

### Lynn Girl In State Contest

Marcheta Wood, daughter of Mr. and Mrs. J. M. Wood of O'Donnell, will participate in the State dress revue in Dallas this week end at the State Fair of Texas. As one of the district winners in the 4-H event, she became eligible for the State contest.

The judging is to be held today, and winners will be announced Saturday. Miss Wood will participate in two showings on Saturday in the Women's Building at the Fair Grounds, one at 10:00 a. m. and one at 11:30 a. m. The state winner will also show her costume at 2:00 p. m.

Miss Wood will model a coffee colored Irish linen suit, featuring a tailored short box jacket and tailored skirt, both completely lined. She will wear tangerine shoes and a bag and a white straw hat trimmed with a coffee colored ribbon. She won the county contest with the spring frock and was declared one of the district winners.

Winner of the state contest will receive a trip to the National 4-H Club Congress in Chicago.

A senior in O'Donnell High School, Miss Wood last year was a county and district winner. In the "Make It Yourself With Wool" contest, she was proclaimed area winner, state winner, and won second place in the national contest in the junior division.

She was accompanied Thursday to Dallas by her mother and Mrs. Connie Anderson, home demonstration agent.

### Mock Election At High School

Tahoka High School is going to elect the next President of the United States. Well, not really, but the Student Council is going to sell poll tax receipts and have a presidential mock election about a week prior to the national election to acquaint the students with the democratic process of voting.

High school students should be thinking about and take an interest in national politics for many will be eligible voters in the 1964 election.

Next Wednesday, Oct. 19, Travis Shelton of Lubbock will speak to the student body at 9:30 o'clock on the platform of the Democratic Party and the qualifications of Senator John Kennedy.

On the following Wednesday, Oct. 26, Gordon Treadway of Lubbock will speak on the platform of the Republican Party and the qualifications of Vice President Richard Nixon. Mr. Treadway is the Republican candidate for Attorney General for the State of Texas.

It is hoped that the students will take an active interest in the mock election and learn all that is possible about the two political parties and candidates so they can cast an intelligent vote based on real issues rather than party prejudices. Any townspeople who are interested in hearing these speakers are welcome to attend.

### Tech Senior Talks To Tahoka FHA

Dixie Hewlett, Texas Tech senior, spoke to the Tahoka Chapter of Future Homemakers of America last week to encourage girls to seriously consider majoring in home economics in college.

Miss Hewlett is majoring in home economics and gave a very interesting talk in the many different fields of home economics. Among these fields she thoroughly discussed the fields of buyer, home service extension, radio and television, housing, dieting, general homemaking and teaching. Among the many fields of home economics, teaching is Miss Hewlett's favorite.

Miss Hewlett stated that she thought girls would be better satisfied in one of the many fields of homemaking. At the close of her talk, the sponsor asked how many girls planned to major in home economics—fourteen girls made affirmative responses.

Wallpaper first was used by the Chinese in 200 B. C.

Girls majoring in home economics who plan to be recipients of the scholarship fund must submit their state degrees before they are eligible.

The "Golden Age" project is devised to brighten the lives of the elderly people in the community as well as those of the girls who participate in this project. Each chapter member is to visit in the home of an elderly person once a week.

The above projects were voted on unanimously by the FHA girls.

### Which Democratic Platform?

Which do you prefer: the socialistic, anti-Texas platform of Kennedy — or the Nixon Platform that more nearly conforms with Texas principles and ideals as expressed in the State Democratic platform?

The Kennedy platform is against nearly everything Texans are for—it is for nearly everything Texans are against.

What will be your choice? It is between a party label and the best interest of Texas and the Nation.

Allan Shivers says:

"I'LL TAKE TEXAS. I accept the Texas Democratic platform and will work for it. I repudiate the other—the Kennedy platform. I will join with my fellow Democrats to work and vote for men of maturity, experience, responsibility, and a fearless dedication to this country's best interests.

"I will vote for Richard M. Nixon and Henry Cabot Lodge."

**QUESTIONS, PLEASE**

QUESTION: "Is the church of Christ a democracy?"

