Cotton Program Election Tuesday

Committees of farmers who will be responsible for conducting the cotton marketing quota referendum throughout Lynn county on Tuesday, Dec. 15, were announced today by the Lynn County Agricultural Stabilization and Conservation Committee. All committee members are farmers eligible to vote in the referendum.

Arrangements have also been completed for establishing polling places in all of Lynn County's cotton-growing communities. Notices showing the date of the referendum, the rules governing eligibility to vote, and the location of polling places have been posted in conspicuous places in the county.

Wayman Smith, chairman of the County ASC committee, points out that "eligible" voters in the Dec. 15 referendum are all persons who, as landlords, tenants, or sharecroppers, engaged in the production of upland cotton in 1959. Any questions about eligibility should be checked in advance with the County Office.

The community polling places and the referendum committees serving in the Dec. 15 poll are as follows:

The annual Christmas program presented by the Tahoka Elementary School will be on Friday night, December 18, at 8:00 p. m. in the high school auditorium. The program this year will use students from grades four through eight.

The Eighth Grade Girls Choir will sing three religious numbers, "A Glad Christmas Song," "O Holy Night," and "Gesu Bambino."

The fourth grade students will sing a group of secular Christmas songs, including an arrangement by Fred Waring of the poem, "Twas the Night Before Christmas."

North Elementary will present the last part of the program, entitled "Musical Christmas Cards." The fifth grade will be the shoppers buying the cards and also form the pictures on the cards. Grades six and seven will provide the music for the cards, singing twenty-one well-known carols.

Characters for the play are: clerk, Leah Beth Holloway; shoppers, Marla Bray, Leah Short, Tommy Kidwell, Chloie Jan Huffaker, Milton Edwards, Jill Edwards and Paige Verner.

North Elementary still maintains a costume closet and any one having costumes and not further use for them is asked to leave them at the school office.

Two College Teams Play Here Monday

Tahoka's new \$155,000 gymnasium will be officially opened Monday night at 7:30 p. m. when West Texas State Buffaloes meet the Eastern New Mexico University Greyhounds in the first college game ever played here.

The game will be played before a capacity crowd, as all but a few tickets have already been sold for the game. Athletic Director and Coach Jake Jacobs has arranged the game between the two college teams, and all proceeds above expenses will go toward buying gymnasium equipment.

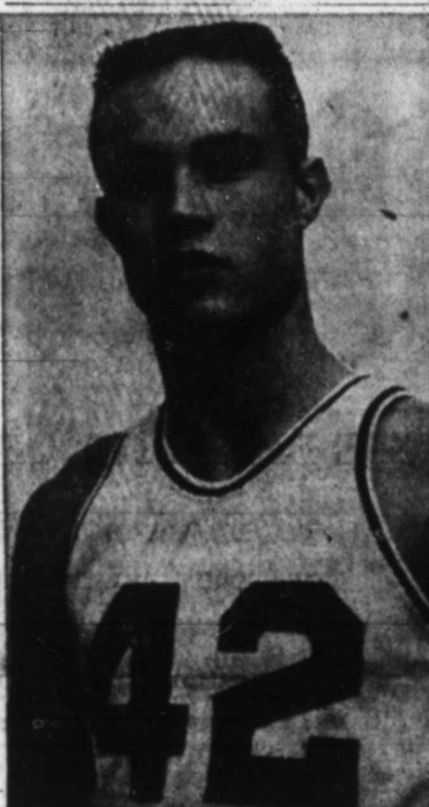

Each team has a Tahoka boy in the starting line-up. West Texas has Milt (Junior) Fitts, one of the greatest basketballers ever turned out at Tahoka, and Eastern New Mexico has Jay Gurley, another fine Tahoka player who is a sophomore in college.

Both teams boast some of the outstanding talent of this area, and fans will be treated to some fine play regardless of the outcome.

Coach LaFollette uses a man-to-man defense most of the time, employs a double post on offense, and likes a running game. Little is known here about the type of game employed by Coach Garten. West Texas is a former basketball power, but the last few years has not done too well in major competition. Metz LaFollette, who (Cont'd. on Page Six)

City Extending Water, Sewer

City of Tahoka is calling for bids on water and sewer lines and a sewer lift pump station in the new Roberts addition in north-west Tahoka, made necessary by the building of new homes.

Mayor H. B. McCord Sr. says the extensions will cover the 80 lots admitted to the city limits a few months ago, and payments on lot sales will partially pay back the City's expense in extending the lines. Several new homes have been built in the area, and more will be built as soon as sewer is available, McCord says.

