14 Indictments Returned By Grand Jury On Monday

Fourteen indictments were returned by the Lynn county grand jury in session here Monday.

All those indicted are in custody except one O'Donnell man charged in two indictments of forgery and passing, according to County Attorney Harold Green.

Others against whom indictments were returned include:

Lewis Oudens, "from everywhere," forgery and passing, two counts, by use of a check protector.

E. X. Hill, Lamesa used car dealer, charged with the theft of a car belonging to Bob Barnes, Tahoka Church of Christ minister.

Charles A. White, also of Lamesa, employee of Hill, charged in the same case.

Baldonera Moreno, a bracer, charged with theft.

D. L. Flowers, Odezza and formerly of Tahoka, theft.

Robert Baird, Lubbock, charged with selling securities without a license.

James Berryhill and Homer Steward, in jail at Lubbock, escapes from Florida prison, charged with burglary of Billy Stice's Fina Service Station, north of Tahoka, in which a shotgun, cigarettes and some money was taken.

R. H. Grubbs, Petersburg, charged with passing a cold check and forgery.

Vilone Gray, New Home Negro who is on probation, forgery and passing.

Archie Morgan, O'Donnell Negro, charged with assault and attempt to murder.

Wilson Lions Honor Hancock

N. B. (Billy) Hancock of New Home was presented a plaque by Wilson Lions Club Tuesday night at its meeting for having been named the Lynn county "soil conservation farmer of the year." The presentation was made by Elmer Blankenship, president of the High Plains Underground Water District and a former member of the Soil Conservation District Board of Supervisors.

Members of the latter board, Melvin Wuensche of Wilson, W. L. (Cap) Rowe and O. E. Terry of Tahoka, were honored guests also, and Allyn Cox, Soil Conservationist, presented a sound film the District recently bought entitled, "The Earth is the Lord's."

Wuensche announced that the film is available to all farm, school, civic or church groups of the county and may be had by applying at the office of County Agent Bill Griffin.

Theo Campbell was in charge of the meeting, and Clarence Church introduced the special guests and the program.

Secretary Earl Cummings announced the club through its projects had raised \$800.00 for benefit of the Wilson Little League, and then presented another check for \$283.00, profits from the recent pancake supper, to A. L. Holder, Little League treasurer.

Friday, Thirteenth, Unlucky For Man

Friday, the thirteenth, was an unlucky day for Oberlee Roberts, Negro farm hand living near Tahoka.

He stole some wheel weights from a tractor belonging to Cecil Clem.

Three hours later, Sheriff "Booger" Redwine and his deputies had tracked him down and brought him to town.

The penalty assessed was a \$25.00 fine and ten days in jail.

James Gage was dismissed from the hospital Wednesday morning where he had been a medical patient since Monday.

Jerre Wyatt was dismissed from Tahoka Hospital Saturday where she had been a patient several days.

Rain Showers Aid Some Farms

Rain showers Tuesday night and Wednesday morning fell on a large portion of northern Lynn county, and some reported sufficient rain to do some good.

Part of the Dixie community received up to an inch, as did an area west of Wilson, and many farmers from Lakeview, north of New Home, around Dixie and Wilson reported from a quarter to a half inch.

Dryland planting is being delayed because of lack of topsoil moisture, however some dryland farmers have been able to get cotton up.

Fire Damage To Two Houses

Tahoka Fire Department has made three runs to fires in the last week.

Saturday morning, they went to the Brosch place a mile and a half west of Wayside, where a Mexican house burned. The house was completely destroyed.

Saturday afternoon, the department was called to a threatening grass fire on a vacant lot south of the L. C. Haney home.

Tuesday at 11:25 a. m., fire damaged the home of Neely Brooks at 2328 North Third, in the Roberts Addition.

Mrs. Brooks was in the kitchen when the fire started from an accumulation of gas from a leaky stove burner, and Mrs. Brooks was slightly burned. Damage to the kitchen was heavy, and smoke also badly damaged other rooms and furniture of the home. The Fire Department arrived in time to prevent more serious damage.

Seniors Leave Gift To School

The senior class of Tahoka High School has given the school a gift that will, no doubt, mark an important event in the history of the local school.

Members of the class have left \$150.00 to the school to start a scholarship fund, according to Mrs. Lois Mason, sponsor. Coach Maurice Hodges is also a sponsor for the class. The seniors donated the money to the fund after allowing a sufficient amount to cover expenses for the year.

Officers for the 45-member class are:

President, Mickey Owens; vice president, Larry Forsythe; secretary, Sunny Gibson, treasurer, Joe Phil Inman; parliamentarian, Richard Stice; reporter, Barbara Thomas; and Student Council representatives, James Hicks and Carol Smith.

COURT OPEN TODAY

District Judge Truett Smith will convene 108th District Court here today to hear some anticipated pleas of guilty.

PAINT SWIMMING POOL

City of Tahoka has painted and made minor repairs to the Municipal swimming pool preparatory to its opening next week.

R. L. (Rafe) Richardson is reported by his wife to have suffered two heart attacks last week end, one Saturday night and another Sunday morning in Methodist Hospital, Lubbock, where he has been a patient for two weeks. Wednesday he was resting nicely.

Dismissed Saturday from the hospital was Carl Griffing who had undergone surgery last week.

The center line is your safety line.

REV. HOLTZCLAW

Guest Speakers At First Baptist

Rev. Carrol T. Holtzclaw, Lubbock, will be guest speaker at both services of the first Baptist Church here Sunday, May 22.

A graduate of Baylor University in Waco and Southwestern Seminary in Fort Worth, Rev. Holtzclaw served as Chaplain in World War II, overseas duty in Western Pacific. He has served Plains, Petersburg churches, and the last three and one-half years have been at Shallowater.

Last Sunday's speaker was Rev. Boyce Evans. To speak Sunday, May 29, is Dr. Tom Parrish from Wayland Baptist College, Plainview. All members of the church are urged to attend the church services and hear the guest speaker, and visitors are always welcome.

Currys' Twins Death Victims

Graveside services were conducted Saturday and Sunday, May 14 and 15, at Tahoka Cemetery for Larry Wynn and Barry Lynn Curry, twin sons of Mr. and Mrs. Wiley Lee Curry, who had just recently moved from Tahoka to Hale Center.

The twins were born Thursday, May 12, in St. Mary's Hospital in Lubbock.

