Volume 55

Serving Tahoka and Lynn County Since 1903!

## School Plant Ready For New Session

Tahoka's school plant has had a pretty thorough reconditioning this summer, although some improvements are not yet completed, according to Supt. Otis Spears.

A \$1,700 contract was let Wednesday to Acme Electric Co. of Lubbock for re-wiring and re-lighting North Elementary building. This is the same firm that holds the electrical contract on the new gymnasium.

This job is one of the last projects on the school improvement program for which \$275,000 in bonds were voted. About \$25,000 of the issue has not been spent, but this will be held in reserve for some possible emergency.

Work on the large new \$157,000 gymnasium and physical education building is now moving forward at a steady pace. Most of the outside work has been completed, and the boys' dressing rooms are being completed out now so that they may be used during football season. There will be paved off street parking areas east and north of the gymnasium, which will be utilized during school hours by teachers and students driving cars to school. Completion of the gymnasium work is expected by November.

Dunbar School, built and equipped last year at a cost of about \$15,000, was badly damaged by a twister or high wind this summer, the roof and part of the walls being taken away. When complete before the opening of school, the building will be better than before as minor improvements are being made and the exterior painted. Built of concrete, concrete blocks and steel, the building is fireproof and modern in every respect. Insurance almost paid for restoring the structure.

Completed last winter was the five-room \$48,000 primary department addition to the east end of the South Elementary building. This building is specially equipped for the little fellows and has private rest rooms with each unit. New furniture costing about \$10,000 was installed in North Elementary School to replace most of the furnishings that were 25 or more years old.

In order to meet state requirements, the science laboratory in the High School has been re-wired. (Cont'd. On Back Page)

## SW Public Service Building New Line

A new 22,000 volt electrical line is being built this week by the Southwestern Public Service Company from the Lynn County Interchange two miles northeast of Tahoka into town.

The new line is being made necessary by added business, principally the new Farmers Cooperative gin plant, states Johnny Reasonover, local manager of the firm.

However, plans are, eventually, to serve the entire town from this line, Mr. Reasonover said.

The new line is of shielded construction of the very latest design, which means that there is a ground wire on each pole to prevent outages during electrical storms.

A crew of workmen arrived in Tahoka last week to construct the line.

## COMANCHE REUNION

The ninth annual Comanche county reunion will be held in Mackenzie State Park in Lubbock Sunday, Aug. 23. A basket lunch will be served at 12:30 p. m. and then there will be singing in the afternoon. Everyone is invited. Come, all you Comanche county residents and all the area, too.

John Schiern, president; Norine Stephenson, secretary.

Mrs. Pearl Holloway of Hope, Ark., is spending a few weeks in Tahoka with her daughter, Mrs. Mitchell Williams, and family.

CLIFTON GARDNER, new Tahoka high school principal who has moved here from Wilson to succeed John Shepherd, who resigned to take a position in Abilene High School.

## Hewlett Named Superintendent

J. P. Hewlett, former Wilson school superintendent, has been named the new county superintendent of Lynn county, effective September 1. He will hold office until the next general election, which is in the fall of 1969.

He will succeed Mrs. Ruth Jolly Mason, who has resigned effective on that date in order to join her husband who is superintendent at Paris.

The appointment of Hewlett was made Monday at the meeting of the Lynn county commissioners court.

Mr. Hewlett was superintendent at Wilson for a number of years before resigning a little over a year ago. Before that he was superintendent at Southland. Although a bachelor, Mr. Hewlett has raised several orphan children.

## Boy Scouts Are On Camping Trip

Nine Tahoka Boy Scouts from Troop 21 and their scoutmaster, Allyn Cox, are on a week's camping trip in the Sangre de Cristo mountains at Tres Ritos, between Las Vegas and Taos, N. M.

The group left here Saturday morning in the troop bus. They were to spend the first night at Alamogordo Lake, north of Fort Sumner. The boys are camping in tents and doing the own campfire cooking. Mr. Cox said they would likely make a trip one day to Taos and Santa Fe.

Boys making the trip are: Jackie Jaquess, Macky Joe McWhirter, Billy Clinton, Townes Walker, Craig Leslie, Larry Price, Roger Renfro, Johnny Rogers, and Tony Spruiell.

## ELMER RICES MOVE INTO NEW HOME IN TAHOKA

Mr. and Mrs. Elmer Rice have moved into their new brick home recently completed on North 4th Street.

Mr. Rice is rural mail carrier on Route 1, Wilson, and owns a fine irrigated farm northeast of Way-side. He plans on retiring in a few years, and is casting his lot in Tahoka.

## TWO REPRESENTATIVES NAMED TO COTTON GROWERS

At a recent meeting of Lynn county members of Plains Cotton Growers, Inc., Wilmer Smith was re-elected the farmer representative and Clint Walker the business representative from the county.

The News is now \$2.50 a year in Lynn and adjoining counties; \$3.00 a year elsewhere.

## More Students Expected Here

Another increase in enrollment is expected in the Tahoka Schools this fall, states Supt. Otis Spears, who expects a total of about 1,100 students by October, the peak month, of which number about 180 will be first graders.

He says the school this year will have 50 certified personnel in teaching and administration.

Two more teachers are yet to be employed. Tahoka needs a first and a sixth grade teacher. Latest teacher hired is Mrs. Sybil Gaylor of Lubbock, who has a B. A. degree from West Texas State and has 11 years teaching experience. She will probably be placed in seventh grade math and science.

## First Loads Milo Are Brought In

The first 1969 grain sorghum has begun to dribble in to local elevators. All of it so far is immature grain from burned-up maize.

Although not normally a grain buyer, Dale Thuren on Saturday took a half load, about 5,000 pounds, brought to Tahoka. The maize was DeKalb C-44 raised by N. A. Rodgers and son, A. L., three miles north and two miles east of New Home. The grain was from a field planted April 16 and cut on Friday, Aug. 7. Moisture content tested 17 percent.

Both Goodpasture Grain and V. F. Jones Grain received their first loads Monday.

Guy Bennett, who lives 12 miles west and four south of Tahoka, brought the first load to Goodpasture's. F. Hale, manager, reports. The grain tested 17 and brought \$1.60 per hundred plus a premium.

Mr. Jones also received a load of 17-test grain Monday from K. E. Williams of Redwine for which he paid a premium price of \$1.60 per hundred.

## Rotary Planning Teacher Banquet

Thursday evening, Sept. 10, a 7:30 o'clock has been set as the time for the annual Tahoka Rotary Club Teacher-Rotary Ann banquet in the school cafeteria.

Plans for the affair were made at a recent meeting of directors and their wives in a night meeting at the Williams home.

W. M. Mathis and H. W. Carter are in charge of the program, and in charge of arrangements are Fred McInty, C. W. Conway, Larry Hagood, Leighton Knox, and C. W. Roberts.

## Burton Edwards Is Critically Ill

W. B. (Burton) Edwards, pioneer of Lynn county, suffered a severe stroke Thursday of last week and is in a critical condition in a Lubbock hospital, according to Mrs. Carliece Edwards.

W. B. and wife, who have been living at Stephenville, were visiting a daughter, Mrs. W. D. Benson, in Lubbock and were making plans to move to that city when he had his stroke. He had suffered a lighter stroke several years ago.

## VISITOR FROM FINLAND STARTING HOME MONDAY

Tom Sallinen, brought to Tahoka this summer from his home in Finland by Tahoka Rotary Club, received word this week he will have to start his journey home next Monday.

He had been expected to visit here eight or ten weeks, as have the four previous visitors the club has brought from Europe.

## MRS. SANDERS CRITICAL

Mrs. Joe Sanders remains in the hospital this week where she has been a patient for several weeks. Her condition is reported to be little improved.

Mrs. Susie Bartley was admitted to Tahoka Hospital Tuesday as a medical patient.

VISIT HONOLULU, HAWAII—Dr. Emil Prohl who with his wife recently visited Hawaii, is shown center above following a Rotary club meeting in Honolulu being presented the traditional lei of friendship by Miss Aloha Rotary and Sam Kemp, Honolulu Rotarian, a retired judge and a cousin of the late S. R. Kemp of Tahoka. Dr. Prohl, one of 450 Rotarians from 46 states and 12 foreign countries entertained in recent months by the Honolulu club, made up his attendance at the Hawaiian club. (Photo is through courtesy of Hawaii Visitors Bureau)

## T-Bar Tourney Starts Sunday

T-Bar's annual club tournament opens this Sunday, and finals will be played Sunday afternoon, Aug. 23, announces C. W. Conway, the club's golf tournament chairman.

Winner of the men's division will receive the Mrs. Mollie Edwards award, and winner of the ladies' division, the Mrs. Pearl Calloway award.

All contestants competing for medalist must play this Sunday in a threesome or foursome.

All qualifying scores must be turned in by Sunday.

Due to vacations, players may make special arrangements with the tournament committee if they wish to play their final matches other than Sunday, August 23.

## N.Y. VISITOR BACK HOME

Mrs. Jim Curtis and boys of Austin and Mrs. Willie Lee from Bronx, N. Y., returned home last week after visiting here with their parents, Mr. and Mrs. R. E. Lee, and two sisters, Mrs. Elgin Harper and Mrs. R. E. Bagby.

## RECEIVES DISCHARGE

Gene Ingle, son of Mr. and Mrs. C. T. Ingle, New Lynn received his discharge from the service Friday and returned home Tuesday for a visit with his parents.

Have News? Call WY 8-4885.

## Revival At Bethel Opening Tonight

Revival services of the Bethel Baptist Church are scheduled to begin tonight, Friday, and continue through Sunday, Aug. 23.

Bobby Stalcup, a graduate of Hardin-Simmons University in Abilene, will be the evangelist. Singing will be directed by Jim Sikes, student from Wayland Baptist College in Plainview.

Services will be held each morning at 11:00 o'clock. Prayer services will be held nightly at 7:30 o'clock, and the regular preaching service will be at 8:00 p. m. Logan Cummings is pastor of the church.

Mrs. Ivan McWhirter, who recently underwent major surgery in a Lubbock hospital, returned home Monday.

## 3,850 People Fed At Co-op Meeting

### Crops Suffering Water Shortage

The Draw-Redwine area received a heavy shower Saturday morning of last week, with a few farmers reporting up to nearly an inch. Tahoka received only .03 inch. More and more crops are beginning to deteriorate, and some of the maize caught in the right stage is beyond salvation.

Hot spots continue to show up in more dryland cotton fields. Most farmers are now looking for a normal crop, whereas a few weeks ago prospects were bright for a bumper crop.

### Mrs. Hallmark Is Buried On Sunday

Mrs. Mary Druella Hallmark, almost 90 years of age, died at 11:00 p. m. Friday at the home of a daughter, Mrs. Elmer Sproles of Route 4, after an illness of six years. She was a pioneer resident of Lynn county.

