Plan Christmas **Light Contests**

Ten awards will be made this year in the annual Christmas Lighting Contest sponsored by Tahoka Chamber of Commerce.

Three prizes will be given in the home decorations contest, with \$15.00 going to first place, \$10.00 for second, and \$5.00 for third. An additional prize of \$5.00 will be given for the most unique decora-

In the doorways event, there will also be three cash prizes, \$7.50 for first place, \$5.00 for second, and \$2.50 for third.

A plaque will be given for the best decorated business institution, and two honorable mentions will be made in this division.

All individuals and businesses will be required to resister,

The C. of C. is urging business institutions to make a little more effort at decorating this year as an incentive to draw trade and to help the town in general observe the Christmas season.

As in the past, out of town judges will be used, and entries on Scout Hall will be judged on artistic merit. lighting techniques, originality, and over-all appearance.

Herman Renfro, C. of C. president, has named the following committees:

The committee in charge of the contests is: Wynne Collier, Frank Hill, and Johnny Reasonover.

Down-town Christmas lights will be turned on immediately after Thanksgiving. On this committee are Johnny Reasonaver, Gerald Pennington, and Clint Walker.

The committee to arrange for Santa Claus, candy, and enterthinment is composed of; Mitchell Williams, Dean Taylor, and Curtis Stevens.

22 Boys Report For Basketball

With boys' basketball workouts begining here Monday morning, begining here Monday morning, that prospects are fair for a good team, all depending on how the boys develop. Twenty-two boys reported for practice.

Four lettermen are lost from last year's team, Jerry Adams, John Hegi.

returning. These include Frank tive in several respects. Greathouse and George Adams, starters last year and among the top boys in the district. Cotton Ginnings Near 90,000 Bales

Tahoka had ginned 16,070 bales of 1959 cotton up to 10:00 a. m. Thursday, according to reports of local ginners.

This is an increase of about 1,700 bales since the same time last week, but the extreme cold one or two days slowed down running of boll pullers and the ginning of cotton.

O'Donnell Index-Press reports 25,134 bales ginned in O'Donnell up until Tuesday. The News estimates that

Lynn county's ginnings should be in the neighborhood of 90,000 bales. Ginnings in the Tahoka area are possibly 70 percent complete, the harvest is just about over in the south and southwest and is gettingwell past the halfway mark the north part of the

Work Progresses

Work is progressing on the reconditioning of the Boy Scout Hall, but some more financial help is needed, reports C. W. Conway, head of the Rotary Club committee having the work done.

Members of the Rotary Club have contributed about \$150 to the project, and about \$150 more is needed. Anyone wishing to help on the project is asked to mail a check to Conway.

Interior of the building is being refinished with plywood on the walls of all three rooms, woodwork painted, plumbing repaired, and a room prepared for the Explorer Troop. Outside, windows on the north and west are being closed and a new coat of stucco dash applied. A new roof will also be put on the building, which also houses the Lynn County Library.

Cotton acreage allotments are now being established for the 1960 crop for all eligible farms in Lynn county, according to Charles G. Bragg, office manager of the Lynn county ASC office. Notices of the allotments will be mailed to farm operators well in advance of the De cember 15 referendum on 1960-crop marketing quotas.

For 1960, as in 1959, two allotments-Choice A and Choice Bwill be set for each farm. If marketing quotas are approved by at least two-thirds of the growers voting in the referendum, each farm operator may elect a choice as to which allotment he wishes to comply with in growing his 1960 upland cotton crop.

Choice A will be the "regular" farm allotment, with price support at not less than 75 percent of parity available on the cotton grown in compliance with it. Choice B will be a 40 per cent-larger farm allotment, with price support at not less than 60 percent of parity available on the eilgible cotton.

If marketing quotas are not approved by the necessary majority, then only the "regular" allotments will be in effect, and price support on cotton grown in compliance with the allotments will be available at 50 per cent of parity.

