Serving Tahoka and Lynn County Since 1903!

Scholastics Show Slight Increase

Lynn county gained exactly 100 scholastics in the 1960-'61 school census recently completed, states County Superintendent J. P. Hewlett. There were 2,721 students enumerated this year in the scholastic census as compared to 2,621 last year.

All of the increase was in the Tahoka district, which showed growth of 107 students over last year. There were 1120 this year, compared to 1013 last year. Of this number, there are 1034 white students and 86 Negroes this year as compared to 941 whites and 72 Negroes last year.

O'Donnell lost five students, the census this year showing 795 as compared to 800 last year. However, there was an increase in white students, there being 728 whites and 67 Negroes as compared to 718 whites and 82 Negroes last year.

New Home held its own with 392 scholastics this year, the same as last year. There are 356 whites and 36 Negroes this year as compared to 363 whites and 29 Negroes last year.

Wilson showed a loss of two students, 414 this year compared with 416 last year. Wilson enumerated no Negroes.

Supt. Otis Spears of Tahoka states prospects are that high school enrollment will remain down an other year in spite of the increases in the scholastic census.

Jack Cox in Governor's Race

Jack Cox of Breckenridge visited here Tuesday in the interest of his campaign for Governor.

Cox is advocating a "vigorous, decisive" administration to solve such state problems as those now existing in the fields of education, insurance, medical aid to needy old people, and taxation.

A native of Breckenridge, Cox attended the University of Texas and holds a degree in Government from North Texas State College.

He served five years in the Navy during World War II, following which he served three terms in the Legislature.

He is married and has two children. He is a member of the First Christian Church of Breckenridge, where he teaches a Sunday School Class.

Cox is vice president of the Pico Drilling Company of Breckenridge, and in addition to his business activities he has spent a great deal of time speaking all over the nation on the subject of Americanism.

In recognition of these speeches, he received the Freedom Foundation award at Valley Forge, Pa., on February 22, 1958, for outstanding achievement in bringing about a better understanding of the American Way of Life.

He was appointed to the National Americanism Committee of the American Legion in October, 1959. Cox, a former service station operator, is past president of the Texas Service Station Association.

He is active in Future Farmer work and received the Honorary Lone Star Farmer degree on July 16, 1959, from Future Farmers of America.

Appointed to the Texas Commission on Higher Education in 1954 by Governor Allan Shivers, he is still a member and now serving as secretary of that commission.

Some work remains to be done on his studio, and when this is completed, he hopes to hold a grand opening.

Burglars Enter Local Station

The Fina Service Station north of Tahoka on the Lubbock highway and just outside the City limits, was burglarized Tuesday night of last week.

Two escapees from Florida, Homer Steward, 19, and James Berry Hill, 23, gained entrance in the building through a window on the east side. Taken in the burglary were \$25.00 in cash, a tire and wheel, several packages of cigarettes, radio, coat, electric shaver, shotgun and shells for same.

On Thursday night the two used the shotgun stolen here to hold an armed robbery in a service station in Lubbock. They were caught a short time later at about 1:30 a. m. in that city. Charges have been filed on the two in Lubbock but have not yet been filed here in Tahoka.

Billy Dale Ellice is operator of the station here and discovered the act of crime Wednesday morning upon his opening for the day.

Plans Being Made For Legion Baseball Team Here During Summer Months

A baseball team for boys that are too old to play in Pony League has been formed here by the Marion G. Bradley Post of the American Legion.

E. L. Short, Jack Smith and Dean Taylor have been appointed by the Legion as the committee in charge of the project.

To be eligible for the Legion team, boys must have been born on Sept. 1, 1942, or after. Each player must present one of the three committees with a birth certificate by June 1, 1960.

Contracts for Legion teams are similar to those of the big leagues. In fact, regulations, playing fields, equipment and all rules are the same as those in big leagues. The contracts are written by the American Legion State Board in Austin.

The league and district of local team will not be known until announcement is made by the State Board, but it is believed Tahoka will be in District 2 with Lubbock, Homer, Hardberger, Harvey Lane, (two teams), Brownfield, Aberna and Clyde Winans have been chosen, Otton, Denver City, Earth, Levelland, Littlefield, Muleshoe, Nazareth, Plainview, Ralls, Slaton present members of the council, and Tulla.

License Plate Sales Lagging

Sale of motor vehicle license plates in Lynn county is lagging as the April deadline nears, reports J. E. (Red) Brown, county tax assessor and collector.

