Volume 57

Tahoka, Lynn County, Texas, Friday, October 7, 1960

Number 1

Pioneer Gas Seeks Increase In Rates

Permission for a ten percent increase in gas rates is being asked of the Tahoka City Council by Pioneer Natural Gas Company...

The petition for the increase, submitted by C. I. Wall, president of the company, points out that the last gas rate increase here was in 1957...

The increase asked here and in the other cities Thursday would increase minimum bills from \$1.50 to \$1.65 and the 10 percent hike would continue in all brackets...

Present average price per thousand cubic feet of gas consumed is 57.6 cents while the requested average price per thousand cubic feet would be 63.4 cents...

A graph in the petition shows that the average rate for all Texas cities is 75 cents per thousand cubic feet.

Since 1951, operating expenses and general taxes per customer have risen from \$21.49 to \$31.19, another graph shows. Other graphs show that investment per customer in the distribution plants and equipment has risen from \$80 in 1947 to \$150 and the field cost of gas per thousand cubic feet has increased from 8 cents in 1952 to 16 cents, a raise of 50 percent.

The company's present general service rate is as follows: First 2,000 cubic feet or less per month \$1.50; next 8,000 cubic feet per month 55 cents per thousand cubic feet; next 40,000 cubic feet per month 50 cents per thousand; next 50,000 cubic feet 45 cents per thousand; next 200,000 cubic feet per month 35 cents per thousand; next 200,000 cubic feet per month 30 cents per thousand and all over 500,000 cubic feet per month 25 cents per thousand.

The requested general service rate would be: First 2,000 cubic feet or less per month \$1.65; next 8,000 cubic feet per month 60.5 cents per thousand; next 40,000 cubic feet 55 cents per thousand; next 50,000 cubic feet 50 cents per thousand; next 200,000 cubic feet 33 cents; and all over 500,000 cubic feet per month 28 cents per thousand feet.

A delayed payment charge of ten per cent would be added to the bill if not paid within ten days after date of billing as compared to one-ninth of the bill under the present general service rate.

The company's reason for the request is based on increased cost of gas at the well, increased cost of labor and materials.

Ronnie Walker Is At Boys Ranch

Ronnie Walker is greatly enjoying his work at Boys Ranch of West Texas, near San Angelo, reports his mother, Mrs. Marie Walker.

Ronnie has been at the ranch six weeks and is taking special vocational training which he could not get locally. He is also getting satisfaction from helping other boys at the school.

Mrs. Walker, accompanied by Mrs. Joyce Lindley, visited Ronnie and the ranch last Sunday.

Jill Edwards, daughter of Mr. and Mrs. Sam Edwards, was an overnight patient in Tahoka Hospital Saturday.

J. D. Boswell was admitted to the hospital Sunday as a medical patient and was dismissed Monday.

Mrs. Laura Lewis was a patient in Tahoka Hospital Friday and Saturday of last week.

Tahoka Ginnings Reach 3,289 Bales

Tahoka's gins had turned out 3,289 bales of 1960 cotton up to Thursday mid-morning, according to reports made to The News.

The News estimates that the county has ginned between 15,000 and 20,000 bales up to date.

The O'Donnell Index-Press reported 2,700 bales had been ginned there Tuesday morning.

Cotton harvest has been delayed somewhat by showers Thursday night of last week and again on Monday of this week.

Some irrigation farmers say their cotton is not quite as good as it was last year, but most of the dryland farmers report better crops than last year.

The maize crop is turning out unusually well, as many farmers are cutting a ton or more to the acre.

Rotary Holding Teacher Banquet

Floyd Stumbo of the Lubbock Children's Home was to be the speaker Thursday night when the Tahoka Rotary Club was entertaining their wives, teachers in the local schools, school board members, and their wives and husbands at its annual banquet in the school cafeteria.

The speaker was second place winner last year in the National Toastmaster speaking contests and is reputed to be one of the top after-dinner speakers in the area. Purpose of the banquet is to better acquaint local citizens with Tahoka's school personnel, and vice versa, and to pay tribute to the teachers for their work in the field of education.

Fred Hegi, organist, was to furnish musical selections and other special entertainment was also being provided. The program was arranged by Fred McGinty and Gravel Ayer.

H. B. McCord, Jr. is president of the Rotary Club.

Layman's Day At Sweet Street

Layman's Day will be observed Sunday, Oct. 9 at Sweet Street Baptist Church. Announces Joe Webb, pastor. Men of the church will be in charge of both the morning and evening services.

Program for the day includes: Morning service, scripture and prayer, C. J. Renfro; testimonies, Glen Medlin and Billy Taylor; special music, W. I. Lemon; and message by H. L. Duckett.

Evening services, scripture and prayer, Loyd Pendleton; testimony, Leonard Norwood; special music, James Gage; and evening message, Bert Stice.

All members of the church are urged to be present for the Layman's Day services and visitors are welcome.

COLEMAN HAS ATTACK

Luke Coleman, well known Wilson farmer, suffered a heart attack Wednesday morning in a Wilson case. He is under treatment in a Lubbock hospital.

Mr. and Mrs. Earl Davis of Los Angeles, Calif. were here last week visiting with Mr. and Mrs. F. E. Redwine. The Redwines had visited with the Davises the first part of the year out on the coast and had gone deep-sea fishing.

Oscar Roberts was admitted to the hospital this week as a medical patient.

Mrs. Laura Lewis was a patient in Tahoka Hospital Friday and Saturday of last week.

New 1961 Autos On Display Here

All local automobile dealers have the new 1961 models on display this week, and the public is being invited to inspect these new cars in the show rooms.

First to go on display last week were the new Fords at Shipley Motor Co., and this week Shipley is displaying also the new Ford Falcon, the compact car.

Bray Chevrolet is today placing on display the new Chevrolet line of cars, including the 1961 Corvair, a compact model.

Featured at Lynn County Tractor Co. are the new Mercury, including the Meteor 600 and 800, Monterey, and their new model compact car, the Comet.

McCord Motor Co. is showing the new Pontiac line and also the new Tempest model.

New Oldsmobiles are being shown at Wharton Motors, Inc., including the F85 model designed to meet low price competition. Wharton is also dealer here for the new 1961 Ramblers.

Mrs. "Bo" Cruce Dies In Wreck

Mrs. "Bo" Cruce, 35, the former Miss Lois Sproles, was killed Sunday about 6:30 p. m. when the car in which she was riding collided with a pickup near Tulla.

Her husband, "Bo", was treated for shock at a Tulla hospital and has been released, and her daughter, Margaret, age 12, was treated for lacerations on the head.

Two neighbor boys, also passengers in the car, were uninjured. Although the impact of the two vehicles was not great, Mrs. Cruce received a broken neck and was killed instantly.

Traveling on a farm road from their home about nine miles east of Tulla, the car collided with the pickup at the intersection of another farm road. The accident was termed unavoidable, since the view was obscured by tall Johnson grass.

Another daughter, Elda, about eight years old, was not with her parents at the time of the accident. The family and two boys were en route to church in Tulla and the younger daughter was with some friends.

Mrs. Cruce, a graduate of Tahoka High School in about 1943, was the only child of Mr. and Mrs. Elmer Sproles of the Dixie community. Her husband also attended the local schools. She was born Sept. 14, 1925 in Lynn county. The couple married in 1945, had lived at Cigo Park, near Tulla, for about four years, having moved there from near Hale Center.

Funeral services were held Tuesday, Oct. 4, at 3:00 p. m. at the Tulla Church of Christ, with the minister officiating. Burial was in Tulla Cemetery.

She is survived by her husband, two daughters, and her parents.

Year's Rainfall Is Below Normal

In spite of the heavy rains in July, total rainfall for the year in Tahoka is still below average.

Through September, only 13.32 inches of precipitation had been recorded by the U. S. Weather Bureau gauge, of which amount 6.59 came in July.

September rainfall amounted to 1.14 inches. Rain Thursday night of last week measured .35 inch and the sprinkles and mist Monday amounted to only .05 inch here in town. In spots, heavier showers fell over the county.

Principal effect of showers now is to delay harvest of the crop.

TANNER IS IMPROVING

E. J. Tanner, who has been sick for many months and has undergone two serious operations, is able to be up most of the day and occasionally drives the car to town. He says he is a lot more comfortable and has gained nearly forty pounds in weight.

Advertising doesn't cost. It pays!

LEO HSU

Chinese Youth Guest Speaker

Leo Hsu, a Chinese ministerial student at Perkins School of Theology, Southern Methodist University, is to be the guest speaker at the Brownfield District Methodist Youth Fellowship banquet which is to be held Saturday at 7:30 p. m. at the First Methodist Church of Brownfield.

Hsu is a native of Shanghai, China, but fled to the internationally free city of Hong Kong in the face of the communist invasion of China. As a resident of Hong Kong, he was educated in its school system and graduated from Chung Chi College, the only Christian College in Hong Kong.

While working as assistant pastor of the North Point Methodist Church in Hong Kong, Hsu studied one year at the Union Theological Seminary in Hong Kong. Last year, he came to the United States as a Crusade Scholar. The Crusade Scholarship program is a student exchange program of the Methodist Church. He is now working toward his Bachelor of Divinity Degree at S. M. U.

Appearing on the program with Hsu will be Abdelapif Guessous of Morocco, Enrique Brusasco of Venezuela, and Mosaed Zamil of Saudia Arabia, all students at Texas Tech.

The banquet is an annual affair of the Brownfield District Methodist Youth Fellowship. The Brownfield district includes all of Cochran, Gaines, Hockley, Lynn, Terry and Youakum Counties, and parts of Bailey, Dawson and Lamb counties. Rev. Harold Rucker of Meadow is director of youth work in the district.

Mrs. Ben Hardy underwent surgery in Tahoka Hospital Thursday of last week and is still a patient in the institution.

Housing Project For Elderly People In Tahoka Possible

Ward Eakin Is Elected To Board

Ward Eakin was elected District Supervisor of Zone 2 of the Soil Conservation Service Tuesday when balloting was held for the area including old Magnolia, New Lynn, Grassland, Edith and Tahoka school districts.

He succeeds O. E. Terry. Other supervisors include Ellis Barnes, Zone 4, chairman of the board of supervisors; W. L. (Cap) Rowe, Zone 3; Melvin Wuensche, Zone 1; and E. R. Blakney, Zone 5.

Supervisors serve without pay except for a small allowance for expenses.

E. M. Crutcher Dies At Lamesa

Funeral services for Earl Morris Crutcher, 62, a resident of Lynn county for 35 years except for the past seven months, were held Wednesday at 2:00 p. m. at the Northside Baptist Church in Lamesa.

Rev. Giles Hankins, pastor, and Rev. D. W. Copeland of Redwine officiated. Burial was in Lamesa Memorial Cemetery.

Crutcher moved to the New Moore community in 1925 from Knox county, where he farmed for many years. He moved to Lamesa seven months ago. In ill health for about two years, Crutcher died Monday six miles northwest of Brownfield, where he was visiting.

Survivors include his wife of Lamesa; one daughter, Earlene, of the home; and one son, Bobby, also of the home; two sisters, Mrs. J. D. Bryan and Mrs. J. C. Payne, both of Lubbock; three brothers, H. R. and C. G., both of Lamesa, and O. P. of O'Donnell.

MRS. JONES IMPROVES

Mrs. B. H. (Buford) Jones of Gordon is reported by her husband to be showing improvement in Mercy Hospital, Slaton. She suffered a severe heart attack two weeks ago and had another back set Monday night, but great hopes are held for her recovery.

news classified ads get results.

Laying Caliche For Street Paving

Caliche is being hauled this week by J. R. Fannin Construction Co. of Lubbock, contractor for the paving program in Tahoka which began in August.

Curbs and gutters have all been poured, and Mayor H. B. McCord, Sr. said the first caliche was being hauled to the gin district so that farmers could better get in and out of gin yards with their cotton trailers.

One block of North First Street, between the old City Park and the First Methodist Church is being widened 15 feet this week. Another block has been signed for paving, that being the block just west of the O'Donnell highway toward the Municipal Swimming Pool and park.

Mr. Fannin has stated that the seal coating of the additional 31 blocks of old paving will be underway by Oct. 15, completing a job of repairing about 90 blocks of existing streets that have been damaged by weather and wear.

Teachers Form Credit Union

Plans are well underway for the Federal Credit Union organized by Lynn county teachers to serve all school employees and their families in the county. Sixty-six teachers met Monday night in O'Donnell and set up a board of directors and a credit committee.

Under the new plan, county teachers will buy shares in the union at \$5.00 each, and make loans to employees of Lynn county schools.

