Highway Surface Will Be Applied

The contractor, Pioneer Pavers, Inc., of Lubbock, expect to begin application of the three-course asphalt surface on the 13.7 miles of the four-lane US 87 divided highway north of Tahoka on next Monday, according to Engineer J. W. Stevens of the State Highway Department.

The contractor estimates five or six weeks will be required for the surface treatment, unless weather interferes.

During construction, traffic will be carried in both directions on one roadway of this project while the contractor is surfacing the other roadway. Provision is made for 45 miles per hour zone speed limit where hazards require such.

The two travel lanes, each 24 feet wide, will receive a triple coating, as well as accelerating and decelerating lanes and farm-to-market approaches, with seal coat on shoulders and frontage roads.

Mr. Stevens said the contractor will surface a two mile section of the east road bed first, then surface the entire length of the west road, and finally surface the remainder of the east roadbed.

Traffic will be directed by means of the usual signs, lights, and barricades, and drivers are cautioned to comply with these signs. State Highway Patrol units will be on patrol daily.

This is the final phase of the 13.7 miles of new road from a point two miles north of Tahoka to the Lubbock county line.

Telephone Firm Improves Service

General Telephone Co. is continuing its improvement program for patrons at Wilson and Tahoka and also on connections with Poka-Lambro Rural Telephone Cooperative, Division Manager Harry Elam of Brownfield told The News Tuesday.

Within the next few months, he declares, service to these areas should be further improved. In fact, he says, the system in this area is in process of reorganization, but some of the problems are involved and of a technical nature.

For example, service at Wilson, although improved considerably, will not be entirely satisfactory until new equipment is cut-over, now planned for September 5th.

He says the company is interested in working out some plan for EAS (extended area service) between the cities of Wilson and Tahoka. He maintains that such depends on adjustment of residence rates in Tahoka and business telephone rates in Wilson to compare with other towns of the area.

He has been informed by W. D. Harmon, manager of Poka-Lambro, that plans have been made for additional trunk lines to some of the communities out of the Tahoka exchange, which will, when installed, improve service in these areas.

Tahoka exchange is scheduled for micro-wave connection some time next year with Brownfield, which will eliminate trunk lines between the two cities and should eliminate overloading of these lines.

In the meantime, most of the technical difficulties in the Wilson and Tahoka exchanges and on the board in Brownfield have now been worked out, that can be done at this time and patrons should be receiving better service than a few months ago.

Floud Tubb Is At NTSU Meeting

Denton — G. Floyd Tubb of Tahoka is enrolled in the annual Shorthand Workshop this summer at North Texas State University.

Tubb teaches at Tahoka High School. The three-week accelerated course in the NTSU School of Business is designed to study new methods of improving the instruction of shorthand.

OLDTIMERS of Lynn County will recognize the north side of the Tahoka square in the picture above as it appeared about 55 years ago. No business building erected in that period is still standing.

Reunion of Pioneers Here This Saturday

Old friends get together here this Saturday for the annual Lynn County Pioneers Reunion. The meeting this year is being held in the large new Lynn County Agricultural Exhibition Hall in south Tahoka, where seats and restrooms are handy and there is plenty of room to serve the meal indoors and for the visitors to mix and mingle.

Registration will start at 10:00 a. m., and much of the day will be devoted to informal visiting.

The meal will be served at noon, prepared by a committee headed by Sheriff "Booger" Redwine, and served by another group headed by Turner Rogers.

The program beginning at 1:30 p. m. will be brief in order to allow more time for visiting, states Mrs. Chas. (Alice) Reid, program chairman. Clint Walker will be master of ceremonies, and prizes will be presented to the eldest man and lady and the person coming the greatest distance who has not received the prize previously.

P. G. VanderLinden will present a short program of slight-of-hand and magic.

This will be followed by election of officers for the coming year. The officers this year are Tom Hale, president; Charles Reid, vice president; and Mrs. Harley Henderson, secretary.

Then, attendants may visit or listen to the Old Fiddlers Contest, again under the direction of R. C. Wells.

Saturday night, a dance for oldtimers and their families will be held in the City-Legion building, under direction of Eldon Carroll.

Kenneth Turner heads a committee in charge of getting chairs, tables and equipment to the Ag. building, and Maurice Small is head of the finance committee.

Approximately 500 oldtimers are expected for the meeting.

4-H Boys, Girls At Leadership Meet

Seven Lynn county 4-H Club members, County Agent Bill Griffin, and H. D. Agent Connie Anderson attended the annual 4-H District Leadership Camp at South Plains College in Levelland Tuesday, Wednesday, and Thursday.

Young people at the meeting included: Jo Ella Askew, Jolene Bolch, Harold Bessire, and James White, all of O'Donnell; Jeannie Hewlett of Wilson, Iva Klath of New Home, and Dean Hamilton of Tahoka.

The Lynn group conducted the recreation program Tuesday night. The group studied four areas of leadership: 4-H leadership records, planning 4-H programs, junior leadership work, and responsibilities of junior leaders.

Mark Mays, six year old grand son of Mr. and Mrs. Irving Dunagan, is here visiting them for a week. He is the son of Mr. and Mrs. Gene Mays of Odessa.

Vic Kyler New Band Director

Vic Kyler has been hired to replace Phil Pearce as band director of the Tahoka High School Band.

He is a graduate of Borger High School and a spring graduate of West Texas State College. For the past two years he attended classes at the college in the morning and in the afternoon he had charge of the band at Claude, a school east of Amarillo. When he first started at Claude, there were only 15 members in the band. At the end of his second year there, he had about 40 members. Last year at the regional band contest the band won a first rating.

Kyler and his wife plan to move to Tahoka the first part of August. They hope to be able to find a two bedroom furnished or unfurnished house to live in.

Edwards Cousins Reunion Sunday

The annual Edwards Cousins Reunion will be held in Tahoka again this year the day following the Lynn County Pioneer Reunion, in the City-Legion building.

Open house for friends of the families will be held at 2:00 p. m. Sunday. The News is informed.

Wilson and Polly Edwards of Floydada are the hosts for the Edwards reunion this year.

Help keep Tahoka clean.

BILLY DAVIS

Billy Davis Selected For Greenbelt Bowl

Billy Davis, 18, three-year letterman on the Tahoka football team, has been selected as one of this year's graduating players to play in the annual East-West Greenbelt all-star football game in Childress Saturday night, August 4.

Davis, a 235-pound tackle, a spring Tahoka High School graduate, is the son of Mr. and Mrs. Vernon Davis. He expects to enroll in Abilene Christian College this fall.

His coach, J. D. Atwell, says Billy is one of the finest young men he has ever coached and expressed pleasure at seeing him get this recognition and honor.

Miss Linda Thomas, Tahoka junior student and daughter of Mr. and Mrs. John F. Thomas, has been selected as Billy's queen nominee to participate in the Greenbelt Festival, of which the football game is a feature.