The sewer lift station will be west of the Fred McGinty home. Engineering work will be done by Roberts, Merriman, Bowden & Isbell of Lubbock.

Funds to construct the extension will come from sale of \$25,000 in bonds from the remaining \$75,000 of the \$300,000 issue voted about four years ago to build the City Hall, swimming pool, and to extend sewer and water lines. Only \$225,000 of the issue was sold at that time.

Opening of a new residential development in Tahoka is almost certain, states Mayor H. B. McCord, on the 20-acre tract of land the City is buying from Mr. and Mrs. Pete Hegi.

The land will be turned to one of three large city home development companies who are seeking the project. The City has a meeting scheduled for next Tuesday night with one of the firms.

If the project goes through, one of the firms will take over the land, reimburse the city, and lay out a new city addition complete with all utility lines and paved streets. Prior approval of FHA on the project will require several weeks, or possibly months, however.

Five Indictments Returned Here

Lynn County grand jury in session here Monday returned five indictments.

Frank Lee Reid, transient Negro working on the Fritz Speckman farm, was indicted on a charge of assault with intent to murder, with malice. Reid is alleged to have taken several shots at Mr. Speckman with a .22 calibre pistol and later several more shots at him with a shotgun, but missed on each occasion.

Joe Ortega was indicted on a charge of forgery, having raised a check from about \$41.00 to \$259.00. He is in jail in Denver, Colo.

R. H. Grubbs, formerly of this county, was indicted on a charge of swindling by worthless check. He is in jail at Kermit.

One indictment was returned for swindling by worthless check and another for theft of property, but County Attorney Harold Green states neither of the two men involved have been arrested.

Mrs. Leroy Cowan Dies Tuesday

Funeral services for Mrs. Leroy Cowan, 37, wife of the former minister of Tahoka Church of Christ, were conducted at 2:30 p. m. Thursday in the Amherst Church of Christ.

Horace Coffman, Lubbock, and Doyle Chaplin, Sudan, officiated at the services. The body was taken to Atlanta for burial in Pine Crest Cemetery there.

Mrs. Cowan died last Tuesday night in Methodist Hospital at Lubbock after a lengthy illness. The family moved to Amherst from Tahoka in May.

Survivors include her husband; a daughter, Carolyn, and a son, Joe, all of the home; her parents, Mr. and Mrs. Jess Stewart, Atlanta; and two sisters, Mrs. Clara Westbrook, Shreveport, La.; and Mrs. Betty Harper, Greggton.

Lynn county voted overwhelmingly in favor of the \$190,000 bond issue Saturday to provide funds for securing the remainder of the right-of-way for the four-lane divided US 87 across the north part of the county.

The vote was 547 for to 69 against.

Although this was a comparatively light vote, more voters turned out than in the first election on October 17 when the vote was 222 for to 115 against, or lacking just a few votes of the necessary two-thirds majority.

Following the canvass of votes here Monday by the Commissioners Court, \$150,000 of the bond issue was sold to Municipal Securities Company of Dallas. The remaining \$40,000 of the issue will be held in reserve for use if and when it is needed.

The bonds are to be paid out in ten years. The first five years, 1960 through 1964, they will draw interest at a rate of 3 3/4 percent. The remaining five years, 1965 through 1969, the rate will be 4 percent. Payments will be in the neighborhood of \$20,000 per year. The bonds were arranged on a short-term basis to save interest.

Pending final decision on the route through or around Tahoka, the county will now go ahead completing the right-of-way purchase for the new paving from a point two miles north of Tahoka to the Lubbock county line. About one-third of the right-of-way on the north sector has already been purchased.

Money has been earmarked by the Texas Highway Department for this project as soon as the right-of-way is secured.

Voting by precincts was as follows:

1. South Tahoka	63	6

Rogers Candidate For Commissioner

J. G. (Ted) Rogers of Newmoore announces that he is a candidate for Commissioner of Precinct 3.

Ted was born and reared in Ellis county, but has lived at Newmoore the past 30 years. During this time, he has engaged both in farming and in business. For ten years, he was manager of the gin there for Thomas Bros. For nearly two years, he has been operating the Newmoore store in addition to farming.

He feels he is qualified for the work of county commissioner by reason of his experience in business, in handling machinery, and in meeting the public. His only promise to the voters is that, if elected, he will do his best to serve the county and all sections of his precinct to the best of his ability.

In the meantime, he asks that voters give his candidacy careful consideration. He hopes to see every voter personally before election day on May 7.

