Scout Program At Rotary Club

Tahoka Boy Scout activities, the Scout fund drive, and Taylor Knight were subjects of talks at the Rotary Club Thursday noon of last week on a program arranged by A. M. Bray, fund chairman of the community.

H. B. McCord Jr., the first speaker, told of the work required for a Boy Scout to reach the Eagle rank, study for such being almost the equivalent of that for a two-year college education.

First, the Scout must come up through the ranks by study and experience to pass Tenderfoot, Second Class, and First Class tests. Then, by passing five Merit Badge tests and meeting other requirements he may become a Star Scout. By passing five more, he may be-

come Life Scout. Finally, by passing 11 more Merit Badge tests, he may become an Eagle.

Less than two percent of all Boy Scouts are able to reach this high rating. This year, four boys from Quanah Parker District reached the rank, and there were only 16 from the entire South Plains Area Council.

The next speaker, Scoutmaster Allyn Cox, was introduced as one of the finest scoutmasters Troop 21 has ever had. This year, his troop posted 51 percent of the advancements for the entire district. As an example of the work and study required for one merit badge, Cox told the requirements for "Citizenship in the Community" merit badge.

Gravel Ayer, institutional representative who is the go between from the sponsoring agent, the Rotary Club, and the Scouting organization, presented a tribute to Taylor Knight. Following the tribute, Cox presented Taylor his Eagle badge. The youth, son of Mr. and Mrs. Lee Roy Knight, responded in fitting manner thanking his leaders and the club.

A. M. Bray, the final speaker, said there are 390 boys of Scout age. There are 82 boys in the local scout organizations, Cubs, Scouts, and Explorers. Support of the movement in Tahoka costs \$24 to \$40 per boy per year. But, he pointed out, this is much cheaper than delinquency. He gave credit to Scouting as one reason Lynn county has less juvenile delinquency than any county in this area, according to law enforcement officers. "It costs \$600 per year to take care of one boy in a correctional institution," he declared.

President Mitchell Williams announced a Club Assembly for this Thursday night and the coming of District Governor Floyd Hem-

Pioneer Planning New Gas Plant

Amarillo Oil Company and one of the other major natural gas producers in the Gray County area have entered into a joint venture to construct a new gasoline extraction and products plant on the site of Pioneer Natural Gas Company's recently-completed Gray County compressor station 12 miles south of Pampa. Amarillo Oil, a Pioneer Natural Gas subsidiary Company, will serve as operator of the new plant.

Construction is scheduled to begin about December 1, with completion expected sometime around April 1. Dresser Engineering Company, Tulsa, Okla., will handle the design and construction.

The refrigerated absorption distillation-type plant is designed to process an estimated 45 million cubic feet of natural gas per day and will extract propane and a butane-gasoline mixture at a rate in excess of 52,000 gallons per day. The propane will be shipped from the new Pampa plant by truck while the butane-gasoline mixture will be transported by pipeline.

Amarillo Oil has two similar products plants located near Amarillo in the Panhandle oil and gas field.

The cost of discovering America was about \$14,000—the price of fitting out the three ships of Columbus.

A. M. Bray announced Mrs. J. T. Brice of the Pythian Sisters had asked for permission of that organization to furnish new chairs for the Rotary-WOW Hall, and the club voted unanimously to accept the offer.

Dean Elliott and Larry Spruiell have been student guests of the club during October.

Today's MEDITATION

The Upper Room

THE UPPER ROOM, NASHVILLE, TENNESSEE

Assuming that earnest willingness, the gift is acceptable according to whatever a man has, and not according to what he has not. (11 Corinthians 8:12. Weymouth)

The Corinthian Church had voluntarily undertaken a collection for the relief of Christians in Jerusalem. Paul planned to visit Corinth and asked that the offering be ready when he arrived.

The Corinthians, however, put off giving until they had more means from which to make their offering. But Paul assured them that if they gave according to that which they had, the gift would be acceptable to God.

That which we have can be of more use to Christ than we imagine. Our willingness to do for Christ as much as our means allow is what God needs in order to advance His kingdom.

