## Elections Saturday On School Trustees

School trustee elections will be held Saturday, April 1, in all independent school districts in Lynn county and over the county for the county school trustees. Contests exist in all of the independent districts with the exception of Tahoka.

City Hall will be the polling place for the election in Tahoka with two names appearing on the ballot for two places, Maurice Huffaker and Olen Renfro. Terms expiring are those of Huffaker, who is seeking re-election, and W. W. Young. Holdover members of the board are Clint Sikes, Wilton Payne, Earl Terry, H. W. (Sam) Edwards and Clint Walker.

At New Home two polling places have been provided for two precincts, at the Community Center in New Home and at the gin in Lakeview. Two trustees are to be elected from a field of four candidates including Dwight Corbell, Frank P. Lisenby, George Sealy, and Robbie L. Gill. Terms expiring this year are those of Lisenby and Gill, both up for re-election. Holdover members are E. M. Rudd, Carl Armes, Edwin Nettles, Roy Blevins and Cecil Kieth.

Wilson will vote at the high school building and will elect two trustees. Four names were filed there for candidates on the board, Pete Rhoades, James L. Savell, Alfred Crowson and Jim Lane. Crowson and Rhoades are asking re-election. Holdovers include Clarence Church, Edmund Maeker, Lloyd Mears, Jiggs Swann and Cecil Weid.

O'Donnell has the largest number of candidates filed for two places and has the distinction of having the city's first woman to be seeking a place on the board. Candidates include Mrs. Zhel Singleton, L. L. Birdwell, Dick Franklin, Julian Pirtle, C. A. Moore and G. W. Jones.

The county board has two places to be filled in addition to the trustee-at-large. Appearing on the ballot in Precinct 3 is Homer Hardberger, Precinct 1 is Tom Mason, and on all ballots, trustee-at-large is J. K. Applewhite, Jr. Polling places will be the same as those for independent school districts. Graham Hensley is the holdover member in Precinct 2 and Harlan Dean has another year to serve in Precinct 4.

## Salvation Army Short of Goal

The local Salvation Army committee has deposited a total of \$1283.00, or only about 64 percent of its goal of \$2,000.00, according to Mrs. Florene McCracken, secretary.

Of this amount, Lynn county will retain one-third, and the remainder will be used for state services available to local citizens. Less than 10 percent will be used for national and administrative purposes.

However, because the local unit always utilizes its fund to any one where or when there is a need, the amount available to Lynn county citizens is not nearly enough to supply those needs throughout 1961.

Anyone who has not been contacted, or those wishing to increase their contributions are urged to mail their checks to Mrs. McCracken.

Last year, the local fund was completely depleted early in the summer and the committee was forced to ask the state organization for a reimbursement.

## UNCLE DIES

Jake Jacobs attended funeral services Wednesday in Shattuck, Okla. for his uncle, Henry Adams, who died in a convalescent home in Mangum, Okla. He had been in ill health for several years.

## Rodeo Queen Entries Sought

Single girls 14 to 21 are being invited to enter the Tahoka Rodeo Queen contest for valuable prizes and the honor of recognition at the rodeo here on April 27, 28 and 29. All entrants selling tickets will receive prizes.

E. L. Short, in charge of the event, says it is desirable that girls file their entries by Monday, April 3, if possible.

## Lynn Ginnings 157,014 In 1960

Lynn county stands 15th in the nation, 7th in Texas, and 6th on the Plains in 1960 cotton production, according to the preliminary reports dated March 20, made by the U. S. Bureau of Census.

Production in running bales in Lynn county was 157,014, with some adjustments yet to be made before the final report.

Following was the production in 14 South Plains counties, compared to the production in 1959:

County	1960	1959
Lubbock	244,323	211,079

## Reece Infant Buried Sunday

Funeral services were held at 3:00 p. m. Sunday for Richard Mark Reece, stillborn infant son of Mr. and Mrs. Archie Reece, Jr., in Stanley Funeral Home Chapel.

The infant was stillborn Saturday morning at St. Mary's Hospital in Slaton.

Bob Barnes, minister of the Tahoka Church of Christ, officiated at the services and burial was in Tahoka Cemetery.

Survivors include the parents, of route 3, O'Donnell, and the grandparents, Mr. and Mrs. Archie Reece, Sr. of Route 1, Tahoka and Mr. and Mrs. Pat McKibben of route 3, O'Donnell.

## Charlie Wells Dies Thursday

Charlie Frank Wells, 56, formerly of Tahoka, died of a heart attack early Thursday morning at Morarity, N. M., where he has lived the last 10 or 12 years.

Funeral services will be held there next Monday.

Mr. Wells was born in Tahoka on November 25, 1906, and lived most of his life at Tahoka and O'Donnell. He was formerly employed by Gibson Motor Freight. The last few years he has been manager of the New Mexico Cattle Commission at Morarity. He was a member of the Baptist Church and the Masonic Lodge.

Survivors include his wife and one son, Dell, of Portland, Oregon. He was a cousin of Mrs. Cleo Miliken, Mrs. Doris Eakin and Mrs. Gladys Stokes, and a step-brother of Mrs. Ray Nevills.

Mrs. Ruth Halford is still a patient in Tahoka Hospital where she has been confined since March 17.

JEAN FLIPPIN

## Jean Flippin, 13, Spelling Winner

Jean Flippin, 13 year old eighth grader of Tahoka, was the winner in the Lynn county Spelling Bee, held here Thursday morning of last week, and will represent the county in the Avalanche-Journal event in Lubbock on Saturday, April 15. She is the daughter of Mr. and Mrs. Welch Flippin.

Jean won the bee by correctly spelling "permitted," which Yvonne Nettles had misspelled, and went on to correctly spell "Perspiration" (Cont'd On Back Page)

## Work Starting On Farm Road

Construction of about 9.4 miles of FM Highway 212, from Highway 211 through Gordon to US Highway 380 providing 20 foot asphalt surface on 22 foot width of caliche base and 28 foot roadbed following present road for 8.9 mile and using existing pipe culverts without extension. The remaining 0.5 mile is to be built on new location with same widths given above and with a new multiple box culvert.

The contract was awarded to Henry L. Stafford, Lubbock contractor, on the \$83,100.00 project let in March by Texas Highway Department. Work on the contract will begin March 27, grading and reshaping existing base will begin about two weeks later. Asphalt surfacing will commence in the last half of May, and contract work will be completed early in June according to Mr. Stafford.

A pre-construction meeting was held in Lynn County Court House, Wednesday March 22, between Highway Department, Contractor, Department of Public Safety and Lynn County Officials to outline plans for convenience and safety to the motorist through construction areas. Barricades, warning signs and 45 mile per hour speed zones will be used to assist traffic traveling through construction areas on temporary detours.

## Livestock Building Vote Is Proposed

A county-wide \$35,000 bond election for erection of a modern livestock show barn in the county seat has been proposed as result of a recent meeting of representatives from several county organizations.

However, it is expected that property of Lynn County Fair Association will be deeded to the county, if the issue carries, and proceeds therefrom will be applied to retirement of the bonds. Fair Association directors have already voted to do this and also to apply about \$9,000 in cash that it has to equipping the proposed livestock building. This fund is from insurance on the burned building, rentals, etc.

The meeting was attended by representatives from the Fair Association, Lynn County Farm Bureau, Commissioners Court, City of Tahoka, and Tahoka Chamber of Commerce.

The proposed show barn, which would probably be located on a site adjacent to the Tahoka City Park, would be of sheet metal, approximately 120 by 200 feet in size, and would be complete with permanent type pens for about 400 or more head of livestock, a judging arena with bleacher seats for about 200 people, wash racks, rest rooms, and concessions stand. The proposed barn would be about twice the size of the O'Donnell barn and as large as the Lamesa show barn.

County Agent Bill Griffin presented the problem to the group. (Cont'd On Back Page)

## New Home Plans Baptist Revival

Revival services will begin Easter Sunday, April 2, at New Home Baptist Church and continue through the following Sunday, April 9, according to Rev. Paul McClung, pastor.

Harold Jeter of Tulsa, Okla. is to be the evangelist and J. B. Edwards of New Home will direct the singing.

Services will be held twice daily. Morning services have been set from 8:00 to 8:25 a. m. so school students may attend and be dismissed in time for school classes to begin. Evening services will begin at 7:30 p. m. each night.

Rev. McClung states that everyone is welcome to attend the revival services.

## Elliott Estate Helps City Park

Some new playground equipment will be added to the Tahoka City Park for the summer season, states City Secretary J. M. Uzzle.

Installation of the equipment will be made possible through \$800.00 provided by Albert Curry, administrator of the J. W. Elliott Estate. When he died, the late Mr. Elliott provided in his will for a part of the proceeds from his property to go for park purposes.

Mr. Uzzle says some new swings, slides, etc. will be added to the park this year.

## STUDENT TEACHERS

Thomas Boucher and James Walsh, seniors in the Texas Tech Department of Agriculture, are currently doing their practice teaching work in the Tahoka Vocational Agriculture Department with V. P. Carter and Lester Adams.

