Lyntegar Is Planning Session August 8th

Lyntegar Electric Cooperative, Inc., is making plans for its annual membership meeting which will be held in the Tahoka High School football stadium on the night of Tuesday, August 8, according to Garland Pennington, manager.

Following the dinner served for members and their families and a brief entertainment program, necessary reports will be made on the progress and financial structure and the election of two new directors for three year terms.

Nominees for two positions on the board, submitted by the committee on nominations are:

District No. 2: Kenneth Purteil, present director, and Lloyd Hahn, both of Brownfield.

District No. 5: G. Q. Hensley, Tahoka, route 2, present director, and R. T. (Jack) Brewer, O'Donnell, route 3. Mr. Hensley is the present secretary of the board.

Claude James Is Buried Saturday

Claude James, 49, well known New Home farmer who was injured in a traffic accident on May 10, died last Friday at 8:55 a. m. in Lubbock, where he had been a patient.

A host of friends and relatives overflowed the New Home Baptist Church at funeral services Saturday afternoon conducted by Rev. Paul McClung, pastor, assisted by Rev. Wayne Perry of Ropesville. Burial followed in Tahoka Cemetery under direction of Stanley Funeral Home.

James was born at Mullin, Mills county, on August 6, 1911. He moved with his parents to Post in 1934, and was married to Miss Mary Ellen Inman, then of Dixie, in Tahoka on February 29, 1936. The couple lived at Post and Grassland until 1943, when they moved to New Home.

Claude was critically injured in a two car collision at the intersection of the Slide road and the New Home road in Lubbock county Wednesday morning, May 10. He had been to Lubbock to assist a friend being released from the hospital, and in returning home collided with a car driven by Ford Bell, 47, of Lubbock.

Suffering from fractured neck vertebrae, head and back injuries, he was partially paralyzed, and from the very first grave fears were held for his recovery. At least twice, surgery was performed in effort to save his life.

During his long days of suffering, friends and neighbors took turns staying at or near his bedside to render any help possible, and nearly \$1600.00 in cash was contributed to help the family with the expensive treatment and hospital care necessary.

Survivors include his wife, Mary Ellen; one daughter, Mrs. Harold (Gloria Ellen) Crooks of Meadow; two sons, Gayland and Wayland Lee of the home; and three grandchildren; his mother, Mrs. Angie James, Tahoka; three brothers, Jesse James of Tahoka, M. O. James of Seagraves, and J. M. James of Sherman; and six sisters, Mrs. L. W. Gandy of Tahoka, Mrs. Aron Bean of Brownwood, Mrs. Miri Wilkins of Tahoka, Mrs. Pete Ethridge of Rotan, Mrs. James Brooks of Slaton and Mrs. Johnnie Inman of Muleshoe; Mrs. Brooks was Claude's twin sister.

TOM HALE IMPROVES

Deputy Sheriff Tom Hale, who has been under treatment in a Lubbock hospital for a hip ailment, expects to be able to return home this week end.

Tom says that when President Kennedy had his back ailment the newspapers gave him front page headlines but he (Tom) only got a small news item in the "old home paper."

Draw Reunion Here July 16th

The annual Draw school reunion will be held all day Sunday, July 16, in the Tahoka City-Legion building, according to Weldon Martin, who is in charge of arrangements.

About 150 people are expected for the event. There will be a dinner at noon, all-day visiting, and recalling of many past experiences in the southeastern Lynn county community.

All residents and former residents of the community are invited to attend the meeting.

Women's Golf Meet Wednesday

T-Bar Country Club in Tahoka will host next Wednesday, July 12, to approximately 100 lady golfers of the South Plains Ladies Golf Association. This is the first time the local club has been host to such an occasion.

Ladies will be here for the day from Lubbock Country Club, Hill crest Country Club, Meadowbrook Municipal Course, Plainview Country Club, and Brownfield Country Club.

Tee-off time will start at 8:00 a. m., and coffee and doughnuts will be served the ladies prior to start of play. Luncheon will be served at noon.

All local ladies who expect to play are requested to register their names with Mrs. Jack (Jewel) Smith by this Sunday night.

Flag Tourney Held Tuesday

About sixty players participated in the flag tournament on Tuesday, the Fourth of July, at T-Bar Country Club.

Winner in the men's division was Tommy Spears, 10-year old son of Supt. and Mrs. Otis Spears, Thomas Jolly was second; Elmer Rice, third; and Jack Smith, fourth.

Winner of the ladies' division was Mrs. Irene Spears, Mrs. Jewel Smith placed second; Mrs. Venita Hamilton, third; and Mrs. Mary Wright and Mrs. Anita Billman tied for fourth.

Merchandise prizes were presented winners.

Bill Haralson Is Coach At Houston

Bill Haralson, former Tahoka High School coach, is moving to Houston with the entire Sherman High School coaching staff for similar positions in Smiley High School of that city.

Haralson left Tahoka to become coach at Childress High School, but after a year there took the backfield coaching job at Sherman.

MRS. ELLIOTT RETURNS

Mrs. Peggy Elliott has bought the nice brick residence of J. A. Pebsworth on North Seventh Street, and she and children are moving back to Tahoka from Brownfield. Mr. Pebsworth has moved to the home formerly occupied by James Phillips on North Fifth.

ERROR IN PAPER

Mrs. Eunice Lois Gryder, 72-year old Wilson resident who died June 23 in Methodist Hospital, Lubbock, was buried in Wilson Cemetery instead of Tahoka Cemetery as was stated in the last edition of The News.

Mr. and Mrs. Harley Henderson and her sister, Mrs. Minnie Crausby of Crosbyton, are on a vacation trip to northern New Mexico this week end.

Some Postal Rates Increase

Increases in money orders and special delivery rates went into effect here on July 1, according to W. E. Smith, postmaster.

Charges for money orders in the \$1 to \$10 bracket will be 20 cents, up to \$50 will be 30 cents and up to \$100 will be 35 cents. The fee change is five cents higher on the latter bracket, but the main charge has been in the rearrangement in the range of the brackets.

Special delivery rates below two pounds will remain the same, with the rates on parcels over two pounds going up 10 cents in each category.

Parcels over two pounds will be increased from 45 to 55 cents; two to 10 pounds from 55 to 65 cents, and over 10 pounds from 70 to 80 cents.

No changes will be made in first class mail or in domestic air mail rates. Surface rates on mail to Canada or Mexico will remain the same at four cents.

But surface rates to other foreign countries will go up from 8 cents to 11 cents.

Readjustments have been made in overseas air mail rates with some going up and others coming down. Rates per half ounce of mail to Europe is 15 cents, Asia 25 cents, and South America 15 cents.

O'Donnell Plans Cemetery Work

The O'Donnell Cemetery Association has scheduled a barbecue chicken supper for this Saturday in the O'Donnell school cafeteria, announces Mrs. H. L. Wood, president.

Serving time will be from 5:00 until 8:00 p. m. Mrs. Wood said that plates may be picked up and carried home for \$1.25.

Jackson's Drive Inn is preparing the barbecue, Mrs. Roy Line is making doughnuts, and there will also be red beans and potato salad, coffee and tea.

Proceeds are to be used for a concrete tile fence for the cemetery. A contract for 400 feet has been let and the association is trying to obtain more. The group is also contemplating a wrought iron arch way and name over the entrance and to landscape the west side of the cemetery.

