Highway Dept. States Route Through Tahoka Is Planned

Territory Exchange Between Post and Tahoka Districts Nearing Completion

Details of the exchange of territory between the Tahoka and Post school districts were just about completed at a meeting here Thursday of last week at a meeting of the county school boards of Lynn and Garza counties and a representative of the Terry county board.

In the exchange, Tahoka district is trading six sections of land from the eastern part of the old Grassland school district for eight sections out of the western part of the old Garnolia district, principally that formerly in the still older Magnolia district.

The exchange has now been approved by Tahoka and Post boards and the Lynn county and Garza county boards. Terry county is involved because of the fact that the Tahoka district extends over into that county. Approval is expected to be forthcoming from the Terry county board, which will make the trade final.

Purpose of the exchange is to "square up" the Post and Tahoka districts in order to better serve patrons and also to better satisfy those patrons.

Beginning eight miles east of Tahoka, the Tahoka district gets the north halves of Sections 527, 556, and 1368, lying south of US 380 and extending to Central Church.

Lying north of this highway, Tahoka gets all of Sections 522, 561, 562, and 504, the east halves of Sections 503 and 521, and the west halves of Sections 1412, 1472, and 1370. This land covers territory extending north three miles from the highway and extending eastward two and a half miles to within a half mile of Central Church.

In the exchange, Post receives from the eastern part of the Grassland district, lying along the county line, all of Sections 1365, 1366, 552, 1361, and 1362, the southwest one-quarter of Section 1322, and approximately 100 acres each out of the western sides of Sections 1324, 404, 406, and 1359.

Texas Highway Department plans to build the new four-lane divided freeway through Tahoka, east of the business section, along Doak Street.

This information was conveyed to Mayor H. B. McCord Sr. Tuesday in a letter from O. L. Crain, District Five Engineer, of Lubbock.

The letter was in reply to an inquiry if the State Highway Department may have changed its mind and may intend to build west of Tahoka.

The letter follows: "Reference is made to our correspondence of a recent date in which you questioned the Department's intentions on the building or location of U. S. 87 through Tahoka.

"This is to advise that the Highway Department's plan is to build a highway along Doak Street as originally contemplated when the first bond issue was voted a few years back. The only way that this location can now be changed is by petition from the City Council, the County Court, the Chamber of Commerce and any other business men's clubs in existence in Tahoka.

"Yours truly, O. L. Crain, District Engineer, District Five, Texas Highway Department."

 THE UPPER ROOM, NASHVILLE, TENNESSEE

Bless the Lord, O my soul, who redeemeth thy life from destruction. (Psalm 103:2,4.)

A young surgeon and I had been bobbing up and down among the ocean waves, as one after another they formed and spent themselves upon the sandy beach. Now we were walking along the seashore.

"The sea's so strong and restless," I said.

"Yes," the surgeon replied, "and so old."

"Compared to the ocean," I added, "we seem so small and weak, and our lives so short."

"True," the surgeon said, "but in God's sight we are of more value than the ancient ocean."

"Can it be," I asked, "that our earthly lives are really important since they are so brief?"

"Put it this way," the surgeon answered: "the ocean points up the importance of life and the value of time because we have here so few years for living."

The experience of all Christians is that we can add to the value of our lives by dedicating them to God. We can redeem our time by putting heart and hand into work that shows our devotion to Christ and our love for our fellow-men.

PRAYER: Our Father, we thank Thee for the gift of life. Help us to dedicate ourselves to Thee. Guide us in the use of our time. Teach us to honor and glorify Thee by using unselfishly the talents Thou hast given us. In the name of Christ our Redeemer. Amen.

Miss Joanne Gandy Becomes Bride Of E. M. Hammonds Jr. In Saturday Rites

Miss Joanne Gandy became the bride of E. M. Hammonds Jr. in a ceremony read in the home of the bride's parents at 7:30 p. m. Saturday. The Rev. D. W. Copeland, pastor of Redwine Baptist Church, performed the double ring ceremony.

Parents of the couple are Mr. and Mrs. W. G. Gandy Route 1, and Mr. and Mrs. Edgar Hammonds, also of Tahoka.

The bride, escorted by her father, wore a gown of imported tulle and Chantilly lace designed with a scalloped Sabrina neckline embroidered in sequins and seed pearls. The brief sleeves were complimented by matching lace mitts. The slim bodice stemmed a billowing waltz length skirt of tulle, featuring a panel of lace, both front and back, and small appliques of lace graced the sides. A fingertip veil fell from a cello of pearls, and the bride carried a bouquet of white feathered carnations atop a white pearl Bible.

