C-C Seeking Better Telephone Service

Tahoka Chamber of Commerce, headed by E. L. Short as president, launched a number of projects in a meeting Wednesday.

The C. of C. decided to employ a secretary as soon as possible and announced the first bale of cotton premium will be made by the body without soliciting ginners or merchants for the fund, both of which are covered in other stories on this page.

The business organization asked the City of Tahoka to join them in requesting that business office of General Telephone be established in Tahoka and that the company "render service to Tahoka customers commensurate with the charges made for such service." For months, Tahoka citizens have been incensed at indifference of General Telephone in providing better service.

Need of more street markers and numbers on residences was discussed, and Johnny Reasonover was named to confer with the City Council to see what can be done. The suggestion was made that Boy Scouts, Girl Scouts or some other organization might raise some needed funds by taking on a project of selling house numbers.

The body voted to assist the Texas Highway Department in securing the site it desires for the proposed shop and headquarters building here, the location of which will add to the number of State employees in Tahoka.

Means of attracting more Mexican farm labor to Tahoka were discussed in order to help farmers and also increase business, including location of quarters for a Mexican barber who wants to open a shop. Many such farm laborers are now going to other towns because Tahoka does not have this and other facilities. Business people are also encouraged to make every effort to lend encouragement and extend courtesies to such laborers.

The C. of C. asked City authorities to join them in requesting that removal of old cars, junk, and merchandise from the streets and sidewalks of the town and to tighten down on illegal loud mufflers, speeding, and irregular parking practices.

The board again discussed a proposal to pave a loop through Tahoka Cemetery, and offers its cooperation to the Cemetery Association, County and City in such a project.

In invitation, with City approval, was issued a Go-Cart Association to hold its half-day contests on the east side of the square in Tahoka.

Publication of a brochure on Tahoka and Lynn county was again authorized, and completion of this is expected in the next few weeks.

Several other projects were also discussed.

Drive Starts For Girl Scout Fund

The Girl Scout financial drive is now underway in Tahoka, and the goal is \$860.00 to finance the program, announces Charles G. (Bud) Bragg, financial chairman.

Letters have been mailed to many citizens and personal contacts have already been made with some others, but actually the drive is just getting underway and a few contributions have already been received.

Tahoka was allowed by the Caprock Girl Scout Council to set its own goal of \$860.00, but this is the amount due according to the number of girls enrolled in the program.

This is the only means available for reaching the goal, and interested citizens can mail their donations to Charles G. Bragg, Girl Scout Drive, Tahoka, Texas.

Mr. and Mrs. James Trammell recently returned from a vacation to Corpus Christi and other places on the Gulf Coast.

Premium Of \$200 For First Bale

A cash premium of \$200.00 is offered for the first bale of 1961 cotton weighing 450 pounds or more, raised and ginned in Lynn County, and deposited on the First National Bank corner in Tahoka, the Chamber of Commerce has announced.

The bale will not be sold at auction, but the farmer will be given the cash premium and allowed to sell his cotton and seed where he desires.

For several years in the past, some ginners have cooperated in raising a premium that would bring the farmer at least \$1.00 per pound for the first bale, but C. of C. officials decided this was not fair to all ginners. This will still be as much or more premium than is offered by many counties in the area.

C. of C. Seeking Paid Secretary

Applications are being sought for secretary of the Chamber of Commerce of Tahoka, following a study of the needs of the body and the town. Dean Taylor has been serving as a part-time secretary.

At a meeting of directors Wednesday night, the body decided to employ a secretary now, if such can be found, instead of seeking a full-time manager. The board says the prospective secretary must be a mature man or woman with personality, able to meet the public, preferably with selling ability and initiative, typing ability, and willing to give six hours or more a day to the office.

Anyone interested should make a written application to the board and contact E. L. Short, president.

Youth Revival At New Home

New Home Methodist Youth Fellowship is sponsoring a youth revival Friday through Sunday nights featuring the theme, "Christ Above All." Services Friday and Saturday will be at 8:00 p. m. and Sunday evening at 7:30 o'clock.

Speaker Friday night will be Ossian Smith of O'Donnell, and special music will be provided by Tahoka MYF.

Saturday night's speaker will be David Crooks of New Home and the New Home Baptist youth group will furnish special music.

Sunday night's talk will be by James P. Patterson of Lubbock, and special music will be by New Home MYF.

Refreshments will be served and a recreational period held following the services Friday and Saturday nights.

A cordial invitation is issued to one and all to attend these services.

MOVE TO NEW HOME

The Larry Hagood family last week moved to their new brick home on North Seventh street. They sold their former home to Clifton Gardner, Tahoka High principal, and the Gardners moved in last week end.

Rev. J. B. Thompson will preach at Lorenzo Methodist Church Sunday morning, August 20, for the 50th anniversary service of that church. Rev. Carl Westbrook, youth minister, will preach Sunday morning in the Tahoka church. Rev. Thompson was pastor of the Lorenzo church from 1929 to 1933.

Showers Help Eastern Areas

Cotton is holding up unusually well considering the dry weather of the last few weeks, but much maize, especially that planted about the middle of June is suffering badly, farmers report. Rain is needed badly over most of the county.

Showers the past week have given relief in parts of the eastern section of the county. Last week end there were light showers, and Monday night Central received up to 2.5 inches. Grassland 1.25, Gordon and the area northeast of New Lynn up to an inch. Grassland and Gordon had received showers Friday.

Tuesday evening, a light shower south of Tahoka helped a small area.

Annual Farm Tour Thursday

The tenth annual Lynn County Soil Conservation and Crop Demonstration tour will be held Thursday, August 24, leaving from the court house at 8:00 a. m. Barbecue lunch will be served at noon at the E. R. Blakney farm, north of New Home, through courtesy of the banks of the county.

County Agent Bill Griffin announces the following schedule for the tour.

1. Leonard Crawford, cotton fertilizer and gypsum treatment demonstrations.
2. Hubert Aldridge, farm pond demonstration.
3. G. M. Stewart, root plowing and re-seeding of pasture land.
4. Robert Warren, cotton varieties demonstration.
5. E. R. Blakney, land leveling demonstration and lunch.
6. Melvin Wuensche, cotton varieties demonstration.
7. Clifton Hamilton, grain sorghum demonstration.

Wheat Program Vote Thursday

"Lynn county wheat growers will join with other producers throughout the nation on August 24, to decide if marketing quotas will be in effect on their 1962 wheat crop," County Agent W. B. Griffin announced. Quotas will be in effect only if at least two-thirds of the producers vote "yes" in the referendum. Here are the options in a nutshell.

- If farmers vote "yes":
1. The price of wheat will be pegged at \$2 per bushel or about 84 percent of parity for those who comply with program provisions.
 2. There will be a mandatory acreage reduction of 10 percent.
 3. Payments will be made for diverting wheat acreage and for devoting it to a conservation use.
 4. Additional voluntary reductions may be made.
- If farmers vote "no":
1. Price support on wheat will be \$1.19 per bushel or 50 percent of parity for those producers planting within acreage allotments.
 2. There will be no limit on marketings.

All farmers who have produced more than 13.5 acres of wheat in at least one of the last three years are eligible to vote, Griffin said. Complete information on the proposed wheat stabilization program can be obtained at the county agent's office, or by contacting Lynn county ASC Office Manager Charles Bragg.

"We do not have a 1962 wheat program now," Griffin emphasized. "That will be up to the farmers to decide on August 24."

NEW FARM HOME

Mr. and Mrs. Roy LeMond have built a fine new home on their farm near Grassland, finished in pressed stone and containing three bedrooms, den, and all modern conveniences.

Mrs. Dennis Polk has been a medical patient in Lubbock's West Texas Hospital for several days.

MR. LEX ROBY

REV. Wm. B. WILLIAMS

Baptist Meeting Begins Sunday

Eight-day revival services at the First Baptist Church will begin Sunday and continue through Sunday, Aug. 27, announces the pastor, Rev. T. James Efrin.

Rev. Wm. B. Williams, pastor of Temple Baptist Church in Amarillo, will do the preaching. Song services will be led by Lex Roby, music director of the First Baptist Church of Post.