Mr. Bragg pointed out that the of the highest percentages of boys 1960 county allotment-represent in Scouting of any town in the ing the county's share of the State area, and will actually get back in allotment, is divided among farms "regarded as planted" in 1967, Anyone who is missed in the 1958, or 1959. An allotment may be drive is asked to call Mr. Bray or, "regarded as planted" if it was "reserved" under the Soil Bank Conservation Reserve Program or if it was otherwise preserved under some legal provision. Football Slate For '60 Released

Tahoka's 1960 football schedule as released this week by Coach D. Atwell, and there are some radical changes in the line-up of

Next fall, Floydada will be moved from District 3-AA to 2-AA and Spur is being moved to the Stamford district. Stanton and Denver City are being transferred into District 3-AA to compete with Tahoka, Slaton, and Post.

Seminole, Seagraves, and Abernathy are being dropped from the Tahoka schedule, and taking new places on the schedule are Frenship, Idalou, Petersburg, and Cros-

The new schedule is on a homeand home basis, and therefore will probably hold throughout 1961

Following is the complete schedule for next year:

Sept, 2-Frenship there. Sept. 9 Crosbyton (site to be determined).

Sept. 16-0'Donnell here. Sept. 23-Idalou there. Sept. 30-Ralls here. Oct. 7-Petersburg there. Oct. 14-Open.

Oct. 21-*Slaton there. Oct. 28-*Post here. Nov. 4-*Stanton there.

Nov. 11-Denver City here. Wilson Is Loser In Title Game

Wilson Mustangs lost 14 to 0 to the Cooper Pirates for the District 4-B championship Friday night in the cold wind-swept Wil son field. Both teams entered the game with perfect district re

The first half was scoreless, and then, in the third quarter, Erick Perkins, left halfback for the Pirates, scored from 15 yards out. A few minutes later, he scored from 10 yards out. Jenkins kicked both extra points.

The Mustangs were not too im pressive in pre-conference games, but under their new coach, Norman Roberts, developed fast in spite of two or three injuries that hurt the squad and defeated New Home, New Deal and Lorenzo to go down to the wire with Cooper.

Mr. and Mrs. Leon Davis were n Tahoka over the weekend to end Mrs. Davis, formerly Carolyn and Pulp Assn. Duckett, will leave Abilene where the couple resides, to go to San Antonio for a psychiatric affiliation there. She is a senior student at Hendrick Memorial Hospital School of Nursing in Abilene.

Printer's Ink-lings

Evidently, there is some misthan on the proposed 12 understanding about the proposed year bonds and property valuright-of-way bonds. Several have ations would have to be raised to told The News they might be for pay off the warrants. the bonds if they knew where the road would go at Tahoka.

This is beside the point at this through or around Tahoka. time. Lynn county is obligated to furnish its part of the right-ofway regardless of its route. The county already sas a considerable amount of money (about \$100,000) invested in the right-of-way north of Tahoka. If the whole program the people of Tahoka want—and a were to be turned down, this money would be lost.

But, eventually, the will have to go along with the

If the voters turn down the additional bond issue, the county will then have to issue warrants. This will prove very costly to taxpayers, as interest on warrants would cost considerably more

AYER-WAY CLEANERS Using the Finest Equipment and Modern Techniques.

A vote for or against the bonds has nothing to do with the route

Incidentally, a Highway Department official recently told The Evening Worship News the proposed route through Wednesday Mid-Week town can still be changed to miss town on the west-if that's what petition bearing sufficient names might turn the trick, but such should be presented in the near future before the Federal Government makes a final decision.

We have always been intrigued by colorful nicknames. Although some people tabbed with them are not very pleased, in most cases mean no offense.

A few weeks ago, Mrs. Erwin Sander, who works at Wilson State Bank, was giving us a list of the famed 1929 basketball team at the Wilson homecoming and she aid "Horseface" Watson was there. We asked her what his real name was. She replied that she didn't know, but it wouldn't make any difference because nobody would know him by his real name.