Miss Geanne Gandy, maid of honor, and Miss Gilda Gandy, bridesmaid, both sisters of the bride, wore identical red dresses which were designed with scoop necklines with tiny cap sleeves and full pleated skirts. Both carried white carnations.

Kenneth Ethridge served as best man and Gary Pilkinton of Lubbock was groomsmen.

Music for the ceremony was provided for by Mark Pair, pianist from Lubbock, and Miss Marilyn Carmack, soloist.

Revival services will begin Sunday, Feb. 28, and continue through the following Sunday, March 6. New S. S. Class

A new Sunday School class for young adults has been formed at the First Methodist Church with P. G. Vander Linden as the teacher.

Mr. Vander Linden, 106th district court reporter, is one of the outstanding Bible students of the area.

The class is open to all those just above high school age, including married couples, single business men and women, and college students.

Valentine Party At Special School

The Special School of Tahoka had a Valentine Party Friday, Feb. 12. Mrs. Silas Rusk of O'Donnell and Mrs. Gene Marak of Abilene were hostesses for the occasion.

They served heart shaped cookies and pops to everyone present. They also brought Valentine caps, gum and favors. The dining table was decorated with a table cloth depicting Valentine.

During the week the children made an owl-fashioned Valentine box and filled it with Valentines. Mrs. Rusk opened it and called the name of the child to whom each Valentine was addressed.

Since the school now has three rooms and a workshop, the children played inside.

The guests shared in the happiness and pleasure of the precious children. —Margaret Renfro, teacher.

WASHINGTON'S BIRTHDAY . . .

Should be a reminder to us of the principles of democracy advocated by our founding fathers that have made our country great . . . and also a warning to us that we are gradually abandoning those principles for a centralized socialistic system such as has led to the fall of countless nations in the past.

Boys Basketball Schedule Ends

Tahoka boys ended up the season with two losses and one victory since Thursday of last week.

Friday night, the boys lost to Slaton there 74 to 48. Frank Greathouse had 14 points and Paul Ford had 10, but this was Slaton's night as the Tigers ran past the Bulldogs.

Frank Greathouse, Tahoka's leading scorer for this year, sprained an ankle in the Slaton game and was unable to play in the Bulldogs' two remaining games with Spur and Post.

Monday night, in the make-up game at Spur, Tahoka took a very close 43 to 42 victory over the Bulldogs of that school, as Spur almost caught up in the fading minutes. By quarters, Tahoka led 11-7 at end of the first, 22-17 at the half, and 30-25 at the third. Gerald Huffaker led Tahoka scoring with 16 points and Paul Ford had 11, while Don Morrison led Spur with 12 points.

Tuesday night, the Bulldogs closed out their 1960 schedule with a 66 to 38 loss to the District 3-AA championship Antelopes at Post. Curtis Didway led Post scoring with 19 points, while Tahoka scoring was led by Craig Leslie, a freshman, who had eight points, and Perry Flippin, a sophomore, who had six.

Coach Jake Jacobs used 17 boys in the game, almost clearing his bench, with freshmen and sophomores playing a great part of the second half.

Following the game, the squad honored two seniors, Paul Ford and Gerald Huffaker, by electing them captains for the year.

Tahoka Girls Complete Season

Tahoka girls wound up the 1960 basketball season Tuesday night, losing three games since last Thursday but showing continued improvement and offering fine prospects for future years.

Coach J. D. Atwell loses only two first-stringers next year, Rebecca McCristian and Sunny Gibson, guards. Among the top girls returning will be Guards—Nedra Roberts, Martha Curry, Paula Wood, and Diane Falls, and Forwards, Kay Halamicek, Judy Thomas, Loretta Short, Melissa Reese, Brooksie Reese and Jerre Ann Wyatt, the latter two being freshmen who have been coming along rapidly.

Friday night, at Slaton Tahoka lost 58 to 43. Dunn led the Tigerettes with 20 points and Pickens had 15 while for Tahoka Thomas also scored 20 and Halamicek 12.

Monday night at Spur, the Tahoka girls lost 57 to 45. Thomas was high again with 18 points for Tahoka, Halamicek had 10, Short 8, and Wyatt 9 points. For the victors, Janice Powell had 23 points.

