Tahoka, Lynn County, Texas, Friday, January 26, 1962

Number 17

Serving Tahoka
and Lynn County
Since 1903!

Clean-Up Drive Launched Here

The Tahoka Garden Club is launching its "Clean Up and Litter Bug" campaign in the city and a committee has made final plans for its beginning.

The committee found during its investigations that there are spots down town that are "literally a mess and a disgrace to Tahoka." These spots are not only an eye sore, members say, but are fire hazards, insect harbouring spots, and weed-scattering places. The same applies to the residential section and many vacant lots.

It has also been noted by the club that there is far too much litter, including beer cans, bottles, candy wrappers, paper cups, newspapers, etc. thrown from cars onto the streets, highways and roads.

In an effort to instigate the campaign, the Garden Club is purchasing a trash receptacle to place in an appropriate location in the downtown area. It also urges other organizations to donate such receptacles. Those wishing to do so may notify J. M. Uzzle, City secretary. These may be purchased through the City at about \$4.00 each.

The objectives of the "Litter-Bug" program are (1) to create a public awareness of litter; (2) to stimulate public participation in cleaning up existing litter; (3) to prevent future litter by education, public opinion, pressure, and law enforcement.

The club will try to carry out these objectives, members state, and ask the cooperation of the City Council, officers, Chamber of Commerce, civic clubs, Girl Scouts, Boy Scouts, and all citizens. The program will be presented before Tahoka school students asking them to refrain from throwing trash onto the streets but using a receptacle or litter-bag for trash. Each family is asked to place a litter-bag in its car.

To carry out the theme "Clean Up and Keep Clean," the City has assured the club its full cooperation. Trash and rubble should be placed in piles in the alleys and a week will be set by the City to haul it away.

The Garden Club issues the following challenge to citizens of Tahoka. "A cleaner community is up to you. Don't throw litter on the street or sidewalk. Help keep Tahoka clean and beautiful."

Bond Sales Far Above Quota

Lynn county went way over its quota during 1961 in the purchase of U. S. Savings Bonds, A. C. Verner, chairman of the Lynn County Savings Bonds committee, announces.

Citizens of this county purchased a total of \$320,760 in bonds on a quota of \$250,000, or 128.3 percent, far above the state average of 94.3 percent of the quota for Texas.

Lynn was the second highest county in District 4, the Lubbock area, Yoakum county being first with 157.2 percent selling \$110,022 on a quota of \$70,000. Lubbock county was third from bottom with only 70 percent of its quota.

During the year 1961, Texans bought a total of \$155,694,292 in U. S. Savings Bonds on a quota of \$165,100,000.

Nationally, 1961 sales were four percent above 1960, and at the same time redemptions were 10 percent below 1960.

In Texas, 104 counties exceeded their quotas.

Spruiell Operating Stockman Cafe

Mr. and Mrs. Ernest Spruiell have bought the Stockman Cafe from Earl Grider and Dwin Jones, taking charge of the business on Monday.

This Saturday, they will serve free coffee and doughnuts to all customers. They expect to feature home-made pies to serve or take out.

4-H CLUB AWARDS were made to 34 boys and girls Monday night at a banquet given by Lyntegar Electric Co-op. Presentations were made by Woodrow Brewer, assisted by Mrs. Connie Anderson, Home Demonstration Agent, and County Agent Bill Griffin, extreme right in picture. Adult awards went to B. L. Hatchell of Wilson and Jack Wood of O'Donnell, in the right rear.

4-H Awards Banquet Held Here Monday

Miss Sarah Wells of Tahoka and Lyndol Askew of route 3, O'Donnell received the 4-H girl's and boy's Gold Star awards for outstanding achievement in Lynn county at an awards banquet given Monday night by Lyntegar REA here.

Parents of the winners of the highest award that can be made in the county are Mr. and Mrs. George Claude Wells and Mr. and Mrs. Bertice Askew.

Clint Walker of Tahoka was master of ceremonies at the event, when the awards were presented by Woodrow Brewer, assisted by County Agent Bill Griffin and Home Demonstration Agent Connie Anderson.

Binie White, electrification advisor of Lyntegar, gave the welcome address and Harold Bessire, president of the O'Donnell Senior 4-H Club gave the response. C. E. Ford of Tahoka, adult leader, gave the invocation.

Awards were made in 15 other divisions and a list of winners follows:

Achievement: 1. Lester Ford, route 3, Tahoka; 2. Sherron Renfro, route 1, Wilson; 3. Marcheta Wood, route 3, O'Donnell.

(Cont'd. on Back Page)

Deadline Is Jan. 21 On Property Taxes.

Next Wednesday, January 31, is the final day for payment of property taxes in Texas. All state and county, school, and city taxes are due and payable now.

According to law, penalty and interest must be paid by the property owner on all taxes due and not paid on or before January 31.

Wilson Lions Plan Pancake Supper

Wilson Lions Club is planning a pancake supper for Thursday, Feb. 8, from 6:00 to 8:00 p. m. in the Wilson school cafeteria. Tickets are \$1.00.

Proceeds will go toward the Lions Club community projects. The club keeps one or more major projects going at all times for the betterment of the community. Hubert Teinert is the club president.

Tyne W. Smith Died Recently

Tyne W. Smith, 66, a pioneer citizen of Lynn county, died recently and was buried at Mart, McLennan county, The News is informed.

Mr. Smith lived for many years in the Draw area. He was an elder in the Primitive Baptist Church.

Strangers Amazed At Hospitality Of Tahoka Citizens

"We never saw such hospitality," stated the head of a young family forced to stop off in Tahoka a few days last week end by the illness of a baby.

Mr. and Mrs. Harold New Ville and three children were en route from Bismark, North Dakota, to Midland, Texas, where he was being transferred by the oil company for which he works.

Their baby had been ill with a cold a few days, and as they approached Tahoka the baby went into convulsions. Stopping at a service station, the attendant directed them to the local hospital, where the baby was treated until Sunday for a cold and respiratory congestion and released.

But, the thing that impressed the New Villes was the attention given them by the doctor and hospital attendants and other complete strangers who came by to inquire if they could help. The doctor called a motel and arranged quarters for them, people offered to sit up with the baby, and others offered to care for their other two children.

The couple said they would ever have a warm place in their hearts for Tahoka.

March Of Dimes Drive Progresses

Mail-in contributions for the March of Dimes in Tahoka is coming in very slowly, according to H. B. McCord, Jr., county chairman, with only about \$65.00 sent to the Tahoka postoffice and \$62.70 coming from North Elementary and South Elementary school cards.

Reports from other towns in the county have not been received on mail-ins to their postoffices.

The annual Mothers March, sponsored each year by the Pythian Sisters, will be held on Jan. 30 in Tahoka. Other organizations are urged to help with the march which will begin at 7:00 p. m. from the WOW Hall. At that time the fire siren will be sounded. Citizens wishing to contribute are asked to turn their porch lights on.

Drive chairmen in the Lynn county communities include Mrs. Turner Rogers, Tahoka; John Ellison, O'Donnell; A. L. Holder, Wilson; A. L. Norman, Grassland; and Jack Clements, New Home.

Last week the Cub Scouts of Tahoka distributed coin collectors over town, which will remain in local stores until the drive ends some time in February.

Everyone is urged to contribute this year to further research for arthritis, birth defects, and to provide funds for the care of polio victims.

REECE BUYS HOME

Floyd Reece recently bought the residence on North Second street which Tom Hale moved in from his farm and remodeled. Floyd moved in the house last week end.

City Plans New Street Markers

City of Tahoka expects to begin putting up new street markers in the near future, according to Ronald Sherrill, Council member.

Not all markers will be put up at once, but over a period of time the City hopes to mark most of the street intersections.

Officially, street names will remain the same — named for pioneers of the town—but the new markers will carry out the letters of the alphabet as set up by a previous council so that streets may be located more easily.

Streets running north and south are the principal ones giving trouble and in the future will bear the letters of the alphabet, A to Z.

P. A. Nowlin Is Heart Victim

P. A. Nowlin, 56, reared at Tahoka, died of a heart attack Tuesday at about 3:00 p. m. at his home in Lamesa, 506 North 16th street.

He had previously had a heart attack and had not been feeling well the past few days, but his condition was not considered serious at the time.

Funeral services were held on Wednesday at 4:30 p. m. in the First Baptist Church of Lamesa with the pastor, Rev. Milo Arbuckle, assisted by Rev. Giles Hankins of the Northside Baptist Church, officiating. Burial followed in Memorial Park Cemetery in Lamesa.

Phillip Allen Nowlin was born Sept. 13, 1905, at Valley Mills, son of the late Mr. and Mrs. J. K. Nowlin. In 1917, the Nowlins moved to the Edith community east of Tahoka, and P. A. attended the Edith school and graduated from Tahoka High School in 1925.

He was married on Dec. 25, 1932, to Miss Opal Cooper, daughter of Mr. and Mrs. E. J. Cooper. He was engaged in the service station and tire store business here and the couple continued to reside here, except for brief periods in Brownfield and Clovis, N. M., until 1951, when they moved to Lamesa. He was owner of a tire store in Lamesa.

Deceased was a member of the Baptist Church, the Masonic Lodge, and the Eastern Star. He was of a calm, friendly disposition, and it is doubtful if he ever made an enemy.

Survivors include his wife; two daughters, Mrs. Dorell (Peggy) Rogers and Mrs. Tom (Nancy) Eoger; and three grandchildren, all of Lamesa; one sister, Mrs. N. E. Wood of Tahoka; three brothers, Lloyd of Tahoka, Claude of Stanton, and Carl of Tucumcari, N. M.

Mrs. W. B. Glass was admitted to Tahoka Hospital Tuesday as a medical patient.

Local SCS Unit Award Winner

Tahoka Work Unit of Lynn County Soil Conservation District has been awarded a Certificate of Merit and Personal Performance Award of \$94.98 cash for best performance during the year 1961 in the 11-county Big Spring Area.

Members of the local SCS work unit are: D. M. (Mac) Mauldin Jr., technician; A. E. (Pete) Ware, conservation aid; and Walter Bertsch, soil conservationist. Also with the office as soil conservationists last year were Lester Rice and Dan Kamp.

The unit was nominated for the honor by W. S. Goodlett Jr., Big Spring Area conservationist.

The award came from H. N. Smith, state conservationist of Temple, who praised Mr. Mauldin and his assistants for the "excellent contribution the unit has made to soil, water and plant conservation" which has "carried out a balanced conservation program and attained the best over-all unit production record in the Big Spring Area."

Man Is Killed In O'Donnell Wreck

A Lubbock man was killed in a one-car accident Saturday about 2:50 a. m. two miles north of O'Donnell on Highway 87 when his car overturned 10 times after losing control of the vehicle.

