Tahoka, Lynn County, Texas, Friday, November 18, 1960

Number 7

## Lynn's '60 Crop Will Exceed Estimates

Lynn county ginnings to date total about 81,000 bales, of which amount Tahoka has ginned 17,175 bales, according to reports made to The News by ginner Thursday morning.

As had been expected all along by most local observers, it is now apparent that Lynn county's crop this year will run far in excess of the guess of Lubbock cotton "experts" who have been estimating the county's production at 130,000 bales.

In all probability, the county may gin 150,000 or more bales this year. A composite of ginner's estimates would indicate that only about 55 percent and not more than 60 percent of the crop has been ginned. O'Donnell ginner estimate 65 to 75 percent of the crop there ginned, but ginner in the north part of the county declare not much more than a third of the crop ginned.

O'Donnell had ginned 20,000 bales Wednesday; Wilson, including Wayside, almost 7,000; New Home, 7,350; Grassland, 6,000; and nine other gins in the county. Draw, Wells, Newmoore, West Point, Petty, Lakeview, New Lynn, Gordon, and Hackberry, have ginned an average of nearly 3,000 bales each.

Most gins have cotton piled up on the yard, with New Home reporting 250 or more bales on the yards.

Very little hand pulling is now being done as, since the freeze, many farmers are using mechanical boll pullers.

Some farmers with late cotton report they will have to wait a while to use boll pullers in order for the unopened bolls to dry out and crack open.

Although milt is still coming in to the elevators, the major portion of the grain crop is harvested.

## Sewing Contest Here Monday

A county "Make It Yourself with Wool Contest" will be conducted Monday, Nov. 21 at 4:30 p. m. in the Tahoka home-ec cottage, according to Mrs. Connie Anderson, home demonstration agent, and Mrs. F. B. Hegl, home-ec advisor.

The contest is opened to all interested contestants. Contestants may be from four age classes: Beginners, 13 years of age; Juniors, 14-17; and Seniors, 18-22. The girls may enter as many garments as they wish but each garment must be modeled by the contestant herself before the judges.

Any garment entered in the contest must be fashioned from 100 per cent American-loomed wool fabric. Linings and interfacings may be non-wool fabrics. When interfacing is used, it must be wool.

Contestants may make their entry garments from a commercial pattern or an original design. The garment must be entirely the work of the contestant. (This includes button holes, belts, pockets and pressing.) The garment must have been made since Feb. 1, 1960.

Beginners' garments are separate skirts, separate skirts coordinated with sleeves or jumpers. (In this class only, blouse worn with garment need not be wool.)

The junior and senior garments include active sportswear, dresses, suits, coats and ensembles, definitions of which follow:

Active sportswear—skirts, slacks, play clothes, ski clothes, beach clothes. The outfit must be complete top to bottom, or one-piece. Dresses—informal one or two-piece dresses, casual, spectator, shirtwaist, unlined jacket dresses, formal long or short evening, or late afternoon dresses.

Suits—two piece garment consisting of a skirt and lined or un-

(Cont'd. On Back Page)

## Short Course For Farmers Planned

Lynn county farmers will be offered a free short course in farm management and records keeping, with the first meeting announced for Dec. 6 at 7:30 p. m. in the Lyntegar conference room.

The course is being offered by the Extension Service, according to County Agent Bill Griffin and Home Demonstration Agent Connie Anderson. The program is being set up by a sub-committee of people under the Lynn County Program Building Committee. Planning the program are Mrs. Clyde Childress, chairman, A. C. Vermer, Perry Walker, Beatrice Askew, Mrs. Buel Draper, and Mrs. H. D. Dean.

Farmers and their wives and anyone else interested are invited to the first meeting on December 6, when the subject will be "Income Taxes," and discussion leaders will be John Seiberts, area farm management specialist, and Miss Mildred Webb, area home management, both of the Extension Service.

At this first meeting five other topics for study will be selected from a list of 15 suggested topics. Meetings will be held once monthly through May, Mr. Griffin said.

The discussions will be down to earth and applicable to practical farm management in this area. Where held in other sections of the state, this short course has proven very popular, interesting, and profitable.

## Union Services Next Wednesday

The annual Union Thanksgiving service of Tahoka churches will be held Wednesday, Nov. 23, at 7:00 p. m. in the First Methodist Church.

Speaker this year will be Rev. Joe Webb, pastor of the Sweet Street Baptist Church.

Several years ago some of the local churches began the joint service, taking turns being host to the occasion with the pastors also taking turns delivering the Thanksgiving address.

The service has proved so satisfactory, that it has continued. Everyone is invited to attend.

## Billie Williams Dies Suddenly

Funeral services for Billie Clarence Williams, 63, of route 3, Tahoka were held Tuesday at 3:00 p. m. in the First Baptist Church with the Rev. D. W. Copeland, pastor of the Redvine Baptist Church, and Rev. T. James Efrid, pastor of the Tahoka church, officiating. Burial was in Tahoka Cemetery under direction of Stanley Funeral Home.

Williams died unexpectedly at 11:30 a. m. Sunday at his home, apparently the victim of heart attack. He had been in ill health for about two years.

Born May 30, 1897 in Burleson County, he came to Lynn county from there in 1920. He was a well known land owner and farmer, a member of the Bethel Baptist Church and a veteran of both World Wars I and II. Although he never married, he raised five nieces and nephews.

Survivors include two nieces, Mrs. Woodrow Brewer of Tahoka and Mrs. Joe Brewer of O'Donnell; three nephews, A. F. Beckham of Littlerock, Ark., Joe Beckham of Tahoka, and Charlie Beckham, who lived with Mr. Williams, and one brother, Lee Williams of Burleson county.

## SCHOOL HOLIDAY

Schools will turn out next Wednesday afternoon for the Thanksgiving holidays and students will return to classes on the following Monday morning.

R. L. Miller is a medical patient in the hospital having been admitted Nov. 14.

FRANK GRAY

## Soil Laboratory Opening Monday

"A tremendous asset to Plains farmers," is Frank Gray's description of the Texas Agricultural Extension Service's new Soil Testing Laboratory slated for formal opening in Lubbock on November 21. Gray, an active agricultural leader for many years, has served on the Lubbock County Soil Conservation District Board of Supervisors since October, 1953, and as a member of the State Soil Conservation Board since May, 1959. He also currently serves as Chairman of the West Texas Soil Laboratory Committee, a group which has played a vital role in the establishment of this important facility.

Gray called for continued close cooperation of all agricultural agencies and local conservation districts in aiding farmers to make maximum use of the soil testing laboratory. "Proper fertilization is necessary for the best economic returns from our soil and water resources," Gray said. He emphasized that "proper fertilization" includes attention to organic matter needs as well as to inorganic fertilizer requirements.

On behalf of his committee, Gray (Cont'd. from Page 1)

## Local Library Has New Books

Mrs. A. J. Kaddatz, who operates the Lynn County Public Library on Wednesday and Saturday afternoons releases the following new books now available:

"Many A Voyage" by Loula G. Erdman; "My Brother Michael" by Mary Stewart; "The Nightingale," Agnes S. Turnbull; "Mistress of Mellyn," Victoria Holt; "The Dean's Watch," Elizabeth Goudge; "The Sun Is My Shadow," Robert Wilder; "The Primal Yoke," Tom Lea; "Diamond Head," Peter Gilman; "The Lovely Ambition," Mary Ellen Chase; "The Listener," Taylor Caldwell; and "The Leopard," Giuseppe Di Lampedusa.

## Tahoka City Paving Is Near Completion

Tahoka's \$125,000 paving project will be completed early next week, Contractor J. R. Fanning has informed city officials. In fact, most of the work is being wound up this week, except for the retopping of some of the old paving.

If other blocks are signed up during the winter, the contractor will come back in the spring and do this work. In addition, he is arranging 10-year financing, if desired, for property owners who expect to pave in the program next year.

About 35 blocks have been paved during the current program at a cost of \$108,000, several blocks in the Lockwood addition for West Texas Builders at a cost of \$8,400, and all old paving in the city repaired and retopped at a cost of \$12,000.

"We think we have received a very good job of paving from the J. R. Fanning Construction Co.," states Mayor H. B. McCord Sr.

## Tahoka Votes Next Tuesday On Canadian Dam Proposal

### Tahoka Airport Runways Paved

Both runways at Tahoka Airport are being paved this week by J. R. Fanning Construction Co., the contractor on the city paving project.

Caliche base has been laid on the 2,000-foot east-west runway this week, and additional base has been added to the thin coat laid a couple of years ago on the 1200-foot north-south runway. This gives each runway a six-inch caliche base. Hot-top will be poured on both runways.

Mayor H. B. McCord Sr. told The News that the project is being done jointly by the City and County and through the generosity of the paving contractor, who is pouring the topping at cost.

County and City dump trucks have been hauling the caliche for the base, and the Caterpillar Co. furnished a grader to work the base.

### Baptist Choir Program Sunday

The choirs of the First Baptist Church under the direction of Bill J. Choate, minister of music, will be presented in a choir dedication and Thanksgiving service Sunday evening at 7:00 o'clock.

Newly organized Primary, Junior, Youth and Adult choirs will each present two musical selections along the theme of dedication. Each group will be dedicated to the church as a vital part of the church program.

The total choir enrollments reached 118 during the month of September. Next enrollment will be during the month of January.

### News Coming Out Early Next Week

On account of Thanksgiving, The News will be published one day early next week.

Correspondents, advertisers, and club reporters are requested to get their copy in not later than Tuesday for next week's issue of The News.

Samie Norwood has had bronchial pneumonia for several weeks but is reported to be improved at this time.