Climaxing the season was the game at Post Tuesday night, one of the best girls' games played by a Tahoka team in a long time, although Tahoka lost 52 to 51. The game was that close all the way, the score being tied 11-11 at the end of the first quarter, Post leading 28-27 at half and 40-37 at the three quarter mark. Tahoka tied it up 43-43 midway of the final quarter. With a half-minute to go, Tahoka led 51-49 but a Tahoka girl fouled with 22 seconds left, Post made good on one free throw, missed the second, and another scored a field goal with 5 seconds remaining. At no time in the game did either team lead more than five points.

Wyatt had 18 points, Thomas 17, and Halamicek 12 for Tahoka. For Post Peggy Ramsey had 20 points, Glenda Whittenburg 19, and Anne Morris 13.

Both teams hustled all the way, and the game's outcome was a toss-up until the final seconds.

Also playing were Judy Terry, Helen Montemayer, and Lillie Chapa.

Tahoka Seventh Grade boys took a convincing 38 to 19 victory over the Post boys. Tahoka boys did a fine job offensively moving the ball and shooting, and also played well on defense. A. G. Funds Needed For 4-H Work

Wilmer Smith of New Home has been appointed Lynn county chairman of a fund raising drive to support the Texas 4-H program on a state-wide level.

Purpose of the new set-up is to strengthen the program at the state level. Although a great amount of money is not needed, some is necessary, for example, to send state delegates to national conventions.

Funds will be used for the following six announced purposes, which have been borne in the past by the boys and girls themselves or by other individuals: Expenses of 4-H Roundup, 4-H adult leader development, international youth exchange, 4-H representation in designated state and national activities, such as delegates from Texas to Chicago and Washington meetings, citizenship training, and State 4-H Congress.

Mr. Smith will appreciate voluntary contributions to the fund.

Tests Made In Hard Water Area

Two specialists from the Extension Service, College Station, were here Friday to meet with County Agent Bill Griffin and farmers from the area west of Draw in preparation for a study of the "hard water" area.

They were Dr. Wm. F. Bennett, soil chemist, and Ben Spears, agronomist.

Irrigation farmers of the area have been having cotton germination trouble due to hardness of the water.

The men took soil samples which they will analyze. As a result, they hope to come up with some soil treatment recommendations that will increase production.

Alton Cain Raises Timber Used For Furniture He Sells

Alton Cain, local furniture, appliance and hardware dealer, may be selling some furniture made from timber produced from his own land.

A few days ago he bought a stock of oak baby beds, manufactured by Cloud Mfg. Co. of Mountain Grove, Mo.

Several years ago Alton bought 40 acres of timber land near West Plains, in the scenic Ozark Mountains of southern Missouri. Just recently he made a deal to have the oak harvested for delivery to a mill that furnishes the material to Cloud Mfg. Co., from which the baby beds are made.

Therefore, Alton will likely be selling baby beds in Tahoka made from oak taken from his Missouri farm.

He says the contract for cutting timber on his place includes both red and white oak, and the man doing the cutting will also sell post oak for bridge timbers and hickory for tool handles, if he finds a market.

Each summer Alton and some of his family goes to the Missouri place for a little vacation and to fish in Norfolk Lake on the nearby White River. Another coincidence is involved in this story. On one of these trips, he met J. V. Cloud Jr., and Mr. Cloud took him through his flooring mill at White Plains. It now turns out that Mr. Cloud is the same man who builds the baby beds at Mountain Grove.

Missionary Will Speak Tuesday At Grassland Church

Grassland Church of the Nazarene will have as speaker Tuesday night, Feb. 23 at 7:30 p. m., the Rev. John H. Wise, missionary to South Africa, now on furlough in the states, doing deputation work in churches of the denomination.

His wife, also a missionary to South Africa, is also in the states but is doing work elsewhere at the present.

They have been stationed since 1954 at Acornhoek, Eastern Transvaal, engaged in general missionary work, supervising the district building program and assisting with farming.

In deputation work, they will tell of the missionary activities, encourage support of foreign missions, and challenge young people to full-time Christian service.

The Wise family first went to South Africa in 1946 and were assigned to Swaziland. They came home on a first furlough in 1953.

Rev. Wise graduated from Pasadena College, Pasadena, Calif., and

Car Inspections Slow In County

Motor Vehicle Safety inspections in Lynn County have slowed to a snail's pace as only 663 vehicles were inspected during January.