Canadian Dam Ceremony Set

Several Tahoka men expect to attend groundbreaking ceremonies of the Canadian River Dam at Sanford, 40 miles northeast of Amarillo, Saturday morning, June 30, at 10 o'clock. All Tahoka City officials since 1950 have received special invitations to the affair.

The proposed dam and lake will, when completed, furnish water to Tahoka and 10 other Plains towns and cities.

Principal speaker for the ceremonies will be Stewart L. Udall, Secretary of the Interior, and Senators Ralph Yarborough and John Tower will be special guests. The News is informed that Dr. K. R. Durham and E. R. Edwards are among those planning to attend.

Luther B. Nevels Rites At Plains

Luther B. Nevels, 90, of Lovington, N. M., pioneer rancher of this area who formerly lived on the Lynn-Lubbock county line, died Monday afternoon in a Lubbock nursing home following a prolonged illness. He was a brother of the late W. D. Nevels of Tahoka, banker and rancher.

A native of Mississippi, Mr. Nevels came to West Texas in 1892, and settled on the Nevels ranch, a part of which is now the Martin maize seed farm. He bought a ranch in Yoakum county in 1918, to which he moved in 1924. His ranch home was on route 1, Lovington, N. M.

Funeral services were held Wednesday at 2:00 p. m. in Plains Baptist Church with Rev. J. C. Quares of Denver City officiating, and burial followed in Plains Cemetery.

Survivors include his wife; one sister, and two nieces, daughters of the late W. D. Nevels, Mrs. L. O. Sparks, 3301 49th, and Mrs. W. L. Hoffman, 3131 21st, both of Lubbock.

Tractor Catches Fire, Burns R. Williams

Robert Williams, about 31, was severely burned at about 7:00 a. m. Tuesday when gasoline caught fire while he was starting his tractor at the farm of his dad, K. E. Williams, near Redwine.

Roberts received severe burns about the arms, hands, face, and one ear. He is a patient in a Lamesa hospital, and was reported doing well under the circumstances.

How the tractor caught fire is not known. However, the fire was extinguished before the machine was badly burned.

Every day is safety day.

Farmers Planting Again After Rain, Hail, Wind Destruction

Twisters Here Do Some Damage

Two separate twisters Thursday and Saturday nights of last week possibly touched ground in Lynn County.

Late Thursday, during the turbulent weather, a tornado dipped down on the Dr. K. R. Durham farm, nine miles west and about three north of town, farmed by Olen Renfro, destroyed a windmill a barn, and twisted the steel seat of a tractor out of shape. Many people saw the funnel, including Othell Meeks, who watched it from the W. T. Kidwell farm west of Dixie, but evidently the tail of the tornado failed to touch ground anywhere else.

During the storm Saturday night out east of town, a twister evidently touched ground at a point 15 miles east and two miles north, at the Lynn-Garza county line, where four light poles of the 69 KV high voltage transmission line of Southwestern Public Service Co. were blown down and the lines twisted and broken.

Harold Roberts, SWPC local manager, said service was restored to Post and Tahoka rural areas in about 20 minutes, but service to Draw, Grassland and Central on REA lines was disrupted three hours and 45 minutes.

New Home Plans Election June 30

New Home school board has called for a vote on Saturday, June 30, on whether or not the dual school system should be abolished and the two schools integrated.

Petitions bearing the names of 83 citizens were presented to the board last week asking for such an election, and the board met Friday morning and called the election, states Supt. H. L. Miller.

New Home is faced with some critical problems in trying to maintain schools for both white and Negro children; in fact, in maintaining a system that meets state requirements, which are becoming increasingly rigid.

With 505 children enumerated for the coming year and with five Negro students ready for high school this next year, the school will need several additional classrooms and has no place available to send the Negro high school students.

Unless integrated, one of two additional teachers will have to be paid entirely from local funds. Also six additional classrooms will be needed, but with an integrated system some rooms in the old school building can be renovated for use this coming year.

The board has been reluctant to call for integration now, but both State and Federal governments are putting on the pressure, and members feel the action will have to be taken soon, anyway, if New Home is to maintain a school system.

Incidentally, Supt. Miller says, the school needs several teachers for the school term opening this fall.

Jack Cox Dinner Set For July 21

The dinner honoring Jack Cox, Republican candidate for governor of Texas, will be held on Saturday, July 21, at 8:00 p. m.

Arrangements are being made as to where the dinner will be held.

Lloyd Roberts of Hobbs, N. M., is here visiting his sister, Mrs. Lester Adams.

J. C. Rogers is a medical patient in the Tahoka Hospital.

MISS SUE WALKER

MRS. BEULAH APPLEWHITE

Rainbow Girls Receive Honors

Miss Sue Walker was appointed Grand Representative from Texas to California recently at Grand Assembly Order of the Rainbow for Girls in Austin. Sue is the daughter of Mr. and Mrs. Perry Walker, and a 1962 graduate of Tahoka High School.

Mrs. Beulah "Bob" Applewhite was also appointed to hold a grand office. She was appointed a member of the Grand Executive Committee Order of the Rainbow of Texas and Grand Visitor of Tahoka, Slaton, and Brownfield Assemblies.

Ten Rainbow girls and four adults shared a chartered bus with a Lubbock assembly. The girls and the adults left Tahoka at 1:00 a. m. Sunday morning, June 10, 1962 to attend Grand Assembly Order of the Rainbow for Girls in Austin and returned Thursday. All ten girls received "B" certificates and Janis Gattis sang in the Grand Choir. Mr. and Mrs. Herb Carter, Gussie Williams, Vesta Sue Dudgeon, and Sue Walker received the Grand Cross of Color vows.

Firemen Building Trash Can Holders

Garbage can holders for 30-gallon size cans will be built and sold by Tahoka Fire Department as a special project, according to Fire Chief Pat Patterson.

The firemen hope to get started building these holders next week, and citizens desiring same may place their orders with Mr. Patterson. An exact price has not yet been determined.

Firemen are starting a fund for an additional fire truck for the City of Tahoka, and funds derived from these can holders will go into this fund.

Harley Wilson, who formerly farmed near here back in the late 1930s, was here Monday and stated he was thinking of moving back to Tahoka. He is employed at Reece Airforce Base west of Lubbock.

Lynn county farmers, disappointed and harassed by too much rain or not enough, hail storms and burning sand, are busy this week planting or replanting and trying to salvage the best of what crops remain.

Many unable to plant because of the drought, were tickled with the 14 days of rainy weather which ended Monday night. But, along with the rains came disaster to many in the form of flooding in some areas, not quite enough in others, severe hail storms Thursday night and again Saturday night followed by an almost unprecedented sandstorm out of the north Monday night that seared or killed much cotton, both young and old, irrigated and dryland.

Tahoka received a total of 2.29 inches during the two weeks, but only .51 since last Thursday morning, to bring the year's total rainfall to 4.15 inches. Some areas of the county received up to 5 or 7 inches, particularly in the Newmore, Wells, Three Lakes, Petty, Lakeview, Midway, and Grassland areas.

