The deer should be dressed immediately after it is killed and protected from contamination until placed in storage. Flavor is improved by marination before cooking, Cooper says. "Come, Hear the Message of Salvation"

Everyday Religion

By J. B. Thompson

An unforgettable part of the Christmas story in the gospel of Matthew is the record of the first Christmas gifts. When the Wise Men found the Christ Child, they opened their treasure and gave gifts. The first Christmas gifts were given to the Christ Child. So often today, people give gifts to each other, but give nothing to Christ, nothing to God. Is God on your shopping list?

What kind of Christmas gift would be suitable to give to God? If it is a good principle to give something that can be used as Christmas gifts; what, then, can God use. One would not give a grandmother a pair of roller skates (Unless she is an unusual grandmother). One would not give a first grader an automobile. A real Christmas gift is one that is useful to the one receiving the gift and within the range of his interest. A Christmas gift to God must be something he can use.

God cannot use merely good wishes in the costly enterprise of overcoming evil and bringing in a kingdom of righteousness, joy and peace. He cannot use our easy, sentimental admiration for Jesus. Mere words, no matter how beautiful, are acceptable gifts for God, unless they are accompanied with corresponding acts of service to Him.

The gift of our minds — that would be a gift God can use. To allow our ideas to be fashioned by him into the mind of Jesus; to love what he loved, to hate what he hated, to restrain our insistent desires by bringing them into captivity to his spirit; that would be a genuine Christmas gift to God.

Then give God our strength—add the impact of our lives to the force of the peacemakers of the earth; refuse to accept our present world as the best possible, and daringly to work for a more Christian order of life in the world—that would be the modern equivalent of the gold, frankincense, and myrrh the Wise Men gave.

If God on your shopping list?

of lumber that can be used in the home to erect the family Christmas tree.

The short pieces of lumber are an accumulation of cuttings the local firm has been saving for several months for use either as tree bases or bracing. The free lumber is available on a serve yourself basis at the Cicero Smith Home Center in Tahoka. Similar supplies of this material are available at all Cicero Smith Home Centers in the South Plains area.

Cicero Smith officials say there is plenty of this free material on hand, but urge the public to take only what is needed to erect their own tree, so that more of Santa's helpers can be accommodated. (Adv.)

Girl Scout News

Brownie Troop 401

Last week Brownie Troop 401 made Christmas balls of red and green paper. Two weeks from now we are giving a party for our mothers. Next week we are going to decorate our Christmas tree. Last week we had \$2.00 in our treasury. Linda Schneider and Judy Gattis served refreshments.—Linda Schneider, reporter.

Girl Scout Troop 404

Troop 404, as a community project, last week covered flashlights for the school Christmas program to be held tonight.

The group, which had planned a hike for Dec. 9, postponed the event because of the Christmas parade, in which the girls will march.

Becky Davis furnished refreshments of candy and cokes for the meeting.

Troop 402

Troop 402 had three girls invested. They were Bonnie Edler, Jerri Dotson and Jenni Lou Dulin. We also got our world pins on the same day. Later we planted yellow tulip bulbs. Nov. 30 we made candles out of flashlights for the Christmas program at school.

We are going to draw for Christmas presents. We will get the presents from the Girl Scout equipment.—Karen Elliott, reporter.

New Buildings For Boys Ranch

Construction of two new dormitories at Boys Ranch of West Texas, San Angelo, is nearing completion. They will replace the old barracks building, which has to be done away with because of the construction of the Three Rivers Dam.

The new buildings are made possible by money received from the old building and donation from the Dora Cunningham Foundation of Scurry county. Donations are being asked in order to furnish the building.

Boys Ranch is a non-profit, non-denominational institution supported solely by the public for "hard luck" boys of West Texas. Founded in 1947, it has already furnished a home and schooling for 500 boys who have lived at the ranch.

Perry W. Walker and A. M. Bray are the Lynn county members of the advisory committee of Boys Ranch.

