Showers Benefit To Some Lynn Crops

Showers Saturday, Tuesday and Thursday brought some relief to crops over Lynn county and more rains was a possibility Thursday as The News went to press, but the country as a whole needs a good general rain.

However, most farmers report crops are growing and doing well in most cases. Some need rain badly, although most crops will get along very well for a while. In the meantime, farmers are busy cleaning up their crops.

A heavy shower Saturday covered a large area of the Three Lakes and Wells communities and a section four or five miles west of Tahoka, including the area of the Hagood, Fred McGinty, Welch Flippin, Vernon Davis, Crouch, A. N. Norman, and R. W. Fenton farms.

Another shower east of town covered the area including the John Thomas Tippitt farm and others in that area.

A heavy shower in Tahoka Tuesday evening brought .36 inch of rain in Tahoka and extended several miles north of town. However, Wilson reported only .1 inch.

Another heavy shower out east of Wilson, where some of the farmers have been very dry, amounted to up to an inch and is reported to have been of great benefit.

Thursday morning, a light shower fell in Tahoka, and another shower was reported southwest of town in the Hagood area.

Tuesday's shower in Tahoka brought the precipitation for the year in west Tahoka to 4.86 inches. Through June, Tahoka had received a total of 4.50 inches as compared to a normal of 8.64 inches.

However, only 1.76 of this came the first five months and 2.74 inches in June this year. Rain fell this year in June on 13 days of the month.

Swim Lessons Start Monday

Registration has started for the second series of swimming classes at Tahoka city swimming pool which will begin Monday, July 9. Both beginners and intermediate classes will be held at 10:00 and 11:00 a. m. respectively.

Milt Fitts and Jay Gurley, pool managers, will be the instructors in both classes.

Beginners class will be limited to 25 people, and the intermediate class to 30. Since the classes are limited, prompt and immediate registration is necessary by phoning the City pool or registering at the pool.

To qualify for the intermediate class, one should be able to swim the length of the pool and have a substantial knowledge of proper swimming habits. In the class will be taught treading water, back stroke, American crawl, sidestroke breast stroke, and some of the stroke variations.

Virginia Willhoit Catches Coyote

Miss Virginia Willhoit may be come a big game hunter.

While on an outing the Fourth of July, she caught a coyote about a mile west of the family home, four miles north of Tahoka.

She explains, however, that the coyote was a baby which she found in a den in the pasture. But, she picked the baby up and brought it home.

With her were, Scott-Lloyd of Lubbock, working at the ASC office this summer, Larry Jack Stevens, also of Lubbock, Frances Willhoit, and her dad, Vernon Willhoit.

Help keep Tahoka clean.

Boone Grocery Gutted By Fire

Fire on Wednesday, Fourth of July, at about noon badly damaged the Boone Grocery and Market stock and building on the west side of the square. No estimate of the loss was available Thursday morning, but it was extensive.

Quick and efficient action by Tahoka Fire Department contained the fire to the rear of the building and prevented spread to adjoining buildings.

The store is owned by Mr. and Mrs. Dee Boone, and the building is owned by Jack C. Roney of Lawrence, Kansas, nephew of the late Mrs. A. L. Lockwood.

The store was closed and few people were in town on this holiday when Preston Buchanan chanced to pass the store, detected the fire, inside, and turned in the alarm at about 12:00 noon.

Most of the stock and much of the equipment in the store was badly damaged, and much of it will be a total loss either from smoke and water damage or complete burning or heat.

Fire Chief E. W. Patterson said the fire apparently started in or near the walk-in meat box from a motor or defective wiring. Fire had burned into the ceiling when firemen arrived. Smoke was so dense that firemen had to use smoke masks to fight the blaze.

Insurance adjusters had not yet inspected the damage Thursday morning.

English Youth Is Coming Here

Paul Davis Bartlett, 21, from England, who will be Tahoka Rotary Club's foreign student guest this summer, will not arrive here until the last of July, Harold Green, the club's foreign student committee chairman, has been informed.

Bartlett will arrive in New York City July 24, spend four days there and in Washington, D. C., and arrive in Tahoka on July 29 or 30. He is scheduled to report back in New York on Sept. 24.

The young man graduated this month from King's College, University of Durham, in England. He will be the first Englishman to visit Tahoka under the program.

During the past seven years, the Tahoka club has had students from France (two), Switzerland, Austria, Belgium, and The Netherlands.

Trash Can Holders Still Available

There have been many calls for trash can holders, but Tahoka Fire Department still has a number of these holders on hand, states Pat Patterson, fire chief.

The holders will take care of two 30-gallon garbage containers, or almost any practical size can. A lid chain is included to prevent loss of lids, and the holders will prevent dogs from turning the cans over or the wind from blowing them away.

The garbage can holders sell for \$10.95 installed, or \$9.95 not installed. The holders are made by members of the Tahoka Fire Department, and proceeds will go into a fund for a third fire truck especially designed to fight rural fires as well as city fires.

Mr. and Mrs. B. L. Vick and daughter, Janis, of Orville, Alabama, are here visiting their daughter and sister, Mrs. Ronald Roberts, and husband.

A. C. Aycox, ill for many weeks, was carried back to a hospital in Lubbock Tuesday for a check-up.

New Home Votes For Integration

Voters of New Home school district Saturday approved 51 to 38 the proposal to abandon the dual school system and integrate the Colored school with the white.

At the New Home polling place the vote was 37 to 23 for the proposal, while Lakeview voted 15 to 14 in opposition to the proposal.

Definite plans for abandonment of the dual school system are not worked out in detail, The News is informed, but the district was faced with an almost unsurmountable financial problem this coming year, largely because of an increase in enrollment plus the fact that several Negro students are advancing into high school classes not previously taught in the Negro school.

Also, the State has put on the pressure to furnish equal facilities for these Colored students.

Due to a scholastic census increase, states Supt. H. L. Miller, about six more classrooms would have been necessary and one or two additional teachers would have had to be paid for from local funds, which are not available.

Lonnie Turner Shot By Negro

Lonnie Turner, 57, was seriously wounded in the face and neck from a shotgun blast from a gun in the hands of J. R. Williams, 62, Negro man, Sunday at about 7:00 p. m. in the Negro section of O'Donnell.

Turner was taken to a Lamesa hospital and later moved to Veterans Hospital in Big Spring. He was first reported in a critical condition, but later taken off the critical list.

Turner is a former Tahoka automobile mechanic who moved to O'Donnell two or three years ago.

Sheriff Norvell Redwine said Williams came in and gave himself up Monday morning after hiding out overnight. He was charged with assault with intent to murder and released when he arranged his \$2,500 bond.

BLAKNEY IS IMPROVED

E. R. Blakney, prominent New Home farmer citizen, who has been seriously ill for some time with a form of arthritis, is back home and somewhat improved, The News is informed.

Tom Hale Is Back At Deputy Sheriff

Tom Hale, long-time peace officer, is back at his old job as deputy under Sheriff Norvell (Booger) Redwine.

Tom says retirement is not what it is cracked up to be and, besides, he needed some groceries.

When Mr. Hale retired a few weeks ago, Joe Raindl, deputy at Wilson, took his place as first deputy here. After a few weeks on the job, Joe resigned effective July 1.

Contractor Starts Paving Project

Work of topping both lanes of the new four-lane US 87 freeway north of Tahoka was started Tuesday morning, according to James T. Johnson, resident engineer of the Texas Highway Department.

Motorists are cautioned that one lane at a time will be blocked off for varying distances during the surfacing work, and therefore should watch for warning signs.

Pioneer Pavers, Inc., of Lubbock is doing the surface work on a contract of \$186,000.

MRS. N. B. HANCOCK IS UNDERGOING SURGERY

Mrs. N. B. (Billy) Hancock of New Home on Thursday morning was undergoing brain surgery for removal of a tumor in Methodist Hospital at Lubbock.

Although any such operation is considered very serious, no definite report will be available until after the surgery.

Youth Week At First Baptist Church Will Be Observed Starting On Sunday

Climaxing two months of extensive preparation, Youth Week will officially begin Sunday at the First Baptist Church in Tahoka.

Practiced throughout the Southern Baptist Convention, Youth Week is a week during which the Young People and Intermediates of the Church assume the various responsibilities of the Church organization. The observance in the local church will include the youth filling all Sunday School and Training Union offices above the primary age level, serving as ushers, deacons, musicians, the pastor, music director, educational director, Brotherhood and W. M. S. presidents, and church clerk.