Some areas north of town, in the New Lynn country, and the northeast part of the county east of Wilson the rainfall was so light farmers were having to plant in the water furrows.

Hail and torrential rain Thursday night of last week destroyed crops and damaged land in the Petty, Lakeview, and part of the New Home and Dixie areas; smaller area north of Tahoka in the vicinity of the roadside park; and a large area east of town in the vicinity of six-mile store.

Saturday night another hail and windstorm east of town extended across a part of the same area across a part of the Grassland area and over into Garza county.

Monday night, the electrically charged sandstorm burned much of the other cotton, most of it irrigated. Some of this cotton was completely killed, and much other burned so badly farmers are replanting. Harvest damage seems to have been down across the center of the county.

In spite of the damage, more good may come from the rain than was lost in the storms, for nearly everyone now has sufficient moisture to last a while. Barring further backsets, although most crops will be late, there is a fair chance for a pretty good crop year, farmers say. This week is generally considered about the last date for planting cotton with safety to completely mature before the fall freezes.

Two Boy Scouts Going To Philmont

Jack Jaquess and Johnny Hillhouse will leave Sunday for Philmont, near Cimarron, N.M., where they will attend Boy Scout Camp for two weeks.

Twenty-one boys and three adult leaders from South Plains Council will attend the annual Ranch Trek on the 127,000 acre ranch in the northern New Mexico mountains.

Arriving at Philmont Monday noon by chartered bus, the boys will set out Tuesday on mountain trails for ten days of life hiking, camping, cooking observing wild-life, and fishing.

Among the 15,000 boys and leaders attending Philmont annually are representatives from nearly all states of the nation and from many foreign countries.

HOPE HAYNES HERE

Mr. and Mrs. Hope Haynes of Coalinga, Calif., were here Friday visiting the Clyde Spruiell family and other old friends while en route home from a vacation. Hope taught in the local schools from 1938 to 1941, following which he was at Whiteface three years. Sixteen years ago he joined the Standard Oil Company and has been living in California.

Miss Loretta Short And Doris Kizziar Married Saturday

Wedding vows for Miss Loretta Mae Short and Doris Wayne Kizziar were read at 8:00 p. m. Saturday, June 16, in the Sweet Street Baptist Church in Tahoka. Reverend Joe Webb performed the double ring ceremony.

Parents of the couple are Mr. and Mrs. Chester Short and Mr. and Mrs. J. L. Kizziar of Tahoka.

Given in marriage by her father, the bride wore a floor-length gown of white Chantilly lace over satin. Soft fullness accented the gathered skirt that parted in front with rows of nylon net pleating, and featured a fitted bodice with a scalloped portrait neckline and long pointed sleeves. A single strand of pearls complemented her dress. Her tiara of pearls and sequins held a finger tip veil of illusion. She carried lilies of the valley and carnations atop a white Bible.

Matron of honor was Mrs. Wanda Akin of Petersburg, sister of the bride. She wore a polyester and cotton broadcloth street-length dress of light blue with full skirt and low round neckline with a light blue hat. She carried a bouquet of white carnations highlighted with satin streamers.

Best man was Preston Hall of Brownfield. Ushers were Doyland Lewis and Kenneth Hanes of Tahoka. Candlelighter was Larry Kizziar, brother of the groom.

After a reception in the Fellowship Hall of the church, the bride changed to a beige suit with tan accessories for a short wedding trip.

She is a graduate of Tahoka High School and employed at Wynne Collier Drug. He is employed at Hamilton Furniture and Appliance.

One-Price Cotton Declared "Must"

Cotton must return to a one-price system as quickly as possible, Col. Burris C. Jackson, Hillsboro, stressed today in an address key-noting the 23rd Annual American Cotton Congress.

Colonel Jackson is general chairman of the Congress and president of the National Cotton Council.

Pointing out that U. S. cotton is hard-pressed in its competitive fight with foreign-grown cotton and with substitute fibers, he called on the industry and the government to work together in solving the problem. If the American cotton industry is permitted to go down the drain, he emphasized, it would be a staggering blow to the economy of the United States.

"The urgency for stepping up every effort to become truly competitive has never been more evident," the keynote speaker warned. "It is accentuated sharply by what happened last year. We saw a rise in the price of cotton. Rayon came back to life on the domestic market. It made the greatest competitive gain it had ever made in a single year."

"Overseas we could see the danger of new upsurge in cotton acreage and synthetic production. The price rise brought with it an increase in the export subsidy and a further price advantage for foreign manufacturers over domestic mills. The overall cost of the government cotton program was increased, fanning new flames of criticism of the expense of subsidies."

"So we find 40 per cent of our market dependent on a program that is far from popular in some quarters. Furthermore, we are being underpriced by our biggest competitor on the domestic market. What more do we need to spur us toward a competitive price for cotton?"

The long-range answer to a truly competitive price for cotton, he said, lies in greatly reduced production costs through research and its application. More efficient control of insects, weeds, and diseases, labor saving techniques, and increased processing marketing efficiency were listed among opportunities for lower costs.

Cotton, he added, is the single most important commodity in the world trade, bringing almost a billion dollars a year into this country—"dollars that are welcome indeed in view of our critical trade balance."

With cotton truly competitive in price, quality, and promotion, the Congress chairman stressed, the potential for bigger markets is string in this country, population is increasing, and living standards are continuing to rise.

THIS IS YOUR INDIAN!

from Paymaster

Comanche is the new early maturing hybrid—earliest now being produced by Paymaster Seed Farms. It is widely adapted and is especially recommended for early plantings and early harvest. Also, it may be planted late as a second crop with satisfactory yields.

Comanche has short, stiff, leafy stalks, and stubble has high grazing value after the grain is harvested. Tests indicate Comanche has excellent resistance to head smut and other sorghum diseases.

Come in and let us show you how you'll profit when you plant Comanche, one of Paymaster's new Indians. See us today.

663 Lynn County People Are Receiving Social Security Checks for \$415,248

(Special to The News)
New York, June 18—With each year, an increasing number of men, women and children in Lynn County are benefiting from money that was collected from payrolls in the past 20-odd years.

The amounts deducted, with matching payments by employers, were set aside to provide funds for retirement and for other future needs.

As a result, 663 local residents are now receiving monthly checks from the social security trust funds. The majority of them are retired workers, their wives, widows, children and parents. Others are disabled workers and their dependents.

As an indication of the rate at which the program has been expanding, the number of county residents who were receiving checks a mere three years ago was only 422.

The increase since then amounts

to 57 percent.

The United States as a whole had a 30 percent rise in the period, and the West South Central States, 42 percent.

Frequent liberalization of the program is the principal reason for the rise in number of beneficiaries. With each change, additional groups of people are brought under coverage.

