## Crops Damaged By Heavy Rains, Hail

Heavy rain and hail damaged some crops southeast, east and northeast of Tahoka at about 4:00 a. m. Thursday.

A torrential rain southeast of town filled lakes and covered up some cotton. Hail also damaged crops in the area.

Hail damage was reported at the Clint Sikes and C. R. Lambert farms five miles east of Tahoka; the Skeet Blair, Lois Smelser, Sam Miller, O. D. Orr, W. P. Scott, Ray Adams and Albert Curry farms, all southeast of Tahoka; and the Jasper Campbell and Walter Ray Stein places, southeast of Wilson.

Some of those reporting damage to cotton from high lake water included Rufus Slover, 3.75 inches; J. T. Miller, 4 inches; Ray Adams, 3.25 inches. The heavy rain extended to the Redwine community, where Buck Brewer reported 3.25 inches and Belton Howell, 3 inches. Further south near Draw, Ode Brewer reported 1.7 inches Thursday morning and 1.2 inches Wednesday morning.

Three showers the past week totaled 1.59 inches of rain in Tahoka, and rain has fallen over all the county. The rains did not appear to be over Thursday.

Most farmers welcomed the rain, although no crops were suffering, and declare that with favorable weather and a good timely rain in August a big crop can be produced.

For the most part, crops are now growing off well. Many farmers are attempting to fight "the battle of weeds" but will now be delayed on account of wet weather.

Tahoka received .80 inch of rain Saturday night and Sunday morning, another .45 in the early hours of Wednesday, and .34 early Thursday. Skies were cloudy and threatening Thursday.

This brings Tahoka's rainfall for July to 1.83 inches, and the total for the year to 10.18 inches.

## Mrs. J. R. Wyatt Rites Saturday

Funeral services for Mrs. J. R. Wyatt, 98, were held at 2:30 p. m. Saturday in the Sweet Street Baptist Church with Rev. Joe Webb, pastor, the Rev. J. B. Thompson, Tahoka Methodist Church pastor, and Rev. James Efrid, pastor of First Baptist Church officiating.

Mrs. Wyatt died at 10:07 a. m. Thursday in Tahoka Hospital. Burial was in Resthaven Memorial Park, Lubbock, under the direction of Stanley Funeral Home.

Born April 17, 1873 in Union county, Miss. Mrs. Wyatt came to Lynn county in 1935 from Gilliland with her husband. They were married June 13, 1898 in Bell county at Little Pine Switch. The couple had celebrated their 63rd wedding anniversary in June.

Survivors include the husband; two daughters, Mrs. C. H. Reagan, Hagerman, N. M., Mrs. A. W. Reagan, Portales; three sons, Richard J. Wyatt and Melmes Wyatt, both of Tahoka, and Claude Wyatt of Brownfield; three brothers, D. S. Rodgers and Wash Rodgers, both of Houston, and Wylie Rodgers, Gainesville; 15 grandchildren; 27 great grandchildren and two great great grandchildren.

Grandsons were pallbearers.

## Two Will Attend State Workshop

Two Lynn county 4-H clubbers will attend the State 4-H Workshop on August 1-4 at Sam Houston State College in Huntsville, according to County Agent Bill Griffin.

They are Lester Ford of Tahoka, president of the District 21 Council, and Marjorie Wood of O'Donnell, Council delegate.

Their supervisors will be Floyd Lynch and Peggy Wilsford, state and assistant state 4-H leader, respectively.

## Officers Installed By Wilson Lions

New officers of Wilson Lions Club were in charge of the meeting Thursday night of last week, at which they presented the members some projects that will be of benefit to the club and community.

New officers are: Hubert C. Teinert, president; Roy Lynn Kahlich, first vice president; Billy Rhoades, second vice president; Edmund Meaker, third vice president; Theo Campbell, Lion Tamer; Floyd Heck, tail twister; Earl Cummings, secretary-treasurer; and directors, Clarence Church, A. N. Crowson, E. L. Blankenship, B. L. Hatcher, F. J. Schneider, and Oscar Follis.

The club voted to continue the radio broadcast of all Wilson High football games and to install a new electric scoreboard at the football stadium. Estimated cost of the scoreboard is \$1,500. Named on a committee to handle the transaction were Lions Robert Lamb, Frank Schneider, and Bob Newton.

Boss Lion Hubert Teinert has asked for the support of all Lions in these and other very important projects the Lions will undertake in this new year.

## Pony All-Stars In Tournament

Lynn County Pony League All-Stars will play in the district double elimination tournament at Denver City Monday, Tuesday and Thursday, July 17, 18 and 20, announces Dean Taylor.

The local team will play Lovington, N. M., in the first game, beginning at 6:00 p. m. Monday. Their second game will be Tuesday night at either 8:00 or 8:30 p. m., depending on whether they lose or win. Hobbs, N. M., and Denver City are the other two teams competing.

The Tahoka Orioles, managed by Taylor and Troy Havins, sponsored by Farmers Co-op Gin, are the 1961 champions of the Lynn County Pony League, having won 11 games and lost only one in the regular season of play.

Three teams were tied for second place, and the play-off was held Saturday night at O'Donnell. In the first game, Tahoka Braves won over New Home Eagles. However, in the second, the O'Donnell Dodgers won over the Braves for second place.

Members of the All-Star team which will play at Denver City are: Orioles: Allen Cox, Steve Greer, Larry Jolly, Mike Smith, and Dickie Davis.

Braves: Terry Harvick. Dodgers: Ellis Treadway, Fin Taylor, Johnny Anderson, and Marvin Utecht.

Eagles: Terry Brown. Wilson Red Sox: Baker and Rodriguez. O'Donnell Pirates: Joe Emerson. Alternates, in order: Stanley Renfro, Randy Allen, Martiniz, and Eddie Howard.

## SP-4 CLASS CHARLES TERRY HOME FROM ARMY TOUR

Sp-4 Class and Mrs. Charles Terry and baby are visiting his parents, Mr. and Mrs. C. B. Terry, Route 1, Tahoka. Charles has just returned from 15 and a half month tour with the Army in the Philippines, Okinawa and Korea. After a 90-day leave they will leave for Zint Hill Farms in Virginia where Charles will be stationed for the remainder of his service.

Mrs. and Mr. E. E. Weaver and daughter, Sonja, and Mrs. Myrtle Webb, all of Houston, were week and visitors with Mrs. C. A. Thomas.

## Rotary Head Names Leaders

Dr. Skiles Thomas, new president of Tahoka Rotary Club, dispensed with the regular program at last Thursday's meeting in order to hold his first Club Assembly.

Committee chairmen for this year had been named several weeks previously, and reports were heard from these on their plans for the year.

