New School Year Is Opening On Monday

Everything is set for the opening of the Tahoka schools on Monday, when a full schedule of classes will be held. Buses will make their regular runs Monday morning, and meals will be served in the cafeteria at noon.

High school students completed registration this Thursday, and the entire faculty was scheduled to hold a breakfast meeting this morning at 8:00 o'clock.

J. B. Howell, principal of South Elementary, requests all parents to accompany children entering the first grade only, and bring with them each child's birth certificate or baptismal record.

The first three weeks of school, first grade classes will be dismissed at 1:00 p. m., and parents may pick them up at this time. First grade children who ride buses may remain in the supervised bus-student room until time for buses to run later in the afternoon.

Although Supt. Otis Spears is in a Lubbock hospital from critical injuries received Friday night when a horse fell on him at Buffalo Lakes, principals say they anticipate no serious hitch in getting the session started.

Mrs. Fred McGinty is substituting for Mrs. Madeline Hegi as homemaking teacher until Mrs. Hegi is able to return to her work, expected in two or three weeks.

A music teacher for North Elementary is still needed by the school.

Ten new teachers have joined the faculty this year. A list of teachers hired for school opening follows:

High School

Clifton Gardner, principal.
V. P. Carter and Lester Adams, vocational agriculture.

Mrs. Madeline Hegi, homemaking; and Mrs. Jeannine Jones, homemaking and speech.

Gilbert Hough, coach and American history; Dave Easterday, assistant coach and history; Mrs. Margaret Thompson, civics and world history.

Miss Lois Montgomery, English and speech; Mrs. Johnnie Hamilton, English and Spanish; Miss Marsha Scoggin, English and physical education.

Floyd Tubb, commercial.
Robin Vaught, science.
Mrs. Mabel Kelly, mathematics; Mrs. Iola Wood, mathematics and annual.

Vic Kyler, band and music.
Jerry Kellum, driver education and physical education.

Mrs. Velma Carter and Mrs. Nan Adams, Eighth grade.

North Elementary

L. F. Jacobs, principal.
Fifth grade: Mrs. Jimmie Nelson, Mrs. Mildred Stephens, Mrs. Jessie Clinton, and Gerald Edler.

Sixth grade: Mrs. Peggy Atwell, Tim Roberts, and C. L. Rogers.

Seventh grade: Milt Flitts, Mrs. Irene Spears, and Mrs. Lillian Cox. School Nurse: Mrs. Lillian McCord.

South Elementary

J. B. Howell, principal.
First grade: Mrs. Lucille Ayer, Mrs. Rhoda Roberts, Mrs. Elvira Smith, Mrs. Syble Gaylor, and Mrs. Ruth Walker.

Second grade: Mrs. Myrl Mathis, Mrs. Fieda Howell, Mrs. Thelma Dewbre, and Mrs. Henrietta Vaught.

Third grade: Mrs. Frances Dunagan, Mrs. Linnie Redwine, and Mrs. Zuma McWhirter.

Fourth grade: Mrs. Anna Jo Carter, Mrs. Velma Gill, Mrs. Louise Wyatt, and Mrs. Minnie Lou Ash.

Dunbar School

British C. Daniel, principal, Mrs. Bernice Daniels, and Miss Para Lee Sayles.

Mrs. Frankie Williams was dismissed from the Tahoka Hospital Wednesday. She was a surgical patient.

New Home Will Open Tuesday

New Home Public schools have announced the fulfillment of their faculty for the coming school year. Classes will begin Tuesday with a full day of studies. Busses are scheduled to run as usual.

The first faculty meeting has been set up for today at 10 a. m. at the Grade School Building.

O'Donnell schools are opening Tuesday for the first time on an integrated basis and with an improved school plant.

Patrons voted recently to integrate the schools after pressure had been put on the district by the Texas Education Agency to furnish equal facilities for Negroes.

Improved facilities include the new Junior High building, remodeling of other buildings, and new administrative offices.

High schools students registered Monday of this week, junior high students register today, and all students will report for the opening Tuesday at 8:30 a. m.

Schools At Wilson Opened Monday

Wilson's school term opened Monday, and things were running so smoothly Supt. Leroy Scott said he had his fingers crossed.

"We feel like we are a little stronger this year on our personnel," Mr. Scott declared.

No exact count was available Thursday morning on the enrollment.

Amos Barton, 38, Dies Suddenly

Amos N. Barton, 38, who farmed the S. M. Minton place two or three miles northeast of O'Donnell, died suddenly Monday at about 3:30 a. m., presumably of a heart attack.

Mr. Barton had been out in the field to change irrigation water, returned to the house, and slumped over.

Funeral services were held Tuesday at 3:00 p. m. in O'Donnell Church of Christ with the minister, Ode Prescott, and Minister Carl Cain of Vernon officiating. Burial followed in Tahoka Cemetery under direction of White Funeral Home.

He was born at Knox City on April 20, 1924, and was married at Rochester on May 3, 1943, to Miss Elerene Berryhill. The couple came to Lynn county in 1946 from Haskell county and have since been farming near O'Donnell. He was a veteran of World War II, during which he served in the Navy. He was a member of the Church of Christ.

Survivors include his wife; three sons, Jimmy, Jerry and Monty Barton, all of the home; his parents, Mr. and Mrs. L. W. Barton, O'Donnell; one sister, Mrs. Jo Oliver of Levelland; two brothers, Carl D. of Abernathy and Jerald W. of O'Donnell; and his grandmothers, Mrs. E. W. Stephens of Knox City and Mrs. Mary Barton of O'Donnell.

Mr. and Mrs. Ed McMeans and three children from Dallas are spending a week with her parents, Dr. and Mrs. K. R. Durham.

Mrs. Mattie Jackson was a medical patient in the Tahoka Hospital from Sunday until Tuesday.

Mrs. Juan Anzula was admitted to the Tahoka Hospital Monday night as a surgical patient.

MRS. LINDA RENFRO of The Lynn County News was voted the "most courteous employee" in Tahoka for the month of August in the contest sponsored by Tahoka Chamber of Commerce. Balloting is now underway in the September contest, and patrons of local business and professional firms are asked to vote for the person of their choice on a coupon appearing elsewhere in the paper. Other winners have been Mrs. Mary Nell Ashcraft of Farm Bureau and Mrs. Rosalie Burnett of Piggly Wiggly No. 1.

9,400 People Immunized In Lynn Program Sunday

Sunday afternoon, 9,400 people received the first of three scheduled Sabin oral vaccine doses to eliminate polio, in one of the most successful efforts ever staged in Lynn county.

Vaccine was given 6,538 people at the Tahoka center, and O'Donnell handled 2,862 people for the 9,400 total, or 86 percent of the county's official 1960 population of 10,914.

Except for the first 30 minutes, when a long line formed at the Tahoka center, the City-Legion building, there was never a time when one could not get his vaccine within a few minutes. Organization, planning and the help of fully 100 volunteer workers, including doctors, nurses, pharmacists, office secretaries, Boy Scouts, Firemen, Jaycees, and representatives from various clubs, churches and other organizations in Tahoka, Wilson, New Home and other communities made the effort a success.

Everything also went smoothly O'Donnell, where similar co-operation was had.

The first dose is for the most dreaded (crippling) type of polio. (Cont'd. from Page 1)

Fenton Remodels Business Building

R. W. (Buster) Fenton is completely remodeling his building next door north from the ASC building and will move his insurance agency, managed by Mrs. Peggy Elliott, to the new location.

Mrs. Elliott says the building will be cut up into offices, using hardwood paneling, and will have a new acoustical ceiling, floor covering and refrigerated air cooling and heating system. There will be a waiting room at the front.