### Tahoka Closing On Thanksgiving

Most Tahoka business and professional firms will be closed all Thanksgiving Day, Thursday, November 24th, according to Dean Taylor, secretary of the Chamber of Commerce.

This is one of the five holidays the town observes, the others being Christmas, New Year's day, Memorial Day, and the Fourth of July.

### L C C Choir Will Be Here Sunday

The A Cappella Chorus from Lubbock Christian College will be singing in Tahoka at 7:00 p. m. on Sunday, November 20 at the Church of Christ auditorium.

The chorus, under direction of B. Wayne Hinds, has presented over 180 concerts and traveled over 15,000 miles in its three years' experience. Its program will feature sacred concert numbers, well-known hymns, spirituals, and selections by ensembles. The public is cordially invited to attend this concert.

L. C. C., now in its fourth year of academic operation as a liberal arts junior college, has an enrollment of approximately 385 students.

The church will meet at 6:15 p. m. for a period of worship before the program by the chorus.

### Jim Izard Dies After Accident

J. H. (Jim) Izard, 65, a resident of Lubbock since 1955 but a pioneer of Lynn county, died Monday in Methodist Hospital following emergency surgery after he had received head injuries in an accident at his home at 4912 44th street.

Funeral services were held Wednesday at 2:00 p. m. in New Home Baptist Church with Rev. Bruce Giles, pastor of Flint Avenue Baptist Church officiating, assisted by Paul Coffman, minister of College Church of Christ. Burial followed in City of Lubbock Cemetery.

He had received a brain concussion when the handle of a bumper-type jack he was using to jack up his car in front of his house flew loose and struck him in the head.

Jim Izard came to Lynn county in 1906 with his parents, the late Rev. and Mrs. W. H. Izard. On reaching maturity, he farmed, operated a store, served as County Commissioner of Precinct 4, and was long a leading citizen of the New Home community and of Lynn county. He moved to New Mexico in 1944 and then to Colorado, where he had farming interests. He was a life-long member of the Baptist Church.

Survivors include his wife; two daughters, Mrs. Winona Elliott of Weatherford, Okla.; Mrs. Loveta Puchanon of Albuquerque; a son, Jay Turner of Lubbock, two brothers, W. A. Izard of Albuquerque and S. O. Izard of Tucuman; and four grandchildren.

### MRS. POER AT HOME

Mrs. Roy (Kate) Poer was able to return home Tuesday after having spent 24 days in a Lubbock hospital. She is now recovering nicely. Her daughter, Mrs. Harold (Kathryn) Edwards of Houston, has been at her bedside during her illness.

There are 31 known planetary satellites in the solar system, including the earth's moon.

The City Hall will be the polling place next Tuesday when Tahoka qualified voters will decide on two issues concerning the Canadian River Municipal Water Authority. One election, called by the City of Tahoka, will determine whether or not the City will sign a water contract with the Canadian River Municipal Water Authority and therefore be one of the 11 member towns to receive water from the dam proposed to be built on the Canadian River near Borgor at rates agreed upon by representatives from the various towns composing the Authority.

On a separate ballot in an election called by the Authority, voters will decide whether or not to give the Authority the right to sign a contract with the U. S. Government for a loan financing the project. Congress has already appropriated \$300,000 for the purpose of building the dam and laying pipes to the 11 towns.

After several years of debate on water rates, the U. S. Bureau of Reclamation has come up with a schedule that finally seems agreeable to some of the dissenting towns and if the two measures pass in the towns involved, work on the project will soon get underway.

Under the proposed rate schedule, Tahoka would pay 21.76 cents per 1,000 gallons of untreated water delivered from the lake to the Tahoka City limits. Filtering and disinfecting, the latter costing very little, would necessarily have to be added to local individual water rates. However, this is not expected to raise such rates to any marked degree.

The Panhandle and South Plains cities voting in the election include Amarillo, Lubbock, Plainview, Borgor, Pampa, O'Donnell, Lamesa, Brownfield, Levelland, Slaton and Tahoka.

Rates for the towns are based on their distance from the point of origin, the artificial lake to be built on the Canadian River. Towns near the lake will have lower rates than those farther away. For example, Amarillo's rates will be lower than Lubbock's; but Lubbock's will be lower than Tahoka's while O'Donnell's and Lamesa's rates in addition to others, will be still higher than those billed here.

The project was begun about 10 years ago when the depletion of the underground water supply was becoming increasingly alarming. It is expected that the new dam will not only supply water to the 11 cities, but allow underground water to keep from being drained by city consumption, and thus build itself back up.

Tahoka has been faced with a water shortage during several summers the past few years and has been forced to drill more wells for the City's use. However, officials state that it is conceivable that these new wells will not last forever and the problem of where to drill for enough water to supply Tahoka will become greater than ever within the next decade or so.

For complete details concerning the Canadian River Municipal Water Authority, see the advertisement appearing in this week's issue of The News.

### O'Donnell Church Calls Rev. Dale

Rev. Troy Dale of Houston has been called as pastor of the O'Donnell Baptist Church. He will notify the church this week whether or not he will accept the call.

Rev. Dale was pastor in O'Donnell about nine years ago. His two sons and one daughter are now in college.

The former O'Donnell pastor preached at the Sunday morning service last week and on Sunday night the church voted to call him as its present pastor.

Advertising doesn't cost. It pays!

No contributions came in this week for the Goodfellow Fund and workers are anxious to get started so that enough food and toys will be available for Christmas for needy families.

Contributions may be mailed to Goodfellow Fund, Box 1196, Tahoka.

Old toys are also wanted, and such may be left at the Fire Department in the City Hall. Anyone having toys no longer needed or needing repair is asked to collect these early.

Dean Taylor, W. T. Eldred and Mrs. Lillian McCord are heading the Fund this year.

Have News! Call WY 5-4888.

## Brownfield Writer Tells of Early Day Burro Freighter To Tahoka

Mrs. Jack Strickland, writing in the Shoppers' Guide of Brownfield last week, told of that town's first football team in 1908, and then went on to tell some other early day history which some Tahoka pioneers remember:

This part of her story follows: At that time there was an old bachelor by the name of Joe, can't remember surname, who had homesteaded some land over in New Mexico and he would come over here with his wagon pulled by six or eight burros. If he came by the school house at recess, noon or just as school was out, some kid would holler "here comes Joe," they'd race to meet him and donk-

eys and each boy would climb on a burro and the rest would pile on his wagon. One little fellow, Oscar Sawyer, lost his hold on the wagon and a wheel cut a gash on his head.

After the railroad came to Tahoka a couple or three years later, Joe freighted for himself and neighbors from there. He advertised for a wife and he told some of the young blades about town about it and what day she would come in on the train at Tahoka, and when they found out he was to have a white ribbon tied on his arm so she would recognize him, some of them, among which were Thad Hurst, Howard James, Cleve Hol-

## Society & Club

### Holiday Dinner At T-Bar Club

T-Bar Country Club will have a Thanksgiving dinner Sunday, Nov. 20, at 1:00 p. m. when members and their families will be served in the new club house.

Plates will be \$1.75 each, and for children under 12 plates are \$1.00.

However, because of the expense involved in preparing a large turkey dinner, reservations must be made by Nov. 17. Those planning to attend are asked to call WY 8-4404.

### Berean S. S. Class Elects Officers

Mrs. Nat Park has been chosen president of the Berean Sunday School Class of the First Methodist Church, succeeding Mrs. Gordon Tryon, who is moving to Tampa.

P. G. VanderLinden is teacher of the class, which is open to all adults from college age up.

### Congratulations

Mr. and Mrs. Billy L. Long of San Bernardino, Calif. on birth of a daughter at 12:35 p. m. Saturday, Nov. 12, in Tahoka Hospital. Weighing 7 pounds 8 ounces she has been named Donna Lucille.

Mr. and Mrs. Price Richey of Placerville, Calif., on birth of a daughter on Oct. 24. She has been named Marcie Dale and weighed 8 pounds 4 ounces. Mr. and Mrs. Elmer Richey are paternal grandparents, and Mr. and Mrs. Samie Norwood of Tahoka are maternal grandparents.

Flying time between Eire's Shan, non Airport and London now is 1 hour 45 minutes.

den and Lum Heflin decided to go over and meet the train with white ribbons on their arms, also they were joined by some Tahoka boys. They had a lot of fun and after she decided Joe was the man, they were all invited to the Justice of Peace wedding and among them made up money for the couple to eat and spend the night at a hotel instead of the wagon yard, and also bought them some gifts.

### Warnick Speaks To Methodist Men

J. Q. Warnick, assistant county attorney of Lubbock county, spoke to the Methodist Men here Monday night on the subject of Communism.

He was introduced to the group by Rev. J. B. Thompson, pastor.

Warnick told of the threat of Communism to the free world and compared it with the beliefs of Christianity.

Program chairmen were Pete Hegi and Walter Mathis. The food committee was composed of Oran Ramsey and Maurice Bray.

Next month is the last meeting of the year. Maurice Huffaker and Bray were appointed to a nominating committee for the purpose of the nomination of new officers.

Program chairman for next month are Dr. Emil Prohl and Mitchell Williams. Alton Cain and Larry Hagood are on the food committee.

Mrs. B. K. Cooley is reported by her husband to be improving nicely following surgery last Friday in Medical Arts Hospital in Lamesa. She will be in the hospital about two weeks. The "No-Visitors" sign was taken off the door of her room Monday morning. She is in Room 14.

WASTE BASKETS for office or home at The News.