The figures, recently released by the Social Security Administration, show that residents of Lynn County were collecting monthly checks, as of the beginning of this year, at the rate of \$415,248 a year.

By way of comparison, their receipts three years ago were only \$243,816.

For the individual beneficiary, the average was \$626, which was 8.4 percent more than at that time.

The social security program has mushroomed in size and in importance to the point where it has become a considerable factor in the national economy.

The number of people who are now receiving monthly checks has passed the 17 million mark.

Nearly 12 million of them are 65 or over. Of the others, 1 million are disabled workers and their dependents, 2.5 million are widowed mothers and children, and the remainder are beneficiaries between 62 and 65.

They are collecting close to \$13 billion a year, nearly all of which is promptly put back into circulation via the local stores and businesses.

Texas Leads In Cattle, Sheep

College Station, June 21—Texas leads all other states in the live-weight production of cattle, calves and sheep, but ranks 15th in hog production. Iowa is the top hog producing state by a wide margin.

The total number of pounds of Texas farms during 1961 reached 2.8 billion pounds, reports Ed Uvacek, extension livestock marketing specialist. During the same period, sheep and lamb production amounted to 195 million pounds while 288 million pounds of hogs were produced, he says.

Thus, Uvacek points out, Texas production last year of cattle and calves represented almost 10 per-

cent of the nation's output. Though the number of sheep and lambs produced in Texas far exceeds the next ranking state, the percentage of livestock production amounted to only about 12 percent of the nation's total. This, Uvacek says, is due to the fact that Texans are not as heavily in the lamb feeding business as are operators in California and Colorado.

Liveweight production for the nation last year was 29,688 million pounds of cattle and calves; 20.2 billion pounds of hogs and 1.6 billion pounds of sheep and lambs.

Uvacek explains liveweight production as the total number of pounds produced on farms. This includes the weight gained by animals on hand, bought or born during the year.

Jerry Cain Thanks People Of County

Expressing my sincere thanks to the people of Lynn County for their votes, time, money and their steadfast support to the last is not an easy task. Your confidence in me was exhibited by the overwhelming vote you cast in my behalf in the Democratic Primary run-off, and it is something for which I shall for ever be grateful.

While we were not successful in securing the Democratic nomination for State Representative, certainly each person who participated in this campaign has the satisfaction that comes from the knowledge of a job well done. Your devotion to your state government and your desire to see it run by qualified people is to be admired. I shall always be grateful when I remember your kind and generous consideration of me in this

race. My wife joins me in an affectionate, sincere Thank you, Jerry Cain.

Mr. and Mrs. Leon Anderson from Fort Polk, La., were here last week end visiting their parents.

Mrs. Alton Kelly has been a medical patient in the Tahoka Hospital. She was dismissed Wednesday.

Mrs. Pat Chamblee went home Wednesday from the Tahoka Hospital. She recently had major surgery.

We've got **GAS** air conditioning at our house!

Boy, it's the MOST! It does more than just COOL, too. It circulates, ventilates, dehumidifies and cleans the air. Oh, and it HEATS in winter... I almost forgot! Mom says it's a lot easier to keep house, now, because there ain't... I mean "isn't"... as much dust around. And you should hear Dad go on about how his hay fever's let up since we bought the Arkla-Servel. An' you know what? It runs so much cheaper than our old job that the folks increased my allowance from the savings! All I know is that when I get a house, I'm gonna have an Arkla-Servel Sun Valley, too. Say, ain't I mean "isn't," that a funny name for an air conditioner!

SOL-U-PHOS.

LIQUID FERTILIZER

"The SOLUTION For Your Fertilizer Problem"

Division of Goodpasture Grain & Milling Co., Inc.—Home Office... Brownfield, Texas

Side-dressing will really pay off when you side-dress with SOL-U-PHOS Liquid Fertilizer. SOL-U-PHOS will give your crops the plant nutrients needed at "dinner time," to carry them on into a fruitful harvest. Remember—every drop of SOL-U-PHOS is a chemical combination of plant nutrients in a neutral SOLUTION... this fact alone insures balanced fertilization for your crops. Don't deplete your land! Increase your crop yield, maintain high fertility with SOL-U-PHOS Liquid Fertilizers.

Everywhere you look, more and more farmers are "going modern"—they are switching to SOL-U-PHOS Liquid Fertilizer... why? They like the "filling station" type of operation... there is no heavy lifting needed... you get the correct analysis of plant nutrients without having to buy unwanted quantities of other nutrients... you don't have to have a field full of farmhands to get the job done... one man can easily side-dress up to fifty or more acres per day... you pay only for the plant nutrients delivered by your dealer...

Tom Hale, Tahoka manager of Goodpasture Grain & Milling Co., Inc., is dealer for SOL-U-PHOS Liquid Fertilizer in the Tahoka area. Before you buy any fertilizer... talk to your friends and neighbors who have used SOL-U-PHOS... come in and get all the facts, then you will see why so many farmers are "sold" on SOL-U-PHOS Liquid Fertilizers... the fertilizer "made" for farming.

Pvt. John Draper At Fort Chaffee

Pvt. John G. Draper, son of Mr. and Mrs. Howard M. Draper, Route 3, Tahoka, has been assigned to Company K, 397 Regiment, at Fort Chaffee, Ark., where he will receive his basic combat training. During the 8-week course, he will be given instruction in fundamental military subjects such as first aid, dismounted drill, map reading and military tactics. He will qualify with the M-1 Rifle.

After completion of basic training, he will receive advanced in-

dividual training in one of the thousands of specialties required in a modern Army.

The 397th Regiment is part of the 100th Division, an Army Reserve unit from Kentucky. The 100th was the first Division called to active duty in the current military build-up.

CARD OF THANKS

I would like to express my thanks and appreciation for each prayer, visit, cards, flowers, and each kindness shown me on my recent stay in the hospital.—Mrs. Lawrence Harvick.

Methodist Pastor Expresses Thanks

Being a Methodist minister, I have moved a few times in my ministry. Though people are basically the same all over the country, you find that every community and town is somewhat different; that is, different in their response to new folks moving in to make their residence. It has been a great thrill to move into Tahoka and feel the genuine warm welcome we have been given to our family. There is a sincerity and deep meaning in the greeting of everyone that we meet. Our church folks have so graciously received us with open arms; their visits by the parsonage with their good things to eat and their friendliness have been a true delight.

We look forward to knowing each of you in this fair little city, and pray God to bless you for your lovely ways and friendly greeting. The family joins me in this expression of gratitude.

We invite you to attend the Methodist Church, if you are not now attending some church; we will try and make you glad you did.—Aubrey F. White, pastor, Methodist Church.

CARD OF THANKS

Mrs. C. E. Gannaway and children wish to thank each one for the beautiful flowers that were put on C. E.'s and Jim's graves on Memorial Day.

The year 1911 was the first in Texas A&M College history in which more than 100 degrees were awarded. The Commencement in 1911 marked the College's 35th year of service.

