Serving Tahoka and Lynn County Since 1903!

## 600 Attend Annual Pioneers' Reunion

Six hundred Lynn county pioneers and members of their families attended the annual meeting held Saturday in the new \$45,000 county livestock exhibition hall, at a barbecue dinner, heard a brief program and fiddle music, but mostly just visited old friends.

Mrs. R. E. Bland, 84, of Meadow and formerly of Redwine, received the loving cup as the eldest lady present who had not previously received the award; N. D. Leavitt, 83, of Causey, N. M., formerly of New Home, was the eldest man; and the person coming the greatest distance was Carl Sherrod of Hesperia, Calif., member of a pioneer Tahoka family.

In a brief business session, Charles Reid, vice president, automatically was advanced to president to succeed Tom "T" Hale; Sheriff Norvell "Booger" Redwine was elected the new vice president; and Mrs. Elnora Curry was elected secretary to succeed Mrs. Harley "Dete" Henderson.

Old-timers visited during the morning. District Judge Truett Smith called the meeting, and the invocation was given by Wes Luttrell, who came here with his parents in 1901.

Barbecue dinner cooked and served by Turner Rogers, "Booger," and F. E. Redwine, Maurice Huffaker, and others, and following this there was old time breakdown fiddle music by some of the musicians here for the contest later in the day while children organized impromptu square dance groups.

Clint Walker, acting as master of ceremonies, presented loving cups to the above named old-timers. Only other number on the program was a short and amusing presentation of feats of magic by P. G. VanderLinden, 106th district court reporter. Although brief, the program arranged by Mrs. Charles (Alice) Reid seemed to meet with popular favor.

While the pioneers visited, R. C. (Ruby) Wells ran off the popular old fiddlers contest, which filled out the day's program.

With ten entries in the contest, Carl Hazelwood of Tatum, N. M., was judged the best; Barton Riley, Olton, second; Jack Meyers, Lubbock, third; Denzie Boyler, Lubbock, fourth; and Raymond Brown, McAdoo, fifth.

Saturday night, an old time dance was held in the City-Legion building with Eldon Carroll in charge.

## Roy Knight Is Death Victim

Roy Knight, 49, well known local building contractor, died Friday at 9:00 p. m. at his home at 2028 South Seventh street following an illness of about two years. He had been seriously ill for 10 days.

Funeral services were held Monday at 10:00 a. m. in Sweet Street Baptist Church with the pastor, Rev. Joe A. Webb, officiating. Burial followed in Tahoka Cemetery under direction of White Funeral Home.

Born at Roby, Fisher county, on September 19, 1912, Roy came to Tahoka in 1925 with his parents. He was married at Anton on April 25, 1941, to Miss Lylia Shepperd. The couple had no children.

Survivors include his wife; his parents, Mr. and Mrs. J. H. Knight of Tahoka; two sisters, Mrs. Ruth Atkins of Fresno, Calif., and Mrs. Rosa Mary Moffitt of Tahoka; and one brother, Robert Knight, 117 Stanford, Lubbock; and 18 nieces and nephews.

Relatives were here from Snyder, Roby, Abilene, Matador, Amarillo, Lamesa, Lubbock, Anton, O'Donnell, Roswell, N. M., Farmington, N. M., Stanton and Dimmitt.

Help keep Tahoka clean.

## News Pictures Fail To Arrive

Five pictures The News planned to use in this issue failed to arrive from the engraver in time for publication. The News regrets this very much, but there was nothing we could do about it.

Included were three pictures taken at the recent Pioneer Reunion and the pictures of two brides, the accounts of whose weddings appear in this week's issue.

## Integration Vote This Saturday

New Home school district voters will go to the polls Saturday to decide whether or not the dual school system will be abolished and the white and Colored schools integrated.

Like many other schools, New Home is faced with an almost unbearable problem of operating a school for Negroes which will meet state standards.

Supt. H. L. Miller states that due to a census enumeration increase to 505 students, including several Negro children who will be in high school next year, one or two new teachers will have to be paid entirely out of local funds under the present dual system and about six additional classrooms will have to be provided.

## Stores Will Close Fourth of July

Most Tahoka stores and offices will be closed all day next Wednesday, July 4, a national holiday and one of the five holidays during the year on which members of the Chamber of Commerce have voted to observe.

No special observance is planned here except a "splash day" at the municipal pool and golf matches at T-Bar Country Club.

## Sheriff's Posse And Boys Ranch Win At Lamesa Rodeo

Lynn County Sheriff's Posse and South Plains Boys Ranch each won trophies in the parade which opened the 13th annual Lamesa Rodeo Thursday of last week.

The Sheriff's Posse placed second in competition among riding groups, Martin county being first and Cochran county third. Others entered included Howard, Terry Midland, and the host, Dawson.

The Boys' Ranch float was judged the best in the parade.

## GRANDCHILDREN VISIT WITH THE J. T. BRICES

There have been few dull moments at the J. T. Brice home so far this summer. They've had their grandchildren as visitors.

First they had the grandsons, then the granddaughters, and this week only one grandchild, Joanna of Dallas. They were the children of Jack Brice of Dallas and Hollis Brice of Midland. In the meantime, J. T. says, Don Brice and family have been down a few times, but Weldon and family of Midland have been the only ones not visiting them recently.

Mr. and Mrs. Earl Schultz and daughter Tracy of Houston spent several days this week with her parents, Mr. and Mrs. O. L. Kidwell, and family. They also visited with his parents, Mr. and Mrs. Charles Schultz and family of Lubbock.

## Build Holders For Trash Cans

Tahoka Firemen have started a fund for a fire truck, and are building trash can holders for sale to local citizens, the proceeds from which will go into this fund.

Two cans, any size, will fit in the holders, which will prevent them from blowing away or from being overturned by dogs. A chain is provided to secure lids. The racks are being sold for \$10.50 installed, or \$9.95 and buyer install himself.

Members of the Fire Department have started the fund with a \$400.00 cash donation.

Fire Chief Pat Patterson says another truck is badly needed here in town, but this one would be planned especially for rural fires. At the present time, when a truck is needed in the country, the town has insufficient protection.

The Firemen hope to secure funds for a \$7,000 300-gallon pumper with a 1,000-gallon tank. Present equipment is a fairly new 500-gallon pumper and an old 500-gallon pumper.

Citizens desiring these durable garbage can holders, may give their orders to any member of the Fire Department, City Secretary J. M. Uzzle, or leave such order at Piggly Wiggly No. 1.

## 4-H Dress Revue Set For Tonight

The Lynn county 4-H Dress Revue will be held June 29 at 8:30 p. m. in the Lyntegar Board Room. Approximately 45 4-H girls from Tahoka, O'Donnell, Wilson and New Home are expected to participate in the event.

The girls have been preparing for the revue during the past four weeks in workshops held in the communities. The public is invited to view the girls as they present their fashions.—Connie Anderson, Home Demonstration Agent.

## Jones Is Expanding Elevator Capacity

V. F. Jones and Seed Co. is completing a 54 by 90-foot addition to the grain elevator plant just east of the railroad on the Post Highway.

The building is an extension north of a present flat storage warehouse, and is constructed of frame and sheetrock.

Mr. Jones says the addition will give him an additional storage for 30,000 bushels, bringing his total storage capacity to about 180,000 bushels.

## Sudden Death of Methodist Pastor's Wife Is Shock To Community

Tahoka was shocked Sunday evening by the sudden death of Mrs. Aubrey F. White, wife of the local Methodist pastor and a resident of the town for less than a month.

Mrs. White was talking to the church. Methodist Youth Fellowship at the church when she suddenly collapsed shortly after 7:00 p. m. An ambulance and a doctor were called, but she died seconds after the doctor arrived, presumably from a heart attack.

Funeral services were held Tuesday at 2:00 in the First Baptist Church of Lamesa. Conducting last rites were Dr. E. D. Landreth, pastor of First Methodist Church of Lamesa; Dr. D. D. Dennison, Methodist district superintendent of Brownfield; and Rev. Elra Phillips, pastor at Cooper. Burial followed in Lamesa Cemetery.

Mrs. White, the former Miss Jewel Henderson, was born on June 1, 1910, at Caradan, Mills county. She moved to Lamesa with her late parents in 1924, and the family lived in the nearby Key community. She was married on Dec. 25, 1930, in Lamesa to Rev.

## Out-Going Mail Service Added

Tahoka postoffice has been granted an additional outgoing mail service that should be of added convenience to local patrons, according to Postmaster W. E. (Happy) Smith.

Mail to go out to Lubbock should be in the postoffice by 3:30 p. m. This service will enable local people to receive mail from Lubbock and answer the same on the day received.

This mail will also carry airmail and other first class mail going north. Mr. Smith said he had been trying to get this service for some time. This mailing will go to Lubbock by bus.

Other outgoing mail leaves here at 7:30 a. m. for Brownfield only, 9:00 a. m. for Lubbock, 2:00 p. m. for O'Donnell and Lamesa only, and 5:30 p. m. when mail goes out to all points.

