## 1963 Feed Grain Program Outlined

Feed grain producers in Lynn County will be notified this week about general provisions of the 1963 feed grain program, according to Charles G. Bragg, Agricultural Stabilization and Conservation Service.

Unlike the 1962 program, only one sign-up will be held for the 1963 feed grain program, and that will be early next year. Additional information, including the base acreages, yields, and payment rates established for farms, will be mailed to growers prior to the sign-up period. Farmers who have already planted their 1963 barley will be able to participate in the program provided they reduce their 1963 feed grain acreage by at least the minimum.

The office manager explained that the 1963 program will be a voluntary program, under which a farmer may divert an acreage of barley, corn, or grain sorghums to a conservation use and receive a diversion payment and a price support payment; he will also qualify for a price support loan on his crop. Base acreages for each of the three grains will be combined into a total feed grain base for the farm, and the farmer may divert from one or more of the feed grains represented in his total base. The minimum diversion will be 20 percent of the farm's total feed grain base, and the maximum will be 50 percent or up to a total of 25 acres, whichever is higher, but not in excess of the total base for the farm.

As under the 1963 wheat stabilization program, a farmer will have to comply with the intentions shown on his agreement; if he does not comply fully with provisions of the program, he will not be eligible for any payments or price support on any of the three feed grains.

Also, to be eligible for a diversion payment and price support on one farm, a grower taking part in the 1963 feed grain program must not exceed the total feed grain base acreage on any other farm in which he has an interest.

Advance payments will again be available at the time of sign-up. Final payments will be made after compliance has been determined.

## Bill Balch Dies Of Heart Attack

Bill Balch, 57, prominent New Home farmer and businessman for many years, died at 11:40 a. m. Sunday in Tahoka Hospital following a heart attack at his home.

He was preparing to attend church services when he suffered the heart attack and was brought to the hospital.

Funeral services were held at 3:00 p. m. Tuesday in the New Home Baptist Church, where he was a deacon. Rev. Paul McClung, pastor, and Rev. C. E. Strickland of Claene, Texas, officiated. Burial followed in Tahoka Cemetery under direction of White Funeral Home.

Mr. Balch, a highly respected citizen of Lynn county for 46 years, was born May 1, 1905 in Jonesboro. He was married to the former Miss Era Wilkins on Dec. 1, 1926, at New Home, and they would have been married 36 years next month. He moved to Lynn county in 1916 from New Mexico and settled north of New Home.

In his adult life he became engaged in farming and was in business in New Home for 23 years before selling his business interests there in 1960, although he retained his farm land.

In addition to his church activities, he was interested in the improvement of his community and county, was a member of the New Home Civic Club and the Masonic Lodge.

Survivors include his wife; four daughters, Mrs. C. D. Crouch, Jr. of Alamogordo, N. M., Mrs. G. L. Davis of Dickenson, Mrs. J. R. Fillingim of New Home, and Mrs. Jerry McNeely, of New Home; two sons, Don D. of route 4 Tahoka, (Continued on Back Page)

## Legion Gets Three New Wheel Chairs

The Marion G. Bradley Post of the American Legion in Tahoka will receive three wheel chairs valued at \$174.00 in the near future as a result of their magazine sales.

The sales were conducted during the past two or three weeks and the wheel chairs are the commissions the Legion will receive. Leonard Crawford, commander, and George Glenn, adjutant, along with all Legion members wish to thank the people of this area for their cooperation in the project.

When they arrive, the wheel chairs may be used by those persons needing them.

In addition, a hip brace has been donated for use by the McNeely brothers, and the Legion also expresses appreciation to them.

## Latin-American Baby Is Buried

Julio Estrada, four month old son of Mr. and Mrs. Jose Estrada of route 1, Wilson, died at about 3:30 p. m. Saturday at his home.

Funeral services were held at 4:00 p. m. Monday in Our Lady of Guadalupe Catholic Church in Tahoka with the Rev. Peter Rogan of O'Donnell officiating. Burial was in Tahoka Cemetery under direction of White Funeral Home.

Survivors include the parents, Julio was born July 8, 1962 in Tahoka. His father is employed by E. R. Blakney. Survivors include the parents, five brothers, two sisters and a grandfather, Jose Losano of Littlefield.

## Cotton Harvest Is Stepped Up

Cotton harvest was stepped up slightly this week, but most cotton is not quite ready for mechanical harvest and will not be until after a freeze.

Tahoka had ginned 3,242 bales up to Thursday morning, and The News estimates the county has ginned approximately 18,000 bales of an estimated crop of 120,000 to 130,000 bales.

Temperature dropped to 35 degrees Thursday morning, the lowest of the season, but The News heard no reports of frost.

Frost time is here, though, and may be expected any day.

## Boy Scout Fund Drive Opened

Tahoka's annual Boy Scout financial drive was kicked-off Thursday morning with a breakfast meeting of workers at Smith's Cafeteria. An estimated \$1300 to \$1400 is needed for this community's share in expenses of the program, states H. B. McCord Jr., local finance chairman.

Plans were made at the meeting for the local drive, and a TV program over Channel 11 viewed at 7:00 a. m.

Members of the fund soliciting committee are: McCord, chairman; Harold Roberts, treasurer; Gravel Ayer, Charles Brock, Clay Bennett, Johnny Wells, Dale Thuren, Jack Jaques, A. M. Bray, Winston Wharton, Wilton Payne, Derwood Howard, Martin White, George McCracken, Joe Bob Billman, Leighton Knox, Happy Smith, Buddy Bragg, and Maurice Small.

Burnett Roberts of Littlefield is the South Plains Area Council finance chairman.

## Loser Of Dog Is Hunting Finder

Mrs. O. H. Warren, who lives 10 miles north of Tahoka, is looking for the Good Samaritan who brought home her daughter's pet Pomeranian dog.

Last Friday night, when the Warrens left for the football game at O'Donnell, the dog evidently followed them. It was missing when they returned home.

But, some lady living south of Tahoka, whose name the little girl failed to get, brought the dog home. She explained she was driving down the highway that night, saw the dog, opened the car door, and the dog jumped in.

Realizing the dog was a valued pet, this unknown lady started out hunting the owner whom she suspected lived in the vicinity of Wayside or Crossroads, and soon came to the Warren's farm home.

Mrs. Warren says she would like to know the lady's identity so she can thank her for the kind act.

## Children Overcome By Gas Fumes

Joe Mike and Cindy Paden, children of Mr. and Mrs. Gerald S. Paden of New Home, came close to being asphyxiated at their home Friday night.

A heater was lighted that night following a football game and apparently the house was closed tightly because at about 5:00 a. m. Saturday the children were discovered nearly overcome and were taken to Tahoka Hospital for treatment.

Joe Mike is 14 years old and Cindy is 12. Their father is minister of the New Home Church of Christ.

Mrs. G. W. Forsythe, 84 years old, entered Tahoka Hospital Tuesday as a medical patient. She is reported to be improving.

Albert Curry is reported to be improving in Tahoka Hospital following a heart attack he suffered last week.

Mrs. Bill Balch of New Home was an overnight patient Sunday in Tahoka Hospital.

## Grassland Opens Church Building

Grassland Nazarene Church is holding all-day homecoming services Sunday in celebration of the completion of the new church building, with preaching at 11:00 a. m., 2:30 and 6:30 p. m. and a basket lunch at noon.

Featured speaker at the 11:00 a. m. service will be Rev. Felix Graham of Lubbock, first pastor of the Grassland church. Other former pastors will speak at the afternoon and evening meetings, and there will be special music at all services.

Many former members and pastors are expected for the services, and all people of the area are invited to come and spend the day.

The new sanctuary and educational unit contains 3,800 square feet of floor space. Built in an L-shape, the structure is of concrete block and brick veneer, has four Sunday School rooms in addition to space for five classes in the sanctuary, a pastor's study, choir room, baptistry, nursery, and rest rooms.

The sanctuary has ashwood beams and paneling behind the choir loft and at the back of the room stained fruitwood to match the pews and altar furniture, which are fruitwood stained oak. The ceiling is of acoustical tile, and the cement floors are covered with vinyl tile.

The building has been erected at a cost of only \$22,000 due to the fact that much of the work has been done by members.

Rev. Robt. B. Fitzgerald is the pastor.

## Civil Defense Drill Is Held

The Civil Defense drill, held Monday afternoon to put into effect the school evacuation plan, worked like a clock, according to Meldon Leslie, Civil Defense supervisor.