The special week will officially begin following a ceremony at the close of the morning worship service Sunday. During that service the youth of the church will sit in a body. At the close of the service, the church will elect the Youth Week officers, and the pastor James Efird, will turn over the symbol of church leadership to the Youth Week pastor, Larry Price.

close of the morning worship service Sunday. During that service the youth of the church will sit in a body. At the close of the service, the church will elect the Youth Week officers, and the pastor James Efird, will turn over the symbol of church leadership to the Youth Week pastor, Larry Price.

During the Training Union hour Sunday, the Young People will experience their first duty as they assume the leadership of the various Training Union departments. Following that service, they will have charge of the evening worship service.

Activities for Monday will begin at 6:30 a. m. with a Brotherhood Breakfast. Youth Week President (Cont'd. on Back Page)

Fair Association Gives County \$10,800 Fund to Retire Bonds

Mary Nell Ashcraft Is Courteous Employee

Mrs. Mary Nell Ashcraft, secretary in the Lynn County Farm Bureau office, is the "most courteous employee" in Tahoka for the month of June, the first monthly contest in a series being sponsored by the Chamber of Commerce. She receives a \$10.00 cash award.

Mrs. Ashcraft was one of 23 employees nominated by ballot for the honor last month, and barely nosed-out Jolene DeSalvo of Piggly Wiggly No. 2.

Balloting is already underway for July, and all coupons clipped from The News and mailed to the C. of C. since last Thursday will apply to the contest for this month. At the end of the year March 1, an annual award will be presented some employees.

The contest is designed to promote Tahoka and its institutions as a more friendly place in which to do business, states E. L. Short, C. of C. president.

Customers of stores are urged to clip the coupons in this news paper and vote for the person they think most deserving of this honor, then mail the coupon to Tahoka C. of C. Mrs. Elton Carroll, secretary.

Harold Roberts is chairman of the committee sponsoring the contest.

Other employees receiving votes in the contest were: Mrs. John Hill, Jerry Isham, Frances Chestnut, Judy Stovall, Mrs. Rosalie Burnett, Mrs. Ethel Adams, Mrs. Temple Brashear, Linda Renfro Wade Holland, Mozelle Ratliff Karl Prohl, Ann Roberts, Jessie J. Stevens, Melba Clem, Joy Brockshire, Sue Robertson, Lonnie May Cleo Stice, Helen Stevens, Norma Farris, and Happy Smith.

Spectators Are Warned By Firemen

Spectators at fires are requested by members of Tahoka's volunteer fire department from getting in the way of firemen trying to do their work.

Curiosity seekers are welcome but can do more harm than good if they do not stay out of the firemen's way in trying to lay hose at fires such as the one at Boone's store Wednesday.

In addition, there is always the danger of some one getting hurt in such cases, firemen say. The Fire Department only asks that people give them their fullest cooperation in order that they may do their job.

Mrs. Dale Willhoit Is Postmistress

Mrs. Dale (Sue) Willhoit and little daughter, Sonya, have been here the past week visiting the former's mother, Mrs. Gussie Williams, and other relatives.

Sue revealed that she had recently been appointed postmistress at Malaga, New Mexico, about 15 miles south of Carlsbad. The Willhoits bought a ranch there four years ago.

Mrs. John Slover was carried to Methodist Hospital in Lubbock Tuesday in a white ambulance and is undergoing tests and treatment.

Mrs. Ruth Atkins and daughter Gwen, who came for the funeral of Roy Knight left yesterday for their home in Fresno, California.

Mrs. Roy Knight visited in Roswell last week end.

Every day is safety day.

Lynn County Fair Association has presented Lynn county a check for \$10,800.90 from sale of property northeast of business section to be applied on the 1961 bond issue of \$35,000.00 for the new Agricultural Exhibition building near the City Park.

This was in keeping with a promise made by the Fair Association to voters when the Exhibition was proposed to house the annual livestock shows and other events, states V. L. Botkin, Fair president, and Bill Griffin, secretary.

The Fair Association funds mentioned above is from sale of right-of-way to the State, County and City and one stucco building for the new four-lane highway. A 40x 100 foot quoinset building is yet to be sold, and the Association still has six lots and two parcels of lots left.

County Judge W. M. Mathis states one payment of \$2,000 has been made on the \$35,000 bond issue, and after the \$10,800.90 is applied there will be \$22,200 left due on the bond issue.

Actually, the new Exhibition building cost nearly \$45,000 with improvements, the Fair Association having spent \$8,442.00 in building pens, grandstand, electrical wiring, and other equipment. The Association has a little over \$2,800 in the bank reserved for maintenance and operation of the Exhibition. Lynn county picks up the monthly light bill, and City of Tahoka furnishes the water.

Mr. Botkin recalled that the fair grounds and buildings were bought in 1948 for about \$5,000, mostly in donations made by businessmen and farmers of the county. Much of the income has come from the rent of the buildings and sale of property. Judicious handling of these receipts resulted in the building up of a \$10,000 bank account, most of which is now being returned to the county to retire bonds.

Fair Association officers and directors are: V. L. Botkin, president; Wilmer Smith, vice president; Albert Curry, Winston C. Wharton, Mrs. Tom Russell, J. W. Gardenhire, Cecil Hammonds, George Claude Wells, and the secretary is County Agent Bill Griffin.

Mrs. M. L. Henry Funeral Sunday

Mrs. Mattie Lee Henry, 87, pioneer settler of Redwine community of Lynn county, died Friday at 7:40 p. m. at the home of a son, D. L. (Jack) Henry, at Meadow.

Funeral services were conducted at the First Baptist Church in Tahoka Sunday at 3:00 p. m. and burial followed in Tahoka Cemetery under direction of White Funeral Home. Officiating at the services were Rev. D. W. Copeland of Knapp, her former pastor; Rev. Floyd Haddock of Meadow; and Rev. Harley Hughes of Levelland, who knew her before she came to this county.

Mrs. Henry was born November 19, 1874, at Atlanta, Georgia, and came to Texas with her parents as a girl. She and her late husband settled on their farm near Redwine Baptist Church was organized the following April, she was a charter member of the church. Mr. Henry passed away in 1921.

She moved to Tahoka in about 1944, and about 18 months ago went to Meadow to live with Jack. Music at the funeral service was provided by a granddaughter, Mrs. Melvin Pearce, and three great grandsons, Mike, Thomas, and Steven Pearce, all of Hobbs, N. M.

Survivors include seven sons: G. W. King of Big Spring, Gordon King of Houston, Cecil Caraway of (Cont'd on Back Page)

Phone 998-4122 To Place Fire Reports

Phone 998-4122, day or night, to report a fire.

Fire Chief E. W. (Pat) Patterson says there are still some people who do not know how to report a fire to Tahoka Fire Department.

He suggests that citizens may want to write this number down on the outside of their telephone directories for quick emergency use.

New Delinting Plant Planned

A new cottonseed delinting plant will be built here in the near future featuring both the wet acid and saw-type methods, and will be known as Farmer's Seed and Delinting, Inc.

This announcement was made today by Kenneth Turner, L. S. Turner, and Vernon Turner.

Location will be two miles north of Tahoka, immediately east of the Y formed by US 87 and Farm Road 400, the Wilson highway, on the Dr. Ronney land.

Kenneth Turner said both the plant and warehouse will be of all-steel construction. Work is due to start in the near future.

Boy Scouts Are At Camp Post

Boy Scout Troop No. 721 sponsored by the Rotary Club of Tahoka checked in at Boy Scout Camp Post last Sunday afternoon under the leadership of Rush Dudgeon. Assisting him are George Glenn, Sonny Roberts, Sam Edwards and Wallace Moffitt.

Boy Scouts in attendance include: James Moffitt, Cliff Thomas, Bill Thomas, Chris Dyer, Chris Roberts, Steve Roberts, Billy Curry, Gary Brooks, Bill Brock, Michael Glenn, Jody Edwards, Delvin Buchanan, and Charley Brown.

Albert Curry and J. C. Dyer took the boys to camp. The troop will be in camp one week enjoying the many scouting activities and having fun doing the outdoor skills of scouting.

Mr. and Mrs. Kenneth Weaver and two children, Ken and Jerry visited here this week with his parents, Mr. and Mrs. A. C. Weaver, and the two boys are remaining for a two weeks' visit with Grandpa and Grandma.

Our Face Is Red!

