Miss Carolyn Aldridge Is Married On Thursday In Lubbock Episcopal Church

Miss Carolyn Aldridge joined Oscar Mack Toliver at the altar of St. Christopher's Episcopal Church in Lubbock Thursday, Aug. 27, and solemnized marriage vows at 2:00 p. m. before a background of pink gladioli and candelabra.

Parents of the bride are Mr. and Mrs. J. E. Aldridge, route 2, Mr. and Mrs. M. F. Toliver of Tatum, N. M., are parents of the bridegroom.

The bride, given in marriage by her father, wore a gown with Sabrina neckline studded with seed pearls. The bodice of Chantilly lace over satin ended in a diamond point before a long flowing satin skirt with single lace panel in front and lace tracings edged with seed pearls scattered over the skirt. The back of the dress was designed with a narrow lace panel over satin beginning at the waist and flowing into a chapel train. The lace sleeves came to a point over the bride's hands.

Her finger-tip veil of illusion flowed from a lace diamond pointed crown over satin edged with seed pearls. For something old the bride had a lace handkerchief and gold heirloom bracelet belonging to her grandmothers. Something new consisted of pearls, a gift from the bridegroom. Pearl earrings belonging to Miss Dona Lee Whitaker of Van Alstyne, former roommate, served as something borrowed. The bride wore the traditional blue garter and had a 1959 penny given by her father in her

right shoe. She carried a white orchid nestled in baby white carnations with three streamers over the front of the white satin prayer book.

Mrs. T. Ralph Aldridge, aunt of the bride, from Tahoka, served as matron of honor. Bridesmaid was Miss Rebecca Aldridge, sister of the bride. They wore pink cotton-satin street length dresses with short jackets and cummerbunds. Their head bands were decorated with pink rose buds, and they carried a single long stem pink rose bud.

The bridegroom's mother wore a beige lace sheath with co-ordinating accessories. The bride's mother wore a coffee brown shirt waist with brown accessories.

Jack Greathouse, Portales, N. M., cousin of the bridegroom, served as best man. Ushers were Leon Ham and Royce Lee Fort, both of Tatum.

Wedding selections consisted of "The Lord's Prayer" and "O Perfect Love."

A reception was held in the Green Room of the church following the ceremony. Miss Janis Borden of Portales presided over the guest book. Mrs. Charles Reid, Tahoka, served cake, and Mrs. Evon Wilson, also of Tahoka, poured punch. The bride's table was decorated with pink rose buds in half moon shape.

For a wedding trip to Albuquerque, N. M., the bride wore a black cotton shirt waist with Queen

Society & Club

Victoria collar and black and white accessories.

The bride is a graduate of Monahans High School and is a junior speech correctionist major at North Texas State College in Denton. She was selected as Lynn County Farm Bureau Queen last year and was also winner in the regional contest. Mr. Toliver graduated from Tatum High School and Eastern New Mexico University in Portales. He is assistant-manager of Beneficial Finance Co. of Roswell.

New Home Has Small Squad Out

Coach Charles Yarborough, new at New Home this year, has had only about 18 boys report so far for this year's Class B Leopard team, but more are expected to report when school opens Monday.

Yarborough, who comes here from O'Brien, will be assisted by Jerry Brown from Abilene.

One more game is needed for Sept. 11 to fill out the schedule. Following is the season's schedule:

- Sept. 4—Hart here.
- Sept. 11—Open.
- Sept. 18—Ropesville here.
- Sept. 25—Whitharrell here.
- Oct. 2—Meadow there.
- Oct. 9—Lazbuddie there.
- Oct. 16—Cooper there.
- Oct. 23—Wilson there.
- Oct. 30—Open.
- Nov. 6—New Deal here.
- Nov. 13—Lorenzo here.

NEW HOME GRADE SCHOOL FOOTBALL SCHEDULE

Assistant coach Jerry Brown will start working out Monday with the Grade School football team at New Home. A schedule of four games has been arranged, as follows:

- Sept. 15—Wilson there.
- Sept. 22—Cooper here.
- Sept. 28—New Deal there.
- Oct. 12—Lorenzo here.