Only seven minutes were required to evacuate the three school buildings.

The siren sounded, in a wailing alarm designated for nuclear war, at 2:45 p. m. At that time, Jack Miller, head of the police division of the Civil Defense, and 20 other volunteers, went to their designated places at street intersections on North Second and North Fourth Streets to block intersecting traffic and to direct one-way traffic west toward the schools.

Children were picked up by parents at the schools on those streets and returned east on one-way streets, North First and North Fifth. High school students with cars traveled one block west of their parking lot north of the high school building, and then traveled east on North Fifth. Latin-American children living in town were taken to the Catholic Church in a school bus.

School children living within three blocks of the school, or west of the school, traveled home on foot. Those living in the country remained in their respective buildings. Exceptions to the rules are by instructions from the individual student's parents.

Gravel Ayer and Emory Nance, both in the Civil Defense organization as heads of committees, flew above the schools in an airplane and reported that the evacuation was very orderly and seemed well controlled. They also took pictures of the scene, which may prove helpful to the local Civil Defense in its organization.

Although the traffic was lighter all over town than it would be in case of the "real thing," Civil Defense officials were highly pleased with the result of the drill.

## MRS. GURLEY IMPROVED

Mrs. Judd Gurley, mother of Jess Gurley, who suffered a heart attack nearly two weeks ago and later contracted pneumonia plus a blood clot, is now reported to be improving rapidly in Garza County Memorial Hospital, where she is a patient.

## Delinting Plant Opens Saturday

Open house is being held Saturday at the all-new Farmers Seed & Delinting, Inc. plant, two miles north of the Tahoka city limits on the Lubbock highway. Owners are Hy and Vernon Turner. Coffee and doughnuts will be served visitors all day Saturday.

The Turners declare they have the very latest developments in equipment for either acid or saw delinting and "the finest plant in the nation," designed and developed with the help of Louis Hodgins, Texas Tech, delinting plant engineer; Warren Dulin of Cap-Tex Distributors, equipment sales and service; Dewey Hudson of Morton Chemical Co., Panogen representative; and others.

The new plant is located on Highway 87 on six acres of land the Turners bought from Vernon Willhoit. Buildings include a 16 by 20-foot office building, a 30 by 70-foot warehouse building for seed storage, and the 50 by 70-foot delinting plant building.

Two methods of delinting are offered farmers, either acid or (Cont'd. On Back Page)

## Democrats Win All State Races

Latest state reports Thursday morning from 1,449,297 votes counted and some yet to come in showed:

Governor: Connally 781,563, Cox 661,126, Carswell, 6,617.

Lieutenant governor: Smith 856,816, Hays, 561,123.

Attorney general: Carr 919,195, Kennerly 466,849.

Congressman at large: Pool 793,527, Barry 625,439.

Railroad commissioner: Ramsey 916,072, Hanson 436,732.

Comptroller: Calvert 898,817, Smith 414,785, Rummel 7,578.

Land commissioner: Sadler 904,064, Fary 460,051.

Agriculture commissioner: White 897,127, Hubbard 462,315.

Apparently 10 of the proposed amendments carried on a statewide level. Those failing appear to be No. 6, retirement benefits; No. 9, hospital districts and homes for aged; No. 10, state employee consultants; and No. 14, trials de novo.

## District Race Results Given

Democrats won handily in South Plains district races which included Lynn county, with returns tabulated by the Lubbock Avalanche-Journal almost complete.

Congressman George Mahon in the 20-county 19th congressional district received 46,539 votes to 23,282 for his Republican opponent, Dennis Taylor.

For state senator from the 11-county 28th senatorial district, H. J. (Doc) Blanchard of Lubbock received 30,719 to 12,532 for Republican Jack Christie of Brownfield.

For state representative, Randy Pendleton of Andrews received 6,081 to 2,708 for Gene Dean, Republican of Lamesa.

## THIEF TAKES MONEY AT McFADDEN'S LAUNDRY

Some time during Tuesday night, some one broke off and stole a coin change box containing about \$12.00 in money from Easyway Laundry, operated by Lee McFadden.

"I can live without money," Lee says, "But I sure would like to have that coin box back, if anyone finds it."

## Supt. Spears Home From Hospital

Supt. Otis Spears was released from Methodist Hospital Tuesday following surgery there the week before. He is reported to be feeling better since the surgery, which became necessary as a result of an accident in which he was injured late in August.

Help keep Tahoka clean.

Lynn county, as expected, voted heavily in favor of Democratic candidates for all offices in Tuesday's general election. But, this was the first time in the history of the county that there has been a substantial vote for an entire Republican ticket. There have been, in the past, much heavier votes for individual Republican candidates.

According to the unofficial tabulation, 1869 voters cast ballots in the county, a little more than some observers expected, and considered a pretty fair percentage for an off-year general election.

Local voters turned thumbs down on ten proposed Texas Constitutional amendments, and gave approval to the other four, No. 2, welfare increase; No. 7, emergency succession in office; No. 8, disability payments; and No. 11, veterans land resale.

For governor, John Connally of Fort Worth, former Secretary of the Navy, received 1,124 votes to 593 for the Republican candidate, Jack Cox of Breckenridge, almost a two to one majority. Jack Carswell, the Constitution Party candidate, received 15 scattering votes.

Cox carried one Lynn county voting box, Lakeview, by three votes.

Vote in the governor's race by precincts follows:

Precinct	Cox	Con.
No. 1, South Tahoka	66	123
No. 2, Wilson	86	163
No. 3, O'Donnell	88	174
No. 4, New Home	37	113
No. 5, Draw	27	49
No. 6, No. Tahoka	130	223
No. 7, Grassland	26	33
No. 8, Gordon	16	50
No. 9, West Tahoka	51	117
No. 10, Newmoore	12	21
No. 11, Lakeview	26	23
No. 12, Absentee	28	35
Totals	593	1124

Cox led the ticket in the Republican column with 593 votes, and Republican Des Barry received 513 to 1300 for Democrat Joe Pool in the race for congressman-at-large. Third highest Republican vote was in the race for congress from the 19th district, with Dennis Taylor receiving a surprisingly high of 446 votes in his race against Democrat George Mahon, who received 1388 votes.

In the race for lieutenant governor, Preston Smith polled 1448 to 367 for his Republican opponent, Bill Hayes.

Waggoner Carr received 1488

## 4 Amendments Approved Here

Here is how Lynn county citizens voted on the proposed 14 amendments to the Constitution of the state of Texas:

1. Workmen's compensation, 422 for, 830 against.
2. Welfare increase, 702 for, 618 against.
3. Special hospital districts for four counties, 542 for, 658 against.
4. Water storage, 639 for, 643 against.
5. Authority of Legislature for establishing hospital districts, 474 for, 766 against.
6. Retirement benefits, 432 for, 903 against.
7. Providing emergency success in office, 776 for, 492 against.
8. Disability benefits, 671 for, 585 against.
9. Hospital districts and homes for aged, 421 for, 837 against.
10. State employee consultants, 480 for, 798 against.
11. Veteran land resale, 730 for, 623 against.
12. Coastal zoning, 486 for, 765 against.
13. Dallas school districts, 551 for, 667 against.
14. Trial de novo, 253 for, 1050 against.

## Family Night At T-Bar Proves To Be Hilarious Affair

Over 130 adults and children attended family night at T-Bar Country Club Monday night, where served a spaghetti supper and entertained with a program.

"Sing Along With Sam" was led by Sam Edwards, followed by a barbershop quartet composed of Charles Verner, Mac Mauldin, Reble Thomas and Calloway Huffaker. A girls Chariston chorus, also dressed the part, entertained the group with its talent. These lovelies included Clint Walker, Johnny Wells, James Roberts, Slick Clem and Eldon Carroll.

A pantomime was presented to the theme of "Sing Me a Song At Your Wedding." Participating were Jo Belle Robinson, the guitar picker; Abbie Wharton, rejected suitor; Jap Whorton, bridegroom; and Dot Roberts, bride.

The jam-packed club house was provided the supper under direction of Mrs. Glenda Dunagan and the program by Mrs. Whorton.

On Monday, Dec. 3, adult game night will be held at the club house.

Mr. and Mrs. C. C. Garvin of Fritch, where he is employed by Pioneer Natural Gas, were here over the week end visiting her mother, Mrs. Kittie McCracken, and brother, George McCracken.