IOOF GRAND MARSHAL—Ira G. Tyler of Tahoka was installed Monday as Grand Marshal of the International Order of Odd Fellows in Texas at the annual meeting in San Antonio. (see story on inside pages.)

## Special Senatorial And City Elections Are Next Tuesday

Tuesday is election day for the City of Tahoka when a new mayor and two councilmen will be chosen for the coming year. City Hall is the polling place and a better than average turnout is expected because of the contests for all positions.

Two men are candidates for mayor, Meldon Leslie and Ross Smith, to succeed H. B. McCord, Sr. whose term expires this year.

Two councilmen will be chosen from a list of five candidates, including J. R. Autry, James F. (Sonny) Roberts, Dr. C. Skiles Thomas (re-election), Charles Oliver and Borden C. Davis.

Holdover councilmen who have one year to serve on their terms are Ronald Sherrill, W. T. Kidwell and Winston C. Wharton.

Councilmen terms expiring this year are those of Dr. Thomas and Leslie.

## Voters Must Bring Poll Tax Receipts

All Lynn county citizens voting in elections during the next few days will be required to show their poll tax receipts before voting, according to officials here.

This will include the U. S. Senatorial, City, and school trustee elections.

## FFA Banquet Next Tuesday

Nearly 200 people are expected for the annual Tahoka FFA Parent-Son banquet next Tuesday night at 7:30 p. m. in the school cafeteria.

Wilmer Smith of New Home, nationally known in farm circles, will be the principal speaker. There will also be special entertainment, and Fred Hegi will play the organ during the dinner period.

Jerry Forsythe, FFA president, will serve as master of ceremonies, and will be assisted by other chapter officers.

There will also be a presentation of two honorary degrees and awards for outstanding accomplishments in agriculture.

All Tahoka FFA members, their parents, Tahoka businessmen and farmers and their wives are invited. Tickets are \$2.00 each, with surplus proceeds going to chapter projects.

V. P. Carter and Lester Adams are the teacher advisors.

JOHN MCCOY

## Church Of Christ Meeting Starts

The Church of Christ in Tahoka will conduct a Gospel meeting beginning Sunday, April 2, continuing through April 9, according to Bob Barnes, minister.

Evangelist John McCoy, minister of the Crescent Hill Church of Christ in Brownfield, will do the preaching.

Morning services during the week will be at 10:00 a. m. and evening meetings will be at 8:00 p. m. week days and 7:30 p. m. on Sundays.

A cordial welcome is extended to one and all to attend the meetings.

## Reynolds' Baby Daughter Dies

Marilyn Lavern Reynolds, six day old daughter of Mr. and Mrs. H. R. Reynolds of route 3, Tahoka, died Thursday, March 23, at 4:00 a. m. in the Medical Arts Hospital in Lamesa, where she was born on March 17.

Graveside services were held at 2:30 p. m. Friday in Tahoka Cemetery with Rev. James Efrid of the First Baptist Church of Tahoka, officiating.

Survivors include the parents; a twin brother, Richard Wayland; two sisters, Judy, Debbie, Cathy and Patricia, all of the home; and the paternal grandparents, Mr. and Mrs. Jack Reynolds of Tahoka.

## Damp Weather Here This Week

Mist this week followed by a slow rain which began falling at noon Thursday had totaled only .12 inch at 1:00 p. m., but this was already sufficient to replace that taken out of topsoil by a sandstorm Sunday.

Prospects were as The News wet to press that the rain would continue.

Lynn county soil is said to be in the best shape ever at the end of March for a crop year.

## Three Young Men With Paratroopers

Three Tahoka young men, Benjie and Carl Ingle and Jerry Kelley, who recently joined the Army Paratroopers, have gone to Fort Hood, near Killeen, for basic training, following which they expect to be stationed at Fort Benning, Ga.

The Ingle boys are sons of Mr. and Mrs. Dayton Ingle, and Kelley is the youngest son of Mr. and Mrs. Vernon Kelley.

N. T. Conner, a resident of Lubbock, was admitted to the local hospital Saturday and dismissed Monday.

Texas will vote Tuesday, April 4, for a United States Senator, to finish the term of office of Vice President Lyndon B. Johnson, who resigned his senatorial position following the presidential election.

The election has made balloting history, although not necessarily favorable, with its record breaking number of candidates. A total of 71 names appear on the ballot.

In Lynn county, places on the ballot were determined by drawing names, rather than in alphabetical order, or by placing the major candidates at the top of the list.

Because it is necessary to scratch out all other names to vote for the candidate of the one's choice, it will be a difficult procedure to cast a valid ballot. All voters are warned to exercise extreme care in marking their ballots. If all names except the candidate of the voter's choice, are not marked out, the ballot will be invalid and will be thrown out.

Of the 71 candidates for the office, six have emerged as major candidates. These include Jim Wright of Tarrant county, John G. Tower of Wichita county, Maury Maverick, Jr. of Bexar county, Henry B. Gonzalez of Bexar county, Will Wilson of Dallas county, and William A. (Bill) Blakley of Dallas county. All are Democrats with the exception of John G. Tower, who is a Republican. Blakley is serving as senator at this time upon appointment by Governor Price Daniel, and will continue to serve in that capacity until a new senator is named.

State Representative Wesley Roberts of Seminole announced early this week he was withdrawing from the race for U. S. Senator in favor of Bill Blakley, present interim senator.

## Soil Fertility Day Thursday

Soil Fertility Day will be observed in Tahoka Thursday, April 6, at 1:30 p. m. in the Lyntegar meeting room, announces County Agent Bill Griffin.

Four guest speakers will be on hand to discuss appropriate subjects for the day.

Jim Valentine, area chemist, will discuss soil samples and the value of soil analysis in making fertilizer recommendations.

Bill Gunter, area agronomist, will give a discussion on fertilizers and their response to cotton and grain sorghum in the High Plains area.

Area irrigation specialist Dave Sherrill will discuss water application and irrigation cut-off dates.

John Seibert, area farm management specialist, will give the management aides in production of field crops.

Everyone is invited and urged to attend the meeting, states Mr. Griffin. The Soil Conservation Board of Supervisors will serve coffee and doughnuts to those attending.

## 4-H Dairy Foods Contests April 8

Lynn County 4-H Dairy Food Contest will be conducted Saturday, April 8, announces Mrs. Connie Anderson, county home demonstration agent.

The junior and senior girls will meet at 8:00 a. m. at the Lyntegar kitchen, and the elementary girls will meet at the same time in the kitchen of the Tahoka Methodist Church.

Three visiting judges will be in Tahoka to select the winners. Mrs. Anderson states that any girl who has not received a record sheet to contact her at the county agent's office in Tahoka.

## Everyday Religion

Alec Waugh, the English writer, once quoted his minister father as having said of the death of Jesus or the cross that it was a picture of "high failure towering over low success." They succeeded in their scheme to crucify him but he was the victor. A Syrian Christian tells of a village in Nusopotamia called "Sugar Cross." An Old Testament writer speaks of "honey in the rock."

In the cross we see the symbol of life. Out of the worst comes the best. As Sir John Bowring wrote over a hundred years ago, "In the cross of Christ I glory, towering over the wrecks of time. All the light of sacred story, gathers round its head sublime."

The cross confronts us today, as in the long ago, with our sins. The cross does not judge Jesus, it judges me. The old spiritual asks so pointedly, "Were you there when they crucified my Lord?" The answer from every honest heart must be, "Yes, I was there." He died for me.

"He took the rap" is the way one Sunday school boy in New York City interpreted the substitutionary atonement.

As Isaac Watts said, "Were the whole realm of nature mine that were a present far too small. Love so amazing, so divine, demands my life, my soul, my all."

## LOCAL BRIDGE PLAYERS WIN AT SAN ANGELO

## QUESTIONS, PLEASE

QUESTION: "What causes the two hundred fifty-four divisions in Christendom in the United States?"

ANSWER: There are many things to which we may attribute division in religion. Relying upon feelings which may deceive us is one thing that divides us. There are ways that seem right but are wrong (Prov. 14:12). Prejudices that may blind us is another cause. We can be so obstinately bent upon a certain way that we may be like the Jews were (Acts 28:27). Human creeds are confusing and lead to denominational error (Mk. 7:7). Indifference to right stupefies the mind and divides religiously. This is the condition in which Christ and His apostles found the Jews (Acts 28:27). Watchmen, who see error and do not warn, cause their share of division (Ezek. 33:8). When one does sound an alarm in

matters of religion he is classed as "narrow" and "Bigoted." This discourages vigilance. But the Lord encourages watchfulness. Watering religion down to the equivalence of husks which will not satisfy adds to division (Lk. 15:16). Imaginations of men that will not yield to God's word causes its share of the religious schism (2 Cor. 10:5). Religious leaders who are spiritually blind add to the confusion (Matt. 15:14). Spiritual ears that will not listen causes men to go their separate ways (Acts 7:57). The dust of self-willed obstinacy tends to cloud the mind and cause it to accept anything as long as it is branded as religion (Acts 22:23). Last, but not least, cowards who compromise cause denominationalism (2 Jno. 10, 11). People who know right from wrong are religious cowards if they do not try to help.