Wilson Mustangs Are Working Out

Wilson Mustangs, operating this year under new coaches, Norman Roberts, Little All-American from East Texas State, and Lawrence Cook, a junior high coach at Post last year, have about 25 boys working out for the team.

Wilson opens at home on Friday of last week with Frenship.

The new coaches have eight starters and two other lettermen back. They are: Ronald Nolte and Joe Feagin, ends; Tommy Steel, guard; Milton Ehlers, center; C. W. Slone and Billy Weaver, quarterbacks; Bobby Crowson, Leroy Schneider, and Harry Hewlett, halfbacks; and Bobby Wied, fullback.

The Mustangs have good prospects of improving on their record of last year when they lost nine and tied one.

Tri-Captains Are Named By Squad

Tahoka football squad last week elected three captains for the coming football season.

The tri-captains will be three senior lettermen: Roy Thomas, tackle; Richard Stice, guard; and George Adams, fullback.

Floyd Brasher, wife and baby are here visiting her mother, Mrs. H. H. Roberts of Grassland, and his parents, Mr. and Mrs. M. H. Brasher of Lubbock. He has been with Piggly Wiggly at Seminole the past year and eight months, but will leave Sunday for Dallas for two years duty in the Naval Reserve.

Injuries Plague Football Squad

Injuries which plagued the Tahoka Bulldogs last year are again cropping up to take away potential strength from this year's team.

However, Coaches J. D. Atwell, Maurice Hodges, and Tom Bartley say the squad has fine morale, hustle, and desire. If they continue the present spirit, the coaches believe that the Bulldogs will make a pretty fair showing this fall.

Eleven players have quit the squad since practice started Monday of last week. Although these were all freshmen or B-stringers, the coaches were very disappointed in losing these boys, as some of them had fine potentiality.

On the injury list are Kenneth Stice, halfback, out with an injured knee and shoulder; David Copeland, halfback, knee injury; Alton (Red) Terry, broken thumb; Glenn Hopkins, tackle, fractured hand; Billy Cain, halfback, injured shoulder; Ronnie Walters, fullback, injured arm; and George Adams, fullback, severely bruised thigh; and Larry Spruiell, head injury.

The Bulldogs played powerful Plains Cowboys a practice game here Tuesday night. The Cowboys are a hard-running and vicious tackling and blocking outfit and out-played the Bulldogs. On the bright side, Tahoka also showed much improvement over last year, especially in the department of hustle and desire and hard-line play. The coaches did a lot of experimenting with different boys in various positions and used nearly all the boys in uniform.

The B-team was to scrimmage with Wilson A team here Thursday night, and the squad will go to Idalou Saturday night for a scrimmage with both Idalou and Lockney.

The season opens here on next Friday night, Sept. 4, with the potent Seminole Indians, followed the next week with the also-powerful Denver City Mustangs on the local field.

Spears Is New Head of T-Bar

Otis Spears was elected the new chairman of the board of T-Bar Country Club at a meeting of directors Tuesday night, and Jack Smith was named vice president. Spears succeeds Rebel Thomas, president—the past year. Mrs. Charles (Fredda) Townes was re-elected secretary.

Three new directors were elected in balloting of club members Sunday evening. They are Spears, Elton Carroll, and Mrs. Truett Smith. Holdover directors are the outgoing president, Thomas, Bill Griffin, Mel Leslie, J. E. (Red) Brown, and Jack Smith. Outgoing directors are James (Sonny) Roberts and Irvin Dunagan.

The board accepted the resignation of "Skinny" Carter, who has resigned as club professional to accept a similar job at Sweetwater. One hundred plates were served Sunday evening by a catering service at the dinner held at the club house following the tournament.

Presentation of tournament awards and a business session followed. Trophies had not arrived, but will be given winners later by tournament chairman, C. W. Conway and Mrs. Jack Smith.

