Annual JayCee Kids Day Set This Year For August 29

The Muleshoe JayCees are having their third annual Kids Day August 29.

One member of the group points out that it will serve a double purpose, in that buyers in our trade territory have an opportunity to do their "back to school" shopping which helps and because it gives the children one last big day of vacation before school starts.

Cotton Growers and Producers Told Of Many Benefits Gained By PCG

Efforts by the Plains Cotton Growers, Inc., have helped prevent drastic cuts in cotton allotments, giving ginners, oil mills, and others more cotton to process and handle and the additional income to growers, put more money into circulation in this area. W. O. Fortenberry told the annual meeting of the group in Lubbock Monday afternoon.

Byrd Funeral Is Held Wednesday In Petersburg

Funeral services for Aubrey Byrd, 50, brother of Robert Byrd, of Muleshoe, were held Wednesday at three in the afternoon at the First Baptist Church in Petersburg. He had died Monday in the West Texas Hospital in Lubbock.

Rev. Luther Baker, pastor of Highway Methodist Church, officiated in Petersburg Cemetery.

Byrd's death resulted from a heart ailment.

He had been a Petersburg resident 42 years and had been active in farming when he became ill.

Survivors include the wife; a son, Burl Dean Byrd, Clovis; two daughters, Mrs. E. M. Mann and Mrs. Curtis Baker, Lubbock; four brothers, Tommy, Petersburg; Clyde, Hale Center; Robert, Muleshoe; and Clarence, Kress; three sisters, Mrs. Annie Scarborough, Petersburg; Mrs. Lilly Kirkpatrick, Bovina; and Mrs. Pansy Kirk, Hale Center, and four grandchildren.

Byrd was preceded in death by two sisters, Mrs. Viola Johnson and Mrs. Pearl Day, and by his mother, Mrs. A. F. Byrd.

Pallbearers were Forrest Young, Bill Allman, J. D. Fox, Paul Sams, Roy Hillman and Loy Joy.

Pictured above are the nine returning lettermen from the 1958 "Mule Team" upon whom Coach H. W. Callan and his staff are hinging high hopes this fall. Front row, left to right are linemen, 11 Leland Dean; 36 Bob Camp; 38 Peanut Hawkins; 43 Mike Barron; 26 Ronald Julian; 39 James Shepherd. Second row, backs, 22 Curtis Walker; 33 Derrel Oliver; 44 Lyndal Black. Back row, Coach Callan, Coach George Washington, Coach Lewis Powers and Coach Crip Taylor.

Final Touches Being Put On Muleshoe Cleanup Campaign

"If we continue to receive the kind of cooperation we have had in advance of the campaign opening, our cleanup will be almost a complete success", Gordon Smith, chairman of the Muleshoe Clean Up Campaign announced Tuesday.

The campaign begins Monday morning and officially lasts two weeks, but Smith said many property owners have already cleaned off vacant lots and cleaned up around their business places, even before the campaign kick off.

Kickoff for the campaign will be a sweep down of Main Street by merchants on the street at 7 a.m. Monday, August 31, followed by coffee and Spudnuts for those participating.

Regarding the sweepdown, Smith said merchants should arm themselves with warehouse brooms or similar brooms, and also hoes, to cut down weeds that have sprouted through cracks in the walks.

Working with Smith on the campaign are Mmes. Lela Allison, H. E. Schuster, Arlys Leveridge; Hap McDaniel, Morris Childers, J. M. Forbes, Frank Ellis, Bill Thomson, Ed Hicks, Norman Thomas and Mrs. Thurman White.

Anyone with a vacant lot that needs cutting may contact Smith or Mrs. White, or the Chamber office, and arrangements will be made to have the work done.

Drive-in eating places are asking customers not to throw napkins and paper cups out of the car after leaving the drive-ins.

City officials are cooperating in furnishing shredders to cut tall weeds on vacant lots.

PLANS TO ENTER TEXAS TECH COLLEGE

Miss Dorothy Hickman, daughter of Mr. and Mrs. M. E. Hickman, plans to attend Texas Tech this year. She is going to major in advertising and art design.

M. E. Hickman, Jr., will be a junior veterinarian major at Texas A. & M. College.

Local Group Taking Steps To Secure Adequate Labor To Harvest Fall Crops

Two Bailey County citizens, Carroll Pouncey, and Joe Sooter will serve as a County Farm Labor Committee and meet Tuesday, August 26 with Joe Bralley, Manager of the Texas Employment Commission office, to review the total seasonal employment needs developed by the TEC.

Also attending were Therman Jewell, manager of the Littlefield office, and Wayne Grant, District Director of Amarillo. The Committee was presented with the figures of the TEC that Bailey County will be short 2500 cotton pullers during the peak period of the cotton harvest.

The committee will function under Public Law 78, obtaining facts relevant to the supply of domestic farm workers existing in Bailey County and the shortage of workers, if any, which must be met by importing Mexican Nationals to harvest the cotton crop. Under Public Law 78 the TEC must supply this information to the Secretary of Labor who must limit the number of Mexican Nationals to be used in this county by granting a "ceiling".

The Committee consults with the Local Office Manager to assist him in estimating the number of workers who will be needed, based on current local conditions affecting the cotton crop. "Ceilings" granted by the Secretary of Labor limiting the importation of Mexican Nationals into this area will be posted in Post Office in Muleshoe, in the County Agent's Office, in the County Court-house, and in the Texas Employment Commission office.

Muleshoe Emergency Center To Begin Operating Tuesday

The Muleshoe Emergency Center is scheduled to be opened on Tuesday, September 1. Mayor W. T. Bovell said here Wednesday.

Long planned by local officials, and Chamber of Commerce leaders, this is the culmination of considerable work in that direction.

To be operated by the Bailey County Sheriff's office in regular office hours, Mr. and Mrs. H. E. Kirby will take over at nights, Sundays and holidays, it will operate with the phone number of 2000.

Regardless of what kind of emergency a person may face, if he needs the fire department, an ambulance, city police, county officers, highway patrol, or the hospital, he may simply dial 2000 and the call will be channeled immediately to the right person.

The control unit will be in contact by short wave radio with cars of all government agencies that operate here, day and night.

Just remember this—if you have an emergency—at any hour of the day or night—after Tuesday, just call 2000 and you will get immediate action.

Three DWI Cases Filed by Local Peace Officers

County and city officers jailed ten persons during the past week, three drunks, three for investigation, three for drunken driving, and one liquor case.

After midnight Sunday, they received a call from Texico that an armed robbery had been committed there. Local officers set up a road block. They did not apprehend the robber, but it did enable them to take some drunks off the road.

The Mexican man charged with violation of the liquor laws, was taken in possession of 3 cases of quarts of beer, and 1 case of small cans. He entered a plea of guilty before County Judge Glen Williams, and was fined \$100 and court costs.

Roswell Accident Critically Injures Muleshoe Man

Truman Lorange, Muleshoe man, working on highway construction near Roswell, was critically injured Tuesday afternoon when the heavy road machine he was driving overturned and pinned him under the machine.

He was taken to the Roswell Medical Center where he is held in critical condition. He is badly bruised and cut, one leg broken in two places, and he also has serious internal injuries.

His wife is the daughter of Mr. Fred Johnson of Muleshoe. They have two children, relatives and friends.

The family first came to Muleshoe in 1929, at the death of her husband in 1947 she moved away and then came back in 1954, where she made her home with Mrs. Davis, until May of this year, due to illness she was visiting in the home of another daughter, Mrs. Russell in Alamogordo, and became ill, passing away there.

She was born in Bell County, Texas, in 1871 on May 21. She was married to George Terrell Guess in 1887 in July 27 at Llano.

She is survived by seven children, three daughters and six sons. The daughters are, Mrs. W. E. Guye, Houston; Mrs. Cecil Davis, Muleshoe, and Mrs. G. U. Russell, Alamogordo, N. M.; four sons, G. A. Odessa; J. T. Weatherford; H. D. Albuquerque, N. M., and Carl Guess of El Paso. Two sons preceded her in death. They were B. W. Guess and J. O. Guess.

There are 25 living grandchildren and eight deceased, 64 great grandchildren, and four great, great grandchildren.

She is survived by two sisters, Mrs. Fannie Rhea, Amarillo, and Mrs. Will Stokes, Snyder, and a number of other relatives and friends.

Funeral services will be held Friday at 2 p.m. from the First Baptist Church in Muleshoe. Officiating will be the Rev. Clarence Stephens of Sweetwater, assisted by the Rev. J. E. Moore, and the pastor, the Rev. E. K. Shepherd.

Burial will be the Clovis Cemetery under the direction of the Singleton Funeral Home.

She was born in Bell County, Texas, in 1871 on May 21. She was married to George Terrell Guess in 1887 in July 27 at Llano.

Bailey Wildcat Called Dry Hole

Big Spring Exploration Inc., Big Spring, is preparing to plug and abandon its south central Bailey County wildcat, No. 1 G. P. Howell, at 4,590 feet in the San Andres.

The failure was dug 660 feet from north and west lines of Labor 5, League 121. Childress County School Land survey, six miles north of Morton on 181 acre lease.

The operator reported no shows in the duster and indicated that the failure was a replacement for the same operator's No. 1 Mrs. F. P. Howell and others, staked earlier in the adjoining Labor 6, same league and survey.

Sheriffs Officers Are Now Driving Two New Cars

The Bailey County Sheriff's Department is now driving two new 1959 Ford Interceptor Police Cars, delivered to them Friday by Muleshoe Motor Co.

Sold on a sealed bid to the Bailey County Commissioners' Court about two months ago, the cars were specially built by Ford Motor Co., to Sheriff Dee Clements' specifications.