This week in Austin  
This senatorial district has many reasons to be proud. And not the least of these is Texas Tech College in Lubbock.  
This excellent State supported institution can be credited with helping more than any other single quality to build our West Texas area to its present stature.  
That is why I was proud to submit the following resolution, which was adopted by the senate:

"Whereas, Success and championships in any field of endeavor are a source of pride and inspiration to all classes of people; and  
"Whereas, With the winning of the 1961 Southwest Conference Basketball Championship, by defeating the well-coached and able team of the University of Texas, the basketball team of the Texas Technological College, familiarly known as "The Raiders," exemplified the indomitable courage characteristic of the "Winning of the West"; and  
"Whereas, As this athletic achievement became reality there was reflected the spirit of loyalty of the student body of this great and growing educational institution of the South Plains of Texas—the newest member of the Southwest Conference; and

"Whereas, Such victory by the Raiders assured their attendance and participation in the National College Athletic Association Tournament; now, therefore, be it

"Resolved, By the Senate of Texas that it recognize this athletic championship and extend its congratulations to the members of the basketball team, to its coach and to the student body of Texas Technological College and wish them continued success in all of its wholesome activities, and be it further

"Resolved, That copies of this Resolution be forwarded by the Secretary of the Senate under the Seal of the Senate to the members of the winning basketball team, to its coach, and to the President of the College."

### Farm Facts

In Food for the Future, the U. S. Department of Agriculture tells us that if yields were the same as in 1956, we would need 200 million more acres of cropland in 1975.

"But we don't have 200 million more and won't need them because of rising productivity on farms.  
"In our own time," the Secretary of Agriculture notes in the foreword, "we have seen a miracle wrought—the miracle of plentiful and increasing food supplies for our ever-larger population.  
"On no more crop acres than were harvested half a century ago, farmers today are producing enough food and fiber for all our present needs—abundantly and to spare. Yet there are 100 million more of us to feed and clothe than in 1900. And we are eating better today—we have foods of higher quality and wider variety, and many of them have built-in convenience for the homemaker.  
"This is a miracle created through research and expansion of farm products; to increase production per acre, per animal, and per hour of

At the 1956 yield rate, we would need 200,000,000 more acres for crops by 1975.

human labor; to conserve our soil and water resources; and to improve and reduce the cost of production, transportation, refrigeration, processing, and distribution of farm products."

### This Week in AUSTIN

by Senator Preston Smith

Texas' critical issue of deciding on new taxes has certainly generated more mail to legislators this session.  
My mail has certainly picked up this session. And frankly, it seems there is a lot of grass roots support of a general sales tax, if my mail here is any guide.  
Other legislators report the same. Even before the tax bill began to quickly hit the floors, many aimed at isolated types of businesses, there was mail from my district opposing the payroll tax as a way of raising Texas' needed money.

And as all the other tax bills hit the news, all of us here are getting more calls, wires and mail. It is encouraging to me. It means that the interest of the people will be applied to the state's problem. And in the end, after the tax matter is settled, the Legislature can be more sure that it acted in the interest of the people.  
As I have always said: We in the Legislature are here only to do what our people in our districts direct. The only way we can do our jobs is to hear from the people back home.

The traditional problem of state taxes has singled out many sources over the years to satisfy the state's needs. Some of the taxes levied have been unfair to some businesses, as I think just about anyone familiar with Texas Legislative history will agree.  
The reason these tax levies were not as fair as they should be is because the legislators did not have all the facts when they considered the tax measures.  
That's the reason that all legislators here are not disturbed, but are happy as they can be, that home folks are writing in, calling in and wiring in to let us know how they feel about the taxes which have been proposed in recent weeks. Keep up the good work. Let us hear more from this district. It's the only way we can know we are serving your best interests.

## Local Doctor Points To Problems Of Care For Indigent Hospital Patients

(Editor's Note: The following article was submitted to the News for publication by Dr. C. Skiles Thomas.)

Several months ago I began to care for a colored lady, who, because of previous surgery, would require a caesarian section for the birth of her third child. It soon became apparent that her husband could not pay for such an expensive delivery, and in fact, both husband and wife were of such low mentality that discussion of financial arrangements was almost impossible. I called the county judge to interview this family and see about aid, and my office contacted local welfare and emergency agencies. All offered vague

help, but no actual money. I promised my services free. On March 25, 1961, I admitted this lady to the private hospital owned by Dr. Prohl and me. Surgery was performed and she was delivered of a living child. One of my nurses drove to Lubbock for blood for the patient. The baby was given necessary oxygen. Dr. Prohl was out of town, and I was assisted by Dr. McKay of Lamesa, who left his office for half a day to help me. All expenses to date have been charged to our local hospital except Dr. McKay's gasoline, which he paid for. Hospital costs through Monday were \$237.20, and the only response from any agency was \$25.00 from the Sal-

If any man will come after me, let him deny himself, and take up his cross daily, and follow me. (Luke 9:23)

Vesper Point, a Christian Camp in Barbee, Indiana, overlooks two beautiful lakes. The seating arrangement among the green trees of the wooded ridge is one concrete block for each person.

The worship center is constructed of concrete blocks and a cross of rough tree limbs. It is a weather-beaten cross, a symbol of the one on which Jesus, the suffering servant, was crucified.

Once the cross was a frame used to crucify outcasts of earth. Now it towers over the world as a symbol of man's hope. The cross arm reaches out to all people—the crippled, the blind, the weak, and the strong, the poor and the wealthy, the ignorant and the educated—to bring them to God. The cross also, points upward inspiring us to come to Him.

By denying ourselves and faithfully bearing our cross, we show forth our love and gratitude to our Redeemer, who suffered to save us from sin.

PRAYER: O Lord, we give Thee praise for the hope Thou hast given us through Jesus Christ. Prevent us from ignoring, neglecting, or becoming indifferent to the cross He would have each of us to carry. In His name. Amen.

THOUGHT FOR THE DAY—Self-denial and cross-bearing are required of every Christian.—Thomas L. Henry (Indiana).

### Nazarenes Holding Grassland Revival

Rev. and Mrs. Bob Mickey of La Junta, Colo., are conducting revival services at Grassland Church of the Nazarene which began Wednesday, March 29 and will continue through Sunday, April 9, states K. B. Fitzgerald, pastor.

Mr. Mickey is accompanied by his wife, Ida Mae, who is a fine chalk artist and children's worker. Rev. Mickey is now devoting his full time to the field of evangelism

in song and music, a work into which he feels God has called him. Converted from the world of entertainment, Mr. Mickey has an unusual zeal in winning souls for Christ. His consecrated talent in singing and music render a useful part in the Kingdom work.

Services are held daily at 7:45 p. m. A cordial invitation is extended to all to attend the services.

## We Endorse and Urge the Candidacy of WILL WILSON for United States Senator

For his service to the people of Texas as District Attorney, Associate Justice of the Supreme Court and Attorney General of Texas.

For his knowledge of the governmental and economic problems of the entire State.

Because his efforts and the efforts of his staff won the Tidelands case.

Because his career has shown a continuing interest in education of our school children and college students.

For his positive stand urging cost depletion allowances to the owners of underground water who use such water in irrigation.

For his full support of present depletion allowances to the oil industry and its investors.

Because of his effective prosecution of gamblers, loan sharks, and unauthorized practitioners of medicine.

For his fine character, his active work as a churchman and civic worker.

Because he brought honor to Texas when the National Association of Attorneys General, meeting in convention in 1960, named him the Outstanding State Attorney General of the United States.

For far too long a time, charity and indigent care has been left to us without any definite plan. Such cases are a community responsibility, not the doctors'. Doctors have always been willing to contribute their services. A case in point is a local indigent man. Over the past few years, I have treated him in my office 43 times without charge.

A few years ago, we had a desperately sick Mexican "wetback" (a border jumper) who was not covered by insurance. This man was left with us and his friends never returned. Our hospital absorbed a bill of \$1613.45. When he was well we gave him a hospital blanket to warm him on his way to Mexico. There have been many smaller cases similar to this one.

We have been accused of not doing charity! Incidentally, this past year your county budget for charity was \$2,200.00. This includes all hospital bills, prescriptions, supplies and sometimes groceries. Things have changed. In 1951 the county spent \$550.00.

Would you prefer the charity case to go to Lubbock or another city? Good! Most hospital staffs will be willing to take care of charity cases, if funds are provided for the hospital stay. I might also note that Dr. Prohl and I are on the staff of the hospitals in Post, Lamesa, Brownfield, Slaton and Lubbock, and can take private cases, or charity cases, with hospital arrangements to those hospitals. Why do we work in our hospital here? It is a great convenience to stay home and a convenience to our patients, but we cannot continue to do so at a deficit.