Each morning at 6:30 o'clock there will be a men's breakfast and short devotion service in Fellowship Hall of the church. Week-day morning services will be held at 10:00 a. m. daily, and evening services are scheduled for 8:00 o'clock.

A nursery will be provided for mothers with small children.

The church issues a cordial welcome to people of all faiths to attend any or all of the services.

Griffin Member National Board

County Agent and Mrs. Bill Griffin are making plans to attend the annual convention of the National County Agricultural Agents Association in New York City on September 10-14.

As immediate past president of the Texas County Agents Association, Mr. Griffin is a member of the national executive board, and also is a member of the national Public Relations committee. He is one of 11 voting delegates from Texas.

Dr. Conrad Lam, Heart Surgeon, Is Secured As Speaker For Homecoming

Tahoka's school homecoming of ex-students has been planned for Friday, Oct. 13, day of the game with Slaton, and the principal speaker will be a former student, Dr. Conrad Lam of Detroit, Mich., nationally famed heart surgeon, according to announcement of Perry Flippin, student council president.

Dr. Lam is head of thoracic surgery at Henry Ford Hospital in Detroit, and is the first heart surgeon to perform some particular operations on the heart. He is married, has two sons and two daughters.

The son of Mr. and Mrs. Eli Lam, Conrad grew up in Tahoka, attended the local schools and

Registration For High School Students Set For Next Week

O'Donnell Will Open Aug. 28

O'Donnell schools will open on Monday, August 28. Supt. John Criner has announced.

Seniors will register on Thursday, Aug. 24, from 1:30 to 3:00 p. m.; Juniors on Friday, August 25, from 9:00 to 10:30 a. m.; Sophomores on Friday from 10:30 until noon; and Freshmen and Junior High students on Friday from 1:30 to 3:00 p. m.

About 40 prospective Eagles, including 15 returning lettermen, began work-outs Monday for football under Coaches Blair and Beaton.

Band practice also started Monday under the new director, Bill Hulse.

Legion Elects New Officers

Rayford Smith is the new commander of Merion G. Bradley Post No. 250 of the American Legion, succeeding Lewis Allsup.

Smith states that he plans to see each member personally in the near future and is open to suggestions on projects and program. The Post meets each fourth Monday night at the City-Legion building.

Other officers are: Mac Mauldin, vice commander, succeeding Carl Griffing; George Glenn, adjutant, succeeding Clyde Ashcraft; R. E. McElroy, sergeant-at-arms, succeeding Dwayne Jones; Roy Askew, chaplain, succeeding Tom Gill; and Dr. Skiles Thomas, post surgeon.

Tahoka Band Meeting Daily

Director Phil Pearce opened his Tahoka High summer band school Monday morning, and sessions will be continued throughout this week and next week from 8:00 to 10:30 a. m. daily.

He reports about 35 students are attending the school, and several others on vacation are expected to join the group.

Mr. Pearce is well pleased with the progress of the students. School authorities say he did an unusually fine job last year in starting a building program, and this year's band is expected to show results from the work.

Dianne Falls is the drum major, and majorettes are Sue Walker, Patricia Falls, and Patricia Sikes. Dianne is the Band Club president; Patricia Falls, secretary and treasurer; Louella Tomlinson, reporter; and Donna Copelin, librarian.

The Band Mothers Club has Mrs. Clint Walker as president; Mrs. Clint Sikes, vice president; and Mrs. John Thomas, secretary and treasurer.

New Home Sets School Opening

H. L. Miller, superintendent of the New Home schools, states that the New Home school will begin August 28 for a full day session.

The faculty was complete as of this week. Faculty meeting will be held Aug. 24 and 25 in preparation for the opening of school.

Football practices began on Monday of this week.

Wilson Schools Plan Opening

Wilson schools will open the new term Monday, August 28, with a general assembly at 9:00 a. m. in the auditorium, but high school students will register this coming Monday and Tuesday, Aug. 21 and 22, announces LeRoy Scott, the new superintendent.

Seniors register on Monday from 9:00 a. m. until 12:00 noon, and the Juniors register that afternoon from 1:00 until 3:00 p. m. On Tuesday, the Sophomores will register from 9:00 until 12:00 noon while the Freshmen will register during the afternoon from 1:00 until 3:00 p. m.

First and second grades will be registered August 24 from 9:00 until 11:00 a. m. at the Wilson Elementary School. Parents are reminded that birthcertificates and vaccination slips for small pox are required for all beginning students. Supply lists will be available and fees may be paid at this time.

Wilson Public Schools general faculty meeting is scheduled for Friday, August 25 at 9:00 a. m.

Students will follow a regular schedule of classes the first day of school. Lunch will be served and buses will make their regular routes. School will dismiss at 2:30 p. m. Monday.

Mrs. L. Caveness Dies Tuesday

Funeral services for Mrs. Lucy Caveness, 77, were conducted Thursday at 2:00 p. m. in Tahoka Methodist Church with Rev. J. B. Thompson, pastor, officiating. Mrs. Caveness died at 9:45 a. m. Tuesday in Lamesa Nursing Home. Tahoka services were under the direction of Stanley Funeral Home.

Mrs. Caveness was born June 2, 1884 in Crockett and came to Lynn county in 1933. She was married to C. B. Caveness in 1933 in Lynn county. She was a member of the Methodist Church.

Following the Tahoka services, the body was to be taken to Fort Worth with graveside services being held today, Friday, at 10:00 a. m. in Greenwood Cemetery.

Survivors include one daughter, Mrs. Robert M. Crouse, Los Angeles, Calif.; one step-daughter, Mrs. Henry Woosley, Vernon; two step-sons, Alva Caveness, Tahoka; Sherill T. Caveness, Fort Worth; two sisters, Mrs. A. Y. Ellis and Mrs. W. M. Felkor, both of Fort Worth; two brothers, W. W. Hancock, Easterly; and C. E. Hancock, Fort Worth.

Mrs. Caveness was a graduate of Texas Tech with a Bachelor of Music Education degree, will succeed Mrs. Bettye Green, resigned, as public school music teacher.

Public Is Invited To Girl Scouts

Dr. Emil Prohl will be the guest speaker tonight, Friday, at 8:00 o'clock at a Neighborhood Girl Scout program at the City-Legion building.

He will show films and make a talk on his trip to Japan and other Asiatic countries this summer.

Two Brownie Scout troops, as well as each Girl Scout troop, will have parts on the program. Purpose of the event is to introduce Girl Scouts in Tahoka.

The public is cordially invited and urged to attend this program.

Hall Robinson continues to show improvement in Tahoka Hospital where he underwent surgery last week on a broken hip.

Mrs. K. W. Phillips is a medical patient in Tahoka Hospital this week.

Every day is a safety day.

All Tahoka High School students are expected to register Tuesday and Wednesday of next week for the new school term beginning on Monday, August 28. Eighth grade and elementary students will not register until the first day of school.

H. S. Principal Clifton Gardner says Seniors will register Tuesday, August 22, from 8:00 to 10:00 a. m., and Juniors will register the same day between the hours of 2:00 and 4:00 p. m.

On Wednesday, Aug. 23, Sophomores will register from 8:00 to 10:00 a. m., and Freshmen will register from 2:00 to 4:00 p. m. All high school students will register according to time and last name. During the first hour of each registration session, students whose last names are in the group of A's through M's will register, and during the second hour those from N's through Z's will register.

Mr. Gardner says all students who drive cars to school this year must have parking permits, and spaces will be provided and marked for each such student in the gymnasium parking lot.

Parents are advised that each student will be issued a handbook of rules and policies, and both students and parents should read this little booklet to avoid misunderstandings.

Supt. Otis Spears announces South Elementary Principal J. B. Howell will be institutional representative in charge of the school luncheon, and Mrs. Howell will be the supervisor. All lunches this year from first grade through high school will be 30 cents each. There will be no free lunches unless parents make arrangements with Mr. Howell.

First grade students will be dismissed at 1:00 p. m. the first three weeks of school. All other classes in South Elementary will dismiss at 3:00 p. m.