These two new cars will be driven by Deputies Garland Freeman and Bill Wilkerson.

rise in Bailey County. Swisher County also showed 1 well out of 5 had a rise in water table.

Parmer County 5 out of 40 or 1 out of 8 had a rise. Lubbock County wells showed a drop in water table, but 44 showed a rise.

Conclusion Bailey county can get more water out of a hole than any other county in the Plains but the extremely heavy pumping in both Parmer and Bailey along with some other factors such as altitude and slope of red bed indicates that we may also be the first to pump our formation dry, Adams said.

Muleshoe Chamber of Commerce Issues 8-Page Colored Brochure

The Muleshoe Chamber of Commerce has recently put out a beautiful 8-page two-color brochure, illustrating and outlining the many advantages of Muleshoe and the surrounding communities.

Carrying about 10 photographs, it contains information about the history of the town, its buying power, its labor facilities, much agricultural information, and about our churches, homes and schools.

One section deals with the athletic and recreational facilities, our transportation network, as well as information about the wildlife refuge in Bailey County.

Printed by the Commercial printing department of the Muleshoe Journal, it is a very attractive folder.

If you would like a copy of it, or you want to mail some of them out to interested persons, drop by the Chamber of Commerce office and pick them up.

Edwards Infant Services Held Here Friday

Graveside rites for infant Michael Howard Edwards, son of Mr. and Mrs. Cecil Edwards of Route 2, Muleshoe, were held Friday morning, with Boyd Lowery, Jehovah Witness minister, officiating.

The young child is survived by the parents, the paternal grandparents, Mr. and Mrs. Guy Edwards, and the maternal grandparents, Mr. and Mrs. Vernon Vinson, all of Muleshoe.

Burial was in Muleshoe Cemetery by Singleton Funeral Home.

Shown here is the Bailey County Sheriff's office personnel receiving delivery of two new Ford patrol cars from Jack Morris of the Muleshoe Motor Co. Left to right is Morris, Sheriff Dee Clements, handing the keys to the two new Ford cars to Deputies Garland Freeman, and Bill Wilkerson who will drive them, and Irene Splawn, office Deputy.

THIS WEEK In Muleshoe

by APTON RICHARDS

Reading the weekly newspaper is a habit people should acquire, just like eating, and sleeping. You not only get a lot of pleasure out of it, but it enables you to keep up with what is going on—and sometimes helps you save quite a bit of money.

We know of one man that lost because he did not read The Journal as closely as he should. One merchant a few weeks ago advertised that he would give free merchandise, the retail value of which amounted to about \$50, when another item was purchased. One man came in a few days later and made the purchase, but did not call for the free merchandise — and came out \$50 the less for not having read the special in The Journal.

We have often wondered why men lie about each other. The plain truth would be bad enough.

When De We Get Old?

Physiologists tell us that in all mammals, except man, the period of life is five times the period of growth. A dog gets its full growth in two years, and lives ten; a horse in five years, and lives twenty-five. On this basis a man should live from one hundred to one hundred and fifty years.

But William James, an eminent psychologist, said that most men are "old fogies" at twenty-five. It is true that most men at twenty-five are satisfied with their jobs. They have accumulated the little stock of prejudices that they call "principles" and close their mind to new ideas. They have ceased to grow.

When a man ceases to grow, no matter what the years, then and there he begins to be old.

But the really great men never cease to grow. Bismark, who died at eighty-three, did his greatest work after he was seventy. Titian, the celebrated painter, lived to be ninety-nine, painting right up to the end. Goethe passed on at eighty-three and finished his "Faust" only a few years earlier. Gladstone took up a new language when he was seventy. Laplace, the astronomer, was still at work when death caught up with him at seventy-eight. He passed on crying, "What we know is nothing; what we do not know is immense."

These men, and thousands like them, died young. They were still unsatisfied, still growing.—Suggested by an editorial by Bruce Barton.

The writer and H. B. Flanagan went out to Lazbuddie Monday and watched Coach Bond put his Longhorns thru a stiff workout. He had about 20 boys out for the workout. Two of his best seniors were on the sick list. He was a bit disappointed, he said, because a couple of his junior boys whom we had been counting heavily, were rather unconcerned about workouts.

On the return trip home, we stopped off at Clay's Corner for Cokes, and ran into a hot washer game between the two attendants. They had it down pretty well. One would take his shots, and come in and tell the other his score. He would go out and shoot, while the other waited on the trade, and they swapped back and forth. The first washer game we had witnessed in quite a long time. It used to be "dollar pitching" but no more. The dollars are too hard to come by.

At the Lazbuddie school the mosquitos were the worst we have ever seen. They were in swarms like flies. At the store we mentioned that a couple of them had a mule in the ditch down the road and were eating him up. One man spoke up and said "they must be small ones if it takes two of them to get a mule down."

Teachers Are Honored By Club Members

Muleshoe's three service clubs were hosts to the teachers in a joint meeting at the Legion hall here Wednesday noon. Host clubs were the Lions, Rotary, and Jaycees. Also the Chamber of Commerce helped sponsor it and gave each of the teachers an apple.

Supt. Jerry Kirk introduced all his teachers to the group, and told where and what subjects each taught.

Jack Young welcomed the teachers, in behalf of the clubs, and Mrs. Maxine Harris, president of the Classroom Teachers Association responded.

A total of 153 persons attended.

Maple News

by Mrs. Oran Reaves
by Mrs. Oran Reaves
Mr. and Mrs. Cass Stegall and children spent the weekend in Ruidoso, N. M.

Mrs. C. L. Taylor visited her daughter, Mr. and Mrs. Cecil Mann and children of Portales, N. M., Wednesday.

Mr. and Mrs. Guy Gattis spent Sunday in Morton with their daughter and husband, Mr. and Mrs. Alton Lamb.

Have Sunday Guests

Guests in the Oran Reaves home Sunday was her brother and family, Mr. and Mrs. E. E. Hall and children of Odessa, and her sister and family, Mr. and Mrs. D. C. Rainwater, and Mr. and Mrs. Walter Lee Rainwater of Idalou.

Mrs. Ted Simpson and children and Mrs. Bill Robinson visited Mrs. Simpson's parents in Shallowater Tuesday.

Mrs. Albert Smyer was dismissed from the hospital Friday and is feeling as well as can be expected at this time.

Mr. and Mrs. D. C. Rainwater and Mr. and Mrs. Walter Lee Rainwater of Idalou visited in the Albert Smyer home Sunday.

Mrs. Alton Lamb of Morton visited her parents, Mr. and Mrs. Guy Gattis Thursday afternoon.

Move Into Parsonage

Bro. and Mrs. Bill Robinson got moved into the parsonage at the Maple Church of Christ Monday.

Mrs. Cass Stegall and Mrs. Tommy Galt and their parents, Mr. and Mrs. Gaddy of Portales, N. M., visited an aunt Wednesday, who is ill.

The Three Way school will start Monday, August 31.

Mr. and Mrs. Travis Kelley and children spent the weekend in Amarillo with his brother and family, Mr. and Mrs. Truman Kelley and children.

Attended Tech Graduation

Mr. and Mrs. Bill Eubanks and children attended the graduation at Tech Saturday night of their daughter, Miss Maudine Eubanks.

Mr. and Mrs. Bill Eubanks and daughters are on their vacation this week.

Mr. and Mrs. M. O. Wall and visited relatives in the community Thursday afternoon, and attended services at the Maple Church of Christ that night.

Pleasant Valley Views

by Mrs. John West

Home From Vacation

Mr. and Mrs. John W. West and children returned Thursday night from their vacation in the Rio Grande Valley and Mexico. While in the Valley they visited friends they hadn't seen for 16 years.

The Harold Allisons have returned from their vacation in New Mexico.

Mr. and Mrs. B. H. Bickel, Mrs. Bill Bickel and sons, and Mr. Bill Borum attended graduation exercises at Tech Saturday night when Mr. Bill Bickel received his Masters degree.

Mrs. Bonnie Haberer attended funeral services for Jim O'Connor at Levelland last Wednesday. Mr. O'Connor was a former resident of Earth.

Mr. and Mrs. J. H. Angeley and Ilene have returned from Goriotta, N. M.

Mrs. B. H. Bickel gave a birthday party for her grandson, Stanley Bickel of Snyder on his eighth birthday. Eleven youngsters were present.

Lightning Strikes

The Weldon Jones home received minor damage when lightning struck a gas line igniting it under the house. The Muleshoe Fire Department and neighbors extinguished the blaze.

Mrs. Bill Bush and family from Shamrock are visiting this week in the home of her sister, Mrs. W. A. Hardin.

Mr. and Mrs. Jim Grizzle and daughters of Ft. Sumner, N. M., were visiting in Pleasant Valley on Monday.

Mrs. Harold Allison went to Littlefield Monday to turn in Pleasant Valley 4-H records for the youngsters.

FACE TOUGH SCHEDULE...

Lazbuddie Longhorns Prepare For Season With Nightly Drills

Coach John Bond of the Lazbuddie Longhorns is now holding nightly drills, in an effort to get his team ready for the tough schedule ahead. Perhaps the roughest game will be with Happy to close out the season.

The Longhorns should do as well as last year if everything goes as Coach Bond and Coach Crooks are planning for. Leading the Longhorns will be All-District quarterback Derrell Jennings, and second All-District player—tackle Jerald McGehee and fullback Jerry Koelzer. Two senior guards, Jerry Weaver and Earl Ryder, were starters last year and will add experience to the line.