R. A. TAYLORS ADOPT SECOND LITTLE GIRL

Mr. and Mrs. R. A. Taylor of O'Donnell, route 3, are the proud parents of a second little adopted girl who was born on June 29 and weighed six pounds and 14 ounces at birth.

Their first adopted daughter is Lana Jo, now age five.

SUFFER HEART ATTACK

Bill Cathcart suffered a light heart attack Thursday and was admitted to Tahoka Hospital. He was dismissed Tuesday but will be confined to bed for three weeks.

Mrs. J. W. Barrington of Houston who had recently visited here and known by many local residents, is reported to be seriously ill in Providence Hospital in Waco. She had undergone surgery last Thursday.

4-H Club Girls Hold Workshop

The Tahoka 4-H Clothing Workshop was held July 5, 6 and 7 in the home-ec cottage, states Mrs. Connie Anderson, home demonstration agent.

Girls making skirts and blouses were Pat Sarten, Susan Chancy, Bonnie Edler, Lexi Adams, Quaydene Pool, Jane Owens, Sue Woodall, Thresa Mason, Sandra Bragg, Donna McAlister, Arlene Stephens and Lynda Akin. Zackie Oliver made a skirt.

Making home projects were Judy Connolly, Sherrill Nevill and Sarah Wells.

Helping with the workshop were Mmes. Wes Owens, Clyde Thomas, Elmer McAlister, Lester Adams, Edward Pool, Bill Chancy, and Roy Stephens.

Right-of-Way Check Received By County

Austin, July 6—A check for \$3,067.30 for right of way payment was sent to Lynn County today by the Texas Highway Department.

The sum forwarded is partial payment for the state's share of the cost of the land needed on U. S. 87, between Lubbock County line and a point 2.9 miles north of Tahoka.

The check will be transmitted by District Engineer Oscar L. Crain of Lubbock to the Lynn County Commissioners Court.

While county and state share the cost of the right of way, the Texas Highway Department bears the cost of title insurance and pays the entire cost of appraisal work ordered by the Department. Checks for these items have already been forwarded from the Texas Highway Department to the parties concerned.

Cawthron Should Have Stayed In Bed

A. G. Cawthron of New Lynn thinks there are some days when a man would be better off if he just stayed in bed.

One day recently, he was trying to crank his tractor. The old "mule" kicked him, broke his glasses, blacked an eye, and bruised his head.

A. G. came to town to get a new battery. While in the store briefly, some one ran into his car and broke both headlamps.

Congratulations:

Capt. and Mrs. Thomas G. Ziek of Ft. Benning, Ga. on birth of a daughter on June 15. She was named Robin Marie and weighed 8 pounds 2 ounces. The mother is the former Josephine Raindl, daughter of Mrs. Claudia Raindl.

Mrs. J. R. Wyatt was admitted to Tahoka Hospital Wednesday morning as a medical patient.

Every day is a safety day.

"HANK" ARENDSE

Foreign Student Is Guest Here

Hendrick Arendse from The Netherlands arrived here late Sunday where he will spend the summer as the seventh consecutive foreign guest of Tahoka Rotary Club.

He will live in the homes of local Rotarians and is presently staying with the A. M. Bray family.

The 25-year-old college graduate is teacher in a school for 6 to 12 year olds and has about 28 pupils. He has his Master's Degree and Mr. Bray says he plays the piano very well.

Flame Cultivation Program Subject

The Young Farmers are sponsoring a meeting on Flame Cultivators to be held at the school cafeteria in Tahoka Monday night, July 10 at 8:00 p. m.

On Tuesday, July 11, a demonstration will be held, the time and place to be announced at the meeting.

The program will be brought by a representative of the High Plains Research Foundation at Halfway, Tex. Everyone interested is urged to attend, states Wayne Huffaker, reporter of the Young Farmers Organization.

Charlie Holland At Ball Clinic

Charlie Holland, son of Mr. and Mrs. Wade Holland, attended a baseball clinic in Lubbock June 30-July 1 sponsored by the Houston Baseball Ass'n.

Out of the 120 boys participating in the clinic, 28 were asked to return July 1 for a game and Charlie was one of those honored.

Mr. and Mrs. A. M. Bray also took their son, Andy, to Lubbock and the baseball officials told him he had a good arm for baseball.

Johnny Dotson, 16-month-old son of Mr. and Mrs. L. V. Dotson, is a medical patient in the local hospital where he was admitted Monday.

Every day is a safety day.

Wilson Principal Resigns Position

Bill Vardeman resigned Friday as principal of Wilson High School, Leroy Scott, superintendent of Wilson public schools announced.

Vardeman, who had been principal at Wilson five years, resigned to accept a post with the Levelland schools.

Scott said the post is open to applications. He added that Wilson also needs a band director and a fourth grade teacher.

Old Time Scene Was O'Donnell

The old time picture on the front page of The News in the issue of June 23 was O'Donnell about the year 1910, and was not a picture of Tahoka, as the "cut-lines" indicated.

The News had the engraving in its file and someone had erroneously labeled it "early day Tahoka scene."

Last week, O. G. Smith had the following to say in the O'Donnell Index-Press in regard to the error.

"Last week The Lynn County News let its slip show and gave Big O a chuckle. A picture of O'Donnell in 1910 was run on the front page saying it was early day Tahoka. The Index has run the picture numerous times. We still think the court house will be moved down here some day—and we know the Bro. Hill of The News knows it too. Lots of towns wish they had Big O's friendly ways. O. Well."

W. M. West, 80, Rites Thursday

Funeral services for Wiley Matt West, 80, of Brownfield, father of Mrs. Bert Stice, Tahoka, were conducted Thursday at 2:30 p. m. in Brownfield.

Officiating at the services was the pastor, the Rev. Von Worten, assisted by the Rev. Joe Webb, pastor of Sweet Street Baptist Church, Tahoka. Burial was in Tahoka Cemetery.

Mr. West, a retired farmer and stockman, had been ill for some time. He died at 9:00 p. m. Tuesday in the Lamesa Nursing Home where he had been a patient 11 days.

He moved to Brownfield in 1940 from Littlefield and was a native of Fannin county. He had resided at Littlefield 14 years before moving to Brownfield.

Survivors include his wife and three daughters, Mrs. Dessie Shipley, Littlefield, Mrs. Stice, and Mrs. Flodell Todd, Brownfield; five sons, O. C., Clyde and Melvern West, all of Brownfield, Lowell, Deming, N. M., and Herman R. West, Levelland; 28 grandchildren and 23 great grandchildren.

GANNAWAYS SELL FARM

Mr. and Mrs. C. E. Gannaway have sold their farm west of New Home to Harold Gene Franklin, and are building a new home in New Home just north of the Church of Christ.

Mrs. Kate Poer and her son, Mr. and Mrs. Jim Ed Poer and three children of Lubbock returned Wednesday from a trip to Taos, Santa Fe, and Red River, N. M. where they had spent five days.

4-H And FFA Boys Will Make Trip

Eight O'Donnell boys, four 4-H club members and four FFA members, will leave Monday, July 10, on a four day educational tour sponsored by O'Donnell and Lamesa cooperative gins.

The tour will include visits to plants, museums, etc. in Lubbock, Amarillo, Santa Fe and Albuquerque. James Regd, vocational agriculture teacher at O'Donnell, will accompany the group.

Representing 4-H clubs will be Ronnie Wood, Harold Bessire, Louie Birdwell, and Greg Reed. Names were not available to The News of the FFA boys selected for the trip.