There are no changes at present in the North Elementary schedule.

Four new teachers for the coming term have been announced by Supt. Spears.

Mrs. Robin (Henrietta) Vaught, wife of the high school science teacher, replaces Mrs. J. B. Howell as teacher in the second grade. She was a part-time secretary in the administrative offices last year.

Jerry Kellum from Southwestern Oklahoma State College will be a new teacher in North Elementary, exact duties to be assigned.

Milt (Junior) Fitts, a graduate and basketball star of the Tahoka schools, will teach in North Elementary, duties to be assigned. Fitts taught physical education in the Amarillo schools last year, and holds his B. A. degree from West Texas State College, where he was basketball captain and an all-Border Conference player.

Mrs. LaMar, a recent graduate of Texas Tech with a Bachelor of Music Education degree, will succeed Mrs. Bettye Green, resigned, as public school music teacher.

Grassland News

(By Mrs. O. H. Hoover)

The Rev. Vendal Leach, Fort Worth, has accepted the pastorate of the Methodist Church in Grassland, and is to move here in the next two weeks with his wife and two children. We welcome them and hope they will like it here. He preached here Sunday morning.

Mr. and Mrs. C. M. Greer left here Aug. 5 and went to Meridian to see their grandson, Steve, play ball. They watched three games and then went on to Hye, to the Christadelphian Church encampment. They stayed the entire week going to services three times a day. It was a lovely place with big shady trees. They report a good meeting and a wonderful time.

The revival meeting begins at the Central Baptist Church Sunday, August 20. Services begin at 10:00 a. m. and 8:00 p. m. daily. Rev. Andy Wiley will do the preaching. Everybody is urged to attend.

Mr. and Mrs. James Murray and children have gone to Harrison, Ark. to visit Mrs. Murray's parents, the Flourney Mores and to bring their niece, Karen Laws home.

Mr. and Mrs. L. S. Turner spent

the day Sunday in the home of the Vernon Turners in Lubbock.

The Burk family and relatives had their reunion in the Lamesa Park Sunday. Three of the Burk boys were unable to attend due to illness. Attending were: Mr. and Mrs. L. B. Burk and Mike, Mr. and Mrs. L. Walker, all of Grassland; Mr. and Mrs. L. J. Walker and sons, Denny and Tim, Littlefield; Mr. and Mrs. Bill Moore and Crisly Lynn, Seagraves; W. G. Gass families, O'Donnell; Mrs. J. L. Hill, Tahoka; and the Vernon Nazarene pastor, Rev. Fitzgerald and family are in Oklahoma on vacation.

Miss Lynda Davis will go back to Andrews to teach again this fall. She leaves Aug. 19. Dixie Lee Davis, her sister, goes to Denver, Colo., to start her teaching career and will also leave the 19th.

Mr. and Mrs. P. E. Stevens have been sightseeing and fishing in New Mexico and Colorado for quite some time. They came home Friday and report a wonderful trip.

Mr. and Mrs. Tommy Markham went to Monterey, Mexico, to see their son, Danny, play ball. He was on the all-star team.

Mr. and Mrs. C. A. Walker visited the Doyle Terrys in Lamesa, Friday.

Mr. and Mrs. Gary McGrew are the proud parents of a baby girl. She was born Sunday night, Aug. 13 at Tuslin, Calif., and weighed 8 pounds 12 ounces. Gary is in the Marines, and formerly lived in the Grassland community.

Spending the day Saturday in the O. H. Hoover home were Mr. and Mrs. Houston Hoover, Littlefield, and Doyle Hoover, Shallowater.

Mrs. Gus Porterfield had as her guest last week end her granddaughter, Beth, the small daughter of Dr. D. G. Porterfield and wife of Abilene. The rest of the family were vacationing when they visited the Carlsbad Caverns and other places of interest. The doctor will go back to Abilene but his family plans to stay and visit here and in Lorenzo with Mrs. Porterfield's parents.

Mr. and Mrs. Herbert C. Hoover had lunch Friday in the O. H. Hoover home. They came to take Gloria Martenis home. She has been helping in the Hoover home for

POLYSTYRENE CONTAINERS. Sp5 Herschel C. Best (Houston, Texas) shows a shipping container, manufactured from expanded polystyrene beads, being tested by the U. S. Army Engineer Research and Development Laboratories, Ft. Belvoir, Va. The polystyrene container, developed by the Packaging Development Branch of the Labs, is not only lighter than a comparable fiberboard or wooden box, but tests indicate it is rugged and can withstand rough handling. The container shown houses a 3 HP military engine.

Wheat Program Will Be Changed

The 1962 wheat program will materially affect allotments in Lynn County.

The 15-acre wheat exemption has been replaced.

For 1962, the exemption for Lynn farmers who planted not more than 15 acres during any one of the three years 1959, 1960 and 1961 will be decreased to 13.5 acres.

Foregoing is information released last week by the U. S. Department of Agriculture, through the Lynn ASC Committee.

For those Lynn farmers who have planted less than 13.5 acres of wheat during any one of the three mentioned years, the exemption will be the highest planted acreage during any one of such years.

Lynn farmers — and those throughout the nation — who did not grow wheat during 1959, 1960 or 1961 will NOT be exempt from marketing penalties if they plant wheat in the 1962 crop year without an allotment.

The 200-bushel exemption also has been permanently repealed. Said USDA spokesmen: "If allowed to remain in the law, the 200-bushel exemption would permit evasion of the new provisions in the 1962 wheat program."

The new program also increases the penalty rate per bushel on the farm marketing excess from 45 per

cent of parity to 65 per cent.

Lynn farmers will join other producers throughout the nation in the wheat marketing quota referendum Aug. 24. The one voting box in the county will be at the ASC office.

Lynn farmers eligible to vote Aug. 24 are those who grew MORE than 13.5 acres of wheat in at least one of the three years 1959, 1960 and 1961.

Said Charles Bragg, ASC manager here: "Our farmers should note carefully that the new wheat program will have much effect on the decision of some to plant to wheat 15 of their diverted acres — and to harvest that wheat."

Personal injuries in 1960 Texas traffic dropped to 239,000 from the all time record of 260,000 in 1959, a reduction of 8 percent.

Mrs. Joyce Harkey Receiving Degree

Mrs. Joyce Church Harkey, daughter of Mr. and Mrs. Clarence Church of Wilson, will receive her Bachelor of Science Degree in Education from Texas Technological College in the summer commencement exercises.

The former Miss Church, a 1953 graduate of Wilson High School, has a major in English and a history minor.

Commencement exercises will be held in the Lubbock Municipal Auditorium at 7:15 p. m. August 26.

Mrs. Harkey and her husband, also a Tech graduate, now make their home in Tulsa.

It is better to drive slowly — than to be driven that way.

Pre-School Class Held For Latins

A course in English vocabulary and conversation conducted this summer by Mrs. "Dock" Dewbre, local teacher, is being completed this week.

Mrs. Dewbre says eight Mexican children who will enter the first grade this fall completed the two month's course. Sixteen enrolled originally, but about half could not come to class regularly because of lack of transportation.

She says these eight are very bright children and have learned quickly.

Total estimated economic losses in traffic crashes in Texas in 1960 dropped to \$350 million from the all-time record of \$381 millions in 1959, a reduction of \$31 millions, or 9 percent.

Seek Clothes For Needy Children

Some usable clothes are wanted for some needy children preparing to enter school, according to Mrs. Lillian McCord, Tahoka school nurse.

These clothes should fit children from ages six through ten years.

Anyone having such clothes they would like to donate to help some needy family may call Mrs. McCord and she will pick them up.

White cotton throw rugs will make a room look cooler this summer. Keep rugs fresh and clean by tossing them into the washing machine weekly.

Girl Scout Leadership Training Course Completed Here; Two Others Planned

Certificates showing completion of the 16-hour Girl Scout Leadership Training course has been completed by a group of Tahoka ladies. Ladies completing the course were Mes. Hick (Polly) Gibson, T. E. (Laquita) Leverett, Ruth Akin, Roberts (Shirley) Draper, Charles (Peggy) McClellan, and Misses Nancy Collard, Carolyn Howard and Ann Wharton.

