EXPECT 450 AREA SENIORS

Twelve Vocational Fields To Be Explored At Career Day April 8

Twelve vocational fields will be explained, plus the various armed forces opportunities to approximately 450 high school seniors at the annual Career Day Conference to be held here in the Muleshoe high school auditorium on April 8. Sponsored by the Muleshoe Chamber of Commerce committee on education, the conference is designed to acquaint seniors with opportunities in the different vocational fields, and to answer their questions.

J. V. Peeler, president of the Chamber, said, "We hope to help the graduating seniors of the area high schools make up their minds about what professions or careers to choose after they finish high school. We have secured what we believe are outstanding leaders in the various professions, who will explain their work, the opportunities therein, and answer questions posed by the students."

Arrest 18 In Raid On Gambling Saturday Night

Eighteen Latin-American gamblers wound up in county jail Saturday night, when county officers broke up two gambling games almost simultaneously.

Sheriff Dee Clements raided the game and had so many prisoners he had to call for assistance in making the second raid.

A Muleshoe man is also in county jail facing five felony check warrants from as many counties.

Walter Raz Renfro, and Sheriff Dee Clements went to the man's home Wednesday night, and while his wife was showing her ranger where her husband was in Utah on a road map, the sheriff went in the house and found him hiding behind the curtains.

The man is wanted on check warrants amounting to several thousand dollars.

Other arrests during the week were made on the following charges: two DWI, six investigation, four drunk, one lony theft and one forgery, in addition to the 18 for gambling.

H. A. Reynolds Resigns As Bula Superintendent

H. A. Reynolds, for 11 years superintendent of Bula school, announced his resignation at a meeting of the Bula board of trustees on the evening of March 26.

Joseph A. Turner, who has been teaching in the Floyd, N. M., school system, was given a two year contract as superintendent, replacing Mr. Reynolds.

The board voted to postpone election of teachers for next school year until April 23, after the trustee election.

Mr. Reynolds resigned because he felt that at his age he would like less responsibility than required of a superintendent. He plans to teach, until he reaches retirement age. He will finish the current school term at Bula school.

The Reynolds' daughters both attended Bula school, and Carolyn is now teaching home making in Hereford schools, while Sammy will finish high school at Bula this May.

Mr. Turner taught in the Bula schools during the 1951 and 1952 school terms before going to New Mexico.

Bailey Ranks 12th In Bales Ginned In Texas For 1958

Bailey county ranked 12th in the state in total bales of cotton ginned for the 1958 crop, according to a report issued this week by the U. S. Department of Commerce, Bureau of Census. Bailey county had an official 90,927 bales from the 1958 crop, an increase of 18,386 bales over the official 1957 crop figure compiled by the Bureau.

Counties in Texas with more than 90,000 bales included: Cameron, Crosby, Dawson, Floyd, Hale, Hidalgo, Hockley, Lamb, Lubbock, Lynn, Reeves, and Terry.

Total ginnings for the state for the 1958 crop was 4,241,599 bales, an increase over the 3,600,836 of the previous year.

The cancer film, made by the American Cancer Society, will be shown Tuesday, April 14, at 7:30 p.m., in the high school auditorium.

This showing is for business women who have been unable to attend the day time showing previously conducted.

SATURDAY AND TUESDAY School Board and City Council Elections Facing Local Voters

Two elections of mounting local interest are slated for the coming Saturday, April 4, and the following Tuesday, April 7. On Saturday, two trustees will be elected to the board of the Muleshoe Independent School District from a field of six candidates. On April 7, two aldermen will be elected from a field of five candidates.

The school election will be held in the junior high school library. Candidates for the two posts to be filled include incumbent

Paul Scott and Leon Lewis, H. D. Holley, R. E. Ehrldridge, A. J. Lenderson and Harold King. In the city alderman election, less interest is being shown. Candidates in this race include the incumbents Horace Blackburn and Houston Hart, N. L. Johnson, Truman Lindsey and Vance Wagoner.

The city election will be held at the city hall, and J. E. Day will serve as election judge.

FBI Joins In Investigation Burglary Try

All county, state, and city law officers have joined FBI investigators in searching for further clues to the attempted break-in at Muleshoe State Bank Friday night.

County officers said the lock on the back door of the bank building was broken, but entry was not gained. They surmised that the burglar or burglars were after office machines, and similar movable merchandise.

Sheriff Dee Clements said that bank burglary is a federal offense, which called for the entry of the FBI into the investigation.

Cotton Allotment Up For 1959 Through Farmers Choosing B Plan

Bailey county cotton farmers increased their acreage allotments by 11,017 acres through sineups under plan B for 1959, according to information released this week by the Bailey County ASC office. The new county allotment is for 109,582 acres, with 322 farms under plan B, with an official 38,563.4 acres under the plan. Under the B plan farmers increased their cotton acreage by approximately 40 per cent, and cotton produced will be eligible for price support at 65 percent of parity.