ENLARGING HOME

Dr. and Mrs. C. Skiles Thomas are remodeling their home on North Fifth by building two bedrooms and bath and enlarging the den, which will have sliding doors which opens onto the patio.

Mrs. G. C. Shaffer was reported to be slightly improved Wednesday in Tahoka Hospital where she has been a medical patient since June 27.

New Laws Affect Use Of Telephones

Two new Texas laws affecting the use of telephones will go into effect on August 1, and citizens of Lynn county are warned about the improper use of such telephones in violation of these laws.

The two bills passed in the recent session of the Texas Legislature are Senate Bill 309 which has to do with fraudulent use of the telephone, and Senate Bill 266 which deals with the obstructing the use of a party line during an emergency.

"Some pathetic things have happened here in Texas when persons would not give up the line for an emergency call, and telephone

companies and individuals are being cheated out of thousands of dollars through fraudulent use of the telephone," a company official stated. The current legislation is an effort to curb such situations.

According to Senate Bill 309 it is a misdemeanor to obtain telecommunication service with the intent to defraud any individual or company through the use of fictitious telephone numbers or false credit cards.

Defrauding or misrepresenting through the use of a code or any prearranged trick or scheme where the telephone is involved is also covered in the bill.

Charging calls to false, non-existing or discontinued telephone numbers is classified as a misdemeanor by the legislation and carries up to a \$1,000 fine or up to one year in jail for violation of the law.

Senate bill 368 states that it is a misdemeanor to maliciously obstruct emergency telephone calls or to secure the use of the telephone line by falsely claiming that an emergency exists.

Any person refusing to immediately relinquish a party line when such line is needed for an emergency call to a fire department, police department, medical aid or ambulance service after having

been informed that an emergency exists, will be guilty of a misdemeanor.

Also any person who secures use of a party line by falsely stating that the line is needed for an emergency will have committed a misdemeanor, under provisions of the new bill.

Fines of \$25 to \$500 or up to one month in jail are the penalties levied on a person guilty of violation of this law.

Mrs. H. G. Anderson was admitted to Tahoka Hospital Saturday after having received neck and back injuries in an auto accident.

Printer's Ink-lings . . .

By F. P. H.

Our government is going further in debt just about every time Congress passes a new bill. President Kennedy evidently has already forgotten his campaign promise to reduce taxes. He now says taxes may be reduced by more spending. Maybe the same thing would work with our county and city governments. Maybe it would work with individuals. But, we doubt it. We have never been able to spend more than we take in for a very long period and get by. The U. S. now owes nearly \$300 billion dollars, and still is making no plans whatever to reduce this debt.

Last year we listened to much of the Democratic National Convention. One delegate had the audacity

to offer a resolution favoring the working out of a plan to reduce the National debt. The convention delegates greeted the proposal with a crescendo of "Noes."

Last fall, we expressed great displeasure with the Democratic platform. Our old friend, Congressman George Mahon, and some of our local friends declared, "Oh, you needn't worry about the platform. Platforms are just made to run on, and most of the planks are soon forgotten. Congress still has the authority to pass on its proposals." Well, what about it now, George? Seems to us the liberal platform writers meant what they said and are pressuring Congress into passing many of the proposals that lead further and further toward a socialistic state.

Anyway, through rulings by the Supreme Court and the growing power of bureaus, Congress is losing a lot of its power. Our founding fathers conceived a government of checks and balances, composed of legislative, judicial, and administrative branches. The judicial has taken unto itself the task, in effect, of making laws. The administrative—the bureaus—are usurping more power through edicts without the consent of congress. If the trend continues, our congress will become just a "wet nurse" at the birth of a socialistic state. And, we're not far away, now!

First 1961 cotton blooms were reported Monday by Harvey Freeman, who farms northeast of town. Harvey's cotton which is now blooming was planted on April 17.

Not all the "windies" are put out by Texans. Here's one we picked up in Colorado: "The area of Colorado is almost twice the area of Texas," blows a Colorado native. "For scenic advantages, a lot of our land runs up and down."

"Beautiful scenery! Magnificent!" bragged the Coloradoan to the Texan. But, the Texan replied, "Oh, I don't know. Take away the mountains, the trees and the lakes, and what have you got?"

A Colorado farmer sold a load of wheat in town, then decided to buy himself a new outfit of clothes. He put them in a box in his wagon and started home. When he came to the bridge over the roaring river, he said, "Whoa, mules, I'll just put on my new clothes right here and drive home. Want to surprise my wife." So he shucked off all his old clothes, threw them into the river and watched them disappear. Then he reached for the box of new duds. Lo and behold, they had been stolen. Here he was stark naked without even a blanket to wrap up in. Finally, he picked up the reins and said, "Waal, giddup, mules, we'll just surprise her anyway."

Mr. and Mrs. Earl Wrestler have completed a very modern motel in north Tahoka which is an asset to the town. But, until it gets established with the traveling public, the owners may not be able to keep it full. Drop by and inspect this new Tahoka business, and then send the Wrestlers customers, if you have opportunity to do so.

In reporting the birth of the Johnny Raind's new daughter last week, The News said the little lady weighed 88 pounds and six ounces. Johnny says this is a slight exaggeration. He thinks The Printer got so used to telling big fish stories that exaggeration has become a habit. Anyway, Mary Gayle is a fine little girl.

Mrs. G. B. (Thelma) Sherrad says she especially enjoys our travel stories. If we had a little more money and a little more time, we'd take more trips and write more of them—but about one or two a year will have to do.

Mrs. Paul McDonald joins The Printer in shedding a tear because of the fact that each year there are fewer of the real oldtimers at the Pioneer Reunion. Those attending the event in late years are largely second and third generations of the old-time families. But, it still is the most enjoyable event for these old time Lynn county families.

Mrs. Ella McLaurin of Odessa was in the other day to subscribe for The News, which she had been missing for some time. After living in Lynn County 47 years, the last six years in Odessa, Mrs. McLaurin said she just had to have The News. Says she still loves all the Lynn county people.

There's seldom a dull moment in our block, where there are about 15 kids of all ages. The other day, lacking for excitement, some of the kids decided to create some. Tommy Smith stretched himself out on the curb, while Terry McCord ran into the Jack Smith home to inform the Smiths Tommy had been hit by a car. Pandemonium broke loose as Jewel, Jack, and some visitors rushed out to find Tommy playing "possum."

We are really making progress these days—going modern. Some of the hymn book publishers have left out, among others, that wonderful old hymn, "The Rugged Cross."

A sister of Jake Jacobs found this prayer somewhere and sent it to her brother and wife:

"Lord, thou knowest better than I know myself that I am growing older, and will be old some day. Keep me from getting talkative, and particularly from the habit of thinking I must say something on every subject and on every occasion. Release me from craving to try to straighten out everybody's affairs. Keep my mind free from the recital of endless details—give me wings to get to the point. I ask grace enough to listen to tales of others' pains. Help me to endure them with patience. But seal my lips on my own aches and pains—they are increasing and my love of rehearsing them is becoming sweeter as the years go by. Teach me the glorious lesson that occasionally it is possible that I may be mistaken. Keep me reasonably sweet; I do not want to be a saint—some of them are so hard to live with—but a sour old woman (or man) is one of the crowning works of the Devil. Make me thoughtful but not bossy. With my vast store of wisdom, it seems a pity not to use it all, but thou knowest, Lord, that I want a few friends at the end."

Mrs. Welch Flippin says she really enjoyed her recent visit to New York City, but while there she would have given anything in the world for some little word from home. The city is fine to visit, she says, but those folks up there can have that kind of life—she'll just spend hers in good old Lynn county.

