Volume 57

"I wholly disapprove of what you say but will defend to the death your right to say it."-Voltaire Tahoka, Lynn County, Texas, Friday, December 30, 1960

Cotton Ginning Report Is Made

U. S. Government census figures released the first of the week show that Lynn county had ginned 127,870 bales of 1960 cotton up to December 1.

This would indicate that the county will gin approximately 150, 000 bales, as The News had previously estimated.

The News had estimated on December 1- that 120,000 bales had been ginned up to that time, which was nearly 8,000 bales lower than the Government census report.

Little cotton has been ginned during the month of December. Only 2,500 bales were ginned in Tahoka the first two weeks of December. This would indicate that about 140,000 bales were ginned up to December 16.

Following is the report for 14 South Plains counties up to Decem-

OPEN HOUSE SUNDAY from 2:00 to 5:00 p. m. will be held at all 14 units of the \$149,600 low rent housing project of the Housing Authority of Tahoka, according to J. M. Uzzle, administrator. Final inspections on the project were being made Thursday by Public Housing Authority representatives, and renters will be able to move in to the units early next week. Six units for white people are in Southwest Tahoka, four units for Mexicans are in Southeast and four units for Negroes are in Northeast part of town. These are modern, brick buildings, erected for permanency and are top quality in every respect. Landscaping and grass planting are yet to be done. People of the county are invited to inspect them Sunday afternoon.

The World's Most Widely Used Devotional Guide

Ye are the light of the world. A city that is set on a hill cannot be hid. (Matthew 5:14.)

When the Scottish author and poet Robert Louis Stevenson was small boy, he enjoyed watching the lamplighter go up and down the city streets at dusk lighting the lamps. Finding him especially

man make holes in the darkness." The world is waiting for Christian men and women to make holes in the spiritual darkness. Much needs to be done to relieve the world's misery. There are the hungry to be fed, the naked to be clothed, the orphaned children to be loved and cared for. There is the story of Christ and His saving power to be told to the nations.

We Christians must use our time and our God-given talents in To Billy Edwards building a better world, thus helping to make holes in the spiritual darkness that is all about us.

PRAYER: Our heavenly Father, show us what we can do to brnig light to a darkened world. May we not rest until the farthest cor by Rev. ANNOUNCING PAYMENTS TO RAMBLER BUYERS AS RAMBLER'S SALES VOLUME INCREASES

Why You Should Join Rambler's New Crusade For Adequate **Progress Sharing With Customers**

GEORGE ROMNEY President, American Motors Corporation

Rambler's rise to a top position has put us in position to undertake a new crusade. This program, which could provide greater individual and national benefits than any we've yet undertaken, calls

for customer progress sharing. As volume goes up, costs come down. So, sharing economies that would result from a 50% Rambler sales gain over last year for the period December through March could provide payments to customers of \$18,698,062.

But, before presenting our new Rambler crusade, let me review some highlights of the first one.

When we forged our basic Rambler concepts, U.S. cars were in a size, horsepower and styling-change race that cost the car buyer money. So, we developed the compact, economical, modernly engineered Rambler.

CONSUMER BENEFITS FROM LOWER PRICES

Because of low volume, we had to price our first Rambler Americans about equal with Chevrolet and Ford,

traditionally "lowest priced."

As our output and economies increased, we shared the resulting economic advantages with Rambler cus-tomers. Despite inflation, we kept prices low. We also concentrated on durability and quality. That is why Rambler ex-

cels in trouble-free operation, as shown by trade surveys made by others.

What has this done? It has increased our sales—made us a vigorous new competitive factor, compelling all competitors to introduce compact cars. Their compact cars unquestionably are better buys than their big cars, because their big cars don't have the

compacts' advanced engineering.

Despite these moves to meet Rambler competition, Rambler American models are now priced not only below competitive big cars but below their

conomy compacts as well.

In addition, Ramblers provide cusseveral exclusive trouble-free "I believe participation by all consumers in economic progress is absolutely necessary in meeting the nation's economic needs."

engineering advances such as the acidproof, rustproof Ceramic-Armored.

muffler and tailpipe.

The Rambler line includes three basic sizes of compact cars-Rambler American, Rambler Classic and Ambassador, the latter two developed after the original American series.

RAMBLER SALES SOAR

In two years, Rambler's per cent of market has more than doubled. For the last 38 straight months, Rambler sales have established a new record for that month. We want to continue this growth by serving you even better.