Only a little more than 1,500 tags have been issued to date as compared to 3,700 normal for April 1, he says. Tags must be on vehicles not later than midnight of April 1. They may be obtained at the local tax office, at Moore Insurance Agency in O'Donnell, or at the co-op gins in New Home and Wilson.

Since the time is short, vehicle owners are being urged to get their license plates as quickly as possible, as there is likely to be a big rush the last two or three days.

Church of Christ Announces Meeting

Tahoka Church of Christ is to have a Gospel meeting April 3-10. Plans for extensive advertising are now being made, according to Bob Barnes, the local preacher.

The boy, Roy Gene, weighs two pounds, four ounces, and the girl, Ruby Jean, weighs one pound, eight ounces. Although the deceased baby was not weighed, it was the smallest of the three.

Poka-Lambro Will Publish Directory

Having exceeded the 2,000 mark in rural telephone subscribers, the Poka-Lambro Telephone Coop. is now obligated to publish a complete directory, which will be forthcoming in the next few months, states W. D. Harmon, manager.

The director will list all telephones of all exchanges up to the date of publication, he says. The new Loop exchange, with 150 telephones, was recently cut-over for service in northeastern Gaines county, and the Union area of south Terry county is now in the process of being worked-up.

Mrs. Hattie Yates, 91, was dismissed Tuesday from Tahoka Hospital, where she had been a patient several days with pneumonia.

Mrs. L. A. Forsythe, who recently underwent surgery, was able to return to her home Saturday, and is reported to be recovering nicely.

G. C. Shaffer of Madisonville, who has been here at the bedside of his mother, Mrs. G. C. Shaffer, returned home on business the first of the week and was expecting to return here later in the week.

Plans are going forward in preparation for the proposed summer street paving program in the city of Tahoka, states Mayor H. B. McCord Sr.

The engineering firm of Roberts, Merriman, Bowden & Isbell is currently making surveys on most of the streets which will likely be paved to determine drainage problems and the like.

No paving contract will be let until engineering plans are complete, McCord said.

Also, the City Zoning Board, composed of A. C. Verner, Charles Townes and W. T. Kidwell is outlining plans for future progress to protect home builders in the residential section.

West Texas Builders, developers of the new Lockwood Addition, will use the same paving contractor the City uses.

Already definitely set for paving are North Eighth and Sanders Street from Sixth north to Eighth.

Petitions are being signed for paving on North Seventh and Fifth Streets and for certain blocks in the Roberts Addition.

Other streets and blocks desiring paving will be given an opportunity to get in on the program.

Tahoka recently voted \$50,000 in bonds to take care of City's portion of the new paving program.

MELVIN WUENSCHÉ

Wynne Collier plans to install approximately 1,600 feet of plastic pipe on his farm northeast of Lubbock. The pipe will be used for laterals in his irrigation system.

Terrace lines and guide lines for leveling have been run for Loyd McCormick, who operates the B. W. Baker farm southeast of Wilson. Level irrigation will be installed and runs will be cut for more efficient use of irrigation water.

Terrace lines have been run, and construction started on the Pete Anderson farm, located northeast of New Lynn. These terraces are part of a complete Soil and Water Conservation Plan to be installed on Anderson's farm under the Great Plains Conservation program. The plan also includes a farmstead windbreak, contour farming, proper use of crop residues and a conservation cropping system.

The National Wildlife Federation has designated March 20 through 26 as National Wildlife Week. The slogan is "Water, Key

to Our Survival." The goal for the Federation this year is "Protecting Our Precious Water Supplies." Five courses of action suggested by the Federation to provide proper care for your water resources are:

1. Get the facts. Find out about water needs of your community, state and region. How much water is being used. What plans are being made to offset anticipated shortages.
 2. Learn and show others how mistreatment of land and water resources result in losses. Needless pollution of streams and lakes. Soil erosion, floods, drainage and filling of lakes and streams, drying up of streams and underground water supply and poorly planned dams and other developments.
 3. Promote co-ordinated planning and research.
 4. Set up water study committees.
 5. Tell people of the need to provide adequate care and protection for their water resources.
- Terrace lines have been run on Melvin Wuensché's farm. Dryland land leveling will be done between terraces.

CLOTHES DRYER "MOST WANTED"

The clothes dryer is the "most wanted" appliance on the planned purchase lists of American home-makers.