### BRAKES DID NOT FAIL ON WOOD'S PICK-UP

In the story about the car-pick-up crash involving Mrs. Ola Reid and H. E. Wood last week, The News had been informed that the brakes on Mr. Wood's pick-up failed.

Mr. Wood says this was not true,

that he didn't hit the brakes at all because he didn't have time. Anyway, he says, his brakes were in good condition before the accident and they had been checked very recently in a local garage.

Like many accidents, this one was apparently just one of those things that happened too quick to

do much about. Fortunately, neither was critically injured.

## Miss Nancy McCormick Weds Donald Gene Williams At Canyon Saturday

Miss Nancy Sharon McCormick and Donald Gene Williams pledged double ring wedding vows Saturday, Nov. 12, at 7:00 p. m. in the First Methodist Church in Canyon. Bob Wear, minister of Central Church of Christ in Canyon performed the ceremony before an altar decorated with five bract candelabra centered in arrangements of large white caryanthemums.

Flanking the altar and directly behind the altar were seven candelabra spaced alternately with floor urns filled with white caryanthemums. Both the choir rails and the communion rails were draped with white slippery satin and the bridal aisle was covered with traditional white carpet.

Parents of the couple are Mr. and Mrs. Ballie McCormick, Canyon, and Mr. and Mrs. Carl Williams, Tahoka.

Mrs. Glenn Dowlen, organist, presented traditional nuptial marches and other selections. Mrs. Jack McCormick, sister-in-law of the bride, sang "Whither Thou Goest" and recited the reading "How Do I Love Thee."

Given in marriage by her father, the bride was attired in a princess gown made of heavy white hand woven brocade satin fashioned with a V-neckline, long petal point sleeves, and a cathedral train. The

madonna veil was also cathedral length and was of hand drawn rose point lace on silk French illusion attached to a wedding cap.

The bride carried a cascade arrangement of feathered white carnations centered with a large white cattaleya orchid with a purple throat. Satin streamers tied with love knots accented the long cascade line of the bouquet.

Miss Cathryn Ann Morris was maid of honor and was dressed in wood violet velvet and satin fashioned with a low neck bodice and elbow sleeves above a bell-shaped skirt of satin. Her head band was of velvet with veil of matching illusion. Bridesmaids were Misses Sally Foster and Jeanne Whinery, and candlelighter was Nancy Wiggins. They wore dresses identical to that of the maid of honor. Each carried cascade style arrangements of orchid lace carnations.

Gayle Williams, niece of the bridegroom, was flower girl and was dressed in white velvet.

Best man was Jerry Williams, brother of the bridegroom. Groomsman were Richard Brooks and Jack McCormick, brother of the bride. Jerry Bragg, brother-in-law of the bridegroom, and Andy Lyle, cousin of the bride, acted as ring bearers.

Following the ceremony a reception was held in Fellowship

Miss Mary Jane McCord, senior student in Tahoka High School and daughter of Mrs. Lillian McCord, was crowned Band Sweetheart of 1960-61 at halftime ceremonies Friday night at the Denver City-Tahoka football game. She is a majorette in the Bulldog Band. Attendants were Misses Sue Walker, junior, daughter of Mr. and Mrs. Perry Walker, and Diane Falls, junior, daughter of Mr. and Mrs. C. J. Falls, Jr. of route 5. The identity of the sweetheart was made known when Darwin Dykes placed the crown upon her head in the center of a musical note formation made by the band. Miss Billie Smith presented her with a bouquet of roses. Miss McCord was escorted by Rommie Walters. (Photo by C. Edmund Finney)

## Junior Football Banquet Thursday

A banquet for the seventh and eighth grade football teams and their coaches and wives was being held Thursday night in the school cafeteria.

Giving the affair were the mothers of the players.

Both teams ended their season with good records, the seventh graders tying with Post for the district title.

The Lynn County News, Tahoka, Texas November 18, 1960

## Warner Club Will Honor Husbands

Members of the Phebe K. Warner Study Club will entertain their husbands with a dinner Tuesday, Nov. 22, at 7:00 p. m.

The group will meet at Fellowship Hall of the First Methodist Church.

All members and their husbands are urged to attend.

Have News? Call WY 8-4888.

## Five Tables Play Bridge Saturday

Five tables of players participated in party bridge Saturday night, held in the home of Mrs. Emma Halameck since the T-Bar Country Club house was in use.

Winners were Mrs. Maurice Small, first, and Mrs. Lee Roy Knight, second.

This Saturday night the party bridge club will meet in the club house.

## Duplicate Bridge Champs Are Named

Eight tables of bridge play were enjoyed Tuesday night at T-Bar Country Club when club championship was held. Winners received individual trophies and their names will be engraved on the Mr. and Mrs. W. M. Slaton Club championship trophy at the club house.

Next week is master point play at the club.

Winners in the club championship Tuesday were:

First, Mrs. Larry Hagood and Mrs. A. N. Norman Jr.; second, Mrs. Jess Gurely and Mrs. Wanda Lumsden; third, Mrs. Louise Wharton and Mrs. D. W. Gagnat; fourth, Mrs. Clint Walker and Mrs. J. T. Forbes; fifth, Johnny Wells and Mrs. Lee Roy Knight; sixth, Mrs. Meldon Leslie and Mrs. Oscar Roberts; seventh, Miss Echo Milliken and Mrs. Abbie Wharton; and eighth, Mr. and Mrs. Frank Hill.

## Garden Club To Hear Tech Man

Tuesday at 3:30 p. m. the Garden Club of Tahoka will hold its regular meeting when Charles Etherly of Texas Tech will present a lecture on drying and curing materials for use in arrangements.

The meeting will be held in the First Methodist Church and all members are urged to attend.

## WCS Hears Book Review Monday

Mrs. J. C. Womack will present a book review, "September Monkey" by Induk Takh at 3:30 p. m. Monday, Nov. 21 in Fellowship Hall of the First Methodist Church.

The occasion will be the annual Silver Tea and book review held by the Woman's Society of Christian Service when all ladies of Tahoka and Lynn county and others wishing to attend are invited.

The setting of the story is in Korea. Mrs. Womack reviewed the book earlier for the Woman's Society and since it was met with such favorable comments, she has been asked to repeat the review so that all ladies may hear it.

## Margaret Circle In Monday Meeting

The Margaret Circle met Monday afternoon with Mrs. C. A. Thomas with 14 members and one guest, Mrs. Paul Thomas of Chama, N. M. present.

Rev. J. B. Thompson spoke to the group on "Jesus' Concern for Women." He told of their hardships, low span of life due to disease caused from unsanitary conditions and the freedom of woman after Jesus came.

The circles will meet next Monday afternoon for a silver tea.

## T-Bar Calendar

## VFW'S THANKSGIVING SUPPER MONDAY NIGHT

Monday night, Nov. 21, Tahoka VFW is giving a Thanksgiving supper for all Veterans of Foreign Wars and their families. Everyone is urged to attend at 7:00 p. m. in the City-Legion Hall.

Hall of the church at which Mrs. Jerry Williams, sister of the bridegroom, registered guests. Mrs. Frank Stewart, sister of the bridegroom, and Mrs. L. F. Brandon presided over the table.

When the couple departed for a wedding trip to points in New Mexico, Mrs. Williams was wearing a red woolen suit with brown accessories and an orchid corsage taken from her bouquet. They will be at home in Tahoka after November 20.

Mrs. Williams is a graduate of Canyon High School and attended Texas Tech where she plans to continue her studies in elementary education. Her husband is a graduate of Tahoka High School and also attended West Texas State College and Tech. He is now engaged in farming near Tahoka.

The newest fashion fad—the REVERSIBLE VEST

by **Rob Roy**

This is the new style that's sweeping the campuses... the reversible vest with shirts that contrast perfectly. The colors are magnificent gold, blue, olive prints that reverse to corduroy or twill solid colors; bright plaids with bright solid colors. One vest, two shirts, and you've got the wardrobe of the season. Sizes 6 to 20. \$2.98

### Lynn County Soil Conservation District News

E. R. BLAKNEY      ELLIS BARNES  
WARD EAKIN      W. L. (Cap) ROWE  
MELVIN WUENSCHÉ

Howard Moerbe, who lives two miles southwest of Wilson, has completed installation of 1,177 feet of underground irrigation pipeline. Pipe will be used as laterals for conservation of water and soil.

Approximately one mile of terrace lines have been run for Oswald Dube, who lives three miles southwest of Wilson.

A basic Soil and Water Conservation plan has been developed on the B. O. Wilke farm five miles northeast of Wilson. The plan includes terracing, contour farming, crop rotation and use of crop residue to retard erosion.

The terrace lines have been run on the Wilke farm, and construction is getting underway.

A Great Plains Conservation Plan has been written on Cass O. Edwards land operated by Frank Lisemby. The farm is located five miles northwest of Tahoka. The plan includes terracing, conservation cropping system and use of crop residue to prevent erosion. Terracing will be cost-shared under the Great Plains Conservation Program.

A Great Plains plan is being developed on Melvin Wuensché's

farm located approximately eight miles north of Tahoka. The plan includes terracing, development of a conservation irrigation system and management of crops and crop residues, according to the needs of the soil.

E. R. Blakney, who lives north of New Home is developing a Great Plains Conservation plan on his farm. The plan will include developing an irrigation system that will conserve soil and water, establishing approximately eighty acres to a permanent grass, and good grazing management.

#### Cafeteria Menus For Next Week

Cafeteria menus to be served in Tahoka schools during the week of Nov. 21-23 are as follows:

Monday: Barbecue on bun, English peas, cabbage salad, rice pineapple pudding, bread and milk.