Tahoka FHA Girls At Lake Thomas

The girls of the Tahoka Chapter of Future Homemakers of America who plan to work on their State Degrees went to Lake Thomas Wednesday of last week.

They set the goals which they will strive for in achieving this degree. The girls who are planning to work on their State Degrees are: Carol Jean Allen, Jan Brown, Vesta Dudgeon, Loretta Short, Darlene Tekell, Frances Willhoit and Rose Scott.

Mrs. Vernon Willhoit, Mrs. F. B. (Madeine) Hegi, local advisor, Donna Copelin, and Judy Thomas accompanied the girls.

Clem Honored At Family Reunion

Justice of the Peace C. A. Clem was given a surprise birthday honor Monday night when 52 members of his family gathered at the Gaines County Park Club house for a picnic and family reunion.

Among those attending were Cecil and "Slick" and Mrs. Bob Connolly, all of Tahoka, Urcil of Slaton, and Wier of Levelland and their families. The surprise party was arranged by "Skeet" Clem of Seagraves.

The Judge says it was a great occasion for him, and everyone seemed to enjoy the meeting very much.

By RUDY EVINS

Weed beds and rock piles are some very likely places you'll catch those tankers but many a time you'll have trouble with weeds and snags if you're not using a weedless rig.

It sometimes happens that your favorite deep-running lure doesn't come equipped with a weedless rig. In this case take your eye away from the television set for a minute and do a bit of rigging yourself.

Actually, there isn't much to do to make a weedless lure from your favorite artificial bait. Just connect a rubber band to the eye of the hook and slip the other end over the barb. If you have a double hook just slip the rubber band through the eye and slip the ends of the rubber band to the barb of their respective hooks. It won't keep the fish from being hooked because when they strike the rubber band slips from the barb.

One thing you have to remember about hooks, says the Evinrude Boating Foundation. There is no single hook that suits all situations. Hooks come in different sizes and shapes. Hooks with long shanks are usually used for tying streamers and other artificial bait or for live bait when fishing walleye or northern. Short-shanked hooks are used for panfish and certain short-bodied flies.

What type of hook a fisherman uses is a matter of preference. Some anglers feel that an offset hook—one with the point bent out of a flat plane, hooks fish best. Others contend that the flat bend—one with the whole hook in one plane, is the best.

The shape of the hook, the size of the wire, and the type of barb to use is a matter for debate among all fishermen. Whatever hook you prefer be sure that it will hold up under the stress and strain of the fish for which it is intended and that it is secured to your line properly.

Happy boating... and fishing, too.

Everyday Religion

By I. B. Thompson

An amazing green plant called SAXIFRAGE grows on ledges of bare rock in the Rocky Mountains. With no dirt for its roots, it clings to the rock and lives through wind and storms. The secret, they tell us, is simple. Saxifrage seeds contain a strong acid which rots the rock. It thus makes its own soil for its roots to cling to.

Here is a clue for those who are forced to stand in barren places in life. When we live with God he gives us inner spiritual power to make our own spiritual soil. Then we can hold on and grow no matter where we are.

The way for many of us often becomes rocky and hard. Instead of running away we need to find in God the rugged courage and strong resources to stand our ground and do our duty. When we put on the "whole armor of God" we can meet the responsibilities of life and grow in spiritual power. We can deal kindly and justly with our fellows. We can honor God in the work of our hands where we are.

There are more "saxifrage" people than we think for most of the real spiritual work and progress of the world is being done by those whose lives are not especially favored but are clinging to the hard rock of reality and fighting against great odds.

Tankersleys Hold July 4th Party

A crowd of more than 50 people met in the back yard of the Hubert Tankersley's Tuesday night for an old fashioned Fourth of July celebration.

A patriotic scene was carried out in decorations. The pledge to the flag was given and was followed by the singing of "America." The invocation was given by Everett Nevill.

Then supper consisting of sandwiches, potato chips, pickles, homemade ice cream, cake and cookies was enjoyed by all who attended.

Tahoka FHA Girls In Summer School

Tahoka FHA girls began their summer home-ec Wednesday with the first year girls conducting a play school for pre-school age children. Mrs. F. B. (Madeine) Hegi is teacher.

The five-day school will continue through Tuesday with classes being held from 9:00 until 11:00 a. m. Students and children participating in the school are listed respectively:

Donna Miller, Gena Rugh Miller, Sheila Gandy, Connie Gandy; Janis Gattis, Liz Hagood and Kem Treadaway. Arnetta Wood, Cindy Cooley; Patricia Sikes, Cindy Parks; Nancy Collard, Teri Pebsworth; Elwanda Tekell, Mark and Lane Tekell; Linda Thomas, Kelly Treadaway and Jana Adams; and Ann Wright, June Raindl.

Mr. and Mrs. Gene Lawson and three children of Portsmouth, Va. are spending the summer in Tahoka and Grassland with their mothers, Mrs. G. H. Spears and Mrs. H. C. Harter Sr. Mrs. Lawson is the former Astena Harter.

Mr. and Mrs. Henry McDonald of Seagraves were here Saturday for the pioneer reunion.

Farm Facts

Average yield of honey per colony of bees in the U. S. for the years 1950 through 1960 was 44.8 pounds. Yield per colony in 1960 was 47.9 pounds, as compared with 45.5 pounds in 1959.

The honey crop last year, according to the U. S. Department of Agriculture, was the third largest on record. More than 260 million pounds were produced by 5.4 million colonies. In 1952, production of honey totaled a record 272 million pounds.

Domestic consumption of honey averages about 20 million gallons a year. Thousands of pounds are used in making breads and cookies and in ice cream.

Although 600,000 persons keep bees in the U. S., 80% of the colonies belong to about 50,000 beekeepers, 1,000 of whom depend on bees for their livelihood. The latter group controls about two-fifths of the colonies. About three-fourths of the annual crop comes from cultivated alfalfa, buckwheat, clovers, and oranges.

Honey was of great importance as an article of diet for the ancients, being almost the only available source of sugar. It also was valued highly for its medicinal properties, particularly as an antiseptic.

President, The Old Settlers Reunion, Tahoka, Texas

Dear Sir: I had the pleasure of attending your Reunion the 24th. I have attended several reunions in Lynn County but I believe this was one of the best that you have ever put on. The food was extra good (I always like to say something to make the cooks feel good as I am an old cook myself.)

I have always been proud of the citizenship of Lynn County and some of the best friends I have in the world live there. I lived in Lynn county in 1907 and had typhoid fever there and was down 92 days, and the prayers of the good people and the help of several good doctors saved my life, and naturally I will always have a warm feeling in my heart for Lynn county.

Some of my good friends of the early days in Lynn county are such people as the McDaniels, the McGonigals, the Georges, the Welles, the Sanfords, the Dyers, the Millikens, the Smalls, Aunt Becky Roberts, the McCoys, the Redwines, and hundreds of others that I don't recall to mind just now.

Another thing I always admired about Lynn County is they raved stood for law and order and everybody went to church. And I am happy to say that the children of the frontier people that I knew in the early days have followed in the footsteps of their fathers and mothers, and I am proud of them.

Keep your organization going as it means so much to so many people like myself.

Will close with the kindest regards and best wishes to the entire citizenship of Lynn County.

Yours very truly,
C. S. Brown

Dear Editor: We arrived in your nice city about 9 a. m. Saturday morning (June 24) and had a very nice day. Met a good many of the old-timers and had a really good dinner, well prepared and served. I think it was well planned and I enjoyed it very much.