Rites for Larry Wynn were held Saturday, and services for 3-day-old Barry Lynn were conducted Sunday afternoon. Officiating at both services was Rev. D. W. Copeland, pastor of Redwine Baptist Church. Burial was under direction of Stanley Funeral Home.

Survivors include the parents; a brother, Wiley Lee Jr., of the home; grandparents, Mrs. Elnora Curry and Mr. and Mrs. H. M. Thornton, all of Tahoka, and Pete Curry, Fort Worth; and three great-grandparents, Mrs. Wiley Curry, Mrs. Annie Anderson, both of Tahoka, and Mrs. J. P. Carter, Rails.

O'Donnell Negro Is Shot In Leg

(O'Donnell Index Press) Archie Morgan was said to have shot Jesse Smith late Sunday afternoon in the leg. The wound was not serious, going through the fleshy part of the limb. "Big Mama" saw part of it from her front yard. The disagreement was said to have come up over a 50c debt. Are times really that rough? Could be rougher if it doesn't rain.

Deputy Sheriff Frank Lindsey took Morgan to Tahoka where he was charged with attempted murder. A Mexican national, Valdomera, was charged with theft of four tires and wheels. He worked on the Arlys Askew farm.

MRS. CARTER HOME

Mrs. Otto Carter, under treatment in a Lubbock hospital, returned to her home eight miles north of Tahoka Saturday.

Carmen Hernandez, employee of Robinson Drilling Co., was admitted to Tahoka Hospital this week after receiving back injury in a car incident. He is doing nicely.

Othell Meeks was admitted to the Hospital Wednesday morning as a medical patient.

Pool Opening Here Wednesday

Tahoka City Swimming pool will open the season next Wednesday, May 25, at 2:00 p. m., according to announcement of L. F. (Jake) Jacobs and Clifton Gardner, local school principals, who will operate the pool this summer.

The pool will be open daily from 2:00 to 7:00 p. m. except on Sundays, when the pool will be open from 2:00 to 6:00 p. m. Admission is 20 cents for children under 12 and 40 cents for all people 12 years of age and older.

Private parties may be arranged with the operators for the hours between 7:30 and 9:00 p. m. week days.

Swimming lessons will be given by Mr. Gardner, and those interested should contact him. These classes will be started soon.

County Demos Favor Johnson

Senator Lyndon B. Johnson was endorsed unanimously as a nominee for Present and delegates were elected to the State Democratic Convention on June 14 and September 20 at the Lynn County Democratic Convention held in the court house Saturday afternoon.

Delegates from Lynn county elected Saturday are: Wilmer Smith, Calloway Huffaker, S. M. Clayton Jr., Albert Curry, and Mrs. Margaret Noble. Alternates elected are: John Saleh, John F. Thomas, Woodrow Brewer, Clarence Church, Charles Verner, and John Ellis.

In the very harmonious session, S. M. Clayton Jr. was elected permanent chairman and Mrs. Beulah Pridmore, permanent secretary.

The resolution endorsing Johnson was presented by Clint Walker, chairman of the resolution committee.

E. R. Edwards, finance chairman, made a call for funds for the county's part of the 1959-1960 Democratic Party expenses, and \$165.00, or \$15.00 above the quota, was raised from delegates at the convention.

Five From Here Graduate At Tech

Five Texas Tech students from Lynn county are candidates for degrees at commencement exercises to be held May 30 at 8:00 p. m. at which time more than 900 will be graduated as Tech's Class of 1960.

Degree candidates include: Bachelor of Science in Agriculture: Richard L. Carter, Tahoka, and Jerry Wendell Church, Wilson, both agricultural education.

Bachelor of Business Administration: Mary Elizabeth (Carroll) McCurdy, Tahoka business education.

Bachelor of Science Education: James Robert Barnett, New Home, physical education; and Margie Ann Curry, Tahoka, English.

Absentee Vote Starts Slowly

Only five absentee ballots had been cast up to Thursday morning, but 19 others had been mailed out and are expected to be returned, states C. W. Roberts, county clerk.

Voters have until May 31 to cast an absentee ballot for runoff primary election of June 4.

Principal interest locally is in the sheriff's race in which Sheriff Norvell "Booger" Redwine is opposed by Tahoka Police Chief Jack Miller.

There is also much interest in Precinct 1 in the county commissioner's race. Present incumbent Curtis Morgan is opposed by Buford Jones.

Only state race to be decided in the runoff is the Judge of the Court of Criminal Appeals in which Lloyd W. Davidson of Austin is opposed by W. T. McDonald of Bryan.

Mrs. Irving Stewart is in Methodist Hospital this week having tests and diagnosis made of her nervous condition.

Graduation Programs Tonight For Three Schools of County

Class Exercises At New Home

Kay Smith, valedictorian, and Gayland James, salutatorian, will present the graduation addresses tonight, Friday, at 8:00 o'clock for the New Home school commencement exercises.

"Education for Today's Living" is the title of Miss Smith's valedictory address. James' salutatory address is "Desire to Achieve."

H. M. Ernest will present the class, and diplomas will be presented by E. M. Rudd, president of the school board, and Supt. H. L. Miller. Mr. Miller will also present the awards.

Betty Taylor will be pianist.

Members of the graduating class are: Gaylord Armontrout, R. L. Harston, Gayland James, Freddie Kiehl, Judy Milliken, Kay Smith and Gene Bob Wilson.

The class expects to leave Saturday on the annual-senior trip when they will visit Galveston. They will be gone about a week and will be accompanied by Mr. and Mrs. Benny Pryor.

Two Will Attend Hawaii College

Floyd Tubb, teacher of commercial subjects in Tahoka High School, and Lonnie Wheeler, a sophomore in Texas Tech and a graduate of the local schools, will attend the University of Hawaii in Honolulu this summer.

Tubb will do graduate work, and Wheeler undergraduate work.

They expect to leave here on June 4, driving to Los Angeles, where they will leave Tubb's car with Tracy Brown, a former teacher here. After a visit there, they will fly to Vancouver, B. C., Canada, and will sail by boat from there to Hawaii. They expect to fly back to Los Angeles after completing the summer session of school.

Claud Phillips Rites Thursday

Funeral services for Claud L. Phillips, 77, were to be held at 2:00 p. m. Thursday in the Church of Christ at Durant, Okla., with burial in the Highlands Cemetery there.

A retired carpenter who had lived in Lynn county since 1955, Mr. Phillips had been in ill health several months and had been hospitalized six days prior to his death.