Rebel Thomas, club president, presided at the meeting. He reported Mrs. Townes' books showed the club has \$1350 in the building fund and about \$800 in the general fund.

Plans are also being made for a one-day tournament in October. Spears, and the board of directors will announce club committee members later.

Letters From News Readers—

(The News welcomes letters from its readers on any current subject, not libelous, of course. All communications must be of reasonable length and must be signed. On request, the signature will not be printed. The Editor.)

To the Business Firms of Tahoka: For several years there have been letters in The News belly aching about Lynn county residents going somewhere else to trade. Let me tell you a few.

I can't sell an egg to any store in Tahoka. Where do you get the eggs you sell to us? I can't sell an old hen in Tahoka, but I can buy dressed hens at most grocery stores.

In 1950, I tried to buy a new car. In Tahoka, it was \$2225. In Lubbock at the same agency, \$1995. The very same car, a difference of \$230. Why?

The last water pump I bought in Tahoka for my tractor was \$14.50. In a nearby town, \$6.80. Front wheel bearings, same number, same name on bearing, but in different boxes. I can re-bearing two wheels for the price of one by going somewhere else.

I have a friend who traded for a new tractor early this year. He told me \$1100 difference from Tahoka to Aberrathy.

I had to have a pump for my spray machine. Same size, same number, same brand, in Tahoka \$35.00; in Lubbock, \$27.50.

Don't get under the impression we are down on ALL YOU GUYS in Tahoka. We are tired of being taken so often. So, why don't you boys get together and give neighboring towns a run for THE MONEY?

There are a lot of nice folks in Tahoka, and there are several who will skin you out of your clothes just to see you walk away naked. I could go on and on, but just a few more remarks.

Some places we enter the expression on the clerk's face is about as welcome looking as Yancy Dillinger's Indian friend, Pow Hoo. We all pay taxes, too, the same as the rest.

These folks in neighboring towns pay taxes, too, out of their pro-

fits from their businesses, so why the difference?

They have good schools, churches, Rotary clubs, Lions clubs, Community Chests, Red Cross, everything we have in Tahoka.

They have to live, too, you know. The letter to the Editor August 21 by a Merchant (name withheld) sure did set me afire.

So, friends and enemies of Tahoka, let us live, too.

Newman Bartley, Route 1, Tahoka.

Editor's Note: Both letters, this week and last, we feel are a little intemperate. We believe our farmers, school teachers, public officers, workers and business men are about the finest folks one will find anywhere. We are all just trying to live and let live, and we don't

CARD OF THANKS

We extend our thanks to Wilson and Tahoka friends and neighbors, and to all others for the words of comfort and acts of kindness, the flowers, and food during the illness and death of our loved one. May God bless each of you.—The Family of Mrs. Alice Davis. 11c

know many people getting rich off the public or failing to be loyal to their communities. Maybe we should not have published the first one. But, maybe the airing of a few "gripes" will help us all try to do a better job.

Tahoka Firemen Are Honored At Rotary Club, Tell of A&M School

Tahoka's volunteer firemen were honor guests of Tahoka Rotary Club Thursday noon of last week, and two of the local firemen told of their work and of the annual Fireman's Training School at Texas A&M College which they attended in July.

Dean Taylor, the first speaker, told of the advanced course attended by he and Troy Havins, which included such subjects as simplified hydraulics, outer pressure, plans for attacks on fires, different types of fires, and the chemicals and nozzles best fitted for use in fighting each type of fire, the driving of emergency flexes, how to enter burning buildings (fire trucks), and driver ratings with minimum damage, protective equipment, and a dozen other subjects.

Taylor told of the importance of having local firemen attend the school and the possible value to the community. If as many as three firemen attend, the local fire insurance rate credit is affected favorably. Also affecting the local rate, he said, are the number of fires in the town, the type of equipment available for fighting fires, and other factors.

There were 1,056 firemen registered at the school, 250 instructors, and 250 to 275 visitors and observers from all over Texas and from other states and foreign countries, Taylor declared.

LESLIE PARIS, Prop.