ANSWER: It is far from being a democracy. Democracy is defined as being a government by the people. This is by far the best type of civil government. The church is actually a theocratic monarchy. Christ is the head, and the only head, of the church (Mt. 28:18; Eph. 1:22, 23; Col. 1:18, 24). It is understood, however, that God is the head of Christ (1 Cor. 11:4; 15:27). God spoke to people in times past in many different ways but in these last days He has spoken to us by His Son (Heb. 1:1, 2) If we want to know what we are to do religiously we are to go to Christ's words. We find these in the New Testament. He is the head of all things pertaining to the church. We are not, therefore, to vote on certain tenets, dogmas or faiths to determine what is right religiously. This is not our prerogative because the church is NOT a democracy. Christ determines what we are to do religiously and how we are to live our lives! What the apostles wrote was written by the authority of Christ. The examples they set and the commands that they give are to be obeyed because they give it by the authority of Christ. In the local congregation there are elders to rule and lead. Always in the Bible this office is spoken of in the plurality over a given congregation. They are to feed the flock (Acts 20:28). What is to be done in a specific way is not to be determined by them, as this has been determined by Christ. In matters of expediency they are to make the decisions in the best interest of the flock that they oversee. The flock does not vote on this and determine these things because the church is NOT a democracy.

You are invited to send your questions to: Bob Barnes, Box 812, Tahoka, Texas. You are also invited to attend all the services of the church of Christ.

You can tell when a man didn't bring his wife to the convention. He is the one acting so unconventional.

Many a man thinks he is of the upper crust because of his dough.

The Lynn County News, Tahoka, Texas

It is easy to understand why so few Americans learn a foreign language. After they succeed in the most difficult task of learning English, after a fashion, most of them are too tired to study another language.

As many as 30 different grades of petroleum products can move through a single pipeline with virtually no mixing.

If peoples the world over would love one another, there'd be peace, but the trouble is they derive so much more satisfaction out of hating one another.

Utopia is the place where nobody ever receives an anonymous telephone call.

When a man sings his own praises he is always in good voice.

**QUESTIONS, PLEASE**

QUESTION: "Can you prove SCRIPTURALLY that salvation is found ONLY in the church of Christ?"

ANSWER: We, as members of the body of Christ, have been greatly misunderstood on this subject! There are some things that we can all agree upon. All will agree that salvation is in Christ (Eph. 1:3). Since this church belongs to Him we find it scriptural to call it the church of Christ. It belongs to Him. Therefore, the saved are in His church. The saved are not there by virtue of the fact they have "joined" the church. When one is obedient to Him, as the Pentecostians were, he is "added to the church." The Lord knows where to put him. Ephesians 5:23 "For the husband is the head of the wife, even as Christ is the head of the church: and he is the SAVIOR OF THE BODY." Of whose body is He savior? Of His body, or one else's. Therefore, the saved, all the saved, are in the church of Christ. The Bible states this.

You are invited to send your questions to: Bob Barnes, Box 812, Tahoka, Texas. You are also invited to attend all the services of the church of Christ.

**Farm Facts**

While millions of people in other parts of the world are barely subsisting, the average person in the United States has more and better food than ever before. Even with money in their pockets, Russians have to queue up in long lines to buy food. Contrast this with a supermarket in the United States.

In his lifetime, the average U. S. consumer will eat the equivalent of 33 hogs, 10 lambs, 8 steers, and 4 veal calves.

In Russia, which boasts of its technological progress, it takes four hours' pay to buy a pound of butter or two hours' pay for a single orange.

An hour's pay in the United States in 1958 would buy almost three pounds of butter—three times as much as it would buy in 1929.

The amazing efficiency on American farms, and in the marketing, processing, and distribution of their products is responsible for the abundance, variety, and high quality of foods we enjoy.

Senator George D. Aiken of Vermont reminds us that American agriculture is the greatest stabilizing influence of the world's economy. Take away our assurance of plenty of food, he notes, and "international chaos would result."

The average consumer will eat the equivalent of 33 hogs, 10 lambs, 8 steers and 4 veal calves during his meat-eating days.

**Scouting News**

(By Ed Redwine)

One of the most important news highlights from Pack 82 this week was the Cub leaders Pow Wow held at Levelland last Saturday. Pack 82 was represented by Mrs. James Roberts, Mrs. D. M. Woods, Mrs. Redwine and myself.

Exhibits in games, handicraft, skits, ceremony and pack administration were presented. It was brought out in the meeting that I attended that many packs are not using committeemen to their fullest extent. In the near future, Pack 82 will be fully organized with a committeeman to fill each vacant spot. Everyone enjoyed the trip. A cafeteria style meal was served in the new Student Union Building at the South Plains College.