A lad in ancient Rome said, "Fathre, my sword is too short." "Well," said his father, "add a step to it." By doing for Christ as much as our means allow, we not only add to what we have, but also help God give blessings to others.

PRAYER: Eternal Father, forgive us for our failure to appreciate the worth to Thee of that which we have. Help us this day to do for Christ as much as our means allow. In the name of Him who became poor that we might be rich. Amen.

THOUGHT FOR THE DAY "Every man's life can be glorified by using well whatever he has." Sulon G. Ferree (North Carolina).

Blankenship At Denver Meeting

Elmer Blankenship of Wilson, president of the High Plains Underground Water Conservation District board, attended the meeting of the National Reclamation Association in Denver, Colorado, last week, Oct. 27-30.

Also attending were other officers and directors of the district and Tom McFarland, manager, and Allan White, office manager. Elmer says the Plains group attended the meeting principally to protect underground water and states rights. They succeeded in getting a resolution passed opposing federal or state ownership of underground water.

California News

Mr. and Mrs. Bill Hibdon and daughter, Ima and husband, Frank Milche, Claude and Francis Waldrip left for the high mountains to the east of us Saturday, Oct. 31. They returned today, Sunday; and reported all had a nice time. The men folk did some hunting, but with no luck. The weather was cold up there, elevation above 7,000 feet.

My 83-year-old mother, Mrs. Nora Griffin, is sick.

My brother, J. L. (Ferg) Griffin, was robbed of \$30 Friday night, Oct. 30, here in Turlock.

I'm sending a clipping from the Turlock Journal, a daily paper here. It tells of a terrible experience I had with a man that told me he was going to commit suicide. He shook hands with me and said I'll be dead in the morning. Personally, I couldn't talk him out of it.

Anyone have any suggestions about what they would like for me to write about California for the Lynn County News? If so, write me at 139 Clifford Ave., Turlock, Calif.

Everyday Religion

By J. B. Thompson

I think we should have a new seasonal slogan. As November comes around each year we should be reminded to "do our thanksgiving early." It is possible today to let this great American festival slip up on us and pass without giving much thought to this real meaning and purpose. We have so much to be thankful for and gratitude is such a heartwarming experience we need to do more "thanking" than we usually do.

The Bible is like a melodious steeple set with thanksgiving chimes. The variations of the tune are many. They ring out gloriously, and they ring unceasingly as well. Everywhere and always we hear grateful cadences. The reasons for thanksgiving are many—temporal blessings, daily providences, un-failing guidance, immortal hope—all from the bountiful hand of the Giver of every good and perfect gift.

Think of our natural resources! Our boundless plains! Our fertile valleys! Our hills, mountains, streams, rivers, lakes, our cities and villages, our mansions and cottages. Our farms and mines and factories! All to provide our livelihood.

Spiritual blessing also surround us and fill us. The thankful heart will not overlook the Christian Faith. Its toils and tears and substance will be consecrated to her service. No one is worthy to approach the thanksgiving altar who does not bear in his heart an offering of deep gratitude for the eternal blessings of a faith in God.

But of all earthly realities none places more heavenly mortgages upon the tomorrows of life than Christian homes. They shape the future by shaping the children to high ideals. Home builders are world builders. They carve no blocks of marble into statues; they write no books with scholarly taste; they adorn no canvases with glowing colors; compose no music with melodious strains; sway no audience with persuasive speech. Yet they are all these and more. Sculptors, they chisel the veined marble of flesh and blood into living, breathing, human statues; authors, they write the poetry of godliness on the hearts of their sons and daughters; musicians, they sing the white songs of chastity and honor into their souls; orators, their lives speak eloquently of the invisible things of God that, though they themselves, being dead, speak on. So at thanksgiving time we chant the beauty of these mothering ones who, like angel-watered lilies, grow close to God. Home builders! We will have to start our thanksgiving early or we won't get it all done.

Vauxhall Car On Display Here

McCord Motor Co., local Pontiac dealer, this week has on display the Vauxhall, the small car built by General Motors and "a quality product in England since 1904."

The new model Vauxhall's, recently put on the American market, has virtually all the modern features of the larger cars, except size, and comes equipped with signal lights and heater, with other accessories optional.