These chairmen include: Attendance and fellowship, Charles Townes; Classification, Winston Wharton; Club bulletin, Johnny Reasonover; Magazine, Mitchell Williams; Membership, Wynne Collier; program, Clint Walker, public information, Frank Hill, Rotary information, Dr. Emil Prohl; food, H. W. Carter.

Buyer-seller relations, L. C. Haney; employer-employee relations, E. L. Short; occupational information, Ross Smith; International contacts and information, (Cont'd. on Back Page)

## Bank Deposits Total \$10 Million

Lynn county's three banks had more than \$10 million dollars on deposit at the call made on June 30, which is considered very good for this time of the year. The exact total was \$10,191,466.96.

The First National Bank of Tahoka had deposits totaling \$6,376,111.17, and loans and discounts totaling \$2,514,511.35.

Wilson State Bank had deposits totaling \$2,146,143.55 and loans and discounts of \$1,707,948.40.

The First National Bank of O'Donnell had deposits of \$1,669,212.24 and loans and discounts totaling \$690,112.38.

At this time of year, just about a maximum of money has been used on the production of the crop and the paying of old obligations. However, bankers report that most farmers are in fair to good shape financially.

## Yankees Lead Little League

Little League play is scheduled to end this week end, and the all star team will go into the tournament at Aspermont Thursday, Friday and Saturday, July 20, 21 and 22.

The Yankees, who tied with the Cubs in the first half, are leading by a hair in the second half and a loss to the Cubs Thursday night and outcome of the Cards-Giants game, also set for Thursday, could throw the second half into a three-way tie.

## North Little League In Tournament

Winner of the North Lynn Little League, yet to be determined early this week, will play in the area tournament being held at Shallowater next week end, July 20, 21, and 22, announces E. R. Blakney of New Home.

Reese will play Shallowater Thursday night, July 20, at 8:00 o'clock, and North Lynn will play Wolforth Friday night, July 21, at 8:00 p. m. The two losers play Saturday afternoon, July 22, at 5:30 o'clock, and the two winners will play for the championship at 8:00 p. m.

Teams in North Lynn Little League are New Home, Wilson, and Cooper.

## LOST MAIL

Charles Brock, owner of White Auto Store in Tahoka, says that he received an April issue of the Spearman Reporter on Saturday, July 8, about three months after it was mailed. The edition contained the results of the April trustee election in Spearman.

Mrs. C. A. Thomas returned home last week from Erick, Oklahoma, where she spent ten days visiting a cousin, Mrs. W. J. Pennington.

Every day is a safety day.

## Revival Starts At Sweet Street

Summer revival services at Sweet Street Baptist Church are to begin Sunday, announces Joe A. Webb, pastor, and continue through the following Sunday, July 23.

Services will be conducted twice daily with the morning services at 10:00 and the evening services at 8:00. Prayer meetings for all age groups will be held nightly at 7:30 p. m. A hooster band will also be held at 7:30 p. m. nightly.

Evangelist for the revival is George M. King of Modesto, Calif. He has held pastorates in Texas, Oklahoma and New Mexico, and for the past several years has been in associational mission work as superintendent of city missions of Los Angeles, Calif. Bro. King served seven years as missions secretary of District II for the State of California. Being retired from that position Bro. King is now in evangelistic work.

Leading the song services will be James W. Carraway, known as "the singing engineer". He is a native of Louisiana where he was an engineer for one of the nation's leading railroads. He is an ordained Baptist preacher and an outstanding singer. He has held successful pastorates and last year entered the gospel music field full time.

In full time evangelistic work he is in revivals all over the nation and is scheduled to travel into 64 foreign countries in 1963. He will be in an evangelistic crusade in Havana, Cuba the last of this year.

Rev. Webb and members of the church extend a cordial invitation to everyone to attend the revival services.

## Draw Farm House Destroyed By Fire

A farm hand house on the Jack Brewer farm, about four miles northwest of Draw, was destroyed by fire Tuesday at about 8:00 a. m.

The house was about three rooms and bath, and was occupied by a farm hand and family. The fire is believed to have started in the bath room. About the only contents saved were two mattresses.

Tahoka Fire Department and O'Donnell Fire Department were called to the fire, but the building was too far gone to save anything but the walls.

Theda Gandy underwent an appendectomy in Tahoka Hospital Saturday morning. She was dismissed Tuesday.

## Farmer Initiate Program To Promote Use of More Cotton

Opportunities for greater markets and acreage, and a plan by which cotton growers can achieve them at a profit, were discussed at a meeting of 51 cotton growers of Lynn and Garza counties Friday morning at the Tahoka City-Legion building.

A dinner followed the session, and community groups were organized to promote the cotton program.

Chairman of the meeting was Roy Forkner, prominent Lubbock county cotton farmer and ginner, who is chairman of the South Plains organization committee for the newly formed Cotton Producers Institute.

Other speakers included Earl Sears of Memphis, Tenn., of the

National Cotton Council field staff; Lowell Richardson and John Gregg, both of Lubbock, also field representatives of the National Cotton Council.

The plan seemed to meet with unanimous approval of the farmers present. A similar meeting had been held previously at O'Donnell. Farmers had previously been organized in California, Arizona, in Texas in the Pecos and Midland areas, Martin, Dawson, and Gaines counties, and the movement is now being taken to other counties north of here.

"The total market for U. S. cotton can increase five million bales in the next seven or eight years," Forkner said. Whether we are able to achieve this 25 per

cent increase in production at a profit depends on what we, as cotton growers, are willing to do to bring it about."

The committee chairman said interested cotton growers have initiated a business movement to assure success in the endeavor. It will offer a new approach—a business approach based on proved American methods—to cotton's future, he stated.

During an 80 minute slide presentation, speakers described the potential market for cotton, the program required to achieve the potential, and grower's role in these efforts. Specific opportunities in research and promotion that need immediate attention if cotton farm-

## Location Sought For Stock Barn

Letting of a contract for the new Lynn County livestock and agricultural exhibition building is being delayed pending the procuring of a desirable site, states County Judge W. M. Mathis.

About a block of land will be necessary for the structure in order to provide parking room, Mr. Mathis says, and the site had been proposed west of the Tahoka City Park proved to be of insufficient size.

County voters approved a \$35,000 bond issue for the structure, and Lynn County Fair Association proposed to contribute funds to equipping the building, when erected, and funds it may receive from sale of its present property toward retirement of these bonds.

Several firms have submitted plans for the proposed structure.

## Jail Furnishings Now Complete

Although the Sheriff's Department moved to the new \$125,000 Lynn County jail several weeks ago, Sheriff "Booger" Redwine says they have been a little slow in "getting the house in order."

All furnishings have now been installed, the kitchen fully equipped, and the air-conditioning unit is now in place.