One inconvenience of the 5:30 tie-out is that letters mailed here and going out at that time on many occasions misses the city delivery in Lubbock the next morning.

## 15 Will Attend Dam Ceremonies

At least 15 Tahoka people will attend the groundbreaking ceremonies of the Canadian River Dam near Sanford, 40 miles northeast of Amarillo, this Saturday.

Eleven or more Tahokans will go on a chartered bus leaving here at 5:30 a. m. carrying the Lamesa, O'Donnell, and Tahoka delegations. Signed from Tahoka to ride the bus are Mayor Mel Leslie, H. B. McCord Sr., Dr. K. R. Durham, E. R. Edwards, Dr. Skiles Thomas, J. E. Nance, Everton Nevill, J. M. Uzzle, "Hick" Gibson, Winston C. Wharton, and Evon Wilson.

Also attending but going by car will be Mr. and Mrs. Albert Curry and Mr. and Mrs. E. L. Short. Starting work on the dam is the culmination of a dream on which work has been done for 12 years. Water from the lake impounded from the dam is expected to furnish water through an aqueduct system to 11 Plains towns.

Principal speaker at the ceremonies beginning at 10:00 a. m. Saturday will be Stewart L. Udall, Secretary of the Interior.

## New Home Needs Three Teachers

New Home school faculty for the coming school year is almost filled, according to Superintendent H. L. Miller.

Vacancies still exist for the two fourth grade places and for the high school coaching position.

## Most Crops Up And Growing But Need Favorable Weather

### Paving Projects Set For 1963-64

Texas Highway Department announced from Austin this week plans for construction of 3.7 miles of new four-lane road on US 84 highway in the extreme northeast corner of Lynn county at an estimated cost of \$290,000. This is the Lubbock-Post highway.

The project is one of those approved for the 1963-64 Consolidated Highway Program for Texas.

Other projects in the plans on US 84 four-lane program include 10.2 miles in Bailey county from the state line toward Muleshoe, 7.9 miles in Bailey county from Muleshoe to Lamb county line, a total of 8.6 miles in Lamb county, and a 6.5 mile loop around Slaton to the Lynn county line, the latter to cost approximately \$820,000.

Only other work planned on the US 87 highway is in Hale county, where there will be 14.7 miles of multi-laned highway built, including a sector through west Plainview, estimated to cost a total of \$1,204,000.

O. L. Crain, district engineer of the Texas Highway Department in Lubbock, announces work will begin on these projects just as soon as final planning is completed and right-of-way secured.

Funds were set aside two years ago for the project through Tahoka on US 87, pending securing of the right of way.

## Mrs. D. D. Odom Buried Monday

Mrs. D. D. Odom, 84, a resident of Grassland community for 46 years, passed away Saturday at 7:30 p. m. in Tahoka Hospital, where she had been a patient since Thursday. She had been in ill health for some time.

Funeral services were held Monday at 2:30 p. m. in the First Baptist Church with the pastor, Rev. James Euford, and Rev. A. T. Nixon of route 2, Post, a long-time friend, officiating. Burial followed in Grassland Cemetery under direction of White Funeral Home.

Born Carrie Scarborough on September 1, 1877, at Robeline, Louisiana, she came to Fruitland, Montague county, Texas, with her parents at the age of nine. She was married there to Dan D. Odom on December 5, 1897. The couple moved from Grandfield, Okla., to Grassland in 1915, and lived on their farm a half mile west of Grassland until his death September 9, 1951. Since then, she had been living with a daughter, Mrs. Ruel Smith.

Mrs. Odom had been a member of the Baptist Church since age 16, and was a charter member of Central Baptist Church.

Surviving are three daughters, Mrs. B. A. (Grace) Norman of Grassland, Mrs. Ruel (Mabel) Smith of route 2, Post, and Mrs. Mac (Ruby) Saunders of Houston; two sons, Earl Odom of Ropesville and Ray Odom of Slaton; eight grandchildren and nine great grandchildren.

## MRS. SHEPHERD CUTS HAND

While visiting out at Harrison's Grassland store Tuesday night, Mrs. A. L. Shepherd cut her right hand very badly on a meat can and was taken to a Post hospital for treatment. The leader to the little finger was severed, Mr. Shepherd says, and some difficulty was encountered in repairing the damage. She was expected home Thursday.

G. C. Watson was dismissed from the Tahoka Hospital last Thursday where he had been a medical patient.

## Splash Day At Pool July 4th

For the 4th of July the Municipal Swimming Pool will be open from 9:30 a. m. until 7:00 p. m. for convenience and pleasure.

Splash Day will feature the Tahoka S.C.U.B.A. Diving Club at 2:00 p. m. for a free exhibition of their equipment and its useage. Some of its members are Billy Craig, John Curry, Edward Pool, Harvey Grayson, Jerry Rosenberry, and others.

Also at 3:00 p. m. goldfish will be released into the pool and the customers will have an opportunity to catch one of the specified fish to win a season pass.

The public is cordially invited to relax and enjoy the holiday by swimming as well as being provided with some outside entertainment.

## Lions At Wilson Install Officers

Officers of the Wilson Lions Club for the coming year were installed Thursday night at the regular meeting. The installation was conducted by Travis Shelton of Lubbock.

The new officers are as follows: Roy Kahlich, president; Billy Rhoades, first vice president; W. R. Steen, second vice president; L. E. Young, third vice president; Hubert Tienert, lion tamer; E. L. Walker, tail twister; R. A. Lamb, secretary-treasurer; B. L. Hatchel, chaplain. The new directors are Earl Cummings, Lloyd Mears, and W. C. Steinhouser. The audit committee consists of Leroy Scott, Don Akin, and A. L. Holder.

## Youth Revival For First Baptist Church

During this special week, members of the Intermediate, Young People, and Married Young People will assume the various offices of the church. The Youth and Recreation Committee of the church has nominated a complete slate of officers who will teach Sunday School classes, lead the Training Unions, serve as ushers and deacons, provide the music for the services, conduct the W.M.U. and Brotherhood programs, and direct visitation.

The highlight of the week will be a week-end Youth-led Revival July 13-15. Rev. Robert White, a June graduate of Baylor University who now lives in Arlington, will be the preacher for the revival. Olen Massey, the minister of music and education at the First Baptist Church in Grand Prairie, is scheduled to direct the music.

## New Home Scouts Attending Camp

Boy Scout Troop 526 of New Home, sponsored by New Home Civic Club, checked in Sunday afternoon at Tres Ritos Scout Camp in the mountains of New Mexico north of Las Vegas.

Scouts in attendance and under the leadership of Jack Clements are: Dave and Randy Unfred, Jimmie Farr, Stanley Gill, Ricky Haley, Gid Moore, and Steve Lisebmy.

The troop will be in camp all this week enjoying the many and varied activities and having fun doing the outdoor skills of scouting.

Mrs. Frances E. Dunagan returned home Tuesday from Buffalo, where she visited a brother-in-law and sister-in-law and helped out in their business for a little over six weeks. She said she went to stay a week, but stayed a while longer to help them out.

## Most Lynn county crops are up and growing, but farmers are still having a hectic time and declare that anything can happen.

Light rainfall Sunday night and early Monday fell over the county, ranging from about an inch in spots down to only .10. In Tahoka, 45 inch was measured to bring the total for June to 2.74 inches and the total for the year to 4.50, well below normal.

Heavy showers Monday caused some farmers in the area north of New Lynn and southeast of Wilson to replant.

Cotton over the county is in all stages, some squaring and some just coming up. Most cotton is up but very late.

Some farmland is too wet and some is too dry. In the northeast sector, much of which had barely enough rain to plant in the water furrow, some of the young cotton is reported to be dying.

Much cotton, however, is up to a fine stand and doing well, but many farmers are now fighting the weeds, which always seem to do better than cotton and milo.

Weather the past week has been unusually cool for June, and skies were overcast again on Thursday morning.

Under favorable conditions, only an average crop is in prospect for this year, farm experts declare, and almost a miracle would bring another bumper crop for 1962.

## General Tel. Co. Plans Expansion

A huge expansion program, designed to bring ultra-modern telephone conveniences to residents of the Tahoka area is progressing rapidly according to Wayne King, district manager for General Telephone Company of the Southwest.

The hub of the entire program is General Telephone's expansive new central office building in Brownfield, which serves as the master long distance service center for calls originating or terminating in Tahoka.

Key feature of the new system now being installed in the Brownfield office is Direct Distance Dialing, or "DDD". When conversation to the new equipment takes place sometime during the first quarter of 1963, Tahoka customers will begin dialing their own long distance calls.

"Not only will our customers be able to get long distance calls through faster, they will have the entire nation at their fingertips," King stated.

When DDD arrives, local customers will be able to dial directly any town in the United States which has facilities for receiving DDD calls. In most instances, this includes any city with seven digit telephone numbers.

King gave a simplified explanation of how a customer will dial a distant number.

