O'Donnell Boy Crushed By Car

Funeral services for Jimmy Dan Simpson, son of Mr. and Mrs. Charles Simpson, were conducted Tuesday at 3 p. m. in the First Methodist Church of O'Donnell with the Rev. Willie Fox, Amarillo, officiating. Burial was in the O'Donnell Cemetery under direction of Higginbotham Funeral Home of Lamesa.

The 4-year-old boy was crushed to death between an automobile that jumped the curb and a building in downtown O'Donnell Monday about 10:30 a. m.

A highway patrolman who investigated the accident said the child was playing on the outside of the York Laundry. An O'Donnell woman drove up to park at the laundry and because of a malfunction in the brakes of the car, it jumped the curb and pinned the boy against the building.

The driver of the vehicle involved said she did not see the child. The boy was pronounced dead at a physician's office across the street from the scene of the mishap. The boy's mother was either in the laundry or an adjoining store when the accident occurred. Survivors include the parents; a brother, Charles Wayne, a Texas Tech student; and a grandfather, E. Eason, Morton. The father is an employee of the O'Donnell school system.

CAROLYN ALDRIDGE

Local Girl In State Contest

Lovely Carolyn Aldridge of Lynn County will represent 17 counties in this area at the state finals of the Texas Farm Bureau queen contest Nov. 10 in Corpus Christi.

Miss Aldridge, 19, daughter of Mr. and Mrs. J. E. Aldridge, Route 2, Tahoka, will be competing with 12 other district winners in the contest which will be held in conjunction with the 25th annual convention of the state farm organization. The lucky girl chosen state queen will receive \$500 in expenses to attend the American Farm Bureau Federation convention in December in Boston. All district winners will receive expense-paid trips to the state contest as well as beautiful wrist watches.

Carolyn was selected District 2 Farm Bureau queen over eight other county winners in the contest Sept. 6 in Lubbock. Runner-up was Miss Marisue Burleson, 16, daughter of Mr. and Mrs. W. E. Burleson of Floydada.

The tall, hazel-eyed, brown-haired beauty was graduated from Monahan High School last year and is now a Sophomore at North Texas State College at Denton where she is majoring in secondary education. Active in high school, she played in the band three years (she was graduated in three years), was a member of the Speech Club and won first in district and third in regional one year in poetry reading. She was also Future Home-maker princess and participated in the Junior play.

Carolyn's hobbies include collecting china shoes, cooking, reading and attending movies. She likes to design her own clothes and is fond of popular music, college life, drama and speech.

As for her future, she plans to finish college, begin her teaching career and "get married and have a family and home of my own."

Brotherhood Meets On Monday Night

The First Baptist Brotherhood will meet at 7:30 next Monday evening. Dub Harvick, president of the Brotherhood, invites every man of Tahoka to the Brotherhood meeting on Monday evening at 7:30.

Robert Edwards, program chairman, has arranged a splendid program with Logan Cummings as the speaker.

Logan Cummings is a senior student at Texas Tech and plans to attend the Southwestern Theological Seminary at Fort Worth after he graduates from Tech. Bro. Cummings is at present the pastor of the Bethel Baptist Church.

He was a star basket player during the past three years at Texas Tech.

A delicious meal is being prepared for this meeting and serving will begin at 7:30 p. m. All men are urged to be present.

BABY IS BURNED

Manuel Nevarez, age 20 months; daughter of Mr. and Mrs. Abdon Nevarez, Tahoka, was considered in serious condition Friday in Methodist Hospital, Lubbock. She entered the hospital Thursday afternoon after suffering burns on the face, arms and legs in an explosion of a butane stove at the home.

Fires Damage Two Buildings

Fires the past week badly damaged two buildings south of the square.

The R. W. Fenton Jr. Mexican bracero building was almost gutted Wednesday afternoon, and personal belongings of about 60 Mexicans were destroyed or damaged. The 28 by 110 foot building was badly damaged although constructed mostly of tin and stucco. Fire apparently started near the west end of the 18-room building. Fire Chief Lawrence Harvick thought the fire started either from overloaded light lines or from a gas connection. No estimate had been made of the loss Thursday morning, Mr. Fenton said.

The approximately sixty hands living in the quarter were all in cotton fields when the fire started, and flames had gained considerable headway before the Fire Department was called.

Friday night at about 8:30, the M. F. Jones Mexican cafe building just south of his store caught on fire, possibly from a coffee urn, but the fire department arrived in time to save most of the building. Loss was estimated at about \$800.00. Preparations were just being made to open the cafe when the fire started.

Saturday, the Fire Department was called to Farmers Coop Gin to extinguish a cotton bur fire that threatened to spread and do damage.

Work Is Started On New School

Hunter Bros. Construction, contractors, began moving in Monday and will start work immediately on the \$47,335.00 addition to South Elementary School building.

He said he hopes to have the building closed in before the extremely cold weather sets in.

The addition will contain four first grade classrooms and a large combination hallway, darkroom and play room. The new structure, which will blend with the existing building, will contain about 4,600 square feet of floor space.

Trap Shoot Brings In Nice Profit

A profit of approximately \$600 was realized from the T-Bar Country Club turkey shoot held Saturday and Sunday afternoon, Jack A. Robinson reports. Proceeds will go toward improving the trap shooting range and the country club.

Shooters were here from all over the county and from Lubbock, Hereford, Seminole, Seagraves, Denver City, Abertown, and possibly other towns, and all were high in their praise of the new shooting range at the club.

Another shoot is planned November 22 and 23.

Two Local Girls Favorites at McMurry

Miss Jerrie LeMond, left, and Miss Martha Roper, right, were recently selected as "class favorites" of the Senior and Junior classes, respectively, at McMurry College. Miss LeMond, a 1955 graduate of Tahoka High School, is the daughter of Mr. and Mrs. Roy LeMond, Grassland. Miss Roper is a 1956 graduate of New Home High School and is the daughter of Mr. and Mrs. C. E. (Gene) Roper of New Home.

Absentee Voting Is Now Possible

Absentee voting in the Nov. 4 general election began Tuesday morning at the office of County Clerk Beulah Fridmore.

Printing of the ballots was delayed in Lynn county by failures to receive certification of all the candidates in time.

The ballot carries all the Democratic nominees for public office as well as an abbreviated list of Republican and Constitution party nominees.

Of more importance to voters in this election, where Democratic nomination is tantamount to election, are the nine proposed amendments to the Texas Constitution which voters should study and vote on. The News will carry a brief outline of these before election day.

New Home Has Big Enrollment

New Home has a record total of 653 students enrolled in school this fall, Superintendent C. O. Head reports.

Of the total, 602 are white students and 51 are Negroes.