THE UPPER ROOM, NASHVILLE, TENNESSEE

Unto you that fear my name shall the Son of righteousness arise with healing in his wings. (Malachi 4:2)

In the northern part of Norway during the winter the sun for some time does not rise over the horizon. Later, the people began to look for it to become visible again. They see day by day how the sunshine on the mountain peaks comes farther and farther down. Then one day they say, "Today the sun is coming!" They walk up the nearest hill to meet it, and have the first beams of the sun to shine directly upon them.

The prophet Malachi told his people of the coming Messiah. Like a rising sun. He would bring hope and salvation. Malachi encouraged them not to lose heart. The time of darkness seemed long, but God would keep His promise to send a Saviour.

At times we may lose heart when we realize the darkness of evil. But also to us comes the message of hope and light. Christ, the rising sun of righteousness, has healing power for all the wounds of sin and sorrow. At Christmas time we can rejoice and say that Christ our Saviour has come, and we can feel the warmth of His radiant love.

PRAYER: Oul Father, grant us to look forward to Christ. It reminds us of the coming of our Saviour. We thank Thee for the promises of His coming as foretold by Thy prophets, and for the fulfillment of those promises in Jesus our Lord. In His name we pray. Amen.

B. L. Parker Writes Of Work In Austin

B. L. Parker, sergeant-at-arms of the House of Representatives in Austin, writes The News, that everything points to a special session of the Legislature early next year. Anyway, he is getting his office set up for one.

He says the teachers of Texas are putting on the pressure for the session and a pay raise, but poses the question "Where do they propose to raise the money?" He suggests teachers write the Governor, or their Representative and Senator, some constructive proposals.

B. L. says deer hunting is real good in that section this year, and there are lots of turkey, too, and fishing is always good in some of the lakes. He was anxious to get "the old home paper" coming to his address again.

Motor Vehicle Inspection Due

Motor vehicle inspections should be obtained now to avoid the last minute rush," said Captain Alan Johnson, Motor Vehicle Inspection Supervisor in this Region.

Johnson reminded all motorists that their motor vehicles must be inspected if the vehicle is registered in Texas, regardless of the age of the vehicle. The official inspection period is from September 1, 1959, through April 15, 1960.

He further stated that all miniature automobiles and scooters being used by youngsters must be inspected and registered and the operator have a Texas drivers license if they are legally operated on public streets. Captain Johnson said that since the start of the inspection Program in 1952, the State's traffic deaths have been reduced by 10 per cent. He said only 4 percent of the fatal crashes in 1958 involved a motor vehicle with a defect that was a causative factor to the death crash. Only 6 percent of the non-fatal crashes involved vehicles with defects that were causative factors.

Captain Johnson pointed out that there are a half million vehicles in the 60 counties of the Department of Public Safety's Region No. 5 and over 600 inspection stations. He reminded that an inspection sticker obtained now may reveal a vehicle defect that would otherwise destroy a very Merry Christmas and a Happy New Year for some family.

Cotton Acreage Is Being Cut

College Station—Secretary of Agriculture Ezra Taft Benson has proclaimed a national marketing quota of 13,133,000 bales (standard bales of 500 pounds gross weight) and a national acreage allotment of 16 million acres for the 1960 upland cotton crop.

Texas' share will be 6,761,512 acres with an additional 55,965 acres for the national reserve. The Secretary also announced his determination that alternate Choice (B)—farm allotments for the 1960 upland cotton crop will be 40 percent larger than the "regular" Choice (A) allotments for the same farms.

An acreage allotment of 22,243 acres will be in effect for the extra long staple cotton grown in Texas in 1960. The national marketing quota will be 68,590 bales with a 64,776 acre allotment.

December 15 was set as the date for a growers' referendum on marketing quotas for both upland and extra long staple cotton. At least two-thirds of the farmers voting in the referendum must approve the quotas if they are to remain in effect.

If the quotas are approved, Choice (A) will include "regular" farm allotments with price support at not less than 75 percent of parity available to growers who comply with their regular allotments. Choice (B) includes 40-percent-larger farm allotments and price support to growers who comply with their Choice (B) allotments at 15 percent of parity less than under Choice (A). Individual farm

allotments under both (A) and Choice (B) will be made available to producers prior to the referendum.

Benson added that if marketing quotas are not approved for the upland cotton crop, only the "regular" Choice (A) allotment program will be in effect and price support will be available to co-operators at 50 percent of parity, as provided by law. If quotas are turned down by extra long staple producers, supports to eligible growers will drop to 50 percent of parity.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

One of the busiest locations in Washington is 815 16th St., N. W., for here is headquartered an organization named COPE. It is indeed an organization the nation must learn to cope with.