Others attending the course were Mes. Harry (Linda) Short, Elmer (Betty) Owens, Natt (Pat) Park, Rush (Jewell) Dudgeon, Rosemary Moffitt, Jimmy Dulin, Kenneth Turner, Perry Walker, Mary Ruth Wright, Ruby Chancy, and Maurice Huffaker.

Instructors of the course were Mrs. L. L. (Irene) Beck, executive director of Caprock Council; Mrs. Dee Cagle and Mrs. Harvey Turnbough, volunteer workers; and Mrs. M. Flowers, district advisor. The four day course introduced the Patrol System, which was carried on throughout the 16-hour course. With the Patrol System,

By RUDY EVINS

Weed beds and rock piles are some very likely places you'll catch those lunkers but many a time you'll have trouble with weeds and snags if you're not using a weedless rig. It sometimes happens that your favorite deep-running lure doesn't come equipped with a weedless rig. If this is the case take your eyes away from the television set for a minute and do a bit of rigging yourself.

Actually, there isn't much to do to make a weedless lure from your favorite lure. Just connect a rubber band to the eye of the hook and slip the other end over the barb. If you have a double hook just slip the rubber band through the eye and slip the ends of the rubber band to the barb of their respective hooks. It won't keep the fish from being hooked because when they strike the rubber band slips from the barb.

One thing you have to remember about hooks, says the Evinrude Boating Foundation. There is no single hook that suits all situations. Hooks come in different sizes and shapes. Hooks with long shanks are usually used for tying streamers and other artificial bait or for live bait when fishing walleye or northern. Short-shanked hooks are used for panfish and certain short-bodied files.

What type of hook a fisherman uses is a matter of preference. Some anglers feel that an offset hook—one with the point bent out of a flat plane, hooks fish best. Others contend that the flat bend—one with the whole hook in one plane, is the best.

The shape of the hook, the size of the wire, and the type of barb to use is a matter for debate among all fishermen. Whatever hook you prefer be sure that it will hold up under the stress and strain of the fish for which it is intended and that it is secured to your line properly.

Happy boating... and fishing, too.

Grand Chief Is Visitor To Local Pythian Sisters

Pythian Sisters Lynn Temple No. 45 met Tuesday in due form with Most Excellent Chief Emma Halameck presiding.

Dinner was served at Al Smith's cafeteria in honor of the Grand Chief's official visit. A business meeting was held at the hall which was beautifully decorated with the Grand Chief's colors, motto, theme, etc. A wonderful speech was rendered by the Grand Chief, Eltrue Lively of Brownwood.

The Temple was also honored by having present two Past Grand Chiefs, Evelyn Harden of Lubbock and Thelma Oliver of Tahoka.

Members of the local temple are also planning a birthday social in the back yard of Emma Halameck, each member giving money according to her age. This is the Temple Deputy's project and the money from the social will be given to the Grand Chief for her project of repairing school rooms and restrooms at the home in Weatherford. All members who can are urged to attend the homecoming at Weatherford on Sept. 3.

Refreshments of cake and home made ice cream were served to 24 members, Grand Chief Eltrue Lively and her husband, James of Brownwood, and other out of town guests from Lamesa and Lubbock. Hostesses for the occasion were Ruth Benson, Blanche Burrough and Wiley Aycox.

Next meeting will be Sept. 5 when Patsy Brookshire, Mary Beckham, Lessie Cawthron and Eloise Chamblee will carry out hostess duties.

Former Citizen Dies In Abilene

Miss Lola Johnson, 54, sister of Mrs. C. N. Woods of Tahoka, died Saturday noon in Abilene after an illness of several months. Funeral services were held at University Baptist Church Monday at 10:00 a. m.

Born at Anson, Miss Johnson was reared in Abilene and graduated from Hardin-Simmons University. She lived in Tahoka from 1929 to 1935 while her late father, Rev. D. D. Johnson, was Brownfield Baptist Association Missionary. Her mother lives at 1633 University Blvd., Abilene.

Miss Johnson was a school teacher until death of her father about 15 years ago, when she went back to Abilene to live with her mother. She took a beauty course, soon opened her own business, which proved very successful, and a few years ago established Lola's Fashion Shop in a new shopping district. She became active in Abilene civic affairs, and was secretary of a business women's organization. She taught a Sunday School class in University Church and was also very active in church affairs.

About six weeks ago she underwent major surgery in Hendrix Memorial Hospital, and since that time no hopes had been held for her recovery. Mrs. Wood had been at her bedside much of the time since.

Surviving are her mother, Mrs. D. D. Johnson of Abilene; three sisters, Mrs. C. N. (Phalba) Woods of Tahoka, Mrs. Joe (Ruby) Roberts of Abilene, and Mrs. Gus (Eros) Berry of Texhoma; and two brothers, Alvis and Bruce Johnson, both of Amarillo.

Where to "plant" your spare coins to reap a big money harvest

Plant them in U.S. Savings Bonds!

America's farmers have grown millions of extra dollars this way. In less than eight years, every \$75 invested in U.S. Savings Bonds becomes \$100—automatically. And Uncle Sam guarantees it himself.

Best yet, you can plant in any weather, any time of the year! A little at a time soon grows into the money you need for the things you want. New land or equipment, perhaps. Or college for your youngsters.

Isn't now a good time to start planning your harvest?

Cotton Meeting Is August 26

Two nationally prominent speakers representing the American Cotton Textile Industry and the U. S. Department of Agriculture have accepted invitations to address the joint annual meeting of the Plains Cotton Growers and the Plains Ginners' Association.

The two big cotton organizations this year will hold a combined meeting rather than the two separate meetings which have been held in the past. The joint meeting will begin at 9:30 a. m., August 26 in Fair Park Coliseum, Lubbock. Prior to the meeting, at 9:00 a. m., PCG county directors will meet to elect officers for the 1961-62 year. Plains Ginners' directors will meet prior to lunch for the election of their officers.

Main speakers for this year's program will be S. R. Fifield, Vice President, Purchasing, Fieldcrest Mills, Inc., Spray, North Carolina and Robert C. Sherman, Director, Cotton Division, Foreign Agricultural Service, USDA, Washington, D. C. Mr. Fifield will discuss the domestic market potentials and problems as related to the cotton producer and our domestic mills. Mr. Sherman will talk on the cotton export market situation. "We are indeed fortunate to have such highly qualified men to discuss these subjects which are of vital interest to our area," said Mr. W. O. Fortenberry, president of the Plains Cotton Growers.

As in past meetings free door prizes will be awarded throughout the day and a free barbecue will be held at noon. Orville "Sleepy" Bailey, President of the Plains Ginners' Association, announced that they will again offer as a special attraction prizes of several Texas Tech season football and basketball tickets. Only cooperat-

ing ginners who are present at the meeting will be eligible, he announced. As a special feature again this year, the PCG in thanks for the cooperation and help of South Plains Ginners, are awarding a grand prize to some lucky ginner and wife, of a free trip to the Texas State Ginners Association annual meeting in Dallas next April. To be eligible, the ginner must be present at the meeting, August 26, and be a cooperating member collecting dues for the PCG. In addition this year, the PCG will award a prize of a similar trip to a producer member and wife who are present at the meeting.

In addition to the major address listed above, other parts of the joint meeting will include reports from the presidents of both and George W. Pfeiffenberger, Executive Vice President, Plains Cotton Growers, Inc., and a talk from Troy Price, Manager, Texas Employers Casualty Company, on gin safety.

Bleach should be added to the wash water before cotton clothes are placed in an automatic washing machine. Pouring of undiluted bleach on clothes may damage or weaken the fabric.

Use more cotton and help the farmers of our area!

The party line golden rule

People on telephone party lines have a daily opportunity to practice the principle of the golden rule.

Sometimes, when you pick up the receiver, you expect the party line to be in use. But your call is delayed only when the party line is tied up for an excessive length of time.

So the best rule for party line users is the golden rule. To put it simply "Do unto your party line neighbor as you would have your party line neighbor do unto you."

