

Miss Davis And Kenneth R. Durham Exchange Wedding Vows At Dallas

Bassett Chapel of Cliff Temple Baptist Church in Dallas was the scene for the wedding ceremony uniting Miss Mary Jeanette Davis and Kenneth Reuben Durham, Jr., Saturday, August 26, at 7:00 p. m. Rev. Gerry Gunnin of Dallas performed the ceremony.

The bride is the daughter of Mr. and Mrs. Roy G. Brown, Jr., 1435 Alaska Ave., Dallas. Dr. and Mrs. K. R. Durham of Tahoka are parents of the bridegroom.

Jon Dean Smith, soloist, sang wedding selections, accompanied by Gus Berry, Jr., organist.

A formal gown of pure silk organza over satin, designed with closely fitted petal bodices, el-

bow length sleeves and modified scoop neckline lavishly decorated with re-embroidered Chantilly lace, was worn by the bride when she was given in marriage by her father. The bouffant skirt featured appliques of lace medallions and extended into a chapel length train. A princess crown of aurora borealis crystals held her full tiered veil of French silk illusion. She carried a cascade arrangement of white glamelia atop a Bible.

Miss Diane Willard of Keller was maid of honor. Bridesmaids were Miss Idalia Wood of Tahoka and Miss Betty Ruth Thomas of Tyler. Flower girl was Miss Ann Brown, sister of the bride from Dallas.

Dr. Durham served his son as best man. Groomsmen were Gene Sparks of Commerce, and Fort Means of Dallas. Performing ushering duties were Charles Willard, Keller, and Tommy Elder of Dallas. Candelighters were Roy Brown brother of the bride, and Danny Davis.

A reception was held in the dining hall at the church following the ceremony.

After a short wedding trip, the couple will live in Brownfield where both will be teaching in the Brownfield Public Schools.

The bride graduated from W. H. Adamson High School in Dallas and Baylor University where she is receiving a B. A. Elementary Education. The bridegroom is a 1960 graduate of Baylor University and is receiving his Masters

Lutheran Youths Attend Meeting

Rev. James Burnett and two young men, Rodney and Valton Maeker, returned last week from the International Luther League Convention held in Miami Beach, Florida, August 15-20, and attended by 14,067 people, mostly young men and women from all over the United States, Canada, and several foreign countries. Valton was the voting delegate.

The three from St. John Lutheran Church of Wilson were part of the group of 12 others from Lubbock, Slaton, Posey and Lamesa attending the gigantic youth meeting.

Rev. Burnett says this is the largest group of church youth ever to gather "in Christ's name" to try to work out problems of youth, religious and social life.

Miami Beach papers were loud in their praise of the conduct of the Leaguers while at the convention. Just about a month before, a gang of rough teen-agers descended on Miami and tore up the town. Rev. Burnett decries the fact that the nation's press gave columns of publicity to the depredations of these teen-agers with an evil purpose, but the press wires carried hardly a word about the 14,000 youth from around the world in this meeting to work for a better life.

Purpose of the Luther League meeting was to plan the next three years' youth program, the theme of which is "Christ Is Living."

Among the outstanding speakers were Rt. Rev. H. Lilje, Bishop of Germany and former president of Lutheran World Federation, who expressed the thought that we are putting too much stress on worldwide disunity, when in fact most peoples are unified in the Christian cause and believe in Jesus Christ as our saviour.

Dr. Martin Luther King, publicized because of the racial integration question, made a moderate and sensible talk in which he said "no section of our country can boast clean hands in the area of brotherhood... It's a great time to be alive. The old order is passing and a new one is coming into being."

Dr. Walter H. Moeller, member of the Science and Astronautics committee, substituting for Dr. Von Braun, speaking on "Christ Lives in the World," said we know not what will be the Christian atti-

tude on our outer space life. Dr. W. E. Hulme, speaking on "A Christian Looks at Sex and Marriage," declared young people should be Christian in dating, courtship and marriage, and such a life would eliminate many divorces and troubles in married life. Talks by these outstanding men were educational and inspirational, and the South Plains group came home with a new enthusiasm for work of the Luther League.

Bulldog Mothers Elect Officers

The mothers of the Tahoka Bulldogs football team met in the City Park on Aug. 21 to elect officers and make plans for the coming year.

Mrs. Roy Harvick, last year's president, presided at the meeting. The following officers were elected for the ensuing year:

Mrs. F. B. Hegi, president; Mrs. Ray Hopkins, vice president; Mrs. Vernon Davis, secretary-treasurer; and Mrs. Elnora Curry, reporter.

The mothers decided to serve supper to the football boys, their families, and to the coaching staff

after each Friday night home game. Purpose of the organization is to encourage the team, and to get better acquainted with the boys and their families. Committees will be appointed to have charge in getting the cafeteria ready for the meals and for cleaning the building after the supper.

Committee appointed to serve tonight, Sept. 1, is as follows: Mrs. Hegi, Mrs. Curry, Mrs. Charles Reid, Mrs. R. G. Medlin, Mrs. Harvick and Mrs. George Claude Wells.

After the scrimmage with Plains last Friday, some of the mothers served sandwiches, cold drinks and home made ice cream. A. M. Bray and Maurice Huffaker helped greatly in serving the boys, their families and the coaches.

At the initial meeting there were 21 mothers present.

Mr. and Mrs. C. E. Birdwell, J. E. and Billy returned Saturday from a trip through the Big Bend country and the Davis Mountains.