Special School Mothers Meet

The Lynn County Special School mothers met Friday, Dec. 1. One of their main objectives was to make definite plans for their Christmas tree and party which includes Christmas carols to be sung by the children. Mrs. Silas Russ of O'Donnell will be hostess for this affair. Santa Claus will be present to talk with the children and hand out gifts. They are looking forward to a very wonderful and happy occasion.

All Lynn county people are welcome to visit the Special School anytime. These precious children will make you feel happy that you came to see them at work and play. Their little hands and hearts are reaching out for recognition, understanding, love and hope. They are taught many things in school and at home that will enrich their lives. One is compassion. In this school those who can't ever ready to help those who can't. Margaret Renfro, teacher.

Tahoka Boys, Girls Win Tournament

Tahoka girls and boys won championship games of the Tahoka Invitational Basketball tournament here Saturday night over Frenship and Spur, respectively and placed two players each on the all-tournament team.

The Bulldogs won 53-51 in an overtime period after the game ended with the score tied up at 46-46. Tahoka's girls defeated Frenship 47-33 to win first place in the event.

The championship bouts were won after both Tahoka teams defended their titles as Lynn county champions on Friday night, with the boys defeating O'Donnell 50-37 and the girls winning over New Home 59-40.

O'Donnell boys won the third place slot in the tournament, taking Crosbyton for a 38-30 victory and Slaton girls edged out New Home for third place 43-39. Consolation finals were won by Slaton boys, who defeated Wilson 74-43, and the Wilson girls, who won over Crosbyton 40-21.

First, second, third and consolation winners were awarded trophies, following the Saturday night finals and miniature basketballs were given boys and girls making the all-tournament teams. On Friday night county championship trophies were presented the winners by the Chamber of Commerce. Since Tahoka boys have won the title for three consecutive years, the trophy becomes theirs permanently. The Tahoka girls have won the title for two years and will get to keep the trophy if they win again next year.

Named to the all-tournament boys' team were Larry Jones of Slaton, Charles Burleson of O'Donnell, Richard Walker of Spur, and Perry Flippin and Billy Clinton of Tahoka. The girls' team consisted of Kay Conrad of Frenship, Judy Thomas of Tahoka and Carol Lamb of Wilson, all forwards; Brooksie Reece of Tahoka, Georgie White

of New Home and Ronda Pettigrew of Slaton, guards.

Fred Hegi made the winning field goal with an outside shot in the fading seconds of a three minute overtime against Spur to win the basketball tournament in a game that saw the local cagers lead until the closing minutes of regular play. Tahoka took a 10-6 first quarter lead, were ahead 22-13 at halftime, and 38-27 at the end of the third period. Spur's Mac Bell burned up the basket in the fourth quarter with 15 points to nearly take the ball game away from the local Bulldogs. With one minute left to play the score was (Cont'd. on Back Page)

"Americanism" Theme Of Talks By School Students At Rotary Club

One of the most impressive programs in many weeks, at Tahoka Rotary Club was the one Thursday of last week presented by a group of local high school students on the general theme of "Americanism."

Floyd Tubb, teacher and sponsor of the Student Council, was in charge of the program and explained that the five speakers would be students who had won first in their respective grades for their talks on Americanism, or patriotism, which the local schools are emphasizing in the course of study.

John Huffaker, eighth grade student, was the first speaker. He declared we Americans spend too much time running down Communism, and instead should spend more time selling Americanism. He said we should spend more time telling the world about our brand of freedom and democracy—freedom of speech, press, and religion. Americans can feel, he said, that they are a part of this flag—the American flag—and the principles for which it stands.

Karen Laws, freshman, pointed out that The American Way has evolved in just 200 years and is "the result of dreams in the minds of men," that Americanism means, memories, loyalty, fears, laughter—the right to gripe and complain, the right for every man to be his own man, the right of the little man to be just as big in his circle as the big man is in his, the right to vote, equal rights. We have opportunity for all. A man may be a ditch digger, or he may even become president. "No one pushes you, but no one holds you back," she declared.