Grassland News

(By Mrs. O. H. Hoover)

Grassland Community was struck by severe wind, rain and hail late Saturday evening. Most farmers lost their young crops and tornadoes skipped around over the community destroying quite a lot of buildings, a barn on Jim B. Porterfield's farm, Mr. Gus Porterfield's chicken house, Mr. McCleskey's chicken house, E. B. Gregg's tractor shed which damaged several tractors. Jim Norman lost the roof off his barn and had his grain damaged. Mr. Fox' garage was damaged. No one was injured and no dwellings were damaged as far as I know.

Mr. and Mrs. Eddie Ray and baby daughter spent the day Sunday with her parents, the Rev. and Mrs. Joseph E. Yates, the new Methodist pastor at Grassland.

Mr. Herman Huffaker's garage was jammed in on his car and pick-up Saturday night in the storm. The car was damaged some. Mrs. E. A. Thomas visited Mrs. Nina Belle Chapman and Forest Chapman while she was in Plainview Monday.

Mr. and Mrs. Onie Reed spent last Thursday and Friday with her mother, Mrs. Lucy Cunningham.

Mr. and Mrs. W. G. McCleskey visited in the M. C. Ritchey home Saturday.

Miss Gladys Fox had visitors last week from Bakersfield, Calif. They were Mr. and Mrs. D. F. Loller and daughter, Susan.

Mrs. E. A. Thomas made a business trip to Oklahoma last week. She went to Denton and Weatherford and attended a homecoming at Brock, Tex.

Mr. and Mrs. W. L. Gribble had as Father's day guests her parents, Mr. and Mrs. J. C. Warrick of Lubbock, and H. C. Gribble and family.

Rev. and Mrs. Yates visited in the O. H. Hoover home Wednesday.

Mr. and Mrs. H. D. Gartman visited in Rotan Sunday.

Mr. and Mrs. George Spears have gone to Broken Bow to attend a Spears family reunion, from there they plan to go to Lufkin and Bryan before returning.

We are sorry to report that Mrs. H. A. Roberts is not doing so well. She has been in the hospital at Post for six weeks.

Mrs. Glen Norman's father, Mr. Ira Lee Duckworth, is coming home June 18 from the Lubbock Methodist Hospital. He has been there three weeks. He is convalescing very well.

Mrs. Virginia Terry, Jerri Lou, and Bruce of Lamesa were luncheon guests of Mr. and Mrs. C. A. Walker Thursday.

Mrs. Nellie Clifton of Lamesa visited her daughter and family, the Marion Inklebarger's over the week end.

Mr. and Mrs. L. J. Walker, Denie and Tim, visited his parents, Mr. and Mrs. L. Walker Sr. Sunday.

Mrs. Billie Inklebarger was admitted to Garza Memorial Hospital Sunday evening.

Mr. and Mrs. Bill Moore and Cristy were luncheon guests of Mr. and Mrs. C. A. Walker Sunday.

Mrs. Pearl (Fleming) Walker reports her mother, Mrs. P. K. Fleming is improving, and has been released from the hospital. Mrs. Fleming suffered a heart attack some time ago, and has been in West Texas Hospital in Lubbock. Mrs. Fleming is convalescing at the home of her daughter, Mrs. Martha Fleming Baker who lives at 2921 68th St., in Lubbock. We wish for her a speedy recovery.

Mr. and Mrs. L. J. Walker, Denie and Tim of Littlefield were Sunday evening dinner guests in the home of Mr. and Mrs. C. A. Walker.

Mr. and Mrs. L. Walker Sr. visited Leon and Mittie Woods in Lamesa Thursday. Mr. Woods, who suffered a heart attack some months ago, is able to be up most of the time now and can get out for short rides in the car.

Mrs. Martha Harris returned home Tuesday after a two weeks vacation in the Rio Grande Valley.

Movie Cowboy Dies, Known At Post

(Post Dispatch)

Movie cowboy Guinn (Big Boy) Williams, who was a nephew of the late E. W. Williams Sr. of Garza County, died Wednesday of last week at a hospital in Van Nuys, Calif. He was 63.

At the height of his movie career several years ago, Williams visited his uncle and aunt here and a number of pictures of him on his visit were taken by Eddie Warren, then the owner and publisher of The Dispatch, and appeared on the front page of the newspaper.

Williams, a native of Decatur, Tex., leaves his wife, Dorothy, and a son, Tyler. He was the son of Mrs. Guinn Williams Sr. of San Angelo.

Williams spent two years working with the late humorist Will Rogers, who gave him the nickname "Big Boy."

He learned to ride and punch cattle on his father's ranch and picked up extra money performing in rodeos while coming up in the movie world.

Williams starred in 34 western pictures in the 1920s. He also played non-western roles once in a while. His last acting role was in "Comanche" with John Wayne.

Adolfo Flores, 63, Gets Citizenship Papers Flag Day

Adolfo Flores, 63, a resident of Tahoka for 21 years, is a happy man.

Last Thursday, Flag Day, he became a naturalized citizen of the United States of America in ceremonies in U. S. District Court in Lubbock, presided over by Judge Joseph B. Dooley. Holding an American flag, along with 48 other applicants, Adolfo took the citizenship oath of allegiance.

Adolfo had waited a long time to get his citizenship papers. For one thing, he had worked so hard that his fingers were slick and no fingerprints could be taken. Finally, forced to quit work because of ripples in each side, the tissue grew in his fingers and Mrs. Kenneth (Babe) Moore, deputy sheriff, was finally able to get passable fingerprints, which are required of new citizens.

Born in Mexico on Sept. 27, 1898, Flores first came to Texas in 1910, but went back to Mexico, married, and returned to Texas in 1916. They came to Tahoka in 1941, and have lived here ever since.

The couple have six sons and four daughters, and four of the boys and one of the girls live here. Mrs. Flores has also made application for citizenship, but is having trouble with her reading and writing but hopes to make the grade by September.

Classes will be held from 9:00 to 11:00 a. m. each day, and every one has a cordial invitation to attend. Anyone needing a ride to and from the sessions may phone 327-5292, and transportation will be provided.

Friday evening at 8:00 o'clock there will be a closing program on the school's theme, "The Home In Which I Live", participate in by the students. Parents and the general public are encouraged to be present.

Teachers for the school will meet Sunday evening at 6:00 o'clock at the church to make final plans for the school.

Little League Play Last Two Weeks

On May 31 the Cardinals defeated the Yankees 2-1. Eddie Glass and Alex Olivia did the pitching for the Cards while Mike Burk, Richard White and Randy White did the pitching for the Yankees. This gave the Cards the first half title.

Last Monday night a week ago the Giants were beaten 2-1 by the Cubs. Jim Adams pitched for the Cubs and Rodger Pennington for the Giants.

The Cardinals won over the Cubs 7-2 in a game played on Thursday, June 7. Pitcher for the Cardinals was Rubian Cazares. Pitchers for the Cubs were Jim Adams, Keith Davis, and Willy Brown.

