Number 50

Record Enrollment In Tahoka Schools

Tahoka schools opened Monday with a substantial increase in enrollment, a full teaching force, and everything running smoothly, according to High School Principal Clifton Gardner.

Total school enrollment Wednesday morning was 1,019, possibly the largest in the history of the school and 95 above the enrollment last year on the third day, when the total was 924 students. Although there is an increase in high school, the figure this year is below that of several years in the past.

High school had an enrollment of 211, compared to 199 the first three days of last year. There are 79 students in the eighth grade, an increase of 18 over last year's 61.

North Elementary, L. F. Jacobs, principal, reports an enrollment of 230, a slight increase over the 228 enrolled at the same time last year.

South Elementary, J. B. Howell, principal, has the largest increase with 430 students this year, an increase of 64 over last year's initial enrollment of 366, in the first four grades of the school system.

Dunbar School, British C. Daniel, principal, reports 69 enrolled, as compared to 70 last year.

Enrollment by grades follows:

First grade	143
Second grade	97
Third grade	98
Fourth grade	92
Fifth grade	89
Sixth grade	81
Seventh grade	81
Eighth grade	79
Freshman class	68
Sophomore class	65
Junior class	32
Senior class	46
Dunbar school	69
Total	1,019

Mrs. Joe (Dolores) Webb is substituting as public school music teacher, and Mrs. D. S. Waldrip is teaching in the fourth grade the first semester in the place of Mrs. Robin Vaught, who is completing work for a degree.

W. B. Gollehon, 82, Dies Thursday

Walter B. Gollehon, 82, long a resident of Lynn and Garza counties, died last Thursday in a Gravette, Ark., hospital. In ill health for several years, he had been making his home with a daughter, Mrs. Clyde Hodges of that city.

A daughter and a son preceded him in death earlier this year. His wife passed away in March of 1953.

Survivors include two daughters, Mrs. Vivian Bryan of Siloam Springs, Ark., and Mrs. Clyde (Renell) Hodges of Gravette, Ark.; two sons, Milton of Bellflower, Calif., and Burrett of San Diego, Calif.; 11 grandchildren and seven great grandchildren. Mrs. Frances Conrad of Tahoka is a granddaughter.

Raymond Bagby In Mortician School

Mr. and Mrs. R. E. Bagby will take their son, Raymond, to Dallas this week where he will enroll in mortician school. Raymond, a graduate of Tahoka High School, will study for one year at the Guplon and Jones Mortician School and then serve a two year apprenticeship before receiving his license.

Mrs. Mary Stuart, under treatment in Tahoka Hospital for a heart ailment, is reported to be doing fine.

Hugh Jack Norwood of Boys Ranch is a medical patient in the local hospital.

New Home Has Record Opening

New Home schools opened Tuesday with the largest enrollment in history, announces H. L. Miller, superintendent.

The schools opened with 360 students in elementary school and 64 in high school for a total of 424 students. The major concentration of students is found in the first through the third grades where 190 students are enrolled.

The New Home schools successfully integrated the complete school system, first through the twelfth grades. There are approximately 35 Negro students enrolled for the 1962 school year.

Commenting on the integration, Miller stated, "Everything went fine and we have one Negro boy out for football."

A fourth grade teacher is still needed to complete the elementary faculty.

Several new teachers have been added to the faculty this year. A list of the 1962-63 faculty follows:

- Elementary school: J. D. Miller, principal; Billy Harwell, Junior High coach and English; Miss Gayla Hodge, seventh grade and English; Mrs. Jane Harvey, sixth grade and high school commercial arts; Mrs. J. D. Miller, fifth grade; Mrs. Geraldine Nichols, fourth grade; Mrs. Joe Paden and Mrs. Nancy Smith, third grade; Mrs. Lavern Lewis, Mrs. Bonnie (Cont'd. on Back Page)

Cecil Edward Gann Buried At Ropes

Funeral services for Cecil Edward Gann, 35, were held Friday at the Nazarene church in Ropesville, Texas. Gann was born March 23, 1927 and passed away Aug. 30, 1962.

Gann had lived in California for the past 16 years, where he had been in the lumber business. He also had resided in Seagraves.

He is survived by Cody Edwards Gann, Eureka, Calif.; Mrs. Roberta George, and Mrs. Margie Holt of Memminville, Tenn.; Mrs. Gladys Coffee, Honey Grove, Tex.; Mrs. Ireen Strother, Lingo, N. M. and Mrs. Dorothy McKenzie, O'Donnell.

Rotary Teacher Banquet Sept. 20

Tahoka Rotary Club has set Thursday night, Sept. 20, for the annual banquet honoring school teachers and husbands or wives in the school cafeteria.

Rotary Anns will also be guests. Calloway Huffaker is the club president.

Dr. C. L. Kay of Lubbock Christian College will be the principal speaker, announces Chas. (Buddy) Bragg, chairman of the program committee for the meeting.

Congress Candidate Is Visitor Here

Dennis Taylor of Crosbyton, Republican nominee for Congress from the 19th Congressional district, was a visitor in Tahoka Tuesday.

Mr. Taylor is a farmer and minister. He says he expects to make an intensive campaign from here on until the November general election.

Mrs. Samie Norwood has returned home from Taylor Hospital in Lubbock after undergoing surgery. She is reported recovering nicely.

Mrs. J. W. Owens was released Tuesday after being a medical patient in Tahoka Hospital.

REV. TED CORBET

JAMES HOLLARS

Revival Opening At First Baptist

"A revival in the study of God's Word is the greatest need of people in our time," said pastor T. James Efrid in announcing the Bible Study Revival to be conducted in the First Baptist Church beginning Sunday and continuing through September 16. Rev. Tad Corbet of Lubbock, will speak each service, using the theme, "Excerpts from the Life of Christ." All members and guests are urged to bring their Bibles to use in the services.

Three services are scheduled for each day, Monday through Friday. Beginning the day will be a men's breakfast at 6:30. The mid-morning service will be at 10:00, with the evening services planned for 7:30 p. m. In addition, each ladies Sunday School class will have lunch at the church one day during the revival.

Two variations will be made from this schedule. Because of the Tahoka High School football game, the Friday evening service will begin at 6:30. Everyone is urged to attend as the service will be dismissed in plenty of time for those who wish to do so may go to the ball game.

Neither the men's breakfast nor the 10:00 a. m. meeting will be held Saturday, but the 7:30 service is scheduled for that evening. Immediately following the event. (Cont'd on Back Page)

Annual Crop Tour Is Tuesday

All farmers and farm owners and others interested are invited to take the annual Crop Demonstration Tour next Tuesday, Sept. 11, leaving the Lynn county court house at 8:00 a. m. and ending with a free barbecue dinner at noon at New Home Community Center.

The tour is sponsored jointly by Lynn County Soil Conservation District and the Extension Service.

Leaving Tahoka at 8:00 a. m., the following farms will be visited.

Robert Warren, seven varieties of May-planted irrigated cotton. Cecil Caraway, April-planted cotton varieties.

Bill McNeely, Midland Bermuda grass and sprigging machine.

Lloyd Mears, cotton fertilizer demonstration.

Melvin Wuensche, cotton variety demonstration.

Roger Blakney, land leveling and farm pond.

E. R. Blakney, Stuart farm, parallel terracing.

E. R. Blakney home place, land leveling and grass waterways.

New Home Community Center, 12:00 noon, free barbecue lunch.

County Agent Bill Griffin says Lynn county farmers should also start planning now to attend the annual field day on Tuesday, Sept. 18, 1:00 to 5:00 p. m. of the Lubbock Experiment Station, 7 1/2 miles north of Lubbock city limits on Highway 87.

Among practices to be demonstrated will be chemical cultivation, flame cultivation, cold tolerant strains of cotton planted March 27, new green boll separator for earlier harvest, and early maturing strains 80 percent open 120 days after planting, and many other new ideas in farming. Details on the field day will be published in The News next week.

O'Donnell Fair September 13-15

O'Donnell's annual community fair will be held next week end, Thursday through Saturday, Sept. 13-15, and all entries must be in on the opening day.

In charge of the major departments are: Women's Division, Entre Nous Study Club; Livestock and Agriculture, Raymond Hancock.

Present officers are: Harold Hohn, president; Shorty Vestal, vice president; Oscar Furlow, secretary-treasurer; Arlys Askew and Jeff White, directors.

NEW TERM OF COURT

The new term of 106th District Court is set to open in Lynn county in September. Seven or eight cases are on the docket, and criminal cases are set for trial beginning on September 18, according to District Clerk W. S. Taylor.

Rains Of Past Week In Time To Save Most County Crops

WELDON WARREN

Weldon Warren Is Youngest Farmer

Weldon Warren, 6, entering school this year for the first time, is Lynn county's youngest "big" farmer. He operates five cotton "farms."

Weldon's proud grandfather, W. R. (Bill) Warren, says the youth planted five "cotton fields," and his grandmother gave him a blue ribbon a few days ago when he "harvested" his first boll of open cotton.

One of the "fields," six rows, is in Bill's side of the yard, one is in the orchard, and one is in his grandmother's garden. Over at the home of his parents, Mr. and Mrs. Robert Warren, Weldon has two more "fields."

Weldon takes the garden plow and does his own cultivating. In addition, with his grand-dad's tools, he is building himself a "farmstead."

Damage Suit Hamed In Court

Jose Casares was awarded \$319.20 in a 106th District Court jury suit here the first of the week against H. P. Jones in the death of his daughter, Andrea, six, in a traffic accident here in August, 1961. Casares had asked \$35,000 in damages.

The little girl is alleged to have run in front of a car driven by Mr. Jones' daughter.

Mrs. G. H. Spears of Grassland, a medical patient in Tahoka Hospital for several days, was able to return home Wednesday.

Mrs. L. D. McKee, who underwent surgery in Tahoka Hospital, is reported recovering nicely.

Wellhead value of Texas gas, 1961: \$698 million.

Supt. Spears On Road To Recovery

School Supt. Otis Spears, critically injured on Friday, Aug. 24, is reported to be recovering nicely in Methodist Hospital, where he is a patient.

Four fractures of the pelvic bone will require him to remain in the hospital several weeks until the bones knit because the breaks are such that a cast or pins can not be used.

Mr. Spears started showing improvement last Thursday.

He was injured while on an outing with his family at their Buffalo Lakes cabin when a horse he was riding reared up and fell over backwards. The saddle horn pierced his groin. His recovery was doubtful for a few days, but he has since responded to treatment and is now doing well.

Jaycee "Coffee Stop" Success

Fully 1,000 drinks were served travelers in the Labor Day week end "rest stops" sponsored by Tahoka Jaycees Saturday, Sunday, and Monday on the two major highways, states Jesse Dorman, Jaycee president.

Principally, the "coffee stops" were designed to promote traffic safety, but the project also brought some good will to the town of Tahoka.

Dorman says the boys enjoyed the work and the satisfaction of knowing they may have saved some motorist's life. "We sincerely thank all those business men who helped up on the project," Dorman says.

Coffee, cokes and cookies were served all motorists who stopped. One car was registered from Calgary, Ontario, Canada, and there were many from various states of the nation.

Typical of the response is the following letter received Wednesday from Travis Lillard of Colorado City, Texas:

"I am writing to express my appreciation to the Tahoka Jaycees for your wonderful hospitality at the Labor Day 'rest stop' on U. S. 87. The cokes my wife and I enjoyed were certainly welcome on that hot Saturday afternoon. The city of Tahoka and its merchants can be proud of the progressive attitude of the Jaycees. I would like for you to pass on congratulations to the Resident Highway Engineer for the wonderful job of landscaping the Roadside Park north of Tahoka."

British Student Visits Governor

Paul Bartlett, Rotary youth summer visitor from England, will go to Austin Wednesday to meet Gov. Price Daniel.