The center position is the coaches big problem now, as Jerry Smith, a junior, will not play football this year. Norman Brantley, an end, who has been switched to center, along with Jimmy Broadhurst, from last year's freshman team, should give the coaches a couple of fine centers. Juniors Bill Hardage, R. L. Porter and Jerry Glover will see action at the end positions. The halfbacks battling for

starting positions are Odie Bradshaw, Freddie Savage, Roy Miller, and Ronald Elliott. Miller is also a quarterback behind Jennings. Jimmie Dale Seaton, a 160-pound fullback is a fine ball carrier and will be battling Koelzer for his position. Ray Vanlandingham, who did not play last year, and Ronnie Gustin will be trying for the other tackle position opposite McGehee. Clyde Redwine, another boy who did not play last season, will play guard. A fine group of sophomores will see a lot of service this year.

Longhorn Roster

Seniors
Derrell Jennings, Jerry Koelzer, Jerald McGehee, Ray Vanlandingham, Jerry Weaver, Earl Ryder, and Clyde Redwine.

Juniors
Bill Hardage, R. L. Porter, Otis Bradshaw, Freddie Savage, Ronnie Gustin, Norman Brantley, Jerry Glover, Roy Max Miller, and Ronald Elliott.

Sophomores

Mantooth Has High Hopes For Warriors

Local friends of former Muleshoe Coach, Wayne Mantooth, will be interested in the following clipping from the McCurtain Gazette, printed at Idabel, Okla., where Mantooth is now coaching: Coach Wayne Mantooth is very enthusiastic about the material he has for shaping the 1959 version of the Idabel Warriors, he told members of the Idabel Quarterback club at a meeting Monday evening at the Little Royal-McCurtain cafe.

He told the club members that among the boys out for the team he had found a good variety of sizes and talents. Mantooth showed films of his Muleshoe, Texas teams in action and explained some of the plays and the use of movies for training the team members. He uses a projector which can be stopped to show stills, or backed up to reverse the motion to the point desired.

He praised the quarterback club for its support of the football program.

Muleshoe Gridder To Report To The Red Raider Squad

LUBBOCK, August 24—End Bob Sanders of Muleshoe will be among the candidates reporting to Coach DeWitt Weaver Tuesday, September 1. Twelve lettermen from last season and two from previous years will be among the 51 slated to report.

Texas Tech's Red Raiders have shifted to a new, multiple offense with which to meet the school's toughest schedule so far. This will be the Red Raiders' final "interim" season before engaging in official Southwest Conference title competition in football.

Following the Raiders' opener with Texas A. & M., in Dallas September 19, Tech will play Oregon State here, Tulsa here, Texas Christian here, Baylor there, Southern Methodist there, Tulane there, Arizona there, Houston here, and Arkansas in Little Rock.

Wilbanks, John Agee, David Koelzer, Jimmie Broadhurst, James Brown, and Gary Johnson.

Freshmen
Leroy Cox, Eugene Houston, Calvin Mason, Terry Darling, Carrol Redwine, Harold Redwine, and Jerry Engelking.

Lazbuddie Schedule
Sept. 4, New Deal, here.
Sept. 11, Cooper, there.
Sept. 18, Farwell, there.
Sept. 26, Kress, Saturday, 2:00 p.m., there.
Oct. 2, Wilson, there.
Oct. 9, New Home, here.
Oct. 23, Vega, here.
Oct. 30, Bovina, here.
Nov. 6, Hart, there.
Nov. 13, Happy, there.
Coach: John Bond, Assistant Coach, Bobby Crooks. The Lazbuddie Longhorns won six games and lost four in 1958.

THAT'S WHAT THE RULE SAYS - Popular Houston football announcers Kern Tips, left and Alec Chesser right discuss 1959 rule changes with Howard Grubbs, executive secretary of the Southwest Conference. The occasion was an announcers seminar held in Dallas. Tips heads The Humble Company's staff of 23 play-by-play announcers who will describe all Conference games this season. Starting September 19, the oil company will sponsor some 50 broadcasts, 13 live telecasts, and a Sunday afternoon videotaped Southwest Conference "Game of the Week" on Houston radio and TV.

Mules Prepare For Opener Against Clovis Next Friday

Coach H. W. Callan and his staff of assistants have been very busy with the "Mule Squad" the past week getting ready for the big game with the Clovis Wildcats next Friday night. They have been holding drills twice daily, getting the boys in shape. Tuesday night they scrimmaged the squad from Far-

Standings Are Steady In Bowling League During The Past Week

Only one new person crashed the top ten in the bowling standings this week. A. W. Kimbrell, Jr., who lost out a week or so ago, came back up with 162. Kenneth Hicks was the only man to improve his average, moving up from 162 to 163. Several lost one point and Alex Williams slumped from 166 to 162. In the ladies division all the top ten managed to stay up, with no new names this week. There was some shuffling of places. Only change in top teams in standings was in the Minor League. The Eight Balls crowned Laymon Bros. out of first place.

SCHEDULE GUEST SPEAKER
Rev. Clifford Jester, pastor of the Springlake Baptist Church, will be guest speaker at the Friday morning breakfast of the First Baptist Church to highlight their week of prayer, August 31 through September 4.

VISITING SAINS
Mr. and Mrs. Bud Chapman and children from Los Angeles, Calif., were here over the weekend visiting her parents, Mr. and Mrs. J. H. Sain. They are now spending the week in Oklahoma and are planning to return to Muleshoe for a two week visit.

LADY BOWLERS MEET TONIGHT

Muleshoe Women's Bowling Association will have a meeting in Bailey County Courtroom Thursday evening, August 27, at 8:00 p.m. Mrs. Amy Pitts, district Texas representative, was scheduled to speak to the ladies at this meeting, but will be unable to attend, due to an automobile accident. She will be replaced by the president and secretary of Lubbock City Bowling Association.

This is an important meeting, and all ladies interested in bowling are urged to attend, according to Rosemary Harris, president of Muleshoe Women Bowling Ass'n.

Band Boosters Get Acquainted With Director

A meeting was called for officers of the Muleshoe Band Boosters to meet in the Tootle Middlebrook home Monday, August 24, at 8:00 p.m., to meet the new Band Director and his wife, Mr. and Mrs. Bob Cheek. In behalf of all Band Boosters, welcome to our town, Mr. and Mrs. Cheek. We hope you will love Muleshoe and its surroundings as we do.

Several committees reported on ways and means and setting plans to raise money to keep our four bands in the Muleshoe school system going. Mrs. McVickers, the membership chairman, will have tables set up in the Mary DeShazo, Richland Hills and Junior High Schools, to accommodate the parents who have children in band. You can pay your band boosters dues at these tables. Dues are only a dollar per parent for a year. This money goes in a general fund to be used for the things the bands need most, like extra uniforms, repair on school instruments, music and so forth. So parents, please pay your dues and become a band booster, it's your obligation and duty to your child.

Mrs. Bill Millen reported on the calendar sale. Several ads have been sold but we need more. We are still trying to find ways and means to get the west concession stand fixed up for the first football game at home.

The first regular band boosters meeting for the new school term will be September 17. We meet once a month. Every third Thursday at 7:30 p.m. in the band room. Every parent is urged to attend or send in

Three Way Gridders Take On District Champs In First Game

Coach Bill Woods will have the responsibility of playing his first three football games before the home fans. The season opener will be with the returning district champs, Cotton Center, on September 11. The following Friday they will be hosts to the neighboring school of Bula, in their annual rivalry. This will be the night of the 19th. Then on the night of Friday, the 26th, Smyer will come over for a contest, before the team takes the road. The team is now having daily drills getting down the fundamentals and getting in condition.

WILL REPORT MONDAY

Randall Goar is to report to Wayland Baptist College Monday morning to be in the International Choir.

suggestions so we can make this the best band booster year of all. The meeting adjourned with Mr. and Mrs. Middlebrook serving coffee and Cokes.

ATTENDING MEETING IN WACO

Mrs. Verney Towns is attending the state W. M. U. house party in Waco this week. Conferences began Monday and will close Thursday.

PASTOR'S FATHER IMPROVING

Rev. and Mrs. E. K. Shepherd returned home Tuesday evening from the bedside of Rev. Shepherd's father. The elder Mr. Shepherd is recovering satisfactorily from surgery and at this writing, was sitting up in bed.

Mr. and Mrs. Roy Wrinkle returned home from a 5-day vacation in Tres Ritos and Carlsbad, N. M., on Monday. They were accompanied by their daughters, Cynthia and Sharron. Little son, Gary, stayed with the Jack Schusters.

Vacancies in grade school are first and fourth grades. If you are qualified to fill the above mentioned vacancies and are interested in teaching contact Mr. Ward.

C. V. Singleton Appointed To State Board of Morticians

C. V. Singleton, of Seminole, president of Singleton Funeral Homes, Inc., which includes a funeral establishment in Muleshoe, received a telegram from Governor Price Daniel on Wednesday of this week advising him that he had appointed him on the State Board of Morticians.

Singleton was appointed for a six year term which will expire May 31, 1965. This Board consists of six members and are appointed by the Governor's office from different sections of the State. Two new members being appointed every two years.

This Board supervises the operation of Funeral Homes and Licensed Personnel, and also is the examining board for all applicants who desire to secure a license to practice funeral directing and embalming in the State of Texas.

The Singleton chain operates funeral homes in Seminole, Andrews, Denver City, Morton, and Muleshoe.

errors office from different sections of the State. Two new members being appointed every two years.

Plans Completed For Opening Of The Three Way Schools

The Three Way School will open Monday, August 31 with a general assembly at 9 in the morning, states the superintendent Archie Sims.

