2369 Poll Taxes Paid Thursday

Saturday, January 30, is the deadline for the payment of property taxes without penalty and also the deadline for payment of poll taxes.

The Lynn county tax office will stay open all day Saturday for the convenience of those who have been unable to secure poll tax receipts or to pay their state and county taxes, states J. E. (Red) Brown, Lynn county tax assessor and collector.

Through Wednesday, there had been 2,369 poll tax receipts issued in Lynn county, Brown said. "There has been a little confusion as to poll tax exemptions in Lynn county because of statements made on radio and television," Brown says.

Brown makes this explanation: "The law has not changed in Lynn county, because the county seat is not 10,000 population. All of you who were 60 years of age before January 1, 1959, just go and vote as before. Persons who became 21 years of age after January 1, 1959, and 30 days prior to May 7 may pick up your exemptions at the tax office any time prior to April 7. The exemption book doesn't close until April 7."

Wilson Burglary Case Is Solved

Two Lubbock men have been charged with burglary of the H. M. Hart Jr. residence west of Wilson Thursday night of last week, when a television set, two wrist watches and a pistol were taken from the home.

Charged in the burglary are Don Ray Willis, 25, and Robert David Sarson, 26, both of Lubbock. Their bonds were set at \$2,500 each, and they are in jail at Lubbock in lieu of making bond. Deputy Sheriff O. D. Woody of Wilson brought the men down for appearance here.

Lubbock police arrested the suspects about midnight Thursday in the 2300 block of 34th St. in a 1952 green Lincoln and found the pistol in their car. The television set was also recovered. Lubbock police said the men had traded the television set in as down payment on a car.

Mrs. Lois Greathouse Subject of Feature In REA Magazine

Mrs. Frank (Lois) Greathouse of Tahoka is featured in the January issue of a national magazine, "Rural Lines," published in Washington, D. C., by the Rural Electrification Administration.

Mrs. Greathouse is in charge of member relations for Lyntegar Electric Cooperative, which has headquarters in Tahoka and furnishes electricity to nearly 10,000 outlets in 10 counties of the South Plains.

The two-page story, profusely illustrated with six pictures, is entitled "I Went To Phoenix," and concerns her participation in the sixth annual Electric Farm Power Conference last November which was attended by 100 officials and representatives of the electric industry.

In one of the pictures, Mrs. Greathouse is shown demonstrating a modern electric range to REA Administrator David A. Hamill and Deputy Administrator Ralph J. Foreman. In another picture she is shown with Willie Mae Rogers, head of Good Housekeeping Institute. Other pictures show her at the meeting place, in the convention hall, inspecting the grand prize, an automobile, and some of the displays.

In the accompanying story she gives her impressions of the meeting, and closes with the statement, "It's the farm wife with her hand on the electric switch who makes most of the decisions that result in increased power loads."

John Hegl, freshman student in Baylor University, was home last week end.

GORDON SMITH

Gordon Smith Is Pastor At Waco

Gordon Smith, son of Mr. and Mrs. Truett Smith of Tahoka, was recently called by the Seventh and James Baptist Church, located just across the street from Baylor University in Waco, as the intern associate pastor for the spring semester.

The church ministers to more than 1,500 Baylor student members plus an equal number of local people.

Smith is a senior at Baylor, with a major in general business and minors in religion and economics. He is a licensed minister and plans to attend Southwestern Seminary in Fort Worth next fall. He is married and has a six-month-old daughter. As associate pastor, he will work closely with members of the staff in preaching, teaching, visitation and other phases of the pastoral ministry.

He is a graduate of Tahoka High School.

"Stocking Bandits" Are Given Warning By City Police

Did the stocking bandits visit Tahoka Monday night?

This is a question puzzling the local police as the result of visits at North Main Automatic Laundry that night by two young men with stockings over their faces.

Policeman Joe Hamm, called to the scene after the visit, and Chief Jack Miller are inclined to think the boys were pulling a prank, since they did not attempt to rob the place. If this was a prank, Miller warns against a repetition of the act. With people nervous concerning frequent hold-ups in the area and the robberies by the repeated "stocking bandits" at Lubbock, somebody is liable to get hurt in pulling such a prank, if it was a prank.