He died at 5:15 p. m. Tuesday at West Texas Hospital in Lubbock. The body was taken to Durant by Stanley Funeral Home.

Phillips was a native of Mississippi. He was married to Susie Ella Roberts in 1910 at Durant. She died in July, 1951.

He was a member of the Church of Christ.

Survivors include a daughter Mrs. D. R. Proffitt, Tahoka; a son, Herbert K. Phillips, Hobbs; two sisters, Mrs. Mary Rutherford, Paris, Texas; Mrs. Daisy Melton, Durant; a brother, W. Z. Phillips, Tulsa, Okla.; two granddaughters, and one great-grandson.

Will Open Bids On City Paving

Bids on Tahoka's new street paving program will be opened next Monday, May 23.

The engineer has reported to local city officials, The News is informed that 14 contractors have turned in bids of the project and that prospects are good for a low bid.

Property owners will participate in the project by paying their pro rata part.

Wilson Pastor At Convention

Pastor James P. Burnett of St. John Lutheran Church, Wilson, on May 9-11 attended a historic Lutheran convention in St. Martin's Lutheran Church, Austin.

The three-day convention of 430 pastors and delegates from 255 congregations in Texas, Louisiana and Arkansas included a concluding convention of the Texas District of the American Lutheran Church on May 9 and the constituting convention of the Southern District of the American Lutheran Church on May 10 and 11.

The final two days merged the Texas District, American Lutheran Church, the South Central District, Evangelical Church and the Nebraska District, United Evangelical Lutheran Church into the Southern District of the American Lutheran Church.

Parent bodies of the three churches held their constituting convention in Minneapolis, Minnesota, late in April and the Southern District was the first of the nation's 19 districts to be constituted.

The first day's sessions was presided over by the Rev. Vernon A. Mohr, president of the Texas District, and featured an address by Dr. George Schultz, director of stewardship and finance of the American Lutheran Church, Columbus, Ohio. Reports of the various committees and activities of the Texas District ALC was heard and there was a concluding church service that night.

Tuesday's constituting convention of the Southern District of the ALC opened with a communion service. The business sessions of the constituting convention was presided over by the new vice president of the American Lutheran Church, Dr. Norman Menter, elect.

ed at the Minneapolis meeting, Rev. Vernon A. Mohr was chosen on the second ballot and was nominated unanimously on the vote of all there, as the president of the new Southern District.

Merging of the three bodies into the American Lutheran Church climaxes almost a decade of study and effort, with a membership of nearly 100,000 in the new district, and over two and one-half million in the nation.

Fittingly, the two conventions were held in the new \$1,400,000 church plant of St. Martin's Church that was dedicated on March 27, and is the largest single church building project ever undertaken by a congregation of the American Lutheran Church. As a gift of joy and happiness over their new church, the members of St. Martin's Church gave \$75,000 to the missions, colleges, and charities of the new church.

Six Accidents During April

Six rural traffic accidents were investigated by the Highway Patrol service of the Texas Department of Public Safety in Lynn County during the month of April, according to Sergeant E. L. Stroud.

In making this announcement, the sergeant reported 5 property damage, 1 injury, and no fatal accidents. These wrecks caused a total property damage of \$13,330.00 with 1 person injured and none killed. This brings the total for the year in this county to 2 killed, 17 injured, and property damage of \$27,614.00.

Every driver should remember that when he or she takes a chance and violates a traffic law, they are also taking a chance with injury or death in a traffic accident for themselves, as well as the ones riding with them.

"Our patrolmen are on the highways every day and every night, trying to apprehend the traffic law violator before an accident happens," the sergeant said, "but we can not do the job without the support of the traveling public." When more drivers start obeying the law, accidents will decrease and in turn your chances of being killed or injured in an accident will decrease.

Mr. and Mrs. Billy Ed Ware and two sons of Kermit were here over the weekend. A pharmacist, Billy several months ago bought an interest in a drug store in that city. They say they like Kermit very much.

Do You Know The Bible Says—

By R. C. Coppedge
That, Except a man be born of water and of the Spirit, he cannot enter into the kingdom of God. John 3:5.

That, He that believeth and is baptized shall be saved. Mark 16:16.
That, to Repent and be baptized every one of you in the name of Jesus Christ for the remission of sins. Acts 2:38.

That, Even baptism doth also now save us. 1 Pet. 3:21.

That, The people of Samaria believed Philip preaching concerning the kingdom of God, and the name of Jesus, they were baptized both men and women. Acts 8:12.

That, the People that believe, were baptized in the name of the Lord Jesus. Acts 8:16.

That, The Ephesians were baptized in the name of the Lord Jesus. Acts 19:5.

That, So many of us were baptized into Jesus Christ were baptized into his death. Rom. 6:3.

That, We are buried with him by baptism into death. Rom. 6:4.
That, We are buried with him in baptism. Col. 2:12.

That, They that gladly received his (Peter) word were baptized. Acts 2:41.

That, Peter commanded them (the Gentile believers) to be baptized in the name of the Lord. Acts 10:48.

That, As many of you as have been baptized into Christ have put on Christ. Gal. 3:27.

Why then will some say that water baptism has no part in salvation?

Today's MEDITATION

from
The World's Most Widely Used
Devotional Guide

The Upper Room

THE UPPER ROOM, NASHVILLE, TENNESSEE

Having gifts that differ according to the grace given to us, let us use them. (Romans) 12:6 RSV.)

Ready to embark on his lifework, a young man asked himself: "Shall I devote my life to a church-related occupation, or shall I seek a career in business?" He loved the church and had been active in its program. He also had qualifications for a successful business career. The conflict of indecision raged within him for many weeks.

One day he went alone to the mountains to pray and ask for guidance. The answer came, as clearly as if the words had been audibly spoken, "Go into the business for which you are fitted. The coming of God's kingdom depends as much upon true Christian laymen as upon preachers, teachers, and other workers in the church." He followed this guidance, and throughout his life there was never a question but that it was God's leading.

He believed that a Christian should put into his work just a little more than is expected. He faithfully continued his church activity and became a leader.

PRAYER: Our Father, help us to place our lives in Thy hands and to follow Thy leading wherever it may take us. Help us to show by our everyday living that we are doing our best to follow the teachings Thou hast given us Through Thy Son. In His name we pray. Amen.

THOUGHT FOR THE DAY
The coming of God's kingdom depends upon consecrated persons, both ministers and laymen.