Tuesday: Turkey and dressing, green beans, cranberry sauce, pumpkin pie with whipped topping, whole-wheat bread and milk.

Wednesday: Tuna and peanut butter sandwiches, buttered corn, tossed salad, cherry pie, and milk.

Mrs. G. H. Spears was admitted to Tahoka Hospital as a medical patient Wednesday.

### Holiday Menus

By Mrs. Connie Anderson  
Home Demonstration Agent

With Thanksgiving and Christmas coming up, now is the time to be planning menus for those "important dinners." There is no need to be panic at the thought of these events. Advance planning and preparation will set you free to enjoy your guests on Thanksgiving Day. A detailed written plan thought out carefully ahead of time will allow time to visit and manage the constant interruptions while making final preparations for dinner.

Begin with the menu. Check it for interesting color, appetite appeal, texture variety, harmonious flavor, ease of service, and possibility for advance preparation.

Think through the steps necessary for preparing the dinner. Write out a work schedule as you plan. Include the grocery order, time for shopping, table decorations and arrangement, equipment needed for cooking and refrigerator space needed. If there are several babies visiting, refrigeration for individual bottles may be necessary. Schedule time for working on foods that must wait until the last minute.

A good plan will keep last minute preparations to a minimum and all foods will have had the proper time to turn out in perfect condition at the right time. If it's a family affair, let your guests help with the final preparation and serving of the meal as well as with the dishes.

In shopping for the turkey, small turkeys have a larger percentage of bone than do the larger ones. Allow ¾ to 1 pound of ready-to-cook turkey for each serving—if the bird weighs less than 12 pounds. Allow ½ to ¾ pound per serving if the bird weighs 12 pounds or more.

For each serving or roasted turkey quarter or half, or braised drumsticks or thighs, cut from large birds, allow ½ to ¾ pound ready-to-cook weight. Also, you may need to allow more than one serving per person.

Whether you make your own stuffing for the Thanksgiving turkey or buy ready-prepared packaged stuffing, you can add chopped cranberries, chopped dried apricots, raisins or orange juice to improve the keeping quality of the mixture and to give it variety in flavor. These fruit ingredients help stuffing keep fresh longer because of the acidity they give the mixture.

Even with these additions, be sure to keep stuffing cool and refrigerated from the time you make it until you stuff the turkey. You can make the stuffing the day before Thanksgiving; keep it cold until used. If a moist stuffing is preferred, refrigerate the dry ingredients and broth separately and then combine them just before stuffing the bird. Turkey should never be stuffed until time to roast it.

If you make a very large quantity of stuffing for a big bird, it may pay to store it in two or more containers in the refrigerator. It

### Annual Program At LCC Tuesday

The annual Thanksgiving Dinner and Musical Program will be held Tuesday evening, November 22, on the Lubbock Christian College Campus. Several hundred persons are expected to attend the event, which in the past has proved to be one of the most popular occasions on the campus.

The dinner, which will include turkey with all the traditional trimmings, will be served in the college cafeteria from 5:00 to 7:00 p. m. A charge of \$1.00 per person will be made.

Following the dinner, the LCC "Royal Blue" band, under the direction of Joe Lee, and the Community Chorus, under the direction of Wayne Hines, will present a musical program.

Dr. F. W. Mattox, President of Lubbock Christian College, will speak at the program.

Jodie Nevill was dismissed from Tahoka Hospital Saturday after having undergone examination for a possible heart condition. He was found, however, to have no heart trouble.

chills faster in small quantities. In one large container cold may take a long time to reach the center of the mixture.

In large-quantity food preparation, it is considered good practice to roast poultry unstuffed and to bake stuffing separately in a shallow pan. This permits rapid heat penetration during the baking process, and also saves time and labor serving turkey.

For more information on buying, preparing and cooking turkey, stop by the County Home Demonstration Agent's office for a copy of "Let's Eat Turkey" or call WY 8-4650 and a copy can be mailed.

### Thompson Speaks At Rotary Club

"Thanksgiving" was the theme of a talk at Tahoka Rotary Club Thursday noon by Rev. J. B. Thompson, Methodist pastor, who traced the beginnings of the observance and its true meaning.

He declared we need this one day, as well as others, to give thanks for and to point up the deeper things in life, not just for a holiday and a football game. His theme was that we individuals are on the receiving end of many blessings and wonderful things. "It's easy to pay a bill, but it's hard to pay a debt. We owe everything," he said.

Ross Smith was the program chairman.

Roy Edwards called attention to the two elections on November 22 to approve the Canadian River Municipal Water Authority contracts with the City of Tahoka and with the U. S. Government.

Names of two new members of the club were presented by Wynne Collier and Winston Wharton.

Student guests, Mike Orr and Buddy Chestnutt, were introduced by A. M. Bray.

### Weldon Calloway Honored At LCC

Weldon Calloway, son of Mr. and Mrs. Merlin Calloway of Plainview, formerly of Tahoka, was recently elected Student Senator of the Lubbock Christian College sophomore class.

Calloway was president of his junior class and captain of the basketball team while attending Tahoka High School. He was also a member of the National Honor Society and Who's Who.

Advertising doesn't cost. It pays!

W. C. Harvick Sr. is recovering nicely in Tahoka Hospital where he underwent surgery Nov. 8 as the result of a broken hip. His condition is considered good.

W. G. Pennington, who was injured in an accident Nov. 5 on an O'Donnell gin yard, remained in Tahoka Hospital. His condition is considered good.

The average velocity of the winds atop Mt. Washington, N. H., is 36.3 miles an hour.

## THE FORWARD LOOK!

PLYMOUTH VALIANT

### QUESTIONS, PLEASE

QUESTION: "What does blood have to do with the salvation of the soul?"

ANSWER: It is a well known fact that life is in the blood of animals. Doctors know this and give blood transfusions when needed. God knows this because He states specifically that life is in the blood (Gen. 9:4). Man was commanded not to eat of a certain fruit in the garden of Eden with the penalty of death attached. Man did not die immediately so it is concluded that a substitute was offered in the form of animal sacrifices. This is because that "life is in the blood." It was impossible for the blood of animals to take away sin so God sent His own Son to shed His blood for the sins of the people (Heb. 9:9, 12). There is no doubt as to the blood of Christ having saving power (1 Jno. 1:7). But, how does one take

advantage of this saving power? It comes AFTER "obedience." . . . he became the author of eternal salvation unto all them that OBEY him" (Heb. 5:9). Christ's blood was shed in His death so there is little doubt as to when the blood is applied (Rom. 6:3-5). When do we "walk a new life"? We walk it after we have been "raised from baptism" (Rom. 6:4). The church has been purchased with His blood (Acts 20:28). One must of necessity be a part of that body in order to be saved. We are told that we are baptized into that body (1 Cor. 12:13). We are told, also, that the ones "being saved" are "added" to the church (Acts 2:47). Consequently, there is no salvation outside of that blood bought institution. This is the significance and importance of the blood of Christ in the plan of salvation.

You are invited to send your questions to: Bob Barnes, Box 812, Tahoka, Texas. You are also invited to attend all the services of the church of Christ.

HARDWARE      FURNITURE      APPLIANCES

# Everyday Religion

Life is not a "ready to wear" affair. One cannot drift through life, with one day following uneventfully on the heels of the day before, in the hope that, someday, we will stumble onto a ready-made happiness; a ready-made success. We cannot sit waiting for our "ship to come in" when we have not sent any ships out.

The hope of stumbling upon a ready-made happiness disregards a principle at the heart of life. Life is not what you find but what you create. We are born with two things, existence and opportunity, and these are the raw materials out of which, under God, we can make a worthwhile life.

You never just FIND happiness. You never FIND steel; you refine and fashion it out of rough ore. You never FIND a beautiful statue; you carve it out of rough marble. You never FIND great music; someone has to compose it out of the eight-note scale. Existence and opportunity are the raw materials. You have to make a worthwhile life.

Religion does not come ready-made. I have heard people express the hope that "some day" they might find a great religious experience and yet they were not working toward such an experience. An ancient writer once admonished his people to "seek the Lord while he may be found" and to "call upon Him while he is near." You don't just FIND faith and salvation, you must seek it and create the conditions for its realization. Jesus said, "Seek and ye shall find."

### TERRY MARSHALL HOME

Sp-4 Terry Marshall who is stationed at Marshall Field, Ft. Riley, Kansas, spent from Friday, until Sunday last week with his family, Mr. and Mrs. Rex Marshall and Peggy of New Home. He was accompanied by Miss Judy Ridley and her family, Mr. and Mrs. Elmer Ridley, Ronnie and Danny of Junction City, Kan.

### McGINTY VISITORS

Mr. and Mrs. W. L. Thomas of White Oak were here from Wednesday until Monday morning visiting Mr. and Mrs. Fred McGinty. The couple made a side trip to New Mexico while here and were enroute to Kansas Monday morning. They are parents of Dale Thomas, husband of the former Miss Patsy McGinty.

## Gordon-Southland

(By Mrs. Jesse Ward)  
News was received here Sunday of the tragic death of T. L. Adams of McAllen who was killed Saturday in a plane crash near Van Horn. Burial was at Starr Tuesday afternoon. Mr. Adams, his wife and three daughters lived here, owned and operated the Pleasant Valley Gin a number of years before moving to McAllen.

The Southland and Post Past Matrons Club met Monday night in the home of Mrs. Q. H. Hoover. Among those from Southland attending from Southland OES were Mrs. Doll Haire, Gloss Davies, Opal Pennell and Lucille Myers.

Congratulations to Mr. and Mrs. Duane (Coach) Lock on the birth of a son, Keith Wade, Nov. 9 in Mercy Hospital, Slaton.