General Motors started importing the British Vauxhall in September, 1957, and by the end of 1958 they were in sixth place in national import sales. These four-cylinder four-door sedans and station wagons are sold and serviced around the nation by Pontiac dealers, and are famed for their good service record and trouble-free operation. Pontiac dealers carry replacement parts.

Unlike many of the other small cars now on the market, Vauxhall builders have had the experience over the years to work out the "bugs."

Not only are maintenance cost low on this car, but gas mileage is reported to be excellent. Also, a very complete service or "do-it-yourself" manual is supplied buyers explaining in much more detail than with most cars the simplicity with which the car may be repaired or serviced. The roomy engine compartment and accessibility of parts are a leading feature, and there are no gimmicks to scare the average mechanic or do-it-yourself owner in servicing.

Tahoka Bulldogs Defeat Slaton 22 to 6 For First Football Victory of Year

Tahoka Bulldogs ended a long victory drought Friday night on Kelley Field by taking the Slaton Tigers 22 to 6. This was the first Tahoka victory of the year and the third in the past two years.

And, Coach J. D. Atwell's Bulldogs looked like a ball team in the decisive victory as they rolled up 282 yards from scrimmage and held Slaton to 57 on the ground and 97 passing. Their only lapse in the ball game was when the Tahoka boys allowed a Slaton pass receiver to get behind their defense to take the long heave in a 48-yard play for the Tigers' only score. On another occasion, Slaton had a first down on Tahoka's five, but the Bulldogs held the visitors on downs at the one and got out of trouble.

As the game ended, Coach Atwell had cleared the bench and the sophomores and freshmen were moving the ball goalward.

Tahoka received the kick-off, and Quarterback George Adams, Halfbacks Pike Burkhardt, and Fullback Dean Elliott, carrying the ball for

The Tigers completed a 12-yard pass, QB Gary Ward to End David Bednarz, but the Bulldogs held. After the punt, Tahoka took over on its 34, and in 11 plays moved the ball to the Slaton 24, early in the second quarter. Then, Adams almost got away around right end and went to the one. On the next play, Burkhardt went over left tackle to score, and Adams hit right guard for the points after. Score,

TAHOKA LINEMAN SCORES—Dean Elliott, 200-pound Tahoka tackle, who was converted to fullback by Coach J. D. Atwell, in Tahoka's 22-6 victory over Slaton Friday night, is shown above after he had broke through right tackle and was racing for the goal-line. Others in the picture include No. 80, Center Larry Owens, and No. 81, Charlie Holland, and the Slaton boy is End David Bednarz.

Marion J. Crump recently began duties as minister for the Gordon Church of Christ.

Tahoka 8-0.
On the kick-off return, Fred Hegi covered a Slaton fumble on its 42, but four plays later Slaton was back in business on its 33. Backs Ward, Bishop and Wheeler moved the ball for a first down, and passed to Bednarz for 7. Then, Slaton on the Tahoka 48, Ward faded back and heaved a long pass downfield. Taken by left End Jerry Kitten on about the Tahoka 18, catching the Tahoka boys asleep, and raced over for Slaton's only score. The Tigers failed to run over the conversion. Score Tahoka 8-6.

After an exchange of kicks, with time running out Tahoka failed to make a first on the Slaton 45. But there was one second left on the clock when Slaton called time—time enough for one desperation pass. However, it was intercepted by Ronnie Walters on the Tahoka 34. Ronnie ran up the middle, got two or three blocks, cut to his left and went all the way to score Tahoka's second TD after time had run out. Conversion attempt failed. Halftime score, Tahoka 14-6.

Early in the third quarter, End Charley Holland covered a Slaton fumble on the Tahoka 36. Tahoka moved, in nine plays to the Sla-

Wilson Mustangs In Second Win

Tired of losing ball games, the rejuvenated Wilson Mustangs ran wild in defeating the Lions at New Deal 36 to 0 Friday night.

This was Wilson's second District 2-B conference victory against no defeats, and the Mustangs will be trying to make it three when they play at Lorenzo against the Hornets.

Back Bobby Wied scored 24 points and Back Leroy Schneider accounted for the rest, as the Wilson boys rolled up 300 yards to New Deal's 106.