Last week The News apologized for failure of several engravings to arrive in time for timely publication. These pictures are being printed elsewhere in this week's issue.

But, this week The News has to apologize again. We had four pictures, three of them intended for the front page, which we sent to the engravers on Friday of last week.

Here it is Thursday morning—and no pictures AGAIN!

As the paper goes to press, we are unable to explain whether the pictures were lost or delayed in the mail or our engraver fouled up. We are sorry, but we'll guarantee one thing—if our engraver doesn't have a very good excuse, we'll find some one else to make our "cut."

Scientists Cause Mixup of Sexes

March of Dimes-supported scientists have found that if they dip an egg into the right kind of hormone solution, they can change the sex of the unhatched chick from what it started out to be.

This, of course, is of concern to a chick which is supposed to be a rooster and hatches out with most of the features of a hen, or vice versa.

The research also is of direct concern to people, because the scientists believe they are on the track of what may cause some human beings to be born with mixed-up sex characteristics.

A few cases of sex changes in people have become world famous. But according to Dr. Virginia Aggar, director of the birth defects division of The National Foundation, March of Dimes, "It is a more common and important problem than most people realize. More and more infants and children are being found who are somewhere between pure male and pure female sex."

Such "intersex" is a biological contradiction and a major mystery. How does it come about? Perhaps if we had the explanation, doctors could devise ways to prevent it or at least to straighten things out again.

That's why March of Dimes funds have been awarded to support investigations by Dr. Gregory Pincus, an internationally recognized authority on hormones and research director of the Worcester Foundation for Experimental Biology, Shrewsbury, Mass.

It is known that heredity factors can lead to sex abnormalities. But Dr. Pincus points out, "obviously heredity isn't the whole story." Hormones are undoubtedly involved, too.

Scientists speculate that certain hormones or other substances in a pregnant mother's body may reach the cells of her unborn baby during the critical early days of growth and completely change the direction of the baby's sex development.

Through their project is still in its early stages, Dr. Pincus and his associate, Dr. Alan Erickson, have found that this theory holds water.

If an egg containing a four-day-old chick embryo is dipped for just ten seconds into a solution containing a female sex hormone, a budding rooster can be "feminized."

If such birds are allowed to hatch and mature without any

Dr. Gregory Pincus holds tray of eggs before dipping them into solution containing a female sex hormone which will "feminize" an embryonic rooster. He is a March of Dimes research grantee.

Dr. Alan Erickson holds rooster hatched with characteristics of a hen. March of Dimes-supported scientists found that in time nature reasserted itself and "hen" began to crow like a rooster.

Further hormone treatment, most of them eventually revert to the maleness that nature had intended for them. They grow combs and wattles and crow like any self-respecting rooster. Internally, too, matters are corrected and organs usually appear to be normal.

But once in a while there's an exception. The bird doesn't revert to male, but stays somewhere in-between. As a potential rooster, he is sterile. As a potential hen, he does not lay eggs.

When they came to trying the reverse egg-dipping experiment, changing the sex of a female chick to male, the Worcester Foundation researchers ran into a baffling obstacle.

The obvious procedure — dipping the egg into a solution of male hormone — didn't work.

So they checked a variety of other hormones. When they finally found a hormone that did the trick, it went against all textbook expectations.

A. McNeelys Home From Long Visit

Mr. and Mrs. A. A. McNeely returned last week end from a month's visit in Oklahoma and Arkansas, where copious rains have fallen and they say the country is the most beautiful they ever saw it.

They visited, among others, Mr. and Mrs. John Hill at Seminole, Okla., and Mr. and Mrs. Elwynne Chandler at Tecumseh, Okla. Argyle says Jim has a 40-acre place there, a three bedroom home, and is really enjoying life with plenty of fresh vegetables and big trees to sit under. Jim's health is also much improved.

Reporting on the three Paris boys, brother of Leslie Paris of Tahoka, Mrs. McNeely and Mrs. Chandler and sons of Mrs. Hill, Mr. McNeely says Lt. Tom Paris and wife are in Okinawa, Donald and wife are still living in Canyon while he teaches during the school year in Amarillo, and Bob and wife are also living in Canyon. Bob will be a senior this next year in West Texas State, and his wife works for The Canyon News. The latter couple have a new son just a few weeks old.

County Judge and Mrs. W. M. Mathis visited in Fort Worth over the week end.

Joe (Corona) Warf Is Tahoka Visitor

Joe Warf of Corona, N. M., was here Monday visiting friends and looking after his farms. He says they have been having some really dry weather out on his ranch.

Mr. and Mrs. Warf were returning home from Anson, where they attended funeral services for Mrs. Warf's sister, Mrs. M. T. Jones, on Sunday.

He stopped in at The News to kid The Printer about calling him a liar on one of his "tall tales." Joe says Texans can tell pretty tall tales but the big snake story told last year by those two Mexicans out in his country topped them all. He said these two boys have been down in Texas visiting and the Texas tall-tale-telling rubbed off on them. They went back to New Mexico, pieced several big rattlesnake skins together, and passed the result off as the biggest rattlesnake ever killed. The picture of the snake skin got national publicity.

Lynn People Spent \$3 Million In 1961 For Food, Other Retail Sales High

(Special to The News)
New York — Judging from the way residents of Lynn County spent their money in the past year, they were in good shape financially.

It was most evident in the

amount they expended for food. Their outlay in this direction was a huge \$3,076,000.

Most other retail lines were also able to report gains in the year, despite a sluggish beginning.

What caused the upswing? It is attributed to a rising level of personal income, to pent-up needs and to improved confidence in the economy.

The details are brought out in a comprehensive report that covers all sections of the country. It was prepared and released by the Standard Rate and Data Service. Shown in it is just how the average family in each locality spends the money it has left after taxes.

The \$3,076,000 spent in Lynn County in the year for food, which was well above the \$3,043,000 volume of the previous year, went to local bakeries, meat markets, delicatessens and other stores selling food for home preparation and consumption.

Not included were the expenditures in dining and drinking places for on-the-spot consumption of food and beverages.

The take-home food bill accounted for 23 cents out of every dollar spent in local retail stores by the average family.

Since prices remained fairly steady in the year, the large outlay is ascribed to greater consumption and to the use of more expensive products.

The year's food bill in Lynn County, if apportioned equally throughout the community, would average \$989 per household.

This was more than was spent in most parts of the West South Central States, \$946 per household. Other retail lines also profited by the increase in consumer spending.

Those selling cars, motorcycles, boats and parts had receipts of \$3,480,000, equal to 26 cents of every dollar spent at retail.

Sales in general merchandise stores amounted to \$801,000, or 6 cents.

Apparel shops had a \$476,000 volume, equivalent to 4 cents, and home furnishings stores, \$119,000, equal to 1 cent.

Braves Win Pony League Title

Tahoka Braves are the 1962 Lynn County Pony League champions, a team sponsored by Goodpasture Grain and managed by Thomas Jolly. During the season just completed, the Braves won 14 games and lost only one, to the O'Donnell Pirates.

Members of the all-star team to advance in the play-offs have been chosen. Although the play-offs are scheduled to start the week of July 16, details were not yet available early this week, according to Charles Reid.

The all-star team is composed of 15 players and one alternate, but Pony League officials feel other boys needed to be given special recognition and therefore picked an additional eight boys for honorable mention.

Boys picked for the play-off, including honorable mention, are: Braves: Britt Robinson, pitcher and catcher; Pedro Gueterrez, third baseman, a 13-year old who committed only four errors the entire season; Butch Tomlinson, outfielder; Jesse Olivia, pitcher and shortstop, the leading pitcher with two no-hit games; Mike Reid, first base; and Mitchell Williams, catcher and shortstop; Dean Hamilton, honorable mention.

Tahoka Orioles: Mike Davis, pitcher and outfielder, league leading home run hitter; Stanley Renfro, shortstop and pitcher; Milton Miller, utility; and Jerry Jolly, honorable mention. New Home Eagles: Kenneth McClung, first base and pitcher; Adrian Hill, shortstop and catcher; Lonnie Ford, honorable mention.

O'Donnell Pirates: Larry Emerson, pitcher and infielder; Tom Vestal, second; Johnny Oberg, infielder; and Ronnie Barnes, honorable mention.

O'Donnell Dodgers: Danny Hale, pitcher and first; and Tommy Hancock and Bussy Barnes, honorable mention.

Wilson Red Sox: Gary Williamson, infielder, selected as the alternate; and Jimmy Koenig, honorable mention.