Football Squad Is Working Out Daily

Forty-odd candidates for the 1961 Tahoka Bulldogs football team began intensive workouts Monday morning under Coach J. D. Atwell and his assistant, Jerry Don Brown.

"The boys are showing a lot of spirit and desire," stated Coach Atwell after Monday's work-out. He seems to have a lot of faith in his boys and thinks they have a good chance of turning in a fine season this year.

Down in the doledrums for several years, Tahoka was once almost

habitually a district contender. Much progress has been made in the new coaches' building program. Plans are made for several years in advance, and once again boys are being given football training in the upper grades of the elementary school.

Sixteen lettermen are back this year, and several other boys are out who can help the team. A few other boys are gone on vacation or working and are expected to report for training later.

Lost from last year's squad are only three boys, Douglas McClellan and Stanley Krause, both of whom graduated, and Allen White, who is ineligible this year because of the age limit.

Coach Atwell has 12 Freshmen out for football, and hopes more will report. If sufficient Freshmen turn out, a full Freshman schedule will be played this year, and this Freshmen will work out as a unit.

On the varsity squad, there is much competition for positions this year. The defensive line will be heavy, but some lighter linemen may get to play a good deal, especially on offense. This week, Jerry Forsythe, Fred Hegi, and Billy Wallace were running at the quarterback position.

A practice scrimmage is scheduled with Abernathy Antelopes there Tuesday of next week, and the Plains Cowboys are scheduled to scrimmage the local boys here a week from Saturday.

Following is this year's District 3-AA schedule for the Bulldogs:

Finals In T-Bar Club Tournament Will Be Held Sunday Afternoon

Play is underway this week in the annual T-Bar Country Club tournament. Finals in all flights will be Sunday afternoon, followed by the presentation dinner.

Robert Harvick won medalist honors in the men's division, shooting 71, or one below par, on the first 18 holes. Charles Townes, the defending champion, had a bad day and came in with a 77.

In the women's division, Mrs. Irene Spears, last year's champion, repeated as medalist with a 79 score.

This year, the medal play is being used in the men's championship and first flights, and 54 holes will be played in addition to the qualifying round.

Entries were a little light this year, according to tournament chairman George Glenn and Mrs. Judy Treadaway, there being only 32 men and 16 ladies entered in the tournament.

In the men's championship flight are: Robert Harvick, 71; G. W. White, 73; C. N. Woods, 74; George Glenn, 75; Willis McNeill, 75; Walter B. Holland, 77; Bill Griffin, 77; and Charles Townes, 77.

First flight: Otis Spears, 79; Ray Adams, 79; Wade Holland, 79; Red Brown, 80; Joe Harvick, 80; James Huey, 81; Reble Thomas, 83; and Charles McAuley, 83.

Second flight first round matches are: Roscoe Treadaway vs. Clifton Hamilton; Sonny Roberts and Irvin Dunagan, Sam Edwards and Walton Terry, J. D. Atwell and Thomas Jolly.

Third flight: Joe Bob Billman and Chas. Verner; Tom Bartley and Clyde Ashcraft, Johnny Wells and Jerry Brown, Theo Campbell and Dean Taylor.

Jewell Smith and Corene Cathcart.

Survivors include the wife; seven daughters, Mrs. Viola Brown, Denver City; Mrs. Audrey Hendricks, Brownfield; Mrs. Margaret Galneau, O'Donnell; Mrs. Valerie Snider, Slaton; Mrs. Doris Mahurin, Wilson; Mrs. Willene Edwards, O'Donnell; Mrs. Jean Cartwright, Lamesa; three sons, Roscoe, Denver City; Joe, O'Donnell; and Woodrow, Sanitorium, Texas; seven sisters, Mrs. Virgil Adams and Mrs. Oma Blair, O'Donnell; Mrs. Martha Wilson, Littlefield; Mrs. Minnie Rogers, Lubbock; Mrs. Dora Williams, Seagraves; Mrs. Leona Crutcher; Mrs. Hubert King, Big Spring; five brothers, Jim, Venus; Ted, O'Donnell; J. F. Rogers, Jr., Brownfield; Clyde, Lamesa; Jack, New Home; 32 grandchildren, 30 great grandchildren.

Grandsons were pallbearers.

Mr. and Mrs. Hub Smith and Mr. and Mrs. Gordon Arnold and families are on a trip to San Antonio to visit the Alamo, Breckenridge Park and also to Austin to see the state Capitol.

Mrs. Alvin J. Landry of Texas City is visiting her brothers, G. M. and R. M. Stewart.

Deer Is Captured At Highway 380

Charles Oliver claims he has become so proficient at running down jackrabbits at his farm that he was able to run-down and catch a full-grown 125-pound buck deer out in T-Bar last Friday evening.

Anyways, some bystanders were amazed that night when he drove into town with the deer perched in the seat of his pickup.

It seems that Charles and two Mexican farm hands were coming in from the farm at about dusk Friday when they spied the deer grazing peacefully in a bar ditch on US Highway 380 near the T-Bar ranch twin mills west of Tahoka.

The deer paid them little heed, and Charles suggested that they try to catch him. To their surprise, they walked right up to the fleet animal, picked him up and put him in the pickup.

Oliver noticed the deer was wearing a collar, surmised he was someone's pet, and turned him over to Police Chief Jack Miller, who lodged him in the City Pound. As it turned out, the deer belonged to Tom Gosdin, who works for Dwain Jones on the farm. He had originally been the pet of "Sonny" Guinn of T-Bar headquarters.

Bray Is Director Of Auto Dealers

Mr. A. M. Bray of Tahoka, Texas has been appointed an Associate Director of the Texas Automobile Dealers Association.

Announcement of the appointment was made by TADA President C. C. Gunn of San Antonio.

"Membership of our organization includes 1,200 factory-authorized new car and truck dealers," Gunn stated. "Our purpose is to maintain a high plane of commercial integrity for those engaged in the new car and truck business."

"Mr. Bray, as one of our Associate Directors, will work closely with L. M. McAdoo of Seagraves, who is the TADA Director for this area. We are extremely proud of have men of this calibre in responsible positions within our organization, and working together to provide maximum service to the motoring public," Gunn said.

TADA has a history of more than 40 years in Texas. Headquarters are located in the Driskill Hotel in Austin, with H. C. Pittman as executive vice president.

VACATION AT CABIN

Mrs. Deck Dunagan, Mrs. Elnora Curry and Susan, and Mrs. Harlan Cook of Lubbock left Saturday at Ruidoso, N. M., to spend a vacation in Mrs. Dunagan's cabin. Mr. and Mrs. John Curry and Mr. and Mrs. Wiley Curry and children and Mike Curry expect to spend the week end with them.

Tom H. Rogers, 79 Dies At Lamesa On Fire Hazards

Funeral services for Thomas Henry Rogers, 79, of 1310 N. Fourth, Lamesa, were conducted Tuesday at 2:00 p. m. in Tahoka Church of Christ with Don Browning, minister, and Ode Prescott, O'Donnell minister, officiating.

Mr. Rogers, a retired farmer, died Monday at 5:05 a. m. in the Lamesa Hospital. He had been ill for some time.

He was born May 16, 1889 in Palmer, in Ellis county, and was married to Nora Belle Logsdon on Sept. 11, 1909. The couple came to Lynn county in 1925 and lived near O'Donnell and Newmoore until his retirement about three years ago when he moved to Lamesa.

Burial was in Tahoka Cemetery under direction of Stanley Funeral Home.

With a little precaution through cooperation of citizens, Tahoka's fire loss and lower insurance rates may be maintained in the city of Tahoka, states Fire Marshal Johnny Raindl.

During the last month there have been at least three grass fires that threatened damage to buildings.

Mr. Raindl suggests that property owners take all means practical to prevent grass or trash fires by cutting weeds and grass on vacant lots and especially those close to buildings. Now that fall is approaching, weeds and grass which catch fire are threats to buildings. If such grass, weeds and trash are cleaned away for about ten feet from the base of barns, outhouses, fences, and buildings, the fire hazard will be lessened.