Schneider ran 40 yards for the first score, and Wied ran the extra points. Schneider also scored the second after the Mustangs had recovered a Lion fumble on the New Deal 10. It was Wied who scored the last two Wilson TD's and also ran over the conversion after each score.

ton 27. Then Elliott bulled over right tackle, plowed past a couple of defenders and outran the Slaton secondary to the goal line, a happy moment for Tahoka's 200-pound lineman converted to fullback. Adams passed to Holland for the conversion. Final score, Tahoka 22, Slaton 6.

After stopping the Tigers, Tahoka moved to the Slaton 34 before losing the ball once more, then Slaton put together a drive that seemed sure of a score, and took the ball to the Tahoka 5 for a first down. Fullback Bill Ball made one, Wheeler one, and Ward two yards, but the next Tiger play failed to gain, and Tahoka took over on its one-yard line. Adams and Burkhardt bucked the ball out to the 8, from which point Doug McClellan got off a 41-yard punt.

The game ended with reserves in the game. FB Allen White made 6, Tommy Jones was victim of a penalty, HB Tony Spruiell made 11, HB Carl Ingle made 4, as Freshman Quarterback Jerry Forsythe engineered the team to the Slaton 22 as the gun sounded.

Larry Spruiell led the defense with 17 tackles, Richard Sitce and Roy Lee Thomas had 11 each, and George Adams had eight. Billy Davis looked good in the line, as did Foster Dudgeon, Joe Phil Inman, Alton Terry, Glenn Hopkins, Larry Owens, and Charlie Holland, Phillip Havins, and Craig Leslie at ends. Also in the game were Curtis Harvick, Andy Bray, Neely Brooks.

O'Donnell Eagles came from behind in the second half to take a 12 to 6 District 5-A conference victory Friday night at Frenship.

Frenship had scored in the second quarter when Darrell Hobgood went over from six yards out.

In the third quarter, O'Donnell intercepted a Frenship pass to set up its first score, and David Bessire passed to Leroy Barrera and a score, the play good for 41 yards. In the fourth, Bererra again scored to climax a short drive.

The Eagles had 212 yards rushing to Frenship's 174.

Printer's Ink-lings

By F. P. H.

We're glad to note there was little willful destruction of property by youngsters in Tahoka Halloween night. Instead, the kids seemed to have a lot more fun "spooking" and "trick-or-treating."

We're proud of our Tahoka kids, most of whom believe in clean fun but frown on property damage or destruction, minor hoodlumism, rowdiness, and pranks that hurt or embarrass other people.

To those kids with the over-ripe tomatoes and the eggs: That wasn't very smart or even funny throwing such at houses and cars. Don't brand yourself a crumb by such acts!

Some of the bigger kids' "spooking" backfired when Gravel Ayer met them wearing that terrible hairy pre-historic man mask, we're told.

Letters From News Readers—

(The News welcomes letters from its readers on any current subject, not libelous, of course. All communications must be of reasonable length and must be signed. On request, the signature will not be printed. The Editor.)

Editor, The News:
To my dear friends in good old Tahoka. Just thought I would sit down and write and tell you what I am doing.

I am so busy in school, and it is so nice. I go boat riding, roller skating, and to shows. I go to church on Wednesday and on Sunday morning and Sunday night. On Wednesday nights is G A's, and I go to Youth Rallies once a month. October 31 we are going to Newark, Calif., to such a rally, and we are going to see the Story of Ruth.

The church I go to is the Mission Hills Baptist Church. We started as a little mission three years ago. We are trying to buy a lot and build our own church. We are having a little difficulty. Pray for us that it may go through.

The church has 101 members in Sunday School and 87 in Training Class.

in early morning or late at night and in freezing weather.

These people who buy their anti-freeze in drug stores and super markets I wonder what kind of answer they would get if they asked them to install it or drive up some cold morning and ask them to check it.

I am not against saving money, but for 61 cents per gallon we install and check this anti-freeze all winter long. Even if anti-freeze were free and these people had to do this themselves for just one winter, they would be willing to pay retail price.

Red Brown reports that few people are paying their poll taxes. In fact, he says that lack of interest this fall in so few people qualifying to vote is a bit alarming.

