The Lynn County News

"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire

Volume 57

Tahoka, Lynn County, Texas, Friday, September 15, 1961

Number 50

Harvest Season Is Getting Underway

A few bales of 1961 cotton began to struggle in to the gins this week, and the tempo is expected to pick up next week as more field hands arrive.

Much of the early maize has been harvested, although a major portion of the crop remains to be cut. Milo, like cotton, this year is of all ages and all stages of development. This was the year for early milo, farmers say, and much of the late maize has burned badly.

Although much of the dryland cotton has deteriorated because of lack of rainfall in August, most of it has held up unusually well during one of the "coolest" summers on record here.

The Gulf hurricane failed to bring any rain to Lynn county. Some farmers thought rain would still help this past week.

Thursday morning the temperature dropped to 49 degrees in Tahoka.

Students Leave For Colleges

Many Tahoka college students will be entering their respective schools for the fall semester within the next few days.

Although the following is probably not a complete list, all of the 1961 graduates of Tahoka High School will attend college here named, as well as many others returning after one or more years. Those left out are unintentional, and any names omitted will be printed next week if such names are turned into the News.

Acreage Survey Is Being Taken

Postmaster Happy Smith announced today that Rural Mail Carriers will begin distributing 1961 Acreage Survey Cards to patrons on their routes about September 14.

The Post Office and U. S. Agriculture Department cooperatively make this survey each year. These reports, directly from farmers, are the basis for official estimates for Texas acreage of all crops harvested in 1961.

To be sure this community is well represented in the survey, the Postmaster urges each patron receiving a card to fill it out and return it to his mailbox.

Rural mail carriers working on this project are: W. A. Reddell, Route 1; A. C. Weaver, Route 2; D. C. Carroll, Route 3; Clyde Ashcraft, Route 4; and Jess Gurley, Route 5.

Grain Payments Get Underway

Final payments to farmers who earned them by taking part in the 1961 feed grain program for corn and grain sorghum are now being made throughout the county. Chas. G. Bragg, office manager of the Lynn County ASC announced.

Advance payments were made to many producers at the time they signed their intention of participating in the program as a means of helping meet production expenses and maintaining farmers' income.

A total of 983 Lynn county farmers are eligible to receive a total of approximately \$750,000 for diverting corn and grain sorghum acreage into soil-conserving uses, as provided under the program. In earning these payments, farmers in Lynn County diverted 46,000 acres from corn and grain sorghum production to conservation.

The 1961 feed grain program was designed to reduce production of feed grain eligible for price support and to end the constant buildup of stocks on which the Government must pay storage. Bragg emphasized that compliance with the program is contingent upon the proper protection, throughout 1961, of the land retired from production. A violation of program provisions will call for refund of payments made to the producer.

Congress has authorized a similar program for 1962 feed grain crops adding barley to the corn grain sorghum crops covered by the program. The program sign-up for 1962-crop winter barley will get under way soon, as well as for the 1962 wheat stabilization program made available by growers' recent approval of marketing quotas for the 1962 wheat crop. Definite sign-up dates will be announced by the County ASC office.

Mrs. W. J. Benson, 88, is a medical patient in Tahoka Hospital this week.

JOHNNY REASONOVER

Reasonover Is Moving To Ralls

Johnny Reasonover, local manager of Southwestern Public Service Company, is moving to Ralls, and he will be succeeded by Harold Roberts, assistant manager at Levelland.

Announcement of the appointment of Reasonover to succeed M. K. Young, manager at Ralls, who is retiring, has been made by Arlie Hudson, southern division manager. In making the announcement, Mr. Hudson said "A man of Mr. Reasonover's experience and ability is needed to fill the shoes of our retiring manager at Ralls and we feel that Mr. Reasonover, also being a former resident of that city, will be able to fill the void that would exist."

Mr. Hudson also announced the new appointment as manager for the company here. He is Harold Roberts, who has been chief clerk and acting as assistant to the manager at the company's Levelland office. Mr. Hudson had a word of praise for Mr. Roberts, too. "We are sure the people of Tahoka will welcome Mr. Roberts as our new manager. He has done an outstanding job for the people of Levelland in helping bring excellent electrical service to them. He is a capable man who has prepared himself for this promotion by study and activity. We are confident that he will do himself credit in (Cont'd. on Back Page)

State Highway Engineer Asks Action On Route Through City

Some action must be taken by City of Tahoka in the very near future on the proposed four-lane US 87 right-of-way along Doak street a block east of the court house, O. L. Crain, State Highway district engineer, and Lawrence Magee, right-of-way engineer, both of Lubbock, told the City Council in a meeting Monday night.

If no action is taken soon, Mr. Crain says, the \$865,000 already appropriated and in the bank for the project must be transferred elsewhere. Of this amount, \$765,000 is for construction and \$100,000 for right-of-way.

The State Highway Department men appeared before the Council

to explain the project planned here, answer questions in regard to the same, and to urge some action one way or the other.

"We want Tahoka to have this project, if you want it," Mr. Crain declared. "If you do not want it, we will simply have to transfer the money elsewhere for some project that is wanted. We can't keep this money idle much longer, because this is not right to others. We are not trying to force anything on Tahoka, but there are dozens of towns that would like to have as good a deal in regard to location of the major highway so close to the center of town. You are fortunate in being able to get this highway

through town at a minimum cost, since the cost factor is impossible in many other small towns."

The Council and Mr. Crain and Mr. Magee discussed the many problems that have arisen and also some of the opposition that has been registered to the present route. Some people feel it should have been laid out west of town.

Mr. Crain said the Highway Department about four or five years ago considered such a route west of Tahoka, but after preliminary surveys had been made they came to the conclusion that there would not be much difference in the price of land on the two locations, since all the west route would be across the middle of farms, some of them irrigated.

Mr. Crain reviewed the history of the project. He said the State went into a contract in November, 1957, with the City of Tahoka, and with the county joining in, in good faith. In January, 1958, funds were appropriated for the project. The City of Tahoka voted \$50,000 in bonds to purchase one-fourth of the right-of-way, the county agreed to furnish one-fourth, and the State appropriated half the funds, or \$100,000, for the right-of-way.

At a hearing held here, several citizens appeared to protest the route, but the State, after reviewing the events, decided the voters had given approval to the Doak Street route and had been properly informed through the press of the purpose. No injunction was filed, and the Federal Government then gave its approval. Engineering plans were started, and to this date about \$50,000 has been spent on this engineering work.

"As far as the State is concerned, there is no turning back," Mr. Crain said. (Cont'd. on Back Page)

O'Donnell Will Build School

Taxpayers in the O'Donnell Independent School District Saturday approved a giant tax bond issue to furnish the money to pay for planned improvements on the elementary, junior and senior high school plants. The vote was 145 for and 109 against.

The issue in the \$195,000 bond election was to finance a 10-room addition on the east and north sides of the grammar school plant; remodeling of the junior and senior high schools; conversion of some office space to needed classrooms; and a paving project adjacent to the school campus.

New construction is expected to cost about \$118,000 with the remainder going for remodeling expenses, according to Supt. John Criner.

To repay the bond, which are to mature in 15 years, the school tax rate will be increased 25 cents for each \$100 valuation, recently decided by trustees of the district.

O'Donnell Fair This Week End

O'Donnell Community Fair will be held this week-end, featuring agricultural products of all kinds, a complete woman's department of sewing, cooking, canning, art, and a flower show.

General superintendent is Ken Pearson; and others in charge include Jack Minton, assistant superintendent; Mrs. Bill Davis, ladies' division; Jerold Barton, livestock; Errol Moore, agricultural exhibits.