Rush Dudgeon, Scoutmaster of Troop 21, reports the Scout bus will leave for Lake Thomas at 8:00 a. m. Saturday, Oct. 15. Dudgeon also wants to remind all Scouts of Troop 21 that meeting date and time have been changed. Weekly troop meetings will be held on Thursday nights at 7:00 p. m. Scouts should be at Scout Hut by 7:00 a. m. in order to participate in the activities.

Troop 21 and Pack 82 are planning a joint Court of Honor in the near future. This will be the first time that Tahoka Scout units have combined forces to put on an event such as this. Watch this column for future plans and announcements.

Dates to remember for Scouts, Cubs, Scouters and Cubbers:  
 Oct. 13—Cub leaders Roundtable at Brownfield; Scout leaders Roundtable at Welch; weekly Troop meeting for Troop 21.  
 Oct. 18—Cub leaders training session at Brownfield.

**7th Grade Team Still Undefeated**

The undefeated seventh grade Bullpups secured another victory Tuesday night at Frenship, winning 32 to 12 every by seeing action. The eighth grade team lost their tussle, 14 to 0.

However, the seventh graders meet undefeated Post next week on the Antelope field. The team tied Abernathy, but have not been threatened in district competition. Included in this district are Tahoka, Post, Slaton and Frenship. Tahoka has two games with Post and one with Slaton. Winner of the district will receive a trophy.

In the Tuesday night game, Tahoka led 24 to 0 at halftime. Scoring for the local team were Dickie Davis, who tallied two touchdowns and two extra points; Clarence Long, one touchdown and four extra points; Gary Tomlinson, one touchdown; and Frankie Stanley, two extra points.

Showing good defensive work were Britt Robinson, Rett Patterson, Robert Adams, Gary Anderson, James Brown, and Richard Williams.

The eighth graders, losing 14 to 0, were unable to get a scoring punch going, although they were close several times and one pass was dropped in the end zone. Backs A. G. Cook, Adolph Chapa, and Terry Harvick made some good runs. Outstanding in defense were Mike Curry, Harlan Curry and Jose Cervantes.

**Everyday Religion**

By J. B. Thompson

Many years ago Arnold Bennett wrote a book entitled "How To Live On Twenty Four Hours A Day." It is a classic on the science of self-direction and techniques which assures added zest to ones daily activities. If this advice was needed in his day it is doubly needed today. We try to do so many things. We rush from place to place and run in circles until we burn ourselves out in a mad scramble to "make money" or to "make ourselves popular" or something.

He says at the outset of his book "that the proverb that time is money understates the case. Time is the inexplicable raw material of everything. Without it nothing is possible. You wake up in the morning, and lo! your purse is magically filled with 24 hours of the unmanufactured tissue of your life. It is yours."

We have to live on this 24 hours of daily time. Out of it we have to spin the fabric of our lives. Health, pleasure, money, contentment, respect, soul values. If one cannot live on his money income he can try to earn more but one cannot manage to get more time, he can only seek to arrange

it differently. Mr. Bennett insists that one should budget the hours of the day just as carefully as he would budget his money. I am sure that it is just as important and I am also sure that it is just as hard to do. But 24 hours is what we have to live on each day, and to learn to use them wisely is man's greatest problem today.

Mr. and Mrs. J. A. Brashear of Baird were here several days ago. But 24 hours is just as important and I am also sure that it is just as hard to do. But 24 King.

## Farm Facts

"Farmers must be getting rich," the city housewife too often complains when she goes to pay for her food at the supermarket check-out counter.

The facts are, however, that the farmer's part of her food dollar has actually declined, that an hour's pay will buy more food today than it would a few years ago, that the farmer is caught in a "cost-price" squeeze, and that his net income is much lower than that of the average non-farm person.

Farmers average well below the minimum wages for most workers and still less than average industrial wages. In fact, the farmer's income is about half that of his city brother.

During 1958, the hourly income for farm labor and management was 97 cents, while workers in manufacturing industries received \$2.13 per hour.

Average net income per person of the farm population from all sources was \$1,066. This included \$288 received for work off the farm, the value of products con-

sumed on the farm, and the rental value of the farm dwelling. By comparison, the average non-farm person's net income amounted to \$2,066. This is \$1,000 a year more.

The farm person's net income has risen 25.2 per cent from the 1947-49 average, while the non-farm individual's rose by 39.6 per cent.