The City owns a shredding machine which may be used on vacant lots if such lots are free of rocks, wire, and other junk that will not damage the blades.

Bonnie Hale was an overnight patient in the local hospital Monday night.

Mrs. Lola Thomas is here visiting with her mother, Mrs. J. D. Donaldson, for a few weeks.

SCS Official Tells of Dangers To Area In Case of Nuclear War

Dangers we may expect in this area in case of a nuclear war were pointed out in a talk at Tahoka Rotary Club Thursday noon of last week by Mack Mauldin, head of the local Soil Conservation District office, which agency has been furnished equipment and designated to monitor radio active fall-out in Lynn county.

These dangers all started with the splitting of the atom, Mauldin said. To illustrate just how small an atom is, he declared that one teaspoon can hold as many atoms as there are drops of water in Lake Michigan.

Power of bombs now being manufactured is so great that a one-megaton bomb equals the destructive force of one million tons of TNT.

Big Spring, Abilene and Roswell, are No. 1 targets, and Lubbock is a No. 2 target.

Dropping of one of these big nuclear bombs is capable of complete destruction by a hole in the ground five miles in radius. In a radius of 10 miles, destruction would be 50 to 75 percent, while in a 25-mile radius there would be a good chance of survival in proper precautions had been taken.

Greatest danger is from the initial blast, when 90 percent of the damage will occur from the blast, heat, and initial radiation. However, danger from fall-out extends over a much longer period, in some cases even for many years and radiation could last for 150 years.

Here, our chief danger is from fall-out, which could cause immediate danger 20 miles away upwind and 200 miles away downwind. But, some of the fall-out may not come down from the skies for years.

There are two kinds of rays to fear—gamma rays, coming right after the blast for which bomb shelters are designed to stop; and beta rays, which are in the fall out dust.

Except in the area of the blast, citizens would have about 30 minutes to get in shelters, protect livestock water, etc. Food and water may be protected by covering it up.

But, citizens would have to have proper shelters. He said specifications can be secured from Civil Defense authorities on shelters. These should be supplied with water and food for a long stay, and for a period occupants could come out for only an hour a day to six hours a day toward the end of the first year.

Mauldin displayed instruments Civil Defense has furnished the SCS for testing radio-active fall-out.

The program was arranged by "Buddy" Bragg.

Dr. Skiles Thomas, club president, announced the annual Rotary Teacher banquet will be held on Thursday evening, Sept. 7.

Dr. Emil Prohl announced a Rotary round-table discussion for new club members at the home of Wynne Collier Friday night.

In a one-month period last year, official motor vehicle inspection stations in Texas checked over 283,000 vehicles. Of these, over 36 percent needed adjustment or repair for safe operation, 9 percent needed brake adjustment or repairs, 20 percent needed headlight adjustment or repair. Average per car cost, including inspection fee, was \$2.06.

Lieut. Tom Paris Home, Will Marry

Lieut. Tom Paris of the U. S. Army is here this week visiting his mother, Mrs. Jim Hill, and family. He will be married Sunday, and expects to report on Sept. 13 in San Francisco, Calif., for duty in Okinawa with the Artillery Air Defense of the U. S. Army. He has been stationed at El Paso after having entered the Army about two months ago.

He will be married Sunday at the Utica Church of Christ in Plainview to Miss Audra Jeanne Watson, daughter of Mr. and Mrs. R. W. Watson Jr. of Plainview. Miss Watson is graduating this Friday from West Texas State College in Canyon with the B. S. degree in Elementary Education. She expects to follow him to Okinawa as soon as transportation can be arranged. She is a graduate of Plainview High School.

Tom received his degree in Mathematics from West Texas State a year ago and taught in the Plainview schools last year. He was reared in Tahoka, and worked for The News before entering college.

BACK IN TEXAS

Mrs. Pearl Brown reports her son-in-law and daughter, Mr. and Mrs. W. R. Sanders, are back at their home in Houston, after spending the past year in Alaska while he was overseeing some work in connection with the laying of a gas pipeline from Anchorage to an island out in the ocean.

Lake Is Closed Result Of Damage Done By Visitors

Tahoka Lake Ranch of Andy Aycox and Meldon Leslie has received so much damage from "litter bugs" the past few weeks, the gates have been closed to the public, except by special permission. Monday, Mr. Leslie picked up a pickup load of bottles, cans, cartons and other trash left around the lake by boaters and fishermen.

"We have tried to be nice to people and let them use the lake for boating and fishing, but we must protect our property and our cattle," Leslie stated. Last week end some one not only broke in but stole the lock and chain from the gate, he says. "We didn't want to be hard on people who wish to enjoy the lake, but too many people have refused to respect our property rights," Leslie said.

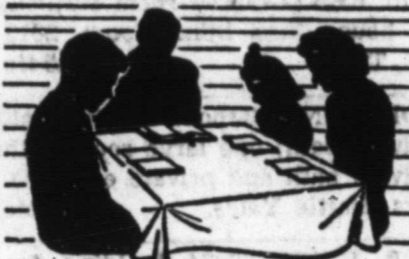

Fischer's Father Dies At Hereford

George Fischer, 59, father of Berry Fischer of Lubbock and formerly of Tahoka, died Wednesday of last week in Hereford, where he farmed. He had been ill since early July with a heart condition.

Berry Fischer and family attended funeral services held in Throckmorton, the former home, Saturday at 10:00 a. m. Five sons survive.

Today's MEDITATION

from "The World's Most Widely Used Devotional Guide"

The Upper Room

THE UPPER ROOM, NASHVILLE, TENNESSEE

Thou shalt not bear false witness against thy neighbor. (Exodus 20:16.)

Traveling through the mountains from a farm where we had some days of vacation, we gave an elderly lady a ride. She was going to a religious meeting. During the few minutes she was in the car, we soon learned that she was very inquisitive and was willing to use her tongue.

She wanted to know from where we had come. I mentioned the name of the farmer, "Oh," she said, "he is quite a man—impossible to say anything evil about him."

Then she talked about other people. I am sure they all were sinners, though some were Christians and some non-Christians. She did bear witness—even false witness against many of them. It is possible to bear false witness even against non-Christians.

I am quite convinced that it is sin to speak when we bear false testimony and do not keep to the truth. Let us be careful when we talk—keep to truth and be governed by love.

PRAYER—Dear Father, help us to be more careful when we talk and bring our witness. Let us never hurt people by telling things which are not true. May all we say and do in life express that love which was revealed in Jesus, the truth and the love by which we live. In His blessed name we pray. Amen.
THOUGHT FOR THE DAY—The tongue can be used for good or for evil. Let me use it only for good.—Odd Hagen (Sweden).

Riddles On Visit To Old South

Mr. and Mrs. T. R. Riddle and daughters of Tahoka and his parents Mr. and Mrs. Ollie Riddle of Wilson, recently returned from a visit with relatives in Alabama and Tennessee.

They visited Roy Riddle and family in Jacksonville, Ala. They also went to Tusahoma, Tenn., where Mr. Riddle was born, and visited relatives there.

Returning by way of Memphis, Tenn., Mr. Ollie Riddle received great pleasure from a visit to the W. T. Rawiegh Co. plant, which firm he represents in this area.

Mr. and Mrs. W. W. King, Fred, Susan and Rob all of Oklahoma City recently spent 10 days visiting his parents, Mr. and Mrs. J. O. King, at Wilson.

O'Donnell Has New Water Wells

City of O'Donnell is now using water from wells on the Arol Moore place, two miles east of that town, the wells and pipeline having been completed recently.

The new 200,000 gallon surface storage tank was nearing completion last week, the O'Donnell Index-Press reports, doubling the capacity of water storage.

Water is coming through the pipe line at a rate of 400 gallons per minute, the Index says, and

"water pressure is now normal and the goose hangs high, water-wise."

Much credit is given Mayor Jimmy Hash and Water Superintendent Bert Fritz for their long drive for a more nearly sufficient supply of water, which is expected to suffice until the Canadian River project is complete.