The board of directors is comprised of Benny Pryor of New Home; Ivan G. Sherrill, O'Donnell principal; J. P. Hewlett, county superintendent; Miss Lois Montgomery, Tahoka teacher; and Bill Vardeman, Wilson principal. The group will elect its own officers.

The credit committee members, who will pass or reject applications for loans, are three Tahoka principals, Clifton Gardner, Jake Jacobs, and J. B. Howell.

The next meeting of the county unit will be held in Tahoka in November.

Choirs To Present Program Sunday

The choirs of the First Baptist Church will present a program of music Sunday evening, Oct. 9, at 7:30 p. m.

The Adult, Youth, Junior and Primary Choirs will each contribute to the service, "The Glorious Christ." There will be 100 or more people participating in the music for this service. The choirs are under the direction of Bill J. Choate, minister of music, and Mrs. L. D. Howell, director of the Primary Choir. Accompanists will be Mrs. Clay Bennett, Mrs. Ray Adams, Carol Jean Allen and Mrs. Linnie Cox.

Sunday morning will be Layman's Day. The laymen of the church will have charge of the morning services. The choir will be filled with men and a male quartet will bring the special music. Ray Caplinger, a Baptist layman and a member of the First Baptist Church of Idarola, will be the guest speaker.

The pastor, Rev. T. James Efrid, who is in Alaska participating in an evangelistic crusade, will return to Tahoka some time next week.

Barges with nickel lining are used to transport certain chemicals such as caustics—the nickel lining minimizes iron contamination of liquid cargoes.

Only about three more applications are needed to put the housing project for the aged underway, Mayor H. B. McCord, Sr. states. This project to be located near town, will be for all persons either retired or on a pension regardless of their income.

Although it will be a low-rent project, unlike the one underway now, there are no restrictions on amount of income. McCord said the units, for which seven have already been applied for, will consist of three rooms and bath with an electric stove and refrigerator furnished, as well as a garden plot prepared in the backyard to furnish the older people a hobby.

Also, unlike the low-rent project for families which mostly consists of duplex units, the project for aged people will be separate homes. They are available to whites, Negroes and Latin Americans, although their locations will be in different parts of town. Two or three good locations for the white units are already being considered.

Rent on this new project will be from \$15.00 to \$18.00 per month. If 10 applications are received, work will begin in the very near future since red tape has already been cleared away by the other project. Because 40 units were allotted Tahoka with only 14 having been built, the town is now eligible for the ones for aged people. In addition, six more units are needed for the Negro section for low income families.

The projects are made possible by the Public Housing Administration. Anyone wishing to apply for a unit is asked to contact J. M. Uzzle at the City Hall.

Mrs. Godfrey, 86, Is Death Victim

Mrs. Mary Alta Godfrey, 86, formerly of Tahoka, died in Guthrie, Okla., on Sept. 26, and was buried on Sept. 29 at McAllen, Texas, beside the grave of her late husband, according to Miss Janey Ware of Lubbock, a granddaughter.

Mrs. Godfrey lived here six or seven years with her son-in-law, A. E. Ware, and his three children, Janey; Bill, now of Kermit; and Charles, now of New York City.

She had been living in a Home for the Aged at Guthrie. She was a member of the Methodist Church and of the Eastern Star Lodge.

Survivors include one daughter, Mrs. H. D. Horgan of Lake Charles, La.; two sons, Ralph Godfrey of Crescent, Okla., and Ray Godfrey of Denver, Okla.; 10 grandchildren, and 22 great grandchildren. Two daughters preceded her in death, Mrs. A. E. Ware and Mrs. Ivy Hankins.

Two Girls Injured In Scooter Wreck

Two 17-year-old O'Donnell High School seniors, Brenda Martin and Rose Sneider, were injured Tuesday about 5:10 p. m. when the motor scooter on which they were double riding overturned on the highway in front of the Big 5 Gin in that city.

Miss Martin is the daughter of Rev. and Mrs. Ray Martin of the Welsh Baptist Church. She received a broken wrist, fractured skull, cuts and bruises.

Miss Sneider, daughter of Mr. and Mrs. A. W. Sneider, Rt. 3, O'Donnell, received fractures, cuts and bruises over most of her body.

The girls were riding south on the highway and swerved to keep from hitting an approaching vehicle when the accident occurred.

## Farm Facts

The dean of agriculture of one of the country's major colleges points out that Americans not only are getting their food with much less time earning it but are eating more and better food than ever before.

"The thing that bothers most of us in America," he says, "is not so much the high cost of living as it is the cost of high living."

"Foodstuffs come to the average American at bargain prices because research and education have made it possible for our great agricultural industry to produce in such abundance and so efficiently."

Farmers are providing America's food at costs actually lower than 20 years ago. In 1938, one hour's factory work would buy two pounds of steak or 16.3 pints of milk. In 1959, an hour's work would buy 1.2 pounds of steak or 7.8 pints of milk.

Food for the American worker is the best buy in the world. Only seven years ago he had to work 51 hours to feed an average size family

We have never been so well fed for so little despite more people in the U.S. and fewer farmers to feed them.

for a month. Today he works less than 40 hours to do the same.

We have never been so well fed for so little even though there are more people in the United States and fewer farmers to feed them.

## Gordon-Southland

(By Mrs. Jesse Ward)

Homecoming at Southland will be Saturday, Oct. 15. Registration begins at 3:30 p. m. and supper will be served from 5:30 until 7:00 p. m. Business will be conducted at 8:30. Reservations may be acquired from Mrs. Pat Taylor for the supper not later than Oct. 10 by sending the \$1.50. The Southland Union game will begin at 7:30 p. m.

Mrs. E. H. Jones became suddenly ill with a heart attack at the home of her sister, Mr. and Mrs. W. W. Anthony in Lubbock Sunday evening of last week. She was given medical treatment by Dr. Sheffield in Lubbock and was brought to Mercy Hospital in Slaton where she is making satisfactory improvement. Friends wish her a speedy recovery.

Mr. and Mrs. Jack Ham and children from Big Lake spent the week with her parents, Mr. and Mrs. Tom Sims and a sister, Mr. and Mrs. J. Martin Basinger and children in Slaton.

Fred Myers was elected president and Gary Simpson, Crosbyton, secretary of the Sul Ross State College Rodeo Club at Alpine this year. They were home over the week end and carried their horses back with them. They were guests of Fred's parents, Mr. and Mrs. Jack Myers Friday night and Sunday dinner and spent Saturday night with Gary's parents at Crosbyton.

Mrs. Robert Carroll and her father, Joe Allard from Cooper are visiting her daughters, Mr. and Mrs. R. B. Lain and children in Slaton, and Mr. and Mrs. Jay Oats and Connie.

Elmer Hitt, Carl Chilcoat and their pastor, Rev. Elton Brian, all from the Pleasant Valley Baptist Church attended a brotherhood meeting held in the First Baptist and University Baptist churches in Abilene Tuesday of last week.

Mrs. Sam Ellis was hostess to a pink and blue hower in her home Tuesday afternoon honoring Mrs. Kenneth Calloway. Co-hostesses were Mmes. Jack Myers, Hub Haire and Kenneth Davies.

Last report on Travis Lancaster who had been in a car wreck and hospitalized in Mercy Hospital is out of the institution and is doing fine. He will not return to school for a few days. We wish him a speedy recovery.

Mr. and Mrs. Bill Myers from Girard spent Sunday with his brother and family, Mr. and Mrs. Jack Myers.

Mr. and Mrs. J. B. Robinson, her parents, Mr. and Mrs. Elmer Hitt, spent Sunday with the Robinson's daughter, Mr. and Mrs. Jerry Dixon at Plainview.

Recently Mr. and Mrs. W. L. Warrington from San Marcos spent the weekend with his sister, Mr. and Mrs. E. L. Anderson. Mrs. Anderson went home with her brother and wife for a visit and Mr. Anderson is visiting his brother and family at Bangs. The Andersons returned home the first of the week.

Mr. and Mrs. Elmer Hitt spent Monday of last week in the home of Mr. and Mrs. Lonnie Campbell at Littlefield. Mr. Hitt's sister and brother-in-law Mr. and Mrs. Alfred Fralley from California are visiting in the Campbell home as Mr. Campbell is very ill.

Mr. and Mrs. Ned Myers, Linda Davis and Don Thornhill attended the steer roping at Aspermont Sunday.

Mr. and Mrs. Don Brestrup and children from Littlefield spent Sunday with her sister, Mr. and Mrs. Buddy Hall and Billy Joe.

Mrs. D. H. Hatchett from Lubbock was a Sunday visitor in the home of her sister, Mr. and Mrs. Ed Milliken. Their son, Bryon Milliken spent Monday with his parents.

Mrs. Nellie Mathis and granddaughters, Carolyn Sue Kaysinger and Marie Mathis visited Carolyn Sue's parents, Mr. and Mrs. Tom Kaysinger and family at Anson Sunday. Mrs. Mathis' son and Marie's father, Mr. and Mrs. Dick Mathis and family of Spur were in Southland Sunday.

Mr. and Mrs. Herman Burkett from Lamesa, Mrs. Hattie Burkett, Lubbock, and Mr. and Mrs. Jack Burkett, Jan and Jackie

## VOTE FOR TEXAS

RICHARD M. NIXON, candidate for President, is a Californian, but he thinks the Texas way.

Richard Nixon stands for:

- A strong national economy and defense so that America will not have to apologize to Khrushchev for anything;
- A sensible farm program that will attack and solve the present problems.
- Texas retaining its tidelands, and a tax policy favorable to Texas.
- Local control of our schools.

If you will read and compare Nixon's platform to that of his opponent, you will agree that a vote for Nixon is a vote for the best interests of Texas.

**THE AMERICAN WAY**

Truer Words Were Never Spoken

**California News**

A new bundle of love was left by the stork at our home August 26, 1960 at 2:29 a. m. Weighing 6 pounds 4 ounces her name is Darla Sue Griffin. She was blessed by an Elder of the Church of Latter Day Saints today, Sunday, Oct. 2, in our chapel on Berkley Avenue. My 83 1/2 year-old mother has been bed fast for the last two weeks. Her left knee swelled up real large. Any of you at home in Lynn county that would like to write her a get-well card or letter—her address is: Mrs. Nora Griffin, 279 Florence, Turlock, Calif.

The Glenn and Fay Boydstuns left in the middle of August on their vacation. They went from Long Beach to Las Vegas, Salt Lake City toured the Mormon temple grounds, went through the tabernacle and museum and to Yellowstone National Park. They reported they enjoyed the park and saw all kinds of animals there. Then on to Glacier National Park which was very beautiful, to Calgary Alberta, Canada, Banff, Lake Louise, Columbia, Ice Fields and home through Idaho, Washington, Oregon, Reno, Nevada, Lake Tahoe, Calif. and Sacramento. Then visited Faye's mother and father, Mr. and Mrs. Bill Mayberry in Turlock and home to Long Beach.

There was a wedding anniversary at the B. J. "Bill" Mayberry home Sept. 17—their 49th. Present at this family reunion too were Mr. and Mrs. Floyd and Modene Wise and daughter, Otis Mayberry and family from -Spelling, Faye and Glenn Boydston and children from Long Beach, Nelson Mayberry and family of Turlock, Mrs. Grace Baker (Bill's sister) of Santa Cruz, Otha Martin and wife (Bill's nephew) of Sacramento, Durrell Mayberry, a grandson, of Turlock, and another grandson, Jackson Mayberry and wife of Fresno.

The grape harvest is in full swing all over California. The cotton from Madera to Bakersfield is just starting to move to the gins. The airplanes are real busy spraying the leaves so the farmers can use the mechanical cotton pickers. California is shipping thousands of cases of peaches, raisins and tomatoes to London, England, Rotterdam and Hamburg. I drive a large truck hauling 1000 cases to the port of Stockton. Maybe those Lynn county tomato growers can

The qualities that make the Army essential to National Security are highlighted in Army's colorful poster series. Four posters in the series of six have been distributed in support of Army's Information Program. The last two posters of the series are scheduled for publication before the end of the year.

beat California priests to Belgium, Germany and England—you fellows are a lot closer.

If any of you Lynn county folks would like any kind of information about California I'll do my best to send it to you straight. Write me: Raymond Griffin, 400 Crane Avenue, Turlock, Calif.

