Fun Program At Rotary Club

Tahoka Rotary Club had a novel program last Thursday, arranged by Dr. Emil Prohl, to present four 'classification" talks by as many members.

Wearing false beards and wearing military caps to represent the revolutionary government of "Cubal". Harold Green served as the "persecutor," one "infidel Castro," while Dr. K. R. Durham represent ed the military judge.

Green proceeded to present charges of treason against four members, Ronald Sherrill, Johnny Reasonover, Tom Gill, asking that they be short as sunset.

In defending themsleves, Sherrill was required to speak on the importance of the lumber industry, Reasonover on electrical industry, Gill on transportation, and Hill on the free press.

But, the military judge sprang a surprise and "shot" the dictator, "Castro."

I was startled at something I was eading recently about good luck and bad luck. What startled me was what the writer said about his not being able to tell the one from the other. Now I felt sure that I can tell the difference between good luck and bad luck. But the writer said that there is not a real difference and called them both "impostors."