THE NEW RAMBLER CRUSADE

Our new Rambler crusade, like our compact crusade, is based on sharing Rambler progress with car buyers. We believe the new Rambler crusade.

has timely significance. Our country currently is experiencing a mild economic slowdown-with rising foreign competition and weakness of the dollar. Our larger competitors are considering partial manufacture and importation of cars for the U.S. market from abroad. There is a general profit squeeze.

We believe the greatest single economic cause is that relatively too much of the fruit of industrial effort has been going to a few well organized economic groups, not to the consumer,

CUSTOMERS TO SHARE RAMBLER PROGRESS

We decided there was something we could do. We decided to share future progress with ALL customers who take

HOW PAYMENTS TO BUYERS WILL BE DETERMINED IN AMERICAN MOTORS' CUSTOMER PROGRESS SHARING PROGRAM

1		RECEIVE	BOND PAYMENT SALES LEVELS			
	ARE UP	BONDS (Maturity Value)	DECEMBER (Dec. sales)	JANUARY (DecJan. total)	FEBRUARY (DecJanFeb. total)	MARCH (4-month total)
	50%	\$125	45,247	97,671	140,139	195,946
	40%	\$100	42,231	91,159	130,796	182,883
	30%	\$ 75	39,214	84,648	121,453	169,820
	20%	\$ 50	36,198	78,136	112,111	156,757
	10%	\$ 25	33,181	71,625	102,768	143,694
			20 140		2	

SALES FOR SAME PERIOD LAST YEAR 30,165 65,114 93,426 130,631 NOTE: In all cases, "AUYER(S)" means a person who actually takes delivery, not places an order. WHY IT WILL PAY YOU TO BUY NOW. This unique program is cumulative and retro-active. Early buyers can get more, but never less bonds, than buyers in succeeding months. Your Rambler dealer will be happy to give you the complete details of the plan but here is a quick example of how it works and keeps on working for you: If December Rambler deliveries increase 20% over last December, December buyers of new Ramblers or Metropolitans will receive \$50 bonds. As the four-month period progresses, additional bonds will be mailed to the December buyers each time the

cumulative sales reach a higher bond payment sales level. Also, if sales increase for the four-month period exceeds 50%, proportionate additional payments will be made to all buyers during any of the four-months.

delivery of a new Rambler or new Metropolitan between December 1, 1960, and March 31, 1961, from an authorized Rambler dealer (excludinggovernmental sales), giving them most of the benefit of additional cost reduction resulting from further increases in

Rambler sales volume. This can mean a sharing with Rambler buyers during the 4-month period of government savings bonds (Series E) with a maturity value from \$3,679,850 (10% sales increase), to \$24,930,750 (50% increase). See chart for details.

BOTH CUSTOMERS AND AMERICAN MOTORS GAIN

You have everything to gain and nothing to lose by joining this crusade. The same is true for us.

You can't lose because Ramblers are better than big cars and the best of the compacts. Ramblers are more troublefree, more useful, lower priced.

You make your regular deal in the regular way for a new Rambler. You then may share proportionately in the economies and profits of higher Rambler volume in December, 1960, and the first three months of 1961.

We gain by acquiring more Rambler owners, which will make our growing. market even larger in the future. That's because Rambler owners become Rambler salesmen and are the most

loyal "repeat buyers" of any make. Ask your neighbor all about his Rambler, then join the Rambler crusade. Join us in focusing the nation's attention on the essentiality of equitably sharing economic progress with ALL consumers if the WHOLE NATION

P.S. Some may say one company can't do much about national problems as big and complex as those cited above. Well, that's what skeptics said about Rambler's first crusade. Let's remember, every great thing is born-small. If this new Rambler crusade is right, it can succeed and spread, just as the compact car concept did.

Mr. Romney's recent New York Press Con-ference on "Customer Sharing and the Na-tion's Economy" attracted nationwide notice. For complete text of his statements, write American Motors, Box 29, Detroit 32; Mich.

Monkeys are caught by filling a coconut shell with chopped coconut meat. The monkeys grasp a fistful and, unwilling to let any go, cannot withdraw their paws. So, they are easy victims. The U.S. consumer is not yet as scrawny as shown, but unless there is a more equitable division of the productivity increases, he will get that way. One of the three American groups must let go and set an example—or all will be captured and, along with the consumer, all will suffer.

The centerpiece

An increase of this size (to say nothing of possible increases in spending for other projects) would throw the budget far out of balance, and add fuel to the everpresent fires of inflation—unless taxes were raised to close the budget gap, or unless non-military government spending, existing and proposed, were reduced.

It's that simple. These are the only two alternatives.