Miller says at about 10:00 p. m. Monday, two men, probably teenagers, pulled up to the place of business in a green GMC pick-up. One came to the door and stood a moment while the other looked in through the window. They drove away but returned in a few minutes, and this time one of the boys stayed in the pickup and the other came to the door and looked in again.

Some ladies in the laundry were almost frantic with fear. They notified W. I. Lemon, who looks after the laundry, and Mr. Lemon called police. Mr. Hamm arrived a few minutes later, but on patrolling town could find no sign of the pickup.

Miller says some local youths have been doing too much prowling around at night here of late, and a number of parents would do well to keep closer check on their youngsters. He thinks this was a prank, but is such pranks continue the next time might be to the sorrow of some one.

The laundry coin boxes were robbed a few weeks ago by pickpockets, and the culprits are wanted of further visits to the place of business.

Home between semesters from Baylor University, Waco, are Idalia Wood, Mary Helen Whitaker, and Ken Durham. Visiting Ken are Jeannette Davis, Gene Hill and Eleanor Ford.

Shorts Purchase Large Building

E. L. and H. L. Short have recently bought the old Chester Connolly building, the large brick structure extending from Main Street through to Sweet Street which formerly has housed both the Ford and Chevrolet agencies here. Lyntegar and Poka-Lambro have also been located in the building at other times.

Purchase was made from Clay Bennett, who had just recently bought the building from Mrs. Jewell Connolly.

As soon as remodeling work on the building is complete, Tahoka Auto Supply, owned by E. L. Short and Jack Smith, will move into the east portion of the building, Leslie Paris' Tahoka Safety Lane will continue to occupy the west portion of the building. The Shorts are improving the building by putting on a new roof, repairing and repainting the interior and making other changes, including lowering of the ceiling in the east portion and installing of new electrical wiring.

The building is 50 by 126 feet in size and one of the larger store buildings in Tahoka.

Harold Green Seeks Re-election

Harold Green, County Attorney of Lynn county, announces that he is a candidate for re-election to the office.

He was appointed County Attorney in June, 1955, when Mitchell Williams, then holder of the office, was appointed by the Governor Shivers to fill out an unexpired term as District Attorney of the 106th Judicial District. The following year, he was elected, unopposed, to a full term.

Green is a native of New Jersey. He came to Texas as a member of the Armed Forces, liked the state, remained to attend Baylor University at Waco, where he graduated from the Law School. He married a Texas girl, and decided to make the state his permanent home. Looking around for a place to "hang out his shingle," Green came to Tahoka and entered law practice in partnership with Calloway Huffaker.

Both he and his wife, Bettye, who is teacher of public school music here, are active in many civic and church affairs of the community.

T. M. Ellis Dies At Brownfield

T. M. (Pete) Ellis, 59, formerly of Lynn county, died Friday at 11:55 a. m. in Terry County Hospital. He moved to Brownfield from Tahoka in 1942.

Funeral services were held Saturday at 2:00 p. m. in the First Baptist Church of Brownfield with the pastor, Rev. Jones Weathers, officiating, and burial followed in Terry Memorial Cemetery.

Mr. Ellis came to Lynn county in 1921, and farmed here for 20 years. Except for three years farming at Key, east of Lamesa, he lived here until 1942, when he moved to a farm north of Brownfield. He retired in 1951 because of ill health. His wife was the former Miss Elva Sikes, sister of Clint Sikes of Tahoka.

Lynn County ASC Office Building Has Been Remodeled And Enlarged

Work of remodeling the Lynn county agricultural building for the local ASC office is just about complete, and Charles G. (Buddy) Bragg, office manager, states the building is now ready for farmers and all others interested to come in and inspect the improvements.

Because of the need for more room, the County recently rented space in the Farm Bureau building, equipped it with new office furniture, and moved County Agent Bill Griffin from the ASC building and Home Demonstration Agent Connie Anderson from the court house to this new location. This, it is believed will be more convenient to farmers and club boys and girls and will permit the two agents to use the same office secretary.

