

# Printer's Ink-lings . . .

By F. P. H.

We wonder how many pioneers remember that Tahoka once had two newspapers at one time. The Tahoka Informer, edited by Geo. M. Hill (no relation of the present owners), was published for six months in 1910, the year the railroad came. Mr. and Mrs. H. C. Crie were owners of The News at that time.

Our dad bought The News from R. B. Haynes, now at Miami, taking charge on November 1, 1923. Our brother, E. I. Jr., who recently retired after 30 years in the Government printing office in Washington, D. C. came up from Sweetwater and helped him run the paper a while. Albert Curry, now in the commercial printing business in Dallas and the brother of Mrs. Borden Davis, was the Linotype operator.

The Printer and Mae arrived in Tahoka on June 1, 1924. We had just gotten out of West Texas State, gotten married, and came to Tahoka on the train. We rode down from Slaton on the "Blue-weed Special," and as the train neared the little town, the conductor called out, "Ty-ho-kee." Mama and Dad met us in the Model T and we got an apartment at the S. N. McDaniels'. Except for one year as printer in the Nolan County News at Sweetwater, we've been here ever since.

The first man we met was "Uncle Bud" Brewer, and he bluntly asked, "Are you a Ku-Kluxer?" Mr. Brewer was an anti-Ku-Kluxer, and the Klan was the principal topic of conversation at that time. The second man we met was Charley Brown, late husband of Mrs. Pearl Brown, and he told us one of the stories for which he is almost legendary. Then we met Mr. and Mrs. John Donaldson, and next Mr. and Mrs. McDaniel.

We thought it fitting to recall those days at this Pioneer-Reunion time. But, in thinking back to 1924, we became pretty sad in thinking of the pioneers who have passed on. Lum Haney had come up the year before, and Don Bradley and Skip Taylor were in the abstract business, and Walter Slaton was

at the front desk around at The First National. No one else we can think of was in business here then who is still in the same business. Or course, Belton Howell had his finger in something. Grover Stewart was Higginbotham-Bartlett manager and Cicero Smith and Woodridge Bros. were the other two lumber yards.

Local doctors were Dr. E. E. Callaway; Dr. L. E. Turrentine, Dr. C. B. Townes, and Dr. J. H. McCoy. Dr. E. J. Cook, father of Howard, was at Wilson, Dr. C. P. Tate was at O'Donnell, and Chas. F. Shook was a chiropractor. Dr. S. H. Windham had just recently been murdered. Dentists were Dr. J. R. Singleton and Dr. L. D. Stephen. Attorneys were C. H. Cain, L. C. Heath, B. P. Maddox, and G. E. Lockhart.

With Mr. Slaton at the First National were Ance Lockwood, Bill Nevels, Raymond Weathers, and "Casey" Jones of Plains. At the Guarantee State was Coleman Wells and Carl Griffing Sr.

There were a lot of cotton buyers, including Harley Henderson, Marcus Edwards, maybe Frank Stuart and son Travis. Eli Lam was one ginner, Mr. Allen had a gin, and maybe Jack Edwards was another. Anyway, there were four gins.

A new era was just starting in Tahoka, and Wm. Zappe was agent for 30 sections of T-Bar ranch lands being sold at \$30 an acre. Other real estate agents were Ed Redwine and S. B. Hatchett, Charlie Thompson and J. Anson Coughran, and P. H. Northcross. John L. Greenfield, and Charley Brown. Agricultural development was on the up and up. Cotton ginnings in

the county were 25,000 bales for 1923, and 38,000 for 1924.

Knicht and Brashear had a big merchantile establishment that handled everything from millinery to flour, horse collars and Overland Cars (\$695) as did J. S. Wells & Sons, H. M. Larkin, and The McCormack Stores (mother of Mrs. D. W. Gaignat). Mr. Brashear was the father of Mrs. Elbert King and Temple Brashear, and Mrs. J. E. Nance and Mrs. M. M. Boyd. J. W. Small had a dry good store, and Geo. Small was in the hardware business.

