister-in-law, Mrs. Sam L. Smith.

Relatives of Paul McDonald, 1902, here included his brother, Henry and wife of Seagraves; a half brother, Ben Ike Scott, and half sister, Mary Lynn Verhines, both of Roswell, N. M., both of whom were born here.

### J. P. Unfred Has New Experience

J. P. Unfred of Lubbock is reported to have had a new experience last Friday morning.

Now retired, he owns a farm near Petty gin. He has driven old Bill and Sid a many a mile across that field, he has ridden steel wheel tractors and rubber-tired tractors across the same land, he has walked a many a mile chopping cotton, and he has crawled equally as far down the same rows picking cotton and pulling bolls. But, Friday was the first time he ever sat down on it in an airplane.

It seems another son L. C. Unfred, was taking some flying lessons in a Cessna 175 from the Lubbock airport. He and the pilot picked up Mr. Unfred and flew him down to the Lynn county farm. Joe D. had just completed a cotton-burr runway, and L. C. landed on the new strip.

Mr. Unfred was a little perturbed when he first saw the strip, for he thought Joe D. had ruined some good land by spreading gravel for a runway, and when he got out of the plane he looked to be sure the strip was covered with cotton-burrs and not gravel.

Heretofore, crop sprayers in the community have been forced to land on county roads during the crop spraying season. Joe D. planted a strip of land to Marfa strain blue gramma grass from seed raised by Cleve Littlepage, and has covered it for protection with cotton burrs. The strip will serve a double purpose as a landing strip for planes this summer and fall.

By Laura Bowman  
County H. D. Agent

Summer is officially here as of June 21 although we have had a few hints as to its presence before the official date. About this time of year people began to think of spending a few days fishing, visiting relatives and friends, sight-seeing, or just plain resting in some remote spot.

If you are planning a family trip, extension home management specialists suggest you put aside the road maps and travel folders long enough to place valuable household papers in order.

Loss of a valuable paper from

theft, fire or carelessness spoils your vacation. A safety deposit box at your bank is one of the best places for wills, stocks and bonds, insurance policies, family records of birth, marriage, citizenship, military service, deeds, leases, promissory notes and other documents.

A household inventory is another valuable record. Before leaving on your trip, make duplicate copies or bring existing ones up to date. One copy can be placed in the bank box and the other kept at home. You'll be glad you did if you have to settle a theft or fire claim.

Take with you a list giving the name of your automobile insurance and hospitalization insurance companies. Including the number of each policy and the names and addresses of the agents.

If you carry travelers' checks, don't forget to make one or more listings of check numbers to be carried separately from the checks.

Now that school is out, youngsters have more time for quiet and active play.

Simple, interesting homemade games are proving very popular with youngsters of all ages, according to Lucille Moore, extension recreation specialist, and Mrs. Eloise Johnson, extension family life specialist. They provide double entertainment for family members—the fun of making the games, and hours of enjoyment in playing with them.

Homemade Games, a set of directions compiled by the two specialists, is being used widely by home demonstration and 4-H clubs. Some of the games might be made as gifts throughout the year.

You can get a copy of "Homemade Games" from my office.

home sewing, according to extension clothing specialists. It gives additional body to fabric and is a "must" with many pattern designs. The secret is in knowing where to use it, and what kind of interfacing to use.

Interfacing is most likely to be needed at edges where buttons and buttonholes are to be placed, according to the specialists. Collars, cuffs and pocket flaps often need interfacing to give them body and the crisp, perky look that adds style to a garment. Peplums, yokes and the lower portion of fitted jackets also are in need of some additional body for a professional look.

Skirt waistbands may need a single thickness of interfacing to pre-

vent the waistband from stretching. It also helps to keep the waistband from rolling or wrinkling.

A new extension clothing bulletin—"Interface It"—gives up-to-date information on different interfacing fabrics, when to use what, etc. It is clearly illustrated to show how interfacings should be used. A copy can be obtained from my office.

Vegetables and fruits make delicious pickles and relishes, extension foods and nutrition specialists remind us. With a large variety and supply of vegetables to choose from, now is the time to stock up for future use.

Everyone likes some form of pickle or relish. The color, crisp texture and tangy flavor often adds sparkle and zest to a meal which might otherwise be uninteresting. They add food value, too; some minerals and vitamins, especially A and C.

Ask for a copy of B-188, "Pickles And Relishes," at my office. You will find many of your favorite recipes, and new ones too, using a variety of fruits and vegetables now or presently available.

### CARD OF THANKS

We wish to express our appreciation to our friends for the many acts of kindness and the efficient care and attention given me by the staff of the Tahoka Hospital and Dr. Rumbo after my accident. "My family likes soups and stews. The electric deep well cooker makes it easy for me to give them what they like!"

SAYS  
**Mrs. Cecil Allf,**  
1824 ORANGE, AMARILLO, TEXAS

"The deep well cooker is so wonderful for making soups and stews that it's not surprising it does a wonderful job sterilizing baby's bottles. This is a new use that the Public Service Home Service Advisor told me about when I first got my electric range."