Thomas Jolly will be manager of the all-star team, and James Hollars, assistant.

New Home Whips Tahoka Titans

Charlie Holland and Larry Spruiell knocked homers for Tahoka and Marlow Rudd for New Home as the home team Tigers pushed past the Tahoka Tritons 10-6 on Sunday.

Billy Nance returned to the mound after four years of no pitching, and he gave up four runs, including a three-run homer by Rudd. After that he pitched no hit ball until the fifth inning when two runs were scored. He was replaced by Larry Jolly in the sixth inning.

Holland's homer, his third in three games, came in the fourth after Jack Burke singled and stole second. Spruiell's homer was near a grand-slam, but Hugh Jack Norwood stole home with the bases loaded and on the next Spruiell homered.

This makes the Tritons record 1-3. Winning from a local Spanish team and losing to Petersburg 6-5 and New Home. The Tritons' next game with New Home is on July 10 at New Home. The game will start at 8:00 p. m. Everyone is invited to come and see Tahoka play.

Little League Play-offs July 19

Although no Little League games are scheduled this week, Charles Reid, president of the league, says games will have to be stepped up the next few days and the season should be completed next week.

The reason is that the district tournament has been set for July 19, 20, and 21 in Slaton.

Former Citizens Write Of Reunion

Lynn County Pioneer Association has received two letters, according to Mrs. Harley Henderson, outgoing secretary, expressing regrets for not being present.

Mr. and Mrs. O. C. Majors of Barstow expressed regrets at not being able to attend the reunion and sent along a \$5.00 check to the Association.

Mrs. Maurice Gard Jr. of 3837 Georgia, San Diego 3, Calif., the former Shirley Kever, wrote thanks for sending an invitation to her late parents, Mr. and Mrs. Jim Kever of Hutchinson, Kan. She wrote that Mr. Kever had passed away on December 26, 1960, following a heart attack, and Mrs. Kever had died on April 9, 1961.

Mrs. Gard says, "He talked continually of Texas and its wonderful people. They both enjoyed the one pioneer reunion they got to attend."

Letters From News Readers—

(The News welcomes letters from its readers on any current subject, not libelous, of course. All communications must be of reasonable length and must be signed. On request, the signature will not be printed. The Editor.)

Dear Editor: I know that I'm just a teenager and what I say only goes in one ear and out the other, but I have opinions about the issue of abandoning prayers in public schools, too.

If we'll look back in our history books, we'll find that this is one of the reasons the Pilgrims came to America. They fought and died for their religious freedoms. We Americans of today aren't so good we can forget about God, but that's exactly what we're doing! Slowly but surely, we're pushing God out of our lives.

I know from experience that if it weren't for Morning Watches and Devotionals before classes some kids would never get any religious training whatsoever because their parents sure don't take them to church! We need those prayers to remind us that God is near when we need him.

Just remember that the future of our nation depends upon the teenagers of today. If we don't give them all the religious training they can hold, our nation will surely crumble unto hands of the Communists!

Sincerely, Ruth Rucker (age 14), Wilson, Texas.

Fatal Texas traffic crashes increased by 27 in cities and by 30 outside cities in 1961, for a State-wide increase of 57 over 1960.

THE NEWS

We've got GAS air conditioning at our house!

Boy, it's the MOST! It does more than just COOL, too. It circulates, ventilates, dehumidifies and cleans the air. Oh, and it HEATS in winter... I almost forgot! Mom says it's a lot easier to keep house, now, because there ain't... I mean "isn't"... as much dust around. And you should hear Dad go on about how his hay fever's let up since we bought the Arkla-Serve! An' you know what? It runs so much cheaper than our old job that the folks increased my allowance from the savings! All I know is that when I get a house, I'm gonna have an Arkla-Serve! Sun Valley, too. Say, ain, I mean "isn't," that a funny name for an air conditioner!

Miss Betty Sue Wessels of Winters Becomes Bride of Milton George Ehlers of Wilson

Betty Sue Wessels and Milton George Ehlers were married Saturday evening, June 16, in a double ring ceremony at St. John's Lutheran Church in Winters.

Parents of the couple are Mr. and Mrs. C. W. Wessels of Winters and Mr. and Mrs. Herbert Ehlers of Wilson.

The Rev. A. W. Holck, pastor, read the ceremony. Nuptial music was presented by Mrs. Victor Steinhauser, organist, and Mrs. Ervin Ueckert, soloist.

Mrs. William J. Howell of Midland, sister of the bride, was matron of honor. Bridesmaids were Pat Wessels of Dallas and Nancy Spill of Winters, cousins of the bride, and Mrs. Charles Wetzel, Abilene.

Flower girl was Marla Stegelmiller, niece of the bridegroom. Mitchell O'dell, cousin of the bride was ring bearer. Candelighters were La Verne Bredemeyer, Sweetwater, and Ray Ehlers.

Arlis Ehlers of Wilson was his brother's best man. Ushers were Ray Ehlers, brother of the bridegroom, and Rodney Maeker, both of Wilson.

Groomsmen were Donald Klaus of Wilson, Melvin Walter of Posey and Buford Rinne of Wilson.

Given in marriage by her father, the bride wore a gown of white silk organza and imported Chantilly lace over satin. The bodice was embroidered with seed pearls and iridescents and fashioned with a scalloped neckline. The long sleeves tapered to petal points over her hands. A wide panel of lace accented the front of the skirt and a similar panel in back swept into a chapel train.

Her silk illusion veil fell from a cabot of Chantilly lace trimmed with seed pearls and iridescents. She carried a white orchid surrounded by lilies of the valley atop a white Bible.

Bridal attendants wore dresses of orchid cotton designed with bateau necklines. Their accessories were white. Each carried a white carnation with orchid streamers.

A reception followed in the fellowship hall of the church. Assisting in the houseparty were Mmes. Ervin Ueckert, M. G. Ropen, Willis Whittenburg, Ralph Parker, Ervin Schroeder, Herman Bredemeyer, Bill Hoppe, Herman Spill, Jack Whittenburg, Bill Minzemayer, Bill Bredemeyer and Bill Ahrens.

For a wedding trip to Buchanan

Dam the bride wore a navy blue suit with white accessories. Her corsage was the orchid from the bridal bouquet.

The couple will reside in Lubbock.

The bride is a graduate of Winters High School and Childers Beauty School, Midland. At WHS she was a member of the National Honor Society and the girls' basketball team.

The bridegroom is a graduate of Wilson High School and South Plains College where he was a member of the Future Farmers of America, the band and the football team.

Rehearsal dinner was hosted by the bride's parents in Fellowship Hall of the church Saturday morning.

MRS. JIMMY RAY BRIGGS (nee Miss Dianne Falls), daughter of Mr. and Mrs. C. J. Falls Jr., who was married at Lakeview Baptist Church June 22 to the son of Mr. and Mrs. O. K. Briggs of Route 4, Lubbock. The couple will live in Brownfield.

COUPLE HERE FOLLOWING RESIDENCE IN ALASKA

Mr. and Mrs. Ken Moore arrived here Monday and are visiting Mrs. Moore's mother and grandmother, Mrs. Eddie Lynch and Mrs. R. H. Turner. Mr. Moore just retired from the Airforce on June 30 after 20 years of service.

Mrs. Moore is the former Bobbie Lynch, a 1947 graduate of Tahoka High School. She has been in Alaska with her husband the past 16 months, but he has been stationed there for three years.

Mr. Moore, a sergeant in the Airforce, says he doesn't intend to do anything for a little while—just rest and catch up on loafing.

Both declare they greatly enjoyed The News while in Alaska, and Bobbie says that Ken turned to The Printer's column the first thing.

Gordon-Southland

(By Mrs. Jesse A. Ward)

Milton Gindorf, son of Chris Gindorf of Southland, returned Monday of last week from the Texas Medical Center in Houston where he had been the past three weeks for heart surgery. Milton, 18, has been hampered throughout most of his high school years. He graduated from Southland High School in May. While in high school he was not allowed by his doctors to participate in any sports because of the condition. Before the summer is over, Milton hopes to be in top physical condition. In two months he will be allowed to go swimming. Milton plans to enter Texas Tech in the fall and major in mechanical engineering.

Louise Davidson went to Plainview Sunday afternoon to attend the Golden Wedding Celebration for Rev. and Mrs. Elmer Crabtree. It was held in the First Methodist Church there. The Crabtrees are former Southland residents. He was a former Methodist pastor here.