Mr. and Mrs. Jesse A. Ward spent Thursday and Friday of last week with their daughter and family, Mr. and Mrs. Randal Cook, Mike and Regina in Levelland.

Mr. and Mrs. H. D. Hallman Jr. and children from Fort Worth are spending the week with his parents, Mr. and Mrs. H. D. Hallman Sr. Other guests in the home Sunday were their other three sons and families: Mr. and Mrs. Winfred Hallman and children, Mr. and Mrs. Wayne Hallman and children, Mr. and Mrs. Durwood Hallman and children, Mr. and Mrs. Tom Devitts and son, all of Lubbock, and Mr. and Mrs. C. R. Dabbs.

Mr. and Mrs. Wayne Chaffin and family from Lubbock spent the week end with his mother, Mrs. J. D. Chaffin.

Mrs. Looney spent last week in the homes of Mrs. S. M. Lewis and Mrs. J. D. Chaffin.

Mrs. J. D. Chaffin is home after undergoing surgery in Methodist Hospital in Lubbock. She spent nearly a week in the hospital and spent a week in the home of her son, Mr. and Mrs. Wayne Chaffin and children in Lubbock before returning home. She is doing fine.

Recently Mr. and Mrs. Steve Dearth from Amarillo spent the week end with her parents, Mr. and Mrs. Noble Wynn.

Roy Robinson from Lubbock spent the week end with his parents, Mr. and Mrs. A. R. Robinson. Joan Chilcoat spent Sunday with Glinda Hutto in Post.

Mr. and Mrs. Jack Meeks, Mr. and Mrs. Carl Chilcoat spent Sunday afternoon in the home of the Meeks' son, Mr. and Mrs. Billy Meeks and daughter at Cone.

Don Harlan Pennell visited Rusty Millican at Odessa Sunday. Millican was recently in a car wreck near Tahoka.

Mr. and Mrs. W. P. Lester spent Thursday and Friday of last week with their daughter, Mr. and Mrs. I. J. Duff and children in Levelland.

Mrs. Jerry Pirtle and baby from Athens are spending the week with her parents, Rev. and Mrs. Fortson.

Mr. and Mrs. Ben Pope of Marshall arrived Friday by plane to spend the week end in the home of Mr. and Mrs. Jack Myers.

The pastor of Pleasant Valley Baptist Church, Rev. and Mrs. E. L. Brian and two daughters from Lubbock were Sunday dinner guests in the home of Mr. and Mrs. B. L. Thomas and son.

Mrs. A. R. Robinson was reported on the sick list over the week end suffering a wasp sting.

Mrs. I. J. Duff of Levelland

### LADY OF GUADALUPE CATHOLIC CHURCH

Father Aidan A. Donlon, S.C.A.  
Located three blocks east of Shamburger-Gee.  
Sunday, Mass at 8:00 a. m.  
Friday, Mass at 7:00 p. m.

spent Sunday with her parents, Mr. and Mrs. W. P. Lester. The Duff children, Deniece and Don who spent the week end with their grandparents, returned home with their mother Sunday evening.

Mr. and Mrs. D. D. Pennell and daughter, Mrs. Kenneth Calloway, went to Lake Thomas Sunday afternoon.

The Dub Pearce family from Granite Shoals spent the week end with her parents, Mr. and Mrs. L. H. Basinger. They were among visitors attending Southland Baptist Church Sunday.

Mr. and Mrs. Billy Leake and children from Lubbock spent Sunday with his parents, Mr. and Mrs. John Leake. They attended church at Southland Baptist Church.

Mrs. J. F. Rackler visited Mr. and Mrs. Morris at Mercy Hospital in Slaton Monday.

Mr. and Mrs. Jim Gary of Levelland and Mrs. J. F. Rackler were Sunday dinner guests in the home of Mr. and Mrs. J. B. Rackler and family.

Earl Morris underwent surgery in Mercy Hospital in Slaton Friday of last week. At last report he was doing fine. Spending the week with him and Mrs. Morris were their son, Maurice from Houston, a daughter and family, Mr. and Mrs. W. A. Lyman and son Marc from Dallas.

Recently Mrs. O. M. Hart of Spur spent the week end with her daughter and family Mr. and Mrs. Jack Myers and Kelly Jo.

George Howell from Idalou was speaker at the Gordon Church of Christ Sunday. H. D. Hallman Jr. was a visitor.

Recently Mr. and Mrs. Jesse Ward spent the week end with their daughter, Mr. and Mrs. Stanley Smith who are students at West Texas State College in Canyon. They attended some of the homecoming activities.

Rudy Chapa, small son of Mr. and Mrs. Rudy Chapa Sr. is a medical patient in Tahoka Hospital where he was admitted last week.

Mr. and Mrs. Harley Henderson visited in Plainview Sunday with Mr. and Mrs. Claude Chapman and children.

## Larry Edwards Gets Promotion In ROTC

Larry Edwards, son of Mr. and Mrs. J. B. Edwards of New Home, was among the 55 Hardin-Simmons University Reserve Officer Training Corps students who received promotions, according to Lt. Col. Charles W. Spann, professor of military science and tactics. Edwards was promoted to corporal in Company A.

O. B. Corley, a Lyntegar employee, fell Thursday of last week and received a skull fracture. His condition is considered good. He is in Tahoka Hospital this week.

Jimmy Billman, 11-year-old son of Mr. and Mrs. Joe Bob Billman, underwent an appendectomy in Tahoka Hospital Friday of last week.

A good loser usually conceals an aching heart.

# Why You Should Vote "Yes" For The Canadian River Dam

## ELECTION TUESDAY, NOVEMBER 22

### THE PROPOSAL

On November 22nd citizens of the eleven towns making up the Canadian River Authority will vote on the execution of two contracts to provide a permanent water supply for these cities, as follows:

- a. A contract between the Canadian River Municipal Water Authority and the United States Government for the construction of the Canadian River dam and distribution system. The vote on this contract is to be taken in each of the eleven member cities and requires approval by a majority of the total votes cast in the eleven member cities.
- b. A contract between the Canadian River Municipal Water Authority and the City of Tahoka for a water supply. The execution

of this contract requires approval by a majority of the total votes cast in the city of Tahoka.

The Canadian River Municipal Water Authority is composed of Tahoka and the following ten other cities: Pampa, Borger, Amarillo, Plainview, Lubbock, Slaton, O'Donnell, Lamesa, Levelland, and Brownfield.

Actually, the Authority is an agency created by an act of the Texas Legislature in 1953 to do a special job of developing surface water supply under the management of a Board of Directors, each of whom has equal authority and is appointed by the member cities.

### QUESTIONS

#### Section I - Financing

1. Will the project be financed through ad valorem or property tax?  
A. NO
2. Will the project be financed through bonded indebtedness?  
A. NO
3. How will it be financed?  
A. By revenue from water sales.
4. Who is eligible to vote in this election?  
A. All presently qualified voters in the city of Tahoka.
5. Where do Tahoka citizens vote?  
A. At the Tahoka City Hall on Tuesday, November 22.

#### Section II - Necessity of The Project

1. Do we need the Canadian River project?  
A. Yes. The Canadian River is the only known source of a permanent water supply for Tahoka.
2. Why can't we continue to rely on the underground water?  
A. The underground supply is being constantly depleted, resulting in a higher and higher unit cost, whereas the Canadian River water supply will result in lower and lower unit costs. The water cost after 50 years will be only the amount necessary to deliver the water to the city.
3. What is the estimated cost of the project?  
A. \$92,960,000. Of this amount, Tahoka's part of the cost is \$621,000 payable over a 50-year period. The interest rate figured for the entire period is 2.632. (In addition to the \$92,960,000 refundable cost, there is an additional cost of \$3,130,000 which will be paid by the Federal Government for flood control).

4. How much water will the reservoir hold?  
A. The reservoir will hold 1,331,500 acre feet at the crest of the spillway, assigned as follows:  
a. Municipal Supply, 500,000 acre feet.  
b. Silt Storage, 405,000 acre feet.  
c. Dead Storage, 1,500 acre feet.  
d. Flood Control, 425,000 acre feet.
5. What will be the quality of the water? Will it be "gypsy"?  
A. Reports of the U. S. Corps of Engineers—the Bureau of Reclamation—and a nationally recognized private firm of engineers, Parsons, Brinkerhoff, Hall, and McDonald of New York—indicate that the quality of the water will be equal to or better than that now obtained from underground sources.
6. Will the water be treated?  
A. Yes. It has not as yet been determined whether the water will be treated at the reservoir or by each city. The cost of treating the water is not included in the figures used herein.
7. Is the flow of the Canadian River sufficient to maintain the project planned?  
A. After checking records over a long period of time, the above named engineers have certified that even in severe drought periods a minimum dependable yield in excess of 103,000 acre feet (92 million gallons per day), the amount contracted for by member cities, can be expected from the Sanford Reservoir drainage area of 12,655 square miles.
8. What will the effect of silt deposits in the reservoir be?  
A. A 90-year silt storage capacity is being provided and after 80 years of silt there will be 500,000 acre feet of water storage for use by the cities.

9. Will the lake provide fishing and recreational advantages?  
A. Yes. There will be boat docks and sheds, repair shops, cabin site areas and good roads to make them accessible to the general public, all to be later provided by the Authority.
10. When will water be available to Tahoka?  
A. Present estimate is that water will be available to Tahoka by July 1, 1967.

