**QUESTIONS, PLEASE**

**QUESTION:** What Is Repentance?

**ANSWER:** Repentance is that change of a sinner's mind which leads him to turn from his evil ways and live. The change wrought in repentance is so deep and radical as to affect the whole spiritual nature and to involve the entire personality. The intellect must function, the emotions must be aroused, and the will must act. Psychology shows repentance to be profound, personal and all-pervasive. The intellectual element is manifest from the nature of man as an intelligent being, and from the demands of God who desires only rational service. Man must apprehend sin as unutterable heinous, the Divine law as perfect and inexorable, and himself as coming short or falling below the requirements of a holy God.

There may be a knowledge of sin without turning from it as

an awful thing which dishonors God and ruins man. The change of view may lead only to a dread of punishment and not to the hatred and abandonment of sin. An emotional element is necessarily involved in repentance. While feeling is not the equivalent of repentance, it nevertheless may be a powerful impulse to genuine turning from sin. A penitent cannot from the nature of the case be stolid and indifferent. The emotional attitude must be altered if New Testament repentance be experienced. There is a type of grief that issues in repentance and another which plunges into remorse. There is a godly sorrow and also a sorrow of the world. The former brings life; the latter death. (Mat. 27:3; Lk. 18:23; 2 Cor. 7:9, 10).

Repentance is only a condition of salvation and not its meritorious ground.

You are invited to send your questions to: Don Browning Box 812, Tahoka, Texas. You are also invited to attend the services of the Church of Christ.

### Elmer Owens Has Russian Cotton

Elmer Owens, who farms east of town, this week was exhibiting in town several bolls of brown cotton, the seed from which it was raised having come from Russia. He got the seed from his mother-in-law, Mrs. N. L. Fox, who got it from a Petersburg ginner. The ginner also had some seed of green- and pink-lint cotton. Elmer planted only three seeds of the brown-linted cotton, but he says the stalks are loaded and he expects to take the produce to Texas Tech for some tests in the textile department. However, he is of the opinion that it is short staple and low grade.

 Mr. and Mrs. E. B. Gregg and Mr. and Mrs. H. E. Huffaker just returned from a sightseeing trip that carried them through 12 states and two provinces in Canada and they drove more than 6,000 miles.

Principal cities visited were Albuquerque, N. M.; Salt Lake City, Utah, where they visited the Mormon Square and a big copper mine. Then on to Calgary and Lanoff, Canada, and Spokane, Wash., Portland Oregon, San Francisco, and Oakland, Calif., Las Vegas, Nev. Parks visited in the United States were Teton, Wyo., Yellowstone, Wyo., Glacier, Montana, Yosemite, Calif., the Petrified Forest in Arizona and Banff National.

They also saw the two large dams, Dallas dam on the Columbia River and the Hoover Dam. Other points of interest were the Redwood trees in California and the Golden Gate and Oakland Bay bridges.

Mr. and Mrs. Dick King had a big fish fry at their home near Grassland recently. Alton Greer and Dick went fishing at Port Isabel but the wind got so high they could not get any catch. They returned home but were determined to have their fish fry—so they raided their deepfreeze and fried enough fish to feed 57 people and had lots left. Menu consisted of red beans, tartar sauce, several kinds of relishes and salads, and of course hot coffee. They ate out on the patio and cooked the fish in an iron wash pot.

Mr. and Mrs. Bobby Huffaker have gone to Baton Rouge, La., to visit her mother and show their new son and also a new Chevrolet car.

### Jerry D. Brown's Father Is Dead

Roy M. Brown of Abilene, father of Jerry Don Brown of Tahoka, died Wednesday at 12:30 p. m. there. He had been in critical condition after undergoing major surgery several weeks ago for a malignancy.

Funeral services were held Thursday in Abilene under direction of Elliott Funeral Home, but details were not known here.

Jerry Don Brown, assistant football coach in the local schools, and his wife were called to Abilene Monday night when Mr. Brown's condition became decidedly worse.

### Fire Prevention Observed Here

Fire Prevention Week in Texas has been set for Oct. 5-11, and Fire Chief Pat Patterson asks that all citizens in this county participate in making their homes and business institutions safe from fire.

Because more fires occur in the home than any other location, these should be checked regularly to prevent fire hazards.

Many things can cause a fire and the following precautions are some that should be taken:

Know how, when and where to store and use matches.

Have all electrical hazards removed by using licensed electricians and repairmen for electrical work and observe all safety measures in handling electric cords, appliances, etc.

Use gasoline only as a motor fuel and nothing else and keep such stored out of doors in metal containers.

Oil heaters and oil stoves should be handled with care, with proper ventilation.