## W.S.C.S. Ladies Enjoy Program

Mrs. G. M. Stewart, assisted by Mrs. R. H. Gibson and Mrs. R. M. Stewart, brought a study on "Who Cares" to the W.S.C.S. ladies this week.

The study teaches that soliciting is not enough, that the creed requires the arm of compassion to be extended in personal, social and civic ways for a total Gospel, for the total man in a total world.

Mrs. Cantrell and Mrs. Gibson sang a duet, "Oh Brother Man, Fold to Thy Heart."

The Faith Circle of the W.S.C.S. will meet Tuesday at 9:30 a. m. with Mrs. R. M. Stewart and the Margaret Circle will meet Monday at 3:15 p. m. with Mrs. E. R. Edwards.

## Surprise Party For Wayne Huffaker

Wayne Huffaker received a surprise birthday party at his home last Friday, attended by six couples.

These included Dr. and Mrs. G. E. Wood, Mr. and Mrs. Harry Lee Short, Mr. and Mrs. Natt Park, Mr. and Mrs. Alton Cain, Mr. and Mrs. Binie White, and a couple from Abilene.

Californians regularly buy more new cars than the residents of any other state while New Yorkers are in second place.

## Special School Arranges Parties

In the first meeting this year of the Lynn County Special Schools Mothers Club, their programs, parties and finances for the school year were discussed and planned.

These include the following:

1. Work shop plans for projects were made.
2. November 17—Bake sale to be held at the Southwestern Public Service Co. All mothers are to help.
3. Christmas and gift-wrapping bows for sale by all mothers.
4. Hallowe'en — Mrs. L. B. Thompson of Tahoka.
5. Thanksgiving — Mrs. E. O. Montgomery of Wilson.
6. Christmas program — all mothers.
7. Valentine — Mrs. Silas Russ of O'Donnell.
8. Easter — Mrs. L. H. Traweck of Wilson.
9. End of School — all mothers.

The mothers voted for and purchased a merry-go-round for the play ground. It has been assembled and installed.

Mrs. Margaret Renfro, teacher, states that the special school belongs to everyone in Lynn county and without everyone's help and support it could not exist. Everyone is urged and invited to come by and visit the school and the children, as such visits are always a thrill to the students.

## Fire Auxiliary Elects Officers

New officers were elected at the Women's Auxiliary of the Tahoka Fire Department in a regular business meeting Monday, Nov. 5.

These include Mrs. Tola Wilson, president; Mrs. Eloise Chamblee, vice president; Mrs. Winnie Spruiell, secretary-treasurer; Mrs. Juanita Kelly, reporter; Mrs. Joan Hamm, historian; Mrs. Chamblee, Mrs. Lucille Ayer and Mrs. Ima Lou Raindl, gift committee.

A Thanksgiving supper was planned for Nov. 19 for the members and husbands.

## Hallowe'en Party At Special School

On Wednesday, Oct. 31, Mrs. L. B. Thompson was hostess to the Lynn County Special School Hallowe'en party.

The children decorated the school building in orange and black decorations, including black cats, witches, bats and their own Hallowe'en masks. Refreshments were served and Hallowe'en games played.

## Phebe K Warner Meeting Tuesday

The meeting will be in the home of Mrs. H. W. Carter.

## Federation Board Meeting Is Held

The Caprock District of the Texas Federation of Women's Clubs in a board meeting and work shop held at the First Methodist Church in O'Donnell last Saturday voted to adopt the South Plains Boys Ranch as its project for the year.

All clubs in the district will plan to be of service and support to the boys ranch and following the day's meeting the 200 women attending visited the ranch south-east of Tahoka.

The ladies also voted to accept an invitation from Mrs. A. T. Cocanaugher of Lubbock to hold their annual Spring Convention in Lubbock on March 28-29.

Officers of the Caprock District conducted the day's program.

## Duplicate Bridge Title At Stake

On Tuesday, Nov. 20, the club championship of duplicate bridge will be held at T-Bar Country Club.

A trophy will be presented the winner and the names engraved on the Mr. and Mrs. W. B. Slaton permanent trophy at the club house. All members are urged to participate.

Winners in the Tuesday night play were Mrs. Johnny Wells and Mrs. D. W. Gaignat, first; Mrs. Oscar Roberts and Johnny Wells, second; and Mrs. Meldon Leslie and Mrs. Winston Wharton, third.

## Name Speakers For Downtown Class

Steve Thompson will teach the Downtown Men's Sunday School Class this Sunday morning. Everyone is urged to attend at the WOW Hall.

Last Sunday Mrs. Truett Smith was the teacher and talked on the topic "The Bible." She told that 44 writers contributed to the Bible, that took 1500 years to write.

MELVIN WUENSCH

The purpose of the Great Plains conservation program is to give financial aid and technical assistance to farmers and ranchers who want to carry out a complete conservation program, but are not otherwise able. The first contract was signed in February, 1953, and since then 86 farmers and ranchers have signed contracts.

These 86 units make up a total of about 70,000 acres. Of this about 44,000 acres is range land and about 26,000 acres is crop land. To this date approximately \$17,000 has been received in cost share for conservation practices of brush control, range reseeding, windmill construction, storage facilities, stock tanks and pipe line for stock water. Some 1,101,853 feet of terraces have been constructed at a cost of \$33,000 with the G.P.C. program bearing 70 percent of the cost. Grass has been

planted on 654 acres. Other practices cost shared under the program are underground pipeline, land leveling, waterways and diversion.

The District Board of Supervisors backs this program and provides guidance to the Soil Conservation Service in its administration of the program.

To all of you friends who were kind enough to write in my name for Justice of the Peace, Precinct 1, I wish to express my sincere thanks. Although I failed to get enough votes, your confidence as expressed in me is comforting. Thanks to everyone for your kind consideration.—E. A. (Lefty) Hargrave

**Truett Smith Is Wayland Trustee**

Judge Truett Smith of Tahoka was elected to the board of trustees of Wayland Baptist College in Plainview by messengers to the annual Baptist General Convention of Texas meeting Nov. 1 in Fort Worth.

He is one of more than 300 Baptists named to boards of trustees for 27 Texas Baptist institutions and organizations of the 1.7 million-member convention.

Wayland Baptist College is one of nine schools owned and operated by the Baptist General Convention of Texas. In addition to the nine Baptist schools now in operation, Houston Baptist College is expected to open its doors in the fall of 1963.

More than 12,000 students are enrolled in the nine Baptist schools, including Baylor University, Waco; Hardin-Simmons University, Abilene; Howard Payne College, Brownwood; the University of Corpus Christi; East Texas Baptist College, Marshall; Mary Hardin-Baylor, Belton; Decatur Baptist College, Decatur; Wayland Baptist College, Plainview; and San Marcos Baptist Academy, San Marcos.

Policies for each school are set by their respective boards of trustees, elected by the Baptist General Convention of Texas.

Mr. and Mrs. Frank Foote of Napa, Calif., visited here Tuesday night with Mr. and Mrs. Happy Smith and Mr. and Mrs. Gene Jones. Mrs. Foote is the former Miss Perle Ketner.

(By Mrs. O. H. Hoover)

The congregation of the Grassland Nazarene Church extends a cordial invitation to all to attend homecoming on Nov. 11 in the new church building. It will be an all day event with lunch served at noon, three services at 11:00 a. m., 2:30 p. m. and 6:30 p. m. There will be a number of former pastors there.

Mrs. D. G. Cook spent several days last week with her daughter, Mrs. Gus Porterfield.

Mr. and Mrs. W. G. McCleskey received a call from their son, Leonard, in Chula Vista, Calif. He had an emergency operation for appendicitis and is recuperating nicely.

Mr. and Mrs. H. D. Gartman went to Friona and Muleshoe to visit their daughters and families one day last week.

Mrs. Hoover entertained the Thursday Club in her home Nov. 1. Members present were Iris McMahon, Bernice Propst, Viva Davis, Lillian Stevens, a new member, Mrs. C. C. Jones, and two visitors, Lucille Morris and Bonnie Johnson. The next meeting will be held in the home of Viva Davis on Nov. 15.

Miss Tommie Hall of Lubbock, grand daughter of Mr. and Mrs. W. P. Thomas, spent the week end with them.

Mrs. C. C. Jones' flower garden has been the object of visits from several ladies of the community recently. Her garden is reported to be one of the finest.

Mrs. Tinnie Smallwood, Mrs. Maggie Denton and Mrs. Alice Martin of Southland spent Friday afternoon with Mrs. Myrtle Hoover.