#### Section III - Project Effect On Member Cities

1. Will the price of Canadian River water be the same to all cities?  
A. No.
2. Why is there a difference in rates?  
A. Because it costs a lot more to build the pipelines to the southern, most cities and to deliver water to them. Because the southern most cities cannot enjoy any substantial recreational advantages, they are paying a disproportionately small portion or no portion of the cost of the dam. On the other hand, much longer pipelines have to be built to these cities than to those in the north, and the cost of transporting water to these cities is greater than to the cities in the north. Because of these various differences, costs have been worked out which are considered equitable.
3. Can the average water user in Tahoka expect an increase in water rates?  
A. Yes. With or without the Canadian River project, water rates will have to be increased in Tahoka over the years. Without the Canadian River water, our costs may go up anyway. Without the Canadian River water, as additional pipelines and wells are required, our water rates may

have to be increased from time to time. Tahoka's biggest problem, however, is the danger of complete exhaustion of our present limited water supply. This is our only chance to get Canadian River water, and without Canadian River water we are eventually going to be out of water.

4. When do we start paying?  
A. When we start getting the water.
5. How much water will Tahoka get?  
A. Tahoka will get 144 million gallons of water per year. This year Tahoka has pumped 200 million gallons from its existing wells.
6. What will the water rates per thousand gallons be for the various cities?  
A. Pampa, 13.52c; Borger, 12.88c; Amarillo, 12.90c; Plainview, 14.13c; Lubbock, 17.66c; Slaton, 21.70c; Tahoka, 22.85c; O'Donnell, 25.43c; Lamesa, 29.16c; Levelland, 27.85c; Brownfield, 29.13c.
7. What will happen if the project costs are different than the present estimates?  
A. If less, then the Authority and member cities would get the benefit of the decrease. If more, the increase would be subject to further negotiations with the Government. However, the U. S. Bureau of Reclamation has assured the Authority that the estimates are plenty high. The estimates have been increased 25 percent over what they were five years ago.

8. Who is going to build the dam?  
A. The Bureau of Reclamation will let contracts on a bid basis to private contractors.

9. What happens if we fail to approve these contracts?  
A. We give up all rights to Canadian River water. Then we will have to rely solely upon underground water which is being depleted annually.

To live, Tahoka needs a permanent and dependable source of Water. We Urge YOU To Vote Tuesday for the Canadian River Project.

### Pythian Sisters Planning Party

Lynn Temple No. 45 of the Pythian Sisters met in regular session Tuesday at 7:30 p. m. with Most Excellent Chief Bertha Williams presiding. All officers were in their chairs.

Annual roll call was answered by 37 members. Re-obligation to the temple was taken by officers and members.

A party is scheduled for Tuesday, Nov. 29. Election of officers is to be conducted at the next regular meeting, Dec. 6.

Refreshments were served by Ora Curry, Mary Louise Curry, Florene McCracken, and Helen Biggerstaff.

### Dixie H. D. Club Met Wednesday

The Dixie Home Demonstration Club met in the home of Mrs. J. C. Bohanan Wednesday, Nov. 16, with 14 members and two visitors, Mrs. Otto Carter and Mrs. Charles McAuley present.

The ladies packaged gifts to send to the Abilene State School. Next meeting will be a Christmas party at Mrs. Gion Cobb's on December 7. There will be the usual exchange of gifts.

### CHILDREN NEED COATS

Mrs. Lillian McCord, Tahoka school nurse, Wednesday morning made a plea for used coats for children 6 through 12 years of age. Anyone having used coats is asked to take them to Mrs. McCord's school office. There are a number of children in Tahoka who need such winter clothing as colder weather approaches.

### WORKERS' MEETING

A sub-district workers conference of children's work in the Methodist Church was held here Wednesday, when plans for offering studies of mission work to the children were discussed, and literature obtained.

Sweden now is using seed peas from California to produce frozen peas for export.

## Farm Facts

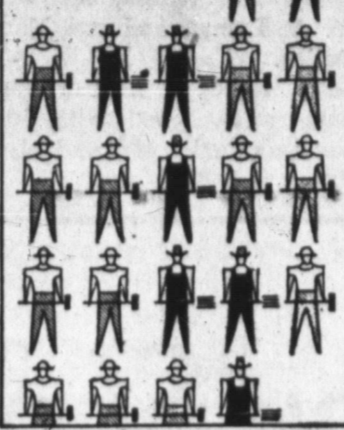

Because fewer than one out of eight people in the United States now live on a farm, some people are inclined to discount the importance of agriculture.

Farmers, however, are a part of our biggest single industry, sometimes called "agribusiness." More than 22 million workers are involved in it. This constitutes about a third of the total labor force. About 7.5 million of these are on farms, another 6 million are in farm supply businesses, and 9 million are employed in processing and distributing agricultural products.

This huge industry, at the same time, is contributing to the record levels of employment now being enjoyed in this country. The expenditure of farmers for labor, farm machinery, fuel, feed, fertilizer, insecticides, and other production items increased from \$6.4 billion a year during 1937-41 to \$25.1 billion in 1958.

The farmer's capital, estimated at \$200 billion, is put to work to generate billions more in new wealth each year. He produces food and fiber valued at an estimated \$3 billion. This goes to primary processors for storage, processing, and merchandising—services amounting to \$47 billion. Consumers pay more than \$50 billion for the finished products.

More than 22 million workers...one-third of the total labor force...are employed in agriculture and its industries.

Other members serving with Gray on the West Texas Soil Laboratory Committee are John Key, Secretary, Lubbock; Grady Goodpasture, Brownfield; Arnold Newman, Littlefield; Stark Royal, Lubbock; Elmer Blankenship, Wilson; S. M. Trew, Jr., Plainview; Wilmer Smith, New Home; Bob Cox of Tarzan.

# Denver City Mustangs Stampede Over Bulldogs In Final Game

Tahoka may as well have been playing Texas Tech Friday night, but it was the powerful Denver City Mustangs who ran over, around and through the youthful Bulldogs to take an 82 to 0 victory closing District 3-AA play.

The Mustangs of Coach Don Orr who have not been tested this season, breezing through a 10 game schedule to roll up a record 525 points to their opponents' 67. Today they play Crane in bi-district, a team they previously defeated 61 to 16 on September 30. Without doubt, the Mustangs are one of the most powerful teams in the state.

The Bulldogs could go nowhere Friday night, except for one 22 yard run by 127-pound Tommy Jones. On the other hand, the Mustangs scored almost at will, and Bulldogs miscues aided the visitors in piling up a big score. Tahoka had four first downs and a net of only five yards rushing and 20 passing, while DC rolled up 13 first downs on 388 yards rushing and 51 passing. The latter did not tell the whole story as punt and kick-off runbacks added to the slaughter.

However, the courageous little Bulldogs, a team made up of one senior, nine juniors, and the rest sophomores, except for the one freshman, Jack Wood, who has gone all the way this year at center, fought the big, tough senior and junior team all the way. The Bulldogs had no alibis, but the game was evidence of the fact that 14, 15 and 16 year-old boys can't match experienced 17 and 18 year old boys.

DC's Bert Gravitt, 188-pound quarterback-fullback, the most rugged back seen here in a long time, carried for 26 yards his first running play, but two plays later, Curtis Harvick, Tahoka se-

phomore who has been showing great improvement, covered a fumble. Tahoka couldn't go, and Doug McClellan, who had a 34-yard season punting average until this game, got off a four-yard kick, partially blocked, which Gravitt ran back to the 7. Two plays later, Fullbright went over for the first score, and Gravitt passed to Kinder for the conversion.

Shortly afterward, Esparza ran 16 yards around left end for another, and Dorethy kicked the conversion.

Tahoka was backed up to it's 11 with McClellan when a bad pass from center, one of only two bad passes from Wood this season, sailed over the kicker's head into the end zone for a 2-point safety for DC.

Still in the first quarter, Gravitt got away on the following kickoff on a 51-yard touchdown run, and Dorethy kicked the conversion.

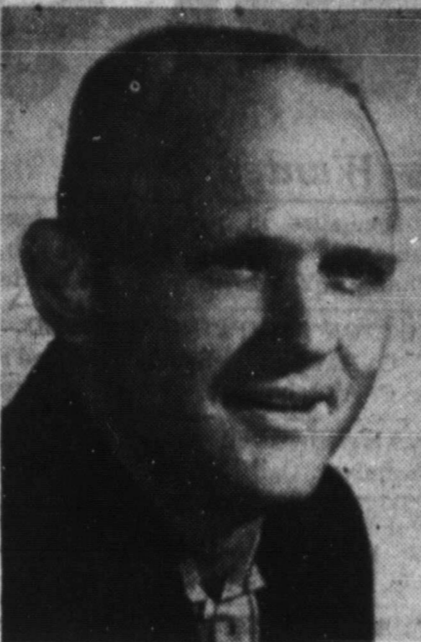

Down in the second quarter, Esparza passed to Freeman for 45 yards and later to Morehead for six and another TD. Conversion was blocked by Davis. Next time DC got the ball, Gravitt went 56 yards around right end to score and Dorethy's kick failed. Tahoka couldn't move, and its punt was run back by Kinder 51 yards for a TD, and Dorethy kicked to make the score 43-0 at half time.

Third quarter scores came on 38 yard run by Kinder, 18 yard run by Gravitt, nine yards through the line by Hubbar, Dorethy kicked a field goal from five yards out, and Kinder ran 48 for another score. Dorethy converted once and Gravitt twice on field goal tries.