Recently, trustees have planted Bermuda grass around the building and set out some flowers on the east side.

The new jail is the most modern in every respect. Not only are there new decent quarters for the personnel but also for the prisoners. Included are maximum security cells, drunk "tank", women's ward, and juvenile ward. Arrangement is such that officers may move one prisoner at a time without entering a cell block, giving complete safety to the officers.

## Hollis Brice Home From Venezuela

Mr. and Mrs. Hollis Brice and children have been here the past week visiting his parents, Mr. and Mrs. J. T. Brice, having returned two weeks ago from Maracaibo, Venezuela, on the north coast of South America.

Hollis is an oil geologist with Phillips Petroleum Co., and he and his family have been in Venezuela for two and a half years. At the end of July, he will again be stationed at Midland with his company.

Before leaving Venezuela, they had to sell all their household furnishings. They flew to Columbia, thence to Panama, and to Mexico City, from which place they proceeded by train to Laredo. They visited Mrs. Brice's folks at Del Rio before coming on to Tahoka.

Mrs. Bill Balch was admitted to Tahoka Hospital Wednesday as a medical patient.

## New Deputy For O'Donnell Selected

Sheriff Norvell (Booger) Redwine announces the appointment of a new deputy sheriff to serve the O'Donnell area.

He is Earl Calhoun, who comes from Lamesa, where he has had considerable experience as a peace officer. Recently he has been in the feed business there.

Calhoun succeeds Frank Lindsey, who resigned recently to accept a job as jailer at Monahan's at a considerably better salary.

## L. Trautwein, 94, Dies At Shiner

Louis Trautwein, 94, well-known Wilson landowner, is to be buried in Shiner today, Friday, The News is informed. Word was received here Wednesday of his passing.

Mr. Trautwein owned considerable land at Wilson, which he began acquiring possibly 50 years ago, and was well known by many people at Wilson and elsewhere in the county. His wife died several years ago.

He was the father of Mrs. H. B. Crosby of Wilson and the grandfather of Mrs. E. L. Blankenship, also of Wilson. Three other granddaughters who survive are: Mrs. Joe W. Neal, Austin; Mrs. Lois Razkh, Dodge City, Kansas; and Mrs. Marjorie Burns, Albuquerque, N. M. There are five great grandsons and four great granddaughters.

## Tahoka Indians Game Winners

The Tahoka Indians won over the New Home team Friday night, 7 to 6. Kenneth Hanes was the winning pitcher and Bill Kopecky the loser.

Hanes drove in the winning run in the top of the ninth inning. John Freddy Thomas and Walter Terry supplied power at bat for other runs. Thomas is reported to have played his best game thus far this season Friday night.

## MRS. JACK CURRY WILL RETURN TO LEVELLAND

Mrs. Jack Curry, in ill health for some time, is preparing to go back to Levelland next week to stay with her son-in-law and daughter, Mr. and Mrs. Arthur Hodge.

Mrs. Curry suffered a heart attack at Levelland on April 14, and spent 11 days in the hospital there. She came to her home here a few weeks ago, but has decided to rent her home and go back to Levelland. Incidentally, she says Arthur has been manager of a gin there three years and seems to be doing well with it.

Ray Smith, local manager of the Wallace Theatres, and family left Thursday on a week's vacation they will spend with relatives at Ruidoso, N. M., and Phoenix, Arizona.

## Robinson Wins Oklahoma Shoot

Britt Robinson, Tahoka's school-boy trapshooting ace, made a clean sweep of the Oklahoma State Trapshooting Tournament in Oklahoma City last week end, winning all four first place trophies for out-of-state shooters. In fact, he led the entire field of adult shooters.

In singles competition, he was high with 197 birds out of 200.

In the doubles event, Britt knocked down 94 out of 100 targets. It was in this event he had previously been having a bit of trouble and he was proud to win this one.

He was over-all high for 400 targets, breaking 384, and was over-all high for 600 targets, breaking 579.

The young shooter brought home four of the nicest trophies he has ever received for winning such contests.

Britt was accompanied to the tournament by his dad, Jack Alley Robinson. This week end he will shoot in the Kansas Tournament at Wichita.

## O. D. Peden Is Death Victim

Funeral services for O. D. Peden, 73, 2436 21st St., Lubbock, and father of Mrs. Perry Walker, Tahoka, were conducted at 4:00 p. m. Friday in Ford Chapel at First Baptist Church in Lubbock.

Officiating were Dr. J. Ralph Grant, pastor, assisted by the Rev. J. T. Bolding, assistant pastor, and the Rev. Clarence Collins, pastor of Asbury Methodist Church.

Mr. Peden, a retired insurance salesman, died at 11:45 a. m. Thursday at St. Mary's Hospital where he had entered the institution Monday for treatment of a heart ailment. He had lived in Lubbock 24 years. He was a member of First Baptist Church and Gideons International.

Mr. Peden had given talks for the Gideons in a number of Lynn county churches and had been a guest speaker at the local First Baptist Church several times. He had also distributed New Testaments, with other Gideons, to fifth and sixth graders in the Tahoka Schools.

Burial was in City of Lubbock Cemetery.

Survivors are the wife; two daughters, Mrs. James A. Ellis, 2307 59th St., Lubbock, and Mrs. Walker, Tahoka; two sons, Jowell L. Peden, Dallas, and Jack Peden, San Antonio; a sister, Mrs. James P. Ward, Wichita, Kans.; two brothers, J. G. Peden, Texarkana, and C. Z. Peden, Redmond, Ore.; and 10 grandchildren.

S. V. Woodward has been a patient in the Veterans' Hospital in Big Spring six weeks and is hoping to be out of the institution in about six more weeks.

EVINRUDE BOATING FOUNDATION

By RUDY EVINS

Weed beds and rock piles are some very likely places you'll catch those tankers but many a time you'll have trouble with weeds and snags if you're not using a weedless rig.

It sometimes happens that your favorite deep-running lure doesn't come equipped with a weedless rig. In this case take your eyes away from the television set for a minute and do a bit of rigging yourself.

Actually, there isn't much to do to make a weedless lure from your favorite artificial bait. Just connect a rubber band to the eye of the hook and slip the other end over the barb. If you have a double hook just slip the rubber band through the eye and slip the ends of the rubber band to the barbs of their respective hooks. It won't keep the fish from being hooked because when they strike the rubber band slips from the barb.

One thing you have to remember about hooks, says the Evinrude Boating Foundation. There is no single hook that suits all situations. Hooks come in different sizes and shapes. Hooks with long shanks are usually used for tying streamers and other artificial bait or for live bait when fishing walleye or northern. Short-shanked hooks are used for panfish and certain short-bodied flies.