Billy Joe McDaniel, 28, a former citizen of Spur, was pronounced dead on arrival at a Lamesa hospital, where an inquest was held. He was going south at the time of the accident.

Funeral services were held in Spur under direction of Campbell Funeral Home. Survivors included his wife of Lubbock and his parents of Spur.

"DOC" BLANCHARD

Blanchard In Senator Race

H. J. (Doc) Blanchard, 38, Lubbock attorney, and representative in the Legislature, announces that he is a candidate for State Senator from the 28th Senatorial district.

Mr. Blanchard is a graduate of Sudan schools, Texas Tech, and SMU Law School, is married and has three young sons. He has been a member of the Legislature from Lubbock since 1958.

Following is his statement: I consider the office of State Senator one of the most vital and critical areas of service to which a man can aspire. I believe that now, more than ever before, we should make moves to restore fiscal responsibility to our state. It is with the belief that my professional background and my past legislative experience especially

(Cont'd. On Page 4)

Only 1450 Lynn county citizens had paid their poll taxes up until 9:00 a. m. Thursday, reports Tax Assessor and Collector George McCracken. This is probably only about half or less of the citizens who should buy poll taxes as a qualification for voting in 1962.

However, Mr. McCracken expects the pace to step up between now and the deadline on January 31. Principal concern is that many people mailing in checks for property taxes failed to include \$1.75 for each poll tax receipt desired.

Tahoka Rotarians were recently sworn in as deputy collectors to take applications for poll tax payments, and has added some impetus to secure additional payments.

Any Rotarian can take an application, and poll tax receipts will be mailed the citizen, or poll tax receipts may be had at either drug store or at Piggly Wiggly in Tahoka in addition to the county tax office.

New Home area people can get their poll tax receipts at New Home Co-op gin, Wilson citizens at Wilson Co-op gin or the school tax office, and O'Donnell area people at Moore's Insurance Agency in that city.

An exemption receipt is necessary for those becoming 21 since January 1 last year. Persons 65 or older on that date are not required to have an exemption receipt in Lynn county.

99 Seniors Take Aptitude Tests

The 99 senior students in Lynn county high schools from Tahoka, O'Donnell, Wilson and New Home took the standard State U. S. Employment Aptitude tests last week through the Texas Employment Commission.

These were graded in the Lamesa office by machine and J. Doyle Wilson, testing expert, counseled the students on their best job and college aptitudes. He was assisted in the testing and counselling by John U. Nelson and Ige Stevens, county cooperative supervisors of guidance.

Nine scores represented the summary of the tests including (1) general learning aptitude or college promise, (2) vocabulary, (3) numerical (mathematics), (4) spatial relations (architecture or design), (5) form perception, (6) clerical aptitude, (7) eye hand coordination, (8) finger dexterity and (9) manual dexterity. The students were given their aptitudes in 23 different vocational or occupational fields covering over 400 jobs or college fields of study.

The schools were well pleased with the tests and are taking steps for Mr. Wilson to return to the county in May to give the State tests in typing, shorthand and salesmanship.

The tests were given the four groups from the four schools in 36 hours, which would have taken 198 hours individually. This is the second year these tests have been given Lynn county seniors. They are being given to only one other county in this district because of limited State funds.

Mr. Nelson, county counsellor, was instrumental in Lynn county receiving authorization for the tests, making several trips to Austin, San Angelo and Lamesa to get the tests approved. This year Garvin C. Wilkes, manager at Lamesa, authorized the tests.

Mrs. J. A. White of New Home was admitted to Tahoka Hospital Monday.

J. E. Walker was admitted to Tahoka Hospital Tuesday as a medical patient.

March of Dimes Mothers Hold Key In Fight Against Crippling Disease

Some two million Marching Mothers, wearing the symbolic Golden Key of Hope, will appear on America's doorsteps toward the end of January asking support for the 1962 New March of Dimes fight against crippling birth defects, arthritis and polio.

Why do these women brave winter weather to ask their neighbors for funds? Mrs. Phyllis Sublett of Evansville, Ind., does it because experience with her fourth child, three-year-old Steve, who was born with a birth defect, has shown her the need to have medical help more readily available in the community when an imperfect child is born.

"Steve was born with an open spine and water on the brain in 1958. The year The National Foundation expanded its program to include birth defects," says Mrs. Sublett. "I had never heard of either condition. Since then I have learned that these malformations and hundreds of other birth defects afflict one out of every 16 babies born in this country each year.

These children need help. Their parents need to know where to find the specialists who can give prompt and effective treatment. I know now that the March of Dimes supports work in clinics to improve treatment, in laboratories to find the causes, and in building a network of diagnostic and treatment centers to make new knowledge available to everyone, not just those fortunate enough to live close to great medical institutions.

"The March of Dimes already supports nearly 50 centers throughout the country, and many more are being planned. That's why I'm in the Mothers' March—to let people know this help and hope exists. I want to ask their support so the 250,000 American babies born each year with birth defects need not go through life helplessly disabled for lack of proper treatment."

In Denton, Tex., Mrs. Mona Grisham says, "Until our lit-

"IS MY BABY ALL RIGHT?"—More than 250,000 mothers of babies born with birth defects in the U. S. each year bear a heartbreaking reply to this question. Marching mothers will seek public support in January for March of Dimes research and patient aid to control crippling birth defects and rheumatoid arthritis, just as polio has been controlled.

The Souders developed juvenile rheumatoid arthritis. I'd always thought arthritis was something you got when you reached old age. Now I know that thousands of children are stricken with it each year. It can slow and cripple little bodies and permanent disability. It's not caught and treated in time.

"We seem the wonders accomplished at Arkansas Children's Study Center in Parkland Hospital in Dallas supported by the March of Dimes, and I know that doctors in the laboratory there and elsewhere are working hard to find out what causes arthritis and how it can be prevented or cured. It's a Marching Mother because I know firsthand how important this work is."

Marching Mothers across the United States have similar reasons. Mrs. George Dillion of Kansas City, who lost a child born with a birth defect, marched actively until the past year. But then her own arthritis forced her to "retire" to a quieter paperwork and record-keeping job for the Mothers' March. In Tustin, Calif., Mrs. Polly

Gordon-Southland

(By Mrs. Jesse A. Ward)

Mr. and Mrs. Claude Curtis Roper and Renee, Miss Nellie Roper all of Lubbock and Linda Elger of L.C.C. in Lubbock spent Sunday with their parents, Mr. and Mrs. Claude Roper. The group visited Mrs. J. F. Rackler Sunday evening.

Rev. and Mrs. E. L. Minor went to Dallas Monday where he attended an evangelistic conference through Wednesday and taught a Bible study course Thursday and Friday in a Baptist church in Fort Worth.

Sam Ellis attended the International Harvesters convention in Chicago last week.

Mrs. Donald Pennell and Mrs. Kenneth Calloway were among those visiting Carl Wartles in Slaton hospital Sunday afternoon.

There will be a house warming in the new home of Mr. and Mrs. Willie Becker Sunday afternoon from 3:00 to 5:00 p. m. on the Lubbock highway just northwest of Southland. All their friends are invited.

Mrs. Claude Roper spent Wednesday last week with her mother, Mrs. J. F. Rackler.

Harvey Lewis Pennell of Texas Tech spent mid-semester holidays with his parents, Mr. and Mrs. Donald Pennell and other relatives.

E. L. Dunn of Texas Tech spent Saturday with his parents, Mr. and Mrs. Herbert Dunn, Jackie and Daylene. He left Sunday with the Tech Ski Club for Loveland, Colo. for a few days there.

Rev. and Mrs. Eddie Portson of Lubbock visited in the home of Mr. and Mrs. Donald Pennell Friday night.

Janyce Ellis from West Texas State College, Canyon, spent mid-semester holidays with her parents, Mr. and Mrs. Sam Ellis and Sammy.

Mrs. J. F. Rackler has been ill with the flu but is some improved.

Mr. and Mrs. Earl Morris visited her brother and family, Mr. and Mrs. Jim Dyer in Lubbock last week. A sister, Mrs. G. E. White came home with them and they visited another sister, Mrs. Manley and husband in Post. Mrs. White's son and wife, Mr. and Mrs. Dyer White visited in the Morris home Sunday afternoon and Mrs. White returned to Lubbock with them.

Sunday afternoon visitors in the home of Mrs. L. L. Corbell and Bunyon were her daughter and family, Mr. and Mrs. Lowell King and granddaughter and family, Mr. and Mrs. Warren Thomas and five children of Hale Center.

Mr. and Mrs. Carl Rackler, Carlene, Wanda, Judy and Sandra of Wolfthorpe were dinner and supper guests of Mr. and Mrs. J. B. Rackler Sunday and visited Mrs. J. F. Rackler Sunday afternoon.

Mrs. Hubert Taylor and Mrs. Jack Myers took their cars and helped take the Southland girls

basketball team to Gail, where they played Saturday.

Mrs. Larry Alford and son from Petersburg are spending the week with her parents, Mr. and Mrs. Sam Ellis and Sammy.

Rev. Marvin Boyd, district superintendent of Methodist churches in the Lubbock district, preached at Southland Methodist Church Sunday night and held quarterly conference.

Ed Milliken had a pretty hard spell with his heart Saturday night and another one Sunday morning. At this time he is some better. Visitors last week were his son, Mr. and Mrs. D. P. Milliken, Weidforth; a granddaughter, Mr. and Mrs. Bob Henderson and children of New Deal; Mrs. D. H. Hanchett of Lubbock; and George Baker.

Mrs. Milliken reports her cousin, Cloyd Black of Lubbock, who was in a car wreck Sunday of last week died Tuesday evening.

Mrs. Carl Pritchard, formerly of Del Rio, visited Mrs. Don Clary Friday.

Mr. and Mrs. Weldon McGee helped their daughter and family, Mr. and Mrs. Clark Cowdrey, move to Levelland Saturday.

Mrs. Dan Williams of Oklahoma City is visiting her son and family and sister-in-law, Mr. and Mrs. Kenneth Warsaw and Mrs. Agnes Rinker.

Mr. and Mrs. Leonard Morris of Slaton were visitors of her parents, Mr. and Mrs. J. W. Kuykendall Sunday afternoon.

Visiting in the home of Mr. and Mrs. T. L. Barnes and Mrs. Agnes Rinker Sunday were his niece and husband, Mr. and Mrs. H. S. Ebanks of Hale Center. Afternoon visitors were Mr. and Mrs. Will Barton.

Among those on sick list with the flu are Dolly Shelton of Rudson, N. M., who is visiting relatives, Mr. and Mrs. Fred Davidson and Louise.