The same night the Giants outscored the Yankees 8-5. Giants pitcher was Kent Zales and Yankee pitcher was Randy White.—Gary Thomas, Reporter.

Pony League Has Exciting Game

A Lynn County Pony League game that began Tuesday night at New Home finally ended in a 7-6 victory for the Tahoka Orioles over the homestanding Eagles at 12:15 Wednesday morning.

Winning pitcher Rett Patterson picked New Home's potential tying run off second base to end the ballgame in the bottom of the eleventh inning and clinch the victory for the Tahokans.

Only minutes before, Oriole Second Baseman Jerry Jolly, who scored three runs altogether, had stolen home with the lead run for Tahoka. Patterson and an alert Oriole defense then held the Eagles in check to insure the win.

Milton Miller paced the seventh-inning attack for the Birds with three singles. Third baseman Charles Sayles, Center-fielder Charles Carpenter, and Catcher Stanley Renfro were outstanding defensively and Mike Davis contributed seven innings of spectacular clutch pitching before retiring in favor of Patterson in the eleventh.

For the losers, Short-stop Hill blasted a tape-measure home run that cleared the centerfield scoreboard by at least twenty feet. The Eagles nine hit parade was lead by McClung and Robertson with two singles each.

Free Little League Show Wednesday

"A Happy Summer Evening" is the title of a free movie which will be presented free of charge next Wednesday evening at the City-Legion building by The Chrysler Corporation and The Short Company for all Lynn county Little Leaguers, parents, workers, and others interested.

There will be two showings of the movie, one at 7:30 p. m. and a second at 8:45 p. m. for those who attend church services and can not come to the first showing. The film features stars of the Boston Red Sox giving a helping hand to a Little League team. The show has already been viewed by millions over the nation and has been shown to many civic clubs like Rotary, Lions, etc.

The movie, Harry L. Short is informed, packs a fine message for both adults and boys in building character, teamwork, sportsmanship, and citizenship.

Free drinks will be served, a Little League ball glove given as a door prize, and free booklets passed out which include Little League Baseball Training Handbook, Get Acquainted with Little League, and How to Drive Like a Pro.

There is no obligation, nothing to sell, and no collection will be taken. The show is being presented simply for the good it may do.

QUESTIONS, PLEASE

QUESTION: CAN A CHILD OF GOD SIN?

ANSWER: 1 Jno. 3:9 says

"No one born of God commits sin; for God's nature abides in him, and he cannot sin because he is born of God. Many have asked me if this passage was written to teach that it is impossible for a child of God to commit sin. John was not discussing whether a child of God can sin or fall from grace or not. He was showing the difference between the righteous and the wicked. A faithful child of God is always striving to do God's will, and will not do what the word of God forbids. The man who goes contrary to the will of God is a child of the devil and not of God. Jesus teaches the same thing when he says a good tree cannot bring forth evil fruit, nor can a corrupt tree bring forth good fruit. A man whose heart is set on doing what God requires will not do wickedly, is the idea. In verse 6 he says:

"Whosoever abideth in him sinneth not: whosoever sinneth hath not seen him, neither know him." Again, in verse 8 he says: "He that committeth sin is of the devil; for the devil sinneth from the beginning." In verse 10 he says: "In this the children of God are manifest, and the children of the devil." From these expressions it is plain that John in this chapter was showing the difference between the children of God and the children of the wicked one. The Lord's people will not knowingly do wrong, while the wicked will not try to do right. When a Christian knowingly does wickedly, he ceases to be God's child and goes over to Satan. Hence, in verse 18, 19 John says: "My little children, let us not love in word, neither in tongue; but in deed and in truth. And hereby we know that we are of the truth, and shall assure our hearts before him." So it depends upon the child of God whether he holds with God or with the devil.

You are invited to send your questions to: Don Browning Box 812, Tahoka, Texas. You are also invited to attend the services of the Church of Christ.

Don Browning may be heard Sunday mornings at 11:00 and evenings at 7:00 at 750 on your radio dial.

Mrs. S. N. McDaniel, 95, Was One Of Early Day Settlers Of Lynn County

Mrs. S. N. (Alice) McDaniel, Lynn county pioneer, who is now living with Mrs. Eva Throneberry, route 3, Bowie, celebrated her 95th birthday on Monday of last week.

Her son, Fred, lives in near by Bellevue, and daughter, Mrs. Homer (Rescola) St. Clair lives at Garner.

On request of the News, Mrs. St. Clair has sent this newspaper some biographical material on Mrs. McDaniel which will be of interest to all the oldtimers and many of the newcomers here who know and love her.

Mrs. McDaniel was born Alice Nelson at Waynesville, Mo., on June 11, 1867. The Nelson family moved to Cooke county, Texas when she was a girl. She was married to S. N. McDaniel at Post Oak, Jack county, on March 15, 1888.

The McDaniels moved to Lynn county in March of 1902.

They lived first at Old Lynn postoffice, where the postmaster let them live in a half dugout until they could file on land and build a house. Mrs. McDaniel served meals to people coming through on the mail hack, and Mrs. St. Clair says she thinks the price of such a meal was 25 cents.

A section of land on the east side of Tahoka lake was filed on by the McDaniels, and lumber was hauled from Big Spring by wagon with which to build the family home. They lived here until the land was "proved up," although they were unable to get good water at this place.

When Lynn county was organized in 1903, Mr. McDaniel was elected the first county clerk, and he served in this capacity until 1912. Mrs. McDaniel served as deputy county clerk, and learned to use the typewriter, which was unusual in her day.

Although Mrs. McDaniel had only a country school education, she is remembered by her children for the many good books she read to them aloud after supper and the constant effort for self-improvement of herself and her family.

Mrs. McDaniel joined the Baptist Church at Antioch, Texas, in 1893, and she was a charter member of the First Baptist Church of Tahoka. Mr. McDaniel joined the

Baptist Church in 1910, and both were very active members in all phases of church life for many years.

Before the days of cars and hospitals, Mrs. McDaniel will be remembered by old-timers for her care of many sick people in the county. On occasion, she would take the ill into her home and care for them. At least one early-day cowboy informed The News a few years ago that he owed his life to her, for she took him in when he had no place to go and nursed him back to health.

On moving to town from the farm, the family home was built in 1905 at the corner of Lockwood, the Brownfield highway, just south of the present First Baptist Church, on lots Mr. McDaniel had drawn in the establishment of Tahoka. This house was moved to southeast Tahoka in 1915, and a new story and a half home built. This was the house recently moved to Boys Ranch, southeast of Tahoka, which burned soon after being moved a few weeks ago.

Mr. McDaniel passed away in 1937. She continued to live in the family home until 1961, when because of failing eyesight she sold the home and went to live with her daughter at Garner. However, she soon moved to Bowie to be near her son Fred and two sisters.