Fenton Insurance Agency will occupy about half of the building, and the remaining office space will be rented.

MRS. ALLSUP IMPROVES

Mrs. Lewis Allsup, seriously ill in Methodist Hospital at Houston, has taken a turn for the better and may be able to return to a West Texas Hospital soon. The News is informed.

HOME FROM MEXICO

Mr. and Mrs. E. R. Edwards returned home Thursday of last week from a month's visit in South Texas and Old Mexico.

Championship Rodeo Will Be Held Friday, Saturday Nights

Supt. Otis Spears Critically Injured

School Superintendent Otis Spears, 48, remains in a very critical condition in Methodist Hospital at Lubbock from injuries received Friday night of last week when a horse fell on him at Buffalo Lakes.

Mr. Spears, wife, and sons, Terry and Tommy, were at their Buffalo Lakes cabin to spend the night. He and Tommy had started horseback riding. Mr. Spears' horse started pitching, and when he pulled on the reins the horse reared up and fell over backwards on top of the rider and the horn of the saddle pierced his groin.

Tommy went for help, and an ambulance was called to take him to the hospital, where temporary surgery was performed before midnight Friday.

Since then, Mr. Spears has been in such critical condition that doctors did not deem it advisable to move him from the recovery room until Tuesday of this week. His condition was reported slightly improved at that time, but on Wednesday doctors were fighting off threatening pneumonia. The News is informed. Doctors have said, however, that his good physical condition is in his favor.

Reared at New Lynn, Mr. Spears was principal of Tahoka High School two years, 1948-1950, spent one year as superintendent of the Cooper schools at Woodrow, then was elected Tahoka superintendent, and has served 11 years in this position.

Local school principals are carrying on school work during his absence.

O'Donnell Woman Is Injured When Tractor Overturns

Mrs. Raymond Ballew of near O'Donnell received a broken back in the lumbar region Friday at about 6:15 p. m. when a Ford tractor overturned on her. She was carried to West Texas Hospital in a White ambulance.

According to reports received by The News, a chemical truck of a man doing some spraying on a neighboring farm had become stuck in a barrow ditch. The driver went to the Ballew home for help, and Mrs. Ballew took the tractor to the scene to pull the truck out. While engaged in pulling the truck, the tractor reared up and toppled over, partially pinning her under the machine.

She is said to be doing very well, and will be able to return home in a week or two but will not be able to walk for some time.

School Children's Clothing Needed

Some good used clothing is badly needed for some school children ages six to 12, states Mrs. Lillian McCord, Tahoka school nurse.

Among the items needed are dresses, jeans, shirts, and shoes.

Some children, particularly Latins, do not have the proper clothing to attend school, she says, and any help for them will be appreciated.

Baptists Set Meeting Dates

September 9-16 has been announced as the date for the annual fall revival of the First Baptist Church. The Rev. Tad Corbet of Lubbock is to be the evangelist for the eight-day crusade.

The series of meetings has been designated as a Bible Study Revival. This type of revival is relatively new among Southern Baptists and is the first such meeting in Tahoka.

Mr. Corbet, who recently moved to Lubbock from Lake Charles, La., is married to the former JoAnn Bennett of Tahoka. He is devoting full time to conducting Bible Study-Revivals.

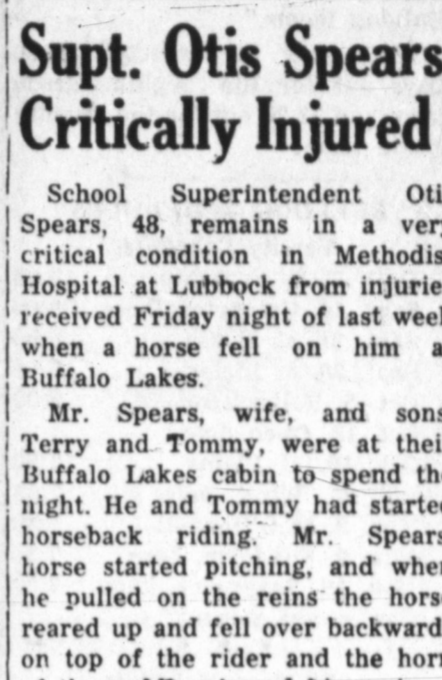

Mrs. Mary Stuart is a medical patient in the Tahoka Hospital.

Wilson's Dial Telephone System Will Be Cut-Over On Wednesday

General Telephone Company of the Southwest has designated Wednesday, September 5 as the date Wilson's new dial telephone system will be placed in operation.

The conversion from the existing system to modern Leich Selector equipment will be made at 7 A. M. on the fifth, according to General's district manager, W. A. King of Lamesa.

The new system will include many new conveniences for Wilson subscribers, including fully selective; harmonic ringing; reverting call service; and intercept service. All Numerical Calling, a numbering plan involving seven numerical digits, will also be placed in effect coincident with the conversion. This is the same type of numbering plan now in use in Tahoka. All Wilson numbers

SUPT. OTIS SPEARS

Top money winners as Edd Workman of Lubbock and Larry Howard of Big Lake will lead a field of 75 contestants in Tahoka's first post-season Championship rodeo tonight and Saturday.

Week End "Coffee Stops" Planned

Tahoka Jaycees will conduct "coffee stops" this Labor Day week end on the two major highways to spotlight attention on traffic safety and as a goodwill gesture.

Coffee and cold drink stops will be set up at the roadside park on US 87 north of Tahoka and at the Traylor Cotton office, next to John Witt Butane, on US 380, east of the traffic light.

These coffee stops, with coffee and cold drinks served free, are also being held in a number of other towns as a State Jaycee project.

Jesse Dorman, local Jaycee president, says they will welcome any help local business men may wish to volunteer in financing the stops, or contributions of coffee and bottled soft drinks.

The coffee stops will be in operation Saturday and Sunday from 12 noon until 10:00 p. m., and on Labor Day, Monday, from 1:00 p. m. until midnight.

Edwards Named To Draft Board

Austin, Aug. 29 — Ernest Roy Edwards of Tahoka has been informed that he has been appointed a member of local draft board No. 88 at Lubbock to represent Lynn County.

Mr. Edwards was appointed by President Kennedy after being recommended by Governor Price Daniel. He was advised of his appointment by Colonel Morris S. Schwartz, state Director of Selective Service.

"I am sure your membership on this board will reflect great credit to yourself and the Selective Service System of Texas," Colonel Schwartz wrote Mr. Edwards.

Local Board No. 88 has jurisdiction over Crosby, Garza, Lubbock, and Lynn counties.

Tahoka Postoffice Being Remodeled

Tahoka postoffice is undergoing a remodeling of the interior to provide more efficient working space.

Postmaster W. E. (Happy) Smith says some new customer box units have been ordered. When received, the new sections will take the place of the old box sections.

SAMIE NORWOOD HURT Samie Norwood, employee of Lewis Cons' company is a medical patient in Lubbock Methodist Hospital with back injuries sustained while working on a power line. One of the heavy power lines fell on Norwood causing a strained back. He will remain in the hospital for observation until the end of the week.

Championship Rodeo Will Be Held Friday, Saturday Nights

Activities will begin at 5:30 p. m. with a parade led by the Tahoka and Wilson bands. The first show will start at 7:30 in the local arena. The following sheriff's posse will participate in the parade and grand entry: Lubbock County, Dawson County, Scurry County and the Abernathy Riding Club. The Lynn County posse will be the host for the parade and the rodeo.

Radio Station KSEL will enter its outstanding KSEL Ponies in the parade along with the floats entered by the local merchants.

The top competitors in each event as judged during the H-K Rodeo Associations 15 circuit shows this summer will vie for top money in seven events. A purse of \$100 is being added to the entry fee of each riding event except for \$50 being added to the barrel racing.