The unprecedented enrollment is because of the large influx of migratory workers here for the cotton harvest. About half of the students, and nearly all of those involved in the increase, are Mexicans.

MRS. SHERROD HAS SURGERY

Mrs. Beecher Sherrod underwent major surgery Tuesday in Methodist Hospital in Lubbock. On Wednesday, she was reported to be resting fairly well, but her condition is considered serious.

C. L. Stanley, 39, Funeral Monday

Chester Lee Stanley, 39, Tahoka jeweler, died of a malignancy Saturday at 4:50 a. m. in Big Spring Veterans Hospital following an illness of only about four weeks.

Funeral services were conducted at 10:00 a. m. Monday in the First Baptist Church with the pastor, Rev. W. A. Brooks, officiating. Burial followed in Tahoka Cemetery under direction of Stanley Funeral Home.

Mr. Stanley and family came to Tahoka in 1954 from Dallas and operated a jewelry and Army Surplus store. He had never been ill and seemed to be in good health until becoming ill with what he thought was the flu about three weeks before his death.

He was born on January 6, 1919, in Plano. He was a veteran of World War II, and while in the service met his wife, the former Miss Josie Cowley, and the couple married in Manchester, England, on November 26, 1945. He was a member of the First Baptist Church, the Oddfellows Lodge, and the Veterans of Foreign Wars.

Survivors include his wife; two children, Anne Marie and John Lee, of the family home here; his parents, Mr. and Mrs. Floyd Stanley, also of Tahoka and associated with him in his business; and one sister, Mrs. Ruby Wpoddall of Lubbock.

Hall Robinson and Mr. and Jack A. Robinson went down to Dallas last week to inspect the new Mercury cars which will be shown here in the very near future.

Mrs. C. B. Hicks, a medical patient in Tahoka Hospital, is reported doing well.

Cotton Gin Total Is Near 70,000 Bales

Housing Project Papers Signed

All necessary papers were signed Monday between Local Housing Authority and the Federal Housing Authority officials for at least one project of 16 units of duplex residences for Tahoka.

Plans for the houses call for permanent construction of brick, tile, or concrete to last at least 40 years.

The houses will not be located in any one area, but will be scattered over the town.

Operation of the project will be entirely under the Local Housing Authority, composed of A. M. Bray, A. C. Verner, Harold Green, Dean Taylor, and one other to be appointed. J. M. Uzzle has been named temporary executive director.

October 1 Cotton Report Released

Lynn county had ginned more cotton than any other county on the Plains up to October 1, the U. S. Census Bureau report shows for that date.

Lynn had ginned 19,166 bales up to October 1st.

On October 3, The News estimated that 20,000 to 25,000 bales had been ginned; therefore the latter figure was a little high.

In deep South Texas, where the cotton harvest was about finished, on October 1, Hidalgo county had ginned 178,577 bales and Cameron had ginned 130,777. No other county in the state had reached 100,000 bales.

Total ginnings for the state on October 1 were 1,238,051 as compared with 859,577 at the same date last year.

Open House For Wilson Parsonage

The new parsonage of the First Baptist Church of Wilson has been completed, and "open house" will be held Sunday afternoon from 2:30 to 4:30 o'clock.

Everyone in the area and especially all members of the church are invited to inspect the new building, a very modern residence built on lots across the street and north from the church building.

Rev. H. F. Scott is now serving in his third year as pastor at Wilson.

Echo Milliken Buys Bovell Building

Miss Echo Milliken, owner of Duchess Beauty Shop, has purchased the former Bovell building next to the Clint Walker Agency, at 1662 Sweet J Street, and is remodeling it as a new location for her place of business.

The new modernized front will be finished in red brick instead of the original light.

Richardson's Electric formerly occupied the building.

COPELAND HAS SURGERY

David Copeland, halfback on the varsity team and a junior in Tahoka High School, underwent surgery on one his knees last week. Copeland received the injury while practicing after school a week or so ago. He is back in school now, however, and is doing very well.

Tahoka had ginned 12,480 bales of 1958 cotton up to 10:00 a. m. Thursday, according to reports from the four local gins.

This would indicate that, based on a comparison of previous reports, that Lynn county has ginned a total of 70,000 bales, or possibly a little more.

O'Donnell was reported to be nearing the 18,000 bale mark on Thursday.

Tahoka gins had handled the past week 3,650 bales, and about 20,000 were ginned in the county during the week.

Cotton yards at practically every gin are loaded with cotton, and all gins were running from a few bales to several hundred behind.

While the harvest in the south part of the county is well past the halfway mark, ginning in the north half is just getting well underway. One local ginner doubted if half the county crop has been harvested.

Shortage of hands, especially in the irrigated sections of north part of the county, is slowing down the harvest considerably. Some farmers have not even started picking but will wait for a killing frost. Some have defoliated and will machine their entire crop.

On the other hand, a major portion of the maize crop has already been cut.

The predicted frost for Wednesday morning failed to materialize, as the thermometer in Tahoka reached a low of only 38 degrees. A very light frost was reported in the Lubbock area. A light frost would be beneficial to most crops, farmers say.

Cartoon Series Boosts Town

The News is beginning a series of editorial and institutional cartoons that pertain and reflect to the various types of business in Tahoka. They show, usually in a humorous way, the advantages and the importance of buying in Tahoka with local merchants.

Your money means more to you when you spend it here in Tahoka. Let's you and I reflect on this for a moment or two.

Local merchants and their employees are usually your fellow-citizens, your neighbors, and your friends. They stand behind their counters, on their display room floors, always ready to serve you in a courteous manner though the hours are long. They are always ready and anxious to stand behind their merchandise. That is why great care is taken when they do their buying for your buying pleasure.

Prices are usually the same, if not lower, especially in these days of "fair trade" items. The service is certainly better, the delivery is much quicker and its far less trouble all around. Remember, the more you buy in Tahoka the better our merchants can serve you.

Another reason, probably the most important reason why you should buy in Tahoka is—money spent locally helps meet local payrolls, helps support local charities, helps pay local taxes, helps local schools, churches, city and county government.

Your money works its way directly into the lifeblood of the community and works directly or indirectly for the good of all who live in the community.

If Lynn county is good enough for you to live in, isn't it good enough for you to trade in?

Tahoka Bulldogs Rest This Week After Dropping Conference Opener

Tahoka Bulldogs lost 40 to 4 to the Spur Bulldogs in the opening District 3-A-A game for both teams here Friday night.

The crippled Tahoka team played minus the services of Backs David Copeland, Billy Tomlinson, and Weidner Calloway, and Kenneth Stace went out early in the second quarter with an injury.

The game was marred by fumbles, pass interceptions and penalties.