**Sherrods Holding Family Reunion**

Carl Sherrod of La Harbra, Calif., an old-time citizen of Tahoka, is here for a visit for the first time in 10 years, according to his sister, Miss Floyce Sherrod. While he is here, the four sons and four daughters of the late Mr. and Mrs. Frank M. Sherrod, pioneer settlers, will have

a reunion Sunday in the home of Mrs. Jewel Connolly. The Sherrod family came here in 1903, farmed and operated a pioneer hotel. Mr. Sherrod, who hunted buffalo on the Plains in the 1870's, and wife are both deceased. Carl Sherrod is married to the former Miss Ruth Ketner, member of another pioneer family, but she was unable to come this trip. The other children are Mrs. G. C. Shaffer, Mrs. Pearl Brown, G. B. Gay, and Beecher Sherrod. New TV sets are being installed in Austrian homes at the rate of 331 a day this year, Vienna figures show.

**Jaycee-Ettes In Meeting Tuesday**

The Tahoka Jaycee-Ettes met Tuesday, Sept. 27, in the home of Dorothy Craig.

The club again will sell Christmas cards this year. It was decided that secret pals would be revealed at the next meeting and each member will bring a gift for her secret pal.

After the business session, refreshments were served to members Cecile Henry, Fern Lewis, Joan Ham, Clovis McElroy, Kathy Dorman, Laverne Dykes, Mickey Gribble, Mary Jean Holloway, El Juanda Lamberson, Dolores Henry, Peggy McClellan, and guests Christi Lewis, Donita Martin by the hostesses Ruby Chancy and Dorothy Craig.

The membership drive is now on and the winning team will be decided at the next meeting which will be Oct. 10 at the home of Kathy Dorman.

Don't "wreck" your chance for happiness.

Nickel or nickel alloys are used in nearly all components of space vehicles—in the electronic equipment, in the skin where toughness at very low temperatures or strength to resist the effects of aerodynamic heating is needed, where corrosion-resistance is required and in those portions of the rocket engine which are subjected to high temperatures.

### Fireman Auxiliary Is Formed Here

The Women's Auxiliary of the Tahoka Fire Department met Monday, Oct. 3 at the Fire Department headquarters in City Hall.

Members of the Auxiliary are wives of the firemen and wives of the honorary firemen.

Officers elected at the meeting were:

President, Mrs. Johnny Raindl; vice president, Mrs. E. M. Hammonds Jr.; secretary-treasurer, Mrs. Alton Kelly; reporter, Mrs. Charles McClellan; historian, Mrs. Troy Havins.

Meetings will be held the first Monday of the month at the fire hall. The Auxiliary is a self-supporting organization, and the by-laws are to be drawn at a meeting Monday night by the executive committee. Purpose of the Auxiliary will be to serve coffee and food to firemen when they are on extended calls, and to provide aid for firemen's families in time of need or tragedy.

The organization is also expected to earn Tahoka a two-percent credit rating on fire insurance, in addition to lower rates received here this year following building inspections.

Members attending the Monday night meeting were Mmes. Havins, Pat Patterson, Granvel Ayer, Clyde Spruiell, Evon Wilson, Roy Harvick, Pat Chamblee, Alton Kelly, Hammonds and McClellan.

### Special School Mothers Meet

The Special School Mothers' Club met Sept. 30 at the school when principal issues discussed were the workshop projects and parties for 1960.

A curriculum and assignments were made and accepted. The workshop assignments are: wood craft, Mrs. Silas Russ of O'Donnell and Mrs. A. E. Hays of Tahoka; arts craft, Mrs. L. B. Thompson of Tahoka and Mrs. Bob C. Woodrum of Lamesa; arts, Mrs. E. O. Montgomery of Wilson; leather craft, Mrs. Russ and Margaret Renfro; needle craft and sewing, Mrs. Robert Crain of O'Donnell and Mrs. L. H. Traweek of Wilson. Assignments were made and dates set for all socials and parties so everybody knows what to do and when to do it.

The Mothers' Club is well organized and we are proud of our class room, music room and workshop, but most of all we are proud of our children and their efforts and accomplishments. —Margaret Renfro, teacher.

### New Home Civic Club Elects Directors

New directors were elected at a meeting of the New Home Civic Club Monday night in the community center, when 43 members attended.

Chosen for the board were Boswell Edwards, Heavy Nelson, Wayman Smith and Claude James. Holdover directors are Calvin Tucker, Carl Armes, Jerry McNelly, and Bobby Fillingim.

Officers of the board are Tucker, president; Nelson, secretary.

The group also saw a film on hunting mountain lions shown by the U. S. Game Warden Kreble of the U. S. Game and Fish Commission in Lubbock.

### THIS "STATE OF MIND"

The generally held opinion that railroads are something unique as compared with other industries was recently pointed out by the following incident: After the New Haven Railroad closed down its Old Colony Commuter Branch, the Mayor of Boston suggested to the railroad that it sell the South Station and 31 acres of land for a free garage to park cars of commuters formerly riding the Old Colony trains. The New Haven had been paying on the assessed valuation of \$6.00 per foot... the Mayor offered \$1.00 a foot.—MOP News Reel.

### IT'S YOUR MONEY

Every time a ton of freight moves on barges "WE TAXPAYERS are really stuck!"

For example, an analysis of maintenance costs alone on the Missouri River shows that taxpayers bore a cost of 6.52 cents per ton-mile of river traffic between Sioux City, Iowa and St. Louis, Mo., during a 20-year period ending in 1958.

River traffic operators pay nothing. You Pay it.

Isn't it about time a system of user charges be placed into effect? During that period average rail ton-mile revenue was 1.17 cents.

Iraq, which prohibited passenger car imports last year, now is allowing some to enter, Bagdad announced.

With a "U. S. A. '60" exhibit, a Copenhagen store recently boosted sales, 19 per cent.

A driver who takes a short while driving may get a cop for a chaser!

Artificial flowers in little bouquets are featured for export by a German firm in Port Rhein.

Australia's censors banned 20 pictures in 1959, 14 of them classed as horror films.

### OUR HATS ARE OFF TO—

## RAMBLER ANNOUNCES STRONGEST GUARANTEE IN AUTO HISTORY

### 1 LIFETIME GUARANTEE ON NEW CERAMIC-ARMORED MUFFLER AND TAIL-PIPE STANDARD ON ALL '61 MODELS

Born of space-age developments, Rambler announces on all 1961 models a new Ceramic-Armored muffler and tail-pipe guaranteed against defects for the lifetime of the car while in the hands of the original owner. This covers total replacement cost including parts and labor. Every '61 Rambler muffler and tail-pipe is completely covered with a special ceramic coating—similar to that used in rockets and missiles—to give lasting protection against rust and corrosion caused by water, salt and acids. Another Rambler first!

### 2 12-MONTH, 12,000-MILE WARRANTY EXTENDED TO ALL NEW RAMBLER OWNERS

Now Rambler extends to all new Rambler owners its comprehensive full-year or 12,000-mile warranty, whichever occurs first. In fact, this liberal warranty, announced to dealers more than a year ago, also covers total replacement cost including parts and labor. It applies to all 1961 Rambler models and to 1960 Ramblers still within the warranty period. The normal industry warranty covers only 90 days or 4,000 miles.

We Reserve The Right To Limit Quantities

Oldsmobile's all-new and distinctive styling motif for 1961 is exemplified by this Super 88 Holiday Sedan, a four-door hardtop (upper photo), and the Dynamic 88 Holiday Coupe. The new body lines give the cars a long, sleek look, but overall length of the 88's has been reduced 3 inches. The Super 88 is powered by the high performing 325-horsepower Skyrocket

engine. Standard engine for Dynamic models is the 250-horsepower Rocket engine, designed to operate on lower cost regular-grade gasoline. All 1961 Oldsmobiles are available in a full range of 15 exterior colors, including nine metallic finishes. Interiors are the most attractive in Oldsmobile's history, with bright new fabrics color-harmonized with the exterior finishes.

**Wilson Will Honor Three Classes Oct. 15**

The classes of 1925, 1926, and 1927, and the girls and boys basketball teams of 1937 will be honored at the second annual homecoming celebration at Wilson on Saturday, Oct. 15, according to the Ex-Student Association there.

Feature event of the day will be the Sands-Wilson football game at 7:30 p. m.

Registration will begin at 3:00 p. m. and a barbecue supper will be served in the school cafeteria from 5:00 until 6:30 p. m. when the speaker will be John W. Wilson of Lubbock, a former Wilson coach. Plates for the supper will

be \$1.50 each and those planning to attend are asked to write or contact the Ex-Student Association, Box 96, Wilson. They may also reserve their ticket by submitting their money at the same time.

Iraq's government, in Baghdad, collected \$242.5 million as oil export revenues in 1959.

**SCOUTING NEWS**

(By Ed Redwine)

This is a new column to appear in the News. The success of this column will depend upon the news made by the local Scout Units.

Meetings of Troop 21 are getting into full swing again after changing leadership. Rush Dudgeon, the new Scoutmaster, reports that the Troop is planning an overnight Camp-Out at Lake Thomas on October 15 and 16. The Scout bus will leave sometime Saturday morning from the Scout Hall and will return on Sunday afternoon. George Wright treated the Troop to a watermelon feast at the park last Thursday night.

Two Scouts around town to be congratulated are Macky Joe McWhirter and Jack Jaquess. These fellows have gone before a Board of Review and passed their requirements for Eagle. The Eagle Court of Honor will be held in the near future. I hope that this will serve as a fitting example to the other scouts to get to work on their advancements.

Many people don't know it, but there is a Colored Troop in Tahoka. Troop 94 is nearly a year old now and going strong. This is the first such Troop in Tahoka that I remember. The Scoutmaster is Hubert Green and the Assistant Scoutmaster is George Favors. Total enrollment for the Troop is now 13, with all boys working on their Second Class Badges.

Cub Pack 82 is growing. The new Fall and Winter recruiting campaign has been initiated with good results. Six new boys have been enrolled including David Rogers, Larry McClintock, Ronnie Autry, Jimmy McCord, Danny Wright and Randy Starnes. Bobcat awards will be presented at the next Pack meeting Oct. 27. There are a few places open in some of the Dens. Boys between 8 and 10 are invited to attend the Pack meeting and all questions concerning Cubs will be answered.

Dates for parents, Cubs, Scouts and Scouts to remember are: Oct. 8—Cub Leaders Pow Wow at Levelland. Oct. 13—Cub Leaders Roundtable at Brownfield.

**Today's MEDITATION**

from The World's Most Widely Used Devotional Guide

**The Upper Room**  
THE UPPER ROOM, NASHVILLE, TENNESSEE

That they all may be one; as thou, Father, art in me, and I in thee, that they also may be one in us. (John 17:21)

On a Y. M. C. A. building I once saw the inscription of John 17:21: "That they all may be one."

Through its attitude and what it does, the Y. M. C. A. seeks to give meaning to universal brotherhood in Jesus Christ.

Our unity is in Christ, our Shepherd. The fold is one, although there is a diversity of sheep. The pasture which nourishes these sheep is the Word of God.

"To belong to one single flock and to follow one Shepherd is to conquer geography and enlist individual difference. It is the creating of a Christian brotherhood through our oneness in Christ."

Christian brotherhood transcends all barriers. It does not know groups, races, levels of society, nationalities, or denominations. In the diversity of ideals, traditions, and experiences, love bridges the differences and develops united participation and brotherhood.

**PRAYER:** Our Father, through the inspiration of Thy spirit, we pray for the reality of Christ's love in our lives. We pray there may be no contradiction between our saying and our doing. Show us the Shepherd, Jesus Christ, in whom and through whom, in the unity of faith, we join our hearts in prayer. Amen.

**THOUGHT FOR THE DAY**  
We love one another because God first loved us. —Emilio J. M. de Carvalho (Argentina).

Oct. 18—Cub Leaders Training Session at Brownfield.

Oct. 25—Final Training Session at Brownfield.

Oct. 27—Pack Meeting. Oct. 29—Get out and Vote Campaign.

A gas turbine was recently installed in a truck used to haul ore at International Nickel's open pit mine in the Sudbury District of Ontario. Rated at 225 horsepower, the turbine-powered truck is being used to haul a load of 32 tons up an 8 per cent grade around the walls of the open pit mine.

Nickel is a preferred material for many uses in the food industries and in processing pharmaceutical products because it is non-toxic and has good mechanical and physical properties.

Hollow automobile crankshafts made of ductile iron are about 40 per cent lighter than those made of forged steel.

