No Diphtheria Cases Are Reported Here

No new cases of diphtheria have been reported in Lynn county this week.

Eddie Huddleston, 7-year-old New Home boy who was a diphtheria patient in Tahoka Hospital 11 days, was dismissed from the institution Monday of this week. He is the son of Mr. and Mrs. W. W. Huddleston.

The boy entered the hospital Jan. 5 and was in critical condition for several days. A tracheotomy was performed and other treatment led to his recovery.

The only other case of diphtheria reported resulted in the death of a Latin American infant, five months old Radolphe Trevina Recendez, son of Mr. and Mrs. Guadalupe Recendez, route 5.

Diphtheria inoculations have been given in Tahoka to indecent families through Mrs. Lillian McCord, school nurse, and others were given Thursday at New Home and Wilson by their school nurse, Mrs. Naylor.

Mrs. McCord inoculated 430 children and infants Friday of last week. Of this number, about 150 were school children and the remainder pre-school children and infants.

On Thursday Mrs. Naylor was administering diphtheria inoculations to 221 at New Home and 300 at Wilson. Her previous work in those communities has been Schick testing.

In Tahoka Hospital, 1000 persons have received Schick tests and 800 have received inoculations.

Total persons inoculated to date by these three outlets are 1,771 children and adults.

Teachers Form Credit Union

The Lynn County Federal Credit Union, organized in October, 1960, by teachers of the county, held its first annual meeting Monday night when officers, directors, and other members of the governing body were elected.

After only three months of operation, on Dec. 31, 1960, the credit union had 56 members, all of whom are school personnel who had bought shares totaling \$5,715.00. Of this amount loans of \$4,055 have been made to members.

The potential membership of the credit union is about 150 members, other than wives or husbands and children of school personnel. J. P. Hewlett, treasurer, stated that membership fee is 25 cents and shares sell at \$5.00 each.

Officers re-elected at the annual meeting include Bill Vardeman of Wilson, president; Benny Prior of New Home, vice president; Miss Lois Montgomery of Tahoka, secretary; and Hewlett, treasurer. Directors include these officers as well as Ivan Sherrill of O'Donnell.

The credit committee is composed of the three Tahoka school principals, Clifton Gardner, J. B. Howell and Jake Jacobs. Membership chairman is Otis Spears. Making up the supervisory committee are Homer Miller, chairman, of New Home, John Clark of Wilson and John Criner of O'Donnell.

Farm Meeting Next Tuesday

Lynn county farmers will attend the second in a series of farm management meetings Tuesday night at 7:30 p. m. at Lyntegar REA in Tahoka.

Leases, rental agreements and contracts will be discussed for the group by John Seibert, area farm management specialist, and Mrs. Mildred Webb, area home management specialist, both of Lubbock.

County Agent Bill Griffin said a check will be composed consisting of things that a landlord and tenant normally make agreements upon, or should agree upon.

In addition the group will discuss cases where written agreements should exist.

The third meeting of the series will be held February 14 when Mr. Seibert and Mrs. Webb will discuss general farm records.

Tahoka C. of C. Plans Banquet

Plans were made Monday morning at a breakfast meeting of directors for the annual Farmer-Businessman banquet of Tahoka Chamber of Commerce to be held in March.

An outstanding speaker will be secured for the occasion and new C. of C. officers will be announced at that time. The banquet has become one of the high-lights of the year, and there is usually demand for more tickets than the school cafeteria will seat.

President Jack Jaquess says there will be only about 275 tickets available again this year because of the space problem. These tickets will be \$1.50 each.

Fifteen members have been nominated for directors for the coming year, seven to be elected. Nine new names proposed are those of E. L. Short, Ed Hamilton, W. T. Kidwell, Charles Townes, Ronald Sherrill, Charles Brock, Winston Wharton, W. D. Harmon and Otis Spears. Present directors nominated for re-election are A. M. Bray, Frank Hill, Johnny Reasonover, Mitchell Williams, Martin White, and Charles Verner.

Members of the board who hold over another year are: Wilton Payne H. B. McCord Jr., Clint Walker, E. R. Edwards, Harold Green, Ray Adams, Jack Jaquess, C. W. Roberts, and Herman Renfro.

Funds Are Proposed For Canadian Dam

A request for \$1,450,000 in President Dwight D. Eisenhower's budget was submitted to Congress Monday for the Canadian River dam and aqueduct project, according to Congressman George Mahon.

The U. S. Bureau of Reclamation had requested three million dollars for the first year's appropriation on the project but the request was trimmed to \$1,450,000 in budget conferences.

In a telegram to the Lynn County News on Monday from Mahon, the Congressman stated that the appropriation is "for the Canadian Dam to include acquisition of land for the dam, completion of specifications and awarding of the construction contract. Permanent operating facilities, operations and maintenance housing facilities will be provided. Surveys, studies and collection of design data will be initiated on the aqueduct system."

If Congress approves the appropriation, the project will begin, ending a 10-year planning program to provide water to 11 Panhandle South Plains cities.

Industry payroll is \$1.5 billion annually.

After today it will be President John F. Kennedy and Vice President Lyndon B. Johnson. Inauguration ceremonies today in Washington, D. C. will install them to the highest political offices in the United States of America.

Pat Patterson New Fire Chief

Members of the Tahoka Volunteer Fire Department have chosen E. W. (Pat) Patterson as the new fire chief, succeeding Curtis Stevens who has retired from the department after serving 20 years, the past two years as chief.

Patterson was formerly an assistant fire chief.