"I've found it's economical and practical to prepare soups and stews in large quantities in the deep well cooker and then freeze part for later use. There just seems to be no limit to the things you can do with an electric range."

"Thanks to the dependability of electric cooking, I can set my range to cook while I'm out. I love to entertain and with people in the house, I'm not tied down to the kitchen. I just let Reddy take over. So, in or out of the house, Reddy makes a good, silent, non-complaining servant."

### Some Of Visitors At Reunion . . .

Mrs. E. J. Coltenback was here from Hammond, La., where she lives with her daughter, Mrs. L. D. (Dovie) Anderson. She is visiting another daughter, Mrs. C. B. (Rita) Grissom at Ackerly. The Coltenbacks came here in 1921. He operated a blacksmith shop until killed on Feb. 7, 1937, in an explosion at his shop. Mrs. Coltenback moved away in 1942, but still considers Tahoka her home.

W. A. (Andrew) Rylant, an old time cowboy now living at Hobbs, N. M., was here at the reunion, his

first visit to Tahoka in 41 years. He says he first came to Tahoka in 1914 while driving a trail herd to Carlsbad, N. M., from the "Slash" outfit of the T. W. Wooten ranch in Borden county. It was in Tahoka that he met a young lady, Miss Jaza Wade, who camped here while traveling with her parents in a covered wagon. A few years later, in 1917, he met her again in Plainview, and they were married in Tahoka on July 27, 1917. Following service in the Army during World War I, they settled in Oklahoma, and since her death April 8, 1947, he has been living with a son in Hobbs.

Fred Alexander, who came here in 1919, was up from Stanton attending the reunion and visiting the W. P. Dillards. Mrs. Alexander and Mrs. Dillard are sisters.

Jacob (Jake) Chumley, 1908, another old cowboy who worked at various times for the Singletons, Frost, Mallet, and Slaughter ranches, was over from Seagraves. Going to Gaines county in 1904, he was the first mail carrier from Kapet to Hollebok (Florey). He claims to have taught Marvin Wood how to saddle a horse, and was relating some stories about "Domino" Scott, Marvin's uncle, who once lived out in the Nevels pasture and later lived at Seminole.

Over from Meadow were Elzie Bland, 1916, son of the late R. E. Bland of Redwine, and George Henry, 1915, brother of George Henry, and their families.

### WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

It has now become the fashion among the so-called intellectuals, parlor pinks, and others, to throw stones at American auto industry.

And while perhaps in the present time of stress when the recession is in part due to the failure of the auto industry to maintain a steady pace, the Big Three of Detroit are entitled to some sympathy. Detroit is the entire auto industry.

What these critics forget, and what unfortunately the Big Three forgot, is that the lifeblood of the auto industry is the nationwide corps of auto dealers who for the most part are independent businessmen with their own money tied up in sales and service facilities.

It is these dealers who made America a nation on wheels, but as soon as law enforcement and a fuzzy governmental attitude permitted huge concentration of auto making power, dealers were forced to go along with policies many, if not most, are not in sympathy with.

The American motorcar today is an outstanding engineering achievement. Perhaps they are bigger than absolutely necessary; perhaps they even have too much glittering chrome.

But it is quite possible that these things have added only insignificantly to prices of autos.

One of the most potent points in this entire situation was made by Charles Kettering, veteran inventor of General Motors, when in a recent article in a national magazine he stated that almost one fourth of the retail price of each car is now tax money. Thus, the National Federation of Independent Business

in a car, selling for example, at \$3,000, \$750 is tax. Thus, probably in no industry, with the exception of whiskey, is so much tax incorporated in the selling price.

And while perhaps whiskey is not an essential, in today's economy, an automobile is essential to practically every family. This is a fact which bureaucrats have long refused to recognize, maintaining the same old stand when cars were but rich men's luxury playthings, and thus subject to taxation on that basis.

But today, there is hardly a salesman, factory worker, a business, or an executive that can exist without a car.

And thus the enigmas of the auto business today is probably due to the disparity between the price of a new car, and the trade-in value of a used car, as compared to the pre-war ratio.

Yet greater depreciation in a used car today is probably due to excessive profit taking by the fact new cars carry a price "pack," but a "tax pack" of 25%.

Big Autos claim that Reuther's Big Auto Labor has forced up the prices. Reuther retorts that excessive profit taking by Detroit has forced up prices. Perhaps both in a measure are correct.

But claims of Big Auto and Big Labor do not seem of major importance at this time.

But the first step, it would seem logically, would be to eliminate the "tax pack" in new cars to immediately bring aid and relief to the thousands of hard pressed independent car dealers. Unless this is done, and done promptly, one of the most valuable economic forces on every Main Street in America could disappear with an irreparable loss to every community.

### Gin Conference Next Tuesday

An "Electric Ginning Conference," the first ever to be held for gin owners in the Plains-Panhandle area of Texas, will be presented in the ball room of the Lubbock Hotel, in Lubbock, on Tuesday, July 1, it has been announced by Earl Hobbs, President of the Plains Ginners Association.