In fact, the activity of this organization set up three years ago is the principal reason why Congressional leaders are constantly exploring independent businessmen, and all who believe in the free enterprise system to take a more active interest in government.

COPE stands for Committee on Political Education set up by the AFL-CIO. It also stands for the complete domination of the nation's governmental life.

According to the best estimates, in this country, out of a working force of some 58 million, there are only 17 million union members. Deduct those members who are only members by compulsion and the figure might get down as low as the reputed 3 million party members who run 250 million Russians.

In COPE's large and well staffed headquarters, there is constant activity financed by "voluntary" contributions by the nation's 17 million union members.

Detailed maps of voting precincts all over the country are maintained in COPE headquarters in Washington. In fact, these maps are so comprehensive individual houses are marked out.

As a further refinement, the economic interests and status of

the family occupying each house are roughly defined. Thus, a dark line is drawn across all houses where a Cadillac is owned, a light line where certain other types of cars are owned.

But if a family is buying a washing machine on time, and COPE gets this sort of information, that home in due course is bound to be called on by a member of COPE's nationwide task force, usually organized on a local basis by leaders trained in Washington.

Here then, starts the local agitation to convince the susceptible that their best interests lie in leaving, acting and thinking just like Big Brother COPE wants them to respond.

There has probably never been a better organized, a more militantly set-up operation in all history for the purpose of a minority taking over government without armed revolution.

And as the investigations by Sen. McClellan and Sen. Kennedy bring out more about certain gangster type operations going on in some labor circles, the more active COPE becomes.

Tough minded, shrewd, heavily financed, and with a definite goal in mind, COPE in three short years has become one of the most powerful operations in the nation.

Thus, labor moves on unchecked, despite public disgust with the Becks, the Hoffas and the rest of that crew.

Only strong and effective organization on broad front will prevent that minority that is organized labor from becoming the master. Free enterprise will not long remain free unless it learns to cope with COPE.

Everyday Religion

By J. B. Thompson

In a town where we once lived there lived an elderly merchant, who, upon being greeted with the usual "How are you today?" would reply, "I'm worse, thank you." Maybe we all have hours when a certain literary character's reply would be appropriate: "I'm a great deal worse than I was, thank you; I'm dead, I'm obliged—I'm always worse than I was, and I don't think was ever any better. I'm going off some of these days after my grandfather, dying of nothing in particular, but of everything in general. That's what finishes our folks."

And that's what finished a lot of folks! If nothing succeeds like success, it is also true that nothing fails like failure. Despondency is a dark-visaged giant that throws us under the juniper tree and like old Elijah, who had an old-fashioned, long-faced, rainy-day case of the blues, we peer into a gulf of black despair.

But just as Elijah was praying his prayer of dejection God was still in His heaven; the songbirds were still in the sky; God's angel was standing near to touch the gloomy prophet; and Horeb, with its threefold chorus of wind and earthquake and fire, was waiting

to teach him that God is not in the thunder of life's noise, but in the still small voice of conscience and duty.

We have our juniper tree experiences but let us not be mastered by them. One of the best known prescriptions for despondency is the one God wrote in the Garden of Eden—work! Rich or poor, no man finds real happiness in this world without work. The most miserable people are the idle people. The person who dedicates his life to noble work is on the highway to life's greatest joys.

"Is there a flaw in the marble? Sculptor, do your best; The joy is in the endeavor—Leave to God the rest."

Methodists Plan Children's Program

An old-fashioned-Christmas will be the theme of the annual children's Christmas program to be held at the First Methodist Church on Monday night, Dec. 21, followed by a fellowship of refreshments and exchanging gifts.

Highlighting the event will be the program, depicting a "story telling" hour of the nativity, in which every child in the Sunday School department will participate.

Every woman who attends the event is asked to bring a pie, cake or cookies to provide refreshments for everyone following the program. In addition, the exchanging of gifts and having the "tree at the Church" will be revived when each person is asked to bring a gift to be exchanged. Ladies and girls are requested to bring gifts for ladies or girls, and men and boys likewise.

Santa Claus is expected to be on hand to pass out candy and fruit and to help unload the tree.

The Intermediate Department will make the decorations and decorate the tree in the manner they were adorned years ago with strings of popcorn, cranberries, etc.

Every member of the church and anyone else wishing to attend, is invited.

They were established there until 1946 when they moved to town and bought their present home at 2001 Sweet Street.

College Game . . .

(Cont'd. From Front Page) produced top high school teams a Seminoles for many years, is the new coach of the Buffaloes. He and Jacobs played together at West Texas when that school had one of the outstanding teams of the nation. The team was invited several times to Madison Square Garden for tournaments and match games, and in New York City the Buffaloes received big publicity as the "tallest team in the world."