In connection with the fair, the annual 4-H Sears pig show will be held on Saturday.

Mrs. J. A. South's Rites Saturday

Mrs. J. A. (Mary G.) South, 78, critically ill for many months, died Friday at about 9:00 a. m. at her home here at 1900 Lockwood, the Brownfield highway.

Funeral services were held Saturday at 2:00 p. m. at Stanley Funeral Chapel with Rev. J. B. Thompson, pastor of the First Methodist Church, officiating. Burial followed in Tahoka Cemetery.

Mrs. South, whose maiden name was Mary Gertrude Smith, was born at Ravenna, Fannin county, on March 27, 1883. She was married at Bonham in 1903 to G. D. Squires, and three children were born of this union. Mr. Squires passed away in 1911, and she was married to J. A. South on June 11, 1921. The couple moved to Tahoka in 1926 and she had lived here since. Mr. South died in 1950. Two children, Miss Mary Squires and Glenmore (Lefty) Squires, preceded her in death.

Although a member of the Baptist Church, she had attended the Methodist Church regularly every since she came to Tahoka.

Mrs. South suffered a stroke last winter, and no hopes had been held for her recovery since that time.

Survivors include the one daughter, Mrs. Temple (Ruth) Brashear of Tahoka; one brother, W. M. Smith of Yuba, Okla.; one grand son, Ed. Joe Brashear of Abilene; and two great grandchildren.

Rotary President Attend Institute

Dr. Skiles Thomas, president of Tahoka Rotary Club and was also a past president of this club. A long-time member of O'Donnell Masonic Lodge, he had served as worshipful master and at the time of his death was district deputy of the Grand Lodge.

His wife, the former Miss Margaret Garland of Lamesa, is district committeewoman of the Democratic Party.

Survivors include his wife; two sons, J. M. of Louisville and Eddie of San Francisco; and three brothers, Terry of Tahoka, Levi of Post, and Robert of Brownfield.

FAIR BOOSTERS HERE

A delegation of Lubbock business men were in Tahoka Tuesday in special bus to publicize the annual Panhandle-South Plains Fair in that city Sept. 25-30.

Tahoka Playing At O'Donnell Tonight

Tahoka Bulldogs will again attempt to get on the victory wagon tonight as they journey to O'Donnell to battle their old home county rivals, the O'Donnell Eagles. Idealou comes to Tahoka Friday of next week.

Coach J. D. Atwell's Tahoka squad is riddled by injuries, but seemingly has been showing improvement. The Eagles of Coach Clyde Blair are also hurt by possible loss of a couple of key boys, but as usual will throw everything they have at Tahoka to avenge the 26-6 defeat they suffered at the hands of Tahoka here last year.

Even the O'Donnell Index-Press has admitted in the past that O'Donnell considers a season fairly successful if the Eagles can beat Tahoka even if they lose the rest of the games. But, O'Donnell has a good team this year. The Eagles have tied Crosbyton 6-6, a team that defeated Tahoka 19-0 last week, and dropped a close one to strong Ralls Jackrabbits 14-6 last week end. Tahoka meets Ralls here two weeks from today.

O'Donnell has one of the fastest backfields in the area, featuring Dennis Jordan, 175, and Fernando Lopez, 135, members of the championship relay team last year, both halfbacks. Fullbacks include Joe Pat Gary, 185, and a freshman, Manuel Garcia, 150. At quarterback will be Buster Small.

WASHINGTON AND
"SMALL BUSINESS"
 By C. WILSON HARDER

There appears to be gathering force on Capitol Hill a growing but determined band of patriots bent on stopping the outflow of tax dollars to support and comfort the enemy.

For some time men such as Rep. John Dowdy of Texas have deplored the practice of the State Dept. whereby any nation that dips into U. S. foreign give-away funds only has to make protestations that unless this C. W. Harder cumshaw is paid, they are going to have to go communist.

Recently Rep. Dowdy had bitter things to say about ransom negotiations that were carried on with Castro.

Although this venture was not launched as an official government project, it did highlight fact there are people in this country who are willing to negotiate blackmail.

And there are signs that Congress is getting more and more wary of letting the bureaucrats swing as much power as they have been doing. Rep. Richard Roudebush of Indiana, said recently on the Edward Yellin case, "It is discouraging that government agencies need prodding by Congressional committees before they can act in flagrant cases involving persons whose loyalty to the U. S. is questionable."

Rep. Roudebush was referring to the recent scene in Washington when the House Space Committee held hearings which forced the National Science Foundation to cancel the awarding of a \$3,900 tax paid

scientific fellowship to Edward Yellin, 23, a University of Illinois student.

In 1958, before a Congressional Committee, Yellin refused to say whether or not he was a communist. He was convicted of contempt of Congress, and the verdict was upheld by a U. S. Court.

Yet against this background, the bureaucrats of the National Science Foundation gave him a two year scholarship in advanced engineering and refused to rescind the error until forced by Congress.

There seems to be a tendency in certain professional education circles to brand any inquiry into a man's belief on communism as "anti-intellectualism."

This phenomena is a peculiarly American one. In Russia there does not seem to exist this "anti-intellectual" hue and cry when someone gives strong suspicion of being a capitalist. If he is lucky enough to escape a hole in the head, it is a certainty the Russian purse is not going to be used to subsidize him to get an education.

The terrifying aspect of all this is that National Science Foundation has awarded some 18,000 of scholarships at cost to taxpayers of some \$45,000,000.

The public can only wonder if this bureau "goofed" on other appointments. As Rep. Roudebush says "A communist in a college community is a cancer that cannot be tolerated, as one communist on a college campus, well-trained and disciplined in communist tactics, can attract and influence good American students who may be politically naive." There seems little rhyme or reason for taxes to support such people.

Tahoka Juniors Win Two Games

The seventh and eighth grade football teams won two games from Frenship here Tuesday night in the opening games of the season for the juniors.

The seventh grade took a 2-0 victory, while the eighth grade won 12-0.

Dickie Davis and Clarence Long both hit paydirt for the eighth graders, coached by Jerry Brown. Davis looked good in the quarterback position, but the team needs much improvement. Outstanding on defense were Harlan Curry, Gary Anderson and Richard Williams.

Charles Dotson made the seventh graders first touchdown and added two extra points. Mitchell Williams and Raymond Chapa each added six points with touchdowns. A safety during the game rounded the score out at 2-0. Wendell Medlin, Bill Wright, and L. D. Mayo looked good on defense, as did the passing from Quarterback Williams to Ends Jerry Jolly and Milton Miller. The boys looked good in their first game of football, and Coaches Milt Fitts and Jake Jacobs say if blocking and tackling improve, the seventh graders should have a good team.

The seventh grade squad this year is composed of the following:

Linemen: Jerry Jolly, Roger Pennington, Mike Lankford, Milton Miller, Joe Mesa, Wayne Thurman, Wendell Medlin, Mike Chandler, L. D. Mayo, Kenneth Durham, Bill Wright, Donald Gosdin, Milton Edwards. Backs: Mitchell Williams, Tommy Kidwell, Raymond Chapa, Charles Dotson, David Dunn, S. R. Pena, Eddie Glass, and Jimmie Torres, Manager is Chris Dyer.

Eighth graders playing football include:

Linemen: Gary Anderson, Jimmy Billman, James Brown, Harlan Curry, Kenneth Hart, Sidney Hart, Johnny Hillhouse, Roy Isham, Larry Jolly, Larry Kizzar, Benny Liron, Freddie Pierce, Richard Williams, Dennis Cline, Rett Patterson; Backs: Charles Carpenter, Dickie Davis, Dean Hamilton, Clarence Long, Britt Robinson, Frankie Stanley, Gary Tomlinson and Stanley Renfro. Manager is B. L. Miller.