Men to watch in the race for the All-Around Cowboy title are Larry Howard, who has won \$1,148.45 on the H-K rodeo circuit and Edd Workman of Lubbock, who has collected approximately \$950.00 on the same circuit.

Other outstanding entrants to watch are: Calf roping, R. E. Josey and Jerry Dean; Team Tyling, Larry Howard and Jack Mitchell; Barrel Race, Linda Merritt and Betty Fry; Bull Riding, Eddie Stewart and John Billy Koonsman; Bareback Bronc, H. C. Zackery and Edd Workman; Saddle Bronc, Jim Brock and Elson Rose; Bull Dogging, Edd Workman and Dan Brock.

Each of the above mentioned are among the top two contestants in their particular event.

The stock furnished by the H-K Rodeo Ass'n. has been here for the past two years. It is considered among the best in this part of the country and the battle between man and beast should give the fans something to talk about for a long time.

Tickets are on sale for each performance at \$1.25 and 60 cents. They may be obtained from Nancy Inman, 1962 rodeo queen; Mary Jane McCord, 1961 queen; Wade Stoker, Wilson, Arnetta Wood, and Betty Kuwaski.

W. E. Edmunds Dies Saturday

(By Mrs. Jesse A. Ward) Gordon community was saddened last week end by the passing of a long-time friend and resident, W. E. (Uncle Billy) Edmunds, in Brushaw, Nebraska, Saturday night.

A son and wife, Mr. and Mrs. Martin Edmunds, left Saturday for Nebraska after receiving the message that he was very ill.

Mr. Edmunds was buried in Nebraska Tuesday afternoon.

Others in addition to the son and wife attending the funeral were Mr. and Mrs. Merwin Edmunds of Lubbock and Mr. and Mrs. Glenn Edmunds of Slaton.

Mrs. Edmunds, the wife, was unable to make the trip due to ill health and the distance.

Wilmer Smith New Tech Board Officer

Wilmer Smith of New Home was elected vice chairman of the Board of Directors of Texas Technological College. He has been a member of the board two or three years.

New board chairman is Manuel DeBusk, of Dallas, who succeeds C. I. (Stony) Wall of Amarillo. The latter's term as a board member expires in a few months.

Bulldogs Show Spirit In Intra-Squad Scrimmage; Public Invited Tuesday

Aggressive tackling and blocking dominated Kelly Field Tuesday night as the Tahoka Bulldogs went through their first game condition intra-squad scrimmage in preparation for their first game Sept. 7 with Frenship.

The Bulldogs scrimmaged for two hours with only one touchdown being scored between the two teams.

The improvement of football fundamentals was very evident as the young boys battered each other time and again, and kept returning for more. Coach Gilbert Hough has been stressing fundamentals during the pre-season training. Although play was a little ragged in spots, he expressed pleasure with their attitude and hustle.

"The line did a good job," commented Hough. "The pulling guards did well in getting to their position after the ball was snapped."

One of the stronger points of the team was indicated in the quarterback position, where the duties will be shared by Hugh Jack Norwood and Jose Cervantes. Both are inexperienced, but have shown a natural ability to lead their teammates.

Coaches Dave Easterday and Milt Fitts commented that the boys did a good job, but that the workout was spotted with good and bad plays. They also expressed pride in the boys' ability to work together.

Although it is early in the year, the Bulldogs have shown that they are going to be scrappy and hard to handle.

The Bulldogs will conduct another intra-squad scrimmage Tuesday night. Local fans are encouraged to take a look at their 1962 team and back them when they travel to Frenship Sept. 7.

When the founding fathers talked about "pursuit of happiness," they didn't mean out on the highway at 90 miles an hour.

Bulldog Mothers Elect Officers

The football mothers held their first meeting of the school year Tuesday night following the intra-squad scrimmage. The following mothers were elected as officers: Mrs. Mel Leslie, president; Mrs. Roy Harvick, vice president; Mrs. Ivan McWhirter, secretary; and Mrs. Sam Edwards, reporter.

In a brief talk, Coach Gilbert Hough explained his rules and regulations and philosophy of athletics training, and the parents gave him a vote of confidence in backing his discipline program.

Parents of the football boys are urged to join this organization. The first football supper will be after the Tahoka-Crosbyton football game on September 14.

Prospects Dim At New Home

The New Home Leopards are faced with a serious problem as the 1962 football season draws near. That problem is how to field a substantial team from 15 boys.

Head football coach, Paul Kitchens, and assistant coach Billy Harwell, will have to depend on five lettermen to carry the brunt of the load on his inexperienced squad. Competing in district 4-B, the Leopards will face such tough teams as Wilson (last year's district champs), Cooper and Ropesville.

Kitchens will rely on Terry Brown as the man-under in his T-wing offensive formation. Brown is one of the five returning lettermen and does a fair job of directing the team's attack.

The halfback positions will be held down by Kenneth McClung and Jerry Todd. Both boys lack experience and size, but have average speed and ability.

Moses Vacas will run at fullback, while the line duties will be held by John Lynn Edwards, Dave Hancock, Roy Draper, Bacyle Salmon, David Unfred, Elton George and Larry Holtzclaw.

Freshmen, Mike Paden, Randy Unfred, Dickie Turner and Adrian Hill will be called on for added support during the season.

Bullpups Play First Home Game

The Tahoka Bullpups will open their 1962 football season before local fans Sept. 11 against Plains in Tahoka.

The young squad consists of seventh and eighth grade boys and are coached by Dave Easterday and Milt Fitts. Last year the seventh grade, coached by Fitts, won their district with a 8-0 record. This year those boys are eighth graders and are expected to show a lot of improvement and give fans a glimpse of what future Bulldog teams may look like.

The seventh grade team will consist of boys that have not participated in organized athletics. These boys will be coached by Fitts.

"This is the best time to get boys started in an organized athletic program," states Fitts. "It is also the foundation for future Bulldog teams."

Fitts said he expected 25-30 boys out for the eighth grade team and 15-20 out for the seventh grade team.

THE SHORT COMPANY

Plymouth-Valiant Phone 998-4979 El Paso Service

to the citizens of

WILSON

At approximately 7 A. M. on Wednesday, September 5, a modern new telephone system for the city of Wilson will be placed in operation.

This conversion from the existing system represents months of planning by General Telephone personnel to provide for our Wilson customers an improved grade of service complete with many new conveniences.

We sincerely hope you enjoy using your new telephone system!

Here Are Some Important Tips You'll Want to Remember:

● IF YOU'RE ON A PARTY LINE

If you are a party line customer, your service will be temporarily restricted to outgoing calls for a brief period following the 7 A. M. conversion. Due to necessary mechanical rearrangements, you will NOT be able to receive calls in the normal manner. You will, however, be able to dial other numbers from your phone. We expect to have all phones on full, two-way service by the evening of the fifth.

If you have an EMERGENCY call, which you are unable to complete, you may dial 628-2211 and obtain assistance.

● ANC NUMBERING PLAN

Under the new system, all Wilson telephone numbers will consist of seven numerical digits. All numbers will have a common, three digit prefix, "6-2-8". It will be necessary for you to dial all seven digits on local calls.

● NEW DIRECTORY

The 1962-63 telephone directory for Wilson, Tahoka and Post is now being distributed to all customers. Complete dialing instructions, plus other important information concerning your new system can be found in the front of your new directory.

● OTHER FEATURES

The new system will be equipped with fully selective, harmonic ringing. This replaces the old semi-selective ringing system and provides individual ringing for each telephone in Wilson. The new office is also equipped with intercept facilities, and a reverting call feature. Instructions for reverting calls are available on page one of your new directory.