Miss LaRhea Greathouse, Joel Rance Smith United In Church Ceremony Here Sunday

Miss LaRhea Greathouse descended the aisle of First Baptist Church Sunday afternoon at 4:00 p. m. to become the bride of Joel Rance Smith. The Rev. T. James Efrid officiating.

Parents of the couple are Mr. and Mrs. Frank Greathouse, Jr. and Mr. and Mrs. W. A. Smith of Midkiff.

Given in marriage by her father, the bride wore a gown of off-white deluster satin. The bodice featured a scoop neckline with covered buttons to the waist, and long tapered sleeves. The bouffant skirt extended into a chapel train. Her veil of silk illusion was held by a crystal and pearl tiara. Her flowers were brown cymbidium orchids which feathered fujii mums in a cascade arrangement.

Miss Peggy Halameck was maid of honor. She wore a dress of russet satin peau de soie with a V-neck, fitted skirt and short sleeves. She carried a basket of bronze pom-pom mums.

Ken Smith, brother of the bridegroom, served as best man. Ushers were Ronnie and Gary Cox of Alpine. Candles were lighted by Jeanne Smith, sister of the bridegroom, and Frank Greathouse III, brother of the bride. Scotty Wright of Eunice, N. M., accompanied Miss Carol Smith at the organ as she sang "Because," "Whither thou Goest," and "The Wedding Prayer."

The reception followed in Fellowship Hall of the church. In the houseparty were Mrs. Charles Nelson, Lubbock; Mrs. Claudia Cox, Alpine; Mrs. Borden Davis, Mrs. Ivan McWhirter, Mrs. Troy Havins, and Miss Linda Jones.

- Oct. 10, at Frenship.
- Oct. 17, Post here.
- Oct. 24, at Post.
- Oct. 31, Slaton here.

Wilson Opening With Lazbuddie

Wilson Mustangs, short on players, open the season at Lazbuddie tonight, and prospects for victory are none too bright because of the abbreviated squad.

Coach Travis Rector, however, is pretty high on the boys he does have. Billy Baker and Leroy Schneider, expected to be key men in the line-up, were lost by injury in practice. However several more boys reported for practice this week.

Coach Snowden, a graduate of McMurry this year has been employed to assist Rector.

Schedule for the season follows:

- Sept. 1, at Lazbuddie.
- Sept. 8, Amherst.
- Sept. 15, at Meadow.
- Sept. 22, Anton.
- Sept. 29, Whiteface.

Lynn County Soil Conservation District News

E. R. BLAKNEY ELLIS BARNES
WARD EAKIN W. L. (Cap) ROWE
 MELVIN WUENSCHÉ

A Great Plains Conservation Plan is being developed for Elbert Crawford who farms 3½ miles southwest of Draw. Cost-share assistance will be received for the construction of terraces, a live stock water pond, and grass planting. Other items in the plan include a conservation cropping system, consisting of cotton rotated with grain sorghum and contour farming. Crop residues will be managed so that they remain in the soil surface and help control wind erosion.

2. Reduces wind and water erosion.

3. Improves soil tilth with better penetration and water storage.

4. Increases supply of energy for soil micro-organisms to be used in breaking down organic material and releasing plant foods contained in the burrs.

Best results were achieved when applying 12-15 pounds nitrogen per ton of burrs by promoting the breakdown of the burrs. It was estimated that it costs about \$2.50 per ton to apply burrs, but that fertilizer content of a ton of burrs alone is worth almost eight dollars.

The September issue of "The Progressive Farmer" contains an article showing the benefits of applying cotton burrs to the land. It shows that tests conducted at the Lubbock Experiment Station indicate that every ton of burrs applied increased yields from ¼ to ½ bales per acre; and that best returns resulted when they were applied at the rate of six tons per acre.

The article states that this is accomplished because the burrs benefit soil in the following ways:

1. Increase water use efficiency
2. Reduces wind and water erosion.
3. Improves soil tilth with better penetration and water storage.
4. Increases supply of energy for soil micro-organisms to be used in breaking down organic material and releasing plant foods contained in the burrs.

The article further states that "in all tests, dryland and irrigated, there was no increase of angular leafspot, verticillium wilt, or cotton seedling disease on land receiving burrs. Injurious cotton insects did not build up to a point where they offset the advantage of using burrs. And, over the six-year test at Lubbock, no differences in weed infestation showed up in burr-treated and untreated soils.

Everyday Religion

By J. B. Thompson

"Back to school" is a term much in use these days. "Back to school" sales, "back to school" wardrobes, "back to school" parties etc. But, in a very real sense we never are out of school. We may not have classes and schedules for a while, but we are still in school just the same.

It is possible that some students have learned more during the summer than they learned in class. They did so many things that were different. They worked, they played, they traveled, and all the while they were learning. School is really never "out" for the alert student. All of life is a school.

This is true, also, of everyone. We never finish an education. Our formal schooling really is just the beginning of our education. We go on learning as long as we live. The lessons we learn after our class room days are over are possibly the most valuable lessons of all.

Someone has said, "An education is what you have left after you have forgotten what you learned at school." An education should teach us how to study, how to learn life; how to find the facts we need from time to time. We

Mrs. Nora Griffin is ill with a nervous condition. She will be 85 next March 25.

My sister, Laura May (Griffin) Pruitt is seriously ill in Houston, Texas. Her address is 7911 Appleton St.