Bartlett, one of the many members of the Experiment in International Living visiting in Texas, has been invited to meet the other foreign students visiting this state. Each student will be given an Honorary Citizenship by the governor.

The program is being sponsored by the Odessa Rotary Club, who has a student visiting from Italy. Bartlett will return to Tahoka Friday.

W. S. SKILES VISIT HERE
W. S. Skiles and family of Dallas recently visited here with their aunt, Mrs. C. A. Thomas, and Dr. Skiles Thomas family. Mrs. C. A. Thomas returned with them by Abilene to visit Mrs. E. E. Calloway.

Mrs. Ethel Hill is a medical patient in Tahoka Hospital.

Rainfall ranging from 2.5 to possibly six inches has drenched Lynn county during the last week, moisture being recorded on each of the last seven days.

Although the rains came about two weeks late to produce a big crop, they were welcomed and will be a big help—if weather from here on out is favorable to maturing the crop, farmers state.

Up until noon Thursday, Tahoka had received a total of 3.20 inches of rainfall since Thursday of last week.

Of this amount, 1.34 inches fell on Friday, August 31, followed by a trace Saturday, .50 inch Sunday, .05 on Monday, .18 on Tuesday. .31 on Wednesday up to 6:30 p. m. and .82 on Thursday up until noon.

The latest rainfall brings the total for the year to 12.63 inches for the year 1962.

Rainfall in Tahoka, however, has been lighter than in many sections of the county, several areas reporting five or six inches.

Light hail "pecked up" cotton in some areas last Friday, particularly in the Lakeview and Petty areas, but no serious damage was done.

Except for cotton already burned up, the rain was a big help, and for many farmers it was a life-saver. Much acreage of late maize was also saved by the rain.

County Agent Bill Griffin estimates about 10 percent of the county's cotton crop was already burned beyond appreciable help, particularly in parts of the Redwine community, east of Draw, part of the Grassland community, and west of O'Donnell. Most dryland cotton had hot spots. Even some of the irrigated cotton was suffering because farmers could not get water to it fast enough.

Few farmers had begun to complain about the continued wet weather, but the time is growing short for maturing the crop and a wet fall and an early freeze could still prove disastrous.

Mr. Griffin now estimates the cotton crop at 110,000 bales. Anderson-Clayton last week end, estimated it at 122,000 bales.

Like many years on the Plains, this one has been unusual. Farmers had no underground moisture in the spring on which to plant. Planting rains came late. Just as matters began to look desperate, heavy July rains saved the day, but cotton began to grow rapidly and was very tender. The month of dry weather in August came close to being disastrous.

Farmers say the perfect condition now would be for dry, hot weather through September, fair weather in most of October, and a normal frost date in early November.

T-Bar Club To Elect Officers

The Board of Directors and their wives, of the T-Bar Country Club, will be hosts at a covered dish supper for the annual meeting of the members of the club, at 6:30 p. m. on Monday, September 10th.

All the adult members of the country club are urged to attend and bring a covered dish, at which time a business meeting will be held and three new directors and a president will be elected.

The nominating committee has placed Anita Billman, Glenda Dunagan, Bill Lumsden, Oscar Whitaker, Wade Holland, and Bobby Carroll on the ballot. Nominations for additional candidates may be made from the floor.

R. L. Craig of Central, medical patient in Tahoka Hospital for five days, was released Wednesday.

Rejuvenated Bulldogs Open Season At Frenship Tonight

By Karl Prohl
Tahoka Bulldogs open their 1962 football campaign against the Frenship Tigers in Frenship Friday.

The Bulldogs will be seeking revenge over a team that belittled them 20-0 last season and has since moved from class-A to AA. The Bulldogs will be competing in Class A for the first time in history.

At present the two teams face each other with approximately the same number of qualified personnel. Both teams had identical records in 1961 with 2-8. Comparatively the teams look something like this: Frenship will field a team consisting of 4 seniors, 12 juniors, and 10 sopho-

"B" GAME SATURDAY
Due to inclement weather the Tahoka Bulldogs-Plains Cowboys B team game, originally scheduled for Thursday afternoon, has been re-scheduled for 10:00 a. m. Saturday, according to Ledru Jacobs, Tahoka athletic director.

mores, Tahoka will be represented by 6 seniors, 5 juniors, 9 sophomores and 8 freshmen.

Coach Gene Tyer feels that the move from class A to AA will not change things much for his team. He feels that the class A district that he was in (now Tahoka's district) is one of the toughest. The main difference will be playing Denver City, comments, Tyer. The Tigers will have seven let-

termen returning, six of them starters last year. Among those returning will be end Bobby Kindred, tackles Jerry Peek, who has two letters, and Ricky Jackson. Experience in the backfield will fall on the shoulders of Vernon Rae, Randall Wittie and Garland Boozer. Rae is working on his third letter. The other letterman is Donnie Snowden, 147 pound center.

The Tigers could receive a great deal of help from Mike Brugamy, starting quarterback, who injured his knee last season and may not be able to see action this year.

Other team members due to see heavy duty during the season will (Cont'd. On Back Page)

Former Tahokan Marries Saturday

Miss Mona Kay Oldham and Clarence Bishop Lindley, both of Lubbock, were united in marriage in the Bowman Chapel of the First Methodist Church in Lubbock on Saturday night, Sept. 1, at 8:00 p. m. Rev. Wayne Cook officiated the double-ring ceremony.

Parents of the couple are Mr. and Mrs. Lloyd Oldham of Lubbock and Mr. and Mrs. Horace Lindley of Lubbock, formerly of Tahoka.

Given in marriage by her father, the bride wore a dress of white silk lined styled along Princess lines with a full skirt, and a re-embroidered lace bolero. Her finger tip veil was a French silk illusion flowing from a small pill box hat. Three-quarter length mitts made of matching lace of the bolero came to a point over the hands and were secured by tiny buttons. The bride's flowers were an arrangement of white carnations.

Carolyn Oldham, sister of the bride, was maid of honor. Another sister, Ellen Oldham, was bridesmaid. They wore identical dresses of Tahati coral Peace D' with scooped necklines and puffed sleeves with bows at the shoulders. Their head pieces, were tulle sprinkled with pearls.

The best man was Hersh Lindley, brother of the groom. Ross Lindly, brother of the groom and Mickey Owens were ushers.

Candlelighters were Jan Oldham, sister of the bride, and Dorcelle Oldham from Dimmitt, cousin

MRS. MARLIN (Diana Hensley) HAWTHORNE, is the new society editor and bookkeeper for The News, succeeding Mrs. Donald (Linda) Renfro, who is moving to Fort Worth. Mrs. Hawthorne, daughter of Mr. and Mrs. Graham Hensley, is a 1959 graduate of Tahoka High School. She and her husband, who farms with O. E. Eubank east of Tahoka, have one son, Mark, age two.

Children Home For Lee Birthday

Mr. R. E. Lee celebrated his 84th birthday Aug. 20. The family celebrated with a birthday dinner at the Lee home.

Attending the dinner were: Mr. and Mrs. Jack Lee and children of Waurika, Okla.; Mr. and Mrs. Dwain Lee and family of Lawton, Okla.; Mr. and Mrs. G. M. Curtis and family of Austin; Mr. and Mrs. E. M. Lee, Vernon, Tex.; Mr. and Mrs. Elgin Harper and Mr. and Mrs. R. E. Bagby and family of Tahoka.

KOPECKY TO TARLTON

Bill Kopecky, New Home school graduate, expects to leave Saturday for Stephenville, where he will enroll in John Tarleton State College for the fall semester.

of the bride.

Organist was Mrs. Carlos E. Reynolds and soloist was Miss Nancy Crawford.

A reception was held in the church parlor immediately following the ceremony.

For traveling to Ruidoso, N. M., the bride chose a silk suit of antique gold with matching accessories of antique gold and brown and a corsage from her bouquet.

The bride is a graduate of Tom S. Lubbock High School and Draughon's Business College. She also attended Texas Tech. She is presently employed at Pollock Paper Company.

The groom is a graduate of Tom S. Lubbock High School and is a senior civil engineer student at Texas Tech. He is employed by Town and Country Commission of the Methodist Church.

Texas producers receive average of 11.5 cents per 1,000 cubic feet for gas at well.

New Study Starts At W.S.C.S. Circles

Faith and Margaret Circles of the W.S.C.S. met Monday for lunch in the Methodist Church Fellowship Hall. The Margaret Circle was hostess.

In the business session, Mrs. W. E. Contrell was elected secretary of Spiritual Life. Mrs. Dale Thur-en was elected secretary of Children's Work. Mrs. Marshall Stewart gave a report on the program for the year-ahead, the theme "Called, Confronted and Compelled."

The mission study "On Asia's Rim" beginning September 10th at 3:00 p. m. will be taught by Mrs. Margaret Carter.

Ending the program, Mrs. Polly Gibson brought an impressive reading entitled "September" by Faith Baldwin.

Party Thursday For Berean Class

The Berean Class of the Methodist Sunday School was entertaining its new members with a party this Thursday night, Miss Ann Wharton reports.

The class teacher, P. G. Vander-Linden, substituted for Rev. Aubrey White, pastor, by bringing the message at the Sunday evening worship service.

CAFETERIA MENUS FOR NEXT WEEK

Following is the cafeteria menu for the next week of school at Tahoka Schools.

Monday: roast pork, green beans, sweet potatoes, tossed salad, rolls, butter, apple butter, milk.

Tuesday: Pinto beans, tamales, spinach, buttered beets, corn bread, raisin cookies, milk.

Wednesday: Hamburgers, onions, tomatoes, lettuce, baked potatoes, apple pie, milk.

Thursday: Meat loaf with cat-sup, buttered broccoli, buttered corn, orange carrot salad, apple-sauce cake, bread, milk.

Friday: Fish with tartar sauce, English peas, cream potatoes, rolls, butter, honey, milk.

EVERTON NEVILL FAMILY RETURN FROM TRIP

Everton Nevill and family recently returned from a trip to New Mexico. They visited with Mrs. Nevill's sister, Mrs. Claude Kennett, and other relatives and their families. They met in Tres Ritos and stayed in a cabin there.

Returning from their stay in Tres Ritos the Nevill's family visited in Flagstaff with his relatives, Mrs. Russell Flemming and family, and Milton Flowers and family.

Texas receives more than a third of a billion dollars a year for gas sold to other states.

Grassland News

(By Mrs. O. H. Hoover)

The annual meeting of the Producers Co-op Gin of Grassland was held Thursday evening, August 30. A banquet dinner was served by Underwoods of Lubbock. A business meeting followed the evening meal. Two new directors were elected, they were H. C. Gribble and Adrian Cook. Ward Eakin was re-elected.

Mr. and Mrs. W. G. McCleskey left Friday of last week to visit in Erath County, and to attend a home coming at Patito. They returned home Monday afternoon.

Mr. and Mrs. H. E. Huffaker are vacationing in Colorado and will be visiting relatives in Ouray, Colorado.

Mr. and Mrs. Odie Campbell are visiting relatives in Edgewood.

Dr. and Mrs. C. S. McCleskey, of Baton Rouge, La., were lunch guests in the home of Mr. and Mrs. W. G. McCleskey, Tuesday of last week.

Mr. and Mrs. O. H. Hoover have been visiting relatives and friends in Grandfield, Okla., the past week. They also visited Mrs.

Hoover's sister and family, Mr. and Mrs. Sylvester Steavens in Childress.

Mr. and Mrs. Raymond Gerner and two children of San Angelo spent the week end with her parents, Mr. and Mrs. B. A. Norman.

Mr. and Mrs. Bill Moore, and Mr. and Mrs. Tom Billings, spent the holiday week end at "Lake Walk" near Del Rio.

Rev. Wendell Leach, wife and two children, from Merkel were here Thursday evening for the annual banquet dinner at the Producers Co-op Gin. Rev. Leach is a former pastor of Grassland Methodist Church.