Baptists To Honor College Students

Sixteen students from the First Baptist Church who will be attending fourteen different colleges will be honored Sunday morning as the church observes "Off to College Day."

The pastor, the Rev. James Efrid, will be in charge of the "Off to College" program during the morning worship service. Each college student and his school will be recognized. As a gift from the church, each student will be presented a gift subscription to The Baptist Student.

Following the service Sunday, each student will be entered on the roll of the Young People Away Department. This department will seek to minister to the needs of the young people while they are away from home and help them keep in contact with their church and their friends at home.

Entering college for their first year and the colleges they are to attend are: Carol Jean Allen, Baylor; Charlie Holland, Cisco Junior College; Paula Wood, East Texas State; Billy Nance, North Texas State University; Curtiss Harvick, Panhandle A. & M.; George Reece, Texas Western College; Jimmy Efrid, Wayland Baptist College; and Glen Hopkins, West Texas State.

Students who are returning to college and are at present members of the First Baptist Church are Carol Smith, Baylor; Joe Philinman, Barstow Junior College, Barstow, Calif.; Duey Riddle, Hardin-Simmons University; George Adams, Howard-Payne College; Melissa Reece, South Plains Junior

The engagement and approaching marriage of Miss Patricia Corley is being announced by her parents, Mr. and Mrs. J. W. Corley of Wilson. She will marry Lynn Cook, son of Mr. and Mrs. E. A. Cook of Tahoka.

The wedding will be September 15.

The couple will make their home in Tahoka.

Two Study Clubs In Joint Meeting

The Tahoka Garden Club and Phebe K. Warner Club met Wednesday, August 22, in the home of Mrs. Emil Prohl for a coffee and informative talk on the Sabin Oral vaccine by Mrs. Truett Smith. Twenty-eight members were present.

The Garden Club members had a short business meeting following the coffee.

Mrs. Blain Draper, Mrs. L. L. Birdwell, Mrs. Rennie Roberts, Mrs. C. W. Roberts, and Mrs. Stella Throckmorton were voted in as new members of the Tahoka Garden Club.—Reporter.

Mr. and Mrs. George W. Brewer, who were married in Durant, Okla., Saturday, visited briefly with Mr. and Mrs. D. R. Proffitt Sunday. They were en route to Arizona for a honeymoon trip.

College: Mary Jane McCord, Texas Tech; Karen Kidwell, Texas University; and Frank Greathouse, Wayland Baptist College.

COLLEGE STUDENTS ON TRIP TO WEST COAST

A group of nine college students, including four from Tahoka, left Thursday night of last week on a vacation trip to the West Coast to visit Los Angeles, San Francisco, the World's Fair at Seattle, Wash., and scenic points in between.

From Tahoka, in the group, were John Hegi, David Bray, Benney Martin, and David Bartlett, the student guest from England. The others included the president of the Tech student council and other college boys.

Master Point Play At Duplicate Club

Master point bridge play was held at the T-Bar Country Club Tuesday night. The winners are as follows:

Mrs. Gene Anderson and Mrs. Glenna Esmond, both of Lubbock, first place; Mrs. Smith Keller and Mrs. D. V. Streetman, both of Lubbock, second place; Mrs. W. C. Wharton and Harold Gregory of Lorenzo, third place; Mr. and

Mrs. Bill Anthony of Lubbock, fourth place.

A business meeting preceded the bridge play. Mrs. Johnny Wells was elected director for the coming year, and she will be assisted by her husband. Mrs. Jess Gurley has been director the past year. Mrs. Clint Walker was re-elected treasurer. A discussion was held as to what project the bridge club will sponsor.

The fast pace of modern living has much to do with the high cost.

Miss Judy Wooley Marries At Wilson

By Margret Bartley
 Miss Judy Ann Wooley and George Thurman Green were married in First Baptist Church in Wilson at 3 p. m. Friday by Rev. H. F. Scott, who read the double ring ceremony.

The bride is the daughter of Mrs. Bernice Wright Hobbs, Rt. 2, Wilson, and Walter Lawrence Wooley of Yuma, Arizona. Her husband is the son of Mr. and Mrs. George P. Green, 3105 29th Lubbock.

Given in marriage by her mother, the bride wore a floor-length gown of white bridal satin with elbow length sleeves and a bell-shaped skirt.

A crown of tiny seed pearls and crystals accented with small rhinestones held her 3-tiered veil of silk illusion. She carried a white orchid surrounded by a stephanotis atop a white prayer book.

Miss Emilie Watkins of Lubbock was maid of honor. Bridesmaid was Miss Sharon Sawell of Lubbock. They wore dresses of pastel pink crystalline over bright rose pink taffeta made with elbow length sleeves, and full bell-shaped skirts.

Each carried a semi-crescent of Picardy gladioli florets.
 Best man was Joe Sulton of Lubbock and Jimmy Samson of Lubbock was groomsman. Ushers were B. W. Hobbs Jr. and Charles Tibbet. They also served as candlelighters.

Flower girl was Denese Tibbet, niece of the groom, and ring bearer was Mark Baldwin, nephew of the bride.

Mrs. Evelyn Nelson was organist and accompanied Vernon Scott, soloist.

A reception followed in the educational building.
 For a trip to Cloudercroft, N. M., the bride chose an avocado green dress with matching jacket and dark brown accessories. The couple will live at 2221 15th St. in Lubbock. Both are graduates of Monterey High School. Mrs. Green is employed by Retail Merchants Association and her husband is a sophomore at Texas Tech.

Congratulations—

Mr. and Mrs. Robert Christopher of Wilson on the birth of a son, Robert Allen, in Slaton Mercy Hospital last Wednesday, Aug. 22. He weighed seven pounds, five ounces.

Church of Christ Meeting Progresses

The Gospel meeting at the Church of Christ has had a very successful beginning, states Don Browning, the minister.

Raymond Kelsey of Fort Worth "is presenting the message of God in a powerful manner, and one cannot help but be blessed by being present," Browning says.

There have been four baptisms and two dedications.

Tuesday night, a large crowd from the Church enjoyed a covered dish supper and singing on the back lawn of the J. A. Pecos worth home.

Mrs. T. L. Rogers and daughters, Claudette and Annette, from Tulsa, Okla., have been visiting for two weeks with Mr. and Mrs. Larry Hagood and family. Mrs. Rogers and Mrs. Hagood went to college together.

Mr. and Mrs. J. D. Burns from White Deer visited last week with Mrs. G. W. Small. Mr. Burns is Mrs. Small's nephew.

QUESTIONS, PLEASE

WHAT IS THE CHURCH OF CHRIST—No. 6.

The question must now arise, "How can I become just a Christian?" You can become a Christian in the same manner in which the eunuch became a Christian long ago. First, if you have never believed in Jesus Christ as God's Son, you must do that. Faith in Christ is fundamental. Jesus said: "I am the way, the truth, and the life: no man cometh unto the Father but by me." (Jno. 14:6). But the Bible clearly teaches that our trusting faith must lead us to obey Christ. "Even so faith, if it hath not works, is dead, being alone. . . . Ye see then how that by works a man is justified, and not by faith only" (James 2:17, 24).

Saving faith in Christ is a living faith which expresses itself in loving obedience. Salvation is possible only because of the marvelous grace of God who sent Jesus Christ to die for our sins. But this grace or unmerited favor through Christ's blood must be accepted by our trust in Christ. If we really have faith in Him we will want to obey His every command. Living faith must express itself and the faith that saves is the "faith which worketh by love" (Gal. 5:6).

So, our living faith in Jesus Christ leads us to repent of all our sins. Jesus said: "Except ye repent, ye shall all in like manner perish" (Lk. 13:3). To repent means to be sorry for your sins or violations of God's will and this godly sorrow leads you to change your will.