For about 20 years, the ASO has been furnished space rent free. The Commissioners Court, states Judge Walter Mathis, has worked

Those registering vehicles are requested to bring their 1959 registration receipts and titles.

Principals Get New Contracts

Tahoka school principals have been given new contracts by the school board, states Supt. Otis Spears.

Clifton Gardner, who came here last year from Wilson, was re-elected High School principal; L. F. (Jake) Jacobs, North Elementary principal; J. B. Howell, South Elementary principal; and British C. Daniels, Dunbar principal.

Both Tahoka and Post school boards have approved the exchange of territory between the two districts, and final action of the swap now awaits approval of the Garza, Lynn and Terry county school boards.

In the exchange, Tahoka will get several sections of land beginning seven miles east of Tahoka along US 380 and most of it extending north of said highway, being out of the old Magnolia, later Garnolia, district.

For this territory, Tahoka district is trading Post district several sections of land on the east side of the old Grassland district. Most patrons and landowners in the two areas have given their approval to the exchange of territory.

Mr. Spears says the exchange will permit easier and more economical bus service and help "square up" the two districts.

Scholastic Census Is Being Completed

Are you sure your child has been enumerated in the 1960 scholastic census?

The annual scholastic census is being completed this month, and all children of school age by next Sept. 1 should be reported before February 1, according to County Superintendent J. P. Hewlett.

Parents of most children have already been sent census blanks. However, there may be parents who have a child or children who will be six years old on or before Sept. 1, 1960, who have not received a census blank. In such case, one of the parents should contact the school authorities of the district in which the family resides immediately.

He later lived in Tahoka and was associated with McCord Oil Co. for several years, moving away in about 1940. Cotton Measuring Set For Spring

Any farmer who wishes to have his cotton fields measured officially in advance of spring planting to assure compliance with allotments should apply between February 15 and March 31 at the ASC office in Tahoka, according to Charles G. Bragg, Office Manager.

Under the premeasuring program, regular ASC performance reporters will measure the fields. The premeasured acreage will be accepted as official for all purposes provided no obvious error is made and provided the fields are planted as measured. A later trip will be made during regular cotton measuring time to determine that cotton has been seeded within the staked areas, but in most cases an additional measuring will not be necessary.

The purpose of premeasuring is to help the farmer guard against any cotton allotment. Overplanting expenses for fertilizer, irrigation work, seed and land preparation. In addition, all income is usually lost when the excess cotton is plowed up.

The service is entirely optional, and for that reason, the cost of measuring must be paid by those farmers requesting it. The Lynn County Committee has established a rate, subject to the approval of the State ASC Committee, of \$12 per farm, plus \$5 for each plot over one. Farmers will be asked to designate fields to be measured and deposit the service charge when they sign the application at the ASC office.

Farm Workers On Social Security

Some farm workers in this area are not receiving social security credit for their earnings and are depriving their families of valuable financial protection, according to John G. Hutton, manager of the Lubbock social security office.

"These are farm employees who have worked at least 20 days or been paid \$150 cash wages by one employer during the year. Either their farm employers do not realize that such earnings should be reported or they feel that it is just too much of a bother," Mr. Hutton said.

"The protective value of proper social security reports filed once yearly was emphasized recently by the death of a man who was survived by his widow and three small children. They will not be eligible for any social security benefits because the farm operator for whom her husband worked is also deceased. He did not report the employee's wages, and left no records. The farm hand worked for him only a short time, but this credit, if it could have been established, would have been enough when combined with that from his other jobs, to give him and his family social security protection. This could have made his family eligible for payments of at least \$11,000 in benefits before their baby reached age 18 and additional payments for life to his widow at age 62.

"This, although not a typical case, could happen to almost anyone. Don't let it happen to your family," concluded Mr. Hutton, "be sure your farm employer reports your wages; if in doubt, contact your social security office."