Funeral services were held in the First Methodist Church here Sunday at 4:00 p. m. with Rev. Joe McCarthy of Big Spring officiating. Burial was in Tahoka Cemetery under direction of Stanley Funeral Home.

Mrs. Hallmark was born August 25, 1869, in Hunt County, Alabama. She was married to Stephens J. Hallmark on July 4, 1900, in Ellis county, Texas. The couple moved from Ellis county to Lynn county in December, 1914. Mr. Hallmark passed away in 1934. She was a member of the Methodist Church.

The survivors include two sons Claude of Waxahachie and Pierce of the Philippine Islands; five daughters, Mrs. W. R. Warren, Mrs. Elmer Sproles, and Mrs. W. H. White, all of Tahoka; Mrs. W. N. Bacon of Westbrook and Mrs. Eva McCasland of Carlsbad; one sister, Mrs. Minnie Cornelius of Wheeler; and three brothers, J. H. and W. L. Armstrong, both of Midlothian, and Jack Armstrong of Dallas.

### STUDENTS FOR SPECIAL SCHOOL ENROLL, AUG. 31

Parents interested in enrolling their children in the Special Education unit are asked to bring them to the school Monday, August 31.

The special school is located on West Lockwood, the old Veteran's school building. Mrs. Margaret Renfro will again be the teacher of the class, according to Mrs. Ruth Jolly Mason, county superintendent.

Mr. and Mrs. Jack Fenton returned the first of the week from a vacation and fishing trip to Lake City, Colorado.

## Britt Robinson, 11, Wins Trophies In Southwestern Trapshooting, Denver

Britt Robinson, Tahoka's 11 year-old trap shooting sensation, participated in the 12-state Southwestern Trapshooting Tournament and Mile-Hi Class Shoot held in Denver, Colo., Friday, Saturday and Sunday. He shot with 325 other shooters from the 12 states.

He came home with two trophies and a large pin denoting that he had broken 100 clay pigeons out of a possible 100 for a perfect score in the shoot. He also won \$197.50 in prize money.

On Friday, the Tahoka sixth-grader and the only sub-junior shooter in the tournament, shot with the men in B Class and broke 100 straight targets to take first place. On Saturday, entered as a Class A shooter, in the junior division, he won second place by breaking 99 out of 100 targets. He missed

only on the 100th pigeon. In the Class A men's division, he broke 196 out of a possible 200 targets.

In the Mile Hi handicap shoot Britt shot a 96, which was only 3 below the winner, who was an Abernathy man, Ross Benson, the only other Texan to place in the meet.

Out of 400 shots in the meet, Britt broke 362 pigeons. He was accompanied to Denver by his parents, Mr. and Mrs. Jack Alley Robinson; sister, Julie; and grandmother, Mrs. Hall Robinson. Later this month, Britt will shoot in the Grand National at Vandalia, Ohio, August 25-30, where the 1969 United States Championship in all classes will be determined. This is the biggest shoot in the world.

### Probably the largest crowd ever fed a meal in Tahoka attended the 21st annual membership meeting of Lyntegar Electric Cooperative Tuesday night on the Tahoka High School football field. Poka-Lambro Rural Telephone Cooperative, since it was formed several years ago, has been holding its membership meeting in conjunction with Lyntegar.

A total of 3,850 passed through the food lines set up by Walter Jetton catering service of Fort Worth.

Bill Lewis, editor of "Texas Co-op Power" of Austin, here for the meeting, said it was the largest crowd he had ever seen at a rural cooperative.

The crowd from ten counties began gathering before 6:00 p. m., serving was started at 6:30, and completed before 7:30, during which time music was furnished by The Earls, local string band composed of Danny Uzzle, Willy Adams, Larry Spruiell and Paul Ford.

The crowd came principally for the meal, music, visiting, and the \$750.00 worth of prizes awarded to 64 people at the end of the meeting. Many of them enjoyed visiting with friends on the beautifully grassed football field and in the stadium seats while the necessary business session proceeded.

Frank Harris of Ackerly, Lyntegar president, opened the meeting officially, and Joe D. Unfried, a member, took over as master of ceremonies and handled the huge gathering in professional manner.

Invocation was by Rev. Joe A. Webb, pastor of Sweet Street Baptist Church, and the welcome was given by A. M. Bray, a director of Tahoka Chamber of Commerce.

Harold Green, attorney, presided over the Lyntegar business session. (Cont'd. On Back Page)

## Ovid Luallin Dies Of Heart Attack

Ovid A. Luallin, 61, formerly of Tahoka, died of a heart attack at a hospital in Ruidoso, N. M., his home since 1947, Thursday of last week at 12:15 p. m.

He suffered the severe attack at his garage in Ruidoso at about 10:00 a. m. the same day, and never regained consciousness.

Funeral services were conducted Saturday at 2:00 p. m. in Ruidoso Baptist Church with the pastor, Rev. E. J. Tankersley, officiating. The body was brought to Tahoka for Masonic graveside services held at 3:00 p. m. Sunday in the local cemetery.

Ovid was born December 28, 1896, at Cenway, Missouri. Orphaned at the age of 10, he first came to Tahoka in 1914 to live with his grandfather, Mr. Legan. During World War I, he went into the service and was stationed at Marfa. Following the war, he returned to Tahoka, and for many years was an automobile mechanic, and was recognized as one of the best in the country. He was married to Miss Nora Crouch at Lubbock on May 25, 1921. He operated his own garage here several years before moving to Ruidoso in 1947, and he and his son, Allan, owned a large garage business there at the time of his death.

He was a member of the Baptist Church and a past master of the Tahoka Masonic Lodge, having served this lodge several times as grand master.

He is survived by his wife; one son, Allan; one granddaughter, Linda Sue; and one sister, Miss Mary Othol Luallin of Houston, who recently suffered a sun stroke and could not come to the last rites. Another son, Ovid Jr., died several years ago in an airplane accident at Ruidoso and is buried here.

## Miss Janice Sales Marries Tonight

Wedding vows will be solemnized tonight, Friday, Aug. 14, at 8:00 o'clock in the New Lynn Baptist Church for Miss Janice Sales and Troy Cartmill.

Parents of the couple are Mr. and Mrs. M. E. Sales of the Gordon community, and Mr. and Mrs. J. H. Cartmill of Post.

A reception will be held at the home of the bride-elect's uncle and aunt, Mr. and Mrs. S.B. Mathis.

The bride-elect is a 1959 graduate of Southland. Mr. Cartmill is a 1957 graduate of Post.

An invitation is extended to all friends and relatives to attend the wedding.

Mr. and Mrs. Glen Medlin and two sons left Wednesday of last week for a vacation to New Mexico.

## Carolyn Aldridge Sets Wedding Date

Mr. and Mrs. J. E. Aldridge of Tahoka announce the engagement and approaching marriage of their daughter, Carolyn, to Oscar Mack Toliver, son of Mr. and Mrs. M. F. Toliver of Tatum, N. M.

Miss Aldridge graduated from Monahans High School in 1957 and is now a junior speech correctionist and secondary education major at North Texas State College at Denton.

After graduating from Tatum High School, Mr. Toliver attended Eastern New Mexico University in Portales, where he received his Bachelor of Arts degree in Business Administration and Economics in 1956. He is now assistant manager for Beneficial Finance Co in Roswell, N. M.

The wedding will be in St. Christopher's Episcopal Church in Lubbock August 27 at 2:00 p. m.

## Wanda Lee Hagler Marries August 28

Mr. and Mrs. Robt Lee Hagler of Gordon community announce the engagement and approaching marriage of their daughter, Wanda Lee, to Donald Ray Clary, son of Mr. and Mrs. Nolan Cary of Post.

The wedding will be solemnized August 28 at 8:00 p. m. at the Gordon Church of Christ.

Miss Hagler is a 1959 graduate of Wilson High School. Clary is a graduate of Post High School. Friends and relatives of the couple are invited.

## Former Citizens Have Anniversary

Mr. and Mrs. Z. R. Ingle, 613 E. Eufaula St., Norman, Okla., will celebrate their fiftieth wedding anniversary Sunday, Aug. 23, at their home. Open house will be observed from 2:00 until 5:00 o'clock that afternoon.

Mr. and Mrs. Ingle were married Aug. 23, 1909, in Chichasha, Okla. They moved to Lynn county in 1929 and moved to Norman in 1942. Mr. Ingle, now 72 years of age and retired, was a farmer while living in this county. His wife is 68 years of age.

The couple has three sons, C.T. W. D. and C. G., all from Tahoka and one daughter, Mrs. John Smith from Norman.

## Walther League In Business Session

(By Mrs. Frank Smith) The Walther League of the St. Paul's Lutheran Church met Sunday night for a business meeting. Gene Herzog was accepted as a new member.

Mr. and Mrs. Hubert Teiner, league counselors, presented the opening and closing devotions and also the topic on vocations. Refreshments were served by Bobby and Jerlene Wied to Sandra and Shirley Behrend, Carolyn Luker, Geneva, Barbara and Nancy Wuensche, Jerlene Wied, Donald Gary and Gene Herzog, Lawrence and Norman Luker, Jimmy Gickhorn, Bobby Wied, Buddy Kaatz, Allen Wuensche, Mike Moerbe, Ronnie and Roy Nolte, and James Wuensche.

## St. John's Church Holds Picnic

(By Mrs. Frank Smith) St. John's Lutheran Church enjoyed a Sunday School picnic at Mackenzie Park in Lubbock Sunday afternoon.

The picnic began about 4:00 p.m. and supper was served at 6:00 p.m. Four free rides at the amusement park were given each pupil. Volley ball and dominoes were also played.

About 60 were present for the event. Curtis Wilke is Sunday School superintendent.

## BRIDGE WINNERS

Duplicate bridge winners at the T-Bar Country Club Tuesday night were: Mrs. Clint Walker and Eldon Carroll, first; Mrs. L. C. Haney and Johnny Wells, second; Mrs. Jess Gurley and Mrs. John Wells, third.

A road map tells you everything except how to fold it up again. Time-Table, Lenox, Iowa.

Presenting the Bill!

## Everyday Religion

By J. B. Thompson

I have never sought or wished for a place in the sun but have always preferred the shade. I never cared to stand in the spotlight or hear my deeds applauded by the crowd. My attitude is possibly due more to indolence than to Christian humility. Applause costs too much.

When I visit some scenic wonder or famous landmark I don't like to stand before it to have my picture made. I would rather have its picture without my own insignificance between it and the camera for people to look at—and laugh.

I have never tried to catch at attention of the powers that be in order to be advanced. Such preferment has its price—a price I am not inclined to pay. I have noticed that most so-called "big shots" seldom are loved for really being human and helpful. An army composed entirely of high officers would be a failure. It would never get close enough to the front to do any fighting. Most of us must be content to march far from the head of the procession, to do our work beyond the applause of the famous. When the day is ended the Master of all good workmen will commend and reward us. That's enough for me.