Five children were born to the McDaniels, one of which died in infancy. A daughter, Mrs. Pearl Coughran, passed on in 1945; and a son, Henry McDaniel died in 1955. As stated above, one son, Fred, lives at Bellevue, and one daughter, Rescola St. Clair, lives at Garner. There are 12 living grandchildren and 24 great grandchildren.

Many old friends will miss her at this year's Pioneer Reunion.

SEALS BUYS BARTLEY HOME, BARTLEYS TO GRAND PRAIRIE

Lynn Seals, local maintenance man for General Telephone Co., has bought the home of Mr. and Mrs. Tom Bartley on North Third.

The Bartleys, teachers here for a number of years, moved this week to Grand Prairie, between Fort Worth and Dallas, where they will teach in the high school.

Rotary Plans Ladies Night

Tahoka Rotary Club's annual ladies night and officer installation program will be held Thursday night, June 28, at 7:00 o'clock, at a covered dish supper, on the back lawn of the home of Dr. and Mrs. Emil Prohl, Dr. Skiles Thomas, club president has announced.

At this time, Calloway Huffaker will be inducted as the new president, and other officers and directors installed for the coming year. Wynne Collier will conduct the installation. Entertainment will include organ music by Fred Regl.

At last Thursday's club meeting, Dr. Thomas reported on the recent meeting of Rotary International in Los Angeles, attended by himself and family, Mr. and Mrs. Huffaker and son, John, and Mr. and Mrs. Charles Townes.

Dr. Thomas spoke mostly of the entertaining features of the meeting, but also touched on some of the various other sessions, including meetings of club presidents, craft meetings, and others. Theme for the coming year, the Doctor says, is "kindle the spark of international understanding."

Oscar L. Crain of Lubbock, district highway engineer and incoming president of the Lubbock club, was present and also made a brief report on the meeting. He said he was especially impressed with the size and scope of the

New Manager At Tahoka Compress

Bob Haney and family have moved here from Pecos to succeed E. R. Edwards, when the latter retires in August, as manager of the Tahoka Compress and Warehouse Co., owned by the Underwoods.

He moved into the Underwood manager's home on Main Street last week, and the residence is now being repaired for him. Mr. and Mrs. Edwards recently moved to their new brick home west of the High School.

Mr. and Mrs. Haney have three young children, Sherry Lynn 5, Melvin Perry 2, and Susan Donice 15 months.

He was manager of the Underwood compress in Pecos for two years, and prior to that was with the compress at Littlefield. He was in county agent work before joining the compress firm, and did his in-training work here in Tahoka under County Agent Bill Griffin eight or ten years ago.

Harvey Pyburn Is At San Antonio

Harvey J. Pyburn, son of Mr. and Mrs. H. L. Pyburn of Tahoka, has entered the Air Force and is stationed at Lackland Air Force Base in San Antonio. He will be there until he completes his basic training.

His wife, Mollie, is with her parents until she can join him.

Too many young men want to earn a living without rolling up their sleeves.

Highway Patrol Reports Damage

The Highway Patrol investigated eight rural accidents in Lynn County during the month of May according to Sergeant A. E. Roberts, Patrol Supervisor of this area.

These wrecks accounted for four persons injured and an estimated property damage of \$6,495.00.

The rural traffic accident summary of Lynn County from January through May of 1962 shows a total of 24 crashes. As a result of these crashes there was one person killed and 14 persons injured. The estimated property damage amounted to \$17,950.00.

Beginning with this amount, the Texas Department of Public Safety lends its support each year to the national SLOW DOWN AND

LIVE summertime Safety campaign which, as its name indicates, has as its objective the task of emphasizing the need for motorists to control their driving speed. Speed control is vital to Safety, because of the overcrowded condition of the highways caused by thousands of vacation travelers, most of whom are in a big hurry, since vacation time is usually all too short.

The veteran patrol supervisor said, "the hurry attitude frequently steers them into a speeding violation or, worse than that, a serious accident, or even death itself."

The last dodo is said to have died in 1699.

W. E. Suddarth Is Visitor Here

W. E. Suddarth, 85, former Tahoka rural mail carrier, was here Friday and Saturday visiting old Tahoka friends. He now lives in San Angelo, but expects in a few weeks to enter the new Methodist Retirement Home now being built at Georgetown.

He expressed amazement at the many beautiful homes built here and other improvements in the town since he left in 1944.

Mr. Suddarth served as an inspector for the U. S. Postoffice Department for many years before moving to Tahoka in 1927 to become a rural carrier. For several years he was editor of the Texas Carrier, state publication of the Rural Carriers. Mrs. Suddarth, a music teacher, passed away while living here.

Retiring in 1942, he moved to Lubbock in 1944, and after two or three years there moved to San Angelo.

His daughter, Ruth, teaches in the San Angelo schools and her husband, P. C. Windsor, is a teacher in San Angelo Junior College. His other daughter, Betty, lives in Hilo, Hawaii, where her husband is assistant fire chief.

"Built-in or free-standing, I like both—I know 'cause I have both," says Mrs. Charles Nelson, 205 Country Club Drive, Lubbock, Texas

Mrs. Nelson lives in a suburban area of Lubbock and shortly after occupying her Medallion Home, she realized that she had a problem... she was a long way from the nearest supermarket. The problem was solved by the addition of a free-standing combination electric refrigerator-freezer. This, plus the capacity of the built-in electric combination that came with the home, makes it possible for her to have a "supermarket" right in her home. Now, visits to the grocery are at her convenience — usually at two-week intervals. You, too, will like the convenience of your own home "supermarket."

Printer's Ink-lings . . .

By F. P. H.

Saturday will be a great day in Tahoka for a lot of people. Those who came to old Lynn many years ago will be greeting old friends and swapping stories of days gone by. We look forward each year to this meeting, but we are always a little sad, too, because each year the ranks of the real oldtimers gets a little thinner. This is the 60th anniversary of the organization of the town and county, and the reunion is fast becoming a get-together of the second, third and fourth generations of the original settlers. But, as a "newcomer" as of June 1, 1924, (although this became our official home on Nov. 1, 1923), we join in welcoming both the oldtimers and the other "newcomers."

But, we have seen the world advance more in 50 years than it had in all the previous time put together. The Printer is old enough that he has seen the transition from the horse and buggy days to the nuclear age, a day in which a man hurries around the earth in an outer-space craft two or three

times between breakfast and lunch. We remember seeing our first automobile, the first moving picture show, talking over a telephone for the first time, the first electric lights, the first indoors bathroom, listening to the miracle of a phonograph through ear plugs—to say nothing of wireless telegraphy, radio, color talking pictures, and airplanes. It's great to have lived during this transition. We wonder what's to come.

