March of Dimes Is Set For Next Week

Plans are almost complete for the annual March of Dimes drive to help those stricken with polio, children with birth defects, those crippled by arthritis, and victims of virus diseases.

C. W. Conway, county and local chairman, says that March of Dimes envelopes with return addresses have been sent to boxholders over the county so that everyone may have an opportunity to give. Any one not receiving such an envelope is asked to mail his contribution to March of Dimes, Tahoka, Texas.

The Mothers' March against polio will be Friday night, Jan. 29, according to Mrs. Glenda Dunagan. The Pythian Sisters will again be in charge of the Mothers' March, and all ladies' organizations wishing to assist in the drive are asked to get in contact with Mrs. Dunagan. Those wishing to donate please leave their porch lights on. Although a basketball game is to be played in the Tahoka gymnasium, some mothers will be there to take in contributions.

Tahoka Boy Scouts recently placed dime canteens in the business houses of the city, and teenagers may again set up road blocks for donations to the March of Dimes if permission is granted.

Conway says that Lynn county is paying for care of three victims, and on one patient in the Gonzales Hospital the county owes \$3,306.00. All the money from the local fund has been used.

Assisting in the county drive are A. L. Holder, community chairman at Wilson, and John Ellis, O'Donnell chairman.

O'Donnell's benefit program is to be held Friday night, Jan. 29, at the school auditorium when talent from throughout the area will be presented.

Every citizen is being asked to contribute to the 1960 March of Dimes.

The speed that thrills is the speed that kills.

Snow And Cold Week's Feature

Light rain followed by about one inch of snow fell Saturday afternoon over the area, but the precipitation measured only .12 of an inch.

Cold weather has been the order since that time, but temperatures were rising Thursday. Low registered in Tahoka was 12 degrees Tuesday morning, followed by 14 degrees on Wednesday morning.

The .12 moisture brought the total precipitation for the new year to .85 inches. However, moisture holdover from December and also from the fall months has kept the topsoil moist to such an extent that a light shower makes dirt roads slick.

The Cain property was bought recently by Ray Adams, who expects to build a modern residence on the site.

Marcheta Wood Is State Winner

Marcheta Wood, 16-year-old junior in O'Donnell High School, was first place in the state "Make It Yourself with Wool" contest held in San Antonio last Saturday. The first place victory gave her the right to participate in the National Contest, according to Mrs. Connie Anderson, Lynn County Home Demonstration Agent.

Forty girls were entered in the junior division of the state meet.

Miss Wood has been a member of the 4-H Club seven years and was this year the girl in Lynn county to receive the Gold Star Award. She was winner of the county dress revues in 1958 and 1959 and participated in the state revues the same years.

Miss Wood was scheduled to leave Thursday for the national contest. All her expenses will be paid, which include traveling by air. Twenty girls, representing 20 states, are to compete in the contest with final programs Monday night. The contest will be held in the Gunter Hotel.

The winning garment was a tailored suit of beige wool flannel which featured a short-cropped jacket with drop shoulders and self-stitching. The straight skirt had a wide contour band. The suit was complimented with brown shoes and bag, a mink brown fur collar, beige gloves and hat.

She is the daughter of Mr. and Mrs. Jack Wood, route 3, O'Donnell.

Annual Salvation Army Drive Is Set For First Week in February

Tahoka's annual Salvation Army drive will be held here from Feb. 1 to Feb. 12, according to Dean Taylor, committee chairman. A drive chairman will be announced next week. The yearly drive replaces the tamborine solicitations made here for many years.

Actually there are two county chapters, at Tahoka and O'Donnell, each including its area rural communities.

Mrs. Florene McCracken, treasurer of the local committee, reports that funds are depleted, the total now including about \$200. The local committee has spent \$636.90 this year for many worthwhile projects as well as for food and medical care for needy families. Mrs. McCracken said that \$100 was contributed to the Good-fellow Fund for Christmas baskets, \$50 for the disaster center to be used in this area in case of emergencies, and \$77.50 for furniture for a family losing their household goods in a fire in the Grandland community. A more complete report on the spendings of the local committee will be made next week.