TRIBUTE TO MACK NOBLE

Lynn county lost one of its most prominent citizens in the death of Mack Noble. There were few like him. He was our mail carrier and friend. He was never too busy or in too big a hurry to stop and talk. He always looked on the brighter side of life. After talking to him, the sun seemed to shine a little brighter. He'll be missed by all who knew him, but his memory will linger on as one of the nicest persons that we've ever known. Mrs. Jack Hoskins.

Folks who try to maintain a budget today have living proof that both ends won't meet.

McNeely-Key Vows Are Taken

Miss Shirley Joann Key became the bride of Dwayne K. McNeely at 7:00 p. m. Sept. 1 in the parsonage of Tahoka Methodist Church. Rev. J. B. Thompson officiated at the ceremony.

Mrs. McNeely wore a white broad-cloth sheath accented with a white fur collar. She carried a bouquet of white carnations atop a white Bible.

Miss Sherry Tilly, maid of honor, wore a deep turquoise dress with black accessories. Vergie Hicks served as best man. The bride, daughter of Mr. and Mrs. G. O. Key of Dimmitt, is a graduate of Whitarral High School and is now employed at Tahoka Drug. The bridegroom, son of Mr. and Mrs. Arlie McNeely, has just completed three years in the Army. He attended Tahoka Schools and is now employed on the highway construction.

The couple are at home at 1808 Miller in Tahoka.

Tahoka FHA Has Many Activities

The Tahoka FHA Chapter has held a number of activities within the past few weeks, including Daddy Date Night, FHA meeting, and a summer homemaking course.

Daddy Date Night was held Sept. 5 in the school cafeteria when Donna Copeland opened the meeting with the FHA girls introducing their fathers. Sarah Wells read "Did You Remember" which concerned events of the past. Darlene Tekell closed the program with "A Letter to the Daddies."

The Chapter held its meeting on Sept. 6 in the high school auditorium when Miss Carol Smith, former FHA member and a student at Baylor University, spoke to the group on "Goals in FHA." She was introduced to the group by Darlene Tekell. Donna Copeland presided at the meeting. All girls working on Junior Degrees will be assigned big sisters, who will help them in all phases of FHA.

A summer course for freshman girls was held from Aug. 21-25 in preparation for homemaking courses during this school term and was directed by Mrs. Pete Hegl. A total of 25 girls took the non-credit course.

Projects Are Set By Garden Club

The Tahoka Garden club has selected in addition to their project already begun, the special school landscaping, and a campaign against litterbugs.

Objectives of the litterbug program as conducted by the club will be as follows:

1. To create a public awareness of litter.
2. To stimulate public participation in cleaning up existing litter.
3. To prevent future litter by education, public opinion pressure, and law enforcement.

The club will plan an extensive campaign along these lines and hope to obtain the cooperation of every boy and girl, man and woman in Tahoka.

Garden Club Will Have Husbands As Supper Guests

Tahoka Garden Club will have a covered dish supper Tuesday, September 19, at 7:00 p. m. This will be the first meeting of the year.

Members will have their husbands as their guests. Dr. and Mrs. Emil Prohl will show films on their recent trip to Japan. All members are urged to attend. The social committee will have charge of hospitalities.

Friendship Night At Rebekah Lodge

Tahoka Rebekah Lodge met at regular meeting time Tuesday night in the I.O.O.F. Hall with 26 members present for friendship night. The hall was decorated with a variety of beautiful flowers for the occasion.

Visitors were present from Brownfield and Lubbock, including two state officers.

Following a business meeting, invitations were read to attend friendship night in Brownfield on Oct. 2 when the lodge will meet in the new Oddfellow-Rebekah Lodge Hall. The local lodge has also been invited to attend friendship night in Lubbock.

Members Tuesday night voted to send their silver drill to the emergency relief for victims of Hurricane Carla. After close of lodge refreshments of pink and green cake squares and punch over colored ice were served from a table covered in a beautiful linen cutwork cloth.

Next meeting of the Tahoka lodge will be Sept. 26 at 7:30 p. m. in Oddfellow Hall.

Roy Gene Sherrod Will Marry Soon

Mr. and Mrs. O. J. Garrett, Rt. 2, Lubbock, have announced the engagement of their daughter, Neva Sue, to Roy Gene Sherrod, son of Mr. and Mrs. Beacher Sherrod of Tahoka.

The bride-elect is a graduate of Tom S. Lubbock High School and is employed by Southwestern Bell Telephone Company. Sherrod is a graduate of Tahoka High School and is employed as a radio dispatcher for the Department of Public Safety in Lubbock.

Vows will be pledged Oct. 14 in the Overton Methodist Church in Lubbock.

Girl Scout Troop Holds Cook-Out

Girl Scout Troop No. 404 held a cook-out last Friday afternoon at the roadside park and learned the basic elements in fire building and safety precautions.

The troop of sixth grade girls have changed their meeting day from Tuesday to Friday and will meet each week at the Scout Hut at 4:00 p. m.

Officers for the group were elected at a previous meeting and include Debbie Wright, president; Jerri Ashcraft, vice president; Beverly Franklin, treasurer; and Lexi Adams, secretary.

Girl Leaders To Meet Monday

Announcement has been made that a Girl Scout neighborhood meeting will be held at the W. O. W. Hall Monday, Sept. 18, at 7:30 p. m. All leaders, co-leaders, and committee women are urged to attend as several important issues concerning scouting in Tahoka are to be decided upon.

All interested parents and adults are also invited to attend.

A delegate to attend the regional conference in Dallas must be elected. Other important matters to be discussed are: the importance of committee member results of service team training and program workshop training; the urgent need and cooperation of co-leaders, and other assistants and their jobs.

The Girl Scout fund drive has reached 50 per cent money-wise, over 125 percent with girls membership. Donations may still be mailed to Buddy Bragg, chairman of Girl Scout Fund Drive, Tahoka.

Mrs. Frank Lisemby of Lubbock was dismissed from the local hospital Wednesday having been a medical patient there several days. She is a former Lynn county resident.

Miss Ashbrook Is Married Friday

Miss Mae Daun Ashbrook and Robert Glen Dooley were married in a double ring ceremony at 8:00 p. m. Friday, Sept. 8, in the home of the bride's parents. Officiating minister was Rev. Clifford Elliott of Lindsey, Okla., uncle of the bride.

The bride is the daughter of Mr. and Mrs. Raymond Ashbrook, Tahoka. The bridegroom is the son of Mr. and Mrs. Clinton Dooley, Calvin, Okla.

Given in marriage by her father, the bride wore a street length dress fashioned of silk organza over satin. The bodice was re-embroidered with Alencon lace with a scoop neckline and scattered seedpearls. Her elbow length veil of silk illusion was bordered with Chantilly lace and fell from a headband of silk organza. She carried an arrangement of pink roses atop a white Bible.

Miss Peggy Sue Brown of Wilson served as matron of honor. She wore a pink dress of dacon shantung with sheath lines and wore a corsage of white carnations.

Bill Hubbard of Tahoka served the bridegroom as best man.

Miss Kay Lambert, cousin of the bride, presided at the guest register.

Following the reception the couple left for a short trip after which they will establish residence in Borger where he will be employed by the city.

THS Band Mothers Meet On Tuesday

All Tahoka High School band mothers are requested to attend meetings the first Tuesday of each month at the Band Hall, states Mrs. Clint Walker, president of the organization.