Mr. Hobbs said, "This will be an important conference for gin owners because it will enable them to adopt modern methods of utilizing electric power to their operations and so operate more efficiently with greater profit to themselves and their customers."

Hobbs said that the conference will be under the joint sponsorship of the Association, the Southwestern Public Service Company, and the Extension Service.

Highlighting the conference, which will begin with registration at 8:30 a. m., will be technical talks in laymen's terms covering seven vital areas in the utilization of electric power in cotton gins.

Roger Owen, assistant industrial manager for Southwestern Public Service Company, will speak at 9:30 a. m. His subject, which will establish the key for the ensuing talks, will be "Common Electrical Terms." Mr. Owen will be followed by Mr. Bill Bonney, General Electric Company Electric Cotton Gin Specialist, from Dallas, speaking on "Types and Selection of Motors for Gins."

At 10:55 a. m., Mr. J. A. Vendrick, General Electric Company Sales Engineer of Lubbock will speak on "Types and Selections of Motors for Gins."

Another Lubbock man will present "Maintenance Program for Gin Motors." He is H. J. Witcher, manager of W. M. Smith Electric, Lubbock.

Following lunch, Joe Jones, Extension Service Ginning Specialist, Texas A & M College, will call the expected 300 delegates to order.

In the afternoon, "Motor and Lighting Circuit Protection" and "Effect of Size and Length of Wire on Operation of Electric Gin Equipment" will be presented by Roy James and Marvin Standefel, respectively. Mr. James is a power Sales Engineer for the Public Service Company, and Mr. Standefel is Plains Division Utilization Manager for the electric light and power company.

A Lubbock man, Mr. E. Jack Brown, Vice President of M. B. McKee Company of Lubbock, will make the final presentation. Mr. Brown's talk is entitled, "Economics of Proper Fan Speeds and Loads."

The all-day session is scheduled

to adjourn at 3:45 p. m. in order to enable participants to return home the same day. Mr. Hobbs said that there would be no charge for those attending.

Mr. and Mrs. Anton Ahrens of Wilson recently had visiting them their grandchildren, Wesley and Robert Ahrens of Olton and Mrs. Clara Jean Gardner of Ropesville.

Avery, about 35 miles west of Texarkana, were back for the reunion and saw many friends they had not seen in years. They moved away in 1928.

Lawrence Redwine and family of Lubbock were down visiting old friends. Although not a pioneer settler in this county, he came to this area 44 years ago as a cowpuncher, later operated a drug store, then a livestock sales barn, and now has farming interest at Lubbock.

Tommy Davis, 1903, of Brownfield, was here, as usual.

Billy Mitchell, 1905, of Wilson, had to get in on the barbecue serving, as he felt he had been here long enough to be one of the hosts.

Mrs. Harold (Kathryn) Edwards of Houston and daughter, Mrs. Earl D. (Janice) Moore of LaMarque, and the latter's son, Steve, were here visiting in the parental Roy Poer home and attending the reunion.

Mr. and Mrs. Frank Edwards, also of Houston, were here. They said the annual Edwards family reunion will be held this Sunday, beginning at 10:00 a. m. in Mackenzie Park, Lubbock. Fred Edwards and Mr. and Mrs. A. P. Edwards were down from Lubbock, as was also J. Wright Edwards, a 1915 settler in Lynn county.

Hub Fenn of Seminole, Dink Fenn of Minturn, Colo., and Mrs. Tom (Beulah) Taylor of Lubbock, who came here with their parents in 1901 and settled eight miles north of Tahoka, were here. It was in their home that plans were made for organizing the First Baptist Church of Tahoka. Their sister, Mrs. W. H. (Ella) Fletcher, whose husband was an early day Tahoka barber, died last November 27 in Tyler.

Tom Taylor, 1913, who first saw the new town of Tahoka in 1903, said he moved to Gomez in 1904, and there was no town of Brownfield at that time.

Mr. and Mrs. Matt Williams, 1903, who farm and ranch in Yoakum county, were here visiting old friends made when they ranched in the old T-Bar community back shortly after the turn of the century.

A. B. Hatchell was down from Lubbock. He formerly lived between Tahoka and Wilson.

Mr. and Mrs. D. H. Goodnough, who formerly operated a shoe shop here, were up from Abilene.

James Taylor, brother of Mrs. Lee Roy Knight, was here from Lamesa. Their parents, Mr. and Mrs. W. E. Taylor, also live at Lamesa. Mr. Taylor is said to have been the first policeman Lubbock ever had—back in about 1910.

### Rescue Girl From South Texas Flood

Jodi Raindl, daughter of Mr. and Mrs. L. A. Bock, San Antonio, and granddaughter of Mr. and J. B. Oliver, Tahoka, and Mrs. Frank Raindl, Wilson, was among the one hundred girl scouts rescued from flooded Camp La Jila near Utopia last week.

The girls were routed from bed at 3:00 a. m. and waded through the raging waters to higher ground before they were transferred to the gym at Utopia, where they spent a day and night before they could be brought out by Greyhound buses.

It is not known whether any of Jodi's clothes were saved or not. Some of the girls lost all of their belongings.