All parents and citizens of the community are invited to attend this assembly. Buses will run for the first time on Monday, August 31. Lunch will also be served for the first time on Monday. The charge for lunches will be the same as last year, 30c. School will dismiss at 2 p. m. on the first day.

Many improvements have been made to the school this summer. Some of the improvements that have been made have been in the complete remodeling and new equipment of the science department. When completed this laboratory will be one of the nicest on the South Plains. Physics and trigonometry will be offered for the first time at the Three Way School this year. Audio visual venetian blinds will be installed in each room. Each teacher will be able to show films in their own classrooms. Audio visual aids to be used in teaching science and math and equip-

ment to be used in the science laboratory has been purchased.

The faculty is complete. Following is their assignment: First grade, Mrs. Georgia Perkins; 2nd grade, Mrs. Fannie Walker; 3rd grade, Mrs. Lorena Carter; 4th grade, Mrs. Mary Rose Bowen; 5th grade, Ray Clay; 6th and elementary principal, Elbert Adams.

Junior High and High School

David Neel, High School math and physics; Ray Ware, High School science and grade school; math; Billy Wood, coach and history; Betty Adams, Home Ec.; Mrs. Dewitt Allsup, High School English and typing; Mrs. Leota Hardgrove, language arts in the 6th, 7th, and 8th grade and Junior English; Jack Tharp, Ag.; Charles Bowen, High School principal and social science; Archie Sims, Supt.

and Commercial; Mrs. Katherine Sims, the itinerant teacher will divide her time between Bula and Three Way. Her duties at Three Way will be to help with the testing program, librarian and film coordinator.

The lunch room supervisor will be Mrs. Naomi Julian, assisted by Mrs. Florence Fine and another lady to be selected.

Mr. Dave Poindexter will be school custodian.

Mrs. Michael Flaniken will be the tax assessor-collector for the 1959-1960 school term. Her office will be in the school barrack.

The bus foreman is Russ Uptegrove. Bus drivers will be Billy Wood, Charles Bowen, Elbert Adams, Ray Clay, Dave Poindexter, and Ray Ware. Mrs. Dave Poindexter will drive the school bus to Morton.

Assembly For Everyone At 8:30 Bula School Begins New Term Monday With Complete Faculty

Official opening of Bula school will be August 31 at 9 a. m. A general assembly will be at 8:30 for all students, parents, teachers, and interested friends.

The teachers list is complete with the employment of Don C. Hendrick, a graduate of Texas A. & M., and Maynard Hammons, graduate of Harding College, Searcy, Ark., and ENMU, Portales.

Faculty Listed

The faculty consists of: First and second grades; Mrs. Hugh Cooke; 3rd and 4th grades, Mrs. Bernice Swinney; 5th and 6th grades, Mrs. Zoy Risinger.

In junior high and high school, Mrs. Ruby Reid will teach commercial studies; Maynard Hammons, English and related courses; Don Hendrick, science; Mrs. Elwanda Duke, home economics; Fred Erickson, Voc. Ag.; Joe Turner, superintendent, math; Melvin Howard, History, a n. a. coach, and Mrs. John Gunter, music.

Other Employees Named

Curley Risinger is building custodian; Mrs. J. D. Bayless and Mrs. Fred Archer are lunchroom supervisors.

Several improvements have been made. All floors of the class rooms were refinished, and the school lunchroom was re-done. The school has bought three new Ford buses to be delivered in October.

Football Season Begins

Football practice began Monday, with a social Monday evening for the boys and their parents, held in the school auditorium. First game for the Bulldogs will be with Roaring Springs on September 4.

On the first day of school all buses will run on regular schedule but no lunches will be served.

103 TECH STUDENTS GET GRADUATE DEGREES

A total of 103 Texas Tech students received graduate degrees in commencement exercises Saturday, August 22. Included were 10 doctorates.

Students from this area receiving graduate degrees were: Billie Edward Bickel, Master's degree, Agricultural education; Elizabeth Aileen Welch, both of Muleshoe. Jimmy Sherrod Eddins, Sudan, Physical Ed master's degree.

Mr. and Mrs. Deward Wall and children are on their vacation this week. They are spending the week in New Mexico.

Postmaster General, are not only alerting the public but are arousing judges and law enforcement officers to act firmly against the menace this traffic in filth presents to the healthy and decent development of the nation's youth.

Tarter Funeral Held Tuesday In Lazbuddie

Last rites for Mrs. Vera Tarter, 47, were held Tuesday afternoon from the Lazbuddie First Baptist Church. She had passed away at 7 a. m., Monday in the Hereford Hospital.

Mrs. Tarter had suffered for some time from cancer, and then recently fell and broke a leg.

The pastor, the Rev. Bill Curry officiated in the services, and burial was in the Muleshoe Cemetery.

The Tarter family moved to Lazbuddie community in 1943. She is survived by her husband, two sons, David and Joe, both of the home; her father, John G. Gowin of Quitaque; three sisters, Mrs. Myrtle Hulet of Amarillo, Mrs. Birdie Bodkins of Shawnee, Okla., and Mrs. Nora Barrett of Quitaque, along with two brothers, John Gowin and Charles Gowin, both of Lawton, Okla.

Mrs. Ray Keeling's Mother Died Saturday

Mrs. Violet Mary Crouch, 82, Austin, the mother of Mrs. Ray Keeling, Littlefield, died about 11 a. m., Saturday in Medical Arts Clinic in Littlefield.

Mrs. Crouch had been visiting in the home of her daughter for the past several weeks. She had been in ill health for about two years.

Survivors include the Littlefield daughter, and Mrs. William Shelton, Austin, also a daughter; and five grandchildren.

ON VACATION TRIP

The R. D. Dale family and daughter, Mrs. Yaunda Martin, spent the week vacationing in Wheeler and Shamrock, Texas, and Erick and Oklahoma City, Okla.

Sneed Domestic Well Service Is Announced

Wayne Hawkins, a Sudan boy who has been living in California the last three and one half years, is now in charge of the new domestic well and service of the Sneed Supply Co., Inc., E. A. Flatt, sales manager announces.

Mr. and Mrs. Hawkins are now at home in Muleshoe, residing at 203 Ave. F. They have two young children.

He is a son of J. Isaac Hawkins, of Sudan. The family has been living at Paramount, Calif.

The company has put into operation a truck equipped to set pumps and pipe and a full announcement of the new service is contained in an advertisement on another page of this paper.

Thurston Milker High Producer In Butterfat

W. E. Dixon, secretary of the American Milking Short-horn society, said this week that cows owned by G. Thurston and Marie Malby, of Muleshoe have recently completed records of 400 pounds of butterfat or more.

The cow, Thurston's Bonnie S4113 is 7 years of age, was milked 305 days in the test, produced 10,918 lbs. of milk making 407.03 pounds of butterfat.

was imposed on a criminal offender convicted of sending obscene material through the mail, in contrast to so many previous cases in that area when probation had been granted.

Postmaster General Summerfield pointed out in a recent speech: "This represents, in our opinion, real progress of the type which can readily be expanded, so long as we have determined public support, prompt and positive investigation, and vigorous prosecution."

Postmaster Alcorn states that the Postmaster General and the Post Office Department attributes this progress to the broad support for the campaign being given by the nation's newspapers, and radio and television commentators, public spirited civic organizations, members of Congress, and more and more individual citizens.

Their efforts, according to

Muleshoe Postmaster Reports Progress In Campaign Against "Smut Mail" To Our Children

Arnold Alcorn, of Muleshoe, acting postmaster, reports that the Post Office Department's drive to stamp out the activities of "merchants in filth" who solicit minor children for the mail-order sale of obscene materials is making substantial headway.

Postmaster General Arthur E. Summerfield, he states, is taking increasingly effective action against this growing, nation-wide racket.

Postmaster General Summerfield has notified the local postmaster that during the fiscal year which ended June 30, 1959, the Post Office Department conducted more than 1,700 separate investigations of traffic in mail order obscenity, of which approximately 10,000 were based on complaints from parents aroused to the menace presented by the vicious arrogance of the smut racketeers.

Actual arrests during the year, according to Postmaster Alcorn, totaled 315, a significant increase over the previous year, and almost double the number of arrests during 1957, when the Post Office Department was still hampered by inadequate enforcement legislation.

Prior to the summer of 1958, antiquated laws and liberal court interpretations — Postmaster General Summerfield prefers to call them "misinterpretations" — required that even the most blatant prof-

iteer, sending the vilest possible material through the mails to school-age children, could be prosecuted only at the point of origin of the mail, usually New York or Los Angeles.

According to Postmaster Alcorn, the "liberal" courts in these cities established a definition of "obscenity" far different from views held by the majority in most normal American communities.

In 1958 the Postmaster General recommended new legislation to the 85th Congress, which would permit prosecution of such racketeers at the point where the mail was received, and where the actual attempt to corrupt children's moral and social health took place. Congress promptly responded to the Postmaster General's plea, and translated the recommendations into law.

Postmaster Alcorn reports that this new legislation is now beginning to bear fruit. The first case prosecuted under the new law was of a man and his wife on the West Coast, who were mailing obscene literature to youngsters in Boise, Idaho.

Thanks to the new law, according to Postmaster Alcorn, these two were convicted in Boise, and sentenced to 10 years behind bars plus a heavy fine.