After the close of each home game, the mothers sponsor a party in the Band Hall with members of the visiting band visitors.

The organization also sponsors several fund raising projects for benefit of band members, and this year is buying white gloves for the members to have during the winter football games.

The Band Mothers is an active organization and all mothers are urged to attend.

Other officers are: Mrs. Clint Skiles, vice president; and Mrs. John F. Thomas, secretary and treasurer.

New Home Girl Scouts Set Project For Needy People

Troop 43 of the New Home Girl Scouts met Tuesday at 3:30 p. m. to discuss plans for the year. The girls will spend much of their time this year on projects.

The troop is forming a used clothing center for the needy people of the New Home area. Anyone having used clothing and shoes that are wearable are asked to call Mrs. Gerald Paden, WA 4-3422, or Ruby Moore, WA 4-3466. The girls will also pick up clothing at homes, or donors may take their items to the New Home Baptist Church. Anyone knowing names of needy families in the community are asked to get in contact with a member of the troop or leaders.

Later in the year, the girls will take a first aid course.

Two members of Troop 43 have completed their First Class work and will begin their Curved Bar rank. Seven are finishing their First Class Work.

Two bake sales are to be held Oct. 14 and Nov. 11 to earn money for their long range Girl Scout course a trip to Old Mexico next summer.

Rotary Club Hosts Teachers

Roy Bass, prominent Lubbock attorney and civic worker, was the speaker at the annual banquet of Tahoka Rotary Club Thursday night of last week in the school cafeteria in honor of the local teachers.

Nearly 200 Rotarians, wives, teachers and wives, and school board members and wives attended the meeting.

Using the subject, "Miscellaneous Musings of a Muddled Mind," Mr. Bass in a humorous vein poked fun at some of our attitudes, methods of living, social and political practices.

Mixed among his witticisms was also a lot of food for thought and invitations to analyze our thinking. In this day of many problems and troubles, he declared our nation needs another Will Rogers to cut through our problems with his pungent analyses.

President Skiles Thomas was master of ceremonies and issued the welcome to guests, and Mrs. Ivan (Zuma) McWhirter made the response on behalf of the teachers.

Supt. Otis Spears introduced school board members and their wives and the special teachers. Other teacher introductions were made by J. B. Howell of South Elementary, Jake Jacobs of North Elementary, and Clifton Gardner of High School, the respective principals. Clint Walker introduced Rotarians and their wives.

Rev. J. B. Thompson gave the invocation, and Dr. Emil Prohl led a brief sing-song while Miss Lynetta Cain, Rotary "sweetheart," accompanied at the piano.

Harold Green read a letter of appreciation to the club and community from Hank Arendse of The Netherlands, guest of the club this last summer, who had arrived back at his home.

QUESTIONS, PLEASE

QUESTION: Can A Child of God Fall From Grace?

ANSWER: There are many who believe that it is impossible for a child of God to so sin as to be condemned in the eyes of God? This is a very comforting thought and one that I would readily accept if the Bible taught it. If a Christian cannot fall, why has God warned him against it? "Wherefore let him that thinketh he standeth take heed lest he fall." (I Cor. 10:12). "Take heed brethren lest there be in any of you an evil heart of unbelief in departing from the living God." (Heb. 3:12). "Let us therefore fear, lest a promise being left us of entering into his rest, any of you should seem to come short of it." (Heb. 4:1). "For it is impossible for those who were once enlightened, and have tasted of the heavenly gift, and were made partakers of the Holy Ghost, and have tasted the good word of God, and the powers of the world to come, if they shall fall away to renew them again unto repentance, seeing they crucify to themselves the Son of God afresh, and put him to an open shame." (Heb. 6:4-6). If they cannot fall, why does the Bible say they did fall?

"Neither let us commit fornication as some of them committed, and fell in one day three and twenty thousand." (I Cor. 10:8). "That he may take part of this ministry and apostleship, from which Judas by transgression fell that he might go unto his own place." (Acts 1:25).

The Bible teaches Christians to avoid things that cause them to fall: "But above all things my brethren swear not, neither by heaven, neither by earth, neither by any other oath; but let your yea be yea and your nay, yea ye fall into condemnation." (Jas. 5:12). "Ye therefore beloved seeing ye know these things before, beware lest ye also, being led away with the error of the wicked, fall from your own steadfastness." (2 Pet. 3:17).

If Christians cannot fall, why does God tell them what to do to keep from falling? "Wherefore the rather, brethren, give diligence to make your calling and election sure, for if ye do these things ye shall never fall." (2 Pet. 1:10).

The Bible says Christians can fall from grace. "Christ is become of no effect unto you, whosoever of you are justified by the law; ye are fallen from grace." (Gal. 5:4).

You are invited to send your questions to: Don Browning Box 812, Tahoka, Texas. You are also invited to attend the services of the Church of Christ.

Don Browning may be heard Sunday mornings at 11:00 and evenings at 7:00 at 750 on your radio dial.

1918 Tahoka Oil Test Was One Of First Drilled In South Plains Area

While going through some of the old papers of the late Fred Spikes of Lubbock, A. P. (Pete) Edwards and wife, the former Alma Spikes, found an old stock certificate in Tahoka Oil & Gas Co.

The certificate was No. 201, had a face value of \$100.00, and was issued to Fred Spikes and Jno. P. Lewis, his partner, by the oil company and signed by A. D. Shook, president; and M. M. Herring, secretary. The company had a capital stock of \$100,000, the certificate said.

They found another old receipt for stock issued by J. B. Nance for the R. A. Long Association.

By coincidence, Bill Kalb, old editor of the Avalanche-Journal, had just published a story on the early day history of oil development on the South Plains.

C. W. Post, the cereal king, who founded Post City, had failed to find oil in the first wildcat in this area in 1909. Along came 1917, and a small discovery was made east of Amarillo, the Ranger and Desdemona booms got underway, and interest in "block gold" fanned the imaginations of West Texans.

A group of Tahokans got together to form Tahoka Oil & Gas Co., after many difficulties in selling stock and getting a driller. There are probably a lot of people here today who bought stock in the venture.

Anyway, the test was supped in on November 14, 1918, on the Cowan land, now owned by D. W. Gagnat, Section 490, three miles south of the courthouse.

More than 250 people turned out for the occasion. There was a barbecue, lemonade, speeches, and games.

The derrick was wooden, and an old standard rig was used. Not only was there plenty of trouble in the drilling operations, but there was trouble in financing the operations and disagreements among the company directors and stockholders. There were rig break downs and company refinancings. The hole was drilled to 1930 feet, and finally to 2715 when on October 31, 1919, the rig collapsed, injuring three people.

This well was a failure, as were many others that followed in Lynn county. But from there on came many other explorations, some of which opened up great oil fields on the Plains.

Although Lynn county has never developed big oil, small fields have been opened east of Draw, west of O'Donnell, west of Petty, and the northeastern section of Lynn county, where there are now many small but profitable wells.

Many people still think oil will some day be developed in the central or western portions of the county. In spite of the many dry holes, there are still large areas that have not been tested, especially at great depths. Too, many of the tests that have had oil showings may someday be developed by modern day methods, local people believe.

However, the day of the big oil booms passed long ago.

Religion is a must for those who expect to make a happy landing.

Mr. and Mrs. Stanley Smith, Levelland, announce the birth of a daughter, Deborah Kaye, Sept. 5, weighing 7 pounds 7 ounces. Mrs. Smith is the former Jessie Carolyn Ward.

Visitors in the home of Mr. and Mrs. R. L. Hagler and Velma from Friday until Sunday were his cousin and wife, Mr. and Mrs. Jim Houge of Trent.