I leave it to you. Is the entire indigent care for Lynn county the responsibility of your local doctors? Their hospital is not tax free. The expenses are paid by them, and a hospital in itself is not a money making operation. Post, Lamesa and Brownfield have City-County hospitals and have about one dollar per person in the county as their charity budget. This would amount to about \$11,000 for a county like Lynn. Incidentally, they have six, eight, or 10 doctors. And the next young doctor will go to one of these places—not Tahoka!

**Tahoka Man, Brownfield Trio Installed Officers In State Order of Odd Fellows**

Ira G. Tyler of Tahoka was installed Monday, March 20, as Grand Marshall of the International Order of Odd Fellows in Texas. He was one of four area residents to assume high offices in the order and in the Rebekah Assembly IOOF of Texas.

The ceremony took place in San Antonio.

Signal honors have been conferred on a Brownfield trio by the Order: E. V. Riley, was installed as Grand Master of the Grand Lodge IOOF in Texas; Raymond A. Simms, Grand Chaplain; and Imo Riley, wife of the Grand Master, Assembly Chaplain.

Grand Master E. V. and Imo Riley instigated; and chartered Tahoka IOOF Lodge 167 and Tahoka Rebekah Lodge 209.

A drill team composed of Brownfield Rebekah Lodge No. 56 and Tahoka Rebekah Lodge No. 209, both travelling by chartered bus, were in San Antonio for the installation ceremony. The team, labeled as the E. V. Riley Drill Team, presented a beautiful and colorful program following the installation ceremony.

The team formed a ship and anchor, emblem of the Grand Master and of the Rebekah Assembly President, Elfrieda Schreiber, outlined by aluminous batons.

Following the performance the drill team was invited to appear at the Tri-State conclave in Oklahoma and the Gulf Coast Association in Houston.

IOOF in Texas, a 125-year-old organization, has spent nearly \$400 million in a home for relief of suffering and have invested \$1.5 million in a home for the aged at Ennis and a children's home at Corsicana.

IOOF operates 63 such institutions in the Nation and was the first fraternal organization to build and operate homes for the aged in the United States.

Rebekah ladies from Tahoka attending the meeting and on the drill team were: Miss Ilene McMillan and Mmes. Callie Faye Massey, Willie Mae Childress Blanche Burrough, Evelyn Burr, Ruth Benson, Audrey Akin, Louise Wyatt, Mary Beckham, Dale Bairrington, Leona Waldrip, Wilma Tyler, Lucy Brice, Corine Izzard, Maurine McClellan and Minnie McMillan. Mrs. Beckham is the degree staff captain.

**Jaycee-Ettes In Meeting Tuesday**

Tahoka Jaycee-ettes met Tuesday night in the home of Peggy McClellan with nine members present.

The organization has announced that they will not help with the rodeo as was announced in an earlier issue of the News.

Mrs. McClellan presided in the absence of the president, Mickey Gribble. Hostesses for the meeting were Ima Pool and Janie McMillan.

Attending were Tola Wilson, Cecile Henry, Kathy Dorman, Jone Hamm, Janie McMillan, Christa Lewis, Gene Greenwood, Ima Pool and Peggy McClellan.

**Banks Support 4-H Program**

The Wilson State Bank in Lynn county has joined with other Texas banks in national support of 4-H Club work, according to County Agent W. B. Griffin.

The Wilson State Bank in Wilson made its contribution to the National 4-H Club Foundation, Washington, D. C., as part of a nationwide fund raising program.

Arvie S. Elliott, President of the First National Bank of Edna, provided the leadership for this program in Texas.

Banks in Lynn county have supported local 4-H programs for several years, Mr. Griffin said. County Bank officials feel the National 4-H Club Foundation provides an excellent opportunity to broaden their support of 4-H.

This local support has been acknowledged by Jesse W. Tapp, Los Angeles, Calif., chairman of the board of the Bank of America, who heads the campaign, and by Grant A. Shrum, the 4-H Foundation's executive director. They have indicated that this County's banks are among more than 2,600 public spirited representatives of private enterprise that are helping to extend and improve the 4-H program through the National 4-H Club Foundation.

County Agent Griffin announced that a 4-H recognition plaque will be presented to The Wilson State Bank for their "Service to Youth" activities.

## Mrs. Lam, Former Tahokan, Named "Mother Of Year" By T.F.W.C.

Lamesa—A mother of nine children, who never neglected her home but still found time to contribute her time and energies to club, school, church and civic activities, was named "Mother of the Year" of Caprock District, Texas Federation of Women's Clubs. Announcement was made Tuesday night.

Mrs. Inez Lam of Denver City, formerly of Tahoka was nominated for the honor by the Texas Study Club of Denver City of which she is an honor member.

Her sons and daughters are: Mrs. Buford (Norma Jean) Emler, eighth grade social studies instructor in Denver City Junior High School; Dr. Conrad Lam of Detroit, Mich., nationally known heart specialist; Raybon Lam, owner of a car agency at Durango, Colo.; Marvin Lam, high school principal in Washington State; Elie Lam, Wichita Falls, car agency owner; Mrs. Darlan (Ruby) Hutton, Grand Junction, Colo., homemaker and active in civic and church activities; and Miss Gwen Lam, senior vice president of a public relations firm in Chicago; Mrs. L. S. (Kathleen) Dudley, third grade teacher; and Mrs. G. C. (Margaret) Fulton, both of Lubbock.

Mrs. Lam was born Inez Hitt on Dec. 17, 1884 in Oglesby. She was married to Elie Lam in 1904 and holding a first grade state certificate, she taught in the public schools for two years prior to her marriage and a year following. With her husband and family, she moved to Tahoka in 1914. The Lams moved to Sudan in 1927, living there until 1939 at which time they moved to Denver City, a new boom town.

She is a charter member of Methodist Woman's Society of Christian Service and has held all offices in the group, as well as teaching children's and adult classes in Sunday School.

A charter member of the Garden Club in Denver City, Mrs. Lam was chairman of the committee to landscape the grounds of the public library. She is a member of the Order of Eastern Star and was al-

ways active in parent teacher work when living in a community where there was an organization, serving in offices and also as room mother. Mrs. Lam has constantly maintained an interest in community affairs and for a number of years was election clerk in the county. At present she is learning to type and serves as substitute teacher in the public schools.

In 1958 she was honored at Oglesby by being named "coming home" queen. At that time several of her former classmates and students were present to pay tribute to her.

## Guest Speaker At Honor Society

Tahoka Chapter of the National Honor Society presented Dr. C. L. Montgomery of Lubbock to the student body in an assembly program Wednesday afternoon.

Dr. Montgomery told of the medical profession careers and went into detail about nurses and doctors. He explained each of the medical teams, a term applied to doctors who join together to form a clinic and gave a brief history of medicine in Texas.

He explained that Texas medical schools have lower tuition fees than any other state. Dr. Montgomery told of the many new and modern vocations of medicine which are opening every day.

A brief question and answer discussion followed the program.

## Easter Program At W.S.C.S. Meeting

The Faith Circle of the W. S. C. S. met in the home of Mrs. A. M. Bray Monday morning when 17 women attended.

Mrs. Larry Hagood reviewed "The First Easter" by Peter Marshall as edited by Mrs. Marshall. The story, taken from sermons presented by Peter Marshall at Easter services during his ministry, was written in blank verse and presented in its original form by Mrs. Hagood.

Both the Faith and Margaret circles will meet together next Monday at 3:15 p. m. in the First Methodist Church when Mrs. V. F. Jones will begin the Bible study, "Basic Christian Beliefs."

All ladies of the church are invited to attend.

Vernon Davis was a patient in Tahoka Hospital Monday and Tuesday of this week.

## Cleaner Quotes

My, what a season—beards, chin whiskers, lip whiskers—and the kiddoes have swollen cheeks, too. Suppose there's any connection?

Your wash and wear needs Ayer-Way care. A newly installed system adds more body to your cottons without dulling colors. Did you ever wash a dark cotton dress accidentally only to find how dull and limp it came out? Starch it, and you have the whitest black you ever saw. True, wash and wear can be washed and worn, but there's really more wash and "sweat." After about three good washings, a very pretty dress you could wear just about anywhere becomes a house dress. Let us keep your fine cottons looking like new, feeling like new, with Ayer Way care.

Here are some hints for carpet or rug care. By using a real thick suds made of any home detergent, most spots and spills can be removed. The use of lighter fluids and dry spotters will not remove any water base spot. They are good only on oil and grease base spots. Simply determine whether the spots is of water base, such as coke, tea, milk and the like, and use a suds. Absorb excess dampness with a soft cloth, leaving nap of carpet standing as much as possible. Placing a chair over area to keep traffic off until dry will also keep nap from packing.

Evening gowns should never be put up soiled. Let us clean and not press them. Put them in a sealed plastic bag, then when you need to wear it, we will press it. This way spots and soil will not stain and you will have a fresh pressed gown to look your very best.