"For example, let's say a customer in Tahoka wanted to call Oxford 7-3400 in New York City—he would dial 13 numbers."

"First, he would dial 112. This should take him into the local equipment, just as if he had dialed '0' to reach the operator."

"Next, he would dial 212, the area code for that section of New York State. (Each subscriber will be provided with a booklet containing area codes for the entire country). Lastly he would dial OX 7-3400 and the distant number in New York City would ring."

## CAR CATCHES FIRE

Tahoka Fire Department was called out at Thursday midnight when a car owned by a Lubbock man passing through town caught fire. Only damage was to the back seat, possibly set by a spark from a cigarette.

Help keep Tahoka clean.

THE NEWS

## "The Golden Age" Subject Of Verse

The News, like most other newspapers, does not print verse or poetry as a usual thing. However, at the request of Mrs. E. S. (Nettie) Davis, aged Tahoka pioneer, we are reprinting the following bit of verse entitled "The Golden Age," which be of interest to young and old alike:

How do I know that my youth has been spent?  
'Cause my get up and go has got up and went.  
But inspite of all that, I am able to grin

When I think of the places my get up has been.

Our age is golden, I've oft heard it said,  
But sometimes I wonder as I go to bed.

My ear in a drawer, my teeth in a cup,  
My eyes on the table until I wake up.

'Ere sleep dims my eyes, I say to myself,  
Is there anything else I should lay on the shelf?

And I'm happy to say, as I close the door,  
My friends are the same as in days of yore.

When I was young my slippers were red.  
I could kick my heels right over my head.

When I grew older my slippers were blue,  
But I could still dance the whole night through.

Now I am old, my slippers are black,  
I walk to the corner and puff my way back.

The reason I know that my youth is spent,  
My get up and go has got up and went!

But I really don't mind, when I think with a grin  
Of all the places my get up has been.

Since I have retired from life's competition,  
I busy myself with complete repetition.

I get up each morning, dust off my wits,  
Pick up the paper and read the "obits."

If my name is missing, I know I'm not dead,  
So I eat a good breakfast and go back to bed.

—Author Unknown.

## Youths Attending Methodist Assembly

Five youths from the Tahoka Methodist Church left Monday for Abilene where they attended Methodist Assembly at McMurry College. They plan to return today.

During the day they attended different workshops in which they studied the Bible.

The youths that attended were Janis Gattis, Sarah Wells, Craig Leslie, Andy Bray, and Billy Clinton.

Easterwood Field was dedicated in 1941 at the Texas A&M College airport.

## Giants In No-Hit Game Over Cubs

The Giants won over the Cardinals last Thursday night 10-8 with Kent Sayles and Billy Applewhite pitching for the Giants. Cardinal pitcher was Alex Oliva.

The Giants defeated the Cards when Gary Brooks knocked a home run in the bottom of the sixth inning with a man on base.

Also hitting a home run was Kent Sayles.

On June 21 the Yankees squeezed by the Cubs 6-5. Pitching for the Yankees was John Tyler. Jim Adams, Cliff Thomas, and Chris Roberts pitched for the Cubs. One home run was hit by Cliff Thomas.

On Monday, June 25, the Cards won over the Yankees. The final score was 3-1. Winning pitcher was Greg Thomas. Losing pitcher was Richard White. A home run was hit by Eddie Glass.

Farm ponds can furnish a lot of enjoyment but they will do so only if they are well managed.

Research and practical experience have shown that bass and bluegills can be managed most effectively in farm ponds. Sometimes channel cats can be added but they seldom spawn in farm ponds unless special spawning devices are provided so they must be restocked occasionally. Bluegills stocked alone overpopulate the pond with stunted fish. Bass stocked alone do not get enough food to grow rapidly. Results with crappies, goggle-eyes, bullheads, etc., are uncertain. They are good fish but not usually recommended because they are hard to manage.

Most farm ponds are not fished heavily enough. Fishing should begin as soon as bass have spawned but not before. Reproduction can easily be checked with a minnow seine. Fish for bass lightly for the first two or three months. This is about the only time you can fish your pond too hard. Thereafter, heavier fishing will not upset the balance between bass and bluegills.

It is not good management to throw back any fish caught on hook and line except undersize bass. Bluegills should never be returned to the water regardless of size.

Neither is it good management to fish selectively for bass. Generally three-fourths of your total pounds of fish are bluegills. A good rule of thumb would be to remove 3 to 4 pounds of bluegills for every pound of bass.

A highly fertile pond will support more pounds of fish than one of low fertility. Fertilizing must be done systematically. Once begun, it must be continued because

the fish put on weight quickly when fertilization is started. If fertilizing is stopped, the amount of fish food is sharply reduced, then the fish must lose weight in order to live on the smaller amount of food available.

If you plan to fertilize, you should apply it about once a month from April to November with about 100 pounds of commercial fertilizer per surface acre each application. The water should become so cloudy that you cannot see a bright object 12 inches below the surface. Additional applications should be made when ever the water begins to clear.

Controlling weeds in ponds is necessary for good fish production and ease of fishing. Fertilizing is the most practical way to control underwater weeds because it shades them out. Some waterweeds will have to be treated chemically to control them. Plants growing around the shore are best removed simply by pulling them out as fast as they get started. Two or three hours a month spent at this task will provide satisfactory control.

**Grassland News**

(By Mrs. O. H. Hoover)

Friends and neighbors in the Grassland community were saddened by the passing of one of our most beloved pioneer citizens. Mrs. Dan Odom left us Saturday evening, June 23. Mr. and Mrs. Odom came to the Grassland community 47 years ago. They were charter members of the Central Baptist Church, and were great workers in the community as long as they were physically able. We extend to this fine family and loved ones our heartfelt sympathy. May God bless them in their time of sorrow.

Mr. and Mrs. C. O. McCleskey, Mr. and Mrs. Odie Campbell, and Mr. and Mrs. W. G. McCleskey visited Mr. M. C. Ritchey Sunday. We are sorry to report Mr. Ritchey is not feeling so well.

Mrs. McCleskey was a visitor in Mrs. Edith Inklebarger's home Friday.

Mr. and Mrs. J. H. Burk of Cisco visited with his brother and family, the L. B. Burks, and his sister and family, the L. W. Walkers, last week. Mrs. Burk was en route to Denver, Colo., to be with her daughter, Martha Parm, who was to have surgery Thursday morning.

Mr. and Mrs. E. B. Gregg spent the day Wednesday in Abernathy with their daughter and family, the Gene Nunnas. The Nunnas are moving into their new home this week.

The Graham Thursday Club met with Mrs. Ada Oden June 21. The evening was spent in visiting. The hostess served refreshments of jello salad, potato chips and cold drinks to all the members, except Mrs. Hoover, who was ill with the flu. The next meeting will be with Mrs. Hoover July 5 and will be our rosbud gift day.

Mr. and Mrs. J. D. McGrew of Lamesa were hosts to a birthday dinner Friday evening honoring their daughter, Mrs. Doyle Rains and Bill Moore of Seagraves. Sandwiches, cake and ice cream were served to the following guests: Mr. and Mrs. Doyle Rains, Mr. and Mrs. Bill Moore and Cristy, Mr. and Mrs. Doyle Terry, Jerry Lou and Bruce, Mr. and Mrs. C. A. Walker and Jeannie Inklebarger.

Mr. and Mrs. Onie Reed of Crosbyton visited her mother, Mrs. Lucy Cunningham. They were on their way to attend the Old Settlers Reunion in Tahoka.

Mrs. Eddie Ray and two children of Morton and Mrs. W. J. Woody and grandsons of Baileyboro are here visiting with Rev. and Mrs. Yates. The children plan to attend the Bible school. Mrs. Ray is the Yates' daughter, and Mrs. Woody is Mrs. Yates' mother.

Mrs. Tom Murray and daughter, Mrs. Bert McDonald, are going to Rotan Monday. They will bring back for a visit another daughter of the Murrays, Mrs. Wanda Rogers, and her two boys.

Dr. Ronald Huddleston from Dallas visited his parents, the J. H. Huddlestons, recently.

The Bible School started Monday at the Methodist Church in Grassland. The Baptist and Methodist Churches have combined their children. Bring your children and join us in this school.

Mr. R. E. Inklebarger from Stephenville visited his niece and family, the C. A. Walkers, Tuesday.

Mr. and Mrs. Tommy Joe Billings, Lee, Dannie and Jan, Mr. and Mrs. Bill Moore and Cristy Lynne spent the week at the Thomas Lake.

Among the visitors in the Bob Norman home Sunday were Mr. and Mrs. Luther Kinley of O'Donnell and Mrs. Anton Mueller of Wilson.