The group also elected a complete slate of officers and named committees, including Granvel Ayer, president; James Huey, vice president; Dean Taylor, secretary-treasurer; Clyde Spruiell and Charlie Boswell, assistant fire chiefs; Troy Harvis and Alton Kelly, captains; Roy Harvick and Roy Colard, lieutenants; Rev. D. W. Copeland, chaplain.

The investigating committee is composed of Pat Chamblee, chairman, Evon Wilson, and Charles McClellan; finance committee, Dean Taylor, chairman, J. T. Miller and Edgar Hammonds; entertainment, Roy Colard, chairman, Harvey Craig and Troy Havins; and welfare, Albert Curry, chairman, J. J. Rainold and Bill Cathcart.

Johnny Rainold is fire marshal, as appointed by the State, and his assistant is James Huey.

C. W. Conway Is Hold-Up Victim

C. W. Conway, manager of a Lubbock grocery store, was held at gun point there Monday night about 8:00 p. m. when a youth robbed the store of about \$1800.

Conway was checking the day's receipts when the gunman, a red-haired freckled face man of about 20 years old, entered the office and demanded the money. The man had flesh-colored elastic type tape across his eyes and was wearing a hat. He had encountered two employees outside the store and had forced them to enter and open the office door.

The .38 calibre automatic pistol discharged and hit a bottle of water on a low shelf when the robber stooped to pick up some money he had dropped on the floor.

Described as about five feet six inches tall, and weighing about 140 pounds, the youth fled north, apparently on foot from the store located on East Fourth Street.

Conway, formerly manager of D and H Super Market in Tahoka and a native of this town, transferred to the Lubbock Store when the local market was sold to W. T. Kidwell.

Mrs. L. E. Trawick of Wilson underwent major surgery in Tahoka Hospital Tuesday. Her condition is considered good.

Salvation Army Drive Feb. 6-17

The campaign for the Salvation Army held yearly here by the local committee will be held from Feb. 6-17, according to Dean Taylor, committee chairman.

Drive chairman for this year's campaign will be announced in the near future. Goal this year will not be less than \$2,000.

This week, Tahoka was visited by Jack Sharkey, state-supervisor of the Salvation Army, and Gilbert Muddell, field representative. Mr. Sharkey has as one of his prime responsibilities, the supervising of the Salvation Army's camp for boys near Dallas, which is attended each year by Lynn county youngsters.

As time for the campaign begins, the local fund has a balance of \$11.50, and this is from a reimbursement from the state organization of \$200 which was sent to Lynn county in August of last year after local funds had run out.

Last year, the local drive, which includes Tahoka, Grassland, Wilson, New Home area, fell short of its goal, raising a total of \$1588.41. This year, however, the goal will try to be met giving this area the needed funds for the year.

Spending this year from the local fund have been reported by Mrs. Florene McCracken, treasurer.

These include \$20.00 for campaign expenses; \$167.70, furniture; \$162.45, medical bills including doctor and drugs; \$44.83, bus tickets; \$21.45, meals; \$17.37, gasoline; \$191.52, groceries; \$20.00, lodging; \$31.55, clothing; \$56.34, utility bills; \$12.00 tires. Expenses for sending boys to camp are included in the above items.

Funds raised locally are used in many ways. In addition to helping needy families of this area and sending boys to camp, the campaign also supports homes for unwed mothers and their babies; rehabilitation centers for the handicapped and others needing jobs and training; service units to aid in the time of disasters, etc.

The drive chairman for this year will appoint team captains, who will in turn secure workers. Those wishing to volunteer their services may contact Dean Taylor.

CASES ARE CONTINUED

Due to the illness and death of Judge Truett Smith's mother, several civic cases set for trial this week in District Court have been continued until February 13.

The late Mr. and Mrs. S. L. Smith of New Home.

Mrs. S. L. Smith Rites Wednesday

Mrs. S. L. (Aunt Lucy) Smith, 85 year old Lynn county pioneer of New Home, died Tuesday at 2:30 a. m. in Methodist Hospital in Lubbock, where she had been a patient since the previous Wednesday. Her death was attributed to heart failure.

Funeral services were held Wednesday at 2:30 p. m. in the New Home Baptist Church, of which Mrs. Smith was a charter member, with Rev. C. Strickland of Claines, and Rev. Paul McClung, pastor, officiating. Burial was in Resthaven Memorial Park in Lubbock under direction of Stanley Funeral Home.

The former Lucy Hilton was born Sept. 14, 1875, in Alabama. She married Sam L. Smith in 1890 at Blooming Grove, Ala. They moved from Alabama in 1903 to Hawley in Jones county, where they lived for four years. In 1907 Mr. and Mrs. Smith came to New Home in Lynn county, where he became a prominent farmer and land owner.

The couple were among 19 men and women who organized the New Home Baptist Church on Feb. 16, 1908. Mr. Smith gave the land on which the first church was built in 1916 and again in 1926 gave the land for a new church, the present site of the New Home Baptist Church. Mr. Smith died in March, 1958, only one month before the church celebrated its Golden Anniversary. Mrs. Smith was at that time one of three charter members still living.

"Aunt Lucy" Smith last year received a broken hip, but was virtually fully recovered from the accident when stricken last week with a heart ailment.

Survivors include one daughter, Mrs. Beulah Pridmore of Tahoka; five sons, District Judge Truett Smith of Tahoka, Carson V. Smith of Lubbock, C. C. Smith and Aubrey Smith, both of New Home, and Chester H. Smith of Slaton; two brothers, Tom Hilton and G. H. Hilton, both of Lubbock; 16 grandchildren and 13 great grandchildren. One daughter, Mrs. Ollie Izard, died about six years ago.

Former Citizen Died Monday

Mrs. Ed (Ruby) Bayer, daughter of Mr. and Mrs. J. H. Knight of Tahoka died Monday, Jan. 16. She grew up in Lynn county and moved to California about 17 years ago.