I hope that in 1963 there will be a big effort made to get as many old-timers to come back, as that will be the 60th anniversary of the organization of good old Lynn county.

There were lots of people who came there to get some land and have a home, and I shall always have a kindly feeling for having been one of the early settlers. I filed on the last two sections of land that came on the market caused by the breaking of the ten-year of lapse-leases. Had I been just eight days earlier I would have gotten eight sections. We wanted a home, like most of the other early settlers, and we were glad to have a small part in the settling of the county.

I, with four neighbors, helped to survey out the road from the west side of the section that Tahoka was made as the county seat to the Terry County line, and I am sure I am the only one of the five still living, as I was just past 24

years old in 1902, when I moved there.

I think I will write you a short account of how I settled a freighters strike, if you will publish same.

With every good wish, sincerely yours,
Frank Courtney Mellard, Marfa, Texas.

(Editor's note: Thanks, Mr. Mellard, send along the story. Mr. Mellard is a 33rd degree Mason and District Chairman of El Paso Consistory No. 3.)

CARD OF THANKS

We, Mary Ellen, Gloria, Gayland and Wayland, want to take this means of expressing our thanks and appreciation to our many lovely friends for every deed rendered during Claude's long stay in the hospital.

Thanks for the wonderful love offering of \$1566.00; the blood donors for 21 pints of blood; for each one who sat daily and nightly with us; for the beautiful flowers, cards and food. Most of all, we thank you for each prayer from the many different denominations and the different pastors who came by to offer encouragement.

The Central Fire Station was so good to bring the respiratory equipment over so many times; then the iron lung, and stood by to help operate until the end.

For the ones who took care of our boys and fed them, you'll never know how much this has meant to us.

For each man and boy who helped Gayland with his farming. For each one who had a part in helping to get his Army discharge.

For the one who loaned his pickup for the farm work, since Gayland's car is still in Fort Sheridan, Ill., where he was stationed.

We know God will bless you

Jerrie LeMond Is Shower Honoree

Miss Jerrie LeMond was honored with a miscellaneous shower in the home of Mrs. R. M. Thomas at Grassland Wednesday of last week from 3:00 to 5:00 p. m., when approximately 75 friends called.

Miss LeMond, daughter of Mr. and Mrs. Roy LeMond, is the bride-elect of Ted Pridmore, son of Mrs. Eulalia Pridmore.

In the receiving line were Mrs. Thomas, Miss LeMond, Mrs. LeMond, and Mrs. Pridmore. Mrs. Melvin Edwards registered guests.

Mrs. Bobby Williams of Seagraves, Mrs. Wayne Huffaker and Mrs. Jimmie Williams served punch, individual cakes and mints.

The table was laid with a white satin cloth draped and tied in bows of white and American Beauty red. The centerpiece was white candelabra and white tapers and an arrangement of white pom poms and baby's breath centered with bridal bells.

Hostesses were: Mmes. W. H. Norman, E. A. Thomas, M. L. Thomas, O. C. Harrison, A. L. Shepherd, Alton Cain, Gus Porterfield, Finis Botkin, L. S. Turner, E. M. Walker, Leroy Davis, and R. M. Thomas.

Rebekahs Hear Meeting Report

Tahoka Rebekah Lodge No. 2907 met June 27 in a regular meeting with Louise Wyatt, Noble Grand, presiding. Twenty-one were present.

After a business meeting a report was given of a joint meeting of the President of Rebekahs of Texas, Alfreda Schneider of Galveston, and Grand Master of Grand Lodge of I. O. O. F. of Texas, E. V. Riley of Brownfield. The meeting was held in Brownfield in the beautifully decorated club house and featured a ship and anchor, emblems of the president and Grand Master.

Mrs. Freddy Tatum, Noble Grand of Brownfield lodge, daughter of the Grand Master and Chaplain of Rebekah Assembly, called the meeting to order. Following an introduction of Grand officers, the program was turned to Mrs. Schrieber who gave her plans and programs for the ensuing year.

A program was given by District 10 with Mrs. Ruby Lee Mitchell of Lamesa Lodge No. 90 singing the president's hymn and the group singing the "National Anthem." A drill was given by the Brownfield and Tahoka lodges who formed an anchor.

District 10 presented the president an anchor, its chain being made of silver dollars. Donations were presented by Districts 7 and 9 to be used for the president's project.

Mr. Riley then gave his program and plans for the year and the lodge was closed by the Grand Chaplain of the Grand Lodge of Texas.

Punch and cake was served to 150 lodge members present.

Coming out strongly against isolation of blind people Helen Keller, who serves as Counselor for the American Foundation for the Blind, states: "I abhor the idea of placing old blind persons in asylums just for the blind. Like other human beings they desire homes cheered by friendship, interesting amusements and opportunities for normal living."

Today's MEDITATION

The World's Most Widely Used Devotional Guide

The Upper Room

Read John 10:11-18

You are bought with a price; therefore glorify God in your body, and in your spirit, which are God's. (1 Corinthians 6:20.)

A woman I never met influenced my life. She was a Russian Jew by the name of Sister Maria. During World War II, she was the head of a convent school in Paris during the Nazi occupation. Utterly unselfish and valiant, she sought to relieve the suffering, not only of her fellow Catholics, but of the persecuted Jews, some of them in her school.

One day the Nazis came and demanded that she turn over all her Jewish students. Sister Maria knew that it would mean for them concentration camps and death. One high school girl was overcome with fear. Sister Maria quickly took off her nun's habit and put it on the girl. Then she herself put over her head the yellow scarf of the Jew and said, "I'll go for you. I'll take your place." and Sister Maria died as a Jew.

How few of us have such courage, to put ourselves in other people's places when it involves suffering, pain, and loss. Yet that is what Jesus said was the way His disciples must take in following Him.

PRAYER: O God, as Christ laid down His earthly life that we might find eternal life in Thy love so infuse our spirits with sacrificial dedication. Through us may Thy love be a conquering power over prejudice and hate. For His sake. Amen.

THOUGHT FOR THE DAY

Only the splendor that shone in Jesus enables us to lay down life or live in the spirit of the Master. S. Ralph Harlow (Massachusetts)

WARD EAKIN W. L. (Cap) ROWE
 MELVIN WUENSCHÉ

A Great Plains conservation program has been developed for the farm owned by Newman Bartley 10 miles northeast of Tahoka. A terrace system, which will retain run-off water so that it will be available for future plant use, and at the same time prevent erosion of the soil, will be constructed through the cost-share program. The plan also includes a conservation cropping system consisting of a rotation of cotton with grain sorghum and peas. Other practices under the program are contour farming and residue use whereby the residues of peas and grain sorghum will be maintained on

the soil surface throughout the critical wind erosion period in order to control blowing.

R. W. Cudd of Slaton, who owns a farm located six miles southeast of Wilson, has also made application to enter the Great Plains program. Cost-share assistance will be received in sprigging 22 acres to Midland Bermuda as well as construction of a terrace system. The plan will also include a conservation cropping system, crop residue use and contour farming.

Bennie W. Edwards, who farms three miles east of O'Donnell, has modified his Great Plains plan to include sprigging 23 acres of Midland Bermuda. The grass will be irrigated and used for grazing.