The second time Tahoka had the ball, they moved 34 yards to the Spur 28. For the second time they stopped Spur and put on another drive which carried to the Spur 7, but a fourth down pass was intercepted by Spur's QB Freddie Walker and moved out to their 8. Spur's first play failed to gain, but the next was a pass from Walker complete to FS Joe Copeland on the 25 and he traced another 25, the play going 50 yards for the visitors' first score. HB Sutt ran over the conversion.

With 13 seconds left in the second quarter, Walker passed to RB Woody McWhorter, a 26-yard touchdown play, and a pass to Copeland was good for the conversion. Half-time score, Spur 14-0.

Midway in the third quarter Spur got another drive started after HB Kent Morgan had brought a Tahoka punt back to the Tahoka 44. Spur was on Tahoka's 23 when Walker failed to pass, failed to find a receiver downfield, and ran around his right end to score. Sutt ran over the conversion. Score, 24-0.

STATISTICS table with columns for Team, First downs, Yds. rushing, Yds. passing, Passes complete, Incomplete, and Had intercepted.

Three plays later, Spur's Bubba Brighton intercepted a Tahoka pass and ran to the Tahoka 24. Five plays later, including a pass to Morgan good for 22, Walker passed another to Copeland for 22 yards and another score. Morgan started left end for the conversion. Score 32-0.

Early in the fourth, Spur intercepted another Tahoka pass, and six plays later, Morgan ran around left end to score. Copeland ran over the conversion. Score 40-0.

Segi and Adams completed several passes in the futile effort to score during the remainder of the quarter. With Freshman Fred Hag running at quarterback and George Adams, the regular quarter, moved to fullback, both of whom scored some passes. Tahoka looked pretty good at times. George carried the ball 19 times for 92 yards. Tahoka completed 31 passes for 49 yards, but Spur completed seven for 121 yards. Cain, Jerry Adams, One, and Walker all had a hand in receiving passes for short gains. However, the Tahoka boys had five passes intercepted.

Tahoka Juniors Win Two Games

Two Tahoka Junior football teams took decisive victories over Friendship at Wallfirth Tuesday night.

Captain Bill Barclay's Eighth Grade team took a top-sided 44 to 0 win, scoring three touchdowns in the first quarter. For the leading runner, Taylor Knight scored twice, and one touchdown each was scored by Tony Spradell, Larry Price, Billy Wallace, and Billy Clinton. The latter on a pass from Jerry Freyette. Spradell ran over three conversions and Knight one.

Captain Jake Jacobs' Seventh Grade boys won 14 to 0 over Friendship. Steve Greer scoring in the first quarter and Lynn McCaskey in the fourth. Henry Chaps ran over one extra point.

The junior teams play State Tuesday night at next week.

The boys are pretty disappointed over their showing this season, as well as are the coaches. Tahoka has an open date this week before going to Slaton Friday of next week, a rest much needed for building and building up morale. Most of the loyal fans do not intend to quit the boys now, and many of them will follow them to Slaton next week.

O'Donnell Plays Plains Tonight

O'Donnell Eagles entertain the tough Plains Cowboys at their Homecoming Class 5-A game tonight. The Cowboys have won six and lost one game this season, while the Eagles have won five and lost two.

In opening conference play last Friday, Plains ran over Friendship 20 to 0 while O'Donnell was dropping its opener at Sundown 22 to 6.

Sundown scored once in each of the first three quarters, two of the scores ending sustained drives and the third coming after the Roughnecks covered an O'Donnell fumble on the 17. They also made good on two conversion tries. O'Donnell's score came late in the fourth period on a 20-yard run by Nead Shaw.

FREDAY'S SCORES table listing scores for Spur 40, Tahoka 4, Floyd 8, Slaton 8, Sundown 22, O'Donnell 6, Cooper 28, Amberst 8, Cooper 28, New Home 22, Denton City 8, McCaskey 8, Seminole 22, Fort Stockton 8, Abernathy 28, Wallfirth 8.

FAITH AND WORKS In making subjective people sometimes contend for faith only, others will contend for works only and still others contend for a combination of faith and works. Such a discussion arose one day when two gentlemen were crossing a river at a ferryboat. One said that faith was everything and the other asserted that works were the most important. They were unable to convince each other. The ferryman, a devout Christian, asked if he might give his thoughts on the matter and received permission. The ferryman said, "I hold in my hands two oars. We'll call the one in my right hand 'faith' and the one in my left hand 'works'. Now gentlemen, please observe. I pull the oar of faith and pull it alone. See? The boat goes round and round and makes no progress. I do the same to the oar of works, and precisely similar result--no advance. Next I pull both together, and we shall be at our landing place. So, in my humble opinion," he added, "faith without works nor works without faith will not suffice. Let there be both, and the heaven of eternal rest is sure to be reached."

James, in James 2, went to great length to show that we are not saved by faith only, and Paul in the Roman letter showed that we are not saved by works only. They both assumed that faith had to be coupled with her works. That which avails is "faith which worketh by love." Gal. 5:6.

New Home-Wilson Game Saturday

New Home Leopards entertain the Wilson Mustangs at the New Home Homecoming activities Saturday night at 7:00 p. m.

This will be the first conference game for Wilson, the second for New Home, and the Leopards will be seeking revenge for past defeats handed them by the Mustangs. New Home has won two games this season, and lost five, which Wilson has yet to win a game in six starts.

Although New Home is slightly favored, Wilson has a week's rest by reason of an open date last Friday. Other district teams are Cooper, New Deal, and Lovens.

The Leopards lost last Friday night in their conference opener with Cooper 20 to 12. Pirate HB Gary Bell scored in the first period on a one-yard drive, and FB Anton Kuback added two conversion points. In the second, New Home scored on a three yard play with Wesley Dean carrying, but the conversion failed.

In the third quarter, Cooper scored again, and then put over two scores and a conversion in the fourth, while New Home's David Crooks ran five yards for New Home's only tally.

A capacity crowd was present last Friday, and this Friday an even larger crowd is expected with most of North Lynn county present to see the feud settled on the gridiron.

Constitutional Amendments Up To Texas Voters Nov. 4

By VERN SANFORD
Texas Press Association

Austin, Texas—more dust is being stirred up over issues than over candidates, in the build-up to the General Election, Nov. 4.

Texas will vote on nine proposed amendments to the Constitution. One of them, providing for annual sessions and salaries in the Legislature, is the subject of hot debate.

A condensed outline of the amendments and arguments being presented for and against follows: (Numbers correspond to the order in which amendments will appear on the ballot.)

1. Would provide for annual sessions of the Legislature. Odd-year sessions would be devoted to all matters, as before, and even-year sessions would attend to budgeting and emergency matters. Legislator would receive an annual salary of \$7,500 (instead of \$25 a day for a 120-day session) and an unspecified amount for "expenses of office."