One-third of the contributions made in the local drive is kept in Tahoka with two-thirds going to the State Salvation Army. However, in case of emergencies the State organization reimburses the local committees. For example the State Salvation Army paid half of the cost of furniture, or an additional \$77.50, supplied the Lynn county family, purchased from the organization's center in Fort Worth where furniture is repaired and refurnished supplying a two-fold purpose by also providing work for people needing jobs or rehabilitation.

Other services made possible by such local drives is the camp for boys near Dallas, to which several Lynn County boys are sent each year.

Taylor urges everyone to give generously this year to the local drive, as citizens will be asked to contribute only one time during 1960.

Gilbert Muddell of Lubbock is now the district representative serving this area. He has succeeded Dan Johnson, who has worked with the local committee several years and recently transferred to Austin.

Burglars Tuesday Night Failed To Crack The Safe At The Tahoka Postoffice, and Possibly Were Scared Away Before Doing Much Damage.

Burglar tools, a blanket and a topcoat were left at the scene. Only thing missing was \$13.36 in money from a small cash box, reported Charles Townes, assistant postmaster.

Entrance was gained through the skylight, from which the burglar dropped down onto the top of some shelving, where he left a footprint. Knob of the large safe had been knocked off. Failing to open the safe in this manner, the burglar, or burglars then had started "peeling" the safe door.

For some reason, officers theorize, the burglars were scared away, and left through a door that could be opened by means of an inside latch.

The attempted burglary was discovered by Postal Clerk "Dub" Powers when he came to work at about 7:00 o'clock Wednesday morning.

Sheriff Norvell Redwine, Police Chief Jack Miller, Texas Rangers, and U. S. Government Postal Inspectors are investigating the case.

County Attorney Harold Green said several people have been questioned in regard to the burglary.

Burglars also broke into the office of the Tahoka Co-op Win Thursday night of last week, but nothing was found to be missing.

Three Charged Wilson Burglary

Burglary of a farm house near Wilson on Thursday night of last week was solved early this week with the arrest of three men and the recovery of a large amount of loot from the Yellowhouse Canyon north of Slaton.

John Henry Pina, 29, Guadalupe Pina, 17, and Gregory Hernandez, 17, have been charged with the burglary, and are in jail.

Deputy Sheriff Tom Hale of Tahoka, Deputy Doyle Woody of Wilson, and Slaton officers made the arrest in Slaton.

The three are alleged to have entered the farm home of Vernon A. Green, Negro, living on the C. C. Weaver place, six miles east of Wilson, and stolen a color television set, 22 calibre rifle, shotgun, eight fishing reels and rods, electric razor, electric clock and desk clock, blankets and quilts, and men's and women's clothing and sewing machines, valued at a total of \$737.00.

This and some other loot was recovered in Lubbock county hidden under a bridge in the canyon on the Slaton-Acuff road.

The suspects were being questioned about other burglaries in the area.

Charged with the offense are Guadalupe P. Guillen, Daniel Palmares, Bartolo V. (Sammy) Gonzales, and also a juvenile.

Edgar Edwards Buried At Midland

Edgar W. (Edd) Edwards, 50, born and reared here was found dead at his home in Midland Saturday night about 10:00 o'clock the victim of a shotgun wound.

Edgar had been in ill health from a nervous condition, and had been suffering from severe headaches. Mrs. Edwards had taken him two pills prescribed for nervousness and had returned to the kitchen when she heard a shot, returned to his room and found him slumped in a chair with a 22 calibre rifle nearby. Midland county Justice of the Peace ruled death by self-inflicted gunshot wound.

Funeral services were held Monday at 10:00 a. m. in the First Presbyterian Church of Midland with the pastor, Dr. Mathew Lynn, officiating. Interment followed in Resthaven Memorial Park.

Mrs. Edwards was born in Tahoka the son of J. H. Edwards, now of Austin, and his late wife, who were pioneer settlers of Tahoka. He was reared here and attended the local schools. He was married in 1933 to Miss Lorene Hardy of Shallowater. During the war he was in the Army and stationed at Midland Airforce Base.