Mr. and Mrs. E. M. Norman have been visiting in Pamoona, Calif., with his brother, the Johnnie Normans.

Mr. and Mrs. M. C. Greer spent Saturday night with Mr. and Mrs. Aaron Greer and attended two services in their church in San Angelo Sunday.

Mrs. Emmet Ramsey of Tahoka, formerly of Grassland, has been ill but is better now.

### Seventh Grade District Champ

Tahoka's seventh grade football team, coached by Milt Fitts, came home as undefeated district champions Tuesday night after walking over the Slaton Tigers 35-0 in a game that included almost fantastic offensive blocking and running.

With only 13 boys on the squad this year, they have had no trouble in easily winning their games. During the year the team scored 173 points and had only 12 points scored against them, also pointing to a strong defense.

Scoring Tuesday night included a punt return touchdown by John Tyler, who later had one called back on a clipping penalty on a 100-yard punt return. Chris Roberts hit the road for paydirt on a 40-yard run. Cliff Thomas scored two touchdowns, one on a punt return and another on a run. Jim Huey crossed the goal line for another tally after snatching a pass from Tyler.

Extra points were made by Thomas, who kicked an extra point. Roberts who ran a conversion; and Doyle Schneider who received a pass from Tyler.

Last week the team named its captains for the year, Chris Roberts and John Tyler.

Coach Fitts stated that the entire team made the Head Hunter's list this week, which includes Gary Brooks, Charles Isbell, Ran-

### Football Meeting Called For All Boys, Parents

Coach Gilbert Hough has announced that there will be a meeting of all seventh, eighth, and high school football players and their parents at 7:30 p. m. Tuesday.

The meeting will be held in the high school auditorium.

### CARD OF THANKS

Dear friends, we want to say thank you for the beautiful flowers, the lovely gifts, and for each card of good wishes. We want to thank Dr. Thomas, Dr. Prohl, the nurses, and Mrs. Phillips for being so very nice to me while I was in the hospital. Thank you, Brother Efrid, for your visits and prayers. Thank you for being the same lovely people you've always been.—Mrs. A. L. Smith and family.

dy Wood, Keith Davis, Gary Gunels, Buz Owens, Richard White, Micky Wilmarth, Roberts, Schneider, Tyler, Thomas and Huey.

Halftime score in the game was 27-0 and the local boys took to the air in much of the second half.

## Farm Facts

In 1960, according to the U. S. Department of Agriculture, most animals accounted for 31.1% of the nation's agricultural receipts, and dairy products for 13.9%.

These, together with poultry and eggs (9.7%) and miscellaneous "livestock and products," made up 55.7% of the total cash receipts for agriculture. Crops accounted for the remaining 44.3%.

Cattle and calves brought in \$7,396 million of the \$13,938 million for "livestock and products" and accounted for 21.7% of the total cash receipts.

Other "livestock and products," their percentage of the total, and their value included: milk and butterfat, 13.9 and \$4,737 million; hogs, 8.4 and \$2,857 million; eggs, 6.1 and \$1,728 million; broilers, 3.0 and \$1,015 million; turkeys, 1.1 and \$377 million; sheep and lambs, 1.0 and \$329 million; wool, 4 and \$111 million.

The miscellaneous livestock category accounted for 1% of

the total cash receipts, or \$335 million. Package and queen bees, beeswax, honey, horses and mules, mohair, wool, goats, minks, silver foxes, and rabbits are listed in this group.

### Eighth Grade Ties For Title

Ending their 1962 season in an 8-8 tie against the Slaton Tigers Tuesday night, Coach Dave Easterday's eighth grade football team will share the district crown as co-champions with Slaton, making two years in a row the team has held the title.

They lost one game this year and tied one, after an undefeated season in 1961, and will begin their high school career with an undeniably excellent record.

In the second quarter of play at Slaton, Tahoka scored when Raymond Chapa received a pass from Mitchell Williams, the play covering 60 yards. Jimmy Griffin ran the extra points and the eighth graders led 8-0 at halftime.

They held their lead until the fourth quarter when a Slaton man broke loose on a pass play, followed by a conversion that tied up the game.

Playing outstanding defensive ball were Milton Edwards, Williams, Mike Chandler and Chapa. The team has been composed of only 15 players, Tommy Kidwell, Griffin, Jerry Jolly, Donald Gosdin, Wayne Thurman, Wendell Medlin, Bill Wright, Nick Saldana, L. D. Mayo, Jimmy Riddle, Eddie Glass, Edwards, Williams, Chandler and Wendell Medlin.

Captains of the team are Mitchell Williams and Wendell Medlin.

Mrs. Sallie Godfrey of the New Home area, fell at her home Monday and severely sprained her left arm, as well as receiving other bruises. She was treated at Tahoka Hospital and was dismissed Wednesday.

R. M. Turner, who recently sold his farm to "Hooley" McCleskey, has moved to 3412 26th street, Lubbock, after having farmed north of Grassland about 25 years.

Mrs. Etta Lorene Reid was admitted to Tahoka Hospital Tuesday night as a medical patient.

### Girls Drop Two At Abernathy

Tahoka girls "A" and "B" basketball teams dropped two games to Abernathy there Tuesday night in their openers of the season, although both played good ball.

Abernathy won the varsity game 44-39, coming from behind. The "B" game score was 38-36.

Tahoka led 28-17 at half time and held a five point margin at the end of the third. In the last three minutes of the game the Antelopes pulled ahead to win the game.

Carolyn Howard scored 12 points, Jerre Ann Wyatt nine, and Linda Thomas seven. Playing a good defensive game at guard positions were Sharon Drager, Elwanda Tekell, Andra Carroll and Joyce Huey.

Playing well in the "B" game were Ann Wright, Patricia Fails and Dixie Ashcraft, forwards, and Jean Flippin, Judy Terry and Betty Kuwaski, guards.

The Abernathy teams will come to Tahoka on Thursday, Nov. 15, for return matches.

Incidentally, the names of Joyce Huey, Judy Terry and Jean Flippin were erroneously left off the roster in a story appearing on another page.

### QUESTIONS, PLEASE

CAN GOD CHANGE THE WEATHER?

God has told us to "Seek the Lord and his strength, seek his face continually." (Hosea 14:25) I don't believe that the Lord would have told us to do something that meant nothing.

When the Hungarian Revolution broke out in 1956, a friend of mine was living in Frankfurt, Germany. The German people were frightened; they were afraid of another horrible war. However, as the weeks passed and they realized that it would not be another world war, the thoughts of Christians turned to the suffering people of Budapest.

The prayers in the church over and over again expressed this petition: "Father, let us have a mild winter." The Germans knew that the customary anything in my name, I will do hard winter in Hungary would it.

You are invited to send your questions to: Don Browning Box 812, Tahoka, Texas. You are also invited to attend the services of the Church of Christ.

Don Browning may be heard Sunday mornings at 11:00 and evenings at 7:00 at 750 on your radio dial.

see untold suffering. Homes had been destroyed or damaged in the fighting. Coal miners had struck in protest to the Communists and there would not be enough coal to warm the houses. Farmers were revolting, too, and there would not be enough food for the winter. "Father, let us have a mild winter."

Hungary does not have mild frozen and covered with snow for many months during the winter. Knowing this, the Christians continued to pray. "Father, let us have a mild winter."

Can God really change the weather? In the winter of 1956-57, Hungary had the mildest winter ever recorded. Did God answer the prayers of a few Christians? I believe he did. I believe God really meant what he said, "If ye shall ask anything in my name, I will do it."

### WHAT IS A CHRISTIAN?

If thou shalt confess with thy mouth the Lord Jesus and shalt believe in thine heart that God hath raised Him from the dead, thou shalt be saved. Romans 10:9.

Many people, even some church members, do not know what it means to be a Christian. If we stopped the next ten people we met and asked them: "What does it mean to be a Christian?" nine out of ten would say something like this: "It means to be honest, to be a good neighbor, to obey the Golden Rule, to pray, to be a church member." This is the common fallacy and Satan's blindfold that people are right with God because of decency, respectability, membership in an earthly organization.

Who then is a Christian? Paul gives us the answer as he tells the jailor of Philippi: "Believe on the Lord Jesus Christ, and thou shalt be saved." We must believe that Jesus died on the cross to pay for our sins. A Christian is one in whom Christ Jesus dwells: "Christ in you, the hope of glory." A Christian is one who is born again of God: "If any man be in Christ, he is a new creature: old things are passed away; behold all things are become new."