PRO: Supporters say annual sessions will allow more time for consideration of important matters. State financial planning could be done having to "guesstimate" financial needs for two years ahead. Better pay would be a step toward attracting the best qualified persons to lawmaking. Such influential and hard-working groups as the Texas Junior Chamber of Commerce are pushing this amendment.

CON: Equally outspoken are the opponents who say it would cause needless expense when money is already short. More time in session means more chances to spend money. Proposed salary still is not enough to attract top-notch talent, but "expenses of office" could open the door to "fat-cattling" with public funds. Sen. Dorsey Harde-man of San Angelo is the recognized spokesman for the "antis" which include some other lawmakers and other groups.

2. Would allow counties to extend participation in their retire-

ment, disability and death compensation plans to elective officials and employees of the county.

PRO: It is a permissive law. No county has to do it unless the voters say so. It would give elective officials the same privilege as appointees, be an attraction to office.

CON: It sets no requirement for length of service. An official might serve one term—or less—and receive benefits.

3. Would allow the County Commissioners Court to fill vacancies in the office of County Judge and Justice of the Peace only until the next general election. Presently such appointments are for the remainder of the unexpired term, up to four years.

PRO: It would give voters the right to choose their own replacement to office as soon as possible.

CON: Since campaigns are so costly, there would be less incentive to run for the office for only a two-year term.

4. Would provide for automatic resignation of a district, county and precinct official who announces for any other public office more than one year before the end of his term in office.

PRO: It would keep officials on the job rather than out campaigning for some other office.

CON: It would discriminate against district, county and precinct officials since other officials—U. S. senators, state senators, railroad commissioners and others with more than two-year terms—can run for another office in mid-term.

5. Would allow Home Rule cities to extend terms of their elective and appointive officials from two years to four years.

PRO: It is permissive; each city can make its own decision. Two-year terms hardly allow an official time to get a program started before he has to get out and run again.

CON: Elections every two years give voters more control, build up

citizen interest in government.

6. Would provide pensions, not to exceed \$80 a month, for retired Texas Rangers and widows of Rangers who retired before the 1947 State Employees Retirement System was established. Money would come from the Confederate Pension Fund.

PRO: Since funds are available, it would put no extra burden on taxpayers. Protective dating clause would prevent marrying for pensions.

CON: It would allow ex-Rangers to receive pensions for as little as two years' service and with no payments on their part, a more generous arrangement than is provided for other state employees.

7. Would allow Legislature to appropriate money for advertising the advantages of Texas in nationally-circulated publications. Use of the name or picture of any living state official would be prohibited, and public funds would be matched by private funds.

PRO: Texas is one of only three states without a state program to attract tourist and industry. Proponents say it would pay for itself many times by bringing new money into the state.

CON: This should be handled by the businesses who would benefit through their trade associations, chambers of commerce, etc.

8. Would allow the Legislature to appropriate money to pay for medical care for people who receive old age assistance, aid to the blind and aid to dependent children.

PRO: It would provide help for people whose small monthly checks cannot possibly cover medical emergencies. Since payments would be made only to the vendor (doctor, hospital or what not), the money could be used only for its intended purpose.

CON: It would cost the state an estimated \$9,000,000, with no limit on how much it could drain from the Treasury. It would mean double taxation for cities and counties already providing medical care for their needy.

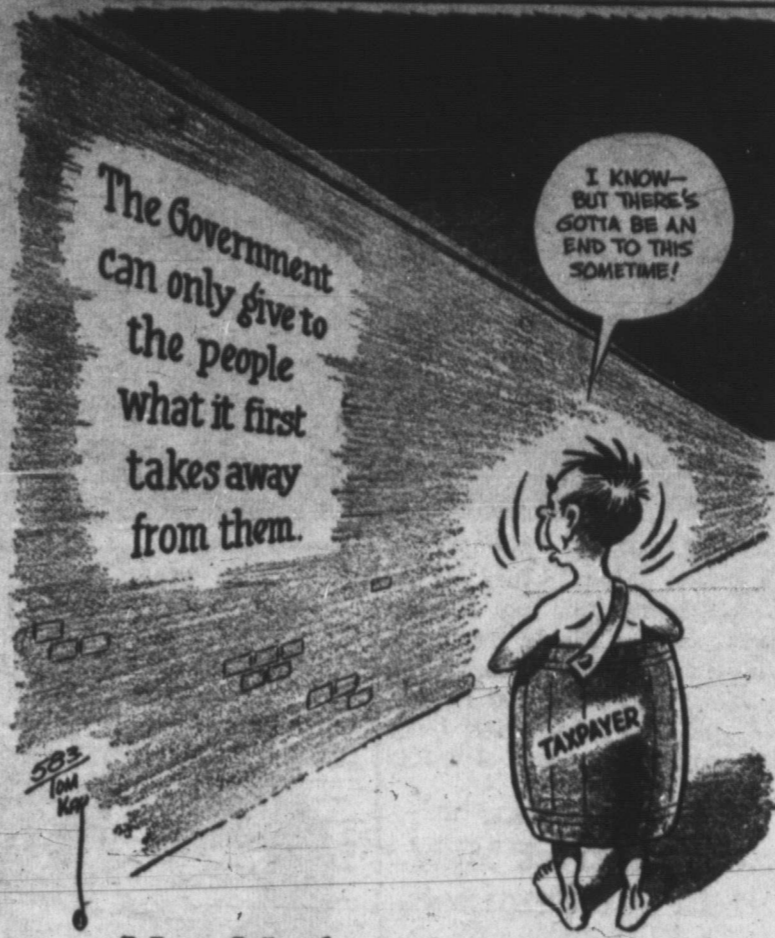

9. Would allow the Legislature to authorize creation of hospital districts in Amarillo, Wichita County and Jefferson County.

PRO: It is permissive. People in the affected areas could decide what they want to do with it.

CON: Proposed amendment is long (1,000 words), detailed and so complicated that few voters can ever understand it. If such provisions are needed, they should be made in statutes rather than by adding to our already-long Constitution.

An automotive invention that is greatly needed are brakes that will automatically get tight when the driver does.

What it takes

for Good Heating!

INSULATION

No matter how your home is heated, good insulation will save you money—give greater heating comfort—provide more efficient summertime cooling. Ceilings should have 6 inches of non-settling insulation. Walls should have 3 1/2 inches—floors, 2 inches. A concrete floor should have 2 inches of insulation between it and the foundation. Windows are great to see through but they're guilty of tremendous heat loss and so they should be small or doubled-glassed—always weather-stripped. Ducts in a forced-air heating system should have a 2 inch coat of insulation.