Alvin Hibdon and his wife, Ruby, are moving home to Delhi Sept. 1 from Burbank.

Mr. and Mrs. Bill Hibdon went fishing at Clearlake about two weeks ago.

Claude and Francis Waldroup visited in the home of the Bill Hibdon last week end. Their daughter, Sandra Robertson lost her husband in a freak truck accident Jan. 7.

Jack Hibdon lives in Hughson. He visited his parents two weeks ago.

QUESTIONS, PLEASE

QUESTION: What Changes The Heart of Man?

ANSWER: There are many who believe with all sincerity that God must operate upon the heart of man in a miraculous manner in order for a change to take place. The individual who sincerely believes this will press his hand to his chest and proclaim "I feel it right here; I know that I am saved because I have this feeling within me" (all the time indicating a feeling located in the area of his physical heart).

First of all it should be properly understood that the heart the Bible speaks of is not the physical pump that supplies blood and oxygen to our bodies but rather the mind of man. "Why reason ye these things in your hearts?" (Matt. 2:8). "Wherefore think ye evil in your hearts?" (Matt. 9:4). By this as well as many other passages we can clearly see that the heart spoken of in the Bible can reason and think as well as desire, believe, purpose, condemn and prompt. The physical heart cannot do these things ascribed to the heart in the Bible.

Now that we understand the heart to be the reasoning power of man, how is it changed? The Bible is very explicit in showing that our hearts are changed by the Word of God and not by some miraculous or mysterious operation upon our mind. The word of God corrects the understanding. "Through thy precepts I get understanding; therefore I hate every false way." (Ps. 119:104). The Word gives us faith in Christ Jesus; faith that saves us. "So then faith cometh by hearing, and hearing by the word of God." (Rom. 10:17). The Bible is the only means by which our obedience to God may be secured. "Thy word have I hid in my heart that I might not sin against thee." (Ps. 119:11).

These passages show that a man's heart or mind is changed to Christ because it has been operated on by the Holy Spirit through the written word.

Sharon and Patsy McGehee, Linda Robinson, Sharla Taylor, and Mrs. Weldon McGehee were in Lubbock Monday night and saw the "Shower of Stars" at the coliseum.

Friday night Mrs. Fortson, Mrs. Glass Davies, Mrs. Ed Denton and Mrs. Sam Martin attended OES Friendship at Slaton. Pictures made in Japan by the Slaton Rotary Club were shown by Bruce Pember.

Rev. Reeves from Lubbock preached at the Southland Baptist Church Sunday in absence of the pastor, Rev. Fortson. The Methodist pastor, Rev. Bill Yates, was absent and the Methodist Church group attended the Baptist Church.

Among the visitors in the home of Mr. and Mrs. Ed Denton Sunday afternoon were Munroe Shelton, Ruidoso, N. M.; Mrs. Erma Lichey and Weldon Newbauer.

Mrs. Larry Alford and son from Petersburg spent Friday night with her parents, Mr. and Mrs. Sam Ellis, Janyce and Sammy.

Mr. and Mrs. Joe Lester and children from Wellington, Kansas, are spending their vacation with his parents and her mother, Mr. and Mrs. W. P. Lester and Mrs. Eva Trimble of Slaton and other relatives.

By RUDY EVINS

One night I went fishing for northern and walleye at a nearby dam and, because of the high water, had to fish as light as possible. I put my gear together on the bank, stuck a bucket in my pocket, put on my waders and walked out on the dam.

After I maneuvered a 34-inch northern to the net I thought I'd take time out for a cigaret. I reached into my pocket and pulled out my lighter...

Many a time it takes a mistake or misfortune to teach a fisherman a lesson... and I'm no exception. I had my "light tackle box" with the rest of my gear but overlooked it.

The Evinrude Boating Foundation has this suggestion if you want to "fish light." Take an old tobacco can and punch five or six holes in the side of it. It's as simple as that.

When I want to travel "light" and yet want to take along a few extra plugs, spoons or jigs I very often open the flaps on my shirt pockets and put the hooks into the button-hole.

Try the tobacco can and "button-hole" tips and you will find that it is sometimes easier to travel from spot to spot allowing you to find the "hot holes" along the banks or shores without carrying a lot of equipment.

Happy boating... and fishing, too.

Approximately 85 people attended the annual Tahoka Firemen's picnic and steak fry Tuesday night in City Park, according to Fire Chief Pat Patterson.

Special guests included honorary members, Mrs. James Clinton, Mrs. W. T. Clinton and Mrs. Pearl Brown; and also Lawrence Harvick, Curtis Stevens, Horace Rogers, Charles Oliver, Borden Davis, and Pat Hines.

Firemen are: Pat Patterson, chief; Clyde Spruiell and Chas. Boswell, assistants; Troy Havins and Alton Kelly, captains; Roy Colard and Roy Harvick, lieutenants; Johnny Raindl, marshal; Gravel Ayes, Evon Wilson, Billy Craig, Harvey Craig, Albert Curry, Pat Chamblee, Edgar Hammonds, Chas. McClellan, Dean Taylor, James Huey, J. T. Miller, Bill Cathcart, and Fred McGinty, chaplain.

Family members also attended the event, enjoyed the meal and visiting.