Immediately following the war, Edwards, chief deputy of Midland county under Sheriff Ed Darnell, and except for three years during which time he was in private business, he had been in this position until a few weeks ago. Early this month, he resigned as deputy sheriff and announced for constable. He was unopposed.

Mrs. Edwards was recently elevated to a vice president's post in Midland National Bank.

Edgar was a very likable man, popular in Midland, and was said to have been one of the best peace officers the county ever had.

Survivors include his wife, Lorene; father, J. H. Edwards of Austin; and three brothers, Frank and Harold Edwards, both of Houston; and N. G. (Skinny) Edwards of Dallas.

Charles Ray Isbell, 10-year-old son of Mr. and Mrs. Lonnie Isbell, underwent surgery on his left arm Monday in Methodist Hospital. He broke the arm a few months ago.

Otis Nelson underwent an appendectomy in Tahoka Hospital Saturday and was dismissed this week.

Speaker Tells Of New Addition

Pat Surratt, sales manager of West Texas Builders of Lubbock, preparing to develop a new addition to the town of Tahoka, was the speaker at Tahoka Rotary Club Thursday noon of last week.

Mr. Surratt pointed out the rapid growth and development of Lubbock and surrounding territory, and stated the potential for continued growth is tremendous. As the metropolis grows, he says there is a great opportunity for nearby surrounding towns to grow with the city.

"This is already seen by the fact that there are a lot of people in Lubbock, and others being attracted to this area, who would much prefer to live in a smaller town in driving distance of the city. Now is the time, he thinks, for the smaller surrounding towns to make an aggressive move to get a part of this population.

His firm, builders of the nationally advertised National Homes, has just recently entered a contract to take over 20 to 30 acres of the new Lockwood Addition adjoining the northwest city limits. The City of Tahoka had taken an option on this land from Mr. and Mrs. "Pete" Hegl, and is now turning it to West Texas Builders.

This will be a restricted residential area, with paved streets and all utilities, with homes in the \$10,500 to \$18,000 class with exterior walls of aluminum or brick or both. Construction of the first three homes will begin as soon as prior approval is granted from FHA.

The program was arranged by Winston C. Wharton, who is a member of the City Council. Guests present at the meeting

OUR BROTHER

Our dear brother's gone and left us for his work on earth is done, and he's gone to be with Jesus and a starry crown has won. Jesus came and made his bidding on that beautiful December day, and he's left us heavy hearted but he's gone with Him to stay.

Oh, that meeting and that greeting as he joins with all the rest, in the hallalujah praises and the songs that he loves best. Never more to laden with earth's sorrows and his cares, for he's there with all the ransomed and the glory with them shares.

We will meet that same sweet brother on that bright celestial day, where we'll never know sorrow and our tears shall be wiped away, there again to be united and to stand by his side, and this longing will be granted if in Jesus we abide.

LeMond Writes Of Trip To Europe

J. E. LeMond of Snyder, retired mail carrier, and a pioneer of Lynn county, his family having settled in Draw community in 1907, writes interestingly of his trip in the fall to Europe.

I left Midland and flew to Dallas in one hour and five minutes, and flew from Dallas to New York by jet airplane in two hours and 54 minutes at 29,000 feet. Left New York on Queen Elizabeth, arrived in France in less than five days time.

Landed at Cherbourg, took train to Paris, population 4,000,000 where we saw all the noted places including the Mona Lisa, Eiffel tower, the Seine river, etc., and went over the Normandy battlefield. France seems self-sustaining—many cattle, mainly dairy herds.

Went over the lower Alps to Monaco. Monte Carlo is the noted gambling place. One French woman remarked, "Americans make me sick. Pooh!"

On into Italy over mountain highways and along the blue Mediterranean to Genoa, Italy, Columbus' birthplace. Saw Leaning Tower of Pisa. Slept where it couldn't fall on us. On to the Eternal City of Rome. All looks so old. Women carrying baskets on heads. Oxen teams to tractors. Saw the Coliseum, partially fallen down, where Christians were killed over 2,000 years ago.