At the time of her death, she lived in Santa Clara, Calif. She is survived by her husband, one daughter, seven sons and several grandchildren; her parents, and two brothers and two sisters, Roy Knight and Robert Knight, and Mrs. Ruth Atkins and Mrs. Rose Mary Moffitt.

Mrs. J. H. Knight had been in California two weeks at the bedside of her daughter.

The chimes at midnight December 31, 1960 dealt the death blow to "Old Father Time." But the echoes and visions of his destruction, grinding metal bodies, crashing glass, broken limbs and smashed lives still haunt us. His record in Lynn County has been an impressive one, states Sgt. E. L. Stroud of the Texas Highway Patrol.

In December the Texas Highway Patrol investigated 10 rural traffic accidents in this county. These wrecks accounted for one person killed, six injured and a property damage of \$4,095.00.

For the entire year of 1960 in this county there were 74 accidents accounting for eight persons killed, 60 injured and a property damage of \$69,220.00.

In comparison of the year 1959 there were 54 accidents accounting for four persons killed, 46 injured and a property damage of \$47,302.00.

"The Texas Department of Public Safety closed its Operation Death-Watch period of ten days at midnight January 1, 1961 with 83 traffic deaths as compared to 97 during the holidays the year before. With late deaths of those critically injured, the figure is expected to come close to the predicted 90 motor deaths," stated Highway Patrol Sergeant E. L. Stroud.

The DPS has vacancies for qualified young men in the Department's uniformed services. The Sergeant advised that applications may be obtained at any Highway Patrol office and the deadline for receipt of the complete forms is February 10, 1961.

Mrs. Willett Rites Here Tuesday

Mrs. Willis Willett of Leakey, formerly of Tahoka, died in the San Antonio Baptist Hospital Sunday about 10:00 p. m. after undergoing surgery on the previous Monday. She was 58 years old.

Winnie Mae Freeman Willett was born Jan. 19, 1902 at Canyon, Texas. She would have been 59 years old on Tuesday. She came to Tahoka with her family in 1923 from Brownfield and married here on Dec. 19, 1930 in the Baptist parsonage. She and her husband lived here until 12 years ago when they moved to Leakey. Mrs. Willett had been teaching school. Mr. Willett is a carpenter.

Mrs. Willett graduated from Tahoka High School with honors. She received a scholarship from West Texas State College, where she received a B. S. degree.

She was a member of the First Baptist Church in Leakey.

Funeral services were held at the First Baptist Church in Leakey Tuesday at 10:00 a. m. with Rev. L. E. Craig and Rev. Jameson officiating and a second service was held in Tahoka at the First Baptist Church at 2:00 p. m. Wednesday with Rev. Levi Price of Monahans and Rev. T. James Efrid, pastor, officiating. The boys participated in the tournament early in January.

John Toler Tells Customs In Japan

John Toler, son of Mr. and Mrs. J. F. Toler of Tahoka, who is English editor of a Tokyo, Japan daily newspaper, recently had featured with a by-line a story of the Japanese New Year.

According to Toler, the Japanese New Year is similar in festivities and spirit to the Christmas season of the Christian nations. It is at this time that the Japanese people forget their troubles for a length of time from three days to one month in celebrating the occasion, and become cheerful and generous in their feelings toward their fellowman.

Toler says their most important occasion of the year, unlike the U. S.'s custom of ringing out the old and ringing in the new, features mainly the ringing out of the old by the many famous temple bells "everywhere strike out the 108 Buddhist evils. None of them must follow us into the New Year." If a family cannot attend a temple when the bells are rung, they listen to the hour-long process by radio.

Foods, too, are important and customary dishes are prepared for the event. In addition, Japanese feel that all bills must be paid before the New Year and the house must be clean. The women spend days preparing the house and food for the event.

During the occasion, the people "are in Kimono," the only time during the year that the Kimono is worn.

Toler spent several years teaching English in Japan and was about to return home when he was offered the job of English editor of the Newspaper about a year ago.

Failures, for the most part can be divided into two classes: those who thought and never did; and those who did and never thought.

CECILIO REYES IN ARMY AIRBORNE DIVISION

Fort Campbell, Ky.—Army PFC Cecilio Reyes, 23, whose wife, Isabel, and parents Mr. and Mrs. Valentin Reyes, live on Route 5, Tahoka, participated with other personnel from the 101st Airborne Division's 51st Infantry in a STRAC (Strategic Army Corps) alert at Fort Campbell, Ky. The alert ended Jan. 13.

As part of its STRAC mission, the 101st maintains one company in constant combat readiness, capable of immediate airborne deployment to any area of the world. A second company can be ready in two hours, and a reinforced battle group can be airborne within six hours following an alert.

While on alert, the company must remain in its area with combat gear packed and vehicles loaded in anticipation of immediate departure.

Reyes entered the Army in December 1959, completed basic training at Fort Riley, Kan., and is a member of the infantry's Company at the fort.

He attended Brownfield High School and was employed by Reed's Body Shop in Brownfield, before entering the Army.

JOHN C. JANDER IS NOW ON AIRCRAFT CARRIER

Western Pacific—John C. Jander, machinist's mate second class, USN, son of Mr. and Mrs. Fred R. Jander of Route 2, Wilson, Texas, and husband of the former Miss Celia S. Moore of Lubbock, is serving aboard the attack aircraft carrier USS Coral Sea operating with the Seventh Fleet in the Western Pacific.

Adults Receive 4-H Alumni Citation

Four Texas residents were recently honored as "outstanding former members of 4-H Clubs" in the 4-H alumni recognition program conducted by the Cooperative Extension Service.