Rural Carriers Taking Census

The Announcement was made recently that Rural Mail Carriers will begin distributing June 1, 1960 Livestock Survey Cards to patrons on their routes about May 19.

This mid-year livestock survey is the first of three which your Post Office and U. S. Agriculture Department cooperatively make each year. The June 1 survey provides basic information to the Texas Crop and Livestock Reporting Service in Austin for estimating the 1960 calf crop, what the spring pig crop actually numbered, and a preview of farrowing intentions for the fall season.

Also, poultrymen will get information on number of chickens raised during the spring. Those chickens will be the coming fall and winter's laying flock.

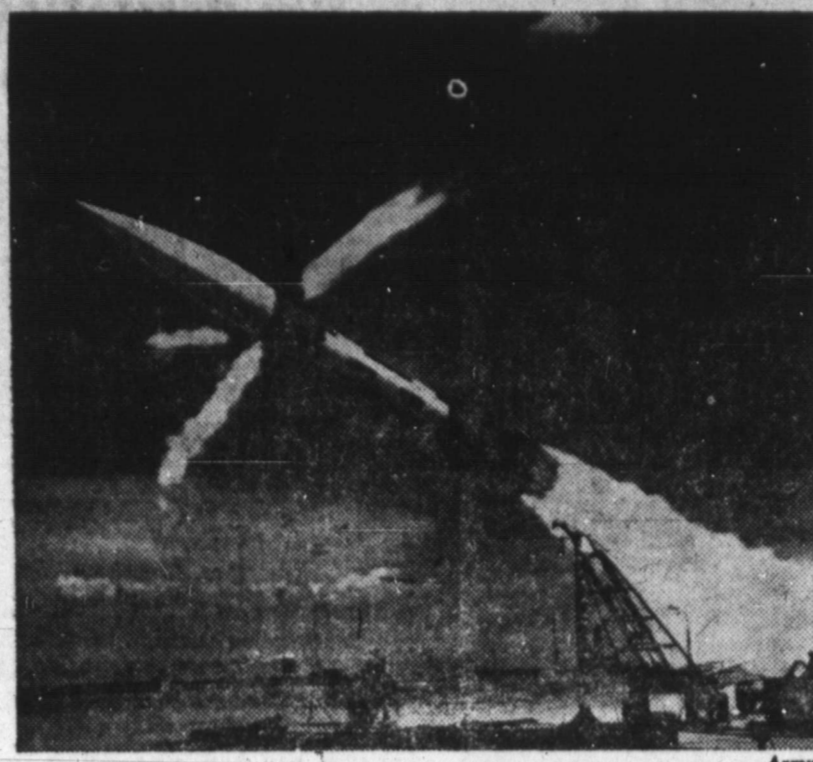

To be sure our community is well represented in this survey, a card is urged to fill it out and return to his mail box.

Rural mail carriers working on this project are: W. A. Reddell, Route 1; H. L. Roddy, Route 2; D. C. Carroll, Route 3; Clyde Ashcraft, Route 4; and A. C. Weaver, Route 5.

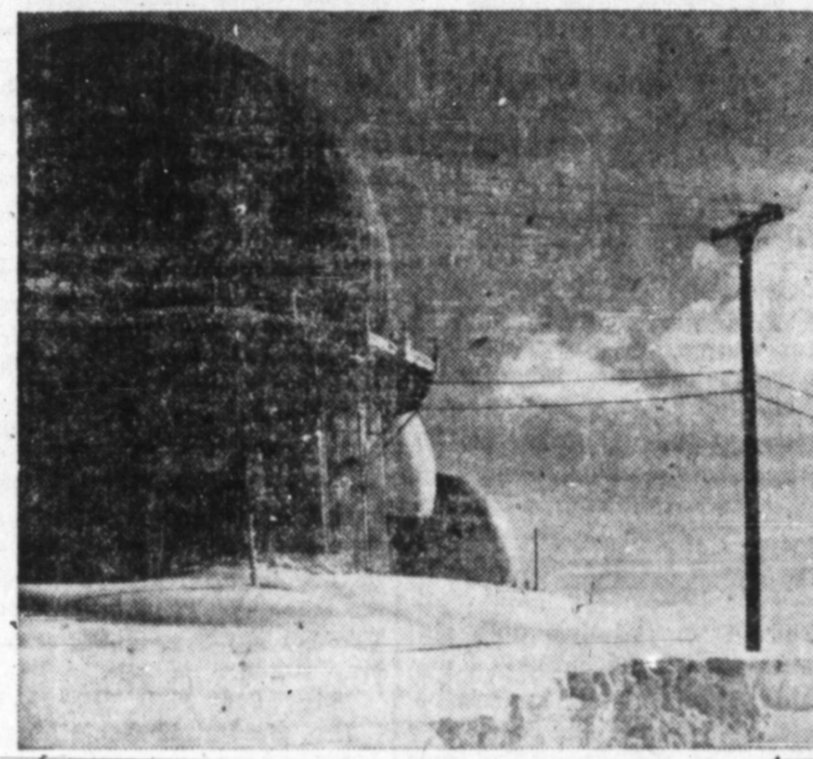

S. S. ATTENDANCE

The firing of this surface-to-surface missile is part of the continuing program to improve even more the mobility and effectiveness of weapons for the Modern Army. Honest John, an operational long range artillery rocket, has considerably more battlefield mobility than conventional artillery and can deliver on target the demolition effect of hundreds of artillery shells.

RADAR DATA RELAYED BY MICROWAVE. One of the nation's first experiments in relaying radar data by microwave to operational equipment many miles away was conducted at this site atop mile-high Mica Peak in eastern Washington. Operated by the 1st Missile Battalion, 43d Artillery, the site relays radar data 30 miles to the Army-Air Force air defense command post at Geiger Field.

FHA Chapter In Meeting Wednesday

The Tahoka Chapter of Future Homemakers of America held their final meeting of the year 1959-60 last week to elect the slate of officers for next year.

Officers are as follows:
 President, Vennie Faye Ratliff; first vice president, Donna Copelin; second vice president, Martha Bell; third vice president, Vickie Hamilton; fourth vice president, Susan Thomas; recording secretary, Lynda Applewhite; corresponding secretary, Sue Walker; treasurer, Melissa Reece; historian, Loretta Short; reporter, Darlene Tekell; parliamentarian, Rose Scott; and pianist, Carol Jean Allen.

The installation of these officers was held at the Mother-Daughter Banquet which was given Thursday night in honor of the F. H. A. girls' mothers.