"A representative of the Lubbock Social Security Office will be in Tahoka on Tuesday, February 2 at 9:00 a. m. in the Court house and will be glad to assist in all matters pertaining to Social Security.

Printer's Ink-lings

By F. P. H.

For a time, prospects were that Lynn county's voting potential this year would be a little short. But, since January 1, citizens have been paying their poll taxes, and it now appears 2,500 or more will qualify themselves to vote, in addition to the 1,000 or more entitled to exemptions.

This is a healthy situation. For a democracy to work, people must vote—and there will be plenty of opportunities this year. In fact, there's a \$50,000 street paving bond election coming up in City of Tahoka Saturday, Feb. 6. And the first Democratic election comes up on the first Saturday in May, be-

ing moved up from the fourth Saturday in July by a new law passed by the last Legislature.

Incidentally, January 31 is the last day for candidates to file for public office in the May primaries.

Politics in Austin are predicting that the race for governor will get a little warm but that Governor Price Daniel, seeking a third term, will win by a big margin—unless something unforeseen happens. Only other candidate who has paid the \$1,250 filing fee for the governor's office is Jack Cox of Breckenridge, oil well drilling contractor, a former state representative and present secretary of the State Commission on Higher Education. His fee has been paid by Stephens County friends, Marshall Formby of Plainview, former Highway Commission Chairman, lawyer, newspaper and radio man and former county judge of Dickens county, is still "sounding out the voters" and may be in the race.

Wagoner Carr of Lubbock, capable young attorney and twice Speaker of the House, is opposing Attorney General Will Wilson for re-election.

In Lynn county, the offices of sheriff, tax assessor and collector, and two commissioner jobs, Precincts 1 and 3, are being contested. Politics should begin to warm up soon. Pay your poll taxes by tomorrow, Saturday, if you want to vote.

We're glad to welcome Mrs. Charles Berry as the new correspondent to The News from Wilson. We ask that the people of the community cooperate with her to the fullest by giving her any news they may have.

Wayne Shawn, an old Tahoka boy and the son of Mr. and Mrs.

W. E. Shawn who is making a fine record as a banker down at Colorado City, has been elected treasurer of the Chamber of Commerce down there. He is an outstanding civic worker at Colorado City and many friends are proud of his achievements. He attended the local schools and got his first banking experience with the First National here.

Mrs. E. J. Collenback, who lives at 305 North Cherry Street, Hammond, Louisiana, sends greetings to all her old Tahoka friends. She says she has not been feeling too well of late. We imagine she would appreciate hearing from some of the home folks. Her late husband was a pioneer Tahoka blacksmith.

Two boys, one 10 and one 9 who live with their parents in the fabulous Shamrock Hotel in Houston felt the call of the wild the other day and decided to camp out and rough it. For a campsite, they chose the rugged wilds of the area next to the swanky hotel swimming pool, where they pitched their tent and started to cook supper with canned heat. But, the canned heat wouldn't work, and one of the boys got a bright idea—he called room service and ordered dinner for two.

Reminds us of one of our fishing expeditions of a few years back in company with a brother-in-law, Grady Howard. Decided to go down to Fort McKavitt and rough it, a few days while fishing on the headwaters of the San Saba. We arrived at Menard late at night, turned west up a dirt road for McKavitt. Never having been there before, we drove and drove, and had about given up finding the place. In the dark, however, we finally found a clearing, pulled off the road a hundred yards, and crawled in our bedrolls. Next morning at daylight we were awakened by the sound of cowbells and the baa-ing of sheep, started to build a fire, when we smelled bacon frying. Rounding a clump of trees, we found we were camped behind a cafe, gave up the idea of cooking breakfast over a campfire, went in the cafe and ordered bacon and eggs. While putting away the cafe-cooked grub, Grady remarked, "I sure do like to get out and ROUGH IT!"

The daily papers say the next chairman of the powerful House Labor and Educational Committee will probably be Rep. Adam Clayton Powell, New York Negro Democrat, a Baptist pastor, champion of the NAACP and Negro civil rights, and recently charged in three indictments of making fraudulent income tax returns. He will succeed a conservative Southerner, Rep. G. A. Barden of North Carolina, resigning the post. We can't blame it all on the Republicans, folks!