Therefore as Christians we have new goals in life. Our chief purpose in life is to glorify Christ in our conduct and through our witnessing.

Holy Spirit, help me to continue steadfast in this saving faith and to bear witness to the truth which is in Christ Jesus. In His holy name. Amen.

## Time To Think Of Cottonseed

College Station—It is time to think about next year's cotton planting seed. Some growers, reports Fred C. Elliott, cotton specialist for the Texas Agricultural Extension Service, have already placed in storage seed of good quality. Others will do the same as the harvest moves into their areas.

To those who have not yet saved planting seed, Elliott suggests a first class house cleaning job for the storage facilities. Cottonseed, he points out, should be stored only in bins that have been cleaned thoroughly of waste material such as old grain, trash, feed sacks or other seed or debris which furnish living quarters for insects. It is a good practice to "sweep down" the ceiling and walls and clean the floor of the bin to remove hidden waste. Use builder's molding to cover cracks to eliminate seed collecting in them, he explains. Waste grain, seed and other materials beneath and near bins should be destroyed. For those who have stored seed, Elliott suggests that regular checks be made of the seed and facilities to make sure insect pests haven't moved in. Insects, he adds, are more likely to become a problem if a large percentage of the seed are cracked and if stored in bins which harbored insects at the time the seed were placed in storage.

The specialist says several chemicals are recommended for use in and around the storage bins before seed are stored. Others may be used as a dust to treat the seed when they are placed in storage while other insecticides can be used to fumigate cottonseed which may have become infested with stored grain pests.

Seed treated with chemical dust should not be crushed or used for feed, emphasizes Elliott. Use caution, he adds, in fumigating cottonseed which will be used for planting purposes. Under certain conditions fumigants may lower the germination of the seed. Studies indicate that germination of seeds fumigated at high temperatures—80 degrees or above and at high moisture content—11 percent or above may be reduced. Because the use of chemicals involve hazards, Elliott suggests that the local county agent be contacted for complete details on what and how to use recommended insecticides.

## Farm Facts

Per capita consumption of food fats and oils in the United States has changed little over the last 40 years—averaging about 45 pounds annually. It amounted to an estimated 45.8 pounds (fat content) in 1961.

Reduced consumption of table spreads, according to the U. S. Department of Agriculture, has been about offset by an increase in other edible oils—mostly salad and cooking oils. Table spread use has averaged about 17 pounds per person in recent years, compared with around 20 pounds in the 1920's. Increased margarine consumption has just partially offset a decline in butter use.

Per capita consumption of fats and oils in 1961 (actual weight) totaled 9.5 pounds for margarine, 7.5 for butter, 7.8 for lard, 13.2 for shortening, and 11.2 for other edible fats.

In 1921 the "other edible" category accounted for only 3.5 pounds per capita. Increasing consumption is mainly due to use of more

## John Slovers Visit Offices Of Social Security In East

During their first visit to the east coast, Mr. and Mrs. John W. Slover of Tahoka toured the Social Security Building on the outskirts of Baltimore. The tour went through work areas allowing them to watch the operations of the latest and fastest electronic computers, and gave them the opportunity to see their own names located in just seconds from a microfilm file of more than 200 million listings. They saw how the millions of Social Security records are kept up-to-date and learned how Social Security works.

While in Baltimore, the Slovers visited their daughter and son-in-law, Mr. and Mrs. Wayne Lindsey, and their new granddaughter, Charlotte Ann Lindsey. Mr. Lindsey, who formerly worked in the Lubbock District office is now a management analyst with the Public Inquiries Group of the Office of Information.

Mr. John G. Hutton, social security district manager in Lubbock, said that if anyone in the Lubbock area is planning to visit the Baltimore area, he, or any of his staff will be glad to make arrangements for them to tour the Social Security Building.

## Former Resident Is Seriously Ill

W. L. Banks, formerly of the Edith community and now of Webster, Fla., has been seriously ill since Aug. 12, according to his daughter, Mrs. Douglas Greer of Lubbock.

He suffered a severe heart attack and was in critical condition for several days. He is reported to be improved now but still spends most of the time in bed. Mr. and Mrs. Greer and another daughter, Mrs. Sylvia McNeely, also of Lubbock, recently flew to Florida for a week's visit.

Although Mr. Banks has been away from Lynn county since 1943 except for short visits, Mrs. Greer says he would enjoy a card or letter from old friends and neighbors. His address is Route 1, Webster, Fla.

## Miss Emily Waller Has Lived In Same Lynn County House 56 Years

Miss Emily Waller, who lives on her farm two miles east of Draw, can claim she has lived in the same house longer than the Lichey brothers, about whom we had a story last week of their having lived on the same farm 50 years.

Mrs. Waller has been on the same farm, in the same house, although remodeled, since 1906, or 56 years.

This fact was revealed to The News by two mutual friends from Draw, Mrs. A. R. Hensley and Mrs. A. Z. Sewell, "oldtimers" themselves.

The late Mr. and Mrs. W. A. Waller acquired this farm in 1900 while living in Wise county, but did not move out because there were very few settlers here then. They moved to Knox county and stayed a couple of years. By then, Lynn county was settling up, and they moved on out here with their family in 1906. They built a nice house and barns. The house has since been remodeled but the barn is virtually the same except for a new roof.

Mr. Waller subscribed to The News before he came here, and Miss Waller has been reading the paper ever since it started. Mrs. Waller passed away in 1937 and Mr. Waller in 1938.

Two of the five Waller boys still living are Bryant Waller of west of O'Donnell and Chris Waller of Alice. Four of the five girls still living are Miss Emily, Mrs. Maude Cook of O'Donnell, Mrs. Sadie Franklin of near Amarillo, and Mrs. Willie Phillips of Arizona.

Mrs. Hensley, whose maiden name was Omega Graham, came here in 1917, and taught school for many years at Tahoka, Draw, Redwine, and Berry Flat. Mr. Hensley, who operated a store at Draw many years, passed away in 1942.

Mrs. A. Z. Sewell, whose maiden name was "Dee" Lemond, first came to Lynn county in 1907. She was married Oct. 11, 1911, and she and her husband went to Coke county for a couple of years, returned here in 1913, and lived at Estancia, N. M., from 1918 until 1925, before returning to Draw to remain. Mr. Sewell passed away in 1959.

Mrs. Hensley recalls that back in the early days, it took them all day to come to Tahoka in a wagon for supplies, drawn by a team of mules. They had put all their money in land and couldn't afford a horse and buggy. On occasion, Mr. and Mrs. Sewell would pass them in a buggy. Mrs. Sewell always wearing a pretty hat. She says she envied Mrs. Sewell for those pretty hats and being able to travel in style in that fast conveyance.

They also reminded The News that Mr. and Mrs. A. R. Kimbrell of east of O'Donnell, ages about 91 and 87 respectively, are probably the eldest married couple in this county, both still living but a bit infirm. Incidentally, the Kimbrells have been friends and readers of The News almost from the beginning.

## WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

There is a great deal of discussion over cutting income taxes. The nation's independent businessmen, voting through the National Association of Independent Business, has pointed out many times present system is paralyzing expansion of independent business.

No one seems to disagree with this viewpoint. Yet, such respected men as the venerable Sen. Harry Byrd opposes tax cuts. The question is why?

Sen. Byrd as well as many others, are undoubtedly becoming more and more alarmed over the new dogma preached by the bureaucrats which seems to run "Ask not what your government can do to cut expenses; rather ask what you can do to pay more to support more bureaucrats in a bigger and better style."

If the nation is going to avert complete bankruptcy, Congress must appear, take over full powers of government employment.

Rep. Richard Poff points out that the federal civilian employment is now up to 2 1/2 million, an increase of 213,000 in two years with 46,000 more federal jobs asked.

What do all these people do to justify their salaries. That seems a mystery to Rep. Poff.

He refers to an Agriculture Dept. press release in which it is reported "when a tomato is dropped on a hard

surface, it will be damaged more than if dropped on foam rubber." The report further stated a tomato is dropped two or three times is injured even more. Presumably these researchers will study egg dropping when they figure way to drop an egg more than once.

No one knows how much this idiotic piece of "information" cost the taxpayers, in bureau chief's time, in stenographic and mimeographing labor, in mailing and postage costs.

Then there is the case reported to Congress of a Federal Trade Commission mental wizard ordering a southern clothing manufacturer to quit using trade name "Red Fox" because FTC could find no red fox fur in the cotton garments.