Cotton producers on the Texas High Plains by virtue of the "B" choice program for 1959 will have 130,293 additional acres to plant this year giving them a total allotted acreage of 2,265,044.

While participation in the "B" choice program was much lighter than expected by most agricultural observers across the nation, the High Plains

area had about 15.2 per cent participation while the national participation was 15.7 per cent.

Plains Cotton Growers, Inc., members in the 23 counties will have more acreage available to plant this year than was available for planting in 1958. However total allotments last year were greater, 2,279,436 acres against 2,265,044 acres for 1959, but last year farmers put 145,778 acres in the soil bank and there will be no soil bank this year. Also farmers for 1959 took approximately a 6 percent acreage cut. However the ad-

ditional 130,293 acres received by farmers who selected the "B" program pushes the total acreage available for planting higher than that acreage last year.

In Texas farmers who selected the "B" choice will receive an additional 428,121 acres and this pushes the total state acreage available for planting from 6,846,757 to 7,274,878 acres.

Nation-wide farmers who selected "B" received 1,023,529 additional acres and upped the total cotton acreage from 16,310,000 acres to 17,333,529 acres.

Fourth Graders Donate Shrubs To School Yard

Mrs. F. L. Shelby's fourth grade room contributed their P-TA room count winnings toward the beginning of shrubs for landscaping the Richland Hills elementary school campus this week.

The room had the most parents present at P-TA meetings for the past three months, and decided to use their prize money toward the landscaping project.

In a ceremony held Wednesday afternoon in front of the school, the entire fourth grade helped plant a mimosa tree and a pfizer's juniper.

Chamber Urges Support of Industry Bills

The Muleshoe Chamber of Commerce this week sent letters to Senator Andy Rogers and Rep. Jesse Osborn in Austin, urging them to support Senate Bill 152 and House Bill 68, both of which pertain to the creation of a State Industrial Board.

In letters sent the two lawmakers, the C of C urged passage of the bills in their original form, which would create the Board and also appropriate \$100,000 yearly for three years to advertise Texas for industrial development.

On March 25, J. V. Peeler, CofC president, and Bailey county representatives of the Texas Industrial Commission, attended a district 6 meeting in Amarillo.

Ernest Woods, assistant to E. B. Germany, executive director of the commission, was the principal speaker.

Man Jailed On DWI Charge After Wreck

Pedro Rojas is in Bailey county jail, on charges of DWI, following his release from Muleshoe Hospital where he was treated for injuries received in a two car collision Sunday afternoon.

Sheriff Clements said Rojas ran head-on into a car driven by Bobby Burris at the intersection of West Second with Highway 84 Sunday afternoon. Rojas received head injuries, and his car was damaged an estimated \$300. The Burris car was damaged an estimated \$100.

ROBINSON IS WINNER

Muleshoe Boy Named Delegate From Bailey County To The U. N.

BOBBY ROBINSON

Robert Robinson, senior in Muleshoe high school, was selected as delegate from Bailey county for the annual United Nations Pilgrimage in final eliminations held here last Thursday night.

Bobby is the son of Mrs. Jessie Robinson and Pete Robinson, of Muleshoe. A top student, he has been active in football and other sports, Student Council, and other extracurricular activities. Linda Kay Holt, of Bula, was named alternate.

The Pilgrimage is sponsored in Bailey county by the Odd Fellows and Rebekah lodges of Neeledor and Muleshoe. It is the third year that they have selected a youth to go on the Pilgrimage with a large number of youngsters from over Texas.

The trip includes not only a tour of the United Nations headquarters in New York but side trips to many other interesting places around the city and to Washington, D. C.

Seven pupils representing Muleshoe, Three Way, Bula, and Sudan high schools took part in the final contest. Sudan school was included this year for the reason that many Bailey county pupils attend that school.

Judges for the contest were Dr. Golden, president of ENMU, Portales, and two faculty members of the University. Lusky Green acted as master of ceremonies; about 150 persons attended.

Local Banks Pay 3% On Savings

Muleshoe banks have advanced the rate of interest paid on savings to 3%, compounded semi-annually. Officers of both the Muleshoe State Bank and of the First National Bank announced the increased interest rate Monday of this week.

The increase was made effective in many of the banks of the area.

The local banks now offer one of the best savings plans, and for the people of this territory a very convenient one.

LVN School Here Ranks High

West Plains Hospital school of LVN nursing ranked 13 in a class of 61 schools in the state, based on grades received by five nurses who took the State Board March 21. Mrs. Winona Dudgeon, RN, director of the school, announces.

The third class of vocational nursing will begin July 1, Mrs. Dudgeon reported.