What type of hook a fisherman uses is a matter of preference. Some anglers feel that an offset hook—one with the point bent out of a flat plane, hooks fish best. Others contend that the flat bend—one with the whole hook in one plane, is the best.

The shape of the hook, the size of the wire, and the type of barb to use is a matter for debate among all fishermen. Whatever hook you prefer be sure that it will hold up under the stress and strain of the fish for which it is intended and that it is secured to your line properly.

Happy boating... and fishing, too.

**Lady Golfers In Play Here**

T-Bar Country Club ladies were hostesses Wednesday to the South Plains Women's Golf Association, the first time the local club has entertained such an area meet.

Approximately 75 women participated in the play-day event, with "shotgun" play starting shortly after 8:00 a. m.

Hillcrest Country Club of Lubbock set the pace in points toward the Vivian Parks Trophy with 860 points, followed by Lubbock Country Club with 870 points.

Fanita Graham of Brownfield Country Club had the low score of 64. Eloise Moore of Hillcrest the low gross of 78, and Justine Kerr of Hillcrest had low net of 71, and Ann Morrow of Lubbock CC won low putt honors with 23.

Championship flight: Eloise Moore, Hillcrest, medalist, 78; Justine Kerr, Hillcrest, low net, 71; Ann Morrow, Lubbock CC, low putt, 26.

First flight: Norma Griffin, Brownfield, low gross, 88, and low putt, 29; Fanita Graham, Brownfield, low net, 64.

Second flight: Lera Ohnemus, Lubbock, low gross, 93; Judy Treadaway, T-Bar CC, low net, 66, and low putts, 27.

Third flight: Kathleen McElroy, Lubbock, low gross, 95; Wanda Rice, Meadowbrook, low net, 67; and Natalie Unfried, T-Bar CC, low putt, 30.

Fourth flight: Frances Reynolds, Hillcrest, low gross, and low putts, 30; Anita Billman, T-Bar, low net, 72; and Maxine Steel, Brownfield, low net, 72.

9-hole flight: Jackie Robinson, Lubbock, low gross, 50, and low putt, 13; Mary Spears, Hillcrest, low net, 35.

Coffee and sweet rolls were served the ladies before play started, and luncheon was served at noon. Hostesses for the luncheon were the Duplicate Bridge ladies and members of the Ladies Golf Association who were not playing.

The luncheon table was laid with a white linen cloth and an arrangement of bronze doty mums and yellow pom pom mums was behind a simulated golf green with two dolls dressed as lady golfers.

**QUESTIONS, PLEASE**

QUESTION: "What Is The Baptism of Spirit And Fire?"

ANSWER: Matt. 3:11 says: "I indeed baptize you with water unto repentance; but he that cometh after me is mightier than I, whose shoes I am not worthy to bear: he shall baptize you with the Holy Ghost, and with fire." There are two distinct baptisms alluded to here. One is the baptism of the Spirit, the other of fire. The next sentence explains this fully: "And will gather his wheat into the garner; but he will burn up the chaff with unquenchable fire." There were two classes to be baptized—one with the Holy Spirit and gathered into the garner of God, the other with fire to be burned up in that unquenchable fire. John was speaking to a mixed multitude, and we are not to conclude that the same would receive both.

The Apostles on Pentecost received the baptism of the Holy Spirit. (Acts 2:1-4) This baptism, came in conjunction with the promise that Christ had made to them that the Father would send the comforter, the Holy Spirit, for the purpose of teaching and guiding the apostles into all truth. This promise was made only to the apostles and the baptism came only upon them.

All the wicked will be baptized in unquenchable fire in eternity. Paul says that Christ shall be revealed in flaming fire taking vengeance on them that know not God, and that obey not the gospel of our Lord Jesus Christ. (1 Thess. 1:7-8) John the Revelator says that "Whosoever was not found written in the book of life was cast into the lake of fire." (Rev. 20:15)

Baptism is important in our lives for we are told in I Pet. 3:21 "The like figure whereunto even baptism doth also save . . . the reason being that it is an interrogation of the conscience.

You are invited to send your questions to: Don Browning Box 812, Tahoka, Texas. You are also invited to attend the services of the Church of Christ.

## Lodge Planning Family Night

Tahoka Rebekah Lodge No. 209 met at 8:00 p. m. Tuesday in I. O. O. F. Hall with Noble Grand Louise Wyatt presiding.

Following a business meeting an invitation from Brownfield lodge was read to attend a banquet in Brownfield at 8:00 p. m. July 27 in honor of E. V. Riley, Grand Master of Grand Lodge of Texas.

The banquet will be held in fellowship hall of First Baptist Church there. All Rebekahs and Oddfellows who can are urged to attend the event.

The local lodge has also planned a family night to be held in the city park.

Next meeting will be July 25.

## Maxeys Daughter Will Be Married

Mr. and Mrs. Homer G. Maxey, 2104 Vicksburg, Lubbock, are announcing the forthcoming wedding of their daughter, Glenna, to Ronald William (Bill) Goodacre, son of Mrs. Arthur Goodacre of Red Deer, Alberta, Canada.

The bride-elect is a graduate of Monterey High School and Colorado College, where she was a member of Kappa Alpha Theta sorority. Bill Goodacre is a senior at the college and a three-year letterman on the hockey team.

Mr. and Mrs. Mackey formerly lived in Tahoka. In fact, Homer got his start in business here as a local Continental Oil Company representative.

## Duplicate Bridge Winners Named

Duplicate bridge winners at T-Bar Tuesday night were: Doug Morrel of Post and Johnny Wells, first; Dale McElroy of Lamesa and Mrs. Larry Hagood, second; Mrs. A. N. Norman and Mrs. Winston Wharton, third.

No play off was held last week on account of the July Fourth holiday.

It is better to drive slowly than to be driven that way.

MRS. HAROLD HAMILTON

## Harold Hamilton Marries In Ottawa

Miss Eleanor Anglin and Lieut. (J. G.) Harold Hugh Hamilton were united in marriage on Saturday, July 1, in St. Joseph's Church in Ottawa, Canada.

Mr. and Mrs. Ed Hamilton, parents of the groom, flew up for the ceremony, and returned last week following visits to New York City and Washington, D. C.

The bride is the daughter of Mr. and Mrs. Edward Anglin of 283 Chapel street, Ottawa, Canada. She is the granddaughter of the late Rt. Hon. F. A. Anglin, PC, KC, St. G., LLD, and Mrs. Anglin and the late Thomas Mulvey, CMG, QC, and Mrs. Mulvey. She is a graduate nurse.

Lt. Hamilton is a graduate of the Tahoka schools and of Texas Tech. He has been in the Navy three and a half years, and for about two years has been stationed at Brunswick, Maine.