Mr. and Mrs. H. W. Seals visited Mr. and Mrs. Sam Kirby, Sr. at Wilson Sunday afternoon.

Mr. and Mrs. Jesse Ward returned home Saturday after helping their daughter and husband, Mr. and Mrs. Stanley Smith, move from Levelland to Canyon where they will attend West Texas State College.

Mr. and Mrs. Fred Myers and Stephen of Post, Don Thornhill of Crosbyton and Mr. and Mrs. Gary Simpson of Alpine were Sunday dinner guests in the home of Mr. and Mrs. Jack Myers and Kelly.

Mr. and Mrs. Claude Spence, Mr. and Mrs. Harley Martin and children, all of Slaton, and Mr. and Mrs. Edgar Mosley were Sunday afternoon relatives in the home of Mr. and Mrs. Sam Martin.

\$101 BILLION RAT HOLE

(Claude News)

A report comes out that congress may sharply re-examine our foreign aid program, which has totaled 101 billion dollars since mid-1945.

Yugoslavia's Marshal Tito, a Communist dictator, has been given 24 billion dollars. This includes 700 million dollars in military aid. Tito is down for more aid.

India's Nehru has had 2.8 billion dollars of aid. He is assured of another slice even after his peaceful attack on Goa.

Communist Poland has been given 900 million dollars. More will probably go to them.

Egypt's Nasser, while engaging in banner against U. S., has had 600 million. He wants more.

Indonesia's Sukarno, who follows the communist line and is threat-

ening to grab the Netherlands, a U. S. ally, has received 700 million. He is down for more.

Out of the 101 billions in total aid, all of the nations of Latin America have been given just 53 billion. This compares with 47.3 billions given to Western Europe, 16.2 billions to the Middle East, South Asia and Africa, 23.1 billion given to the Far East and Pacific area.

Brazil has had more U. S. help than any other nation in South America and it is now about to go communistic. They got 1.7 billion. Mexico, also thought to be going communistic, is next with 600 million.

Japan has been given 5.1 billion dollars. 10 billion has gone to South Korea and Nationalist China. The Philippines received 1.6 billion. Laos have been given 2.5 billion.

Laos have been given 2.5 billion since 1954.

Nkrumah of Ghana is ahead of the rest of black Africa in aid from U. S. It has also become the strongest anti-American force in Africa.

U. S. dollars put Europe on its feet and brought excellent results but it now looks as though we are playing into communist hands with some of our aid.

Tito has indicated how our aid will be used to bring about our own destruction: "Our collaboration with capitalism during the war which has recently ended, by no means signifies that we shall prolong our alliance with it in the future. On the contrary, the capitalistic forces constitute our natural enemy despite the fact that they helped us to defeat their most dangerous representative. It may happen that we shall again decide to make use of their aid, but always with the sole aim of accelerating their final ruin."

The final question, Where did this 101 billion come from? Right out of your pocket.

Laos have been given 2.5 billion since 1954.

Skip-Row Plan Now In Effect

College Station — The four-row limitation of "skip-row" planting will not apply to the 1962 cotton crop, according to an announcement by Secretary of Agriculture Orville L. Freeman.

Under regulations for 1961 and earlier crops, skip-row cotton planting was permitted provided the skips left idle or planted to other crops were equal in width to the four rows of cotton. If the skip rows were any narrower, the entire acreage was counted as planted to cotton for acreage allotment and marketing quota purposes. Under this arrangement many growers planted a four-and-four pattern—four rows to cotton and four left idle or planted to other crops.

The change, Secretary Freeman said, will provide the cotton grower with more latitude in planning and carrying out his operations. Under the new system, only land actually planted to cotton will be counted as cotton land in determining compliance with acreage allotments and marketing quotas. Each grower will determine for himself the pattern best suited to his operation. It is expected that many will shift to a two-and-two pattern, that is two rows of cotton and two rows left idle or planted to other crops.

The decision to end limitations on skip-row planting is in line with recommendations of the Cotton Advisory Committee and many members of the cotton industry. USDA officials said, and is expected to result in improved income for cotton growers through increased efficiency in production.

The January 2 announcement applies only to cotton and does not change skip-row determinations in effect for other crops. Details on the new regulations are available at local ASC committee offices.

ATTRACTIVE FALLOUT shelter was built by the Office of Civil and Defense Mobilization in the up-to-the-minute farm home (inset) which was part of the recent Farm Progress Show near Joplin, Mo. Thirty-thousand visited the shelter, which included sleeping facilities for eight, a 14-day food and water supply, battery radio, and assorted tools, lights and sanitary items. (OCDM Photo)

Grassland News

(By Mrs. O. H. Hoover)

The bumper crop in the Grassland community is about all in. The co-op gin is caught up and will be all finished this week if it clears off. The Producers Gin still has about 100 bales to gin. Getting the land ready for another crop is the order of the day with tractors humming early and late.

Virgel Bilbo's mother passed away last week. She lived in Moss Point, Miss. His sister, Mrs. Joe Dryden drove over and they flew down for the services.

Rocky and Vince Gribble have had to miss several days of school this week because of illness.

The Thursday Club was entertained in the home of Mrs. Minnie Wright on Jan. 18. Attending were Viva Davis, Berniece Propst, Ada Oden, Iris McMahan, and Mrs. Stun, a visitor of Amarillo. The next meeting will be with Iris McMahan the first Thursday in February.

Mr. and Mrs. L. Walker and boys from Littlefield spent Sunday with his parents, the Lucian Walkers. Other visitors were Mrs. Omega Hensley of Draw and Mr. and Mrs. Earnest Vaughn.

The ladies of the Nazarene Church will meet Tuesday in the home of Mrs. James Murray to make garments for a missionary box.

Mr. and Mrs. Gus Porterfield, Mr. and Mrs. Jim B. Porterfield and son, Don, Mr. and Mrs. T. A. Stone, Tom, Dan and Kent, and Mrs. Cook visited Friday night and Saturday with the Dr. D. G. Porterfield family in Abilene. The men attended the missile base open house at Dyess Airforce Base.

Mrs. O. C. Harrison's aunt passed away Saturday of a heart attack. She lived in Brownfield. Services were held in the First Baptist Church in Lamesa Monday.

Mr. and Mrs. Joe Hoover of Lubbock visited his grandparents last Thursday night. Joe received his industrial engineering degree and they are moving to Chattanooga, Tenn. to work for the Du-

O'Donnell Day At Stock Show

Two chartered buses, one to carry O'Donnell band members, and another for residents of the town and area have been secured to travel to the Fort Worth Fat Stock Show on Monday, Jan. 29, for "O'Donnell Day" when Dan Blocker will appear in a rodeo performance that evening.

The band will play in concert at 7:00 a. m. and the rodeo will get underway at 7:30 p. m. Miss Donna Sue Jackson will be "Miss O'Donnell" for the Grand Entry.

The buses will leave O'Donnell at 7:00 a. m. and arrive in Fort Worth about 3:00 p. m.

The Lions Club is sponsoring the band trip and has made a collection for funds for the group.

The O'Donnell Index-Press states that the "only reason for the trip is to let the "world" and Dan Blocker know that O'Donnell is mighty proud of him." Blocker is a television star currently appearing as Hoss in "Bonanza."

Youth Revival At Grassland Church

The Grassland Nazarene Church will hold its annual Youth Revival Friday, Saturday and Sunday.

Services will be held each evening at 7:30 p. m. and on Sunday morning at 10:00 a. m.

Evangelists will be Rev. and Mrs. Richard Spindle of Bethany, Okla., who will also direct the singing.

Everyone is invited to attend.

Political Announcements

The following have authorized The News to announce they are candidates for public office subject to the Democratic Primary election on May 5, 1962:

For State Senator, 28th District: DON HANCOCK of Plains.

For Representative, 75th District: JERRY CAIN of Tahoka.

R. G. (Randy) PENDLETON of Andrews.

For County Judge: W. M. MATHIS (re-election)

For District Clerk: W. S. (Skip) TAYLOR (re-election)

For County Clerk: C. W. ROBERTS (re-election)

For County Treasurer: OLA REID (second term)

For Commissioner, Precinct 2: WOODROW (Ode) BREWER (re-election).

For Commissioner, Precinct 4: L. K. (Heavy) NELSON (second term)

New Home Honor Roll Announced

The New Home schools have announced the third six-weeks honor roll and the semester honor roll.

The high school students listed have made both lists:

Ninth grade, Eddie Joe Halford. Tenth grade, David Unfred, Dave Hancock, Elton George, Max Blakney.

Eleventh grade, Ann Gasper. Twelfth grade, Georgie White, Sharon Blakney, Ara Ann Mitchell, Charlene Edwards, Joyce Swinson and Arthur Airhart.

Grade school students on the semester honor roll follow:

Third grade, Carol Taylor, Linda Upchurch, Linda Yarbrough. Fourth, Kay Lewis, Francie Timmons.

Fifth, Mike Fillingim, Stanley Gill, Randy Taylor, Kathy Hancock, Lera Nettles, Laura Sealy. Sixth, Marilyn Hill.

Seventh, Rhonda Gill, Susan Hancock, Yuonna Moore, Yvonne Nettles, Sandy Newman, Nancy Unfred.

Eighth, Kenneth McClung, Dickie Turner, Randy Unfred, Rebecca Swinson.

The honor roll for the third six weeks period in grade school are: Third, Carol Taylor, Rose Marie Castro, Jerry Newman, Craig Ewing, Linda Yarbrough, Linda Kay Upchurch, Danna Corbell, Rena Rogers, Ricky Maloney.

Fourth, Ronny Farr, Sandra Schoppa, Kay Lewis, Francie Timmons, Vickie Ewing.

Fifth, Mike Fillingim, Stanley Gill, Randy Taylor, Guy Zant, Judy Gossett, Kathy Hancock, Lera Nettles, Lada Sealy.

Sixth, Marilyn Hill, Gid Moore. Seventh, Rhonda Gill, Susan Hancock, Yuonna Moore, Yvonne

Griffin Tells Of Feeding Operations In California And Arizona

County Agent Bill Griffin and Hulton Balch, O'Donnell farmer, returned Saturday from an interesting and profitable cattle feeding tour of Arizona and California by train with 200 other West Texans interested in livestock feeding. The trip was sponsored by West Texas Chamber of Commerce.

Mr. Griffin points out a few of the factors of special interest to feeders and prospective feeders in this area.

The group visited feed lots in the area of Phoenix, Arizona, and Imperial Valley, El Centro, and the San Joaquin Valley, Bakersfield, Calif.

All sizes and types of feeding programs were visited, most of which had been in operation a number of years.