Miss Doris Jean Childers, Harold B. Mardis Are Wed

MRS. HAROLD B. MARDIS

The sanctuary of the First Methodist Church was the setting for the wedding of Miss Doris Jean Childers and Mr. Harold B. Mardis at 6 p.m. Thursday, March 26.

The Rev. Edwin L. Hart officiated in the double-ring ceremony before a white kneeling altar banked by palm trees, tall baskets of lavender and white stock, and candelabra holding white tapers. On the communion rail were tall white tapers in groups of seven. The pews of the church were marked with tall white tapers accented by lavender bows.

Mr. and Mrs. M. S. Childers of 817 Ave. D. are the parents of the bride, and the bridegroom is the son of Mr. and Mrs. Harold Mardis of Muleshoe.

Given in marriage by her father, the bride wore a gown of cloud white silk illusion bombazine, designed with sabrina neckline appliqued with re-embroidered atoneon lace.

The molded bodice had three-quarter length sleeves complemented by short gloves and terminated with long torso waistline. The skirt flowed into a chapel train.

The veil of silk illusion was attached to a Juliet cap of lace embroidered with seed pearls. The bride carried a cascade of red rosebuds. Miss Joan Green was maid of honor. Burl Mardis, a brother of the bridegroom, was best man.

Bridesmaids were Mrs. Chunky Ivy of Lamesa and Misses Elaine Evans and Mary Jo Holt. The maid of honor and bridesmaids wore identical dresses of orchid silk organza over taffeta and carried cascade bouquets of lavender gamellias. Flower girls were Rhonda and Sammy Mardis, nieces of the bridegroom.

Groomsmen were Pat Childers, brother of the bride, Darrell Stevens and Jerry Beach of Clovis.

Mrs. Noel Woodley played traditional wedding music and

accompanied Lyndell Fletcher as he sang "The Lord's Prayer."

For her daughter's wedding, Mrs. Childers wore a dress of blue silk bombazine with a corsage of red rosebuds. Mrs. Mardis, mother of the groom, chose a navy blue silk suit and a corsage of red rosebuds.

Wedding Reception
A wedding reception followed in Fellowship Hall. The couple with their parents and members of the wedding party, were in the receiving line. Miss Billie King registered the guests, and at the serving table were Mrs. Jack Dunham and Mrs. John Young. Others in the house party were Mmes. John Watson, Earl Ladd, W. D. Moore, and H. D. King.

For a wedding trip to the mountains in New Mexico, the bride wore a brown suit accented with red accessories. The couple are both graduates of Muleshoe high school and are attending Eastern New Mexico University where Mr. Mardis is a sophomore animal husbandry major and Mrs. Mardis is a freshman business administration major. They are at home at 522 South Ave. E., Portales, N. M.

Gables Host Smith Reunion

Mr. and Mrs. H. M. Gable and sons, F. H., Bill and Bob, Mrs. Wakefield, and Mr. and Mrs. Al Humiston were host for a Smith family reunion on Easter Sunday.

Col. Haynes Describes Qualities And Training For A Good Nurse

Washington, D. C.—"The art and science of nursing must be integrated and be integrated in proper proportions so that the individual is prepared to give the type of care the public expects, the doctor expects, and the nurse, herself, expects," Col. Inez Haynes, Chief of the Army Nurse Corps on Viewpoint, a fifteen-minute radio interview program.

Col. Haynes was born in Saint Rock, Texas, and completed her training at the Scott and White Memorial Hospital School of Nursing before getting her BS degree in Nursing Education from the University of Minnesota. Her permanent address is Muleshoe, Texas.

The Moderator for Viewpoint, the Rev. Dana F. Kennedy, is Executive Secretary of the Division of Radio and Television, The National Council of the Protestant Episcopal Church.

The qualities that a good nurse must have and the training and scope of her work were discussed by Col. Haynes. A school of nursing supplies the blueprints for a successful career but it is only through experience that a nurse acquires the practical tools of her trade. "Knowledge is worthless without wisdom," Col. Haynes explained, "and wisdom comes with practice in the art of nursing."

As for the patient in the hospital, the Chief of the Army Nurse Corps said that one of the greatest needs of a sick person is to talk out his feelings. He must realize that the people caring for him are not only interested in his illness, but are also concerned about

him as an individual and the problems he is faced with when he is sick. "The spiritual and emotional needs of a patient," she added, "in many cases are just as important as a therapeutic need."

"The most gratifying thing in the world," Col. Haynes concluded, "is to see individuals responding to mental and physical care and the satisfaction that they will be better people and better citizens."

tal 1959 of \$131,000." Mrs. Inez Bobo, chairman of Bailey County Savings Bonds Committee has announced.

The total sales in Texas during January and February of this year were \$31,100,328 which represented 17% of the state's 1959 goal of \$182.5 million.