They are Mrs. Jerry Matus of Schulenberg, Miss Sallie Hill of formerly of Dallas and now residing in Birmingham, Ala.; James Carlton McQueen, Sr. of Donna (not pictured) and John Allen of Longview.

Each received the state winner burnished copper alumni recognition plaque mounted on walnut from the Chemicals Division—Agricultural, Olin Mathieson Chemical Corp. One of the objectives of this program is to further demonstrate the lasting value of 4-H activities as a training ground for good citizenship.

While Mrs. Matus was Annie Laurie Tasler she kept busy with 4-H Club work for eight years in Lavaca county. Her major projects were clothing, dress revue, home improvement, garden, canning, food preparation and home grounds beautification.

Now principal and teacher of Moravia School, she first started teaching in 1938, but was a homemaker from 1942 to 1953. She is far in front with leadership for youth, civic, public, church and school activities.

Last year she was secretary of the Lavaca county unit of the Texas State Teachers Association. She has two daughters and a son.

Miss Hill is now senior home editor of the Progressive Farmer magazine after serving 27 years as editor of the publication's home department. In 1954 Miss Hill was elected vice president of the Progressive Farmer.

During two years of 4-H work in Park county she took up tomato culture and canning as her major projects. Today she is widely recognized and respected for her knowledge of farm home problems.

For eight years Miss Hill taught in rural Texas schools and then became home demonstration agent in Kaufman and Tarrant counties. She taught Negro Extension agents of 16 Southern states for two years under supervision of the U.S. Department of Agriculture and the Rosenwald Foundation.

Today's MEDITATION

from The World's Most Widely Used Devotional Guide

The Upper Room

THE UPPER ROOM, NASHVILLE, TENNESSEE

The church of the living God, the pillar and ground of the truth. (1 Timothy 3:15.)

Thirty-five years ago, Nazel El Nassara, meaning "Village of the Nazarenes," was poor, backward, and miserable. This village in Egypt had no schools, no social center, no means of help. It was utterly neglected by all.

A true shining light—a small church, with a young devoted pastor—brought hope to that village and neighborhood. Vital preaching, praying, Bible reading, and a teaching ministry awakened the community to meet its needs through the power of the living Christ.

The village, now having 2,400 persons living in it, has become a dynamic center of useful service. It has given to Egypt more than one hundred pastors, doctors, chemists, teachers, and engineers, plus scores of efficient businessmen and leading officials.

Lately, it started a Laubach literacy campaign which swept over the place and neighborhood, with a Bible team as follow-up.

What a blessing is the church in a needy world!

Prayer: We thank Thee, O God, for all that Thy church has meant to us and to our community. We pray Thee to fill it with power needed to change and save communities of people from sin and sorrow, pain and ignorance. In Jesus' name. Amen.

THOUGHT FOR THE DAY—As a church member, what service can I render to my community today? —Nargis Alkes Attallah (Egypt.)

Waldrips Write Of Trip To West

(Editor's Note: Mr. and Mrs. D. S. Waldrip spent several weeks in California, having returned Jan. 15. The following is a report by Mrs. Waldrip of their trip.)

We left Tahoka on the morning of Dec. 20, 1960, going by way of Roswell, N. M., Alamogordo, Los Cruces and to Lordsburg the first day. The second day was all desert country by way of Tucson, Casa Grande and Yuma, Ariz., stopping in Holtville, Calif. that night.

The next morning we saw our first lemons and grapefruit growing and ripening on the trees just outside the door of our motel room. Upon learning that we were only nine miles from the border of Old Mexico we decided to take a side-trip "across the border," so we parked our car in Calexico and walked to Mexicali. In less than two hours we had all of Old Mexico we wanted.

Continuing onward along a little used pavement going west and running parallel to the border we saw many orange, lemon and grapefruit orchards as well as sand, cactus and rocks. Lunch that day was in a beautiful little town called Jacumba, right on the line of Old Mexico and the United States. Here we bought an armful of mistletoe for 25 cents from little Mexican children peddling it to tourists.

Going on through San Diego, we got our first glimpse of the Pacific Ocean and our first experience of driving on the so called "freeway." We spent that night in the beautiful little town of Ocean-side, Calif.

Taking the 101 alternate we drove up the coast to Long Beach next morning within a stone's throw of the Pacific all the way. It is a wonderful drive. We had no trouble at all finding Navy housing where our son, Bill, lives with his family.

He had just returned on Dec. 21 from an eight months voyage to P. I. Japan, and Hong Kong, China aboard the U. S. S. Delta, a Navy repair ship, whose homeport is Long Beach. Incidentally, Bill is a second class hospital corpsman and has been in service eight and one-half years and this was our first Christmas with him since his enlistment.

Our stay from Christmas until Jan. 10 was alternated with Bill's

family in Long Beach and our brother, Dr. Lynn Lemon, pastor of Centinilla Ave. Baptist Church in West Los Angeles. Highlights were trips to Disneyland, Marineland, a tour of the U. S. S. Delta, a Pasadena on Jan. 2, a drive through Santa Monica, Beverly Hills, Hollywood, Glendale and the beautiful San Fernando Valley. Also a two day camping trip to a homestead cabin near Apple Valley and a trip to Big Bear Lake to watch skiing in the snow were all delightful.

On the return trip we drove east to Riverside through the heart of the orange groves, on to Blythe and Agulla, Ariz. Oak Creek Canyon drive near Flagstaff was a highlight of the second day out, as well as the Petrified Forest and Painted Desert near the New Mexico line. We spent that night in Gallup, N. M.