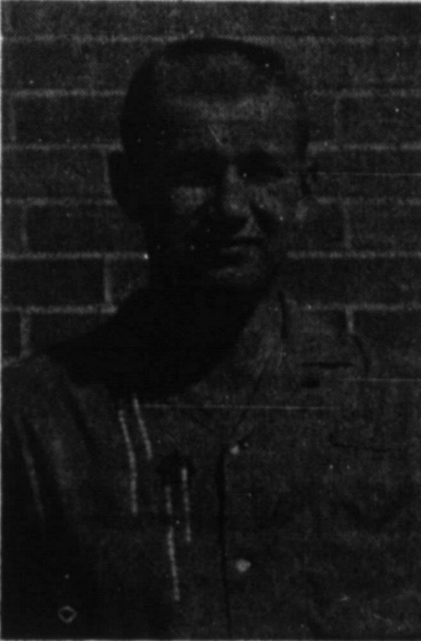

In the fourth quarter, Bert Gravitt, all-state tackle and twin brother of Bill, kicked a field goal, and Rawls went one yard to score to

bring the figure to 82-0. Coach J. D. Atwell will lose only one starting senior from this year's club, Douglas McClellan, and with a little growth and experience the boys are expected to make progress next year in Tahoka's rebuilding program.

This program has great promise of developing in the future as a lot of potentially good players are now coming up through the grades.

In spite of losses, this year's squad has kept its morale high, has applied itself, and shows promise of developing with the proper attitude and encouragement from parents and fans.

## Wilson Closes Football Season

Wilson Mustangs dropped a very close 15 to 14 game to the Cooper Pirates Saturday at Woodrow to end the 1960 football season for both teams. They are members of District 4-B.

Cooper took an 8-0 lead in the first quarter on a touchdown score by Jimmy Jenkins, who also ran over the extra two point conversion. Again in the second quarter, he scored on a short plunge and then kicked the extra point conversion which proved to be the difference.

Wilson almost matched the Cooper effort as Leroy Schneider scored in the second quarter also and likewise plunged over for the conversion. Near game's end, with a little over a minute left, Schneider scored again, but the conversion failed, which proved the difference in the ball game.

Coach Travis Rector, new at Wilson this year, had a team made up almost entirely of sophomores and juniors, and therefore prospects are bright for a good record next year.

## New Home Loses Final Grid Game

New Home Leopards lost their final game of the season to the Hornets at Lorenzo Friday night 24 to 6, and the two teams thereby ended the season in a tie for second place behind New Deal in District 4-B.

Coach Charles Yarbrough's team was handicapped by the loss of two key boys by injuries. Quarterback Jerry Brown was unable to play in the game due to a leg injury received in practice, and Finch, injured in the Sands game, was also out. Filling in at quarterback was Marlow Rudd and for Finch was Lynn Edwards, who has been alternating with him in the line.

Gary Selliff scored all three touchdowns for Lorenzo, ran over one conversion, and passed for two more.

Ronald Wyatt ran over New Home's lone touchdown in the third period.

New Home's team enjoyed a good season, and gave New Deal a

## Wilson Faculty Defeats Tahoka

The Wilson faculty members outshot the Tahoka faculty here Monday night in a pre-season basketball game 37 to 32.

The lead exchanged hands several times before the Wilson five finally widened their lead by five points when the game ended.

However, the Tahoka faculty declares that age had nothing to do with the local group losing the game—it was just that the basket wasn't big enough.

The Riviera resort of Nice derives its name from "nike," the Greek word for victory.

Help keep Tahoka clean.

Good run for the district champion, ship.

## Basketball Starts Nov. 22 With Boy And Girls Playing At McAdoo

Coach Jake Jacobs began workouts with his 1960-'61 boys basketball team this week with five returning from last year's traveling squad. Seven Bulldogs were lost last year by graduation.

Opening game for this year's cagers will be Tuesday night when the Bulldog boys and girls go to McAdoo, followed by the Tahoka Tournament on Nov. 29, Dec. 1, 2, and 3.

The girls, coached by J. D. Atwell, have been working out about two or three weeks and have scrimmaged twice. He also coaches the freshmen girls.

Jerry Brown will coach the boys "B" team as well as the seventh grade girls and boys. Clifton Gardner is coach for the eighth grade girls, while Jacobs will be mentor for the eighth grade boys.

The five returning from last year's Bulldog squad include Frank Greathouse and Douglas McClellan, seniors, and Fred Hegl, Perry Flippin, and Steven Ellis, juniors. Also reporting for workouts

Monday Mike Gurley, junior; Andy Bray, Jerry Forsythe, Billy Clinton, Tony Spruiell, Billy Wallace, Johnny Marez, all sophomores; and Billy Miller, Gary Grogan, Allen Cox, Macky McWhirter, Charles Cloe, James Richardson and Jerry Chapa, freshmen.

Making up the girls varsity team are two seniors, Forward Melissa Reece and Guard Martha Curry; four juniors, Forwards Judy Thomas, Kay Halamick and Loretta Short and Guard Paula Wood; and five sophomores, Forwards Carolyn Howard and Jerre Ann Wyatt and Guards Brooksie Reece, Sharon Drager and Bonnie Hale.

The girls freshman team is composed of Linda Thomas, Louella Tomlinson, Monty McGinty, Nancy Collard, Nancy Inman, Elwanda Teckell, Ann Wright, Arnetta Wood and Linda Riddle.

This year's schedule follows:  
Nov. 22—Girls and boys at McAdoo, 7:00 p. m.  
(Cont'd. on Back Page Sec. 2)

## IS THIS YOUR WIFE?

She cheerfully puts in a 72-hour work week and walks 5 miles a day taking care of your family. During the year she serves some 4500 meals, washes and irons several tons of laundry, makes 1100 beds, goes shopping 100 times and pays most of the bills. Her value is beyond worth.

A checking account in Mom's name will add hours to her day, save her precious energy and help her save money. Dad, isn't it about time...

Phone with the built-in switchboard

Here's a phone designed to play a big role in business offices. Right in this single instrument are all the conveniences of a telephone switchboard. Six push buttons give you complete control over all incoming and outgoing calls. You can select any of five lines - talk on one while holding calls on others - "buzz" your secretary - or use the phone as an office intercom. Lights in the buttons tell you which lines are busy, which are free.

Our "phone with the built-in switchboard" is another example of how General Telephone works to make the telephone a more convenient and valuable instrument of communications for everyone. Call or visit our Business Office and learn how little it costs to have the "switchboard" service of a push-button phone.

# Printer's Ink-lings . . .

By F. P. H.

Duane Howell in his AVALANCHE farm column last Thursday quoted Congressman Bob Poage of Waco as saying Wilmer Smith of New Home is in line for Under-Secretary of Agriculture in the new Democratic Administration. Kennedy could do a lot worse. Such an appointment could mean much to this section.

We'd like to see Congressman George Mahon make the race in the special election for United States Senator to succeed Lyndon Johnson. We believe George would have a very good chance of election. He has the experience and the respect of a host of people over the state.

A TV news commentator the other day said each of the many radical or ultra-liberal factions of the Democratic Party, as well as the Catholics, can claim credit for the

AFL-CIO the ADA ultra-liberals, AFL-CIO, the ADA ultra-liberals, the Jews and foreign blocks of the big cities, the NAACP and the Negroes, etc. The nominees owe allegiance to all of them, and these groups have the organization and the power to put on the pressure in carrying out the welfare state provisions of the platform.

We don't believe the close election gives the Party a clear mandate to carry out this radical platform. The new president received a bare lead over the Republican nominee. Nixon's votes added to those of the splinter parties add up to more votes than Kennedy received—which is a questionable mandate, to say the least.

Of course, Lyndon Johnson, the "great compromiser," has said "I accept and endorse the Democratic platform en toto (which means every bit of it) and will work to implement its provisions." He may do just that, but no one knows which way Lyndon may jump next for political expediency. But, we predict, regardless of Lyndon's power in the Senate, most Southern Democrats and most Republicans will ban together again to defeat or water-down most of the welfare state proposals, which are nothing but re-hashes of the old Socialist Party platform planks.

At any rate, the conservatives and the middle-of-the-roadsers will

have to fight for American principles of democracy in the coming sessions of congress.

By the way, Mr. TV Commentator, Kennedy and Johnson also owe an obligation to the South, to the farmer, the little business man, and the man on the street—who also helped elect him. Without most of the Southern states narrow vote margin, they could not have won, either.

Not all the Mexican braceros that come to the Plains in the fall are illiterate peons. Last week, The News had a visit from Joaquin Melgarejo, who lives down near Mexico City and has been here with the Tahoka Farmers Co-op crew. Joaquin is a smart young man, speaks fair English, and is ambitious to better himself. The money he has made here this fall will enable him to go to school a year. He is studying accounting, and bought a used typewriter from The News which he is taking home so that he can also study typing in order to be better prepared for some kind of a success in the business world. Had it not been for the bracero program, Joaquin would probably remain a peon all his life, but we predict that with his ambition to learn he will take the money he has earned and use it to advantage.

The \$8.00 to \$12.00 a day the bracero makes pulling cotton in this country is equivalent to more than \$100 a day in Mexico, and is permitting many Mexicans to raise their standard of living in their land. On the one hand, our United States government is spending billions in gifts to help nations around the world. On the other hand, our government, as a result of pressure from labor leaders, is trying to do away with the bracero program that, in a measure, is worth much more to these peoples than the government hand-outs in the name of some "foreign aid" program.

It's just a matter of time until pressure puts the farmer to harvesting entirely by machine. Most United States workers that Labor is trying to help will not pull bolls anyway, but even if they would these jobs will soon be gone because of the trend toward machine harvest and the Labor bosses will have gained little. If the proposed \$1.25 per hour minimum wage is adopted, this will accelerate machine farming.