Mrs. G. W. Basinger, Mrs. Sam Ellis and daughter, Mrs. Larry Alford and son of Petersburg returned home Sunday night after spending 10 days with Mrs. Ellis' son and daughter-in-law, Rev. and Mrs. George Ellis, at Madison, New Jersey. Rev. and Mrs. Ellis live just 26 miles from New York and they went there everyday and really saw New York. They report a wonderful trip. The trip was made by plane.

Mr. and Mrs. Dillard Dewin, Mr. and Mrs. Ronnie Dunn had dinner Sunday in the home of Mr. and Mrs. T. L. Barnes and Mrs. Rinker.

Rev. Ross Dunn of Lamesa came in Sunday evening to be with his parents, Mr. and Mrs. Dillard, and to attend his grandfather's funeral.

Mr. and Mrs. Douglas Livingston were Sunday afternoon visitors of Mr. and Mrs. T. L. Barnes and Mrs. Rinker. Other visitors were Mr. and Mrs. H. S. Eubanks from Hale Center.

Wednesday of last week Mrs. Ed Cummings prepared luncheon for Mr. and Mrs. Clark Barton and carried the food to their home for their lunch.

Congratulations to Mr. and Mrs. Payton Crawford on the birth of a daughter, Debra Lynn, on June 20 in Mercy hospital in Slaton. She weighed seven pounds and four ounces.

Tuesday afternoon of last week, Mrs. Martin Edmunds and Mrs. Ed Cummings visited Mrs. C. R. Scott, and en route home they visited Mrs. B. D. Robinson and Myrtle.

Don Duff of Levelland is visiting with his grandparents, Mr. and Mrs. W. P. Lester. He attended church at Southland Methodist Church Sunday.

Rev. and Mrs. B. B. Byers left Sunday evening to spend their vacation at Bulah, Colo., near Pueblo.

Recently Mr. and Mrs. Clyde King and children of Washington, and Mr. and Mrs. Blanton Martin and Susanne visited Mrs. Sam Martin.

Dr. and Mrs. Gerald Dabbs and Devon spent several days with his parents, Mr. and Mrs. Herman Dabbs and children. Dr. Dabbs, formerly of Dallas, was en route to Boston for his internship.

where. He plans to work in public health.

Mrs. M. A. Dunn recently visited her brother-in-law who is in a convalescent home in Lubbock.

Billy Aten from Graham spent from Thursday to Saturday with his grandparents, Mr. and Mrs. Ed Cummings.

Mr. and Mrs. G. N. Smallwood visited in Midland and Odessa with their children and families. Mr. and Mrs. Billy Ramsey and family Mr. and Mrs. Neil Smallwood and family Mr. and Mrs. Albert Smallwood and family.

The Smallwood's grandson, Glenn, returned home with them for a visit.

Mr. and Mrs. Hoffman of Pittsburg, Calif., had dinner with Mr. and Mrs. J. B. Rackler one day last week.

Elder and Mrs. Smith and children of Slaton and Mr. and Mrs. J. B. Rackler and children were

Congratulations:

Mr. and Mrs. Gaylon Tekell on the birth of a daughter on Wednesday, July 4, at 7:58 p. m. The couple's first child has been named Staci Lee and she weighed six pounds and four ounces.

Mr. and Mrs. Willmon Lee White, 5711 Valkieth, Houston, on the birth of a son, Gehrig Henderson, weighing nine pounds and seven ounces at the Tahoka Hospital on Monday. The Whites have two other children, Tracy York, who is four years old, and Monica Wren, who is two years old. The grandparents are Mrs. Donna Dockens, and Rev. Aubrey White of Tahoka.

QUESTIONS, PLEASE

QUESTION: WHAT IS BLASPHEMY? (Mk. 14:64) It derogated from the honor of God to call a human being "God" or to claim him as endowed with divine power. The same word in Matt. 27:39 is translated "railed on him." To ridicule and insult the Savior was to revile or blaspheme him. To shame and reproach Him was to blaspheme Him. (Rom. 3:8) To misrepresent the teaching of an apostle was to blaspheme him. Again in Rom. 14:16 the same word is translated "evil spoken of." To speak evil of a good thing is to blaspheme it. To defame a good man was to blaspheme him. (1 Cor. 4:13.) In 1 Cor. 10:30 it is translated "evil spoken of." To speak evil of a good act is to blaspheme the act and the person who acts. To blaspheme means to speak lightly of, to defame, or to rail at—any good or sacred person or thing.

Jesus Himself, His teachings, servants, followers, might be railed at, rejected, scorned, and blasphemed; but when the Holy Spirit was come, the additional teaching and testimony of the Spirit would be given and the guilty ones would have the opportunity of repenting. If this was rejected, spoken light of, refused, no more testimony or opportunity to repent would be that "adulteries, fornications, thefts, false witness, railings (blasphemies)" "come forth out of the heart." When Jesus claimed to be the Christ, the high priest called it "blasphemy."

Irrigation Waste

You may have the best irrigation system in the district but it is of little value if it is used inefficiently. It has been proven that irrigation water from underground sources will one day be exhausted on the South Plains. How well we manage the use of it now will determine just how long it will last.

Too much irrigation water is used to irrigate weeds in the bar ditch, or to wash gullies in the adjoining farm. This is the result of the slope being too steep and water being applied at a fast rate than the soil can absorb it.

It is too late this year to change row direction, but it is a good time to make up your mind to change them next year. It is not too late to regulate the amount of water applied by using "cut back-head." That is to apply the full amount until water has reached the end of the row, then reduce this amount by one-half to three-fourths until about 4 inches of moisture is applied. Additional

rows should be started as water is reduced.

New Publication

A new publication designed to help city and suburban dwellers understand soil erosion problems on their lots, gardens, and small farms, has just been released by the U. S. Soil Conservation Service. It is called "Soil Conservation At Home" and interprets the Service's experience in working with farmers and non-farm people.

A copy may be obtained from the SCS offices at Tahoka, Mack Mauldin says. Mr. Mauldin, who is assigned by the SCS to assist the Lynn County Soil Conservation District, says that the publication consists of 30 pages of suggestions on what the homeowner can do to reduce the amount of water runoff from his lot and cut down on soil erosion.

It describes the ideal soil and how to know what kind of soil you have. There is a section on a conservation plan that includes safe disposal of water, and shrub planting to encourage helpful

MRS. JAMES T. WHORTON (nee Terrell Sue Daugherty)

Miss Terrell Sue Daugherty, James Whorton Married Thursday In T.C.U. Campus Chapel

Miss Terrell Sue Daugherty of Fort Worth and James T. Whorton of Tahoka were married at 8 p. m. Thursday in Robert Carr Chapel on the TCU campus by Rev. Don VerDuin, assistant at University Christian Church.

Dr. and Mrs. Frank J. Daugherty, 6236 Kenwick, parents of the bride, were hosts at a reception at River Crest Country Club in Fort Worth. Mr. and Mrs. J. T. Whorton of Tahoka are the bridegroom's parents.

Miss Gloria Cates of Kaufman was maid of honor and Misses Jane Aderton of Lubbock and Judy Tkac were bridesmaids.

Wendell Whittenburg of Sweetwater was his cousin's best man. Groomsmen were Richard Suffel of Center Point and James Robert Muller of Lubbock. Ushers were James Michael Daugherty, the bride's brother, and Jerry Richard Sterse of Amarillo.

Given in marriage by her father, the bride wore a Victorian gown of hand-clipped Chantilly lace and nylon tulle in bridal ivory tone. The bodice was etched with lace and the full skirt, made of alternating panels of pleated tulle and Chantilly lace, extended to a short train. Her bouquet was of white gladiolus surrounded by plumosis fern and stock florets with cascades of stephanotis. The bride

wore a strand of pearls, a gift from the bridegroom.

At the reception, the houseparty included Mrs. Robert Irby of Dallas, Mrs. Robert Beckwith of Lubbock, the bridegroom's sister, Mrs. Danny Yeary, Miss Suzanne Mason and Miss Bettye Brown of Tyler.

When the couple left on a two-week trip to Mexico City, the bride wore a fawn silk jacket dress with bodice of crushed beige chiffon, dyed-to-match shoes and a purse and pillbox hat of fawn.

The couple will live in Lubbock. The bride attended the University of Texas and TCU and is a member of Chi Omega. She and her husband will continue their studies at Texas Tech.