We were sorry to hear that Mrs. G. H. Spears is ill, and in the Tahoka Hospital. We wish for her a speedy recovery.

Mr. and Mrs. C. A. Walker and granddaughter, Crisly Moore of Seagraves, spent the week end at Lake Thomas.

Rev. Kenneth Leach and family were here this past week to get the rest of their things that were still stored in the parsonage, at Central Baptist church. Rev. Leach is a former pastor of that church.

Mr. and Mrs. Leucian Walker visited his nephew and family,

the Howard Gores, in Floydada Sunday.

Mrs. Edith Inklebarger visited Mrs. W. G. McCleskey last week.

Mr. and Mrs. O. C. Harrison and Mr. and Mrs. James Parks spent the holiday week end at Lake Thomas.

Mr. and Mrs. Tom Murry are visiting relatives in Odessa.

Visitors in the home of Mr. and Mrs. Kelly Law this week end were: Mr. and Mrs. R. L. Bosworth and two children of Corpus Christi.

Mr. R. L. Craig, one of our

"old timers", is in the Tahoka Hospital. We wish for him a speedy recovery.

Mr. and Mrs. W. L. Gribble were hosts for a birthday dinner honoring Jim Patterson, Sept. 2. Those attending were Jim Patterson, Pauline Riley, Joy Riley, Vivian Campbell, Karen Law, Delbert McCleskey and Wayne McDonald.

Of total Texas gas production 73 percent came from 19,831 gas wells; 27 percent from 128,760 oil wells (casinghead gas).

Bulldogs Hope To Field Rejuvenated Team In Opener At Frenship Tonight

By Karl Prohl

The Tahoka Bulldogs will field a starting lineup of seven lettermen, three freshmen, and one squadman, in their initial game of the 1962 football season at Frenship tonight.

The local squad will be at least two deep in every position except end and quarterback. This will give the boys a chance to see a lot of action and at the same time get some rest. In the past, the Tahoka squads have been so small that a few boys had to go all the way.

The starting line will average 170 pounds, while the backfield will average 150. There will be more all around team speed employed this year with the use of the pulling guard and the unbalanced line.

Tahoka will have its strongest backfield in several years with Jose Cervantes, 145, directing the attack from the man-under position. Cervantes is a fair passer and good runner. His main problem is lack of experience. Handling the halfback and wingback positions will be Billy Miller, 143, and Steve Greer, 150. Miller has average speed with the ability to hit the hole fast. Greer is possibly the nearest to a break away runner the Bulldogs have had since 1955. He has excellent speed and a natural ability for broken field running.

At the fullback post will be Andy Bray, a 165 pounder that runs with the authority of a much larger man.

Other backs that will be alternating with the above players are: Adolph Chapa, 175 pound halfback, Gary Grogan, 145 pound defensive man and Fullback Dickie Davis, 165 pound converted lineman.

The line will be composed of ends Craig Leslie and Tony Spruiell. Leslie at 170 and 6'2" has a great deal of experience and could be a great asset as a pass receiver. Spruiell, possibly the better runner of the two, weighs in at 165. Billy Clinton, 160, will alternate with these boys, but play mostly defense.

At guards will be Macky Joe McWhirter and Harlan Curry. McWhirter at 153 is a letterman and the quickest of the linemen. Curry is a freshman weighing in at 167. The tackle positions will be in the hands of two freshmen, Clarence Long and Larry Jolly. Long tips the scales at 180 and Jolly at 182. Both are inexperienced but have shown considerable aggressiveness during the pre-season workouts.

The center position will be handled by Jack Woods, 150 pound senior. Woods is a tall sinewy youth with two years of varsity experience. Linemen that will be playing for and along side the above mentioned are: Johnny Rogers, center, Frankie Farrera and Birger Ollrogge at guards and Randy Workman and Jack Edwards at the tackle position. Many of these boys will be playing defense and have not been listed as starters. The starting lineup is usually taken as the offense lineup.

Coch Coach Gilbert Hough feels that the boys have had two weeks of good workouts.

"They have made a lot of mistakes, but they have never lost that determination to come back and try again," comments Hough.

The boys are pretty bruised up right now, commented Hough. But he feels that they have the stuff to come out with.

The scrimmage held Tuesday night was filled with high competitive spirit and hard charges by the young line. Many of the freshmen linemen are surprising the coaches with their ability to learn and their aggressive spirit.

The Bulldogs first game is tonight at 8:00 p. m. in Frenship.

The Bulldogs B-team played Plains Thursday night to open the home season for Tahoka football fans. The paper was going to press by the time the game got under way.

The B team is the basis for a successful varsity and this year the Bulldogs have 23 boys on this team.

They will play an eight game schedule, only two less than the varsity.

Wilson Opening Season Tonight

By Karl Prohl

Wilson's District 4-B champions meet Lazbuddie tonight in their first football game of the 1962 season.

Coch Travis Rector's Mustangs will base their attack on running and passing from a split T formation and a pro-style spread formation.

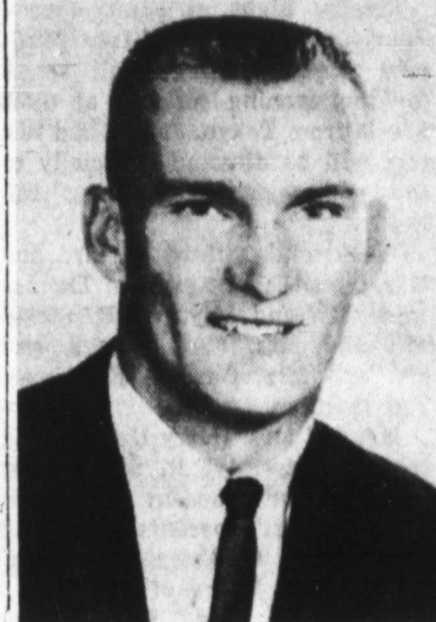

The Mustangs posted a 7-4 record last season on their way to a district championship. This season they have had two scrimmages in an effort to prepare themselves for the test which will begin tonight in Wilson.

Rector has several outstanding boys among the returning 10 lettermen. Among these are: Charles Walton, Bobby Stone and Tommy Swann. Each of these boys has won honors as All-District or All-South Plains.

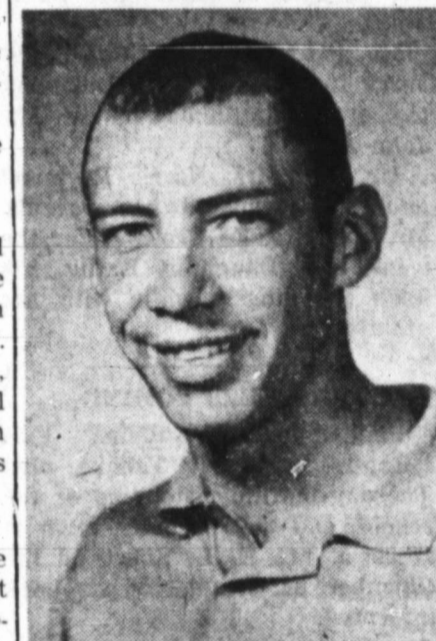

Although the Wilson squad lost quite a few starters from last year's team, they may have the combination to come back again this year and make a strong bid for the District 4-B crown.

New Home Cancels Opening Game

The New Home Leopards will not play their game with the Hart team tonight. The game has been cancelled by New Home and will be replaced later in the season during an open date.

"We are just not ready to face an all senior team," commented H. L. Miller, New Home superintendent. "We don't want to take the chance of injury to our inexperienced boys."

The next Leopard game will be Sept. 14 at Wütharrel.

Mr. and Mrs. Hollis Brice and children of Midland spent the Labor Day week end here with his parents, Mr. and Mrs. J. T. Brice, and carried their son, Tommy, home to enter school after the youngster had been spending some time "helping" his grandfather.

Included in the roster for the B-team are the following: Brit Robinson, Mike Davis, Jack Flip-pin, Terry Harvick, Stanley Renfro, Mike Reed, Ronnie Efrid, Robert Medlin, Rett Patterson, Roy Isham, Gary Tomlinson, Frankie Stanley, Eddie Howard, Jimmy Billman, Johnny Hillhouse, Stanley Price, Jesse Limon, Mike Curry, Dean Hamilton, Ronnie Reed and Jim Wells.

Bulldog Club Elects Officers

By Karl Prohl

The Tahoka Bulldogs elected captains for the coming season as they began establishing their governing bodies for the 1962 athletic year.

Chosen to lead the boys during the football season were captains Billy Clinton, son of Mrs. James Clinton; Tony Spruiell, son of Mr. and Mrs. Clyde Spruiell and Andy Bray, son of Mr. and Mrs. A. M. Bray.

The captains are all senior lettermen and starters this season.

The new T-Club officers were elected along with the captains.

The football council was elected at the first of preseason practice.

The new T-Club officers are: Larry Price, son of Mr. and Mrs. J. C. Womack; vice president, Steve Greer, son of Mr. and Mrs. Alton Greer; sec-treas., Craig Leslie, son of Mr. and Mrs. Mel-don Leslie; parliamentarian, Andy Bray, and reporter, Tony Spruiell.

Organized earlier this year, the Athletic council is to help the boys with training, problems and to serve as a leadership body during football. This council contest consists of Tony Spruiell, Andy Bray, Larry Price, Craig Leslie and Billy Clinton.

These boys serve as a governing body and are present to help the other players if problems arise on or off the field. They are to promote better team work, an all-out effort, and the right attitude while participating in football.

Of all Texas wells ("wildcat and field development wells added together) drilled in 1961 about 35.3 percent were dry.

Texas drilling and well service firms employed 47,000 workers in 1961 with wages of \$247 million.

T-Bar Ladies Plan S. P. Tournament

All members of T-Bar Ladies Golf Association are requested to meet Tuesday noon, Sept. 11, at the club house and bring a sack lunch, according to Mrs. Macky Turner, president.

Purpose of the meeting is to lay plans for the annual South Plains Women's Golf Association tournament which will be held on the local golf course September 18, 19, and 20, preceded by the play day on September 17.

One-Day Tourney Set For Sunday

Handicap Tournament is to be held at the T-Bar Country Club on Sunday, September 9th. The entry fee will be \$1.50. Trophies will be awarded to the winners.

After the tournament an audible colored film of the "1962 Masters Tournament" will be shown.

CARD OF THANKS

I want to thank everyone for their prayers, flowers and get-well cards, also everyone who helped Vicki and me while Eva Mae and C. J. Renfro and Margaret Ann and Winford went to Knox City and brought Samie Jr. to Lubbock Hospital. Mrs. Samie Norwood. Itp

Air Conditioning experts agree... WATER cooling is BEST!

Youngsters learn mighty early about the cooling effect of water when the weather's hot. And air conditioning engineers know that water cooling is far more efficient than air cooling. The reason is simple . . . 85° water can absorb more heat from your home than 100° air.

That's why ARKLA-SERVEL Sun Valley's GAS air conditioners are WATER cooled! Water cooling, plus Sun Valley's "no moving parts" principle, gives you two big advantages unavailable with other air conditioners. One, a Sun Valley gives you CONSTANT EFFICIENCY, while air cooled units lose as much as 15% efficiency. Two, Sun Valley operating COSTS REMAIN CONSTANT, while air cooled equipment operating costs rise as much as 23%.

KING-SIZED FILTER
Sun Valley's double filtering capacity STOPS ALL HOUSEHOLD ODORS! It even tames cigar and fish odors, giving your home Spring-like freshness all year long.

NO MOVING PARTS
... in the heating or cooling cycles of the Sun Valley... nothing to wear out or break down! Sun Valley is year-around comfort for the mortgage life of your home!

CONSTANT EFFICIENCY
Sun Valley has no comfort-robbing friction to run up your operating costs. It doesn't cost a penny more to operate the Sun Valley for an hour when it's 115° than it does when the temperature is 90°.