Johnny Raindl, local fire marshal, told of the Fire Marshal's School which he attended and the rigid course of instruction which kept them busy all day and into three nights.

Among his duties are public relations, investigations of the causes of fires, including arson, and helping make the community fire-preventive conscious. There were 270 fire marshals taking the course.

He said teaching of fire prevention in the schools is important to all property owners, because it not only teaches the students but also gains the town a six percent credit on the insurance rate.

Arson, he said, is one of the hardest crimes to prove in court, but fire marshals are supposed to be on the alert for such cases.

Since becoming fire marshal here, he has had wonderful cooperation from business men in town. It is his duty to inspect wiring and other possible fire hazards and to make recommendations for corrections of any possible faults. So far, everyone has cooperated wonderfully. He said the making of such corrections in fire

Hewlett To Take Oath of Office

J. P. Hewlett of Wilson expects to take the oath of office as the new county superintendent of Lynn county next Tuesday, Sept. 1.

He was recently appointed to the office by the Commissioners' Court to succeed Mrs. Ruth Jolly Mason, who resigned to join her husband in East Texas.

Mr. Hewlett is an experienced school man, having been superintendent at Wilson 11 years before retiring a year ago. Before that, he was at Southland four years and Ackerly four years as head of those schools. He will continue to live at Wilson, for the time being at least.

David has been given a job as manager of the freshman football team at SMU, which is the reason for his going down early. He will stay with the athletes at Boaz Hall.

D. S. Todd, 76, Dies Thursday

Funeral services for Donald Smith Todd, 76, resident of O'Donnell since 1921, were conducted Saturday, Aug. 22, at 3:00 p. m. in the O'Donnell Church of Christ with Carl Cain, minister, and the Rev. Bill Burton, pastor of the O'Donnell First Baptist Church, officiating.

Burial was in O'Donnell Cemetery.

Todd, longtime O'Donnell farmer, died at 11:00 p. m. Thursday in the Medical Arts Hospital in Lamesa following an illness of several weeks. He was a native of Tennessee.

Survivors include his wife; six daughters, Mrs. Pauline Wilson, Fort Worth; Mrs. Payton Perkins, Tahoka; Mrs. Joe Farrow, Santa Fe; Mrs. Ardell Ellis, Hereford; and Mrs. Bill Gardenhire and Mrs. Cletus Cox, both of O'Donnell; five sons, L. R., Early Mark, Calif.; L. W., Fort Worth; R. C. Levelland; and D. C. and J. D., Pueblo, Colo.; a brother, Hub, Greenville; 25 grandchildren and 14 great-grandchildren.

Rites Held For Mrs. Townzen

Funeral services for Mrs. R. E. Townzen, 71, were conducted Sunday at 1:00 p. m. in the Chapel of the First Baptist Church, Brownfield, with Dr. Jones Weathers, pastor, officiating.

Burial was in Terry County Memorial Cemetery.

Mrs. Townzen died at 8:00 p. m. Friday. A native of Oregon, she had lived in Terry county since 1940, moving there from Lynn county. She died after a short illness.

Survivors include the husband; a son, Carl J. Ritcher, Los Angeles; two daughters, Mrs. Ellis Barnes and Mrs. R. G. Ledbetter, both of O'Donnell; four grandchildren and two great-grandchildren.

Jan Collier, returned home last week from Los Angeles, Calif., where she spent the summer working as a secretary. She will be a junior at McMurry College in Abilene this fall.

Slover And Renfro Are At Fort Ord

Pvt. Steve L. Slover, son of Mr. and Mrs. Rufus Slover, and Pvt. Donald K. Renfro, son of Mr. and Mrs. Herman Renfro, are currently undergoing the first cycle of basic infantry training at Ft. Ord, Calif.

The eight-week training program consists of courses in troop information, general military subjects, tactical training and weapons instruction. When the soldiers complete the eight weeks of training and instruction, he will go to advanced infantry or other specialized training before being assigned to a unit.