Farm Facts

Milk production per cow has increased from 5,314 pounds in 1950 to 7,004 pounds in 1960. This is an increase of 31.8%. An indication of the potential for future gains is given by the performance of cows in herds where the level of management is above average. In 1959, output of cows in the Dairy Herd Improvement Association averaged 10,300 lbs. of milk per cow.

The U.S. Department of Agriculture says that revolutionary advances in producing and marketing milk have resulted in some rapid changes on dairy farms. The size of dairy herds has been increasing and the number of farms producing milk has been declining. The remarkable increase in production per cow and relative stability of the demand for milk mean that the supply can be produced by fewer cows on fewer dairy farms.

The world's milk production in 1958-59 totaled 239.5 million metric tons, according to the Food and Agriculture Organization of the United Nations. Milk production in the United States accounted for an estimated 56.8 million metric tons—about 23.7% of the total world output.

Milk production per cow has increased 31.8% since 1950.

Milk consumption averaged 287 pounds per person in the United States in 1960. Wages for an hour's work would buy 126% more milk than in 1929.

Fifty-four years with one institution is a long time. With all due respect to Charles Verner and "Pete" Hegi, The First National has not quite seemed the same since Walter Slaton left his desk a few years ago. Although ill, he had continued to exercise his influence in the bank's operation the past few years. For a half century, Mr. Slaton was The First National. Although he appeared a bit gruff at times, down beneath the skin he had a tender heart and contributed much to this community. Frequently he gave us sound advice, as he did to others, and in the end his judgment usually turned out to be best. As a friend, as a leader in the community, as a businessman, Walter Slaton will be missed greatly, but our local bank is in good hands and will continue to progress with the county.

Just 20 days following Mr. Slaton's death, "Pete" Hegi will have been with the bank 32 years. "Pete" recalls that when he came here from Petersburg, there were just five employees in the bank and the force had to work many nights a month and after closing hours every day. Mr. Slaton was the first

to get down to the bank and the last to leave. Since then, more employees and the invention of more modern bookkeeping machines have lightened the work and shorter banking hours have become possible.

A man can sometimes get a pearl out of an oyster, but it takes a pretty girl to get a diamond out of an old crab.—Clipped.

District Judge Truett Smith had a little judicial dignity knocked out from under him one day last week, when a car backed into him over near the court house and badly bruised his knee. Guess who was driving the car? It was his wife, Lucille. Some wag commented it was good enough for the Judge, considering the way he "cuffs" Lucille around at home and metes out "injustice" in the courtroom. Seriously, it's hoped the injury is not too serious.

"Statisticians fear that the country is about to become over-saturated with automobiles." The above statement is taken from the "50 Years Ago" column of the Quannah Tribune-Chief. One person in 66 in Texas owned an automobile in

THE AMERICAN WAY

A Tough Assignment

1911, the paper goes on to say. Today, Lynn county has about 7 automotive vehicles to every person, to say nothing of tractors. We wonder how many horses and mules there were in 1911 in Lynn county, compared with today.

The News recently received a letter for publication that contained a number of libelous statements, and some statements that may have been true but which would be hard to prove in court. We considered a long time printing parts of the letter, but rehashing it became so involved that the result was nothing like what the reader wrote. We appreciate constructive criticism, and we'll print anything (well, nearly) you want to write about us, but when others are involved a newspaper must give consideration to the libel laws.

Every now and then, someone wants us to "get on" some organization or individual, but almost invariably they say, "Now, don't use my name." In other words, they want us to fight their battles for them.

James Roberts in his "Drifting Sands" column of the Andrews News says:

"Peace at any price is too dear a price. Peace is wonderful and certainly to be sought . . . but peace at the expense of honor, of compromise, of turning tail and running is not peace at all but abject surrender.

"How can we expect to convince our European cousins of our determination to stand proud and firm in Berlin when we let a bearded gnat buzz around our back door molesting our citizens, hijacking our aircraft, establishing Communist missile bases, and terrorizing our neighbors"

Mr. and Mrs. A. J. (The Old He) Stricklin of Brownfield visited The News force one day recently and gave The Printer a special invitation to Terry county's first pioneer reunion which will be held there at the Legion Hall Friday, August 25.

The Moody Courier says that in Africa some of the native tribes practice the strange custom of beating the ground with clubs and uttering wild, blood-curdling yells. Anthropologists call this a form of self expression. In America, we call it golf.

A youngster, called upon to explain why his grades were so poor, found an alibi "I got the highest marks of any kid who flunked," he said.

Letters From News Readers—

(The News welcomes letters from its readers on any current subject, not libelous, of course. All communications must be of reasonable length and must be signed. On request, the signature will not be printed. The Editor.)

Mrs. K. M. Moore, the former Miss Bobbie Lynch, a graduate of Tahoka High School, writes the following interesting letter from Alaska, where she and her husband are stationed. Mrs. Moore is the daughter of Mrs. Eddie Lynch and the granddaughter of Mrs. Amelia Turner.

Dear Mr. Hill,
This letter is to advise you of a change in our address and to let you know how much we enjoy the Lynn County News so far from home. My husband is not from Tahoka but I believe he enjoys it as much as I do. I'm glad my mother, Mrs. Lynch, and grandmother, Mrs. Turner, saw fit to have it sent to us.

It has been a wonderful experience for me living here in Alaska. We have made several trips this summer to points of interest. We drove the Steese Hwy to Circle City, which is a small village on the banks of the Yukon River. It is the most northerly highway point in North America. Returning we saw and photographed the famous "Alaska Midnight Sun" from Eagle Summit.

Our next trip was to Mt. McKinley Natl. Park. You reach the Park over the Denali Hwy (gravel, as are most of the Alaska roads). The country is truly beautiful and untouched. We saw an abundance of wild life, Dall Sheep, moose, Caribou, bear, fox and others. The road in places was nothing more than two ruts with a sheer drop of a mile or more to the valley floor. I might add there were no guardrails and the road is being eaten away by rain.

Valdez, The Switzerland of Alaska, is land of mountains, glaciers and salmon. Sorry to say we did not catch any salmon during our

Ford saves you plenty when you buy...

Saves even more as you drive!

Who else but Ford could bring you the lowest full-size wagon price* in America?

Listen—not only does this '61 Ranch Wagon cost less than some so-called "compacts"—but it is beautifully built to be more service-free!

Just read about the service-saving features on this page . . . then pop in and look for yourself. Look at that cavern of a cargo-hold. Try the wheel that turns as much as 25% easier when parking. Enjoy the sedanlike ride of the new Wide-Tread design.

Choose the Mileage Maker Six, or the optional Thunderbird V-8. Take your pick of six handsome Ford wagons. Whatever you want in a wagon, we Ford Dealers have it. Come and get yours today!

HERE'S HOW THE '61 FORD SAVES BECAUSE IT'S BEAUTIFULLY BUILT TO BE MORE SERVICE-FREE!

Saves on Lubrication—You'll normally go 30,000 miles between lubrications of major chassis components, which saves you time and money, because Ford has replaced conventional grease fittings with a sealed-in lubrication system.

Saves on Oil Changes—You'll go 4,000 miles between oil changes because Ford's Full-Flow oil filter gives you filtration through three, and filters oil all the time.

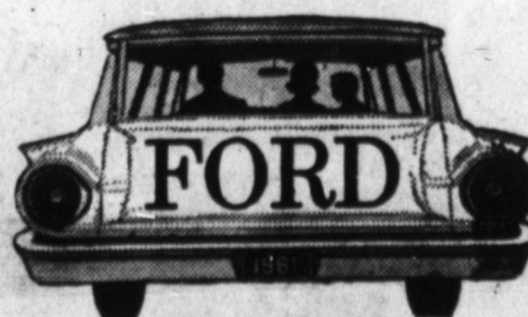

Saves on Brake Adjustments—New Truck Size brakes adjust themselves automatically.

Saves with Extended Muffler Life—Ford mufflers are double-wrapped and insulated to last three times as long as ordinary mufflers.

Saves with Protective Body Coating—All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath the doors.

Saves with Spauld Body Finish—Ford's new Diamond Luster Lateral never needs waxing.