### Fly-By-Nighters Pay No Taxes

(Quannah Tribune-Chief)

As sure as cotton opens in the fall and migrant workers flock to Quannah to help with the harvest, the city blossoms with scores of new "businesses."

The rack after rack of used clothing that is sold here on week ends may be handy and dandy for the workers but is providing some unfair competition for local merchants.

No one objects to persons using this means to raise funds for their special charity. And no one objects to folks making a legitimate profit — providing those persons are subjected to the same rules and taxes, etc., that the established business here have to meet.

This fall a large number of these persons are from out of town. They come in, set up shop on any vacant lot or sidewalk and presto, they're in business. At the end of a rather lucrative day, they pocket their earnings and presto, they're gone.

Many neighboring cities have licenses to control such sidewalk salesmen. Out-of-town salesmen are discouraged almost altogether and those who live in town are assessed a fee in lieu of city taxes.

A merchant who sells clothing is restricted in the type of clothing he sells. The sale of used clothing, the same as used mattresses, is restricted by law.

No resident of Quannah would appreciate or even tolerate a local business selling its wares in front of his house or even down the street. We would without doubt voice a loud and vehement protest.

It's time someone protested in this matter of week-end sidewalk salesmen. What's sauce for the goose is sauce for the gander.

### RAILROAD TAXES UP

Total railroad tax accruals (payroll, federal income, and all other taxes) increased from \$967.3 million in 1958 to \$1,047.2 million in 1959, or by 9.4 percent.

Federal income taxes, alone, increased 11.1 percent in this two-year period.

In ancient Rome, a girl who married in any color but white was believed to have doomed the marriage to misery and unhappiness. During this time, purity also was associated with white.

## Bulldogs Play Poorest Game In 40-6 Loss At Petersburg Homecoming

Tahoka Bulldogs took a little vacation at Petersburg last Friday night and stood by and watched the Buffaloes run up a 40 to 6 score before a large homecoming crowd in the school's new football stadium.

Actually, the Bulldogs were never in the game until the fourth quarter, when little Larry Price, came into the game and sparked the boys to their lone touchdown.

However, just as the scouts had predicted, Petersburg had a much better team than many people, including the Bulldogs, had believed, and the Buffaloes just ran the Bulldogs ragged before the latter knew what was happening.

The Buffaloes had three quick first quarter scores, added two more in the second period and another in the third.

Coach J. D. Atwell had changed up the Tahoka line-up somewhat trying to get a more effective combination, with Andy Bray, lineman, alternating with Allen White at the fullback slot.

Opening the game, Merrell Cloe brought the kickoff from the 15 to the 35, Tommy Jones made two, and Bray seven yards, but a Tahoka fumble was covered on its own 44. Hollis Mahagan, fullback, made 8 yards, then on the next play broke through the Tahoka line and ran 36 yards to pay dirt. Conversion failed. Petersburg, 6-0.

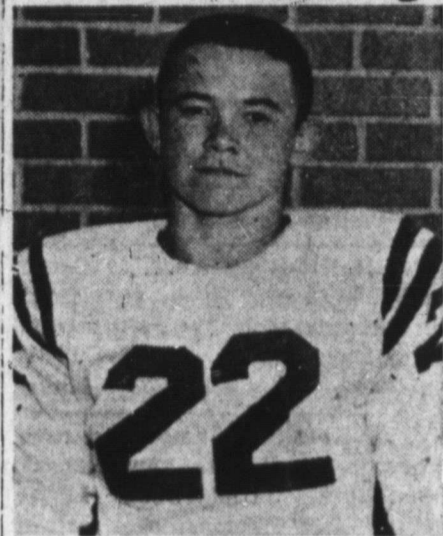

Tahoka couldn't go, punted to Petersburg 36, and Mahagan, Halfbacks Stanley Self and Donald Pegram carried on five plays to the Tahoka 21, and then Pegram circled right end for the second TD. Conversion failed. Petersburg, 12-0.

On Tahoka's first play from scrimmage following the kick-off, the ball was fumbled, Petersburg recovered, and three plays later, Mahagan circled left end to score again. QB Stevens passed to End Larry Lyde was good for the conversion. Score, 20-0.

White and Jones moved the ball for two Tahoka first downs, following a kick-off run-back by White to the Tahoka 39; and Tahoka moved to the Petersburg 29, where a fourth down pass was incomplete. Tahoka held the Buffaloes. (Cont'd. on Back Page, Sec. II)

## New Home Will Play Cooper

New Home Leopards open the 4-B conference season this Friday night with the Cooper Pirates, and a rejuvenated New Home team will go all-out to get revenge on their rivals.