New Home-Grade School Grads

Nineteen eighth graders of the New Home school received their diplomas Thursday night, May 19, designating that they have completed elementary work satisfactorily and are ready to begin their studies in high school subjects.

Invocation was given by Terry Brown and David Unfred presented the class history. Salutatory address was given by Max Blakney, and Dave Hancock the valedictorian.

Supt. H. L. Miller presented the awards, and Prin. J. G. Miller the diplomas. Jerry Dale Todd gave

the benediction.

Class roll is as follows:
 Max Blakney, Terry Brown, Josephine Castro, Barbara Draper, Sharileen Embry, Elton George, Betty Gomez, Dave Hancock, Treva Keith, Esperanza Martinez, Janie Milliken, Carolyn Morrow, Julia Rodriguez, Don B. Rudd, Shirley Smith, Patsy Swinson, Linda Timmons, Jerry Dale Todd and David Unfred.

QUESTIONS, PLEASE

QUESTION: "Is there any authority for sprinkling for baptism?"

ANSWER: This depends entirely on what your authority is. There are sometimes many authorities on the same subject. These "authorities" vary many times. All of them could not be right, if there is a variance. In the field of religion there is only one reliable authority and that is the word of God. The Bible does not authorize sprinkling as baptism. Sprinkling was first permitted by the Catholic Church in 1311 AD as "clinical baptism." This came about 1270 years too late to have been authorized in the teachings of Jesus. Just how much of Catholicism have we discarded? Every Greek scholar agrees that the Greek word "baptizo" literally means "to dip," "to plunge" or "to immerse." The word "baptism" in our Bible is not a translation but a transliteration. It was just brought over from the Greek to the English. There is no English word "baptism." If it had been translated then Acts 2:38 would have read "repent and be immersed in the name of Jesus Christ for the remission of sin." The reply might be made, "This

is such a small thing. What difference does it make if we sprinkle." The difference is this: no command of God is small enough to allow for human alteration. Nadab and Abihu in Leviticus 10:1-3 thought it a small thing to offer a fire that God had not commanded. God had not said, "Thou shalt not offer a strange fire." He had just told them what to offer. The same is so with baptism. He has not said, "Thou shalt not sprinkle." But rather He has said to use immersion which is exactly what the word means. John baptized in a certain place once because there was much water there (Jno. 3:23). Why baptize where there is much water if sprinkling is baptism? When Philip baptized the eunuch from Ethiopia they both went down into the water and Philip baptized him and they both came up out of the water (Act 8:38, 39). Why was it necessary for both to get wet if sprinkling had been the "mode" of baptism? The Bible gives no support for sprinkling.

MELVIN WUENSCHIE

Clyde Childress who farms south-east of Draw has completed installation of approximately 992 feet of underground pipe to be used for laterals.

Construction has begun on two ponds for livestock water on the T-Bar Ranch. The ponds will improve utilization of grass by better distribution of Grazing. Ponds are being constructed as part of the Great Plains Conservation plan developed for the ranch.

Irrigation Research in Texas indicates the timing of irrigation water application to coincide with critical stages of plant growth is of greater importance than the total water applied. Ample moisture should be available at planting time to soil depths of 5 to 6 feet, depending on soil types, and crop to be grown.

R. E. Behrend, who farms north-

west of Wilson plans to install approximately 1214 feet of underground concrete pipe. Pipe will be used to transport water with minimum loss of water and soil.

P. N. Lusk, who farms north of Draw has completed sodding two waterways to Midland Bermuda grass. Waterways were developed to safely dispose of outside water without erosion.

Clarence Church whose ranch is located northeast of Tahoka has completed drilling one well for livestock water. The well is part of a complete Soil and Water Conservation plan being carried out by Church with cost share assistance under the Great Plains Conservation program.

Hand-Dug Well In Use Over 55 Years Plays Out

A hand-dug water well that had been in use nearly sixty years on a farm southeast of Wilson went dry last week, probably because of the extensive irrigation in the area. A new and deeper well had to be dug to take its place. The farm is known as the Milliken place by oldtimers.

The well is on the farm owned by Mrs. Lena Benton, which is farmed by E. E. Webb, according to Mrs. Erwin Sander of Wilson and Bill Klattenhoff of Slaton, a brother of Mrs. Benton.

The News is informed that the well was probably dug by the Kerschners shortly after the turn of the century. Mr. Kerschner originally owned the place and built thereon a two-story house with two large rooms and a hall downstairs and two upstairs. Salvaged lumber was hauled from Colorado City and adobe brick made on the site, were used in the construction, according to "Bud" Milliken.

The well has hand-dug to 60 feet in depth, and steps led down into the well.

Mr. Milliken's late parents acquired the section of land, located just northeast of Tahoka Lake, in 1907, and the northeast quarter was owned by "Bud's" brother until a few years ago.

Klattenhoff and "Bud" both says the old mail line, or stage line, from Colorado City to Gail, Lynn, and Lubbock came by the place. The teams of little Spanish mules used to pull the mail hack were frequently watered from the well. Old Lynn postoffice, says Mrs. Hall Robinson, was located southeast of the Milliken homestead when she was a girl living with her parents, Mr. and Mrs. Jack Alley, at Col. C. C. Slaughter's Tahoka Lake Ranch headquarters.

Bill Klattenhoff also relayed to The News a weather story of interest. He has authenticated the fact from the U. S. Weather Bureau that early in May of 1917 over nine inches of snow fell in Amarillo, 2.1 inches falling on May 5 and seven inches on May 6, 1917, for a little over an inch of moisture. At the same time, Bill says, it snowed in Slaton but melted as it fell.

Everyday Religion

By J. R. Thompson

Next week is Soil Stewardship Week. I recently visited a farm that was terraced. As we rode along those little winding mounds of earth across the field, I kept thinking that there must be some spiritual lesson there for us. Those terraces were not accidental—they had been surveyed and graded—they were there for a purpose.

The terrace is used on land that isn't level. Life is like that—it does not lay smoothly. There are dips, inclines, and unexpected turns. There are experiences that shock, and leave us dazed and weary! It is wise therefore to have something in the soul that will take away the sting. Added to this natural uneven lay of life, are storms and floods that blow across our spirits. All of this will wash up and wash us out, if we do not take heed. So, the soul needs its terraces too!

Then the terrace conserves and distributes the rainfall. Each row in a terraced field gets and holds its part of the moisture. This enables the growing plants to benefit from rain that is otherwise wasted.