The 1961 Poultry Conference will be held June 28-29 at the Memorial Student Center on the campus of Texas A&M. In making the announcement, Ben Wormeli, extension poultry husbandman, said the emphasis of this year's program will be on the breeding, health, feeding and management factors that provide for the maximum returns from egg and meat production.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

By the time this appears, U. S. may, or may not, have a man orbiting in outer space. As scientists say that instruments put into orbit gather much more information than a man can, it probably does not make much difference if a man orbits or not, except for some propaganda value, which is dubious.

Russians have done very well beating the tub for their not inconsiderable scientific achievements, and in C. W. Harder doing so, have created in certain quarters of nation a dangerous trend of thought.

These apologists for America being second in some of these areas shout loud and clearly that "of course in a dictator system things can be accomplished more efficiently than in a free society."

The fallacy of this thinking rests on the fact that in many fields at present, there is not a free economic order. The indictment returned against General Motors by a federal grand jury charging the firm with violations of the antitrust laws to monopolize the diesel locomotive industry could well be used as a case in point.

The diesel principle of internal combustion engines is so far most efficient way yet devised to turn petroleum into motive power. In industrialized nations of Europe great strides have been made in this field.

But Department of Justice charges that General Motors has monopolized the electric

locomotive building field to the extent that last year it sold 84.1% of all diesel locomotives sold, increasing this share from 47.1% in 1946.

Justice Dept. charges that inasmuch as General Motors is possibly the largest shipper of freight in the U. S., it has informed railroads that unless they bought their locomotives, competing lines would get their share of GM freight business.

It is also charged that Baldwin-Lima-Hamilton, a famous old locomotive builder, has dropped out of the field. Also Fairbanks-Morse & Company has dropped out.

This despite the fact that Fairbanks-Morse developed for railroad use the opposed piston diesel engine which leading engineers throughout the world acclaimed as one of the greatest developments ever made in diesel engine design.

Only one other builder remains in the field, Alco Products, which only gets the business General Motors does not have. According to the Justice Dept. it would appear profits of monopoly are vast. Alco, it is claimed, makes only an average profit of 1.9%, the GM diesel division makes 26.2% profit.

Thus, it is quite erroneous to say that a dictatorship can make scientific advances faster than a free society.

But by the same token, it is not erroneous to claim that a dictatorship can make faster advances than a system wherein developments and improvements are stifled by the control of a monopoly. Trying to progress through monopoly is like an ant trying to move forward through a stone wall.

Scouting News

(By John Ed Redwine)
On Friday night, June 30th, Tahoka and O'Donnell Scout Units held their Joint Court of Honor at the Community Center in O'Donnell. E. B. Gaither, court of honor chairman, presided.
Troop 721 opened the meeting with a salute to the flag. Invocation was given by Larry Forsythe. Rush Dudgeon gave the opening remarks and thanked the O'Donnell Troop for the invitation to meet with them.
The Cub Scout part of the program came first. A Bobcat award was presented to Cliff Gardner of Pack 782. Larry Forsythe presented the Wolf, Bear and Lion Awards. Wolf badges went to Barry Jaquess, and Terry Ayer. Max Bartley and Tom Walker received the Bear rank. The Lion award was presented to Robert Farris. All of the Cub awards were given to boys of Pack 782. John "Buz" Owens received the highest Cub award, The Webelos. Scoutmaster Rush Dudgeon in turn presented him with the Tenderfoot badge, the sign of a new Scout.
A list of arrowpoint receivers was not available at this writing. Billy Birdwell and John Ayer received service stars. Rex Hamilton

and Tim Walker received Circus patches.
Jack Jaquess, Senior Patrol Leader of Troop 721, gave a short summary of the requirements for each scouting rank starting with the Tenderfoot at ending with the Eagle palm.
For the Scouting part of the program Rush Dudgeon started off by awarding Tenderfoot badges to Danny Brewer, Eddie Joe Moore, Johnny Carroll, Todd Wayne Allen Clayton, and Richard Mansell. All of Troop 789, O'Donnell, James Reid presented Second Class badges to Joe Jaquess, (721) and Greg Reid, (789).
Shelby Berry, District Scout Executive, presented the First Class badge to Ronnie Simmons of Troop 789.
Charles Shaw and Louis Birdwell received the Star rank. The Star was presented by Ray Moore.
E. B. Gaither presented Jack Jaquess with a Bronze palm. Palms are given after a boy receives his Eagle and shows he can qualify for a palm by earning at least five additional merit badges.
The last awards presented were merit badges. They went to Ronnie Simmons (789), Charlie D. Shaw (789), Louis Birdwell (789) Jack Jaquess (721) and P. D. Kenley (721).
Each Unit leader recognized outstanding people in his unit.
Troop 789 closed the meeting as Greg Reid played Taps on the bugle.
I would like to remind all Scouts and Explorers that the Swimming pool is open to Scouts on Tuesday nights. We have really ties consist of diving, racing, life been having a good time. Active-saving techniques, underwater swimming and just plain swimming. The pool is open from 7 to 8. This takes the place of regular meetings at the Scout Hut during the summer.
I know that some names have been omitted from the list of boys that received awards at the joint Court of Honor. If they are brought to my attention, I will gladly put them in Scouting News next week.
That's all for now... Ed.

QUESTIONS, PLEASE
QUESTION: "Can A Man Pray And Not Be Heard?"
ANSWER: "The eyes of the Lord are open to the righteous and his ears open to their supplications: but the face of the Lord is against them that do evil." (1 Pet. 3:12).
Jehovah looks on sin with no degree of allowance. His law must be dignified. When he speaks it is not "to question why? 'tis but to do or die."
Man is conscious of the fact that he sins, that he refuses to abide by God's law. "Sin is lawlessness." (1 Jno. 3:4) Sin is rebellion against Jehovah. It is counted just to inflict the penalty against those who do not obediently respect the law. Thus "He that turneth away his ear from hearing the law, even his prayer is an abomination." (Pro. 28:8) From this it is quite evident that Jehovah does not hear the prayers of those who are rebels against him.
One may be a rebel against God in two respects: as an "alien" sinner; one who is not in covenant relationship with God; and as an erring child of God; one who has enjoyed the covenant relationship of God but yet continues to sin.
The "alien" cannot expect his prayers to be heard (Pro. 28:8), and unless the erring child prays with the proper conditions being present his prayer will not be heard either.
The urgent need in each of our lives is to be united in a covenant relationship with God where we receive the blessing of his continual forgiveness.
You are invited to send your questions to: Don Browning Box 812, Tahoka, Texas. You are also invited to attend the services of the Church of Christ.

Yanks, Cubs Tied In First Half

The Yankees and Cubs tied for first place in the first half of Little League schedule and play is now progressing in the second half of the season.
In the first game played on June 29 the Cubs edged the Yanks by a score of 8 to 6. Mitchell Williams was credited with the win and Rett Patterson the loss.
The final game of the night saw the Giants down the Cards 4 to 2. Billy Applewhite was the winning pitcher. Gregg Thomas was on the mound for the Cards.
On July 3, the Cards and Yanks won their games.
In the 6:00 p. m. game, the Cards exploded in the second inning for 10 big runs and then went on to down the Cubs 11 to 7. In the bottom of the fifth inning the Cards held an 11 to 0 lead but the Cubs roared back to tally five runs in the fifth and two in the sixth. Williams was tagged with the loss while Wyndel Medlin was the winner.
The Yanks, in the 8:00 p. m. game, whipped the Giants 10 to 0. Tommy Kidwell came up with his second home run of the year. The game was called at end of the fifth inning because of the 10-run rule. Mike Burke was on the mound for the Yanks and Charlie Brown was the loser for the Giants.
At the end of these games the Cubs, Yanks, and Cards were all tied for first place with the Giants two games out.
Thursday night the Cubs were playing the Giants and the Cards were playing the Yanks.