**QUESTIONS, PLEASE**

**QUESTION:** "Can you prove SCRIPTURALLY that salvation is found ONLY in the church of Christ?"

man from his body and still have the man. Neither can you separate the church from Christ and still have Christ or the church. The word "church" means the "called out." Those who are called out of the world into "Christ constitute the church. In the scriptures we observe that the same things that put us into Christ, the church also put us into Christ. Galatians 3:27, "For as many as have been baptized into Christ have put on Christ." In Acts 2:41 we are told, "Then they that gladly received the word were baptized, and the same day there were added unto them 3,000 souls." Verse 47 says that the saved were

one must be in Him in order to be saved. In Ephesians 1:22, 23 we read these words, "And hath put all things under his feet, and gave him to be head over all things to the church, which is his body, the fulness of Him that filleth all in all." You can't separate a man from his body and still have the man. The word "church" means the "called out." Those who are called out of the world into "Christ constitute the church. In the scriptures we observe that the same things that put us into Christ, the church also put us into Christ. Galatians 3:27, "For as many as have been baptized into Christ have put on Christ." In Acts 2:41 we are told, "Then they that gladly received the word were baptized, and the same day there were added unto them 3,000 souls." Verse 47 says that the saved were

**ANSWER:** We, as members of the body of Christ, have been greatly misunderstood on this subject! There are some things that we can all agree upon. All will agree that salvation is in Christ (Eph. 1:3). If salvation is IN Christ then

You are invited to send your questions to: Bob Barnes, Box 812, Tahoka, Texas. You are also invited to attend all the services of the church of Christ.

## Mrs. Carter Directs Study At W. S. C. S.

The W. S. C. S. study group met Monday in their fourth study session of "Into All the World Together" with Mrs. H. W. Carter in charge. Mrs. Carter gave the devotional basing her thoughts on "Our Missions Today." Mrs. A. M. Bray led in prayer.

In further study of the text thoughts Mrs. Carter said, "There's one big thing we keep thinking about, Communism. We of the Christian world give so much money and other things to help those of the world, yet withhold ourselves—the most treasured gift of all. Why don't those we help have more faith and respect for us? This is why, we withhold ourselves. Will it be Communism or Christianity? We hold the answer in our treatment of other people."

Mrs. Emil Prohl was introduced. She, with her husband and son, were delegates to the Congress of Experiment in International Living that met in Mexico City. She gave an interesting version of the more intimate feelings that exist between the Texans and the Mexicans. She stressed understanding and acceptance of the people of Mexico so true brotherhood may become a fact between us, and the threat of Communism can be done away with, or can be made less likely.

Mrs. G. M. Stewart each week has presented a "newspaper" showing and quoting from current articles of interest and pertaining to the study. The meeting was closed with prayer.

The next meeting will be Oct. 10 at 3:15 p. m. in Fellowship Hall.

## Daughter of Former Tahokan Engaged

Mr. and Mrs. Joe W. Boles of Taos, N. M. (formerly Lela B. Edwards, daughter of W. B. (Burton) Edwards of Lubbock) announce the engagement and approaching marriage of their daughter, Virginia Ann, to Gerald Edwin Howell, son of Mr. and Mrs. Cecil A. Howell of Taos.

The bride-elect is a graduate of Taos High School, attended the University of New Mexico where she was a member of Pi Beta Phi social sorority. She was a freshman and varsity cheerleader, and member of Spurs and Campanas, which are freshman and junior honorary societies. At present she is residing in Dallas, where she is a stewardess with American Airlines.

The prospective bridegroom is a graduate of New Mexico Military Institute, was a DeMolay member in Roswell, N. M., attended New Mexico State University in Las Cruces and the University of New Mexico in Albuquerque. He is now in business in Taos.

A winter wedding is planned.

## Birthday Party At Special School

Sandra Gayle Traweck, daughter of Mr. and Mrs. L. H. Traweck of Wilson, was given a birthday party on September 27 at the Special School in Tahoka. Sandra Gayle is now in her fourth year in the school.

The honoree's mother did the decorations for the occasion. A white and pink color scheme was carried out. The table cloth was snow white, the cake was white and pink topped with 18 burning candles. Flowers on the tables came from Sandra Gayle's yard. Cold drinks were served and Mrs. Traweck brought favors for all the children.

Sandra Gayle was a happy hostess wearing the school's silver crown and a great big smile as the other children and guests sang "Happy Birthday." After refreshments the children played games and had a happy time. —Margaret Renfro, teacher.

## MRS. WEATHERS RETURNS

Mrs. R. P. (Polly) Weathers returned Sunday to her home here from Midland, where she has been living nearly a year near her daughters. She is recovering from the accidental fall that put her in bed for some time, and expects to reopen her kindergarten class here next Monday.

## Party Bridge At T-Bar Is Popular

Party bridge has begun at T-Bar Country Club, on Saturday nights, and five tables turned out for the first game last week.

Mrs. John Thomas was elected director of the weekly play and Mrs. Albert Curry was chosen secretary.

Winners Saturday night were Mrs. Tom Bartley and Mrs. Buddy Bragg, who tied for first and second.

Hosts and hostesses this Saturday night will be Mr. and Mrs. Maurice Small and Mr. and Mrs. Calloway Huffaker.

## Methodist Church Honors Teachers

The teachers of the Tahoka Public Schools and their families will be guests of the Methodist Church in a family night covered dish supper Thursday, Oct. 13, at 7:00 p. m.

The Woman's Society of Christian Service is sponsoring the program and Mrs. Lenore Tunnell will show pictures she made of the Obelisk at Pasion Play this summer.

## Duplicate Bridge Winners Named

Winners Tuesday night in the third game of the fall series at duplicate bridge at T-Bar Country Club were Mrs. A. C. Verner and Don Wilson of Lubbock.

Second place winners were Mrs. D. W. Gagnat and Mrs. Meldon Leslie; third, Mrs. A. N. Norman, Jr. and Mrs. Bill Lumsden of Wilson. Tying for fourth and fifth places were Mr. and Mrs. Buddy Bragg and Mrs. Winston Wharton and Mrs. Jesse Gurley.

If sufficient players are interested, Mrs. Meldon Leslie announces that she will start a new class soon in bridge play. Anyone interested should contact her.

A heavy foot below may put a heavy tombstone above.

## MR. AND MRS. S. HOLMES AND SON VISIT HERE

Mr. and Mrs. Shelton Holmes and son, Dennis, of Big Spring were visitors in Tahoka Tuesday. Mrs. Holmes is the former Altha Goodnough, daughter of Mr. and Mrs. D. H. Goodnough of Abilene, and was reared here. Both she and her husband work in the Veterans Hospital in Big Spring, and their son attends Big Spring Junior College.

Dennis received a broken back a few months ago when he was caught between the door and the top portion of the building at the Airforce base near Big Spring. The doctors told him he would be in the hospital six months, but he was up and walking within six weeks. He was en route to Lubbock to have the brace removed from his back, as he is making remarkable recovery.

The speed that thrills, kills.

The Lynn County News, Tahoka, Texas

October 7, 1960

Rev. and Mrs. Lynn Lemon of Los Angeles, Calif. were here last week visiting his parents, Mr. and Mrs. W. I. Lemon. They came to Texas to attend the funeral of her mother, Mrs. Ramsey, in Seminole. The couple were in Tahoka from Wednesday until Monday.

Mr. and Mrs. Ernest Kyle of Yountville, Calif. visited here with the Claude Harpers last week. The Kyles and Harpers were neighbors when the families lived in Oklahoma.

E. J. Hendrix of Wilson is off for Rockport to catch up on his fishing.

### Eighth Grade Scores Three Times In Two Minutes To Win; Seventh Wins

Tahoka's Bullpups Tuesday night took two football victories over Slaton's Tiger Kittens in games played here, the Seventh Grade winning 30 to 6 and the Eighth grade winning 18 to 14 in one of the most sensational finishes ever seen on a local football field.

In the Eighth Grade game, Tahoka was trailing 0 to 14 with two and a half minutes to play. In less than two minutes, Tahoka scored three touchdowns, as the result of some good strategy and the sensational play of Adolph Chapa, who had a big hand in

each of the three scores. Slaton had scored early in the first quarter the first time it had the ball and on its second play from scrimmage, then came back to score another quick touchdown. The visitors made good on the first conversion attempt.

The rest of the game was a seesaw affair, with neither team able to score until the fading moments. Then, Chapa, who had carried the ball only two or three times previously in the game, broke loose and ran over two or three would-be tacklers and out-ran the rest of the Slaton squad 75 yards for a touchdown. The clock showed about 2:30 left.

Tahoka used the on-side kick on the kick-off, caught on the fly by a Tahoka boy on the Slaton 45 Chapa then made about 20 yards around right end, and on the next play heaved a long and accurate pass to Terry Harvick, standing in the end zone, for Tahoka's second TD in less than a minute. There was 1:18 left.

Tahoka used the on-side kick again, and Slaton moved to the Tahoka 40. Then, the Slaton quarterback attempted a pitch-out to his halfback, but Chapa was charging through the line, intercepted the pitch-out, and raced for the goal line untouched—the third Tahoka touchdown in less than two minutes.

There was 57 seconds left on the clock, and the junior Bulldogs managed to contain the visiting Tigers until the clock ran out.

The Eighth Grade team is coached by Assistant Coach Jerry Don Brown, and members of the squad are: Gary Thomas, Ronnie Efrid, Terry Harvick, A. G. Cook, Jim Crawford, Eddie Howard, Joe Cervantez, Chappa, Cal Womack, Mike Smith, Jim Wells, Mike Reid, Dennis Clem, Jessie Limon, Stanley Price, Frankie Farrera, Mike Curry, Ronnie Reid, Harlen Curry, Jack Edwards, Mike Huffaker, and Robert Medina. Managers are Jerry Ware and Richard Whitley.

Tahoka seventh grade won a decisive victory over Slaton Tuesday night, 30 to 6, showing an improvement both on offense and defense over previous games.

The score stood at 22 to 0 at the half.

Halfback Dickie Davis scored two touchdowns and Fullback Clarence Long scored two. Terry Bairrington and Long each ran over a conversion. In addition to the scoring plays, Frankie Stanley, half back, and Quarterback

### FREEDOM OR SLAVERY THE CHOICE IS YOURS

### Bishop Galloway Tahoka Visitor

Bishop Paul V. Galloway of San Antonio, the new bishop recently appointed for an area including the Northwest Texas Conference, spoke to members of the First Methodist Church here Thursday noon of last week following a covered dish luncheon.

His topic was centered around the comparison of Christianity and communism, and emphasized strongly that "we must strengthen our faith to help beat the communists."

Lenin, a leader in the Marxist way of life, preached that the communists must always fight against the Christian religion. Bishop Galloway said that the Marx religion is an opium of the people. In quoting other leaders he said that Foster, secretary of the Communist Party in the United States once said that "God will be banished from the laboratories and the schools," creeping into the American society rather than by an outward move against religion in the churches. And Krushchev once said, "We remain the atheists that we have ever been. We will liberate you from religion."

Bishop Galloway said that the object of communism is to prove that faith in God is insecure. Communism exists for the good of the state while Democracy exists for the good of the people.

He pointed out six doctrines and compared them with communist theories: Democracy stands for the dignity and worth of the individual; communism stands for the worth of the masses. Democracy feels a social responsibility toward the state. Democracy gives life meaning beyond man-made material things; communism only sees the material aspects of life. Democracy gives the people a sacred trust and belief in their heritage; communism only gives a history to their means. Democracy allows for the belief in world value; communism binds itself to better good for the state. In Democracy, there is room for love of one's brother, the greatest force on earth; there is no love in the communistic system.

Bishop Galloway was accompanied here by Dr. Dallas Denison, district superintendent. The luncheon was sponsored by the W. S. C. S.

### New Type Report Cards In Use By Tahoka Schools

A new type report card will be sent to parents this year for students from the fifth grade through high school, according to Principals Jake Jacobs and Clifton Gardner.

The cards will be given the students to take home, as usual, but the cards will be for the parents to keep instead of sending them back to school. However, grades will be recorded at school also, and parents may also consult these if necessary. Report cards are usually given out on the Wednesday following the week of six-weeks tests.

A different system will also be used this year in grading the students. Before, letters have been used on report cards, but this year numbers will be utilized. A grade of 98 to 100 will be equal to an A plus, used previously, 94 through 97 will equal A, 90 through 93 will equal A minus. The same will be true through 80's and 70's. However, any grade below 70 is a failing grade.

Because these cards will not be returned to school, some children may forget theirs or become careless with them, and for that reason school officials urge parents to remember to ask their children for them. Parents are also asked to keep the cards filed for their own future reference.

### Congratulations

Mr. and Mrs. Dale Willhoit of Carlsbad, N. M., on birth of a daughter weighing eight pounds in a hospital in that city at 10:48 a. m. on September 25. She has been named Sonja Lynne. Grandparents are Mrs. Gussie Williams and Mr. and Mrs. Vernon Willhoit, all of Tahoka.