Last Friday, New Home lost to visiting Lazbuddie 20 to 6, but not before the Leopards had given them a real battle. New Home made 15 first downs to Lazbuddie's 14, most of the latter in the first half.

All Lazbuddie scoring came in the first half. Fullback Freddy Savage scored in the first quarter from six yards out after Halfback Otis Bradshaw had run a punt back 65 yards. Second quarter scores were on the two-yard sneak by Quarterback Roy Mack Miller on a 30-yard pass play to Jerry Don Glover.

The Leopards came back fighting in the second half, and their blocking and tackling was so vicious that several Lazbuddie players were taken off the field, none seriously injured. New Home scored in the third period on a 27-yard pass play from Quarterback Larry Brown to Ronald Wyatt. In the meantime, New Home threatened two other times, carrying to the one on one drive and to the four on another while holding the visitors in complete check.

New Home lost its ace ball-carrier, David Crooks, who received a ruptured kidney in the Meadow game. He is out of the hospital and recovering.

## Wilson To Meet Sands Saturday

Wilson Mustangs' game with Sands (Ackerly), the first District 4-B game will be played Saturday night as the feature of the annual Wilson homecoming day. Game time is 7:30 p. m.

Homecoming festivities will take place during the afternoon and evening preceding the game.

Last Friday, Wilson lost at Ropesville by a lopsided 52-14 score. Ropes got away with three first quarter scores to put Wilson in the hole, and added another in the second period.

Wilson scored also in the second when Leroy Schneider ran 19 yards to pay dirt, and QB Surpy Benedez passed to Larry Petty for the conversion.

In the third, each team scored again, Wilson's TD coming on a 17-yard gallop by Junior Hewlett. Ropes scored twice more in the fourth, once on the interception of a Wilson pass.

The Mustangs will be up for Sands, and Coach Travis Rector has hopes of his boys bringing in a victory for the homecoming exes of Wilson High School.

Coach Charles Yarbrough has moved End Larry Brown to the Quarterback post and quarterback Marlow Rudd to right halfback. The coach was pleased with the team's performance Friday night, especially in the second half.

Don't "wreck" your chance for happiness.

## JOHN C. JANDER IS NOW ON CARRIER

Alameda, Calif.—John C. Jander, machinist's mate third class, USN, son of Mr. and Mrs. Fred R. Jander of Route 2, Wilson, departed Alameda, Calif. Sept. 16, aboard the attack aircraft carrier USS Coral Sea to join the Seventh Fleet in the Western Pacific.

During the Far Eastern cruise the carrier is scheduled to visit ports in Japan, the Philippines, Okinawa and Hawaii.

## Stories Crossed Up In News Last Week

Last week, J. Q. Warnick, assistant county attorney from Lubbock, spoke at the Tahoka schools, and his speech was given credit by the News to Bishop Paul V. Gallo-way of San Antonio who visited the First Methodist Church here on the same day.

However, the talks, as written up in the News last week, was that given by Warnick, grandson of Mrs. George Small of Tahoka. The mistake was because of a mix-up on who did what, and the News is completely at fault. Our apologies are extended to all concerned.

## O'Donnell Will Meet Sundown

O'Donnell Eagles' open their District 5-A conference play this Friday with Sundown Roughnecks at O'Donnell.

The Eagles were overpowered by Coahoma 42 to 8 in their final non-district game last Friday at Coahoma. O'Donnell's lone score came in the fourth quarter when Gary Bowles, quarterback, scored on a keeper play from the one yard line, and then ran the ball for the conversion.

Score at halftime was 14-0, but the Eagles gave up 24 points in the hectic third period and another in the fourth quarter.

# Printer's Ink-lings . . .

By F. P. H.

The last ten days have been busy ones for a lot of people—crop harvest, business rush, World Series, football, fairs, showing of all the new cars, the political debates, etc. There's just not enough hours in the day and days in the week for some of us this time of the year, and we have to do a lot of night work. Some day, The Printer is going to take a vacation during the World Series, and just sit down before a television and watch the games. We envy the fellow who can take time out for such.

Local car dealers report they had wonderful response to the showing of their new cars. Friday and Saturday, hundreds of people visited the show rooms to see the new models. Never before has there been such an array of new cars in such a wide range of sizes to fit the desires of the public.