Two farm feeding operations were visited that utilized feed produced on the farm plus milo, cottonseed meal and cottonseed hulls. The milo feed was purchased part of the time from West Texas. The meal and hulls were purchased locally.

Mr. Griffin said the California nutritionist declared they never wanted to feed more than 50 percent milo.

The feed lot on the Paul Enns farm at Bakersfield had an investment of about \$30,000 in equipment, including lots and feed mill. The feed mill, estimated to have cost about \$10,000, could handle five tons of feed per hour. Mr. Enns was feeding 500 head and had future plans for increasing the size of the operation.

Morrison Brothers feed lot in Phoenix operated on a farm production program of 3,000 head. Feed mill and lots amounted to an investment of \$150,000.

Most rations were similar over the entire feeding tour. Differences were based on prices of feed and the availability of such feeds as potatoes and carrots.

Basic rations were:
Starter Ration
 30% concentrates.
 47% roughage.
 3% vitamin mineral salt.
 8% protein.
 10% urea and molasses.
 2% fat.

Intermediate Rations
 50% concentrates.
 32% roughage.
 3% vitamin mineral salt.
 6% protein.
 7% urea and molasses.
 2% fat.

Finish Rations
 80% concentrates.
 6% roughage.
 3% vitamin mineral salts.
 5% protein.
 4% urea and molasses.
 2% fat.

To these rations, mineral calcium and phosphorus, trace mineral, 10 milligrams hormone, 20,000 units of vitamin A per head per day, vitamin B1, antibiotics, and tranquilizers are used when needed.

Trough space per animal varied from six inches to two feet, depending on size of feeding operation.

Several of the large feed lots feed about 50 percent on a custom basis and 50 percent of their own cattle.

Cattle on feed were shipped to the lots from Texas, Mexico, New Mexico, Colorado, Florida, and Louisiana.

Most of the cattle start on feed at 400 to 500 pounds and are finished at 950 to 1050 pounds. Feeding periods ranged from 110 days to 200 days.

Troop 401
 First we had refreshments served by Joan Connolly and Sharmon Thuren. Then we elected new officers. The officers are chairman, Betty Owen; secretary, Vicky Owens; treasurer, Julie Robinson; reporter, Karen Glenn. Then we picked for refreshments next week. Kay Huey will bring drinks, and Dean Verner will bring cookies. Then we got ready for making jewelry boxes. We made the jewelry boxes out of macaroni, glue, and a cigar box. Then we made our Brownie pin and sang our Brownie song. Reporter, Karen Glenn.

Mrs. W. M. Harris is a medical patient in Tahoka Hospital, having been admitted Thursday of last week.

Society & Club Blanchard . . .

JAN BROWN

Rainbows Install New Officers

Miss Jan Brown, daughter of Mr. and Mrs. J. E. Brown, will be installed as Worthy Advisor of the Tahoka Rainbow Assembly at services Saturday, Jan. 27, at 7:30 p. m. in the Masonic Hall.

A senior in Tahoka High School, Miss Brown has chosen "Service" as her theme and orchid and silver as her colors.

Others to be installed include Bonnie Hale, Worthy Associate Advisor; Janis Gattis, Charity; Billie Smith, Hope; Sarah Wells, Faith; Linda Thomas, recorder; Cynthia Parker, treasurer; Sue Walker, chaplain; Marla Bray, musician; Marian Milliken, choir director; Barbara Orr, drill leader; Linda Hale, Love; Lacey Walker, Religion; Jill Edwards, Nature; Paige Verner, Immortality; Frances Willhoit, Fidelity; Pat Sartain, Patriotism; Sanda Reid, Service; Vivian Short, confidential observer; Sharon Patterson, outer observer; and Jane Morehead, Mother Advisor.

The installing officers will be Sue Walker, Worthy Advisor; Vicky Hamilton, Marshal; Mrs. Ned Young, Chaplain; Vesta Johnson, recorder; and Patricia Sikes, musician.

Mrs. E. W. Patterson will sing "My Task" accompanied by Patricia Sikes.

The public is cordially invited to attend the ceremony.

Shower Is Given For Sunny Gibson

Miss Sunny Sue Gibson, bride-elect of Homer Dan Vaughn of O'Donnell, was honored with a bridal shower in the home of Mrs. Truett Smith Saturday from 3:00 to 5:00 p. m.

About 60 guests registered and were served from a table covered with a white net cloth centered with an arrangement of aqua carnations. Friends of Miss Gibson assisted with hospitalities.

Hostesses were Mmes. Smith, Emil Prohl, Calloway Huffaker, H. W. Carter, W. W. Hagood, Roy Edwards, Roger Bell, and George M. Reid.

Mrs. Dallas Vaughn, mother of the prospective bridegroom, Mrs. R. H. Gibson, mother of the honoree, Miss Gibson and Mrs. Smith composed the receiving line.

The couple will be married on March 24.

Spears Is Speaker At Honor Society

The National Honor Society met in the homemaking cottage Monday night. The first semester honor roll students were guests.

Supt. Otis Spears spoke to the group on "High Standards of N. H. S." He brought out the fact that N. H. S. members are selected not only because of scholarship, but also on the basis of character, service and leadership. He urged the younger honor roll students to keep their standards high in all these areas.

During the business meeting plans for the Career Conference were discussed.

Carol Jean Allen and Vesta Dudgeon were hostesses.

N. B. Garcia was admitted to Tahoka Hospital Friday, where he is a medical patient.

Mrs. Mable Mitchell was an overnight medical patient in Tahoka Hospital Monday.

(Continued from Page 1)
 qualify me for this most important office; that today I announce my candidacy for the Texas Senate representing the 28th Senatorial District. As many of you recall, I have said many times that if my friend, Preston Smith ever left the Senate, I would be a candidate for that office.

I feel that the people of this district have a right to know the principles upon which I base my candidacy.

I believe, first of all, that Texas cannot continue to operate efficiently until the budget is balanced. For the past six years, our expenditures have been exceeding our revenues. I will continue to work for fiscal responsibility or more simply, I will work to see that Texas does not have to give "hot checks" to pay its obligations.

Many folks talk about economy, but apparently few do anything about it. As a member, I supported legislation to improve efficiency in state agencies, and to make them economical. I found abuses in welfare payments to mothers of many illegitimate children who refused to work or marry. Instances of 8 to 10 illegitimate children, by 8 to 10 different men were found and these women were costing the people untold thousands of dollars, by receiving large checks from the welfare department. The welfare department has taken steps to remedy this costly practice. Vigilance must be maintained to seek similar practices in other state agencies and halt them, thus effecting savings to the taxpayers.

I believe that vigorous investigations which disclose evidence of fraud, such as occurred in our insurance industry when Ben Jack Cage was operating, vice and organized crime, such as in Beaumont, Port Arthur, and Amarillo, and official misconduct of elected officials, such as Randall County Judge, Roy Joe Stevens, are vital to all people in Texas. I was privileged to serve as Chairman and vice-chairman of the committees which made these disclosures to the people. I would propose an active and hard-hitting Senate Committee to expose such practices wherever they occur within the state as a warning that such activities will not be tolerated.

I favor numerous tax reforms for this state. Our tax structure should be streamlined to remove inequities so that it will be less burdensome upon the consumer and easier for the merchant to enforce and collect.

Water conservation has been and will continue to be one of the most important fields of my endeavor.

Because of my interest in this most important economic area, I accepted employment in 1961 to go to Austin and work for the passage of a bill designed to prevent the pollution of underground water by requiring all water well drillers to be registered with the state and to require that a log be filed by the driller on every well that is drilled in the state of Texas. In addition to being the only feasible means of cataloging vital information on Texas underground water, this bill will save the state thousands of dollars previously required to purchase water well logs. Because of its merit, this bill passed both houses by an overwhelming majority.

Reforms in insurance, traffic safety, and penal laws will be urged and supported by me.

Many other issues will be developed in the months ahead which I will discuss with you. I want and need your views, advice and help to the end that a sound program can be adopted.

So if you believe that we should restore fiscal stability to our state; if you believe that we should operate with economy, stability and efficiency in our welfare agencies; if you believe we should actively work for the removal of official misconduct, crime and vice in Texas; if you believe in working for sound and equitable revision of our tax statutes and if you believe in continued work for progress of the important areas of soil and water conservation and our farm to market road systems, then join with me in this campaign, give me your advice and ideas and let's make the coming election a real people's victory.

MARSHALL FORMBY

Formby Enters Governor Race

Calling for a return of the Government to the people of Texas, Marshall Formby, Wednesday made his formal announcement for Governor in the Democratic Primary. Formby made his announcement from McAllen, in the Valley, where he was guest of honor at an appreciation dinner. Recently, the highway through the Valley was named the "Marshall Formby Valley Expressway."

Formby is a former County Judge; former State Senator; and a former member and Chairman of the Texas Highway Commission. He is a strong advocate of the State Farm-to-Market Road System.

"Texans are demanding a more positive, progressive state administration, headed by a Governor who is not obligated to any cliques in either Washington or Austin. People are tired of the bickering and fussing among elected executives in Austin and they want a

The News

Congratulations:

Mr. and Mrs. Frank Martinez, route 3, Post on the birth of a son at 2:23 a. m. Wednesday in Tahoka Hospital. Weighing six pounds, eight ounces, he has been named Anselmo.

Every man's ability may be strengthened or increased by culture.—John Abbot.

new leader—but one who will not be dictated to from Washington." Formby said in his announcement.

"Furthermore, the State needs a good solid businessman approach to solve the State's economic problems. I propose to bring sensible and logical leadership to the Governor's office when I am elected."

Formby's platform includes favoring a simplified tax system; amending the so-called unfair merit car insurance ruling; increasing the speed limit to 70 miles per hour on 4-lane divided highways in rural areas and then strict enforcement; solving the State's water and soil conservation problems; less red tape for small businessmen and farmers; and, operating Texas on a cash basis. He favors greater consideration for the State's senior citizens.

Formby lives at Plainview. He was born in Hopkins County. He is a practicing attorney, farmer and co-owner of four Texas radio stations.

Renew now for the Lubbock Avalanche and Journal and the Fort Worth Star-Telegram at The News.

Who Are THE LUTHERANS?

Early in the 16th century, there was only one Protestant in the world. He was Martin Luther—a Roman Catholic priest, scholar and theologian.

Through years of inner agony—long days and nights of Bible study—intensive comparison of the theologians—Luther had come face-to-face with the painful fact: 13 centuries had gradually changed the historical church into something radically different from that which had been founded when God came to earth and died on a hill called Calvary.

Luther's open "protest" began when he nailed the Ninety-Five Theses to the church door in the little university town of Wittenberg, Germany, on October 31, 1517.