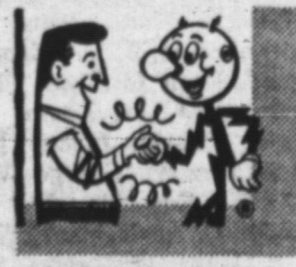

DESIGN OF HEATING SYSTEM

A properly designed heating system is a must if you are to have enough heating plus the efficiency necessary for low-cost operation. The system must be sized to meet the heating demand of the building and its occupants. A too-small system won't do the job and a too-large system is wasteful of both the cost of the unit and of its operating cost. In a forced-air system the size of the ducts and the blower is important for correct air distribution. The placement and size of the ceiling louvres must be considered in getting enough heat to all areas of the room.

HOME DESIGN

For greater comfort and economy much can be done with the home itself. Cold, windy or hot exposures must be reckoned with. However, since cooling a building is usually more expensive than heating, air conditioning engineers recommend that home design offset hot, sunny exposures. One way of making the home cooler is to have extending roof overhangs to shade the exterior walls and windows. Other ways include designing the garage on the southwest corner of the house. Porches can be used to advantage, as well as adding beauty to the home. Shade trees on the sunny sides of the house are helpful.

QUALITY OF HEATING SYSTEM

You wouldn't build a home today and use wood-fired stoves for heating. You'd ask for the best heating system you can afford because you're looking for comfort and convenience. That's why, all over America, modern-thinking folk—architects, builders, home buyers are delighted with the comfort and convenience offered by electric home heating. There are 4 basic types of electric heating from which to choose: 1. Wall panels, 2. Ceiling cable, 3. Baseboard, and 4. Heat pump. The first three use no ducts and can be individually temperature-controlled in each room. The heat pump is an amazing new appliance that cools as well as heats. It is a forced-air system.

There's a new low electric heating rate now available. Your Public Service manager has the details—talk to him about it.

"The Inside Story of ELECTRIC CLIMATE CONTROL"—a new booklet that tells the facts about modern electric heating. If you're building or remodeling you'll want this booklet. Your Public Service manager has a copy for you.

Today's MEDITATION from The World's Most Widely Used Devotional Guide

The Upper Room

THE UPPER ROOM, NASHVILLE, TENNESSEE

God is faithful, who will not suffer you to be tempted above that ye are able; but will with the temptation also make a way to except, that ye may be able to bear it: (1 Corinthians 10:13.)

In different parts of the world, folks have the same trials. Let us not think, then, that we are singled out by fate as the bearers of trials uncommon to man. Any resentment will vanish if we remember that there is a fellowship of people carrying the same load/as we do.

It is good to remember also that God is not a mere spectator of our trials. We have the rich assurance that God is our reliable Friend. A great missionary spent seven long years on the field before winning a single convert. During that time his wife died. With his own hands he dug the grave and laid her body in it. He himself read the funeral service. Later he wrote, "I was not alone, for Jesus Christ was there."

In our trials God makes a way out, so that we may be able to bear them. Jesus Christ is with us in all our trials. Therefore we can lift up our hearts.

PRAYER

O Lord, our reliable Friend, help us this day to face life gallantly. In the sure knowledge that Thou wilt sustain us in even the bitterest trial, we put our trust in Thee; through Jesus Christ our Lord. Amen.

THOUGHT FOR THE DAY

God will never leave me or forsake me.—Hedley W. Plunkett (Eire).
World-wide Bible reading—John 4:1-11.

Jerene Wuensche Is In College Choir

Church Buys House From Mrs. Thomas

The First Baptist Church recently purchased the former home of Mrs. W. O. Thomas on North Sixth Street. The home is a cream brick with a double garage. The home has two bed rooms, dining room, kitchen, living room, utility room and it also has an apartment at the back of the home.

The members of the First Baptist Church in their regular monthly business meeting accepted the recommendation of the committee appointed by the Deacons of the Church to secure information on the home and the recommendation was brought before the church and a unanimous vote was taken favoring the purchase.

The home will be for the Music and Educational Director of the First Baptist Church.

Mr. Rowland Nitcher and his wife, Wilma, and son, Randy, have moved into the home. Mr. Nitcher is the Music Director of the church and is attending college at Texas Tech. Mr. Nitcher directs the music for the services and directs the Youth activities. Mr. and Mrs. Nitcher plan to have open house as soon as they are settled from the move.

W. H. McNeely and Gainerd McNeely, cousins, arrived home last week on 30 days leave from the Army, having been stationed recently at Fort Polk, La. They will report back for duty on November 19, and expect to be sent to Korea.

United Nations Day Is Today

Today, October 24, has been proclaimed as United Nations Day—a day on which all good citizens of the free world are asked to pray for peace.

Dean Taylor, who has been appointed United Nations Day chairman in Tahoka by Stanley M. Rumsbough Jr., national chairman, on recommendation of Mayor H. B. McCord, asks that all citizens take notice of the day.

Purpose of the United Nations is for maintaining international peace—a durable world order of freedom and justice—more important than ever, now that the world is on the threshold of a new age of scientific technology which holds great hopes and grave perils for all mankind.

No special program has been arranged for the day in Tahoka, however.

Today Homcoming For O'Donnell Exes

Ex-students of O'Donnell High School will attend the annual homcoming event Friday afternoon prior to the football game there between O'Donnell and the Plains Cowboys.

A pep rally and a banquet will precede the game.

J. C. Harris, president of the ex-students association, invites all former students of the school to attend these events.

Registration of exes will begin at the high school at 1:00 p. m. The pep rally will follow at the gym at 2:30 and will be highlighted by the coronation of the homcoming and football queen.

The queen will be selected by Coach Joe Palmer's Eagle football squad and her identity will not be revealed until the pep rally.

The banquet will be held in the school cafeteria at 6:00 p. m. New officers will be elected at the meeting. Present officers include Harris, president; Mrs. Gus Sherrill, vice president; and Mrs. Roger Doss, secretary-treasurer.

Tickets for the homcoming banquet are \$1.75 and are on sale at Lot Pharmacy, Forbes Motor Company, and the First National Bank in O'Donnell. They are also being sold by the Future Home-maker girls of O'Donnell High.

NEW HOME JUNIOR GIRLS ELECT 4-H CLUB OFFICERS

Officers were elected as follows: Ann Gasper, president; Lonette Rudd, vice president; Muriel Swinson, secretary; Patsy Swinson, song leader, and assistants, Diann Williams and Janie Milliken; Glenda Halford, reporter.

The girls planned a part of the year's work. They expect to have a "wonderful year."

Mrs. Iona West was dismissed from the hospital here Thursday of last week.