Which reminds us that it seems foolish to always be blaming the plight of the farmer on Benson and the Republicans when the Democrats have sufficient majority to do just about anything they want to do in Congress. The trouble is, a lot of our Democrats are not for the farmer—or anybody, as far as that goes, not represented by a powerful pressure group.

What this country needs worse than anything else is statesmanship—men in high office who will stand for the right things regardless of political pressures, men who will stand for something without waiting to see how the wind blows with the Union bosses, the NAACA, the ADA's, the do-gooders, the one-worlders, etc.

The Printer is not a Western music fan, but he happened to tune-in on the Red Foley program on television Saturday, and there was nobody but old Lew Childre,

"the boy from Alabama," whom we have known thirty years or more. Old Lew can still sing and dance and pick the guitar as well as he could when with Harley Sadler years ago.

Dr. Bill Gordon, the eminent Lubbock heart specialist, told A. M. Bray the other day he is finding an amazing number of young boys and girls suffering with heart ailments—an affliction they never suspect they have until they come in for an examination. Dr. Gordon says most of these start out with "strep" throats, which runs into rheumatic fever, which, in turn, affects the heart. Many cases are turning up who never know they had had rheumatic fever, let alone a heart ailment. If your child has a bad throat, he says, check on it carefully, for rheumatic fever and a damaged heart may be next in line. A sore throat seems so inconsequential, but the results can be terrific—and frequently are.

Incidentally, Andy Bray, whose ailment was found in time, has been given the "go-ahead" sign, which means he is over the threat and may participate in athletics to his heart's content.

The weatherman, looking up from the records he had been studying and the reports that had been coming in over teletype, said: "We will have rain tonight. My corns hurt."

Somebody down at Austin wants a survey or a referendum or something to see if the people of Texas prefer a sales tax, an income tax, or more selective sales taxes.

Why not ask about more economy in government and less taxes?—Graham Scandal Sheet.

Somebody's bound to lose in some political campaigns come May 7—and our sympathy goes to those who lose. Not that he's expecting to lose (as are none of his opponents), but Martin (Junior) Wuensch brought in this little gem that has gone the rounds for years:

"Lost four months and 20 days campaigning. Lost 1,260 hours sleep thinking about the election. Lost 40 acres of corn and a crop of sweet potatoes. Lost two front teeth and a lot of hair in personal combat with an opponent. Donated one beef, four shoats, and five goats to barbecues. Gave away two pairs of socks, five dresses, five dolls, and 13 baby rattlers. Kissed 126 babies, kindled 14 kitchen stoves, put up eight stoves. Cut 14 cords of wood, carried 24 buckets of water, gathered seven wagon loads of corn, shocked 475 bundles of fodder, walked 4,000 miles, shook hands 9,080 times

WHY SO HOT? Stop in at your Mercury dealer's and you'll see why fast. For where else can you get so much car for so little money? For example, the Monterey 4-door costs only \$36* more than top models of low-price cars. Where else can you get a car so beautifully clean and trim—and, for that matter, so superbly built—with every car road-tested, not just spot checked.

*Based on manufacturer's suggested retail delivered price for 1960 Mercury Monterey 4-door Sedan v. comparable models of low-price name cars.

The World's Most Widely Used Devotional Guide

The Upper Room

THE UPPER ROOM, NASHVILLE, TENNESSEE

(We) speaking the truth in love, may grow up into him in all things, which is the head, even Christ. (Ephesians 4:15.)

I watched my daughter take her first steps alone. She faltered across the floor from one firm support to another.

No one said that she knew all there was to know about walking. Now, after months and years of practice, she walks and runs. She has walking ability far beyond what she knew that day when she took her first steps.

It is a thrill when a new Christian takes his first step of faith by accepting Jesus Christ as his Saviour and Lord.