Repeated surveys by national magazines and appliance manufacturers alike have indicated this with the result that the dryer is expected to experience the most phenomenal growth in appliance history. Already it has set an enviable record with more than one million dryers in use although it has been on the market in force for only about five years.

The one million women who now own dryers are the real salesmen who have made this new appliance the "most wanted." Many of them, asked if they were forced to give up their automatic washer or dryer said they would prefer to lose the washer first.

SAVES MORE LAOR

They point out to surveyors that the dryer not only saves more labor than any other appliance but it saves clothes and reduces the number of garments needed.

Leading dryer manufacturers predict a startling growth for the dryer in the next five years. Executives foresee six million new dryers in addition to the one million now in use.

The extent of this record, if achieved, can be appreciated when anyone considers that although the automatic washer industry is 15 years old it has just reached the six million figure which the dryer industry expects to hit in 10 years.

The fortunate owner of an automatic dryer is freed from lifting heavy baskets of wet clothes; carrying them to the line, reaching, stooping, bending and stretching to hang clothes on the line and to remove them. A dryer owner has banished the nuisance and hardships of waiting for a good wash-day; rushing to bring clothes in from a sudden shower; rewashing

because of broken lines, smoke and soot, dust, insects; and draping clothes all over the house in the winter-time or during inclement weather. She no longer walks forty miles a year to hang clothes, and she saves 20 eight-hour work days a year.

ELECTRIC DRYER MAKES GIFT OF 2,973 FREE HOURS

What would you do if someone made you a present of two thousand, nine hundred and seventy-three hours of free time?

If you are wondering where in your busy life you would find that many hours to do with as you wish, the answer is simpler than you might expect. A recent study shows that an automatic electric clothes dryer actually saves two thousand, nine hundred and seventy-three hours over clothes line drying.

Of course, it took some expert calculating to come up with that figure and in the course of the survey some other interesting facts were revealed—one of the most interesting being the weather. It seems that in most localities, U. S. Weather Bureau figures show that the number of days in a year unsuitable for clothesline drying because of rain, low temperatures and other reasons outnumber the good days almost two to one.

New Home FHA To Midland Meeting

New Home FHA girls and their sponsor, Mrs. Joe Lewis, were scheduled to leave today, Friday, at 3:30 p. m. for Midland to attend the area meeting of Future Homemakers.

Becky Gregg, president of the New Home chapter, is a candidate for an area office, the announcement to be made Friday night.

Making the trip are Betty Taylor, Becky Gregg, Charlene Edwards, Darlene Lowrey, Kay Hemmeline, Donna Smith, Joyce Swinson, Georgia White, Sandra Dean, Muriel Swinson, Ann Gasper, Glenda Halford, Janice Timmons, Lonette Rudd, Tanya Unfred, LouAnn Harston, Annie Roberts, Francis Roberts, and Barbara Follis.

Mothers sponsoring the trip are Mrs. E. M. Gregg, Bolin Hasbun, Walter Gasper, L. C. Unfred and J. W. Edwards.

The group will return Saturday afternoon.

Special School PTA In Meeting

The Lynn County Special School P. T. A. met Friday, March 11, in the school's new workshop.

Main issue discussed and decided upon was that the mothers would take turns helping and guiding some of the children while the teacher works with the others in the music room or classroom.

Some of the materials recently added to the shop are a sewing machine, sewing materials, dolls and dolls' clothes, carpenter tools, peg boards, do-it-yourself kits, lumber, ceramics, work tables and shelves. A few of these children have cerebral apoplexy and other handicaps and strive hard to turn out good work and do. Very little motivation is needed. They want to contribute and be recognized for their efforts.

The parents are backing the children and the teacher 100 per cent, and we are proud of our school and our children.—Margaret Renfro, teacher.

Girl Scouts Troop Has Cookie Sale

New Home Girl Scouts are observing Girl Scout Week in their annual cookie sale, which will continue through March 19, according to Mrs. Joe D. Unfred.

The girls visited Tahoka last week, but will return this Saturday to wind up their sales for the year, as well as continuing in their own community.

Last Sunday morning the girls attended the New Home Methodist Church in a group.

Only two troops exist in Lynn county, one in New Home and one in O'Donnell. A Brownie troop is being organized in Wilson, Mrs. Unfred said.