In another recent California case, a 10-year prison sentence

one of 7 big bests Chevrolet gives you over any car in its field

Proof that Chevy delivers the most miles from a gallon comes from an indisputable source: this year's Mobilgas Economy Run. For a pair of Chevrolet sides with Powerglide walked away with the first two places in their class — got top mileage, in fact, of 49.9 full-sized car. Over the Run's long, rugged course, over mountain and desert in the long, long haul from Los Angeles to Kansas City, the winning Chevrolet averaged a whopping 22.38 miles per gallon. That's the kind of economy-engineering that keeps you saving while you drive!

BEST STYLE—It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

BEST BRAKES—In competitive tests of repeated stops from highway speeds, conducted by NASCAR**, Chevy outtopped both of the "other two." Naturally—Chevy brakes with bonded linings are far larger, built to lengthen brake life by up to 66%.

BEST TRADE-IN—Look at the record—the used car prices in any N.A.D.A.† Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."

BEST ENGINE—Chevrolet engines have long won expert praise and, just recently, Chevrolet received the

NASCAR Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

BEST ROOM—Official dimensions reported to A.M.A.‡ make this abundantly clear. Chevy front seat high room, for instance, is as much as 5.9 inches wider than in comparable cars.

BEST RIDE—MOTOR TREND magazine names Chevy "the smoothest, most quiet, softest riding car in its price class." But this is one Chevy feature you really should discover for yourself, at your Chevrolet dealer's. Stop by soon!

**National Association for Stock Car Automobile Racing. †National Automobile Dealers Assn. ‡Automotive Writers/Editors Assn.

\$8 MILLION NEW DOLLARS . . . Plant On Plains For 1960 Crop Farmers Union Get Safflower

DENTON — Eight million new dollars will be added to the income of farmers in the Texas High Plains in 1960 when next year's commercial crop of safflower is in production, estimates Alex Dickie, Jr., president of the Texas Farmers Union.

Dickie explained that the production from the nearly 4,000 acres now being harvested, will be used as seed for the 1960 crop. Seed produced from the 1959 crop should plant from 75,000 to 100,000 acres next year. With favorable weather conditions and good farming practices, this crop is expected to yield up to two tons per acre. The contract price for 1959's production is \$62 a ton. Dickie expects next year's crop to sell for not less than this amount.

Because of a further reduction in wheat and cotton allotments, and because of sharply lower prices for grain

making inquiries. He further stated that Farmers Union members and other cooperating in the promotion of this program will be given priority in acquiring safflower seed.

Texas Farmers Union and associated organizations will construct a processing plant for safflower at some point yet to be selected in the Plains area. Location of the mill, according to President Dickie, will be based to a large degree, upon the interest of local farmers, businessmen and others and upon local production of the crop.

Inquiries regarding the safflower program should be addressed to: Alex Dickie, Jr., Texas Farmers Union, 209 E. Hickory, Denton, or Charlie Co. n. Farmers Oil Seed Mills, Inc., Box 242, Amarillo, Texas.

Research Farm Field Day Set

The Third Annual Field Day of the High Plains Research Foundation will be held September 24, at Halfway, 10 miles east of Olton and 15 miles west of Plainview on Highway 70, Dr. Thomas C. Longnecker, director of the Foundation, announced today.

Guided tours will begin at 1:30. Staff members and scientists from the Extension Service, Soil Conservation Service, Texas Experimental Station and agricultural representatives of commercial companies will be at designated stops to discuss the research being conducted.

The tours will cover such experimental research as: cotton fertilization, grain sorghum varieties and fertilization experiments, irrigation efficiency on cotton, recharge well and bench leveling, cotton skip-row and interplanting, soybean fertilization and rate of seeding and row spacing tests, castor bean variety and fertilizer tests.

The usual Bar-B-Que will be held at 6:30. Dr. Longnecker said everyone is cordially invited to attend this third annual Field Day to observe the research being done to help agriculture maintain its role as the foundation for the continued growth of these Great Plains of Texas.

New Adhesives Find Many Uses

LUBBOCK—Development of new material and methods now make it economically possible for small plant owners to use adhesives on almost all structural materials according to a new leaflet announced today by Mr. Jack Teddlie, Acting Branch Manager of the Small Business Administration in this area.

Cutting Costs With Industrial Adhesives is No. 66 in the Agency's series of technical aids designed to bring advice and guidance to small firms with technical problems.

Mr. Teddlie said that the new leaflet gives a descriptive

account of newly recognized methods and materials in the adhesive field and can be obtained upon request from the Small Business Administration's office located at 212 VA Building, 1616 19th Street, Lubbock.

Making adhesives stick thru the processes of diffusion, pressure, cooling and irreversible chemical set is one of the topics of discussion in Technical Aid No. 66. Also pointed out are three types of adhesives and seven valuable uses—woodworking, paper products, glass, ceramics, plastics, rubber and metals.

According to the Aid, "The choice of a particular industrial adhesive rests mostly on the special conditions of its fabrication and use."

Valuable sources of reference material on adhesives are listed in this leaflet to aid business men in exploring the subject further.

Services Christian Science

Christ Jesus' triumph over material laws of limitation established the supremacy of God's unchangeable law.

This is a theme to be set forth at Christian Science Services Sunday in the Lesson-Sermon entitled "Christ Jesus." Included in the Bible references to be read is the account in John (6) of Jesus' feeding of five thousand men with five loaves and two fishes.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following will be read (273:21-26): "God never ordained a

material law to annul the spiritual law. If there were such a material law, it would oppose the supremacy of Spirit, God, and impugn the wisdom of the creator. Jesus walked on the waves, fed the multitude, healed the sick, and raised the dead in direct opposition to material laws."

The Golden Text is from John (3:16): "God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life."

Parmer County Farm Bureau News

Several Parmer county men were in attendance at the annual Policy Development meeting in Lubbock Tuesday of this week. This is where legislation and other points of concern to farmers are discussed with a view to preparing resolutions in the county organizations for presentation at annual conventions. There, the members discuss and vote on the resolutions they believe will be most helpful to farm people. Next week we will try to give some information on the above mentioned meeting.

Senator Andy Rogers, of Childress, was the youngest Senator ever to be President Pro-Tem and Governor for a day in Texas (July 9, 1959). He has been one of the best and most influential friends Texas farmers have had in Austin, having introduced and fought for many bills of prime

Better Seed For Better Living To Be Featured At State Fair

A new team of professional workers made up of plant breeders, research scientists and seed growers is changing the scenery down on the farm.

The way the team is moving greenery around to substitute new varieties, strains and hybrids for old staple crops is putting greenbacks into the pockets of farmers, cattlemen and businessmen.

The story of "Better Seeds for Better Living" will be depicted in the big Agriculture Show at the 1959 State Fair of Texas, October 9-25 in Dallas, in exhibits created jointly by the Texas A. & M. College System and the Fair.

Texas A. & M. economists figure that the better seeds produced by the team of scientists, breeders and growers save the average family \$600 a year in food purchases.

New crops released by the team through certified seed growers have advanced the cattleman from a season to year-round activity.

And farmers of course have benefitted through new cash crops which can offset income losses caused by surpluses in major crops.

Three-fourths of the varieties cultivated on farms today were unknown twenty years ago. And the surface has hardly been scratched. Fewer than a dozen species account for most of the entire farm production in this country. At the most, farmers cultivate only 150 to 200 species.

But there are 15,000 species in this country and Canada. And this weary old plant has at least 250,000, probably 300,000, scattered over its thin skin of soil.

The State Fair Agriculture Show will feature a modern greenhouse, 80 by 40 feet, in which A. & M. scientists and specialists will show from germinating seed to mature plant the scientific development of new varieties of eight major crops—corn, grain sorghum, cotton, rice, pine trees,

vegetables, oil seed and small grains.

The show will offer the general public the opportunity to study for the first time the methods used in creating such modern miracles as corn and grain sorghum hybrids, in mating plants that differ.

Also to be featured at the Fair will be exhibits portraying the diversified production of crops and cattle in each of the state's twelve Agricultural Extension Service Districts.

importance to the farmers future.

John T. Flynn, noted economist and commentator, has listed some findings regarding Socialism versus Capitalism that we think may be of interest to you. Since the end of World War II, this has happened: Real wages in Socialist Britain have risen 11 per cent. In Capitalist West Germany, they have risen 99 per cent. Industrial production in Britain is up 70 per cent. In West Germany it is up 254 per cent. In 1958, Britain produced 100,000 automobiles. West Germany produced 950,000. Output of all goods and services rose 15 per cent in Britain; 115 per cent in West Germany. Last, but not least, top bracket taxes in Socialist Britain amounted to 92 per cent. In Capitalist West Germany they are 55 per cent!

To qualify for non-recourse price support payment in excess of \$50,000, wheat farmers must reduce acreage by 20% below their 1959 acreage. It is possible the same requirements may be made of those raising other fall seeded crops, including grain sorghums. The USDA will decide.

CONSIDER THIS: As coals are to burning coals, and wood to fire; so is a contentious man to kindle strife.

—Proverbs 26:21.

VISITORS AT FIRST BAPTIST CHURCH

Those visitors at morning worship services of the First Baptist Church Sunday were: Mr. and Mrs. Gerald Walton and family of Snyder, visitors

of the Sherman Innans; Miss Carol Hammock of Ft. Worth, guest of Sylvia Pool; Miss Annette and Julie Williams of Lubbock, visiting the Alex Williams family; and Mr. and Mrs. Talmage McPhillip and family of Amarillo, who were visitors of Mr. and Mrs. C. M. Evans.

FORMER RESIDENTS RETURN TO MULESHOE

Mr. and Mrs. Glen Watkins have moved back to Muleshoe from Lubbock where they have been living for the past year. Mrs. Watkins has been attending Draughton's Business College. She will be employed now at the Union Compress in Muleshoe.