HOME FROM SERVICE Phillip Havins and Ronnie Walters, who have been stationed at Lackland Airforce Base in San Antonio, arrived Friday to visit their parents, Mr. and Mrs. Troy Havins and Mr. and Mrs. Lewis Bonham, respectively. They will leave next week for a new assignment in Florida.

Mary Helen Whitaker, student at Baylor's School of Nursing, arrived last week to spend several days with her parents, Mr. and Mrs. Oscar Whitaker, and sister Jan.

Dallas spent the week end with parents, Mr. and Mrs. W. J. Kuykendall.

Mr. and Mrs. Fred Myers and Stephen J. attended the rodeo in Roby over the week end. Fred was in the roping and roped three out of four.

Mrs. C. E. Basinger, Mrs. Sam Ellis, and Mrs. Jack Myers attended Maxine's style show in Post Tuesday night of last week.

The Training Union group from the Southland Baptist Church met for a social in MacKenzie State Park Saturday night. They were accompanied by their adult leaders, Mr. and Mrs. Hubert Taylor. There were 22 attending.

Harry Fortson from Gainesville is visiting his parents, Rev. and Mrs. Eddie Fortson.

Mr. and Mrs. W. P. Lester had all their children home Sunday. They were: Mr. and Mrs. Troy Lester and children, Midland; Mrs. I. J. Duff, Denece and Don, Levelland; Mr. and Mrs. Winston Lester and children.

Recently Mrs. L. B. Mathis and granddaughters, Marie Mathis and Carolyn Sue Kaysinger spent the week end in Abilene with Mr. and Mrs. Dick Mathis and children.

Carolyn Kaysinger spent Sunday in Sundown with her aunt, Kelly Jo Myers visited her aunt, Mr. and Mrs. Alex Fry in Spur last week and attended the Old Settlers reunion at Roaring Springs.

Mrs. D. H. Hatchett, Lubbock, spent the week end with her sister, Mr. and Mrs. Ed Milliken Sunday. Mr. and Mrs. Ralph Davidson and Vicki from Wolforth spent the day with his parents, Mr. and Mrs. Fred Davidson and Louise visited Sunday night. Mr. and Mrs. Martin were visitors Thursday afternoon.

Mr. and Mrs. Jesse Ward spent from Thursday through Sunday in Levelland with her sister, Mrs. L. A. Timpe, who was very ill and in a hospital there.

Mr. and Mrs. Robert Lee Hagler and Jean returned home Monday night from a sightseeing trip in six states, Texas, Oklahoma, Tennessee, Missouri, Kansas. Their first stop and one of the most interesting places was Six Flags of Texas between Fort Worth and Dallas.

NOTICE OF COUNTY'S INTENTION TO RECEIVE BIDS FOR THE ERECTION OF A COUNTY LIVESTOCK EXHIBITION BUILDING AT TAHOKA, TEXAS

SEALED PROPOSALS addressed to the Commissioners' Court of Lynn County, Texas, will be received until 10:00 o'clock A. M. on the 20th day of September, 1961, at the office of the County Judge of Lynn County, in the Courthouse, Tahoka, Texas, for furnishing all labor and materials and performing all work in connection with the erection of a County Livestock Exhibition Building to be located in the City of Tahoka, Texas, to contain not less than 22,000 square feet of floor space and with 14 foot high sidewalls, on a minimum 6 inch stem concrete foundation; the building to be constructed out of steel with loadings of 20 pounds live load on roof and a 20 pound wind load; building to be ventilated with 16-14 inch ventilators to be situated on the roof; roof to be constructed with a minimum of sixteen (16) sky lights and the building to have a minimum of sixteen (16) windows with 3x7 foot steel double wall doors both front and rear and 12x13.5 foot sliding doors both front and rear; also to be included are two restrooms in a 12 foot by 20 foot separate building of similar construction as and to be attached to main building with doors and entrances into main building. One restroom to be 8 foot by 12 foot and equipped with one commode, one trough type urinal, and one lavatory; the other restroom to be 12 foot by 12 foot, and equipped with four commodes with dividers, and two lavatories. Also two 10x20 foot washracks, one to be located in the southwest and one to be located in the southeast corners of the building of four inch concrete slabs, slopping to the center, with four inch drains in the center. The restrooms and two washracks will be connected with adequate pipe from the cities main line and all necessary plumbing to carry water from each to the sewer; also an additional one inch water line will be installed and connected from the cities main line to a point inside the south end of the building.

Bids to be submitted both with and without the following electrical equipment and fixtures; 5 rows of lights, 8 lights to each row, or the equivalent of 40 lights if construction makes it necessary to run the wiring from side to side rather than length-wise. Four doors on the west side spaced at twenty foot intervals to operate electric clippers. Eight drops on the east side at twenty foot intervals to operate electric clippers. Lights in restrooms. A separate circuit is to be located in the northeast corner of the building for concession stand. All lights in the main building will be equipped with a 14 inch pan type reflector.

ALL BIDDERS must submit cashier's or certified check issued by a bank satisfactory to the Commissioners' Court, or a proposal bond given by a reliable surety company authorized to do business in the State of Texas, payable without recourse to the order of HON. W. M. MATHIS, County Judge, in an amount not less than 5 percent of the amount of the proposal or bid as a guarantee that the bidder will enter into contract and execute performance and payment bonds within ten days after notice of awarding contract to him. Bids without required check or proposal bond will not be considered.