## 'Mud Flaps' Law Now In Effect

Austin—Enforcement of a new Texas state law requiring "mud flaps" on the rear of dual-wheeled vehicles at all times has already begun, announces Col. Homer Garrison, Jr., director of the Department of Public Safety.

"Our patrolmen have been instructed to start filing complaints for violations of this law effective August 10," Garrison said. "We feel commercial vehicle operators have had sufficient time in which to comply with its provisions."

The law which formerly applied only when the pavement was wet, now requires protective flaps on the rear of certain vehicles to protect drivers in back of them. It was passed by the 56th Legislature.

Under regulations issued by the Department of Public Safety, Garrison said, the flaps may be made of metal, rubber, rubberized material or other substantial material rigid enough to prevent mud, slush, gravel or other matter from being thrown from the rear of a dual-wheeled vehicle into the windshield of a vehicle following.

The statute applies to all road tractors, trucks, trailers and semi-trailers. Exempt are buses, school buses, truck tractors operated alone, pole trailers and vehicles operated on private property.

Penalties for violation of the new law range up to \$200, plus court costs, Garrison noted.

The volume of farm marketings in the first six months of 1959 increased almost three percent over the corresponding period of 1958, says John G. McHenry, extension economist. But because of lower prices, cash receipts from farm marketings were \$13.9 billion, compared to \$14.0 billion received during the same period a year ago. Receipts from crop sales were up four percent, but cash receipts for livestock and products were lower.

**dishwashing done in half the time — ELECTRICALLY!**

Yes, it has been proven — by tests at Ohio State University — that an electric dishwasher does the job in half the time. And they didn't just do the dishes once — but for 30 days.

That's just one reason electric dishwashing makes sense. Some others are the fact that the dishes are out of sight — in the dishwasher — between loads — your hands stay lovelier — and so do your dishes — and the kids want to help with the dishes because the dishwasher makes it all so easy.

So, don't be a dishwasher — buy one.

**ATTENTION, HUSBANDS**

Your wife can spend half the time in the kitchen and be twice as happy with you for just 1 1/2¢ a day. That's Reddy's daily wage for electric dishwashing.

## Bulldogs Will Start Work-Outs Monday

The Tahoka Bulldogs will begin workouts Monday morning for the 1959 football season, and will have a little more than two weeks to prepare for the opening game with the tough Seminole Indians here on Friday night, Sept. 4.

The Bulldogs will be working under new coaches this year, J. D. Atwell, who comes here from Farwell, where he had an outstanding record, is the new head coach, succeeding Bill Haralson, who resigned this spring to move to Childress as head coach after seven years in Tahoka. Atwell will be assisted by Maurice (Moe) Hodges, recent graduate of Eastern New Mexico University, and Tom Bartley, a present member of the faculty, who will coach the B team and act as scout.

Tahoka has 10 returning lettermen, about 18 squadmen, and as many as 18 are expected to move up from the freshman squad. Returning lettermen are George Adams, who will probably be moved from quarterback to fullback; Kenneth Stice, halfback; David Copeland, halfback; Ronnie Walters, back; Roy Thomas, lineman; Larry Spruiell, center; Richard Stice, lineman; Dean Elliott, lineman; Billy Cain, end and back; and Larry Owens, end. All will be

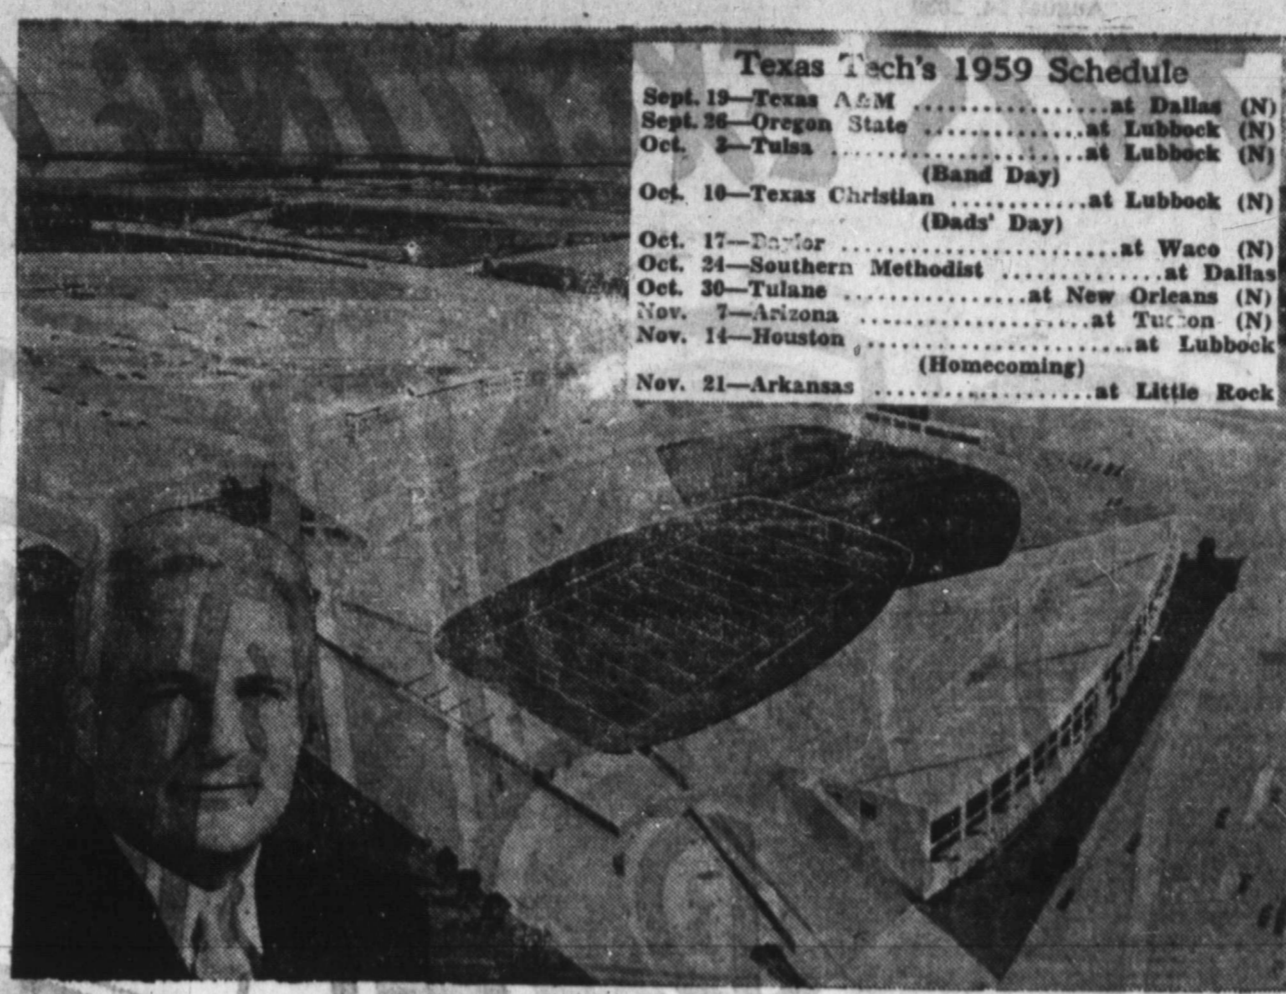

seniors except Cain, a junior. Squadmen and last year's freshmen who are expected to return are: Fred Hegi, Douglas McClellan, John Wheeler, Pike Burkhardt, Carl Ingle, Tommy Jones, Steve Ellis, Phillip Havins, Alton Terry, Perry Flippin, James Hicks, Curtis Harvick, Mike Gurley, Phil Inman, Foster Dudgeon, Glen Hopkins, Delmar Ussery, Billy Davis, Charley Holland, Gerald Short, Merrill Cloe, and possibly others.

Acting as managers this year will be Larry Forsythe, Wendell Inman, and John Freddy Thomas. Coach Atwell says, since he is not well acquainted with the boys and their abilities, he will likely do quite a bit of shifting around to get the best combination. He will use variations of the T formation.

Potentially, Tahoka will have a heavy line, but due to inexperience the Bulldogs have not been considered by other teams in the district for title contention.

In District 3-AA, Floydada and Spur are picked as the favorites, but Slaton and Post are also expected to have much improved teams this year.

Coach Atwell has arranged two public scrimmages to give the boys training under fire before the

**LOOKING AHEAD**—Between games on Texas Tech's 1959 schedule, Coach DeWitt Weaver could be expected for watching construction on the Jones Stadium expansion to 40,000 capacity by 1960, when the Red Raiders first compete for the Southwest Conference football championship. Following this season, the present east stands will be moved back 200 feet, the field will be excavated 30 feet, and the ensuing slopes lined with seats. The pressbox and improvements under the west stands will be ready for the 1959 season, and athletic offices will be completed during the winter.

**Texas Tech's 1959 Schedule**

Sept. 15—Texas A&M	at Dallas (N)
Sept. 22—Oregon State	at Lubbock (N)

Nov. 21—Arkansas	at Little Rock

### Coaches Resign At O'Donnell

Joe Palmer, head coach of the O'Donnell school system, has resigned, and is accepting a position as assistant coach at Silver City, New Mexico, the home town of his wife and the town where he attended college.

Bob Agnew, his assistant coach at O'Donnell, has also resigned but has not announced his plans for the future.

The coaches have had unusually good teams during their three years at O'Donnell.

No successors have been named so far as The News knows.

The District 5-A Eagles open their 1959 season on September 4 against Crosbyton. Fourteen lettermen are expected to return. Workouts are scheduled to start Monday.

Next Monday, Aug. 17, the boys will report for workouts at 6:30 when equipment will be issued, and the first workout should be ended by about 9:00 a. m.

Monday afternoon, boys will report back at 5:00 to have pictures made for the football program. Workout will follow from 6:00 to 8:00 p. m.

The rest of the training period, workouts will be twice daily 7:00 to 9:00 a. m. and 6:00 to 8:00 p. m.

### LOCAL PEOPLE VISIT BOYS AT BASEBALL CAMP

The following Lynn county people were down at Meridian last week end visiting their sons who are attending the Big State Baseball Camp there: Mrs. and Mrs. Lee Roy Knight, Mr. and Mrs. W. T. Kidwell and Karen, Mr. and Mrs. Delbert Mouser, Mr. and Mrs. Jack Smith, Tommie and Susie, Mr. and Mrs. Alton Greer, Mr. and Mrs. Dick Turner, and Mr. and Mrs. Slick Clem.

Lynn county has 13 boys at camp. Sunday afternoon, 11 of the Lynn county boys of Little League age played the rest of the camp boys of this age to a 0-0 tie. Taylor Knight and Ronnie Mouser were base umpires.

Lynn county players included: Mike Smith, Dickie Turner, John Tyler, Randy Allen, Steve Greer, Pat Mouser, Dennis Clem, Max Blakney, Stanley Gill, Tommy Kidwell, and Elton George.