Try us and see. AYER-WAY CARE The Finest in Cleaning Using the Finest Equipment And Modern Techniques

## Durham Is Speaker At Band Banquet

About 70 band members and their dates attended the annual Band Banquet last Friday night in the City-Legion Hall when the theme was "My Blue Heaven."

Dr. K. R. Durham was the principal speaker of the evening and was introduced to the group by Mary Jane McCord, band president.

Guests were recognized, including Superintendent Otis Spears, Principal Clifton Gardner, School board member Clint Walker, and the band mothers.

A chicken dinner was served by the band mothers preceding a record dance, also held in the City-Legion building.

In carrying out the theme of the banquet, glittered clouds made of cotton sprayed blue and silver glittered stars hung from the ceiling of the room. The walls were decorated with blue clouds, angels and stars. Lights were covered with blue paper and candles were placed on the tables.

## Birthday Party At Special School

Danny Hays, son of Mr. and Mrs. A. E. Hayes, was given a birthday party recently at the Lynn County Special School in Tahoka.

Danny's mother was the hostess for the occasion. Several mothers of the Special School Parents' Club were present. Other guests were Mrs. Will Dillard, who baked the cake, and Mrs. Elgin Harper, who also helped with the party.

The honoree wore the Special School silver crown which made him king of his party. He made a wish and blew out the seven candles. Danny was a happy and well-mannered host. All of the children had a happy time.—Margaret Renfro, teacher.

REBEKAH MEETING Tahoka Rebekah Rebekah Lodge held a regular meeting Tuesday night when a new member, Jack Hudgens, was initiated into the order.

Following the report given on the 67th Assembly proceedings, a salad supper was enjoyed.

## Lady Golfers Elect Officers

The Ladies Golf Association of T-Bar Country Club elected officers at its luncheon meeting Tuesday in the club house.

Mrs. Bryan Wright succeeds Mrs. Eldon Carroll as president of the organization. Other new officers include Mrs. Kenneth Turner, vice president; Mrs. Truett Smith, secretary; Mrs. Roscoe Treadaway, tournament chairman; Mrs. Skiles Thomas, social chairman; and Mrs. Reble Thomas, play day chairman.

Other out-going officers are Mrs. Jack Alley Robinson, vice president; Mrs. Clint Walker, secretary; Mrs. Sam Edwards, tournament chairman; Mrs. Bill Cathcart, social chairman; and Mrs. Charles Townes, play day chairman.

On Tuesday a total of 33 members of the T-Bar Ladies Golf Association had paid their dues to the South Plains Ladies Golf Association, to which the local country club was recently admitted. Any member of the Ladies Golf Association is eligible to enter the South Plains organization. During the last year there were 47 members in the T-Bar Ladies Association.

The first monthly play day in the South Plains Ladies Golf Association will be held Wednesday April 5, at Meadowbrook Country Club in Lubbock. Those local ladies planning to attend must contact Mrs. Jack Smith no later than Sunday night. Pairings will be made on Monday in Lubbock, Mrs. Smith said, and notification of such pairings will appear in the Avalanche Journal on Tuesday morning.

## Two Men On Trip To Washington

D. W. Gagnat and A. C. Verner made the trip to Washington Monday with the delegation of Lubbock and South Plains business and civic leaders to point out the need of restoring commercial airline service from Lubbock to the West Coast. About 45 men made the trip.

A decision handed down March 14 by the Civil Aeronautics Board left this section without such service.

John Henry was dismissed from the local hospital Wednesday.

## Reasonover Is Rotary Speaker

"Rotary in My Vocation" was the subject of a talk by Johnny Reasonover, local manager of Southwestern Public Service Co., before Tahoka Rotary Club Thursday noon of last week.

He based his talk around world problems and the American freedoms—freedom of worship, freedom to choose a vocation to one's liking, freedom of press and speech, and freedom of the ballot. In a world of prejudice and discord, he declared, we need the principles of Rotary, "service above self," with its ideal of service, basically the teaching of "The Man of Galilee."

Tom Gill was in charge of the program.

Student guests, Jerry Pehsworth and Billy Davis, were introduced by Rev. J. B. Thompson and Happy Smith, respectively.

F. E. Redwine was a special guest of the club, and was introduced by Granvel Ayer as "the pancake flipping" man in town. He helped Rotarians cook pancakes at the recent pancake supper at which about \$300.00 was raised to support the foreign student project this summer.

E. L. Short announced the forthcoming rodeo and stated that the Rotary Club expects to make the show self-supporting without calling on businessmen for contributions, advertising, etc.

Club members were invited by Billy Davis to attend the Tahoka FFA Parent-Son banquet next Tuesday night, April 4.

Kenneth Moore remains a medical patient in Tahoka Hospital this week where he has been since March 21.

## O'Donnell Votes Bond Issues

City of O'Donnell voters last Saturday gave approval by votes of about ten to one on the proposed improvement program.

The four issues involved in the voting were:

Retiring of \$50,000 in previous waterworks and sewer bonds, carried 97 to 10.

Authorization of \$111,000 in revenue bonds for waterworks improvements, carried 93 to 13.

Authorization of \$40,000 in general obligation bonds for street improvements, carried 95 to 11.

Authorization of \$20,000 in general obligation bonds for a new fire truck and equipment, carried 98 to 9.

## Local Rotarians At Pampa Meeting

President H. B. McCord Jr., Secretary Dale Thuren, and Dr. Emil Prohl and wives of the Tahoka club attended the District 573 Rotary Conference held in Pampa Monday through Tuesday.

The sessions opened Sunday evening and continued through Tuesday. However, the McCords and Thurens returned home Monday night. They report the meeting was a fine one and that Pampa really rolled out the red carpet for the visitors.

Tahoka will be host for the annual District Assembly, a one day meeting on April 22 for new officers, directors, and committee chairmen of clubs in the Northwest Texas district.

"I can't possibly go to church," said Mrs. Jones. "I have no Easter hat."  
"Don't be upset about that," said her husband. "Your blue hat is very pretty."  
But Mrs. Jones felt that she would stand out like a sore thumb with her last year's hat. "Let's just stay at home," she suggested. "We can worship here!"  
"I'm not so sure God would approve of that," her husband pointed out. "You see, if you did that, it would show Him that you placed your hat above your heart. And God is more interested in hearts than hats!"  
Mrs. Jones had to agree. They attended church that Easter . . . with an old hat, but a new heart.  
In your new hat or old, in fancy clothes or plain, we invite you to worship with us!

### Students Attend Odessa Meeting

Craig Leslie, Perry Flippin, Larry Price and Sarah Wells, Tahoka Student Council officers-elect for the 1961-62 school year, accompanied by Floyd Tubb, sponsor, attended the Texas Association of Student Council Convention at Permian High School in Odessa, March 23, 24 and 25.

Over 1500 delegates and sponsors throughout the state were in attendance. This was the Silver Anniversary of the founding of Student Councils in Texas schools; hence, the theme of the convention was "Honor the Past, Serve the Future."

The delegates heard such distinguished speakers as Dr. Jauncey, minister of the First Christian Church in El Paso, and Louie Thrommorton, a vice president of Republic National Life Insurance Co. of Dallas.

Outstanding entertainment was provided by students from Odessa schools. Other than the general sessions, the students met in small groups and discussed the purposes and functions of the Student Council and how such an organization can benefit a school.

The Tahoka delegates and sponsor were unanimous in agreement that the convention was informative and would be very helpful in formulating plans for next year's Student Council activities.

The officers elect are as follows:

Perry Flippin, president; Craig Leslie, vice president; Larry Price, reporter; Sarah Wells, secretary; and Tony Spruiell, parliamentarian.

### Tahoka Seventh In Hale Center Meet

The Tahoka track team came in seventh in Class AA division of the Hale Center Invitation Track meet held there Saturday, and O'Donnell rated a third place in Class A.

With 27 team points, Tahoka followed Floydada, Abernathy, Tulia, Muleshoe, Morton and Canyon, who won first through sixth in that order, but led Lockney, Slaton, Dimmitt, Post and Olton.

O'Donnell made 60 T-10 points to follow Farwell and Plains and to lead Sudan, Idalou, Ralls, Hale Center, Sundown, Petersburg, Kress, Paducah, Cotton Center, Seagraves, Springlake, Silverton and Crosbyton.

Places won by the Tahoka team follow:

Second place in mile run, Lester Ford; fifth place, 180-yard hurdles, Buddy Chestnut; fourth place, mile relay, sixth place, shot put, Glen Hopkins, 40-1 1/2; second place, discus, Frank Greathouse, 125-9 1/2.

O'Donnell's wins include second place, 100-yard dash, Deryl Lavender; second place, 440-yard dash, Fernando Lopez; first place, 440-yard relay, Lopez, Bill Amaro, Dennis Jordan, Lavender; fifth place, shot put, Gerald Aldridge, 41-2; tied for second place, high jump, Rech and Weldon White; third, discus, Wendell White, 120-6, first place, pole vault, Moore, 9-9, and sixth, pole vault, Lyons.