Following the ceremony, the couple spent their honeymoon at her summer cottage north of Ottawa.

Mr. and Mrs. Hamilton flew back to New York City, where they spent a day and a half seeing the sights, and then on to Washington, D. C., where they spent another day and a half visiting the nation's capital.

**TRIPLETS ARE BORN**

Mrs. Tom (Connie) Hale has received word of the birth of triplets, two boys and a girl, to her brother and wife, Mr. and Mrs. Walter Harwood, of Cardiss, South Wales, England.

## West Point Club Met On Friday

Mrs. Hubert Tankersley was hostess for the West Point H. D. Club Friday, July 7 at 4:00 p. m. Instead of the regular program, a book review, "The Silver Butterfly," was presented by Mrs. Maurice Bray.

Twenty-three were present, including members from the Draw and Dixie clubs as well as several other guests. A special guest, Hendrick "Hank" Arendse from The Netherlands and summer guest of Tahoka Rotary Club, also attended.

Sarah Wells, a 4-H Club member, presided at the serving table when punch and cookies were served.

This was the club's last meeting until Sept. 13, but a family picnic will be held in August, the date to be set later.

## Marla Beth Caswell Will Marry Soon

Mr. and Mrs. V. O. Caswell, Route 2, O'Donnell, announce the approaching marriage of their daughter, Marla Beth, to Doyle Rexrode. Rexrode is the son of Mr. and Mrs. D. B. Rexrode of Plainview.

Miss Caswell is a graduate of O'Donnell High School and is a junior elementary education major at Texas Tech. Rexrode is a graduate of Plainview High School and a senior at Tech.

Wedding vows will be repeated August 18.

## Hosts Announced For Party Bridge

Winners at party bridge play at T-Bar Country Club Thursday night of last week were Mrs. Frank Hill, first; and Frank Hill, second. Mr. and Mrs. Harry L. Short were hosts.

Hosts for the remainder of the month are: Mr. and Mrs. E. L. Short, this Thursday; Mr. and Mrs. Jack Fenton, next Thursday; and Mrs. Emma Halamiciek, July 27.

Every day is a safety day.

## Fight Communism With The Gospel

In the battle for the minds and souls of men the Communists seem to be winning out in many corners of the world. Why?

Because they are willing to spend and be spent for their godless cause. Because they are putting forth a gigantic effort to spread their sugar coated lies to all people in the form of the printed word. Realizing the truth of the old adage, "The pen is mightier than the sword," both Russia and Red China are flooding the uncommitted nations with books. Text books, comic books, fiction, non-fiction. Books which sell for as little as two cents each. Books so inexpensive that even the poor people can buy them; and in the uncommitted nations most people are poor.

This weapon is tremendously effective in the battle for minds and souls of men. People in the newly emerging nations have an insatiable thirst for books. They'll read almost anything.

We are told that the communist book distribution apparatus is so vast that it staggers the imagination. Some figures indicate that the Russians and the Red Chinese produce 3.6 billion books each year. This is more than one book for every person on earth and compare that with the eight hundred million published in the U. S.

As a result of this immense effort Lenin is now the most widely translated author in the world. The Bible has dropped to second place. In third place are the writings of Stalin.

To meet this challenge of the Communists in the battle for minds and souls of men in answer to our Lord's Great Commission, "Go ye therefore and teach all nations."

the Concordia Tract Mission has developed this threefold tract program: 1. Encouragement of individual tract distribution. 2. Tract distribution through Christian Congregations and organizations. 3. Worldwide Tract distribution.

Come and hear the Rev. Arthur Kaul of St. Louis as he speaks on this Worldwide program of preparing and sending out Christian tracts into all the World. Let him warm your heart with personal interest stories of people from all parts of the earth who have been won for Christ through the

printed Gospel message. Rev. Kaul will be speaking at St. Paul Lutheran Church in Wilson, Texas at 8:00 p. m. on Friday, July 21. He will speak July 19th, 8:00 p. m. at Redeemer Lutheran Church in Lubbock.

**SINGING SUNDAY**

A musical program is to be conducted at Pleasant Grove (colored) Baptist Church Sunday at 3:00 p. m.

About 40 singers from the Ideal Baptist Church in Midland will be in the July 16th program.

### Cotton Meet . . .

(Cont'd. From Page One)  
 ers are to expand their markets—and their production and profits—were spelled out by the speakers. Speakers said almost all other segments of farmers have some grower organization to promote their products. Cotton is losing out to synthetics and to foreign

competition and to government controls because the cotton producers need to do more in the fields of research and promotion and advertising.

Basically, the plan boils down to the contribution of \$1.00 per bale contribution, possibly taken out at the gin, for each bale of cotton produced. Areas of research and promotion would be administered strictly by farmers, with one representative to the national policy board being selected on the basis of each \$150,000 raised.

Every cent is designed to go directly for research and promotion, since the National Cotton Council will furnish the expense of getting the program going.

Wherever the plan has been presented, speakers declared, about 70 percent of farmers have already signed pledges of cooperation and such pledges are still coming in.

Farmers attending this meeting will take the plan to other farmers of the area in the coming weeks and other meetings are now being held to further present the plan.

At Friday's meeting, the following community chairmen were elected to get the plan rolling and the following open meetings called to present the plan. All farmers are invited and urged to attend one of these meetings.

Tahoka, at City-Legion building, today, Friday, July 14, 8:00 p. m. John F. Thomas, chairman.

New Home, at Community building, Thursday, July 13, 8:00 p. m. E. R. Blakney, chairman.

RETURN FROM VACATION TRIP TO WYOMING

Mr. and Mrs. R. C. (Toe) Roberts returned last week from a vacation trip to Wyoming in company with Mr. and Mrs. Jack Fenton and Mr. and Mrs. Oscar Roberts. The Fentons came home two or three days ahead of the R. C. Roberts, but the Oscar Roberts proceeded on to Yellowstone and other scenic points.

"Toe" says they had a great time. The three couples made the trip in three station wagons, in which they slept, and also had two tents. They greatly enjoyed camping out in the mountains and forest, and "Toe" says Jack managed to keep them supplied with trout.

## Social Security Law Amended

The new amendments to the social security law, signed by President Kennedy, give men early benefit rights similar to those women have had since 1936.

The change applies to men between 62 and 65 years of age, and is designed especially to help those who are unable to find employment because of their age or poor health.

A man now 62 to 65 years of age can start receiving benefits with the month of August. But if he retires before he reaches age 65, the monthly amount of benefit paid to him is reduced. He will continue to be paid the reduced amount even after he reaches 65.

Depended widowers and the dependent fathers of workers who have died also can get benefits at age 62. Their benefits, like those of widows and dependent mothers, are not reduced.