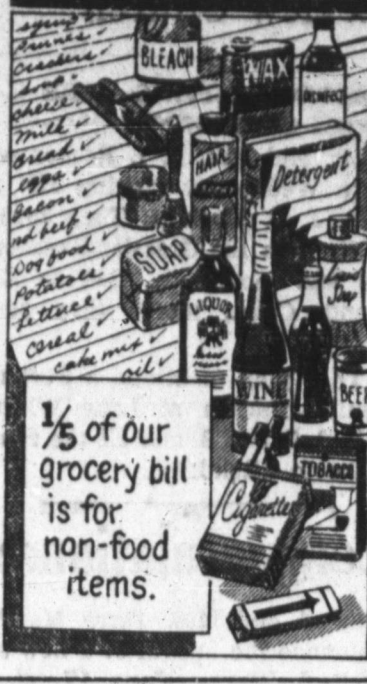

J. H. Burk of Cisco visited in the C. A. Walker home Tuesday evening.

Mrs. W. G. McCleskey visited Mrs. Dizzie Gartman Friday afternoon.

## Miss Gloria Morris And Jim Dulin Take Wedding Vows In Ceremony At Lubbock

Before an altar of white gladioli and candelabra, Miss Gloria Lee Morris became the bride of Lonnie Jim Dulin, on Friday, June 22, at 8:00 p. m. at the Berean Baptist Church in Lubbock. The Rev. Gayler Bartlett officiated the double ring vows.

Parents of the couple are Mr. and Mrs. D. B. Morris, Rt. 1, Wilson, and Mr. and Mrs. J. E. Dulin of Tahoka.

The bride was presented in marriage by her father. The bride chose a gown of cloud white silk organza fashioned with a portrait neckline and tapered petal point sleeves. Appliques of lace enhanced the neckline, bodice and the skirt front. Gathered fullness at the back waistline emphasized the full sweep of the chapel train. Her veil of imported silk illusion fell from a crown of pearls. She complemented her costume by a pearl necklace which was a wedding gift from the groom. The bridegroom's mother made the bride's blue garter, and she wore her grandmother's wedding band. She carried an orchid surrounded by white feathered pompons atop a white Bible.

Matron of honor was Mrs. Yvonne Snitker of Lubbock. Bridesmaids were Miss Glendia Morris, sister of the bride, and Miss Sherry Finch, cousin of the bride from Fluvanna.

They wore dresses of white taffeta with scoop necklines, cap sleeves and full skirts, accented by gold cumberbuns and gold shoes. Headpieces were matching white veils. They carried feathered

## Miss Dianne Fails, Jimmy Ray Briggs Married Friday At Lakeview Church

Miss Connie Dianne Fails became the bride of Jimmy Ray Briggs in a double ring ceremony at 8:00 p. m. Friday, June 22, in the Lakeview Baptist Church.

Parents of the couple are Mr. and Mrs. C. J. Fails Jr. of Route 5, Tahoka, and Mr. and Mrs. O. K. Briggs, Route 4, Lubbock.

Nuptial vows were pledged beneath an arch of greenery flanked by baskets of white mums. White candles and bows marked pews.

The Rev. Phillip Goodrum officiated. Sandra McNabb of Ropesville sang "The Wedding Prayer" and "O Perfect Love." She was accompanied by Miss Carol Jean Allen of Tahoka.

Given in marriage by her father the bride wore a gown of white silk organza enhanced with appliqued lace, long tapered sleeves and a scalloped neckline. A miniature crown of sequins and seed pearls held a waist length veil of silk illusion. The bridal bouquet was white roses.

Miss Patricia Fails, sister of the bride, was maid of honor. Misses Kay Halameick and Jackie Brown were bridesmaids. Flower girls were Gale Newman and Betty Rae Moore. Candles were lighted by Beverly Fails, sister of the bride. The six wore matching dresses of turquoise pima sheer with velvet sashes, matching net hats, white gloves and slippers. Each carried a long stem blue lace carnation.

Ronnie McNabb of Ropesville served as best man. Groomsmen were Donald Hancock and Wesley Dean. Ushers were David Crooks and Kenneth Moore.

Mrs. Kay Low of Lubbock registered guests at a reception given in fellowship hall of the church following the ceremony. Serving at the refreshment table were Misses Frances Willhoit and Donna Copelin.

The bride is a graduate of Tahoka High School and the groom is a graduate of New Home High School and attended Levelland Jr. College.

After a wedding trip to points of New Mexico, the couple will make their home in Brownfield where he is employed by Goodpasture Grain.

## Savings Bonds Sales Are High

A. C. Verner, Chairman of Lynn County Savings Bonds Committee, announced recently that Lynn County's May bond sales totaled \$25,500.00. Sales during the first five months of 1962 totaled \$191,702 which represents 76.7% of the 1962 Bond sales goal.

Savings Bonds sales in Texas in May were \$11,496,187 and \$64,736,607 in bonds were purchased during the period January through May. 83.6% of the Texas' Freedom Bond Drive goal of \$75,000,000 has been achieved.

"The total amount of E and H Bonds outstanding has reached \$44.8 billion. This is the highest amount of E and H Bonds on record. During the first four months of 1962, the amount of Savings Bonds outstanding had a net gain of \$358 million. As a result of the Freedom Bond Drive, the Treasury Department is confident that the amount of E and H Bonds outstanding will go even higher," Chairman Verner said.

If the 1956 mileage death rate of 6.5 persons killed for every 100 million vehicle miles traveled had been maintained in 1961, last year's traffic deaths would have totaled 3,120 instead of 2,314.

## You, too, can help put down a threat to freedom

Uncle Sam has had some pretty conscientious help in the "freedom department" over the years. Some of the best-known contributors were an expert horseman named Revere—a group of amateur stevedores who maddened tea in Boston Harbor... and a party of revolutionaries who created an unsplitable nation under the shadow of a cracked bell.

Today the freedom which those patriots won for us is being challenged. And freedom will always need brave men to defend and preserve it. Men and women, like you.

You can do your share toward defending freedom by buying United States Savings Bonds today. The dollars you invest this way go right to work for your country now, as well as for your future.

How about buying a \$50 Savings Bond (the most popular size) next payday? The cost is only \$37.50.

Best known for his midnight ride to Lexington, famous patriot Paul Revere also designed the first Continental currency, the first official seal of the Colonies, and the state seal of Massachusetts, still in use today.

(By Mrs. Jesse A. Ward)

Visiting in the home of Mr. and Mrs. F. W. Calloway last week were her sister-in-law, Mrs. Thelma Childs, and son, Walland, and a grandson, Linton. They are all from California. Mrs. Childs is the mother of Mrs. Ronald Huddleston of Dallas. Dr. and Mrs. Huddleston are also visiting here. Mrs. Snow Moore returned to Southland with the relatives after an extended visit with her granddaughter, Mrs. Ronald Huddleston. Mrs. Childs, son, and grandson and Dr. and Mrs. Huddleston returned to Dallas Monday.

Mrs. Mary Gray of Needles, Calif., and Susan Martin recently spent a week with Mrs. Alice Martin.

Mr. and Mrs. James Crawford and daughters from Idalou recently spent a week end with his parents, Mr. and Mrs. Payton Crawford.

Mr. and Mrs. Donald Pennell accompanied Mr. and Mrs. John Leaks as far as Houston and the Leaks went on to Galveston to spend the week end with their daughter who is ill. Mr. and Mrs.

Pennell visited with relatives in Houston and Mr. Pennell also visited Clarence Taylor in the Veterans Hospital in Houston.

Mr. and Mrs. Jack Myers spent most of last week at Crosbyton. His father, K. D. Myers, had a bad heart attack Monday of last week. He seems to be holding his own at this writing and is still in the hospital.

Chris Gindorf and son, Milton, returned home Monday by air. We didn't learn any further news about Milton.

### Savings Bonds for Freedom

"Freedom in America involves a profound respect for individual liberty, a strong determination to maintain that liberty, and to bring ourselves and others to a better life within its framework. Many Americans today are sincerely wondering what they can do to defend and preserve our freedom. They wish to contribute to our defense efforts, to our adventures in space, and to strengthening our free institutions and our traditions of liberty. The success of our efforts is based upon a strong and expanding economy. By investing part of his savings in United States Savings Bonds, an individual citizen can contribute to all of these objectives. I would like to take this opportunity to invite every American to purchase an extra share in freedom by purchasing an extra Savings Bond during the Freedom Bond Drive." — J. F. Kennedy, The White House, May 1, 1962.

Mrs. B. F. Gunnels and son, Ronnie, spent Sunday with her daughter and family, Mr. and Mrs. Donald Edmunds and children.

Mrs. Alvin Duncan from Farmington, N. M., is spending the week with her sister, Mrs. Roy Knight. Mrs. Ray Atkins and daughter, Gwen, are also here with Mrs. Knight for about two weeks. They are from Fresno, California.

The last report on Clarence Taylor was that he was better. Some of his buddies from Lubbock flew down to Houston and visited with him.

D. G. Phipps was here the first of the week looking after his property interests. He had come up with his daughter, Mrs. Felix Jones of O'Donnell, who had been visiting them. Mr. Phipps says that Mrs. Phipps is not doing too well.

Jerrilyn Huddleston has recently been here visiting her parents, Mr. and Mrs. J. H. Huddleston. Jerrilyn teaches school in Albuquerque.

