\$200 Raise Given Tahoka Teachers

The local school board voted a \$200 per year pay raise for teachers, the first raise ever given here above state minimum schedule, accepted the resignation of four teachers and elected four new ones at its meeting this week.

The pay raise was made after a study of the board of other school systems in the area in an effort to recruit teachers for the Tahoka schools, as well as to help teachers making their homes here. The board found that nearly all schools in the area including O'Donnell and Wilson in Lynn county, pay from \$200 to \$800 above the state minimum. Because of the shortage of teachers, Supt. Otis Spears said that it is becoming increasingly difficult for Tahoka to compete in the market for teachers when they can receive much more within 60 to 70 miles of Tahoka.

The raise will boost the base pay for those holding a Bachelor's degree from the state minimum of \$3,204 to \$3,404, and for those with a Master's degree from \$3,429 to \$3,629. The state sets a minimum salary, but does not set a maximum salary.

Jerry Brown, who has been assistant coach at New Home the past year, has been elected assistant coach to succeed Maurice Hodges, who resigned several months ago to accept a position as manager of an oil supply firm in Monahan. Mrs. Brown was also elected subject to placement in the school system. She taught seventh and eighth grades at New Home. Both hold bachelor degrees from Hardin Simmons and have one year experience. The couple has one child.

Resigning as teachers in the local schools were Mr. and Mrs. Malcolm Atwood, who will move to Hart where he will be high school principal. He was a physical education and mathematics teacher here and Mrs. Atwood taught first grade. Mrs. Margaret Lee, chemistry and biology teacher in the high school, has resigned as well as Roland Nitcher, who taught in North Elementary and has moved to El Paso.

In addition to Coach and Mrs. Brown, other teachers elected include Mrs. Peggy Atwell, wife of Coach J. D. Atwell, who holds a Bachelor degree from Howard Payne and has five years experience, and Norris Willburn, who received his Bachelor's degree from Wayland College in June. Both will be subject to placement. Willburn is pastor of the Bethel Baptist Church, is married and has two children.

Supt. Spears said that no one has been elected to fill the position vacated by Mrs. Lee. The local school board is also interested in hiring a counsellor to share with New Home schools. Wilson and O'Donnell are also planning to share a counsellor during the next school year if one can be obtained.

Others who took part in the Roundup were Marcheta Wood, O'Donnell, public speaking, and Lester Ford, Tahoka, tractor operation.

Texas farmers and ranchers and their wives who sign up for the fabulous 11-day trip south of the border can expect a royal welcome from high Mexican officials. Sr. Julian Rodriguez Adame, Minister of Agriculture of Mexico, has extended an official invitation to Texas Farm Bureau members to visit Mexico this summer. The invitation was made through J. H. West, president of the Texas Farm Bureau.

Included in the tour will be visits to places of agricultural interest in Mexico as well as sight-seeing around Mexico City (including a bullfight), visits to the famed mountain of San Jose Purua and the Pacific resort of Acapulco, plus stop-overs at quaint and historic towns and cities such as Texaco, Cuernavaca and Morelia. Most of the touring will be either by automobile or airconditioned motor coaches in the scenic and cool mountains and valleys of Mexico.

Firework Sales Illegal In City

Fireworks sold within the City limits of Tahoka is prohibited and individual and business firms who disregard the City ordinance against such sales, or storage of same, are subject to be fined and will be prosecuted, according to Mayor H. B. McCord Sr. and Fire Marshall Johnny Rainold.

A City ordinance against the sales or storage of fireworks in the limits of the town was passed several years ago, because of the dangers and hazards they presented, and up until last year there were still some individuals and places of business who failed to heed the ordinance, and the City officials point out that this year during the season approaching July 4, strict enforcement of the ordinance will be made.

The ordinance also prohibits shooting of fireworks inside the Fire Zone of the city, which includes the business district of the town. Anyone violating this section of the ordinance is likewise subject to prosecution.

Rainold and McCord also request that those selling fireworks outside City limits regard the State regulations for such sales.

Who Are Helping Send The Rainbow Girls to the Grand Assembly in Corpus Christi

Susan Thomas
Past Worthy Advisor

The organization of Rainbow grew out of an idea of Mark Sexton while addressing a DeMolay Chapter that there should be an Order for girls setting forth some of the truths of Masonry.

Each year on the Sunday nearest April 6th (Founder's Day) the girls attend church in a group in observance of that day. On July 8 (Founder's birthday) this is observed by some special event.

This organization is governed by a Supreme Assembly and Grand Assembly. The girls are taught to

live a life of active service and they respond to all calls.

Tahoka Rainbow Assembly No. 234 was organized in 1953, at which time we had to have 25 members in order to get a charter. Today we have an enrollment of approximately 75 girls. These girls are sponsored by the Eastern Stars and Masons. Girls are eligible to join if they are friends of a Rainbow girl and are recommended by an Eastern Star or Mason.