For men who retire early, the amount by which their benefits will be reduced depends on the number of months for which they will receive benefits while still under 65. A worker who retires and claims his benefits as soon as he reaches 62 will qualify for 80 percent of the amount that would be payable to him at age 65 based on his average earnings up until his retirement. If he waits until he is 63, he will get 86 2/3 percent of his full benefit; and if he waits until 64, the amount will be 93 1/3 percent.

The reductions are figured so that a person may expect to receive, on the average, about the same amount if he takes reduced benefits beginning before he is 65, or waits until 65.

Members of the immediate family of a retired worker can get dependents' benefits if the worker

## Farm Facts

If you spend \$100 a year for meat, then your meat bill is slightly more than the average, according to the U. S. Department of Agriculture. The Department's Agricultural Marketing Service economists figure the average person has been spending about \$91 per year for meat and that this represents about 4.6% of his income.

The average person spends about \$91 per year for meat.

The \$91 bought 138 pounds of meat—85.8 pounds of beef, 64.6 pounds of pork, 6.3 pounds of veal, and 4.6 pounds of lamb and mutton. Consumption of meat for 1961, according to the USDA, is expected to be about 4 pounds per person more than last year. Beef consumption is expected to reach a record high of 89-90 pounds per person.

Per capita consumption of pork, however, has trended downward since World War II, when it averaged about 70 pounds. It has dropped to less than 60 pounds. There is a trend to fresh meats and away from cured pork items. Pay for an hour's work in a factory today will buy more than two pounds of round steak, as compared with 1.8 pounds in 1939 and 1.2 in 1929. A factory worker in the Soviet Union would have to work an hour and 22 minutes to earn a single pound of beef.

## Beginner Swim Lessons Scheduled

Clifton Gardner, manager of the Tahoka swimming pool, announces that beginner swimming classes will start this coming Monday and will be held from 9:00 until 10:00 a. m.

Beginner classes for ladies will be held nightly from 7:00 until 8:00 p. m. beginning Monday also.

All interested persons are asked to contact Mr. Gardner.

Mr. and Mrs. Arthur Neumann of west of Ropesville were Tahoka and Wilson visitors Monday. Mr. Neumann says he would like to buy a farm in this area and move over here.

## Prohls Tell Of Trip To Orient

Dr. and Mrs. Emil Prohl, who recently returned from the Rotary International meeting in Tokyo, Japan, following which they made an extensive tour of the East, report they had a very wonderful time.

On their return on July 3, they were met in Dallas by Miss Bergitta Hedberg, 16, from Gothenburg, Sweden, and she returned home with them to visit until September.

They had met the young lady and her parents on board ship in 1957 while returning from the Rotary convention in Lucerne, Switzerland, and she and her parents have visited here before. Miss Hedberg had a desire to perfect her English, and the Prohls invited her to visit them while trying to accomplish this.

Then, last Tuesday, her father dropped in unexpectedly and visited them until Friday. He is an engineer with a ship building firm in

Sweden, had business in California, and came by here for a visit.

Following the convention in Tokyo, Dr. and Mrs. Prohl went on a tour which took them to Hong Kong, Bangkok, Cambodia, to Kuala Lumpur, the new capital of the Malayan States, and to Singapore.

Coming back to Bangkok, they went inland to the Yanhee Dam project, where Mrs. Prohl has a cousin working. She says the dam is a great project being built by Brown & Root Construction Co. of Houston, and her cousin is one of the only 55 Caucasians employed as engineers and administrators. There are 35,000 Thailand people working on the project. Funds for the project were borrowed from the World Bank.

The convention in Tokyo was Rotary's largest, there being 23,666 persons registered from 74 countries to feature the promotion (Cont'd. on Back Page, Sec. II)

retires at 62 or if he waits. Eligible dependents include a wife 62 or older, or a wife at any age if she has in her care children who are eligible for benefits. The child of a retired worker is eligible if he is under age 18, or if he has been totally disabled since childhood.

The Committee on Finance of the Senate, in recommending this change in the law, said "The provision of benefits at age 62 for men will help to alleviate the hardships faced by that group of men who, because of ill health, automation, or other technological change, are forced into premature retirement before age 65."

For more information about this change in the law and the other changes made by the new amendments to the law, ask your nearest social security office for free information. Men 62 to 65 years old who decide to take their social security benefits now instead of waiting can also apply for those benefits at their nearest social security office. The office in Lubbock is located at 1616-19th Street and is open from 8:30 a. m. to 4:45 p. m. Monday through Friday (except national holidays).

A representative of the Lubbock Social Security Office will be in Tahoka in the courthouse at 9:30 a. m. on Tuesday, July 18 and will

## McCleskeys Make California Trip

Mr. and Mrs. W. G. McCleskey of Grassland returned Wednesday evening from a month's vacation in California where they visited their son, Leonard of Chula Vista.

While visiting with Leonard, they spent 10 days in the High Sierras Mountains. They camped on Rush Creek, spending their days fishing and sightseeing. White fishing rainbow, speckled and brown trout were caught.

The highest elevation the McCleskeys went was 9,941 feet. Places of sightseeing were Yosemite Park and the ghost town of Bodie, the Devil's Post Pile, Volcano Glassglow and Earthquake Fault. The also saw the beautiful Redwood Forest, going through several tunnels and numerous beautiful lakes. Everyday they iced down the ice boxes with snow from the mountains.

They traveled by bus, car and train, going between 4,000 and 4,500 miles, and suffered no ill-effects from the trip. Mr. McCleskey had to return to Tahoka and have a doctor treat him for a tick bite.

He is glad to assist in all matters pertaining to social security.

## ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

Ford Dealers were first with a long-term warranty ...because they have the car to back it up

For 1961 the warranty\* on all Ford cars was extended to 12,000 miles or one full year, whichever comes first.

This action tripled the existing warranty—and scooped the American automobile industry. It was dramatic proof of your Ford Dealer's confidence in the finest, most durable, most reliable Fords ever built.

These are the cars with the new service-saving features most other manufacturers are just planning for

the future. The '61 Ford goes 30,000 miles between chassis lubrications . . . 4,000 miles before you need to change oil. Brakes adjust themselves automatically. The muffler is built to last three times as long as the ordinary type. Body and underbody are specially protected against rust and corrosion. And, Ford's Diamond Lustre Finish never needs wax.

STOP spending money on a car

Today is the day to STOP...SWAP...SAVE

that's behind the times. SWAP for a '61 Ford while sales are booming and the deals are sensational. SAVE when you buy. Continue to save with the car that's built to be more service-free.

\*Extended Warranty—Each part of '61 Ford, except tires, is dealer warranted against defects in materials or workmanship for 12 months or 12,000 miles, whichever comes first. Owners remain responsible for normal maintenance service and routine replacement of maintenance items such as filters and ignition parts.