The Watkins will make their home in the Oklahoma Lane community where he is engaged in farming.

GUESTS FROM TULIA

Mr. and Mrs. Otto Schuster, Jr., spent Tuesday night in the home of his sister and family, Mr. and Mrs. Roy Trunklye. The Schusters returned to their home in Tulia on Wednesday.

TAYLOR BABY HAS SURGERY

Natalie Taylor, daughter of Mr. and Mrs. Carter Taylor, had abdominal surgery Tuesday morning in Bradford Baby Hospital in Dallas.

Carter called his mother, Mrs. Lud Taylor, to report six week old Natalie, stood the operation and the doctors had high hopes for her recovery.

quality...choose GAS
air conditioning!

Whether the day is blistering hot or cold and blustery, pass through a doorway that promises gracious living and you're likely to find an atmosphere made miraculously fresh and comfortable through the marvel of Arko-Servel GAS all-year air conditioning. Never before has there been an air conditioning system so technically simple, yet so compactly efficient. From the same space-saving unit, it heats and cools with a single fuel... a tiny Gas flame provides the energy for both winter heating and summer cooling. Because it operates on the absorption principle of refrigeration, there are no moving parts, your assurance of unrivaled quiet and years of trouble-free operation. And here's the Bonus Advantage of superior GAS air conditioning... operating costs are far below those of comparable units using other types of energy! All this with a five-year guarantee, too! Contact Pioneer Natural Gas Company tomorrow for all the facts on remarkable GAS air conditioning. It offers exciting proof that "where the finest is truly appreciated, Gas belongs!"

Army Authorizes Assignments For Guided Missiles

Sergeant John G. Mattmiller, the Army Recruiter for this area, announced today that he has received authorization to accept applications for enlistment to any of the guided missile sites located across the United States. The most recent of these guided missile sites will be located in the Dallas-Ft. Worth area.

Sergeant Mattmiller pointed out however, that only those men that meet the high mental, physical, and moral standards need apply. "Our guided missile units require the best. For all the safety of our country today rests on the shoulders of our Nike-Ajax and Nike-Hercules missile sites. In the event we are attacked by an aggressor nation, these sites are situated in areas of probable attack to ward off an enemy attack by air, whether that attack be by plane or inter-continental ballistic missiles."

The Sergeant said, "All together we have twenty-five locations in and around our large cities across the nation from New York City to Los Angeles, Calif. The applicant can pick his metropolitan area before he enlists. The period of enlistment is for three years, and in most instances

the soldier remains with that unit for a three year period. "If the young man is interested in electronics and a field of the future, this is it." For further information on this program call Sergeant Mattmiller at his office in Clovis, collect, PO Box 3-7209, or while in Clovis he can be reached at 208 Main Street.

Army Needs Women With Special Home Economic Training

Women home economics students who have completed their sophomore year may embark on a dietetic career with immediate benefits, Sgt. John G. Mattmiller, U. S. Army Recruiter, announced today.

The U. S. Army Medical Service is accepting a number of outstanding college students for the Student Dietitian Program. Accepted applicants become members of the U. S. Women's Army Corps, Reserve, and receive a monthly salary in excess of \$200. As a member of the WAC, Reserve, there is no interference with present schooling.

To qualify, applicants must be of junior or senior standing with a major in Foods and Nutrition or Institution Management. Other requirements consist of the ability to meet the prescribed physical, mental and scholastic standards.

Participation, in addition to providing financial assistance to students, leads to a commission as a second lieutenant

in the Army Medical Specialist Corps. As a commissioned officer, individuals undertake a three year tour of duty which includes a 12-month Dietetic Internship, cost-free, while receiving full pay as an officer.

Sgt. Mattmiller explained that the combination of the Student Dietitian Program, and the subsequent Dietetic Internship, provides an unusual opportunity for young women to become qualified dietitians without financial worry.

Wayland Enrolls Largest Class

Further information on career benefits and participation requirements may be obtained from Sgt. Mattmiller at 208 Main St., Clovis, N. M.

PLAINVIEW — Starting a second half century with Wayland Baptist College on September 4 will be the largest group of freshman and transfer students ever enrolled, according to Dean Maurice J. Sharp, director of counseling and guidance.

Among those enrolling for the first time will be Randall Dale Gore, of Muleshoe.

All new students report at 8 a.m., September 4, for a testing and orientation program prior to registration which begins on September 7. All students will find many new facilities, including the

new Flores Bible Building, which will be dedicated on Parent's Day, October 12.

Opening days of school will have many social affairs for new students, including the President's Reception at which Dr. and Mrs. A. Hope Owen hold open house and introduce the new faculty to all students, an informal party given by Baptist Student Union, and still other affairs given by campus organizations and local churches.

Babson Discusses ... What Will Happen To The Railroads

Babson Park, Mass., Aug. 27.—The Boston & Albany (New York Central) and the Boston & Maine railroads are asking to drop scores of trains and stations. Increased fares are not the solution. People simply will not ride the trains if fares are increased further. I have just returned from Arizona on the swankiest train—the Santa Fe's "Super-chief". There were 54 passengers in eight beautiful cars hauled by two engines and a crew of ten men. The passenger business will gradually decline to almost no riders. Now the riders are 90% old people; the young people travel in automobiles, buses, and planes.

Railroads Are Doing Everything To Reduce Costs The railroads have bought new passenger cars, which are air-conditioned. But they are cutting out checking trunks on many trains and are closing express offices. This saves carrying baggage cars and men to handle baggage, both at the stations and in the trains. Even the freight business is falling off, although the railroads are running faster freight service and adopting "piggyback" transport from point of loading to final destination. Now electrical freight yards are being built and salesmen are calling on shippers for business. Freight business may again increase, although the new federal highway bill will be another handicap.

Sandhills Philosopher Defends ... Scientists Who Can't Find Their Nose Cones; He Lost A Tractor

Editor's note: The Sand Hills Philosopher on his Johnson grass farm comes to the defense of scientists this week, although we doubt if they need defending.

There is one phase of the outer space program that has begun to interest me, but not for any scientific reason. Every once in a while the space scientists shoot a capsule or nose cone into orbit and then try to bring it down and catch it, so they can check its instruments and gather a lot of scientific information about which I don't know any more than you do. But the point is, when they get one up and then signal it down, sometimes they can't find it. It just floats down by parachute somewhere over the Pacific ocean and despite the fact they comb the area with airplanes and ships, they can't find it, and this causes some people to criticize them. "What's the matter with those scientists, can't they do better than that? some people will say."

As a man who frequently can't find something he's looking for, I want to come to the defense of the scientists. In fact, I lose things all the time around this Johnson grass farm. And I don't understand it, either. Say I'm using my hammer to fix a fence and decide to stop and do something else and agree to come back to the fence later. I carefully lay the hammer down, make a mental note of exactly where it is, couldn't anybody forget that, then go about my business and a week or so later when I need a hammer, I wrack my brain a while, remember the fence, go back and look but it's not there. I think it's the same fence, but to make sure I walk around it, up one side and down the other, but I might as well be searching the Pacific ocean for a nose cone.

The same thing is true with my saw, axe, hoe, pliers, wrenches, why, one time I even lost my tractor. It's a fact, I left it at the end of a ... SUNDAY VISITORS Sunday visitors in the home of Edwin and Lee Kimbell were Mrs. Oia Lankford of San Antonio, Mr. and Mrs. Virgil Bills and Richard of Amarillo, Mr. and Mrs. George Blanton, Lanelle and Georgene of Dimmitt, Mrs. Gene Kimbell and Merlyn of Plainview. After lunch all but Lee went to the Bethel community near Portales, N. M., to visit Mr. and Mrs. Boyd Kimbell, Ray and Rex. After returning to Muleshoe, a chicken supper was enjoyed by all.

row, got interested in keeping up with a Presidential campaign, weeds grew up around it, and later on when I needed it, it was days before I could find it. As far as I'm concerned, if those scientists find one nose cone out of ten, they're doing better than most of us, except for those rare people who know where every tool they own is and never have time to explore outer space or even just sit down and do nothing. Yours faithfully, J. A.

should be sent to the Cotton Bowl Information Service, P. O. Box 7755, Dallas 26. The year desired should be specified, along with a second choice. A preferred showing date and alternate date should be indicated. This is necessary in case the desired film is not available on the date preferred.

shops and houses of Christians. On the following morning, a group of laborers and the architect, all sad and confused, stood before an uncompleted church building. They were asking themselves of what use would their labor be if this church also would be destroyed one day like the ones that were destroyed the day before!

While they were in this unpleasant and undecided state of mind, a non-Christian religious leader passed by. He saw that they seemed to have lost desire and courage to go on with the work. He said to them: "Build, my children, build. To build is ten thousand times better than to destroy. You build. Let them destroy. At the end the Builder is the victorious one!"

Prayer

Heavenly Father, we praise Thy holy name. We thank Thee for Thy Son, our Lord Jesus Christ. In every age the powers of darkness have tried to destroy Thy work, but we rejoice that the foundation of Thy church is indestructible. Glory be to Thee for this assurance which Thou hast put in our hearts; through Christ our Lord. Amen.

Thought For The Day

To build is better than to destroy! —N. Khachadourian (Syria)

Today's Meditation

Read Matthew 16:13-20. I will build my church; and the gates of hell shall not prevail against it. (Matthew 16:18.)