Mr. and Mrs. Dee Tipton, after pending a week with her sister and families, Mr. and Mrs. Weldon McGehee and Mr. and Mrs. Clovis Robinson, left Saturday to visit a daughter and family at Friona before returning to California.

Mrs. Sam Ellis took her daughter, Janyce to Canyon Sunday where she will attend school at West Texas State. Kelly Jo Myers accompanied Mrs. Ellis.

Mr. and Mrs. Weldon McGehee spent Sunday afternoon with Mr. and Mrs. Clovis Robinson at Pleasant Valley.

CARD OF THANKS

Our deep appreciation is extended to the friends who sent flowers and cards or helped in any way during the illness and death of Mother, Mrs. J. A. South. We also extend our thanks to all those who were so good to her during her long illness. May God bless each of you, is our prayer.—Mrs. J. T. Brashear and other members of the family. 1tc

The new manager, who will begin his duties here on October 1, is a past president of the Level-land Jaycees, in fact, having served in every office with the exception of treasurer. He was named outstanding Jaycee in 1957, having been a member since 1951. He is past chairman of the Hockley County National Foundation, having been elected to this post in 1959.

Harold Roberts was born in 1924 at Gatesville, Texas, later attended the Levelland public schools. He is a 1941 graduate of Levelland High School. In 1942 he joined the U. S. Air Force, being honorably discharged in early 1946. Upon returning to civilian life, he entered Draughon's Business School in Lubbock and successfully completed his business courses, laying the groundwork for his successful electric light and power career.

In 1948, he started with Southwestern Public Service Company as a groundman working at that job pending an opening in the business office at Levelland. His break came and in 1949 he was made clerk, and in less than a year became chief clerk of the Levelland office. Embracing the duties connected with the job, he soon mastered them, enabling him to give more time to assisting the manager of the office. Functioning as an assistant to the manager, he has diversified duties that fall to an electric light and power company manager. In all respects he has

Ramsey's Brother Dies Wednesday

W. E. Ramsey, 82, brother of Blain Ramsey of Tahoka, died Wednesday morning from a heart attack at his home in Chillicothe. He had lived there since 1907.

Mr. Ramsey had planned to visit here this week. He is survived by four daughters and three sons.

Mr. and Mrs. Blain Ramsey will attend the funeral services this morning at 10:00 o'clock. Their daughter, Mrs. Cliff Cox of Ponca City, Okla., here visiting, accompanied them, while her husband remained here to baby-sit with their two sons, Oran Ramsey and the Thomas brothers of Grassland are cousins of the deceased.

Mrs. Winston Davies of New Home spent a few days in Panhandle last week with her son, Don Cowan and family.

He and his wife, Anna Margaret, have three children, Pamela, Jan and Rebecca. The family will move to Tahoka as soon as appropriate arrangements can be made.

Johnny Reasonover, who has been manager here since 1951, will be missed by his many friends here and he, with his wife, Charlotte, will miss their friends in Tahoka, too. However, as Johnny says, "It's a small world, really, and we hope to occasionally get back here to say hello to those we have come to know so well during our stay here—our good Tahoka friends."

Congratulations:

County Agent and Mrs. Don Cowan of Panhandle on the birth of a daughter on Friday, Sept. 1, at 4:44 p. m. in a Pampa hospital. The Little Miss weighed 6 pounds 2 ounces at birth, has been named DeAnna, and has three brothers and sisters, Brad 7, Ben 5, and Carolyn 2. Grandparents are Mr. and Mrs. V. F. Jones of Tahoka and Mrs. Winston (Florence) Davies of New Home.

Mr. and Mrs. Gene Eades on the birth of a daughter weighing 7 pounds 2 ounces Thursday, Sept. 7, at 11:44 a. m. in a Lubbock hospital.

Mr. and Mrs. Phillip Pearce on the birth of a son Friday, Sept. 8, at about 6:00 p. m. in Goodnight Hospital in Lubbock. Named Phillip Edward, Jr., he weighed seven pounds, six ounces. The Pearce's have two other children, Phyllis, 4, and Laurie, 2. Pearce is band director in Tahoka High School.

Mr. and Mrs. Gilbert Gonzales, Tahoka, on the birth of a son at 3:10 a. m. Friday, Sept. 8, in Tahoka Hospital. He weighed 6 pounds 13 ounces and has been named Carlos.

Mr. and Mrs. Jessie Mendez, Rt. 5, Tahoka on the birth of a daughter, Margarita H. Mendez, in Tahoka Hospital at 1:47 p. m. Friday, Sept. 8. She weighed 7 pounds 14 ounces.

Girls' Football At New Home

The New Home Senior Class will sponsor the Powder Puff football game Tuesday night at 7:30.

Coaching the Southern Belles will be Gerald Paden. Joe D. Unfried will coach the Fabulous Felines.

At half time the "queen" candidate will be introduced, including Russell Swinson, Dwain Holtzclaw, Clarence Nieman and Bill Kopecky. These candidates will also serve as cheerleaders for the game.

Referees will be Coaches Paul Kitchens, Charles Yarborough and Harwell. The concessions stand will be operated by the Senior Class. Admission to the game will be \$1.00 for adults and 50 cents for children.

W. G. Lyons Sit Out Hurricane

Word has been received here from Mr. and Mrs. W. G. Lyons of Galveston that they are fine and waited out hurricane "Carla" in Houston. They are parents of Mrs. Skiles Thomas.

Although Mr. Lyons, who was in the 1900 and 1915 storms, says the hurricane was not as bad as reported on television, it was feared their home suffered a great deal of damage. It is located only two blocks from the beach.

Incidentally, Mr. Lyons is the owner of the land from which the first bale of cotton sold in Slaton was raised. Dave Schneider farms the place located in Lubbock county on the Slide road.

Billy Tomlinsons Wait Out Storm

Mr. and Mrs. Billy Tomlinson sent word to her parents, Mr. and Mrs. Clint Sikes, Wednesday that they and little son Gordon made it just fine while waiting out Hurricane Carla.

They are stationed at Beeville, north of Corpus Christi, and with 400 other people waited out the storm in one of the training buildings on the base at Chase Field. They reported to the training building at 7:00 p. m. Sunday and were dismissed Tuesday when the high wind and rain had calmed. No damage was done to the house in which they are living on the base, but paint was beat from their car as well as its windshield and windows damaged.

Billy is the son of Mr. and Mrs. G. B. Tomlinson. Mrs. Tomlinson is the former Jolene Sikes.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to all who were so kind and thoughtful during the loss of our loved one. To all who sent cards, flowers, and for the prayers and words of sympathy. Everything done was truly appreciated. May God bless each of you. The L. M. Mears family. 1tp

Mr. and Mrs. A. G. (Ott) Cawthron returned Wednesday from Roseburg, Oregon, where they went to visit Mrs. Cawthron's mother, Mrs. J. O. (Rosa) Young, formerly of Lynn county, who suffered a stroke two months ago. She has improved and is able to be up most of the time.

Bob Waters of Pueblo, Colo., has been confined to Tahoka Hospital since Saturday as a result of a truck wreck. He is suffering from an injury to his right ankle.

New Home Juniors Playing Schedule

The New Home Junior Pep Squad has elected officers for the current season.

They are: president, Diane Corbell; vice president, Nancy Unfred; secretary-treasurer, Sidney Sealy; reporter, Linda Jo Blevins; field marshal, Diane Corbell.

Cheerleaders are Linda Burleson, Ann Gossett, Rebecca Swinson, and Peggy Marshall. Serving as majorettes are Iva Keith, head majorette, Rhonda Gill and Evon Nettles.