Slover, 1953 graduate of Tahoka High School, entered the Army July 27. Renfro entered the service July 23 and is a 1957 graduate of the local schools.

hazards is important, because the fire marshal is required to make a report on such hazards to the state, and continued refusal to make needed corrections will ultimately bring a visit from the state marshal and a loss of fire credit or a raise in insurance rates.

He said there are now 20 firemen in the local department, all of whom give their services virtually free to the community.

"The Volunteer Fire Department is the only organization in the nation you can call on day or night and get results—free," Raindl said in closing.

Johnny Reasonover, who arranged the program, said the fire boys make up one organization which carries out the Rotary motto, "Service Above Self."

Firemen present were introduced by Lawrence Harvick, Tahoka fire chief.

President Mitchell Williams announced the Tahoka club's attendance for July was 96 percent and the club stood eighth in the district.

He also announced that District Governor Floyd Hemphill of Amarillo will make his official visit to the Tahoka club on Wednesday night, Nov. 18, and Thursday noon, Nov. 19.

one of 7 big bests Chevrolet gives you over any car in its field

Proof that Chevy delivers the most miles from a gallon comes from an indisputable source: this year's Mobilgas Economy Run. For a pair of Chevrolet sixes with Powerglide walked away with the first two places in their class — got top mileage, in fact, of any full-sized car. Over the Run's long, rugged course, over mountain and desert in the long, long haul from Los Angeles to Kansas City, the winning Chevrolet averaged a whopping 22.38 miles per gallon. That's the kind of economy-engineering that keeps you saving while you drive!

BEST STYLE—It's the only one of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

BEST BRAKES—In competitive tests of repeated stops from highway speeds, conducted by NASCAR*, Chevy outstayed both of the "other two." Naturally—Chevy brakes with bonded linings are far larger, built to lengthen brake life by up to 66%.

BEST TRADE-IN—Look at the record—the used car prices in any N.A.D.A.† Guide Book. You'll find that Chevy used car prices last year averaged up to \$123 higher than comparable models of the "other two."

BEST ENGINE—Chevrolet engines have long won expert praise and, just recently, Chevrolet received the

NASCAR Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

BEST ROOM—Official dimensions reported to A.M.A.‡ make this abundantly clear. Chevy front seat hip room, for instance, is as much as 5.9 inches wider than in comparable cars.

BEST RIDE—MOTOR TREND magazine names Chevy "the smoothest, most quiet, softest riding car in its price class." But this is one Chevy feature you really should discover for yourself, at your Chevrolet dealer's stop by soon!

ganized have passed on to the Greater Land.

The only man still living that we can think of who headed one of the original families is Ed Ketter, now staying with a daughter at Belen, New Mexico. Then, there are Mrs. Small, Mrs. S. N. McDaniel and Mrs. John Donaldson of Tahoka, and Mrs. Walter May of Lubbock. Are there others?

Those who came here to open up a new land for development are about all gone, which thought saddens our heart. They were great characters. It took courage to pioneer this new land, but we never yet met one of those pioneers who regretted the move westward.

Most of them lived in half-dugouts, or small box houses, the nearest doctor was at Lubbock, there were no roads, no telephones, no churches or schools, no ice or air conditioners, cowchips and mesquite grubs were the fuel, and the pioneers had to freight in supplies by wagon from Big Spring or Colorado City, the nearest railroad points.

Although they struggled and sacrificed and underwent hardships, they enjoyed life and took deep satisfaction out of building a home of their own by their own efforts in a new land. They asked no quarter and they gave no quarter.

There's quite a contrast between these people who made our country great and our new generation of "gimme" boys who think the government and society owe them a living—yes, more than a living—the luxuries of life; those who want more pay for less work, and those who have organized so that "if I can't get mine, I won't let the other fellow, either"; those who spend all they can borrow and those who live for today and let tomorrow take care of itself; those who advocate socialism in the guise of progress; those who sit idly by and let our government drift toward the very thing our forefathers fled Europe to avoid. Yes, life today is, in many ways, pleasure—it seems—compared to the lives lived by these hardy pioneers in the early days. And, yet, what kind of a heritage are we leaving for our children and grandchildren? We wonder!