CARD OF THANKS

We would like to take this opportunity to express sincere thanks for the flowers, food, words of encouragement and the many other expressions of kindness shown us during the loss of our little baby. Our thanks to the doctors and nurses of Tahoka Hospital for all their help and kindness. May God bless each of you. Mr. and Mrs. Joe Stone, Mr. and Mrs. G. L. Autry, Mr. and Mrs. Ed Stone. 1tp

CARD OF THANKS

I wish to thank each of you for all your thoughtfulness and concern during my stay in the hospital and since I have returned home. Wish I could thank you personally, but since I can't will just say "thank you again." Mrs. Otto Carter 1tc

Mrs. Hagood Speaks To Methodist Men

"Youth and Education" was the subject of a talk by Mrs. Larry (Janie) Hagood Monday night at the monthly meeting of the Tahoka Methodist Men.

Building her talk around three quotations from Thomas Jefferson, Mrs. Hagood called attention to many of the problems of youth and the need for closer knit home life in the rearing of children.

She was introduced by C. O. Carmack, joint program chairman with W. W. Hagood.

When Otis Spears, chairman of a project committee, reported a need for funds for projects, those present responded with voluntary contributions totaling \$85.00.

Johnny Easonover, president of the organization, was in charge of the meeting. The meal was prepared and served by John Thomas and son John Freddie, and Spears.

The program next month will be arranged by Clint Walker and Roscoe Treadaway, and John Slover and Earl Tunnell will be responsible for the program.

Tahoka Third In Floydada Meet

Tahoka capped a third place in the Class AA division of the Whirlwind Relays held in Floydada Saturday with 46 points, topped by Tulsa and Muleshoe, who won first and second. The local track team gave a performance that was above expectations and lifted hopes for a good chance at some district titles.

Taking the only first place for Tahoka's team was Ronnie Walters, who placed first in the 120-yard high hurdles with a time of 16.8.

Merrill Cloe took a second place in the 440-yard dash, George Adams sixth in 120-yard high hurdles; Paul Ford fourth in 880-yard run; and Tahoka took fifth in the 440-yard relay, the team composed of Buddy Chestnutt, Fred Hegi, Ronnie Walters, Kenneth Stice. The mile relay team finished sixth: Stice, Leon Hinkle, Chestnutt, and Lester Ford.

Tulia won first with 113 points and Muleshoe came in second with 68 points in Class AA.

NEVILL IS RELEASED
J. L. (Jodie) Nevill was released from Tahoka Hospital Friday, after being a patient there several weeks with a heart condition, and will remain in bed at the home of Mr. and Mrs. Ray Nevill for a couple of weeks. He is doing fine, Mrs. Nevill reports.

Certain Trailers Must Have Tags

A new law requires that owners of trailers and semi-trailers obtain certificates of title covering same, unless 4000 pounds or under.

J. E. "Red" Brown, County Tax Assessor-Collector urges each owner to apply for titles NOW. Certain evidence of ownership and serial number requirements will be impossible to handle during the rush period of re-registration time.

Full information can be obtained from the Lynn County Tax office.

No Trailer Crossing over 4000 pounds can be registered for 1960, without applying for title first.

Oscar C. Roberts Home From Mexico

Mr. and Mrs. Oscar Roberts returned home Saturday night from a three weeks sight-seeing trip to Mexico.

They were accompanied as far as Guadalajara by some friends, Mr. and Mrs. Frank Fiedler from Ottumwa, Iowa. The remainder of the trip they made by bus, spending much of their time in Mexico City, from which point as headquarters they made side trips to interesting points, and at Acapulco.

While attending a bull fight, Oscar says, a matador tossed his hat to Bernice to hold while he fought the bull. After making a good fight and killing the bull, the matador offered Bernice the ears he had cut from the dead animal as a courtesy in return for her holding his sombrero. Oscar says Bernice refused the gift. It seems that a matador on making a good fight is allowed to cut off one of the animal's: if he makes an excellent fight he gets two ears; and, if he makes a superlative battle he gets two ears and the tail.

PARIS BOYS VISIT HERE OVER THE WEEK END

Donald Paris of Canyon, where he is associated with The Canyon News, and his fiancée, Miss Shirley Miller, a teacher in the Amarillo public schools, visited here last week end with his mother, Mrs. Jim Hill, and other relatives.