SUN VALLEY
ALL-YEAR AIR CONDITIONER

SPECTACULAR BOBBY SPECHT stars in the "Paint Your Wagon" segment of the tuneless "Salute to Lerner and Loewe," just one of the 10 big productions and 20 exciting acts in the all-new show for the entire family; the New Faces 22nd Edition of Ice Capades—The Greatest Show on Ice Anywhere! coming to the Fair Park Coliseum in Lubbock on September 23, 1962.

Headliners On Fair Ice Show

Lubbock—The lilting tunes of two of Broadway's outstanding composers, Alan Jay Lerner and Fritz Loewe will come to life in "Salute to Lerner and Loewe" when the 22nd New Faces Edition of Ice Capades comes to the Panhandle South Plains Fair opening Sunday, September 23 at 3:00 p. m.

Selections from the current "Camelot," "My Fair Lady," "Paint Your Wagon" and "Brigadoon" all from the facile pens of the versatile musical team, will be featured among the ten lavish productions and 20 starring acts in the all-new ice extravaganza.

While the costuming for the four Broadway hits is on an exotic scale, the music itself is kept in delightful perspective. Selected from the most recent hit "Camelot" are the "Opening March," "Do What the Simple Folks Do," "Guinevere" and "Then You May Take Me To The Fair"; the latter three brought to popularity by the famous team of Julie Andrews and Richard Burton.

"My Fair Lady" adds its musical vignette with "Ascot Gavotte," "Wouldn't It Be Lovely," "Ballroom Waltz" and "I Could Have Danced All Night." The latter tune was sky-rocketed to hit parade stature by Julie Andrews playing opposite Rex Harrison. From "Brigadoon" will be heard "Jeanie's Packing Up," "Heather on the Hill," "Come to Me—Bend to Me" and "It's Almost Like Being in Love."

The early California setting of "Paint Your Wagon" enhances the familiar "Can of Beans," "I Talk to the Trees" and "There's a Coach Comin' In."

World Champion Aja Zanova, along with U. S. National champion Bobby Specht, headline a cast that includes the original Clown Prince, Eric Waite, the Three Bruises, the daffy duo Demko and Ben Gee, Sigrid and Gunter Koch, a new pair from Germany, plus new faces Grete Borgen and Per Kjolberg from Norway, Doug Austin, England's Dave Park and Jan Tors, two exciting teams, the

Grasses For Waste Land

Unfortunately the natural drainage for Lynn County is the lake area. These areas for the most part are unsuitable for raw crops such as cotton and grain sorghum and is normally wasted land due to prolonged flooding. According to the September issue of the Progressive Farmer, USDA tests in Oklahoma show that five of our common grasses are suitable for planting in locations that are subject to flooding. In these tests, bermuda grass, buffalo grass, switch grass, yam mesquite and prairie-cord grass withstood up to 20 days of flooding without

Goat Head Control

By Allen Wiese
 Biological control of puncture vine (goat head) with imported weevils is being studied by scientists at the U. S. Big Spring Field Station. First release at the Experiment Station was made August 2, 1962, as a cooperative federal-state effort with Mr. Robert Hawks, USDA, bringing the weevils by airplane from California, with Dr. Allen Wiese, weed control specialist, and Mr. Norris Daniels, entomologist, Texas Agricultural Experiment Station, Bushland, Texas, and Dr. Earl Burnett and Dr. James Box, U. S. Big Spring Field Station, collaborating.

Farmers agree that the common "goat head sticker" (puncture vine) is a costly enemy in terms of added cultivation. The puncture vine is not unknown to the urbanite's lawn, either. There are few mothers in the area who have not pulled a "goat head sticker" out of her child's foot.

Dr. G. W. Anglet of the U. S. Department of Agriculture had been in India prior to 1956 exploring for parasites of the oriental fruit fly when he noted the rarity of puncture vine in India

and made extensive observations on two species of weevils he found attacking it. His test and additional research established the safety in introducing a stem-boring weevil and a seed-boring weevil. These insects were shown to be entirely incapable of breeding on any plants other than puncture vine and possibly one of its very close relatives. Government officials then approved introduction of these insects. Puncture vine weevils were first introduced into California in 1961.

The greatest hazard facing these small beneficial insects is the passing of the winter period, much of it in the absence of its host plant. During this time, weevils hide out in sheltered spots, but they may move about considerably, dispersing widely from the areas where liberations are made.

The tour will start at the courthouse at 9:00 a. m. Everyone that can possibly come is urged to attend as the tour will be both interesting and educational.

According to an article taken from the August issue of Southwestern Crop and Stock, experiments conducted by soil scientists of the Agriculture Research Service at Big Spring showed that layers of compact soil just below tillage depth restrict plant root growth by stopping root penetration, not by restricting air or moisture supply from the roots.

It was first thought that poor aeration or reduced water transmission rate in compacted soil might be the cause of restricted growth when roots reached these layers. However, in the tests it was found that the air and water supplies in compact layers were adequate.

Compact soil layers are caused by driving farm machinery across cultivated fields or by repeated tillage at the same depth.

Grasses For Waste Land
 Unfortunately the natural drainage for Lynn County is the lake area. These areas for the most part are unsuitable for raw crops such as cotton and grain sorghum and is normally wasted land due to prolonged flooding. According to the September issue of the Progressive Farmer, USDA tests in Oklahoma show that five of our common grasses are suitable for planting in locations that are subject to flooding. In these tests, bermuda grass, buffalo grass, switch grass, yam mesquite and prairie-cord grass withstood up to 20 days of flooding without

REMEMBER: THE SAVINGEST MONTH IS SEPTEMBER AT YOUR RAMBLER DEALER'S

Month after month the '62 Rambler is setting new sales records. We're celebrating by offering the highest trades on the most popular Ramblers ever built.

Right now you can get the year's best buy on a new '62 Rambler—best seller in Rambler history—because it has extra-quality features not available in other cars costing hundreds of dollars more.

So come in for a real bargain while we still have a big choice of models and colors. But hurry—they're going fast.

CHOOSE FROM CONVERTIBLES, WAGONS, SEDANS

Rambler American—Unchallenged Economy King. Whole-family room—top quality—lowest prices, too. From \$4034* per month

Rambler Classic—Only car with the Best of Both: Big-car room and performance with small-car economy. From \$4370* per month

250 HP Ambassador V-8—Hottest performing. Luxuriously, spaciouly comfortable. 270 HP V-8 optional. From \$5266* per month

*Monthly payments based on manufacturer's suggested retail prices for models shown, with 1/2 down payment, 36-month contract with normal carrying charges, federal taxes paid. Does not include optional equipment, transportation, insurance, state and local taxes, if any. Prices may vary with dealer's individual pricing policy.

A New High in VISIBLE RECORD EFFICIENCY

Standard BOORUM & PEASE Visible RECORD BINDERS

With Conventional Type AUTOMATIC HINGE SHIFT

Standard Boorum & Pease Visible Record Binders reduce cost of record keeping, and enables the user to "put his finger" instantly on any item of classification desired. The improved Standard Boorum & Pease prong type Visible Record Binder is the most efficient equipment ever developed for the housing of records. It is compact, portable, and provides maximum visibility, greater flexibility, and increased accuracy. Automatic shift lock eliminates the possibility of covering up records as a result of accidental shifting. Durable construction of binder insures lasting security for records.

Champions' Rodeo Declared Success

The Championship Rodeo sponsored by Tahoka Rodeo Association and H-K Rodeo Co. of Snyder turned out a success in spite of delays caused by rain Friday and just preceding the Monday night performance, states Jack Miller, association president. Attendance was doubtless cut by the rains, although the stands were filled Saturday night. Mr. Miller said a profit was realized on the show.

The rodeo featured the top winners of the year in H-K shows over the Southwest, and therefore there were many top performances.

Outstanding was the 3.5-second record in steer wrestling turned in Monday night by Edd Workman of Lubbock, world champion intercollegiate all-round cowboy while attending Texas Tech. Workman was also the top money winner of the show here, taking home \$464.87 in purses.

However, Jim Brock of Lubbock went home with the honor of best all-around cowboy of the year in H-K shows.

Other top winners of the year determined as the local show came to an end were: Bareback bronc riding, Jim Brock; calf roping, R. E. Josey of Post; saddle bronc riding, Brock; steer wrestling, Ron Conaster of Snyder; team tying, Larry Howard of Big Lake; bull riding, Eddie Stewart of Post; girls' barrel race, Betty Fry of Abilene.

Everything was all set for the opening performance Friday, and a large crowd, including several sheriffs' posses, when the welcomed rain came that afternoon. First performance had to be put off until Saturday night.

The delayed parade, staged at 5:30 Saturday, was minus some of the color it would have had, still

was interesting. Tahoka and Wilson High School bands, Lynn and Dawson sheriffs' posses, several organization and business entries, and 100 horseback riders appeared.

Dawson County Posse was the trophy winner. Winners of the float prizes were: Lynn County Special School, first; South Plains Boys Ranch, second; and Tahoka Jaycees, third.

Saturday Winners
Winners in the Saturday night show were:

Bareback bronc riding: Jim Brock of Lubbock, first; Edd Workman of Lubbock, second; Bud Hamm of Andrews, third.

Calf roping: Edd Workman of Lubbock, 11.8 seconds, first; J. L. Sawyer of Garden City, 12.6, second; Jack Kirkpatrick of Post, 12.7, third.

Saddle bronc riding: Jim Brock of Lubbock, first; Ron Conaster of Snyder, second.

Girls' barrel racing: Betty Fry of Abilene, 19.3, first; Linda Merriott of Stamford, 19.7, second; Wanda Sue Koonsman of San Jon, 19.9, third.

Steer wrestling: Eddie Stewart of Post, 6 seconds, first; Ron Conaster of Snyder, 6.7, second; H. C. Zachary of Lubbock, 10.8, third.

Team tying: Billy Winn of Brownfield and Polly Rushing of Plains, 18 seconds, winner.

Bull riding: Pete McKee of Abernathy, first; Eddie Stewart of Post, second; John Koonsman of Snyder, third.

Friday Winners

A light shower late Monday evening caused a somewhat disappointing turn-out for the delayed second performance, but the estimated 500 guaranteed success of the show.

Following were the Monday night winners:

Bareback bronc riding: Workman, first; Stewart, second; Cecil Richardson of Abilene, third.

Calf roping: Workman, 11.9 second, first; Buck Craft of Post, 14, second; Sawyers, 14.6, third.

Saddle bronc riding: Workman, first; Brock, second.

Girls barrel racing: Betty Fry, 19.1, first; Linda Merriott, second; Ethel Martin of Tokio and Wanda Sue Koonsman, tie for third.

Steer wrestling: Edd Workman,

Farm Facts

Americans in 1961 spent \$15 billion on beef, pork, veal, and lamb. That was about a fourth of all money spent on food and added up to \$277 per family.

This news comes from the Economic Research Service of the U. S. Department of Agriculture which notes that we spent more on meat than on household utilities, television sets, and radios combined.

In the early 1920's the annual meat bill per person amounted to about \$34 for 134 pounds of meat. In 1961 it was \$90 for 161 pounds.

Only 4.5% of our take-home pay, however, was needed for meat in 1961, as compared with 6.7% in the 1920's. About half the meat dollar goes for processing and marketing, though this varies depending on the type of meat.

There are two important reasons for a drop in the percentage of income spent for meat. As consumers earn

more, their buying is more diversified. The percentage spent on meat declines although dollars spent increase. Second, due to greater efficiency, farmers are able to provide more meat to consumers at a reasonable price.

Religion In Britain Is Discussed By Visitor In Tahoka

By: Paul Bartlett

Every person living in Britain possesses the right of religious freedom. The individual may choose his own religion and teach, worship and observe his faith without interference. This freedom of conscience in religious matters came about gradually from the seventeenth century onwards.