No one would say that this new Christian knows all there is to know about walking with Christ. Months and years of practice in being His disciple are necessary to help him walk better. Prayer, Bible study, witnessing, sharing—all are steps in Christian living. Every Christian can ever be learning more and more by walking with Christ.

PRAYER: Heavenly Father, help us learn how to walk with Thee. Forgive us when we falter, because of our weakness or careless way of living. Grant that we may not become discouraged by the slowness of our spiritual growth. May we walk more and more as faith with Him. In His name. Amen.

THOUGHT FOR THE DAY

MELVIN WUENSCHÉ

"Why have a complete soil and water conservation plan?"
Once, I watched the building of a small business house. The owner, hoping to cut corners, didn't get an architect to draw up a plan. As a result there have been many times when such things as doors and windows had to be re-located, new electrical outlets installed, or old ones moved.

A farm or ranch plan is even more important. Damage to the land can be very costly before a man catches up with the mistakes of doing the right thing at the wrong time.

A complete farm or ranch plan is the way a farmer or rancher, truly wanting to do a conservation job will go about it.

Spur Wins Both Games Friday

Spur nosed out Tahoka in a pair of conference basketball games Friday night, the boys winning 47 to 44 and the girls 32 to 28.

Spur boys took a 13-9 first quarter lead, but Tahoka had a fine second quarter to lead 23-17 at half time. However, Spur came back strong in the third to take a 36-33 lead to go on to a 47-44 victory.

Tahoka boys had trouble scoring, with only Frank Greathouse getting into the double figures with 23 points. Nearest to him was Gerald Short with six. Spur had three boys scoring consistently, David Albin with 15, Freddie Walker with 14, and Don Morrison with 10 points. Actually, Spur won the game at the free throw line, making good on 13 of 28 free throws, while Tahoka made good on 8 of only 14 free throws.

Coach Jake Jacobs used 10 boys in attempting to find someone who could score.

Coach J. D. Atwell's girls also played Spur girls a close game all the way, leading 9-6 at end of the first quarter, but behind 15-14 and 21-18 at end of the second

In a close game, the Eighth Grade girls won 13 to 10, Nancy Inman hitting for 6 points and Linda Thomas 5.

Tahoka's only defeat was when the Eighth Grade boys fell to Frenship 10 to 11. Hneary Chapa had 4 points.

and third. Janice Powell led Spur with 19 points, while Tahoka scoring leaders were Loretta Short and Jerri Wyatt with 9 each and Kay Halamicek with 8.

Tahoka Boys Defeat Slaton

In two very close basketball games Tuesday night, Tahoka boys nosed out Slaton 40 to 38 and Slaton girls took a 39 to 31 victory that was closer than the score indicates.

The 3-AA conference games had been scheduled for play in Slaton but were moved to Tahoka because of damage done to Slaton gym recently in a gang fight at the Slaton-Levelland Negro basketball game. Tahoka will play in Slaton on February 12.

The boys game was close all the way with Tahoka holding a slight edge most of the time. Tahoka led 12 to 11 at end of the first quarter, it was tied up 20-20 at the half, and Slaton led 35-33 at end of the third. The score was tied at 30-30 in the third and at 38-38 in the fourth. With the score 40-38, Tahoka managed to control the ball the last two minutes and forty seconds to win. However, in the third period, Slaton had led as much as five points.

Slaton almost won the game on free throws as Tahoka committed 26 fouls to Slaton's 17, and Slaton made good 20 free throws to Tahoka's 13. Tahoka lost Larry Spruiell, Gerald Short, and George Adams on fouls, and Slaton lost David Bishop and Tom Claiborn by the foul route.

Only two boys, one on each team, scored in the double figures. Frank Greathouse had 19 points to lead Tahoka scoring, and James Cole had 15 for Slaton, 11 of his points on free throws. For Tahoka, Spruiell had 2 points, Short 2, Adams 6, Paul Ford 5, Fred Hegi 2, Perry Flippin 4, and Gerald Huffaker and Douglas McClellan failed to score.