THE SUCCESSFUL BIDDER will be required to furnish a Performance Bond and a Payment Bond each in the full amount of the contract, written by a respon-

sible Surety Company authorized to do business in the State of Texas, and satisfactory to the Commissioners' Court, as required by Article 5160, V. A. T. C. S., as amended by H. B. 344, passed by the 56th Legislature, Regular Session, 1959; and to furnish the engineering services required by Sec. 19 of Article 3271a, V. A. T. C. S.

BIDDERS are expected to inspect the site of the work and to inform themselves regarding all local conditions.

ATTENTION OF BIDDERS is directed to the provisions of Article 5159a, Revised Civil Statutes of 1925, as amended, requiring that not less than the general prevailing rates of per diem wages for work of a similar character in the locality where the work is performed, shall be paid all laborers, workmen and mechanics employed in the construction of public works.

The County will pay cash for the construction upon completion of said building.

NO BID may be withdrawn after scheduled closing time for receipt of bids, for at least thirty (30) days.

THE COUNTY reserves the right to reject any or all bids, and to award the contract to the bidders, who in the opinion of the Commissioners' Court offers the proposal to the best interest of the County and to waive formalities.

W. M. MATHIS, County Judge, Lynn County, Texas.

Dividend Checks Issued Farmers

The Tahoka Co-op Gin has dividend checks for those customers who marketed their cotton through the Plains Cotton Cooperative Association for last year. These checks are now ready for distribution. If not picked up at the office by September 10th, they will be mailed to these customers with a separate check for landlords.

The Plains Cooperative Association has a new program this year and the information is at the gin office. Those patrons who used the Marketing Association through the Co-op Gins last year received more money, grade for grade, staple, than any other farmers in the United States.

In winning the Sub-Junior Division, Britt's score was 197x200 and his score in winning the Class AA Junior Singles championship was 196x200.

Trophies he received included sterling silver cuff links, and two silver belt buckles.

He was presented a life membership in the Amateur Trapshooting Association by Johnny Downs of Houston.

In the feature story on the meet, Jimmy Robinson of Sports Afield, who named Britt to captain of the All-American Junior team, says "Britt is the youngest AA shooter in the history of trapshooting. He is no flash in the pan . . . three years he has been the Sub-Junior champion."

Girls Take Notice! Survey Shows That Lynn County Has Excess of Bachelors

New York, Aug. 31—Would-be brides, sit up and take note. Lynn County has a surplus of eligible bachelors on hand.

Details of the over-supply are contained in a report just released by the U. S. Census Bureau. It is based on the latest marital statistics, gathered in conjunction with last year's population count.

Numerically, not counting widowed or divorced people, there are 801 single men and boys locally and only 556 single women and girls, making the county a good place for a manhunt.

That it is such a good place has already been discovered by the fair sex. The figures show that they have been making appropriate use of the romantic opportunities.

The overall picture in Lynn County, taken into account both men and women of marriageable age, reveals that 73.7 percent of the total are now married.

That is a relatively large proportion. Elsewhere in the United States, the Census Bureau shows, the ratio is 67.5 percent. In the State of Texas it is 69.0 percent.

Yet, there remains a preponderance of bachelors locally. The chief reason for it, according to the report, is that men wait much longer than women before getting married.

As a result, men in the United States are approximately 2 1/2 years older than women when they first marry.

At the present time, the median age is 22.8 years for men and 20.3 years for women. Back in 1900 it was 25.9 for men and 21.9 for women.

The figures have been getting

lower and lower in line with changing social and economic conditions that have been making it possible for young people to marry earlier. A principal one is the increased tendency of girls to continue working after marriage, at least for a year or two.

Where a person lives also seems to have an effect on his marital status. One of the striking facts brought out by the census is that considerably larger proportion of farm men, compared with urban men, stay single. Among farm women, however, the reverse is true.

Reported also, for each community, is the number of ex-married residents. The Lynn County figures show, for men: 94 widowed and 43 divorced and, for women, 358 widowed and 37 divorced.

CROP Meeting Friday, Sept. 8

The Christian Rural Overseas Program is scheduled to hold an organizational meeting in the Lyntegar Board Room in Tahoka next Friday, Sept. 8, at 1:30 p. m.

CROP is the community food and fiber appear of Church World Service. In Texas, CROP is sponsored by the Texas Council of Churches in cooperation with concerned groups. Rev. Herschel Thurston of Hereford is the State CROP Chairman.

Mr. Walter Mounts, Texas Assistant Field Director for CROP, will be present to help with the organization and explain the need for cotton overseas Cotton clothing and cover materials are urgently needed by the missionaries overseas for distribution to refugees and other oppressed peoples. Mr. Mounts has stated that the raw cotton contributed by the Texas growers will be shipped overseas and with assistance and supervision from the missionaries will be processed by these needy people into the items they so badly need.

Approximately forty county church and agriculture leaders are expected to attend this meeting. All people who are interested in helping others in this inter-denominational program are urged to attend. Highlighting the meeting will be a special showing of the motion picture "Sounds of the Earth." This is an 18 minute film which tells the sensitive story of human need in Hong Kong as it exists today.

Growing... growing... gone

All too soon the years of bare summer feet, sugar-and-butter sandwiches and cartwheels are yesteryears. But fine photographs capture and hold the growing years, become more cherished as childhood slips into memory.

Such a record will be yours, if you start it today. We would like to show you how it's done with photographs of

David Weathers Victim of Thugs

David Weathers, formerly of Tahoka, had a narrow escape north of Abilene recently, when attacked and robbed by three Negroes. He was slugged on the left side of the head with a rock, and stitches were required to close the wound.