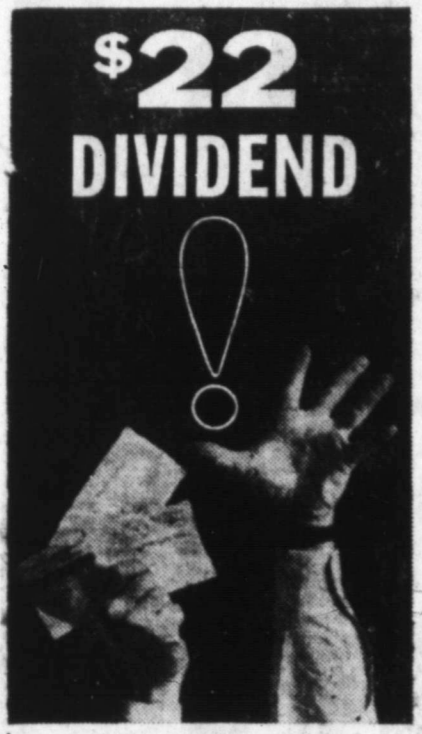

All precautions should be observed in using gas as a domestic fuel, also including proper ventilation, checking for leaks, etc.

There are many general home fire safety precautions that should be taken, including rubbish free attics, vacant lots, garages, etc. Everyone should be instructed as to how to turn in a fire alarm, including baby sitters.

Upon request, the local fire marshal, Johnny Rsiindl, is available to make a fire safety inspection of any home.

In Texas, it is unlawful to hunt for hire or to hire anyone to hunt.

## WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

For some time, to curtail the ravages to American business and employment brought about by the flood of cheap goods from low labor wage areas, Sen. Keating and colleagues have had before Congress a measure which would set tariff rates according to the prevailing wage scale of any nation exporting to the U. S.

This problem of having an economy undermined by goods produced with cheap labor is not alone an American one. In England, the present government, is trying to get England into the European Common Market.

The European Common Market to which practically every free Europe nation belongs, except England, is a plan whereby goods are moved between nations without import duties or tariffs.

However, since the Macmillan government started the drive to bring England into the Common Market, there has been, according to public polls made in the British Isles, a distinct opposition to the Macmillan government which some believe will cause its fall.

A major spearhead against the plan is the Beaverbrook newspapers who are currently running front page boxes on the affect joining the European Common Market would have on British welfare.

Quite a typical example of

Translated into American money, this means the British textile worker gets 33 cents per hour, the Italian worker 25 1/2 cents per hour.

Thus, the British opposition to tearing down their tariff walls that protect their business and employment is a great lesson that American policy leaders who have taken steps that have already destroyed a great part of the American textile industry should take note.

The British know, despite their efficient production methods, that they cannot compete with a nation who pays the workers half as much as the British pay.

Thus, it is difficult to see, the starchy eyed State Dept. dreamers to the contrary, how U. S. industry can compete with a wage scale that is about four times that of the British scale.

There is perhaps another lesson to be drawn from this situation in England.

The British People seemingly will permit their leaders to engage in many strange maneuvers, but when they adopt a course that threatens the welfare of the man in the street, a mighty storm is set up. Nobody is going to destroy Alf's job without having a fight on his hands.

### Man Fined In Bootlegging Case

Dewey Wilson Jr., O'Donnell Negro, was fined \$250.00 and costs in County Court here Monday by Judge Walter M. Mathis on a plea of guilty to the sale of intoxicating liquors.

Wilson was arrested by Deputy Sheriff Earl Calhoon in O'Donnell when caught selling wine to a bracer, County Attorney Harold Green said.

### Congratulations:

Dearest Brethern and Friends: What a wonderful surprise to see such an abundance of supplies arrive from such a distance. It is encouraging and helpful to us to have you express your concern and love for us with this gift.

Most of the items sent by you have been distributed to those who can make good use of them. We sincerely express to you our appreciation.

To the Brethern, their friends, and all those of Lynn county who had a part in this contribution, we of the storm area say, Thank You!

Sincerely in Christ,  
Church of Christ, Bay City, Texas, by Lewis A. Wright.

### CARD OF THANKS

I wish to express my sincere thanks to Dr. Prohl, Dr. Thomas, and the entire hospital staff for their wonderful care during my recent surgery, to the employees at Bray Chevrolet and Puka-Lambro, to the many friends who sent flowers and brought in food, and to Bro. # Printer's Ink-lings . . .

By F. P. R.