Less than 50 years later, the Lutheran rediscovery of New Testament Christianity had touched the whole western world and was flourishing across most of northern Europe.

Today, it is the faith of 70 to 90 million people. No one knows exactly how many they number—because once again millions of Lutherans are martyrs, this time behind the Iron Curtain.

The "Mother Church of Protestantism" is by far the largest of all Protestant churches. She includes more than one-third of all the Protestants in the world. You, too, may wish to learn more of her faith and life.

If you have no church affiliation, you are cordially invited to learn more of the Lutheran Church as a guest at our SPECIAL BIBLE CLASS IN TAHOKA every SUNDAY at 5:00 p. m. in the W.O.W. Hall. There will be a Bible lesson for children and adults so bring the whole family.

Officers Installed By Local Lodges

Oddfellows and Rebekah Lodge held a joint public installation Saturday evening in the City Legion building.

Woodrow Brewer, assisted by Jessie Grimes, district deputy from Lamesa, was installing officer and installed the following in Rebekah Lodge No. 209:

Noble Grand, Mary Beckham; R.S.N.G., Kelly Massey; L.S.N.G., Hannah Nordyke; Vice Grand, Wilma Mae Childress; R.S.V.G., Maurine McClellan; L.S.V.G., Leona Waldrip; recording secretary, Ollie Pendleton; financial secretary, Kelly Massey; treasurer, Evelyn Burr; Conductor, Ruth Benson; Warden, Lucy Brice; Junior Past Noble Grand, Louise Wyatt; R. S. P. N. G., Corene Izzard; L. S. P. N. G., Blanche Burroughs; Chaplain, Audrey Akins; R. S. C., Lou Rusk; L. S. C., Dale Singleton; Musician, Eulalia Richardson; Inside Guardian, Helen Maret; Outside Guard-

MISS DARLENE LOWREY

New Home Couple Plan Marriage

Mr. and Mrs. Oscar Lowrey of New Home announce the engagement and approaching marriage of their daughter, Darlene, to Clarence Nieman, son of Mr. and Mrs. W. G. Nieman of New Home.

The couple are members of the senior class at New Home High School and plan a June wedding.

ian, Cleatis Freeman.

Louise Wyatt, outgoing Noble Grand, was presented a Past Noble Grand pin and a crystal salad bowl for her loyal service.

Officers installed by the men for the Oddfellows Lodge include the following:

Noble Grand, C. W. (Buster) Burr; R.S.N.G., Audrey McKee; L.S.N.G., J. O. Freeman; Vice Grand, Floyd Reece; R.S.V.G., Dick Reynolds; L.S.V.G., H. W. Benson; Chaplain, Bert Stice; Warden, Jack Reynolds; Conductor, Roy Askew; R.S.S., Slim Elliott; L.S.S., Jack Hoskins; secretary, W. W. Brazil; treasurer, Charlie Beckham; Inside Guardian, Joe Beckham; Outside Guardian, C. E. McClellan; Past Noble Grand, Ray Hopkins.

Guests attended the event from Lubbock, Lamesa and Brownfield

New H. D. Club Organized Here

The Young Homemakers Home Demonstration Club was organized at a meeting Tuesday at 2:30 p. m. in the Lynteger building when Mrs. Connie Anderson, agent, explained the intent and purpose of such an organization.

Officers of the new unit include Patsy Dunlap, president; Joanne B. Hammonds, vice president; Gwen Seales, secretary-treasurer; Donna Redwine, counsel delegate; Shirley McCutchen, counsel alternate; Gerald Deane Wood, reporter.

The new president appointed committee chairmen and include Mrs. Hammonds, finance chairman; Jane Roberts, yearbook; Kathy Dorman, education expansion and exhibits; Sharon Terry, recreation; and Delores Henry, 4-H Clubs.

The group will meet the first Thursday of each month beginning in March, but will meet Feb. 5 in the home of Mrs. Seales at 2024 Lockwood.

New members are urged to join the organization and those interested may contact Mrs. Anderson or Mrs. Dorman.

Weather Fails To Stop Draw H. D.

The Draw Home Demonstration Club has had two meetings this month.

The first meeting was held Jan. 9 at the home of Mrs. A. R. Hensley in five degree weather with five members and the agent, Mrs. Connie Anderson, present. Mrs. Anderson cooked a one-dish meal.

The second meeting was with Mrs. G. C. Watson when Mrs. Hensley presented the program on "Rights of Married Women in Texas." The group had a business meeting, paid their THDA dues, scholarship, and for its yearbooks. Seven members were present.

The group also held a tea and collected money for the March of Dimes.

Honor Bride-Elect With Shower

(Mrs. Jesse A. Ward)
Mrs. Hubert Taylor honored Miss Donna Henderson, bride-elect of Don Basinger, with a bridal shower in her home Wednesday afternoon of last week.

The serving table was laid with a white satin cloth covered with a white net overskirt. Centerpiece was an umbrella covered with flowers and packages underneath. Cake and spiced tea were served to the 36 guests. Co-hostesses assisting Mrs. Taylor were Meses Earl Lancaster, Jack Myers, Weldon McGehee, Clovis Robinson, J. Melcher, F. W. Calloway, D. D. Pennell, Herman Klesel, and Merle Sales. Hostess gift was a bedspread.

Mrs. Clara Crossno of Bristol, Tenn., twin sister of Mrs. C. A. Powell, is here visiting in the H. B. McCord, Jr. home.

Have News? Phone 998-4888.

MISS DONNA SMITH

Miss Donna Smith Plans Marriage

Mr. and Mrs. Floyd Smith of New Home announce the engagement and forthcoming marriage of their daughter, Donna Lanette, to Bobby Dean Bevers, son of Mr. and Mrs. G. C. Bevers of Ropesville.

Miss Smith is a senior at New Home High School and the prospective bridegroom is a senior at Ropes High School.

The couple will be married in June.

Jayce-Ettes Hold Barbecue Dinner

Tahoka Jayce-Ettes met Jan. 23 in the WOW Hall when the losers of the membership drive treated the winners to a barbecue dinner.

Ten members attended and played games, including Kathy Dorman, Pat Hall, Ima Pool, Dorothy Craig, Mickey Gribble, Tola Wilson, Janie McMillan, Onieta Evans, Joan Hamm and Cecile Henry.

Sam, Susan and Sarah Howell of Midland visited their grandparents, Mr. and Mrs. Belton Howell from Thursday until Sunday last week while their parents, Mr. and Mrs. Wade Howell, attended an engineering convention in Austin.

Today's MEDITATION from The World's Most Widely Used Devotional Guide

The Upper Room

Read II Corinthians 1: 18-24
All the promises of God find their Yes in him. That is why we utter the Amen through him, to the glory of God. (II Corinthians 1:20. RSV.)

My grandmother used to mark with pencil the promises of God in the Bible. Thus she nourished her soul on His sure Word.

My mother, who also loved her Bible, had a "Promise Box." This consisted of tiny rolls of stiff paper, each containing some promise from God's Word. Each morning she would take out a promise. When I visited her, I would sometimes be offered the box from which to draw a promise. I can testify from the experience of both of us how often the words we read were timely and relevant to our need.

How blessed to depend upon God's promises in the Bible which are never reversed and which never fail! Our souls need them, if we are to keep spiritually strong—just as our bodies need daily food. John Wesley once described the gospel as one great promise—as indeed it is.

PRAYER: O God, who has made such great and precious promises to all who believe Thy Word, help us by daily trust in Thee to prove them in our own experience. May we know that whatever may befall us, Thy promises are ever faithful, ever sure; through Christ our Lord. Amen.

THOUGHT FOR THE DAY: God's Word is ever timely, always relevant to our need. — H. Cecil Pawson (England).

Auditor Inspects Credit Union Books

C. H. Voisin, auditor of the Federal Credit Union, was in Tahoka Tuesday and met with the officers of the Lynco Federal Credit Union of which Miss Lois Montgomery is president.

Voisin reported that he found the operations of the union, of which Lynn county school employees are members, in good condition. He complimented the efficient work of J. P. Hewlett, treasurer, and the committee members, Clifton Gardner, J. B. Howell, and Jake Jacobs.

Net earnings on shares in the

union this year were six percent. Just recently a four percent dividend was paid to share holders and the remainder of the earnings are retained in a reserve fund.

CARD OF THANKS

We wish to express our sincere appreciation to everyone who sent flowers, cards, food, and for your many acts of kindness during the loss of our daughter and sister. You will never be forgotten. God bless each of you.—Mrs. C. A. Powell and family, Mr. and Mrs. H. B. McCord, Jr. and family. 11p

The Baptist Faith And Message

(Articles of faith adopted by the Southern Baptist Convention in 1925.)

IV. THE WAY OF SALVATION

The salvation of sinners is wholly of grace, through the mediatorial office of the Son of God, who by the Holy Spirit was born of the Virgin Mary and took upon him our nature, yet without sin; honored the divine law by his personal obedience and made atonement for our sins by his death. Being risen from the dead, he is now enthroned in Heaven, and, uniting in his person the tenderest sympathies with divine perfection, he is in every way qualified to be a compassionate and all-sufficient Saviour.

Col. 1:21-22; Eph. 1:7-10; Gal. 2:19-20; Gal. 3:13; Rom. 1:4; Eph. 1:20-23; Matt. 1:21-25; Luke 1:35; 2:11; Rom. 3:25.

Pastor T. James Efrid of First Baptist Church will discuss this subject in radio messages each day next week at 9:00 A. M. on the church's local station broadcasting at 11:00 K.C.

A "SPECIAL REPORT" by Maj. Gen. William W. Quinn, Army's chief of information, is filmed by U.S. Army Photographers in a motion picture studio in the Pentagon, Washington, D. C. The "Special Report" is being prepared for a U.S. Army Air Defense Command Information Officers' conference at Colorado Springs, Colorado.

Cotton Variety Is Very Important

College Station — Several dozen named cotton varieties are offered for sale in Texas, and the cotton producer's success may be greatly influenced by the variety he selects.

To provide the producer with information that will help him make the best choice, the Texas Agricultural Experiment Station has been actively engaged in the testing of cotton varieties for the past 60 years. A recently released bulletin, the fourth in a series of 3-year summaries, summarizes the data obtained from tests conducted during 1957-59.

Because of the great diversity of soil types, climate and production practices in Texas, variety test sites have been established in practically all land resource areas of the state. The entries included in the various tests differed from year to year, although certain designated varieties were included in all years to provide a consistent basis for comparison.

Data reported in the new bulletin, B-983 "Performance of Cotton Varieties in Texas," include yield of lint per acre, lint percentage, boll size, staple length and fiber fineness.