The Church of England is the established church, having a baptized membership of about two thirds of the population of England. It was created at the Reformation in the sixteenth century. The supremacy of the Roman Catholic Pope was rejected but doctrines were based on the historic episcopate, creeds and sacra-

3.5 second, first; Conaster, 8.1, second.

Bull riding: John Koonsman of Snyder, first; Pete McKee of Abernathy, second; Don Weathers of Big Spring, third.

Team Tying: Boyce Hart of Guthrie and Dave Evans of Meadow, 15.9 seconds, first; N. A. Pitcock and George Frazier of Aspermont, 17.8 second; Jerry Dean of Lovington, N. M., and J. D. Armstrong of Big Lake, 25.5, third.

Announcer for the show was Troy Manning, a professional rodeo announcer, and clown was Boyce Hart of Guthrie.

Many workers put in a lot of time to make the rodeo a success, according to Jack Miller, association president. Oran Short was arena director, Son Guinn flag judge, Mel Leslie and E. L. Short tieing judges, and R. E. and Clovis McElroy, secretaries.

Vice President Jerry Church was parade marshal and assistant arena director.

Workers behind the scenes included Dub Powers, Dock and Don Dockery, James Gage, Harold Rowe, Jake Dunlap, Wendell Inman, Tommy Young, Travis Inman, Billy Miller, and others, and also the Jaycees and Fire boys, who sold tickets and parked cars.

ments. The Church of England thus contains both Catholic and "reformed" characteristics.

The Church of England is organized by geographical areas. Two provinces, each under an archbishop (Canterbury and York), are divided into 43 dioceses (each under a bishop). In turn dioceses are divided into parishes. These numbered 14,636 in 1959.

There is a unique relationship in Britain between the church and the crown. The queen is the governor of the church. At the coronation ceremony, performed by the Archbishop of Canterbury, the queen promises to uphold the Church of England (to which she must belong). She appoints all Church of England archbishops, bishops, and other senior ecclesiastical dignitaries on the advice of the Prime Minister. All clergymen take an oath of allegiance to the Crown. A bishop owes his consecration to the church, but his right to exercise spiritual responsibilities in a particular diocese to the queen.

The church is linked with the government through the House of Lords, in which the two archbishops and 24 senior diocesan bishops have seats. This ensures that the point of view of the church is considered when a law is passed through Parliament. The House of Lords acts mainly as a revising chamber, most legislation being initiated in the House of Commons. Members of the House of Commons, appointed by general election may not be clergy of the Church of England, Church of Scotland, Church of Ireland or Roman Catholic Church.

My home Parish Church holds three main Sunday services—Holy Communion, 8:00 a. m., Morning Prayer, 11:00 a. m., and Evening Prayer, 6:30 p. m. This is quite a typical arrangement. Additional services are held on Sundays and weekdays depending on individual circumstances. Children receive instruction at weekly Sunday School classes. Bible study and prayer meetings are arranged for worship follows the Book of common Prayer throughout England individual churches may develop "high" or "low" characteristics. Responses that may be said in a sitting position in a "low" church may be sung or chanted while the congregation stands or kneels in a "high" church. and beliefs closely resemble those of Protestant Episcopal Church in this country. These are unestablished Anglican Churches in Ireland, Scotland and Wales. A conference of bishops representing all such members of the Anglican Communion throughout the world is held every ten years.

The established church in Scotland is the Church of Scotland, presbyterian in government. This means that in contrast to the Church of England all ministers are of equal status but there is a hierarchy of courts. Each court consists of elected ministers and elders. The Queen is represented at the highest court by the Lord High Commissioner.

A number of "nonconformist" or "Free Churches" exist, the main ones being the Methodist, Baptist and Congregational Churches (adult membership approximately 728,600; 321,000; and 211,300 respectively) and the unestablished presbyterian churches throughout Britain. In addition there are a number of smaller protestant churches and religious associations in the country. There are about five million members of the Roman Catholic faith living in Great Britain.

Average depth of wells drilled in Texas in 1961: 4,512 feet.

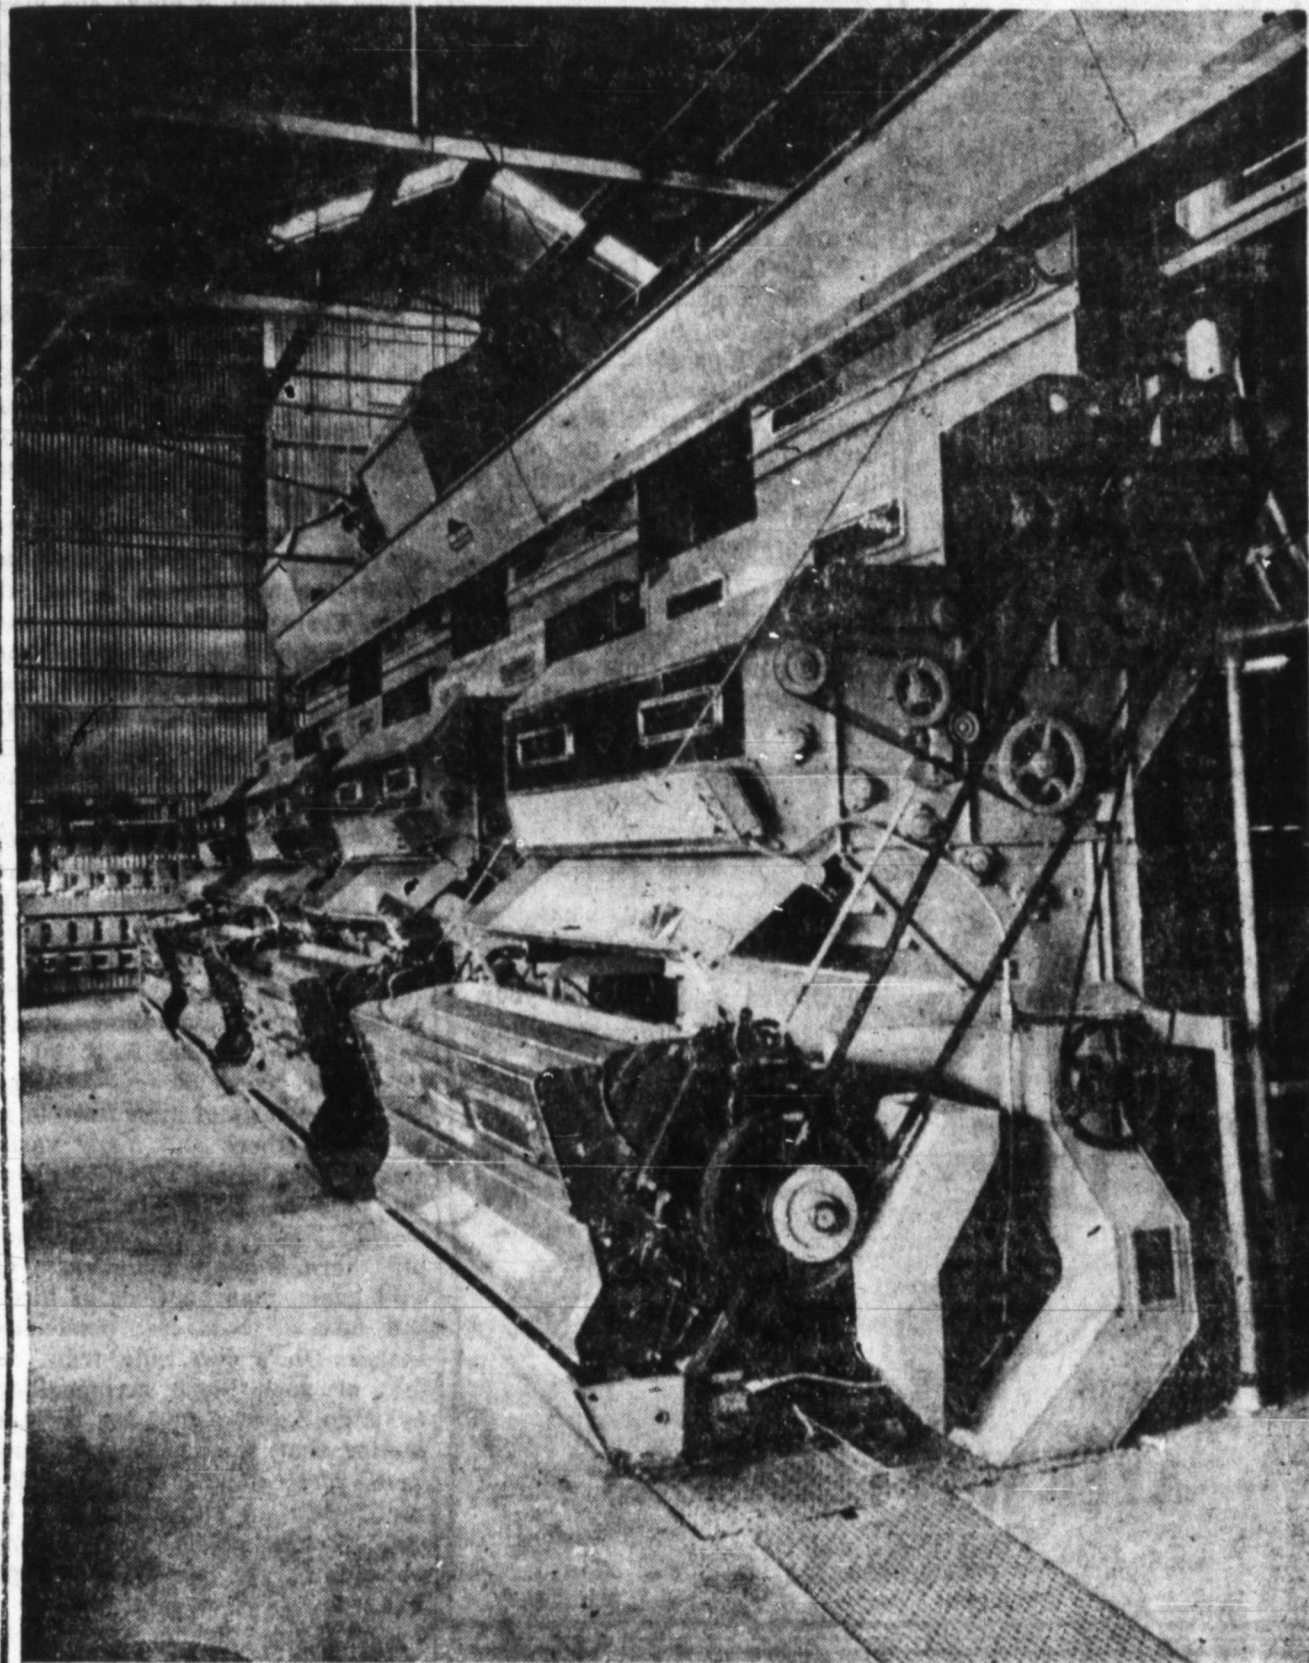

COTTON FARMERS--

One-Stop Service

WHEN YOU GIN AT THE

Farmers Co-op Assn. No. 1

TAHOKA, TEXAS

Check These Advantages--

- ➔ 1. The most modern machinery available maintained at top efficiency to give your cotton the proper cleaning and drying that it deserves.
- ➔ 2. Trained and experienced personnel in the Gin, Office and Station to take care of your individual needs.
- ➔ 3. Mexican National labor, available to pull your cotton, if you so desire.
- ➔ 4. Cotton burrs put back on your farm land can be arranged.
- ➔ 5. Your cottonseed will be crushed at the Plains Co-operative Oil Mill.
- ➔ 6. Your cotton handled and stored at the Farmers' Co-op Compress.
- ➔ 7. Marketing Service available for your cotton with Plains Cotton Cooperative Association.
- ➔ 8. If you grow cotton you get the SAVINGS made by these Farmer-Owned Cooperatives.