There was lots of snow in the mountains from Gallup to Albuquerque, but roads were all clear. We spent three nights with relatives in Albuquerque and Portales arriving back in Tahoka Saturday, Jan. 15.

What made our trip most ideal was that we had no certain time to get to any certain point nor any certain time to get back home. I don't believe anyone could pack more into the days than we did. Some of the places along the way were places we hope to visit again and stay longer next time, especially an old copper mining town in Arizona called Jerome.

Yes, California is a wonderful place to be "from," but Tahoka is a grand place to "come home to." We had not one cloudy day while gone and saw fog late one afternoon and that night. Days were like springtime with flowers blooming everywhere. People tell us we were lucky not to have been home during the bad weather here.

QUESTIONS, PLEASE

QUESTION: "Isn't it enough in the sight of God to be good morally?"

ANSWER: One of the best moral men this writer knows of is found in the 10th chapter of Acts. This man would "put most of us in the shade" as far as morality is concerned. Notice that he was a devout man. He feared God. He gave a great deal of money to charity. He was also a praying man. One thing was wrong! He was lost! Yes, a good moral man, lost! Morality is not enough; it is certain one cannot be saved without being a good moral person, but this element alone is not enough! How do we know he was lost? Simply because the scriptures state that he was. He had to send for Peter to tell him words "whereby he might be saved" (Acts 11:14). There would be no need to tell a saved man how to be saved. Therefore, Cornelius was in a lost condition! This man was not in covenant relationship with God. He had not been "born again." This same Peter, who spoke to

Cornelius, told the sinners on the day of Pentecost to "repent and be baptized for the remission of your sins" (Acts 2:38). Was it necessary for Cornelius to do this also? Peter was there to tell him words "whereby he might be saved." Peter commanded "them"—this included Cornelius—to be baptized (Acts 10:48). Cornelius could not have been saved and rejected (this COMMAND!) He did not put up the trite argument that I am as good as you are; or, I am not ready to be baptized; or, I don't believe it is necessary to be baptized. Anything is necessary that is a command. No, this is not water salvation. This is GOD salvation through our obedience to Him! Christ had to be obedient (Heb. 5:8,9) and so must we (Matt. 7:21-23). Cornelius was in covenant relationship with God after he OBEYED the words Peter spoke to him. This did not discredit the good works he did before he became a Christian. But all done after this time were done for the glory of God through His Son.

Everyday Religion

By J. B. Thompson

This day is a day of anxious hope for our nation and the whole world. For one thing it is a day of tradition. The thirty fourth President of the United States is being inaugurated. Every person, regardless of party, religion, color, social or economic standing, should breathe the prayer for our new leader and every official from the precinct to the nation's capital. A prayer that the wisdom of the almighty Ruler shall guide each and every one who shall guide our nation.

The world will watch and listen as a mighty nation shifts the reins of leadership in orderly fashion and in a spirit of unity. Every true American will view with justifiable pride this historic ceremony. A nation has chosen its leaders in the democratic way and will induct them into office in the same way without a shot being fired or a drop of blood spilled. It proves again that democracy works for free people.

Mr. and Mrs. Clark Dyess and Stephanie of Long Beach, Calif. will return home today after visiting her parents, Mr. and Mrs. Wynne Collier, here this week.

Tahoka Bulldogs Win Overtime Game From Denver City Mustangs 64 to 66

Sophomore Tony Spruiell dumped a lay-up shot in the basket to break a tie and give the Bulldogs the two points necessary to win the game in an overtime period 66-64 when the Denver City Mustangs played here Tuesday night.

The Bulldogs came from behind 40 tie the ball game 61-61 at the end of the regular fourth quarter when Frank Greathouse was successful with a lay-up shot in the final seven seconds. The overtime saw Greathouse make a free throw, Denver City make a free throw, and then Spruiell hit two free throws for the Bulldogs to again take the lead. The Mustangs hit a field goal attempt and then finally Spruiell landed the winning score.

Tahoka led 12-11 at the end of the first quarter, but tried to give the game away in the second stanza and the Mustangs led 30-22 at half time. They widened the margin to 51-41 at the end of the third quarter. It was not until there were only two minutes left to play that the Bulldogs tied up the score for

the first time 56-56 and from then on it was a fight to the finish.

The game was the Bulldogs a 1-1 record in conference play.

Scoring in double figures for the Bulldogs were Frank Greathouse with 18, Billy Clinton 15, and Perry Flippin 14. For Denver City George Curtis made 18, Mike Hubbard 16, Billy Trout 11, and Dennis King 10.

The Bulldogs slumped in the second and third quarter nearly cost them the game, but they really "got with 'em" in the fourth, scoring 20 points while the Mustangs scored 10. Also seeing action in the game and doing their part to keep the game alive were Craig Leslie, Douglas McClellan, Fred Hegl, and Andy Bray.

Denver City employed a zone press defense throughout the game, one that was effective but not effective enough. The Bulldogs, making many mistakes and trailing far behind with the last quarter coming up, proved the old adage that never giving up wins many games.

The Mustangs won the night's opener 54-38 when the "B" teams clashed. Halftime score was 29-20. But Denver City proved to be too much for Tahoka. Spruiell led in scoring for the Bulldogs with 10 points while Latham took game honors for Denver City with 13 points.

Tahoka Loses Three At Slaton

Tahoka cage teams dropped their conference opener to Slaton there last Friday night, but worked without services of two varsity players.

The Tigers outscored the Bulldogs 60 to 54 in a game in which they took an early lead. The Bulldogs, hampered by the absence of Frank Greathouse who was out with a foot injury, could not catch up although they came within five points of the Tigers in the second half. Fred Hegi led the Bulldogs by scoring 13 points. Fans, however, were pleased with the inexperienced sophomores and juniors in their ability to score 45 points. They have shown continued improvement during the course of the season. Larry Burk made 23 points for Slaton.