The inspections brought the total checked since September 1, when this year's sticker went on sale, to 1724 or 25 percent of the 6990 registered vehicles in this county.

Captain Alan Johnson, Supervisor of the Motor Vehicle Inspection Service in this Region of the Texas Dept. of Public Safety has urged vehicle owners to have their vehicles inspected as early as possible to avoid delays in the last minute rush.

In past years crowds during the last few days before the deadline have lined up for several blocks waiting to get into the inspection stations.

The safety inspection sticker which must be on all registered vehicles operated over public streets, roads and highways by midnight, April 15 may be obtained at any of the 12 approved vehicle inspection stations in this county.

Chatanoga, formerly a Washington farm team, will operate independently in the Southern Assn. this year.

The Atlanta team in the Southern Assn. will be operated this season by the Los Angeles Dodgers.

also attended Northwest Nazarene College and Nampa Business College, both in Nampa, Idaho. He was secretary of Pasadena College one year.

Mrs. Wise attended Northwest Nazarene College and secured a diploma in nursing from the Samaritan Hospital in Nampa.

They have two daughters aged 9 and 14. The family will live in Upland, Calif., while on furlough.

Everyday Religion

By J. B. Thompson

Hatred has become the world's most expensive luxury. The Second World War cost the world two hundred seventy billion dollars, not to mention the greetic cost in life and suffering.

One United States Senator recently pointed out that in the last war it cost the U. S. fifty thousand dollars to kill each enemy soldier. Yes, the world's hate bill runs high.

The scientists who perfected the first atom bomb immediately expressed their deep concern for the world and one of them suggested the solution in one short sentence when he said, "It is world brotherhood—or else."

For some reason, we still credit the words of Jesus about brotherhood to the fond idealism of a dreamer who didn't know what he was talking about. It is quite apparent that the world still thinks that brotherhood is the bunk.

But brotherhood makes sense, even if we disregard the words of Jesus, which certainly we are unwilling to do. Only a spiritually and intellectually blind person would declare that hatred and ill-will serve any constructive purpose.

But—just belief in brotherhood is not enough. We must also practice brotherhood. We can become quite dramatic and emotional about brotherhood and neighborliness but unless we practice it in our own circle of acquaintances our professions are rather meaningless and empty.

Perhaps the old Indian's observation was correct when he said, "Ugh. Everybody smoke peace-pipe, but nobody inhale." It is time we inhaled a bit of genuine brotherhood and neighborliness.

Revival Starting Here February 28

Sweet Street Baptist will begin revival services Sunday, Feb. 28, which are to continue through the following Sunday, March 6, according to Joe A. Webb, pastor.

Services will be held twice daily Monday through Friday, morning services to be at 10:00 o'clock, prayer meeting at 7:00 p. m. followed with the evangelistic service at 7:30 p. m. Saturday morning services will not be held but a night service will be held at 7:30 p. m. Nursery will be open each evening.

Preaching will be done by Rev. S. Downey Mills, pastor of the Timbercrest Baptist Church in Waco.

Mrs. C. A. Clem, who spent three days in a Lubbock hospital last week, is reported by her husband to be feeling much better.

Henderson . . .

(Cont'd. from Front Page)

He was married at Jacksboro in December, 1895, to Miss Mollie Clayton.

The couple moved out to Haskell county in 1903, and from there to the farm he had bought in southern Lynn county in January, 1906. At the time of his death, he still owned this farm, a half section a half mile east of the present town of O'Donnell, which was established four years after his arrival here. He also acquired a farm in the T-Bar community, which also is still in the family.

The Hendersons moved to Tahoka in September, 1909, and for a time he worked in Hall Robinson's hardware store and later in the Knight & Brashear store. Mrs. Henderson died here in August, 1945. Two years and five months ago, he went to Clovis to live with Mr. and Mrs. Moore, and she had cared for him during his last days. Death was attributed to the infirmities of age.

He was a member of the Methodist Church and of the Masonic Lodge. He was a man who seldom, if ever, offended anyone, and as a result he had many friends.

Survivors include one son, H. D. (Douglas) Henderson of Burbank, Calif.; the foster daughter, Mrs. Moore; one sister, Mrs. Lou Kinder of Bryson; four grandchildren, and five great grandchildren.

Other relatives here for the funeral included two nieces, Mrs. Herman Elliott and husband and Mrs. man Elliott and husband of Andrews and Mrs. "Chic" House and husband of Bryson, and a nephew, Bowman Lewis, also of Bryson.