As a penitent believer, we are prepared to begin confessing our faith in Jesus Christ as God's Son, our Saviour. Jesus said: "Every one therefore who shall confess me before men, him will I also confess before my Father who is in heaven" (Matt. 10:32). This need not be a formal statement. It is simply the natural expression with the lips of that which is in the heart.

You must be baptized into Christ. "And he commanded them to be baptized in the name of Jesus Christ" (Acts 10:48). "Or are ye ignorant that all we who were baptized into Christ Jesus were baptized into his death? We were buried therefore with him through baptism into death: that like as Christ was raised from the dead through the glory of the Father, so we also might walk in newness of life" (Rom. 6:3, 4).

A penitent believer in Christ who has been baptized into the remission of sins has accepted Christ and is saved. You have been added to the church by the Lord.

You are invited to send your questions to: Don Browning Box 812, Tahoka, Texas. You are also invited to attend the services of the Church of Christ.

Don Browning may be heard Sunday mornings at 11:00 and evenings at 7:00 at 750 on our radio dial.

Visitor From Britain Explains Nat'l. Health Service Program of Homeland

By Paul Bartlett

One of the subjects that has proved most popular in conversation since my arrival in the United States has been the British National Health Service or "Socialized Medicine" as it is frequently referred to in this country. I feel that some unnecessary points of misunderstanding can be cleared up by an accurate explanation of how the British system for medical aid is operated.

The National Health Service was established in 1948 under the National Health Service Act, 1946 and other Acts of Parliament. The service offers all forms of medical treatment to all members of the community, without regard to their means or to any insurance qualification. A great majority of the public takes advantage of the service. Most hospitals and medical personnel are working within it. Doctors, dentists and hospitals have made facilities available to patients who prefer to pay fees and receive treatment privately.

BILL HAYES

State Candidate Is Visitor Here

Bill Hayes of Temple, Republican nominee for Lieutenant Governor, was a Tahoka visitor Monday morning, and was met by about twenty local people at a coffee meeting in a local cafe.

In a brief talk, Hayes declared, "I'm for greater economy and lower taxes, while my opponent says we must seek new sources of revenue for greater state spending. I am vigorously opposed to state personal income tax. We need an investigation into the illegal Welfare payments. Let's try to find ways to save money for all taxpayers. I'm sick of government waste at all levels."

Hayes told The News he was raised on a farm, served as a legislator in another state, enlisted as a private in World War II, spent a number of years in professional baseball, and has been in business since 1952. He is active in civic work and in his church.

Hayes was to speak to the Brownfield Jaycees later Monday.

ities, trade unionists and others. The administrative cost of the National Health Service are only about 3-percent of the total expenditure.

Although the National Health Service is not without its difficulties and shortcomings, public opinion is generally well satisfied with the service as it now broadly stands. I personally believe that health is of such importance that it should not be measured directly in terms of finance to an individual. The National Health Service has been responsible for a major decrease in invalidity from neglected ailments.

It is not my intention to sell the British National Health Service to the United States, a country with so different a background and characteristics from my own. I do wish to correct any misunderstanding concerning the British system that may have arisen from recent discussions on the national control of medical treatment within this country.

"We're glad daddy bought us a dishwasher," say Mrs. Kenneth Ware and daughter, Carrie, 208 EAST 21st LITTLEFIELD, TEXAS

Mrs. Ware's experience is most interesting — and enlightening. She had heard tales about dishwashers — untrue tales, of course, but how was she to know. Well, despite her objections at the time, her husband had a dishwasher installed in her new home. She says, "Now, I'm sure glad he did. I'll admit that I was completely misinformed, as I understood each dish had to be hand-washed first — this simply is not true. My electric dishwasher does the complete washing job for me."

Census Bureau Figures Reveal 959 Lynn Citizens Veterans of World Wars

(Special to The News)
New York, Aug. 27—This year's campaign by World War I veterans to obtain a special pension of \$102 a month from Uncle Sam brings up the question of how many Lynn County residents would be affected by it.

And that, in turn, brings to the fore the question of how many veterans there are locally who saw service in that war and in other wars.

The first report ever made containing such detailed information was released recently by the Census Bureau.

It shows that 26.3 percent of the local male population who are 14 years of age or older have served in the country's armed forces during wartime.

No comparable data is given for women, it is explained, because of the relatively small number involved.

Of the male population in the 14 and over age group, 959 are listed as war veterans and 2,676 as non-veterans, as of 1960.

The largest proportion of the vets, 615 of them, saw service in World War 2. An additional 17 were in both that war and the Korean War. Those who were in the Korean War, solely, number 100.

The World War I veterans total 122. The remaining 105 locally with veteran status are listed under the heading "other service."

The objective of the pension drive is to secure the \$102 a month

for all honorably discharged veterans of World War I who served at least 90 days and have incomes, exclusive of Social Security, annuities and the like, of no more than \$2,400 if single or of \$3,600 if they have dependents.

The proposed pension bill, now before Congress, could affect up to 12.7 percent of the veterans in Lynn County. That is the proportion whose service was in World War I.

Nationally, the veterans of the first World War represent 11.2 percent of the total. They amount to 10.3 percent in the State of Texas.

At the present time, veterans of both World Wars and of the Korean War are drawing pensions on an equal footing, depending on age, non-service disability, income and employability.

Water Use In City Of Tahoka Showing Big Increase Over Past

By Karl Prohl

Citizens of Tahoka will use approximately 19 million more gallons of water during the 1962 fiscal year than was consumed in 1961.

The increase in the amount of water used this year is due to the extreme dry weather we have had during the latter part of July and August, states Milton Uzzle, city secretary.

It is possible to keep a running tally of the number of gallons consumed during any given time by the use of the new billing machine acquired in April. This

machine saves over 16 man-hours each month.

"Previous to our acquiring the machine," comments Uzzle, "we had no way of telling how much water was used each month without taking each individual ledger and adding their total."

In 1961, Tahoka used 140 million gallons of water. This year, taking the months of June, July and August as examples, Tahoka has consumed 41 million gallons for a three month period.

For a monthly comparison, let us consider the same three months in round figures. July 14.4 million gallons, July 14.4 million gallons and August 12.4 million gallons. If these figures can be used as characteristic for the summer and early fall months, Tahoka will use approximately 159 million gallons of water during 1962.

Misunderstanding has been expressed by some citizens as to whether the meters are read and if so when.

"The city has two meter readers that make the rounds of all meters on the 15th of each month," declares Uzzle. "When the citizen receives their bills on the first of the month, they have already been using water for 15 days on the next month's bill."

Mr. Uzzle states that the water condition is very good, but thought that the citizens would like to know a little about the way the water consumption is tabulated and kept up to date.

Former Tahokan Conducts Driving School For Latins

Carlos Perez, former Tahoka citizen and son of Mr. and Mrs. G. S. Perez, has under taken the job as "professor of driving" in his spare time at Lubbock.

Perez, presently serving with the Lubbock Police Department, has joined with the Local League of United Latin-American Citizens (LULAC) in an attempt to teach Spanish people who speak little or no English, how to drive an automobile safely, and properly.

Perez believes that it takes the average person five, two-hour lessons to learn to drive effectively and to pass the state drivers license test with ease. He has already taught 20 persons, each who have passed their test.

Charlie A. Guy, of the Lubbock Avalanche, asked Perez, "Why is it that there is such a heavy percentage of Latins in mishaps, in ratio to their population?"

Perez explained that this was because of the bad habits they pick up when learning to drive, also the language barrier often plays a part. They do not understand English as well as they might and are embarrassed over the fact.