"Top business leaders from all over our nation gathered in Washington recently to hear the President, cabinet members and other governmental leaders discuss our nation's economy and defense position under present conditions. The importance of the Savings Bonds Program to our nation's economic and military well-being was emphasized over and over again by the speakers. I know that the citizens of this county will support our President and our county will surpass its 1959 Savings Bonds sales goal," Chairman Bobo stated.

Bond Sales Hit 17 Percent Of Annual Total

"Savings Bonds sales in Bailey County totaled \$9,039.00 during February. Sales for the first two months of 1959 amounted to \$22,663 which was 17.3% of the county's to-

Mr. Cotton Farmer

May We Recommend The **WET ACID PROCESS** As The Process To Be Used In Chemically Delinting Your Cotton Seed — **HERE'S WHY** —

1. Seed stays in contact with the acid for a period of 30 seconds or less.
2. Water is used as a neutralizer.
3. Does not eat the bags.
4. Wet and green seed can be safely delinted.
5. Seed can be safely stored and used for a period of several years.
6. Does a more thorough job on angular leaf spot and other seed borne diseases.
7. Heat is used only to dry the seed after the acid has been washed off.
8. Planting 12 lbs. per acre costs less than 10c per acre more—using wet acid.
9. More uniform planting.
10. More even stand.
11. Quicker emergence.
12. Plant faster.
13. Get bigger yields.
14. Gravity table floats out weak seed.
15. Treating prevents seed rotting even in cold damp weather.
16. No sticks, stems, or lint clog the planter.
17. In warm soil seed will rot in 12 hours. A stand in our days.
18. Less moisture required for germination.
19. For only 1 lb. of lint cotton per acre, you can chemically delint your cotton seed, using the safe Wet Acid Process.

Glaze New JayCee Head

James (Sugar) Glaze was installed as JayCee president at an installation banquet held in Leigon's banquet hall Friday evening, March 27.

The invocation was given by John Moore. Sam Lindley, master of ceremonies, gave the welcome to members and their guests and introduced Hugo Byers, state vice-president of Region II, the installing officer.

Other officers installed were, Robert Copeland, first vice-president; Delmer McMillen, second vice-president; D. C. Rogers, state director; Gabe Rowlette, secretary and treasurer; John Moore and Phil Gillespie, state directors.

Following the installation of new officers, the outgoing president, Phil Gillespie, made the presentation of the Outstanding JayCee Award to Robert Copeland.

A watch was presented to the past president, Phil Gillespie, by the members of the club by James Glaze.

Featured speaker for the occasion was Rev. Edwin L. Hall, pastor of the First Methodist Church, who was in a joking mood, much to the delight of his listeners. In a more serious manner, Rev. Hall gave inspiring thoughts on Good Friday and the meaning of the observance of Easter.

Out-of-town guests attended from Earth and Littlefield.

IS NAMED "SPINNING WHEEL"

Wayne Bristow, son of Mr. and Mrs. G. C. Bristow, 114 W. 5th, Muleshoe, has been chosen a Spinning Wheel at Wayland Baptist College, Plainview. Spinning Wheels are campus leaders who will be featured in the personality section of the yearbook, The Traveler.

Bristow, senior history major at Wayland, is president of Baptist Student Union and past stewardship chairman of BSU. He worked on the school newspaper, Trail Blazer, for three years.

"Sorority Kids" Have Party

Hostesses Janice Gaede and Charlie Hanks gave a "Kids Party" for members of the Epsilon Sigma Alpha sorority on Wednesday evening, March 25 in the Bailey County Electric Co-on Association building.

Games of jump the rope, pin the tail on the donkey, spin the bottle, and jacks were enjoyed by the "kids."

Refreshments of ice cream cones, decorated cupcakes, and pink lemonade were served from a table decorated with a large basket of flowers and Easter bunnies.

Members present were: Pat Arnold, Cookie Bamert, Betty Glaze, Maurine Hooten, Bill Ed Jones, Marjorie Preure, Marlene St. Clair, Ann Copeland, Ann Alford, Melba Bouldin, and a guest, Doris Jones.

HEAR SON PREACH

Mr. and Mrs. J. C. Hall of Littlefield attended the Sunday morning services of the First Methodist Church to hear their son, Rev. Edwin Hall's Easter sermon. They also had lunch with the family.

GOVERNOR MEETS CANCER FAMILY—in Austin recently Governor Price Daniel met with top American Cancer Society officials and presented the proclamation for April as Texas Cancer Control month to Mrs. Joe R. Lewis and her family. Mrs. Lewis is a five year survivor from cancer and represents the more than 800,000 Americans alive today and with their families because they heed the life saving message of the ACS. Left to right are Joe Polichino of Rosenberg, Texas Cancer Crusade Chairman; Governor Daniel, Joe Lewis, Mrs. Lewis and Joe Remly and Deborah Lewis.