CARD OF THANKS

Words fail to appear when we attempt to express our gratitude to the people of Tahoka for their wonderful contributions in the way of household goods, money, linens and other gifts when all we had was destroyed by fire during our move to Sundown from Tahoka. Especially do we want to thank the generous people of Lyntegar Electric for all they did, to its employees who gave several days of their paid vacation period toward our financial aid, and to the members of Sweet Street Baptist Church for their linen shower and other help. You will always be remembered by us and we will truly ever be grateful. May God bless each of

QUESTIONS, PLEASE

QUESTION: "Can a Child of God So Sin As To Be Lost?"

ANSWER: There has been much controversy over this question in the past, not because of what the Bible teaches but because of what man teaches. The doctrine that once a person is saved, always saved, can contribute to flagrant sin against God. If it is impossible for a child of God to be lost then Paul did not know about it. "Wherefore let him that thinketh he standeth take heed lest he fall," said Paul (1 Cor. 10:12). "Christ is become of no effect unto you, whosoever of you are justified by the law; YE ARE FALLEN FROM GRACE" (Gal. 5:4). If one cannot fall from grace then the Holy Spirit and God did not know it because Paul was inspired of God by the Holy Spirit to pen these words! In Heb. 3:12 we find, "Take heed, brethren, lest there be in any of you an evil heart of unbelief, in departing from the living God." One who goes back to why give this admonition to a group of people who could not

be lost? One of the passages of scripture that is used to prove the impossibility of apostasy is I Jno. 3:9: "Whosoever is born of God doth not sin; for his seed remaineth in him; and he cannot sin, because he is born of God." "Cannot" does not always express impossibility. One may say, "Let's go get drunk." Another replies, "I cannot do that." Does this mean it is impossible? No, it merely means that he cannot and remain a child of God. There was a prevalent theory in John's day that said it mattered not how a person lived in the flesh his soul was not affected. He could sin all he wanted to and his soul was still alright. This is the impossibility of apostasy. John wrote, to combat this damnable heresy, that a child of God cannot sin—that is, live in a life from which he has been delivered. Rom. 6:6 "Knowing this, that our old man is crucified with him, that the body of sin might be destroyed, that henceforth we should not serve sin." One who goes back to sin is lost. He cannot do that and remain a saved person.

Mrs. Gladys Stokes calls our attention to an interesting coincidence. Back in 1916, K. F. Knight and J. A. Brashear, opened up a

large general merchandise store here. Mr. Knight operated the grocery and implement ends of the business and Mr. Brashear the dry goods and clothing departments. They divided the business in the late 1920's, and each later sold out. Now, 44 years after the opening of that business, Mrs. E. E. King, the former Wilma Brashear, is in the department store business here with her husband; and Mrs. J. E. Nance, the former Leota Knight, is back in the grocery business with her husband.

Oldtimers will recall that the old Knight & Brashear store sold such items as horse collars, buggies and wagons, coal, notions, millinery, and many other lines in addition to groceries, dry goods and clothing.

Local Rotarians At International Meet

Four local Rotarians and families returning from the International Convention held in Miami, Fla. last week, say that it was very outstanding in nearly every aspect. Mr. and Mrs. Otis Spears, Terry and Tommy, Mr. and Mrs. Charles Townes, and Mr. and Mrs. Harold Green have already returned and Dr. and Mrs. Skiles, Thomas, Carol, Bill, Cliff and Susan are expected this week end.

In addition to attending the convention, the Spears and Thomas families also took a trip to the Bahamas for several days. Dr. Thomas spent this week attending a medical association meeting also held in Miami.

Before opening officially on Sunday night, the attendants were entertained on Saturday night with a Festival at Hiestah-Race Track. On Sunday evening the group attended a concert presented by the University of Miami symphony orchestra. This district was host to a dinner for Edd McLaughlin of Ralls, incoming president of Rotary International.

James Mitchell, Secretary of Labor, was the speaker on Monday morning and on Monday evening local Rotarians and families were guests for dinner in the home of Miami Rotarians, following which a program was presented entitled "Musical Bridge of Friendship" by people of various countries-of-the-world.

Congratulations to O'Donnell on a successful 50th birthday celebration, and to the many years of striving by its citizens for making it the nice town that it now is. Although, O'Donnell, being Tahoka's friendly rival takes many jibes and jokes from its neighbor, and dishes out some of its own, is nevertheless appreciated by us all. The lives of O'Donnell's pioneers, many of them now gone, have inspired the lives of us all in years gone by and will be remembered as the sturdy, courageous men and women who helped make this area what it is today.

Aside from the pioneers, a great many whom were close friends to Tahoka citizens, the fine people who live there now are no less doing their share in building a better town, county and South Plains area. And so, from this stand, we wish O'Donnell as much success in the next 50 years as it has enjoyed in the past 50.