# Printer's Ink-lings . . .

By F. P. H.

At long last, a farmer move is about to promote cotton. We're about twenty years late, but better than never!

The synthetics industry spends \$20 million a year for advertising alone. Even the wool growers spend more to promote their product than do cotton farmers, who represent one of America's biggest crops. If we cotton people don't get busy and promote research to develop better cotton products and advertise them to the world, we are going to be left out. This is a day of competition. Look at the pages of this little newspaper, and you'll note that promotion is the staff of life to even the small Tahoka businesses.

We have the Plains Cotton Grow-

ers, but this serves only our immediate area. We have the American Cotton Council, but it is engaged in the over-all field. We have other organizations of manufacturers, ginners, spinners, etc., but their fields are all limited. The present move is coming directly from the farmers themselves, with help from the Cotton Council—and we farm folks need to get in on the deal with our money. If it is not worth a \$1.00 a bale to the producer to promote research and advertising, cotton is not worth raising.

Cotton is getting in bad shape because of the cost-price-squeeze. Too, we are not only losing our markets to foreign countries who raise cotton or manufacture cotton, but we are gradually losing out to the synthetics.

We also need to put more pressure on our government. The cotton industry recently received quite a shock when the Kennedy administration disclosed that it is negotiating a pact for a steady increase in cotton imports from all low-wage countries.

Through the "grapevine" of press connections, The Printer hears that Washington correspondents are becoming alarmed at the great amount of news and information that the New Frontier is keeping from the public. More than ever in history, the report is that JFK and his underlings are operating in too much secrecy. One case in point is the recent ill-fated Cuban invasion, in which case the President tried to keep the press from knowing that the administration was mixed up in the affair. Another case which made American correspondents hot under the collar was a visit of 11 Soviet reporters to the President, at which our own reporters were barred. One American reporter asks: "When we have a press conference with the President, Soviet reporters are admitted? Why are we kept out of this? What's he saying to those Reds that we can't hear and report on?"

Have we goofed again on that early day street scene published on the front page of The News

during the week of the pioneer reunion? Some O'Donnell people claim it was a picture of early day O'Donnell (1910). Since running this explanation in last week's News, Mrs. Gladys M. Stokes and J. O. King have both come forward to state they believe it actually is a picture of Tahoka in about 1904. Can anyone furnish positive identification of the picture?

Old "Hackberry Slim" Johnson was a Tahoka visitor again this week. He is staging his Buffalo Rodeo in Brownfield this Saturday night at the Terry County Sheriff's Posse arena.

Life Lines says: It is a basic idea of the Mistaken leaders of the worldwide conspiracy against freedom that the United States and its form of capitalism must pay for its own death and burial. That explains their effort to make us believe that America's only hope for survival in the cold war is the continuance of the back-breaking foreign aid program.

Altah Thomas has a broken right index finger. "Don't you spill the cold-aid in the floor," she yelled at one of the kids, took a slap at the youngster, but the youngster ducked and she hit the door with her hand. Well, anyway, the Doctor didn't charge her for setting it!

Here's a suggestion to Tahoka Ex-Students: For one of the homecoming reunions, why not invite as speaker Cecil E. Peebles, president of Lon Morris College at Jacksonville? He was one of Tahoka's first coaches (back about 1922) and gave the athletic teams the name—the Bulldogs.

From Don Browning's Church of Christ bulletin: It doesn't take long for gossip to assassinate reputation; for conceit to spoil a future; for envy to make unhappiness; for chickens to come home to roost; for boys to learn their father's vices; for grudges to become hatreds; for an audience to detect insincerity.

Bill Biggerstaff is the champion sunflower raiser of Tahoka. Go by and take a look at those he has cultivated in his back yard. They are about 12 feet tall, trunks as big around as a teacup, and have heads the size of a dishpan.

Mrs. C. E. Gannaway of New Home says President Kennedy has nothing on her in one respect. She has one of those rocking chairs that looks just like the President's, and says she puts it to use, too. In fact, she and C. E. have sold their farm, will soon move into their new home at New Home, and they both intend to do a little more "restin', sittin' and rockin'" . . . don't see any use getting old and stranded out on the farm.

"An optimist is a fellow who believes what's going to be will be postponed."—Kin Hubbard.

"It is good for one to appreciate what life is now. Whatever it officers, little or much, is life this day—this hour—and is probably the only experience of the kind one is to have. As the doctor said to the woman who complained that she did not like the night air: 'Madam, during certain hours of the twenty-four, night air is the only air there is.'"—Charles M. Flandrau.

Five most important words: "I am proud of you." Four most important words: "What is your opinion?" Three most important words: "If you please." Two most important words: "Thank you." Least important word: "I".

"I didn't mind our local postmaster opening my mail," insists Herb Shriner, comedian, "but I had to put my foot down when he started answering it."

One of The News force visited The Printer when he was in the hospital. "Now, Frank," he said, "don't you worry. Everybody at the office is going to pitch in and do your work—as soon as we can figure out just what you have been doing."

# Freeman Defines "Family Farm"

There has been much discussion about what might be declared a "family farm" as proposed by Secretary of Agriculture Orville L. Freeman and his economic advisor, Dr. Cochrane.

Although his Farm Program proposal, or the major portion of it, has been killed by the Congress for this session, the Secretary says he has not given up on his plans for agriculture. He says a family size farm would be one that grosses \$10,000 annually. That would be slightly over 50 bales of cotton for the average Lynn county farmer.

Here is exactly what Mr. Freeman said in regard to his proposal for support for "family size" farms, the only farms that have a right to exist, in an address before the Missouri Cotton Producers Association at Charleston, Mo., on May 23, 1961:

"I should like to take this opportunity, for a moment, to clarify what we mean when we talk about the family farm. It has been subject of as many misconceptions as the Ellender-Cooley farm bill which is designed to enhance its strength. "The family farm is a business institution in which most of the labor and most of the management is provided by the same family. Acquisition of managerial control can be secured by any one of several forms of tenure. "Similarly, the size of the family farm or its income depends only on the amount of labor the family farm can supply and an equal—or near equal—amount of hired la-

A story of World War I tells of a tank crew bringing their tank to a halt in the midst of a battle. Asked why they had stopped their tank, the officer in charge replied, "We came to the end of our map."

How big is your map? Many of our failures and frustrations in life are brought on because of the "too small" map we are using.