The psalmist said on one occasion, "As thy days are—so shall thy strength be." He had learned to conserve the blessings of his high days for his low days. He knew how to use again and again the great moments of life. Dr. Roy L. Smith has a fine word on "Trust Your High Moments" in which he urges us not to think of the great overwhelming blessings of life as being too good to be true. We would add to that thought; use your high moments. Make them live and serve in the hot dry days, when no immediate blessing seems forthcoming.

The ultimate purpose of all this water and land saving is the harvest. Purposeless life is worse than death—but life that has an ultimate goal is richly worthwhile. This ultimate purpose is character and soul power. The rest is in the hands of God—and as surely as God is good, all is well. Is your soul properly terraced?

E. E. Hancock, formerly of Lynn county and now curriculum director of the Lubbock county schools, was a business visitor here Saturday.

PLANT TEXIOCA-54

MUST BE GROWN ON IRRIGATED LAND

Under a simple contract, deliver it to us 15 per cent or lower moisture content this fall, and

We Will Pay—
\$1.63 per 100 pounds

Come by Wilson Co-op Gin for your seed and be ready to plant!

Seed \$6.00 per 100 pounds

There is nothing complicated or involved about the deal. You plant it, grow it, and we take the crop off your hands at our Wilson, Texas, Elevator.

Following are some of the questions we have been asked by Farmers:

QUESTION: Is Texioca-54 the same as the Waxey, Kaffir, grown during the mid-forties?
ANSWER: No, Texioca-54's main parent is Martin Milo.

QUESTION: How is the Yield?
ANSWER: Substantially the same as Red Hybrids.

QUESTION: How can we pay \$1.63 per 100 pounds?
ANSWER: Because the yield from the acres you plant is already contracted to Corn Products Company at that price. Corn Products Company makes a high-grade cooking starch to go in frozen foods.

QUESTION: Is it more difficult to raise than Milo?
ANSWER: No. The same farming methods are used as for Milo.

QUESTION: Does it stand as well as Milo?
ANSWER: Yes. Better, in fact.

QUESTION: Do you have an unlimited amount of seed?
ANSWER: No. The seed we have on hand is all there is available, so it will be well for you to make arrangements for your seed now.

QUESTION: What are the prospects for growing Texioca in the future?
ANSWER: There will be more seed available next year and there will be a demand for more acres.

QUESTION: What is the planting rate?
ANSWER: 4 to 6 pounds per acre is recommended.

QUESTION: When is the best planting time?
ANSWER: June 10-20th. However, it makes as well proportionately as Milo when planted earlier.

QUESTION: Must it be 13% moisture when you deliver it to us?
ANSWER: No. 15% or below.

QUESTION: Will it dry well in the field?
ANSWER: Yes. About like Martin and better than most Red Hybrids.

QUESTION: Is it difficult to harvest?
ANSWER: No. The head grows well above the leaves. It has an open type head which threshes more easily than most Red Hybrids.

Lutheran Society Workshop May 22

The Lutheran Welfare Society of Texas, the social service of the National Lutheran Council Churches of this area, will conduct a workshop relating to its program and services at Shepherd King Lutheran Church, 2122 18th St., Lubbock, on Sunday, May 22, beginning at 3:00 p. m., according to Rev. James Burnett, pastor of St. John Lutheran Church, Wilson.

The workshop will feature such topics as the philosophy of services to unmarried mothers, adoption of children, the concern of social agencies, law-making bodies and courts, the medical profession, and the Church and community responsibilities towards the needs of elderly citizens. The workshop will provide an opportunity for an informal discussion of the services of the Lutheran Welfare Society, and ample time will be allowed for questions and answers.

The Rev. Rolf A. Norman, executive director of the society and who has had many years of experience in this work, will present the topics and lead in the discussion to follow. A film strip, "The New Commandment" depicting the work of a welfare committee in a congregation will be shown during the session.

Pastor Burnett states this workshop will be the first of its kind ever held in this area, and he invites all citizens concerned with the welfare of people to attend.

Representatives of some ten neighboring congregations, including Lockney, Levelland, Slaton, Lamesa, Posey, Wilson, Littlefield, Odessa, Lazbuddie, and Midland are expected to be present and to bring their friends.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

A most interesting bill has been placed before Congress by Rep. William Tuck of Virginia.

This measure, if passed, would make it illegal to force on an employer a greater number of employees than he thinks necessary, and would thus stop the union "featherbedding" that has become a most serious problem.

Actually, labor leaders who are forcing unneeded workers on employers C. W. Harder are in effect creating the same type of socialism that Benito Mussolini saddled on an unfortunate Italy. In fact, there are perhaps more parallels to the prewar Italian situation than it is palatable to dwell upon.

Then, and now, the economy of Italy had drifted into a monopolistic control where a few big cartels owned practically everything.

This, of course, did not serve the best interests of the bulk of the population, and lacking a small independent class of business to furnish employment, there was a scarcity of jobs.

So the Italian system, started by Mussolini, was for the government to run down the list of employers and arbitrarily telling each employer how many additional employees he should put on the payroll.

Naturally, this raised the cost of Italian goods and services with the result Italy was not very competitive in the Euro-

pean trade circles, and this in turn resulted in strong inflationary trends in Italy.

As a matter of fact, when Benito Mussolini plunged his nation into war, first in Ethiopia, then into World War II he adopted perhaps the only course that was open to him to stay in power and keep the Italian socialistic economy from a complete collapse.

Now, of course, in this nation, the government does not actually order railroads to put more men on train crews than there is any need for; neither does government, either federal or local, issue edicts such as those in many areas forbidding painters to use any brush wider than four inches to make a job last longer.

But powerful union leaders, not held in check by government, and in fact supported by National Labor Relations Board, does issue these edicts, and in some areas, these labor leaders have the power on the legislative level to get some of these "featherbedding" measures made into law.

So it gets more or less down to the basis that it is not so important to find out who killed Cock Robin. He was killed, and the important thing is to prevent this from happening again.

Thus, Rep. Tuck's bill is important in many ways. It is high time that business management is restored to its rightful management. It is also high time that unions are prevented from using their government smiles upon building of business to create still further socialism in the United States. One Mussolini was enough for the world for quite some time to come.

Little League Play Steps Up

The Yankees and Giants continue to lead the Tahoka Little League, each team having won three games.