Jake Leedy was running a cafe. Ira Doak was selling Star cars but was soon to get back in the barber business. Chess Connolly was Ford dealer, T. J. Bovell and Frank Weaver ran Tahoka Service Station. Wyatts had a grain, feed and coal business, Roos Ketner ran The Limit, and Thomas Bros. of course, had their drug store. R. H. Turner and Son had a grocery, as did C. C. Johnson and B. R. Tate, Ed Park a meat market, J. C. Welch a meat market, and Billy Brandon and Rube Lewis had wagon yards. George Hart and George Smith had barber shops.

Leonard Craft had a tailor shop, Mrs. Gladys Stokes, Uncle Ben Rogers, and J. B. Lowrie were sel-

ling insurance, F. C. Hairston ran the St. Clair Hotel. Uncle Jim Fleming ran a dray line, Ben King a hack, and George Short had mules for sale.

Of course Ethel and Hall Robinson were right here and Hall was representing Southern Mortgage Company. Aunt Becky Roberts had just sold her cafe on the west side. W. T. Clinton was Magnolia agent, John A. King operated a daily auto line between Tahoka, Post and Brownfield, J. A. Stroud owned Tahoka Dairy, Leonard Craft a tailor shop, Jesse May was the jeweler, C. B. Keltner was building his brick hotel building.

Jack Reeves, operated a hamburger stand in a wooden shack where Rutherford's now stands, made enough money that fall to buy a quarter section of land.

E. L. Howard owned the Star Theatre, and Harley Sadler shows came each fall. Tahoka had a golf course in T-Bar pasture southwest of town with "modern cottonseed hull" greens.

Rev. J. M. Dosier was Baptist pastor, and the Methodists under the leadership of Rev. J. T. Howell were building a new brick church. M. C. Richey was leading singing schools. Rev. J. F. Curry was Baptist Missionary.

John L. Greenfield was president of the Chamber of Commerce, and Brown Bishop was the full time paid secretary.

Dr. J. R. Singleton was mayor, Jim Weatherford was city secretary, W. S. Anglin was manager of the city light plant, A. M. Sullivan was city marshal, Tex Jones was pound keeper.

C. H. Cain was county judge, B. F. Maddox, county attorney; Happy Smith, clerk; Sam Sanford, sheriff and tax collector; Mrs. Zoe Lowrey, treasurer, Clark M. Mullican, district judge; Gordon B. McGuire, district attorney; and Uncle Ike Metcalf, justice of the peace.

Henderson, Mrs. L. F. Craft, Mrs. Caveness, Harvey Blackstock, Leta Carmack, Ruby Windsor, Mrs. R. O. Moore, Dovie Colleenback, Agnes Morton, Mrs. Evans. The old school, torn down years ago, was being remodeled.

There were 24 schools in Lynn county, at Tahoka, New Lynn, Pride, T-Bar, Redwine, West Point, Lakeview, Draw, Midway, Morgan, Joe Bailey, New Home, Edith,

Three Lakes, O'Donnell, Wilson, Joe Stokes, Dixie, Gordon, Grassland, Petty, Wells, Magnolia, and Newmoore, and there were 2,973 scholastics as compared to 2,210 in 1923.

We've probably left out a lot of names above. But, we could write pages about the people that made up Tahoka 38 years ago. It makes us sad to think that so many of the oldtimers are no longer with us. They were a great lot.

A hen-pecked husband is just an average man who gets too much of a good thing in the way of a better half.

Read Psalm 91:11-16  
What time I am afraid, I will trust in thee. (Psalm 56:3.)

Many years ago I was impressed by the story of a miner's son whose daily task it was to carry his father's lunch to him at noon. In order to reach him, the little fellow had to pass through a dimly lighted and, to him, a frightening area. Other workers regularly heard him repeating over and over: "What time I am afraid, I will trust in thee."

When we become adults, fear of some physical dangers generally leave us, but others replace them. We fear personal failures and wrong decisions. We fear that we may fail in directing our children properly toward the straight and narrow path, or that they will succumb to temptations they face on every hand.