Isaac Hull, on August 19, 1812 sunk the British frigate Guerriere with broadsides from USS Constitution. Constitution lost seven men, the Guerriere lost 79.

### HEAT GETS BABE RUTH TEAM AT STATE MEET

Ted Rogers of Newmoore reports that the Brownfield Babe Ruth all-stars lost out in the semi-finals of the state tournament at Austin Friday to Rockdale 6 to 2. Ted's son, Finis, former local Little and Pony Leaguer, was a member of the Brownfield team and had four hits in six trips to the plate in the two games played at Austin.

Brownfield won her first game over Caldwell county 3 to 2.

Ted says the boys played good ball, but the game Friday at 4:00 p. m. was played in 105 degree temperature, and the Plains boys couldn't take the heat and humidity.

**Orbit Game**

Tahoka and area residents will go into orbit beginning August 13, C. W. Conway, manager of the D&H Supermarket announces. Orbit is a television game not unlike the old fashioned, well-known Bingo. The Orbit program will be seen on Channel 11 at 6:30 p. m. each Thursday. Viewers participating will pick up Orbit cards at D&H or from the television station. Each week's Orbit cards will be a different color and each color card will be in effect only one week.

On the program, the letter will be drawn from a special blower machine. Three games per night will be played and one card can be used for all three games. The announcer draws ten balls, and the numbers are posted on the blackboard so the viewer may double check. After the first program, a jackpot game will be played in addition to the regular games. Any one who wins in regular Orbit is eligible to play Space.

A special Space card is issued when a winner presents his Orbit card to claim his prize. Orbit prizes for winners will be such items as a pound of coffee, two pounds of bacon, 10 pounds of sugar and the like. The Space prizes will be \$250, with \$50 added each week. When the Space game is won another \$250 will be added. Orbit or Space prizes must be claimed within the following week. Numbers which were called on the program will be posted in the store in a prominent place so that customers who missed the program may check their cards on the spot.

"We believe that the whole family will enjoy and benefit from our Orbit game," said C. W. Conway.

**FERTILIZER TESTS SHOW VALUE OF SOIL TESTING**

College Station—In eight fertilizer demonstrations conducted on cotton in Hockley county in 1958, soil tests closely predicted the most profitable rate to use in all but one case, said W. F. Bennett, extension soil chemist.

Prior to establishing the demonstrations, Bill Taylor, Hockley county agriculture agent, sampled the demonstration sites. The samples were then tested by the A&M College Soil Testing Laboratory and fertilizer recommendations were made. These recommendations were then compared to the actual results of the demonstration, said Bennett.

On one farm the soil test showed that a 50-60-0 fertilizer was needed. The highest profit rate on this farm proved to be 45-60-0. On another farm the recommendations called for a 50-60-0 fertilizer. The highest profit rate here proved to be a 50-60-0 fertilizer.

Results on two farms showed that a rate higher than recommended by the soil test was the most profitable, but the soil test rate was the second highest profit rate.

Only on one farm did the soil tests not closely predict need. In this demonstration, there was no profitable response to any fertilizer application.

Bennett points out that there are many factors that affect crop yields which a laboratory cannot analyze. But a farmer can put a soil test recommendation together with these factors and come up with a better decision on proper fertilizer rates, Bennett said.

Mr. and Mrs. L. F. (Jake) Jacobs and girls spent a few days this week as guests of his brother, Jerry Jacobs, school superintendent at Lefors, and family at the latter's cabin at Tres Ritos, N. M.

**Some Snakes!**  
**Underwater Battery Developed For Modern Army Signals**

WASHINGTON—"Snake batteries," strung at intervals on submarine communications cables to boost volume and quality levels, have been developed for the modern U.S. Army Signal Corps.

The flexible zinc-silver chloride batteries, also called "electric eels," were developed by the Chemical Division of Aerojet General Corporation, Azusa, Calif., in cooperation with the U.S. Army Signal Research and Development Laboratory, Fort Monmouth, N. J.

The batteries, which are activated when immersed in water, are a decided improvement over the former type battery used for this purpose in that they can be easily wound on military communications wire drums along with the cable.

THE U.S. ARMY'S NEW "SNAKE BATTERY" for underwater signal use.

In use, a battery is placed next to each repeater (the device used to increase the volume of a signal) and spliced into the cable at mile-distant points. The repeaters, which are transistorized, also are flexible and roll easily off the cable drums.

The batteries obtain their flexibility through segmented construction. Spool-shaped links of silver chloride are separated by rubber rings from zinc segments. A wire which spirals the length of the battery connects the sections.

The basic battery size is five-eighths of an inch in diameter and 30 inches long. These deliver a required five milliamperes continuously at one volt for a year. Life can be extended by using two or more of the 30-inch batteries or by making them larger. They can be built to any size, with a delivery rate of more than 40 watt-hours per pound.

THE LATEST in wear for underwater diving and swimming. In a mask and other equipment which can be used as a self-contained unit for underwater swimming and can be converted to a compressed air unit for static diving. An Army Engineers development in conjunction with a civilian firm, a feature of the set is that no tell-tale bubbles escape to betray the underwater swimmer when it is used as a self-contained unit.

Admiral Farragut, on August 5, 1864, won the Battle of Mobile Bay and opened the Mississippi to Union passage. When the USS Tecumseh hit a torpedo (mine) Farragut rallied the fleet with a cry, "Damn the torpedoes." Then to the captain of the Hartford, "Four bells, Captain Drayton, go ahead."

Watch your kids at the beach because they have no fear of water unless it's soapy. Courier, Kiester, Minn.

California hauling and handling of livestock can cost livestock producers a lot of money, says U. D. Thompson, extension animal husbandman. A recent USDA study shows the loss amounts to about \$100 million annually for the nation.

Many farm pond drownings can be avoided if safety equipment is provided and if children are taught to swim and at the same time to respect water, says the Texas Farm and Ranch Safety Council.

September 30 is the last day to claim a refund of the federal tax you paid from July 1, 1966, to June 30, 1968, on gasoline used for farm work, reminds Tom E. Prater, extension farm management specialist.

THE NEWS

### Gordon-Southland

(By Mrs. Jesse Ward)  
 Captain John Norcross, who is stationed in Boston Mass., is visiting his father, Rev. C. A. Norcross, pastor at the Southland Methodist Church. He accompanied his father to Southland last Sunday morning and was guest speaker at the 11 o'clock service.

He is making the army a career. He and his father were dinner guests of Mr. and Mrs. Earl Morris.

Mr. and Mrs. Eckert and family, who formerly lived on the Lazy K Ranch and moved to Lubbock, have moved back to Southland and are living in the home vacated by Mr. and Mrs. John Leake.

Mr. and Mrs. Dillard Dunn and Ronnie attended Church at the Methodist Church in Slaton last Sunday morning. Their son, Rev. Rass Dunn preached. He has been Youth Director there this summer.

The revival at the Gordon Church of Christ will continue through this week, closing Sunday night.

Mr. and Mrs. John McGeehee and sons from Muleshoe spent last Sunday with his brother, Mr. and Mrs. Weldon McGeehee and family.

Karen Ann McGeehee entered Mercy Hospital in Slaton last Monday evening where she had an ap-

pendectomy Tuesday morning. We are hoping for her a quick recovery.

Mr. and Mrs. Joe Lester and children from Wellington, Kan., spent last Saturday night with his parents, Mr. and Mrs. W. P. Lester. Joe returned to Wellington last week end and Mrs. Lester and children remained for a longer visit. Joe will return next week end to accompany his family back home.

Elder and Mrs. Jack Courtney and Elder Fred Douglas and Mrs. J. F. Rackler were supper guests of Mr. and Mrs. J. B. Rackler and children last Monday night.

Mrs. William Mayo, L. D., Mike and Donna of Amherst spent Tuesday with Mrs. J. F. Rackler and they attended church at New Lynn.

Mr. and Mrs. J. B. Rackler, J. B. Jr. and Beverly left last Tuesday for Murfreesboro, Tenn. where they will visit relatives.

Mrs. J. F. Rackler was a dinner and supper guest of Mr. and Mrs. Chain Terry at New Lynn last Wednesday. Friends gathered at the Terrys, where they spent the afternoon canning peas for their pastor's wife, Mrs. Jack Courtney.

Mrs. G. W. Basinger who has been visiting relatives in Oklahoma the last two weeks has returned home.

Mr. and Mrs. John Leake have moved to Gordon and are operating the Gordon Store.

Mr. and Mrs. Wade Haire and daughters have moved back here from Massachusetts where they have been living for some time.

Mr. and Mrs. Billy Lester and sons spent last Wednesday, with her sister, Mr. and Mrs. John Allen Kelley in Lubbock.

Jerry Hill, who has been employed in Abilene this summer, is spending a few days with his parents, Mr. and Mrs. Elmer Hill.

Charles Scott was taken to a hospital in Post last week and was later transferred to Methodist Hospital in Lubbock where he is being treated for encephalitis. We hope for him a quick recovery.

The revival meeting will start next Sunday at the Pleasant Valley Baptist Church.

Mr. and Mrs. Waldo McMaster, Lubbock, Mrs. Rackler's daughter, Mr. and Mrs. Claude Roper, Claude Jr. and Linda and Nelda from Lubbock were dinner guests of Mrs. J. F. Rackler last Sunday.

The Baptist revival at New

### HERE'S WHAT NEW TAX BILL WILL COST YOU

For more than six months, you've heard talk about a new tax bill. The 56th Legislature passed it this week—185 million dollars in income for 1960-61.

Now you want to know how much of that new income will come out of your pocket.

Let's look and see: Beginning Sept. 1, the start of the state's bookkeeping year, each pack of cigarettes will cost you 3 cents more state tax. That's 30 cents a week, \$15.60 more per year, if you smoke about a carton a week.

Smoke cigars instead? There's a new 1-2 cent tax for the nickle size which already costs considerably more. The tax on roll-your-own and chewing tobacco will be up several cents. Snuff is left out.

The Saturday night cure for tired blood probably will cost a nickle more a fifth to take care of the 25 cents a gallon hike in liquor taxes.

Grandma's cooking sherry may go up a dime with the 20 percent increase in wine taxes.

Beer escaped—so far.

Coof off. A \$300 window air conditioner will have a \$9 tax added. A \$1,200 central air conditioning system will be plus \$36 tax. It's a new 3 percent levy.

A \$50 portable radio has a tax of \$1.50 instead of \$1.10—up 2.2 to 3 percent. The tax on a \$300 TV set is up \$6.60 to \$9.00. What's more, there's a new 3 percent tax on any parts needed to repair either set.

A \$75 diamond ring has a new \$2.25 state tax. That's in addition to the \$7.50 federal tax on the same ring. The 3 percent levy on

Lynn closed last Sunday night with eight additions to the church, seven by baptism.

Visiting Mr. and Mrs. Gus Galzki is their granddaughter, D'Les Cartwright from Plainview.