Tahoka girls also led much of the time, but as has been the case in so many games, the girls couldn't score in the fading minutes. In fact, the score was tied 27-27 with less than four minutes to go, and Slaton went on to win 39-31. The score was 7-7, at end of the first quarter, Tahoka led 16-14 at the half, and the score was tied 24-24 at end of the third.

Kay Halamicek of Tahoka won scoring honors with 23 points, while Donna Wilke of Slaton had 20 points.

Tahoka Teams In Play At Wilson

Although losing in each instance, Tahoka B team boys played two close games in the Wilson tournament last week end, but the A team girls won one game and lost one very close contest.

The boys opened with a 35 to 31 loss to Wilson B Boys as Perry Flippin flipped in 15 points and Fred Hegi 8 for Tahoka. Benavidez had 12 and Walton 11 for Wilson.

The B team boys Saturday lost in the consolation semi-finals to Cooper 49 to 36 after having taken an early lead. Hegi scored 12 and Flippin 7 for Tahoka, while Jenkins had 16 for Cooper.

Tahoka's A team girls trimmed Post A team 50 to 32 in the opening game. Kay Halamicek led Tahoka scoring with 19 points, followed by Loretta Short with 17. Ramsey led Post scoring with 10 points.

In a thriller Saturday evening, Tahoka lost a close game in the last five seconds to Lorenzo girls 38 to 39. Tahoka was leading 38 to 37 when a Lorenzo girl stole the ball and drove for a successful shot as the game ended. Halamicek scored 18 and Short 8 for Tahoka, while Pinkert of Lorenzo won game honors with 26 points.

Martha Curry, Tahoka's stellar guard, was named to the all-tournament team. Also making the team were Linda Roper and Doris Lamb of Wilson.

Wilson boys and Lorenzo girls won the tournament titles, while Lorenzo boys and Wilson girls came in second. Cooper and Post girls won consolation.

"Moe" Hodges coaches the Tahoka B team boys and J. D. Atwell the girls team.

In the boys division Wilson outscored Lorenzo for first place and Lorenzo took second. Cooper won the consolation place.

All the home town people were proud of the players that were placed on the all tournament team. In the girls division Linda Roper and Doris Lamb won the awards and the boys were C. W. Sloan and Bobby Wied.

Post Here Tonight, Floydada Tuesday

Tahoka boys and girls play the Post Antelopes here tonight, Friday, and next Monday will entertain the Floydada Whirlwinds. The girls' game in each instance will start at 7:00 p. m., followed by the boys' game.

Post boys are undefeated in District 3-AA conference play, having rolled over Spur, Slaton and Floydada. Their attack is built around Scottie Pierce, one of the top boys on the Plains this year. Tahoka girls last week defeated the Post girls in the Wilson tournament.

Floydada also has a top boys team and a better girls team than in the past. Tahoka lost in games at Floydada on January 15.

These will probably be the last home games for the local teams. Tahoka has an open date on Feb. 5, Coach Jake Jacobs is trying to fill. Tahoka goes to Spur Feb. 9, to Slaton Feb. 12, and to Post Feb. 16.

According to x-ray pictures made last Thursday at Methodist Hospital in Lubbock, the broken bones of Mr. and Mrs. Jarrell Cox of 1320 E. Reppto, Brownfield, are healing nicely, and only time is necessary for them to be restored to normalcy, says their doctor.

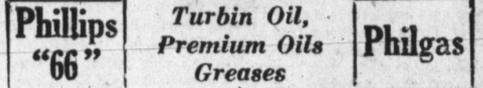

The Coxes were seriously injured in a car wreck in Kilgore December 4, and remained in Kilgore Memorial Hospital until December 29 when they were transferred to the Lubbock hospital. Mr. Cox had a broken neck and

spine injury, two broken ribs, a cut on the head. His wife had three pelvic fractures, a lower spine joint out of place with ligaments pulled, and dislocated left shoulder, a bladder laceration, and a cut over the left eye.

Their 1959 Buick collided with a 1960 Ford convertible. Both cars were totally demolished. Mrs. Cox says it was such a close call and they feel thankful to be alive.