In order to present a comprehensive summary of varietal performance, the data have been sum-

Farm Facts

Poultry meat makes up about 18% of all the meat, poultry, and fish we eat, according to the Economic Research Service, U. S. Department of Agriculture.

Poultry accounted for only about 11% of the total in 1940. Consumption of poultry doubled between 1940 and 1960 and it looks like it will continue to increase. We are now consuming about 38 pounds of chicken and turkey per person.

Tremendous growth in commercial broiler production has been accountable for a major share of the postwar increase in the poultry meat supply. Broilers, in fact, account for 80% of the per capita consumption of chicken. Consumption of "farm" chickens has dropped proportionately. These are the by-product fowl and cockerles incidental to egg production.

In 1947, per capita consumption of chickens was about 21 pounds, 13 pounds of which were supplied by

marized for various cotton production areas in Texas. These areas are closely related to the land resource areas of the state, although certain production areas have been combined. The area summaries include only those varieties which were grown at all locations.

For a complete report on these tests, see your local county agent and request a copy of this bulletin. Ask for it by name and number. It is also available from the Agricultural Information Office, College Station, Texas.

Miss Echo Milliken was released from a Lubbock hospital Thursday of last week after undergoing surgery on Tuesday on her ear. She was reported to be doing fine.

Marvin Wood, who has been ill with pneumonia at his home in Tahoka since Thursday of last week, is reported to be some improved.

Crop Rotation Controls Disease

College Station — Methods of disease control in crops have been getting fancier and fancier in recent years, but the practice of crop rotation is still one of the most effective, says Harlan Smith, extension plant pathologist.

Continuous cropping of the same field with the same or close-

ly related crops year after year will result in increased plant disease troubles, Smith points out. A disease of only slight importance the first year may carry over in the soil and become more serious each succeeding year.

Many disease organisms, such as those causing downy mildew, wheat dust and tomato or potato late blight, are wind-borne. Others are carried on or in the seed. All of these diseases may occur on new land. After a disease organism is introduced into a new field it may linger until the infection finally reaches serious proportions. Corn smut is a good example of a fungus that is carried to a new field by wind-borne spores, and then survives in the soil for several seasons.

Newly cleared woodland or recently plowed grassland is usually as free of soil-inhabiting plant disease organisms as any land that can be found. Smith says farmers and ranchers should make every effort to keep such soil disease-free.

A plant disease already established in a field often can be avoided by planting a crop that is not susceptible to that disease, Smith advises. Farmers should learn to recognize diseases, and, when they occur, should plant a different or resistant crop for several seasons. Some disease organisms may live in the soil for years, even when a susceptible crop is not grown. Others, can be controlled after the land is planted to non-susceptible crops for only a few seasons.

speaker at club meetings. He was formerly head of the Gulf Oil Refinery in Sweetwater, and was postmaster at the time of his death. In 1944, he was honored as Sweetwater's most valuable citizen, headed the Buffalo Trails District Boy Scout Council, and served in many other positions with distinction. He is survived by his wife, a son, and a daughter.

Bobby Carroll of New Home was released from Tahoka Hospital Tuesday following an appendectomy last week.

SPORTS

Football Slate Complete For '62

The 1962 football schedule for the Tahoka Bulldogs has been announced. Next year Tahoka athletic teams will compete in Class 5-A, having dropped to that class from 3-AA because of lack of enough scholastics in high school.

For participation in Class AA under Texas Interscholastic League rules, a school must have 200 or more students registered in high school for two consecutive years. Tahoka was unable to maintain that number the past two years and this year has been unable to attain 200 students, with 194 students registered.

Tahoka will compete in District 5A with Plains, Wink, O'Donnell, Sundown and Seagraves next year. In fact, because of the two-year ruling, it will be the school year of 1964-65 before Tahoka can get back into Class AA and only then if 200 or more students register the next two years.

A new ruling by the League recently caused the change. Previously a school, whose scholastics had dropped below the minimum, could stay in the same class if other schools in the district voted them "in." Now the rules say this is no longer allowed. Tahoka had stayed in Class AA on several occasions because of such a voting in the district.

The Bulldogs will meet several old foes in the new district and will continue to play others in non-conference games.

- Sept. 7—At Frenship.
- Sept. 14—Crosbyton
- Sept. 21—At Slaton
- Sept. 28—At Jdalou
- Oct. 5—Ralls
- Oct. 12—Open
- *Oct. 19—At Plains
- *Oct. 26—Wink
- *Nov. 2—At O'Donnell
- *Nov. 9—Sundown
- *Nov. 16—Seagraves.
- *Conference games

Tahoka Splits With Stanton

Tahoka split two varsity games with Stanton here last Friday night and lost a "B" boys game.

The Bulldogs took a 65-38 swamping at the hands of the visitors but the girls won their second conference game 39-32. The "B" team lost in a high scoring battle 59-48.

Stanton took an early lead, which they held throughout the game. Quarter scores were 13-5, 31-17, and 48-26. The Bulldogs could never get started and were unable to hit the basket. McReynolds led the winners with 18 points while Jim Sale added 13 and Buddy Gaspie 11. Craig Leslie scored 16 for Tahoka.

Leading 18-15 at halftime, Tahoka girls controlled the ball game even though the score remained fairly close. Judy Thomas led the winners with 17 points, although the strength of the entire squad was too much for the visitors. The losers' Francis Gray scored 29 of her team's points.

Ronald Hartsell and Mike Hall each made 17 points in the "B" game, but the Bulldogs were fighting hard behind the scoring of Terry Harvick's 14 and Allen Cox's 11.

Tahoka Juniors Split With Post

Tahoka won the seventh and eighth grade boys games and Post took the girls games Thursday night of last week there.

The eighth grade boys won 25-15 after leading at halftime 11-9. Frankie Stanley scored nine points, Larry Jolly eight, and Stanley Renfro seven.

Seventh grade boys' margin was 30-22 at the end of the game, with halftime score standing at 19-13. Mitchell Williams scored 12 points while Milton Miller and Raymond Chapa made six each.

Eighth grade girls lost by a close 23-19. Mary Ellen Wyatt led Tahoka with eight points and Joy Thomas added six. Half time saw the local team in front 14-12, but was unable to keep up its scoring power in the second half.

The Post seventh grade girls took an 11-7 victory, after posting a 6-4 halftime lead. Chloia Jan Huffaker scored three points for Tahoka and Sue Woodall and Jill Edwards two each.

Bulldogs Take Plains Cowboys

Tahoka Bulldogs came out of the dumps Tuesday night to overwhelm Plains 56-32 in one of the local team's better basketball games of the year.

Good rebounding and smooth ball handling were decisive factors in the victory. The Bulldogs were out in front 14-8 at the end of the first quarter, 24-13 at half-time, and 40-22 at the end of the third.

Perry Flippin scored 16 points and Craig Leslie hit the basket for 12. J. B. Wilson was high point man for the losers with 11 tallies. The "B" game was lost to the visitors in a high scoring battle for the young boys, 62-43. The score was tied 11-11 at the end of the first quarter and Plains pulled ahead 25-20 at half time. However, in the second half the winners scored 37 points while Tahoka made 23.

High point man for Plains was Faires with 13. Harris and B. Hampton each made 11. Terry Harvick and Allen Cox paced the local team with 11 and 10 points, respectively.

Tahoka Plays At Post Tonight

Tahoka goes to Post tonight for their fourth conference battle with the boys still looking for their first district victory. The girls have won two district games and lost none, since only four of the five contenders have girls teams. Varsity boys and girls and "B" girls begin games there at 5:30 p. m.

When the Bulldogs travel to Slaton for games played by the same teams at 5:30 p. m. Tuesday, they will be entering the second half of conference play.

Monday night junior games were cancelled because of bad weather, but were playing Frenship seventh and eighth grade girls and boys here Thursday night. On Monday night the teams play Slaton here beginning at 5:30 p. m.

Football Letter Jackets Arrive

Football letter jackets for the varsity and "B" teams arrived here last Friday and were presented team members in an assembly Friday afternoon.

Making the presentations were Coaches J. D. Atwell and Jerry Brown.

The new jackets are dark blue leather sleeves with a lighter blue wool body.

CARD OF THANKS

I would like to thank everyone for all the nice things you did for me while I was in the hospital. Thank you for the nice flowers, the cards and gifts. A special thanks to the ladies who brought me my lunch each day after I came home.—Bethel Brown. 1tc

Mrs. Jack Adams, a medical patient in Tahoka Hospital for about a week, was dismissed Tuesday.

Pendleton ...

(Continued from Page 1) student council for four years. He was recognized for his leadership in Who's Who. He was active in athletics and served as captain of the football, basketball and tennis teams. Randy served as class president for two years and as vice-president and president of the student council. He was a four year honor student while attending Andrews High School.

Pendleton is an active member of the First Baptist Church. He is married and has two children. His wife, Frances, holds a bachelors degree in elementary education from Texas Tech. Randy is the son of G. H. Pendleton and the son-in-law of Henry F. Guillot, County Attorney of Andrews. He has been employed by the office of Cloverlake Dairy Foods for the past three years while working his way through college. Because of limited time and finances, Randy was compelled to take a passive part in extra-curricular activities while attending Tech. He has earned his college education and knows the sacrifices and values of such an education.

In his statement of announcement, Pendleton said, "I believe the office of State Representative requires and demands much time and great effort. I have the time and am willing to put forth the effort. If elected I will assure Lynn County and the member counties of the 75th Representative District fair and just representation in a vigorous and efficient manner." A vote for Randy Pendleton is a vote for better government.

HORSE HURTS YOUTH

Billy Miller, son of Police Chief and Mrs. Jack Miller, received a severe sprain and torn ligaments in an ankle Sunday when a horse he was riding fell with him.

Mrs. Zella McCoy was released from Tahoka Hospital Monday, where she had been a medical patient several days.

Functions Of U. S. Supreme Court Are Outlined In Talk By Mrs. T. Smith

Mrs. Truett Smith, wife of the 106th District Judge, discussed the U. S. Supreme Court and its functions at Tahoka Rotary Club last Thursday.

"The Supreme Court was the only court specifically provided for in the U. S. Constitution," was set up in 1789, and had nine members, a chief justice and eight associate justices. The Court interprets the Constitution and applies it to cases coming before it. The Constitution means what these men say it means.

Members are appointed by the President, approved by the senate, and hold office for life, or until retirement. Members draw \$35,000 per year salary, the Chief Justice an additional \$500. After ten years of service, a member may retire at 70 on full salary; or at 65 with 15 years service.

Strange enough, the Constitution sets up no standards of qualifications. Members can be impeached by Congress.