Mr. and Mrs. Troy Minning and baby from Riverside, Calif., who are visiting relatives, Miss Ora Minning, and Mr. and Mrs. J. A. Warren in Slaton, were supper guests in the home of Mrs. J. F. Rackler Tuesday of last week.

Mr. and Mrs. Ed Milliken were Mr. and Mrs. Hogan, Mr. and Mrs. Robert Mock and David, Mrs. H. W. Seals and granddaughter from Jal. Their Sunday visitors were Mr. and Mrs. B. R. Shaw from Lubbock, Mr. and Mrs. Bryan Milliken and Janie from Lakeview, Mr. and Mrs. Clyde Shaw and Loyce Baker. Mrs. D. H. Hatchett of Lubbock was a week end guest.

Mrs. Nellie Mathis and granddaughters visited her mother, Mrs. Nettie Kellum, and Mrs. Bessie Evans in Lubbock Thursday of last week.

W. G. Scoggins of Brownfield, who formerly lived here and worked for Claude Carter, was here Tuesday visiting old friends. Mr. Scoggins lost his wife in August of last year.

Every day is safety day.

### QUESTIONS, PLEASE

QUESTION: WHAT ABOUT THE ESTABLISHMENT OF THE CHURCH?

ANSWER: The kingdom of heaven is an historical matter, and the time of its establishment can be easily settled if we examine closely. In the Old Testament, the new covenant, the gospel of Christ, the body of Christ, the general assembly and church of the firstborn, the kingdom of heaven, the kingdom of God, was purely a matter of prophecy, as it was not in existence then. In the New Testament, the preparatory work and state of the kingdom began under the preaching of John the Immerser. His proclamation was: "Repent ye: for the kingdom of heaven is at hand." When many of the Jews had been baptized by John, Jesus came and was baptized also. Soon afterwards he chose and sent out the twelve apostles, and commanded them to preach the same things. Christ himself preached the same things for a time. But soon he entered much more largely into the preparatory work, teaching the great and general principles upon which the church of God was to be builded, presenting these things from various standpoints and in many parables, and performing many miracles to prove himself to be the Son of God. This preparatory work was continued till the death of Christ, thence on till he had given the divine commission, including the miraculous baptism of the Holy Spirit to guide the apostles in their great work of carrying out the commission given them and in fully establishing the church, together with its practical work. This brings us to the day of Pentecost, at which time and place the church of God was fully established. From the beginning of John's ministry up to this memorable day, the kingdom, the church, when spoken of, was always represented as in the future. The preaching on the day of Pentecost was entirely new, something that had never been preached to men as a plan of salvation before that day. "Christ, and him crucified," was then preached as the plan of salvation. The people were required to believe it, repent, and to be baptized for the remission of sins. About three thousand did the things required and were added to the church by the Lord (Acts 2: 47). This chapter, therefore, gives us the full establishment of the church of God on earth, and precisely how to enter into it. And from that day on to the end of the New Testament, the church, the Kingdom of God, is spoken of as present, and its members were also taught all the practical work and worship of the church. So, then, in general terms, the first four books of the New Testament give the preparatory work and the state of the church and how it was carried on; Acts of Apostles gives us the establishment of the church in its fullness and the way into it; while the letters of the apostles to the churches give the practical work of the church.

You are invited to send your questions to: Don Browning Box 812, Tahoka, Texas. You are also invited to attend the services of the Church of Christ. Don Browning may be heard Sunday mornings at 11:00 and evenings at 7:00 at 750 on your radio dial.

**MOMENTS WITH GOD**  
 WORLDWIDE SINFULNESS

"For there is no difference, for all have sinned and come short of the glory of God." Romans 3:22,23.

By one man sin entered into the world, and death by sin; and so death passed upon all men for that all have sinned" (Romans 5:12). "They are all gone aside, they are all together become filthy; there is none that doeth good, no, not one" (Psalm 14:3). Thus, as men and women are by nature, whether rich or poor, wise or foolish, black or white, important or unimportant, "there is no difference, for all have sinned and come short of the glory of God."

Thank God, there is also another way in which there is no difference: God sent His Son as Savior for all men without exception. "God so loved the world that He gave His only-begotten Son." "Christ died for all." "Christ died for the ungodly." "Jesus Christ is the Propitiation (perfect sacrifice) for our sins, and not for ours only, but also for the sins of the whole world." All are "justified freely by His grace, through the redemption that is in Christ Jesus."

Man receives this redemption through faith in the redeeming blood of Jesus Christ. "By grace are ye saved, through faith," Jesus said, "He that believeth on Me hath everlasting life."

God is God in His judgment, and God is God in His salvation. Let God be God, and hold fast to His justifying grace in our Savior Jesus Christ.

Lord Jesus, let me ever be thankful for Thy redeeming and sacrificial love for me. Amen.

As sinners who have found redemption in His blood we invite you to join us this Sunday evening in the study of His Holy Word and Will for His redeemed people. We meet here in Tahoka at the W. O. W. Hall at 7:30 p. m.

## Farm Facts

Out of each 8-hour day, Americans work 2 hours and 19 minutes to support the government, according to The Tax Foundation. In fact, taxes take a greater proportion of our earnings than any other category of expenditures—more than food, clothing, and medical care combined.

Taxes take about 20% of the total workday as compared with 17.3% for food and tobacco, 6.9% for clothing and accessories; 17.5% for housing and household operation; 4.4% for medical and dental care; 8.1% for transportation; 3.9% for recreation; and 12.9% for all other expenses.

The U. S. Department of Agriculture points out that the cost of food has risen less than most other items on the cost-of-living index.

For all items other than food, the increase is 30.9% since 1947-48. Transportation costs have gone up 45.7%; housing, 32.5%; rent, 43.1%; medical care, 50.6%. For all food, including that sold in restaurants, the increase is 21.2%.

Taxes cost us more than food.

## First Baptist Opens Library

Sunday will mark the long awaited opening of the new library at the First Baptist Church. Containing a wide variety of books, the library is designed to meet the needs of all age groups.

The library committee, composed of Mrs. K. R. Durham, chairman, Mrs. Clayton Beard, Mrs. Ivan McWhirter, and Mrs. Everton Nevill has put in many hours planning and organizing a church library that will fill a definite area of usefulness. These ladies have been sorting, labeling, and cataloging the over 400 books since late last Fall.

The volumes contained in the library range from books for young children to a wide assortment of books for adults. In addition to a special category of books for the youngest children, there is a juvenile shelf for junior age children and an assortment of books designed for young people.

Some of the subject areas covered by the books in the library are recreation, poetry, history, missions, Sunday School helps, Bible commentaries, devotional books, books on Christian living, books dealing with everyday problems, and an excellent set of reference books.

According to the library committee, this is only the beginning, as plans call for adding new books periodically.

"We urge everyone to come by and visit the library, especially

## Teacher Attending School At Denton

Denton—Women teachers of junior and senior high school mathematics from Texas and several other states are enrolled in a six-week summer institute at the Texas Woman's University.

The participants are expanding and deepening their knowledge of the field, especially in modern mathematics, according to Dr. Harlan C. Miller, director. The project is sponsored by the National Science Foundation.

Those enrolled include Mrs. Pearl W. Davidson, box 174, Wilson, a teacher of mathematics at Wilson High School. She holds a bachelor of science degree.

this Sunday," stated Mrs. Durham in announcing the opening. She added that she hoped each member of the Sunday School would use the library's facilities often.

Located in the northeast corner of the second floor of the educational building, the library will open fifteen minutes preceding and fifteen minutes following each regularly scheduled service of the church on Sundays and Wednesdays. For example, the library will open at 9:30 Sunday morning, fifteen minutes prior to Sunday School. It will reopen for fifteen minutes then following the morning worship service.

## WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Congressman Tom Johnson of Maryland is just one of the many members of Congress who look askance at proposal for Federal government to control farm production.

Obviously, for years the various farm programs have been failures. In the 27 years between 1933 and the end of fiscal 1960 the price support programs had cost the taxpayers \$10 billion. In addition, payments under conservation, other programs, run about two-thirds of a billion per year. Storage costs on surplus farm products are said to currently run about \$1 1/2 million per day.

So, averaging everything out, it appears that farm programs are costing slightly under \$1 1/2 billion per year. This is a great burden on the taxpayers.

On the other hand, since end of World War II, U.S. taxpayers have put up an average of almost \$6 1/2 billion per year for foreign give away.

Now the plan is to keep on with foreign give aways, including billions for communist Tito, but to eliminate farm payments at least in part. U.S. farmer is to be regimented.

Congressman Johnson explains that the program would place severe restrictions on the production of corn, oats, barley, grain sorghums, and farmers would need government permission to grow these crops. Restrictions would be placed on wheat planting, and milk cows would be ordered

to slow down.

In the meantime half the world goes hungry. And a great part of these people in hunger are the very people it is being sought to influence away from communism.