MANY VISITORS HERE FOR J. H. KNIGHT ANNIVERSARY

Mr. and Mrs. J. H. Knight report they had a big crowd of friends and relatives here Sunday for their 50th wedding anniversary. Friends and relatives from out of the county were here from Leveland, Brownfield, Lubbock, Snyder, and Roby.

They were surprised by the arrival of their daughter, Mrs. Wallace Moffitt, husband and children from California. They had believed the Moffitts would not be able to come.

Fertilizer Tests Results Given

Two cotton fertilizer tests made in Lynn county last year show conclusively the value of applying fertilizer states County Agent Bill Griffin.

George A. Sealy, who farms two miles west of Petty, conducted one of the tests. Mr. Sealy is a former county agent of Borden county who began farming here in 1954.

On his fertilized cotton plot, his crop was destroyed by hail on June 2, and he replanted on June 9. He had about 22 inches of rainfall during 1959, but most of it came before July 6 and after October 1. He irrigated the land on July 26 and August 15.

On an irrigated plot not fertilized, he produced 380.8 pounds of lint per acre.

Following were the results from four plots on which different fertilizer mixtures were used.

1. Using 50-0-0, he produced 408.5 pounds per acre, an increase of 27.7 pounds per acre, which paid a profit of \$3.48 per acre above fertilizer cost.

2. Using 40-60-0, he produced 439.03 pounds, an increase of 48.5, and profit was 6.65 per acre.

3. Using 50-60-0, his production was 450.1 pounds, an increase of 69.2 pounds, and a profit of \$10.18 per acre.

4. Using 60-60-0, the production

was \$24.9, an increase of 44.1 pounds but cost of fertilizing was more and the profit was only \$2.35.

B. H. (Buford) Jones of Gordon, in the east section of the county, applied six tons per acre of cotton burrs, plus 82 pounds of nitrogen per acre, and the plot produced 1125 pounds of lint, or two and a quarter bales per acre.

On his check plot, he applied 82 pounds per acre of nitrogen with no cotton burrs, and the production was 669 pounds of lint per acre.

Applying the burrs cost \$2.50 per ton, but his records show the application of burrs increased the production \$20.00 per ton of burrs applied to the plot.

TENTH ANNUAL PUBLIC SCHOOLS OBSERVANCE PROCLAIMED

TEXAS PUBLIC SCHOOLS WEEK has been proclaimed by Governor Price Daniel for February 28-March 5. Receiving the proclamation for the tenth annual statewide observance is John McKee (right), who has served as State Chairman of the Texas Citizens' Committee for Public Schools Week since the week was inaugurated in 1950. Chief purpose of the observance is to induce more citizens—not only parents but all others—to visit the schools and see for themselves the functioning of our democratic system of education.

Scouting Program At Rotary Club

Jack Orr of Lubbock, a volunteer worker in Scouting for many years, was the speaker at Tahoka Rotary Club Thursday noon of last week in observance of Boy Scout Week and the 50th anniversary of the work in America.

He declared that the American boy wants to know how a thing works and why, if the thing he is doing is worthwhile; he wants to be in demand, to do worthwhile things. Scouting gives the boy this opportunity.

He outlined the seven goals for boyhood strength, as being physical fitness, self reliance, obligation to God, personal responsibility, helping others, willingness to share, and an understanding of the democratic process of life. Seven and a half million men and women leaders and 28 million boys have taken the Scout oath in these 50 years of Scouting in the United States.

On behalf of the Boy Scouts, he presented the Rotary Club, local sponsoring unit of the Boy Scouts and Explorer Scouts with a copy of the book, "Golden Book of Scouting." President Mitchell Williams thanked Mr. Orr on behalf of the club.

Preceding the talk, Scoutmaster Allyn Cox and several Scouts led the Club in repeating the Scout oath.

The program was arranged by Ronald Sherrill and H. W. Carter, and Sherrill introduced the speaker.

tions, he was granted his license on February 3.

Roscoe was married in June, 1957 to Miss Judy Frost, Texas U student and daughter of Mr. and Mrs. R. M. Frost of Beaumont, her father being an executive on the Beaumont Enterprise. They have two children, Kimbra Lee, who will be two in June, and Kelly Lynn, who will be one in June.