Mrs. S. Burkhalter Dies In Austin

Mrs. Sallie Weaver Burkhalter, 81, of Austin died in a hospital in that city May 28 following a long illness. She and her husband, the late Hegery Burkhalter were former residents of the Grassland Community.

The couple lived here for about 20 years, Mr. Burkhalter being a well known farmer in the county. He died soon after the couple moved away from Grassland.

Mrs. Burkhalter moved to Austin 16 years ago. She was a member of the Baptist Church.

Funeral services were held in Austin May 30 and burial was in Oakwood Cemetery. Survivors include a son, Allen Henry Burkhalter of Chatham, N. J.; three sisters, Mrs. Annie Nible of Tuskegee, Ala.; four brothers, Allen Weaver of Ft. Lauderdale, Fla., Carl Weaver of Columbus, Ga., Truitt Weaver of Sulligent, Ala., and Cecil Weaver of Hillsboro, Texas; and four grand children.

Tom McNeely, son of Mr. and Mrs. Shorly McNeely of Brownfield, visited his grandparents, Mr. and Mrs. Harley Henderson, while his parents attended a retreat at Ceta Canyon, near Happy.

Mrs. Myrtle Rochelle and Sara of Lubbock were visitors in Tahoka Sunday.

Theme of the entire convention was "Building Bridges of Friendship" and was carried out in every program.

Delegates met for a business session on Tuesday morning and at noon the ladies were entertained with a style show and luncheon at the Fontainebleau Hotel which was attended by 2600 women.

Youth of the Rotarians were entertained with an all-day outing on Wednesday when they were taken to the Seaquarium at the beach, where swimming was also included on the schedule.

The most outstanding program of the entire convention was probably the one presented on Wednesday evening in the Orange Bowl when 1400 people participated in the Florida Fantasy, a history of the state under five flags.

High School bands and choirs from that area were also presented and a fireworks display concluded the program. However, at the conclusion, blowers turned on at the stadium blew orange blossom perfume over the crowd, a custom observed there at the end of every bowl game.

The convention drew to a close on Thursday morning when the out-going president of Rotary International and the in-coming president, Edd McLaughlin, made their speeches.

Following the convention the Spears and Thomas groups boarded the USS Evangeline for a trip to Nassau. The Greens visited the president of the Donald Duck fruit juice manufacturing company in a nearby town and toured the Cypress Gardens.

O'Donnell Has Golden Jubilee

O'Donnell's Golden Jubilee, celebrating the town's 50th birthday, was a tremendous success in spite of dust and rain that sent most of 3,000 spectators away from the rodeo arena on closing night.

About 750 citizens attended the noon barbecue on Friday when Ralph Beach, master of ceremonies, presented awards to Mrs. Jimmy Freer of Anchorage, Alaska, who traveled the greatest distance—A. R. Kimbril, 88, of O'Donnell, the oldest pioneer attending the event and Mrs. En Moore Sr. and Miss Jewel Vaughn Jennings, who tied with having both lived in the O'Donnell area for 60 years.

Miss Robbie Hale, 15 year old daughter of Mr. and Mrs. Pete House, was named rodeo queen on Thursday night.

Second round winners of the 16th annual O'Donnell Rodeo included Donnell Echols of Lamesa,

McKee Twins Receive Music Scholarships

Plainview, June 16—Misses Mary Lou and Margaret Sue McKee, Tahoka, have received music scholarships for 1960-61 at Wayland Baptist College in Plainview, according to announcement by Donnie J. Adams, director of the International Choir.

Among 43 students receiving scholarships on basis of outstanding musical talent, the twins sing with the International A Cappella Choir and the newly organized Women's Sextet, choir ensemble. 1956 graduates of Tahoka High School, they are the daughters of Mr. and Mrs. L. D. McKee, Tahoka.

As choir members they took part in the productions of "Elijah," "Messiah" and "God's Trombones" this past year at Wayland. Together with other Wayland musicians as individuals and in groups, they are in constant demand to provide music for banquets, concerts, churches, radio and television programs.

They will report to Wayland a week before fall registration, beginning on Sept. 12, to rehearse with other choir members for Convocation, the choir's first schedule appearance of the 1960-61 season.

Cotton Growers' Fetes Told Rotary

Accomplishments of the Plains Cotton Growers, Inc., in its four years of existence were told Tahoka Rotarians in a talk before the club Thursday noon of last week by Don Johnson, field representative.

"Sole purpose of the organization is to promote and to protect Plains cotton," Johnson said.

Organized in 1956, Plains Cotton Growers, Inc., is made up of 25,000 producers in 23 Plains area counties who last year raised nearly two million bales of cotton, or 17 percent of the nation's entire production.