Freshman Girls Start Homemaking

A home-economics preparatory class for all freshmen girls entering Tahoka High School this fall will be held Wednesday, Thursday and Friday of next week, August 23, 24, and 25, in the home-ec cottages, states Mrs. Madeline Hegi, advisor.

The preparatory class will also include a clothing course for the beginners.

Classes will begin on the designated days at 2:00 p. m. Mrs. Hegi said that girls participating in the short course will not receive credit for graduation benefits.

Gin At Lakeview Gets Remodeling

Lakeview plant of New Home Co-op gins is being repaired, cleaned and repainted in preparation for the cotton season, states Bobby Carroll, manager, and Wilmer Smith, president.

New Home Co-op Gin bought the Lakeview gin last April from Ray Combs, and this fall will be operating three plants.

The Lakeview plant has been dismantled, cleaned, repaired, line shafts taken out and electric motors installed for an individual drive gin.

Lynn Halamicek Moves To Snyder

Lynn Halamicek, who has been a partner in the Nelson Pharmacies at Brownfield since his graduation from the University of Texas School of Pharmacy, moved to Snyder last Friday, where he and his partners have bought another pharmacy.

Homer I. Nelson, Homer W. Nelson, and Halamicek have bought the Medical Arts Pharmacy adjacent to the Cogdell Memorial Hospital at Snyder.

Lynn is the son of Mrs. Emma Halamicek, is married, and has a young son.

DOUGLAS McNEELY WILL RECEIVE B. A. DEGREE

Douglas McNeely of Tahoka is one of 427 seniors who have applied for bachelor's degrees at North Texas State College this semester.

They will be the last graduates to receive degrees from North Texas State College. By an act of the Texas Legislature, the school will become North Texas State University on August 29.

Summer commencement exercises are scheduled for 8:00 p. m. Aug. 24 in Foust Field.

McNeely, son of Mr. and Mrs. Arlie McNeely of Tahoka, is a candidate for the bachelor of business administration degree.

When buying decorative cotton fabrics for draperies or slipcovers, it's wise to select those marked "vat dyed" or "vat printed." Vat colors resist light and sun fading and will remain fresh and bright for the fabric's life.

Remove a fruit or berry stain from cotton fabrics by rubbing first with glycerine. Then pour boiling water from a three-foot height through fabric stretched out over a bowl. Launder in the usual manner.

Don't use cotton shirts as laundry bags by tying sleeves together. Such usage will cause unnecessary wear and tear.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

There has been much said about taking the fat out of American defense.

But there is probably no connection between these high policy statements and the fact that at the army commissary store at Fort Benning, Georgia, the demand for a well known brand of 900 calorie powder meal diet food is so high that it is stacked on the floor with the cases cut open as it is impossible to keep the item stocked on the regular shelves.

But this is just one of the great part of the manpower costs comes out of defense costs, these stores sell from 20 to 25% less than independent stores in the area. The customers are active or retired members of the armed forces, plus their dependents.

While in a few remote areas, these armed forces commissaries may furnish a needed convenience, many are not necessary on this basis. For example, between the Presidio of San Francisco, in the heart of San Francisco, and Fort Lewis, surrounded by Tacoma, Washington, shopping areas, the two commissaries in these locations do almost a million dollars per month in food sales.

Actually, the majority of these government sponsored discount houses are located in big population centers where there is

no shortage of stores. Military brass defends this system on the basis it is a fringe benefit to induce men to stay in business.

Of course, food retailers fail to understand why they should be cut into to provide for this fringe benefit. To them, it seems more logical for government to take the funds now spent on operating these commissaries and convert them into a blanket pay raise for servicemen.

Or as one food merchant is reported to have said "Where it's probably costing the government \$10 to save the serviceman \$7 on groceries, why not give him a \$7 pay raise and save the other \$3."

Probably even more important is the superb waste of manpower. The armed forces are very choosy about selecting for service only young men, physically and mentally sound, in short men capable of more than ordinary physical, mental and nervous accomplishments. This is as it should be.

But it does seem quite a waste of the flower of American manhood to be assigned to such duties as trimming lettuce.

Or consider officers carefully and expensively educated in the principles of Clausewitz, Mahan, in navigation, radar, ordnance, ballistics and logistics.

It does seem quite a waste to take groups of these highly trained professionals and put them to work computing how many cases of corn flakes they should buy on a given day for store stock as compared to the number of cases they should buy of a cereal that snaps, pops, and crackles. This is perhaps as silly as the situation that would result if a law were passed requiring U. S. Senators to serve also as postal carriers in Washington.

CITATION BY PUBLICATION
THE STATE OF TEXAS
To Bessie Brandon, Defendant,
Greeting:
YOU ARE HEREBY COMMANDED to appear before the Honorable 106th District Court of Lynn County at the Courthouse thereof, in Tahoka, Lynn County, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of September A. D. 1961, to Plaintiff's Petition filed in said court, on the 2nd day of August A. D. 1961, in this cause, numbered 2564 on the docket of said court, and styled Curtis L. Brandon, Plaintiff, vs. Bessie Brandon, Defendant.

A brief statement of the nature of this suit is as follows, to-wit:
The same being a suit for divorce, the Petition alleging that the Defendant disregarded the solemnity of her marriage vows, and her obligation to treat the Plaintiff with kindness, attention and forbearance, and the Defendant commenced a course of unkind, harsh and tyrannical conduct towards the Plaintiff over a period of time until about the 19th day of February, 1960, when the Defendant without cause or justification abandoned the Plaintiff and fled to parts unknown, and that the Defendant was guilty of such excesses, cruel treatment, misconduct and outrages toward the Plaintiff of such a nature and degree as to render their future living together impossible and insupportable. The Petition also alleges that no child or children were born to or adopted by the parties during said marriage, and that no community property was accumulated by the parties during said marriage, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of the issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and seal of said court at Tahoka, Lynn County, Texas, this 2nd day of August A. D. 1961.

Attest: W. S. TAYLOR, Clerk
106th Judicial District Court of Lynn County, Texas.

Ronald Huddleston Will Become Doctor

Ronald Huddleston, son of Mr. and Mrs. J. H. Huddleston, Gordon and Grassland grocery store operators, is doing pediatric work in a hospital at Sacramento, Calif. this summer.

He will return to Dallas next month, to complete his last year of work in Southwestern Medical School before becoming a doctor.

Sacramento is the home of Mrs. Huddleston's parents, and therefore the couple and their little girl considered themselves fortunate to get the work in that city for this summer.

PARENTS, OTHERS INVITED TO NEIGHBORHOOD MEETING

There will be a Neighborhood Girl Scout meeting for parents and other interested adults, leaders and committeewomen Monday night, Aug. 21, at 8:00 o'clock. You are encouraged to attend, have your questions answered, and get a better understanding of Girl Scouting. This is your meeting—Peggy McClellan, Neighborhood Chairman.

There never was a drinking driver who could equal a light bulb-go out every night and still be bright the next day.

It's the savingest time of the year on the trucks with the workingest ways

SAVE! You just can't beat August buys for saving. It's the time of year when Chevrolet dealers traditionally pull all the stops. You'll find sweeter-than-ever savings waiting for you on every '61 Chevy truck—from the nimble Corvair 95's, right up to the mighty medium- and heavy-duty jobs. Come in and save a bundle!

SAVE! You just can't beat Chevy trucks for working. With Chevy's easier riding Independent Front Suspension, loads ride easier, drivers stay fresher, the truck lasts longer. You get more work, more hauls, for your truck dollars!

SAVE! And for the frosting on the cake—you just can't beat Chevy trucks at trade-in time, either. Latest official industry reports prove that Chevrolet trucks lead in trade-in value, week after week, over every major competitor in Chevy's price range.*

REMEMBER HOW GREAT GIGARETTES USED TO TASTE? LUCKIES STILL DO

LUCKIES DON'T SKIMP

They're so round, so firm, so fully packed—so free and easy on the draw. They're fully packed with fine tobacco. They're firmer than any other regular cigarette. And Luckies smoke longer. THAT'S WHY THEY TASTE SO GREAT.