Mrs. Hubert Tankersley Writes Of Vacation Trip To Pacific Coast

Mr. and Mrs. Hubert Tankersley, daughters Sheila Kay and Mrs. Jack Stark, and granddaughter, Robin Stark, returned Saturday from a vacation through eight states including New Mexico,

Colorado, Wyoming, Idaho, Montana, Washington, Oregon, and Utah, and five National Parks.

Mrs. Tankersley has written the following description of their trip.

The first night, Aug. 17, was spent in Denver with Mr. and Mrs. Joy Dowd and family, long-time friends of the Tankersleys.

From there to Cheyenne, Wyo., where Hubert was stationed with the U. S. Cavalry from 1925 until 1929. Then on to Dubois, Wyo., located on the beautiful Wind River. Dubois, with its many red rock formations, is known as the Rock Capital of the World.

The next day, Sunday, was spent in the Teton and Yellowstone National Parks. After spending the night at Gardner, Mon., just outside the north entrance to the Park, we traveled all the way across the state of Montana, where we saw vast ranches, and on to Glacier National Park which extends into Canada. Glacier Park, like its name, is famous for its many huge glaciers and beautiful waterfalls.

The next point of interest was the Coulee Dam, located between Spokane and Seattle, Wash., sometimes designated as the Eighth Wonder of the World, an this was a most wonderful sight to see.

We arrived in Seattle Wednesday, Aug. 22, for a visit with Mr. and Mrs. Bill Darby and family, former Lynn county residents. The Darbys took time off to show us many places of interest including the World's Fair, with a trip

be Eugene O'Donnell at end, David Burgamy, 144 pounder at half-back, Dan Hobgood, Arlin Ryals, Gary Gillit and Jerry Kindred will handle the line duties for—the Tigers.

Tyer figures his strongest points will be his tackles and backfield, barring injuries.

The Tahoka ball club will be possibly the most aggressive and spirited group to be seen around Kelly field in quite a while. Coaches Hough, Easterday and Fitts have had the boys working hard in an effort to start the season out on the right foot. The test will begin Friday night at 8 p. m. and from the looks of things the Bulldogs will be ready.

to the Observation Tower of the Space Needle, soaring 518 feet above sea level, a bird's eye view of Seattle, a beautiful view of Pudget Sound and Mount Ranier, also a look at Glenn's space capsule.

We enjoyed a trip to Mount Ranier National Park, which was beautiful with its many waterfalls, wild flowers, bear, deer, and the always snow-covered peak.

Another trip was to the U. S. Naval Yard at Bremerton, where the world's largest dry dock was seen, and a trip aboard the Battleship Missouri to see the spot where the peace treaty was signed ending World War II.

Another sight was a trip to West Port and the boat dock to watch the-boats bring in the salmon. From this port, Hubert and Bill went deep sea fishing and had real good luck until Hubert was overcome by sea-sickness, ending his fishing for the day.

One of the most interesting and beautiful of all the parks was the Olympic, located about 300 miles northwest of Seattle. A hike down the Nature Trail through the River Hoh Rain Forest is an undescrivable thing of beauty, with its huge moss-draped trees, mostly Sitka Spruce, sometimes reaching a height of 300 feet and a circumference of 50 feet or more. Seventy species of moss have been identified there and many varieties of fern, some varieties growing to a height of six feet. The world's largest cedar tree is growing there and an abundance of wild game, many species of birds and insects but no poisonous snakes. On a two mile trip on foot or pack horse accompanied by a guide, one may see a huge glazier that reaches several hundred acres and a depth of 900 feet. With an annual rainfall of 130 to 150 inches, the growing conditions are almost sub-tropical.

En route home, we came through the Wenatchee Valley, which is world famous for its fine apples, then on through Portland, Oregon, to the scenic Columbia River highway, the river being noted for its huge waterfalls.

We saw many hydrangeas growing along the highways in Washington and Oregon. Also, we saw vast wheat fields through both states. Then, on through Idaho, more apple and peach orchards and lots of dairy cattle.

We spent Thursday night in Salt Lake City, visited Temple Square, heard the huge pipe organ in the tabernacle, and also enjoyed the museum there. The next morning, as we were getting out of bed, an earthquake occurred but little damage was done in Salt Lake City.

Friday, we traveled for miles through the Ute Indian Reservation in Utah, saw the Arches National Monument which contains more natural stone arches, bridges, windows, spires and pinnacles than any other known section of

Revival ...

ing worship this Sunday, there will be an all-church fellowship in the Fellowship Hall of the church. Rev. Corbet will direct this period of Christian-fun for all ages.

Another highlight of the revival will be the observance of Youth Night on Saturday. The message for the evening is to be directed toward young people. A Youth Fellowship will follow the service.

Rev. Corbet is a native of Shreveport, Louisiana. He is a graduate of Baylor University and Southwestern Baptist Theological Seminary. His pastorates have included three years at Peoria in Hill County and three years as associate pastor at the Engleside Baptist Church in Shreveport. For the past six years, he has served as pastor in Maplewood, Louisiana, near Lake Charles.

He and his wife, the former Jo Anne Bennett of Tahoka, are now living in Lubock. Rev. Corbet has recently resigned his pastorate in Maplewood to devote full time to conducting Bible study revivals.

Applicants Needed For Peace Corps

Volunteers with farm backgrounds, rural youth, or vocational training in Agriculture, as well as those with more advanced agricultural training, are being requested through the Peace Corps for service in the Dominican Republic, Senegal, Nigeria and Morocco, says W. B. Griffin, Agricultural Extension Agent for Lynn County.

Selection for Peace Corps Volunteers to serve in these areas will begin soon. In the Dominican Republic, those selected will be assigned to community development work, rural youth work, livestock improvement, conservation and as Cooperative Assistants. Those assigned to Senegal, Nigeria and Morocco will work in Agricultural Extension, soil conservation, pasture improvement, irrigation, and livestock and dairy improvement. Training for these projects will begin this fall.

Peace Corps projects in these countries present the opportunity for American farmers or people with agricultural backgrounds and training to engage in general extension work, youth activities, and specialized areas in new and challenging surroundings.

The Peace Corps provides all expenses for persons who are accepted for service. This includes transportation, housing, clothing, food, medical care, and incidentals. Volunteers also receive \$75 per month for each month's service, or a total of \$1800 after two years' service.

All persons in Lynn County interested in applying for Peace Corps service in the above mentioned areas should contact Griffin at his office immediately.

MRS. WALDRIP TEACHING
Mrs. D. S. (Jack) Waldrip has resigned her position as manager of the Rose Theatre to accept a position as teacher in the second grade at South Elementary School.

the nation. The next stop was Cortez, Colorado, where we spent the night, then on to Ruidoso, N. M., where we spent the night in our cabin, and on to Tahoka Saturday afternoon, a little weary from the 6,000 mile journey but with many happy memories of a wonderful vacation.

The Bill Darbys, mentioned above, lived in Tahoka during the late 1930's, he being a ginner at Farmers Co-op when Claude Donaldson was manager. He also farmed at West Point. Since leaving here, they lived a short time at Matador and Roaring Springs, but soon went to Bremerton, Wash., where he has worked for many years as a steel cutter in the U. S. Naval Yard. A daughter, LaWayne, and family live in Seattle; and another daughter, Mary Ellen, and family live in California. They sent greetings to all their old Lynn county friends.

Gordon-Southland

(By Mrs. Jesse Ward)

A bridal shower honoring Miss Ross Dunn of Lamesa was held in the home of Mrs. Pat Taylor, Saturday evening.

The table was covered with a white cut work cloth over yellow. The center piece was composed of yellow roses and yellow candles. The color scheme of yellow and white was carried through out the decorations. Appointments were of milk glass.

Hostess were Mrs. Jay Oats, Sam Ellis, Agnes Richer, Happy Beavers, Dave Seiwert, Pete Lancaster, Ivy Basinger, F. W. Call-Dables, Pat Taylor and Louis Davidson.

The hostesses gift was an electric perculator. Carolyn Sue Kaysinger, who has been in Albuquerque, N. M. attending business school, has returned.

Mr. and Mrs. Mitchell Malouf Jr. of Plainview was a visitor of her aunt, Mrs. Donald Pennell, Thursday of last week.

The Southland W. M. U. and other friends sent Mrs. Frielock, who is ill in the Taylor Hospital in Lubbock a Sun Shine Box.

Mr. and Mrs. Kenneth Daries left Friday for Phoenix Ariz., to take their niece and nephew, Marilyn Locklear and Mike King to meet their parents.

Mrs. Erleie Boyd and daughter and son-in-law, Mr. and Mrs. Donnie Ragland spent Sunday with their mother and grandmother Mrs. Ivy Basinger.

Mrs. Thelma Burkett, Mrs. Hub Haire, Mrs. Richard Lewis and Mrs. Carl Chilcoat attended the Order of Eastern Star Friendship night in Slaton, Friday.

Mr. and Mrs. Robert Lee Hagler returned from their vacation last Wednesday. They went to the Black Hills, South Dakota, Yellow Stone Nat. Park and Salt Lake City.

Mr. and Mrs. Mike Hogue and Ellen of Dallas visited his cousins, Mr. and Mrs. R. L. Hagler and Velma last week.

Mr. and Mrs. Noble Wynn spent the week end with their daughter and son-in-law, Mr. and Mrs. Steve Dearth and Becky in Amarillo.

Mr. and Mrs. John Gilliam of Ozona spent the week end with her parents Mr. and Mrs. Robert Lee Hagler and the Don Clays.

Mrs. Thelma Burkett spent Wednesday night in Lubbock, with Mrs. Hattie Burkett.

Mr. and Mrs. T. J. Dubb and children of Levell came down Tuesday morning. Her parents, Mr. and Mrs. W. P. Lester went to see Six Flags Over Texas. Mrs. Lester remained in Grand View to visit with her sisters for a few days.

Mrs. Ronald Huddleston of Dallas underwent emergency surgery two weeks ago. Mrs. Mutt Huddleston has been down there the past two weeks. Mr. Huddleston left Sunday for Dallas to bring Mrs. Huddleston home.

Mr. and Mrs. Robert Hagler, Mr. and Mrs. John Gilliam of Ozona, and Mrs. Susie Bradshaw were dinner guest in the home of Mr. and Mrs. Don Clary Sunday.

Miss Jerrie Lynn Huddle returned last week to Albuquerque, New Mexico to resume teaching duties.

Mrs. Myrtle Green returned home in Lubbock after spending ten days in the home of Mrs. Thelma Burkett.

Mrs. Stanley Smith and Deborah spent a week with her parents, Mr. and Mrs. Jesse Ward. They were joined by Stanley Smith Tuesday to return home Wednesday.

Mr. and Mrs. Bobby Jack Trim-

bie and Grace visited in the home of Mr. and Mrs. Donald Pennell recently.

Rev. and Mrs. W. L. Minor are back home after a two week leave. He has been holding a revival in Mena, Arkansas and she was visiting her mother at Greenville, who was ill.

Mr. and Mrs. Jerry Harlan Slaton visited Mr. and Mrs. Kenneth Calloway Sunday.

Mr. and Mrs. Larry Alford Petersburn are announcing the arrival of a daughter, Jennie All-

ine, born Friday, August 31st at 6:35 a. m. weighing 6 lbs. and 14 ounces. Mr. and Mrs. Sam Ellis are the grandparents and Mrs. Ivy Basinger is the great grandmother.

This country was visited by a very welcome visitor, a fine rain last weekend.

Mrs. Jack Burkett, Jan and Jackie spent the weekend in Lubbock with her parents, Mr. and Mrs. Bryan Landers.

Oil is produced in 196 Texas counties.

Little Miss America will demand "ruffles" this fall

Handsomely styled quarter-inch check, 100% cotton, crease-resistant and drip-dry gingham dress. Self bias ruffles around the neck and down the front to the hem... with fitted sleeves, having ruffled edges; sleeves, neckline and front are accented with a tracing of solid matching piping. Covered buttons go completely down the front and there is a matching color belt. The skirt is full gathered and the belt is made without eyelets, thus eliminating pulled holes. The double bar slide buckle eliminates soap and slipe. Colors: brown, red and black. Sizes 7 to 14.