Friday night, Aug. 17, he was returning home in a company car belonging to Foremost Dairy, for whom he works in Abilene, and had come to a stop at a stop light. A Negro man and woman started to cross the street, then came up to the right door of his car, apparently to attract his attention.

As he turned to ask what they wanted, another Negro man hit him on the head and drug him out of the car. The Negro, standing over him spraddle-legged, took the change from his side pocket, and was about to take the bill fold from his hip pocket containing a large sum of company money and also his personal money he had withdrawn from the bank with which to take a Colorado vacation.

At this point, David regained his senses sufficiently to slide out from under the Negro, jumped up and ran. A few minutes later he hailed an officer and got in his car. The next David knew, he woke up in the hospital. The three Negroes, arrested hte next day, had been involved in a similar incident previously in which they almost beat a man to death.

Mr. and Mrs. Weathers and daughter, Vicky, 14, spent last week end here visiting their parents, Mrs. Polly Weathers and Mr. and Mrs. Earl Tunnell, and other friends and relatives, en route home from their vacation in Colorado.

Mr. and Mrs. C. C. Garvin of Fritch were here last week end visiting her mother, Mrs. Kitty McCracken, and brother, George McCracken, and other relatives and friends.

Albert Jacobs of Carthage, Mo., formerly of Spearman, was here this week visiting his son, Jake Jacobs, and family. Mr. Jacobs recently lost his wife following a fall in which she broke her hip, and died in a hospital there.

Dogs Learn Not To Make Attack On Porcupines

Plains dogs know little or nothing about porcupines.

But, three dogs belonging to Cecil Hammonds learned a lesson last Friday night when they attacked a porcupine. The result was that they got their mouths filled with fish-hook-like quills, and Saturday Cecil had to take them to a veterinarian. The dogs were put to sleep, the quills removed, and Monday they were again beginning to show signs of recovery.

Cecil found the half-dead porcupine Saturday morning and finished the job the dogs had started with a .22 rifle.

There have been several other reports of porcupines in this area, and bobcats are becoming numerous again. Charles Oliver caught a half-grown deer a few days ago. Some of these days, a herd of buffalo may come charging down across the plains. Who knows?

B. R. Brewer, Tahoka; Joe Lamb, Odessa; W. W. Jim and Charley Lamb, all of Levelland; and Billie Lamb, Oklahoma.

HURT IN CAR WRECK

Ruel Casey of Lubbock, husband of the former Pat Smith of Tahoka and a draftsman for a Lubbock steel concern, received seven broken ribs, and has been in a hospital ever since, Thursday night of last week when another car ran into his sports car at the intersection of 36th Street and Gary in Lubbock. He is the son-in-law of Mr. and Mrs. Happy Smith.

Help keep Tahoka clean.

Costs least when you buy...saves more when you drive

Here's the Classic Ford Look at the lowest Ford price. Ford Fairlane equipped the way most people like it is the lowest-priced,* full-sized 6-passenger car of all... though you'd never guess it by looking. But more important still, is the engineering inside. Here are new achievement, new precision, new standards of quality. Here's a car that is built to be more service-free, and the savings mount up as you drive (the box at right shows you how).
Altogether, the '61 Ford is so good that its dealers tripled the duration of the regular warranty.* Other cars followed. But Ford began the trend with the car built to back up its longer-term warranty! See why we say, this is the Ford in your future!

HERE'S HOW THE '61 FORD SAVES BECAUSE IT'S BEAUTIFULLY BUILT TO BE MORE SERVICE-FREE!
Saves on Lubrication—You'll normally go 30,000 miles between lubrications of major chassis components, which saves you time and money, because Ford has replaced conventional grease fittings with a sealed-lubrication system.
Saves on Oil Changes—You'll go 4,000 miles between oil changes because Ford's Full-Flow oil filter gives you filtration through three, and filters all the oil all the time.
Saves on Brake Adjustments—New Truck Size brakes adjust themselves automatically.
Saves with Extended Shifter Life—Ford shifters are double-wrapped and lubricated at least three times as long as ordinary shifters.
Saves with Protective Body Coating—All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath the doors.
Saves with Special Body Finish—Ford's new Diamond Lustre Enamel never needs waxing.
Saves with Extended Warranty—Each part of '61 Ford, except tires, is dealer warranted against defects in material or workmanship for 12 months or 12,000 miles, whichever comes first. Owners remain responsible for normal maintenance service and routine replacement of maintenance items such as filters and ignition parts.

Beautifully built to be more service-free

Printer's Ink-lings . . .

By F. P. H.

The way the TV script-writers play up some of the bad men of days past almost makes you feel sorry for these outlaws. For instance, Billy the Kid, the famed New Mexico killer, is now being portrayed by sleek good-looking actors dressed in "drug store" cowboy duds. The Kid is being cast as a hero, a sort of Robin Hood. Actually, he still is a controversial subject over in the Lincoln-Hondo-Ruidoso area. But, even his old friends, as well as unprejudiced historians, say he was a no-good punk, sallow-faced, a bit of weakling physically and mentally, had an inferiority

complex, few morals, was dirty and slouchy, and actually was a coward without his guns.