Tiber River, Vatican City, and St. Peter's Church, largest in the world, enough gold to pay a lot.

Ther to Florence, art center, and to Bologna, home of Marconi, and on to Venice—too much water—noted place for gondolas, 400 canals and 160 bridges.

Next to Como, Italy, and into the Alps country and Switzerland by electric train. Hundreds of tunnels, one nine miles long. Double railway tracks on solid granite, completed in 1890.

Switzerland interesting place, people busy. Visited Lucerne, lakes and mountains, by cable-line to 7,000-foot mountain top, cog railway down and return to Lucerne by steamer.

Next visited Germany, which seems to have recovered more than other countries. Belgium seems industrious and progressive. One of largest diamond factories in world; other at Amsterdam, which we visited. Holland number one country in overcoming insurmountable obstacles—40 percent of area recovered from sea. Rotterdam bombed out in World War II, 30,000 homes and houses rebuilt into modern buildings.

In London, England, only place were they drive on the left side of the road. Saw Big Ben, Queen's Palace, Parliament building, Tower of London, Crown Jewels (unestimated wealth, perhaps enough to pay U. S. War debt), and Westminster Abbey.

Flew back aboard Pan-American jet to Labrador making 500 miles per hour at 37,000 feet, then on to New York at 575 miles per hour at 26,000 feet. Missed jet at New York or would have made Midland, Texas, from London in 12 hours time or less.

There's no city like New York and its high buildings. After making 15,000 miles in 31 days, West Texas looked good to this old Texas boy.

The marathon foot race of the Olympic Games commemorates one of the decisive battles of history. World Book Encyclopedia reports that in 490 B. C. a Greek named Pheidippides raced 20 miles to Athens to announce the victory of the Greeks over the Persians on the plain of Marathon. He gasped out the news before falling dead of exhaustion.

Printer's Ink-lings . . .

By F. P. H.

Although the rain, sleet and snow of this January have not taled very much on the measuring stick, they have kept a fine season in the ground so far and deep moisture is assured for spring planting. In fact, farmers say the ground is in the best condition it has been in for many years.

All our local readers know this. But, The News has 200 or 300 subscribers elsewhere over the nation

who like to know what's going on in Lynn county weatherwise.

G. A. Henry reports that Homer Aldridge, farming the Henry farm south of town, this last year produced 110 bales of cotton from 80 irrigated acres. And, on 20 of these Homer made 40 bales. George is not sorry he decided to turn his farming chores over to younger hands.

If you wish to travel far and fast, travel light! Take off all your envies, jealousies, unforgiveness, selfishness and fear! —Selected.

The reason a dollar won't do as much for people as it used to is that people don't do as much for a dollar as they used to.—Moody Courier.

Well, is this getting to be a column of apologies! We pulled another blooper last week. In the story about the Bud Millikens' golden wedding anniversary, we omitted the name of one daughter, Mrs. Irvin (Glenda) Dunagan. To make the matter worse, Pat picked up a part of the story, sent it to the Avalanche Journal without noticing the omission. Although Pat later asked the Avalanche to correct the story, somebody up there got further fouled up and said there are one son and seven daughters instead of eight and still left Glenda's name out. Glenda is a grandma twice and Tommie once, thus giving the Millikens three great grandchildren.

As Harley Sadler used to say, "I should have stood in bed," last week, for just about everything

went wrong. Pump went out at the farm Monday. Tuesday night, The Printer took the flu, a "cut" of Aunt Becky Roberts' birthday party failed to get back in time, and the force had a pretty tough time getting the paper out at all. With Pat and Mae's help, they got out, and then the flu bug bit Mae. Hope this week is not quite so hectic.

They're tearing down the old Metropolitan (Milner) Hotel in Fort Worth, another reminder of the passing of the Old West. Built by Winfield Scott, the Metropolitan was once Cowtown's show place and no doubt many old time Tahokans have stopped there as did all people from West Texas, cowboy to cattle baron.