Mrs. G. B. Tomlinson received word this week of the passing away of a brother, Carl Bishop, 54, in Fontana, Calif., on Tuesday night. He had been seriously ill since the day after Thanksgiving when he was undergoing surgery and a malignant disease was discovered.

Mrs. J. B. Greer received face lacerations from a car wreck Sunday night east of Tahoka. She was treated in Tahoka Hospital and dismissed Wednesday morning. Also involved in the wreck were some Negroes but escaped injury.

Randy Meeks, 4-month-old son of Mr. and Mrs. Othell Meeks, is a medical patient in the local hospital.

Preacher Talks On Middle East

"Impressions of the Middle East" was the subject of a talk, accompanied by color slide pictures, presented Thursday of last week at Tahoka Rotary Club by Rev. A. B. Lightfoot, pastor of Crescent Park Baptist Church in Odessa, who was here doing the preaching in the revival at the First Baptist Church. In the very impressive talk, Rev. Lightfoot told of his visits to the Holy Land, Egypt, Greece, and Italy. He depicted graphically the squalor that exists in some of these areas, the decay and disintegration of the once-mighty empires of the old world, and brought home the fact that decay and disintegration can come to America if we don't turn to God. Mrs. Billman is pictured at the console of her electric organ at her new home in the Roberts Addition. She and her husband operate The House of Flowers here. Cancer Crusade Is Planned Here

Mrs. Beulah Applewhite has been chosen to direct the 1960 Cancer Crusade in Lynn County, it was announced today at local headquarters of the American Cancer Society, Tahoka, by H. W. Carter, chapter chairman.

Accepting the chairmanship of the annual educational and fund-raising drive, which begins April 1, Mrs. Applewhite urged "all public-spirited citizens of our community to make this a full-scale offensive against cancer."

"Public enemy disease number two," the chairman called it, pointing out that cancer is second only to heart disease as a cause of death. April has been designated Cancer Control Month by Presidential proclamation. Throughout the month volunteers will distribute lifesaving information to every home in Lynn county, the American Cancer Society chairman said, and continued:

"Of course cancer control is a year-round program. But this is the time of the year when we go all out to try and save more lives. And it's the time when we ring doorbells and collect funds to sustain the ever-increasing momentum of war against this ancient enemy of mankind. A war that must ultimately end in the defeat of cancer and the saving of countless lives in the generations to come. At the present rate, 265,000 lives every year.

"More than 85,000 of those could be saved right now. They are wasted, literally thrown away, simply because cancer isn't diagnosed and treated early enough. Either because people don't know the facts, or because they procrastinate."

Mrs. Applewhite said a quota of those wasted lives are to be found here in Lynn county. "So our local drive must be a drive to save those lives," she added. "If our literature reaches every single household, and if a member of every household makes himself, or herself, responsible for safeguarding the rest of the family, we could eliminate this shocking loss of loved ones."

The ultimate defeat of cancer is the great objective of the Cancer Society's research program: It supports more than 1,000 top-flight scientists in hundreds of laboratories in all parts of the country.

Mrs. Applewhite will enlist a chairman in each community and is calling for volunteers. During the campaign, coffees will again be held in Tahoka as well as in many communities as possible.

George Nixons Are At Paint Rock

The News had an interesting letter a few days ago from Mr. and Mrs. George Nixon, who recently moved to Paint Rock.

They had planned to set up a camp on the river, and still do, but on their arrival on February 16, both got sick and had to stay in Ballinger 16 days. They are both well now, and Mrs. Sue Nixon was expecting to take over a beauty shop at Paint Rock.

They say they miss their friends in Tahoka, and expect to be up soon for a brief visit.

If we made Gladiola Flour for Kissimmee, Fla...

we could get by with lower quality

...but we make it for you

We make just enough Gladiola Flour for our near neighbors—in Texas and a little bit beyond. These ladies are the best home bakers in the U.S.A.—and the sharpest judges of flour quality.

That works out fine for us. We know precisely what our customers want, and precisely how to make it. That's why snow-white Gladiola Flour outsells every other brand, every day, every year.

The women-folk in Kissimmee, Fla., just can't bake biscuits, cakes and pies like yours. They don't have Gladiola Flour. Only you and your neighbors can buy it. And, for the average family, it costs only about 1/2¢ a day more than the cheapest flour made.

Printer's Ink-lings

By F. P. H.