Oh, the strength-depleting fears and anxieties we could avoid if only we could exercise the simple faith of the miner's son! May we never lose touch with the sustaining, protecting power of our loving Father in heaven.

**PRAYER:** Our Father, give us, we pray, such a close walk with Thee that our fears may be replaced by the comfort and joy of Thy holy presence. In Jesus' holy name we pray. Amen.

**THOUGHT FOR THE DAY**  
The perfect love of the Father can cast out fear in His children. —Kate L. Sharp, Homemaker (Georgia)

With the cost of living so high today, a great many people find they can't afford to work for what they're worth.

**WASHINGTON AND "SMALL BUSINESS"**  
By C. WILSON HARDER

Once again Whittier, California, has come into the news. This suburban town east of Los Angeles, founded by Quakers, is the home bailiwick of Ronald Cameron, a member of the Legislature of California, who has introduced quite a far reaching bill in the hopper of the current session of the Golden State's Solons in Sacramento.

This bill, if it becomes law, will require all retailers who give trading stamps, to offer their customers the choice of stamps, or cash discounts.

Legislator Cameron, on introducing his bill said the new law he seeks "would free the reluctant customer from the trading stamp hoax."

It is his contention, based on his studies of the situation, that merchants pay from 2 to 3 per cent for the stamps and that this percentage is added onto the price of merchandise.

He points out that a large drug chain deducts three per cent from the sales price of all merchandise returned by a customer unless the customer returns stamps he received on purchase of the goods.

He also states flatly there is no intention to outlaw stamps, as he feels that people who want to continue to buy stamps should be able to do so. "If you want 200 stamps with \$20 worth of groceries, you can have them by paying \$20. But if you don't want stamps, you only have to

pay \$19.40, or 3 per cent less for not buying the stamps along with the groceries."

In another Western state, Wyoming, the matter of trading stamps is also again in the spotlight as one of the nation's largest stamp operators has asked the Wyoming Supreme Court to review the decision reached at year's end upholding the constitutionality of a state law outlawing stamps.

The Supreme Court also upheld the ordinance passed by the city government in Casper, Wyoming, outlawing stamps.

In still another Western state, Arizona, the Supreme Court came to another decision.

On a question involving state sales tax matters, the Arizona Supreme Court rules trading stamps are not cash discounts.

In handing down its decision, the court issued a very interesting viewpoint on the question of trading stamps.

For the court ruled that trading stamps are a "promotion scheme to induce the public to purchase merchandise from its dealers exclusively."

The Arizona court did not touch upon the matter as to whether or not this constituted an attempt at restraint of trade as this question was not raised in the case.

But it is indeed interesting that there is a judicial opinion that the operators of a stamp plan seek to sew up the consumers trade exclusively with the retailers handling their stamps. It would thus appear there is grounds to investigate if these plans enter into the illegal area of restraint of trade.

M. S. Craig, who farms two miles northeast of Tahoka, has planted 181 acres of forage sorghum to be used as a dead litter cover next spring in which to plant a mixture of native grasses. The forage sorghum will be shredded to prevent it from going to seed and competing with the grass seed. The dead litter forms a good mulch for seeding grasses, prevents damage from sand due to wind erosion and conserves moisture by reducing evaporation loss.

Hubert Aldridge, who farms one-half mile north of Redwine, has seeded 22 acres to Blue Panic grass. The Blue Panic will be used to fur-

nish grazing for beef cattle. Cost share assistance for the cost of seeding was received through the Great Plains Conservation Program.

A young lawyer had been retained by a farmer to prosecute a railroad for killing 24 hogs. He wanted to impress the jury with the magnitude of the injury. "Twenty-four hogs, gentlemen, twenty-four" twice as many as there are in the jury box."

A dam-type pond comprising 13,500 cubic yards is to be constructed on the T-Bar Ranch. The cost of the pond, which is to provide livestock water, was shared through the Great Plains Conservation Program.