Two famed murder cases of earlier days had their setting in this old hotel. On Jan. 13, 1912, in its lobby Captain A. G. Boyce, 70, of Amarillo, manager of the Capitol Syndicate Ranch (XIT) was shot by Beal Snead, 36, also a prominent and wealthy Amarillo rancher. In 1932, a drilling contractor, E. L. Churchill was shot to death by Stony Phillips over the affections of a public stenographer.

Don't forget to get that poll tax receipt. You may want to vote this year.

Some more "Gus Says" from the Graham Scandal Sheet: Money that used to talk turkey can hardly whisper beans now. . . . All good things will come to the other fellow if you'll sit down and wait. . . . You can't be very important if your mistakes aren't noticed. . . . Collective bargaining seems to be all collecting and no bargaining. . . . It looks like a political platform is for one party to stand on and the other to jump on. . . . A fellow can go into debt fast trying to keep up with those who already are. . . . Some folks put everything they've got on their backs to try to build up their fronts.

We're told by a citizen of The Hub of the Plains, now becoming known also as "Little Chicago," that many people up there are alarmed by the growing crime problem. Juvenile crime has long been increasing at a rapid rate in spite of control efforts. Attracted by prosperity of the area, the man declares, too many people are moving in to make a fast buck, and a lot of these are criminals or thugs and near-criminals, bootleggers and gamblers. We are sure our local officers are staying alert to keep this element out of Lynn county as much as possible.

Tahoka is one of the few towns on the South Plains in which a local citizen has never been killed in a holdup. We hope the day never comes, but it could be the law of percentages will catch up with us. Those firms staying open late at night might take a little extra precaution when waiting on strangers.

Borden Davis has started smoking a pipe. The other day he heard that Judge Louis B. Reed once stated he had never sent a man to the penitentiary that was a pipe smoker. On hearing of this Borden made a bee-line for the drug store.

Waggoner Carr Sets Editor Right

Editor, The News:

I had hoped to come by to see you but am spending much of my time in the eastern part of the you but am spending much of my campaign.

I was greatly surprised to see your article regarding my announcement—especially saying that I had leaned a little far to the left, have done little to curb the growing cost of government and had given lots of comfort to the labor unions.

An investigation will clearly show that I am classed by all the press of Texas as a conservative. I publicly endorsed and worked for, during the last session, a Little Hoover Commission in order to eliminate excessive spending and cut taxes. Also the Appropriations Committee, the members of which I appointed, slashed \$70 million off the amount of money requested by the different agencies of the government. On the labor union point, perhaps it will be sufficient to say that no pro-labor bills passed the House during either of my terms as Speaker.

With the above record you can see where I am slightly flabbergasted over your information and I certainly will look forward to talking with you further about it at the first opportunity. You have my best wishes for a good New Year.

Yours very truly, Waggoner Carr.

Editor's Note: Maybe we've drawn some wrong conclusions and received some wrong information, Waggoner. At least, we hope so, for we have great admiration for such a clean-cut young man as you are. We are perfectly willing to take your word and appreciate your answer to our statement. If we have offended, we apologize. But, it seems to us, the time has come for our public officials to go all out in the fight against rising costs of government, inflation, centralization of power in the State and Federal Governments, and the capitulation of our governing bodies to the powerful Labor bosses. We wish you success in your endeavors for clean government.

BIG SNOW IS REPORTED AT CLOUDCROFT, N. M.

Mr. and Mrs. H. W. Carter and Mr. and Mrs. E. R. Edwards went up to Cloudcroft last week end for a brief outing, and found the resort having a big snow storm. In fact, an estimated 20 inches of snow fell Saturday and Sunday, bringing a total of new snow to 42 inches.

They had little trouble on account of the roads, however, as the snow plows were keeping them open. They did arrive to find that a big Methodist Youth Conference was being held over the week end, and had difficulty finding a place to stay.

Returning Sunday afternoon, they ran out of the snow at Mayhill and saw no more evidence of snow until they got nearly to Brownfield.