Mrs. Louie Weathers, whose sister from Texas City has been here visiting her, says the damage from Hurricane Carla is turning out to be much worse than people had expected. Thousands of people are virtually destitute, with no funds to buy food and clothing. High water did much more damage than the storm to homes. Insurance does not cover much of the loss, and many people are still in a daze, not knowing what to do or where to turn. She thinks the public should rise up and come to their rescue through contributions to help put these unfortunate people back on their feet. You may send your donation of cash or check to County Agent Bill Griffin, Lynn county Red Cross chairman. All the money will go directly to aid these people.

A friend and reader of this column who is also more concerned with our trend of government than he is with partisan politics has sent us several good articles, to which he attached this note: "I'd rather you wouldn't use my name, because some of my friends will say I'm not a good Democrat." Well we're going to try to be a good American, regardless of what people think, and to heck with both the Democrats and the Republicans when either fails to stay with good old American principals. Anyway, here's one of the articles:

The dreary list of U. S. diplomacy mistakes that have played into the hands of international Communism: Recognition of Red Russia. "Good Old Joe" Stalin policy. Treaties of Teheran, Yalta, Potsdam. Membership in United Nations. No help to China and Chaing-Kai-Shek. Recall of McArthur in Korea. No help to Freedom Fighters in Hungary. Forcing our allies out of Suez. Billions in foreign aid to neutralist and Communist countries. Recognition of Sukarno, Kassem and Castro. Khrushchev visit and Summit Conference. Aid to Communists in Africa through UN. Aid to Communist terrorist (FLN) in Algeria. Helping put Communist Castro in Power. Sabotage of Cuban invasion. Destruction of Trujillo. Beginning of Surrender of Panama Canal.

Mrs. Lela Mae (Kuykendall) Green of 1924 15th in Lubbock was greatly disturbed last Thursday when she was in Tahoka. She hadn't received The News in two months. Her parents were pioneer settlers of Lynn county, and her dad helped haul the lumber from Big Spring for the first Lynn county court house.

Paul Pittman and wife from down near Stephenville were back "home" recently, and Paul tried to make us feel good by telling us he likes this column, especially the wild stories of The Printer's boyhood. We suspect that Paul has been along the same trail of boyhood pranks.

Paul knows our Uncle Sam Monroe of Stephenville real well. We'll never forget the time we went to see Uncle Sam and Aunt Bettie, and Sam put us up to shocking oats. Now, we had shocked oats before—but none like these. Did you ever try to shock wet oats in a boggy Bell county field? Boy, you don't know what mud is until you've seen some of the Bell county black-waxy. Those bundles of oats were really heavy. He was farming our grandpa's old home place, where we had previously received from Grandpa our first experience shelling corn, picking cotton in a flour sack, mending harness, and pulling Johnson grass when it was too wet to hoe. Those were "the good old days."

Because of some quirk of the

Postal service, The News has a number of subscribers along the north line of Lynn county who can't get their home county paper until Monday. Mrs. Lee Shockley is one of those, and this fact disturbs her considerably. A long-time citizen, she wants the news of her county and friends while it's still news. It seems that some carriers out of the Lubbock postoffice will not carry anything but letters and the daily paper out to their patrons on Saturday morning.

Zippers are convenient but can cause a lot of trouble. About twenty years ago, when zippers were new, The O'Donnell Index told the Lubbock postoffice will not carry anything but letters and the daily paper out to their patrons on Saturday morning.

A prominent citizen (we'll call him CC) and wife came in home after church one Sunday noon, had a big dinner, and CC wanted to take a nap. But, Wife wanted to go to the movie, so they went to the movie. The building was crowded and warm, but they got a seat over in the middle. CC was a bit hefty, had a bay-window, and the Sunday dinner had made him drowsy; so, as soon as they were seated, CC unzipped his trousers a bit for comfort. CC had just about dozed off, when a lady sitting over on his right started for the aisle. Being a polite gentleman, CC aroused and started to get up to let her by. Then he thought of those unzipped trousers. Just as she was trying to get past him, CC grabbed that zipper, gave it a yank, it hung on something or other and wouldn't come all the way, but CC got up anyway, holding his pants with one hand. Then, to his consternation, he discovered the zipper had caught the lady's dress about the hemline.

About that time, somebody behind hollered "down in front," then others took up the cry. The lady involved says, "Will you please turn loose of my dress?" CC says "I'm trying." Getting a little madder, the lady says a little louder, "How dare you?" But, everything worked out fine. The lady saw CC's predicament. The pair worked their way out to the aisle, the lady headed straight for the exit, while CC had to hobble along sideways. On reaching the lobby, the zipper came loose of its own accord. However, CC's wife did march out behind them in a huff, and CC was in the dog house for many days. There's no justice!