Homer and Rescola St. Clair, pioneer Tahoka citizens, have been here at the bedside of Mrs. S. N. McDaniel, 93, one of the county's first citizens. A few years ago, Homer got tired of the old rat-race, retired from business at Lamesa, and set up housekeeping anew on their little farm down at Garner, on the creek, just a few miles from the Mineral Wells-Weatherford Highway. Homer says they are just resting and enjoying life, with no crops, no cows or chickens; but only the garden and yard and canning of fruit and vegetables to keep them occupied. The road that comes to their house goes nowhere else. When they see a car coming, they know it's somebody coming to see them—and they've had lots of visitors from out here. He says they are really enjoying the life.

"If those who believe in our Constitution wish to see its principles prevail, they must continue generously of their time, money and energies to this cause. It will avail us nothing to contain communism abroad by our military might if, while so doing, we lose our individual freedoms to the oppressive power of a Collectivist State created by ourselves,"—Admiral Ben Moreel.

Some more "Gus Says" from the Graham Rotary Scandal Sheet: A fellow who knows the value of a dollar these days is getting mighty discouraged. . . . A highbrow is a fellow who thinks he has found something more interesting than women. . . . The first thing a new car runs into is money. . . . The biggest drawback these days to budding young love is the blooming

# Farm Facts

Today's farmer has the tools and know-how to do his job more efficiently. This makes it possible to supply himself and 23 other persons, a production ratio achieved by farmers in no other country.

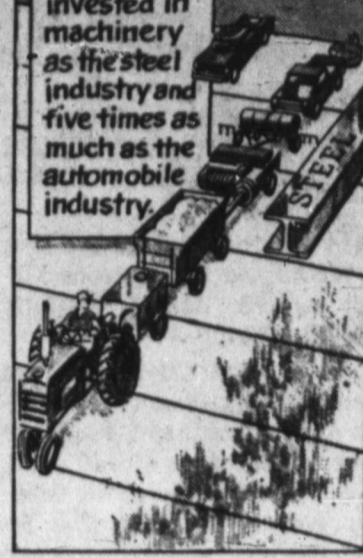

The U. S. farmer's capacity to produce thus makes it unnecessary to maintain a large labor force on the land. This makes more workers available for industry, freeing them to supply the many goods and services which contribute to our high standard of living.

To achieve this efficiency, U. S. farmers are continually increasing their investment in equipment and supplies. This demand creates payrolls and employment for suppliers to an extent not realized by many people.

Few of us realize, for example, that farmers in this country have twice as much invested in machinery as the steel industry and five times as much as the automobile industry.

The farmer is America's biggest customer and he is getting bigger all the time.

Farmers have twice as much invested in machinery as the steel industry and five times as much as the automobile industry.

Spensible income of all farm families was more than \$40 billion in 1959. This compares with \$46 billion that the Government spent on defense in the same year. It was more than all U. S. business spent on plants and equipment.

expense. . . . Some folks get all wound up just to run somebody down.

Jack Strickland, pioneer Brownfield editor who retired several years ago and who is well known by many Tahoka people, recently fell at his home and received some torn ligaments in his right knee. He will be confined to his bed for some time.

There are no alibis for the loss to Denver City. Sometimes, you just don't get the breaks, or the ball bounces the wrong way. Boy, what a powerhouse!

Someone has said "A single rose for the living is better than a costly wreath at the grave."

There is no such thing as a gift from the government. It's a loan (plus interest and the "take" of government bureaucrats) from ourselves and our children. Some one must pay.

Introducing the famous Thomas A. Edison at a dinner, the toastmaster mentioned his many inventions, stressing particularly the talking machine. Edison replied,

**MR. AND MRS. WILLIAMSON VISIT G. R. MILLIKENS**

Mr. and Mrs. F. C. Williamson (she is the former Mrs. Tommye Milliken Mathis) of Carlsbad, N. M., visited her parents, Mr. and Mrs. "Bud" Milliken and other relatives here last week.

The couple married in June. Williamson said Tommye became the grandmother of her second grandchild on the day they were married. The Carlsbad newspaper had quite a story in reporting that she was probably the first Carlsbad lady to become a grandmother on her wedding day.

"I thank the gentleman for his kind remarks, but I must insist upon a correction. God invented the talking machine. I only invented the first one that can be shut off."

# NEW TEMPEST

AMERICA'S ONLY FRONT ENGINE ↔ REAR TRANSMISSION CAR  
155 H.P. FROM FOUR CYLINDERS\*

The new-size Tempest is primed to scoot on less gas! Five hot versions of the Trophy 4 engine. 110 to 155 h.p. Any choice will move out in a hurry, sail up a steep hill in high gear, has the power for quicker, safer passing.

Front engine is balanced by rear transmission. (Standard shift or extra-cost automatic.) Takes weight off the front. Easy steering. Longer tire life. Adds ballast in the rear. Improves traction and braking. No big

floor hump. Foot room and leg room for six men. Independent suspension at all 4 wheels. Most other cars only have it in front. Wide-Track, too. The Tempest wheels are set farther apart than the wheels of other new-size cars. Gives a solid stance. Secure cornering. There's a 4-door sedan and a station wagon.

Prices come close—or even beat—the tags on the compacts. If you're figuring on a new car—figure on a new Tempest.

### Nine Accidents During October

The Highway Patrol investigated nine rural accidents in Lynn county during the month of October, according to Sergeant E. L. Stroud, Patrol Supervisor of this area.

These wrecks have accounted for no persons killed, eight injured, and a property damage of \$7,560.00.

This brings the total for the year in this county to two persons killed, 38 injured, and a property damage of \$54,100.00.

"In 1959, eight thousand and two hundred pedestrians were killed on the streets and roads of America," Sergeant Stroud said. That figure represents about twenty four percent of all traffic fatalities in this country in one year's time. If we could eliminate this one category from our death toll, it would contribute heavily toward a general massive reduction in traffic fatalities.

True, a pedestrian doesn't have much of a chance against two tons of steel. But, if the driver and pedestrian both would use good defensive measures and common sense this type of casualty could be averted.

### Local People At Lubbock REA Meet

About thirty Lynn county people were among the 300 in attendance at the banquet Monday night at Parkway Manor Motel in Lubbock sponsored by 11 Rural Electric cooperatives of this section of Northwest Texas.

Purpose of the meeting, officials said, was to acquaint leaders and legislators with the electric cooperatives problems.

Speakers included Glenn Newton, manager of the South Plains REA of Lubbock; J. R. Cobb, manager of the Texas Rural Electric Cooperatives, Austin; and Tom Reavely, also of Austin, the group's attorney.

Garland Pennington, manager of Lyntegar, and wife headed the Lynn county delegation at the meeting. Others present included: Messrs and Mrs. Don Smith, Wilmer Smith, Roger Blakney, A. L. Holder, Calloway Huffaker, Harold Green, Frank Hill, Wilton Payne, Bill Griffin, Larry Anderson, Binie White; Mrs. Frank Greathouse, Mrs. Helen Ellis, and Bert Stevens. Also representing Lyntegar were Mr. and Mrs. Kenneth Purcell of Brownfield and Mr. and Mrs. Bob Alexander of Leveland.

### Today's MEDITATION from The World's Most Widely Used Devotional Guide

### The Upper Room

He that is not with me is against me; and he that gathereth not with me scattereth. (Luke 11:23.)

On the Lord's day, I asked, "Friend, are you for God or against Him?" He answered, "I am a church member; I am for God." Then the Holy Spirit seemed to whisper: "But what about your inner life and those respectable sins you are cherishing in your heart?"

To another I asked, "Are you for God or against Him?" He answered, "I am a leader in the church." The Spirit seemed to ask: "But what about your ambitions your unforgiving heart, and your domineering spirit in the church?"

The same evening the question was asked to a group of respectable church people. In unison they said we are for God. But an unexpected answer was whispered from above: "Are you sure? Are you not divided among yourselves? Are you at peace with God and with one another?"

In my distress I asked the Lord to show me His people. Surprised, I noticed that the despised and rejected by men were considered great before God. Then humbly I asked the Lord to make me worthy to be counted with the despised.

PRAYER: "Search me, O God, and know my heart: try me, and know my thoughts: and see if there be any wicked way in me, and lead me in the way everlasting." In the name of Jesus. Amen.

THOUGHT FOR THE DAY: "Ye cannot serve God and mammon."—Vahram H. Salibian (Lebanon).

One horsepower is the strength necessary to lift 550 pounds to a height of one foot in one second.

### Soil Test Station Will Be Benefit To Farmers Of Texas Plains Area

Area Soil Chemist James H. Valentine, A & M College Agricultural Extension Service, has completed preparations for the formal opening of a new Soil Testing Laboratory in Lubbock. Above, he is making a final check of the delicate chain balance which is used to measure the minute quantities of chemicals required in running a soil analysis.

M. S. degrees from Texas A & M College with a major in Agronomy and minor in Plant Physiology. The overseas veteran of World War II served for 5 years as Soil Scientist with the Soil Conservation Service and for the past 9 years has been director of the Soil Testing Laboratory at Stephen F. Austin College at Nacogdoches.

A native of Wills Point in Van Zandt county, Valentine is a former Future Farmer of America. He received both his B. S. and

Valentine says the new laboratory, which he heads, will devote full time to fertility problems of farmers in the Panhandle and High Plains areas of Texas.

County Agent Bill Griffin urged local farmers, home gardeners and others with fertility problems, to take advantage of the laboratory's facilities. The cost per sample is only \$2. Vocational Agriculture Teachers and Soil Conservation Service technicians, as well as the county agent, will be glad to assist in obtaining samples.

A good loser usually conceals an aching heart.