Stocking rates were increased from one animal unit to 50 acres to one on 20 acres by cabling 6,000 acres of brush on the Kent Morgan ranch in Howard county. The area was reseeded with Sideoats Grama, Blue Grama, Switchgrass and Green Sprangletop.

Kind words never die—they just become victims of ingratitude.

## Farm Facts

The U. S. Department of Agriculture reports that 1960 was the best crop year we ever had. Total production was 8% above the previous high of 1958.

Acres harvested was about 1% below 1959, but good yields for a majority of most crops pushed total production over the top.

About 10 crops had record yields per acre in 1960. Corn, sorghum grain, peanuts, tobacco, rice, and hay were among them. A half dozen crops just barely missed. Among them were wheat, oats, soybeans, barley, dry beans, and potatoes.

These crops accounted for about 90% of the total acreage harvested.

Food grain production was a fifth above 1959, yet 5% below the record output in 1958. Wheat ranked up the second largest volume on record.

The "big four" feed grain crops—corn, sorghum grain, barley, oats—topped their previous record of 1959 by 3%.

**Crop production in 1960 broke all records.**

Farmers planted an estimated 229 million acres, 6 million less than in 1959, and the smallest acreage in nearly 45 years. In the past 12 years, the total crop acreage harvested has dropped over 30 million.

Our grandson, a junior in high school, submitted the following poem in English course in Irving, Texas. He also plays football. We share it here with justifiable pride (we think).

"Reward"  
(By Dickie Dortch)

A penny for your thoughts,  
A quarter for your dreams,  
A dollar for some peace and quiet  
So you can think about things.  
A pillow for your head,  
A stool for your feet,  
A cup of broth, a bit of bread  
Will make your day complete.  
A lifetime for your thoughts,  
Forever for your dreams,  
Heaven for your peace and quiet  
Where you can think about things.

Mr. O. D. Orr, route 1, Tahoka, planted 60 acres of DeKalb E-56 in April.

His statement follows:

"There was nothing wrong with the seed. I got a perfect stand; in fact, a good stand. I have lost quite a bit of this field due to high winds and sand covering up the plants. If and when it rains, I will probably plant over about 40 acres.

"Mr. Thuren has already been out and checked with me. He has assured me I will be furnished DeKalb seed to replant this field FREE OF CHARGE. This is the first time I have ever received free seed for replanting. It is a fine thing."

Vernon Davis is making steady improvement in Tahoka Hospital where he was admitted a few weeks ago after suffering a heart attack.

**Crop Measuring**

(Cont'd. From Front Page) Bank contracts must be checked and recorded.

If trends established in recent years continue, about eighty per cent of all farms will have cotton planted in excess of the farm allotment, thus requiring re-measurement of about 1,150 farms to bring them in compliance. Farmers concerned will be required to pay these costs.

Rush Dudgeon, Performance Supervisor in charge of the field operations, estimates that the job will take about two and one-half months to complete and will involve a payroll of approximately \$17,000, not including pay for the nine regular employees. Farmers are urged to give reporters their full cooperation.

The ASC office is continually striving to do a better job for the farmer and a more economical job for the taxpayers, but must depend on the full support and cooperation from farm people.

**Pvt. Jerry Hays At Fort Jackson, S. C.**

Fort Jackson, S. C., June 22—Private Jerry D. Hays, son of Mr. and Mrs. Noel L. Hays, Rt. 5, Tahoka, has been assigned to Company C, 3 Battalion, 1 Training Regiment at Fort Jackson, S. C. for eight weeks of Basic Combat Training. This is his first phase of six months active duty training with the U. S. Army and a part of the obligation he incurred upon enlisting in the Army Reserve. His Army Reserve unit is 190th Signal Bn., Tahoka, Texas.

He will be taught rifle marksmanship under the U. S. Army's TRAINFIRE program which enables the modern soldier to become a better rifleman in less time than previous methods. In this program, most of his training consists of firing his rifle at pop-up targets at unknown distances on terrain which duplicates combat areas. Other highlights of his intensive training include squad tactics, bayonet and hand-to-hand combat, and crawling the infiltration course while machine gun fire is popping overhead. Many of his instructors are combat veterans of World War II and the Korean War.