People down-state have been feeling sorry for the "unfortunate people" out on the Plains during this "terrible" winter. The cold has been continuous, but the ones we feel sorry for are those down-state. The 10 to 30 degree temperature here hurts less than the 20 to 40 degree temperature down-state.

The coldest The Printer ever got was at Houston when the thermometer read 46 degrees! Even with long-handled and an overcoat, he took the rigors every time he stepped outdoors. And the hottest he ever got was one day in Austin when the temperature high was 101 degrees—and that night in a hotel room he tried to sleep in a bed and pajamas wet from perspiration, even with a ceiling fan going full blast.

Anyway, we'll take the deep season moisture and the cold anytime in preference to dry weather and sandstorms. This is a fine place to live.

Over at Post, 10 candidates have filed for three places on the city council, and three of the candidates are ladies.

But, up at Slaton, city and school district politics are really hot. Seven candidates are in the race for the post of city commissioner. Ward Four, five of them are white men, one is a Latin-American, and one is a Negro. The Slaton Slatonite says the Negro candidate, a Baptist preacher, is almost a cinch for election. Also, a Mexican has filed for a place on the school board.

group from that city which recently made a trip to Santa Fe, N. M., Ski Basin. There were 44 in the party, mostly from Lamesa. We don't know anything about skiing, but "Doc's" form looks good. We understand his wife, Altah, has about sworn off from skiing since spraining an ankle in Colorado a few weeks ago.

B. L. Parker (Junior), sergeant-at-arms in the Texas House of Representatives, is due some commendation, according to Jake Jacobs, Calloway Huffaker, Malcolm Atwood, and Rufus Slover, who recently attended the State boys' basketball tournament in Austin. They say B. L. each year goes all-out to see that their every comfort is taken care of during the tournament—not just for them but for any Lynn county citizen that he knows about visiting in Austin. Also, we hear that the friendly, B. L. is about the most popular sergeant-at-arms the House has ever had. Look him up when you are in Austin—at the State Capitol.

Did you notice the item about Mrs. S. N. (Alice) McDaniel, 92 years young, gallivanting around down in Parker county?

Another aged person we miss riding around the streets of Tahoka with her daughters is Mrs. W. A. (Hattie) Yates, 91 years young. We hope she soon recovers from the flu and pneumonia. She's a patient in Tahoka Hospital.

And another pioneer citizen, member of the F. M. Sherrod family, Mrs. Grover C. Shaffer, has been having a very rough time over at the hospital, where she is suffering with diabetes and flu. She's been The Printer's neighbor for a long, long time, and we join others in wishing her a speedy recovery.

Nearly every year following the area Junior Fat Stock Show held in Lubbock, Lynn county merchants get a little unjust criticism from a few parents of exhibitors in the show—because none, or only a few of our merchants buy-in the Lynn county animals at premium prices.

May we remind you parents now, if you have not figured the thing out, that Lynn county merchants, percentage-wise, put much more money into these livestock projects than do the businessmen of Lubbock.

A member of the Lubbock show committee last week stated that Lubbock merchants have pledged

only \$5,000 this year on a goal of \$7,500 to buy-in at premium prices the prize stock shown there this year. Prize animals will average 6 to 8 cents a pound above the market price, while non-winners will go at market prices unless bought by individual friends of the exhibitors.

This is strictly a Lubbock show, and preference will be shown, in most cases, to Lubbock county raised animals, and Lynn county animals will probably sell for less than those of Lubbock county. There will be no other bonuses other than the prizes. The show is for the betterment of Lubbock business interests.

Lynn county exhibitors and their families during the five or six days they are in Lubbock, some of them staying at Lubbock tourist courts and hotels and shopping in Lubbock stores, will spend much more than Lubbock merchants put in to the show.

Instead of trying to buy-in the animals at premium prices at the Lynn county or the Lubbock show, local merchants several years ago adopted a plan that would give some help to all Lynn county junior exhibitors. As a result, entries in the two community shows and the county show held in Lynn county this year drew prizes and bonuses totaling approximately \$4,000.00.

Club members showing at O'Donnell community show drew about \$500.00 in prizes, raised by citizens of that area, plus about \$5.00 per boy showing paid by Farmers Co-op. Wilson-New Home community exhibitors drew about \$300.00 in prizes, raised by their citizens, plus \$5.00 per boy exhibiting paid by Wilson State Bank. In the county show, prizes totaling about \$600.00 were paid plus a bonus of \$1,755.50 from Tahoka and Lynn county merchants, or \$15.00 bonus for each baby beef, \$3.75 for each barrow, and \$3.25 for each lamb shown.