Nothing Happens Until Sale Is Made

An advertisement of the Oregon Newspaper Publishers Association carries this heading: "Nothing Happens Until A Sale Is Made." The text adds, "But when sales are made, things happen. America lives, breathes, creates. There is accomplishment, pride. There is progress."
"Where are most sales made? In ads, of course. Ads that tell you what you want to know, about what you want to buy. Ads that guide you in fulfilling needs and wants. Ads that stimulate competition, help keep prices down. Ads that keep America rolling ahead."
These statements come close to being truisms. And they underline two facts of importance to everyone. In our kind of economy, advertising is a basic essential. Through their ads producers and sellers of a thousand and one kinds of goods and services compete for public favor—and, if they are to be successful, they must back up their statements by trying to give the best possible quality for the price.
Secondly, the Association's statement points up the role of retailing in this country. All the productive facilities on earth would be useless if there were no comparable mechanism for moving products into the hands of the people who want them. Mass distribution, pioneered long ago by the chains and subsequently adopted by other kinds of retailers, is the full and equal partner of mass production.
Yes—nothing happens until a sale is made.

Post Wins Over Tahoka Indians

Tahoka Indians were beaten by Post 10 to 6 Sunday in Post.
Post used well placed hitting and came from a tie to win the game in the bottom of the sixth. Winning pitcher was Dink and Steve Greer the loser.
Charlie Holland homered in the second to put the score 1-1, but Post continued to roll on. The best that Tahoka could do was to tie.
Tahoka was not playing at full strength, but Post had good players and well placed hits.
B. T. SMITHS RETURN FROM HAWAII TRIP
Mr. and Mrs. B. T. Smith of Lubbock, formerly of Tahoka, recently wrote his brother, Warren Smith, about their interesting trip to Hawaii.
B. T. told of flying over the "big island" of Hawaii in a plane, during which trip they flew low over some of the volcano craters, still smoking, from the eruption of a few years ago. He said about 50 miles of the east coast of the island is a sheer cliff of 3,000 in height, and they flew along this coast line, much of the time below the top of the cliff.

ERRORS ARE MADE IN MINISTER'S ARTICLE
The very first week the new Church of Christ minister, Don Browning, wrote his "Questions, Please" copy last week for The News, there appeared two errors, one of which made him say the opposite of what he intended.
In one sentence, the copy should have read: "We should always study it (The Bible) meditatively and deliberately instead of the 'hurry up and get through' kind of reading." The news left out "meditatively and deliberately."
Another sentence should have read: "Man should NOT decide what he wants for doctrine, etc." The News omitted the word "not" completely changing Don's meaning.

Rex Webster Is Guest Speaker At Rotary Installation, Ladies Night

Rex Webster of Lubbock presented an address on Rotary information at Tahoka Rotary Club's annual installation of officers and ladies night meeting Thursday in the Harold Green's back yard.

Webster served as District Governor in 1956-57 and also acted as installing officer for the new officers of Tahoka Rotary Club. In praising the local club for its long years of being recognized as a good Rotary Club, Webster said the club's devotion to the principals of Rotary was responsible for this reputation. He mentioned he was District Governor during the Rotary Year of 1956-57 and stated Johnny Reasonover was president of the local club during that time.

He pointed out in his address that a person had to be the owner or a directing officer in his business before he was eligible for membership in a Rotary Club. He likened Rotary's motto of Service Above Self, as a revised version of the Golden Rule. Webster cited J. Edd McLaughlin's work as President of Rotary International. He said the Rotary convention in Tokyo, Japan was the largest ever held and that Rotary was growing faster in Japan than any other country in the world.

Guests for the meeting other than Rotary Anns included: Mr. and Mrs. Johnny Wells, guests of

Mr. and Mrs. L. C. Haney, Mrs. Wells being a former sweetheart; Mrs. Robbie Thomas, wife of former Rotarian W. O. Thomas, deceased; Mrs. Roy Long (Mariana McGinty) and son Matt, guests of Mr. and Mrs. Fred McGinty, Mariana also being a former sweetheart; Mrs. Webster, wife of guest speaker; and Lynnetta Cain, Tahoka Rotary Club's present sweetheart.

New officers installed were president, Dr. Skiles Thomas; vice president, H. B. McCord Jr.; secretary, Dale Thuren; treasurer, Pete Hewlett; Roy Edwards, E. L. Short, J. B. Thompson, and Charles Bragg, directors; and Miss Cain, Rotary Sweetheart.

Prepare Children For School Term

AUSTIN—It may seem early, but school is just around the corner and parents with children entering for the first time should begin preparing right now.

The right preparation for those first school days is vital to the future satisfaction and adjustment of your child to his new environment.

If he has an older brother or sister, the task will be easier. But there are many steps for getting ready for school which should be taken before September.

Some effort should be made to make it clear to the child that he will be on his own—without Mom or Dad there to watch over him all the time—a good while before that first day of school.

Clothing should be given much thought. Check the habits of your local school and find out what is the predominant mode of dress. If all the boys wear long pants, by all means make sure your youngster has them, too.

Make sure everything is large enough, but not boggy or his classmates will make fun of him.

Proper nutrition is very important. When school starts, allow enough time in the morning for a wholesome breakfast. A good breakfast includes citrus fruit or juice, milk, whole grain cereal or bread, eggs, or bacon or both. Lunch and dinner should be leisurely and pleasant, too. The new adventure of school is pretty fast paced, but mealtime offers an opportunity for the family to pause and enjoy being together.

Now is the time to check your school's requirements regarding vaccinations or other health measures and take care of them well in advance.

Also, many Texas school districts require proof of age for first year students in the form of a certified birth certificate.

You may obtain a copy from your local register, county clerk, or from the Section on Records and Statistics, Texas State Department of Health, 410 East 5th Street, Austin.

Send one dollar with the name of the child, his or her date of birth, place of birth, father's name, and mother's maiden name.

It would be a good idea to get a copy of your youngster's birth

Lynn Residents Spend \$205,000 For Soda Pop In 1960

New York, July 7—The bubble, sparkle and fizz business is a big one in Lynn County.

Figures on soft drink consumption in the county reveal that the average person drinks such beverages at the rate of 235 bottles a year.

Elsewhere in the United States the average is 192 per capita.

As a whole, the local population accounted for no less than 2,561,000 bottles last year, which is exclusive of the amount consumed at fountains. It compares with 2,419,000 bottles in 1957, when a similar survey was made.

The data was derived from figures released by the Department of Commerce and from industry reports showing the relative use of soda pop throughout the nation, state by state.

It is of particular interest at this time because of the recent Government action ordering that containers be labeled so as to indicate their ingredients.

The reports show that people in different areas vary greatly in the soda pop habit. Per capita addition in North Dakota, for example, is only a fifth as great as in North Carolina.

In the matter of flavor, too, regional preferences are quite marked. In the East, cola-type drinks constitute about 40 percent of the demand, with ginger ale, orange, lemon, and other flavors dividing the remainder. In the South, on the other hand, 60 percent are cola drinks.

An idea of the importance of the soft drink business in Lynn County is revealed by the dollar figures. They show that local residents spent a grand total of \$205,000 for bottled soda last year.