Social Security Representative Here On April 9

"What must I do to get my social security payments?" This question is being asked at the social security offices many times a day as people telephone and come into the office.

According to John G. Hutton, manager of the Lubbock social security office, any person facing retirement has a right to know in advance what will be required when he files a claim for social security payments. If he exercises this right, it will speed up the payment of his claim.

The requirements depend upon the individual case. If an individual, filing a claim for social security benefits is a wage earner or salaried person, he will need to bring his social security card, proof of age, and file his Form W-2 from his employer, showing his wages and tax deductions. Proof of age may be any evidence that would be acceptable to a probate court, such as an old life insurance policy, old family records, a certified copy of a public record or church record—this includes birth certificates and baptismal certificates.

If a self-employed person, such as a businessman or farmer, is filing a claim, it will be necessary for him to submit copies of his tax returns for the years 1957 and 1958 and cancelled checks or receipts showing that he has paid the social security self-employment tax. The copies of the tax returns will be kept by the Social Security Administration, but the cancelled checks or receipts will be returned to the claimant.

If claim is being filed for a child, or by wife, the claimant should bring along the birth certificate for the child and a marriage certificate to support his wife's claim. Any person may obtain information about the proofs he needs by contacting the social security office, by telephone, letter or in person. It's wise to do this at least 30 days before filing.

A representative of the Lubbock Social Security Office will be in Muleshoe on April 9, at 9:30 a.m. at the Courthouse and will be glad to assist in all matters pertaining to Social Security.

Open House Held For Childrens Home At Portales

Open house and a ground breaking ceremony, Saturday, March 21, marked the beginning of construction of a new cottage at the New Mexico Christian Children's Home.

Beginning at 10:30 a.m., open house was followed with a welcoming address by R. L. Allen, member of the board of directors. A free barbecue dinner was served to approximately 400 people at noon.

The afternoon program was highlighted by an address by Robert C. Jones, Amarillo, Grover C. Ross, Superintendent, spoke concerning "Plans for the Future", and Rex Stockton, assistant to the superintendent, spoke concerning "Our Needs."

The new self-contained cottage will be of public brick in functional style. It will house 18 children and two house parents. There are 42 children living in the present home dormitory.

Elders of the 4th Street Church of Christ, home directors, accepted the low bid of A. B. Ribble Lumber Company, Portales. Funds for the cottage and support of the home are being provided by congregations and members of the Church of Christ.

HERE VISITING PARENTS

Visiting over the weekend in the Bill Lambert home was their daughter, Mary Lou Vangrilt of Clovis.

Information about the proofs he needs by contacting the social security office, by telephone, letter or in person. It's wise to do this at least 30 days before filing.

A representative of the Lubbock Social Security Office will be in Muleshoe on April 9, at 9:30 a.m. at the Courthouse and will be glad to assist in all matters pertaining to Social Security.

Air Force Seeking Candidates For Aviation Cadet School Training

The Air Force pilot is here to stay. The Air Force is currently proving this fact by seeking hundreds of qualified young men who are interested in flying. Says T. Sgt. Glen Ryan, local Air Force recruiting representative, "The Air Force is stressing its need for additional pilots and navigators by making opportunities in these challenging and rewarding career fields available to more and more single men between the ages of 19 and 26½ who desire to earn their wings and a commission as an officer in the U. S. Air Force."

Annually the Air Force loses scores of veteran flying personnel through retirement. These vacancies must be filled by younger men if the required strength is to be maintained. They also provide an opportunity for rapid advancement for rank and pay purposes.

Through its Aviation Cadet Program, the Air Force trains qualified young men to become pilots and navigators. The program has become the Air Force's traditional source

of leadership by providing commissioned flying officers for active duty. It also enables the Air Force to maintain a sizeable reserve in the lower age bracket.

"Contrary to popular belief," says Sgt. Ryan, "a person applying for Aviation Cadet School need not be a college graduate. A diploma from Muleshoe high school of any other accredited high school is the minimum requirement."

Persons interested in and qualified for Aviation Cadet training will be scheduled to take the Aircrew Aptitude Test and a physical examination. Applicants successfully completing the tests will return home to await selection and class assignment. Classes for pilots begin every six weeks and for navigators every two weeks. Travel, food, and lodging are furnished at Government expense during processing.