Wilson Mexican Mission Enters State-Wide Event

The Mexican Baptist Mission of the First Baptist Church of Wilson has entered the 1960 Texas Baptist Church Achievement program. Christobal S. Pena is pastor of the mission.

The program, sponsored by the Baptist General Convention of Texas, is designed to stimulate interest in small-church work by providing growth incentives. Outstanding achievements by pastors and churches in areas of church, community and world improvement are recognized locally at the annual BGCT convention.

Last year more than 450 Texas Baptist town and country churches entered the program. Some of the churches recorded twice as many baptisms per member as the Southern Baptist Convention average. Others recorded outstanding increases in Sunday School attendance and gifts to missions.

Goals for advancement are adopted by each participating church for the three improvement areas. An inventory questionnaire furnishes suggestions for projects, such as health education, community recreation programs, citizenship training, race relations studies and world missions.

Pastors recognized in each of the denomination's 17 geographical districts receive parchment scrolls and the churches receive achievement certificates which may be displayed in the prominent position.

Churches in the open country and in towns of up to 2,500 population, and all Latin American churches and missions are eligible to enter the program. About two-thirds of the denomination's 3,837 churches are classified as town and country congregations.

Records and scrapbooks are the basis for judging on the associational, district and statewide levels.

Darwin Farmer, direct missions associate for the BGCT, Dallas, is in charge of the program. He said "the enlistment of a church's total membership in active service" is the program's value.

New Pharmacist At Collier Drug

T. L. (Roscoe) Treadaway, recent graduate of the University of Texas School of Pharmacy, is the new pharmacist at Wynne Collier's, succeeding Bill Ware, who is moving to Kermit.

Ware has bought an interest in one of the two Keystone Pharmacy stores in that city owned by Ken Burroughs. He has sold his home on North Fourth, Roberts Addition, to Treadaway, and he and his wife and two children were moving to Kermit on Wednesday. Bill is having a new home built there which will be completed in April.

Roscoe is the son of Dr. and Mrs. T. L. Treadaway of Brownfield, and was born and reared in that city, where he graduated from high school in 1953. In high school he lettered in football, basketball, and tennis.

He next attended Kemper Military Academy, where he lettered in football, tennis, and golf, graduating in 1955. At the University of Texas, he graduated with the B. A. degree in Bacteriology in 1957, and this past January received his B. S. degree in pharmacy. On taking the State Pharmacy examina-

WORTH MORE BECAUSE THEY WORK MORE!

Compare this list of Chevy advances with the features ordinary trucks are still talking about. You'll see why Chevy trucks get more work done in a day... why they go extra thousands of miles before trade-in time. These Sturdi-Bilt Sixties aren't just new, they're a full scale revolution!

TORSION-SPRING RIDE

Each front wheel, suspended independently of the other, is free to step individually over bumps. And shockproof torsion springs up front soak up the jars and jolts before they reach the body. With three rugged new tailored-to-the-truck rear suspensions to further reduce road shocks, Chevy gives you the smoothest truck ride you've ever felt.

NO SHIMMY, NO WHEEL FIGHT

Drive a '60 Chevy. Just once. Right away you'll notice the absence of I-beam shimmy and wheel fight common on ordinary trucks.

With independent front suspension there's a brand-new, smoother, easier handling feel behind the wheel.

CABS FOR BIG GUYS

Big guys get a bigger break in a Chevy cab. There's plenty of space inside to stretch out and relax; more room for hats and hips, more room for wide shoulders and long legs. There's horizon-wide visibility through a windshield with 26% more glass area; a new see-at-a-glance instrument panel. Cabs are safer, too, up to 67% more rigid.

Larry Edwards In H-SU Chapel Choir

Larry Edwards of Tahoka, a freshman in Hardin-Simmons University, is a member of H-SU's Chapel Choir, 39-voice group that provides music for student assemblies and other programs.

Edwards, 19, is the son of J. B. Edwards, Route 4, Tahoka. He is a tenor in the Chapel Choir.

The Choir sang in Spur, Childress, Quanah, Wichita Falls, Electra, Archer City and Graham on its annual spring tour Feb. 14-17.

Jimmy Harter Is Coming Home Soon

Jimmy Harter, grandson of Mrs. H. C. Harter Sr. of Tahoka, will complete two years and five months of service in the Army March 7. He has been stationed at Gessen, Germany the past 18 months and will sail from Germany to the States where he will arrive around March 20. He will receive his discharge in Sheridan, Illinois upon his arrival.