Guy writes that Perez is working in his extra time as head of the LULAC program, which is well worthwhile and that the citizens should applaud both LULAC and Carlos Perez for the interest in improving the safety of our highways and teaching those people to drive properly that would have no other chance to learn.

Tahoka Publicity In Texas Parade

Fifteen pages of the Texas Parade, magazine featuring Texas and its highways, industry, tourism, history, scenery, etc., are devoted to the Texas Plains, "The Coronado Country," and Tahoka is given some nice publicity in the illustrated story.

One paragraph in the illustrated story says: "Big sweeping figures come easy in the Hub City (Lubbock) and in the enterprising towns of the South Plains. These include Tahoka—proud of its minimum amount of juvenile delinquency; its debt-free \$150,000 country club; its First National Bank, one of the few banks in the nation to keep its doors open during the bank holidays of the 1930's."

Tahoka Chamber of Commerce carried an advertisement in the issue advertising the town in this manner on Highways 87 and 380: "We want to talk about Tahoka with you! A friendly family town in big West Texas. Transportation, farming, recreation, schools, industrial sites."

The front cover also features the Canadian River Dam.

Several thousand copies of this issue are being mailed throughout the nation through sponsorship of Southwestern Public Service Co.

A new hay-handling system developed by New Holland stores and feeds hay mechanically. Some farmers have automated the system by connecting the machines to time clocks.

Traffic crash injuries — both serious and fatal — are reduced more than one-third if car occupants are wearing seat belts.

If a person is thrown from a car during a collision, his chances of being killed are five times greater than if he remained inside the car. Seat belts will keep you "packaged in."

Linda Renfro Is "Most Courteous" Polio...

(Continued from First Page)

Mrs. Linda Renfro of The News was judged the "most courteous employee" in Tahoka for the month of August by ballot of patrons of local stores.

Mrs. Renfro was born and reared here, has been working for The News since May, and is the daughter of Mrs. Gussie Williams. She and her husband, Donald, have one daughter, Christi.

Incidentally, Linda and daughter are leaving soon to join Don, who has accepted a position traveling for the Rexall Drug Co. with headquarters in Fort Worth. Don just recently received his discharge from the Army, and considers himself fortunate to land such a position.

Voting in the contest has increased each month since started by Tahoka Chamber of Commerce three months ago, there being 187 ballots returned during August. All ballots not counted coming in late will be applied on the September contest, announce Harold Roberts, chairman of the contest committee; Mrs. "Weesie" Carroll, C. of C. secretary; and E. L. Short, C. of C. president.

Jerry Isham of Piggly Wiggly No. 2 was second in the balloting. Other nominees but not in order of votes were: Joy Thomas, J. W. Inklebarger, Lee McFadden, Morine Lonis, Carol Lambert, Cleo Stice, Mrs. Bess Reid, Ethel Adams, Ruth Brashear, Ann Roberts, Carolyn Stice, Mrs. Jack Adams, Melba Clem.

Mrs. Olive Martin, Tempis Schneider, Jessie J. Stephens, W. A. (Nick) Nichols, Marie Walker, Joy Brookshire, Jeanette Roseberry, Doris Lamb, Frances Pena, Sonny Chancy, Mrs. Willie Thorne, Reba Roberts, Carl Carver, W. H. Eudy, Miss Floyce Sherrod, and Mrs. Jewel Connolly.

The public is asked to clip the ballot appearing each week in The News, vote for some one, and mail the ballot to the C. of C. secretary.

Telephone...

(Continued from Page One) customers will be able to dial other numbers from their phones. They will not, however, be able to receive incoming calls.

King emphasized that this is only a temporary condition, due to mechanical rearrangements which must be made after the conversion.

"We expect to restore full, two-way service to all phones by the evening of the fifth," he said. General's district manager also pointed out that the new directory for Tahoka, Wilson and Post will be distributed around September 1.

"Complete dialing instructions, plus additional necessary information will be included in the new directory," King said.

Complaints Made On Activities Of Some Juveniles

The News has received complaints this week from two sources of juvenile improprieties.

Saturday midnight, The News is informed, a large group of teenagers, boys and girls, congregated in cars around the courthouse square. One report has it they were engaged in "necking", beer drinking and just having a big party in general. Another report has it the kids were doing nothing out of the way. "Anyway," a reader points out, "Teen-age kids have no business congregating down town at this time of night, but this is the way gangs get started and kids start getting in trouble. Some Lynn county parents better check up on their kids."

Johnny Raindal reports someone, possibly boys with 22 rifles, killed a registered Hereford calf for him. The calf was shot four or five days ago by two bullets from a .22 rifle, and the calf died, Tuesday. Shooting of guns of any type in the city limits is a violation of the law.

The fast pace of modern living has much to do with the high cost.

J. A. Brashear, Pioneer Merchant, Tells Early Day Experiences Here

J. A. Brashear, 89, pioneer Tahoka merchant, and wife of Baird, were here last week end visiting his daughter, Mrs. Elbert King, and son, Temple Brashear.

Mr. Brashear says Tahoka has changed a lot since he moved here in 1916.

The late W. L. Knight and Mr. Brashear were in partnership in business at Eastland when they decided to pull up stakes there and move to the growing town of Tahoka. An Eastland builder came here in 1915 and erected the building now occupied by Lankford Variety, Nance Super Market, and Harvick Garage, one of the largest business buildings on the Plains at that time.

Mr. Brashear and Mr. Knight came up in January, 1916. Tahoka's trade territory reached away over to Tatum and Lovington, N. M., since the railroad had not yet come to Brownfield. Many freight wagons came here from the west to pick up freight and haul out supplies to the ranches and stores.

At least one freighter used donkeys to his wagon, sometimes as many as 30 donkeys pulling one big freight wagon. They saw another opportunity, and also established a wagon yard across the street from the present Municipal building.

Their store handled nearly everything from wagons to lace. Among the items carried, Mr. Brashear recalls, were Moline wagons, John Deere plows, Allis-Chalmers tractors, feed and seed, shelf hardware, notions, groceries, dry goods, ready-to-wear, and even millinery. They split their businesses in 1926 because their children became active in them, Mr. Brashear taking the dry goods and Mr. Knight the groceries.

Mr. Brashear was a leader in the Methodist Church, and had a big hand in building the present church structure. Mr. Knight was a leader in the First Baptist Church, and he, at a later date, was on the building committee that erected the present First Baptist building. A Sunday School class at the Methodist Church still bears the name of Mr. Brashear's first wife, Bessie Brashear Class.

His wife and mother of his children passed away here in 1925. Two years later he was married to Laura Daniel, and they have lived together 35 years.

Mr. Brashear sold out his business here in 1929.

Sunday, the Brashears, Mr. and Mrs. King, Mrs. Helen Johnston and Miss Carol Brashear of Plainview, and Mr. and Mrs. Billy Joe Brashear and two sons of Abilene, had a reunion dinner here at the Temple Brashear home. Billy Joe is the son of the Temple Brashears.

Mr. and Mrs. Ed F. McMeans and three children were here last week visiting Margaret's parents, Dr. and Mrs. K. R. Durham. He is associated with Taylor Publishing Co. in Dallas.

"You Are In Partnership With Your Uncle Sam," Income Tax Man Says

"You are in partnership with Uncle Sam, and he wants to know about your income," Ted Mourue, agent of the Internal Revenue Service, told Tahoka Rotarians last Thursday noon in a talk on the subject, "What Is Required of You As A Taxpayer."

He strongly emphasized the importance of keeping sufficient records and the trouble a taxpayer may encounter from not doing so.