That put us to thinking about some of the other colorful nicknames of Lynn county people. There was the late J. M. (Polecat) Johnson, and the late Tom (Coyote) Johnson. A grandson of the former is LaVon (Seabiscuit) Caraway. Another was "Skyjuice" Kellus, one-time editor of the O'Donnell Index, and also there are "Happy" Smith and "Mule" Bray and "Booger" Redwine. As

QUALITY CLEANERS

There's nothing like a new car-and no new car-like a Chevrolet. This is the 1960 Chevrolet Bel Air Sport Coupet

PEOPLE SAY THESE ARE THE THINGS THEY WANT IN A CAR...and CHEVROLET for '60 comes closest to meeting every need!

Interviews with thousands of car owners across the country show clearly what they like or dislike about their present cars . . . and what they want most in their 1960 cars. Here's what the people tell us they want . . . and here's how Chevrolet meets their needs.

"Price, that's what's uppermost in my mind." All Impalas and Bel Airs with V8 engines are lower in price, as are automatic transmissions and many other popular options. Also Biscaynes now include as standard equipment conveniences formerly optional at

"And how about operating economy? And resale value?" You keep right on saving after you buy your favorite Chevrolet, too. And Chevrolet's tradi-tionally higher resale value means you'll get more back when you trade.

"Give me plenty of good old-fashioned comfort." There's comfort and then some in this one. Chevy's long on space, for one thing. Once you're under way you'll know just how comfortable Full Coil suspension makes your ride.

"Safety-don't forget safety!" You're surrounded by safety features in a new

Chevrolet. You've got big, sturdy brakes underfoot, for example, that last longer. As it has been for years, safety is standard equipment in Chevy.

"Let's keep upkeep down, too." More than ever, Chevrolet for 1960 is built to stay on the road and out of the repair shop. You can tell that from its hushed, unruffled way of going, from the solid thunk of Chevy's big doors. Of course, if you should need service, you're always near efficient, economical attention to your needs.

"I want a car that will stand up to the driving I do." For proof of Chevy's staying power, just spend a minute watching the nearest road. You'll see more Chevrolets traveling on it than any other car—evidence-on-wheels of Chevrolet durability. (And that higher resale value attests to it, too.)

"Me for a sweet-handling car." Han-dling's always been Chevy's forte, and

1960 is no exception. But really, this kind of lightness and precision you've simply got to enjoy for yourself.

"...a car you can look at and be smug about buying it." Chevrolet for 1960 leaves the low-price field far behind when it comes to fashion. But you're the best judge of styling, so take a good close look at Chevrolet. We warn you: you're about to fall in love.

"And performance. Let's have a het one!" Chevy's spirited V8's have set the standard for ultra-efficient power in American-built passenger car engines. You've got a long list of performance-minded transmissions to pick from, too.

So that, friends, is what you told us you want. We think it can be summed up rather well in just one word: value.

Get the full story of Chevy's brand of value soon at your Chevrolet dealer's.

Nearest to perfection a low-priced car ever came . .. CHEVROLET

WASHINGTON AND

"SMALL BUSINESS

As investigations by Rep. Kowalski have pointed up, a large segment of the enlisted men in the armed forces are being hardened for combat by such chores as rinsing out the colonel's lady's girdle, gardening, driving limousines for the brass, and other household and

serving tasks. Thus the armed forces are developing a great striking force of Kitchen Kommandos. Sen. Paul Douglas now finds there

siderable force of Grocery Gren-

In fact, Sen. Douglas finds that of the 8,851 workers in the armed forces 269 commissary, or food stores, in the continental United States, 4,789, or almost 5,000, are military personnel.

* * *
Thus, 5,000 service men, are drawing a total of \$17,263,580, or an average of \$3,468 per year, to launch dried prunes into the stratosphere surrounding the check-out counter.

Sen. Douglas finds that the armed forces are still acting as if the Indians are on the warpath, as the commissary system of grocery selling by the army was set up in the old frontier days when the Old West did not boast of much in the way of privately operated food stores.

But a check on the locations of the commissary stores shows for the most part they are located in pretty thriving business centers, where there hasn't been traces of hostile Indians for years.