At present taxes, direct and in-direct, consume about a third of our earning power, which means that the average man works four months for government during each year. And never think that substantial increase in government

QUESTIONS, PLEASE

in the Old Testament?"

ANSWER: Absolutely! Without reservation I can say that I believe in the Old Testament. It is true that God told Noah to build an ark. This does not mean that we today are to build an ark. It is true that God told sacrifice. This does not mean that we are to offer our sons at eternal principle of obedience was envolved in this case and mands which God has given us There are three eternal principles of God in dealing with man. One is grace. In every age the grace of God has appear! ed to man. It has not always appeared in the same way. Faith is the second eternal principle. This faith comes from the grace that appears to us. obedience is the third eterms principle. In every age God has demanded obedience. "To ebey is better than sacrifice and to harken than the fat of rams", with Him (Col. 2:14).

QUESTION: "Do you believe | Jamuel told Saul. This princiole is still true today. The Old Pestament was dor a different ige and for different people. The Mosaic Law was to the lews only and NEVER to the Gentiles. The "perfect law of iberty" is to ALL MEN TO-DAY. This "perfect law of libery" is revealed in the New restament. The very words Old ind New mean something. The that we are to offer our sons at Md is done away (2 Cor. 3:7, sacrifices in he same way. An 1; Rom. 7:1-6; Gal. 3.24, 25; Teb. 8, 9, and 10; etc.). The ild served to usher in the New. t served for our example (1 for. 10:11). If God did not pare the disobedient under the bedient under the New? The nd still serves as our example and for this reason should be tudied. Most of the four Gospels is a record of events that

The First Nation Ban

Of Tuhoka, Texas

The first family-size compact Comet's 114 wheelbase (longer than any other compact's) provides spacious comfort other compacts sacrifice. There is room for six grownups and a family-size load of luggage besides.

Big-car ride—small-car handling The refined suspension (plus the 114" wheelbase) makes Comet's ride steadier and smoother than many standard cars and you'll find that Comet turns, parks and handles almost as easily as a baby carriage. Priced with or below compacts of other makers For all its fine-car flair, family size, big-car ride and value features, Comet's priced with or below compacts of other makers.

New Thrift Power 170 engine for '61 Comet now offers two economy engines—the standard Thrift Power Six plus the

two economy engines—the standard Thrift Power Six plus the new optional Thrift Power 170, for 11% faster highway passing, 22% better acceleration on hills.

One-year or 12,000-mile warranty Every 1961 Comet part (except tires, for which appropriate adjustments are made by their makers) is now warranted by dealers against defects in material and workmanship for one year or 12,000 miles, which ever comes first. Normal maintenance services and routine nt of parts such as filters, spark plugs, and ignition

ASSEMBLY OF GOD CHURCE

Morning wership Evangelistic service7:45 p Mid week prayer meeting Wednesday evening7:45 p.

You can plan now to Live Better Electrically - you'll have the power.

To better serve you, we'll invest \$22,000,000 in your area in 1961 -more than \$100,000,000 in the next five years.

Electric service is truly your biggest bargain. It costs millions of dollars to make it - and you buy it for pennies an hour.

Winston C. Wharton Says . .

Rambler Buyers Share In Rambler's Progress!

American Motors Will Send \$25, \$50, \$75, \$100 or \$125 in U.S. Savings Bonds to Buyers Who Take Delivery of New Ramblers or Metropolitans in December, January, February or March, Based on Specified Sales Increases

HOW IT WORKS-When you take delivery of your new Rambler or Metropolitan you become eligible to share in Rambler's future progress. You receive a \$25 U.S. Savings Bond as Rambler sales increase 10 percent over last year's accumulative totals for the four-month period; \$50 if the increase is 20 percent; \$75 in Bonds if 30 percent; \$100 if 40 percent; \$125 in Bonds if 50 percent. Because the Program is based on accumulative totals, you can get more Bonds as Rambler sales increase over the fourmonth period.

YOU CAN'T LOSE IF YOU BUY AT ONCE! First-we'll give you an unbeatable deal on the best-built car in America. And Rambler prices model for model are well below those of any comparable cars on the

Second-The earlier you buy Rambler, the better chance you have to participate in the American Motors Customer Progress Sharing Program. You cannot get less than buyers in later months, because payments are retroactive and are based on cumulative sales. Come see the chart that explains it all and get our amazing offer.

You Save With Rambler

- On initial cost—on operating cost—on top re-
- U. S. Savings Bond payments that will let you share in Rambler Progress.

Hurry In! Get Full Details TODAY!