West Texas was the first Southwestern school to send teams to such places as the Garden, Chicago Stadium, and Philadelphia's Convention Hall.

Eastern New Mexico is coached by Al Garten, who has had some top teams. His team last year tied for the title of the South Zone of District 7, NAIA.

Probable starters for the Buffs are:

Milt (Junior) Fitts, Tahoka, 6-5, 195 pounds, senior, at center. He was all-Border Conference last year, all-State in high school, named one of the 10 top players in the Southwest in 1959, and was the leading rebounder and scorer last year with a 15.8 point average.

Gene King of Peacock, double cousin to Fitts, 6-5, 175 pounds, senior, at guard. Second highest rebounder and scored an average of 11.3 last year.

Jim Reid of Amarillo, 6-6, 205 pounds, senior, is center. Member of Palo Duro, Amarillo, state championship team, and is a hook shot artist. He is president of T-Club and member of college "Who's Who."

Keith Blair of Clovis, N. M., 6-1, 180 pounds, junior, a guard. A good driver he scored 11.6 last year. He was an all-star in high school.

David Seale of Childress, 6-2, 160 pounds, sophomore, a guard. Team's best ball handler, averaged 13 points as freshman, and was on all-state second team in high school.

Other members of the traveling squad are: Jerry Bell of Vernon, 6-3, sophomore; Frank Castleberry of Borger, 6-4, transfer from Frank Phillips Jr. College, where he was all-regional; Jim Conner of Childress, 6-8, sophomore honorable mention for all-state in high school; Jim Curtisinger of Hereford, 6-4, sophomore, all-state in high school; Henry Hardaway of Claude, 6-3, sophomore, all-regional in high school.

New Mexico Team

Coach Al Garten has a young team, having lost four starters from last year's great team.

Members of the squad include: Jerry Vest from Mayfield, Ky., captain, one of the finest shooters in ENMU history and second leading scorer in NAIA district last year.

Don Skipworth, 6-5 a junior from Amarillo, rapidly developing into team's best player. Saw action last year.

Bill Calton, 6-3 works back court well and also saw action last year.

Lou McEwen, 6-3, from Roy, N. M., outstanding rebounder.

Orvie Nix of Amarillo, 6-4, former Palo Duro star, up from freshman squad.

Gary Fisher, 5-9, a good little floor man from Tatum, N. M.

Jay Gurley of Tahoka, 6-3, up from freshman squad and showing great promise. Jay lettered with the varsity his first year in college.

Griffin Attends Dallas Meeting

County Agent Bill Griffin attended the meeting of the Texas Home Demonstration Agents Association in Dallas in his capacity as president of the Texas County Agents Association, and made a brief talk at the meeting.

Seagraves, Slaton Win In Tournament

Seagraves boys basketball team outscored Tahoka 48 to 44 and Slaton girls defeated Wilson 41 to 32 to take home first place trophies in the Tahoka Invitational Basketball Tournament held in the new gymnasium Thursday, Friday and Saturday.

At the same time Tahoka girls won the consolation trophy by defeating Loop 52 to 43, while Slaton won the boys consolation by edging out Wilson 47 to 42.

Almost capacity crowds filled the bleachers the three nights of the event, and were on hand to see Tahoka varsity squad hand O'Donnell a 33 to 29 defeat to cap the Lynn county championship and earn the right to keep a traveling trophy, presented by Tahoka Chamber of Commerce, during the coming year. Winning the girls county championship was Wilson, winning over New Home in a close 26 to 24 tilt. The trophy will remain in the hands of these schools until new champions take them over next year. However, should a school keep the trophy three years, it becomes permanently theirs.

Following the final events Saturday night, Sarah Wells, freshman daughter of Mr. and Mrs. George Claude Wells, was crowned Tahoka's first basketball queen by High School Principal Clifton Gardner. Other candidates include Carol Smith, senior; Susan Thomas, junior; and Donna Copelin, sophomore. The four girls presented trophies and individual awards to the all-tournament teams.

Making the all-tournament boys team this year were James Cole, Slaton; Dick Stephenson, Seagraves; Don Falkenberg, Loop; Bobby Wied, Wilson; and Frank Greathouse, Tahoka. Named to the girls all-tournament team were Doris Lamb, Wilson; Judy Dunn, Slaton; Judy Bishop, Slaton; Sharla Biggs, Ropes; Juanita Freeman, Loop; and Linda Williams, Tahoka. Each received a miniature gold basketball.