For example, it has perhaps been quite a spell since hostile © National Federation of Independent Business

HOME ON LEAVE

redskins have been a problem in Charleston, South Carolina, and the Sioux haven't let fly an ar-

row around Sioux City, Iowa, recently either, but these are just a few of the many places where commissary stores operate.

There is also a prodigious abundance of low cost, armed service groceries around Washington, D. C. And while there is still an occasional scalp lifted in Washington, it is not the doings of the Indians.

This armed services commissary business has grown into staggering proportions. Sen. Douglas estimates this year that the total business will be some where around \$400,000,000, or close to a half billion. Only three or four big food chains in the nation top this kind of volume.

The mark up in the commissary stores is 3%, or less than average cost of rental by private stores. Thus, Sen. Douglas computes, the armed forces is being subsidized by the nation's grocers somewhere between \$48 and \$68 million per year.

On the basis of Sen. Douglas's disclosures, it looks very much now a special sub committee of the House Small Business Committee, Rep. Multer, will make a searching probe of this matter.

As a matter of fact, the figures on these commissary operations don't look too wholesome, or at least, are quite confusing.

It is undoubtedly high time that the facts; all of them, are dragged out into the light.

It very much appears that a full scale investigation of the situation could be quite shocking. In the meantime, 5,000 service men are preparing to resist the enemy by weighing out sugar.

FALCON, the New-size Ford, delivers the value and cuts the budget!

Handling that's really a breeze. The allnew, new-size Falcon parks on a dime... turns on one, too! You'll be able to steer with power steering ease . . . without power steering. You'll be able to stop as though you had power brakes . . . without power brakes.

Room for six—and all their luggage. No doing without in the Falcon! There's hip, shoulder, knee, and head room galore! Both two- and four-door models are a cinch to enter. Then, thanks to the Falcon's front-mounted engine, there's luggage space aplenty for measurement.

Up to 30 MPG on regular gas, too. And the Falcon actually crossed the country without any oil added. Speaking of thrift, the Falcon's finish never needs wax. Its aluminized muffler normally lasts up to twice as long.

Come in and see the

Wonderful New World of Forde

New luxury interiors. Upholsteries are truly quality-made: . . materials you'd expect to find in cars costing twice the money. Seats are chair high. The front seat cushion is foam padded. And the Falcon rides smooth as silk : : corners on rails.

> Proved over 3,000,000 miles. To top off 3 years of testing, a fleet of the new-size Falcons has just been proved over every mile of numbered Federal highway. It's without a doubt, the world's most experienced new cars

Long-Range Plan Being Developed For Mrs. Pearl Callaway Farms

ridow of the late Dr. E. E. Calla- direction to move in improving the way, formerly of Tahoka, has start- farms. ed a long-range improvement program on her 13 Lynn county farms, are: James Walker, New Home; R. about 3,200 acres of both irrigated W. Haley, Dixie; T. A. Stone, New

takes pride in the fact that relations have been good and that the people who till her soil are trying to

With the help of a nephew, Quilla T. Brian of Abilene, she has started the program with improvement of farm houses, although this must be done gradually. The plan is to help improve the standard of living of those working the land, to encourage good farming practices, and to raise the standard of production.

To do this, such agencies are being called in to help as County Agent Bill Griffin, Allyn Cox and the Soil Conservation District, Texas Tech Department of Agriculture, and Paymaster Farms.

These agencies will help appraise he land and potentialities, and dvise on the program.

Cox says the SCS is working out complete coordinated soil and say in the process of administering water conservation plan, and grass the rite of baptism to an imagiand shrubbery will probably be put ont to improve the homesteads.

County Agent Bill Griffin is advising on soils analysis, Johnson grass and other foul weeds eradication, and production programs. Surveys will be made by test wells to find all available irrigation water possible.

A study is being made of farm record systems.

The plan will require several years, probably, to even approach that it is mostly among the horses. a goal, but the inventory of resources will give the owner and