Friday night, the Giants defeated the Cubs 13 to 6 on a grand slam home run (with three men on base) by Milton Miller and a home run with two on by Stanley Renfro.

The same night, the Yankees won over the Cards 6 to 2. Mike Smith was the winning pitcher, and Britt Robinson was tabbed with the loss.

This Friday night, the Cubs play the Yankees, Monday the Cardinals and Giants tangle, Tuesday the Cardinals meet the Cubs, and Thursday the Yankees test the Giants.

Tests Are Made On Crops Here

A number of crop demonstrations are being carried out by Lynn county farmers this summer under direction of County Agent Bill Griffin.

Six farmers are participating in cotton variety demonstrations. These are Carl Sanders, Eldon Gattis, A. B. Bush, Raymond Crain, and Claude Vaughn, each of which has test plots of four varieties, and Ward Eakin, two varieties.

George Sealy is carrying out tests on cotton fertilizers.

Crop residue management tests plots are being combined by Buford H. Jones and Melvin Wuensche. Jones is experimenting with cotton burrs and nitrogen, and Wuensche is planting cotton on sorghum stubble and nitrogen.

Clifton Hamilton has test plots on seven of the new hybrid grain sorghums.

Other test plots of interest are

the vegetable plots on the W. T. Kidwell and Joe D. Unfred farms. Kidwell is experimenting with five varieties of tomatoes and Unfred with four varieties of sweet potatoes.

Ann Reasonover McMurry Graduate

Ann Reasonover, Tahoka High School graduate, will receive her elementary teaching certificate at graduation exercises at McMurry College in Abilene this weekend.

Baccalaureate services for the senior class will be held Sunday night, May 22, and diplomas will be awarded at commencement exercises in Radford Memorial Hall Monday, May 23, at 10:00 a. m.

Ann is the daughter of Mr. and Mrs. Johnny Reasonover. She has signed a contract to teach in the Abilene School system next fall.

Drivers Set Insurance Rate

Dick Clark of Lubbock, representing the Texas Insurance Speakers Bureau talked at Tahoka Rotary Club last Thursday noon on our automobile insurance regulations, rates, accidents, etc.

He declared drivers are responsible for car insurance rates, we say, as the rate is determined by the loss record compiled.

Sixty million people have been killed or injured in the U. S. in the last 50 years. Surprisingly, 76 percent of the cars involved in accidents are on straight, open roads when the accidents occur, and most of them are by experienced drivers. The so-called "green" driver is responsible for only 3.4 percent of the fatal automobile wrecks.

Clint Walker, in charge of the program for the day, introduced the speaker.

Second phase of the day's program was introduced by School Superintendent Otis Spears, who brought to the club three sophomore science students to display and explain their science class projects.

Tony Spruiell demonstrated a beacon light he had devised, Donnie Hopkins a radio loud speaker, and Patricia Hammonds, a solar furnace. The latter, demonstrated out-of-doors, attracted special attention from the Rotarians. The solar furnace she had built from a large \$6.00 magnifying glass she said generates up to 2,000 degrees heat from sun rays. At any rate, she demonstrated that it would set fire to wooden boards, paper, etc., in seconds.

Student guests for the month, Pike Burkhart, James Hicks, and Kenneth Stice, were introduced by H. B. McCord Jr., K. R. Durham, and Calloway Huffaker, respectively.

WILSON EQUALIZATION BOARD WILL MEET

The 1960 Tax Equalization Board for the Wilson Independent School District will meet on Wednesday, May 25, in the Wilson High School building from 10:00 a. m. to 4:00 p. m. for the purpose of checking the 1960 tax renditions with the taxpayers, according to Johnny Clark Jr., superintendent.

Last year, American hunters bagged enough deer to produce 184 million pounds of venison, making it the fourth-largest source of red meat.

Mrs. Bryan Williams Is Buried At Post

Mrs. Bryan Williams, Sr., 67, pioneer, Garza county resident, died Sunday morning in Methodist Hospital, Lubbock, following an illness of less than a week.

Funeral services were held Monday afternoon in Post at the First Presbyterian Church with Rev. Gene Matthews, pastor of the First Methodist Church, officiating. Burial followed in Terrace Cemetery.

Mrs. Williams and her husband were well-known in Lynn county, as they owned considerable land in the eastern part of Lynn. She came to Post in 1913 and married Mr. Williams there.

Survivors include the husband; one son, Bryan J. Williams; one sister, Mrs. Hazel McFweeney of Springfield, Mo.; and two grandsons, Bryan III, a student in Texas Tech, and Lee of Post.

Cheerleaders For Next School Year

Buddy Chestnutt, son of Mr. and Mrs. G. H. Chestnutt, was selected as head cheerleader for the school year 1960-'61 after try-outs were held in Tahoka High School last week. He served as the junior class cheerleader the past year.

Also selected to serve another year as cheerleader was Elaine Buchanan, daughter of Mr. and Mrs. Preston Buchanan. Elaine, who served as sophomore cheerleader, will represent the junior class during the next school term.

Other cheerleaders selected were Patricia Hammonds, sophomore, daughter of Mr. and Mrs. Cecil Hammonds; Montie McGinty, freshman, daughter of Mr. and Mrs. Fred McGinty; and Diane Brandon, eighth grade, daughter of Mr. and Mrs. J. F. Brandon.

The cheerleaders will lead all yells during pep rallies and will lead the cheering section at football games next year.

The best things in life are far from free.

Apply Gypsum To Farm Land

Use of gypsum to offset the accumulation of sodium in the soil from irrigation water is being tried in Lynn county this year. The experiments may prove of interest to many farmers in certain areas of West Texas where there is considerable sodium in irrigation water.

One area southeast of Tahoka and west of Draw, where the sodium content of irrigation water is high, is the site of the experiments.

The tests are being made under the direction of a soil chemist from the A & M Extension Service, College Station, according to County Agent Bill Griffin.

J. T. Forbes of O'Donnell, who bought some land from Calloway Huffaker in the area, has two plots on which 1,000 pounds of gypsum

has been applied per acre, with a check plot laying between the two plots to which gypsum has been applied.

Cecil Hammonds, southeast of town has applied 1,000 pounds of gypsum per acre on four rows, and has skipped four rows so that the results may be checked.

Three other farmers experimenting with gypsum are Jimmy Williams, Joe Beckham, and Glen Ross Evans.

Mrs. Ruby Harvick, nurse in Tahoka Hospital, fell near Turner Rogers Delicatessen Thursday of last week and severely bruised her right ankle. She was an overnight patient in the institution.