Canceled bank checks are not necessarily enough, he declared, for these do not always furnish a complete record. Other factors which require a more accurate set of books to satisfy the Internal Revenue Service include a record of stock inventory, depreciation schedule, merchandise drawn for personal use, a list of personal expenses, gifts, and entertainment expenses which must be for business reasons only.

Failure to keep such records can prove costly to the individual as well as time consuming to both the individual and the government in case an account is checked.

The speaker was introduced by Robert E. Abbe, local certified public accountant.

Savings Bonds Total Growing

Bond sales in Lynn County totaled \$18,562.00 during July according to A. C. Verner, Chairman of Lynn County Savings Bonds Committee.

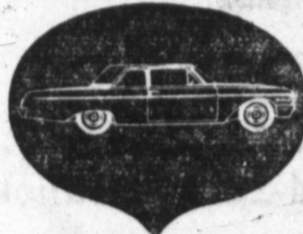

Total sales during the first 7 months of 1962 were \$224,523.00 which represents 89.8 percent of the 1962 sales goal.

Texas July Savings Bond sales of \$12,516,786 were the highest monthly sales since March. Total sales for the state during the first 7 months of the year were \$89,237,662. This figure represents

54.1 percent of the state sales goal.

"I was happy to note the sales increase in Texas during July and feel confident that this is a direct result of the outstanding support given to the Freedom Bond Drive by bond volunteers, newspapers, radio and TV stations, organizations, and others. The Texas Bond Committee salutes these groups for their patriotic support of the Bond Program," Chairman Verner said.

Help keep Tahoka clean.

25% DIVIDEND TO ELIGIBLE TEXAS MOTORISTS

That's right, Texas policyholders have come to expect dividend savings from State Farm Mutual's famous 6-month policy. Nine out of ten policyholders have saved more than \$30,000,000 over the past 27 years. State Farm's present 25% dividend rate makes the actual cost of car insurance lower than that of most other companies. For more complete details see me soon:

The least said about dry August the better!

The first Sunday of the Sabin oral vaccine program was a tremendous success in Lynn county. Credit for the program's success should go largely to Drs. Emil Prohl, Skiles Thomas, and Noble Rumbo, sponsors, who had help from several hundred volunteer workers. This all goes to show that most people will go along with a program that is properly organized, publicized, and staffed. If we follow through on the next two doses, polio will be virtually wiped out in our county.

On SOS day, little Dale Rogers, daughter of Mr. and Mrs. Turner Rogers, was greatly disappointed that she couldn't get a dose of vaccine for her dog.

AYER-WAY CLEANERS
Using the Finest Equipment and Modern Techniques.

The town of Seagraves has initiated a "most courteous employee" contest modeled from the one originated by Tahoka Chamber of Commerce.

The Printer and wife in a local cafe recently met up with Mr. and Mrs. W. D. Howell, ranchers down between Stanton and Midland. W. D.'s daddy was a pioneer of Mitchell county, W. D. was reared there, and knew nearly everybody we used to know down there while we were being fetched up at old Roscoe in nearby Nolan county. There were some colorful characters in the area. Colorado City being an Old West town, including the Elwoods and Snyders. Among the old time cowboys we recalled was "80 John," the famed Negro cowboy on the Rendenbrook Springs Ranch, who was quite some rider when The Printer was growing up. W. D. said "80 John" was so named because he came there in the 1880's, finally came to own a dandy ranch of his own down south of Roscoe, and died just a few years ago. Another old Negro cowboy, he recalled, was Frank Roberson.

Dr. and Mrs. Emil Prohl, world travelers, can relate interesting experiences by the hour about their travels. A while back, in commenting on some of our comments here, the Doctor said we Americans many times leave a bad impression when we visit other countries because we try to impose American customs on natives of other lands whose customs are entirely different — and thereby arouse hostility instead of friendship.

Citing a case in point, he and Grace were in Bangkok, Thailand, a short time after Vice President Lyndon B. Johnson had made his much publicized good-will visit to that land. He said he sensed that the natives were not bowled over by the high American official, and decided to try to find out why. Thailanders he talked to would hardly discuss the subject. Finally, he asked a businessman what he thought of our Vice President, and the man gave him an answer, something like this: "He is too familiar with strangers. We don't have confidence in him. — He grabbed our hand and shook it. He put his hands on our children." To an American, these things are marks of friendship and kindness. But, in Thailand, people generally don't shake hands — such is being too familiar. In fact, no stranger touches the body of another stranger, and such is considered an offense. When a Thailander meets some other person, he folds his hands in front of his face, similar to saying a prayer, and makes a slight nod of the head, (namasaker). A father, even, hardly ever puts his hand on his son or daughter, even to pat his head. Thus, we Americans refuse or fail to go to the trouble to observe the customs of the countries we visit and make enemies instead of friends.

Our Government, doling out foreign aid dollars by the billions, does the same thing. For example, Cambodia already has all the water it needs, but we Americans build a big dam back in the jungles that the Cambodians can't use when the people of that country are crying for small pumps to replace their hand-made wooden shovels and buckets to lift water out of their already sufficient irrigation canals to their rice paddies. We build them a paved highway

back into the jungles when every one but the rich foreigners and high government officials ride bicycles or walk. We Americans never learn how to get along with other peoples. We try to help them by our American standards.

One thing that makes us mad is the constant hammering from the politicians in Washington of the cost of the farm programs, how much the farmer is costing the government. We can send billions to Thailand, Cambodia, Communist Poland—but the farm program is costing too much. We believe too high price supports are gradually putting the American cotton farmer out of business, but that's not the point here. Progressive Farmer says that of \$2 billion spent on price supports in 1961, less than \$1 billion actually got to the farmer. Handling surplus commodities, storage and handling cost \$407 million, shipping got another \$106 million, and \$354 million is charged up to interest costs on money tied up in the farm program.

In the 1962 budget, the Food for Peace bill is charged up to agriculture to the tune of \$1.5 billion, and domestic food aid totaling another \$2.2 billion is charged up to the high cost of the farm program.

Many cotton and economic experts are again warning that the too-high price support is causing our surplus to grow because we are losing more and more foreign trade and because cotton is so high that synthetics are again taking the place of cotton goods. We control the farmer's acreage, while Dupont goes merrily along picking up new business and building new plants.

John Price brought us a clipping telling of Sen. Stuart Symington's Armed Services subcommittee probe of wasteful stockpiling of strategic materials, principally during the Eisenhower administration, testimony so far revealing a \$1 billion loss. Sen. Harry Byrd estimates the total strategic materials stockpile at \$8.7 billion, or double the requirements for a three-year war. The revelations are shocking, making the Billie Sol Estes swindle small peanuts. We strongly suspect the Defense and Armed Services departments are the most wasteful part of our government. Did anyone ever hear of a branch of the Armed Services operated along economical lines? Where there has been wrong-doing in this wasteful stockpiling, the perpetrators should be revealed and prosecuted.

The L. K. (Heavy) Nelsons and the Kesley Halfords were recently vacationing up in Colorado and dropped in sudden-like on Kay Moore and wife at their Red Barn

just outside of Durango. Heavy says he got the surprise of his life for this was the swankiest eating joint he had seen. Their Red Barn is a former dairy barn, remodeled into a western barbecue service which has attracted the attention of nationally known newspaper and magazine writers. Heavy says about 300 people usually turn up at the Red Barn for supper.

Kay is sort of an unusual fellow himself. When he goes into something he goes whole-hog. In the conquest of Nazi Germany, he managed to get shot up pretty well and gain a little notoriety. Back to farming in Lynn county, he was a leader in conservation farming and drew top state honors in this field. Like his mother and dad, he likes the outdoors, hunting and fishing, so he suddenly quit farming to retire in Durango. But time hung heavy for Kay, never very successful at loafing, and he jumped into this catering and restaurant business and before you can say Jack Robinson his outfit is known from coast to coast.