Those attending the wedding from Tahoka were the bridegroom's parents, Mr. and Mrs. J. T. Whorton, and Mr. and Mrs. Winston Wharton and Ann.

Braggs Winners At Bridge Party

Winners at Party Bridge held at the T-Bar Country Club Friday night were Mr. and Mrs. Charles Bragg, first and second, respectively.

Hosts were Mr. and Mrs. Harry Lee Short.

Party Bridge will continue to be held on the regular meeting night, Thursday. It had to be changed last week since it conflicted with the annual Rotary Club Ladies Night meeting.

David Bray Talks At W.S.C.S. Meeting

The Methodist W.S.C.S. met Monday morning at 9:30 in the home of Mrs. G. M. Stewart with 19 ladies present.

Guest speaker was David Bray, who brought observations of the college student. He pointed out that the impact ideologies and theology may have on those not prepared for college and how the churches may, and sometimes do, help in this preparation. He spoke of the difference in views of subsequent generations due to more experience and possibly more mature faith. David is a forceful speaker and brought much food for thought.

Miss Paralee Sayles gave a report of her attendance at the Ella Iles School of Christian Leadership in Lubbock.

Mrs. Roberta Thompson of Lubbock gave a resume of the subjects taught, with emphasis being placed on sacrificial service and need for workers. They certainly seemed a part of this service.—Reporter.

St. Paul's Ladies Donate To Ranch

The Lutheran Women's Missionary League of St. Paul's Lutheran Church in Wilson met in the parish hall the afternoon of July 1.

Mrs. Hubert Teinert led the group in its opening devotional. Rev. Robert Kamrath led the topic entitled "Your Fourth of July: Is It Good or Bad?"

The Society voted to give a gift of bath towels, hand towels and wash cloths to the Boys Ranch located at Tahoka.

Those present were Mrs. Byron Talkmitt, Carl Herzog, R. E. Behrend, Oswald Dube, A. J. Gickhorn, Felix Nolte, Monroe Talkmitt, George Dellinger, M. G. Wied, Howard Moerbe, Raymond Talkmitt, C. A. Wied, Hubert Teinert, Robert Kamrath, and Rev. Kamrath.

Mrs. Kamrath's mother, Mrs. Richter of Alice, was a visitor.

Former Citizen Will Be Married

Friday, July 6, has been set as the wedding date for Miss Zetta Ann Moutrey and Tommy Todd. Vows will be exchanged in the First Christian Church of Kermit.

Miss Moutrey is the daughter of the late Mr. and Mrs. Howard Moutrey. She attended Kermit High School and is a member of the staff of Winkler County Memorial Hospital.

The prospective bridegroom is the son of Mr. and Mrs. Cecil Todd of Snyder. He is a graduate of O'Donnell High School and recently completed two years service in the Army.

The couple will live in Azle, where he is employed.

Gary Family Holds Reunion

Rev. and Mrs. J. L. Gary of Ruidoso Downs, N. M., were hosts to a family reunion for the J. A. Garys of Levelland and formerly of the New Lynn community.

This reunion was held in parallel of a week end revival in which a grandson, Jimmy Gary, of Lubbock, led the singing and did chalk talks.

Raymond Gary, a son, preached Friday and Saturday nights and Rev. J. L. Gary, who is the pastor of the Green Tree Baptist Church of Ruidoso Downs, preached Sunday.

Those attending were Mr. and Mrs. J. A. Gary, Levelland; Mr. and Mrs. J. E. Gary, Lubbock; Mr. and Mrs. C. W. Gary, Shallowater; Mr. and Mrs. Alvin Gary and children, Levelland; Rev. and Mrs. Raymond Gary and children, Santa Anna; Mrs. C. B. Terry and son, Tahoka; Mrs. Mildred Carver, Kingsville; Mrs. Oleta Weikal and children, Corpus Christi; and Mr. and Mrs. Jimmie Gary and children, Lubbock.

Only one daughter of the J. A. Garys' nine children was unable to attend. She is Mrs. R. H. Rice of Littlefield.

A wonderful time was had by all.

Tahoka People At Ceremonies

Nineteen Tahoka people attended ground-breaking ceremonies for the Canadian River Dam near Sanford, northeast of Amarillo, Saturday, and saw the blast of 2,500 pounds of dynamite exploded to officially start the construction.

The \$96 million project, for which federal funds are being loaned, will be completed in 1967 and will furnish water on a pro rata cost basis to 11 Panhandle and South Plains towns, including Borger, Amarillo, Lubbock, Plainview, Stalon, Tahoka, O'Donnell, Lamesa, Brownfield, Levelland, and Pampa.

Actually, work is already underway on construction of the dam on an around the clock basis. An aqueduct system costing approximately \$60 million is included in cost of the project, and treatment plants will purify the water before use by the cities.

Principal speaker was Stewart Udall, Secretary of the Interior, who declared "you people are wisely investing in the future on behalf of your children and grandchildren."

Other notables participating included Senator Ralph Yarborough, Congressman George Mahon, Democratic Governor-nominee John Connally, and a score of other congressmen and high officials.

Find Deposit Slip Filled Out In 1908

While rumaging around in the old bank records, President Charles Verner found an old deposit slip of the Lynn County Bank (unincorporated), predecessor to The First National.

The slip was dated January 17, 1908, and was a deposit made by the late S. L. Smith of New Home for \$25.22. Mr. Verner gave the deposit slip to District Judge Truett Smith, the son.

Judge Smith said he didn't know his dad had that much money back in those days — though it may have been the proceeds from his 1907 cotton crop.

Traveling to the meeting by chartered bus with others from Lamesa and O'Donnell were Mayor Mel Leslie, H. B. McCord Sr., Dr. K. R. Durham, E. R. Edwards, Charles Verner, Dr. Skiles Thomas, J. E. Nance, "Hick" Gibson, Everton Nevill, J. M. Uzzle, and Evon Wilson.

Third greatest reason for involvement in fatal rural highway crashes in Texas in 1961 was driving on the wrong side of the road, involved in 15 percent of such collisions.

About 75 per cent of the steel produced in the United States comes from the great Mesabi Range in Minnesota and is shipped by boat through the Great Lakes.

Youth Week ...

(Cont'd. from Page 1)
Billy Jack Dunlap will be in charge of the meeting. The ladies and girls of the church will hold a Youth Week W. M. S. meeting at 4:00 p. m. with Rhonda Littlepage in charge.

On Tuesday, the activities will take on a less serious nature. Scheduled for that evening is a hay ride for the Young People and Intermediates of the church.

Wednesday, the regular order of services will be observed. The Youth Week officers will conduct the Teacher's and Officer's Meeting and the Prayer Service.

The highlight of the week will be a week end Youth-led Revival which is to begin Friday evening at 8:00 o'clock. Two outstanding young men, Robert White of Arlington and Olen Massey of Grand Prairie will be here to help the Tahoka young people in the revival effort. Preceding the revival, the youth have designated Thursday evening as visitation night. With Eddie Howard, Youth Week educational director, in charge, the Youth People will attempt to cover the entire town between 6 and 6:45 p. m., extending invitations to the revival meeting. The activities for the week will be climaxed Sunday morning with the youth-led Sunday School and Morning Worship Service. At the close of the worship service, the

Youth Week pastor will return the symbol of church leadership to the regular pastor.

Mrs. G. W. Forsythe was admitted to the Tahoka Hospital Monday with a broken pelvis.

Luther Woods was admitted to the Tahoka Hospital Saturday as a medical patient. He was dismissed Sunday.

Calloway Huffaker Installed As Resident At Rotary Ladies Night

Calloway Huffaker was installed as the new president of Tahoka Rotary Club, succeeding Dr. Skiles Thomas, at the annual ladies night covered dinner supper last Thursday on the back lawn of the Dr. Emil Prohl home, attended by 70 people.

Other new officers include Ronald Sherrill, secretary, succeeding Dale Thuren; Dr. Thomas, who becomes vice president; and new directors, Don Browning and Alon Cain. J. P. Hewlett had been re-elected treasurer, and hold-over directors are E. L. Short and Charles Bragg.

An impressive installation ceremony was conducted by Wynne Collier, charter member of the club, in which he led the members in a pledge to the club and the officers, a pledge from the of-

ficers, and finally the turning over of the gavel to Huffaker.

In opening the program, Dr. Thomas expressed thanks to the members for wonderful support during the year. Secretary Dale Thuren presented the outgoing head of the club a diamond-studded past president's pin, outlined the accomplishments of the club during the past year, praised "Pete" Hewlett for his helpful service, and presented the scrapbook and club records to his successor, Mr. Sherrill.