Do you remember catching rain water for drinking purposes in a wooden barrel, or the old hand-dug well with the rope, pulley and oaken bucket? Or shelling corn, mending harness, juicing Old Bossy, cutting wood for the cool stove? Or, on a cold night, nursing the newly-born calf, or pigs or baby chicks behind the bachelor stove in the living-room? Do you remember Arbucks, Bull Durham rock candy, Black Draught, wood stove corsets and celluloid collars, Studebaker wagons, Bitters and asfoetida? Or, twisting rabbit, coyotes howling at the light in town, the prairie dog towns killing your own meat, and the smoke house? If so, you're getting to be an oldtimer, brother!

Hugh Gray, Lynn county pioneer who died last week in New Mexico, and Skip Taylor entered the Army together back during World War I. Hugh said, "So long, Skip, hope I don't see you until we get back to O'Donnell." Both went to France with the 36th Division, Hugh with the 143rd Infantry, and Skip with a machine gun company of the 144th. Up at the front, Skip saw Hugh again—standing under a tree—and they had a great reunion. The 144th had gone up to the front lines on October 6, 1918.

and Skip's outfit went up three days later. Skip says the carnage was terrible with dead and wounded strewn all about. The Armistice was signed a month later. He was a bit shocked at the passing of his old friend after these 43 years.

We're sorry we didn't have an advance story about the Lubbock Baptist Association meeting in Tahoka on Monday, but we can't know about everything if you don't tell us. A newspaper can only furnish good coverage of the news when people report to it.

According to several of the columnists, as well as news stories, the Kennedy administration must have really put on the pressure and engaged in some cheap word-type politics in order to get Ted votes in the Massachusetts Democratic party convention. It is said that at least 50 postmaster appointments were upheld to force delegates in line. One speaker at the meeting declared something like this, "I have three relatives in my town. Each has been from the postmastership if each would throw his support to Ted. Seems like JFK is pushing pretty hard to put all his family in government. How did we get along before the Kennedy dynasty?"

We knew John Connally was spending a lot of money to get the Democratic nomination, but we didn't know he was spending the \$460,000 which he admitted in filing his election expenses. The sum total must have run much more than that, though. For instance a lot of money was spent by local and county committees for advertising, TV time, etc., not reported to Connally. If Connally is elected and tosses state funds around like he does campaign money, Texas will really get into a financial mess.

We had a long visit with J. E. Thomas of Garnolia a few days ago which we enjoyed very much. Mr. Thomas is well read, has an amazing fund of knowledge in number of fields, is a very interesting conversationalist, and he is what we would call a top citizen. He has his opinions on politics and the trend of events, and he respects the opinions of others. Mr. Thomas thinks that if everyone would vote his honest convictions without being influenced by such things as popularity, good looks, pleasing voice, etc., we would have public officials, state and national, of definite convictions. We would have fewer officials sacrificing integrity for popularity, espousing programs to win blocs of voters, and the result would be better government. What this country needs is more men like Mr. Thomas.

Mae and The Printer are getting mighty lonesome for those grandkids and their papa and mama. We kinda wish Doc Thomas or Doc Prohl would recommend a week's rest in the Colorado mountain at some place about like Lake City.

Jake wrote Saturday he could hardly see Round Top Mountain for "the snow that is coming down up there," he had just built a fire in the store stove, but Pat, Becky, and Fran had just passed down the street riding horses. Fishing is pretty fair, and Vicki had caught three trout one day, but water still murky from melting snow. "This country is the best medicine I know," he writes.

Joe D. Unfred, one of the farmers trying to save cotton and re-

planting other acreage destroyed by hail, rain and sand, says he was riding along the other day with a lot of time to think and got to wondering what these numbers on the side of tractors stand for. He says he doesn't know what the 560 on Farmalls stand for, or what the 4010 on John Deere's mean, but he worked out a solution to the meaning on the 1800 on Oliver's. He says the "1" must mean it takes one man to herd an Oliver through the field, the "8" that after eight hours sitting on one in a field a man needs to stand up a little while, and "Zero-Zero" indicates the owner's bank account when he gets the tractor paid for.

Troy Sproles of Grand Prairie writes some kind words about this column and sends greetings to some of the "old gang." G. W. White, Red and Dub Harvick, and Charles Oliver.

The Printer extends special thanks for kind remarks from F. M. Billman of Grandview, W. G. Lyons of Galveston, Rescola and Homer St. Clair of Garner, Mrs. "Skeet" (Dolly) Clem of Seagraves.

Yep, we pulled another boner, about which we've already been told about 25 times, when we said in a news story two weeks ago that John Connally had been "elected" governor. We should have said "nominated." Connally has yet to face Jack Cox, on the Republican ticket in the November general election.

The man who once most wisely said, "Be sure you're right, then go ahead," might well have added this, to-wit: "When you know you're wrong, be sure to quit."

Two little boys who had been naughty all day were told by the teacher that they must stay after school and write their names five hundred times. One of them began to watch the other unhappily. "Why aren't you writing, Tommy?" asked the teacher. Tommy burst into tears. "Taint fair!" he sobbed, "his name's Lee and mine's Schluttermeyer!"

As a visitor to a mental institution walked about the grounds, he noticed one of the inmates wheeling a wheelbarrow upside down.

"That's no way to push that thing," said the visitor. You've got it upside down."
"Oh Yeah?" retorted the inmate. "When I push it the other way, somebody puts bricks in it."

Letters From News Readers—

Dear Frank,
Would like for you to know how very much I enjoy the home town paper, although it has been twenty years since I have lived there. Still find news about people I have known and loved for many years. I suppose it will always be home to me as long as most of my family live there. Have enjoyed the editorial comments so much but mostly the ones on Billie So Estes. Believe it was one of the most unbiased ones that I have read.
Yours sincerely,
Mrs. Maxine Oliver Back

Bobby Huffaker Finishes College

Rev. and Mrs. Bobby Huffaker, who have been here the past two weeks visiting his parents, Mr. and Mrs. H. E. Huffaker of Grassland, received their degrees recently from Bethany Nazarene College in Bethany, Okla.

They left Wednesday for Clarendon, where he has accepted the pastorate of the Nazarene Church in that city.

Bobby is a graduate of Tahoka High School. At Bethany, he majored in Religion and was active in all athletics. His wife, Elizabeth, is the daughter of Mr. and Mrs. E. H. Roberts of Baton Rouge, La. He received the Bachelor of Arts degree, and she received the Bachelor of Science degree.

Bethany is a four year liberal arts college, located just west of Oklahoma City, has an enrollment of 1100 and a graduating class of 107 this year. It is one of eight colleges and graduate schools operated by the Church of the Nazarene.

The truck that's as good as your word

When you promise something will be there, a Chevrolet truck will help you keep your word almost to the point of monotony.

It will do its job over and over and over again, with seldom any trouble, at very low cost. What more can you ask from a truck?

Because of their reliability, people have put more Chevrolet trucks to work every year since 1937. That's a strong vote of confidence.

If good service is vital to your business, make your truck a Chevrolet and make your word more dependable than ever. Call your neighborhood Chevrolet dealer soon.