The Printer 25 or 30 years ago interviewed several people who had known Wm. Bonney, The Kid personally during the days of the Lincoln County War. One of these was the late O. W. Green, father of Oliver Green. When Mr. Green, his father and brothers ranched out in the Carlsbad country near the Cavern in the 1870s and 1880s, The Kid spent the night at their house several times. Mr. Green knew him personally and also by reputation, although the Greens managed to keep out of the "war." As was the custom in those days on the frontier, he told us, they neither asked The Kid questions or volunteered him any particular information. The Greens were grazing a herd of sheep south of Fort Sumner the night Sheriff Pat Garrett killed the outlaw. In fact, Billy had been to their camp a night or two before. Mr. Green said The Kid was just a no-good drifter, mooching and stealing and prob-

Farm Facts

The production of U.S. hens exceeds 65 billion eggs a year. This is more than five times the output of their nearest rivals from the United Kingdom. And production per hen continues to climb. The rate was 152 eggs per year in 1945. It was 206 per year in 1959.

U.S. hens lay 65 billion eggs per year.

It's a good thing. Average civilian consumption in this country in 1959 was 334 eggs. Of the per person supply, about 29 eggs were broken commercially for use in manufactured products, including baked goods. Part of this "invisible" egg consumption is through dried egg solids bought by the Department of Agriculture for school lunch programs, etc.

More than 80% of our farms had chickens and produced eggs 15 or 20 years ago. But times have changed. The 1959 Census of Agriculture revealed only 2.2 million farms with chickens and only half of these are selling eggs. The 1.1 million selling eggs produce the sizable supply of about 4.5 billion dozens annually—basis for the commercial table egg supply.

breaking, and hatching eggs. USDA's Economic Research Service notes that less than a million commercial specialized producers are responsible for the bulk of the egg output. Egg production is no longer a "pin-money" enterprise.

ably was for hire to any faction that wanted some killing done. Incidentally, the story that Billy had killed 21 men—when he died in similar manner at age 21 is also fiction, historians say. Actually, he killed less than half the number, and only about six killings have been officially authenticated.

faith in ideals, and willingness to vote for convictions. We doubt that it can long survive if our present lack of faith and conviction continues to spread.

Ed Eakin, "The Chief" of the Quana Tribune-Chief, last week took some more wind out of the sails of the TV writers in regard to the "good" lawman, Wyatt Earp. Ed's story follows:

Sorry folks, especially you younger folks, but the illustrious TV Wyatt Earp was really a crook. Most readers of western history already know this but television's "The Life and Legend of Wyatt Earp" has distorted truth to such a fantastic degree that this pioneer hood appears today to be a cross between a Philadelphia lawyer, a backwoods preacher and a Texas Ranger.

According to a news release appearing in the July 22, 1911 edition of the Tribune-Chief, Earp was just a common crook sent to the pen for trying to break a faro bank. Television's Earp is called "Urp" but all the Earps we know anything about, including Wyatt, pronounced their name "Arp."

OK, TV fans, feed this and weep: "SCHEMERS CAUGHT"—Los Angeles, July 22, 1911. Wyatt Earp, Arizona gun fighter of the early days, who in 1898, as a prize fight referee disqualified Bob Fitzsimmons for a doubtful foul and awarded the decision to Tom Sharkey, was remanded to prison today for failure to produce a \$500 bond for his arraignment of a "get rich" concern. Earp and two companions, Walter Scott and E. Dunne, who are in jail, will plea next Tuesday.

"J. I. Peterson, a really broker, told detectives that Earp had unfolded to him a scheme to break a faro bank which Earp was operating as an employee.

"According to Peterson, he was to appear in the gambling room with \$2500 and by means of marked cards was to be permitted to win \$4000, to be shared with Earp, Scott and Dunne. Peterson pretended to acquiesce in the arrangement, but when the big winning was to have taken place detectives whom he had previously informed, raided the place. The faro outfit was confiscated."

Man when in the wrong is inclined to lay the blame on some one else—like the small boy standing on the cat's tail, who explained to his mother: "I'm not pulling it's tail, I'm only standing on it. He's the one who's doing the pulling."

The difference between Noah and his neighbors is that he was sawing and hammering, while they were only knocking.

This country wasn't founded nor did it grow to greatness on the basis of leadership that lacked

...some kids are fightin' to do the dishes-electrically

They've found it's as much fun to "load" the dishwasher as it is to load their guns for cowboys and Indians. Much easier on mother's nerves, too. Handwashing dishes takes an average of 728 hours a year—that's a monthful of 24 hours a day. It's hard on the hands, too. A portable dishwasher—that requires nothing special in plumbing or wiring—or a built-in model will cut your dishwashing time down to minutes. Gets the kids in the act, too—willingly and safely. Don't be a dishwasher—buy one.

David Bray Presents Observations On The Foreign Policy of United States

David Bray, junior pre-law student at SMU in Dallas, who recently attended the Leadership Institute at the United Nations in New York, presented a thoughtful discussion of our foreign relations problems at Tahoka Rotary Club Thursday noon of last week.

As vice president of the Student body and chairman of the Forum Committee at SMU, David has had a rare opportunity to meet and talk with many ambassadors, high government officials, and students from Latin American countries. Some of these he met at school, some at United Nations and some at the Student Conference on International Affairs last December.

His talk was based on thoughts he had picked up from these people.

Most Latin American countries involved in turmoil and change. Hereofore, we have paid little attention to frequent revolutions in these countries. Many times they have used guns instead of ballots to change governments, but in the past these revolutions have been promoted by the elite.