Final Games
Seagraves took the nip and tuck ball game from Tahoka with Dick Stephenson throwing 23 of the Eagles' points to take honors for the game, while Greathouse and George Adams made 14 and nine, respectively. Tahoka led 11 to nine at the end of the first quarter and held a 20 to 19 margin at halftime. Seagraves actually won the ball game in the third stanza, pouring in 17 points while the Bulldogs tallied 12 and the quarter ended with the Eagles out in front 36 to 32.

With one and a half minutes left in the game Tahoka came within one point of the winners, 43 to 42, but were able to make only one more field goal while Seagraves racked up five more points.

Slaton took a 9 to 8 lead in the first quarter of the girls finals over Wilson, and were able to hold a leading margin throughout the game. The half ended 23 to 15 and the third quarter 34 to 25, before the final whistle blew proclaiming Slaton champions with a 41 to 32 win. Donna Wilke led the winners with 19 points, aided by Elaine Pickens' 13. Sharon Lumsden had 18 points for the losers.

Consolation Finals
Judy Thomas pitched in 22 points and Kay Halamicek 17 to lead Tahoka to a 52 to 43 victory over Loop in the consolation championship, while Elenia King and Quay Hunt shared 15 points each. Tahoka led 29 to 19 at halftime.

Slaton took an early lead in the boys finals, 13 to 9 at the

of the first quarter and 22 to 17 at the half, to down Wilson by a five-point margin, 47 to 42. James Cole and Randy Sanders had 18 and 17 points for the winners, while Leroy Schneider tossed in 17 and C. W. Stone 10.

First Round Games
First round games in the boys' bracket saw O'Donnell defeating Wilson 33 to 29 with Larry James of O'Donnell and Bobby Wied of Wilson making 12 points each. Tahoka knocked New Home out of the championship bracket with a 45 to 29 win, Gerald Short and Frank Greathouse making 18 and 10, respectively for the winners and Ronald Wyatt of New Home tossing in 11.

Loop overcame the Slaton boys 55 to 53 with Charles Madlin and Don Falkenberg scorching the nets with 20 and 19 each, while Cole and Giles Smith made 18 and 11 for the Tigers. Dick Stephenson led Seagraves with 17 points, aided by Carson Byrd's 11, to take a 55 to 25 win over Gail Raymond-Walton made nine for the losers.

In the girls' bracket Wilson eased by O'Donnell 46 to 32 with Carol and Doris Lamb leading their team with 16 and 13 points. However, Thurlene Mahurin of O'Donnell took game honors with 19 points and Betty White made 11. New Home edged out Tahoka 38 to 36 with Joyce Swinson scoring 15 and Kay Smith making 10. Judy Thomas also made 15 while Kay Halamicek scored 11.

Slaton defeated Loop 55 to 43, Judy Dunn taking honors with 25 and Donna Wilke scoring 16, while Linda Bagwell and Quay Hunt made 18 and 15 for the losers. Ropes' Sharla Biggs racked up the largest single individual score of the tournament, 32 points while she led her team to victory over Gail by a score of 59 to 44. Helen Cain had 19 points for Ropes while Jeane Burrus and Mary Jo Rawlins hit for 21 and 10 for Gail.

Second Round Games
Tahoka knocked out O'Donnell 37 to 29 for a berth in the finals in the second round of play and also took the county championship. Greathouse paced the Bulldogs with 13 points, while Adams tallied nine. David Bessire hit for 12 for O'Donnell. In the consolation bracket Wilson boys defeated New Home 41 to 29 with Bobby Wied racking up 14 points for the winners and Ronald Wyatt 15 for the losers.

"Tax Rise Will Continue As Long As People Make Demands" — Blanchard

H. J. (Doc) Blanchard, state representative in the Legislature from Lubbock, spoke at Tahoka Rotary Club last Thursday noon on the tax problem and state financial problems which face the Legislature.

He was introduced by Martin White, who said he "helped raise Doc."

In his talk, Blanchard "laid it on the line" to the citizens.

"Among other things, he said, 'We are spending more than we make. Taxes will continue to go up as long as the people, through pressure groups, continue to demand more services. It's your government—it's what you make of it. If you want to help improve it, you can. It's time for business people to take a sound, solid look at all candidates for office.'"

Blanchard said last January 1, a \$65 million deficit faced the State of Texas. Taxes were raised \$120 million to meet the deficit and current appropriations, but by January 1, 1961, \$225 million in new taxes will be needed to meet the demands.