That's another thing that appeals to The Printer. He'd like to be able to walk in and buy one of those new models each time they come out. Oh, well, it's nice to dream, anyway. When one gets to the point where he can't dream, he's just about whipped.

With a normal frost date—November 13 in Tahoka—Lynn county crop production is going to exceed most early estimates, some of the local crop observers predict.

"Why should a woman wear shorts and look like a second-rate man when she can wear a dress and look like a first-rate woman?" asks Teddy Tinling, British sports dress designer.

A Seagraves girl recently ran a notice in the local paper informing the public that her engagement to the young man was off.

Opening of the cotton season always brings back memories of the days when we used to crawl down the rows in Nolan county. And, we still haven't been able to figure out how we could try our best and stay right on the tail of Fred Haney (brother of Lum) and get only 300 pounds of cotton in a day while he was picking 400. Incidentally, nobody pulled cotton then; we picked it.

Once, we town kids, age about 13 to 16, organized a Cotton Pickers Club. We had to pick at least 250 pounds a day to be a member, took pride in our work, and picked from "can-see to can't," walked two or three miles to and from the field, carried our lunch in a syrup bucket with a few holes punched in the top, had a president (who almost literally used the whip to keep us in line) and a secretary (who kept the weights), and we were in demand. After school started, the boys practiced football at noon and recess, and after school hours

walked to the cotton-field for two or three hours work, except Friday, when there was a football game. This didn't make much of a man physically out of The Printer, but, looking back, we can't see where such a schedule hurt us too much.

We also remember working for a fine old German man, Mr. Rannefeldt, one summer. Every morning, rain or shine, we came out of the hay at 4:00 a. m. There were cows to milk, stock to feed, harness to mend, corn to shell, wood to be cut, and then we had our breakfast (steak or pork, gravy, hot rolls or hot lightbread, and plenty of sweet milk, and then we hitched up the teams and drove out to the turnrow to wait for daylight. When it got too dark, we came in and did the chores. The rest of the time, we just laid around in bed doing nothing. We got six dollars a week and board, too, and maybe an extra fifteen cents Saturday night on which to go to the show, buy a bag of popcorn or a red sodapop and have a big time. The rest of the year we were learning the printing trade after school.

We may be old-fashioned, but we believe some of our modern sons would be better off if their dads put them to work instead of giving them a car with which to burn up the pavement after school and deep into the night. But, boys, we'll admit, we don't want any more of "the good old days."

Thinking of Mr. Rannefeldt, reminds us that some of our best friends as a youth were Germans and Bohemians. There was Albert Hrbacek, with whom we started school; the Pietzsch (Peach) boys, our next-door neighbors; and the Zetsman boys. There were no greater people than Mr. and Mrs. Pietzsch, both natives of Germany who could hardly speak English. Mrs. Pietzsch used to cook us all the "goodies" for which German ladies are famous as cooks. The son of one of the Pietzsch boys, Will Pietzsch of Amarillo, is recognized and honored as being the first American serviceman killed in World War II.

Which reminds us of another story! There was big talk at the beginning of World War I that some of the Roscoe Germans were sympathetic with the Kaiser and the Fatherland. This was partially true, for many of them had relatives in Germany and it was hard for some of them to break the old ties. There was even talk of tar-and-feathers by some hot-heads.

One day there was a big Liberty Loan bond rally in the local theatre. Everybody was there. There were speeches by our dad, Attorney Harry Brandies of Sweetwater, and Banker Tom Dobbins, the late father of "Lady" Stewart of Tahoka. Then, came the pitch to buy bonds. The "big drought" of 1917 and 1918 was on, and few people had any money. They started out calling for buyers of \$1,000 bonds. There were two or three takers. Then the call went out for buyers of \$500 bonds, \$100, and finally \$25. One certain old German had bought narry a bond. Then, somebody heatedly asked, "Mr. Rannefeldt, aren't you going to buy a War Bond?" To which Mr. R. replied, "You no got vat I vant." On being told he could buy any amount he wanted to buy, Mr. R. replied, "Vell, maybe so I take six thousand." Whereon, the faces of a lot of good Americans really turned red. He was the biggest buyer of Liberty Bonds in the community.

Actually, a lot of those old Germans of our community were better Americans than we were, for they actually realized—some of them a little later than others—the true meaning of freedom and the privilege of living in democratic America.