Linda Kay Farr, Susan Hancock and Linda Sanchez are drummers.

Coach is Mr. Harwell, and sponsors are Mrs. N. B. Hancock and the coach's wife, Mrs. Harwell.

The junior schedule follows: Sept. 14, Ropes at New Home. Sept. 21, New Home at Wilson. Sept. 28, Cooper at New Home. Oct. 5, New Home at New Deal. Oct. 12, Wellman at New Home. Oct. 19, Lorenzo at New Home.

Only one letterman is returning at tackle, but he is a fine one, 220-pound Gerald Aldridge. Guards include Bobby Mack Furlow, 175, injured in the Ralls game; Roy Mahurin, 150, and Charles Gardenhire, 140, Mickey Pearce, 155, is the center.

Allen Cox received a head injury Monday and will be out, as is Billy Clinton, who also has a head injury. Both are ends. Tony Spruiell and Billy Miller both have been ill this week with tonsillitis, in fact Tony has been having trouble for two or three weeks. Mike Taylor has also been on the sidelines this week, as has Andy Bray. The latter has a badly sprained ankle but may see some action. Merrill Cloe has had to give up football.

Coaches Atwell and Jerry Brown have their fingers crossed for fear other boys may not be able to play this week if the throat infection spreads.

Cap Rowe Had Surgery Recently

W. L. (Cap) Rowe, who underwent surgery at St. Mary's Hospital last week, is reported to be recovering nicely.

Mrs. Rowe says she doesn't know why, but he was assigned a room in the maternity ward at the hospital. Cap has an aversion to weeds. Recently, he and his wife went down to Arkansas for a visit, and when they came home Cap found the weeds had gotten out of hand. Mrs. Rowe thinks this worried him so—the work connected with getting rid of the weeds—that this got him down and required the operation.

Every day is a safety day.

Highway ...

(Cont'd. from Page 1)

Crain declared, "We would like to use this money right here in Tahoka, because this is what we have planned. We thought you wanted the route when you approved the bonds."

He pointed out Abernathy and Hale Center both have similar projects which have worked out fine, and many other towns have sought to bring the highway through town without avail.

With the four-lane project underway in northern Lynn and Lubbock county project to start soon, the present route through Tahoka could become a bottleneck if some action is not taken, Mr. Crain said. He hinted that Lynn county and Tahoka may be in for some bad will if this stretch through town is not built.

He said highway experts predict an increase of auto population of from five to ten times the present within 15 to 20 years.

Mr. Crain said the plans call for an underpass of US 87 under US 380, the Post-Brownfield highway. There will be access from all directions at this intersection, also on North Third and South Third streets, with crossovers. Also, on request from the City, cross-overs would be possible at other street intersections north and south of these streets.

Some time in the future, an underpass is planned at the south edge of town and an overpass at the north edge, but at the present time there would be crossovers to permit access to the business route, cemetery, and other streets and roads.

The Council had considerable discussion over the cost of moving water and sewer lines. An engineering firm had presented an estimate of \$53,000 for this contract, using all new materials and a contractor. There has been a proposal that the city can do the work using its own men and equipment, utilizing old material where practical, and save at least half this cost, as was done in the Roberts and Lockwood additions. Mr. Crain told the Council engineering plans had been worked out so that Tahoka would not have to have a lift station for the sewer lines.

Since gas, electric and telephone lines are on city property, by right of franchise, they would have to bear the expense of moving their own lines, it was pointed out

Councilmen were not in agreement as to the number of people who opposed the present project. One member raised the question of whether another election could be held on the issue. Another thought not, but suggested the City Attorney be consulted on the legality of revoking a bond issue already voted.

Most members of the Council seemed to feel they would hate to see the project rejected, although everyone is not entirely satisfied with the route. Some were also apprehensive about further right-of-way costs and the possibility of having to dig up more money.

Some thought values appraised by the State appraiser were too low. Mr. Crain suggested the City appraise the property and file reasons for such values. In turn, the values would be adjusted, he said, or a new State appraisal made. Values on only a portion of the route through Tahoka have been presented to the Council.

Members of the Council expressed appreciation for the explanations of the program as presented by Mr. Crain and Mr. Magee.

Mayor Meldon Leslie said he would ask the Council to take some definite action at an early meeting. Other members of the Council are W. T. Kidwell, Ronald Sherrill, Charles Oliver, and Borden Davis. Winston Wharton recently resigned, having moved outside the city limits.

Mrs. George Henry, a medical patient in Tahoka Hospital several days, was dismissed Wednesday.

Bulldogs Looked Better Friday, But Lost to Crosbyton By 19-0 Score

Crosbyton Chiefs took a 19 to 0 victory over the Tahoka Bulldogs here last Friday night, but the Bulldogs showed great improvement over the showing they made against Frenship Tigers the week before. The Bulldogs play the O'Donnell Eagles in that city this Friday night.

Defensively, the Bulldogs looked much improved over the meeting with Frenship except that they are still looking pretty impotent at times on defense against reverses and long passes. Several of the boys battled the Chiefs all the way, however. Offensively, Tahoka was never able to mount a consistent game.

Each team made one first down in a rugged first quarter, and Crosbyton twice was thrown for 13- and 14-yard losses. Midway in the second quarter, Tackle "Moose" Hopkins punted 40 yards to the Crosbyton 35, but Halfback C. P. Roberts, a fine ball-carrier for the Chiefs, took the ball and headed up the east sideline, behind fine blocking and catching the Bulldogs off guard, going to the Tahoka 15. Three plays later, the driving, twisting back went over center

nine yards to score. Back Calvin Brints' attempted place kick was blocked. Score 0-6.

Midway of the third period, following a booming 47-yard Hopkins punt out of bounds on the Crosbyton 23, the Chiefs moved 77 yards in eight plays for the second score. Mr. Roberts did most of the damage on this drive, but it was Fullback Max Rathel who went the last 24 yards to score after breaking over his left guard. Brints kicked the extra point to make the score 0-13.

Early in the fourth, Roberts broke over right tackle and raced 33 yards for the final score of 0-19, the conversion having failed.

The Chiefs held Tahoka to only three first downs, two of these coming in the fourth quarter after Crosbyton's third touchdown, while the visitors rolled up 13 first downs.

Tommy Jones carried the ball 16 times, Fred Hegi 9, and Forsythe twice and five attempted passes were incomplete. Roberts carried 20 times for Crosbyton.

Leading in tackles for Tahoka were Hegi and Curtis Harvick, followed by Larry Price, Billy Davis, Jack Wood, Steve Greer, and Tommy Jones. Craig Leslie and Perry Flippin also had a hand in breaking up several Crosbyton plays.

Tahoka's chances were hurt by loss of Billy Clinton, who may be out for the season with a head injury; Andy Bray, who had a sprained ankle and couldn't play; and leg injuries by Jerry Forsythe and Fred Hegi.

G. W. White Sets New T-Bar Score

G. W. White, local golfer, set a new course record at T-Bar Country Club Sunday while playing with Wade Holland, Jack A. Robinson, and Irvin Dunagan.

His score was an almost fabulous 62 for 18 holes, breaking the previous record held by Robert Harvick. White shot a 30 on the front nine and a 32 on the back nine.

With one bogey, two pars, five birdies and an eagle, his score on the front nine was 4-3-3-4-5-3-3-2-30. On the back nine, he had one bogey, three pars and five birdies with a score of 4-3-3-4-3-3-4-5-32. A bogey is one over par, a birdie is one under par, and an eagle is two under par.

New Home Will Play At Meadow

New Home Leopards go to Meadow tonight in their third attempt for a victory this year.