Baptists Launch Drive For Funds To Retire Debt

Pastor W. A. Brooks states that Sunday, October 26, will be kick-off day for the Building Fund Drive to erase the indebtedness against the Educational Building of the First Baptist Church.

The total indebtedness of the church is \$13,500.00. This is for the Educational Building indebtedness.

Every member will want to share in the payment of the entire note this year. The motto for the Building Fund drive will be "Let's Clean the Slate in '59."

Pastor Brooks urges the people to distinguish their gifts to the Building Fund by writing on their Checks, "Building Fund." All money that is not designated Building Fund will go to the General Fund of the Church.

The Building Fund Campaign will continue through the months of November and December.

NEW HOME GIRLS 4-H CLUB ELECTS OFFICERS

The New Home Elementary 4-H Club met Tuesday and elected the following officers:

WILSON PASTOR ATTENDS LUTHERAN MEETING WHERE HISTORIC VOTE IS TAKEN

Pastor Leroy Deans of Grace Lutheran Church, Slaton, and Pastor James P. Burnett of St. John Lutheran Church, Wilson, recently attended the American Lutheran Church convention in San Antonio.

This was the last convention before the American Lutheran body merges with the Evangelical Lutheran and the United Evangelical Lutheran Church to form the new "The American Lutheran Church" in 1960. These pastors were not a part of the 110 delegates from all over Canada and the USA, but they had the opportunity to hear the unanimous votes approving the merger.

Other historic votes were taken. Some were the approving of enlarging the mission field in Ethiopia by adding the Tigre Province; additional reports were given concerning the India and New Guinea mission fields; the approving more "Men for the Ministry" conferences to encourage the youth to think about full-time service in the Lord's work; and the approving the benevolence budget of \$7,300,000 for home and foreign missions, for church charities, etc. Dr. H. F. Schuh, president, presided over the convention.

A great joyful, expectant atmosphere permeated the entire convention as everyone looked forward to the coming merger.

Baptists Set Goal 400 In Service

October 26 is the date for the goals of 400 in Sunday School and 200 in Training Union.

Robert Edwards and George McCracken are the Superintendents of the local Sunday School and are urging every teacher to contact their absentees and reach the goal of 400 in Sunday School.

Rowland Nitcher is Training Union Director and urges the members to support the Training Union and reminds them that 200 is the goal for the month of November.

Mr. Nitcher has set a new time for trial basis and the new schedule for the evening services is 6:00 p. m. for Training Union and 7:00 p. m. for the evening worship services. Mr. Nitcher is urging all workers

in the Training Union to be present on Monday, Oct. 27 at 7 p. m. for the monthly planning meeting of the Training Union.

Despite increased competition people's time, newspaper circulation in the U. S. has reached new all-time high of 58 million newspapers purchased daily. With Canada added, the figure is over 61 million newspapers purchased daily.

Homecoming At New Home Saturday

New Home High School will have its annual homecoming Saturday, Oct. 25, when the New Home Leopards meet the Wilson Mustangs. The game will begin at 7:00 p. m.

Football queen is Judy Milliken, daughter of Mr. and Mrs. Bryon G. Milliken. Her attendants are Zana Harston, daughter of Mr. and Mrs. Jerry Harston; Kay Smith, daughter of Mr. and Mrs. Aubrey Smith; Bernice Nunley, daughter of Mr. and Mrs. L. L. Nunley; and Darlene Lowery, daughter of Mr. and Mrs. Oscar Lowery.

Pep squad beau is Larry Edwards, son of Mr. and Mrs. J. B. Edwards.

Members of the New Home P. T. A. will sponsor a supper before the game from 5:00 to 6:30 p. m. at \$1.25 per plate. Everyone is invited.

NORTH DAKOTA MAN WILL FARM HERE

Mr. and Mrs. Orville Varhaug returned to Tahoka about a month ago from Juanita, North Dakota, where they had lived since their marriage in July.

They now have a new home southeast of Tahoka and plan to farm with Mrs. Varhaug's parents, Mr. and Mrs. W. L. "Cap" Rowe.

Varhaug received his discharge from the U. S. Airforce in May, and before going to North Dakota, his wife was employed by Len Legar Electric.

Congratulations:

Mr. and Mrs. Gary Lenard Willingham, Tahoka, on the birth of a son, Larry Alan Willingham, in Tahoka Hospital Saturday, Oct. 18. He weighed 5 pounds, 13 ozs.

Mr. and Mrs. Weldon Earl Romine, Tahoka, on the birth of a son, Weldon Earl Jr., in the Tahoka Hospital Monday, Oct. 20, at 7:25 p. m. He weighed eight pounds.

The American Foundation for the Blind has a new long-playing record with a playing time of six hours instead of the usual 54 minutes. It revolves at a speed of eight and a half revolutions per minute. This new development makes it possible to record an entire Talking Book for the Blind on two double-faced 12-inch records instead of the usual twelve or thirteen.

"SMALL BUSINESS"

By C. WILSON HARDER

One of the most interesting battles in the fall election campaigns will be fought out in the State of Missouri. For there the voters of the "Show Me" state are being urged by big interests to uphold a new principle.

Briefly, the principle is this. "What is sauce for the goose, is not necessarily sauce for the gander."

Through a backdoor approach, a move is on to throw the state open once again to branch banking.

Missouri once had branch banking. The financial power of the state became pretty well concentrated in St. Louis.

And while Missourians presumably like fairly well the long time favorite song "Meet Me in St. Louis," they found they didn't relish the idea of going to St. Louis to meet their money. So branch banking was outlawed.

Now the Big Three of metropolitan Missouri banking have got put onto the ballot one of the most fantastic pieces of proposed law that has ever been written.

If the law is passed, banks in metropolitan centers will be permitted to open and operate branches in an area of 12 miles around the metropolis.

Only two cities would qualify for this, St. Louis and Kansas City. And by going out 12 miles in all directions from the city limits, these banks could set up branches in other counties.

© National Federation of Independent Business

But now here is a most curious paradox in the proposed legislation. Outside of these two cities, other banks could also open branches, but not outside of their home counties.

Thus, the Big Three of Missouri banking want in effect, permission to go practically where they please, while the more than 500 independent banks in Missouri would be pretty well corralled to their home reservations.

In 1832 General Andrew Jackson, then president, led the fight which knocked out the private banking monopoly known as the Bank of the United States. Because of the power this group wielded over the economy, the nation had gone into a serious depression, with the rural areas brought to ruin.

But since 1832, the need for competition for money and credit has become even more pressing, because unlike those early days of the Republic, the national economy now practically runs on credit, whether it be harvesting crops, or selling a new refrigerator.

If banking can be brought under the Big Three domination in Missouri, there is literally billions of profits to be made.