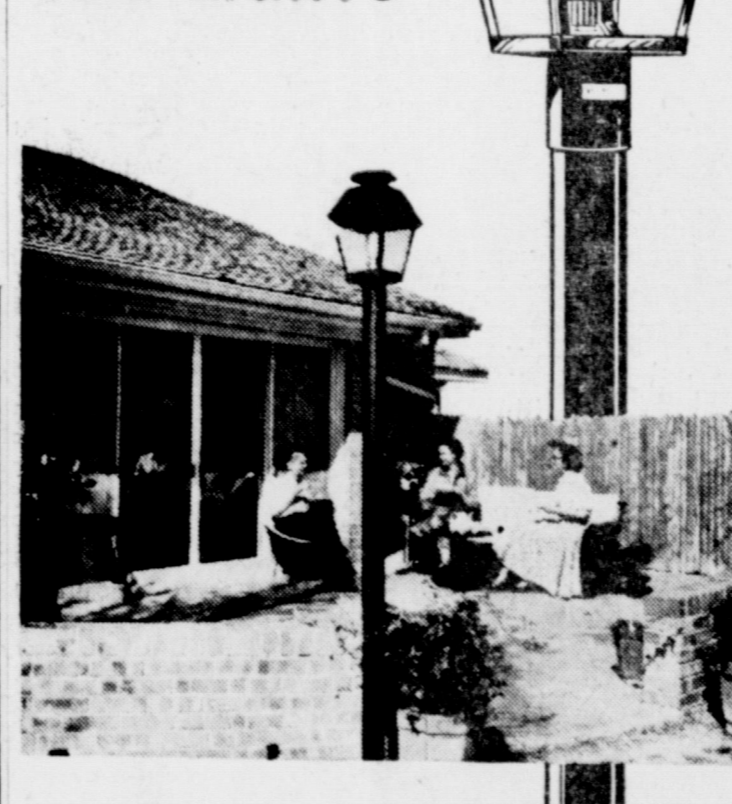

The draft-eligible applicant who is subsequently notified of his acceptance for Aviation Cadet training will be furnished a 4-month draft deferment.

A graduate from the Aviation Cadet program receives a commission as a second lieutenant in the U. S. Air Force Reserve with an aeronautical rating of pilot or navigator, a uniform allowance and a 30-day annual leave with pay. Subsequent to completion of Aviation Cadet training, a second lieutenant receives \$438 per month.

BABSON DISCUSSES... WARRANTS

Babson Park, Mass., April 2 I have lately received by mail circulars from brokers advising the purchase of Warrants at this time. I am not now enthusiastic about the purchase of any common stocks for immediate profit. Stocks which are being purchased today are being bought largely by pension funds, mutual funds, and insurance companies solely for income. I present prices, in my opinion, they are not for readers of this column.

What Are Warrants?
 A "Warrant" looks like a regular stock certificate; but is much more important for you to read just what this piece of paper says before you buy it. Warrants are an option to buy a certain number of shares of a stock at a fixed price within a certain time. If this price is less than the present quoted value of the stock, it is easy to figure the value of the Option Warrant. If, however, the price of the stock is less than that of the Option Warrant, the option has no value except as a gamble that one day before the Option Warrant expires the price of the stock will rise to a figure above the option price.

From the above you can see that Warrants carry no interest or dividends. Thus Warrants should never be bought for income; they provide no income. Furthermore, Warrants usually have an expiration date, when they become absolutely valueless for all purposes. Many stocks during a depression sell at very low figures. General Electric has sold at 7/8 (adjusted); General Motors at 1/4; and some other stocks now selling at low prices once sold for one dollar or less per share—but they had no expiration dates.

Warrants Versus Cheap Stocks
 Only bankruptcy and reorganization could wipe these stocks out completely. Furthermore, in most cases, stockholders had an opportunity to

Should Charitable Institutions Buy Warrants?

I surely would not want any church, or hospital, or individual to put all its funds in Warrants or in any one stock; but even a church would be justified in placing \$500 of its funds in Tri-Continental Warrants, buying them at the right time. (1) The assets of the Tri-Continental Corporation consist of high-grade well-diversified listed stocks of large successful corporations. (2) Its portfolio is excellently managed, with a very able board of directors. (3) Because of its type of operations, it is exceptionally free from direct labor troubles. (4) The leverage of these Warrants is tremendous, enabling an investment committee with courage to make large sums with very little risk.

To accomplish same, an investment committee should trustee a certain sum of \$10,000 or more—non-revocably to be used to buy Tri-Continental Warrants, starting to invest 20% of the Fund at \$10 per Warrant and then investing 20% more on every point of decline. This will be when business is very poor and almost everyone is bearish. No sane investment committee would then normally feel like buying Warrants at any price. Hence, to make this plan work, the money must NOW be placed in a non-revocable trust, to be invested at that time. This is absolutely essential. The Charitable Corporation should, in the original non-revocable Trust Agreement, also NOW order the Trustee to begin to sell 20% when Tri-Continental stock is selling at \$30 and then sell 20% more at every one point of further advance. I believe this is a sure way for a Charitable Institution or individual to safely make a handsome profit. Either Tri-Continental Warrants or the stock should be bought for such a purpose in such a way.

Sandhills Philosopher Takes... Different Slant On Congressman With Office On His Front Porch

Editor's note: The Sandhills Philosopher on his Johnson Grass farm takes a stand on the front porch argument, his letter this week reveals.