The crippled Leopards lost their opening home game last Friday 20 to 0 to Whitharral, but not before putting up a gallant fight. The Leopards, with three or four boys out with injuries, just didn't have quite enough man power. One score was on a pass, one on a short run, and another on a blocked pass by a Whitharral tackle.

New Home threatened several times by moving inside the visitors' 20-yard line, once getting to the four. Marlow Rudd was outstanding for the Leopards.

Immensely more important than changing the color of our money, as is being contemplated, would be for the Government to change the value of it upwards by being far more efficient and economical in its operations.

Freshman Boys Defeat Slaton

Tahoka Freshmen opened the season Thursday night here with a 22 to 20 victory over the Slaton Freshmen Tigers.

The Bullpups put on a fine exhibition of both offensive and defensive football before a small crowd of pleased Tahoka fans.

In the first quarter, Jose Cervantes and Jesse Limon did some fancy power running to take the ball down-field to the one-yard line, from which point Quarterback Terry Harvick sneaked over. Cervantes then ran over the conversion.

Slaton came right back with a Slaton runner getting loose around his right end to go 55 yards to score. Conversion failed and Tahoka led 8-6.

Early in the second, Cervantes broke through the line and darted 28 yards to score again for Tahoka, but Slaton retaliated with another 30-yard right end run to make the score 14-12 at half.

In the third, Adolph Chapa got away on a 20 yard right end run, and an unidentified Tahoka player converted, and the Bullpups led 22-12.

In the fourth, a stout Tahoka defense stopped Slaton on the 2 yard line, but a short time later the elusive Slaton No. 21, who did all of Slaton's scoring, got away for 25 yards and a TD on a reverse play. Slaton added the 2-point conversion, but Tahoka had the game wrapped up 22-20.

Other Tahoka Freshman players are: Jack Edwards, Dennis Clem, Jim Crawford, Cal Womack, Eddie Howard, Mike Huffaker, Mike Curry, Jim Wells, Mike Reid, Robert Medlin, Stanley Price, and Frankie Farrera.

Tahoka Freshmen play Post here next Thursday, Sept. 21. The Slaton game had previously been an-

Ropesville At Wilson Tonight

Ropesville, which ran over Cooper 44 to 0 last Friday, comes to Wilson this Friday night.

The Wilson Mustangs found the Amherst Bulldogs a tough opponent last Friday night in losing at home 29 to 0. Halfback James Brashears scored three of the four touchdowns, two on long runs, and Quarterback Johnnie Blair scored the other, one score in each quarter.

The crippled Mustangs were led defensively by Charles Walton, end, who had five unassisted tackles.

Mrs. John Reagan of Floydada has been here this week visiting her sisters, Mrs. Harley Henderson and Mrs. Frank Hill.

nounced for play at Slaton, but was moved to Tahoka so that coaches could attend the Rotary-Teachers banquet that night.

Ralls Winner At O'Donnell

O'Donnell Eagles, who entertain the Tahoka Bulldogs this Friday night, last week dropped a close 14-6 decision to the Ralls Jackrabbits.

Ralls scored first, in the second quarter, when Ralls fullback Charles Edwards scored from four yards out to end a 60 yard drive and then kicked the extra point.

O'Donnell bounced back in the third quarter to make the score 7-6 as Quarterback Buster Snellgrove bucked over from the one-yard line.

Ralls scored again in the fourth period on a three-yard drive by Halfback Eugene Deering, and Edwards' place kick was again good.

Tackle Gerald Aldridge was outstanding on defense for the Eagles.

Printer's Ink-lings

By F. P. H.

It's been the same old story again this year. A timely August rain would have meant millions to Lynn farmers and businessmen, but production will still be above average.

Some times we get the idea that talent is developed off some other place—in some other school. We have talented kids right here at home. In fact, a local school girl recently presented a little talk at

the Tahoka Future Homemakers' Daddy-Night which we think is a classic.

Here is the talk made by Darlene Tekell, 17, a senior in Tahoka High School and daughter of Mr. and Mrs. O. O. Tekell:

Dear Daddy:

Do you remember how badly you wanted a boy, and I—a girl—was born; but after that first look at me, all your ills were cured?

Even though I'm not a football star, aren't you glad you had me? Do you remember the Sunday mornings I crawled in bed with you while Mother cooked breakfast? Do you recall the night I said, "Daddy, will you buy me the moon?"

Do you remember the time you were ready to spank me, but when I looked up at you with "I love you Daddy"—you put the switch away?

Do you remember my first Easter outfit—the Sunday I was christened?

My first day of school you called Mother to see who my teacher was?

And remember the time I said, "I'm going to grow up and marry you, Daddy?"

Do you remember wearing your Sunday suit another year so that I could have the special formal?

Remember my first date and how you thought no boy was good enough for me?

And remember the time I lost the election for class favorite, you were as disappointed as Mr. Nixon?

Do you recall the time the girls in my little group snubbed me—you were ready to fight my battles—but you knew better?

And just last night you called off an important trip to Lubbock just to have the special date with me tonight.

Daddy, you would give me the world if it were yours to give, but

Farm Facts

You have an uninvited guest at your dinner table every day. He is a hearty eater. He adds 25% to your food bill.

Paul S. Willis, president of the Grocery Manufacturers of America, estimates that out of every \$5 you spend at the grocery store, hidden taxes take at least \$1. In other words, you get \$4 worth of groceries but pay \$5 for them.

This extra dollar goes for a bewildering variety of taxes which necessarily are included in the end price you pay for your various grocery items. They have been paid out as costs by people who cooperate in bringing food from farm to table—retailers, wholesalers, food manufacturers, truckers, railroaders, farmers, and all who furnish the industry with supplies and equipment.

Hidden taxes on food are only a part of the total tax bill—and all of these taxes are in addition to taxes you pay directly like the federal income tax. You pay hidden taxes on virtually everything else you buy, too.

Traditionally, food topped all items of family expenses. Now, the tax bill is at least 80%

Taxes take \$1 out of every \$5 you spend at the grocery store.

greater than the food bill, and the difference is still widening. In 1960, the nation's taxes amounted to \$112 billion, compared to a food bill of \$73.3 billion in 1959, the food bill was \$15.2 billion and taxes totaled \$12.7 billion.

Today, it would take a lot more horses than Mr. Denton had then to buy that farm.

Somebody sent H. N. McDonald a genealogy of the McDonald family which stated the name is the oldest recorded Scotch clan name. Legend relates that the clan ancestors were rival brothers who raced each other in small ships for Scotland from their native Ireland. When they neared shore, one brother, seeing his competitor was winning the race, cut off his own left hand and threw it ashore saying, "My flesh and blood are ashore ahead of you."

Here's an appeal to a lot of our readers and advertisers: Please, please get your copy in as early as possible. Last week, we had to leave out several news stories and two advertisements. We don't like to leave out either, especially the ads, which are "what makes the mare go." This is not a daily newspaper. Even on a daily, ads and some news stories, like weddings, must be in the hands of the publishers two days before publication.

George "Scottie" Samson and Doug Morrel were over from Post Friday, and Scottie was telling us of his wife's recent visit with relatives in Scotland. He said she left Glasgow Sunday morning by jet plane and was in Post by 8:30 that night. This included short stopovers to change planes in New York City and Dallas, and the drive from Lubbock to Post. Travel speed by jet is so fast that when her plane took off from Dallas, Mrs. Samson was still adjusting her seat belt when the announcement came over the loud speaker, "We are now over Lubbock." Scottie says when he first came to America, he was on the boat 10 days from Scotland to New York City.