She described the types of cases that may be carried to the Supreme Court, and declared that about 1,800 cases a year go to the court. However, the body acts on only about 100 cases a year because the court agrees with the lower court decision, the cases are not pertinent, and for other reasons. Cases coming before the Court usually involve constitutionality, but no matter how trivial a case may seem action may be tak-

en. These range from cases involving as little as \$2.00 to the question of whether a man can be bought and sold.

A visit to the Supreme Court chambers is interesting and impressive, for the ultimate in dignity and decorum is ever maintained.

Wisdom of the court is sometimes questioned, but usually the Court has not been seriously questioned.

Some of the decisions that have been questioned include the famed "Dred Scott Decision" that had an influence in starting the Civil War; declaring the old NRA unconstitutional, resulting in President Franklin D. Roosevelt's attempt to "pack" the Court to get his way; the right of states to say who may practice in the courts; the right to fire Communists in our schools; exposure of subversives; integration; and the right of the Court to "read law into rulings."

But, by and large, the Court has long been highly respected. The only way a decision of the Court may be over-ridden is to amend the Constitution. The Court is an important cog in our system of checks and balances—along with the Congress and the Executive branches of government.

She said the Court has never been touched by corruption. Some think, however, she declared, that public opinion may have influenced the Court recently to rule that Communists in our country be required to register.

She cautioned citizens to inform themselves and vote, know what we are voting for and who we are voting for.

Rev. J. B. Thompson, in charge of the program, introduced the speaker.

Student guests Charley Holland and Jimmy Dulin were introduced by E. L. Short and Leighton Knox.

Miss Lynnetta Cain, club sweetheart, thanked the club for the Christmas gift recently presented to her.

President Skiles Thomas announced that new directors will be elected Thursday of next week and that Tom Gill had applied for "senior active" service.

The Lynn County News

TAHOKA, TEXAS

"Heart of the South Plains"

FRIDAY, JANUARY 26, 1961

Mrs. U. S. Savings Bonds of 1962

Blonde, blue-eyed Mrs. Emily Terrall, of St. Helens, Oregon, is the new "Mrs. United States Savings Bonds of 1962." As a Treasury volunteer Goodwill Ambassador, she will tour the nation during the coming year in the promotion of Savings Bonds. The 37-year-old housewife won the title from among 51 state contestants for the "Mrs. America" title in competition just closed at Fort Lauderdale, Fla., where she appeared as "Mrs. Oregon." The Terrall family is no stranger to Savings Bonds. Husband of the new "Mrs. Savings Bonds" is an industrial engineer, and buys bonds regularly on the Payroll Savings Plan. Mrs. Terrall, an alumna of the University of Washington, has been active in the PTA-sponsored school stamp program. And needless to say, their three sons—aged 7, 9 and 12—are all avid stamp buyers. Mrs. Terrall is the fifth winner of the "Mrs. Savings Bonds" title. She succeeds Mrs. Vivian Ackerman, of Tucson, Arizona.

assessor and collector, was present and swore in all Rotarians present as deputy collectors to sell poll tax receipts. H. B. McCord Jr. explained the purpose of the "gimmick" is to secure the highest percent possible of qualified voters.

Poll taxes may be secured from Rotarians, Tahoka Drug, McCord Motor Co., Piggly Wiggly, or Wynne Collier Drug, in addition to the regular places.

Mrs. Erma Hale Is Accident Victim

Mrs. Bill (Erma) Hale, formerly of Tahoka, was seriously injured recently when struck by a car on the highway and is still in a Carlsbad, New Mexico, hospital with a compound fracture of one of her legs.

She is a sister of Mrs. Dr. Emil Prohl and a sister-in-law of Deputy Sheriff Tom Hale.

Dr. Prohl says Erma and her husband, who work on a ranch near Carlsbad, had stopped to help some friends who had been involved in a car accident on a highway near that city. As Erma was getting out of her car, a passing car struck her and knocked her to the pavement, breaking her leg.

Although in serious condition for a while, she is reported to be recovering.

Bedmaking is easier when you miter corners of bed sheets hospital-fashion or use fitted muslin or percale sheets.

Dr. and Mrs. Skiles Thomas, Susan, Bill, Cliff and Carol spent last week end in Ruidoso, N. M. Susan, who is a student at SMU, was home between semesters. She and her roommate will spend the latter part of this week at a house party in Paris, Texas.

Cottons dipped in a light starch solution are less apt to soil—and stains wash out readily. Try it for tablecloths and play clothes.

Semester Honor Roll Released

The semester average honor roll in Tahoka High School has been announced by Principal Clifton Gardner.

Seniors, all A's, Carol Jean Allen, Jan Brown, Elayne Buchanan, Fred Hegi; one B, Donna Copelin, Perry Flippin, Jerry Pebsworth, Sue Walker.

Juniors, all A's, Patricia Hammonds; one B, Carolyn Howard, Craig Leslie, Larry Price, Brooksie Reece, Tony Spruiell, Jerre Ann Wyatt.

Sophomores, all A's, Allen Cox, Janice Gattis; one B, Steve Greer, Townes Walker.

Freshmen, all A's, Dixie Ashcraft, Jean Flippin, Karen Laws; one B, Jim Crawford, Joyce Huey, Betty Kuwaski, Margaret Miller, Janet Whitaker.

Eighth grade, all A's Ralph

Brock, Linda Dotson, Stella Howler; one B, Robert Adams, John Hufferaker.

PLANNING A TRIP?

If so, remember to practice good outdoor manners wherever you are. Take pride in your country... and don't leave a trail of litter behind you for others to clean up. Don't be a Litterbug! Keep America beautiful!

"It is not how much we have, but how much we enjoy what we have that makes us happy."—Rae Cross.

Printer's Ink-ings . . .

By F. P. H.

Remember, it hasn't been too many months since Mr. Kennedy was promising he could reduce the cost of government?

He now seeks a \$92.5 billion budget, or \$3.5 billion above the current budget. The budget wasn't balanced this year, or last year, and but three times in the last 30 years. But, the President thinks he can balance it next year.

A news commentator on TV last Saturday declared, "It is not necessary to pay the national debt. It will never be paid. Anyway, we owe it to ourselves." This is only partially true. Our debt of nearly \$300 billion is money borrowed in good faith from individuals, corporations, banks, through Savings Bonds, some even from little old Switzerland, and a lot questionably borrowed from Social Security and other funds. Right now, according to the government's own figures, about 10 cents of every dollar collected from all sources, income taxes, corporation and excise taxes, goes for interest alone. Pretty soon, if the government doesn't get on a sound pay-as-you-go fiscal basis, this interest on the national debt will get burdensome—if it has not already.

Ten percent would be a mighty good profit in our business. We'll bet even the First National Bank would like to make 10 percent. Anyway, ten percent of \$92 billion is more than the entire federal government was costing within the memory of a lot of citizens today.

A budget of \$92.5 billion means Lynn county's part will be \$514.00 per person (based on national average income) or a total of \$5.5 million dollars from this county's 10,800 people—a big slice out of our cotton crop. And we think our school, city, county and state taxes

are high! Why, they're just peanuts!

Just for fun, we got a sharp pencil and did a little figuring, since we haven't the slightest idea what a billion is, or a million, and only a vague idea of what a thousand is. We do know what a dollar is because we've crawled down a cotton row from "can-see to can't-see" for a dollar or less. We still work with our hands, even to sweeping out the shop on occasion.

We are pretty sure President Kennedy doesn't know what a dollar is because his dad is a multi-millionaire and the President inherited millions. We know Congressman George Mahon knows what a dollar is—or used to know—for he too, picked and hoed cotton and picked peanuts as a boy on his dad's farm down in a community neighboring one in which The Printer was raised. But, sometimes, we think maybe George has forgotten; for, if he hasn't, maybe he would push a little harder for economy in government, for elimination of waste by the military, for elimination of some of the frills in government, and some of the foolish foreign aid give-aways

Anyway, if our arithmetic has not gone stale, \$92.5 billion in one dollar bills, each six inches long, would reach around the world 3,545 times with quite a sum left over. If \$1,000 bills were laid end to end \$92.5 billion would reach around the world three times and more than \$16 billion would be left over. If every man, woman and child in Lynn county suddenly inherited \$8.6 million dollars each, the total wouldn't be as much as the Federal budget for one year. Shoot, we still don't know what a billion or a million is. But, we know one thing. The little people down in old Lynn will have to dig a little deeper in their pockets. There's nothing more certain than taxes and death. We're getting right back where the Pilgrims were the day they climbed aboard the Mayflower.

Another thing bothers us. Mr. Kennedy says there must be a reduction in the cost of the farm program (sounds like Benson). What makes us mad, Kennedy and Freeman, the same as Benson, include in the "cost of agriculture" such things as the school lunch program, expense of the Agriculture Department, foodstuffs and agricultural products sent other nations as foreign aid, and the expense of sending experts around the world, even to Communist countries, to teach them how to raise cotton, maize, wheat, and what-not, so these people may compete with American farmers. But, the administration wants more money for schools and to get control of education if possible, more money for the health program, and more money for just about everything else in the book except farming.

Here are some more "Gus Says" from the Graham Rotary Scandal Sheet: It's a pity someone can't invent some new sins, because the old ones are getting tiresome . . . Some of us old folks expect more respect than we deserve from our young folks . . . A lotta folks don't hear opportunity knock because they are too busy knocking opportunity . . . A lot of this juvenile delinquency would disappear if kids would follow their parent's advice instead of their example.

Lit Moore had the New Home Boy Scouts out last Friday on an overnight camp at "Stud Duck"

THE AMERICAN WAY

Off to the Moon!

lake when the blizzard hit. But, the boys had had a big pot of stew for supper, and were otherwise prepared for just such an occasion. But, some parents became worried Saturday morning during the snow and freezing mist and went to look for the boys. When some parents arrived at the camp, the boys were having a big time and declined the opportunity to go home. Lit says the boys are more hardy than some of their parents think.

Tahoka Garden Club is to be commended for the campaign it has launched to clean up the city and make it a more beautiful place in which to live. We've often thought, with just a little effort by all of us and expenditure of just a little bit of money, Tahoka could be made one of the cleanest and most attractive towns on the Plains.

A cleaner community is up to

COMMUNISM ADVANCES

(Claude News)
Do you fully realize what Red Russia has gained since World War II without firing a shot. Half a billion people have come under domination of the Soviets. The communists run an area outside the Soviet Union of 4,000,000 square miles. If you count Russia's 8,700,000 square miles, the Kremlin directly controls 20 per cent of the earth's land mass.

These take overs have been under such stooges as Sukarno, Castro, Cheddi Jagan and we, through constant "mistakes" in the State Department, our love for the United Nations and the constant braying of our so-called ultra-liberals, have helped no end in their conquest.