It would seem that if the million and a half dollars per day being used to store surplus food, were used to give away surplus food to the desperate people, the cause of peace would be much better served than serving away an average of more than \$18 million per day in form of foreign give aways to foreign politicians, cartels, and other big interests.

In addition, cutting off imports of food would also aid the American farmer as the U.S. imports more food than it exports. After deducting coffee which is not grown in the U.S. the value of U.S. food imports is \$2 1/2 billion. The value of U.S. food exports is \$2 1/2 billion. But inasmuch as the export values are based on U.S. prices, and the import values of foreign prices, the tonnage of food imported is greater than that exported.

It is doubtful the farmer wants to surrender his freedom. But the American farmer is learning that a little bureaucracy is a dangerous thing and that history teaches once bureaucrats establish ever a small beached it almost takes blood at the barricades to push them out again.

For since the Caesars, bureaucrats have always sought to cover up their own ineptness and errors by getting issued the edicts which regiment; the laws that force compliance. This is the position the farmer now finds himself in.

### J. L. SUITS WRITES PERTINENT EDITORIALS

One exchange The Printer enjoys is The Petersburg Journal from Pete Hegi's home town, owned by J. L. and Tom Suits. We have known J. L., who is now retired, since about 1921 when he was at Snyder, and his son Tom, who is now editor and publisher of the Journal, once worked for us here in Tahoka.

Following are a few editorials from J. L.'s excellent column:

A "small business" is one that employs less than 500 persons, according to the U. S. Department of Commerce. Now just where that puts our "joint" we don't know. We have been laboring under the impression that we had a "going business" of pretty good proportion, but Uncle Sam has knocked us off our feet. So we are not a "business." Well, what are we anyway? Maybe just a "peddler."

The United States and Jordan have signed agreements allocating \$745,000 in U. S. aid for irrigation and other water projects in this Middle Eastern nation, and Glen T. Seaborg, chairman of the Atomic Energy Commission has presented a check for \$350,000 to South Korean Ambassador Il Kwon Chung to help complete Korea's first nuclear reactor. In both cases we did not send anyone along to see for sure that the money was spent for what it was supposed to be spent for. We just mailed them a check, and down the rat hole it went as far as we know. They will be back next year for another donation. It is costing us a wad of money to keep up every-hotten-tot politician in the foreign nations. What are we going to do about it? Nothing until we wake up and tell our Congressmen and Senators at election time that we are not going to put up with that racket any longer. It must be stopped, and now!

Gone today is the old frontier. Gone today is the challenge of self-reliance that our history has recorded in the annals of Plymouth Rock. Everywhere the compass turns the old frontier is gone. When young our Nation was 80 percent rural, without inside plumbing, electricity, instant medical service, cards, radio or television. The environment of opportunity and self-reliance is eroding

## Friendly Clerk Contest Is On

Voting in the Tahoka Chamber of Commerce "Most Courteous Employee" contest for the month of June ended Thursday, and the winner will be announced next week, according to Harold Roberts, chairman of the C. of C. committee sponsoring the event.

All votes coming in Thursday or later will be applied to the July contest.

Citizens will be asked to vote each month, and next spring an outstanding employee for the year will be selected. There are no strings attached. Anyone can vote, using the ballot being printed each week in The News. No other ballot may be used.

The contest is a part of the Chamber of Commerce plan to make Tahoka "the friendliest town in West Texas," states E. L. Short, C. of C. president.

### "STRAIGHT TALK"

Following are a few bull's-eye shots by Tom Anderson, publisher of the Mississippi Farmer: "The good old days: Back when the only thing your wife owed was a cup of sugar, to the next door neighbor.

"Parity: A government program to make every farmer as poor as his neighbor! return to serfdom with the government as the master!

"Capital punishment: The government taxes you pay to get capital to go into competition with you, and then taxes the profits on your business in order to pay the losses on . . . government businesses.

"Dictionary: The only place where SUCCESS comes ahead of WORK.

"Perpetual: Duration of any government handout program, once begun.

"Mother hen: A symbol of the federal government — formerly known as the eagle."

Kind words never die—they just become victims of ingratitude.

## We Must Take Interest In Politics If Nation Survives, Speaker Says

"If our nation is to survive, we citizens must begin to take more interest in politics, speak up for the things in which we believe, for government on the local, state, or national level is just what we make it or allow it to become," was the theme of a talk by Kenneth Hobbs, Lubbock attorney, at

Tahoka Rotary Club at Thursday noon of last week on the subject, "Politics and Patriotism."

Neither the "far left" or the "hard right", he declared, but we must follow a course in-between and crystalize middle-ground thinking if we survive as free men.

Back in 1952, he said, Americans felt fully self-sufficient, but we soon began to get behind in the nuclear age, and suddenly we awoke in the late 1950s to this fact. This resulted in worry, confusion, and uncertainty.

Then came on the scene in American politics two extremes, each questioning the other's patriotism and calling one-another Communists.

On the "far left," the leaders advance the theory that general welfare take precedence over private ownership, but welfare is not achieved without free enterprise. It advocates a strong centralized federal government, rigid controls of every phase of life, and a planned economy. Anyone who opposes their plans is branded a conservative.

The speaker expressed the belief that the greater danger to a free nation is not Communist but is a paternalistic centralized government set up to do all our thinking for us and to take away all our individual initiative.

On the other hand we have the "hard right," such as the John Birch Society, which is possibly just as bad, the segment of conservatives who "know it all", suspects everyone, calls its opponents Communists, and goes so far to advocate impeachment of Supreme Court Justice Earl Warren.

"Neither group is the answer," he said. We must face the whole truth as we solve our problems. We can not do away with our Constitutional rights and remain free. Neither extreme is the answer. Times have changed. We are only 47 minutes from Russia.

The third group of Americans are we independents—the in-betweeners, who are too busy for politics, who go happily along our way afraid to express our opinions for fear we will offend someone. While following this line and in a state of fear and confusion because of

## Mr. and Mrs. Jim Brock of Wilson Observing 50th Wedding Anniversary

Mr. and Mrs. Jim Brock, Route 2, Wilson, will celebrate their 50th wedding anniversary with a reception to be given from 2:30 to 5:00 Sunday, July 1st, in the home of their daughter and family, Mr. and Mrs. Floyd H. Heck, route 2, Wilson. All friends are invited.

Mr. and Mrs. Brock, both native Texans, were married June 29, 1912, in Corsicana, Texas. Mrs. Brock is the former Eula Lee Oden.

They have two sons, Carl and James Brock of Houston, two

daughters, Mrs. Floyd H. Heck, Wilson, and Gladys of the home; three grandsons, Clifford Lee, Carl Wayne, and Danny Brock of Houston, two granddaughters, Lynda Heck, Wilson, and Delores Brock of Houston; two great-grandsons, Stevie and David Brock of Houston.

Mr. Brock has been a farmer most of his life. They moved to Lubbock in 1950, then moved to Wilson in 1959 when Mr. Brock retired. Both are members of the First Baptist Church, Wilson.

the Communist advances, the ultra-liberals have just about taken over the government and we are giving up our priceless freedoms and constitutional rights.

Whether we like it or not, politics is the only way to change. We must speak up, vote, get informed on politics and politicians, tell them what we want and do not want. We must begin to exercise our freedom of speech while we still have this right.

Among the examples he cited as the infringement by the executive branch of government was the recent refusal of the Department of Agriculture to furnish its files to a Texas grand jury investigating pos-

sible murder until forced to do so by pressure.

Our government was never intended for the executive branch to become so powerful - to force these powers on a free people. Our government was set up as one of checks and balances, and so it must remain if we are to retain our constitutional rights as free men in a free enterprise system.

"We have not been meeting our responsibilities, he stated in closing.

The speaker was introduced by H. B. McCord Jr., program chairman, who said they attended college together at Texas Tech.

Secretary Dale Thuren read a humorous letter from Roy Edwards applying for senior active service, a type of Rotary membership, since he is retiring as manager of Tahoka Compress, in order that he may remain a member of the club and at the same time permit the new manager, Bob Haney, to become a Rotarian.

Calloway Huffaker, incoming president, announced a plan for placing signs on the highways entering Tahoka inviting traveling Rotarians from across the nation to stop in Tahoka for a visit and free coffee at any Tahoka "coffee house."

Miss Susan Thomas, daughter of the club president and wife, Dr. and Mrs. Skiles Thomas, presented the club a friendship banner given her at the recent Rotary International convention by a member from Hiroaki-East club in Japan. The Japanese Rotarian also gave her a pearl.

## Average Lynn County Family Better Off Than Most Over Our Nation

(Special to The News)

New York — How large an investment of money is represented by the car, refrigerator, washing machine, furniture and other consumer durables owned by the average Lynn County family? How much would this equipment bring today, if offered for sale?

Most people have never figured out the amount they have put into such possessions. They are well aware of the equity they have in their houses and in their insurance and investments, but as to assets of this sort—no idea.

An estimate of the dollar value of these tangibles is now possible through studies made on a national scale by the National Bureau of Economic Research and through a report published by the University of Michigan.