In accepting the club leadership, Mr. Huffaker said he considered this the highest of honors, pledged himself to faithful service, called on members for help. In outlining some of his objectives, he declared his No. 1 motive would be to "make this the friendliest club in the friendliest town in the world."

The program was also highlighted by three brief talks; the first by Susan Thomas, former club sweetheart, and daughter of the outgoing president, who related some of the benefits she had received from Rotary meetings and the four Rotary International meetings she has attended.

Mrs. Emil Prohl, speaking for Rotary Ann's, told of her pleasant association with Rotary and some of the impressions and broadening influences she had received from attending eight International meetings.

Some of the things Rotary has done for the town and its members were told by Frank Hill, a member of the club for more than 25 years.

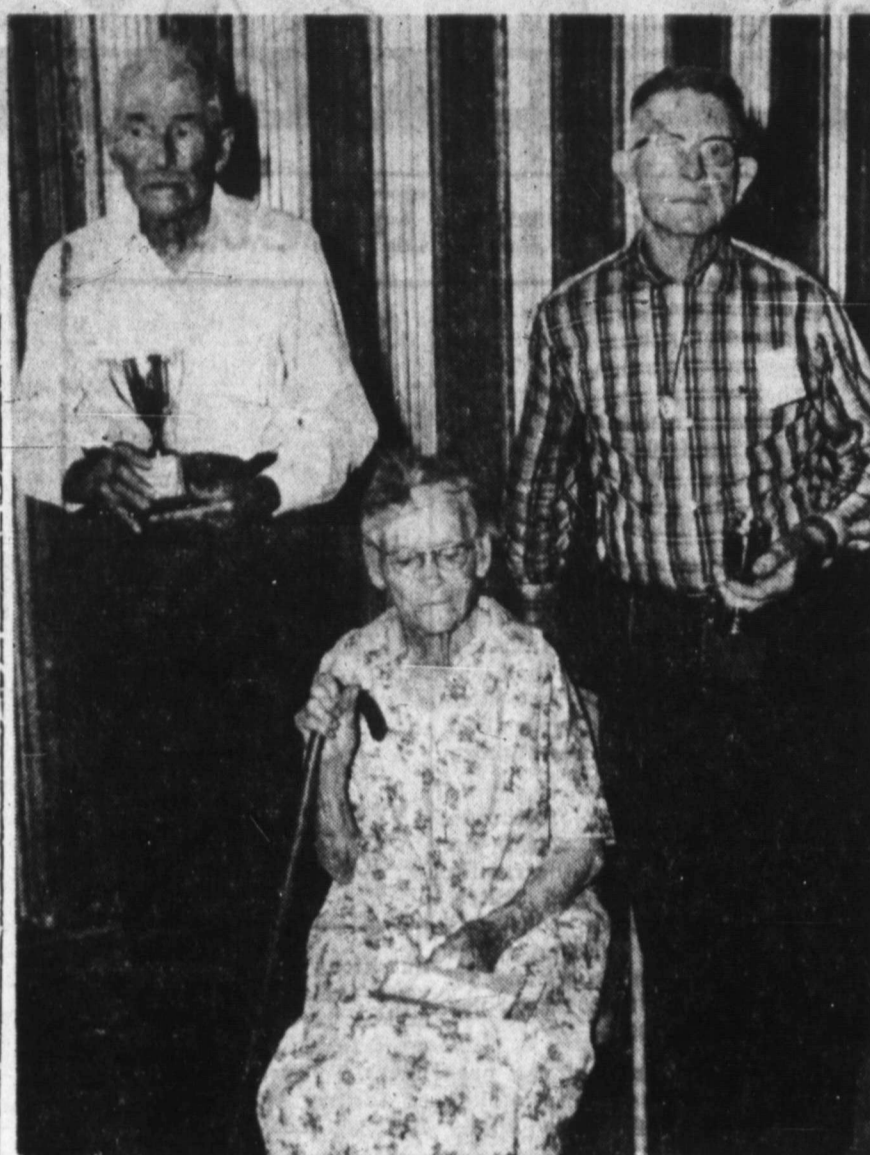

Fred Hegi furnished organ music during the meal, following which Rev. James Efird gave the invocation.

COUNTY PIONEERS shown above are (seated) Mrs. Hattie Yates, 93, the eldest lady present who had received the prize for this honor previously; left is N. D. Leavitt, 83, of Causey, N. M., and formerly of New Home, who received the loving cup for the eldest man present; and right, Carl Sherrod of Hesperia, Calif., pioneer coming the greatest distance. (Photo by Finney)

TWO REAL OLDTIMERS at the Reunion were Will Humphries of San Antonio, left, and "Aunt Becky" Roberts, right, talking over old times. Both were here when the county was organized in 1903. Mr. Humphries is possibly the last man living who was present when the county and town organization were planned at a meeting in a ravine on the west side of Tahoka Lake. Mrs. Roberts was one of the first settlers of the West Point area. (Photo by Finney)

The year 1961 recorded 14 days on which 15 or more persons died in Texas traffic tragedies.

Bollworms Can Prove Hazard

College Station — The cotton farmer who thinks that low infestations of bollworms are not harmful may be losing considerable production to them.

Though small numbers of cotton bollworms may only slightly reduce the lint quality, they can cause sizeable yield losses, explains Progress Report 2235, by the Texas Agricultural Experiment Station.

When an average of 3.6 of the bolls were damaged, losses of 627 pounds of seed cotton per acre occurred in tests conducted by P. L. Adkisson, R. L. Hanna, and C. F. Bailey, of the Department of Entomology, Texas A&M College. These tests were conducted to determine the fruit damage and number of worms that can be tolerated before yield losses occur.

Recommendations usually suggest starting control measures when 4 to 5 young larvae are present per 100 plants because significant yield losses occur when 8 to 10 larvae per 100 plants are present.

Since young bollworm larvae are hard to find, control measures should be started when 5 percent of the young fruits are injured regardless of the number of worms present, according to the report. Relatively low percentages of injured bolls, if sustained over a long period, may result in yield losses.

Bollworm attacks on cotton can be severe, especially if the worms are allowed to destroy the bolls. In many cases the worms may not completely destroy the boll by feeding but they allow rot organisms to enter the bolls which may cause a lowering of the grade, the report states.

To control the bollworm efficiently, insecticide applications must be started while the larvae are small.

For details on the results of the study on yield and quality losses at different levels of bollworm infestation write the Agricultural Information Office, College Station, Texas, and request a copy of Progress Report 2235.

John King Will Work With Justice

John King, who graduated from the University of Texas School of Law early in June, has arrived home to spend a few weeks. He completed his State Bar examinations last week, preparatory to receiving his license to practice law, but results will not be known until September.

He has been appointed a briefing attorney to work for a year in the office of Judge Meade F. Griffin of Plainview in the Texas Supreme Court at Austin. He will assume his duties on August 15.

This job will give John a rare opportunity for experience in the field of law.

John is the son of Mr. and Mrs. Elbert H. King.

Licester — An appeal for brighter, glossier magazines has been made by Licester Prison for prisoners who "cannot read or write and have to spend a lot of time in their cells."

Farm Facts

Thirty years ago the average hen in the United States laid 121 eggs per year. Today the average is 206 eggs. Although the number of laying hens and pullets has been declining, the total output has been increasing. It now exceeds 65 billion annually.

In 1945, egg production totaled more than 56 billion from 369,430,000 hens and pullets. By 1959, the number of hens and pullets had declined to 303,562,000 but their production totaled more than 62 billion eggs valued at more than \$1.6 billion.

In some less fortunate countries of the world, an egg is a rarity on the family menu. In the United States, however, civilian consumption is better than an egg a day, not counting Sundays. It amounted to 334 eggs per person in 1960.

The efficiency of egg production in this country makes it possible for this highly nutritious product to come to your table at a price that makes it one of the most economical items on your menu. Ten years ago an hour of factory work would buy 20 eggs; today it will buy 42.

U.S. hens average 206 eggs per year.

New Home is the most progressive community we know about. Wilson is about the nicest all-around town anywhere. No town is more loyal to its athletic teams than O'Donnell. Tahoka has set out on an effort to become known as the friendliest town anywhere.

People from other towns, other areas, have frequently complimented us on this desirable community trait — but there's always room for improvement.