Sharon Patterson, sophomore, cited the hardships of men like Abraham Lincoln, who rose to the top under the American system, and the fact that no people anywhere enjoy the brand of freedom that Americans enjoy. Many virtues combine to form Americanism, among them honesty and virtue and independence. In the United States, she declared, we have government "of the people, by the people," while in some nations like Soviet Russia there is government "of the people, by the political leaders."

Craig Leslie, junior, student council president, and winner of the high school speaking contest on patriotism, stated, cited some of heroes of the past and inferentially compared them with some of the top-liberal, too-lax thinking of today. He raised the question of whether or not we are the patriots of today as was Nathan Hale, who faced death for our new-found freedom, and Patrick Henry, who declared, "Give me liberty, or give me death." For example, when one of our spys flying over Soviet Russia was caught, he declared it was not his fault—he was ordered by others to spy. He cited the cases of American boys submitting to the brain-washing of Communists and defecting. Then, he declared, "The future of our country is going to be placed in our hands—the youth of today. Are we going to meet the challenge?"

Fred Hegi, president of the senior class and of the National Honor Society, was the last speaker. He asked, "What does the flag mean to us, what does 'The Star Spangled Banner' mean to us, the Pledge of Allegiance, the Preamble to the Constitution?" We need a new awakening to the importance of freedom and Americanism. Apathy—indifference—is our greatest danger today, and this indifference to world and national conditions and the sense of personal responsibility is the first step toward Communism.

Sandra Reid then sang "God Bless America," while Jean Flippin accompanied at the piano, to end one of the most effective and touching programs of the year. Each of the students presented

their talks in thoughtful and forceful manner.

Student guests for the month, John Freddy Thomas and Steve Ellis, were introduced by Maurice Small and Clint Walker.

President Skiles Thomas thanked the club for cooperation in staging the 25th anniversary banquet, and called attention to the International convention in Los Angeles next summer.

Leighton Knox attended the funeral for an uncle, Bill Hall, in Abernathy on Tuesday of last week.

Man Is Killed In Car Wreck

Jerrel Dean Osborn, 38 of O'Donnell, a native of Motley county, was killed at 1:30 a. m. Thursday of last week on Farm-Market-Road 1210 about 14 miles northeast of O'Donnell apparently when he swerved his car and overturned it to avoid hitting a dog.

Mr. Osborn was dead on arrival at Lamesa's Medical Arts Hospital where he was taken by ambulance. Investigating officer said there were indications at the wreck scene that Osborn, traveling west, topped a rise in the road, saw a large German Shepherd dog, and jerked his steering wheel to avoid striking it. However, the dog was hit and killed. When Osborn's car swerved, it skidded on rocks and loose gravel of the road shoulder and apparently overturned twice landing on its wheels.

Funeral services for the victim were conducted at 2:30 p. m. Saturday in the Roaring Springs Church of Christ. Burial was in Roaring Springs Cemetery.

Osborn was a trucker and oil field worker. Survivors include the wife; a daughter, Carlena; two sons, Dean and Billie, all of the home; two sisters, Mrs. Beulah Melton and Mrs. Juanita Pattello, both of Afton; three brothers, Earl, Roaring Springs, Howard, Dimmitt, and Talmer, Linden.

Mrs. Harlee Musick, returned home Wednesday of last week from Methodist Hospital in Lubbock, where she underwent minor surgery.

By F. F. R.

The Christmas season is right on us—and people are already getting the spirit of the season, which is well and good. Let us make it a Christmas season, not an X-mas season!

The charge is frequently made that people are coming to commercialize Christmas too much. This may be true to some extent, but we are living in an age of promotion, an age of busy people who sometimes fail to stop for the finer things of life unless special emphasis is given to them. What's wrong with encouraging people to get in the spirit of the season . . . exchanging gifts and greetings with friends . . . letting them know we think of them and love them . . . spreading a little cheer and happiness—even to those we don't know? Isn't this all in keeping with the Story of the First Christmas? It's true a few of us profit from the promotion of Christmas, but it's also true that such promotion encourages more Christmas spirit in others, and most of us promoters of the day become embroiled in the same spirit that keeps fresh "the milk of human kindness."