#### Opposes Home Trade

Editor, The News:  
Trade with your home town merchants, you say! Why should we, is what I'd like to know?

Of all the businesses and business men in Tahoka, there was only one merchant at the auction at the Fat Stack Show to stand behind Tahoka kids.

Now, is this fair to these kids who work hard for these animals for months? Their parents trade in Tahoka, everything from feed to animals, clothes and groceries for the families, automobiles and farm equipment is bought in Tahoka, and then the merchants haven't the guts to stand behind the kids.

Merchants, I definitely think you ought to examine yourselves before you criticize the citizens again.—E. R.

Editor's Note: Dear E. R., you are somewhat disillusioned. The present Lynn county stock show set-up was recommended by farmers themselves—fathers of these boys—a few years ago. The set-up is not perfect. Tahoka merchants are not perfect. They are all trying to make a living just like the farmer.

A year or two ago this newspaper gave much space to explanation of the set-up. Briefly it is this: Tahoka Chamber of Commerce, assisted by Tahoka Rotary

Club, pays all expenses of the county show and donates all prizes, usually \$500. to \$700.00. In addition, a "pot" is made up for bonus money, divided among ALL the boys, winners and losers, from which this year each boy received \$4.00 cash for each pig shown, \$3.50 for each lamb, and \$11.00 for each calf, a total of \$1,925.50. True, some boys did not get as much this way as they would if the animals were bought-in at auction at Lubbock, but some other boys got much more. Lubbock, a slightly larger city with many big and rich business firms, buy in Lubbock boys' stock at high prices and make the country towns look bad. However, Lynn is the only county, so far as we know, that furnishes a fund to help all the boys some. Incidentally, more stock

are shown at the annual Lynn county show than at any area county show in West Texas. (Dawson takes in Borden county and the O'Donnell area to put on a slightly larger show.)  
Oil industry spent \$1.8 billion on production equipment and supplies during 1958 in Texas.

## Gordon-Southland

(By Mrs. Jesse Ward)

There will be a sunrise Easter service at the Methodist Church at 6:30 Sunday morning. Everyone is invited to attend.

The W. M. U. met Monday afternoon at the Southland Baptist Church. Their program was on mission study.

Mr. and Mrs. Dillard Dunn were in Dallas last week end where they met their son, Rev. Ross Dunn from Duke University in Durham, N. C. Ross is spending the week with his parents and other relatives and will leave Saturday for his return to school where he will graduate in June.

## WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Much has been written, undoubtedly much more will continue to be written, on the successful conclusion of the case of the anti-trust division of the U. S. Justice Dept. against the nation's major manufacturers of heavy electrical equipment.

For rigging prices on approximately \$2 billion worth of sales, practically all to government agencies, the corporation was supported by taxes, fines against the corporations and the corporate officers involved.

C. W. Harder, who testified that several of the corporate officers were handed out jail sentences.

There are reports that some labor leaders are gleeful over the dismantling of the big bosses. If true, this is unfortunate. There are also "sob sisters" who are weeping tears in print over the jailing of these officials who are "really very nice men." This is unfortunate. Both of these attitudes fail to recognize the principle involved here.

Rather, instead, the successful conclusion of this case should be observed as a milestone in American march back to road of free enterprise.

It is a strong indicator that the demand which has been growing the past few years at the grass roots level for enforcement of the anti-trust laws to preserve free enterprise is bearing fruit. The work of independent businessmen, continued over the shrinking of enterprise, which resulted

in the formation of the House and Senate Small Business Committees, has focused attention on what has too long been a national disgrace.

On the other hand, this case should not be taken as a blanket indictment of big business. The nationwide membership of the National Federation of Independent Business has always maintained there is nothing wrong with bigness just because of pure bigness. The evil comes in when big business forgets morality to use the power for evil inherent in the market place.

It is indeed, interesting, to note that some of the corporations immediately issued "there's nobody here but us chickens, boys" type of statements, disclaiming all knowledge of what the convicted executives had been up to.

The sentencing judge, J. Cullen Gandy, of the U. S. District Court commented, "One would be naive, indeed, to believe that such vast conspiracies involving so much money and equipment, were known to those in charge."

No corporation can violate the laws. The laws can only be broken when executives with sufficient authority take actions which move the corporation into law-breaking.

Thus, a corporation executive may be guilty of hit and run driving while driving a car owned by the corporation. Of course, the corporation is liable for any resulting damages to person or property, but this fact does not relieve the executive of his personal guilt for operating corporation property in violation of law.

Under the State Health Department's operator certification program, operators are carefully examined on their technical ability and on their knowledge of their work's influence on community health. Each must pass a stiff written test to qualify for certification.

On Feb. 25, 1933, the USS Ranger, first aircraft carrier wholly designed and built as such, was commissioned at Norfolk, Va.

## Tahoka Students Given Praise By Odessa Woman

Mrs. Brooks Harman of 1516 Parker Drive in Odessa sent the following letter to the student body of Tahoka High School in regards to the delegates who represented the local school at a Student Council meeting in Odessa March 23 through 25:

To students of Tahoka High: Your delegates to the convention are four of the finest young people I know. The boys, Craig Perry and Larry stayed in our home and won a permanent place in our family. Sarah stayed in another home, but we would have claimed her as soon as we met her, if we had been able to.

Mr. Tubb is included in our affection. The students are fortunate to have such a good sponsor. Your delegates were well chosen and represented you in the finest way.

We enjoyed having them very much. Sincerely, Mrs. Harman.

Sarah, along with three other girls, stayed with Mr. and Mrs. Gordon Daniels. Mrs. Daniels told Mr. Tubb that Sarah was the nicest one and their favorite.

### Heath Department Cites A. C. Davis

Austin—An official State Health Department citation was awarded recently to A. C. Davis of the Tahoka municipal sewer treatment department, for proficiency in sewer plant management.

The impressively designed certificates of competency, signed by the state commissioner of health and authorities of the Texas Water and Sewage Works Association credit recipients with having demonstrated "skill and knowledge" of sewer treatment plant management and an understanding of the public health importance of the work.

Under the State Health Department's operator certification program, operators are carefully examined on their technical ability and on their knowledge of their work's influence on community health. Each must pass a stiff written test to qualify for certification.

### H. W. Crews, 73, Dies Tuesday

H. W. Crews, 73, of Lubbock, a former Lynn county farmer and businessman, died Tuesday morning in West Texas Hospital.

Funeral services were held at 3:00 p. m. Wednesday at the Calvary Baptist Church in Lubbock, of which he was a member, with Rev. Jesse Young, Sundown, and Dr. W. E. Thorn, pastor, officiating.

Crews lived in several areas of Lynn county before moving to the Slide community 30 years ago. He had lived in Lubbock the past 16 years, where he was a member of the IOOF, was a former member of the board of directors of Lubbock Realtors, and a member of the Lubbock Optimist Club. He came to Lynn county from Collingworth county.

Survivors include his wife; one son, L. C. Crews, Ruidoso, N. M.; three daughters, Mrs. R. F. Cook of Idalou, Mrs. Louis Henderson of Goodland, and Mrs. J. T. Edgar of Levelland; one brother, R. S. Ward of Lubbock; three sisters, Mrs. Grover Gable of Gene Autry, Okla., Mrs. Ryan Kerr of Altus, Okla., and Mrs. D. L. Boyer of Seiling, Okla.; two step-sisters, Mrs. R. N. Whiteside and Mrs. Stella Renfro, both of Mart; and three step-brothers, J. C. Gable of Ventura, Calif., Grover Gable of Gene Autry, Okla., and Rufus Gable of Ardmore, Okla.; eight grandchildren and nine great grandchildren.

### Deputy Sheriff Out Of Hospital

Deputy Sheriff Doyle Woody of Wilson was moved from a Temple hospital to the home of his daughter, Mrs. Elder McCarty, 619 Brunson, in Midland last Thursday, according to Martin White of Stanley Funeral Home.

Mr. Woody had been in the hospital about three weeks and had an operation for a pinched spinal cord, the result of having been hit on the back of his neck by a prisoner some weeks previously. The pinched cord was threatening to paralyze the lower part of his body. He will not be able to work for a few weeks, but is reported to be recovering.

following which E. L. Short, new president of Tahoka Chamber of Commerce, was elected chairman of the temporary show barn committee.

He appointed A. M. Bray, W. T. Kidwell, and Bill Griffin to a committee to have petitions drawn and signed for calling of an election on the proposal.

There was considerable discussion pro and con on the amount needed to build a building suitable for the county's needs. All were of the opinion this much would probably not be needed, if the Fair Association contributes its funds and property, but everyone in the group at the meeting seemed to agree that no chances should be taken on not having enough.

The decision will be up to taxpayers of the county.

The show barn in use recently, owned by the Fair Association, burned about two and a half years ago. It had already become too small for the Junior Livestock Show held each March.