Nationally, such sales amounted to more than \$2.5 billion, which was more than twice what the machine tool industry grossed.

The new labeling order, issued by the Food and Drug Administration, has created some consternation among soft drink manufacturers. They say it affects bil-

record just as soon as possible to avoid the August rush. (A weekly feature of the Public Health Education Division, Texas State Department of Health.)

Soybeans Expanded To 13 Countries

The Soybean Breeding Program at the High Plains Research Foundation has been expanded by the receipt of 51 varieties from 13 countries. Dr. Earl H. Collister, Chief Agronomist, announced this week that these varieties came

from the following countries:

Afghanistan 1, Argentina 2, Brazil, Burma 2, China 5, Formosa 2, Hawaii 1, Indonesia 2, India 1, Japan 20, Korea 9, Pakistan 1, and South Africa 2.

Seven-hundred and forty-six soybean plants were selected from a plant population of 228,000 in the 1960 breeding program for further evaluation. Hand pollinations will be made between selected plant types in the plant

breeding this year. Another feature of the soybean program is the use of atomic energy to produce improved types through genetic mutations. They were irradiated with three different applications of Cobalt 60. These plants will be closely observed during the growing season for possible high yielding plant types that can be used in developing new varieties for the High Plains.

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

No other wagon can match
Ford's features (or popularity!)

There's a whole wagonload of Ford features that only America's station wagon specialists can bring you.

First, there's more room. Ford's extended load deck is the longest and widest in its field. The tailgate opening is seven inches wider than last year, too.

There's more convenience. You can have an electrically controlled roll-down rear window in any Ford wagon... it's standard in all Country Squires and 9-Passenger Country Sedans. In their field, only Ford wagons

have all seats facing forward. There's more distinction. The Country Squire (shown above) is the one and only wagon in its field with body panels that look like mahogany, wear like steel.

There are more savings, too. Ford's Ranch Wagon is America's lowest-priced,* full-size wagon. And like all Fords, every Ford wagon is built to be more service-free: goes 30,000 miles between chassis lubrications, 4,000 miles between oil changes, brakes ad-

just automatically, mufflers are made to last three times as long as ordinary mufflers, and the finish never needs waxing.

STOP putting off that station wagon you've always wanted. SWAP for a '61 Ford wagon now while your Ford Dealer's celebrating record-breaking sales. SAVE with the wagon America loves most... made by FORD... America's station wagon specialists for 32 years!

No. 13 In A Series of Stories About—

Businesses that Make Our Town "Tops"!

As hard-working townspeople, we are apt to overlook many personalities and programs that aid in making Tahoka a fine and prosperous place in which to live.

Among the folks who deserve recognition and reward for outstanding help in reaching our town goals are the businesses and business men that serve our town and area.

To acquaint you with the folks and firms that mean much to us, The Lynn County News is printing a series of stories about these people and places. We know you will be interested in the stories we tell. We also feel that when you have need for what these friends and their firms sell, you will reward them with your purchases.

(By Frederic de Vries)

ONE OF THE MOST ACTION-PACKED CATTLE AUCTIONS ON THE SOUTH PLAINS TAKES PLACE EVERY MONDAY AT—

Keeton Cattle Company

Ever been to a cattle auction? If you haven't, ask one of your cattle rancher friends to take you to visit the cattle auction held every Monday at the Keeton Cattle Company, Slaton Highway, five miles South of Lubbock. Starting time for the sale is 10:00 a. m. As you approach the parking lot adjacent to the sales arena, you will be intrigued by the tangle of cars pulling one- and two-annual trailers . . . the 40-foot, 18-wheeler trucks as big as box cars . . . the rows and rows of automobiles that have

brought cattle buyers from hundreds of miles away. If you arrive before the sale starts, and you stop to look at the cattle pens back of the sales arena, you will note that the pens on one side of you are filled with cattle to be sold—the pens on the other side of you will be empty. At the end of the sale, the situation will be exactly the opposite. When you enter the large reception room of the sales building, you will hear the low-voiced chant of the auctioneer coming through the entrance to the sales ring. It's magnetic monotone will draw you to the gallery with its 100 special seats for buyers and several hundred seats for visitors. You will be amazed at the speedy smoothness with which sales cat-

tle are moved into the ring, sold, and moved out of the arena. Although each animal may be bid on several times, you may not have the slightest idea as to who was the purchaser. Each buyer has his own sign for raising a bid. It may be the nod of a head, a raised finger of a hand on a knee, or the wink of an eye. The whole affair may appear to be confusing. In spite of this you won't see anyone actually hurrying. Every man has his job. Sounds like it's no place for women! Not so. A whole crew of girls sit at a long table and record every transaction. If you get hungry or thirsty during your visit to the Keeton Cattle Company, there's a fine restaurant just off the lobby. For information regarding the Keeton Cattle Company and the Monday auctions, you may contact Claude Keeton, Lubbock, whose

telephone number is SHERWOOD 4-3492; or Regstad Zachary, Lubbock, SHERWOOD 4-8147. The office telephone of the Keeton Cattle Company is Lubbock, SHERWOOD 4-1473. Mailing address: Box 1527, Lubbock.

A man wouldn't mind having his income taxed if he wasn't already taxed to stay within his income.

The really good resolutions lead to reform—and reform soon becomes a habit.

Never in history have so many international axes been on the grindstone at the same time.

The progressive businesses advertising in The News appreciate an opportunity to serve you at any and all times.

HOME-TRADE PAYS!

A community such as ours is built and maintained and prospers by trading that goes on within it; not by the dollars which we allow ourselves to be persuaded to send off or carry off to some other community.

Our schools, our churches, most of our homes and jobs or businesses, the number and sort of neighbors we have, the ability of our stores and service establishments to take care of our daily and emergency needs—all of these depend upon local trade—money spent here at home.

Claude Keeton . . . the rows and rows of automobiles that have

SCENE AT KEETON CATTLE COMPANY

BIGGEST BUSINESS INSTITUTION IN LYNN COUNTY IS—

Tahoka Compress

One of the largest business institutions from standpoint of volume, size of plant, and number of employees is the Tahoka Compress and Warehouse Co., located in northeast Tahoka and owned principally by Arch S. Underwood and sons.

The original plant was built in 1939, but since that time many additions have been made here, and warehouses have also been built at O'Donnell.

Today, the compress has Commodity Credit Corporation approval for 51,000 bales storage, plus about 30,000 at O'Donnell, plus almost unlimited yard storage on

the 40 acres of yard, with paved roads, east of the compress and across the Santa Fe tracks.

It has handled a peak of about 100,000 bales of cotton in a single year.

Total number of bales weighed in here has passed the 700,000 mark, not counting O'Donnell and other transit cotton, which would possibly run to a million bales or more.

Work force during peak runs is from 65 to 100 men.

The main shed, which contains the press, is about two city blocks in length, or 600 feet, and it is 135 feet wide.

There are seven other major warehouses. Two are 130 by 250 feet in size, one is 120 by 260 feet, one is 120 by 200 feet, and three others are 50,000 square feet each in size.

The Compress owns its own fire truck and fire fighting equipment, its own water storage tower, water lines and fire plugs.

E. R. (Roy) Edwards has been the local manager ever since the compress was built here. A native of Holland, Texas, he was with a cotton compress at near-by Bartlett before Mr. Underwood selected him to manage the business in Tahoka.

Mr. Edwards and the Compress has a hand in almost every worthwhile community activity, and this

business institution is one of Tahoka's biggest assets.