So, it's a merry, merry Christmas to one and all!

The annual basketball tournament being held here the first week-end in December each year is a fine thing in more ways than one. For one thing, several hundred people get together for the three days while the boys and girls compete in friendly rivalry and enjoy visiting and mingling in the large lobby of Tahoka's fine gymnasium. In fact, outside of the annual junior livestock show and the pioneer reunion, this is the only opportunity people from the four corners of the county have to visit. People from Wilson and New Home seem to enjoy visiting with those from O'Donnell and Tahoka, and the reverse is also true. In this day of madly rushing around attending to our own business and

Consciously or unconsciously, nearly everyone has a vice—and sometimes one turns a hobby into a vice. Some like to play dominoes, and there are advocates of hunting, fishing, golf, dancing, watching sports, reading, television, movies, golf, bowling, visiting at the coffee shops, dogs, cats, and horses, antiques, flower growing, and some enjoy just sitting around and gossiping. We like and engage in some of these "sports," too, but we also have the duplicate bridge "bug"—in an amateurish way. This is a challenging game in which there is no gambling allowed. The game may drive one "nuts," but it fires off one something to do for pleasure after spending 30 or 40 hours a week at the same old job.

James G. Allen, dean of student life at Texas Tech, and wife, Louise Allen, who teaches Journalism at Tech, are also bridge addicts and friends of The Printer and wife. In a recent talk before a Lubbock women's club, Dean Allen said: "In duplicate bridge it isn't how good your cards are that means success, but how well you do with the bad cards. It is in no way a social game. It is a challenge in thinking, a matter of systems, a game of wits, and definitely a partnership game. If you can concentrate on duplicate, you can concentrate equally as well on other things."

We said all the above to say this: Dean Allen's statement about duplicate bridge just about applies to all life, all endeavors—moral, religious, social, business—our success depends on how well we do with what we have to do with. Now, read his statement again.

About the time we get to thinking the country has gone to the bow-wow, along comes something to give us new courage. We wish everyone could have heard the talks made by five Tahoka High students at the Rotary Club Thursday. You would have been very proud of them. The new generation knows the score pretty well. They are concerned about the apathy of their elders in regard to national and world affairs. They seem to realize the great problems they will have to face in this day of soft talk, appeasement, and desire of something-for-nothing.

We are told that there is a rising tide of conservatism among our college students. If so, it is well! For, at the rate America is going to the left and at the rate our government is spending itself broke—spending money it doesn't have—it won't be too long before

our financial structure goes the same way France and England and Germany went. Right now, we are "living it up" on \$300 billion dollars that our children and grandchildren will have to pay, and we're still, as a government, spending more than we take in. We'll soon be just a second rate power, and the world will be dominated by the Communists. Our one great hope lies with this new generation.

Mrs. Perry (Beth) Walker is also an old Roscoe-ite, and she says she enjoys reading of our childhood pranks down in Nolan county because she knows most of the incidents about which The Printer writes. Ruth and Lam Boney and "Lady" and Gower Stewart and A. E. Bush and Charley Stewart and some others here could tell more old Roscoe stories if they would.

County pioneers Mr. and Mrs. Ed Denton of Gordon are among the many who sent The News to their children elsewhere as Christmas or birthday presents. One of the Dentons' five children, Mrs. E. W. Licher, writes that they have moved to Route 2, Durant, Okla., and enjoy the paper so much that they don't want to miss a single issue. Such fine readers and friends certainly make an editor feel good.

A Scot was engaged in an argument with a conductor as to whether the fare was five or ten cents. Finally, the disgusted conductor picked up the Scot's suitcase and tossed it off the train, just as they passed over a bridge. It landed with a splash. Geographical Distribution of Active TB in Children Under Five

Incidentally, about 150 players participated in the 22 games of the three-day meeting, and several hundred visitors also came from Spear, Crosbyton, Staton, and Friendship, all from outside this county.