The Rotary Club has had five young students from as many countries in Europe as summer visitors here the last five years. One of the things these youngsters from Europe can't understand is that in this democratic country, held up to them as the ideal in government, so few people vote their wishes in elections. The first guest, from France, told us that his country's politics may be turbulent but usually about 90 percent or more of the people turn out to vote every time there is a question to be decided at the ballot box.

A. I. Thomas brought The News some old Tahoka pictures the other day to look over that are very interesting. One is the square in about 1906, when the courthouse was a frame building, as were all the buildings around the square; there were four windmills, one on each side of the square; the court house lawn was fenced-in with barbed wire; and the traffic consisted of buggies, wagons, and saddle horses.

Other pictures were of the first gin, built by Wells & Welcher, in about 1906; the first school at Wells, a freight-wagon picture, the first Methodist Church building, the first drug store built by Thomas Bros., and the first Santa Fe train wreck in about 1910.

A later picture, taken in 1925, was of Tahoka's then-famed Municipal Band, directed by the late Monte Bowron. Among those in the picture Jack Alley Robinson helped us pick out were: Old Jack himself, Monte and son Bob Bowron, Maurice Small, "Bozo" Thomas, Paul Miller Jr., "Moco" Wakefield, Frank Keltner, Clifton Janak, Marvin Munn, "Red" McHorse, Everton Nevill, Harlan Cook, Pflugger Wampler, B. T. Smith, Mrs. Clay Hughes, Faye Brown, Floyce Sherrod, and Eva and Neva Doak.

Floyce came along and identified these others; Kenneth Reid, R. E. Doak, George Claude Wells, Eddie Hatcher, Harvey Freeman, Orville Weathers, a Bray girl, and a Sanders boy. There are three others unidentified.

A Scotchman was engaged in an argument with a train conductor as to whether the fare was five or 10 cents. Finally the disgusted conductor picked up the Scot's suitcase and tossed it off the train, just as they passed over a bridge. It landed with a splash. "Mon," screamed Sandy, "Isn't it enough to try and overcharge me, but now you try to drown my little boy?"

Frank Reeves of the Star-Telegram, formerly assistant to the general manager of the Swenson SMS ranch operators, tells this story of long ago. An eastern visitor (who didn't know about ranches) inquired how many cattle were on the ranches. He was given a figure of between 30,000 and 35,000. "Goodness, how do you get all

(Although this is addressed to Chevrolet owners, we'd be glad to have you read it, no matter what make you now own or plan to buy. It might well be as interesting and significant to you as to the Chevrolet owner.)

TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1918 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world. We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

Made the 1960 Chevrolet more economical, roomier, more quiet and comfortable, easier to handle and maneuver. Introduced the compact and revolutionary Corvair. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done.

But it isn't enough to design and build the kinds of products you want. They must be built right. Solidly. Carefully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more checks and inspections and tests, than ever before.

Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities. That is why we: Conduct training schools for Chevrolet dealer mechanics. Study and recommend improved service equipment and techniques. Maintain the industry's most complete parts warehouse system.

Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family.

Few people make a deliberate choice between good and evil—the choice is usually between what we want to do and what we ought to do.

CALLOWAY HUFFAKERS ON VERY SUCCESSFUL HUNT

Mr. and Mrs. Calloway Huffaker and Mr. and Mrs. Leighton Lawson returned Sunday from a successful deer hunt near Rifle, Colorado, where each got a deer. Calloway says he downed about the biggest buck he ever saw.

Calloway and the Lawsons preceded the deer hunt with a pheasant hunt near McCook, Nebraska, and each got their limit of 12 birds. While there, they contacted some friends of Mrs. Charles Townes, and as a result they met some other people who entertained them royally while they were there. Mrs. Huffaker joined them in Denver for the deer hunt.

winter cover crop of rye or other small grains. Turnrows, field borders, and farmsteads need protection from wind erosion and a cover crop is one of the best protective measures for the spring blow season. At present, moisture conditions are very favorable for establishing cover crops. More than 50 percent of our wind erosion starts from dirt roads and unprotected right-of-ways.

Be thankful you're living in a country where you can say what you think without thinking.