And Rep. John Rooney had an interesting conversation with Thomas Esics, U.S. Ambassador to Upper Volta. The State Dept. is spending \$635,000 on a building program in the town of Ouagadougou, population 65,000 natives, 16 Americans. Rep. Rooney said "you must make quite an impact on that town, then when we add in foreign aid and the USA. I guess they really know the Americans are in town." Mr. Esics replied, "Our principal job there in addition to carrying out such instructions as the State Dept. sends us is to maintain the American presence."

This is a tiny fragmentary report on where the money goes. It goes for people bouncing tomatoes, looking for fox fur in overalls, building lavish State Dept. offices in jungles.

In 1775 people revolted against taxation by tyrants. Perhaps time has come to revolt against taxation by psychos.

Proceeds will be used by O'Donnell Lions Club civic projects.

### Sgt. Bill Dockery At Guantanamo

Mr. and Mrs. Ted Dockery of Grassland have received word from their son, Marine S/Sgt. Bill Dockery, that he is now at Guantanamo Naval Base on Cuba.

Stationed at Camp Lejeune, North Carolina, he was sent to Camp Garcia at Viequez, Puerto Rico the last of August. He arrived at Guantanamo on Oct. 22 and has been very busy, although everything seemed to be all right.

S/Sgt. Dockery was scheduled to return to North Carolina, where his wife and two children are living, the last of November, but now doubts if he will even be home for Christmas.

### Church Launches Census Program

Sunday will be Block Captain Mobilization Day in the First Baptist Church as the church launches its new perpetual census program. Under this system, a captain is being assigned to each block to keep up with Baptist prospects who move into Tahoka.

Actually, the perpetual census was used with great success a few years ago by the Tahoka church, but had fallen into disuse. The program will be reactivated at the close of the morning worship service Sunday. Plans call for having the initial census completed sometime during the coming week.

The information received in the census will be made available to the other churches in the city.

Directing the program will be the following zone leaders: Mrs. Dave Polk, Bill Reddell, Mrs. Beulah Pridmore, Mrs. Dennie Polk, Mrs. Hubert Tankersley, Mrs. John Roberts, and Mrs. Truett Smith.

### Bowling Results At New Home

The team standings in the New Home bowling league find Farr Texaco in first place with 29 victories.

Second in Co-op No. 4 with 24½; third, Petty, 24; fourth, Pridmore Spraying, 22; fifth, New Home Butane, 21; sixth, J. W. Edwards, 14; seventh, Co-op No. 7, 14; eighth, Follis Conoco, 13; ninth, New Home Farm Store, 10½; tenth, New Home Gin, eight.

High average bowler is Della Halford with 145.

Babe Evans received a 175 pin on Wednesday when she bowled a 180 game on the regular meeting day.

Farr Texaco rolled over Pridmore Spraying with a 4-0 victory. Charlene Farr had a 447 series and Sis Blevins followed close behind with a 437. Sue Armontrout bowled a 433 for Pridmore.

Co-op No. 7 won 3-1 over Follis Conoco. Barbara Cooley rolled a 406 series for Follis. Bethel Brown and Virginia Dulin each had a 400 series for the Co-op.

Petty Gin took a 3-1 win over Co-op No. 4. Babe Evans bowled 441 for Petty while JoAnn Kieth had a 417. Della Halford bowled a 412 for the Co-op.

New Home Butane was also a 3-1 winner over J. W. Edwards. Nona Nieman bowled a 463 series for Edwards, and Wanda Gill bowled 431 for the winners.

New Home Farm Store took a 3-1 victory over New Home Gin. Jackie Lisemby, a substitute, had the high series for the Farm Store with 363. Nell Balch "blind" was high for the gin with a 342 series.

High series for the day were Nona Nieman, 463; Charlene Farr, 447; and Babe Evans, 441. High games were Babe Evans, 180; Della Halford, 175; and Sis Blevins, 168. Sue Armontrout followed close with a 167 game.

### Congratulations—

Mr. and Mrs. Luis Dejesues of Tahoka on the birth of a daughter Sunday, Nov. 4, at 3:21 p. m. in Tahoka Hospital. Named Delurez, she weighed five pounds, 12 ounces.

### Election . . .

(Cont'd. from Page 1)

and T. Everton Kennerly 327 for the office of attorney general.

For railroad commissioner, Ben Ramsey received 1483 votes and Bernold M. Hanson had 334.

For comptroller of public accounts, incumbent Robert S. Calvert received 1387 votes to 316 for Mrs. Hargrove Smith, and Joseph M. Rummeler, the only other Constitution Party candidate on the ballot, receive only eight.

Jerry Sadler, land commissioner, had 1387 votes, and Republican Albert B. Fay had 314.

John C. White, commissioner of agriculture, received 1464 and his opponent, Harry Hubbard, 347.

For the state senate from the 28th Senatorial district, the post formerly held by Preston Smith, H. J. (Doc) Blanchard of Lubbock received 1445 votes and Republican Jack Christie of Brownfield had 362.

In the race for state representative, 75th Legislative district, R. G. (Randy) Pendleton of Andrews received 1427 and his Republican opponent, Gene Dean of Lamesa, received 377 votes.

Harry L. Roddy was elected Justice of the Peace of Precinct 1, Tahoka, with a vote of 631 to 89 for his write-in opponent, E. A. (Lefty) Hargrave.

State officers elected without opposition were: Meade F. Griffin, associate justice of the Supreme Court, place 1; James R. Norvell, place 2; Zollie Steakley, place 3; judge of Court of Criminal Appeals, William J. Murray.

District officers: Associate justice of Court of Civil Appeals, 7th Supreme Judicial district, Alton B. Chapman of Floydada; member of State Board of Education, 19th district, Wm. H. Evans of Lubbock.

Local officers elected without opposition were: W. S. Taylor, district clerk; W. M. Mathis, county judge; C. W. Roberts, county clerk; J. P. Hewlett, county school superintendent; Ola Reid, county treasurer; Woodrow Brewer, commissioner, precinct 2; L. K. Nelson, commissioner, precinct 4; and Horace Brunette, justice of the peace, precinct 4, O'Donnell.

An interesting sidelight on the election voting is the fact that 137 voters in the governor's race and 158 voters in the comptroller's race either failed to vote in these contests or lost their votes from failure to mark out other candidates, usually the two names in the Constitution Party column. Also, election officials state, some who wrote in the name of Mr. Hargrave for justice of the peace in Tahoka failed to mark out the name of his opponent.

saw, which take the fuzz off of seed, clean, treat with Panogen or Ceresan, and fertilizer may be added if the farmer desires.

The acid delinting plant is the very latest in developments in this line, and the conventional saw delinting plant is available for those who prefer this type. Among the features in this plant not found in most are in the equipment and process for cleaning and delinting. All seed are cleaned by size over five screens and, in addition, by weight on a gravity table. The equipment for wet acid delinting in this plant is a continuous process with no chance for error. Another feature is the fact that the plant is cleaned following a run of each variety of seed to prevent mixture of varieties.

The firm will have courtesy trailers available for use by farmers, and will handle all popular varieties of planting seeds and also a line of fertilizers.

Taylor will assume duties as acting manager in Ralls to succeed Frank I. Benson, whose retirement is pending April 1, 1963. Taylor, 37, has been active in the Tahoka Chamber of Commerce and other civic organizations here since he became manager on February 1, 1956.

He is a native of Memphis, and served with the U. S. Marines during World War II. His World War II service included tours with both the 5th and 2nd Marine Divisions in the Pacific. In 1950 he was recalled to active duty and served in Korea with the First Marine Division.

Taylor joined Pioneer as a Service Order Clerk on April 1, 1952, and held a number of responsible positions with the Company prior to assuming duties as Manager in Tahoka in 1956.

Mr. and Mrs. O. E. Eubank were called to Waxahachie last Saturday by the critical illness of his younger brother, Obie Eubank of Maypearl, who suffered a ruptured appendix and gangrene had set in. They returned home Tuesday night. His condition was improved, and he is expected to recover.

## O'Donnell Eagles Take 9-0 Victory Over Bulldogs There Friday Eve

The O'Donnell Eagles did it again—they emerged victorious 9 to 0 in a hard battle Friday night for the first District 5-A win and the Lynn county championship, but not before the Bulldogs of Tahoka had given them quite a battle that could easily have gone the other way.