Mr. and Mrs. W. K. Scott, Irving, on birth of a son in Methodist Hospital in that city, Sept. 24. Weighing 7 pounds 12 ounces, he has been named Douglas Kavanaugh. The mother is the former Sue Ramsey, daughter of Mr. and Mrs. Blain Ramsey.

Allyn Cox, former SCS technician here, now of Midland was in Tahoka Wednesday. He says his wife is teaching second grade in Midland and both like their new location—ust. fine.

Gary Tomlinson made outstanding runs.

On defense several boys turned in good performances, James Brown, Robert Adams, Stanley Renfro, Richard Williams and Dickie Davis.

Coach Jake Jacobs said the blocking and tackling has improved, for which he attributed the decisive win. The seventh graders are undefeated this year, having won two games, Freshship and Slaton, and tied one, Abernathy.

Other boys on the seventh grade roster include Paul Kenley, Kenneth Hart, Sidney Hart, Benny Limon, Sammy Ashcraft, Dean Hamilton, Gary Anderson, Mike Davis, Phil Adams, Brit Robinson, Johnny Hillhouse, Roy Isham, Charles Carpenter, Larry Kizlar, Jimmy Billman, Rett Petterson, John Huffaker, Manager is Dennis Cline.

### Three Students At Hardin-Simmons U.

Abilene—Three students from Tahoka and surrounding area are enrolled in Hardin-Simmons University in Abilene for the 1960 fall semester. They are:

Kenneth Gerald Stalcup, 20, son of Mr. and Mrs. J. H. Stalcup, Route 2, He is majoring in accounting and minoring in economics. He is a senior.

Duey Ollie Riddle, 18, son of Mr. and Mrs. A. D. Riddle, is a freshman and is majoring in accounting and minoring in economics.

Larry Edwards, 19, son of Mr. and Mrs. J. B. Edwards, Route 4, Edwards is majoring in education and history and is a sophomore.

Rutherford's Stock "Spin Dry Cotton" shirt

New "Spin Dry Cotton" shirt in the Arrow line

A revolutionary new type of cotton wash-and-wear dress shirt is being introduced by Cluett, Peabody & Co., Inc. for October selling in stores. The shirt, named "SDC" (Spin Dry Cotton) will be featured in the Golden Arrow Carefree Collection, with a suggested retail of \$5.95.

Magic ingredient in the new shirt is Belfast cotton, introduced by Deering Milliken, Inc. Belfast cottons are the first cottons with a change inside the fiber itself. By the alteration of chemical construction, more complete and permanent wash and use has been achieved.

Cluett, Peabody will put heavy promotion back of the shirt, stressing that it is the "only shirt that needs no ironing no matter how it is washed. Spin-dryability is an important factor, since all modern washers have a spin cycle, while it is estimated that only 18 percent of wired American homes have tumble-dry equipment. Belfast cottons are also said to withstand infinite commercial laundering without loss of wash-and-wear characteristics or changing color.

# Tahoka Bulldogs Lose Home Game To Ralls Jackrabbits By 20-0 Score

Tahoka Bulldogs held the relatively strong Ralls Jackrabbits scoreless for two quarters but weakened in the third to give up two touchdowns and one in the fourth as the visitors took a 20 to 0 victory.

The Bulldogs put up a fairly good fight, although possibly were not quite as aggressive as in about three previous games, and were caught napping on pass defense. Ralls receivers failed to catch at least three long passes in the first half that could have been touchdowns. Otherwise, Tahoka kept the visitors pretty well in check for half the game. First downs were even in the first half, five and five.

After Billy Davis kicked off for Tahoka, Ralls moved to two first downs, largely on an 8-yard pass QB Jerry Smith to Right End Bill McFadden and gains by Halfback Jerry Johnson and Fullback Charles Edwards, but were held on fourth down at the Tahoka 31. Fullback Allen White and HB Tommy Jones carried for a first down on the 43, but three plays later had to punt, McClellan getting off a 31-yard kick.

Ralls moved right back to Tahoka's 21, where Tahoka took over again. A 17-yard pass QB Fred Hegi to White helped Tahoka move nearly to midfield, but Jones lost five, two passes were incomplete, and McClellan got off a fine 48-yard punt to the Ralls 15. The Jackrabbits moved for two more first downs, but Davis covered a fumble on the Tahoka 31, and two plays later Smith of Ralls covered a Tahoka fumble. Tahoka held the visitors to one yard gain on four plays, and Jones and White moved the ball well, Jones running for 17 yards once and again carried to about the Ralls 23 on a 15 yard run, but a penalty of 15 yards set Tahoka back, and the Bulldogs lost control a few plays later.

Opening the second half, Ralls kicked off to Tahoka. The short (Cont'd. on Back Page, Sec. II)

## O'Donnell In First Victory

O'Donnell Eagles won their first ball game of the season Friday night by taking a 22 to 13 victory over the Happy Cowboys before a home crowd.

The Eagles go to Coahoma this Friday, and open the conference season by entertaining Sundown next week.

O'Donnell took a first quarter lead when Gary Bowles passed to yards to Buster Snellgrove for the first score, but Happy came back in the second quarter to take a 7-6 lead on a 70-yard pass and run play, Darrell Bove to Bill Hadley and Bove kicked the extra point.

In the third, O'Donnell went into a 14-7 lead as Fernando Lopez raced 33-yards to score and Bowles passed to Dale Finch for the conversion. The lead was extended to 22-7 shortly thereafter when Lopez again got away on a 30-yard scoring run.

In the fourth quarter, Happy put together a drive that ended in Howe scoring from the one. The conversion failed and the final score was O'Donnell 22, Happy 13.

Donations of surplus foods by the U. S. Department of Agriculture at home and overseas totaled almost 2.8 billion pounds in the year ending June 30, 1960. This is down only slightly from the all-time record set the previous year.

FRIDAY, OCTOBER 7, 1960

## Wilson Mustangs Play At Ropes

Wilson Mustangs run into another tough team this Friday when they journey to Ropes for a battle with the Eagles, who last week trimmed the Freshup Tigers 12 to 6.

The Mustangs lost a free-scoring battle last Friday at Whiteface to the Antelopes 40 to 25. Whiteface had to come from behind to win the ball game.

On the first play from scrimmage, Wilson's Leroy Schneider broke loose on a 75-yard touchdown run, and "Surpy" Benevidez kicked the extra point to give the Mustangs a quick 7-0 lead. But, a few minutes later Whiteface's Odus Summers took a Wilson quick kick on his own 10 and raced 90 yards to score. Whiteface went ahead 8-7 as Eldon May ran the conversion.

Early in the second quarter, Wilson went ahead again on a 30 yard pass play Benevidez to End Larry Petty. Conversion failed, and Wilson led 13-8. But Whiteface oared right back to score again and made good on the conversion. Score Whiteface 16-13.

In the third, Whiteface put the game out of reach on two scoring drives to extend the lead to 32-13. Following the second score of the quarter by Whiteface, Schneider took the kickoff 80 yards to score and cut the margin to 32-19.

The Eagles scored again and converted in the fourth, but Wilson was still not whipped as Benevidez passed to Charles Walton to bring the final score to 40-25.

## New Home Wins Over Meadow

New Home Leopards won their first game in two years Friday night by defeating their old rival, the Meadow Bronchos, 8 to 0, the first football win for New Home over Meadow in 12 years.

New Home will entertain Lazbudie this Friday, and the Leopards hope to add another scalp to their small collection of victories. The win has given the Leopards new life. Coach Charles Yarbrough has a better team this year than the record indicates.

The first three quarters were scoreless, featuring stout defense play, particularly for New Home by End Larry Brown and Halfback Ronald Wyatt.

Late in the fourth quarter, New

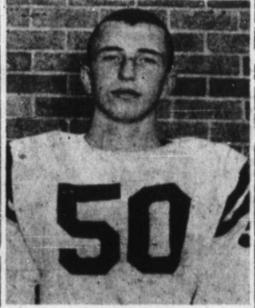

Home got a drive underway that carried to the Meadow 12 yard line. From here, Halfback David Crooks raced the ball over the goal line for the only score of the game. Fullback Lonnie Roper added the two point conversion try by ramming over the goal line.

## LIMPING CATTLE

During the cold, wet weather ahead farmers and ranchmen should be on the alert for limping cattle. It could be the first signs of foot rot, advises Dr. C. M. Patterson, Extension Service Veterinarian. He suggests that lots and areas around the feed and water troughs be kept clean, well-drained and as dry as possible.

### Letters From News Readers—

(The News welcomes letters from its readers on any current subject, not libelous, of course. All communications must be of reasonable length and must be signed. On request, the signature will not be printed. The Editor.)

Resolution of Friendship Primitive Baptist Church, Brownfield, Texas, in opposition to electing a Catholic to the office of President of the United States of America:

Whereas, the nomination and election of Mr. John F. Kennedy, a loyal member of the Roman Catholic Church, as president is generally acknowledged to be a basic issue confronting the American electorate:

And whereas the Roman Catholic Church in the nature of its institution is opposed to religious liberty to any and all but Catholics; and whereas the Roman Catholic Church does today deny religious freedom to all religions but that of the Roman Catholic Church, and implements its denial wherever it has the power to do so;

And, whereas the Encyclopedia Britannica, Vol. 19, page 406b, has an article written by one of the recognized authorities of the Roman Catholic Church, we find, "The Church instituted by Jesus Christ is the visible society of men who, having received baptism, are united in the progression of the same faith and in one communion and are seeking the same spiritual end Under the authority of the Roman Pontiff, the successor of St. Peter,

### Farm Facts

The U. S. farmer is the world's most efficient farmer. Because of this we are the best fed and best clothed people in the world and the most inexpensively in the proportion of our incomes it takes to obtain these items.

Research and its adaptation to farming have brought about a virtual agricultural revolution in this country in recent years.

A U. S. farmer produces enough to feed himself and 23 others. Only a few years ago he produced only enough to feed himself and seven others.

In Russia a farmer produces only enough to feed himself and one other. It was not by accident that Khrushchev visited an Iowa farm when he came to the United States. He knows that farm productivity is one of America's greatest sources of strength. He realizes, too, that as long as it takes one Russian on the farm to feed one worker in industry, Soviet progress is greatly handicapped.

In the past 18 years, U. S. farmers have improved their

A U.S. farmer produces enough to feed himself and 23 others. In Russia a farmer produces enough to feed himself and one other.

efficiency more than in the preceding 120 years. They have increased their per-acre yield of 18 leading field crops by 71 per cent in less than 20 years. Production per man-hour has almost tripled since the early 30's.

and the bishops who are Under Him. To this church Christ the founder has given the Right and Duty to guard, teach and maintain the doctrine which He taught, and to preach it to the Whole world without let or hindrance from any human power.—Men are Bound to Submit to its authority—and its Divine claims to their allegiance, such Submission is Necessary to Salvation—they believe, furthermore, that the Unity of the church is Founded upon the Apostolic See of Rome; and that All Men are Strictly Bound By Divine Law to Enter into the unity of This church. (Page 406). In 1942, there were an estimated 399,000,000 Catholics in the world All and each of whom is immediately Subject to the Pope. (Page 413). In any difficulties between spiritual and temporal rules the spiritual Must be the Judges—if therefore, the Rules of the church—even Mistakenly Judge, loyal Christians Must Abide The Decision."

And, whereas all history and the present attitude and activity of the Roman Catholic Church demonstrates beyond doubt that they are opposed to freedom in matters of religious nature is plainly declared in the official Roman press on May 17, 1960, L'Osservatore Romano."

Any conflict between politics and the church Must be Resolved in Obedience to the church." To which many of the sons of Rome in our midst quickly replied that "this does not apply to us here in the United States of America." To whom we reply, as free men in a free country, Thank God It Does Not As Yet. Neither do they Lock Baptist Church Houses;

And, whereas by claiming control over the consciences of men, the Roman Catholic Church reserves the Right to Dictate on All matters of faith and morals and since the Roman Catholic Church stretches these two points to include every aspect of life, the President

of the United States, if he were a Roman Catholic, would be Subject to a Foreign Potentate, The Ruler of the Vatican State;

Therefore, be it resolved that we, the members of Friendship Primitive Baptist Church, unanimously protest the nomination of Mr. Kennedy or any other Catholic, by any party, for president.

Elder V. J. Lowrance, Moderator. J. C. Dorsett, Church Clerk.

Leamington, England, has retired Bertha, an 8-ton steam roller, after 38 years' service. It is now in a children's playground.

The first farm bureau was founded at Binghamton, N. Y.

