The World's Most Widely Used Devotional Guide

I will build my church; and the gates of hell, shall not prevail against it. (Matthew 16:18.)

Intoxicated by hatred, the non-Christian element of a big city one night destroyed and robbed eighty Christian churches, besides many shops and houses of Christians.

On the following morning, group of laborers and the architect, all sad and confused, stood before an uncompleted church building They were asking themselves of what use would their labor be if this church also would be destroyed one day like the ones that were destroyed the day before!

While they were in this unpleasant and undecided state of mind a non-Christian religious leader passed by. He saw that they seemed to have lost desire and courage to go on with the work. He said to them: "Build, my children, build, To build is ten thousand times bet ter than to destroy. You build. Let hem destroy. At the end the Builder is the victorious one!" PRAYER

Heavenly Father, we praise Thy holy name. We thank Thee for Thy 49-tic son, our Lord Jesus Christ. In every age the powers of darkness have tried to destroy Thy work, but we rejoice that the foundation of Thy church is indestructible. Glory be to Thee for this assurance which Thou hast put in our hearts: through Christ our Lord. Amen.

THOUGHT FOR THE DAY To build is better than to destroy!

-MRS. ED FOLLIS took the liberty of making some rlight changes in your letter. Shin ney was a game played 40 or 50 years or more ago in which children chose sides and kicked or drove with a stick, like in hockey, a ball or tin can toward a goal. A lot of people, like the Printer, have scars on their shins from playing the game-which got pretty rugged at times. Midiron is a term for a golf club used-up until about 25 years ago. Dropkick was method used in football of scoring two points (at one time three points) in football about 40 years ago in which the player dropped the ball and kicked it just a splitsecond after its end touched the ground, but the ball had to go between the goal post uprights. Bulldogs Lose To Seminole 45 to 0 But Show Makings of Ball Team

Seminole Indians unlashed a powerful running game here Friday Tahoka night to defeat the Tahoka Bull- 8 dogs 45 to 0 in the opening game 128 for both teams. The Indians were 15 just too much ball club for Tahoka 2 to handle.

However, all was not so dark, as I home fans left the game with 6 for 20 hopes that the Bulldogs will win 5 for 25 some games in the future if they keep up the kind of fighting spirit they showed in falling before Seminole. In fact, the Bulldogs looked like some of the old Bulldog teams that wouldn't give up until the final whistle.

Coach J. D. Atwell and his assistant, "Moe" Hodges, here for their first year, had nothing of which to be ashamed as their boys left the field. They and the boys pledged

Two offsides penalties hurt the Bulldogs offsetting a 2-yard gain by Hegi and an 8-yard pass from Adams to Holland. Tahoka was forced to punt, but the Bulldogs held Seminole for minus two yards in three plays and Seminole got off 23-yard punt. Taking over on its own 38, Tahoka's Copeland, Adams and Walters carried the ball as the Bulldogs got a fine drive underway all the way to the Seminole 14 for a first down, but on punts probably due to his bruised the next play Tahoka lost the ball on a fumble. Early in the fourth, Seminole blocked Adams'- punt, and a few plays later the Indians had another TD on a running pass QB Larry Smith to Carter good for 16 vards. Score 37-0.

Burkhart, Hegi, and Copeland colaborated in bringing the ball to midfield again, but another fourthdown gamble at running the ball failed. Although the eager Bulldogs caused nine fumbles by the Indians, fumbles and five-yard penalties cost the Bulldogs on several potential drives.

Someone has said that there are four types of church members. set them down as suggested for your consideration.

There are the TIRED, always too tired to attend church, or to render any worth-while Christian service. They use up all of their energy serving themselves and have no strength left for others.

Then there are the TIRESOME who render service grudgingly and complain about their sacrifices so much that they make everyone else The Veteran of Foreign Wars tired. The Lord, and the folks also,

> There are also the RETIRED. They simply take out. True, they manufacture a lot of excuses and that they justify the course they wish to pursue, but whether there is reason or rhyme in their excuses, they are RETIRED.

> Then, finally, the writer suggested there are some Christians, bless them, who are TIRELESS. They are the salt of the earth. We need more of them. Every church in the land is looking for members who want to work; who want to help. There is a place in every church for more workers of the TIRELESS type. They constitute the joy and crown of the minister's heart and labors.

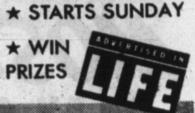

Are you TIRED, TIRESOME, RETIRED, or TIRELESS?