The Slaton girls took a large first quarter lead, giving the local six a game of trying to catch up. Slaton won 59-55. The host team led by nine points at halftime, but during the first two minutes of the second half, Tahoka had narrowed the margin to one point. From there on it was a nip and tuck battle although Tahoka was never able to overtake the winners, but came within one point several times. Brooksie Reece, one of Tahoka's outstanding guards, all of whom have played extremely well this year, was out with a broken rib.

Loretta Short scored 24 points for Tahoka while Kay Halameick made 19. Judy Bishop made 28 for the winners.

The thriller of the evening came in the first class, when the Slaton "B" girls defeated Tahoka 36-34 in a sudden death overtime. The game was tied 32-32 at the end of the fourth quarter, and at the end of an overtime was tied 34-34. Slaton scored the first basket in the sudden death, ending the game. Louella Tomlinson made an impressive 27 points for Tahoka.

Bulldogs Play Stanton Friday

Tahoka girls and boys and "B" team boys take on Stanton there tonight with games beginning at 8:00 p. m.

On Tuesday night, Tahoka "A" and "B" boys go to Plains for non-conference games which will begin at 6:30 p. m.

The ninth and "B" girls play at Abernathy Monday night at 6:00 p. m. while the seventh and eighth grade girls and boys play Slaton here Thursday night at 5:30 p. m.

This Week In Austin

By Preston Smith, Senator, 28th Senatorial District
The Legislature passed in this tax-hungry 57th Legislature of Texas will undoubtedly affect virtually every man, woman and child in this state.

The biggest problem of money ever faced by lawmakers is now underway. The task began last week with the opening of the legislature. One thing is certain. Taxes are going to be voted. There is a deficit in the state government—and new expenditures are scheduled to be voted this session.

The form these taxes will take is naturally unknown at this moment. But, the suggested pay roll tax is sure to be a leader, with the old stand-by argument about sales tax a close contender. There may be others, but now these two seem biggest.

Considering the sales tax and the pay roll tax by themselves shows that virtually every person employing people or working in this state would be affected by either plan.

Whatever taxes are voted they will have to produce big revenue if the Legislature is to be successful in its wishes to pass a tax measure which would rub out the existing deficit and provide new money. Also to be considered will be teacher pay raises and other costly improvements in the public school system.

Legislative disputes will probably involve congressional redistricting to keep Texas' representation apiece with the population growth.

MR. CLEM BACK HOME

Justice of the Peace C. A. Clem returned last week from a visit with his daughter in Harrison, Ark., then went to Seagraves over the week end to visit his son, Vernon Clem, and family.

Value of Texas crude oil in 1959 was \$2.9 billion.

Junior Teams Split With Abernathy

The "B" girls and seventh grade girls split two games with Abernathy here Monday night, the local "B" team taking their game 56-48 and the seventh graders losing 28 to 13.

Carolyn Howard led the "B" team to victory with 16 points and Louella Tomlinson added 22 more. Abernathy's Brown made 22 and Deering 18.

In the seventh grade game, Wilson took honors for Abernathy with 10 points. Joy Thomas made seven and Mary Ellen Wyatt six for Tahoka.

Kenneth Harston Now In Army

Kenneth B. Harston, son of Mr. and Mrs. Charlie B. Harston of route 1, Wilson, was enlisted in the regular Army Jan. 6 at the Amarillo Recruiting Main Station, out of the Lubbock Recruiting Office.

Kenneth will receive his basic training at Fort Hood, Texas and upon completion will be reassigned for training in field communications, according to Sgt. George Moore, local Army recruiter.

Texas produced 14 percent of world oil in 1959; 23 percent in 1958.

Movie Shown Rotary Club

A color-sound movie "American Harvest," was presented at Tahoka Rotary Club Thursday noon of last week by A. M. Bray. The picture depicted the nation's ability to produce crops and minerals and how they are utilized in manufactured goods.

The program was arranged by Dr. Skiles Thomas and Roy Edwards.

Harvey Pyburn and James Gorman, Tahoka High seniors, were introduced by Buddy Bragg and W. M. Mathis, respectively.

President H. B. McCord Jr. announced the Tahoka Club attendance dropped to 92.98 percent in November, lowest in many months. He also announced the club had contributed a total of \$483.00 of the Rotary Foundation.

FARMING FOR A PROFIT?

Soil Testing Is Important Tool!

Farming is a business. And like any successful business many factors of management are involved. In farming a very important one of this is soil management. Good soil management is simply using each acre of land within its capabilities and treating the land in accordance with its needs to keep it permanently productive so as to yield the greatest continuous profit.

How To Take A Soil Sample

1. Divide farm for sampling purposes into areas of similar soil types.

2. Use a spade, trowel, soil tube or other suitable instrument to take sample.

3. Take a thin, vertical slice of core of soil to plow depth from at least 12 different places within the field.

4. Break up cores or slices and mix well in bucket. Take 1/2 cup sample from bucket and place in a soil sample bag.

5. Fill out information sheet. Give past cropping and fertilization practices and crops to be grown on fields sampled.

6. Take samples to County Agent's office. Samples will be analyzed and recommendations returned to you.

Why Should You Have a Soil Test?

A soil test will not answer all fertility problems. It does give information about the soil that will help in planning and maintaining a good soil management program. The results of a soil test will aid in determining whether there is a deficiency of one or more plant nutrients, and give the information needed to help you plan and carry out a balanced fertility program. Together, all this information will help to make sound fertilizer recommendations and to point out problems where they exist.