Lynn County Farm Income For 1961 Nearly Double Average For Nation

(Special to The News)
New York, Sept. 3 — For the average farm in Lynn County, 1961 was a better year than it was for farms in most parts of the United States.

With increased output, made possible by improved production techniques and modern equipment, local farmers have been able to compensate for the reduction of acreage involved in the Government's surplus crop programs. Their output per acre was higher than it has ever been. The details are contained in the annual survey made by the Standard Rate and Data Service, covering every section of the country.

It shows that gross receipts from farming in Lynn County during the past year came to

\$26,027,000 before deducting operating expenses.

Related to the number of people on local farms, this represented a gross income of \$4,647 per capita.

It was a better result than was attained in most parts of the United States, the average being \$2,926 per capita. It was also above the State of Texas' \$3,748.

The income figures, it is explained, consist of cash receipts from farm marketings, Government payments and the value of home-grown products that are consumed on the farm.

A breakdown of the receipts from the sale of farm goods locally, based on figures from the Department of Agriculture, show that 94 percent of the returns were from crop marketings and 6 percent from sales of livestock and livestock products.

Nationally, the report shows, farm incomes were higher last year by well over a billion dollars. Although a certain amount of this was accounted for by a slight rise in prices, much of it was due to increased Government payments to farmers for retiring part of their acreage to reduce the output of certain crops.

However, with farms growing in size and in efficiency, the output remains as high as before.

Commercial farmers and livestock raisers are putting their available cash into additional acreage and into tractors and other implements so as to get maximum yields. The farm machinery industry, as a result, is reporting sales increases of five to ten percent over those of a year ago.

Don Renfro With Fort Worth Firm

Mrs. Donald (Linda) Renfro and little daughter, Christi, left Saturday for New Mexico to visit her sister, Mrs. Dale Willhoit, before moving to Fort Worth to join her husband who has accepted employment with Rexall Drug Company.

For the past several months, Linda has been employed by The News as society editor and book-keeper.

JOHNNY LOVELACE
Texas Tech Quarterback

Coach Berl Huffman Tells Of Tech Football Prospects For This Fall

Berl Huffman, baseball and Freshman football coach at Texas Tech, outlined the Red Raiders prospects in football for the coming season Thursday last week in an entertaining talk at Tahoka Rotary Club.

He declared Texas Tech has a lot better personnel this year than last, because better depth is available in every position. However, this does not necessarily mean the club will win more games than last year, when a very thin group of available top-notch starters did an unusually good job.

Due to the new program in giving the boys guidance in their academic work, only four boys of 150 on athletic scholarship have been lost because they failed to pass their class work. One out of 17 boys on athletic scholarships was valedictorian of his high school class.

He said a boy no longer can get an athletic scholarship on his ability in some field of sports alone. He must also have academic ability and moral character and stability. "We are trying to put on a program that is dignified and respectful," he declared.

Correcting a mistaking impression, Huffman said that no state tax money goes for the support of athletics in state colleges. Sports have to make their own way financially, and the only income is from gate receipts and contributions from the Red Raider Club.

As usual, Huffman injected a lot of humor into his talk.

Tahoka High's athletic department members, Jake Jacobs, Gilbert Hough, Mill Fitts, and Dave Easterday, were guests.

The program was arranged by Horace Rogers, who introduced the speaker.

Don Browning announced that the club's friendship program of free coffee to out-of-county visitors is going well, but he asked cooperation of Rotary members and business people in helping put over the program. Signs have been erected on the highways advising travelers they will be served coffee free if they stop in Tahoka.

President Calloway Huffaker announced the Sweetwater Rotary Club had advanced \$20.00 to credit of the Tahoka Club in Rotary Foundation in appreciation of a talk recently made at that club by Dr. Emil Prohl.

Mark Wyatt New Loan Secretary

Mark Wyatt, born and reared here, was recently promoted to secretary-treasurer of Brownfield Savings & Loan Association, according to the president, J. O. Gillham.

Mark is the son of N. M. Wyatt, attended school here and in Snyder, graduated from Texas Tech with a bachelor of business degree, and served as a first lieutenant in the Army Medical Corps. Before going to Brownfield last January 1, he was with R. H. Fulton & Co. of Lubbock.

He is married and has two daughters, age 4 and 3, is a member of Brownfield Jaycees, Credit Managers Club and First Methodist Church.

His dad, N. M. Wyatt, reports he has 11 grandchildren. Mr. and Mrs. Richard (Leta Frances) Young have two children, live in Lubbock and operate the Hokus Pokus drive-ins; Mr. and Mrs. Gregg (Betty Ruth) Bell have four children, also live in Lubbock, and he is with Casey Carpet Co.; and Mr. and Mrs. George (Nell) Morris live in El Paso, have three children, and she is still a physical education teacher in the schools there.

Farm Bureau Men Win Free Trips To Biloxi, Miss.

Local Farm Bureau Service agents recently returned from an all expense paid trip at the Buena Vista Beach Hotel in Biloxi, Miss. Agents winning the trips for themselves and their families were Charles Reid, Tahoka; Jimmie Schneider, Wilson; and C. J. Falls, special agent for East Terry and West Lynn counties.

The agents were gone approximately a week.

The contest was sponsored by the Southern Farm Bureau Life Insurance Co. and the agents compete on an incentive plan. The outstanding salesmen are chosen from the many agents in a seven state area.

This district proved to be one of the outstanding in the area with 15 men qualifying for the trip. Only three were chosen.

Have News? Phone 998-4886.

Happy Smith Finds Old Document

While rummaging through some old papers recently, Postmaster Happy Smith found a warranty deed filed on Sept. 13, 1906, from B. G. Sweet and L. E. King of Brown county transferring title to a lot in Tahoka to A. S. Coughran.

Written in longhand, the deed was placed on record by County Clerk S. N. McDaniel. The document indicates that Coughran paid \$30 for Lot 2, Block 43.

Sweet and King are the men who established the first store here in 1903, and were instrumental in organization of the town and county. They soon sold the store to J. S. Wells, and returned to Brownwood, from which place they came to Lynn county.

Mr. and Mrs. Keith Connolly of Denver, Colo., were here last week visiting his mother, Mrs. Myrtle Connolly, and other relatives.

25%
DIVIDEND
TO ELIGIBLE
TEXAS MOTORISTS

That's right, Texas policyholders have come to expect dividend savings from State Farm Mutual's famous 6-month policy. Nine out of ten policyholders have saved more than \$30,000,000 over the past 27 years. State Farm's present 25% dividend rate makes the actual cost of car insurance lower than that of most other companies. For more complete details see me soon:

Printer's Ink-lings

By F. P. H.

Tahoka Jaycees deserve commendation on their three-day "coffee stop" program to spotlight attention of traffic safety and also on our town. While manning the coffee stations, the boys also found time to help out at the rodeo. This fine organization is set up only for two purposes—fellowship for young men and service to their town.

Speaking of the Jaycees reminds us of an experience Sunday of Mrs. Graham Tyler. In town on Sunday, her car went dead. One of the Jaycees tried to help her get it started, and on failing he offered to take her home without asking the distance. He cheerfully took her home, 16 miles out in the country. The young man was W. H. McNeely, farmer and Jaycee. "Such a kind act makes one glad to live among such fine people," Mrs. Tyler declared.

The Rotary Club has initiated a long-term "coffee stop" program, has erected signs on the highways

telling motorists from out of the county that they can get coffee free in Tahoka, with the Rotary Club picking up the tab. Cafes and drug stores are cooperating. Other business men, as well as Rotarians, are asked to greet visitors they see in the coffee shops wearing the match-cover guest badge, and make them feel welcome. There have already been some fine responses. One man from a distance said he had never heard of any such friendly act.

The fact that organization and publicity really paid off in the recent Lynn county Sabin polio immunization program becomes more evident when Lynn's 86 percent turnout of 9,400 people out of a 1960 official population of 10,914 is compared with some other counties. Floyd county with 12,369 people had only 5,419, or less than 50 percent turnout. Cochran county with a population of 6,417 had less than 3,000 to receive the first dose. Yoakum county, 5,649 out of a total of 8,032 people took the vaccine.

Are we becoming a nation of conformists? Do we go along with the crowd in order not to offend friends or because such a line of action is popular? Are we becoming a people who fail to think for ourselves, to stand for principles of our own? Tests made by a psychologist at Ohio State University seem to indicate such is true. The college prof says 30 to 40 percent of the people will agree to something they know to be wrong just to conform. When money is involved, he says, the percentage of people who will give the wrong answer (lie) rises to 70 percent. Maybe this is what is coming out of our politicians—stand for anything that gives the politician's political advantage. We've even heard it said a few farmers will tell little fibs to get

THE AMERICAN WAY

Always—the Forgotten Man!

federal money, a few unemployed will prevaricate to get unemployment checks, and even a few old folks stretch facts a little to get an old age pension.

Rome burned while Nero fiddled! Soviet Russia builds up a Communist state in Cuba, 90 miles from the U. S. shores while politicians dilly-dally and make excuses. What became of the Monroe Doctrine? The longer we wait, the softer we talk, the rougher it will be. We don't know exactly what should be done now; but we think we know what should have been done a year, or two years ago. In the first place, we should never have encouraged the Castro rebels to overthrow Batista. We are also pretty certain our State Department has been missing the boat for 20 or 30 years.

Just to cite a few examples, we messed with Cuba's internal affairs and the Communists took over; we stuck our nose into internal affairs of heathen Africa, and the Communists are taking over there; we aroused Britain's ire by our influence in Egypt; our interference with their colonies has caused The Netherlands, Denmark, Belgium, Portugal, and France to become cool in their once great friendship for the United States; neither the Arabs or the Israelites like us very well; we pour billions in aid to India, and this poor nation's leaders put us on the auction bloc as opposed to Soviet Russia. The meddling of our State Department and other government agencies is getting us in deeper trouble all the time.

Have News? Phone 998-4888.

The present interest on our national debt is \$17,960 every minute of every day and night.

We'd like to express thanks to Mrs. Herman Renfro for three copies of the Anchorage (Alaska) Daily Times, to Joe D. Unfred for copies of the Boston Daily Record and Brattleboro (Vermont) Daily Reformer, to Mrs. Viola (Ellis) Bleimeyer of El Paso for copies of the Christian Beacon, Mrs. R. E. Bagby for a copy of the Durango (Colo.) Herald, and some unknown reader for a copy of the Bay City Daily Tribune. We enjoy taking a look at papers published in other parts of the land.

Mrs. Viola Ellis Bleimeyer, 3420 Louisville, El Paso, member of a Lynn pioneer family and a former county official writes: "Must let you know how much I enjoy the dear old Lynn County News. I have always said (and don't I have the right?) that the best people in the world live in Lynn county. And I might say in reminiscence through the years I've been away have experienced many nostalgic moments. It's wonderful to keep in touch through The News. I talk with Inez (Weatherford) Williams on the phone. She is employed at Austin High School, three blocks from us, but we never see each other! What is time?"

Another old Lynn county boy, Lewis Manley, now living down at Abilene, writes: "We enjoy hearing from old friends up there and especially enjoy the Printer's Ink-lings. Keep up the fireworks, we need more of it."

Gerald Wayne Tippet, 200 West 57th, New York City 19, Tahoka's gift to the TV world, writes that he enjoys The News and sends along this story:

JFK asked Bobby to look around for a suitable burial site for him (JFK). Bobby reported back a week later and said, "Jack, I've found the perfect spot. It's high on a hill, in a prime location overlooking all of Washington, and it's only \$16,000 for the land." Jack said, "What! No burial site is worth \$16,000. That's ridiculous!" Bobby replied, "Yes, but after all, you are the President of the United States and will go down in history and will need a high-class burial site where a nice memorial can be built." To this, Jack replied, "But, Bobby, you don't understand. I'm only going to be there for three days!"