One of the farms visited in the Terry County Field Day Tour last week was that of Buel Draper, six miles south of Brownfield at Foster, farmed by Carl Griffing. There the crowd saw 80 acres of fertilized and irrigated Blackwell Switchgrass which had grazed an average of 164 head of cattle. It had been watered twice. This grass is not as high a producer as hybrid Bermuda, but requires less irrigation. As a dryland grass, says Brownfield SCS, it will maintain itself and give fair production.

E. M. Rudd says he has a good crop next to the road where a passer-by and the banker can see it. He wasn't kidding us a bit, though; we know old E. M. is not farming just for prestige, and we know he has a good crop on "the back 40."

If the moon isn't made of green cheese, how come there's such a rat race to see who gets to it first?—Walsh.

Bring me all your flowers today—whether pink, or white, or red; I'd rather have one blossom now than a truck load when I'm dead.—Unknown.

The American ideal is not that every man shall be on a level with every other, but everyone shall have liberty without hindrance to be what God made him.—Unknown.

Riddle: What is the largest room in the world? The answer: Room for improvement.

Many a man preaches economy, but leaves it up to his wife to practice it.

Take a look into your wife's purse if you want proof that money isn't everything.

Magazine Tells Of Irving School

Alton Cain brought The News this week a copy of the August issue of Southwestern Electrical, "The Southwest's only Electrical Magazine" published in Dallas, which devoted almost the entire issue of the city of Irving's fabulous new \$5,500,000 high school building.

The issue not only deals with the architecture, construction, and the building, but it also tells of many pictures of various phases of the development of the school program the last five years under Supt. W. T. (Trap) Hanes, former Tahoka superintendent.

Mr. Hanes went to Irving from Cameron to straighten out the "school mess" after a "blow-up" that almost caused a civil war in the growing suburb of Dallas. Growth of the town has been from about 2,500 to nearly 50,000 in only a few years.

Advertising doesn't cost, it pays.

DON'T BE A LITTERBUG
Litter-bug, litter-bug, see what you've done!

You've littered up our highways, ev'ry one.

Litter-bug, litter-bug, you're a disgrace;

You toss your rubbish just any old place.

Beer cans, tomato cans, empty bags,

Pop bottles, milk bottles, banana peels and rags;

You wouldn't throw these in your own front yard,

So why make a mess of the boulevard?

You should be caught and locked in jail,

And kept there without any bail;

We want our city beautiful; you should want it too;

Litter-bug, litter-bug, shame on you!

Local Men Will Take Special Bus On Visit To New Experiment Station

"In the past decade, joint work by the Texas Agricultural Experiment Station, county agricultural agents and other research and educational agencies has added more than \$106 million to the economy of a 20-county area surrounding the Lubbock Substation," said District Agent W. H. Jones. "And Lynn county farmers, ranchmen and businessmen have come in for their share of the total," he added.

Mr. Jones urged Lynn county farmers and ranchmen to continue cashing in on late research information by attending the special field day slated for Thursday, September 19, at the Lubbock Substation. "Here is a real opportunity to get first hand information straight from the horse's mouth," he said.

Complete information regarding the entire program and directions to the Substation can be obtained at County Agent W. B. Griffin's office.

"Establishment of the new Research and Extension Center at Lubbock was a forward step necessary to keep pace with the most progressive agricultural production area in the nation," said Chas. E. Fisher, station superintendent. The chief objective of the new cen-

ter will be to develop a sound, dynamic and profitable agricultural program for the major types of farming for the High Plains of Texas.

Fisher said he anticipated an increase in the number of highly trained research and extension personnel to be employed at the center by state and federal agencies. Research activities, he explained, are coordinated and conducted cooperatively by the USDA, Texas Technological College and the High Plains Research Foundation.

Major emphasis in the future will be placed on the development and constant improvement of cotton, grain sorghum, vegetable crops, industrial crops, efficient use of water, insect and disease control, economic research and the merchandizing of major crops.

Formal dedication of the new facilities is scheduled for September 19. Field tours will begin at 1:00 p. m. Following the evening meal, formal dedication ceremonies will conclude the day's activities.

A TNMO bus has been chartered by the banks of Lynn County, and anyone wishing to attend by bus should contact his banker, A. C. Verner of First National Bank of

Roy Longs To Live In Austria

Mr. and Mrs. Roy Long and baby formerly of Tahoka, sailed Friday aboard the USS Rotterdam from New York City, en route to Vienna, Austria, where they will be engaged in missionary work for the next three years.

Mrs. Long is the former Miss Marianna McGinty, daughter of Mr. and Mrs. Fred McGinty, and Mr. Long is the son of Mr. and Mrs. Eugene Long of Abilene. Eugene was once employed by The News.

The Roy Longs, supported by the Kermit Church of Christ, are part of a group of Texans who expect to open missions in Vienna for the Church of Christ. They hope to eventually establish a self-supporting congregation.

Both are graduates of Abilene Christian College, and both have studied German. Roy has preached at the local church and is known by many people here. Marianna is a graduate of the local schools and a former Rotary Club "Sweetheart."

The Longs are taking their car with them, and on landing at Rotterdam they expect to drive this car across West Germany and into Austria.

Taylor The Tailor Is Visitor Here

Hugh Taylor of Royce City, who formerly operated the tailor shop here under the name, "Taylor the Tailor," was here last week to have some repairs made on his building now occupied by Quality Cleaners, owned by the Irvin Dunagans.

Hugh operated a tailor shop in his old home town after returning there from Tahoka until the block of buildings in which his was located burned out a few years ago. He said he rebuilt the building for the Royce City postoffice and retired.

He still takes The News and has a lot of friends here.

Everyday Religion

By J. B. Thompson

Worship is man's great open door to the Divine. Mary Robinson expressed this universal privilege in these lovely words. "There's a temple in my heart—a temple swept and set apart." Walter Roushensbush in his "Prayers of the Great Awakening" said, "In the castle of my soul is a little pastern gate, where at—when I enter—I am in the presence of God."

Bible places of worship are beautiful in description. They were first called sacred places and holy places, places of refuge, or the holy of holies in the Temple.

Trees were early associated with God. Saul sat under the tamarack in a high place. Abraham's first altar was under the shade of the "terebinth" (turpentine tree) of Morah at a place called Shechem. We read of the "oak of weeping" and the "palms of Denorah."

Springs and wells were also associated with experiences of worship. Resting aside a refreshing spring after a long, hot journey in a desert land was a worshipful experience. Kadesh spring was called "the holy place." Gibon spring, "the Virgins fountain," figured in the consecration of Solomon. Jacob's well is familiar to all readers of Hebrew history.

Mountains and high hills were places of worship and revelations. Mount Horeb-Sinai. "The Mountain of God." Mount Hermon, Mount Carmel, where Elijah met the prophet of Baal. Shiloh, where the ark came to rest from the flood. Bethel, "the beautiful" where stood the King's Chapel—the Royal Sanctuary. And dear Mount of Olives, where so often was seen the kneeling, moonlit form of the

Growing... growing... gone

All too soon the years of bare summer feet, sugar-and-butter sandwiches and cartwheels are yesteryears. But fine photographs capture and hold the growing years, become more cherished as childhood slips into memory.

Such a record will be yours, if you start it today. We would like to show you how it's done with photographs of

ARE YOU SET FOR WINTER?

The perfect way to get set is install electric heat now.

Clean — safe — economical — healthful and silent, these are some of the advantages of electric heat. Individual room control, too, that lets you choose temperatures by location and use of the room.

For complete heating information — electrically speaking — just clip the coupon and mail it to your local Public Service office.