To get correct soil samples, follow the recommendations of the illustration shown here. See your County Agent for additional information about soil testing. Take your soil samples to your County Agent and he will send them off for you.

Printer's Ink-lings . . .

By F. P. H.

The old Printer developed a chest cold early last week, and he got scared, after a visit to "Dock" Thomas, that he'd have another dose of pneumonia like he had last year. That reminds us of a sign which the late Dr. C. E. Townies had on the wall of his office which went something like this: "Only pore while trash calls me Dock." The Printer stayed home most of last week and worked on you know what—some of those forms Uncle Sam wants (with check attached.)

"We've got a confession to make. Knowing that we didn't have to get up and go to work, one morning we didn't even wake up until after 11 a. m. We couldn't believe our eyes when we looked at the clock."

Jerry and Susie Bragg of Lubbock wrote us some flowery comments on this column, which we appreciate, and sent along the following little verse from Margaret Turner's fine column in the Avalanche:

Rock-a-bye baby, be quiet, my dear
Your Daddy is building a new frontier,
And much more taxing. Oh cherub mine,
He's baby-sitting for Caroline.
Hush-a-bye baby, now don't you fret.
Your Daddy is picking his cabinet,
And what's much harder, oh boy of mine?
He's keeping an eye on Caroline.
Rock-a-bye baby, just two weeks old,
Your Daddy ponders the flight of gold
And how to keep our reserves in line.
And that's not easy . . . with Caroline.

To tell you the honest truth, we didn't think too much of this column when we started it, but just needed a place in the paper as a sort of catch-all for items that were not really news but might be of some interest. We still don't think there's much to it, but it must be attracting a few readers—making a few mad and a few happy—so we'll just keep going until we're run out of town.

Hubert Tankersley thinks there's a great opportunity for farmers in this area who have more irrigation water than they need for cotton to plant commercial pecan orchards. He has been toying with the idea. A Terry county farmer, Fayne Smith, is preparing to plant 70 acres of pecan trees. Pecans do well here, as evidenced by those grown in a number of local yards. Mrs. L. C. "Stone" Hanky gave us a big bag Christmas—three varieties of pecans raised from trees in her yard—that were as fine as any pecans you ever saw.

We received one of those fancy gold-engraved invitations to attend the inauguration ceremonies of Governor Price Daniel in Austin. Not being impressed by such wingdings we'll stay at home and work. We failed to get an invitation to the big do in Washington, but we'd have to decline that one, too, even if we did. And, just think, we have 'em every four years, but we Americans poke fun at the British for their fancy Coronation ceremonies when a new king or queen is crowned.

There was some friendly criticism—and some not so friendly—during the recent bitter presidential campaign because this column took a stand for good old American principles of democracy when both candidates—principally the Democratic—were advocating more centralized and more socialistic government. Since then, some of these critics have expressed concern over some of the proposals being made in Washington. "I thought you were exactly right," a friend told us the other day, "but I thought you were lending encouragement to the Republicans." Well, all we'll say, even so, there are some things more important to us than party loyalty, and both parties seem to be more interested in centralization of power in Washington, preserving party power, gaining of political advantage for individuals and groups, playing-up to minority groups, etc., than they are in preserving old American principles of democracy.

For example, the U. S. Department of Labor next week will be firmly in the hands of Union Labor men for the first time in history. This "department of union labor" will now step up its program to unionize all labor in-

cluding farm labor, and to do away with the bracero program, to do away with the right-to-work laws. What about the millions of people who do not belong to the unions, who do not want to belong to a union? What about the employers who want the right to hire and fire whomsoever they please? These people, in a majority, have rights too.

Kennedy has pledged to end racial segregation in all fields by 1963. As a step he has appointed a Negro leader in the NAACP as director of the Housing and Home Financing Agency who is pledged to end segregation in housing programs. There are more troubles ahead.

Jake Jacobs of the Tahoka schools is an old acquaintance of Stewart Udall of Arizona, the new Secretary of Interior. While at West Texas State, Jake played baseball against Udall in the Border Conference while the latter was attending school at Arizona.

Hollis Brice, son of Mr. and Mrs. J. T. Brice, geologist with an oil company in Maracaibo, Venezuela, South America, for the past two years, sends a clipping from a local newspaper telling about a man being shot with arrows by some Motilones Indians while fishing on a river not far away. Maracaibo is a very modern city, but not far away is heathen territory. Hollis and family will be returning to the States in June.

Two youngsters were standing on the corner waiting for the lights to change. Cars driving through lights and stop signs, double parking, and weaving in and out of traffic lanes. Said one child to the other with a sigh, "What do you want to be 'if' you grow up?"

The recruit had finished his physical and was being questioned by a sergeant who asked: "Did you go to grammar school?"

"Yes, sir. I also went through high school, graduated cum laude from college, completed three years of graduate studies, and then received two years at Purdue, two at Vanderbilt, and two more at Wabash."

The sergeant nodded, reached for a rubber stamp, and slapped it on the questionnaire. It consisted of one word: "Literate!"

"I'm sorry to be so late, Mom," said a third grader as he rushed

FORD

is beautifully built to go 30,000 miles between lubrications!

Galaxie Club Victoria, in looks and luxury, the rival of cars costing hundreds of dollars more.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

Lubricates itself—You'll normally go 30,000 miles between chassis lubrications (which cost only about \$4.00 and take about 20 minutes) because Ford has replaced conventional grease fittings with a sealed-in lubrication system.

Cleans its own oil—You'll go 4,000 miles between oil changes because Ford's Full-Flow oil filter plus your filtration through lines . . . trapping more dirt than any other type of filter made.