WORTH MORE BECAUSE THEY WORK MORE

Chevy's new torsion springs and Sturdi-Bilt design are changing everybody's ideas about how much work a truck can do. Last year's schedules are out—Chevrolet trucks ride faster over the rough runs to get in more trips a day! Big repair bills are no longer a problem—Chevrolet trucks soak up punishment that means downtime to other makes! And trade-in time's put off for extra thousands of miles—'60 Chevrolet trucks stay new like never before!

New Dollar-Saving Prices
Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions—all are lower priced. Prices have also been reduced on all optional V8's.

New Torsion-Spring Suspension
Eliminates I-beam shimmy and wheel fight! With torsion springs up front there's a brand-new, smoother, easier handling feel behind the wheel. New rear suspensions include wide-based coil springs in most light-duty models; tougher variable-rate leaf springs in medium- and heavy-duty models.

Electronically Balanced Wheels
Front wheels and tires are balanced at the factory. Helps make that new ride revolutionary!

New Cabs—Wider, Safer, More Comfortable

Many models are a whole 7 inches lower (without sacrificing road clearance), so it's easier to hop in and out of cabs. Still there's more space inside: more room for hats and hips, more foot room with suspended pedals. Cabs are safer, too; new build makes them 67% more rigid.

Plus Improvements All Through the Line

A new steering linkage system that cuts vibration, means better control. There's new V8 efficiency. Sixes long famous for saving. New key-turn starting. Higher, wider visibility. Talk to your Chevrolet dealer about the world's most advanced trucks.

from
The World's Most Widely Used
Devotional Guide

The Upper Room

Put your hope for good and all in the grace that is coming to you at the revelation of Jesus Christ. (1 Peter 1:13, Moffatt.)

Clouds are gathering, darkened by the turbulent winds of hatred, jealousy, envy, and fear. Many persons are losing hope in things worldly. When trust in things of the world fails, we then look for hope from above.

If we lift our eyes to the hills, we can behold the cross from which light is streaming upon our darkened world. This cross of Christ radiates the splendid glory of God's unending love and grace.

We have just lately observed Christmas, the birthday of our Lord and Saviour. The Christmas story is a very simple one—God's love revealing in Jesus Christ. To know this is sufficient for us. What do we need more than to have Christ as our master and friend? He is the light of the world and the hope of man.

Let us have hope in God and faith in His Son.

PRAYER: O God, father of our Lord Jesus Christ, we beseech Thee to be with us this day. Strengthen our hearts, comfort our troubled souls. Guide us as we travel on our journey of life. Lead us in the way of the cross of Christ. Help us in all things, for the sake of Christ and in His name. Amen.

THOUGHT FOR THE DAY
Christ is the hope of the world, and my hope. —Ibrahim Matar

Everyday Religion
By J. B. Thompson
A few years ago a prominent Negro minister prayed, "O Lord, leave us not to ourselves." The deepest need of man is to overcome his separateness, to escape from his prison of loneliness. We all hunger for fellowship, both human and divine. We hunger for each other more than a blind man seeking for light, or a starving man seeking for food. The word "idiot" stems from the Greek term for "private person." Just how long it would take for absolute privacy to produce insanity is hard to say but it would surely do so in the end. Of course absolute privacy is most difficult to attain, but the absence of human and divine fellowship leads to many moral and social maladjustments. As the motto of a Greek-letter fraternity puts it, "one man is no man." A person can play golf alone and enjoy it for a while but I soon discover that I am too poor a player to make my long game interesting. A person can chuckle to himself but a hearty laugh seldom breaks forth in solitude. One can sit off alone and laugh at others, but wholesome laughter is shared with others. Jesus made the sweeping claim that the way to find one's life is to lose it—in others and in God. St. Augustine, after many excursions into earthly vanities, discovered and declared: "Thou hast made us for thyself, O God and our souls are restless till they find rest in Thee."

The score was tied 10-10 at end of the first quarter, but McAdoo led 22-16 at the half and 35-28 at end of the third period. Tahoka pulled to within three points of the visitors twice but in the closing minutes the McAdoo boys pulled away for a 19-point victory margin.