If we are to stop this run-away, we have to cut down on services. One example, he cited, is the fact that we are paying \$21 million a year in Texas to take care of illegitimate children, 85 percent of whom are Negroes and Mexicans. Because of these benefit payments, he said, many couples drawing help for illegitimate children refuse to marry and are producing more

children in order to draw more money.

Blanchard discussed the various tax proposals in some detail. He said the present natural gas tax is probably unconstitutional. It took seven months to pass this tax bill and to date not one cent of revenue has come from it.

Where shall we raise the money? he asked. He said he would never vote for state personal income tax, as he considers this a tax on individual initiative. And, he said the abandoned property tax act is confiscatory. If the State can take over bank deposits that have been dormant for seven years, some time in the future they can take over those dormant for five years, or two years, or even one.

The least popular tax is the property tax. But, already, 5 percent of the people pay 50 percent of the taxes. In the group are the people that are costing the

Miss Boles' mother is the former Miss Lola Belle Edwards of Tahoka. She is a granddaughter of W. B. (Burton) Edwards.

Mrs. Carlice Edwards of New Home brought The News a clipping from the Taos News which said Miss Boles graduated with high honors in a class of 56 with a grade of over 90 percent. She is a graduate of Taos High School and attended University of New Mexico two years. Her parents operate the Captain O'Hay Tourist Courts in Taos.

The basketball tournament here last week brought hundreds of visitors to Tahoka from Seagraves, Loop, Gail, Ropes, Slaton, New Home, and O'Donnell, including over 200 players and even more fans from these towns and others. Many people passed out compliments on the new gym here, and the manner in which the tournament was conducted.

Almost everyone involved was complimentary of the officiating of games, but one team—and we regret that some members of that team deliberately destroyed some equipment in the visiting boys' dressing room. The next night some unknown vandals slipped into the men's restroom, ripped out some

of the plumbing, and caused water to flood the floors of the rest room and the foyer of the new building before it could be stopped. We hope none of our Tahoka youngsters ever stoop to such low, mean tricks when visiting out neighboring towns.

Irving Stewart has been giving Grover Stewart (no relation) a rough time as the result of a story printed in The News recently telling of the big cotton crop raised by Leonard Crawford on Grover's land. "Buster" Fenton says Irving should be the last man to holler, as he (Irving) produced about 750 bales on his place and Irving made so damned much noise he wouldn't get it out and turned about 400 head of cattle in the field to graze it. Buster doesn't have much to holler about, either. It seems he probably set an all-time record for one Lynn county farmer a few years ago by producing 1437 bales from one crop.

To do otherwise.

One reason so many children are seen on the streets at night is that they're afraid to stay home alone.—Clipped.

Every so often our Tahoka kids, like those of other, small towns, put up the cry "there's nothing to do," even though they have a swimming pool and park, junior baseball, golf, school and church activities, parties and dances. A Denver, Colorado, juvenile judge recently gave this advice to teenagers of his city:

"Always we hear the plaintive cry of the teenager: 'What can we do? Where can we go?' The answer is GO HOME!

"Hang the storm windows, paint the woodwork, rake the leaves, mow the lawn, shovel the walk

Bill Lumsden of New Home suggested we kid his wife, Wanda, about a story appearing in last week's Slatonite which said Mrs. William Lumsden is the oldest citizen of the Wilson community. Wanda hadn't even been born then (1907). Of course, the Slatonite meant Mrs. Lennie Lumsden, Bill's mother, who settled there before Wilson was established on the Green & Lumsden ranch.

The interesting Slatonite story told of the coming of the railroad in 1910, the naming of Wilson for the 30 sections of Wilson County School lands, first school taught by Miss Emma Nicholson in a one-room building, the establishment of Wilson State Bank in 1918, and the modern schools and churches of the town.

Our nomination for about the grandest old couple in Tahoka: Mr. and Mrs. David Crockett Davis.

Delbert Mouser of New Home says his wife is mad at him for letting his subscription to The News run out. Oh yeah, we hear that pretty often, Delbert. The old man blames it on his wife for wanting The News, but just let one of the men miss a few copies and these men readers are the ones that raise the biggest howl. For instance, old Charles Armontrout was making about the same complaint to us that very same day. Thanks for the kind words, anyway, boys; for we really appreciate our readers.

Talked to a Mr. Kennison and Mr. Alverson, the latter formerly of Petty, who were over from Seagraves during the tournament, and they say Lynn county people are about to buy up everything for sale in the way of land over west of Seagraves. But, the two men say, this is helping develop that as a modern, high productive farming area.