If we made Gladiola Flour for Zigzag, Ore...

it wouldn't need to be quite so good

...but we make it for you

Gladiola Land is just a little bigger than Texas. What's it famous for? Biscuits, cakes and pies turned out by the best home bakers in America.

When it comes to flour, these ladies are as choosy as a princess picking a husband. Only snow-white Gladiola Flour is good enough. So, naturally, it outsells every other brand.

If you're from Zigzag, Ore., we hope we haven't hurt your feelings. We just wanted to make sure you realize that Gladiola Flour is different. It has to be. And by the way, it costs only about 1/2¢ a day more than the cheapest flour.

Printer's Ink-lings . . .

By F. F. H.

A peculiar situation exists in the local school system which will result, if something unforeseen does not happen next year, in the Tahoka schools dropping from Class AA to Class A for Interscholastic League competition by 1961-'62.

High school enrollment has dropped to about 200, although the total enrollment has shown an increase the past two years. The increase has been in the lower grades. Even school officials are at a loss to explain the drop. Some of the loss in high school is due to the fact that a higher percentage of Latin-Americans are making this their year-around home, and many of the latter are failing to

follow-through their education into the high school grades.

The latter fact points up another change that is taking place in Lynn county. More and more of the farm owners are selling out to bigger farmers, and more and more farm owners are moving to town. Farm hands, mostly Mexicans, are remaining on these farms—if any one remains at all.

Took a drive toward Draw recently, and we were shocked at the number of farm homes in a once thickly-populated area, especially around Redwine, that have been abandoned. With paved roads, electricity and telephones, and fast cars, one wonders why so many people are deserting farming for town-living. Still stranger to us is why an aged couple will move to a city, like Lubbock, leaving friends and acquaintances of a lifetime and the advantages of small town and community life to join a throng of strangers among the hub-bub of the big town. Of course, some of these people move to the city because they have children there—but the others we can't understand.

One elderly lady who moved to Lubbock a number of years ago told us a while back it was the biggest mistake she ever made. Now, about the only touch with friends she has is by "visiting over the telephone." She no longer feels safe driving a car in the heavy traffic, many times she can not even get to the grocery store, and when she does she either has to

ALBERTINE B. CASTLE JOINS GLADIOLA

Sherman home economist, Albertine B. Castle, who has achieved top rank in her field in Texas, has been named director of home economics at GLADIOLA.

In her new capacity, Mrs. Castle will work closely with home economists over the state, acquainting key persons with qualities of GLADIOLA baking products. She also will have charge of recipe testing and development, and will work with advertising and sales departments in developing and judging recipes for inclusion in GLADIOLA advertising.

She will work closely with the laboratory and milling technicians in quality testing and control.

In 1958, Mrs. Castle, the former Albertine Berry, was named Home Economist of the Year by the Texas Home Economic Association. She is past president and presently treasurer of the state home economics group, and is also past chairman and still a member of the Texas State Nutrition Council.

Her first position after graduation from North Texas State College, Denton, was as home service director for a San Antonio, company. She then became director of home economics for Lone Star Gas Co., Dallas. She held this position 13 years, during which she became known for her radio shows.

Mrs. Castle has made frequent guest appearances on television. She and her 10-year-old son, Sterling, and her mother, Mrs. Maye Berry, live at 1611 North Lockhart.

walk 10 blocks, call a taxi, or impose on friends or neighbors. She says she entertains herself by sewing and watching television day in and day out and attends church via television. Her story was kind of pitiful.

Lewis Cowan, a third generation of the pioneering W. C. Cowan family of Lynn county, is starting out to write the history of this pioneering family. His wife is working on a history of the family of her grandparents, Rev. and Mrs. Ben Hardy.

Judy Treadaway, wife of the new pharmacist, T. L., at Wynne Collier's was an interesting visitor at The News. She is a member of a newspapering family and just had to come in to get the smell of printer's ink. Her daddy is vice president and treasurer of the Beaumont Enterprise, and she had started out in journalism at Texas University when she met and married T. L., a pharmacy student from Brownfield, whose daddy is a prominent physician of that city. Surprisingly, Judy was not too upset by the terrible sandstorm Tuesday of last week. She said she'd just as soon see a little sand as all that rainy weather they have down at Beaumont.

W. H. Williams last Thursday sent his wife off to California to visit her son, stationed at an air base near San Francisco, and is doing his own cooking for a while. He invites any of the boys who is tired of his wife's cooking to come over and eat with him.