As a climax to the first phase of training, he will march with his battalion in a review before the commanding general of Fort Jackson. This ceremony is witnessed by relatives and friends of the trainees who attend the "open house" held by each company on graduation day.

**Westbrook Speaks At Men's Bible Class**

Charles Westbrook of Corpus Christi, ministerial student at McMurry College in Abilene, and acting as youth director at Tahoka Methodist Church this summer, taught the Sunday School lesson at the Men's Downtown Bible Class last Sunday.

His subject being "The Tongue", he stated that being only three inches in length the tongue can in-sight a mob or calm a nation. Rev. Westbrook also said that men can tame all kinds of wild animals but it depends on an individual to tame a tongue. The tongue can slander, gossip, or win a nation-wide election, but it is all up to the individual as how it is used.

TAHOKA, TEXAS "Heart of the South Plains" FRIDAY, JUNE 23, 1961

### College Tests Results Are Good

The News has received the results of Lynn county's high school seniors that took the American College Entrance Tests in April. Good college promises were shown by most all students taking the tests, according to John U. Nelson, county supervisor of guidance.

The tests were given at Texas Tech for all colleges. Each student designated to which college he wanted the tests results sent. Tests were scored and mailed from ACT in Iowa City, Iowa.

A number of Tahoka seniors had previously taken and passed another college entrance test, the college board test.

On the American College Test, Vickey Hamilton and Mary Jane McCord made the highest scores at Tahoka.

Darwin Lee Finch, Ronnie E. Harston, Juan Rodriguez and Becky M. Gregg, made high scores at New Home.

Wilson's high scores were made by Margaret Crowson, Nancy J. Wuensche, Lynn G. Young and Rodney C. Maeker.

Results or highest scores made by O'Donnell seniors were not available at The News at press time.

Results of the tests were made known at the 1961 conferences of Texas' county superintendents, school administrators, and instructional supervisors June 12, 13, and 14 at Texas A&M College, College Station.

A. M. Meekma, extension dairy specialist, says most herds would produce enough additional income to pay the farm taxes if every cow produced a calf every year. Breeding problems prevent most herds from reaching this goal, however, and the resulting loss amounts to millions of dollars annually. If your cows require three or more services per conception, you've got trouble. Consult your veterinarian before you lose more money.

Turkeys and fresh peaches are the featured items on the USDA's July Plentiful Food List. They are supported by a refreshing array of summer vegetables, fresh plums, watermelons, cantaloupes, eggs and shrimp. All of these items are expected to be plentiful at Texas markets throughout the month of July.

### Mrs. Bertha Perkins Buried In Amarillo

Funeral services for Mrs. Bertha Ramsey Perkins of Amarillo, formerly of the Redwine and O'Donnell communities, were held in Amarillo Wednesday, June 14. She died of a heart attack.

Mrs. Perkins was born August 29, 1888 in Kentucky and moved to Oklahoma when she was 18 years of age. The family came to Texas in 1920. She was well known by many Lynn county people.

She is survived by eight children, 26 grandchildren, 13 great grandchildren, two brothers, one sister and eight step-children.

All of the children were together last week for the first time in 22 years.

Children attending the services were: Mr. and Mrs. Leonard Ramsey, O'Donnell; Mr. and Mrs. Larena Harris, O'Donnell; Mr. and Mrs. Lee Clinton, Oklahoma City, Oklahoma; Mr. and Mrs. Albert Ramsey, Happy; Mr. and Mrs. Fred Ramsey, Dallas; Mr. and Mrs. Eugene Ramsey, Dallas; Mr. and Mrs. Mae Wilson, McCamey.

### CAPITAL PUNISHMENT

There is a movement under way in this state to do away with capital punishment. Capital punishment is society's only weapon with which to protect itself against a criminal type who values no one's life except his own.

These thugs who would murder, rape and pillage without sympathy for their victims and without so much as a twinge of conscience know full well that even a life sentence means only a few short years in prison.