Of course the Big Three of Missouri Banking do not claim they want to drive out the independent banks. But then, the wolf took some time before letting it be known to Little Red Riding Hood that he actually was not her sweet old granny. And it is quite probable, come election day, the Missouri voters will not be quite so naive as Little Red Riding Hood was for a while.

Hans Irrniger Weds Girl From France

Hans Irrniger, a Swiss student who came to Tahoka the summer of 1957 as a guest of the Rotary Club, sent many people here and in the surrounding area invitations to his wedding which was Wednesday, Oct. 22, in Urnasch, AR, Switzerland.

Hans married Nicole Castragnez, whom he met in Lubbock during the summer of 1957. Nicole is from Paris, France, and was in Lubbock on the same type trip as Hans. She worked for a while in the sweater department of Dunlap's. The couple met while here, and the romance started.

One of the most interesting things about the wedding announcement was that it was sent in advance, and half of it was printed in German, Hans' native tongue, and the other half was printed in French, Nicole's native tongue.

Hans was educated for the teaching profession.

To many people Hans Irrniger has been the most popular of the four foreign students to visit Tahoka thus far. As many will remember, he bought a bicycle in Lubbock, and made special trips to the city to visit Nicole.

Science has learned more about cancer since World War II than in all history, according to the American Cancer Society. Each year the army of scientists engaged in cancer research comes up with new knowledge — all building toward the day cancer will be eliminated as a threat to life.

Despite increased competition for people's time, newspaper circulation in the U. S. has reached a new all-time high for 58 million newspapers purchased daily. With Canada added, the figure is over 61 million newspapers purchased daily.

At the turn of the century, on an average day, 15 million newspapers were purchased. Today, 58 million newspapers are purchased on an average day.

Since 1940, newspapers have maintained a constant level of popularity. Newspaper circulation has virtually paralleled the growth of households in the United States.

More than 44 million of the 50 million U. S. households will receive a newspaper today.

Socialism Close, Banker Warns

"What is Profit?" was the subject of a talk at Tahoka Rotary Club Thursday of last week by Jim Ed Waller, president of Plains National Bank of Lubbock.

"Profit is the result of enterprise which benefits others as well as the enterprizer," is the way he defined our democratic system of free enterprise.

He pointed out the obvious fact that there are forces at work in the United States that would destroy our present system. If fact, socialism is much closer than many realize and our nation is about to go the way of ancient Rome and modern France.

Anytime the wages of our workers get above their productive ability, we have a false economy, he said. Today, Labor is riding in the controlling seat.

Walter Ruether, the Labor boss, now has more say in our economy than does the president of the United States, and the Labor leaders are exerting a great influence on Congress while we sit back and do nothing. For instance, Con-

gress just recently, because of pressure from the Labor bosses, refused to pass legislation to control racketeering in Labor unions.

And, he stated, you might be surprised at some of the votes of our Texas representatives in Congress. If the people of this area fail to let their congressmen and senators know quickly what they think about the situation, it may be too late.

He declared that there are 56 Labor Union headquarters located within five miles of the White House in Washington, and their lobby pressure is having tremendous influence over government to the detriment of us people in this area.

In closing, he said there are just four things our government should do for us: 1. Keep us at peace. 2. Maintain a stable currency. 3. Maintain an atmosphere of incentive for its citizens. 4. Maintain a free and open market. Beyond that, said, the responsibility should be up to you and me.

The program was arranged by Truett Smith and Pete Hegi. Junior Rotarians for the month, David Bray and Billy Tomlinson, were introduced by Clint Walker and Eddie Bowman.

Happy Smith, vice president, presided in the absence of President Otis Spears, who was in Lubbock attending the District Institute of Rotary International.

About 15 Tahoka Rotarians were among the 700 men from the area attending the annual Lubbock inter-city meeting Thursday night at which H. Roe Bartle, mayor of Kansas City and one of the nation's outstanding speakers gave the address.

Mary Lou and Margaret Sue McKee were home from Plainview last week end. Their parents, Mr. and Mrs. L. D. McKee, accompanied them to Wayland Monday to attend Parent's Day at the college.

Speed, spite, spirits and stupidity are the cause of most all accidents. P. S. Don't be an S.

Talent Show At O'Donnell

A talent show, sponsored by the Girl Scouts of O'Donnell, will be presented Tuesday, Nov. 4, at 8:00 p. m. in the O'Donnell High School Auditorium. Master of ceremonies will be Joe Burkett.

The Community Chest of Lubbock has formerly been donating the necessary money to the organization, but the scouts of that city have recently been placed in the Slaton district which means that more money will be needed.

This year the O'Donnell Girl Scouts need a little more than \$800 to operate, and several drives will be made to acquire the amount.

The admission charges for the talent show are not definite, and the scouts and sponsors invite everyone in the surrounding area to attend the Nov. 4 event.

Anyone wishing to enter the talent show is requested to contact Joe Burkett.

Mr. and Mrs. B. L. Parker Jr., of Austin, where he is employed by the State, were here last week end visiting his parents.

Mrs. Harley Henderson spent last week end visiting her daughter, Mrs. Claude Chapman, and family in Plainview.

We're Interested in SAFETY, Too!

Not only in the money that customers entrust to our care, but in the safety of our children en route to and from school. Play safe! Drive as though every child you see is your own.

Haven't the past few days been perfect for harvesting? When we think of the money made, the gin smoke is not unpleasant. Here's hoping that the clouds keep away for a few weeks.

A tailoring workshop is being scheduled. The hour and days for meeting is planned by the women who take the course. If you are interested in making a suit or coat, using short-cut methods, contact me by phone or letter.

Knowing how to tailor garments to achieve a professional appearance is especially nice if you have special fitting problems, a slim clothing budget, or if you get real satisfaction from sewing for yourself and others.

Tailoring is careful sewing plus the art of handling wool and applying special techniques to create a garment of beauty. That's why tailoring garments cost more.

The "homemade look" can be avoided by careful construction and pressing. The custom-made look requires patience, accuracy, attention to detail of finishes and good

Most school children are hungry when they get home from school. Well planned between meal snacks help complete the daily needs for food. Soft drinks, candy and other sweets cannot fill this need, remind extension foods and nutrition specialists.

The wise mother provides various kinds of fruit and vegetable juices, milk, fresh fruits, sandwich, grapefruit and pineapple celery curls for hungry youngsters. Those are easy to prepare, appetizing and nutritious.

Some tasty snacks suggested by the specialists include: Cheese and olive sandwiches and milk; an apple and a glass of milk; orange juice and carrot or celery sticks; tomato juice and assorted crackers; peanut butter and raisin sandwich, propefruit and pineapple juice; banana, lemon drop cookies and milk.