The facilities would also be made available for meetings of the Lynn County Pioneers Association and other large group meetings. In off seasons, part of the large barn would be rented out to car dealers for storage to pay upkeep expenses.

When the petitions are signed, they will be presented the Commissioners' Court for the calling of the bond election.

Judges were Lloyd Jones of Wilson, Mrs. Benny Pryor of New Home and Mrs. Ray Adams of Tahoka. J. B. Howell was pronouncer.

The Flippin family is not new to the county spelling bee. Last year Jack Flippin was the Tahoka winner and came in third in the county with Jean behind him at fourth place in Tahoka schools.

The county winner's hobbies include music, athletics, teaching in Bible school, reading and writing. Jean sings with Mrs. Harold Green's triple trio, plays the piano, organ, and French horn in the band. She has no off periods at school so music study is done after school and in the summers.

She participates in basketball, volleyball and also enjoys bowling and horseback riding. In her school work, Jean has been an honor roll student since beginning school and has had perfect school attendance for the past four years.

In addition to these many activities, Jean reads most of her spare time and wants to write a book this summer.

May 7th through 14th has been designated as Soil Stewardship Week. The theme of the week this year is "The Reward of The Steward."

Terrace lines have been run, and terraces are being installed on the following farms: Mrs. Ethel Tate, Hubert Teinert, and J. L. Turner. Farms are located in the Wilson community. Terraces are being constructed with cost share assistance through the A. C. P. program.

L. B. Burk, who farms in the Grassland community is installing approximately 13 acres of level benches. The sloping land is being leveled, and length of runs cut back to facilitate better use of irrigation water, and to conserve and make use of rainfall.

A basic soil and water conservation plan is being developed on

Burk's farm which includes use of all crop land within its capabilities, and treatment of soil according to its needs.

### Former Tahokan Succeeds In City

D. F. (David) Reddell, 38, son of Mr. and Mrs. W. A. (Bill) Reddell of Tahoka, is the equipment designer on the largest telephone job of its kind in the world, according to a story in Monday's Dallas Morning News.

D. F. is doing the engineering work plans for \$6,300,000 worth of equipment to go into a new eight-story building covering nearly a city block for Southwestern Bell Telephone Co. on Bryan street in Dallas, which will be completed in 1962. When complete, this will be the biggest cross-bar switch building in the world, which is for direct long distance dialing.

D. F. graduated from Tahoka High School in 1939, spent four years in the Army, received his degree from Texas Tech in 1946, and since that time has been with Southwestern Bell. He has moved up the ladder with the company as an electrical engineer.

Mrs. J. D. Davis was admitted to Tahoka Hospital Tuesday as a medical patient.

## Weldon Bailey Of Wilson Is Finding Profit In Native Perennial Grasses

Written by: William M. Miller, Agronomist, Big Spring, Texas; R. D. Kamp, Soil Conservationist, Tahoka, Texas.

Native perennial grasses are proving to be a useful and economical crop for Weldon Bailey. Mr. Bailey lives 5 miles northwest of Wilson, Texas and is a cooperator of the Lynn County Soil Conservation District. Bailey has been growing grass for seed production since 1956. Some of the species of grass that he has are sand bluestem (Woodward), Indiangrass, switchgrass (Grenville and Blackwell, green sprangletop, sideoats (El Reno and Premier), and weeping lovegrass. This past year he decided to graze some of it. It seemed to him that a lot of good forage was going to waste on those seed plots. The forage also presented problems in seed and irrigation.

On May 30, 1960 eighty head of calves, with average weights of 450 lbs. apiece, were put on 5 acres of Woodward sand bluestem. These calves were moved to 15 acres of Indiangrass on July 1, 1960. They grazed here until Sep-

should have been. The Indiangrass tember 1, 1960. Both of these plots received 60 lbs. of nitrogen in February and were prewatered with 3 inches of irrigation water. This was later followed with a 3-inch water application in August. By September 130 pounds per acre of clean seed had been harvested of the sand bluestem plot. The grazing probably reduced the seed harvest by at least two-thirds on the bluestem, and the Indiangrass was not harvested for seed. The calves were moving back on the 5 acres of sand bluestem for the first three weeks in September. At this time they could have gone to market, but seed had been harvested from other ungrazed plots and there was ample forage to be utilized.

Bailey makes a conservative estimate of his weight gains as 1 lb. per head per day on the Indiangrass and sand bluestem. This would figure about 460 lbs. of beef per acre. Bailey feels that this can be improved with better management. He feels that some of his calves were not as thrifty as they was spot grazed. Next year he plans

to run some temporary fences and make 5-acre pastures to correct this. This year he fertilized with nitrogen only. Next year he plans to use a complete fertilizer. He feels that this will improve the quality of the forage.

Bailey has found another value of having native perennial grass in the cropping system. This value is the conditioning effect it has on the soil. Bailey is also a cotton farmer and has had problems with cotton following cotton every year.

This year, in one of his cotton fields, a heavy infestation of wilt was incurred. Next year this field will be planted to Grenville switchgrass. He feels that this system of farming has helped him improve his cotton yields over the past few years. Bailey would be one of the first to tell you that there are problems in following this system. Probably, one of the biggest is getting a good seed head out of the sod the first year following the grass. Switchgrass is one of the tough ones to break up. He observes that green sprangletop and Plains bristlegass are relatively easy to put back into cultivation. With the cash income from seed and grazing and benefits of soil conditioning, he plans to continue this type of an operation, because it is sound and profitable.

### Notaries Public Must File Soon

Secretary of State Frank Lake announced that all qualified Notaries Public desiring re-appointment for the new term ending June 1, 1963 must re-qualify by the payment of the required fee and the filing of a new oath and bond with the County Clerk of his residence between June 1, 1961 and June 10, 1961.

Lake emphasized that Notaries Public should not send requests for re-appointment or for commissions directly to the Secretary of State. The law specifically requires that the County Clerks approve notary bonds.

Any person not now a Notary Public who desires appointment should apply to his County Clerk between April 1, 1961 and May 20, 1961. Application during this period will assure prompt attention before the rush procedure of re-appointing present Notaries.

The Secretary of State further pointed out that each person applying for a commission as a Notary Public must be at least 21 years of age and a resident of the county for which he is appointed. The exact name and permanent address of the applicant must be furnished the County Clerk.

# Printer's Ink-lings

By F. P. H.

Here's a reason The Printer is almost afraid to come to town on Friday mornings. Last week a news story concerning the City Zoning Commission said Mayor McCord had received many COMPLAINTS on the work of this body. The word should have been COMPLIMENTS, but our Linotype misread our original copy.

We have heard no complaints on this body, and we believe it is doing a good job in protecting property owners from having shacks or temporary and makeshift structures erected in areas of the town where such would depreciate existing properties.

and some kidding concerning our conservatism and criticism of "our president." In this instance, we're not deeply concerned in whether our president is Democrat or Republican, for both parties seem dedicated to the theory that "Washington knows best," state and local government should be unimportant, and politicians of both parties are selling out our American heritage for votes and thereby leading us down the road to a centralized Federal government, a socialistic state. Both parties are catering to the minorities while the vast majority of middlemen are forgotten men. We would like for our nation to remain a democracy but every session of Congress,

every meeting of the Supreme Court, every whim of some bureaucrat who goes around Congress by having a new regulation put into effect by publication in the Federal Registry—results in the losing of more freedoms. Our Constitution may as well not exist.

Furthermore, we are becoming a nation of people looking for a hand-out from the Federal government. Politicians promote more and more do-good programs. They send us Federal aid, a meager amount compared to the Federal taxes we pay, and we "suckers" think we're getting something for nothing.

We think we'll vote for Bill Blakley for senator just because his voting record already shows that he stands for the old American principles and will not be stamped by a bunch of Harvard college professors, the crowd of do-gooders, the Labor bosses, and the northern liberals who are willing to sell America down the river for political advantage and a few votes of the minorities.

Maybe Will Wilson is the man, but we don't feel he has quite the courage and strength of Blakley. We have nothing against him. John Tower, the Republican, has the right thinking, but we doubt if a Republican can be elected in the run-off. Jim Wright claims to be a middle of the road man, but his voting record is with the Hubert Humphrey type of Northern liberals. The other two leading candidates, Maury Maverick and Henry Gonzalez, are ultra-liberals all the way, and they're the men to vote for if you favor a socialistic state. Our own Wesley Roberts of Seminole is our kind of folks, but we doubt if he has any chance to get in the run-off. There are 64 other names on the ballot. Vote your choice, but vote!

We hope the new grain program works out for the best, but it now looks like this is the foot in the door that will take away the rest of the farmers' rights. This program is said to be the President's pet baby. It seems to us that, with all the men in our country with experience in dealing with farm problems, it is a shame and a pity.

that this program has to be the brainchild of a Boston millionaire politician who doesn't know a spade from a boll of cotton and never labored for a dime of his own, an ex-governor of Minnesota who admits he knows little about agriculture, and a college professor from the University of Minnesota. We refer to President Kennedy, Secretary of Agriculture Orville Freeman, and their advisor in farm economics, Dr. Willard Cochran.