Mr. and Mrs. A. M. Robbins and children from Midland spent the week end with her parents, Mr. and Mrs. W. A. Pritchard, Robert and Sue.

### Legal Notices

#### CITATION BY PUBLICATION

THE STATE OF TEXAS  
 TO: JOHNNIE WATERS, Defendant,  
 Greetings:  
 You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 14th day of September, A. D. 1959, at or before 10 o'clock A. M., before the Honorable District Court of Lynn County, at the Court House in Tahoka Lynn County, Texas.

Said Plaintiff's petition was filed on the 31st day of July, 1959. The File number of said suit being No. 2441. The names of the parties in said suit are: Velma Renell Waters, as Plaintiff, and Johnnie Waters as Defendant.

The nature of said suit being substantially as follows, to wit:

The same being a suit for divorce, custody of the parties' minor child, to-wit, Melanie Ann Waters, and for child support for said minor child, wherein said petition for divorce the Plaintiff alleges that only one child was born of her marriage union, as above named and that there is no community property owned by the Plaintiff and Defendant. The grounds for divorce alleged by the Plaintiff being that the Defendant disregarded the solemnity of his marriage vows, and his obligation to treat the Plaintiff with kindness and forbearance, and Defendant commenced a course of unkind, harsh and tyrannical conduct towards the Plaintiff over a period of time, and until about December 26, 1958, when the Defendant, without cause or justification, abandoned the Plaintiff, and the parties' minor child, and fled to parts unknown, and that the Defendant was guilty of such excesses, cruel treatment, misconduct and outrages toward the Plaintiff of such a nature and degree as to render their further living together impossible and insupportable; Plaintiff is further asking for custody of the parties' minor child, and for child support payments from the Defendant in an amount which the Court may deem just and fair, until said minor child reaches the age of 18 years, as is more fully shown by Plaintiff's Petition on file in this suit.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 31st day of July A. D. 1959.  
 Given under my hand and seal of said Court, at office in Tahoka, Texas, this 31st day of July A. D. 1959.  
 (SEAL) W. S. TAYLOR,  
 Clerk, District Court, Lynn County, Texas.

## WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Congressman Thomas N. Downing of Virginia, the same state that gives Congress that very practical Senator, Harry Byrd, is espousing a plan to pay off the national debt.

Now, of course, everybody talks about the national debt and the need to do something about it. Usually, about all that's done is to raise the debt limit.

So it is quite refreshing when Congressman Downing comes up with a plan.

Give or take a few billion, the national debt now stands somewhere around \$285 billion. It keeps growing all the time.

It is costing something like \$8 billion a year right now to pay the interest on this debt. In fact, Congressman Downing claims 11 cents out of every dollar paid in income taxes goes for interest on the debt, making this item second only to national defense in the national budget.

The interest charges are also bound to go up, as witnessed by the government's difficulty in making any more low cost loans. Uncle Sam now owes so much money that he is no longer considered a preferred borrower at low interest rates.

Rep Downing also points out if the government postpones paying anything on the principal of the debt for the next hundred years, at the end of that time almost 1000 billion dollars will have been paid out in interest and the national debt will not be decreased by one dollar.

semi-precious and precious stones and metals and furs adds an \$18 tax to a \$600 mink stole. It is uncertain whether the new tax covers watches.

Take a trip and get away from it all? Your \$8 hotel or motel room will have 24 cents added for each night's occupancy. That's another new 3 percent tax.

A \$500 fishing boat and motor costs \$7.50 extra because of the new 1.5 per cent sales tax. A \$1,200 water skiing rig of run-about and motor has a \$17.50 tax.

Automobiles got hit too. A family car—of the \$2,500 variety—has a sales tax of \$37.50 instead

of \$27.50. The tax went up from 1.1 to 1.5 percent.

No new taxes on gasoline—yet. —Petersburg Journal.

### WO KENNETH FREEMAN STATIONED AT FT. BLISS

Fort Bliss, Tex.—Army Warrant Officer Kenneth Freeman, 29, son of Mr. and Mrs. J. O. Freeman, Tahoka, recently was assigned to the 1st Guided Missile Group at Fort Bliss, El Paso.

Freeman is a member of Battery C of the group's 1st Guided Missile Battalion. He entered the Army in August 1948.

A 1947 graduate of the Tahoka High School, he attended the University of Alaska. His wife, Margaret, lives in El Paso.

On August 25, 1843, the USS Missouri put into Gibraltar, the first steam-driven Navy ship to cross the Atlantic.

## SKI with the best...

### Evinrude sound-sealed cushioned power!

It's easy to ski... anyone can learn. And it's more exciting than ever with a new '59 Evinrude. For the skier, there's reserve power for fast, clean take-offs... sound-sealed power so quiet you'll barely hear it above the swish of skis. For the driver, there's instant response, full gearshift control, fingertip steering, and the smoothest flow of power ever poured out of an outboard. Most advanced feature of all is its thermostat control that means faster starts, smoother idling, better lubrication, gas economy, longer engine life. Come in... see and try the finest skiing motors ever built!

FREE "HOW TO SKI" BOOK  
 Pick up your copy of Evinrude's "How To" book of water skiing. It's free! Tells and shows all you need to know.

### School . . .

(Cont'd From Front Page)  
 re-piped, and new equipment installed at a cost of about \$2,000. This week workmen are busy repainting the interior of the homemaking cottage. Repainting work has also been done on North Elementary and the football stadium and band hall.

With the opening of school, there will be four new buses bought through the State Board of Control, as required by law, for \$12,000. Three of the Chevrolet buses are 48-passenger vehicles, and the other carries 54 passengers.

Tahoka will have 10 buses operating, with one older bus held in reserve for emergencies, counting the Negro school bus.

Much work is also being done on the campus, not out of bond funds, in getting ready for the new school term.

Crushed rock is being applied to the bus parking lot. Grounds have been cleaned, except where new construction is underway, and a fine grass turf has been developed during the summer on all the campus except parking areas.

Tahoka is said to be one of only three schools on the South Plains, including richer oil field schools, that pay cash for athletic equipment. It is also one of the few schools in which athletics are virtually self-sustaining, with both football and basketball paying their own way.

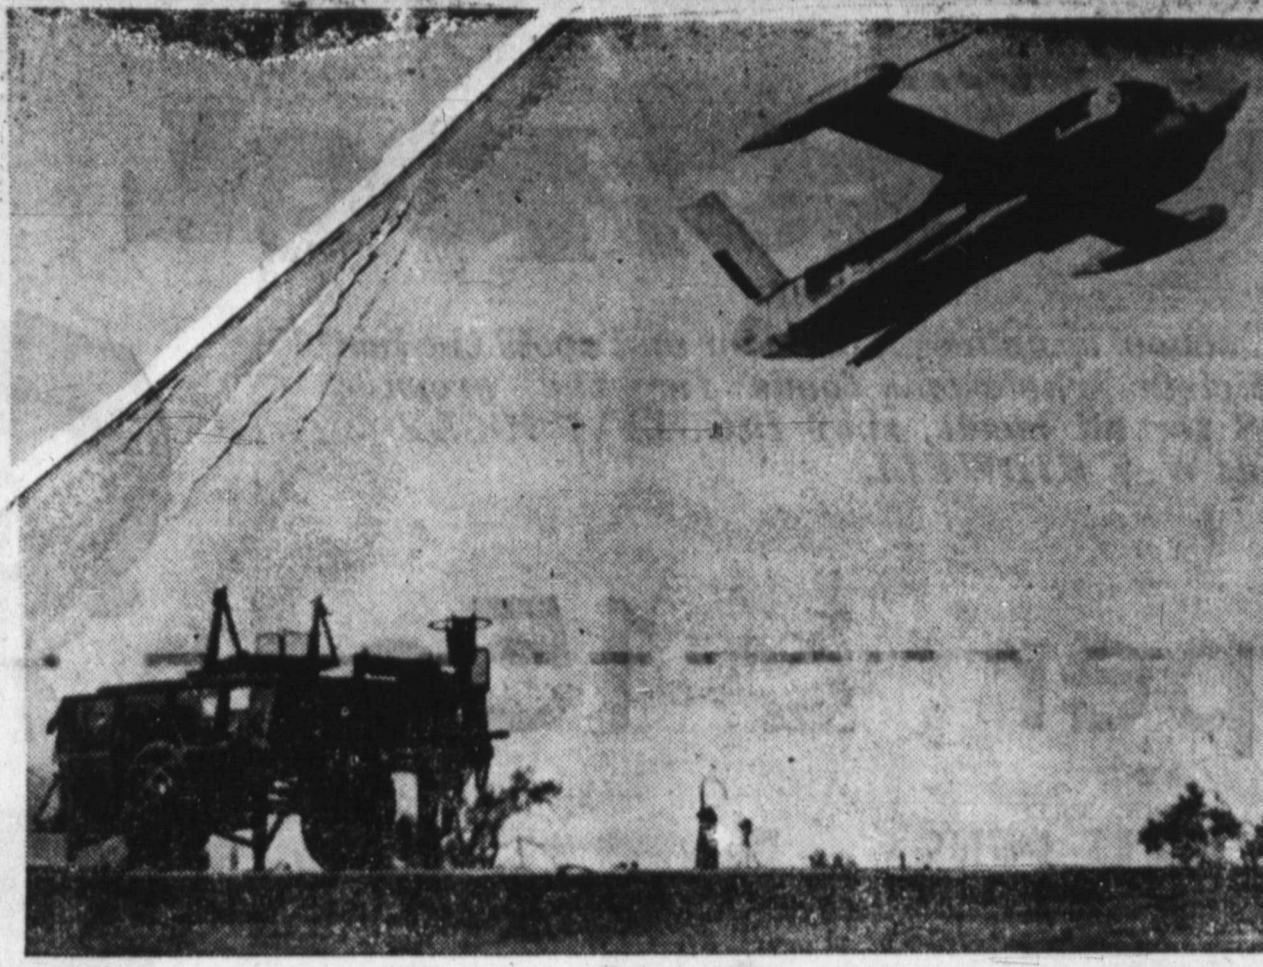

With these improvements, Tahoka's school plant is in the best shape it has ever been with every department properly housed, with the lone exception that the band department still uses a converted Army barracks building, and even at that the present band hall is much better than having the band housed in a classroom building.

### Preserve Cotton Fiber Quality

College Station moisture meter can be used in the gin, on the gin yard and in the field as an aid to preservation of fiber quality during the cotton harvesting and ginning season, reports Fred C. Elliott, extension cotton work specialist.

Use of the moisture meter on lint slide samples in the gin will give the information needed to adjust drying, he says. The goal should be to gin cotton at five to seven percent lint moisture for best quality preservation. Numerous tests in the USDA Ginning Laboratories show that drying to this moisture level gives a smooth sample and allows proper cleaning. Overdrying should be avoided, Elliott cautions.