Snacks will not spoil the child's appetite for a good evening meal, if they are eaten immediately after school or mid-afternoon, and if servings are kept moderate.

Mrs. Wilmer Smith, Texas Home Demonstration Asso. President, has recently returned from the National HDA meeting held this year in Kansas City. At the convention, Mrs. Smith was constantly introduced as being from the "second largest state" . . . Alaska was represented at the meeting. We Texans forget about our lost title until "out-of-staters" razz us a bit.

New vacuum cleaners come in lovely colors and stream-line designs, but choosing the one that will best suit your needs is not always easy.

The type you need will depend largely on the furnishings and finishes to be cleaned, according to extension home management specialists. Electrical cleaners are classified according to cleaning action: straight suction, suction plus brushing, and suction plus brushing plus vibration.

The upright vacuum cleaner should be considered if carpets and rugs are the main cleaning problem. Uprights do a thorough job of removing embedded grit and dirt from these furnishings. Brushes and vibration loosen embedded grit and dirt. Loosened dirt particles, surface dust and litter are carried by air suction into the filter bag. Attachments for the upright cleaner may cost extra and may not be as convenient as the type for cleaning walls and furnishings.

The tank-type cleaner, which uses straight suction, may excel in cleaning walls, draperies, upholstery, books, lamps and other furnishings. Cleaning of rugs and carpets may be slower than with the upright cleaner.

Special features to look for in buying any vacuum cleaner are given in the new leaflet, "The Vacuum Cleaner," written by extension home management specialists. Get a copy from my office.

Mrs. Aubrey Cade gave me a recipe for a green tomato relish that sounded especially good. I am passing it on to any of you that like a sweet relish. I welcome any of your favorite recipes to use in this column.

1 gal. green tomatoes, 1 head cabbage, 5 bell peppers (part red), 5 large onions.

Grind vegetables and mix. Sprinkle over all, about 1/2 cup salt. Let stand 30 minutes.

Mix together: 4 cups sugar, 2 teaspoons each, cinnamon, cloves, celery seed, tumeric, mustard seed, 3 pints vinegar, juice of 4 lemons. Add ground vegetables to liquid. Let stand about 30 minutes. Put in jars and seal.

CARD OF THANKS

I would like to express my sincere thanks to Dr. Prohl and the nurses for their kindness during my stay in the Tahoka Hospital. Also to the many friends who sent cards and letters and to those who called or visited. Many thanks are given to the ones who tended to the stock and other things that are in my everyday work. Friends such as you are greatly appreciated. May God richly bless each of you.—A. J. Kaddatz.

The 1958 Yearbook of Agriculture, which was issued last week by the U. S. Department of Agriculture, is entitled "Land." It is devoted entirely to what is happening to land in the United States. It is a book written by 93 authorities, who tell in non-technical language how we acquired our domain, its importance in history, the extent and values of Indian, State and public lands; land we use in each section of the country, and the acquisition of land for military purposes, highways, sub-divisions, and airports.

Major attention also is given to the soil conservation and economic aspects of land tenure-types of ownership, valuation, appraisals, credit, insurance, buying property, taxes, effects on farm programs, individual rights to control land, the real estate market, and income from farmland.

The yearbook of Agriculture is a Congressional document, and each Senator and representative in congress has a limited number of copies for free distribution, or one can be purchased from the Government Printing Office for \$2.50.

Everyday Religion

By J. B. Thompson

An Old Testament writer referred to his people as "a cake not turned." He was thinking in terms of the method of cooking their crude ponies on a rock before an open fire. When one side was properly cooked it was turned so that the other side might also be cooked. He was saying that they were only half-baked. Unfortunately they were not the only people of whom that might be said.

We, too, are often half-baked in our religious development. We boast of our fundamental beliefs when our lives deny our claim. We have orthodoxy without life. We insist on the "faith once delivered to the saints" but refuse to live as the saints lived by that faith.

Then we sometimes have zeal without knowledge or judgment. Nothing defeats the true purposes of religion more than the wild fanaticism that characterizes those whose zeal outweighs their common sense.

If we could just be consistent in religion our lives would gleam with beauty and splendor. If we were well rounded and beautifully balanced the world would soon follow our footsteps into the kingdom. Are we "turned" and well done on both sides, or only "half-baked"?

Slatonite Is Sold By Perry Family

Francis E. Perry and son, Richard, last week announced the sale of the Slatonite to a partnership of three men, Joel R. Combs of Pampa, Woodie Rosser Jr. of Houston, and Charles Sullin of McLean.

The new owners took over Saturday and will publish their first issue this week.

The Perrys bought the paper in 1953 from A. M. Jackson. They expect to buy another paper elsewhere.

Mr. and Mrs. N. E. Wood Sr. had as guests in their home last week end a daughter, Idalia, and a son and wife, Mr. and Mrs. N. E. Wood Jr., and the latter's mother, Mrs. H. L. Sneed, all of Waco. They returned Sunday afternoon.

CITATION BY PUBLICATION
THE STATE OF TEXAS

TO: Johnnie Waters Defendant,
Greeting:

You are hereby commanded to appear before the Honorable District Court of Lynn County at the Court House thereof, in Tahoka, Texas, at or before 10 o'clock a. m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 1st day of December, A. D. 1958, then and there to answer Plaintiff's Petition filed in said Court, on the 13th day of October A. D. 1958, in this cause, numbered 2380 on the docket of said court and styled VELMA RENELL WATERS Plaintiff, vs. JOHNNIE WATERS Defendant.

A brief statement of the nature of this suit is as follows, to wit: The same being a suit for divorce, custody of the parties' minor

child, to-wit, Melanie Ann Waters, and for child support for said minor child, wherein said petition for divorce the plaintiff alleges that only one child was born of the marriage union, as above named, and that there is no community property owned by the plaintiff and the defendant. The grounds for divorce alleged by the plaintiff being that the defendant disregarded the solemnity of his marriage vows, and his obligation to treat the plaintiff with kindness and forbearance, and defendant commenced a course of unkind, harsh and tyrannical conduct towards the plaintiff over a period of time, and until about December 26, 1957, when the defendant, without cause or justification, abandoned the plaintiff, and the parties' minor child, and fled to parts to unknown, and that the defendant was guilty of such excesses, cruel treatment, misconduct and outrages toward the plaintiff of such a nature and degree as to render their further living together impossible and insupportable; plaintiff is further asking for custody of the parties' minor child, and for child support payments from the defendant in an amount which the Court may deem just and fair, until said minor child reaches the age of 18 years, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing the process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Tahoka, Texas, this 13th day of October A. D. 1958.
Attest: W. S. TAYLOR, Clerk,
District Court, Lynn County, Texas.