By F. P. H.

Wilmer Smith, who gets around quite a bit as result of his many public board and committee member duties, recently had occasion to visit the Federal Reserve Bank in New York City. He was taken into the vaults away down under the ground, in one of which more gold is stored for nations of the world than any single vault. He was told that there was \$9 billion dollars in gold stored there, but he couldn't swipe even a Lincoln penny.

Tonight, Wilmer will have a new experience. He will give the address at the Seagraves High School graduation exercises.

Up at Miami, Bob Haynes says in his newspaper, the annual cow calling contest will be held on June 11. Over in Arkansas and East Texas, some towns still have

hog calling contests. Did you ever hear a man (or woman) calling the cows (or hogs) down in the hilly, timbered country on a damp morning (or evening)?

Some other sounds we miss today: The baying of a hound dog at a treed coon in the deep of the night. . . The tinkle of a cow bell out in the timber. . . The moo of the cows and the beller of the bulls. . . The baas of sheep. . . The ringing of church bells on a Sunday morning. . . And the tolling of the same bells for a funeral. . . The long lonesome whistle of a freight highballing it through town at night. . . And the equally lonesome howl of the coyotes at the lights of Tahoka.

It all started back before World War I when some scientists with

the Department of Agriculture were experimenting with the cross-breeding of various shrubs and plants. One day they crossed a hyacinth with spreading taxus, and they got a creeping virulent, evil growth that now infests the whole government—hya-taxus—Texas Tax Journal.

America's greatest need—Fewer politicians and more statesmen.

Folks are mighty demanding these days. They want the back seat of the church, the front seat at the theatre, and the middle of the road—Clipped.

The Oyster

When God made the oyster, He guaranteed him absolute economic and social security. He built the oyster a house, a shell, to protect him from his enemies. When hungry, the oyster simply opens up his shell and the food rushes in.

But when God made the eagle, He said, "The blue sky is the limit. Go build your own house," and the eagle went out and built his house on the highest mountain crag, where storms threaten him every day. For food he flies through miles or rain and snow and wind.

The eagle, and not the oyster, is the emblem of America.—Tahoka Church of Christ "Reporter."

Melvin Schell, a nephew of Jake Jacobs, has bought the Matterhorn Resort up at Lake City, Colorado, in the heart of some of the finest fishing and big game country of the Rockies. He promises, if any one from Tahoka comes up that way and stops with him, to see that they find the best fishing or hunting. He has modern, moderately-priced (\$5.00 up) cabins and apartments.

A. I. Thomas, who recently celebrated his 90th birthday, was recently presented a 50-year Masonic pin.

Well, we give up on that word "baccalaureate," which people continue to use in designation of the class sermon for a high school graduating class. For years, this newspaper has refused to use the word in this sense because "baccalaureate," if we remember our high school Latin, means "of or pertaining to the bachelor of arts degree," and we don't know of any high school giving the bachelor of arts degree.

A teacher once told us employment of the word in such case had become permissible through usage. "OK," then, teachers, what's the matter with the slang word "ain't"? We'll guarantee its been used a danged sight more for a much longer time by a lot more people than has the incorrect use of the word "baccalaureate."

In speaking of incorrect use of words, Mrs. Welch Flippin calls our attention to a "blooper" in The News recently, a story picked up from the Star-Telegram about Gerald Wayne Tippit, in which the writer said Tippit's wife is "also an actress," inferring incorrectly of course, that the man is an "actress."

Thanks to Mrs. Erwin Sander of Wilson for tips on interesting stories from her community. We really appreciate our readers who send in news tips.

The little girl was telling her teacher about her baby teeth coming out. One tooth was loose and she had already lost three. She said, "Pretty soon I'll be running on the rims!"—From Johnny Reasonover's Rotary Stewwinder.

A drunk who had been wandering around New York's Times Square went down into the subway at Forty-Second Street. One-half hour later he emerged at Forty-Fourth Street and met a friend who had been looking for him.

"Where have you been all the time?" the friend asked.

"Down in some guy's cellar," the drunk said. "And, boy, has he got

Enjoy the Sweetest Rhythm on the Road!

A new performance concept made possible by the combination of two great new Phillips 66 products

NEW TROP-ARTIC offers you what no motor oil ever could before

New Trop-Artic® brings to the aid of your motor a new lubricating formula that cleans, protects, and preserves smooth performance under the most severe engine tests for automobile oil.

The secret of Trop-Artic's exceptional performance is a revolutionary super-cleaning element called PDA, made only by Phillips Petroleum Company. In hundreds of thousands

of miles of testing, typical car owners reported these important benefits from new Trop-Artic with PDA: • Less oil consumption • Less engine knocking • Less mis-firing • More miles per gallon of gasoline • Cleaner oil filters

Change to new Trop-Artic Motor Oil and see if you don't notice these improvements in the performance of your car! *A trademark

NEW FLITE-FUEL The new gasoline that's super powerful, super smooth!

New Flite-Fuel is a blend of super-high performance components perfectly matched to the natural rhythm of today's high compression motors. It vaporizes quickly . . . fires with split-second accuracy . . . delivers a mighty thrust of power without roughness or ping. It can quiet your motor as it increases your car's power and responsiveness. Fill up at your Phillips 66 Station.

Try the Extra Measure of a Wide-Track Drive!

Any tape measure will tell you this: Pontiac's stance (not the body) is wider than any other car. But driving a new Pontiac will tell you more. That's when you feel the extra measure of balance, control and sure-footed roadability of Wide-Track Wheels. The difference is so dramatic it's hard to imagine; yet it's easy to discover. Just ask for a Wide-Track Drive.

it for you

Just Texas and a little bit more—that's Gladiola Land. Here live the best home bakers in America—known far and wide for their biscuits, cakes and pies.

Naturally, when it comes to flour, these ladies are hard to please. We have to make Gladiola Flour their way—or else. It keeps us on our toes, but it's worth it. Every day, every year, Gladiola outsells every other brand.

Folks in Sharpeye, O., have to be satisfied with something less, but you don't. Gladiola quality is your best bargain in flour. Remember—snow-white Gladiola costs, the average family, only about 1/2¢ a day more than the cheapest flour at your store.

Bake and be Glad—with
GLADIOLA FLOUR
The best-selling flour in the Southwest

(On a clear day, Sharpeye folks can see all the way to Indiana along state highway 502.)