Johnson presented a convincing case for the organization in outlining the progress made so far.

When cotton growers got together and set up Plains Cotton Growers in 1956, the outlook for cotton was pretty dark. With no representation on policy making councils in the cotton industry or in government, this area faced prospects of change of base, loss of acreage, and discrimination against cotton from this area.

Plains Cotton Growers has sponsored a research program now being carried on at Lubbock and Spur State Experiment Stations, the Halfway Station, and Texas Tech. In addition, economic, research is being carried on at Tech. An advancement in the making is the electronic cotton classing machine bought last year.

The publicity and advertising program is raising the prestige of Plains cotton, which has resulted in Plains Cotton Growers helping to open up new markets, as evidenced by many inquiries coming in, some from foreign countries.

This education program is being carried out through newspapers, magazines, radio and advertisements in cotton trade journals.

An adjustment was secured on cotton acreage for this area.

Opening of classing offices in Brownfield and Lamesa have facilitated securing better grading for these areas.

Installation of the pilot spinning plant at Texas Tech enables the proving that shorter staple and light spot cotton can be spun.

Securing the light spot differential has meant many dollars to

South Plains Farmers. Recognition was secured for light spots, which previously had been classed as spot cotton, bringing a lower price. This has meant \$7 million to South Plains farmers, plus \$7 million for price protection.

The PCG was influential in getting a Plains cotton man on the State ASC board for the first time; in getting Wilmer Smith of New Home in as president of American Cotton Producers Association, and he is also on the advisory committee to President Eisenhower and the Department of Agriculture. George Pfeiffenberger, PCG manager, is the first representative of growers to attend the International Standards Conference, and is now visiting London, Belgium, and Italy to promote this area and all the American cotton industry in

the Conference. Each county has two directors. Those from Lynn are Clint Walker and Smith, and the latter is vice president of PCG.

Johnson said PCG has some definite plans to propose for a better cotton program and thinks the organization will continue to make progress for the benefit of the South Plains Farmer.

Money to support PCG comes from the cotton producers of the 23 counties, who contribute 15 cents per bale at the gin, and the

ginner adds another one cent per bale. Also, many businesses contribute to the program.

The interesting program was arranged by Leighton Knox, who introduced the speaker, his nephew. A. M. Bray announced the Legion team was in need of funds for six more uniforms, which cost \$16.00 per suit.

OUT WHERE THE COUNTRY CAN TEAR A TRUCK TO PIECES—

Chevy middleweights get 1/3 more work done in a day!

Where they used to deliver 2,300 gallons of liquefied petroleum gas in other trucks, Petrolane Gas Service of Long Beach, California, can now deliver 3,500 gallons a day! That's 7 days a week usually, over back trails and up into high rock country with maximum GVW loads. And with Chevy's Torsion-Spring Ride paving every foot of the way! "You don't get any more jolting on washboard roads than you do in a passenger car, or any sidesway on curves," says driver Bernie Stone. "I used to take some rough roads at from 5 to 8 miles an hour. Now I can go 30 over them." Petrolane has over 200 Chevrolets hauling for them.

If you think we're excited about Chevy's independent front suspension, you ought to talk to the truck owners who are profiting by it. They'll tell you Chevy's torsion-spring design is the hottest thing to hit the industry since trucks began. Drive one—that's the proof, short and sweet.

The Upper Room
THE UPPER ROOM, NASHVILLE, TENNESSEE

If we walk in the light, as he is in the light, we have fellowship one with another. (1 John 1:7.)
Beside me on a bus in Mexico sat a plainly dressed, middle-aged Mexican woman. Presently she spoke to me. I understood the word cantando, but could not imagine why she was talking about singing. Then I realized that I had been humming gospel song that I had not thought Give Me Jesus."

The lady recognized me as an "Evangelical," as the Mexicans call a Protestant. She told me that she had known "the true and glorious gospel" for eighteen years. Immediately we were friends. In spite of

my scanty knowledge of Spanish, we visited all the way to our destination. She pointed out places of interest along the way and told me about her church and her family.

I think the Holy Spirit directed my humming of that almost forgotten song, so that I might experience one of the joys of following Christ—fellowship with another of His followers.

PRAYER: O Father, direct us today to speak some word that will unite us in fellowship with another follower of Christ. Strengthen us together in faith and love, in Christian joy and fellowship. In Christ's name. Amen.

MY DAD

A tower of strength you've always been.
Above the fleeting things of life,
My hero high above the din
Of life's grim battlefield of strife.

To do the things I saw you do,
Was childhood's highest aim.
Your word was gospel, through and through,
Your favor was my only claim.

And since my little girl and lad,
First scampered on my knee;
I've prayed to be the sort of dad,

That you have been to me.
This Father's Day I send to you,
My love from deep inside;
May heavenly sunlight glisten through,
Each cloud to be your guide.