More than a year ago, E. L. Short, then the new president of the Chamber of Commerce, proposed that Tahoka capitalize on friendliness. A beautiful brochure advertising Tahoka featured this as a friendly and clean family town. Dr. Emil Prohl suggested a "courteous employee contest", and this was started last month. The purpose is to spot-light courtesy and friendliness in the places of business, and everyone seems to agree this has already helped us all.

Last year, Dr. Skiles Thomas, Rotary president, had as one of his objectives making this club

THE AMERICAN WAY

How Firm a Foundation!

my coffee is not paid for." And the waitress replied, "Yes, someone paid for all." The stranger insisted, "No one paid for mine, I'm a complete stranger here." Finally, the waitress convinced the man it was almost a custom here for the first man leaving to clean the counter, and the stranger was amazed. He came back and sat down beside The Printer and said something like this: "I never heard such a thing. I've heard of Western hospitality, but I never heard of anyone buying coffee for someone they hadn't even met. Why, up in Baltimore, where I live, one of my friends may come by my desk and say, 'Joe, let's go get a cup of coffee.' We'll go down to the coffee shop, drink a cup and visit a while, and as we leave each one of us pays for his own coffee." The man was amazed and flabbergasted. He will always remember Tahoka, we'll bet, and may come this way again some time.

This friendliness idea should be extended to the schools, churches, other clubs, and the man on the street.

A few years ago, The Printer witnessed a little incident of this kind that would "win friends and influence people" for a town. We were drinking coffee in a local coffee emporium. There were three of us drinking together. Down the counter was a strange man, his head buried in a newspaper, looking to neither left or right. The first of our group to leave "cleaned the counter." Then, the others left, all but The Printer and the stranger. When the stranger went to leave, he laid down a dime at the cash register. The waitress told him, "Your coffee's paid for." He replied, "No,

Years ago, the late Gene Howe in his "Tactless Texan" column of the Amarillo Globe-News, advanced the idea that if service station operators and cafe waitresses could be made good-will ambassadors for Amarillo, instead of belying to strangers, they could do more good for that city than the Chamber of Commerce. Strangers in a town, he said, gain their impressions usually from the first people they meet — filling station employees, waitresses, and redcaps and bell-hops. He declared that if you ask the average such employee what kind of a town Amarillo is, the reply would be something like, "It's a dull place; there's nothing to do; I wish I was back in San Diego."

As a result of Old Tack's prodding, Amarillo held a school for waitresses and such employees meeting the traveling public. Employers were enlisted to help, and several hundred turned out to attend the school. The result was that such employees began to boost their town when a stranger came in. They took the optimistic attitude, told strangers what a fine bunch of citizens they had, about the beautiful parks, places of amusement, the churches, the Palo Duro Canyon, the Museum at Canyon, the fine buildings and homes, the ranches, wheat farms, and oil fields, the only helium plant in the world, etc. Tahoka could do a similar thing.

Friendship and courtesy cost nothing. A smile is easier than a frown. Grouchiness is hard on digestion. If you want friends, be one!

A local farmer says that last week, one of his hoe hands failed to come to work. The next day he asked the man why he didn't show up the day before. "I had to go to Lubbock and see about my unemployment check." The farmer thinks it's a pretty come off when there's work to do, the man has a job, and he's still drawing unemployment compensation. Well, if our government is going to guarantee everyone security from the cradle to the grave, there are going to be a lot of chiselers. We're going to pay the bill. We wonder if we're not making drones out of our entire citizenship?

Connie Hale was born and reared in England, met and married Tom Hale when the latter was stationed there during the war, came to Tahoka to make her home. She's a big sports fan . . . inherited. Over in England football is different from here, but she says it's a mighty rugged game. Parents

Mrs. Jack Waldrip Theatre Manager

Mrs. D. S. "Jack" Waldrip, long-time resident of Tahoka and substitute teacher in the Tahoka school system, has replaced Ray Smith as city manager for the Wallace Theatres, Inc. The Wallace Theatre circuit was happy to once again secure the services of Mrs. Waldrip. Mr. and Mrs. Jack Waldrip formerly managed the Tahoka theatres from 1949 until 1957.

The theatres in Tahoka have recently been put on a part-time schedule. This was made necessary by the fact that attendance during the middle of the week did not warrant full time operation. Mrs. Waldrip has expressed a desire to get the theatres back on a full schedule as soon as it would be feasible to do so. She has requested the full cooperation and the support of all Tahoka citizens to help her in this undertaking.

Mrs. Waldrip said, "The people of Tahoka need to have a good place to go for entertainment. On the other hand no business can operate without at least covering its expenses and this is where the support of the people is needed. By attending their local theatre

the legal fraternity, has become political minded, a crusading body to interpret laws to fit the thinking of its individual members hair-splitting in many matters, and even on occasion interpreting the Constitution in manners never intended by its framers.

This story was funny to us: When a group of women got on the car, every seat was already occupied. The conductor noticed a man who seemed to be asleep, and, fearing that he might miss his stop, he nudged him and said: "Wake up!" "I wasn't asleep," the man protested. "Not asleep? But you had your eyes closed." "I know. I just hate to look at ladies standing up in a crowded car."

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

It is perhaps difficult to imagine a housewife in Chattanooga, Tennessee, wrapping up her fairly new automatic washing machine and sending it parcel post to the factory in Sandusky, Ohio, to have remedied a defect that has developed.

Yet, those who oppose the principle of so-called fair trade laws seem to skip over such a preposterous situation with great aplomb.

Reputable manufacturers of appliances, other manufactured goods, know the only way they can stay in business year after year, is to give customer satisfaction.

They also know that any manufacturer item during its period of guarantee can show up defects despite careful pre-shipping inspection.

Thus, on the brands they wish to stay in business with, they seek to have them sold through dealerships that can afford, and are able, to take care of such routine servicing.

They also realize that such dealers cannot stay in business unless there is enough profit in their sales to permit them to give this customer service.

But unless a price can be maintained on these brands, the discount operators, will slash prices. The customer, it is true, gets a lower price on a prestige piece of merchandise, but if something goes wrong, the consumer is out of luck, and out of pocket.

The Japanese understand

how to market manufactured goods. For example, the vast majority of transistor radios sold are Jap made. They do not expect dealers to service them.

The Japanese know that their best chance of selling is to take advantage of their cheap labor, and giving U.S. dealer, a product he can sell cheaper than it can be made in America.

But the Japs know that any manufactured item can go wrong, so when they ship their distributor they include an extra 10% more, sets than are ordered. If there is trouble, customer gets a new one.

From the standpoint of the Japs, because labor is so cheap, this is preferable to paying transportation back and forth to Japan on defective sets. It is also cheaper than trying to set up servicing dealers. And obviously they do not throw in 10 extra sets with every 10 from charitable impulses. That extra 10% is reflected in the price.

But American labor is not Japanese labor. And if the American manufacturer cannot protect his brand, by protecting his responsible dealers, he has only one of two alternatives. One is to build the cheapest possible appliances with no guarantees which will result in consumers playing a kind of Russian roulette every time they buy, or he can follow the Japanese plan. He can throw in 10 free washing machines with every hundred shipped to take care of the defective ones, and mark up his selling price. This is a factor that the theorists along the Potomac do not understand largely because so few ever made their living from private enterprise.

More Farmers Use Fertilizers

College Station — Many farmers and ranchmen who are looking for a good buy in production items are finding it in fertilizers. The use of this item of production is one of the best ways to reduce per unit production costs and increase net income, says Cecil Parker, extension farm management specialist.

The price of fertilizer did not increase during the period from 1951 to 1960. But, during the same period, wages for hired farm labor increased 34 percent, farm machinery costs increased 29 percent and real estate taxes 62 percent, added Parker.

Texas farmers and ranchers are realizing that fertilizer is a good buy because they increased the amount purchased during this period 23 percent, and there is room for additional increases in fertilizer use.

In considering the use of additional fertilizer, a soil test should be made. A soil test will tell the amount of additional plant nutrients required for a given level of production. Also, it indicates the proper balance between plant nutrients for optimum growth and yields.

The form of fertilizer from which the recommended plant nutrients are obtained will have

some influence on their price. Study the various form and analysis in order to save on fertilizer costs but be sure to buy the kind and amount needed and don't just buy fertilizer, explains the specialist.

To determine just how good a buy fertilizer is on your farm, be sure to leave a check plot, recommends Parker.

Local county agents can supply information on fertilizers and assist in planning a fertilizer program for your farm or ranch, advises Parker.