Intoxicated by hatred, the non-Christian element of a big city one night, destroyed and robbed eighty Christian churches, besides many

News Of Men In Service

LOCKE GRADUATES FROM RECRUIT TRAINING SAN DIEGO, Calif.—Richard Locke, son of Mr. and Mrs. Lee R. Ellis of Sudan, graduated from recruit training August 21 at the Naval Training Center, San Diego, Calif. The graduation exercises, marking the end of nine weeks of "boot camp", included a full dress parade and review before military officials and civilian dignitaries. In nine weeks of instruction the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

FORT BLISS, Tex.—Army Pvt. Floyd J. Vandiver, 18, son of Mr. and Mrs. Henry F. Vandiver, 217 Birch, Muleshoe completed the final phase of six months active military training August 14 under the Reserve Forces Act program at Fort Bliss. During the final phase, Vandiver received training in the duties of a radar specialist and an anti-aircraft artilleryman. He is scheduled to spend the remainder of his military service with the 502nd Field Artillery Battalion in Clovis, N. M. Vandiver attended Muleshoe High School. Before going on active duty, he was employed by Bruton Sheet Metal Works.

TO FARLEY, N. M. The Journal has received notice from Lola Lipscomb to change her address from Dublin, Texas, to Farley, N. M. She wrote to thank the paper for having begun using a stronger wrapper, saying that now her paper always arrives well wrapped and clean.

FAMILY GET TOGETHER Mr. and Mrs. Marshall Morris and sons, Mark and Kurt of Ft. Worth, are here this week visiting with their parents, the Arnold Morris' and the Buddy Blackmans. Vega, Texas, Man Reports — More Uniform Production of Quality Seed Wheat

C. G. Richardson, owner and operator of Richardson Seed Co., produces high quality, high germination seed wheat. Mr. Richardson says: "We watch all of the things that will give us higher quality seed—both grain sorghum and wheat. For example, we have a clean farm, free of weeds. We use the latest and best cleaning and handling equipment. "And," he continued, "we use Phillips 66 Ammonia to give us more uniform and higher quality yields of seed wheat. We apply 100 pounds of ammonia pre-plant on wheat land; and we plow down 125 pounds of ammonia in the fall on our maize land."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin ... yields of sorghum grain or ensilage are increased ... profits on wheat and small grains are increased through higher grain yields and improved forage ... more marketable vegetables are harvested. Phillips 66 Ammonia can be easily applied either by you or your distributor. See us today about Phillips 66 Agricultural Ammonia ... it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

U.S. OIL Indispensable in our way of life... vital to our national defense

In the 100 years since the drilling of the first oil well in the United States, the usefulness of petroleum has been often demonstrated in many ways ... It is an economical and efficient source of energy and a raw resource convertible through petrochemistry into innumerable useful materials. ... It is indispensable in our way of life, and vital to the national defense. It is comforting to know that today's reserves are ample for today's needs. And if incentives to undergo the heavy risks involved are continued, there is no doubt that more oil will be discovered and produced to replace the oil we use ...

The United States has found, produced, refined, and used more oil than any other nation. This has made petroleum products a feature of the abundant American life. Americans use more petroleum products than any other people on the globe. The past is prologue to the future. During its second century, oil can serve you and your grandchildren, and the nation, as well or better than ever before.

HUMBLE OIL'S FIRST CENTURY - BORN IN FREEDOM - WORKING FOR PROGRESS The Humble Company, incorporated in 1917, has participated in the development of new and better ways to find and produce oil, and in the research that has improved petroleum products and discovered countless new uses for oil and natural gas. Humble is a major producer of U. S. oil, with production extending all across the southern tier of states from Florida to California. Marketing operations are carried on in Texas, New Mexico and Arizona. Humble's Baytown refinery, near Houston, is one of the great refineries of the world. (Humble Pipe Line Company, a major transporter of crude oil and finished products, operates more than 9000 miles of pipe lines in Texas.) HUMBLE OIL & REFINING CO.

Julia Sowell Becomes Bride Of Mr. Robert Newton King August 22

Mrs. Robert Newton King

Wedding vows united Miss Julia Sowell and Mr. Robert Newton King on August 22 at 7:30 p.m. in Trinity Episcopal Church of Houston. Rev. Grant Herbst of Silsbee performed the double-ring ceremony at the altar between two vases of white gladioli and white asters illuminated with burning tapers.

The bridegroom is the son of Mr. and Mrs. Herbert Potter of Sudan and the grandson of Mrs. Jess Newton of Farwell. Parents of the bride are Mr. and Mrs. Joseph Goodloe Sowell of 2202 Calumet, Houston.

Given in marriage by her father, the bride wore a beige raw silk suit and small beige veil attached to a crown of beige feathers. She carried a white orchid on a white Bible. Her only jewelry was a pearl drop necklace, a gift of the bridegroom.

Mrs. C. M. Palmer, sister of the bride, served as maid of honor. She was dressed in a moss green raw silk suit complemented by a headpiece of small beige flowers with attached veil and carried white carnations in a corsage. John C. Ladd of Ft. Worth served as best man.

Audite, Ronald Charlton.

Miss Joy Dane Was Honoree

Miss Joy Dane, bride-elect of Mr. Jackie Shan, was honored with a wedding shower Friday afternoon, August 21, in the home of Mrs. P. A. Altman. Miss Jeanette Seagler registered the 23 guests who called.

Carrying out the honoree's chosen colors of white and pink, the serving table was covered with a lace cloth over pink and centered with an arrangement of pink roses. White cake squares with pink frosting and pink punch were served by Miss Sandra Seagler and Miss Gracie Altman. A large susan held mints and small bridal bouquets, made of lace and centered with small garden flowers, as plate favors.

Hostesses for the occasion were Mmes. R. H. Baker, C. R. Seagler, Charles Byars, L. E. Nichols, W. A. Pool, E. N. McCall, Kenneth Coats, P. A. Altman and Miss Gracie Altman.

Rainbows Initiate Susan Birdsong

Order of Rainbows for Girls met Thursday night in the Assembly hall of the Masonic building for a regular meeting and initiation of Susan Birdsong. Twenty-five girls and their mother advisor, Mrs. Janet Wagnon were present. Also present of this meeting was the special guest from

Lockney, the Grand Visitor of the Order, Mrs. Jimmie Smith; and several Eastern Stars and Masons.

The girls voted that beginning in September their meetings will take place on the second and fourth Monday nights of each month.

W. M. S. To Observe Week Of Prayer

The W. M. S. of the First Baptist Church will be observing State Mission Week of Prayer August 31 through September 4.

The theme for the week will be "More Like the Master" with meetings daily. On Monday evening at 7:30, the night circles will present the program. The day circles will present the programs on Tuesday and Thursday morning at 9:30 a.m.

Wednesday evening at the regular prayer meeting time, the Men's Brotherhood will be in charge of the program.

The climax of the week will be on Friday morning with a breakfast at 6:30 in the dining hall with a featured guest speaker followed by a full day of prayer.

TOUR NEW MEXICO

Back from the mountains of New Mexico are Mr. and Mrs. J. W. St. Clair and daughter, Juanita. They admired the scenery around Eagle Nest, Red River, Taos, and Santa Fe. In Albuquerque they visited with a brother of Mrs. St. Clair, Carl Dyer and family.

Wimberley-Morrow Recite Nuptial Vows In Double Ring Ceremony

A charming afternoon wedding was held Sunday, August 2, in the Las Vegas N. M. Emmanuel Baptist Church. Uniting Miss Mary Juanell Wimberley, daughter of Rev. and Mrs. J. H. Wimberley, 1612 Seventh St., Las Vegas, N. M., and Mr. William Robert Morrow, son of Mr. and Mrs. A. H. Morrow of 7 Raymond Ave., Batavia, N. Y.

The Rev. Wimberley officiated for his daughter's double-ring ceremony before an archway of greenery. The church was decorated with baskets of white gladioli and lighted white tapers.

Miss Gay Halford sang "Because," "I Love You Truly," and "The Lord's Prayer." She was accompanied by Mrs. Ken Harris at the organ.

Given in marriage by her brother, Lewis Wimberley, the bride wore a floor-length gown covered with re-embroidered lace and designed with a round neckline and long sleeves. Her veil of illusion was held by a crown trimmed with sequins and seed pearls. She carried a white orchid and carnation bouquet on a white ribbon.

Miss Linda Wimberley was her sister's maid of honor and wore a light blue lace dress and carried a bouquet of white carnations.

Serving as best man was Gene Ray of Hollis, Okla. Candelighters were Louise Wimberley, sister of the bride, and Tommy Galloway. Ushers were Lonell Wimberley and Jerry Galloway.

For her daughter's wedding, Mrs. Wimberley wore a navy

blue lace dress, rose accessories and white carnation corsage. Mrs. Morrow chose a light blue lace dress with matching accessories and wore a white carnation corsage.

Wedding Reception

Following the wedding, a reception was held at the church. The bride's table was laid with a lace cloth and centered with an arrangement of Shasta daisies. A miniature bride and groom and wedding bells topped the three-tiered wedding cake. Those serving at the reception included Miss Lorene Grantham, Plainview; Miss Patricia Sims, Tullia; and Mrs. Bill Alexander, Plainview. Miss Melba Suhman of Muleshoe was in charge of the guest book.

The bride is a graduate of R. L. Paschel High School, Ft. Worth, and attended Wayland Baptist College at Plainview last year. The bridegroom is a graduate of Hendrick Hudson High School, Peekskill, N. Y., and is attending Wayland College.

Following a wedding trip the couple will live in Plainview where they plan to continue their education at Wayland.

Out-of-town guests attending the bride's arrangements: Mr. and Mrs. H. M. Shofner and Mr. and Mrs. J. A. Wimberley of Muleshoe; Mr. and Mrs. Hazel Wimberley and family; Mr. and Mrs. Mark Gurnsley and family; Mr. and Mrs. Jack Bellor, Mrs. Dale Suhman and Melba; Mrs. M. L. Shupp, Janet and Roy, all of Muleshoe.