Now, these funds could be lumped together, as some other counties do, and used to buy-in at premium prices the animals shown by county boys and girls at Lubbock. But, animals sifted out of the Lubbock show would get nothing. Also, the minute Lynn county sent its money to the Lubbock show to buy-in this stock, Lubbock's committee would then be relieved of its responsibility to buy-in winning animals from Lynn county at premium prices.

The Lubbock show has a committee to purchase prize winning animals at the show auction, using the \$5,000 or more to purchase animals in the names of individual businesses donating the money. These animals purchased by the committee are animals that go

through the sale and are not purchased by a buyer representing his own firm. This committee sets a floor on what they will pay an premium animals. This usually amounts to 6 to 8 cents above market price. This is paid regardless of town or school the boy represents. If Lynn county took its bonus money to Lubbock and purchased animals in the sale, Lynn County boys would not receive a penny of Lubbock merchants' money in the sale. The animals you see going through the sale bringing much higher prices than Lynn county animals are not purchased with the committee's money, but are purchased by individual businesses present at the sale that have business connections with the boy or his dad.

Therefore, Lynn county show sponsors feel that more boys are helped financially on their projects under the present plan in use here.

A lot of people put out a lot of time, work and money in the local shows not included in the \$4,000.00 in prizes and bonuses, such as the county agent and vocational agriculture teachers, the show superintendents and helpers, the lumber yards who furnish lumber at cost and sometimes donate material outright and fellows like Dale Thuren, who takes a large bit of responsibility in raising the bonus money for the county show.

Some jokester is reported to be selling tickets for the following: Basketball game, Ku Klux Klan vs Knights of Columbus for benefit of the Jewish Relief Fund on St. Patrick's Day, March 17, in the Masonic Auditorium, Little Rock, Arkansas, sponsored by the National

Association for the Advancement of Colored People Creek referees).

Johnny Reasonover had this in a recent issue of Tahoka Rotary Stenwinder: A bride and groom checked in at a hotel on their honeymoon and got a room on the 12th floor. The groom turned on the water and forgot to turn it off. The tub overflowed and flooded the room below. The man in the room below went to cursing and shouting at the top of his voice. The groom leaned out the window and said, "Be careful of you: language, sir, I have a woman up here." The man below yelled, "Whadda'ya think I got down here, a duck?"

Charles Didway in the Post Dispatch writes:

One of our local preachers says that some years ago at his Sunday school the teachers took turns addressing their pupils. Usually they rounded off their stories with, "Now, children, the moral of this story is . . ."

Came the day when one teacher did an extra-fine job. The youngsters were delighted—so much so that one boy asked if that parti-

Ford Motor Company announces the

Debut of the Comet

Today, at your Mercury-Comet dealer's, first compact car with fine-car styling —priced with or below other compacts.

You're looking at the exciting new value-packed compact—Comet. NOTE ITS BEAUTIFUL STYLING. No sawed-off, cut-down look, here. The Comet is proportioned like a fine car—long flowing lines, outstanding good looks. LOOK CLOSELY AT THE EXTRA FEATURES. You pay nothing more for dual headlights, front and rear arm rests, door-operated dome light, foam padded front seat. And the trunk holds enough for the whole family on a long trip. YOU'LL MARVEL AT THE ECONOMY. Comet's new simplified "six"

engine delivers up to 28 miles per gallon of regular gas. YOU'LL REVEL IN THE RIDE. No choppy steering, no bumpy traveling in Comet. The longer wheelbase (114" instead of 107" in average compacts) gives Comet a smoother ride, yet it turns on a dime. NOW, CHECK THE PRICE. Comet is priced with or below other compacts like Rambler, Corvair, Lark, Valiant and Falcon. COMPARE ALL THE COMPACT CARS —and you'll come away with a Comet. It's now at your Mercury-Comet dealer's.

FINEST COMPACT WAGONS ON THE MARKET. The new Comet wagons go far beyond what you might expect in a compact station wagon of this size. There is over 76 cubic feet for storage—as much room as in some wagons costing hundreds of dollars more; a retractable rear window takes the place of the old-fashioned lift-gate. And, there is ample room for six adults with plenty of space left over for baggage. Along with the Comet two- and four-door sedans, there are two- and four-door wagons as well.