O'Donnell had been hailed as a fine passing team and Tahoka as being weak on pass defense, but the Eagles completed only one pass in the game and it was for no gain, had two intercepted by Tahoka, and five were incomplete. On the other hand, Tahoka came up with a passing attack that netted 98 yards on seven completions, one was intercepted and four were incomplete, and the Bulldogs completed the first six passes they tried.

That is not quite the complete story, though, for O'Donnell netted 221 yards on the ground to Tahoka's 118. The latter figure is dulled by the fact that Tahoka lost 67 yards on the ground, 62 of them trying to pass.

Coach Gilbert Hough had moved Steve Greer to quarterback, where he did a most creditable job but couldn't get away many times to throw because of charging Eagles. Moved to halfback, Tony Spruiell ran the ball for 62 yards during the game.

O'Donnell received the kick-off, Bessire brought to the O'Donnell 47, and on the first play tried a long pass from QB Fen Taylor to End Charles Burleson, which

failed, and after two more plays gained only a yard. Burleson kicked to Tahoka's 17. Here, O'Donnell was charged with clipping, and Tahoka was in business on its own 33.

Spruiell made 5, Billy Miller 2, and Greer hit Miller with a 15-yard pass to the O'Donnell 44. Adolph Chapa hit the line for 2, Spruiell made 14 yards on two runs, and three plays later, Greer's pass to End Billy Clinton was good for 25 yards on the O'Donnell 4. Spruiell drove a yard, Greer a yard, and on the next play Spruiell apparently went over the goal-line, but an official said a Tahoka back was "split more than 15 yards out" and the Bulldogs drew a long five yard penalty to the 8. Spruiell drove for five yards to the three, and on the next play was stopped inches from the goal line on fourth down, and the Eagles took over.

With tough, hard to tackle backs Fernando Lopez and Manuel Garcia carrying, with help from FB Rex Graves, the Eagles moved for three first downs out to the O'Donnell 47, and then speedy Fernando got away around his left end for 39 yards to the Tahoka 14. Garcia made 3, Graves 6, then Garcia 2 for a first on Tahoka's 3 yard line as the quarter ended.

Taylor sneaked for two then for the TD, and Lopez kicked the conversion to give O'Donnell its only touchdown but a lead of 7 to 0.

After the kickoff, Tahoka moved for a first, before having to punt, then O'Donnell did the same. Greer hit Clinton with an 8-yard pass, then Andy Bray came back out of the line and passed to Greer for 17 yards, Gary Grogan made 3, but Tahoka bogged down following an offside penalty, and Bray got off a 43 yard punt to be run back by an O'Donnell lad to the Tahoka 47.

## Girls Starting Cage Season

Girls basketball season began this week and the first game the team will play in Tahoka will be on Thursday, Nov. 15, when Abernathy comes to town.

The team is coached by Miss Marsha Scoggins who is beginning her first year in the field, coming here from Wayland College where she played for the Flying Queens. Last year the girls won the bi-district championship and several of the team members are returning, although all three forwards were lost by graduation.

One first stringer, Brooksie Reece, underwent surgery Friday for a knee injury and it is not known whether or not she will see action this year.

In this district, there will be only three girls teams, Tahoka, O'Donnell and Sundown. Wink, formerly scheduled, has dropped out and Seagraves and Plains do not have girls teams.

Team members this year include Jerre Ann Wyatt, Sharon Drager, and Carolyn Howard, seniors; Elwanda Tekell, Linda Thomas, Ann Wright, and Louella Tomlinson, Juniors; Andra Carroll, Rhonda Littlepage, Judy Connolly, Marlene Pitts, Carla McNeely, and Betty Kuwaski, sophomores; and Joy Thomas, freshman.

Although the team has a long way to go in shaping up, Miss Scoggins says she believes the girls will have another good team this year.

## Wilson Mustangs Need Two More

With only two games to go, Wilson Mustangs are close to sewing up the District 3-B championship for this year. Only Ropesville and Cooper remain, and the Mustangs entertain the Ropes boys tonight at 7:30, and will wind up district play at Cooper with the Pirates Friday of next week.

Ropes has lost to Meadow 14-6 and defeated Sands 46 to 14 and Cooper 16 to 8, while Wilson has defeated Sands 42 to 6, New Home 45 to 0, and Meadow 27 to 6.

In the 27 to 6 victory over Meadow Friday night at Wilson, the visiting boys scored first and the only time when Dwaine Melcher raced 25 yards to pay dirt in the first quarter.

But, came right back to tie the score 6-6 when Bobby Stone clinaxed a Mustang drive by going over from the five. Wilson blew

the lid off in the third period when Sammy Crowson ran the ball over, followed by a 2-point conversion on a pass Don Webb to Royce Baker. In the fourth, Webb sneaked the ball over for a TD from the three. With 38 seconds left in the game, Baker passed to Charles Walton for another score, and Crowson kicked the extra point to make the final score 27-6.

Cooper has defeated New Home and Meadow and lost to Ropes. Therefore, a great deal depends on the outcome of Wilson's two final games in the district.

Clarence Kopecky of New Home says he has a better crop this year than last. He missed the hail storms that damaged a lot of crops in that area this summer.

Breezeway window goes down—Mercury sales go up...up!

WHY DOES THIS BREEZEWAY REAR WINDOW help sell so many Mercury Montereys? This is styling that works! The recessed rear window stays clearer in rain or snow. It opens for controlled Flo-Thru ventilation. More wind, traffic noise and weather are shut out because the side windows can stay closed. The rear-window angle cuts glare, aids rear visibility. The extended Breezeway roof adds rear-seat headroom, shades passengers from the sun. See how practical elegance can be!

# Printer's Ink-lings . . .

By F. P. H.

As this column is written over the week end, the election had not yet taken place as we write these lines. But, we hope everything is for the best of our state and nation.

You can't win in this newspaper editing business. If you come out for one side in an election, there's weeping and wailing and gnashing of teeth. If you come out for the other side, all hell breaks loose. If, as we did on individual candidates this year, you fail to take a stand editorially, both sides are mad at you; the editor is a weak, spineless fence-straddler; he has

no strong convictions, or is afraid to express them. You can't win.

We run a little feature in The News by C. Wilson Harder entitled "Washington and Small Business." Last week Mr. Harder took some pretty hard cracks at the cooperatives, especially public power, which some of the local boys didn't like. Well, fellows, we thought everyone knew a newspaper doesn't necessarily agree with everything printed in its columns, especially articles written by others. We know some New Frontier newspapers that even use Westbrook Pegler's column. Differences of opinion so expressed are what makes democracy work. Without such expressions—the freedom of speech and freedom of the press—we would soon approach the form of government they have in Russia and Cuba. Private businesses have their faults, corporations have their faults, the cooperatives have their faults, and we even imagine the cooperatives have some faults.

By the way, did you know that many private power and telephone companies also borrow from REA, or the government, on the same basis as the cooperatives?

But, all of us in this area must agree that rural electricity and the rural telephone are two of the greatest things that ever happened to the farming country. We're for 'em! We wouldn't do without them! They have com-

pletely revolutionized rural life in our area. The article in question was pretty radical and was strictly the opinion of the writer. There are many people who think public power is fine in its place, but oppose the desire of some to extend the cooperatives into the towns and cities, where private industry can do the job as well.

Lyntegar and Poka-Lambro mean a lot to Tahoka. They furnish work for nearly 100 people, are a vital factor in our town and farm economy, and contribute in many ways to making this a better place in which to live. Incidentally, this area owes much to the late John Heck, whose leadership and foresight and bulldog tenacity, put over Lyntegar in this area, and to Garland Pennington, who has guided its destinies down through the years until today this electric cooperative is recognized as one of the most successful in the nation, paying its own way and repaying, ahead of schedule, its loans for construction from the government.

The crisis in Cuba is not over, only temporarily eased. How are we to know how many nuclear warheads have been hidden in the jungles and caves? How are we going to be able to put confidence in the word of Khrushchev or Castro? Neither will ever get to heaven on their honesty and truthfulness. Even if they permit inspection teams, how are we to know these teams will locate hidden weapons? The only way to eliminate the "cancer" in Cuba is to cut it out—and the sooner we do this the better for us and the easier it will be.

Fern Hillhouse had a birthday recently. For several days Otis had been carrying a beautifully wrapped package in his car. Then, on her birthday, while some friends were visiting them, she couldn't wait any longer. Otis brought in the package, she anxiously unwrapped the box and out dropped a pair of beautiful kneecaps. Otis said, "This was the most appropriate gift I could think of at this time of year." We won't blame Fern if she sued for divorce.