The Echo, edited and printed by inmates of the Texas Penitentiary System, is one of the many interesting publications we get on exchange here at The News. It tells of the activities in the various branches of the prison, and contains each month many interesting, inspirational and even emotional stories and editorials. The editor is E. M. Last issue of the Echo, for instance, told of a Duke Carnegie Class being conducted at Huntsville, a visit of the Houston Rotary Club to the prison, choir and church service plans for Thanksgiving and Christmas, art and handicraft exhibitions, etc.

The following items are taken from The Echo for November:

Six Mistakes of Man

The Roman philosopher and statesman, Cicero, said it 2,000 years ago, and it's still true today. The "six mistakes of man" are:

1. The delusion that individual advancement is made by trampling others.
2. The tendency to worry about things that cannot be changed or corrected.
3. Insisting that a thing is impossible because we cannot accomplish it.
4. Refusing to set aside tribal preferences.
5. Neglecting development and refinement of the mind and not acquiring the habit of reading and study.
6. Attempting to compel other persons to believe and live as we do.

The football coach, dejected because his team was losing again, looked down to the bench of substitutes and yelled "All right, Jones, go in there and get ferocious!"

Jones jumped up with a start and cried, "Sure, coach. What's his number?"

As the policeman helped the battered man up from the pavement in front of the saloon, he asked:

"Can you describe the man who hit you?"

"That's what I was doing when he hit me," the man replied.

"My wife," said Sam, "talks to herself."
"So does mine," confided Bill, "but she doesn't know it—she thinks I listen!"

Some people pay when overdue.
Some people never do. How do you do?

Terracing is scheduled to begin this week on the Joe Brewer farm near O'Donnell. This is a part of the Great Plains Conservation Plan developed for this place. Cost share will be made for terraces on the entire half section.

be thought a fool than to open your mouth and remove all doubt.

Terraces are being constructed for W. C. W. Morris. Morris has developed a Great Plains contract on his farm near Draw. The entire section is to be terraced this year with cost share furnished under the Great Plains Conservation Program.

Better watch the man who says he's the boss at home—he'll probably lie about other things too.

A complete terrace system and two waterways have been designed for C. E. Roper who farms near New Home. Roper is cooperating with the Lynn Soil Conservation District and is carrying out a plan developed with district assistance.

One of the mysteries of life is how the boy who was too dumb for the daughter can be the father of the smartest grandchild in the world.

Glen Norman, of Grassland is constructing terraces on his farm with cost share furnished by A. C. P. This system is a part of a conservation plan developed under the district program.

When you begin to feel important, remember that on the market, your body is worth about \$2.50.

When a woman dresses so as to cause people to think she's much younger than she is, isn't that equivalent to lying about her age?

Tournament . . .

(Cont'd. from Front Page, Sec. 2) Home 26 to 24. Sharon Lumsden took Wilson honors with 14 points while New Home's Kay Smith made 15. Tahoka won its second game of the tournament by outscoring O'Donnell 44 to 25. The local girls were led to victory as Kay Halameck made an impressive 27 points, while Judy Thomas was making 15. Thurlene Mahurin hit for 14 points for O'Donnell.

Dick Stephenson tallied 19 and Carson Byrd 11 for Seagraves when the Eagles pounded Loop with a 54 to 33 defeat. Loop's Ray Sanders scored 13 points. Slaton handed Gail a 46 to 29 loss in the second round with Randy Sanders making 16. Gail's Walton made 6.

Gail's Jeana Burrus shot 32 points aided by Mary Jo Rawling's 11, but were unable to spart their team to victory, as Loop came out winners with a 50 to 46 score. Emma Floyd paced the winners with 15 while Elenia King and Linda Bagwell had 13 each. Slaton girls won a chance at the championship title by downing Ropes 45 to 31 with Judy Dunn hitting for 22 and Donna Wilke and Elaine Pickens racking up 10 each. Sharla Biggs was held to 13 while Helen Cain made 10.

All in all, Tahoka's first tournament in many years was a tremendous success and left many fans hoping to see a repeat performance next year. Athletic director Jake Jacobs, who is also boys' basketball coach, directed the tournament and was helped by other Tahoka coaches, including J. D. Atwell, who is coaching the girls' team this year, Moe Hodges, Tom Bartley and Principal Clifton Gardner, to name a few making the tournament possible.

Tax Raise . . .

(Cont'd. from Front Page, Sec. 2) State the most money—through various benefits, welfare, courts and penal system.

In East Texas, where average income of the lower groups is one third that of similar people in West Texas, many favor a personal income tax.

The sales tax make tax collections out of all business men, taxes the poor, and is costly to administer.

Blanchard offers no specific solution to the tax problem except that we must quit demanding so much from our State government unless we expect to pay for it.