Finally, the poor, the destitute, the peons, who have been held in virtual bondage by the elite, have come to realize they can have and deserve a better lot in life, food and clothing and education for their children. They are rising some and demanding something better. The new order of revolutions are from the masses, not from the ruling cliques. They know little and care little about Communism. But, as in the case of Cuba, Communists have taken advantage of the situation. He doesn't think the Latin

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

In what is undoubtedly the most comprehensive survey ever undertaken of Main Street sentiments on taxation problems, the National Federation of Independent Business has completed and sent to the White House, Congressional Committee's, Treasury Dept. and other governmental agencies a 240 page report.

The district chairman of the Federation were asked to vote on the ten parts of the President's proposed tax C. W. Harder program, and invited to make additional comments.

Approximately 1,000 of the total number of district chairmen replied. Each of them are engaged in independent business or professional practice covering the entire field of commercial activity from manufacturing, wholesaling, retailing and services. The returns from 50 states and the District of Columbia were about in ratio to their populations.

54.9% expressed favor of the proposed tax incentive program which would provide for a different method of depreciation write-offs to encourage business to expand.

Yet only 22.3% were in favor of the proposal to levy a withholding tax against interest and dividends, and only 18.4% favored the repeal of the provision that permits the first \$50 in income from dividends and interest to be tax free, and the additional credit of 4% on dividend income in excess of \$50.

Thurens Make Midwest Trip

Mr. and Mrs. Dale Thuren and two daughters, Sharman and Shannon, returned last week from an interesting Midwestern vacation trip during which they visited many points of scenic and historical importance while en route to and from Sherrard, Illinois, where they visited his parents, Mr. and Mrs. S. A. Thuren.

Dale's mother had been seriously ill for some time in the hospital, but had recovered sufficiently to accompany them on a five-day fishing trip to Necedah, Wisconsin.

Leaving here on August 4, they visited the Dalton Gang Hangout at Meade, Kansas, and spent considerable time seeing the sights of Dodge City, Kansas, where the girls were intrigued by "The Cowboy Capital of the World," the restoration of historic old Front Street and Boot Hill. They visited the Long Branch Saloon (where soft drinks

are now served) and drang sarsa parilla, and saw the home talent show that is presented there every day of the year featuring "Kitty" and her "Can Can girls," Doc Holiday, Wyatt Earp, Bat Masterson, and others. They were also interested in the "hanging tree" and Boot Hill, where gunmen were buried "with their boots on." They brought home a copy of the Dodge City Daily Globe replica of 1878 containing many stories of the old days.

Following the Mississippi northward, they crossed the river at Keokuk, Iowa, and proceeded to Nauvoo, Ill., near where Dale once taught school, and visited the restored Mormon buildings and sites. It was here that the Mormons split up with one branch going west to Salt Lake City. This town was once larger than Chicago.

Following their visit with Dale's parents, they returned by way of Mark Twain State Park and birthplace in Missouri, and followed the Will Rogers Memorial Highway from Joplin to Claremore, Okla., where they enjoyed a visit to the Will Rogers Memorial and Museum.

They followed Highway 66 into Amarillo, where they visited relatives before returning home. They say this Highway is now four-lane most of the way.

The trip was a great experience for the girls, as well as for their parents.

CARD OF THANKS
We wish to take this means of expressing sincere thanks to all who were so kind and thoughtful during the death of our loved one, H. W. Lamb. We truly appreciate each kind deed performed and for all words of sympathy. Thanks again and may God bless each of you is our prayer. Mr. and Mrs. B. R. Brewer and family. 1tp

Former Citizens Visit County

Mr. and Mrs. Leonard Finley and three grandchildren of 10,373 Avenue 19, Chorochella, California, visited in the home of Winston and Florence Davies at New Home Tuesday night of last week. Mr. and Mrs. Finley and the children, Dorothy, Susan and Junior Finley were on an extended tour of the state, their first trip back since they moved to California in 1936 from New Mexico.

Leonard and Florence received their "higher education" at the South Ward School about seven miles southeast of Tahoka (part of the Tahoka School system), starting in 1923 as soon as the school was completed.

During the winter of 1925 both were married and went their separate ways, and of course on Tuesday they spent several hours recalling memories of the other friends that lived there those years. Leonard married Miss L. E. Simons in Brownfield and they moved to New Mexico, but returned in 1927 and with his father, J. W. Finley and a younger brother, Lester, again farmed a part of the Lockhart farms north of the school then known as the Linton, King and Chandler places.

At that time each place, usually no larger than a quarter section, had a comfortable farm house. There was a close-knit community spirit and for some time had a union representative denomination meeting in the school building to worship together, and for singing school. And when money was needed for repairs, an old fashioned box supper was held. They also recalled that Misses Virginia and Frankie Curry were the first teachers in the South Ward school.

In 1936 Leonard and his family moved to California where they own a nice dairy farm. They cordially extend an invitation to any

FIRES COST LIVES

Over 923,000 fires occurred in the towns and cities of our nation last year. These fires damaged or destroyed over 310,000 homes. What is worse, 11,350 persons lost their lives as a result of fire in 1960.

Help stop fires!

The only thing mother needs to save for a rainy day is patience. of their old acquaintances who come their way to stop in for a visit. They left the Davies home with intention of looking up other old friends.

Religion is a must for those who expect to make a happy landing.