At a number of gins in Texas last year, the growers made money by cooperating with the ginner in a seed cotton grouping program. Elliott says a moisture meter was used to determine the moisture content of the seed cotton in the trailers. Then, the trailers were grouped on the gin lot according to moisture and trash content or method of harvesting. This plan enables the ginner to take the time lag out of adjusting drying equipment for groups of bales and the grower receives more benefit

FIRST PHOTO of successful flight test of the combat surveillance drone SD-2 shows rocket-aided high-speed take-off from launching vehicle at the U.S. Army test station, Yuma, Ariz. Controlled from a remote point on the ground, the drone can scout enemy positions, use photography, television or other electronic devices to send or bring back information, then land by parachute without an airport.

### PENNSYLVANIA VISITORS

William Patton and family of Wilcox, Penn., left for home Tuesday night after a visit here with their friends, the Joe D. Unfred family of Petty. Patton formerly lived in Lubbock and is now in forestry management work for a large paper concern.

### HERE FROM CORPUS

Mrs. Elma Robinson of Corpus Christi is here visiting her sisters, Mrs. Laura Lewis and Mrs. Callie George, and brother, Jodie Nevill.

Mrs. Claude Chapman and two children of Plainview and Mrs. Shorty McNeely and son of Brownfield spent Monday with the two ladies' parents, Mrs. and Mrs. Harley Henderson.

In the days before chaplains were a part of the Navy, Art. 2 of the "Rules for the Regulation of the Navy" stated, "The Commanders of ships are to take care that divine service be performed twice a day on board, and a sermon preached on Sundays unless bad weather or other extraordinary accidents prevent it."

from improvements in gin machinery, he adds.

A moisture meter can also be used in the field to avoid harvesting cotton too damp. This practice, says the specialist, will be helpful this year with the anticipated increase in machine harvesting. Last year there were 1831 spindle pickers in 78 counties in Texas and 26,692 stripper harvesters in 133 counties, saving the growers \$50,000,000. All indications point to a big increase in machine harvesting in 1959. Machine harvesting has brought many benefits to the cotton industry, but has also presented problems in quality preservation.

However, Elliott adds, these problems can be overcome by proper care or adjustment of machines and not operating too early or late in the day in damp or wet cotton. For further information, obtain a copy of bulletin 297, "Keep Cotton Dry, Loose and Clean" from your county agent.

### Lyntegar . . .

(Cont'd From Front Page)  
 G. Q. Hensley, secretary, made a brief report.

Calloway Huffaker, Lyntegar attorney, assured members everything possible is and will be done to convince the Internal Revenue Service and the Treasury Department that Lyntegar is not subject to payment of income tax. Internal Revenue Service has filed notice it intends to cancel Lyntegar (and other cooperatives) certificate of exemption. He said all similar cooperatives are behind Lyntegar in this matter, and if a test case is made there will be a long fight before such a tax is applied.

Harold Douglas, representing Edwin E. Merriman Co., auditors, said Lyntegar is very strong financially, the plant office procedures are in first class shape, and all monies have been properly handled and accounted for. Lyntegar is doing a million dollars a year business and last year showed a profit of 23 percent. The debt is being paid off as rapidly as possible. Total assets are almost 10 million dollars, and the long term debt is less than six million.

Lyntegar now has 9,457 meter connections in Lynn, Terry Garza, Borden, Dawson, Yoakum, and Hockley counties and in small portions of Martin and Lubbock counties. It has become one of the largest and most successful electric cooperatives in the nation.

John Heck of Wilson, president until his retirement two years ago, is given much of the credit for successful organization of the project, with help from the late Tom Garrard and from Garland Pennington, the manager from the start.

Nominees for three directors were presented by Clint Walker, chairman of the nominating committee. Two new directors were elected.

Bob Alexander, Levelland, route 3, was named director of District 1 over present incumbent, Earl Houx of Sundown.

Roger Blakney of Wilson, nosed out present incumbent, Floyd Heck, for director of District 7.

L. G. Thuet Jr. was re-elected from District 6 over J. A. (Jess) Propst. Both are from Post, rt. 3. Holdover directors are: Frank Harris of Ackerly, who has served as president; G. Q. Hensley of Tahoka, route 2, serving as secretary; W. H. Moore, vice president, Lamesa, route B; and Kenneth Purcell, Brownfield. The new board will elect its new officers for the year.

Attorney Mitchell Williams presided over the business meeting of Poka-Lambro, which followed the Lyntegar meeting.

Poka-Lambro now has 1762 telephones in Lynn, Garza, Borden, Dawson, Martin, and Terry counties, and is now in the process of extending its lines into northeastern Gaines. Its plant is valued at nearly \$1.7 million dollars, and \$252,600 has been repaid on its loan. The younger cooperative is in the process of getting its feet on the ground. W. D. Harmon is the manager.

Wayman Smith, chairman of the nominating committee, presented the nominees for four director posts, and the membership elected three new members to the board.

From District 1, Lee Bartlett of Terry county, currently serving as president, was re-elected over Winfred Tucker.

In District 3, Irvin (Bud) Snell of Dawson county was elected a new director over Geo. W. Teague of Martin county.

Gorge Sealy, Tahoka, route 4, was named a new director over J. O. Allen, present incumbent from District 5.

In District 7, the present incumbent, Loyd McCormick, vice president, had asked that his name not be submitted for re-election, and Joe D. Unfred was elected over Robert Poer, whose name was also submitted to the members.

Holdover directors are: V. H. Wheatley of Terry county, secretary; Herbert Green of Dawson county, and C. W. Roberts of Lynn county.

Wilton (Jim) Payne, Lyntegar assistant manager, presided over the drawing for prizes by members.

Help Keep Tahoka Clean!

### NEW TAHOKA-WILSON DIRECTORY PLANNED

The new 1959 Tahoka-Wilson telephone directory including the Fletcher-Carter, New Home, New Lynn and West Lakes exchanges is now being compiled, Wayne King, district manager for the General Telephone Company of the Southwest, announced today.

All business telephone users in Tahoka and Wilson will be contacted by a representative of the General Telephone Directory Company within the next few weeks

### regarding changes in listings.

Several new features are going to be included in this year's Yellow Pages such as new classifications, new illustrations, and others.

King said that the distribution date of the new telephone directories will be announced later.

On August 3, 1942, Mildred MacFee was commissioned a lieutenant in the Navy to become the first woman officer of that service, later heading the WAVES.

### WILLIAM ALLEN WHITE and The Church Bell

"I don't need to advertise," an established merchant in Kansas once told William Allen White, renowned publisher of The Emporia Gazette. "Everybody knows me and knows what I sell."

"In that event," replied the thoughtful publisher, "we can dispense with the oldest advertising medium for the oldest institution in the world. See that church down the street," continued Mr. White, pointing to one of Emporia's oldest and most beautiful structures, "That church has been established here for many years. Everyone knows what it is and what it does. In the tower of the church is a bell and every Sunday it rings out to remind folks to come to church."

"Shoppers go where they are invited and stay where they are well treated," concluded the publisher.

"Regardless of how well established a firm may be, newspaper advertising is a repeated invitation and a reminder to come and do business with that store."

## New Developments In Agriculture Are Told By Speaker At Local Club

Bob Stephens, farm director of Radio Station KFYO, Lubbock, spoke before Tahoka Rotary Club Thursday noon of last week on the subject, "The Future of Agriculture in This Area."

This is the frontier of agriculture, he declared, and our resources are barely tapped. The day of science in agriculture is just coming into its own.

He said farmers and businessmen need to look to the experiment stations for some of these new developments. Fertilization is in its infancy. Lynn county soils need nitrogen, phosphorus, and potash in varying degrees.

Cotton growers need to watch for best planting dates, use irrigation properly, refrain from stripping cotton too wet and from tramping cotton in trailers.

We need to put humus back in the soil. He said better plant varieties, are coming—cotton that will be cold tolerant for earlier planting, and grain sorghums that will produce 6,000 to 7,000 pounds to the acre. He predicted the day is not far off when some will produce three bales of cotton per acre.

We need better livestock, produced on less feed. Experiments are proving that tranquilizers used on steers keep them quiet and less nervous and produce more beef. Experiments are also also due to develop tranquilizers for plants. Another new development will be waxy sorghums.

With our population growing at the rate of three million people a year, in the not too distant future we will need more food.

Agriculture has been in a bind, and the bind is getting tighter. Labor is a real problem, and the farmer is caught in the cost-price squeeze and the too-fast spiral of inflation.

Whereas we now have a surplus of food, in Russia and Red China

food is scarce and China has boasted it can lose 300 million people in a war and not be ruined. "Reducing is vastly different from starving," he said.

He thought one of Lynn county's problems was too high a salt content in its limited irrigator water, which salt may eventually sterilize the soil. However, the experiment stations are studying the problem and should come up with an antidote eventually.

New machinery is rapidly cutting down the number of farmers and proportionately fewer and fewer people produce the nation's crops, as compared to "the good old days before the Civil War when our farming methods were little better than those used by the Egyptians thousands of years ago.

He predicted this year's cotton crop will be short and of low quality due to hail, rain, wind and sand and dry weather. One-third of the Plains crop has been damaged.

Dale Tauren, program chairman, introduced the speaker, who was accompanied by an associate, Bob Ethridge.

President Mitchell Williams called attention to the fact that 34 members had 100 percent attendance during the month of July.

## Pioneer Tells Of Early Days Here

C. N. (Charley) Henderson, 79, of Post, who was a visitor here one day recently, says he was an early day settler of Lynn county first coming here in 1903.

His father had leased seven or eight sections of grassland from Charley Doak, the first sheriff, and Wren Johnson, somewhere north of the present West Point.

He says he and John Kinchloe started the first stage line from Tahoka to Lamesa. His father then bought two sections southwest of Newmore, and they moved down there. His father entered the mercantile business at Lamesa. They moved to Post when that town was started in 1907, and Charley did construction work erecting some of the first buildings in that town.

Prior to coming here, he had gone to the Alaskan gold fields in 1899, and spent his 20th birthday at Point Barrow, the furthest north point of civilization. January 13, and the thermometer stood at 55 degrees below zero. He left Nome for Seattle with \$30,000 in gold, but soon blew it in as a "soldier of fortune."

In between his residence in this county and at Post, he went to South America as a structural iron engineer, visited Paraguay, Uruguay, Peru, Bolivia. He got captured

## Billy Davis Tells Of Oregon Explosion

Billy Davis, son of Mr. and Mrs. W. O. Davis, phoned his parents Saturday telling of the disastrous explosion which occurred in Roseburg, Ore., Friday at 1:20 a. m.

The explosion occurred when a truck loaded with 2000 pounds each of dynamite and other chemicals stopped in front of a burning builders' supply house and became ignited. Following the blast a hole 10 feet deep and 50 feet wide occupied the place where the truck had been.

Davis reported the city of 15,000 people was now a place of no business; the blast destroyed everything in town and also did considerable damage seven to eight miles from the scene.