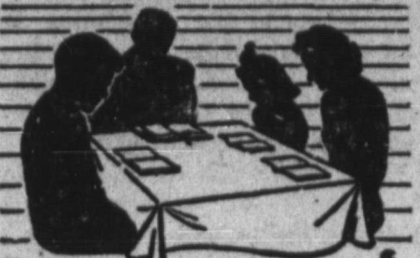

As long as we print this sheet, we'll get kidded about the mistakes. There's the one about "Bugs" Pennington being Co-rene's son (brother), and the failure to change Sue's name at the head of the society column from Sue Tomlinson to Sue Tekell—she got married recently.

Professor: What is your idea of a good life?  
Student: Methuselah's age and Solomon's wives.

An Ava Gardnerish young beauty was watchin' g drill one day. Suddenly a rifle volley rang out. With a surprise scream, the lovely young lady shrank back directly into the arms of a young private who was standing behind her. "Oh," she stammered with a blush, "I was so frightened by the rifles. Won't you

Read Deuteronomy 11:18-21; Ephesians 1:1-6.

Lay up these my words in your heart and in your soul . . . And ye shall teach them your children, speaking of them when thou sittest in thine house, and when thou walkest by the way, when thou liest down and when thou risest up. (Deuteronomy 11:18, 19.)

I was vacationing in the home of a friend, Roland, a two-year-old nephew, was visiting there, too. The first few times we gathered at the dinner table, he sat wide-eyed as we bowed our heads in prayer. He toyed with his spoon or snatched a bite of food while we gave thanks for our food.

Toward the close of the week as the family started to gather around the dining table, Roland quietly sat on his chair and folded his hands. He lisped, "Amat." This was his child language for salamat, a word in the Philippines meaning to give thanks. He had caught the spirit of worship.

Blessed are the . . . who echo with prayer and thanksgiving. The children in them are greatly influenced in their spiritual lives. Worship in the home becomes a treasured heritage.

Prayer: Dear God, abide in our hearts and in our hearts. May we truly worship Thee through our prayers and through our lives. In the name of Jesus, who taught us to pray, "Our Father who art in

heaven . . . Amen."

please forgive me?"  
"Not at all, not at all," spoke the quick-witted private. "Let's go over and watch the artillery."

Choc Hutcheson, a Lubbock oil man, said the oil business is so slow these days he has quit looking for gushers. He'll be content with others.

It's so bad, he confesses, that "last week when our minister said in a moment of prayer, 'G d bless the humble and pure,' I absent-mindedly shouted out 'and don't forget us independents!'"

## Billy Mitchell Came To County In 1905

Clay (Billy) Mitchell has lived in Lynn county practically all his life, moving here with his late parents in 1905 from Taylor county.

The Mitchells first bought a quarter section of land up near the sandhills, northeast of Tahoka, lived in Tahoka a while, and then traded the sandhill quarter for the 80 acres Clay now lives on ten miles north and two miles west of Tahoka.

Billy says his dad was killed on that 80-acre farm in 1909 while he was leading a horse. The horse ran and Mr. Mitchell got tangled in a rope and was dragged to death. Billy says Hall Robinson brought the doctor out to the farm at the time.

Billy's mother died in 1913, and for a number of years he lived with relatives. He farmed for the late Gary White about six years, and since 1944 has been farming for himself.

**WANTED!**  
Plant cover—dead or alive—for the protection of cultivated land against erosion by wind and water, nothing can take the place of continuous cover of dead or living plants, or both.

This is true regardless of location, rainfall, soils, or the kind of farming, or ranching that goes on.

In the Plains country, however, the need for plant cover grows more important as conditions tend toward the dry side. At the same time getting good cover becomes a tougher job.

The job is two sided: First, a crop must be grown that will yield good amounts of residues; second, the residues must be managed in a way that will protect the soil until a new crop covers it.

Experience of farmers and ranchers and research work have taught us important lessons. We know that burning crop residues

is one of the worst mistakes that can be made. And too much tillage wears out the residues and therefore should be held to a minimum.

In growing sorghums, if there is a high yield of stalks, as on irrigated land, it is safe to shred the stalks coarsely and tuck them lightly into the soil with a disc. On dry lands, however, where yields are not so high, it is best to leave a high stubble during winter months.