Everyone likes a little pat on the back. Some time ago we made a little contribution to the Girl and Boy Scout program. One of the little girls, Jessie McDonald of Boyette Truss 411, wrote us one of the nicest thank-you notes we have ever received, as follows: "Thank you very much. I am sure your money will help. You don't know how glad we are. You will help us very much. You were helping our Boy Scout and Girl Scout all over the world." We presume the girls wrote all fingers. A nice gesture!

This map shows the newly reported active and probably active cases of TB per 100,000 among children under five years of age in 1958. Although most active cases develop in people with old infections rather than new ones, it is only by stopping new infections that we can hope eventually to eliminate TB. Your TB association's program to wipe out TB is supported by Christmas best contributions.

Tahoka And Post Will Not Meet In Football In 1962

Charles Didway of the Post Dispatch has the following to say concerning the dropping of the annual Tahoka-Post football game for 1962 because of Tahoka dropping to Class A and scheduling difficulties:

Post and Tahoka not playing each other in football next season is something like Army and Navy cancelling out, but, from what we have been able to learn, the fault is not Post's, nor is it Tahoka's. It's just one of those things.

When the Interscholastic League dropped Tahoka from AA to A classification, they had to do some schedule reshuffling over there and as a result, couldn't work Post into their grid slate. A lot of fans here had much rather see Tahoka on the

Antelope schedule than some of the other non-district foes, and we've learned that the feeling over there is the same.

Since the two towns are only a little more than 20 miles apart and their school districts nearly overlap, a football game between there two elevens is gridiron rivalry at its best. Folks come in from the "forks of the creek" when Post and Tahoka play, whether the game is at Post or at Tahoka.

Here's hoping that it won't be long before these two longtime high school sports rivals will be able to meet again on the gridiron. In the meantime, if anything has cropped up to destroy the hitherto fine relationships between these two schools, this newspaper will do everything in its power to amend it, and we feel sure the Post school officials and school board members will do the same.

Tahoka Wins . . .

(Cont'd. from Page 1, Sec. 2) tied up 44-44. Hegi took two free shots to pull ahead 46-44, but as the final buzzer sounded, Bell tossed in a field goal to tie the game up again. In the overtime Craig Leslie sunk two field goals and a free throw, but Spur came back to match the five points. Hegi's field goal cinched the victory for Tahoka.

Leslie paced the victors with 24 points while Billy Clinton added nine, Bell made 18 points, all in the second half, and Richard Walker also sunk 18, 13 of which were in the second half, for the losers. Tahoka nearly let the ball game get away from them, but got down to business in the overtime and proved they can work under pressure.

Tahoka girls controlled their championship match with Frenship to start to finish in a hard fought battle. Superb ball handling on the part of the local team put the game on ice and Frenship was no match for either the forwards' shooting ability, or the outstanding defense of the guards. The local sextet led 14-5, 21-9 and 38-18 at the end of the first three stanzas. However, Frenship's Kay Conrad began hitting the basket in the second half to make nearly all of her total 23 points. Judy Thomas was high scorer for Tahoka with 21, while Kay Halameick and Loretta Short each made 10.

The tight defense of Tahoka gave Frenship few opportunities to shoot in the first half while Guard Sharon Drager's dribbling thrilled the crowd.

Semi-Final Games
Spur knocked out Crosbyton 39-30 in the second round of play to gain a berth in the finals. Halftime score was 23-15.

Leading the Spur Bulldogs were Mac Bell with 13 points and Richard Walker with 11. Darwin Potter had nine for the losers.

Frenship girls defeated Slaton 46-39 in the semi-finals behind the shooting of Kay Conrad who astounded fans by making 38 points. Slaton's Glenda Bownds made 28.

Frenship was ahead 16-13 at the end of the first quarter, but Slaton held a 27-19 halftime lead. The score was tied up 29-29 at the end of the third.

Tahoka won its semi-final round over O'Donnell 50-37 in the county championship game with Billy Clinton scoring 16 points and Perry Flippin 13. Charles Burleson paced the Eagles with 14 and Wendell White added 13 more.