Can you wonder why we have so-called "extremists" today?

me and you! Don't throw litter on the street or sidewalk. Help keep Tahoka clean and beautiful!

Junior: "May I borrow your wallet, Pop, mine's empty!"

The teacher was instructing youngsters about coins. She took out a half dollar and laid it on the desk. "Can any of you tell me what it is?" she asked. "Tails," shouted a boy in the back of the room.

And, in a first grade phonics drill exercise, the teacher asked for words that begin with the "W" sound. An eager little hand went up; and in clear, musical tones, he sang out: "Double your pleasure, double your fun, with double good, double good, Doublemint gum."

Now—
Ford frees you forever from the expense and bother of frequent car servicing. Twice-a-year maintenance is here—and only the cars from Ford have it!

In a new Ford Galaxie or Fairlane, the odometer rolls off a long 6,000 miles between every service stop. Compare this with other '62 cars and here's what you'll find: many cars still have to check in for service every 1,000 miles; some every 2,000 miles; others every 4,000 miles. Only the cars from Ford need service only twice a year, or every 6,000 miles.

Fairlane, you don't have to drive with one eye on the odometer to make sure you're not forgetting an oil change or a grease job or other servicing. Ford's twice-a-year maintenance saves you time, saves you money. Just one stop every 6,000 miles takes care of servicing. You'll go 30,000 miles between major lubrications, 6,000 miles between oil changes and minor lubrications, 2 years or 30,000 miles without changing

engine coolant-antifreeze. Brakes adjust themselves. Why buy a service headache when Ford is ready with the cure? See your Ford Dealer—and see how close Ford has come to the fill-it-and-forget-it car!

Cotton Lint Yields High

College Station — The past year wasn't what cotton growers in many Texas counties would classify as a good one, but for the state as a whole, lint yields were the second highest on record, 348 pounds an acre. Thus, low yields in some areas were offset by record yields in others.

Fred Elliott, extension cotton specialist, in his 1961 annual report highlights some of the past year's achievements. He said the 7-Step Cotton Committees, working on all levels, continued to be a major factor in the progress made by the producers of the state's most important crop. Since the program, initiated 16 years ago by the Texas Agricultural Extension Service, has been operating, lint yields have climbed from 134 pounds an acre to 1961's 348 pounds. But perhaps of equal or even more importance have been the changes in production and harvesting, ginning and soil management practices.

The specialist reported that an estimated \$68 million plus was saved last year in harvest costs through the use of machines—33,089 stripper harvesters and 4,782 spindle pickers. Harvesting

machinery doesn't come cheap, the specialist said, as verified by the expenditure of over \$32 million in 1961 alone for new picking and stripping machines.

Growers saved another \$27.7 million in labor costs through the use of 50,605 rotary hoe equipped tractors and chemicals for weed and grass control. Spot-oiling of Johnson grass was used on approximately a quarter million acres of cotton in 163 counties and spot-spraying of the same pest with water carried chemicals was used on 136,700 acres. Lateral oiling saved up to \$25 an acre on hoe bills and was used on more than 86,000 acres in 75 counties.

Defoliant or desiccants were used on 61,555 farms in 170 counties to prepare cotton for machine harvesting. The use of moisture meters, a recent introduction, expanded rapidly and 136 were used in 41 counties as an aid in quality improvement.

Last year, county agents in 207 counties assisted producers with all phases of the 7-Step Program. County program building committees were also active in planning county work and emphasis in many counties was placed on the use of cotton burs for soil improvement and to reduce fire hazards. Burs were spread on 17,306 farms in 126 counties. A few years ago burs were commonly burned as waste. A ton of burs contains about \$7.50 worth of plant nutrients and their application has raised lint yields by as much as 25 percent.

A team of extension specialists—cotton, entomologist, cotton gin, and at times others—was used to carry educational information to the counties. The team conducted 157 meetings attended by 13,252 producers. County agents in their follow-up work held almost 2,100 meetings with an attendance of approximately 53,000. County agents and committees also enjoyed the cooperation of newspapers, radio and television stations for getting needed information to producers and supplied them with more than 2,100 stories, 2,250 radio and 39 television programs.

Cotton is still the state's most important crop and the progress made has materially aided the entire economy of Texas, the specialist concluded.

WASHINGTON AND
"SMALL BUSINESS"
By C. WILSON HARDER

If the wheat farmers of the United States for a whole year neither planted a single acre, nor harvested a single acre, there would still be in government storage an amount of wheat more than the entire crop for any year, with the exception of three bumper crop years, in the past thirty years.

That is just one of the startling facts brought out in the report issued by the Joint Committee on Reduction of Non-Essential Federal Expenditures headed by Senator Harry Byrd.

As of July 31, altogether the government had in stockpiles materials with a total acquisition cost of \$14½ billion dollars.

By far the largest share of this stockpile total is in surplus farm products, including items as honey, peanuts, grains, dairy products, cotton.

During the fiscal year ending on July 31, it had cost the taxpayers almost a half billion dollars for storage costs alone.

Thus, the taxpayers in one year had invested for them \$6 billion in surplus farm products, much of which is already spoiled from prolonged storage.

While \$6 billion may sound quite small alongside of other figures, it is equal to almost 15% of the total of \$41 billion that was withheld in 1960 from National Federation of Independent Business

employees pay checks for income and social security taxes. It is equal to almost one-third the entire income tax paid by corporations.

Or to state it in another way, this amount is almost equal to all federal tax collections from all tax sources for the Boston region which takes in all of New England.

There is enough butter in storage to give every U.S. household over four pounds.

There is enough dried milk that represented before drying, sufficient gallonage to give every household 15 quarts.

Obviously, there is no possibility of these surpluses being converted into cash. In fact, with each succeeding year, the amount of stored surplus farm products increases, thus increasing annual storage bill.

Throwing the surpluses on the open market at whatever price they could bring would also obviously wreck both the nation's farms and many business operations.

Yet every dime taken from the paycheck of every person in the entire state of Oregon, for example, for income and social security taxes, goes to pay for storage alone.

Thus, it appears it would be far better to burn the surpluses now and at least get rid of the storage costs. As it is now it is worse than throwing good money after bad. It is more like throwing good money on surpluses going bad.

Idea Bulletin On Decorating
College Station — Thinking of redecorating all or part of your home? If you are, you would do well to read a recent publication of the Texas Agricultural Extension Service. This bulletin, B-971, deals with the beautification of windows and glass walls, important parts of any room.

There are few set rules for window decoration, but window treatments should help control light and heat as well as enhance the beauty of the room in which they are used. Each window or group of windows challenges its owner to make it contribute to the comfort, utility, beauty and joy of the home.

How is this accomplished? By utilizing the basic art concepts of harmony, proportion, balance, rhythm and emphasis.

When choosing draperies, consider the room, proportions, exposure, view, walls, floors, furnishings, accessories and the amount of surface which needs to be draped. Remember that the walls and floor form the background, which is the basis for pattern and color selection. A room's location also plays an important role in the selection of color. South and west rooms are usually more pleasant when done in cool, quiet tints, while north and east rooms are better in the warm colors.

Valances or cornices can make windows that are too tall or too narrow seem shorter. They may also be used to cover and conceal

WILSON HONOR ROLL Is Announced
The third six weeks and semester honor rolls for the Wilson schools have been announced this week.
High school students making the six weeks list follow:
Ninth grade, "A" honor roll: Delbert McCleskey, Janis Maeker; "A" and "B": Loyce Baker, Rose Cedillo, Patsy Shaw.
Tenth grade, "A": Valton Maeker; "A" and "B": Elizabeth Christopher, Janet Gindorf, Linda Heck, Delphine Menzer.
Eleventh, "A": Jerlene Wied; "A" and "B": Helen Schneider, Charlene Talkmitt.
Twelfth, "A": Vondal Rinne; "A" and "B": Jerry Hutcheson, Carol Lamb.
The semester honor roll for high school students include:
Ninth, "A": Janis Maeker, Delbert McCleskey; "A" and "B": Loyce Baker, Royce Baker, Rose Cedillo.
Tenth "A" and "B": Janet Gindorf, Valton Maeker.
Eleventh, "A": Jerlene Wied, Twelfth, "A": Vondal Rinne; "A" and "B": Jerry Hutcheson.
Grade school honor students for the third six weeks are:
First grade, Debra Williamson, Steve Baker, Gayle Neugebauer.
Fourth grade, Betty Shaw, Carolyn Baker.
Fifth grade, Karen Zant, Kathy Christopher.
Seventh, Karen Swann.
Eighth, Ruth Rucker, Vickie Young.
Semester honor students in the grade school include:
First, Debra Williamson, Steve Baker.
Fourth, Betty Shaw, Sharmyn Lumsden, Carolyn Baker, Sheila Turner, Janie Young.
Fifth, Kathy Christopher, Mae Young.
Seventh Wanda Wuensche, Karen Swann.
Eighth, Ruth Rucker, Vickie Young.
Don't be a litterbug! Help keep our community clean. Always put trash in a proper receptacle.

Honor Roll For North Elementary
Students ranking in the upper 25 percent of their sections in North Elementary have been named to the third six weeks honor roll.
Class 5-A, Bonnie Edler, Laylan Copelin, John Ayer, Tommy Spears, Jan Brookshire, Janice Renfro, Jim Adams.
Class 5-B, Toy Gandy, Pat Young, Gregg Thomas, Theda Gandy, Laura Howard, Debbie Makov, Connie Gardner.
Class 5-C, Patti Short, Jimmie Lou Dulin, Randy White, Myrna Bartley, Kathy Curry, Gloria Fuentes, Queda Murray.
Class 5-D, Miherva Bernea, Hope Torres.
Class 6-A, Frances Chapa, Randy Wood, Rosa Hernandez, Keith Davis, Janice Swinford.
Class 6-B, Debbie Wright, Richard White, Quaydene Pool, Lexi Adams, Vicki Jacobs, Zan Ashcraft, Bill Brock.
Class 6-C, Susan Brazil, Charles Isbell, Nicky Wilmarth, Ruben Garza, Carmen Chaba.
Class 7-A, Paige Verner, Tommy Kidwell, Marla Bray, Chloe Jan Huffaker, Sharon Mauldin, Leah Beth Holloway, Davaughn Evans.
Class 7-B, Karen Allred, Lesly McCuiston, Sue Woodall, Marilyn Hays, Margie Novian, Theresa Mason, Pam Roberts.
Class 7-C, Jimmy Torres, Freda Dotson, Barbara Brown, Shirley Mulcahy, Lewis Pierce, Kenneth Durham.
Standard sports wear appears refreshingly new and different when made of cotton suede.