Dear editor:
 There are times when I can't understand people.
 For example, about a week or so ago all the newspapers carried an article about a Congressman who was using his front porch for a home office run by his wife and was collecting rent on it from the government, since, as I understand it, the government allowed Congressmen \$1200 a year or home office rent if there's not room in the post office or some other federal building in their home town.

And what I can't understand about people is that most of them were outraged by this set-up. They thought it was wrong to get paid for using their front porch for an office. I'm outraged by this too, but not for the same reason. What outrages and baffles me is why anybody, if the government would pay him to sit on his front porch, would turn the job over to his wife, and himself sit in an office in Washington.

I can't understand such a sense of value. You take me, whenever the weather allows, sit on my front porch, even if the government doesn't pay

Tax Man Sam Sez:

Texas taxpayers may be entitled to an extra tax deduction on page 3 of their tax return if they have received dividends from a corporation. This is due to Texas being a community property state where both husband and wife own the stock. Ordinarily, it doesn't matter in Texas whether the stock is in the husband's name or the wife's name. Both own the stock. Since both husband and wife own the stock they both get an exclusion of \$50 each. Don't miss taking the extra \$50 exclusion if you had more than \$100 dividend and are entitled to the exclusion.

Todays Meditation

Read John 10:7-14.
 I come that they may have life, and have it abundantly. (John 10:10.)

Several years ago one of my brothers was seemingly very ill. He went from doctor to doctor, but none could find anything radically wrong. I suppose in sheer desperation, he turned to the Lord of Life, and became converted.

He had been reared by our parents to go to church and Sunday school, but I do not think he ever had a deep spiritual experience before. He became a changed person with great faith.

Part of one of his letters one year was the answer to my prayers for him since he was just a lad. He wrote: "We have our devotional guide at our church. So I have a copy at home. I helped with the communion service for the first time last Sunday. I like it very much, and I am happier than ever before in my life."

"If we could only make others see what a difference Christ can make in their lives! It seems so simple, yet so difficult to get across to the other fellow. I guess a person must have to go through some experience of his own before he really understands."

PRAYER
 O Lord God, we come to Thee because we are creatures of recurring need, and Christ has for us the words of eternal life. Grant us the water of life issuing from the deep spring of Thy bountiful supply. In our Redeemer's name. Amen.

THOUGHT FOR THE DAY
 Christ being the Lord of my life, I pray that I may be a mirror to reflect His love and glory.

—Carolyn Jane Avery (Ariz.)

LETTERS TO THE EDITOR

EXPLAINS FARMERS UNION STAND ON ISSUES
 Editor
 Muleshoe Journal
 Muleshoe, Texas

Dear Editor:
 The National or State Farmers Union Organization has never or does not now favor the extension of the minimum wages to cover family farm employees. The National Farmers Union nor the Texas Farmers Union has ever given testimony for the extension of minimum wage law to cover farm workers on the family farm.

We in the National Farmers Union would like to urge all family farmers to join in our continued fight for equity and justice to farmers all over this great country of ours. We feel that the farmers fight must be in the positive rather than in the negative. Our fight must be for a constructive democratic farm program rather than against business or labor.

Both business and labor figured out a long time ago that in a supply and demand situation that if you regulate the supply to meet the demand, then you price your product or your labor. They have through monopoly, organization, and thru the use of Government accomplished this.

The farmers fight is not to destroy the profit making ability of business or labor but rather to fight for our own program. This fight we can win. The other we cannot.

Texas Farmers Union and National Farmers Union Programs call for a parity of income for family farmers thru a combination of price supports, loans, purchase agreements, market surplus diversion purchases, parity income deficiency payment direct to farmers, regulation of imports, export incentive payments, stabilization operations by farmers and by Government, marketing agreements and orders, other farmers' bargaining devices, marketing pro-

RETURNS FROM CRUISE

NORFOLK, Va., Carl L. Houston, boatswain's mate third class, USN, son of Mr. and Mrs. Ike Houston of Rt. 5, Muleshoe, returned to Norfolk, Va., March 20, aboard the amphibious force flagship USS Pocono after a nine-month tour of duty in the Mediterranean.

During the Lebanon crisis the Pocono served as command ship for Amphibious Group Four and the Specified Command of the Middle East, and later as flagship for Amphibious Squadron Eight during U. S. Sixth Fleet amphibious training fleets.

Countries visited between exercises included Greece, Turkey, Italy, Libya, and Spain.

Sorghass Topic Of New Bulletin

"Perennial Sweet Sorgrass" is the title of a leaflet released recently by the Texas Agricultural Experiment Station.