Ernest Joiner in his Rally Banner says: I don't suppose the NAACP wants to make anything out of this, and I don't feel my constitutional rights as a citizen have been trampled into the segregative dust, but there are several motels in Los Angeles bearing signs, "For Colored Only."

Everyone, or almost everyone, hated to lose our coaches, Bill Haralson and Deane Wright, whose clean, wholesome Christian leadership had meant so much to the athletes of Tahoka High School.

But, two seemly fine young men have taken their place, and we're almost certain the new coaches are going to do an excellent job in helping mould the lives of our school boys. We join the entire community in welcoming J. D. Atwell and "Moe" Hodges and their families to Tahoka and sincerely wish them every success in their endeavors.

Every now and then, The News misses an important story strictly through oversight. Such was the case in the appointment of Wilmer Smith of New Home to the board of directors of Texas Tech College. We simply forgot to write the story.

Wilmer is one of our outstanding citizens and has come to be recognized the nation over in farm circles. He is level-headed and sound in his judgment, and will make a fine member of the Tech board.

We have a letter and newspaper clipping from "Trap" Hanes, superintendent at Irving, telling about injuries received by his wife, Anne, in a car accident on the Oakland Bay bridge, San Francisco, while they were out there visiting Capt. William Travis Hanes, navigator in the Air Force, wife and two children. Mrs. Hanes received three broken ribs and a wrenched neck when a Navy vehicle ran into Capt. Hanes' station wagon on the big bridge. Although under care of a specialist in Dallas, Anne expects to be back teaching school on Sept. 3. Wreck damage was paid by the Navy.

U.S. OIL

Indispensable in our way of life... vital to our national defense

In the 100 years since the drilling of the first oil well in the United States, the usefulness of petroleum has been often demonstrated in many ways . . . It is an economical and efficient source of energy and a raw resource convertible through petrochemistry into innumerable useful materials. . . . It is indispensable in our way of life, and vital to the national defense.

It is comforting to know that today's reserves are ample for today's needs. And if incentives to undergo the heavy risks involved are continued, there is no doubt that more oil will be discovered and produced to replace the oil we use . . .

The United States has found, produced, refined, and used more oil than any other nation. This has made petroleum products a feature of the abundant American life. Americans use more petroleum products than any other people on the globe.

The past is prologue to the future. During its second century, oil can serve you and your grandchildren, and the nation, as well or better than ever before.

The Humble Company, incorporated in 1917, has participated in the development of new and better ways to find and produce oil, and in the research that has improved petroleum products and discovered countless new uses for oil and natural gas. Humble is a major producer of U. S. oil, with production extending all across the southern tier of states from

Florida to California. Marketing operations are carried on in Texas, New Mexico and Arizona. Humble's Baytown refinery, near Houston, is one of the great refineries of the world. (Humble Pipe Line Company, a major transporter of crude oil and finished products, operates more than 9000 miles of pipe lines in Texas.)

Lynn County Soil Conservation District News

E. R. BLAKNEY ELLIS BARNES
O. E. TERRY W. L. (Cap) ROWE
ELMER BLANKENSHIP

Winter cover crops should be planted now. Rye and vetch are the most popular cover crops in this area because of their soil improving quality. If a cover is planted now sufficient growth will be made by the time a cash crop is removed from the land. Broadcasting the crop at the time of the last cultivation will save a trip over the land. Some irrigation farmers are seeding their cover crop by air to avoid damage to the cash crop already on the land.

Like the old saying, "It takes money to make money," it takes grass to grow grass. Grass is like a building, the bigger the building, the deeper the foundation; likewise, the taller the grass, the deeper the root system.

Put your nose to the grindstone, your shoulder to the wheel and

your ear to the ground—now, try to work in that position!

Martin Wuensche Jr., who farms near Wilson, has cotton following grass in rotation and says that anyone can tell to the exact row where the grass has been. Other than previous crops all the cotton land has had the same treatment, but according to Wuensche, the cotton following grass is about twice as good as the rest of his cotton.