On August 15, 1944, the U. S. Eighth Fleet, under Vice Admiral H. K. Hewitt, landed troops in three areas of Toulon in Southern France, bringing to a close that phase of WWII that had begun in North Africa.

## O'Donnell Revival Starts August 30

Dates for the annual summer revival of the O'Donnell First Baptist Church have been set for August 30 through September 6.

Evangelist will be David Boston from Houston. Earl G. Ruble of Oklahoma City will direct the music.

Committee members who are preparing for the revival are Silas Russ, general chairman; O. H. Mansell, E. N. Morgan, Mrs. D. L. Harris and Mrs. Homer Hardberger, prayer; Mrs. Levi Gray, Mrs. Shack Blocker, and Mrs. Dub Middleton, entertainment; Homer Hardberger, testimonies; Wayne Vandivere, Mrs. Harvey Lane, Patsey Jackson, Dickie Marie Harris,

and Mrs. Wayne Carroll, prospecting. Mrs. C. A. Lacy and Mrs. Carr Spraberry, music; J. C. Harris, attendance goals; and Bill Snellgrove, Sunday School superintendent. Bill Burton is pastor of the church.

**CARD OF THANKS**  
We wish to thank everyone that prepared food, gave flowers, and every expression of sympathy. A special thanks to the W. F. W. for use of the hall. So many brought food that was not labeled and we take this means of thanking them. May God bless everyone. The children of Mother Hallmark.

people who are at home with quality...choose GAS air conditioning!

Whether the day is blistering hot or cold and blustery, pass through a doorway that promises gracious living and you're likely to find an atmosphere made miraculously fresh and comfortable through the marvel of Arkla-Servel GAS all-year air conditioning. Never before has there been an air conditioning system so technically simple, yet so compactly efficient. From the same space-saving unit, it heats and cools with a single fuel... a tiny Gas flame provides the energy for both winter heating and summer cooling. Because it operates on the absorption principle of refrigeration, there are no moving parts, your assurance of unrivaled quiet and years of trouble-free operation. And here's the Bonus Advantage of superior GAS air conditioning... operating costs are far below those of comparable units using other types of energy! All this with a five-year guarantee, too! Contact Pioneer Natural Gas Company tomorrow for all the facts on remarkable GAS air conditioning. It offers exciting proof that "where the finest is truly appreciated, Gas belongs!"

# Printer's Ink-lings

By F. P. H.

Another school term is about to slip up on us. Football workouts start Monday, and it's just 17 days until the schools start another nine-months grind.

H. E. Wood saw some smoke drifting skyward out in his field a few days ago. He went to see about it — only some Mexicans burning some careless weeds — he says his cotton was really not that hot.

While on a trip to Houston a few weeks ago, A. L. Shepherd stopped off in Lufkin and called up an old 1917-18 Army buddy, Sherman Mitchell, he had not seen in 40 years. "You don't know who this is? Shepherd announced. "Yes, I do," came back the immediate reply from Mitchell, "It's Shepherd." The two men were

reared in nearby communities and served in France together during World War I. They had not seen each other since 1919. We imagine they had a great time recalling mutual experiences.

The average man's idea of a good sermon is one that goes over his head and hits a neighbor. — Andrews News.

Many New Yorkers who have lived in the big city all their lives, we are told, think they have a monopoly on knowledge, intelligence, etc. Talked over long distance the other day to a firm in NYC with which The News does business. We had what we thought was just a simple problem, but we had to talk to one secretary, two men in the office, and then the chief executive before we could ever make them understand one little simple order which we wanted shipped out immediately. Just before hanging up the "big shot" said the items would be shipped in a week. Some service! We know a moron in a state mental hospital who would savvy our talk better. Maybe, we dumb-cluck hicks out in these sticks are not so dumb after all — or, are we?

One of our best friends is Harold Coulthart who travels the great Southwest for Metro advertising service, and his wife accompanies him. But, Harold has always been a "knight of the road." He and wife are reformed New Yorkers, raised their family there, thought there was nothing but hicks west of the Hudson. World War II came on, and the Coultharts' son was stationed out in Kansas in the Army. They came out to see him, had their eyes opened, and fell in love with the West.

Harold took a traveling job, and now he and his wife have more fun than anyone we know roaming around the West and calling on newspapers. They feel sorry for New Yorkers now.

Harold says they lived in one New York apartment 14 years, didn't even know or speak to the people who lived in the adjoining apartment (of course, they did have friends), and cared little for most things that went on around them. Now, they are interested in everything. "We just learned to live when we came west," he says.

Harold even got to be a fishing crank, and he carries his fishing tackle in the turtle of his car constantly.

"We'll never forget the time, about 15 years ago, he came in our office. "Are there any fish in that lake south of town?" he asked. Thinking he meant Guthrie, we replied, "No, it's an alkali lake." But, he was not satisfied: "There are an awful lot of beautiful groves of trees around it." Finally, we discovered, that as they had made the curve a few miles out of O'Donnell, they could see what they thought was a beautiful lake out east toward Joe Bailey. He was greatly disappointed when we told him he was seeing a mirage.

"Our country needs fiscal heroism, a feeling of individual sufficiency and dollar defense, including soldiers in the battle against inflation. In national finances, we have been drifting for a number of years. Let's remember that drifting articles always go down stream." — Ben H. Wooten, First National Bank, Dallas.

E. H. West brought us the biggest tomato we ever saw — six inches across and 16 inches in circumference. Don't know how much it weighed — the scales were not handy and we were hungry. Jack Brice has contributed some roasting ears and Hubert Tankersley a mess of okra. It's sure nice to have friends.

Johnny Wells of Tahoka Drug brought us a facsimile copy of The Chicago Daily Tribune of Monday, November 11, 1918 with the big headline announcing "Great War Ends." Mead Johnson Co. is re-producing historic first pages of the past and sends the store one each month.

Other headlines on the front page: Outline of the Terms . . . Kaiser Flees with Staff to Holland . . . Red Flag Flies Over All Big German Cities . . . Krupp Works' Chief and His Wife Arrested . . . Republic Set Up in Berlin by Socialists . . . Use Wireless to Give Word to Sign Truce.

We remember well the end of World War I. But a week or two before the Armistice was actually signed, a false report that the war had ended went out over the telephone wires one night, later claimed to have been a trick perpetrated by some speculators to affect the grain market, as we remember. Anyway, our dad was running the Roscoe Times at that time, in conjunction with serving as county attorney of Nolan county. Mr. DeShields, the T&P agent, called our house and told us the war was over. The Printer, then 16 years of age got a bright idea.

He and two buddies, Charley Green and Elza Bishop, went to The Times office, set up as quickly as possible a special edition about 6x12 inches in size bearing the big letters, "Extra-War Ends," followed by some brief but partially imagined details.

We made it to the T&P station in time to meet the 10 p. m. passenger train, contacted the conductor, and he welcomed us aboard to

sell the "big" extra. Pandemonium broke loose when the Printer stuck his head in a Pullman and yelled, "War ends, read all about it." Men fell out of bed attired in their long-handled and night-shirts, and women fell out too, forgetting they were in nightgowns (but the gowns they wore then covered much more than dresses worn on the street by ladies today.) The "butch" grabbed the porter, and they danced a jig in the aisle. In about five minutes we had sold all our papers, about 50, at five cents a throw.

Everyone on that train was whooping and hollering and otherwise celebrating when that T&P passenger pulled out of Roscoe. We've often wondered what all of those people thought the next morning when they found out the whole thing was a hoax. But, our faces were red, fool!

Believe it or not, Congress may cut taxes. Yes, sir! A proposal has been made by the House Ways and Means Committee to reduce the tax on night clubs from 20 to 10 percent. We appreciate this great saving to the people of our land, if it comes through!

The News always likes to please its advertisers, because they're the boys who make newspapers possible. A. J. Galvani, head of Dono, van-Galvani of Dallas writes as follows in regard to a recent ad by Rutherford's: "Since this is such an attractive ad, we would like very much to have five additional copies for our salesman's portfolio books."

On August 11, 1890, the USS Palos became the first U.S. Navy ship to transit the Suez Canal.

## Rodney Maeker Is Elected President Of Luther League

(By Mrs. Frank Smith)  
Representatives from the Wilson Lutheran League of the St. John's Lutheran Church attended a Bible Camp at Camp Chrysalis Kerrville from Aug. 2 through 7. This was the northwest Texas Federation Bible camp.

The Wilson League was host with Rev. James Burnet, local pastor, in charge. Theme of the meeting was "Jesus Calls Us".

During the elections held at the business sessions, Rodney Maeker, son of Mr. and Mrs. Edmund Maeker, was elected president of the league for the entire federation. Audrey Klaus, daughter of Mr. and Mrs. Werner Klaus, was elected secretary.

Others attending besides Rev. and Mrs. Burnet were Coy, Albert, Vondal and Buford Rinne, Donald Klaus, Melton Ehlers, Stanley Krause and Betty Gendorf. One hundred fourteen were in total attendance with four part-time attendants.

Johnny Wells of Tahoka Drug brought us a facsimile copy of The Chicago Daily Tribune of Monday, November 11, 1918 with the big headline announcing "Great War Ends." Mead Johnson Co. is re-producing historic first pages of the past and sends the store one each month.

Other headlines on the front page: Outline of the Terms . . . Kaiser Flees with Staff to Holland . . . Red Flag Flies Over All Big German Cities . . . Krupp Works' Chief and His Wife Arrested . . . Republic Set Up in Berlin by Socialists . . . Use Wireless to Give Word to Sign Truce.

We remember well the end of World War I. But a week or two before the Armistice was actually signed, a false report that the war had ended went out over the telephone wires one night, later claimed to have been a trick perpetrated by some speculators to affect the grain market, as we remember. Anyway, our dad was running the Roscoe Times at that time, in conjunction with serving as county attorney of Nolan county. Mr. DeShields, the T&P agent, called our house and told us the war was over. The Printer, then 16 years of age got a bright idea.

He and two buddies, Charley Green and Elza Bishop, went to The Times office, set up as quickly as possible a special edition about 6x12 inches in size bearing the big letters, "Extra-War Ends," followed by some brief but partially imagined details.

We made it to the T&P station in time to meet the 10 p. m. passenger train, contacted the conductor, and he welcomed us aboard to

**smoothest ride!**  
One of the 7 big bests Chevrolet gives you over any other car in its field

Anyone who's ever taken a Chevy over a choppy country road can tell you how lightly Chevrolet's Full Coil suspension handles rough going—and coil springs never squeak, never need grease! Try this velvet way of going for yourself. Once you do, you'll find your own way of saying what MOTOR TREND magazine puts this way: " . . . the smoothest, most quiet, softest riding car in its price class." But the happiest part of it all is that this Full Coil ride is just one of seven big bests—all documented by published opinions of experts and on-the-record facts and figures.

**BEST ROOM**—Official dimensions reported to A.M.A.\* show that Chevrolet sedans offer more front seat head room than all but one of the high-priced cars—more front seat hip room (by up to 5.9 inches) than the "other two" of the leading low-priced three.