The leaflet contains a thorough discussion of the characteristics of this synthetic tetraploid of the sorghum species which was developed recently by the experiment station after 15 years of breeding and selection. Some of the topics discussed are growth habits, growing the crop, value as a pasture crop, forage qualities, seedling habits, erosion prevention benefits and other related topics.

The leaflet is available free of charge from the Agricultural Information Office, College Station, Texas. Ask for L-430.

Rules For Clergy In Social Security Matters Given

The Social Security Administration reminds clergymen that some of them will never be able to have their earnings from the ministry count toward old-age, survivors, or disability benefits if they fail to take certain steps within the next few weeks, John G. Hutton, district manager of the Lubbock social security office, declares.

Clergymen may have their earnings from the ministry counted toward old-age, survivors, and disability insurance protection if they formally indicate within a specified time their desire to have these earnings counted. When a clergyman comes under social security he reports his earnings as self-employment income even though these earnings may be salary paid to him by the congregation or religious order which he serves. He must pay the social security self-employment tax on his earnings. The church or religious order which he serves does not become involved in any way.

Any clergyman who has not yet elected to be covered under the social security law must file a waiver certificate with the District Director of Internal Revenue on or before the due date of his income tax return for his second taxable

Parmer County Farm Bureau News

Farm Bureau secretary-treasurer, Roy V. Miller attended the Texas Farm Bureau president's conference in Amarillo last Thursday. Sixty or more counties were represented in the meeting which was devoted principally to wheat. Being in the worst condition of all basic commodities, surplus-wise, wheat is getting a lot of discussion in congress and other areas.

We wonder what you think of the Farm Bureau suggestion for wheat. It was pretty well outlined in the Friday morning Amarillo paper. One point of it would allow a wheat farmer to purchase the amount of wheat he would normally produce on land left out of production from CCC at normal production cost and sell it on the open market.

That, it is contended, would prevent continued piling up of surpluses while still giving the farmer the same volume of wheat to sell as he would have been expected to produce, had he planted and harvested it.

Farm Bureau policies determined by its members, have always been aimed toward highest net income for producers of all commodities. The record bears this out and this aim is still evident in Farm Bureau policies. Labor costs have always affected the cost of production directly and indirectly. Industrial labor costs are reflected in the cost of farm machinery and supplies. Farm labor costs are reflected directly in the immediate cost of production. These costs must be subtracted from the price the farmer receives for his commodities to get the

net. Right now, labor policies being proposed are threatening your net profits for the immediate seasons of operation. If you have not been paying attention to this factor and writing your congressman

as many news items have suggested, we suggest that you do so now. If you do not know what is happening, any Farm Bureau officer will tell you, or you can get the information in the office.

If you have not filed for refund on gas tax exemptions recently, come in and do it now. Remember that your wife can do this for you.

Raymond Schueler was re-elected chairman of the Farm Bureau weed committee recently. R. D. Dale is vice-chairman and Vernon Symcox is secretary. They have laid plans for the seasons work and we are sure that if you and we are sure that if you will cooperate in carrying out

their suggestions, another successful year against bindweed will result.

CONSIDER THIS: And as you would that men should do to you, do ye also to them like wise. Luke 6:31.

Many Colors to Choose, but Sapphire Leads Color Parade

What goes on here? ... Pretty Lynn Martin would have you believe she is pouring real paint on the rear deck of a Chevrolet Impala Sport Coupe, but the "paint" columns are actually made of plastic. The effect points up the recent change in customer car-color preference. The most popular shade in 1958 was silver blue followed closely by black. Today sapphire is leading the color parade with light blue, ivory and black in close pursuit for top honors.

South Plains, Tex., Man Reports—
Maize Yields Increased 1800 Pounds Per Acre

Bryan Karr, who farms 600 acres near South Plains, says: "By side dressing my maize with 90 pounds of Phillips 66 Ammonia, I've increased my yields on an average of 1800 pounds of grain per acre. Year before last, the average would have been raised considerably, because I cut a 4050 pound crop after it was beat down by a high wind. I usually side dress my maize around July 1, when the plants are about 6 inches high."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain or ensilage are increased... profits on wheat and small grains are increased through higher grain yields and improved forage... more marketable vegetables are harvested.

Phillips 66 Ammonia can be applied pre-plant or as a side dressing. It can be easily applied either by you or your distributor. See us today about Phillips 66 Agricultural Ammonia... it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

Safe 'n Sound
by W. M. Pool, Jr.

Suppose your business is interrupted by fire, explosion, windstorm, or riot. Besides the loss from physical damage, profits would vanish, but somehow you would have to keep your organization together. Your salary, and the salaries of your important employees would have to be met. Obligations such as taxes, interest, services under contract, would have to be met to get you back in business as soon as possible. With the earning power of your business impaired or destroyed, where would you get the money to carry on? Business Interruption Insurance will pay you what you would have earned, had no fire or other insured disaster occurred. For rates and all the details call...