Life is an everlasting struggle to keep money coming in and teeth and hair from falling out.—Santa Fe Magazine.

Lady driver: "Just look how close that idiot is driving in front of me."

Proof that man descended from some type of animal lies in the fact that half the world goes steps while the other half pussy-foots.—Doc Anklam in Gilcrafter. Some people are too busy building a better community to criticize—others do nothing to better our home town but seem to enjoy criticizing those who are trying to do things.

And, why is it so many people seem to enjoy hearing the bad things about a fellow-townsmen and passing them on to others?

First Texas oil well was drilled near Naogdoches in 1866.

Letters From News Readers—

(The News welcomes letters from its readers on any current subject, not libelous, of course. All communications must be of reasonable length and must be signed. On request, the signature will not be printed. The Editor.)

Editor, The News: Doubtless, a number of your readers have observed several outbursts of "sour notes from the off-key instruments in Secretary of Defense McNamara's Band" all along. But, do they know about the "Director of Religious Affairs" in the Office of Civil Defense?

For those who may not know of this new office and its functions and who heads it, this word: The director is Fred W. Kern, and from his speech published in "Living Church (Episcopal Journal)" several months ago, I will give a few quotes. But, first note this: The Office of Civil Defense is a military branch in the President's cabinet. Mr. Kern's speech was divided into "three parts," namely: "Our right attitude to be assumed"—the Government, NOT the Bible, tells us what the right attitude must be.

Next, all the clergy must register with the Office of Civil Defense. He says: "If they want to preserve their freedom of religion and their freedom to administer to the dying and to the distressed, it will be necessary for them to register with the Civil Defense

From a post card: Three-fourths of the earth's surface is water and one-fourth is land. Therefore it is clear the Good Lord intends that a man should spend three times as much time fishing as he does working.

Organization." How about that? In our country of religious freedom it seems we have gradually voted away that cherished freedom. Must we so stifle our conscience and ignore Bible teachings that we can't practice Humanitarian and mercy principles without permission from a government bureau?

In his point three, Mr. Kern says: "Inasmuch as churches are established throughout the nation and possess more physical properties than any other category of society, it is expected that these resources will be in demand by state authorities." He further says, "If a minister who is not registered with the office of C. D. tries to enter a disaster area, even if he is wearing ecclesiastical clothing, etc., he will not be allowed.—If he insists he will find a shotgun in his belly." There, you have it! If we thought this could not happen in America, it is time to wake up—it has, already happened. You

don't like it? Neither do I. These are excerpts from a longer article in a religious weekly that comes to me. But this is enough to cause us to flood our Senators and House members with letters of protest against this and a lot more similar stuff.

When Texas motorists drove 131 million miles a day in 1961, one person was killed every three hours and 47 minutes, a traffic crash took place every 97 seconds, a traffic injury was recorded every three minutes and 58 seconds, and the economic loss averaged \$677 every minute.

Deadliest day in 1961 traffic came on December 22, when 23 persons met death by automobile in 15 fatal wrecks on our streets and highways. It was the deadliest day since November 14, 1959, when 24 persons were killed in traffic.

John King Passes Bar Examination

John King, spring graduate of the University of Texas School of Law, received word last week end that he had passed the law examination he took immediately following completion of his law education.

John, the son of Mr. and Mrs. Elbert King, is currently working in the office of Judge Meade F. Griffin, Texas Supreme Court justice, in Austin, a choice appointment for a young lawyer.

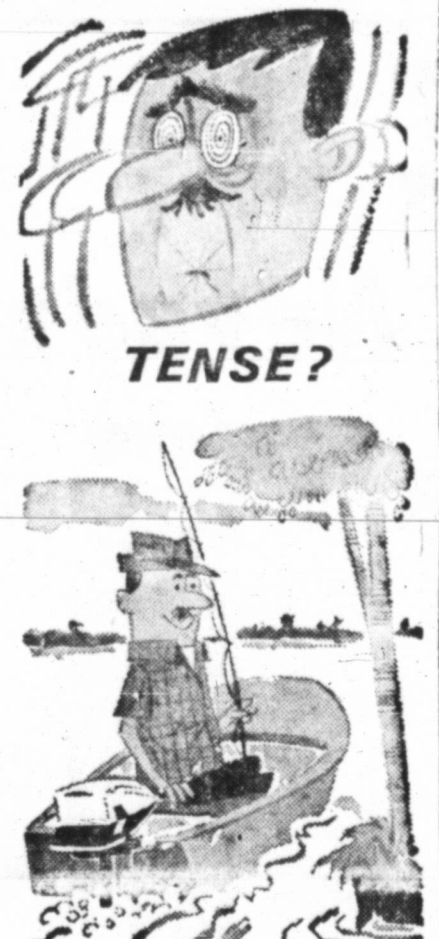

Mrs. King says John felt he had passed the tough examinations, but since about 25 to 30 percent of those taking the tests fail on the first try and he couldn't keep from being a little nervous.

SMALLPOX VACCINATION

Within a period of 5 months five importations of smallpox into England resulted in 70 cases with 20 deaths. Two importations resulted in 37 cases with 3 deaths in Germany and Switzerland. This month one importation was reported by England and Canada. The Canadian case spent a few hours in New York City during his illness.

These incidents emphasize the increasing importance of continuing protection against smallpox. Primary vaccination during infancy followed by revaccination every 3 to 5 years is recommended. Physicians, all hospital workers whatever their position, and those who normally have contact with international travelers should be considered as special risk groups, in view of their greater likelihood of exposure.

DeSoto explorers used Texas oil to patch boats in 1543; first recorded use.

Fall Fashions

By Connie Anderson
Home Demonstration Agent
How to succeed at fashion for fall 1962 is easy—choose a fabric that is new before it leaves the bolt—textured cotton in a subtle color. Pare it down to spare-shaped elegance, and wear it with confidence.

Ribbed fabrics from corduroys to herringbone weaves are making a bid for top billing in fall wardrobes. Corduroy appears in many guises, from the familiar pin-and-wide-wale varieties to novelty textures, paisley print and primitive designs.

"Braid Cord" alternates wide wale with stripes in a tufted pattern, giving corduroy something new in suit elegance. "Corda Veluta" is a novelty cut resembling bark. "Doecord" has a velvety cut similar to pile fabrics. "Evescloth" is a velour-type cotton which will be shown in some sportswear this fall, while boucle corduroy might show up at a dinner party.

Other dominant themes include grainy textured, such as cotton homespun, that give a hand-woven effect; double knit cottons which simulate pique weaves; woven fabrics that look like knits; and the warmth-without weight laminates including corduroy, velveteen, tarpoon, and other more tailored cottons.

Dictionary

II. Man-Made Fibers

A. Acetate—is the second oldest synthetic (1919). Like Rayon, its base is cellulose.

1. Characteristics: a. Smooth, slick look gives a brilliance to fabrics. It is often used in luxury fabrics such as satin, taffeta, bengaline and faille. b. Acetate fabrics drape naturally into graceful lines. c. It is resistant to moths and mildew.

2. Uses: Blouses, coats, draperies, dresses, lingerie, men's wear, rugs, shower curtains, suits, swim suits.

3. New Looks for Acetate. a. Acetate-and-cotton, combining the practicality of cotton with the drapability, cool touch and soil-resistance of Acetate. b. Acetate taffetas, now used for everything from evening wear to draperies.

4. Care: a. 100% acetate washes easily, dries faster than rayon, but slower than other man-made fibers. b. Iron, while quite damp with cool iron. c. Acetate also dry-cleans beautifully. d. Keep away from nail polish remover; if spotted with it, fabric will dissolve.

B. Acrilan—is chemically composed of natural gas and air.

1. Characteristics: a. It neither stretches nor sags and when blended with other fibers, it lends stability. b. All-Acrilan is used when warmth-without-weight is needed. c. Acrilan resists stains, keeps pleats even when wet is resistant to moths and mildew.

2. Uses: Baby clothes, blankets, blouses, coats, dresses, gloves, linings, ski suits, snow boots, socks, suits, sweaters, upholstery and work shirts.

3. New looks for Acrilan. a. Blended with rayon, wool and other fibers for suits, shirts, rainwear. b. Woven and knit fabrics. c. Acrilan-and-rayon in tropical worsted.

4. Care: a. Washes easily, doesn't mat, dries fast. b. Needs little or no ironing. c. Dry-cleans easily.

C. Arnel—four in flannel, sharkskin, tricot, faille, crepe, taffeta, and challis.

1. Characteristics: a. Arnel can contribute a number of properties to fabrics, the most important being that it can be stabilized by

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

As this is written, it is not known what action Congress will perhaps have taken before publication of this column on the plan to withhold taxes on dividends and interest. In addition, the nationwide membership of the National Federation of Independent Business has not taken a vote on this issue.

But it seems quite significant that Sen. Harry Byrd, has taken a stand against the proposal.

It is possible, that some interest and dividends is escaping taxation. On the other hand, if there are cases existing where major tax sums are being avoided, it would be among people whose wealth and affluence would mark them for intensive tax audits to begin with, and thus it would seem that any major malefactors could be uncovered with ease by other methods.

But so far, no great publicity has been placed on the extremely heavy bookkeeping costs this would place on banks, savings and loan firms, corporations, and all others paying interest and dividends.

Just to take one example that could eventually result. Millions of school children throughout the land are encouraged to open and maintain savings accounts, principally to teach habits of thrift.

Bear in mind that these savings accounts of the children

© National Federation of Independent Business

do not represent huge sums transferred to them by rich and indulgent fathers, but are accounts built up by systematic savings from their allowances, money earned on paper routes, mowing lawns, et al.

But if the savings banks every time they credit interest to the account of Johnny with a balance of \$118, or to Sue with a balance of \$48, have to compute the withholding tax and report it to the government, millions, if not billions of dollars worth of man hours will be expended.

And then if Johnny or Sue make demands for the refund they are entitled to get, it will take billions of dollars in bureaucratic salaries to get the refunds processed.

Thus, the whole plan would seem to boil down to one of two alternatives.

One is that this represents bureaucratic stupidity to the nth degree.

The other is that it is recognized that many school children, retired people, pensioners, et al. with small investments, will not be able to, or will forget, to file for their refunds, and thus government will benefit by substantial collections of taxes to which it is not entitled.

Of course, there may be another alternative which is tied up in a joke along the Potomac. It goes to the effect that the government is determined to be ahead of Russia in all ways, including government control of the private affairs of its citizens.

C. W. Harder

VACATION IN COLORADO

Mr. and Mrs. Raymond Bagby returned last week from a vacation trip to Colorado, spending most of the time at Valletito Lake, where they caught a lot of stream and lake trout. They met Mr. and Mrs. F. O. Bagby, brother and sister-in-law of Raymond's, from Douglas, Ariz., there for the vacation.

They also visited Durango and rode the narrow gauge Denver & Rio Grande excursion train to Silverton, and Mrs. Bagby says this was the most thrilling trip she ever made.

SHORTS ON TRIP

Mr. and Mrs. C. E. (Bert) Short of Grassland are on a vacation and sight-seeing trip to the Rocky Mountains and Yellowstone. They visited friends in Denver also. They had been to Yellowstone back in 1929, and had a desire to return this year.

Texas oil men drilled 14,597 wells in 1961, or 31.1 percent of U. S. drilling.

Not a single person survived in a crash between two cars in Ector county on March 25, 1961, in the worst tragedy of that year. Four persons in one car and three in the other died.

Texas has produced 24.7 billion barrels of oil, or 36.4% of U. S. total.

Thirteen of every 1,000 Texans were hurt in highway crashes in 1961, about the same result as if everyone in Amarillo had been hit by a car on the same day.

About 3,139 "wildcat" wells were drilled in Texas in 1961; only 15.5 percent found oil or gas.