**BEST ENGINE**—Chevrolet engines have long won expert praise from virtually every automobile magazine, and, just recently, Chevrolet received the NASCAR† Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

**BEST ECONOMY**—A pair of Chevrolet sixes with Powerglide won their class in this year's Mobilgas Economy Run, topping every other full-sized car. And the winning mileage was a whopping 22.38 m.p.g.

**BEST BRAKES**—Chevy's bonded-lining brakes are the biggest in their field, built for up to 66% longer life. In a direct competition conducted by NASCAR, Chevy out-stopped both of the other leading low-priced cars in a test of repeated stops from highway speeds.

**BEST STYLE**—It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

**BEST TRADE-IN**—Any N.A.D.A.‡ Guide Book can give you the figures on Chevy's extra value. You'll find that Chevrolet used car prices last year averaged up to \$128 higher than comparable models of the "other two." Your Chevrolet dealer will be happy to tell you about a whole host of other advantages besides these seven. Why not drop by his showroom?

\*Automobile Manufacturers Association.

ELMER BLANKENSHIP

A new 4 cent postage stamp will be released August 27 in recognition of work achieved in soil conservation. There will be a limited supply released in Tahoka. Stamp collectors may contact the Soil Conservation Service for first day covers and blocks.

Harold Gene Franklin, who farms Mrs. Finley's place south of Petty, is using mung beans and guar for soil improvement. Mung beans are inter-planted in his grain sorghum and guar are stripped in cotton land.

The reason a lot of people do not recognize an opportunity when they meet one is that it usually goes around wearing overalls and looking like hard work.

Plant rye in your cotton for soil improvement and for winter cover.

Water storage facilities are to be constructed for K. R. Durham's ranch and the Fern Wicker farm. These concrete tanks are a part of a Great Plains Conservation plan to improve livestock facilities.

Application for Great Plains assistance was taken from W. C. W. Morris. Terraces will be rebuilt on his farm near Draw. Mr. Morris estimates that about 15 miles of terraces will be necessary on his section of dry farmland.

The human brain is like a freight car—guaranteed to have a certain capacity, but often running empty.

## Wilson News

#### MRS. FRANK SMITH

Correspondent  
Mrs. Rudolph Nieman broke her knee cap on Monday and was in a hospital for treatment for a few days.

Roxie Schuette, small daughter of Mr. and Mrs. R. J. Schuette, is ill in Methodist Hospital in Lubbock. Tests have been taken to determine the cause of the illness. Mrs. Ollie Riddle reports that her granddaughter, Mrs. E. W. Roe of Tahoka is recovering nicely from surgery for a thyroid condition performed Wednesday at Methodist Hospital in Lubbock. Mrs. Roe returned home Saturday. Her parents, Mr. and Mrs. R. L. Christopher, and her grand parents Mr. and Mrs. Ollie Riddle, all of Wilson have been with Mrs. Roe most of the time since her surgery.

Mr. and Mrs. Ira Clary and daughter, Carolyn and Mrs. Alfred Clary and baby visited the Ira Clary's nephew and niece, Mr. and Mrs. Archie Nelson, in Snyder Sunday.

Mr. and Mrs. T. H. Rogers and Mrs. Katie Walker of Lamesa visited the Rogers son-in-law and daughter, Mr. and Mrs. Mack Mahurin, and son one day last week. Mrs. Walker is Mrs. Mahurin's maternal grandmother.

Mr. and Mrs. Curley Slone visited Mr. Slone's brother in Littlefield Sunday.

Mr. and Mrs. Buford Powers went to Post Sunday afternoon to visit Mr. Powers aunt, Mrs. Ola Powers.

Mrs. Buford Powers has received word that Mr. and Mrs. Larkin Vardell, former Wilson residents, have been visiting Mrs. Powers brother, J. A. Wise, and Mrs. Wise in South Dakota.

Becky and Patty Sims, small daughter of Mr. and Mrs. Darrell Sims of Snyder have been visiting in the home of Mr. and Mrs. Roy Robinson. The Robinsons who took the girls home Monday, remained for a few days visit in Snyder.

Mr. and Mrs. Herman Brewer and daughter, Barbara Sue, are in Arkansas to attend funeral services for Mrs. Brewer's mother, Mrs. Rogers.

Mrs. Frank Laddell and son of Wichita Falls spent from Monday until Thursday of last week with her parents Mr. and Mrs. E. J. Moore.

Mr. and Mrs. Lonnie Bush of Gonzales are visiting Mrs. Bush's sister, Mrs. Emil Nieman. They also visited in the home of Mrs. Katie Nieman and with other relatives and friends of the area.

Mr. and Mrs. Charles Berry of New Home are parents of a daughter born Thursday in Methodist Hospital in Lubbock. The baby who weighed 7 pounds, 10 ounces, has been named Tanya. Maternal grand parents are Mr. and Mrs. Bill Bohall of Wilson. Paternal grand parents are Mr. and Mrs. Henry Berry of Lubbock.

Hazel Robinson who is attending beauty school in Lubbock, spent the weekend in Wilson with her parents Mr. and Mrs. Roy Robinson.

Mrs. A. N. Crowson, took her small daughter, Sue to Slaton Saturday for medical attention.

Mr. and Mrs. Dwayne Walters and family of Slaton were supper guests of their cousins, Mr. and Mrs. Zoll's Moore, and family Tuesday night.

Mr. and Mrs. Bill Ginnings and daughters of Krum visited in the home of Mr. and Mrs. Howard Cook a few days last week. The Ginnings are former Wilson residents. Mr. Ginnings was manager of a lumber yard during their residence here and the Ginnings have many friends in the area.

Mr. and Mrs. Ed Stolle and son Carlton left Thursday for their home in Corpus Christi after a two week visit with Mrs. Stolle's parents, Mr. and Mrs. Fred Steinhauser.

Winifred Dickenson of Littlefield spent the weekend with Mr. and Mrs. Ray Craft. The three went to Palo Duro Canyon sight seeing Sunday.

Mr. and Mrs. Hugo Maeker and Mrs. Katie Nieman visited Mr. and Mrs. Willie Nieman at Lakeview Sunday afternoon.

Mr. and Mrs. Fred Steinhauser had as guests Sunday Mr. and Mrs. Melrose Neitsch and boys of Idalou, Mrs. Dora Neitsch of Lubbock, Mr. and Mrs. Grady Montgomery and daughters of Slaton and Mrs. Pearl Bruedigam and son, Pete, of Wilson.

Pat Campbell spent the weekend in Blum with his mother, Mrs. W. P. Campbell.

Mr. and Mrs. Ivy Walton and sons, Charles and Mike, Jimmy Mahurin and Bobby Crowson recently attended the bull fight in Old Mexico just across the border from Del Rio.

Mr. and Mrs. Carl Gryder and son, Kenneth, spent Sunday in Springlake with Mrs. Gryder's brother, H. T. Ray, and Mrs. Ray.

Mr. and Mrs. Alfred Teinert left Thursday for a visit with their daughter, Mrs. Nelson Rost, and family in Harlingen. Mrs. Homer Campbell, Sr. worked Saturday in the Wilson Mercantile in the absence of the Teinerts.

Captain and Mrs. Allen Nelson and family arrived early Tuesday morning for a visit with Captain Nelson's sister Mrs. Luke Cole and family. The Nelsons were enroute to Captain Nelson's New Post in Washington, D. C. after a two-year tour of duty in Honolulu. However, later in the day on Tuesday Captain Nelson was hospitalized at Reese Air Force Base at Lubbock for treatment of a recurring ulcer condition.

Mr. and Mrs. John Hewlett and son, Keith, of Lubbock, visited Mr. Hewlett's father, Pete Hewlett Sunday afternoon.

Sandra Lumsden spent Thursday night in the home of Rev. and Mrs. Billy Wilkinson, in Lubbock.

Mrs. Ona Nelson of Clyde came Wednesday for a several days visit with her son-in-law and daughter Mr. and Mrs. Luke Coleman. On Thursday night Mrs. Nelson accompanied her granddaughter Sue Coleman to Lubbock where they spent the night with Mrs. Nelson's brother, Dewey Winstead, and Mrs. Winstead.

Mr. and Mrs. Frank Smith were supper guests of Mrs. Smith's brother-in-law and sister, Mr. and Mrs. Martin Donley, in Lubbock Saturday night.

Mr. and Mrs. A. N. Crowson and family and Mrs. C. W. Phillips attended a Hopkin County reunion at Mackenzie Park in Lubbock Sunday. About two hundred and fifty were present.

James Wuensche attended a meeting of all South Plains Zone Walther League president in Lubbock Sunday.

Mr. and Mrs. Charles Morgan have moved to Wilson from Rising Star. Mr. Morgan is employed by the Campbell Grain company.

Mr. and Mrs. Charles Tyler and family of Halls visited Wednesday with Mrs. Tyler's parents Mr. and Mrs. Claude Coleman.

Rev. Harold Rucker, local Methodist minister, left Thursday for Mt. Sequoiah at Fayetteville, Arkansas to attend training school for youth directors. Mrs. Rucker is in Dallas for a two week's visit with her parents, Mr. and Mrs. Bridges.

Mr. and Mrs. Jasper Campbell and family are in Blum visiting Mr. Campbell's mother, Mrs. W.P. Campbell.

Mrs. Lloyd Kirtley and son, Bruce, returned to their home in Austin Monday after a several days visit with Mrs. Kirtley's mother Mrs. Willa Wakeland.

Donald Gryder and Larry Greer of Lubbock visited in Wilson Sunday.

Mr. and Mrs. Zollie Moore and children spent the weekend in Matador with Mrs. Moore's brother-in-law and sister, Mr. and Mrs. Grady Reed and family.

Gerald Crowson is employed in Slaton at the present time.

Mrs. Ira Clary was in Slaton Monday for medical attention. Mrs. Alfred Clary and baby accompanied her to Slaton.

Rev. and Mrs. C. A. Bickley of Lubbock, were in Wilson Sunday where Rev. Bickley preached at the Methodist Church in the absence of the regular pastor Rev. Rucker.

Mr. and Mrs. Bobby Ellison and family of Lubbock were Sunday visitors in the home of Mrs. Ellison parents, Mr. and Mrs. Grover Coleman.

The small children of Mr. and Mrs. Malcolm Coleman of Lubbock visited Monday with their grandparents, Mr. and Mrs. Claude Coleman.

#### George Nixon Tells Of Camping Trip

The George Nixons returned Monday from their camp on the Concho River east of Paint Rock.

George reports that they have the best prospects for a bumper crop of cotton and sorghum cane they have had in Runnels and Concho Counties in more than 12 years.

There is only about half of a pean crop, but there are plenty of squirrels, rabbits, doves and the river is full of fish. Down the river a few miles there are quite a few wild turkeys.

Th ranges are in fine condition and the cattle are fat as butter.