The finding is that there is a direct relationship between the amount of money that families have invested in cars, washing machines and the like, and the size of their incomes. In general, it is several percent above their annual income level.

In Lynn County, where earnings per household are higher than those in many parts of the country, the number of such possessions and their value are proportionately greater.

The average local family, on the basis of the report, has an estimated \$5,580 invested in consumer durable goods.

The studies show that the acquisition of possessions of this type was at a "phenomenal" rate in the nine years to 1956, after which it began leveling off. For the last five years, such investments have been increasing only one percent annually.

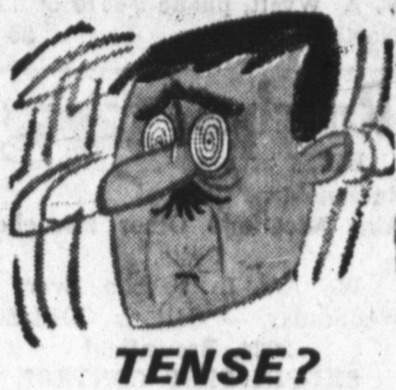

The automobile industry and other durable goods producers would face a glowing future, it is noted, if people should decide to step up this investment rate to two or three percent a year.

Nationally, the gross value of consumer durable goods is placed at \$365 billion, with autos making up 40 percent of the total.

The gross investment by the 3,130 Lynn County families in their cars and other physical equipment is estimated at \$17,464,000.

If they were to be offered for sale today, however, they would bring much less than that amount because of depreciation resulting from normal wear and tear.

Charlie Dean Stone, 7, son of Mr. and Mrs. W. N. Stone, underwent a tonsillectomy Saturday. He was able to come home Sunday.

# Printer's Ink-lings . . .

By F. P. H.

We were glad to note that George Mahon was one of those voting against the Kennedy-Freeman Farm Bill, H. R. 11222, because we believe it would do more harm than good, place agriculture under almost complete control of Secretary Freeman and his whims and idealistic plans, and take away virtually every freedom a farmer has today. Mr. Mahon's principal objection, however, seems to have been the part prohibiting farmers to replant grain sorghums on land hailed out too late for cotton. By the time this is in print, Congress may have agreed on a more acceptable farm program.

We don't believe any lawyer (Mr. Freeman) from Minneapolis, Minn., or any college professor (Dr. Cochran), or any president from Massachusetts with a grudge against the South for taking away textile plants from New England, is capable of writing a farm bill, issuing directives, and enforcing same for a Lynn county cotton, grain, and livestock farmer. For that matter, the same kind of program, and livestock farmer. For would not fit Scurry county, let alone a Minnesota, Massachusetts, or Georgia county.

We don't get worked up in too big a lather over the cost of the farm program as long as our nation is able to send even greater bill-

ions of dollars to Communist nations and so-called neutral nations in the form of foreign aid that is probably not only a complete waste but may be used against us some day.

Remember the train loads of scrap iron we Lynn county people sold to Japan just before World War II, which was later used to kill our own boys? The same is being done today—but it is dollars going to the Communist this time.

We've been told frequently that half the people of the world will go to bed hungry tonight. If we really want to help feed hungry people, we could keep our dollars and ship them grain, instead of storing it and building up such a surplus.

More of us should write our Congressman our opinions of government. There's no need to write Senator John Tower, for he's already an ultra-conservative. There's no need to write Senator Ralph Yarborough, for he's an ultra-liberal going all the way with the Administration, the AFL-CIO, AD-A, and NAACP and the give-away boys. Besides, he has dedicated his life to development of Padre Island as a national park. He will be back running again soon and telling us how he loves mother, God, country, all the old folks, the young folks, the middle-aged folks, and what a fine Christian Sunday School teacher he has been. This is all very fine, for it offends no one.

After commenting on the \$2 billion we have given Communist Ti-

for such things as locomotives, "industrial projects" and a nuclear research reactor, Ed Eakin in the Quannah Tribune-Chief says all this foreign aid reminds him of the old

road.

That recent heavy rain out east of Tahoka must have been a dilly. A. B. Bush says a 4-inch rain produces a lot of water—about the most he ever saw—and ran over the highway so deep cars were blocked for some time. He says J. B. Greer declared the rain filled some of the lakes the fullest he had ever seen, and he has been out there a long time. He said this was the first time he ever saw one lake get up over the dirt road.

US News and World Report says: "Some observers on the Washington scene are saying that President Kennedy and his top aides are trying to manage this nation's whole economy but haven't had a day's experience in a business job, let alone meeting a payroll or creating jobs."

The Small Business Administration of our government says a small business is one with 500 or less employees. The News has just 494 to go to be classed as a "big" business. Even Lyntegar is just a little peanut business. The SBA loaned one Lubbock "small business" apartment project a total of \$7.5 million dollars—but it was a failure, profitwise, and the owners sold out at a big loss (loss to the government).

Did you know that the salaries of office managers for certain departments of our Federal government are based in part on how much money spent by the unit? The more the manager spends on office supplies, help, etc., the higher the manager's salary goes.

We are now paying \$10 billion dollars a year interest on the Federal government debt of \$300 billion.

saw about the politician and retired voter.

He told the candidate for county judge he wasn't going to vote for him this time. "You ain't done nothing for me," he declared. "Why, Zeb, surely you haven't forgotten all I've done for you? I got you on relief, got your son a job on the road gang, and got your wife in the hospital on county money."

"Well, what I mean," Zeb replied, "You ain't done nothing for me recently."

We think our President and Congress should show just a little interest in balancing the budget, start some plan or show some interest in reducing the national debt, and get more aggressive in forcing the military to refrain from such extravagant waste in the defense program.

Just as a sort of feeler, a few weeks ago The Printer said something here about a "secret" list we started keeping of our readers who have voluntarily given us encouragement in our little personal fight against the trend of government. We started our private list on February 16, as subscribers kept coming in and telling us to keep up the fight. The list would have been longer if we had started it about last December 1. But, to date we have the names of 123 citizens—and there are not over five Republicans in the bunch, but a large majority have voted the Democratic ticket straight habitually. As many have said to us, this is not a party matter.

US News and World Report says: "Some observers on the Washington scene are saying that President Kennedy and his top aides are trying to manage this nation's whole economy but haven't had a day's experience in a business job, let alone meeting a payroll or creating jobs."

cattle at at Tahoka Lake in 1894 while moving them to the North Plains.

We wonder if this is some kind of a gag, but anyway this is a news item given us Saturday: "Mrs. Cecil (Pearl) Carraway has a real nice irrigated crop." We also learned that Mrs. Pete (Frisky) Dorman all during the sandstorms was crying for Pete to install storm windows and doors. Finally, Pete gave in, but by then the rains had started and the sandstorms were over. No matter how we try, we men get it in the neck.

The News had a card last week end from the John Slovers, from Portland, Oregon, where they are visiting their son-in-law and daughter, Rev. and Mrs. Dwight Townsen. They were going from there to Seattle and return home this week by way of Yellowstone Park. On the way to Portland they visited San Francisco and passed over the Golden Gate Bridge.

"Mother," said Johnny, "today our teacher asked me whether or not I had any brother or sister, and I told her I was an only child." "What did she say?" asked his mother. "She said, 'Thank goodness!'"

### Sidelights On Pioneer Reunion

Mr. and Mrs. John Beard brought with them a picture of the Tahoka square taken some time before 1908 which his uncle, C. T. Beard, sent to the latter's sister, Mrs. Ida Gaines of Lead Hill, Ark., along with a letter telling her about the new town. John and wife had recently visited Mrs. Gaines, and she had given them the picture and letter, the latter dated Aug. 6, 1908. C. T. Beard served as county treasurer here, and John's dad, A. T. Beard, also settled here in 1906. Mrs. John Beard is also from a pioneering family, the Dentons.

M. A. (Al) Scott of Denver, Colorado, who left here in 1933, and brother, F. C. (Casey) Scott of Falls, who left in 1951 were

among the visitors. They formerly lived at O'Donnell and Draw.

Mr. and Mrs. Sumner Clayton Sr., 1906 settlers, now of O'Donnell, were here. Mrs. Clayton is the former Miss Julia Crie, daughter of the late Harry C. Cries, who published The News from July, 1905, until about 1918. The News had been started on October 9, 1903, by Otis and Inez Lilly, later abandoned, and then revived in 1905 just about two weeks before the big Fourth of July Tahoka picnic of that year. Julia settled with her grandmother and did not come to Tahoka until the next year. She was married to Sumner in 1910, the year the railroad came. Only other member of the Crie family surviving is Mrs. Charles (Isabel) Shook, now of Perris, Calif.

Mrs. Ben Moore, 1901, of O'Donnell, daughter of the late Mr. and Mrs. H. E. Baldrige, said her dad was one of the organizers of O'Donnell in 1910 when the railroad came. Tom O'Donnell, one of the promoters of the railroad and the townsite, died, Mr. Baldrige took over and hired the late Charley Doak, first Lynn county sheriff, to manage the townsite promotion.