Adjusts its own brakes—New Truck line brakes adjust themselves—automatically.

Grease its own muffler—Ford mufflers are double-wrapped and slanted to last three times as long as ordinary mufflers.

Protects its own body—All vital underbody parts are specially processed to resist rust and corrosion, even to pantographing the body panels beneath the doors.

Takes care of its own finish—Just wash and clean Ford's new Diamond Lustre Finish and it continues to glisten like new. It never needs waxing.

Imagine: no more chassis lubrications every 1,000 to 2,000 miles. Imagine, too, the savings! While other car owners pay up to \$45 for lube jobs during 30,000 miles, Ford owners will pay only about \$4 . . . and the job will take only about 20 minutes.

That's because of Ford's new sealed-in lubrication system. At your Ford Dealer's, the threaded metal plug protecting each lubrication point is removed, specially developed grease injected, and the plug put back. That's all there is to it for another 30,000 miles!

This is just one of Ford's many take-care-of-itself features . . . all good reasons why this Ford should be the Ford in your future!

Only FORD is beautifully built to take care of itself

No. 1 In A Series Of Stories About—

Businesses that Make Our Town "Tops"!

As hard-working townspeople, we are apt to overlook many personalities and programs that aid in making Tahoka a fine and praiseworthy place in which to live.

Among the folks who deserve recognition and reward for outstanding help in reaching our town goals are the businesses and business men that serve our town and area.

To acquaint you with the folks and firms that mean much to us, The Lynn County News is printing a series of stories about these people and places. We know you will be interested in the stories we tell. We also feel that when you have need for what these friends and their firms sell, you will reward them with your purchases.

(By Frederic de Vries)

PRIMITIVE PEOPLE HAD TO EAT WHAT THEY COULD FIND—
YOU'RE LUCKIER—YOU CAN ORDER WHAT YOU LIKE AT . . .

THE STOCKMAN'S CAFE

A long time ago when people lived in caves and in "houses" made of leaves and grass, they could not make even the simplest choice of what they would eat. They ate what they could find . . . roots, nuts, seeds, wild berries and mushrooms. Those that liked grass probably nibbled occasionally on the "tops" of over their heads.

After people learned to raise food—became herders and farmers—it was a long time before they learned how to cook in pots and pans. To eat what they cooked, they had to squat or sit on the ground.

Aren't you glad that you didn't live a thousand or more years ago? Yes, we're all glad, and the Stockman's Cafe is one reason why a lot of people are happy they live in Tahoka, today.

Dining At Stockman's A Pleasure. When you stop at the Stockman's Cafe, owned by Dayton and Hazel Ingle, you have a choice of sitting in quiet surroundings at a dining table covered with a snow-white table cloth . . . in a comfortable booth or at a speedy-service counter.

A smiling waitress welcomes you . . . places before you a menu on which is listed "millions" of good things to eat. You will find body-building foods for the man who wants a meal to "stay with him" . . . delicious delicacies for

the "calorie-counter" . . . tempting specials to appeal to tots and teens. It makes no difference whether you want "grow" foods or "go" foods, you'll find them at Stockman's Cafe.

When your order goes to the kitchen, Dayton Ingle supervises. It is his responsibility to see that the soup or the steak of your choice is prepared as you would choose. You can be certain your special favorites will not only "tickle your palate," they will look as good as they'll taste.

Dayton and Hazel are proud of the Stockman's Cafe. They take pride, too, in the care with which they select foods to be served to you. They buy only the best quality meats, the freshest of vegetables, the highest quality of canned goods.

You'll find it fun to take the family out to eat . . . You'll double the fun when you take them to the Stockman's Cafe.

Mr. and Mrs. Ingle just recently bought The Stockman from Mr. and Mrs. Dwan Jones, who operated the business about three years.

The Ingles are long-time residents of this county. He formerly engaged in farming, and Mrs. Ingle has had experience in cafe work before. Both are well known over the county.

TAHOKA DRUG, Very Modern Store

ALTHOUGH AN OLD TAHOKA BUSINESS INSTITUTION . . .

Owned and operated by L. C. Haney, Tahoka Drug is 38 years old as a business institution, located on Tahoka's Main Street.

Mr. Haney has right to be proud of his store, for it is one of the cleanest, most modern drug stores on the South Plains. Fixtures and equipment are of the most modern type and lend an air of distinction to the store. The merchandise—kept new and clean—makes it an inviting place for people of the county to trade.

Tahoka Drug features its prescription department, where there is a registered and experienced pharmacist on hand at all times to carefully fill the doctor's prescriptions exactly as called for.

The store also features its soda fountain, toiletries, gift items, and all the other lines carried by first rate drug stores, including toys,

games, news stand, cigar counter, candies, Hallmark cards for all occasions, and scores of other items. Associated in the store with Mr. Haney, in addition to his wife, and his daughter, Mrs. "Betsy" Wells, and the latter's husband, Johnny Wells.

Tahoka has reason to be proud of this modern and up-to-date drug store and the services it offers.

The Haney's have long been prominent citizens of Tahoka, and have had an active hand in civic and club work and have been identified with many movements for the progress of the town and county.

This page will appear in The News twice a month, and during the series there will be two news stories, one with a picture on each business represented here.

ALTHOUGH AN OLD TAHOKA BUSINESS INSTITUTION . . .

Owned and operated by L. C. Haney, Tahoka Drug is 38 years old as a business institution, located on Tahoka's Main Street.

Mr. Haney has right to be proud of his store, for it is one of the cleanest, most modern drug stores on the South Plains. Fixtures and equipment are of the most modern type and lend an air of distinction to the store. The merchandise—kept new and clean—makes it an inviting place for people of the county to trade.