For sorghums in rows 24 to 42 inches apart, the usual minimum heights recommended is 15 to 18 inches. More residue than the minimum is better. Stalks and straw put organic matter in the soil, something surely needed in all cultivated land.

The wise use of crop residues, including stubble mulching, takes top billing in any plan of operations in the Great Plains.

**Abernathy And Hale Center Have Freeway In Town**

Contract is expected to be let on October 18 for the new U. S. 87 freeway through the city of Abernathy for which right-of-way was secured in 1956, according to the Abernathy Review.

A similar route will be built through Hale Center.

The new highway through Abernathy will go through the town a block and a half east of the present route. The Review states, will have overpasses at the north and south ends of town and the highway will pass under Main street near the center of town.

This is similar to the proposed route of U. S. 87 through Tahoka, except that traffic interchange is planned at the intersection of U. S. 87 with U. S. 380 a block and a half east of the present highway intersection in downtown Tahoka.

Both the State and Federal government are reputed to have approved the Tahoka route, which was the cause of some dissention but on which no legal action was ever taken to have changed.

County Judge W. M. Mathis has stated no work will be done on the securing of right-of-way through Tahoka until the right-of-way for the sector from a point two miles north of town to the Lubbock county line is completed. Several easements are yet to be secured on this sector.

Federal and State funds were allotted a year or two ago for both projects on U. S. 87 and following the completion of the four-lane road from the Dawson county line to a point two miles south of Tahoka.

**Parents' Day At Wayland College**

Plainview—Parents' Day at Wayland Baptist College on Oct. 17 will welcome parents of Wayland students to the campus with activities especially planned for their entertainment and to acquaint them with the college.

Hosts for the day's activities include Margaret and Mary Lou McKee, daughters of Mr. and Mrs. L. D. McKee, and Dortha and Martha Rector, daughters of Mr. and Mrs. Ernest Rector, all of Tahoka.

Groundbreaking ceremonies for Owen Hall, 100-unit residence hall for women, and Allison-Conkright Hall, 8-unit married student apartments, will highlight the day. Groundbreaking and dedication are scheduled for 2:30 p. m.

Advance reservations for Parents' Day indicate that 150 to 200 parents from Texas, New Mexico and Oklahoma will be in attendance at the spend-the-day affair. They will attend classes with their offspring and go to the chapel program. In the afternoon the parents are invited to take part in a conference on "The Climate for Learning at Wayland," which will be conducted by administrators and faculty members.

White again ran the kick-off to the Tahoka 36. Tahoka had a pass play set up, and Hegi threw a jump pass to Cloe, but an official blocked the Tahoka receiver and Self got the ball and ran about 45 yards for another score. Pass conversion attempt was no good. Score, 32-0.

Opening the second half, Tahoka looked a little better, stopped a Petersburg drive, but on third down Tahoka had another pass intercepted by Self on the Tahoka 40 and he ran it to the 29, and six plays later QB Mathews passed six yards to Mahagan for the final Petersburg score. Mahagan also ran over the conversion. Score 40-0.

The fourth quarter, all too late, was all Tahoka. With Price in the ball game, he and White alternated in carrying the ball 88 yards on five successive first downs in 14 plays for Tahoka's only score. Price went over left tackle from 15 yards out to the goal line. Hegi's attempted run for the conversion failed. Final score, 40-6.

In the final quarter, Price carried the ball seven times for a total of 56 yards, and White carried seven times for 44 yards.

Tahoka held Petersburg after the kick-off, Price made 12, a pass was complete for 14 yards, McClellan to White, and another was good for 16 from Hegi to Flippin, but Tahoka's final drive ended on the Petersburg 15 as time ran out.

**Toler Is Editor Japanese Paper**

John Toler, son of Mr. and Mrs. J. F. Toler of Tahoka, who has been in Japan four or five years, has recently been named English language editor of The Mainichi of Osaka, daily English language newspaper which claims the largest nationwide circulation of any paper in Japan.

John, following study in Japanese schools, became a teacher of

English in the University of Kyoto. He had planned to come home, but the publishers insisted on him staying with them until they could get a replacement for the former English language editor.

The offer came just as he was planning to return to Texas, he writes his parents, and he had planned a little farewell party for friends to pay some social debts. He went ahead with the party, any way.

He writes that cool weather is arriving over there, and the maples will soon be red. The town is full of maples, and he says the Japanese are about as fond of the maples as of the famed cherry trees. Toler is a graduate of Tahoka High School and of Texas Tech.