Our sympathy is extended to one of our oldest citizens, long our good friend and loyal subscriber, Mrs. W. A. Yates, now 92 years of age, on the loss of her son, Madison Yates of Lamesa. Mrs. Yates' optimism, cheerful and friendly disposition, energy, keen interest in everything about her, and faithfulness to her family and friends have long been an inspiration to us and other friends.

A. M. Jackson, former owner and publisher of the Slaton Slatonite, who died Friday of a heart ailment, wrote one of the most interesting columns, "Just Talk," in that paper. He had retired several years ago because of his health, but he still got a big kick out of living as reflected in his weekly column. Slaton has lost a valuable citizen, and we have lost a friend.

Arlis Askew and Hollis Sweeney and wives were returning home last Saturday night from Terry county when they almost ran into a dead cow right in the middle of the pavement west of Newmoore, evidently killed by some motorist an hour or two earlier. After much effort they were able to move the cow off the pavement and thereby possibly saved some one a wreck. Arlis says he didn't know a dead cow was so hard to move, but what puzzles him most is why a motorist would be so thoughtless as to drive away and leave a dead cow on the pavement as a threat to lives of innocent people.

Prospector: What kind of town do you have here? What kind of people do you have?

Home-Towner: What kind of town and people did you have where you came from?

Prospector: Aw, that's why I'm leaving. I didn't like the people.  
Home-Towner: Well, I'd suggest you not move here. You'll find just what you had in your home town—people you won't like.

"And there I was," a convive was telling his cellmate, "making big money—about a quarter of an inch too long."—Santa Fe Magazine.

A woman was greatly annoyed because her husband obviously enjoyed being crowded next to a pretty blonde in the elevator. Suddenly the blonde turned around, slapped him and said, "That will teach you to pinch girls!"

As the couple got off the elevator the man said to his wife, "But I didn't pinch her."  
"I know," said his wife. "I did."

**Wants Bowling Alley**  
I have lived in Lynn county only fifteen years, and in that time what little money I have had to spend has been spent here. We all strive to be home town backers but I understand that there is an out-dated city ordinance that drives money out of our town and county. I speak of entertainment and recreation offered in surrounding

I certainly do not blame people for going out of town as there is no substitute here. By actual count on a recent Friday night there were 54 Lynn county citizens in one bowling place. They weren't spending Lubbock, Terry, or Garza county earned dollars but good old Lynn county dollars.

Why don't our city fathers look into this situation and then some enterprising person or persons correct it?  
—Tahoka Citizen.

Editor's Note: City officials tell us there is no Tahoka city ordinance prohibiting either bowling alleys or skating rinks. In fact, a member of the council has tried to encourage location of a bowling alley here. Since a bowling alley costs \$50,000 to \$100,000 minimum, we imagine the cost has been a factor. For its size, we think Tahoka does pretty well in furnishing recreation—City park and playground, junior baseball for all ages, swimming pool, golf club, trap shooting, tennis at the schools, two gymnasiums for school children, picture shows, library, Scout programs, bridge, a community building for 42, dominoes, dances and other parties available to anyone at a small cost, calf roping, and now a rodeo. Of course, a bowling alley and skating rink are missing, but what town this size has all the above facilities? We even have that other popular sport—gossip—that is available for free.

Mr. and Mrs. Ronnie Gurley, West and Greta, and Jay Gurley, student at ENMU, are spending the Easter holidays here with their parents and grandparents, Mr. and Mrs. Jess Gurley.

Your Neighbor **MAURICE CAIN** Uses  
**LIQUID FERTILIZER**  
How About You?

**MAURICE CAIN**, who lives 3 miles south west of Ropesville, is a booster of Liquid Fertilizers. "To me it's the SOLUTION to my fertilizer problem. I am putting down 60-lbs. of Nitrogen, 48-lbs. of Phosphate and 8-lbs. of Potash on my irrigated cotton land. I definitely feel that SOLUTIONS will give as good or better results than other types of fertilizers if used properly. I particularly like the uniform application I get with my tail-wheel drive squeeze pump applicator. I'm rigged up so that I can side-dress and cultivate in one operation later in the season. I can also see a big labor and time-saving by being able to apply more acres per day as compared to other kinds of fertilizers," said Mr. Cain.

Cain is farming 1200 acres—500 acres of cotton and 700 acres of grain. Last year he averaged about 1 1/4 bales per acre . . . "and I would have made more had I side-dressed at the right time. I feel very strongly that in order to realize the most out of fertilizers they must be applied at the right time. I was late on side-dressing last year, consequently I didn't get the full benefit that I would have gotten had I been a few days earlier," said Cain. Why don't you do as Cain has done—see your local Lee-Quid Soil-U-Phos LIQUID FERTILIZER dealer . . . he has a SOLUTION for any Fertilizer Problem.

**Mexican Mission In State Contest**

The Mexican Baptist Mission of Tahoka has entered the 1961 Texas Baptist Church Achievement Program, Pastor Jose T. Tenorio announced this week.

Sponsored by the Baptist General Convention of Texas, the program is designed to stimulate interest in small church work by providing growth incentives. Outstanding pastors and churches in areas of church, community and world improvement are recognized locally and at the annual BGCT convention.

More than 790 Texas Baptist town and country churches entered the program last year. Some of the churches recorded twice as many baptisms per member as the Southern Baptist Convention averaged. Others recorded outstanding increase in Sunday School attendance and gifts to missions.

Pastors recognized in each of the denomination's 17 geographical districts receive parchment scrolls and the churches and missions receive achievement certificates which may be displayed in a prominent position.

Churches in the open country and in towns of up to 2,500 population and all Latin American Churches and missions are eligible to enter the program. About two-thirds of the denomination's 3,876 churches are classified as town and country congregations.

Records and scrapbooks of program progress are made under direction of the three special committees. The scrapbooks are the basis for judging on the associational, district and State wide levels.

Darwin Farmer, direct missions associate for the BGCT in Dallas, is in charge of the program. He stated that the churches' total membership in active service is the program's primary value.

**Local Men At Co-op School**

Several Tahoka men attended a four day school for directors and managers of farm cooperatives March 13-16 at Texas Tech, where they received instructions in their duties, responsibilities, legal, accounting and financing problems and public and membership relations.

Those attending from Tahoka were Curtis Stevens, John F. Thomas, and Edgar Hammonds, Jr. of Farmers Cooperative Ass'n in Tahoka and E. A. Hargrave of Tahoka Co-Op Gin. They were among 140 men from all over the state.

In addition to receiving instructions, the group toured various cooperatives in Lubbock, including the Oil Mill, Co-op Compress, and the Marketing Association.

**Dates Too Early Are Frowned On**

There have been many social and economic changes in our culture, which, in turn, have caused changes in behavior patterns in our society. Some of these changes are good, but a great number are harmful.

There was a time when parents and the church molded the ideals of youth without much outside competition. Increasingly, our youth are being molded by movies, broadcasting, popular literature and advertising, which have different ideas to sell.

The mounting figures for divorce show that something drastic has happened to the concept of marriage in many people's minds. The Kinsey reports documented the change that has occurred in the sexual behavior patterns of adults as well as adolescents. In regard to the care of children, the parents have sometimes gone beyond the ideal of understanding them in order to guide them more wisely, to a timid or casual-permissiveness.

Parents have been exposed to

new concepts of rearing their children which had the effect of decreasing the self-assurance and firmness they needed, more than ever, perhaps, to guide their children through these unstable times.

All things considered, it seems remarkable that a greater proportion of our youth is in school than ever before, studying harder, in most cases, and showing a greater maturity in their understanding of the world than their parents and grandparents did. But are we doing as much as we could to guide them? As parents? In the schools and churches?

According to Dr. Spock, well known authority, "I think that parents who feel that early dating and going steady are inappropriate are within their rights—and also doing their child a favor—to interfere tactfully." Children who are unfortunate enough to break the moral laws, come to their adult friend in tears and ask, "How can I regain my self respect?" Always the story is the same. "I was allowed to start dating too young (i. e., the seventh and eighth grades), and I was allowed to date older boys."

Since children of 12 and 13 are not mature enough to use good

judgment, it is up to the parents to refuse dating privileges. This should be done to protect the child. Dr. Spock says, "It should be the effort of the parents, the school, the community to see that teenagers are not cast in the inseparable role of going steady until marriage is a near possibility." Talk early to your child about the dangers of dating too young, and also of the danger of the constant companionship of go-

*"I'm spoiled..."*

*"and so is the rest of the family!"*

From the happy expression on young Sarah, there seems to be no question that she would be uttering the above words could she but talk. For, she, like the other members of the James Lattimore family in Levelland, Texas, never fully realized the comfort one can have in the home until electric heat is installed. Truly the Lattimores feel they have been "spoiled" — that they could never go back to old-fashioned heating methods.

One unit, the electric heat pump, keeps the Lattimores warm in winter and cool in summer — personal comfort — electrically!