This is a good example of the soil improving properties of grasses.

Conservation doesn't cost... it pays.

Today's MEDITATION
From The World's Most Widely Used Devotional Guide

The Upper Room

THE UPPER ROOM, NASHVILLE, TENNESSEE

He is not here: for he is risen, as he said. (Matthew 28:6.)
On the scaffolds of the Grassmarket, Edinburgh, the Covenanting martyrs were unafraid. They believed that after death they would enter a new world. Their word was: "Dear friends, be valiant for God, for he is as good as his promise. Him that overcometh he will make a pillar in his temple."

In a world of broken promises, it is refreshing to turn from bewilderment and uncertainty to God, whose every word is sure. What He says He does, and what He declares will be accomplished—that is the ringing cry of certainty that echoes and re-echoes in the pages of the Gospel.

When Jesus rose from the dead, the angel said, "He is risen, as he said." Because of this central truth of the New Testament, we know that this life has its complete fulfillment in the world beyond. That Jesus rose again, as He said, assures us of the reality of another world. There broken ties are linked up, there spiritual rewards are for the faithful. In that world the values are eternal.

PRAYER
O God, we thank Thee for the words of Jesus, "I go to prepare a place for you." Help us in our daily life to prepare ourselves for the place He has promised. We pray in the name of this Jesus who taught us to pray, "Our Father, who art in heaven... Amen."

THOUGHT FOR THE DAY
If we believe God's promises today, we will bear good fruit for Him tomorrow.

LP Gas Tax Is Now In Effect

A new tax law goes into effect on September 1 which will be of interest to most farmers of this area, according to local dealers in LP-Gas products and diesel fuel.

This is the Special Fuel Tax, but these fuels are tax-free except for highway purposes. In other words, LP-Gas bought and used in the home, farm tractors, and irrigation wells is tax-free.

However, as of now, the farmer is required to sign a declaration at the dealer's that such gas purchased will not be used in vehicles driven on the highways.

Violation of the law will subject the farmer to forfeiture of his right to purchase special fuels tax-free for a period of one year.

Local LP-Gas and diesel dealers have forms available for the farmer to sign, and these must be signed on the purchase of such fuel, local dealers inform The News.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: JOHNNIE WATERS, Defendant, Greetings:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this citation, the same being Monday, the 14th day of September, A. D. 1959, at or before 10 o'clock A. M., before the Honorable District Court of Lynn County, at the Court House in Tahoka Lynn County, Texas.

Said Plaintiff's petition was filed on the 31st day of July, 1959. The file number of said suit being No. 2441. The names of the parties in said suit are: Velma Rexnell Waters as Plaintiff, and Johnnie Waters as Defendant.

The nature of said suit being substantially as follows, to wit: The same being a suit for divorce, custody of the parties' minor child, to wit, Malanie Ann Waters, and for child support for said minor child, wherein said petition for divorce the Plaintiff alleges that only one child was born of the marriage union, as above named and that there is no community property owned by the Plaintiff and Defendant. The grounds for divorce alleged by the plaintiff being that the Defendant disregarded the solemnity of his marriage vows, and his obligation to treat the Plaintiff with kindness and forbearance, and Defendant commenced a course of unkind, harsh and tyrannical conduct towards the Plaintiff over a period of time, and until about December 26 1958, when the Defendant, without cause or justification, abandoned the Plaintiff, and the parties' minor child, and fled to parts unknown, and that the Defendant was guilty of such excesses, cruel treatment, misconduct and outrages toward the Plaintiff of such a nature and degree as to render their further living together impossible and insupportable; Plaintiff is further asking for custody of the parties' minor child, and for child support payments from the Defendant in an amount which the Court may deem just and fair, until said minor child reaches the age of 18 years, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within 30 days after the date of its issuance, it shall be returned unserved.

Issued this 31st day of July A. D. 1959.

Given under my hand and seal of said Court, at office in Tahoka, Texas, this 31st day of July A. D. 1959.