These crooks do not fear prison. They do fear death because death is so permanent.

We agree that the death penalty should be invoked only in extreme cases. Cold blooded murder and rape of the innocent are extreme cases and call for extreme penalty.

We hope the people of Texas will have the good sense to demand that the death penalty be retained and our homes and children protected from the predatory breed which does not fear prison—Troy Martin in Canyon News.

The way money goes these days it would be easy to convince people that it is printed on fly paper.

The chance-taker is the accident-maker.

### O'Donnell Girl Enters Draughon's

Miss Nelda Stalcup, daughter of Mr. and Mrs. J. H. Stalcup, Rt. 2, has entered Draughon's Business College in Lubbock this summer where she is majoring in secretarial work.

She is a 1961 graduate of O'Donnell High School where she served as class secretary during her senior year. She was vice president of the FHA Club and active in many other school activities, including being manager of the girl's basketball and volleyball teams.

Kind words never die—they just become victims of ingratitude.

### Right-of-Way Check Received

Austin, June 22—A check for \$16,963.28 for right-of-way payment was sent to Lynn County today by the Texas Highway Department.

The sum forwarded in partial payment for the state's share of the cost of the land needed on U. S. 87, between Lubbock county line and a point 2.0 miles north of

Tahoka. The check will be transmitted by District Engineer Oscar L. Crain of Lubbock to the Lynn county Commissioners' Court.

While county and state share the cost of the right-of-way, the Texas Highway Department bears the cost of title insurance and pays the entire cost of appraisal work ordered by the Department. Checks for these items have already been forwarded from the Texas Highway Department to the parties concerned.

**ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES!**

**Galaxie styling is inspiring more admiration (and imitation) than any other car on the road!**

This is the look that started with Thunderbird—sired the Galaxie—and quickly became the styling success of the Sixties.

Many cars have tried to copy it. No car has succeeded. Incomparably beautiful, the 1961 Galaxie maintains its distinction—as originals always do.

Styling is only part of Galaxie's distinction: this is the car that's beautifully built to take care of itself. The '61 Ford goes 30,000 miles between chassis lubrications . . . 4,000 miles between oil changes. Brakes adjust automatically. The muffler is built to last three times as long as ordinary ones. The body is specially treated to resist rust and corrosion. The finish never needs waxing.

Wouldn't it make sense to STOP spending money on an old car that can never do for you what a new Ford can do?

SWAP right now while your Ford Dealer's sales are booming—and the swapping is easier than it's ever been before.

SAVE with the Ford that makes saving fun!

No. 12 In A Series of Stories About—

# Businesses that Make Our Town "Tops"!

As hard-working townpeople, we are apt to overlook many personalities and programs that aid in making Tahoka a fine and prosperous place in which to live.

Among the folks who deserve recognition and reward for outstanding help in reaching our town goals are the businesses and business men that serve our town and area.

The Lynn County News, Tahoka, Texas

June 23, 1961

To acquaint you with the folks and firms that mean much to us, The Lynn County News is printing a series of stories about these people and places. We know you will be interested in the stories we tell. We also feel that when you have need for what these friends and their firms sell, you will reward them with your purchases.

(By Frederic de Vries)

## ONE OF TAHOKA'S OLDEST BUSINESSES IS— TAHOKA DRUG

With the exception of only one other business, Tahoka Drug has been under the management of one man longer than any other Tahoka business.

L. C. Haney came here in 1923, and has been here ever since, ever maintaining a clean, neat and modern store with up-to-date fixtures and merchandise. Assisting him in operation of the store are his wife, "Stone," who came here as a teacher; his son-in-law, Johnny Wells, store manager; and daughter, Frances Marion or "Bitsy," who is a graduate pharmacist.

Like many other things, times have changed in the drug business in the last 38 years. Fixtures then would be considered old-fashioned now, prescriptions were filled from a vastly more limited stock of drugs simply because many present day drugs had not been discovered. A mortar and pestle—a druggist trade mark—and a pair of "show globes" (oval-shaped handing glass balls) identified the standard drug store, and there was the cigar clipper at the front counter.