### Everyday Religion

By I. B. Thompson

Was Jesus a trouble maker? A chapter in the book, "What's Right with the World" by Ben F. Lehmberg, bears this title, "Jesus Was a Trouble Maker." Our Puritan forefathers used a statement referring to Jesus which is quite contrary to the generally accepted view we have of Him. It was this: "The

stormy north side of Jesus Christ." Although we think of Jesus as a tender and loving Saviour we should not overlook this "other" side of his character which he displayed on numerous occasions.

Dr. Lohmberg makes a case by pointing out the Jesus troubled those who wronged little children; those who were selfish and greedy; those who were complacent and self-satisfied; and those whose practices were not in harmony with their professed faith.

The most famous incident of this spirit on the part of Jesus was when he drove the greedy money changers from the temple. He trou-

### YOUTHS TOLD THAT HOT-ROD CAN COST TOTAL OF \$60,000

Secretary of Labor James P. Mitchell said that a young man who leaves high school to earn enough money to buy a hot-rod, for example, is making "a major financial miscalculation in the neighborhood of \$60,000."

He said a recent study shows that the value of a high school education over a grade school education can be estimated at \$64,000.

bled many of His day who were civil and He troubles the same today. Yes, Jesus was a trouble maker.

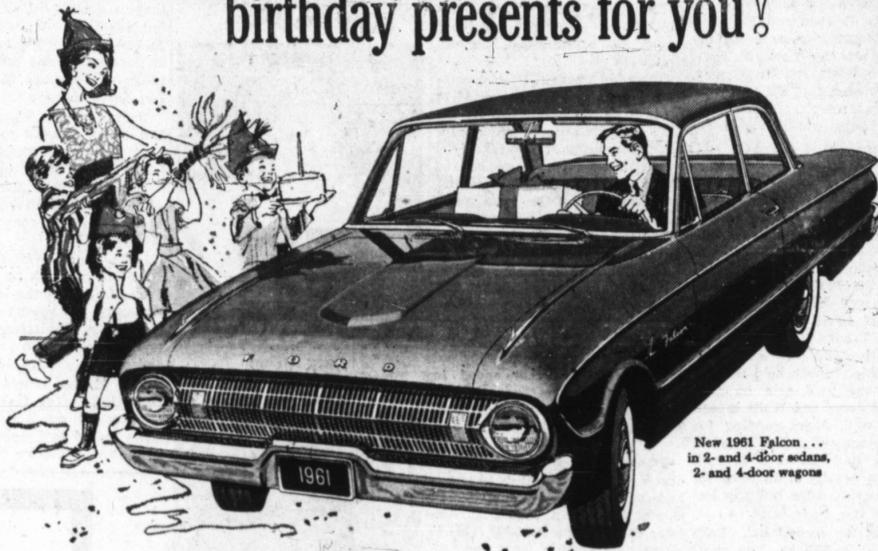

in a lifetime, and that of a college education over a high school education at \$100,000.

A young man starting out in 1960 can expect to earn about \$200,000 during his life—more or less depending on his education, the secretary noted. Thus, the average lifetime earning potential of the grade school graduate is estimated at \$179,000, of the high school graduate at \$243,000, and of the college graduate \$343,000.

Pakistan's second 5-year plan, 1960-65, involves expenditures of \$3,990 million, according to a Karachi announcement.

ANNOUNCING THE HAPPIEST BIRTHDAY OF THE YEAR!

## FALCON '61 has these wonderful birthday presents for you!

New 1961 Falcon... in 2- and 4-door sedans, 2- and 4-door wagons

You get the presents on the first birthday of the world's most successful new car... up to 30 miles per gallon... 4,000-mile oil changes... a new extended warranty... and much more

**NO OTHER COMPACT MEASURES UP TO FALCON!** The Falcon gives you up to 30 miles on a gallon, goes 4,000 miles between oil changes... and Falcon's finish never needs waxing. There's a choice of two engines, the standard 144 Six or the new optional 170 Special for an extra dash of power. There's room for 6 adults and their luggage. Falcon has coat hooks, front arm rests, foam-padded front seats and chic upholstered interiors... all at no extra cost.

**NEW 12,000-MILE OR 12-MONTH WARRANTY!** The '61 Falcons have been built with such a high degree of quality, your Ford Dealer is extending his warranty to 12,000 miles or one full year, whichever comes first. (The traditional warranty in the industry is for only 4,000 miles or 90 days.) Get the details and a copy from your Ford Dealer.

Mercury for 1961 offers a completely new line of cars, with two series that are priced squarely into competition in the low-price field. The new Mercurys are 4½ inches shorter and 1½ inches narrower, yet they retain Mercury's reputation for interior comfort, riding qualities and distinctive styling. Fourteen models with a wide selection of engine and transmission options are offered, including the first six-cylinder engine in Mercury history. Pictured is the Meteor 600, four-door sedan.

## Dr. Emil Prohls Tell Experiences On Three Weeks Trip Spent In Mexico

Dr. and Mrs. Emil Prohl have returned from a three-weeks stay in Mexico as delegates to the Congress of Experiment in International Living, a program in which the local Rotary Club participates in bringing foreign students to Tahoka to develop better understanding among nations.

The Tahoka family, including their son Karl, spent a week in Mexico City as house guests. Dr. and Mrs. Prohl were guests of Alfonso Baca, a distribution superintendent of the Mexican Light Company, and his daughter, while Karl was the guest of a school principal who also taught accounting and his daughter, a sixth grade teacher.

The second week was spent attending the Congress in Guanajuato, the birth place of Mexico's independence. They were among 300 delegates from 14 countries who participated in International discussion groups, each group consisting of a delegate from each country.

Continuing with the Experiment in International Living tour, the Prohls spent their third week in Oaxaca and the surrounding country located about 300 miles south of Mexico City.

Leaving Tahoka by bus, the Prohls traveled to San Antonio where they boarded a pullman for Mexico City. They were impressed with the enormity of the desert separating the interior of Mexico from the United States, and believe it to be one of the reasons that better understanding between the countries has not been developed. Each region has its own

typical people, and those near the border are the ones usually migrate to Texas during harvest season.

Mexico City, however, is really the heart of the country, where people of the middle class are prominent, although many poverty stricken areas still exist, as well as the very rich.

Although the city has improved enormously since 1952, when the Prohls last visited there, Mrs. Prohl says it still has a long way to go.

While guests in the Baca home, the Mexican family did everything possible to make the Texans comfortable as well as to show them the area. Mr. Baca took his vacation while the couple visited in his home in order to better show them around.

The Prohls were associated almost entirely with middle class people there, who prefer to be called Mexicans rather than Spaniards. Mr. Baca could not speak English, although his daughter spoke it very well. On the other hand, Dr. Prohl speaks Spanish while Mrs. Prohl does not.

The food in the Mexican home was very intriguing, Mrs. Prohl said. It was typical Mexican food, but not highly seasoned. One dish that particularly impressed her was cactus leaves, prepared much like broccoli and having about the same consistency. Beans were served three times a day, including breakfast.

The Baca home was typical middle-class, with five bedrooms upstairs, and the living area downstairs with a small patio in the rear. The family had just finished remodeling and redecorating the house and had bought new furniture of the Danish modern style.

The Prohls were taken for a visit to a hacienda furnished in heavy Spanish design.

The people the Prohls associated with in Mexico City were girls who were secretaries, college students and business men. Communism is not infiltrating into the city very much, and neither is it having great influence in any region. Reason for this is that 95 percent of the Mexican population is Catholic and natives say that their religion will not tolerate communism. They feel that there is a greater need now than ever before for Mexico and the United States to develop a better relations because of their great need for one another.

Although the city itself has improved in many ways, including sanitation, this is not true of the country. For many stretches of miles can be found the Mexicans living in a very primitive manner, much as they did hundreds of years ago. On the arid farms, which most of them are, are seen adobe huts covered with thatch roofs. Women still wash their clothes on rocks in the creeks and farmers toil their land with one-handed plows pulled by cattle. Although the donkey is still the beast of burden, cows are used for farm work rather than horses because they offer so much more to the farmer scraping a meager liv-

ing from the soil. Because the farmer can afford to feed only a minimum of livestock, he must choose the one that can offer him milk, meat, as well as labor.

Most of these farmers never leave their area, because the only transportation available to them is the donkey. Where the Mexicans and Latin-Americans in the United States do have opportunities to better themselves, the Mexicans deep in the interior do not. However, the educational system there has improved enormously, but will

take years to reach every Mexican child because of the lack of money for schools.

At the Congress held in Guanajuato, many problems were discussed facing the 14 countries there in entertaining the foreign students in the exchange program of International Living. Most delegates felt that the big problems are caused by "lack of understanding" between the people of various countries. Mrs. Prohl said that one discussion centered on the question of whether a host family entering a foreign student was really doing the right things to give the student a proper insight into the life of the various countries in which the program is being carried out.

During the last evening of the Congress skits were presented by the various countries, and Karl Prohl depicted the Texan in the one presented by the United States.

As a result of his trip to Mexico, Karl has enrolled in a Spanish class at North Texas State, where he is a student, flying back ahead of his parents from Mexico to enter the fall semester.

Following the Congress and the week in Oaxaca, where the Prohls stayed in hotels, they returned to Mexico City to spend Independence Day with their Mexican family, the Bacas. The Mexican people are much more patriotic than Americans, Mrs. Prohl stated.

During the celebration, the national anthem was played in a program on television, and the Baca family, including two brothers who had gathered for the event, stood and sang also, insisted that their guests do likewise, which now also consisted of a Japanese student. In

The Lynn County News, Tahoka, Texas

October 7, 1960

addition to the singing they would suddenly shout "Viva Mexico." A parade celebrating the event was made up of entries from 11 countries, including the United States, Canada, and several South American and Latin American countries.

## All new—and here today!

1961 MERCURY METEOR 800

# MERCURY METEOR

600 and 800 series

## Priced right in the heart of the low-price field

### HIGHLIGHTS

Modern new size—trimmer, better proportioned, for easier handling and parking.

7 self-servicing features including chassis that is pre-lubricated for first 30,000 miles.

Even roomier than last year.

More rear-seat shoulder room, hip room, and head room.  
More entrance room.  
Bigger trunk.

New Super-Economy engines.

Up to 15% more gas mileage.  
Mercury's first "6" plus new V-8's that use regular gas.  
Up to 10% better pickup than last year's brilliant Mercury.

First low-price car with a fine-car ride. Exclusive Cushion-Link suspension!

1961 MERCURY METEOR 600

1961 MERCURY METEOR 600

### 1961 MERCURY PRICE COMPARISON CHART

PRICES START HUNDREDS LESS THAN LAST YEAR  
Optional equipment and transportation cost far less, too!

1. MERCURY METEOR 600	Priced right in the middle of the low-price field with such cars as Chevrolet Bel Air and Plymouth Belvedere.
2. MERCURY METEOR 800	Priced with the top series in the low-price field with such cars as Chevrolet Impala and Plymouth Fury.
3. MERCURY MONTEREY	Finest, most luxurious of all 1961 Mercurys.

### HERE IS A NEW AND BETTER LOW-PRICE CAR —WITH A-12-MONTH OR 12,000-MILE WARRANTY

You're looking at the newest car in the low-price field—the Mercury Meteor. But the resemblance to other low-price cars ends with the price.

**COSTS LESS TO DRIVE!** You save on upkeep. Your Mercury dealer is extending his warranty on all 1961 Mercurys to one full year or 12,000 miles, whichever comes first. See him for full information. He will be glad to show you a copy of his new warranty.

You save on gas. Mercury's new, wider choice of engines and transmissions lets you tailor your new Meteor to your kind of driving. Choose super economy, super power, or any combination in between. And just think of these 7 other savings:  
A new pre-lubricated chassis lets you drive 30,000 miles before it needs another lubrication. A new-type oil filter lets you drive 4,000 miles between oil changes. Mufflers are aluminumized for more than double the life. Brakes are self-adjusting.

New zinc-coated body panels protect your car from rust two or three times as long. Spark plugs are self-cleaning, save gas. A special Super-Enamel finish never needs waxing.

**LOOKS BETTER—AND IS!** The styling and size are completely new. Trimmer, easier to garage, far more agile. You get a de luxe interior in every model at no extra cost.

**FEELS LIKE MORE!** Here's the first low-price car to provide a true "fine-car feel." Not just shock absorbers and springs for your riding comfort, but a unique new system of rubber cushioning called Cushion-Link suspension. It is exclusive on all Meteor 800's, Montereys, and Mercury station wagons. No more bumps from tar strips and other road-surface irregularities.