Several oldtimers said they missed Mr. and Mrs. A. R. Kimbrell of O'Donnell, who have always attended the reunion. Both are ill and couldn't attend. Also missing was C. B. Morrison, also of O'Donnell, who has passed away since the last reunion.

N. D. Leavitt, 83, who came to the county in 1909 but moved from New Home to Causey, N. M., in 1953, was back in company with Mrs. Leavitt, daughters, and son-in-law, Fred Farris, who left here in 1936.

Mrs. Ethel (Cook-Alley) Robinson, 1898, probably came to the county earlier than anybody now living here. She came here as a little girl when her mother married Jack Alley, then manager of the Col. C. C. Slaughter Tahoka Lake Ranch.

Belton Howell, 1902, believe it or not, established the first garage in Lynn county in 1908 on a lot just north of where Shamburger-Gee Lumber Co. is now located. His late father, S. H. Howell, originally settled north of Wilson.

J. R. (Buddy) Thomas, who is now living in O'Donnell, wife, and sister, Mrs. Lula Moore, were here. Uncle Buddy bought his first piece

### WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

There appears to be in Congress now an interesting phenomenon that may indicate a trend. For many years there have been some of the senior statesmen, such as Sen. Harry Byrd, consistently protesting federal financial irresponsibility. Now they seemed to have been joined by younger members of Congress, some of them in a freshman status.

For example, Congressman Tom Wilson reports that C. W. Harder 91.3% of his constituents are in favor of reducing federal expenditures according to a poll.

Congressman John Ashbrook states "Few Americans realize the extent to which we have furthered ourselves in the direction toward fiscal insolvency. interest on our national debt is approaching \$10 billion, or over 10% of what is spent."

He further states, "Look out upon the city of Washington from the Capitol and you will see a multitude of new federal office buildings going up to house the tens of thousands of additional government employees recently hired and

of Lynn county land in 1918, but didn't come out to stay until 1922. In recent years, he has acquired quite a bit of land over west of Seagraves and admits that most of it he bought cheap and sold high.

"Aunt Becky" Roberts, 1901, and her two sons, Oscar and "Toe" seemed to be having a great time at the reunion.

"Casey" Jones (1909) and wife, "Sit", were with the latter's mother, Mrs. W. T. Clinton, and brought along their grandson, who is also a grandson of the late "Gravy" Fields, colorful originator of Bronco, out on the state line.

Mr. and Mrs. H. R. Minor, 1903, were greeting many of their old time friends from the county's early days.

Mrs. W. H. May, 1903, who settled with her husband out east of Tahoka Lake and who, oldtimers say, was in the early days quite a hand both at farming and working stock.

Mrs. Auty DePriest, 1907, formerly of New Home, was down from Lubbock.

Among the early settlers from the Wilson area were Mr. and Mrs. R. J. Maeker, 1912; Mrs. Katie Nieman, 1918; and Mr. and Mrs. Anton Ahrens, 1915. Mr. Maeker says they barely had enough, rain to plant in the water furrow, and more water was badly needed.

Frank Nevill of Lytle was here visiting his brother, Jodie Nevill,

hopefully anticipated. Bureaucracy is really on the move."

Rep. Adam Powell, chairman of the House committee on Education and Labor, considering federal education bills, finally had to stop the hearings pending receipt of more information. It was found that something over 40 different bureaus were already spending over \$2 billion dollars on "education" but nobody could give information where it goes.

In 1959 the entire cost of government was \$9 billion. Now the cost of the non-defense civilian payroll is \$15 billion.

Maurice Stans, former Director of Budget says "The place of the free world is endangered by economic pressures more serious than the present military threats. The chronic imbalance in our international payments transactions raises worried doubts at home and abroad as to how long international claims on our dwindling gold reserves can be allowed to increase."

The U.S. at present has a gold reserve of \$17 billion. By law \$12 billion of this is frozen to back the currency, leaving \$5 billion to meet \$18 billion in short term claims held by foreign nations, including receipts of give aways.

There appears to be a growing awareness that taxation is not the answer to all problems.

Thus, the alliance of senior statesmen and the "Young Turks" coming into Congress fresh from business life may reverse the trend. After all, the strength of the nation lies in the strength of its Congress. Bureaus are merely the barnacles on the ship of state.

and sisters, Mrs. "Rube" Lewis and Mrs. George.

Wright Edwards, 1916, was down from Lubbock.

Mrs. W. A. (Hattie) Yates, 93, who came here in 1908, was probably the eldest settler here but was not eligible for the prize because she had received it before.

Mrs. Roy Adams of San Diego, Calif., who just barely missed being the person from the greatest distance, says old Roy would just about "kick the bucket" if he failed to get his Lynn County News each week.

Mrs. Thurman Wells of O'Donnell says she enjoys most of the "Printer's Inkings" but that she sure doesn't agree with our politics.

Two daughters of the late J. S. Welcher and granddaughters of the late Mr. and Mrs. J. S. Wells, Mrs. Willis (Clifford) Tennyson and Mrs. Henry (Lela) Badgwell, and husbands of Ardmore, Okla., were here. The night before the reunion, they were entertained with a picnic by Wells family members in the R. C. (Ruby) Wells back yard.

Jim Chancellor, 19, of Dallas, better known as "Texas Shorty," was here to enter the old fiddlers contest, but other contestants objected and he just played for entertainment during the day. "Texas Shorty" is the undefeated world's champion fiddler for three years in a row, 1959, 1960, and 1961, and is barred from the world's championship contest also, which rules a man can not win but three times. He was also winner of the National contest held at Truth or Consequences, N. M., in 1960. He started playing the fiddle at the age of six, started entering contests at age 15, and has since entered and won a large percentage of the contests in the Midwest.

"Texas Shorty" says the old time break-down tunes are folk music and he regrets the fact that many of the modern musicians on TV are butchering up this music with variations of their own.

W. F. (Will) Humphries was up from San Antonio again, and he is probably the only man left who was present when plans for organization of the county and Tahoka townsite were made one cold March day in 1903 in a ravine on the west side of Tahoka Lake. He said the group first agreed on the Lockwood section, now North Tahoka, on which A. L. Lockwood had staked a claim. Ed Henderson, out east of the present town, was also seeking the townsite. A friend, Mr. Gilmore, was at his place looking for land, and when the group decided on the Lockwood section, Mr. Gilmore jumped Mr. Lockwood's claim as Mr. Lockwood was away working as a cow-

### Water Safety Rules Are Listed

For the millions of Americans who will take to the water this summer — a probable all-time high — the American Red Cross today issued its annual early summer advice on how to stay afloat and stay alive.

June heralds the start of the aquatic sports season in most parts of the country, and with the rapid multiplication of homeowned swimming pools, farm ponds and motor-powered boats, the Red Cross estimated today that over 100 million Americans will use the water this summer for recreational purposes.

Said Alfred W. Cantwell, national director of Red Cross Safety Services, "Since our water safety training program was inaugurated in 1914, the annual number of drownings has declined by 1,400, despite a mere-doubling of the population and an astronomical increase in aquatic activities through the joint efforts of all organizations in the water safety field."

"But there are still 6,500 drownings a year — the majority resulting from recreational use of the water. It is to help prevent these that we issue this safety advice."

1 — Learn to swim. If you can swim a little, learn to swim better.

2 — Always swim with a companion. Make sure someone is near by to help if you get into trouble.

3 — Swim in a safe place. The presence of lifeguards usually indicate the area is safe for swimming.

4 — Know the area. Before diving make sure the water is deep enough and that there are no hidden objects such as submerged rocks.

5 — Respect the water and know your limitations. Don't go beyond safe limits on your swimming capacity.

6 — Use discretion. Wait at least an hour after eating before swimming, don't swim when overheated or overtired.

7 — Try to remain calm in case of trouble. Assume a face-up floatation position, keep your hands under water and slowly move your hands and feet.

8 — If your boat overturns, stay with it. Most small craft will float even when filled with water.

9 — Don't depend on a tube or inflated toy to hold you up.

10 — In river swimming, watch hand on the Slaughter ranch. This threw the section into litigation, and as a result the present town section was selected. North half of this section was laid out, and settlers drew for lots according to the amount of money they had put in the project.

D. A. Stevens, 87, was possibly the oldest man present who had not previously won the prize, but he is hard of hearing and failed to hear the call for the oldest man—a fact which disappointed him a bit.

### FORMER CITIZENS ARE VISITORS HERE

Mr. and Mrs. C. L. Estep and two children from Muncie, Indiana, visited her mother, Mrs. R. W. Lewis and other relatives last week. Also visiting Mrs. Lewis and her brother, Jodie Nevill, over the weekend were their brother and his wife, Mr. and Mrs. Frank Nevill from Lytle, Texas. Mrs. Olive Holt, also a sister of Jodie Nevill and Mrs. R. W. Lewis visited over the weekend. They were here for the Old Settlers Reunion.