As we've noted before, the last remaining narrow-gauge passenger route railroad runs right by his Red Barn going up Las Animas canyon to Silverton through some of the most colorful mountain scenery in the world. This daily train excursion has become so popular, a person has to get a reservation days in advance. As this train comes back down the canyon, horseman Kay, with an eye for showmanship and business, dressed in colorful cowboy attire, races the train horseback, lets out a few cowboy yells, points to his Red Barn—and when the train pulls into Durango the tenderfoots from back east start hunting him. Result? He collects \$1.50 a head for meals.

To us, however, the most interesting thing about Southwestern Colorado is that our three granddaughters, accompanied by their pappy and mammy, got back home Saturday from Lake City, where they spend summers running their store.

J. L. Suits in Petersburg Journal: A Scotchman wrote a letter to the local editor and stated: "If you don't stop writing about Scotchmen being so stingy I'll stop borrowing your paper." Federal Aid is like giving yourself a blood transfusion in your left arm, drawn from your right arm, and spilling about 90 percent of it on the way across. It's far easier to forgive an enemy after you have got even with him.

You can tell some fellows are afraid of work by the way they fight it.
Every day is a safety day.

Dale Thurens Tell Of Trip To North

Mr. and Mrs. Dale Thuren and family, returned last week from a two week vacation in Mississippi, Illinois, Missouri, Tennessee and Louisiana.

The Thurens toured such historic sights as New Salem State Park, where Abraham Lincoln lived as a child; and the beautiful Lake of the Ozarks.

During their trip, the Thurens spent five days with his parents at Sherrard, Ill.

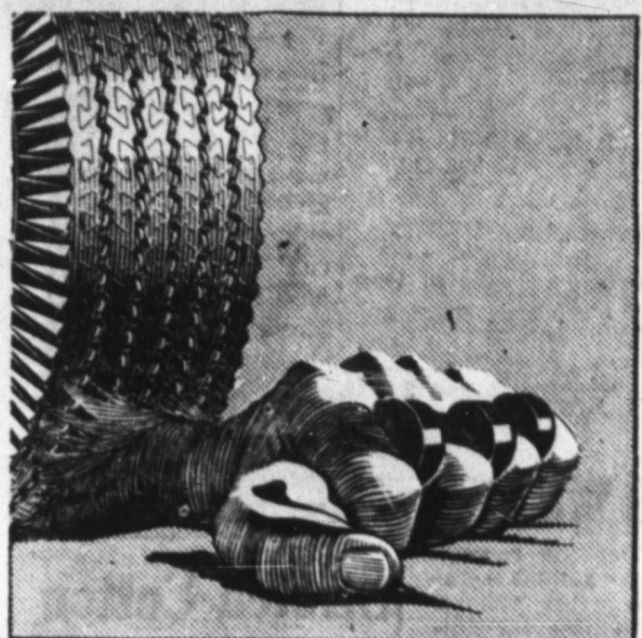

Dale pointed out that the country in Illinois is suffering from a

severe drought and was receiving government aid. Much of the grain area had been released by the government to produce hay for cattle feed during the coming winter.

Boaters Warned To Keep Look-Out For Aquanauts

Weekend aquanauts may be swimming below your boat. Many injuries sustained to aquadivers during the past summer have been caused by carelessness or the part of the divers and boaters. One reason for the injuries is that many people do not know the familiar marking flags that are displayed by divers when they are in the water. The flag, an 8"x10" red-banner with a white stripe across it, is often mistaken for a distress signal. These flags will be found on the back of a diver's boat and in the water a few feet from where the boat is anchored. The area between the boat and the anchored flag is taboo for other boats, since the divers will be swimming in that area.

MRS. CLAUDIA RAINDL ENTERTAINS VISITORS

Mrs. Claudia Buford and children of Hobbs, N. M., returned home after spending some time with Mrs. Claudia Raindl, Mr. and Mrs. Louis Brosch and family, and Mrs. Jo Ziek and family in Lubbock. Mrs. Buford and children accompanied by Mrs. Henry Jahnke visited in Dallas, Garland, West Waco and Six Flags Over Texas at Arlington.

In Waco they visited in the L. A. Back home, (former Maxine Oliver), and Jodi Raindl and Mrs. Larry Blackburn and son.

The fast pace of modern living has much to do with the high cost

It is exceptionally dangerous for a boat to pass between the buoy and the divers craft, since the diver may be only a few feet below the surface.

Stretch Cotton Fabrics Popular

By Connie Anderson Home Demonstration Agent One of the newest things on the market is a stretch cotton fabric. The fabrics will stretch from 16% to 30% according to the type of construction. The stretchable cottons include carded twill in work clothing colors, carded drills, osnaburgs, combed poplins, combed gabardines, pieced denims homespun type fabrics, several sheetings and a batiste for lingerie. Uses for stretch fabrics include apparel (particularly lingerie and sportwear), home furnishings such as sheets and slip covers. Cotton stretch pajamas are being sold now. They are made of 100% cotton batiste and require little or no ironing. This fabric gives a much better fit in fitted sheets. The corners go on more easily to eliminate lifting, tugging and broken fingernails. In fact nearly all fitted sheets for 1963 will be out with new corners that will make bedmaking a joy.

Research Farm Has Open House

High Plains Research Foundation held open house Sunday at the experiment farm at Halfway, west of Plainview, to display to the public its projects and more particularly the new Killgore Memorial building and the Jim Hill Greenhouse. The Killgore building costing \$64,120 and donated by the C. L. Killgore Foundation of Amarillo, and the greenhouse costing \$20,489.86 and donated by the Jim Hill Foundation of Hereford make possible ultra-modern facilities for scientific research in crops adaptable to the Plains. Attending the opening were Mr. and Mrs. Joe D. Unfred and children of New Home.

Insect Situation Remains Static

Hot, dry weather during the past week has resulted in heavy shedding of the smaller forms in many cotton fields although most insect activity has remained static, according to county agents in the area. However, Extension Service personnel reported an increase in moth and egg laying activity as compared to the previous week. With this in mind, Bill Griffin, county agent, urged all cotton producers to check their fields closely and begin bollworm control before the worms are large and heavy losses have occurred. Plant terminals should first be checked for the presence of small worms and eggs, Griffin stated, and control began when 4 to 5 small worms plus eggs are found per 100 terminals.

"If no eggs or worms are found in the terminal growth, be sure to look for them down on the bracts of larger squares, in the blooms and on bolls," Griffin added, "since hot weather often drives the moths down into the plant for egg laying."

John G. Thomas, Area Extension Entomologist, reports that from the samples of bollworm taken in throughout this area the tobacco budworm is not a factor in getting good control. In areas where the tobacco budworm is known to be a problem, they do not greatly influence good control until late in the season, Thomas added.

Cotton leafworm, cabbage looper and beet armyworm damage has been observed in many cotton fields in the county, reports Griffin. Normally, cotton plants can lose 25 to 50 percent of the total leaf tissue without affecting yield or quality, depending on the stage of maturity, added Griffin, but control should be started as soon as serious ragging is observed.

JACOBS RETURN HOME

Mr. and Mrs. L. F. (Jake) Jacobs and girls returned home last Saturday from Lake City, Colorado, where they spent most of the summer running their drug store and gift shop. He is principal of North Elementary School and High School athletic director.

Wendell Norman, J. E. Nance, Robert Williams and Dan Lockaby returned Saturday from a trip to Las Vegas, Nevada. En route to Nevada, the boys visited Colorado and New Mexico. On the return trip they went to Phoenix, Arizona for a visit with one of Lockaby's army buddies.