Don't miss the first showing! See your Mercury dealer now. Here, without question, is the newest and smartest buy in the low-price field.

### Sleek Impala One of 20 New Chevrolets

Designers have applied smooth, graceful lines to the '61 Chevrolet Impala, Bel Air and Biscayne passenger car lines. Wings on the rear deck have been smoothed into the body. Roof lines, as noted in the Impala Sport Sedan (above) are freshly contoured and are separately styled for each model. Overall body design features gently sloping lines. Rear trunk deck lid now opens flush with top of bumper affording easier loading and unloading. Fuel tank has been repositioned for greater safety. The Impala Sport Sedan is one of 20 body styles in the standard Chevrolet line.

#### HOME FIRE HAZARDS

The return of cooler weather means that fire hazards in the home will be on the rise. The Texas Farm and Ranch Safety Council urges every family to have an emergency plan and that every member know what to do in case of fire. Such planning can cut property damage losses and personal injuries and might save a life.

Many a child has been put on the right track by the use of a switch.

### Printer's Ink-lings . . .

By F. P. H.

The News this week begins its 57th year of publication. Otis and Inez Lilly launched The News in the new little town of Tahoka on October 9, 1903, operated the publication for a few months and then abandoned the publication. The late Mr. and Mrs. H. C. Crie revived the publication in 1903, and they were succeeded by Bob Haynes in 1918. The Hill family acquired The News in October of 1923, and have owned the publication since.

The News has not missed an issue in more than 37 years, which means that we have turned out more than 1900 weekly editions, a total of 18,000 or 20,000 pages, all of which represents a pretty fair little stint of work.

Few people realize the amount of work that goes into the publication of even a little weekly newspaper like this one. There are thousands of words of copy to be written weekly—and the writers have to gather the news and try to write reasonably good English, know how to spell people's names and get the initials right. In the meantime, Mae is contacting advertisers and Pat is posting the previous week's business on the ledger. Charles McClellan has to set all news and advertising copy into type a letter at a time on the Linotype keyboard. A. W. McClellan makes up the news and advertising cross-word puzzle into "forms,"

with help from the old printer. Pictures and illustrations, or "cuts," are cast by one of the three school boys working here, Douglas McClellan, Tony Spruiell, and Larry Thomas. These forms, four pages at a time, are put on the press and 2,200 sheets of newsprint fed through the press one at a time.

Usually, there are 12 pages, thus three press runs. Then, each section is fed through a folder, through an addressing machine, and then most of them are turned over to "Happy" Smith. Then, all we have to do is get out some job printing and start another paper. In the meantime, Sue Tolinson Tekell and The Printer start planning another paper while listening to the complaints registered about errors in the edition just printed. It's a great life, but we like it.

There has been quite a little discussion in these columns of Tahoka's high school band. The people who saw the organization perform Friday night at the football game had quite a pleasant surprise as the organization marched on the field at halftime.

At the beginning of school, the band threatened to fold up because of lack of interest. But, the board hired Phillip Pearce, a recent Texas Tech student, as director, and the new director has done a mar-

(Cont'd. on Next Page)

#### FREEZING POULTRY

Publication B-177, "Freezing of Poultry for Home Use," has recently been reprinted for the third time by the Texas Agricultural Extension Service. The very popular bulletin is available from the offices of local county extension agents or the Agricultural Information Office, College Station.

A small town is the one where there is no need for an anti-jaywalking ordinance.

The depression was that period when smokers used the makin'.

## HERE! THE GREATEST SIXTY-ONEDERFUL CHEVROLET

Here's the car that reads you loud and clear—the new-size, you-size '61 Chevrolet. We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees, and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet, generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details.

There's never been a trunk like it before! The floor's recessed more than half a foot and the loading height is as much as 10 1/2 inches lower.

### INTRODUCING THE '61 CHEVY BISCAYNE 6

the lowest priced full-sized Chevy with big-car comfort at small-car prices!

Chevy's new '61 Biscaynes—6 or V8—give you a full measure of Chevrolet quality, roominess and proved performance—yet they're priced down with many cars that give you a lot less! Now you can have economy and comfort, too!

IMPALA 4-DOOR SPORT SEDAN—one of five Impalas that bring you a new measure of elegance from the most elegant Chevies of all.

NOMAD 9-PASSENGER STATION WAGON. You have a choice of six Chevrolet wagons, each with a cave-sized cargo opening nearly 5 feet across.

BEL AIR 2-DOOR SEDAN, like all '61 Chevrolets, brings you Body by Fisher newness—more front seat leg room.

Biscayne 4-Door Sedan

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

**INK-LINGS CONTINUED** . . . look quite as sharp Friday night velous job in a short time. There are now 45 members, and they are already playing a nice variety of numbers. Too, the band looked smart led by Drum Major Iris Tyler and Majorettes Mary Jane McCord and Sue Walker, who are tops anywhere. Also, the so-called "frayed" uniforms looked very natty to us, at least at a distance. Tahoka has reason to be proud of its band again!

If Tahoka Bulldogs lose to Petersburg tonight, the town may lose a family. "Pete" Hegi has told Fred he will move back to Petersburg if the Bulldogs don't win.

Incidentally, we learn from the Slaton Slatonite that the members of the Slaton Tiger band pay rent on the school uniforms they wear. Tahoka could have more uniforms, too, if the band members were required to pay rent on them.

Maybe the football team didn't

We've been in most of the high school football stadiums in this section of West Texas, and we've never seen a better one yet from the standpoint of both spectators and players. There's always a superlative turf—even Tech never had better. The type of stands used in

**Versatility aplenty in 1961 Corvair Greenbrier Sports Wagon**

Chevrolet will raise the lid on a real surprise package when they reveal the 1961 Greenbrier Sports Wagon. A promising addition to the Corvair line is this 95-inch wheelbase vehicle with rear-installed engine and independent suspension. The Greenbrier is certain to fit transportation needs from backwoods camps to swank hotels. Seats may be repositioned to fit specialized requirements. There also is a commercial counterpart—a delivery vehicle named the Corvan.

the Tahoka stadium permits maximum vision for everyone. Several high school layouts don't even have rest rooms. Now that the parking lot has been eliminated, there are larger and more expensive stadiums, but no high school in this area has a better one.

The News has received all kinds of telegrams, but we received one last Tuesday night that broke all records. Henry Ford II, through the Ford Motor Company's advertising agency, J. Walter

Thompson Company of Detroit, sent us a wire copy for a five column advertisement, nearly 12 inches deep, that required two and a half typewritten pages, including copy and instructions, from Tom Gill of Santa Fe and Western Union to transmit. Sending the telegram to several thousand newspapers scattered over the United States cost the firm quite a tidy sum. The automobile manufacturers believe in advertising!

Our Uncle Joe Hill up at Canyon, with whom we lived while at-

tending college, is one of the greatest all-around men we ever knew. Next to our father and mother, he and "Aunt Ola" had the greatest influence of anyone on our life. In addition to other qualities, he has a fine sense of humor, and has sent along a bunch of jokes and witticism for this column.

Here are a few: The average little boy uses soap as though it came out of his allowance . . . Bachelors are men who have nobody to share the cares they'd have if they were married. . .

**San Angelo Boys' Ranch Leader Tells of Work Done At Institution**

"Don't brand a boy, build a man," admonished Morris H. Craig, executive director of Boys' Ranch of West Texas, located near San Angelo, in a talk before Tahoka Rotary Club Thursday noon of last week.

Mr. Craig told of operations, showed slides of scenes, and told some case histories, and the objectives of the ranch.

Located 17 miles west of San Angelo on Highway 87, near Tankersley, the Ranch was organized in

You learn more as you get older, but by then it's not important. . . Some men remind us of blisters—they don't appear till all the work is done. . . One of the quickest ways to meet new people is to pick up the wrong ball on a golf course. . . Junk is something you keep for 10 years and then throw away two weeks before you need it.

A teen ager on her first visit to the perfume counter of a large department store nervously eyed the trade names on the bottles: Night of Passion, Irresistible, Mad Embrace.

The saleslady, watching her with concealed amusement, finally inquired if she had made a choice.

"The teen ager mumbled, "Don't you have anything suitable for a beginner?"

When you accept a loan or a gift from the government, remember someone else is paying for it. There are no free gifts from Washington. The taxpayer foots the bill.

This may be a free nation but most of us have to pay for what we get unless a parasite can live off the earnings of others. The world owes no man a living, but man should have enough determination and energy to make his way through life in an honest and legitimate manner.—Moody Courier.

It's not how much one accumulates that counts—it's what he does with it!

How many people know, asks Frank Schuster, president of the Rio Grande Valley Farm Bureau:

That a cotton shirt costs more to be laundered one time than the farmer gets for all the cotton in it?

That the cellophane bag containing carrots costs three times as much as the carrots in it?

That the label on a can of tomatoes costs more than the farmer got for those tomatoes?

That the man who unloads a carload of produce in New York City collects more money for that work than the farmer who produced it? And all he has invested is a union card signed by Jimmy Hoffa—Farm Journal.

Lawyer: How's this? You've named six bankers in your will to be pallbearers. Of course it's all right, but wouldn't you rather choose some friends with whom you are on better terms?"

Ailing Man: "No, Judge, that's all right. Those fellows have carried me so long they might as well finish the job."

The young bridegroom said, "With all my worldly goods, I thee endow," and his father snorted, "There goes his fraternity pin and his stamp collection." Chanute, Kan., Tribune.

December, 1947, to serve dependent, neglected homeless boys. Most of the boys there are from broken homes and have been in trouble. Pictures were shown of some of the deplorable living conditions a few of the boys had before coming to the ranch.

Other pictures showed operations at the ranch.

Craig says the Ranch has four objectives: Help the unfortunate boy gain respect for self, respect for others, a sense of responsibility and respect for work.

The ranch offers the boy a home, a chance to learn, and to become a productive citizen, he said. Upon arrival the boy is made to feel he is "somebody," and he develops the feeling of belonging.

Each boy is taught to carry his share of the load and accept responsibility. Work is rotated and includes everything from washing dishes, cooking, and house cleaning to farm and ranch work, including vocational training. The boys raise their own pork and beef, gardens, and some crops. They are taught some trades, but each must learn the social graces.

Usually at least two or three years are required to undo some of the things he has learned under the wrong environment, but the ranch will keep a boy as long as necessary to get him in a position to return to his home or to go out into the world on his own.

The ranch is maintained by contributions from people interested in giving the "hard-luck" boy a chance.

The program was arranged by "Buddy" Bragg, who introduced the speaker. Perry Walker, who has been doing some voluntary work for the ranch, was a special guest.

Also, at the meeting, Dr. K. R. Durham made one of his characteristically humorous talks in welcoming Grandpa Calloway Huffaker into the ranks of the old men, the Society of the Five B's (bald, bifocles, bridges, bulges, and bunnions). Calloway had just recently become a grandpa by reason of the birth of W. C. Huffaker IV to Mr. and Mrs. Wayne Huffaker. Dr. Durham presented an "engraved" walking cane to Calloway on behalf of the club.

**NEW '61 CHEVY CORVAIR** More space . . . more spunk and wagons, too!

The newest car in America: the CORVAIR 700 LAKE WOOD 4-DOOR STATION WAGON.

CORVAIR 700 CLUB COUPE. Like all coupes and sedans, it has a longer range fuel tank.

CORVAIR 700 4-DOOR SEDAN. Provisions for heating ducts are built right into its Body by Fisher.

Spare tire is in the rear in coupes and sedans—leaving more luggage space up front.

Even middle-seat passengers sit pretty, thanks to Corvair's practically flat floor.

Now in production—the GREENBRIER SPORTS WAGON with up to twice as much room as ordinary wagons (third seat optional at extra cost).

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

For 1961, Comet continues the styling which has made it one of the most sought-after compacts in the market. A new grille and modest ornamental changes identify the 1961 models of the two and four-door sedans and the two and four-door station wagons. In addition to the standard 85 horsepower economy engine, the 1961 Comet offers an optional 101 horsepower six.

### Big Turn-Out For Golf Play

The largest turn-out ever recorded at T-Bar-Country Club in the annual Low-Ball Invitational golf tournament here Sunday afternoon, with 81 men and women swarming the nine-hole course.

In the event, members were required to invite non-members or members of other country clubs to be their partner in the tournament.

Medalists for the event were Charles Hopkins of Post and Dixon White of Lubbock, who tied for the honor.

In the men's division, of which Jack Alley Robinson is tournament director, first place winners were Otis Spears and Charles Hopkins with a 60; second, Thomas Jolly and Gerald Short, 61, on a toss-up; and third, Jim Payne and George Glenn, 61. Winning the booby prize were Sonny Roberts and J. V. Burdett of Lamesa with a 72.