Napoleon's mother was said to have presented her ambitious son

with the map of their home island of Corsica. He refused it saying, "I want a map of the world." Corsica was too small for him—he wanted to rule the world. Provincialism is the curse of most of us. We are interested only in our little world close around us. How big is your map—your mental map? One classic expression about a person's knowledge was, "He knows less about more things than anybody I know." We have heard it said of certain individuals, "He is as good as he knows how to be." A person with a small mental map will be a small person. How big is your map—your moral map? Too many of us are careful to be good at home among our friends and neighbors. But when away and among strangers Corsica. He refused it saying, "I am tempted to let our standards do not want a map of Corsica. I want a map of the world." Corsica was too small for him—he wanted to rule the world. Then it is one thing to know the map but the real test is whether we take the journey. It has been said that knowledge knows the map but faith takes the journey. How big is your map of life and how far down the road have you traveled?

## Pat Jacobs Writes Of Jeep Trip To Remote Area Of Rocky Mountains

Mrs. Pat (Jake) Jacobs writes an interesting account of a recent trip she and daughters Vicki and Becky made over the mountains with a retired couple from San Angelo.

Mr. and Mrs. Jacobs own a drug store they operate in the summer at Lake City, a little resort town down deep in the mountains of western Colorado.

Her account of the trip follows: You missed the chance of a lifetime when you were here. Vicki, Becky and I went with the Lawrence Boyntons today on the jeep

trip over Cinnamon Pass to Silverton and back over Engineer Pass and down Henson Canyon.

As we went from Sherman (mining ghost town up Lake Fork canyon) toward Cinnamon Pass the scenery of mountains, forest and river grew more spectacular with every mile and the road more narrow and bumpy with each switch in the road.

By the time we got into the high country, we were numb with cold and didn't even notice the jump-offs hundreds of feet below us from the six to eight foot wide trail.

We thought we were seeing the most beautiful part of the world on top of Cinnamon at 13,200 feet. Grassy meadows on the mountain tops were marred only by the score of mines that dotted them, and we were really surprised to see a shaft and miner's cabin across a meadow from the pass right on top of a 14,000 foot peak.

We picked up several cinnamon-colored crystals on the pass (for which it was named). We had lunch at Los Animas Fork, another ghost town at the foot of the pass, on the porch of a miner's cabin high up in the mountain meadows just below timberline. By this time we were nearly frozen, and that hot coffee really hit the spot. We skidded from there down to Silverton and arrived just as the Wild West street show ended but did get to see the narrow gauge train that travels from Durango to Silverton, before its return trip. Silverton is quite a town—just like you told us—and we enjoyed seeing the old saloons, blacksmith shops, hotels, etc., just like they were in the 1880s.

From there, we took off toward Engineer Pass, and if we thought we had seen scenery we didn't know whereof we thought.

Engineer Mountain is 13,900 feet high, and we stood on the tip-top, about four feet square. If I ever make it to the Promised Land, I found the nearest thing to it two and a half miles above sea level. Never in my life have I

seen such unexcelled beauty. A cross meadows dotted with fir, spruce and aspen and countless lakes, over a thousand feet below. In every direction, rose rugged mountain peaks streaked with snow, some of them red, yellow and orange from the colors of soil, some green with grass, some deep blue, shaded by clouds hanging around the peak tips.

We could see two or three other mountain ranges in several directions, one in front of the other. Toward Henson Canyon and Lake City we could see almost completely down the valley for over 20 miles. Toward Silverton and beyond to Durango, the Needles Mountains were magnificent. Westward were two ranges between which the Million Dollar Highway runs. In a break through the high peaks, we could see the plains of Utah. Northward, were the Mastiff group between Ourray and Ridgeway; and Northward, were the Mastiff group Wetterhorn and Umcompahdre peaks rose like giant fingers reaching to the sky. And we were as high as the Matterhorn!

The only scare we had was in the approach to Engineer Peak. We had to drive within inches of an enormous glacier, and the path (straight up) we were now driving on was slippery from a shower. We didn't slide onto it, but we thought we were going to.

Mr. Boynton, having blazed a round 25 percent of the jeep trails in the San Juan mountains, was an excellent driver and knew all those trails by heart, thank goodness!

Incidentally, it took us 10 hours to travel those 80 miles into the wildest, most rugged and unspoiled country in Colorado, and we enjoyed every second of it. If you think Pike's Peak, Trail Ridge Drive, Slumgullion Pass, Henson Creek, etc., are pretty, all I can say is—you ain't seen nothing yet.

That trip is one of the highlights of my entire life and is something I'll remember as long as I live. I feel like Jerre Ann Wyatt when she said at Sherman, "I wish I could bottle all this up and show it to everyone back home."

Incidentally, the girls asks their friends to write them—and come see them! The town had a July

**This Week in AUSTIN**  
by Senator Preston Smith

The opening of the special session Monday was accompanied by another blast from Governor Daniel about the "power of lobbyists" in Austin.

He fears, according to his statement Sunday, that if lobbyists "have more influence for their selfish interests at the state level than in Washington, then this will lead to more national control and taxes will be centered more and more at the federal level."

Many here in Austin are wondering why the blast from the Governor at this particular time did not include more on the sales tax issue, a favorite topic of his many television and newspaper interviews in past months.

Legislators, comparing notes on the "lobby problems" described by the Governor, have come up with these observations.

1. Regardless of how many lobbyists "flock into Austin" it is always going to be up to the individual legislator to manage himself and his office to keep from being interfered with by lobbyists. Most legislators agree that if lobbyists have the ability to create such confusion in any legislator's work, then that legislator is not very efficient in managing his office. Any legislator who is rendered inefficient by lobbyists is not worth his salt anyway.

2. The governor was apparently confident when he approved the lobby registration legislation which we passed during the 56th Legislature that this legislation requiring lobbyists to register, would constitute proper regulation.

3. There may be, say Legislators, some weaknesses in the lobby registration laws just passed. If there are weaknesses, they need to be straightened out. But, it needs to be done in an intelligent, legislative manner, and not through scare publicity.

Gov. Daniel wants the law strengthened to require lobbyists to report all their expenditures, including living costs away from home, travel to and from Austin, office expense and other personal costs. That's all right with most legislators I know, but how is this going to change anything?

It is better to drive slowly than to be driven that way.

(Cont'd. from Page 1, Sec. 2) of international understanding, goodwill and friendship. President J. Edd McLaughlin, Ralls banker, presided at the principal session. Five hundred interpreters were needed to handle the translations to make the proceeding understood by peoples from over the world.

The democracy of Rotary was emphasized by the fact that the speakers ranged from a service station operator to Emperor of Japan.

The Prohls saw many old friends at the meeting and made many new ones from around the world.

They had a nice visit with John Toler, son of Mr. and Mrs. John Toler of Tahoka, who is the English language editor of The Mainichi

Daily News, which published two special pages each day of the convention devoted to the Rotary meeting.

The Prohls brought The New copies of John's paper and also copies of daily newspapers from Bangkok and Singapore.