The county lost another of its fine pioneer citizens with the passing of Howard Henderson. Cheerful to the last, Mr. Henderson was one of the early settlers who helped develop this into a fine county.

A West Texas cowpoke walked into a bar and said: "Gimme a sidewinder with four rattles." The bartender dumped huge slugs from four bottles into a mug and slid it down the bar. The cowpoke tossed it off in one gulp. Just then a cyclone hit tearing off the roof and the front of the saloon. The cowpoke blinked, slammed the mug down on the bar and said: "Gimme another. Man, you sure know how to mix a drink."

Two women who had once been neighbors met on the street after not having seen each other for several years. "My," said one, "I would hardly have known you—you look so much older." "I wouldn't have recognized you, either," said the other, "except for your hat and dress."

A little boy had been climbing the tree in the back yard, and for the second time that day he came in with his blue jeans torn. "Go upstairs and mend them yourself," his mother ordered. Later, repenting somewhat, she went up to see how he was getting along. His pants were thrown on the bed but there was not a sign of the child. Puzzled, she came downstairs and noticed that the cellar door was ajar. She stuck her head in the door and called angrily. "Are you running around down there without any pants on?" "No, lady," said a deep voice, "I'm only reading the gas meter."

Did you know that the U. S. imported 125,000 bales of cotton from August through December, 67,000 bales from Egypt, 8,000 from Mexico, 15,000 from Peru, 2,000 from India, 1,000 each from Sudan, Brazil, and Pakistan?

LOCAL MEN FISHING AT FALCON AS STORM STRIKES
A number of local men were fishing at Falcon Lake, down on the Mexican border, when the snow storm struck that area last week. In fact, some of them were still down there early this week. John F. Thomas, member of one of the parties, reports fishing for sand bass was excellent and some black bass were being taken. Among those fishing at Falcon were: Thomas, Calloway and Wayne Huffaker, W. T. Kidwell, Jack Fenton, Albert Curry, F. E. Redwine, "Sonny" Roberts, Lewis Ailsup, Stanley Odom, Lester Miller, Clint Sikes, and Blanche Sherrod.

THE STATE OF TEXAS
To the Sheriff or any Constable of Lynn County, Texas.—GREETING.

Now comes your petitioner, Madeline C. Hegi, joined by her husband, F. B. Hegi, of Lynn County, Texas, and respectfully makes the following representations to the Court, to-wit:

1. That she owns all of the following described blocks designated by numbers, in the Lockwood Addition to the Town of Tahoka, Lynn County, Texas, as said blocks are shown by the map and plat of said Lockwood Addition, recorded in Volume 19, Page 21, of the Deed Records of Lynn County, Texas, to-wit:

2. Petitioner says that none of said lands above described in Paragraph One are situated in an incorporated City or Town.

SANDERS STREET, as it extends to the City of Tahoka, Texas, and described in Paragraph One, to the Northeast corner of Block 13 and the Northwest corner of Block 14, said street being 80 feet in width and being fully set out and described in the plat of said Lockwood Addition in Volume 19, Page 21, of the Deed Records of Lynn County, Texas.

Petitioner says that none of said streets and portions thereof above named are used by the public for

WHEREFORE Petitioner prays the Court that notice of this petition be given as required by Article 7227, Revised Civil Statutes of Texas, and after such notice shall have been published as the law requires, that the Court hear and act upon this petition at the next regular term thereof after such publication, and that upon such hearing the Court shall make and enter its order cancelling so much of said subdivision known as the Lockwood Addition to the Original Town of Tahoka, Texas, as covers and includes the above described property now belonging to your Petitioner, and the streets and portions thereof, as above described, and authorizing the owner of said land, by written instrument such as is required by law, to cancel said subdivision to the extent defined in this petition and designated in such order of the Court, and record the same in the Deed Records of Lynn County, Texas, and authorizing and directing the Tax Assessor of Lynn County, Texas, thereafter to assess such property so thrown back into acreage property, as if it had never been subdivided and platted into blocks and streets, and otherwise to pursue the authority and requirements of said Article 7227, Revised Civil Statutes of Texas.

In the alternative, as respects such cancellation, your Petitioner prays that the Court at such hearing order and permit the cancellation of so much of said Lockwood Addition to the Original Town of Tahoka, Texas, as the Court shall deem proper.