Winners in the women's division included Aleta Thomas and Helen White of Lamesa, 64; first place; Justine Kerr of Lubbock and Jewell Smith, 68, second place on a toss-up; and Betty Morgan of Lamesa and Maxine Edwards, 68, third. Marge Burdett of La-

mesa and Dot Roberts took the booby prize with 97. Maxine Edwards is the ladies' tournament director.

Following the tournament, supper was served to about 100 people.

The Lynn County News, Tahoka, Texas

### 48 Students Now In High School Band, As Renewed Interest Is Displayed

Tahoka High School Band has received a proverbial "shot in the arm" by Band Director, turned miracle worker, Phillip Pearce, having almost doubled its size since the beginning of the school term.

With a week to go before the beginning of school, and with no band director, school officials were contemplating dropping band from the curriculum this year, partly because of lack of interest and partly because of the expense of maintaining a band for only a handful of students.

But that was before the school board elected Phillip Pearce the new director. Coming to Tahoka for his first teaching job, having graduated from Texas Tech this summer, Pearce was confronted with a band of less than 25 students. Now, five weeks later, Pearce is directing a 48-piece marching organization, the largest here in more years than many people like to remember.

And neither are the band members only "carrying a horn." Most of the additional members are ones that have dropped band

through the years. Only two or three are actually new in the band. And only three are not "playing" members of the marching unit, Drum Major Iris Tyler, and Twirlers Mary Jane McCord and Sue Walker.

The snappy Tahoka High School band has improved in every way, playing and marching. And the fans at the football games are not the only ones enjoying the new spirit exhibited there, the band members themselves are enjoying their own performances as well.

A native of Crane, Pearce not only participated in music there, but was also an athlete. He and his wife, also from Crane, have two daughters, Phyllis, 2, and Laurie, 1.

Pearce says that an additional eight to 10 students are expected to join the concert band next semester, who have schedule problems at this time.

As for next year, the new director is expecting to have a 60-piece marching band. He will lose only five this spring. Junior band members are made up of nine seventh graders, 13 sixth graders, and 35 fifth grade students.

On Mondays, the band plays concert pieces to "keep in shape" and spends Tuesday through Friday's as well as Thursday night, rehearsing for the half time show at the weekly football game. The group will soon begin preparing for the marching contest to be held in Brownfield in November.

Other plans for the year include the concert playing, sight reading and inspection contest in the spring, also in Brownfield, and participation in the annual Honor Band at Texas Tech. Tentative plans are also being made for a Christmas concert to be presented in Tahoka.

Because of the increase in numbers in the band this year, about eight or 10 new uniforms have been ordered by the school to replace some of the older ones, Pearce said. One new horn has been purchased, and all horns owned by the school are being repaired.

Mrs. C. T. Oliver returned home Wednesday after spending several weeks in Fort Worth, Cleburne and Mineral Wells with her daughter, friends and other relatives. She was accompanied home by her two sisters of Mineral Wells, Miss Mary Seroyer and Mrs. D. V. Smith who will visit here a few days.

It's not new, it's just been Ayrerwayed. 52-tfc.

Distinctively and authentically styled, Gas Lights cast a soft glow that bids "welcome" to guests... serves as a silent deterrent to nighttime trespassers.

**MADE BY THE MAKERS OF U.S. MONEY**

Can you think of a safer way to save?

Nobody has ever invented a safer way to save than U.S. Savings Bonds. They're guaranteed by the United States of America. Their value can't decrease—it can only go up. At maturity you get 1/4 more than you paid for them. And Bonds are replaced if they're lost or stolen.

What 63¢ a day will do

Just 63¢ a day will buy an \$18.75 Bond every month worth \$25.00 at maturity. If you keep it up for forty months, you'll have a stack of Bonds worth \$1,000 at maturity. Cost: only \$750—in easy installments.

Some advantages to think about

You can save automatically with the Payroll Savings Plan. This way you won't forget to save.

You now get 3 1/4% interest, to maturity. This new rate began June 1, 1959. Series E Bonds now mature 14 months earlier than before—in 7 years, 9 months. Bonds bought before June 1, 1959, earn more, too—an extra 3/4% from then to maturity.

You can get your money, with interest, when you want it. Bonds are a reserve you can cash anytime at any bank. It pays to keep them.

You save more than money. You help save the peace with every Bond you buy.

Here's how you can reach your savings goal with U.S. Savings Bonds in just 7 years, 9 months.

If you want about	\$2,000	\$5,000	\$10,000
each week	\$25.48	\$10.85	\$21.70
save			

You save more than money with U.S. Savings Bonds. Buy them where you work or bank.

The U.S. Government does not get for the advertising. The Treasury Department thanks you for your participation in the U.S. Savings Bonds program.

The only compact with fine-car styling A spirited sense of proportion gives Comet the most successful styling in the compact-car field. New rustproof aluminum grille, exquisite new interior fabrics, new fine-car appointments everywhere.

The first family-size compact Comet's 114" wheelbase (longer than any other compact) provides spacious comfort other compacts sacrifice. There's generous room in a Comet, even for six grownups. And there's trunk space for a family-size load of luggage besides... over 28 cubic feet.

Big-car ride—small-car handling The refined suspension (plus the 114" wheelbase) makes Comet's ride steadier and smoother than many standard cars. And you'll find that Comet turns, parks and handles almost as easily as a baby carriage.

Priced with or below the other compacts For all its new fine-car flair, family-size comfort, big-car ride and extra-value features, Comet is priced with or below the other compacts.

New Thrift-Power 170 engine for '61 Comet now offers two economy engines—the standard Thrift-Power, Six plus the new optional Thrift-Power 170, for 11% faster highway passing, 22% better acceleration on hills.

One-year or 12,000-mile warranty Your Comet dealer is extending his warranty on 1961 Comets to 12,000 miles or one full year, whichever comes first. See him to obtain full information. He will be glad to show you a copy of his new warranty.

A new basic conservation plan has been written on the R. L. Warren farm located eight miles northwest of Tahoka. The plan includes planting of twenty acres to Midland burmuda grass to be used for pasture. A waterway to take care of outside water, conservation cropping system, crop residue use, proper use of pasture grasses.

A basic-conservation plan has been revised on the Garland Pennington farm located one mile east of Tahoka.

The plan includes installation of irrigation pipeline, an irrigation system that will make maximum use of irrigation water and rain-

fall without causing erosion.

Basic plan has been developed on the A. M. Cade farm located 12 miles west of Tahoka. The plan developed by Cade includes a conservation cropping system, and management of crop residue to protect the soil from wind erosion.

A basic conservation plan has been developed on the R. A. Taylor farm six miles west of West Point. The plan includes a waterway to dispose of excess water, terracing, and contour farming.

A storage facility for livestock water is being constructed on Garland Pennington's ranch southeast of Tahoka. The structure is formed concrete, five feet deep, and sixteen feet inside diameter. The storage facility will hold a seven day supply of water for the livestock in the pasture.

A homemaker completing these twenty home preparedness points can now qualify for this color window seal by signing a similar list and taking it to the local civil defense director:

- Know the warning signals and what they mean.
- Know my community plan for emergency action.
- Have selected our family shelter area.
- Have plans for emergency cooking.
- Have plans for emergency heating.
- Have plans for emergency lighting.
- Know what to do about radioactive fallout.
- Have a two-week supply of food and water.
- Am prepared to purify unsafe water.
- Have a radio which does not depend upon a commercial source of power.
- Know the Conelrad stations, and am prepared to listen for survival instructions.
- Have a first aid kit.
- Have emergency clothing and blankets.
- Have morale supplies.
- Do fire-preventive house-keeping.
- Have emergency fire fighting plans and equipment.
- Have emergency sanitation plans and preparations.
- Have plans for evacuation in accordance with my community plan.
- Have a family emergency plan with which all members of my family are familiar.
- Will update preparations with State and local plans.

**Football . . .**

(Cont'd from Front Page Sec. 2) Kick-off hit a Tahoka lineman, bounced back and was covered by Ralls on its 47. Edwards made 2, Johnson 12 and 4, and then Edwards broke through center and dashed 73 yards for the first score of the game. A jump pass Smith to McFadden was good for the conversion. Score, Ralls 8-0.

Tahoka bounced right back, Jones bringing the kickoff from the 21 to the 36, White made 3, Jones 4, White 10 to the Ralls 47, and then White broke through the Ralls line for a 32 yard gain and was hauled in from behind on the Ralls 15. However, three running plays and an incomplete pass ended Tahoka's threat on the Ralls 10.

From there, Ralls moved 90 yards on 15 plays, including four of six completed passes for 8, 4, 23, and 11 yards. The Jackrabbits scored on a third down 11-yard pass complete to End Wayne Sanders. Attempt failed. Ralls, 14-0.

Opening the fourth quarter, White ran the ball from the 6 to the 24, two plays gained five yards, and then a Tahoka pass was intercepted by Edwards on the Tahoka 42. On the play that followed, Ralls scored its last time. Smith faded to pass, found his receivers covered, evaded three would-be Bulldog tacklers, cut to the left sideline, and went all the way. Conversion by kicking failed.

On the kickoff, Fred Hegi almost got away in running the ball back from the 11 to the 45. On short running plays, with three completed passes thrown, in, one to McClellan for 8, one to White for 8, and one to Merrell Cloe for 21, Tahoka had a first down on the Ralls six yard line. Jones made two, a jump pass was incomplete, Hegi made two around right end, and then lost a yard on fourth down. Ralls moved to its 30 as it ran out the clock in eight plays.

Curtis Harvick played one of his better games, getting a lot of tackles, as did Tommy Jones, Tony

**MOST POPULAR PONTIAC BODY STYLE**, the rakish four-door Vista hardtop, is more beautiful than ever in the new 1961 Bonneville series. Curving windshield pillars, a slim line roof, and crisply defined side windows create a new custom appeal. Distinctive Bonneville features include the high performing Trophy V-8 engine with four barrel carburetor and luxurious upholstery of pattern cloths and Jewel-tone Morrokide. The exciting Vista also is available in the Star Chief, Ventura, and Catalina series.

Spruiell and others. Also seeing action were Billy Clinton, Andy Bray, Johnny Rogers, Jack Wood, the freshman center, Perry Flippin, Glenn Hopkins, Jerry Forsythe, Lar-

ry Price, Stanley Krause, and possibly others. Curtis Harvick had 12 tackles, Billy Clinton 11, Doug McClellan 9, and Tommy Jones 8.

Utopia must be the place where there is no such thing as an alarm clock.

**FERTILIZING LEGUMES**

Properly fertilized and inoculated legumes are literally on-the-farm nitrogen factories. But if non-inoculated legumes are planted in soil that contains no nitrogen-fixing bacteria, no nitrogen will be fixed. Make sure, says R. J. Hodges, extension agronomist, the legume seed you plant are inoculated.

Most seed and farm supplies have inoculants for sale, but check the container label to be sure it's the type you need.

A Socialist campaign to court arrest, as a protest against government policies, has fizzled out in India's United Provinces, Gorkh reports.

**THE '61 PONTIAC IS OUT TODAY!**

*It's All Pontiac!*  
on a new Wide-Track!

**New track-to-body proportion!** The track is the width between the wheels. Pontiac is the only Wide-Track car. Body width is reduced, shaving side overhang, balancing more weight between the wheels. Best relationship of body width to wheel width ever tailored. Lean and sway are ancient history.

**Announcing the new Pontiac Trophy V-8 Engine!** We've improved the engine the experts said was perfect. New fuel induction system saves gas by using more air in the gasoline mixture. This makes the engine breathe more efficiently, giving you better acceleration. Eleven versions to choose from. Horsepowers range from 215 to 348. For best economy, specify the Trophy Economy V-8. Its lower compression ratio lets you use regular gas.

**More headroom, legroom, footroom for greater comfort!** You'll take great comfort in the extra roominess we've built into the '61 Pontiac.

Seats are higher, yet there's more clearance beneath the steering wheel and more hatroom over your head. There is more legroom, more footroom. Doors are wider and designed to swing open farther. The more highway you put behind you (Pontiac specializes in this) the more you'll appreciate the new room that's all around you in this sleek new '61.

**THE ONLY WIDE-TRACK CAR!** Body width trimmed to reduce side overhang. More weight balanced between the wheels. No other car hugs the road with such sure-footed stability and precision.

ISN'T THIS YOUR BIG YEAR FOR A WIDE-TRACK PONTIAC? IT'S ALL PONTIAC!