Attending Camp At Ceta Canyon

Mrs. Edwin Hall and Mrs. J. E. McVickers took three young ladies from the Intermediate Department of the First Methodist Church to Ceta Canyon Methodist Camp last Monday evening. The young ladies will be attending the Plainview District Intermediate Camp there this week.

The purpose of the camp is to bring our youth into a closer connection with Christ and His word.

Those attending were Misses Donna Hall, Jan McVickers, and Kathy Moore.

THAW CHICKEN BEFORE COOKING

Question often asked is "can chicken go from freezer to frying pan or broiling rack without thawing—and cook successfully?"

It's best to thaw first if you are going to fry or broil the chicken. Otherwise, it's difficult to get a brown crust on the pieces. For stewing, the cut up pieces can go into the water while still hard frozen. This information is based on research done at the New York State Experiment Station.

For roasting, it's best to thaw completely before cooking. Otherwise, the outside may be overdone and dry by the time the inside meat is done.

All this adds up to the fact that it pays to get the chicken out of the freezer and into the refrigerator a day ahead to be sure it's completely thawed before cooking.

This reminder—allow poultry to thaw in the original package. The skin of an uncovered bird becomes tough and dry when exposed to the air during the thawing process.

USE RIGHT METHODS FOR FREEZING FOODS

Freezing is a quick, easy way to preserve fresh vege-

tables and fruits. Freezing keeps the natural color, fresh flavor and food values of most vegetables and fruits better than other methods of food preservation.

For best results, select fresh, tender vegetables right from the garden or market while they are at the right stage of maturity for eating.

Other factors that influence quality are preparation, packaging, freezer loading and length of storage.

Latest information on how to freeze, and how to cook frozen foods is given in extension bulletin "Frozen Foods". Get a copy from your County Home Demonstration Agent's office.

Ivory piano keys will sometimes turn yellow because of water or insufficient sunlight. To clean these yellowed keys, use a soft flannel dampened with wood or denatured alcohol. Then be sure that your piano keyboard is left uncovered part of the time. On some new pianos, plastic keys are being used. These may be cleaned with a damp cloth.

If minerals accumulate in your steam iron try this. Put a mixture of vinegar and water (half and half) into the reservoir. Heat for about 30 minutes at 300 degrees (ray-on setting). After the iron cools, flush the reservoir several times with clear water.

To remove the shine from gabardine, serge or other hard surfaced woollens, try this. Go over the shiny places with a damp sponge or cloth, then stroke the dampened fabric gently with extra fine steel wool.

Delegates To Convocation

Magann Lamb and Mrs. Inez Bobo left Muleshoe this past Sunday morning for Lafayette, Ind., where they are to attend the National Youth Convocation at Purdue University. Miss Lamb is attending as a delegate from First Methodist Church, Muleshoe, while Mrs. Bobo is attending as a counselor from the Northwest Texas Conference.

The convocation is a meeting of youth from all over the United States, Alaska, and Hawaii. It is held each four years on the campus of Purdue University. The purpose of the meeting is to bring the young people of our nation together so that they may have fellowship, study, and work in one unit.

The meeting always features outstanding speakers in the field of religion.

Miss Lamb and Mrs. Bobo will return to Muleshoe next Sunday evening.

ATTENDS SESSION

The Rev. R. V. Luna, pastor of the Assembly of God Church here, is attending the national biennial business and election sessions of the Assemblies of God in San Antonio, August 26 to September 1.

More changes asked in U. S. fashion show.

Attend Reception and Graduation At Tech

Mrs. C. W. Lenau and Miss Myrtle Lenau of Holbart, Okla.; Mr. and Mrs. Julian Lenau and Don; Mr. and Mrs. D. B. Lancaster and Darrell were in Lubbock last Saturday to attend the reception given by President and Mrs. E. N. Jones in the Tech Union Building. This reception was held in the afternoon prior to evening graduation exercises of Mr. and Mrs. Charles W. Lenau.

Charles received his B. S. degree in civil engineering and will work on his M. S. degree while teaching part time at the college.

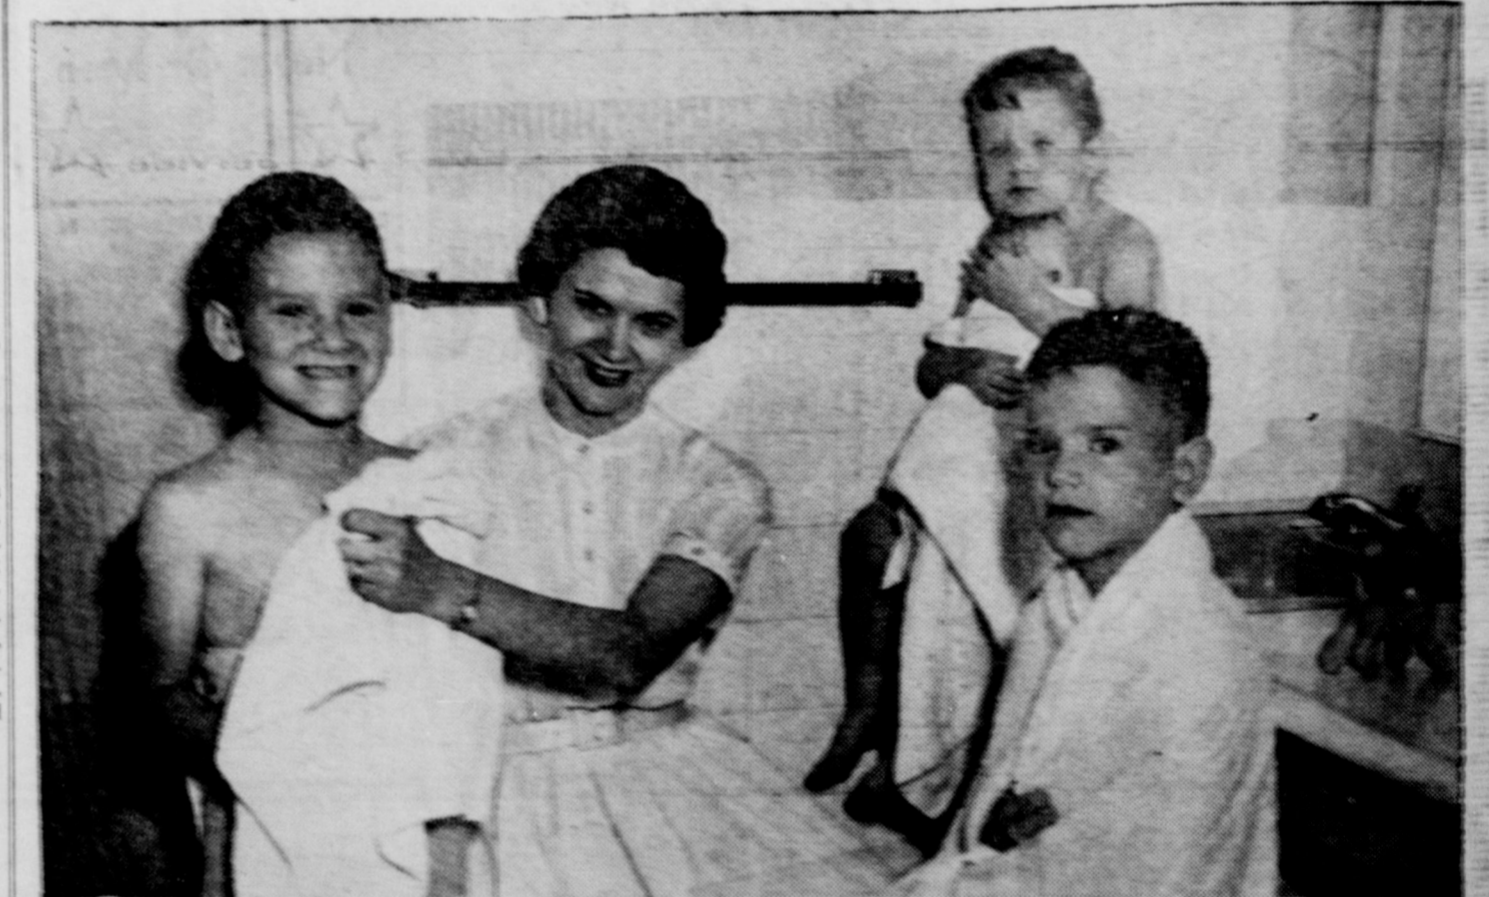

Linda received her B. A. degree majoring in Spanish and minoring in English. She will teach in Smiley Wilson Junior High School this coming year. The couple are now at home at 4115 Apartment B, 35th St., Lubbock.

"No need to schedule baths at our home," says Mrs. Dan Staggs, 100 East 15th St., Littlefield, Texas.

"We have ELECTRIC WATER HEATING!"

The Staggs family live in a completely all-electric home — their home, was, in fact, the first Gold Medallion home to be certified under the high standards set by the Medallion Home program. Electricity is doing a clean, dependable job for the Staggs. They like all their electric appliances and with 5 in the family, they appreciate, all the more, the abundance of hot water that they get from flameless electric water heating.

SPECIAL LOW RATES FOR WATER HEATING

Yes, ask your Public Service office about the special water heating rate. It makes electric water heating economical, too.

SEE YOUR REDDY KILCOINWATT APPLIANCE DEALER

Mrs. Staggs knows that her dishes will be clean and sanitary with the combination of her electric dishwasher and the germ-killing hot water that her electric water heater delivers.