One of the best things to have up your sleeve is a funnybone. Mr. and Mrs. James Petty of Llano, Texas are in Tahoka visiting relatives. Mrs. Petty is the former Miss Bobby Draper, daughter of Mr. and Mrs. Howard Draper.

## Roger Curry Joins Force Of The News

Roger Curry, who lived here as a boy, has returned to Tahoka with his family and is associated with The News, moving here last week end from Lovington, N. M., where he was with The Daily Leader.

Roger is a son of the late Rev. and Mrs. J. F. Curry, who lived here from 1923 to 1925, and he worked for The News a brief period in the late 1930s. He is a brother of Mrs. Borden Davis.

Mr. Curry is experienced as a newspaper publisher on his own, having owned the Yoakum County Review nearly four years, lived at Plains nine years, and served that town as mayor for five years. Among the other papers he has worked with have been The Terry County Herald and Brownfield News and the Seagraves Reporter. He spent four years in the Army during World War II, much of the time in the Pacific.

He and his wife, Betty have three children, Carroll, 13; Kathy, 10; and Doug, 5. They are living in one of the Jack Miller houses on North Second, near the schools.

A. W. McClellan, and wife Pat and two children, Billy and Sheila, recently moved to Clovis, N. M., where he is associated with "Chick" Taylor Printing Co. "Chick" started to work for The News as a school boy, learned the printing trade here, and has worked for The News full time since 1952.

## Homecoming At Wilson Oct. 21

Ex-Students of the Wilson schools are asked to make plans to attend the annual homecoming activities Saturday, Oct. 21, according to Charles Baker, president of the ex-students association.

This year the classes of 1928, 1929 and 1930 will be honored. Registration of ex-students, ex-teachers, and any one interested, will begin at 1:00 p. m. in the high school library, followed by the Wilson New Home ball game at 2:00 p. m. Registration will resume after the ball game.

The barbecue supper will be served in the school cafeteria from 5:00 until 6:30 p. m. Tickets are \$1.50 per plate. The "exies" and any one interested are asked to purchase their tickets in advance by Oct. 14 if possible. Reservations may be made by writing to Wilson Ex-Student Association, Wilson, Texas.

The program at 6:30 p. m. will feature Billy Key, an ex-student of Wilson, now superintendent of the Sundown schools, as guest speaker. A coffee will follow the program in the school cafeteria.

Other officers include: Theo Campbell, vice president; Mrs. Victor Steinhauser, secretary-treasurer; Mrs. Milton Wied, reporter. New officers will be elected during the activities.

### Juvenile Crime Rotary Subject

Bill Hollingsworth, city-county juvenile officer from Lamesa, was guest speaker at Tahoka Rotary Club Thursday noon of last week. Hollingsworth said the principal cause of juvenile delinquency, he has found, are lack of proper love from parents, lack of parental discipline, desire for recognition, and being given too much by the parents.

Some parents, he declared, never show much concern and affection to their children until they get in trouble. Giving the boy a car, or other things he desires but does not have to work to earn, often leads to trouble. Today, parents are inclined toward the attitude, "I don't want my child to grow up like I did; I want him to have the things I always wanted."

Lacking proper discipline and love at home, many children first violate the law to gain attention to satisfy a craving for recognition they never had.

He declared his office has handled 170 boys and 10 girls in trouble in the past year. Ten percent were Negroes, 30 percent Latins, and 60 percent white. Four boys were sent to Boys Ranch and to Gatesville Training School.

He said juvenile crime had been reduced at Lamesa by organization of the Boys' Club, where an active program of recreation and arts and crafts is carried out to give the young people an interest and keep their minds employed.

He strongly recommended such

### Today's MEDITATION

### The Upper Room

There is no distinction between Jew and Greek; the same Lord is Lord of all and bestows his riches upon all who call upon him. (Romans 10-12 RSV.)

My family and I were traveling on a Japanese boat to the United States. Most of the passengers were Japanese immigrants going to Brazil.

When Sunday came, we felt the need to worship. We strolled around the deck, wondering if any Christians were aboard. Suddenly, we heard a song. The tune was familiar, though the words were not. A small group of Japanese in the third class were gathered together in worship.

We joined them. We sang with them—they in Japanese, and we in Portuguese. The name Jesus we all understood, and the word amen. To the name Jesus, we all could say amen. In Jesus, the Christ, we belonged to the same spiritual family.

Though we could not talk with them or they with us, we smiled and shook hands. Through His spirit, we were one in Him!

PRAYER: We thank Thee, O God, that in Christ there is no difference between men. We pray that in this divine brotherhood every human creature may find his spiritual home, that peace may come on earth as it is in heaven. Teach all men to pray, as our Master taught us "Our Father who art in heaven... Amen."