Mr. and Mrs. Oscar Roberts invited us out Friday night to see what may be the last great influx of sandhill cranes at Mound Lake, on their ranch, but we had to cover the Tahoka-O'Donnell football game and missed the sight. The reason Oscar thinks this may have been the last chance to see the cranes come in at sundown in great clouds is two-fold. First, oil was recently discovered on land adjoining his ranch to the west, one well has been staked out in the alkali lake and a road dump built to it, and another is being staked still further east—which human activity may cause the cranes to leave. Second, the crane hunting season inaugurated last year, opened Saturday morning, and this will reduce the crane population and/or scare them away. The cranes are a nuisance to farmers, but still are a sight to see.

## THE AMERICAN WAY

Formula for Socialism

In the rush of trying to get the paper to bed last week, we pulled another blooper. In the story about the candidates for election to public office, we overlooked two of the most important, Preston Smith and Bill Hayes, candidates for lieutenant governor, and Waggoner Carr and T. Everton Kennerly, candidates for attorney general.

Mrs. Sue Inman says she and Mrs. Billie Wayne Parker appreciated the plug about their putting up drapes in the Boys Ranch building, but really they did such work because they enjoyed doing something for the boys. She says the people who donated material deserve the most credit.

Here's a take-off on Lincoln's Gettysburg Address a reader brought us:

**GIVESBURG ADDRESS**  
One score and 16 years ago, our fathers brought forth upon this nation a new tax conceived in desperation and dedicated to the proposition that all men are fair game.

Now we are engaged in a great mass of calculations, testing whether that taxpayer or any taxpayer so confused and so impoverished can long endure. We are met in Form 1040. We have come to dedicate a large portion of our income to a final resting place with those who will spend their lives forever so that they may continue to spend our money forever.

Our President says his wife's vacation trip to Europe was not at government expense, but what about the army of Secret Service men who accompanied her? What about all those Army planes that flew these Secret Service men over there? He also said her trip to India was not at government expense, but those Indians gave her a horse and some one estimated that it cost \$30,000 for an Army transport plane to bring that horse home. Then, they cite the terrible expense of government "aid to the farmer," and in the same breath propose new programs that are even more fantastic in cost.

Coy Cathcart, coming from Lubbock Monday, noted that without a single exception, every motorist headed north stopped by the side of the road in respect for a funeral procession, and no motorist traveling south attempted to pass the procession. He thinks our people are due a pat on the back for such show of consideration and respect.

The Lynn County News, Tahoka, Texas Friday, November 9, 1962

It is altogether anguish and torture that we should do this. But in the legal sense we cannot evade—we cannot cheat—we cannot understand this tax. The collectors, clever and sly, who computed here have gone far beyond our power to add or subtract.

Our creditors will little note nor long remember what we pay here, but the Bureau of Internal Revenue will never forget what we report here. It is for us taxpayers rather to be devoted here to the tax return which our government has thus so nobly spent—From these vanished dollars we take increased devotion to the few remaining—we highly resolve that next year will not find us in a higher tax bracket.

That all taxpayers, under paid shall figure out more deductions; and that taxation of the people, by the people in Congress, for

the people in Government Bureau shall not perish on this earth.

Buy, build, live in Tahoka.

## Constitution Is Rotary Subject

R. G. (Randy) Pendleton of Andrews, Democratic nominee for State Representative from the 75th legislative district, presented an unbiased discussion of the 14 proposed amendments to the Texas Constitution at Tahoka Rotary Club Thursday of last week.

Preliminary to his discussion of the amendments, he gave a little history on the Texas Constitution. He revealed the little-known fact that Texas has had eight constitutions, the first being the Mexico constitution, then the Coahuila-Texas document, followed by the Republic of Texas, and finally those of the State of Texas. Our present Constitution was written in 1875, adopted in 1876, and has since been amended 148 times. There have been 87 amendments rejected by voters, and three have gone by the boards by default.

The Constitution is very important since it sets up our rights as citizens, sets forth the three branches of government, each on a protection against the others.

As citizens, each person is responsible for our laws as set forth in the constitution, and it is therefore the duty, obligation and responsibility of each voting citizen for what amendments are made to this important document.

He followed with a brief summary of each of the 14 proposed

## O'Donnell Opens New Buildings

Open house was held Sunday afternoon to show off O'Donnell's new and remodeled school buildings. The new structures and remodeling of old buildings give the district a first class plant.

The tour Sunday began with the elementary school, where an east addition houses the fifth and sixth grades, rest rooms, and storage supply.

Next visited was the junior high building which houses the seventh and eighth grades, library, multi-purpose room, teachers' workroom, book room, offices, rest rooms, and supply storage.

The former junior high building has been remodeled into a vocational-administration building which houses the vocational agriculture and homemaking departments, band hall, general storage, and administrative offices.

In addition, high school rest rooms have been remodeled and new fixtures installed.

Since integration of the schools, the board is advertising the old Colored school building for sale.

amendments, giving some of the arguments for and against each and telling some of the things these amendments proposed to accomplish.

The speaker was introduced by Alton Cain, whose son, Jerry, was Randy's opponent in the Democratic primaries. Alton laughingly said he was not very friendly with Randy until after the runoff primary.

A little fun was injected into the program when Steve Thompson, local attorney, presented a humorous resolution reproaching the club president, Calloway Huffaker, for dereliction of duty and neglect of the club. Following the reading of the resolution, Maurice Small was asked to report the verdict of the "jury", and Small immediately reported that Huffaker should be fined a pheasant and blue quail dinner for the Rotarians. The gag was in retaliation for a "fine" the President had imposed on Winston Wharton for not recognizing and giving a free coffee certificate to a stranger in Wharton's place of business. The fine on Wharton had been free coffee and doughnuts the preceding Saturday morning for Rotarians in Wharton's place of business.

Student guests of the club for November, Craig Leslie and Tony Spruiell, were introduced by Granvel Ayer and J. D. Atwell, respectively.

## Football . . .

(Cont'd. from Page 1, Sec. 2) On the next play, Clinton intercepted Taylor's pass, then on Tahoka's next play Bessie intercepted Greer's pass. Taylor then hit Lopez with a TD pass that was nullified by a penalty, and the half ended three plays later.

Opening the second half, Miller ran the kick-off to the 41. Spruiell carried to the 47, but then Tahoka lost 16 yards on two attempts to pass. Bray punted to the O'Donnell 39, the Eagles moved for two first downs, and then Grogan stole an Eagle pass on the Tahoka 20. Tahoka made one first down, but drew a 15-yard holding penalty back to its own 18. On the next play the Bulldogs lost 8 trying to pass, and on the next Greer faded to pass, got chased into the end zone, was tackled there by Guard Coy Mahurin, and the Eagles had another two points to make the final score 9-0.

Once during the fourth quarter Tahoka moved past mid-field on the running of Spruiell, Chapa and Greer, but had to punt, O'Donnell couldn't move either, and the next time Tahoka had to punt back on its own 30, Bray got a bad pass from center, miraculously got away from three would-be tacklers and finally got off a short 3-yard punt. Following this the Eagles moved down to the Tahoka 11, from which point Tackle Wendell White unsuccessfully tried a field goal.

With 15 seconds left on the clock, Greer hit Jose Cervantes

with a long pass, and Jose ran to about the O'Donnell 10, 81 yards, before being hauled in. However, time had run out, and pass interference was ruled on O'Donnell at the Tahoka 42, which gave Tahoka one more play after time had run out. A pass incomplete, and that was the ball game.

The Eagles had fine defensive effort from White, Mahurin, and a host of others. Bray, Spruiell, Craig Leslie, and Grogan were among the Tahoka boys who were outstanding on defense, but Tahoka badly missed center and linebacker Jack Wood, who was out of the game with the flu, although Johnny Rogers played well in relieving him.

Tahoka fans were pleased that the Bulldogs never gave up and played a hard game.

Floyd Curry, who moved to Kerrville about five years ago, is here this fall working at Farmers Cooperative Gin.

He and his family have a little place out from Kerrville where he stock farms and also works part time for a drilling contractor.

During the drought and terrible heat wave there this summer, he says thousand of the older deer

starved to death. In fact, he says, game men estimate possibly 10,000 deer in four counties died during the drought. However, there is still an over-population and hunters are invited to try and help thin them out to some extent.