Mr. Haney has kept up with the times by remodeling often, and the present day store has all the most modern fixtures and stock, with the latter arranged for easy access of the buying public. It's a hackneyed phrase. But, Tahoka Drug is "as modern as tomorrow."

But, it's in the prescription department that revolutionary changes have taken place that never meet the layman's eye. Medical science, research, and professional

skill and know-how have developed so many wonderful new drugs that have caused pharmacy to develop similar to the advance from the horse-and-buggy life to the missile age.

Compounding prescriptions has become a highly technical business, and the two registered pharmacists at this store have the training and experience and the ingredients for properly filling your doctor's prescription.

The Haney and Wells appreciate the opportunity to serve the people of Lynn, and they welcome you to come in at any time just for a coke or cup of coffee, a smoke, prescription, stock drugs, and sundries, gift items, candy, Hallmark cards for all occasions, toys and games, toiletries, school supplies, newspapers and magazines, and the scores of other items.

Mr. and Mrs. Haney have been active in local civic affairs ever since they have been in Tahoka. Mr. Haney has served on the school board, the city council, as president of the Rotary Club, and in many other capacities. Mrs. Haney has been head of and a worker in the Garden Club, the Phebe K. Warner club, and active in other ladies' affairs.

The younger generation, Mr. and Mrs. Wells, were both born and reared here, and are active in affairs of the community.

This is strictly a home town business that deserves the patronage of home town people.

TAHOKA DRUG, shown above, has been in the same location 38 years, but has been modernized several times in its history. It is one of the nicest, neatest and cleanest such stores in this area, both inside and outside, and the policy of L. C. Haney has been to keep up with the latest in drug store merchandise and the latest developments in prescription ingredients.

## HOME TRADE PAYS!

A community such as ours is built and maintained and prospers by trading that goes on within it; not by the dollars which we allow ourselves to be persuaded to send off or carry off to some other community.

Our schools, our churches, most of our homes and jobs or businesses, the number and sort of neighbors we have, the ability of our stores and service establishments to take care of our daily and emergency needs—all of these depend upon local trade—money spent here at home.

## SOME OF THE DOLLARS YOU SPEND AT HOME Put Money In Your Pocket!

Yes, directly or indirectly, the dollars spent with your home merchants invariably help you in some way—for some of them come back to you in many ways.

But, dollars spent with competitive business firms in Lubbock or elsewhere, will help furnish few of the conveniences you enjoy by having a convenient trading place.

Your home town merchants pay taxes that help support your county and city governments, the police force and the fire departments that help protect your homes, the city paving and the rural roads, make possible a water supply and sewer system, and many other services. They help build and maintain our schools.

The home town merchants help to make possible our churches, our civic institutions, clubs and parks. They make possible your recre-

ation programs such as Little League, Boy Scouts, etc. Some of them even help neighboring communities of the county with their projects.

But, these same merchants do not ask for trade of the citizenry simply because of these facts. They try to handle quality products that the public wants and needs, to back up these products, to render service in the fields they represent, to be a friend and neighbor in all things.

These merchants contribute to local charities, many community projects that make living here more enjoyable, to the churches, lodges and school projects. They are ready to help when misfortune strikes a citizen of the area.

They are not always cold-blooded, seeking only the dollar, but expect to give the community something in return.

What if we had no trading center here? We would not have if everyone did their trading elsewhere. This would be an inconvenience for all of us. We would have little community life. Many of us would not have jobs so that we employees could contribute to the welfare of the community.

The business firms of Lynn County are owned and operated by your friends and neighbors. They welcome the friendship and patronage of all people of the area. They do not beg for this trade, but they do appreciate the patronage of those who live around them and expect to give value for the dollars spent with them.

The merchants' advertising on this page truly welcome your consideration.

The progressive businesses advertising in The News appreciate an opportunity to serve you at any and all times.

Mothers worry when drivers hurry.
